Food Price Cuts in Florence Draw Bargain Hunters

FLORENCE. (AP)—All the business houses of this city were overrun this morning with bargain hunters who sought to take advantage of the price reduction offered here.

DIEGUEZ WILL OPPOSE VILLA

Bandit Forces Reported Gathering in Vicinity of Ullar de Gonchos.

JUAREZ, Mex. (AP)—General Manuel Dieguez, commander of the northeastern military zone, arrived at Santa Rosalia, 100 miles south of Chihuahua City, yesterday on route to Ullar de Gonchos to take the field against the Villa bandits reported gathering there.

Villa detachments were reported by American refugees to have occupied Puerto Saturday and Americans have abandoned the camp.

WORLD NEWS EVENTS

PARIS. (AP)—General Pershing will accompany a detachment of 3200 American troops who will go to London to take part in the victory celebration there July 28.

BERLIN. (AP)—via London—A mob attacked the castle and the detention prison at Hanover Monday and released all the prisoners. The guards, it is said, surrendered their arms without resistance.

ROME. (AP)—An anarchist plot to attack the central part of Rome by means of hand grenades and other explosives has been exposed by the arrest of sixteen of the conspirators, four hours before the time fixed for carrying out the plans.

Staple Food Prices Soon to Be Raised

TORONTO. (AP)—The purchasing agents of the large hotels and restaurants declared today that they had been informed by jobbers and brokers that the price of canned goods and staple articles would be advanced from 25 to 28 per cent.

U. S. Casualties Total Up 297,147

WASHINGTON. (AP)—Total casualties of the American expeditionary forces including all casualties and allocations published to July 2, were given in an official report today as 297,147.

Paris M. D.'s Double Ante-Bellum Rates

PARIS. (AP)—The doctors of Paris have decided to increase their fees and beginning today they will charge double their rates before the war.

ALLIED BACKING IS EXTENDED TO KOLOCHAK FORCES

Military Attaches of United States, Great Britain, Italy and France Are Directed to Assist in Campaign.

CONCERTED ATTACK ON PETROGRAD IS OBJECT

Action of Council of Five Is Regarded as Equivalent to Assurances That They Will See Anti-Soviets Through.

PARIS. (AP)—Approval of a plan for a concerted attack upon Petrograd by Finnish troops and the forces of the Kolchak government at Omsk was given Monday by the council of five.

A joint note has been sent the military attaches of the United States, Great Britain, France and Italy at Petrograd instructing them to support the Finnish government if it decided to accede to the request of Admiral Kolchak to assist him in the campaign.

Reds May Evacuate Voluntarily

WASHINGTON. (AP)—Definite information that the Bolshevik authorities are planning to evacuate Petrograd has been received in official circles here.

With regard to the league's war program the witness testified that he was perturbed by the attitude of the board of private corporations to support the war effort.

CHEERING THROUGHS GREET HOME-COMING EXECUTIVE

Big Guns Boon and Whistles Shriek and Presidential Ship Moves Into Harbor of New York.

DAUGHTERS FIRST TO CROSS THE GANGPLANK

Wilson Stands on Bridge with Wife and Personal Physician Smiling and Bowing in Acknowledgment of Reception.

NEW YORK. (AP)—President Wilson stepped from the gangplank of the transport George Washington which brought him home from France, upon American soil on the Hamburg American liner pier at 20th St. at 3:22 p. m. today.

The presidential party with Vice-President Marshall, cabinet officers and a distinguished committee of welcome, left the pier at 3:40 p. m. The procession of automobiles moved through streets cleared of traffic between lines of police to the Lackawanna pier where they boarded the ferry boat Thaco and were brought to the Manhattan side of the river where President Wilson is to deliver an address at Madison hall after a parade up Fifth avenue.

Escorted by a fleet of warships the transport George Washington bringing President Wilson, home from France, passed quarantine and moved on to New York harbor at 1:30 p. m. today.

As the transport passed Fort Hancock the guns boomed a presidential salute, echoed by the forts of Fort Hamilton and Fort Wadsworth. The shrill whistles of harbor craft took up the chorus.

Home-coming Soldiers Aboard. The president and Mrs. Wilson stood on the bridge with their families as the vessel steamed slowly up the harbor to her pier at Hoboken, escorted by destroyers and welcoming a throng of all the way to the pier.

Small Craft Fill Harbor. Except for the wide lane through which the transport sailed, the harbor seemed literally filled with small craft of every kind carrying excursionists who shouted and waved a welcome to the president and his family.

Acknowledges Cheers. The George Washington docked at 3:10 p. m. and stood on the pier with her wife and Admiral Grayson, his personal physician, smiling, bowing and waving his hand in acknowledgment of the cheers which greeted him.

