PRICE FIVE CENTS

LEGUIS GRASPS GOVERNMENTAL REINS IN PERU

Former President Is Reinstated by Crest of Revolution Overthrowing Senator Pardo and Cabinet.

PROCLAIMS FOURTH OF JULY NATIONAL HOLIDAY

New Provisional Executive Aligns Administration with Allied Arms and Welcomes Foreign Capital.

LIMA, Peru, (AP)—Auguste B. Leguia late today assumed office as provisional president of Peru and took up his residence in the government palace as a result of the successful overthrow earlier in the day of President Pardo. Senator Pardo, his ministers and a number of high officials of the army and navy are in prison. Virtually no fighting and no casualties marked the overthrow of the Pardo government.

Hostilities Ended, Lived

The revolution began at 3 o'clock this morning with an attack on the palace by two regiments of troops and a force of police. By 6 o'clock President Pardo had been deposed and Senator Leguia proclaimed provisional president. He announced this today and President Pardo would be placed on trial on charges of having violated the constitution and of having conspired against the institutions of the republic.

The inauguration of Senator Leguia as president, it is said, probably will take place within two months. The provisional president claims that he received 160,000 votes of the 200,000 cast in the recent presidential election.

Crowds Demand Speech

The fourth of July had been proclaimed as a national holiday by President Pardo. Thousands of persons thronged the streets today cheering for Senator Leguia. A crowd assembled before the government palace and called on Leguia to speak.

The provisional president, speaking from the balcony of the palace, declared that he intended to organize a strong government on a popular basis, to increase the army and navy to the status they had held during his previous term as president from 1908 to 1912. He said he would defend the principles of the republic and the right which had triumphed in the great war and would associate Peru without reserve with the cause of the allies. He intended, he said, to extend every facility for the introduction of foreign capital to aid in the development of national resources.

Force As Last Resort

Senator Leguia in a statement to the Associated Press said his main object was to avoid a domestic war. Paris by force but it had become increasingly evident that a conspiracy was afoot to deprive him of the office to which he had been chosen in the recent election.

There are no reports from the provinces concerning the situation there, but Senator Leguia and his associates meet every day in the capital. The provisional president expects to announce his cabinet within a few hours.

PLEASURE BOAT SINKS WITH 32

Nine Bodies Recovered from Wreck Forty Rods Off Lake Shore.

Madison, S. D., (AP)—Nine bodies were recovered from the wreck of the pleasure boat *Reliance* here early today which, founderd forty rods off shore of the lake in a storm last night. It is believed that 32 persons were aboard the boat when the accident occurred. Reports say seven bodies are still in the water.

Early today the lake in the vicinity of the spot where the boat founderd was being dragged and it is expected that more bodies will be recovered before noon.

The accident took place when the boat, which was coming from the south end of the lake, rounded a point. The pilot of the boat, J. A. Erickson, is said to have cut in too close to the shore when making the point and a stump tore a spray hole in the bottom of the launch.

Engine Goes Down

Many of the passengers jumped into the water. Sixteen succeeded in reaching shore. The bodies recovered this morning are William Harris, Ed. Raskie, Eddie and Esther Howe, Howard, Marion Warner, Howard; Earl and Pearl Winkler, Coleman; Earl Pickart, Earl Coleman, Leslie Roach, Salmon and Ben Olson, Carlin, the engineer of the boat.

The passengers were residents of towns and villages near here who had come to the lake for the Fourth of July celebration.

German Assembly Adopts New Flag and Nation Colors

COPENHAGEN, (AP)—The German national assembly, according to Wilhelm Dietrich, adapted new national colors and a commercial flag today by a vote of 211 to 89, on a compromise motion.

BLAMES BURLERSON RULE FOR TELEPHONE STRIKE

Electrical Workers Representative Predicts Walkout in the South.

LOUISVILLE, Ky., (AP)—Joseph Lyons of Chicago, general representative of the International Brotherhood of Electrical Workers, who is in Louisville in connection with a strike of approximately 400 telephone workers, issued a statement today asserting that steps are being taken to call a strike in telephone exchanges in the south.

Lyons said the most of the whole trouble was due to what he characterized as arbitrary methods of Postmaster General Burlerson.

WOMEN'S EMANCIPATION BILL STILL IN HOUSE

Effort to Establish Equal Rights in England Is Held Up for Time Being.

LONDON, (AP)—The woman's emancipation bill is still before the house of commons, notwithstanding an effort by the government today to have it set aside for the moment for several months on the subject. Major Walden, K. C., today's motion to reject it was defeated by a vote of 109 to 85. The bill, backed by the labor party, has been before the commons for several months.

The emancipation bill now before the house of commons was designed to give women political and legal equality with men. It included a provision permitting women to sit in the house of lords.

A London dispatch received Friday was so garbled in transmission as to make it appear that the bill itself had been defeated.

WORLD NEWS EVENTS

COPENHAGEN, (AP)—

Through the mediation of allied representatives an armistice between the Estonians and Germans has been signed at Riga. It provides that all German troops shall leave Riga and that the Germans evacuate Letvia at the earliest possible moment.

NEW YORK, (AP)—

The police were notified today that a boat filled with supposed bombs was tied to a dock at 140th street and the North river. Inspector Egan, explosives expert of the fire department, and a detail of river police took possession of the craft.

BERLIN, (AP)—

Leaders of the striking street railway employes and the municipal and government officials continued their conference tonight in an effort to settle the strike. At a late hour, however, prospects were not favorable to an immediate adjustment of differences.

WASHINGTON, (AP)—

Advices from Lisbon to the state department today reported that the general railroad strike called last Tuesday had affected the greater portion of train service in Portugal, except on lines south and southeast of the capital. Some sabotage has been reported and troops are protecting a number of railroad stations.

CARRANZA EXPELS BOLSHIEVICK

MEXICO CITY, (AP)—Dimitri Nizki, alleged to be an agent of the Russian Bolshievick, was recently expelled from Mexico by order of President Carranza on a charge of being a spy in connection with the Bolshievick propaganda work in various industrial centers, particularly in Tampico where he is said to have been a leader in the unrest among the petroleum workers.

SERVING TWIN FALLS READERS

The complete story of the Willard-Dempsey fight, with the third round in full, and the development of the day in a new scene both at home and abroad, was first on the streets of Twin Falls yesterday afternoon, via THE TWIN FALLS NEWS.

BIG DIRIGIBLE SLOWS IN TRACK ON COAST LINE

Giant Airship Ending Trans-Atlantic Flight Encounters Adverse Winds; Using Up Fuel Supply.

CALLS FOR U. S. BOATS TO BRING ASSISTANCE

Guides Course in Fields of Mist by Wireless Communications with Score of Stations and Warships.

WASHINGTON, (AP)—Almost out of fuel after her long run from East Forne, Scotland, the British dirigible R-34 asked the navy department this afternoon whether destroyers were being sent to her assistance. The message was received at 1:30 p. m. and when sent the R-34 was still over Nova Scotia.

Over Minas Basin

The position given by the R-34 showed her to be over Minas Basin, a branch of the bay of Fundy on the northwest coast of Nova Scotia. The position is considerably farther north and west than naval officials had thought the R-34 to be.

The indicated course of the R-34 would take her across the route of the naval crossed yacht *Satilla*, which left Cross Island, Maine, at 12:30 p. m.

Commander of the destroyers were instructed to attempt to intercept the R-34 in the bay of Fundy. To establish radio communication as quickly as possible and to keep the destroyers at Boston informed of the progress of the search. It was said that the navy department that additional destroyers and possibly a cruiser might be directed to the assistance of the dirigible.

Off New Brunswick at Noon

At noon, Washington time, the R-34 was standing down the coast of New Brunswick and Maine and was making 34 knots, according to a dispatch received from the dirigible, by the navy department at Cross Island, New Brunswick, and said: "British airship R-34 position at noon."

MODS RAISACK FOOD STORES OF FLORENCE

One Dead and 20 Injured Is Toll of Day's Disorders Over High Living Costs; Carabiniere Fire on Plundering Multitude Stealing and Destroying Supplies

RED FLAG WAVES IN ITALIAN CITY

CHAMBER OF LABOR ALONE COMMANDS ATTENTION OF MADDENED POPULACE

FLORENCE, (AP)—Noise of firing in the outskirts of the city have increased the alarm caused by cost of living disorders here.

The red flag has been hoisted in many places here and elsewhere in the Romagna district by what are termed local soviets.

FLORENCE, (AP)—Carabinieri fired upon crowds here Friday. Disorders are increasing and the ransacking of shops is widespread. One dead and injured was the total of the rioting during the day.

Strengthened by rowdies the crowd has abandoned itself to the general ransacking of all shops, destroying what it is unable to carry away. One entire street is flooded with petroleum gasoline, wine, beer and olive oil.

Wherever the chamber of labor is able to exercise authority, goods are being transported to special warehouses under the flag. Large quantities of supplies are being turned over to the municipality in the chief square of the city. Money taken from shops also is being placed in the care of the municipality.

Thousands of boxes of matches are being distributed free to the crowd.

Surrender Boas Immunity

The on shops respected by the rioters were those bearing the inscription: "This shop is at the disposal of the chamber of labor." The chamber of labor apparently has become the only

VILLA IS SEEN - HUNS TO TALK

ON MOVE SOUTH - ON REPARATION

Bandit Leader and Sixty Followers Heading Toward Satevo.

EL PASO, TEXAS, (AP)—Francisco Villa and sixty followers were seen going southeast toward Satevo, Chihuahua, Friday afternoon, a telegram received here from Chihuahua City today. Satevo is 45 miles southeast of San Andreas, where Villa captured and killed fifty guards and executed the mayor Tuesday. Satevo is on the main road to Durango.

I. W. W.'s Are Causing Mexicans Trouble.

WASHINGTON, (AP)—Agitation by the Industrial Workers of the World has been reported in Mexico, according to official reports received here today. While no actual violence has been reported, it was said there had been threats of serious trouble.

With the final deportation recently of a number of leaders who caused the strikes in Mexico City, Mexican authorities believed that they had completely suppressed the I. W. W. agitation in that country.

THE RAGS IN BUENOS AIRES.

BUENOS AIRES, (AP)—A serious epidemic of Spanish influenza has broken out here. There are over 500 cases in local hospitals.

MARKS NEW STATUS

A permanent reparations commission has not yet been appointed by the allies. Until it is constituted the commission which had been created to name various conference commissions will act in the German negotiations. The American member of this commission is John Foster Dulles. The fact that these negotiations will be personal marks the new status of the relations between Germany and the allies.

The peace conference commission on geographical frontiers met today to draft an answer to the note of the Austrian delegation on the question of the future frontiers of Austria. Captain Andre Tardieu presided.

The commission in charge of the execution of the treaty with Germany held its first meeting today while the supreme interallied council met in the afternoon to consider questions in the Austrian and German treaty as well as the revitalizing of central Europe.

ARMY DISCHARGING 13,000 MEN DAILY

WASHINGTON, (AP)—Army men are now being discharged at an average of about one a day, a war department statement was made today. The grand total of discharges to date was given as 2,611,416. Estimated to be increased sharply since July 1, the total now being more than 29,000. Nine replacement battalions of 1,000 men each have been sent abroad.

NEBRASKA GOVERNOR TO CONVENE SPECIAL SESSION

LINCOLN, Neb., (AP)—Governor S. B. McKelvie, of Nebraska, announced today he had decided to issue a call for a special session of the Nebraska legislature to convene July 25th. "The purpose of the special session," the announcement says, "will be to pass upon questions which I shall include in the call to be made later."

Those who depend on The News will never be disappointed.

VON HINDENBERG OFFERS SELF IN KAISER'S STEAD

Former Chief of German Staff Assumes Responsibility for Acts of Hohenzollern and Teuton Headquarters.

LONDON, (AP)—Field Marshal von Hindenburg, former chief of the German staff, declares that he is responsible for acts of German main headquarters since August 1914 and also the acts of former Emperor William concerning the waging of warfare. He said President Hindenburg intended to inform the allies to this effect, according to a Copenhagen dispatch to the Exchange Telegraph company.

The statement was made in Copenhagen, Friday, the dispatch states and telegraphed the following message to President Hindenburg: "The duties of the peace treaty give me occasion to declare that I am responsible for the decisions and acts of main headquarters since August 29, 1914, and also that all proclamations and orders of His Majesty, the emperor, and king, concerning the waging of warfare were issued upon my advice and upon my responsibility. I beg you therefore to instruct the allied governments of this declaration."

The Declaration of Field Marshal von Hindenburg that he was responsible for acts committed by the Germans and for proclamations of the former emperor is the second to be made by a German leader since it was officially announced that the allies purposed to place on trial political and military leaders of Germany for causing the war and for violation of the rules of warfare. The other leaders, who assumed responsibility for the acts of former Emperor William was Dr. Theobald von Bethmann-Hollweg, former German chancellor, who had office at the beginning of the war.

Conservatives Would Re-establish Monarch.

LONDON, (AP)—The German conservative party has issued a proclamation this morning demanding that the party's lead in the reichstag, stating that the party declares war on the government and intends to use its whole strength to re-establish the monarchy.

Judges Named to Try Former Kaiser.

LONDON, (AP)—John Andrew Hamilton, Lord Sumner, will preside over the trial of Kaiser Wilhelm at the Exchange Telegraph company.

LORD SUMNER, will preside over the trial of Kaiser Wilhelm at the Exchange Telegraph company.

Count Hohenzollern Still Swiss Wood.

AMERSONG, (AP)—William Hohenzollern, former emperor of Germany has decided to stay here at least until the end of summer and perhaps here through the autumn owing to the difficulty which has been encountered in finding a suitable dwelling elsewhere. The health of both the former emperor and his wife is reported to be very good despite the worries of the last few weeks.

The miserable weather has somewhat hindered the former monarch's log-cabin operations, but whatever the nature of the weather, Count Hohenzollern passes two or three hours daily at his favorite occupation, taking shelter with his assistants beneath the trees about when the downpour of rain turns severe. He expects to complete the clearing of his six thousand trees this week.

PERSHING POSTPONES TRIP

LONDON, (AP)—It is understood that Gen. John J. Pershing, commander in chief of the American armies in Europe, has postponed his visit to London to July 15, planning to remain until July 18. He may be accompanied by a complete regiment, 3,000 American troops representing all the units still aligned with the allies in France.

The program for General Pershing's visit includes an official visit to the city, where he will receive an award of honor; a lunch with the king and a dinner at the home of consuls.

TITLE IS WON IN SHORTEST HEAVY COMBAT

Willard Is First Champion to Admit Defeat Without Leaving His Chair and Quickest Beat, Veterans Say.

TOLEDO, O., July 5.—Jack Dempsey in three bloody rounds during which the issue was never in doubt attained the world's premier flat-top by defeating Jess Willard.

In the first round Dempsey sent home a body blow from which the big fellow never recovered. The gong alone saved him from defeat in this round, for with swiftness and right eye closed Dempsey knocked him down or threw him helpless against the ropes seven times.

Dempsey thought he had won when the gong sounded and had to be brought back into the ring. Willard who towered above his antagonist like a lighthouse over a tug, acted like a sick man. He was beaten and knew it. He swung wildly and feebly while his relentless opponent pounded home blows like a great machine. There were cries of "Stop it," "Stop it," "It's murder."

Willard managed to last out the third round and sank into his corner where he was given spirits of ammonia. He revived, tried to smile and then his seconds surrendered the match.

Willard said: "In the first round when Dempsey hit me with a left hook, I tried hard to continue but I was rapidly losing my strength. My eye was closed at the end of the third round and I realized that it would be useless for me to continue, as I could hardly see. It is hard to admit defeat, but Dempsey is the hardest puncher I ever faced."

Controversy Rages
Though a new heavy-weight champion has been crowned in Jack Dempsey, and the issue of right versus wrong is settled, Toledo today, controversy still rages over the sensational defeat of Jess Willard here yesterday afternoon. So many unusual angles developed during the nine minutes of terrific hand-to-hand combat that scarcely two spectators saw the scene the same. The uncertainty regarding the situation at the end of the first round, Dempsey left the ring believing that he had won with a knockout and the payment of such wagers as hinged on when Willard stopped, furnished unlimited material for argument.

Referee Blames Ball
So weak was the sound of the gong and so great the uproar about the ring that Referee Peacock felt the bell and continued to count over Willard as he sat on the ring floor near a neutral corner, although Timekeeper Harbour entered the count when Peacock's arm was falling for the seventh time. The referee notified Dempsey that he had won and the Balt Lake City pugilist was well on his way to his dressing room before his manager overtook him and told him that he was in danger of being disqualified on a technicality for leaving the ring.

Shortest Heavyweight Fight
The question of which round Dempsey won his title was placed before several veteran ring officials by men who had wagers at stake and the consensus was that Dempsey stopped Willard in the third round, as the latter's seconds tossed the towel of defeat into the ropes of the ring before the fourth round. These same veterans pointed out several other interesting features. They stated that it was the first time that a heavyweight champion ever had admitted defeat without leaving his chair as well as the shortest heavyweight championship combat of modern ring history.

New Champion Gets Bruses
Opponent Nurses Bruises
At the same hour his dethroned opponent was resting in his temporary

TREMENDOUS THROUG WITNESSES SECOND DAY'S ROUNDUP EVENTS

Seating Capacity of Park Inadequate to Demand and Crowd Overflows Stadium, Several Thousand Persons Standing Through Entire Program—Races and Other Contests Are Full of "Pep"—Delays between Features Are Eliminated—Last Program Today.

The second day of the roundup drew the banner attendance. There were, it is estimated, no less than 15,000 persons in the stadium, every seat in all of the stands, whether covered or the bleachers, being occupied, with a goodly overflow. The events were run off with regularity yesterday, and there was infinitely more pep displayed in carrying out the program. The tedious waits between events, so noticeable on the opening day, were practically eliminated. The crowd, big though it was, displayed good nature throughout and vociferously cheered the winners and the feature events.