As the transport swung into the pier the president, smiling to receive his daughters, Mrs. William G. McAdoo and Mrs. George B. Goetz, and the first lady far out an upper story window in the pier building.

In recognition of the salutes of the harbor warships the George Washington broke out in hundreds of signals, flags and a blaze of color when she docked.

Daughters Cross Plank. An array of bands stationed at the end of the pier played the Star Spangled Banner as the ship swung in.

When the George Washington was moored by her pilot, Captain Edward McCauley, to lower the gang plank the first to cross the narrow bridge were the president's daughters, who had accompanied their father as a "private citizen."

The greeting with his daughters over, President Wilson resumed his role as chief executive of the nation and commander in chief of the army and navy.

Safety Protection Elaborate. On duty for the president's arrival were 1,100 policemen from the City and Hoboken forces and several thousand school children were formed in lines to greet the president with the "Star Spangled Banner" as he leaves the George Washington to embark for Manhattan on a special ferry boat. Hoboken is a mass of flags in honor of the president's return.

Atlanta, Ga. (AP)—Ratification of the federal woman-suffrage amendment was defeated in the Georgia senate today when a motion to disorganize was adopted by a vote of 27 to 12.

PREPARE WAY FOR MESSAGE OF PRESIDENT

Senate to Be Scene of Presentation of Wilson's Recommendations on Acceptance of Peace Treaty and Protocols.

THREE OPPOSITIONS NAMED

President Pro-tempore Chambliss appointed as members of the committee Senators Lodge, Borah, Idaho, and Mr. Cramer, North Dakota, republicans, and Hillebrand, Nebraska, and Williams, Mississippi.

Three of those named on the committee are supporters of the league covenant, while Senators Lodge and Borah have been leaders of the opposition.

Lodge for Open Session. Senator Lodge said today he expected the entire senate debate on the treaty to be in open session. That also is the expectation of administration leaders although a group is said to favor executive consideration.

There also is some sentiment for open sessions of the foreign relations committee in the event the committee is convened at any time before the president appears before it, but after discussion today by the leaders it was held off, if not all of the committee's sessions would be open.

Message in Brief. The president's message, to be delivered to congress Thursday is completed. The message will take about one hour to read and the entire length of the message devoted to the peace treaty and protocols and the work of the peace conference.

Details to Come Up Later. It is understood these peace conference details will be discussed on general lines without taking up the large questions of the treaty in detail, which probably will come later when the foreign relations committee examines the details.

Haywood Gets Out of Prison on His Bonds. I. W. W. Leader Sentenced to 20 Years Imprisonment, Is Released.

CHICAGO. (AP)—Bonds for the release of William D. Haywood, leader of the I. W. W., were approved by Federal Judge Landis here last August. Haywood has been approved by United States District Attorney Charles F. Clyne and the court of appeals.

Haywood, sentenced to twenty years in the federal penitentiary and fined \$30,000 last October by Judge Landis following a verdict of guilty against him and his co-defendants by the U. S. court.

REVOKES DEATH PENALTY. Mexican Bootleggers Go to Jail or Army Under Callio Order.

NOGALES, Ariz. (AP)—The death penalty for bootlegging has been revoked by General Plutarco Elias Calles, military governor of Sonora, according to a notice received from Hermosillo today.

GEORGIA BEATS SUFFRAGE. ATLANTA, Ga. (AP)—Ratification of the federal woman-suffrage amendment was defeated in the Georgia senate today when a motion to disorganize was adopted by a vote of 27 to 12.

PEACE COUNCIL TAKES HAND IN FIUME INCIDENT

Names Commission of Four Allied Generals to Investigate Disorders in Which Italian and Foreign Troops Mix

PARIS, (AP)—A commission composed of four generals representing France, Italy, England and the United States, has been appointed by the supreme council of the peace conference to investigate the recent incidents at Fiume.

Doxen French Troops Are Killed.

ROME, (AP)—About a dozen men, mostly French colonial soldiers, were killed at Fiume during the recent disorders there in which allied forces and Italian participated.

Although Savy, commander of the allied forces in Fiume, ordered his troops to remain in their barracks, the Italian officers, many of whom became intoxicated and are said to have insulted Italians sitting in cafes. They are also alleged to have fired on a patrol of Italian soldiers, who returned the fire, killing one Frenchman. The other two were disarmed.

When the news reached the French troops they rushed to the spot and engaged in a violent skirmish with the Italians.

Feeling Runs High
The feeling on both sides was said to be indescribable. General Graglia, who is in control of the city at the instance of the national council of Fiume, has made an appeal for tranquility and has issued stringent orders prohibiting all gatherings and the carrying of arms. He has threatened that any who are responsible for disorders will be severely punished.