Boxing Disputes
Over night throwers the larial seemed to have lost their dexterity, and the roping events were more or less a disappointment. The bulldozing, however, was a most spirited yesterday, while all of the races were run off with the bitterest of rivalry prevailing among the contestants. Bucking, however, was a less more spirited yesterday, and although the majority of riders stuck to their mounts, there were some good "throws" registered by the wild ones.

Chester Parsons, winner of the pony express race, narrowly escaped injury at the finish, when his mount stumbled, throwing the rider hard.

Again yesterday Kitty Canutt defeated Mrs. Bertha Blaneett in a Roman race, Mrs. Blaneett failing to make the second round of the course, although pulling in ahead of her rival on the first lap.

Neither boxer had made any definite plans for leaving the city early today but was expected that Dempsey would depart within the next forty-eight hours in order to fulfill a vaudeville engagement, offered him in case he was the winner. Willard had originally planned to go to New York in discuss certain business plans immediately after the bout, but what effect the upset will have upon this arrangement could not be learned early today.

Dempsey has no immediate idea of re-entering the ring for there is no worthy opponent in sight at this time. It is likely that he will endeavor to turn his newly gained ring laurels into commercial value as has been the custom of all modern holders of the title.

The wild horse race was spirited and aroused a lot of enthusiasm. This afternoon the finals in all events are being run off, these events bringing a successful roundup which is probably as an annual institution for Twin Falls, to a close. There will be the usual program at the Stockade tonight.

Yesterday's Events
Cow pony race—Chester Parsons 1st; A. Nevelan 2nd; Jimmie Taylor 3rd.
Girls' cow pony race—Kittie Canutt 1st; Mrs. Bertha Blaneett 2nd.
Cowboy relay—Chester Parsons 1st; A. Nevelan 2nd.
Steer roping—Dan Smith 1st; Dan Thompson 2nd.
Bulldozing contest—Howard Tuttle 1st; Jimmie Taylor 2nd.
Indian bareback relay—Ralph Farrow 1st; A. Nevelan 2nd; Tom Johnson 3rd.

Ladies bucking contest: No final decision. Contestants, Bertha Blaneett and Kittie Canutt.
Indian pony race—Jess Farrow 1st; Ralph Farrow 2nd; George Washington McKay 3rd.
Bucking contest—Eighteen entries. No final decision.
Bulldozing contest—Kittie Canutt 1st; Bertha Blaneett 2nd.
Pony express—Chester Parsons 1st; Jimmie Taylor 2nd; A. Nevelan 3rd.
Girls' Roman race—Kitty Canutt 1st; Bertha Blaneett 2nd.
Cowboys' Roman race—Jimmie Taylor 1st; Chester Parsons 2nd.

Wild horse race—Jack Burns, first; Howard Tuttle 2nd; Narcisus McKay 3rd.

Now the question is, how far will the federal government permit him to draw royalty on those fight pictures? And how long will the people stand for the promoting of such palpable things as have been the last two heavyweight championship affairs?

Willard has been condemned to the country around as a dodger of duty to his country during the recent weeks, by quitting yesterday's fight he has fixed a new stigma upon himself which he can never erase.

And nearly 40,000 sat for hours in a blaze of heat in approval of a scheme to reward the man who would not box during the war to help the soldiers.

Willard, shuddering cocardee teler, declared after the bout, that a blow to the chin in the first round so dazed him that he was unable to muster his strength to make a winning battle. That is practically admitting that Dempsey knocked him out in the first round.

Bill Brennan of Chicago failed to stand up under the sturdy blow delivered by Harry Greb of Pittsburgh in an independence day bout. Bill lost the decision in 15 rounds.

CURSORY COMMENT CONCERNING CONTEST

Our opinion, and that of probably 90 per cent of fight fans the country over, is that Willard lost the heavyweight crown just as he won it.

But he got \$100,000 for his share in the Toledo fiasco, and, even though he has to suffer a bit of physical discomfort for a few days the remuneration will provide plenty of balm.

DAKOTA PEAK IS GIVEN NAME OF ROOSEVELT

Thousands Witness Impressive Ceremonies Marking Unveiling of Tablets in Memory of Former President.

DEADWOOD, S. D., (P)—Within the sight of the country over which Theodore Roosevelt as a young man ranged his cattle and hunted with game and just above the trails he followed while a visitor in this district, a mountain—one of the most lofty peaks in the Black Hills—today became Mount Theodore Roosevelt, in honor of the former president of the United States, "The Great American." Two tablets were unveiled.

Pioneers Arrange Event

To witness the ceremony thousands of Americans from all parts of the country came to Deadwood. Governor Norbeck of South Dakota presided at the ceremonies on the summit of the mountain, and Major General Leonard Wood was the orator of the day. The arrangements were under direction of the Society of the Black Hills Pioneers, of which Colonel Roosevelt was one of the two honorary members.

The movement to provide the memorial had its inception at a meeting of the Society of Black Hills Pioneers last January, when a suggestion of Captain Seth Bullock was adopted to change the name of Sheep Mountain to that of Mount Theodore Roosevelt.

Sheep Mountain, one of the highest peaks in the Black Hills and the highest detached peak in the chain of mountains designated lies three miles from Deadwood. It is accessible to its summit by a broad highway, suitable for teams or automobiles, with several trails, safe and convenient for horsemen or persons on foot lead to the top of the mountain. From its summit, the neighboring states of Wyoming and Montana are visible. The view from the top is unsurpassed for beauty in this section of the country.

Tablets Pay Tribute

The City of Deadwood is bearing the expense entailed by erection on the summit of the mountain of round towers on which will be placed the bronze tablet bearing the legends telling a part of the life of Theodore Roosevelt and his contribution to Americanism. One of the tablets bear the following inscription:

In Memory of Theodore Roosevelt The American, October 27, 1858, January 6, 1919. Society of Black Hills Pioneers, July 3, 1919.

The other tablet pays a tribute to the services rendered by Colonel Roosevelt to his country.

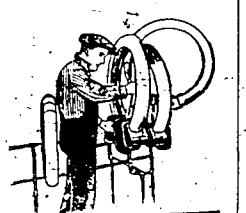

"THE TIDAL WAVE"

The Glen Crawford dramatic company opened an engagement at the Lavering theatre last night, presenting Willard Mack's sensational drama, "The Tidal Wave." The company presents the play again today and Saturday, with matinee on both days. "The Tidal Wave," like all other Mack stage writings, presents a lot of rare drama interwoven with good, rich comedy. In their description the play abounds in action, and moves rapidly to the final climax. The scenes of "The Tidal Wave" are laid on the Maine coast, and carry overseas to the South Sea islands. They tell a beautiful story replete with surprises, staged with special scenery and electrical effects. The drama has had an unusually successful run wherever the better class in Twin Falls.

AMERICANS LOSE IN FINALS.

HENLEY (P)—The Leander Rowing club defeated the American first crew in the final for the Leander cup here today. Leander was one and one of stroke companies, and was a bit at the Hippodrome theatre in Salt Lake when presented by the Ralph Clouinger company. The initial performance last night was highly creditable, and attracted a large audience. The Crawford company easily makes up the best dramatic stocks having appeared half lengths ahead at the finish. The time was 7 minutes, 45 seconds.

TIRE REPAIRING

as we do it practically makes old tires new. It cuts down tire expense to an astonishing extent. Don't scrap your old tires. Send them here. We will vulcanize and repair them so you will not have to think of getting new tires for a long time to come.

JOE STECHER DEFEATS "STRANGLER" BY LEWIS

OMAHA, Neb., (P)—Joe Stecher, of Dodge, Neb., defeated Ed ("Strangler") Lewis of San Jose, Cal., in two straight falls in a wrestling match staged here Friday. Stecher won the first fall in one hour and 47 minutes and the second fall in 14 minutes. He took each fall with a body scissors and wrist lock.

Lewis was on the defensive throughout and was given little opportunity to employ his specialty, the headlock. The match was fairly fast and interesting throughout. Earl Caddock, the world's champion, refereed.

If you were looking for a position you would read the classified. If you are looking for help, use the classified.

STRANGE RUSSIAN WORDS MAKE PART OF RETURNING YANKS' VOCABULARY

ARCHANGEL, (P)—American soldiers withdrawn from northern Russia will take back to Alibon, and other middle western states, troops which most of the troops on this front were drafted, a number of Russian words which have become a daily part of the soldier's vocabulary.

Chief of these words is "skokea," of which the English equivalent is "how much?" The Yanks have been using this word on the Russian population ever since they landed, last September, in transactions of barter and sale. The soldiers have made a verb of it—and those who have made neat profit

its in selling cigarettes, and clothing, superfluous rations, etc., to the peasant and city civilians are spoken of as having "skoken'ed" something.

Other words the soldiers have adopted as their own include:

"Ponimayu," meaning "I understand," and "ne-ponimayu," meaning "I don't understand."

"Da," meaning "yes."

"Nyet," meaning "No."

"Spasibo," meaning "thank you."

And last, but not least, the eternal Russian "Nishevo," which means anything from "nothing," "never mind," to "what do I care about that?"

YAQUI NOT ALWAYS GUILTY

Mexican Custom Is to Blame Indians for Every Act of Banditry.

EL PASO, Tex., (P)—Yaqui Indian depredations in the Mexican border states are becoming more frequent, but not all acts of banditry in the Yaqui country can be laid at the doors of the Indians, according to advice reaching here from Sonora. "It is a case of giving a dog a bad name and hanging him," an American reported who is familiar with the unraiding activities of the Yaquis.

It is the custom in Sonora, he said, for Mexicans to shout "Yaqui!" whenever a foreigner has been killed in isolated territory, or whenever a flagrant

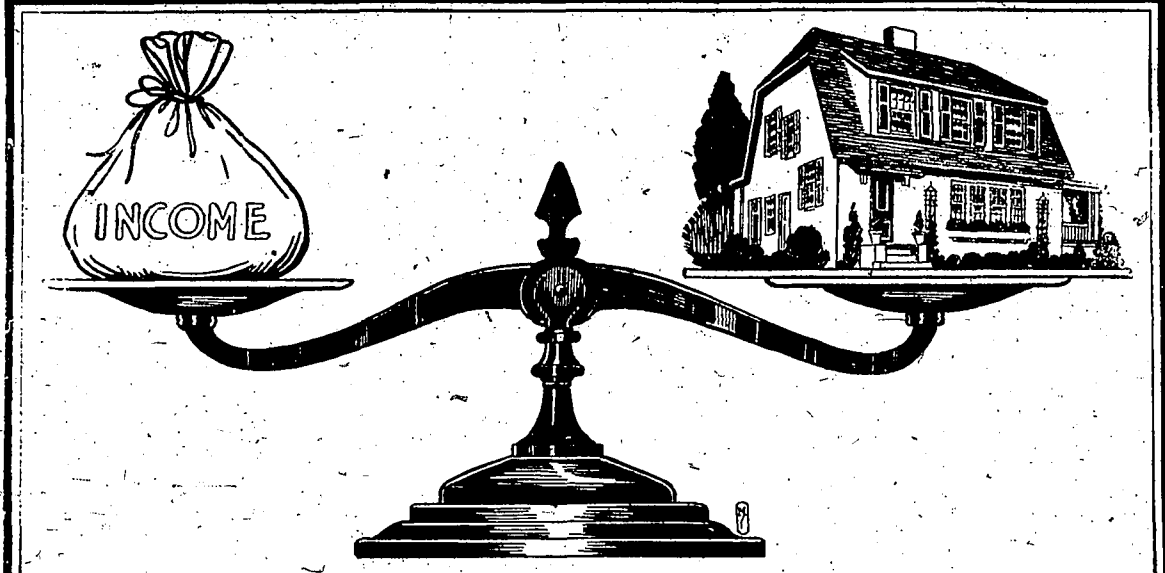

violation of Mexican law has been committed anywhere in the section, where Yaquis may be found. This is supposed to impress the visitors with the idea that real Mexican banditry exists largely in the imaginations of outsiders. Hence the Yaqui is blamed for violent acts whether he was responsible or not.

Yaqui and Mexican bandits have been both active and it is said to be impossible to tell which is guilty of various reported raids, robberies and murders.

NATIONAL BANKS CALL

WASHINGTON, (P)—The comptroller of the currency today issued a call for the condition of all national banks at the close of business on Monday, June 30.

Classified Ads are cheap—effective.

When You Build Your New Home What Should It Cost?

First let us say that you can build. If you are one of that vast majority of American men or women who are making upwards of \$1,500 per year, you can build a home for yourself and pay for it entirely with approximately the same amount of money each month that you are now paying out for rent.

Of course the man whose income is \$5,000 per year will be able to build a more expensive home than the man who earns \$1,500. This brings us to a consideration of the relation existing between a man's income and the price of house he should build. This relation is not an arbitrary one but has been worked out by a careful consideration of the total living expenses of a family. It will be immediately understood that if a man of limited income spends too much on his living quarters, some other item of his family expense—such as clothing, food, education, etc.—must be neglected.

If you are making less than \$1,500 per year—let us say \$1,000—you still can build a home and pay for it. Quite naturally it will have to be small and rather simple, yet it can be well arranged, attractive, comfortable and homey.

What Your Home Should Cost

Yearly Income	Price of House	Monthly Payments
\$1000	\$1500	\$16.50
\$1500	\$2500	\$25.00
\$2000	\$3500	\$35.00
\$3000	\$5000	\$45.00
\$4000	\$6500	\$50.00
\$5000	\$7500	\$60.00

Why don't you build your home now? In doing so you will have chosen the best savings bank in the world in which to place your funds. Now, in these times of prosperity, is the logical time to lay aside money for the future. And in building a home you will always have the knowledge that come what may, you have funds safely laid away to meet all emergencies.

are somewhat high at present but they also state that costs cannot be lower until some future time as yet unforeseen.

Build now. Nothing will be gained by waiting. Authorities concede, it is true, that building costs

For any information you may desire on any subject pertaining to locations, plans, materials, furnishings, equipments, costs, information concerning architects, contractors, etc.—call at the Building Information Office. Not a thing to sell, but a great deal to give away!

GIRL'S REFUSAL TO WED
MURDERER COSTS LIFE

Harry S. New Informs Glendale, California, Police of His Ordeal.

LOS ANGELES, Cal., (AP)—Harry S. New, of Glendale, Cal., walked into police headquarters early today, informing detectives that there was a dead woman in his automobile and he desired to give himself up as a murderer.

New told the officer, according to a statement of the police, he had quarreled with the young woman in Canyon several miles from the city when she refused to marry him, and had shot her. She had a bullet hole through the head.

New was booked for murder and held without bail. "We didn't understand each other," said New, according to Detective Sergeant D. A. Davidson, "and so I shot her, and here I am. There she is, too," he added as he gazed at the dead girl.

New, thirty years old, told the officers, according to their statement of his story, that he was engaged to Miss Lesser. He said they became intimate, and that she disclosed to him that there was to be a child; he said he urged her to marry him forthwith and when she refused he became furious at the thought that there might be another man, and shot her.

New told the police, they said, that he was the son of United States Senator Harry S. New of Indiana and his claim was corroborated by relatives of the dead girl, who said they had known New and his family in Indiana. The same claim had been made to his employer, according to the police, who said the employees had told them of New's claims to relationship.

Father Won't Talk
WASHINGTON, (AP)—"That is a matter I do not care to discuss at all," was the statement of Senator New of Indiana today when informed that a man claiming to be his son was held in Los Angeles on a charge of murder.

American and Yankers.
Although Canada is part of the continent of America, the name American is usually limited to citizens of the United States. A real Yankee is supposed to have been born and raised in one of the New England states, but outside of this country the name is applied indiscriminately to people of the United States.

Every real estate dealer helps to make a bigger and finer city. The classified ads, therefore, are city builders.

BIG DIRIGIBLE SLOWS IN TRACK ON COAST LINE

(Continued from page one)
75th meridian time latitude 45:20 north, longitude 64:00 west. Course southwest true. Speed 20 knots. Standing down coast of New Brunswick and Maine, petrol running short. Please have destroyers meet us at earliest possible moment.

Wireless Guides
R-34 Course.
NEW YORK, (AP)—At noon today the British dirigible R-34, wrapped in the fields of mist that shrouded the Nova Scotia coast was driving to guide our course by fitful wireless communication with a score of stations on a warship along the north Atlantic littoral.

The dirigible on shore could hear her signals but British admiralty officials and American army aviation officers agreed that the wireless operators of the dirigible must have become disoriented, for while they could hear her signals they were apparently unable to communicate with her.

The last definite word of the position of the airship up to midday was a wireless message saying she was cruising between Halifax and Canso and that "all is well." Canso is a little Nova Scotia town about 140 miles north of Halifax and about 750 miles from New York as the crow flies.

At that time it was approximately 85 hours since the mammoth airship had sailed over Edinburgh and started on her western voyage. In the interval she had travelled an estimated distance of 2350 miles but this total probably would be materially increased on account of losing her course through fog.

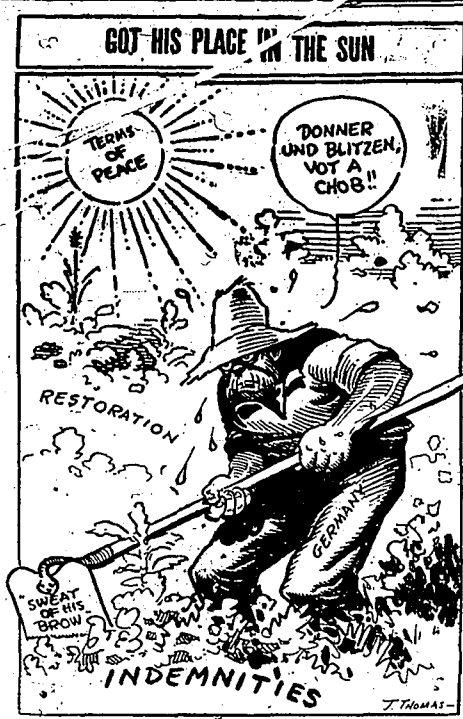

The first word of her arrival over the western hemisphere came from North Dame bay, one of the great inlets on the north New Zealand coast at 4:30 a. m. New York time, yesterday morning. In a rift in the eternal fog that binds that northern shore the huge mass of the air liner was seen for a brief space and then the mists closed upon her again.