Cry "Down with France"
General Graglia has temporarily re-established order. There were reported cries by the crowd of "Down with France" and "Away with the provocateur."

AUSTRIA DROPS IDEA OF UNION

Abandons Scheme for Joining Germany Because of Lack of Strength.

PARIS, (AP)—The Austrian government has given up at least for the time being the idea of a union with Germany. Dr. Otto Bauer, the secretary for foreign affairs, declared in an address to the Austrian parliament congress held by the council of workers, according to the Vienna correspondent of the Temps.

"A small and ruined" the foreign secretary is quoted as declaring, could only exist by the permission and assistance of the entente and that is why it was abandoning the idea of uniting with Germany. The idea of Austria was not powerful enough to bring about a union without the consent of the entente.

CARS RUN IN CLEVELAND

Strike Settlement is Reached with the Granting of Workers' Demands

CLEVELAND, O., (AP)—Street car service was resumed here early today for the first time since Sunday morning when 2800 employees of the Cleveland Railway company went on strike. Settlement was reached after a four-hour meeting last night of city officials, officials of the street car company and members of the carmen's union. The employees' demands for an increase in wages from 43 cents an hour the first three months of service, 46 cents the next nine months and 48 cents thereafter to 55, 58 and 60 cents respectively, were granted and President J. J. Stanley agreed to submit to arbitration the company's demand for an increase in stockholders' dividends from 6 per cent to 7 per cent.

ARGENTINA LEADS IN RATIFYING PEACE PACT

South American Government Enters League of Nations Without Reservations Through Senate Action

WASHINGTON, (AP)—Entrance of Argentina into the league of nations without reservations, has been approved by the Argentine senate. The senate department was informed late Monday.

The action of the Argentine senate, according to information from the department, made that republic the first nation to assent through its treaty ratifying body to the league of nations covenant.

HOG PRICES CONTINUE UP ON SKYWARD TREND

Values Climb to \$22.50 a Hundred Weight Under Stress of Prospective European Food Demand.

CHICAGO, (AP)—Breaking of big price records continued today in the hog market. Values climbed to \$22.50 a hundredweight, an upturn of 10 cents over the latest previous record.

Nearly every day during the last week has witnessed a new apex. Prospective food demand from Europe is the reason most frequently given.

The "possible buyers" of your property are "actual" readers of the "classified."

Only Seven Yanks Take Russian Brides

ARCHANGEL, (AP)—So far, as ascertainable, from consular reports only seven American soldiers in North Russia have taken Russian war brides.

Attempt at Trust Costs Hero's Life

GENEVA, (AP)—A French soldier, aged 24, who has been at the front since 1914, and won the Croix, presented himself to the French guard at Neuchatel on the Swiss frontier and said that he must visit his fiancée in Switzerland whom he had not seen for three years. When the guard said that it was impossible to let him pass the soldier declared, "I am going even if you shoot me. I must see her." The guard fired and the soldier fell dead.

FORMER KAISER PLANS TO MAKE LONG SOJOURN

Count Hohenzollern and His Wife Exiled in Holland, Seem Undisturbed by Possibility of Extradition Proceedings.

AMSTERDAM, (AP)—Former Emperor William and his wife are apparently unperturbed by the possibility that proceedings will be brought by the entente for the extradition of the former emperor from Holland. Members of the former monarch's suite have indicated in conversations with the correspondent that it was their opinion that any proceedings from allied quarters would be protracted for many months without any certainty that the Netherlands government would consent to hand the former kaiser over for trial.

They are almost unanimously convinced that they are here for a long sojourn and are making preparations accordingly.

Gives Arrangements for London Trial.

PARIS, (AP)—What purports to be an authentic account of the incident in the allied council upon which Premier Lloyd George based his recent statement that former Emperor William would be tried in London has become available from a usually reliable source. It is stated that at a meeting of the council last week the British premier said to his fellow conferees something about as follows:

"I suppose you have no objection to the trial of the kaiser in London." The premier looked around the circle, the account continued, and no one objected. Indeed, it is said, Premier Clemenceau gave his verbal approval. This last agreement was never recorded in writing and Sir Maurice Hankey, the British secretary, did not include it in his regular report of the proceedings in the council. The assumption is, however, that Premier Lloyd George later had unofficial conversations on the subject with members of the council.

WESTERN MEN IN LIST

WASHINGTON, (AP)—An army casualty list today contained the following names of natives killed in action: Walter H. Cole, Mrs. Jessie L. Cole, Box 153, Rainier, Ore. Dave W. Ivie, Charles Ivie, Pack City, Utah. Brooks Lee, Brooks Lee, Midland, Tex. Albert Simpson, Mrs. Myra Simpson, Sheridan, Mont. John H. Rankin, Winfield A. Rankin, R. P. D. 1, Ellenburg, Wash.