Gotham Has First Dry Law Violator

NEW YORK, (AP)—The first arrest on Manhattan island for alleged violation of the war time prohibition law was made today when the proprietor of a popular cafe at Center and Franklin streets was taken into custody on a charge of having sold a glass of whiskey to a special agent of the department of justice.

Births

Born, a daughter to Mr. and Mrs. L. T. Schiffgen of Oakley, at the county general hospital, on June 29.

MOONEY PROTEST STRIKE EXTENT YET INDEFINITE

Defense League Offices Close When Employed Join in Walkout.

SAN FRANCISCO, (AP)—Most labor unions in San Francisco prolonged their July 4 holiday to last over July 5 so it was not possible for employers or labor leaders to estimate today the number who have joined a general strike on behalf of Thomas J. Mooney, sentenced to life imprisonment for murder.

Fourteen labor unions of San Francisco voted to join the strike, S. S. Schulberg, executive officer for the International Defense League said. Schulberg

asserted one million workers in the United States and Canada would join the strike.

General officers of the defense league were closed. Schulberg said the office employees had joined the strike.

Being the Earth Rotate.
If a long pendulum is set swinging with its point of suspension free to turn, the plane of swing will remain fixed while the rotating earth swings around under it. This is the finest demonstration of the earth's rotation, and recently at Wellington, New Zealand, a pendulum only ten feet long showed the rotation with 40 seconds after the swing began.

Readers and answers of classified ads are practical folks, seeking quick solutions for immediate needs.

GREEK GENERAL LAUDS WORK OF CONFERENCE

Sees Early Submission of Nation's Direct Enemies and Prosperity.

SALONIKI, (AP)—Premier Venizelos announcement to his people of the signing of the German peace treaty at Versailles was issued Friday by General Paraskevopoulos in an order of the day to troops. The message read:

"The world commences to breathe. The strongest of our enemies recognizes his complete defeat and accepts the heavy but just conditions of the allies. The signing of this peace will be followed rapidly by the submission of our more direct enemies, Bulgaria, Turkey, and this latter action will restore liberty to many thousands of our brothers in the Greek Ironclads, as well as to the peoples living there; and will enable Greece again to become a rich state and to enjoy the benefits of peace assured by the league of nations. The Greek army may be proud of its participation in this gigantic work."

DENVER GETS NICKEL FARE

Patrons Pay Old or New Rate as They Choose During Dispute

DENVER, (AP)—Five cent street car fares were restored in Denver at midnight, when the ordinance repealing the six-cent rate went into effect. Many passengers voluntarily continued paying six cents, however. The tramway company claims that there is a dispute between the state and the city as to which has the authority to regulate rates, and that until this question is decided, the 6-cent fare is still in effect. While not attempting to collect the latter fare, the company has left the matter up to the decision of its incontinent patrons.

IRISH UNIONISTS REPLY TO LEAGUE MANIFESTO

Declare Proclamation of Republic First Act of Free Parliament.

LONDON, (AP)—The Irish Unionist alliance, replying to a manifesto issued recently by the "Irish Dominion League," asserts that the first act of any parliament in full control of Irish economic and military resources, would be to proclaim an Irish republic.

"The alliance trusts and believes that those concerned for the peace, order and progress of Ireland," the reply says, "will resolutely decline to support a policy which, if successful would constitute an imperial danger of the first magnitude."

STORM GATHERS BAROMETER SAYS

Climatological Conditions Point to Early Rain in District—Need Is Extreme.

In the face of a barometer that has been steadily lowering the past three days officials of the Twin Falls Canal company today expressed high optimism and hope that within the next 24 hours there would be heavy downpours in the watersheds of the Snake river, thus partially at least, replenishing the decreasing supply of water for farm irrigation purposes.

The optimism of the officials is sustained in large degree by the fact that a fairly steady breeze is today blowing from the normal station, and the sky is more or less overcast. The clouds, while of a feathery quality, and span the sky higher than a storm gathering does, give the impression of a heavy rain falling lower down the horizon, thus supporting the belief of the prognosticators that storms are headed this way.

The canal company's office W. O. Taylor stated arrangements are progressing for the regulation of water gates to deliver supply of not more than 30 per cent of the normal requirements, but he inaugurated all over the system early next week if present weather conditions prevail.

According to persons in town from the outlying districts the conditions on ranch and range where there is no irrigation is extremely dire. In the hills and lowlands grazing is a negligible quantity, and stockmen are beginning to seriously worry over the outlook. Grass and all other herbage is dried up, with no growth to guarantee the future welfare of the herds and flocks. Even springs are rapidly drying up, and residents have depended upon such sources for domestic supply are now facing a desperate condition.

In the Twin Falls tract there is no fear of pestilence such a storm as might tend to lodge their rapidly filling wheat. Grain is all looking exceptionally healthy and promising, and wheat should be pretty well filled in about 10 days, if not before. The first cutting of alfalfa is reported slightly light. Beans, potatoes, sugar beets and similar crops are fairly promising.

Band Is Feature During Morning

Musicians Give Two-hour Concert Today on Street Corner; Crowd Attends.

In the absence of other entertainment features on the Roundup program for this morning the Twin Falls band, which recently mustered out of service, regaled visitors with sterling and stirring selections at the corner of Main avenue and Sheehan street for about an hour. The band then moved to the Stockade where the program was completed. Twin Falls bandmen have given a splendid account of themselves in their celebration period, but the organization has never excelled the wonderful music rendered as a special attraction this morning. The program was well diversified to suit all tastes, there being classical selections at stated intervals on a program of jazz, rag, popular, ballad and sentimental numbers. The concert was in charge of Precpector J. T. Bainbridge, and was in progress from 10 o'clock to noon.

Water Situation Causes Complaint

Old Rights Holders in Goose Creek Section Urge Release of Impounded Supply.

BOISE — According to state officials who have visited the Goose creek section recently serious trouble impends between farmers who owned old water rights on Goose creek before the Twin Falls-Oakley project was built, and the water company. The trouble, comes about according to the same authority, through water sharing which seriously affects the old rights holders.

It is understood there is some water held in the Goose creek reservoir, but this will not be released for a few days, being held back to give the water stored by this reservoir, a good last soaking. Some of the old rights holders demand immediate release of the impounded supply.

Most of the second cutting of alfalfa on the project will be very short, and in many instances there will not be a second cutting at all. It is expected that the alfalfa crop will be cut and trucked through the back of the ground, which will probably be given early next week.

Beavers Menacing Many Idaho Crops

Dams in Cassia County Streams Back Up Water Needed for Farm Irrigation.

BOISE — To the pernicious activities of colonies of beavers in streams tributary to the Goose creek reservoir in Cassia county is charged a fair portion of the lack of water for irrigating purposes on the Twin Falls-Oakley project which are now burning up for lack of moisture. While at Oakley, Mich. destroyed with dramatic a number of the dams but was unable to make any material progress against the activities of the animals. It is proposed to employ beavers during the fall and winter months in an effort to remove this new menace to the raising of crops in Idaho, and make pecuniary profit out of the disposal of their blue.

Girls Sell Bonds and Catch Trout at the Same Time

NENANA, Alaska, (AP)—Selling of Liberty bonds for American government, at least, may be a thing of the past for years to come, but there may be many young women campaigners in the far north as pointed out by the News of Nenana, it was not everywhere that the women were able to sell bonds, fish and even go hunting for bear at the same time.

State Official Here—Former Mayor E. M. Swooley, now member of the public utilities commission, and family, spent July 4 in Twin Falls.

Personal

Mr. and Mrs. Kopleman of Richfield are the house guests of Mr. and Mrs. Alan P. Senior during the Roundup.

Mr. John B. White has returned from Kansas where he spent several months visiting relatives and friends.

Mr. and Mrs. A. C. Finn of Filer attended the Roundup this week.

Mr. Wilbur Bolton and children of Boise yesterday visited at the J. E. Warner home.

Dr. and Mrs. Courtney of Filer attended the Roundup this week.

Lawrence Hodgins of Idaho Falls is visiting his parents, Mr. and Mrs. Shud Hodgins and attending the Roundup.

Mr. and Mrs. A. E. Mann and son of Hansen were Thursday visitors in Twin Falls.

Mrs. Stuart Henderson and little daughter and Mrs. Henderson's parents, Mr. and Mrs. Wilson, returned Wednesday from a three months' visit in Michigan.

Mrs. A. E. Hale and daughter, Miss Laura Hale, are spending several days with Fred Hale and family.

Mr. and Mrs. V. H. Decker and sons leave Sunday for Ketchikan where Mr. Decker and the boys will spend the summer. Mr. Decker will go from there to Oklahoma on a business trip.

Mr. and Mrs. Fred W. Gooding of Shoshone spent the Fourth in Twp. Falls.

Mr. and Mrs. McCorkle of Rogerson were here Friday for the Roundup.

CONVENTION CALLED FOR COUNTY AGENTS

District Clubs and Bureau Workers Invited to Attend Conference.

A convention of county agents, home and farm demonstrators and county clubs has been planned to be held in Twin Falls July 21 and 22. Official invitations have been distributed and it is expected there will be a big attendance of delegates. The purpose of the convention is an extensive discussion of the various projects of interest to the county farm organization, considerable time will be devoted to a review of the projects already in operation, others now in the course of making and those in contemplation for the coming year. Problems of labor for farm purposes, securing household help and weed control will also be on the discussion program. The conference will be in direct charge of the extension staff.

To Polish Mahogany. Boiled linseed oil is the finest thing for restoring old mahogany, as it hardens and preserves the wood. Pour the oil on to a pad of soft flannel and rub the wood well. If there are any cracks in the wood the oil will fill them and harden. Wipe off the superfluous oil and polish with a dry soft cloth. A little vinegar added to the oil will make a bright, clean, dry finish.

Don't be content with an unrelaxable furniture that will not give you satisfaction. Buy a good one advertised.

HOLLISTER

(Special to The News.) HOLLISTER.—Mrs. M. Hill left the first of the week for her home in Muskogee, Ok., after having spent the past month in the hospital.

Mr. and Mrs. F. P. Bates spent Thursday in Jerome visiting relatives.

Joseph Smith was visiting friends in Twin Falls Thursday.

H. Crookham of Berger was in town Tuesday on business.

An addition is being built on to the rear of the Boulevard Hardware company's store, doubling the capacity of the store.

Mrs. S. J. Townsend and Mrs. W. H. Joiner were passengers to Twin Falls Wednesday.

Miss M. Howes and mother left Saturday for their home in Wallace after having looked after business interests in town.

Rev. Dr. Burton arrived Saturday from Boise and held services here in the morning. He left in the afternoon to hold evening services at Rogerson.

Joseph Smith was visiting friends in Hollister Saturday, having just arrived from overseas.

Miss Gladys Emison arrived Wednesday from California and will make an extended visit with her uncle, W. F. Rice.

Theodore Holderman of Twin Falls, who recently returned home with the 14th infantry, spent the latter part of the week with his sister, Mrs. C. L. McFarland.

A. E. Caldwell left Sunday for Boise, where he will spend a few days on business.

Mrs. Carl Tappan of Twin Falls spent the week end with her sister, Mrs. H. E. Morehouse.

The dance given in the high school auditorium Thursday evening was well attended and everyone reports a big time.

G. M. Hall left for Boise Monday on business connected with the Land and Water company.

Mr. and Mrs. R. Trelease, Carmen, Arthur and Caldwell returned Wednesday from Caldwell where they spent the past week visiting friends.

R. E. Weaver of the United States navy arrived Sunday from overseas.

A party of young people motored to Cottonwood Creek and picnicked Thursday afternoon.

Mrs. N. T. Wood returned Monday from Lava Hot Springs.

PLAN DESTRUCTION OF CANADIAN WEED

Demonstrations in the Elimination of Noxious Farm Pests to Be Given.

Officials of the county farm bureau visited the Roundup yesterday, at the request of F. E. Sheehan, field agronomist and seed commissioner, of the farm extension division at Boise. Mr. Sheehan requested that Idaho farm extension agents be invited to Idaho from Corvallis. This is his first visit to Twin Falls, and was an acquaintance call rather than one of business. He attended the Roundup yesterday.

Paul Wenger, special seed expert of the state agricultural department, after spending several days in this vicinity studying noxious weeds and suggesting means of eradication, left yesterday for Boise.

While here Mr. Wenger arranged for a series of extermination demonstrations with a view to fixing a definite scheme for the destruction of Canadian thistles. The process in contemplation is that of drowning the area infested to be treated with a mixture of the entire interior average inundated for a considerable period. This means, it is said to have been employed with splendid success in many sections of the western country. The demonstrations will be conducted on a farm not far removed from Twin Falls.

Rosie Cement. To fasten knives, screw drivers, etc., securely into their handles of stag, bone or wood, without using rivets, bore or burn a hole somewhat larger than the metal to be inserted into the handle. Fill loosely with equal parts of powdered rosin and fine, sharp sand. Make notches with chisel or file on handle part of knife, then heat and insert it. The rosin and sand will melt and cement the handle into place. Its position can be adjusted while still warm. When cool it will be strong and neat.

The merchant who can tell it at a lower price will not neglect to tell you about it in his ads.

ANNOUNCEMENT!

I have a full car of Watermelons on track from California. Rip, juicy and red. Watch for the melon wagon. 5 1-2c per pound. Delivered to any part of the city July 3rd, 4th and 5th.

Fruit of all kinds, REASONABLE and FRESH. My stands are located on Second Ave. East near Third St. East and near Ball Park, Second Ave. South and Fifth St. South near Monark livery barn. Everything to eat and drink. Ice cold. Ice-Cream Cones or Ice Cream in PINTS and QUARTS for family use.

NO BALL GAMES TODAY, PAUL FAILS TO COME

Double-header Is Called Off—Preparations Made for Championship Tilt Sunday.

Because of the failure of the Paul club to reach Twin Falls the proposed two-game series, called off today, has been cancelled. The manager of the Paul club notified the local management late that the team could not be assembled in any sort of strength, and suggested that the contests be called off. This was done.

Tomorrow the Burley club, now leading the league by a one-game margin, is booked to make the first appearance of the season's first ball here tomorrow night. This game will either decide Burley the gentleman winner, or will put Burley and Twin Falls in a tie for the leadership. Both teams are going at top speed right now and a hot battle is expected for when the clubs assemble at Roundup park this afternoon in battle array.

It is eminently probable that the Paul club will be on the peak for the "Twin" as Ave is showing the most stuff of all the domestic vendors of curves and spitters. It is sure that Twin Falls will send its greatest combined strength against the invaders, and it is equally assured that Burley will do the same.

Should this contest end in a tie it is probable that a championship series will be played later on to decide a definite winner of the flag for the first half of the season, one game to be played here, another in Burley and a third game in the third playing ground if a third game is necessary.

ULRICH ADMITS GUILT AND PAYS \$100 FINE

Farmer at Clover Changes Plea and Tells Court He Stole Water from Canal.

Louis Ulrich, a farmer of the Clover district, appeared in the court of O. P. Hall this morning and announced a desire to change his plea entered last week to the charge of stealing water from an irrigating canal. Permission was given.

Ulrich is one of three farmers whose places are near Clover, who were arrested last week. One entered an immediate plea of guilty, while Ulrich and Carl Lierman denied guilt. This morning Ulrich admitted he had by means, taken water in excess of his allowance from the ditch. He was fined \$100, the amount being immediately paid. He was warned by the court that this punishment was merely light in face of the enormity of the offense, and was given to understand that there would be no option of money in case Ulrich should fail to pay the fine. Carl Lierman, who appeared with Ulrich this morning, asked to have his case continued until the ditch riler, before the state engineer, could be officially interrogated in court. This courtesy was granted, and the complaining witness will be asked to explain some hazy points in the issue before the trial.

Lierman declares he took no water from the ditch, utilizing only a small amount of overflow for domestic purposes on his sister's home. He announces this can be established as a fact by the ditch riler.

No Sound From Griffe. It is said by animal-grainers that the griffe has never been known to emit a sound of any kind. No matter what the animal may suffer when ill or injured, he remains silent. And scientists have advanced the theory that, because of the extreme length of the neck, sound is difficult or impossible for the griffe.

If you have something to sell, your best market is in a short and pleasant one, leading through the classified.

How About Your Tires?

Are you getting all the value out of your casings? We can put a new tread on your worn tires and run you several thousand miles for about half the cost of a new tire. We buy 30x3 and 30x3 1-2 used casings. Have rebuilt tires for sale.

Mail Deliveries Bomb Protection

NENANA, Alaska, (AP)—Alaska should worry about the receipt of bombs in its mail, declares the Nenana News referring to the bomb outrages in the states. The postoffice department, the paper continues, has made the country practically bomb-proof by injecting into our mail service a very generous portion of time between points of dispatch and points of delivery. An Alaska-bomb would age itself out of business long before reaching an intended victim in this country.

Wanted to Know. A woman who was troubled with chronic nightmares and who frequently cried out in her sleep advertised for room and board "with a family who would not object to screaming in the night." Among the answers she received was one which asked: "How often would you require us to scream?"—Boston Transcript.

Cause for Thankfulness. The first reason for being thankful in the morning is that you have lived to see the dawn of another day, with opportunities to finish something begun the day before and to begin something that you may be able to do better than you have ever done anything before.

FISHING FIRST CLASS IN SAWTOOTH REGION

Forest Service Officials Report Excellent Sport for Waltonites.

Fishing is now at its very best in Wood river and the Sawtooth country, according to the forest service in Oregon. It is reported that streams are comparatively low for this time of the year, and fishing parties now camped in the Sawtooth region report big catches.

Campers are becoming numerous in the Sawtooth forest and the fine camping sites to be found there are attracting tourists from all over southern Idaho. This region is easily accessible to auto parties, the Haily-Stanley road being the main thoroughfare by which it is reached. This road is now in good condition, as is also the Warm Springs creek road, which is extensively used in reaching Guyer Hot Springs and the many recreation sites above that resort.

The forest service is improving the most attractive sites on Wood river, placing tables and benches and providing comfort stations. A larger number of tourists than ever before is expected this season. Unfortunately, the lack of rainfall through June and the protracted spell of hot weather have made the forest fire danger unusually great. Under these conditions it is imperative that visitors use the greatest possible care with camp fires, burning matches, cigaret and pipe ashes.

SPEAKERS TAKE ADVANTAGE OF CELEBRATION OCCASION

Nonpartisan League Editor Tells Audience Farmers Must Take Charge.

Out of around 15,000 celebrators here Friday a scant 200 formed an audience in the city park for several speakers taking advantage of the occasion to present their views on questions of civic righteousness and good government. Charles M. Becker, editor of the Twin Falls Times, acted as the emcee and introduced C. H. Chapman of Nampa, editor of the Idaho Free Press established by the Nonpartisan League in this state; W. A. Moore, minister of the First Christian church, and T. K. Hackman. Chapman told his audience that lawyers and business interests must be eliminated from government control and the farmers must organize to take charge of affairs.

KAISER WORST GERMAN ENEMY

Naval Officer Declares Former Emperor Superficial Gambler.

BERLIN, (AP)—The former German emperor is termed superficial, a gambler, "a dilettante of the worst kind and the worst enemy Germany has had since 1902," by Vice Admiral Posa in his revolutionary article "Disclosures about the Breakdown." The Vice-Admiral charges that the emperor let things drop that he had expounded passionately after he had lost interest in them. In his conviction that he understood everything the former emperor, he says, went so far as to participate in a contract arranged by the navy department for plans to construct an armored cruiser.

The vice-admiral ascribes the breakdown of the fleet to lack of discipline and civilian control among the officers, lack of discipline and forgetfulness of duty, even undeniable cowardice.

FILMS MAY AID RED OVERTHROW

Russian Proposes Education of Nation by Cinematograph Use.

LOS ANGELES, (AP)—The moving picture will play a leading part in the rehabilitation of Russia and will be a factor in the overthrow of the Bolshevik rule in that country, according to M. Guequady Aloxadrovitch Bereznyeff, president of the Bereznyeffs, a cooperative credit union claimed to be the largest in the world.

ARGENTINE RECOGNIZES POLAND

BUENOS AIRES, (AP)—Argentina formally recognized the independence of the republic of Poland today.

GERMANY FINDS READY MARKETS

American Firms Appear Eager to Buy Teuton Made Goods at Once.

TREYER, (AP)—American firms appear eager to buy German made goods as quickly as possible. Many letters passing recently through the United States army censorship. Cameos, spangles and amethysts appear to be particularly demanded in America. An indication of how German industries are being stimulated by orders from foreign countries, a business letter recently said that the crockery factories in Trever have engaged orders on files to keep them engaged four years.

On the other hand, Germany is buying from outside countries goods of various kinds. These kinds, at this time, however, are confined chiefly to food, cloth and other articles of necessity. Letters to American manufacturing firms continue to pass through the censorship in which German firms or individuals make inquiries regarding agencies in Germany for automobiles, rubber goods and other articles of which the country has been deprived because of the war.

CONFESSED SPY TO BE DEPORTED

Former Member of Parliament to Be Taken from Prison to Boat.

LONDON, (AP)—Ignatius Titchell Lincoln, former member of parliament, who has been in prison here since 1916, as a self-confessed spy, will soon be deported to Hungary.

Ignatius T. Lincoln formerly an Australian subject but later a naturalized Englishman, was arrested in Brooklyn, N. Y. on August 4, 1915, on a charge of forgery preferred by the British consul in New York. After his arrest he declared he was a German spy and that England wanted to try him for the offense. At the time the United States and Germany were not at war and the case brought quite troublesome to the federal authorities.

Material Riot in Kiddie Frocks

Linen, near linen, patterned muslins and even touches of georgette are used in these cute little kiddie frocks which prove conclusively that juveniles of any mother may be hit on just what to wear, the short or long skirt, that the juveniles are not. Touches of hand embroidery in soft tones may be found on most any one of these four models.

WARMLY GREET CZECHO-SLOVAKS

San Diego Meets Invalid Troops from Vladivostok with Bands.

SAN DIEGO, Cal., (AP)—The steamer Nanking arrived here Thursday with 1100 invalided, Czech-Slovak soldiers from Vladivostok. They were accorded a hearty welcome by civic and military authorities. Bands from the naval air station and from Camp Kearney, delegations from the Red Cross and members of the local Czech-Slovak society participated in the welcoming exercises. The veterans were transferred to a special train and taken to Camp Kearney where they are to remain on indefinite time for treatment. Eventually they will be sent across the continent and then to their homes. The Czech-Slovak soldiers arriving on the Nanking are veterans of the great war in Europe. Originally drafted into the Austrian army, they deserted to the Russians and fought against the Teutons. When Kerensky was overthrown and the Bolsheviks gained control of Russia, the Czech-Slovaks fought the Lenin-Trotsky armies and eventually gained their way to Siberia, where they joined the allied soldiers.

FARMERS RAPIDLY FORGING AHEAD IN WORLD OF TRADE

WASHINGTON, (AP)—Rapid progress by farmers in organization for marketing products, improvement of livestock breeds and building up of the soil by use of commercial fertilizers has been reported to the railroad administration by its agricultural representatives. The reports indicate that more local shipping associations have been formed by farmers this year than ever before, the plan of the California Fruit Growers being followed to a considerable extent.

SHIPPING TO SOUTH INCREASES

RIO JANEIRO, (AP)—During the last two weeks of June, eight North American steamers and five schooners entered this port. The total for the last six months is 101 against total arrivals during all of last year amounting to 77.

PESTILENCE IN EUROPE LOOMS

Chaotic Conditions Make for Reproduction of Middle Ages Epidemics.

LONDON, (AP)—"In the condition of chaos in which eastern Europe is at present, famine and fatigue have produced a condition of lowered resistance to infection which favors the reproduction of the epidemics of the middle ages," says a writer in the Lausanne (Switzerland) Gazette. "Prisoners are wandering in eastern Europe on their way to their homes, unnumbered Russians on their way to the east from Germany, Germans, Austrians and Hungarians, fleeing from Russia to the west, Serbs and Croats striking south, Poles going to the north, crossing one another in independent confusion in Poland, the Ukraine, and Hungary. The absence of linen and clothing forced these prisoners to clothe themselves in rags of skins in the same way as the civilian population."

Rags Predispose Disease.

"The fight against typhus consists mainly in bathing the men and sterilizing their clothing. The Hungarians possess ovens, but no coal; the Czech-Slovaks have coal but no ovens. Soap and body linen are absent everywhere. Linen when put into the oven is so wretched as to be unwearable afterwards and the owner has to be sent away and in his stead, prisoners and wandering civilians know this so well that they take every means to avoid disinfection more than anything else, to avoid being stowed at a station they get out of the trains when they stop at the smaller stations and enter the town in small scattered groups which attract less attention."

Nations Pool Resources

"The ordinary mortality of exanthematic typhus in endemic regions before the war in Silesia, Poland, Russia and Galicia was from 5 to 7 per cent, at present it is over 20 per cent. It is true that the epidemic has not yet assumed the proportions of epidemic cholera in India, where in the town of Bombay alone there were 2205 deaths from January 12 to 25, 1919; but there is a great danger for Europe. All cost

ern European states realize this, and though they were at war with one another, yet they sent their delegates to the Budapest congress, and looted to place their resources 'in-commo'."

SEES YANKS IN CLEAN-UP

Warren Pershing Interested Spectator at Interallied Games.

PERSHING STADIUM, France. (P)—Warren Pershing, 14 year old son of the commander in chief of the American armies, Friday saw his father's soldiers trounce Canada in baseball, beat Australia and France in the medley relay race, make a clean sweep of the shot put, take first place in the high jump, defeat Italy in the tug of war semi-finals and win lively boxing bouts the stadium. The boy, informed and wearing a San Brown belt, shook hands with the King of Montenegro and Premier Venizelos of Greece during his stay at the interallied games.

The medley relay race, which was won by the United States, was run in 7 minutes 43 seconds. Australia was second and France was third.

Marshal Foch and General Pershing presided today at the interallied games. Marshal Foch was given a guard of honor made up of a composite regiment from the American forces on the Rhine.

AH I KNEW WAS RIGHT!

NEW CHAMPION IS OUTWEIGHED BY 56 POUNDS

Dempsy Exhibits No Surprise Over Fight Result, But Expresses Sympathy for De-throned Opponent.

TOLEDO, OHIO, (AP)—There was a difference of 56 pounds in the weight of Jess Willard and Jack Dempsey when they entered the ring for their heavyweight championship contest yesterday. This was revealed today when all came out of the ring from the Dempsey weight question. The new champion weighed 187 pounds while Willard scaled 131.

Honors Don't Change Dempsy

Winning the championship had no effect on Dempsy today. He acted as if he knew it was coming to him and he exhibited not the slightest surprise. He was out of bed at 6 o'clock and motored to his training camp for a visit with friends and then returned to his hotel in Toledo. He expects to remain here until he leaves to accept some theatrical work. The new champion has received a number of offers and expects to accept one offering him the best inducements. One offer of \$10,000 a week for 12 weeks was made him.

Willard Has All His Teeth

Willard has definitely retired from the ring. He will devote his entire attention to his oil interests. The defeated champion said today that rumors had it that he was severely injured and that he was taken to a hospital were gross exaggerations. The only injury he suffered was a deep cut over the eye and a badly cut mouth. He did not lose any teeth, nor was his jaw fractured as reported.

Boxing Her Business

Dempsy asserted that he had no feeling toward Willard except that of admiration. "Boxing is a business with both of us and Willard proved himself a game square fellow all through the fight. He took an awful beating and certainly proved his game and his grit." "When I shook his hand after the fight, I said to him: 'Well, Jess, it's all over. I am sorry I had to cut you up so much.'"

ALPHA OMEGA NAME OFFICERS.

CHICAGO, (AP)—Members of the National Alpha Omega sorority concluded their fifteenth annual meeting today and elected the following officers: President, Mrs. John P. Phillips, Philadelphia; vice president, Miss Mary Jones, Washington, D. C.; Mrs. Ralph Bennett, Kansas City, secretary editor; Miss Mary Emma Griffith, Washington, D. C.; treasurer, Mrs. George Starr, Seattle, Wash.

HANDLEY PLANE MEETS ACCIDENT

Engine Trouble Forces Landing in New Foundland-New York Flight.

HALLIFAX, (AP)—The giant Handley bomber plane, Atlantic under the command of Vice Admiral Korr, which left Harbor Grace, N. F., yesterday on route to New York city, landed in the streets of Parravorto at 5:30 o'clock this morning.

The big airplane was forced to descend owing to engine trouble and in landing was damaged beyond immediate repair. No member of the crew was injured.

Hits Wire in Descent

Vice Admiral Korr telephoned to Halifax that everything went well with the big plane until an oil tube burst shortly after 3 o'clock this morning, necessitating a descent. The airplane was flown on three engines at a low altitude in an endeavor to select a suitable point to descend. What appeared to be a large open field was finally decided upon but in coming down a wire was encountered and the under carriage of the machine was badly wrecked.

Fog Diverts Course

Parravorto is a town about 35 miles west of Halifax. The "Atlantic" left Harbor Grace at 4:15 p. m. yesterday on her 1200-mile trip. It is presumed that the big machine was diverted from the intended course across the Bay of Fundy as a result of fog. Her schedule called for passing over Halifax at midnight last night.

Kansas City Livestock.

KANSAS CITY, (AP)—Hogs—Receipts 1200; steady. Cattle—Receipts 100; nominal; prices \$11@14.50; cows and heifers \$5.50@13.50. Sheep—Receipts 800; nominal; spring lambs, \$11@16.25; ewes, \$6@7.25.

BIG GUNS ROAR SALUTES FOURTH ON RHINE RIVER

Germans Who Opposed Second Division in Champagne and Argonne Hear Same Artillery Bark in Own Land.

COBLENZ, (AP)—A salute of 48 guns—one for each state in the Union—flashed out over Coblenz at noon Friday from the ancient walls of the fortress of Ehrenbreitstein, echoing up the Rhine. The salute was given as the first part of the army's program in celebrating the Fourth in Germany. This was the first time that American artillery has barked from the famous fortress which tops the four-hundred foot rock promontory on the east bank of the Rhine opposite the point where the Moselle joins Germany's most famous river. The salute was fired from 15 of the seven hundred field artillery and the roar of the same guns was heard before by Germans who opposed the second division at St. Mihiel, in the Champagne and in the Argonne.

Belgians Celebrate U. S. Independence.

BRUSSELS, (AP)—American independence day was celebrated in many places in Belgium, especially at Brussels and Antwerp. A luncheon was given at the American legation, Brussels, presided by the American minister, the American and Brand Whitlock, the American minister. The latter responded in a feeling manner.

Wilson Makes Fourth Speech on Vessel.

ON BOARD THE U. S. S. GEORGE WASHINGTON, (AP)—"This is the most tremendous Fourth of July ever imagined, for we have opened its frontiers to the whole world," President Wilson in a stirring speech to soldiers and sailors massed on the deck of the presidential steamer Friday afternoon.

The president gave Mr. Wilson three cheers and as he appeared among them and began his address by greeting them as "my fellow citizens," it was a striking picture, with several thousand sailors crowding the decks, life boats and rigging with the president, bare-headed and exalted in their midst. His theme was "The new and enlarged meaning of the Fourth of July." He spoke of the future to America and said: "You cannot earn a reputation like that and not live up to it."

WILSON APPROVES PLANS OF NEW YORK'S WELCOME.

Returning President Expected to Defer References to Treaty.

WASHINGTON, (AP)—President Wilson has approved the program for his reception at New York Tuesday. He will land at Hoboken at 5:30 o'clock, cross on the ferry to Manhattan and proceed by automobile to Carnegie Hall, where formal welcoming ceremonies will be held.

PRIDE MARKS RUMANIANS

Enlarge hunger and suffering with Resignation and Patience.

BUCHAREST, (AP)—Red Cross field workers here have noticed that one of the most striking traits in the Rumanian people is their sense of pride. With all the misery and poverty of the poor, they never beg. They are always content with what the Americans give them.

If the distribution centers there is never complaint, protest or clamor. The Rumanians are always grateful for what they get, however little it may be. Probably no people on earth endure hunger and suffering with more resignation and patience.

COSSACKS HOLD UP U. S. CONSUL

Troops Stop Train at Duria and Search Baggage of Americans.

TOKIO, (AP)—Ernest W. Harris, the American consul general at Irkutsk, had a disagreeable experience recently at Duria, in Siberia. Harris and his wife, according to Siberian advisers, when his baggage was forcibly opened by troops of General Semenov, the Cossack leader.

Mr. Harris was traveling eastward from Omak on a special train. Semenov's men composed of Russian, Bulgarian, Mongolian and Chinese, boarded the train and insisted upon inspecting the baggage of Mr. Harris and his party. This demand was refused, and the train was held at the station six hours pending a decision of Semenov's officers as to whether they should open the baggage or not. Guards were kept on board Mr. Harris' car during the interval and machine guns stationed so as to bear directly on the American consul general's car.

JAPANESE GIVES COUNTRY'S AIMS

Says Subscription to Fourteen Points Proves Good Intentions.

TOKIO, (AP)—Japan occupied at the peace conference a special position, she was disinterested in the problems concerned with the Occident but greatly interested in the questions bound up with the Far East. The Japanese prime minister, has told the editor of a French magazine published at Tokio. The premier said:

"Japan went to the peace conference with the desire to take an active part in its work and to participate in all questions that might arise. Why? Because Japan is sincerely attached to the cause of peace and justice. She has proved it by closely co-operating with the allies and by subscribing without reserve to the fourteen propositions of President Wilson; she never hesitated to join with the promoters of the league of nations."

CLAIMS MINIMUM INTERESTS.

"Likely the French, English and the American peoples, we wish a permanent peace, better and more open relations between nations, a happier humanity. And we believe we are in a good position to judge things from the point of view of justice and right because we had fewer interests under discussion than Europe and the United States. Our attitude is impartial and our delegates at Paris showed the good"

STUART H. TAYLOR--E. L. MACVICAR
REAL ESTATE AND INSURANCE

with sincerity and openness of our politics.

"However, violent criticisms have been addressed to us. Japan has been represented as an ambitious, war-loving, aggressive nation. The proceeding cabinet mirrored the same accusations which were not merited. I can assure you my government is doing its best not to cause discontent; to disregard proceedings which might be thought to bear a representative character. The peace conference has given us an occasion to show we were not guilty of what had been reproached to us."

MOUNT VERNON BRINGS TROOPS
NEW YORK, (AP)—The transport Mount Vernon arrived here today from Brest with 5750 returning troops. The units aboard included the 419th, 414th, 418th and 430th motor supply trains, the 32nd and 74th company of the transportation corps and the 837th service battalion. Among the passengers are Brig. Gen. Charles B. Wheeler and Major MacClokey.