PLANS USE OF AERIAL PATROL IN FIRE FIGHT

Forest Service Will Augment Telephones with Airplanes in Ceaseless Task to Preserve Wealth and Lives.

DENVER, Colo., (AP)—Hundreds of forest rangers in the seventeen national forests of Colorado, looking for smoke have saved the government millions of dollars, prevented the loss of hundreds of thousands of acres of wild game and birds in countless thousands by their ceaseless vigilance.

"Look for smoke!" is the order which has gone forth to the supervisors of the forests and transmitted from them to the lookouts at the top of the highest peaks and the rangers who police the forests during the summer months to keep incipient blazes and to warn the 800,000 annual tourists and others against carelessness in building camp fires.

Crops Depend on Vigilance.
It is a ceaseless task, guarding the millions of dollars in timber of Uncle Sam's national playgrounds. Upon the forests the farmer depends for his wild game. The forests mean rain and snow which nourish crops in the plains many miles away and the national forest rangers are guarding this water supply with a watchfulness that never ceases.

Night and day the forest lookout sits in his cage at the top of the high mountain peak, ceaselessly scanning the timber lands below for any sign of smoke. It is a monotonous existence, nerve racking in its depressing loneliness, but the lookout knows that millions of dollars in timber, crops and lumber depend upon his ceaseless vigilance.

Educate Summer Tourist.

When the lookout detects signs of smoke, he ascertains the exact location of the blaze through an instrument known as the fire finder. He then telephones to the forest supervisor and forest rangers and within a few minutes the guardians of the forest are on the scene. Throughout the forest is a network of telephone wires and telephones which connect each lookout with a large sum has been expended in installing the forest service of lives and effort to educate the summer tourist to prevent the government from preserving the national summer playground of the motorist and camper.

Occasionally a fire starts from an engine spark, lightning or from logging stumps, but special precautions are taken to prevent conflagrations from these sources and the next greatest danger, that from careless campers and tourists, is being eliminated as rapidly as possible by education.

Results Show Efficiency.

Already the forest of the forest service in preventing fires has shown results in decreasing damage, although in dry years the number of fires often is alarming. Better means of communication and transportation have enabled the service to cope with the situation by getting a large force of fire fighters on the scene soon after the blaze starts and though the fires may be numerous, the loss is greatly reduced for seldom does a fire get beyond control.

Next year the forest service expects to have an airplane patrol of the forests on the eastern slope of Colorado, which should mean a greater degree of safety for the timber lands.

REBAKS NON-STOP RECORD

WASHINGTON, (AP)—A non-stop speed record was established yesterday between San Francisco and San Diego, when an army of record was announced today, when Captain Lowell H. Smith flew 610 miles at the rate of 148.44 miles per hour. Captain Smith was alone in a DeHavilland "Blucher."

DENVER STREET CAR SERVICE IS IN STRIKE GRIP

Twelve Hundred Tramway and Shopmen Walk Out Following Announcement of Reduction.

DENVER, Colo., (AP)—Street car service in Denver was paralyzed today by a strike of 1,200 tramway and shopmen of the Denver Tramway company. The strike was authorized at a meeting of union employes after midnight and became effective at 4 o'clock, following announcement of a reduction of wages.

Mail and Milk Cars Run
Tramway officials said an effort would be made to operate cars with nonunion labor. Early this morning the city was completely paralyzed by the company admitting that some mail cars and a milk train were running. Several large employers used trucks to bring their employes to work.

Ask 70 Cents an Hour
A minimum wage of 70 cents an hour and recognition of the union was incorporated in demands to be made of the company by the strikers. The previous wage was 48 cents an hour and a reduction announced by the company yesterday was to 34 cents an hour. The strike vote was 908 to 2. Company officials concede that the new wage scale is insufficient but declare the reduction was the only alternative to a receivership. They declare the company has not paid dividends for several years.

At a meeting today, 250 men and substitution operators voted to strike in sympathy with the tramway. Enough men will remain at work at the power cars.

The company inserted advertisements in local and out of town newspapers for strike-breakers. Tramway officials said they hoped to operate some cars this afternoon and that it was hoped to restore practically complete service by tomorrow.

WAR TORN LENS SHOWING SIGNS OF RECOVERY

One Out of Ten Exiled Inhabitants Returns to Take Up Work of Rebuilding Homes and Restoring City.

PARIS, (AP)—Lens, the most thoroughly devastated town of the war, is showing signs of revival. When the Associated Press correspondent visited this erstwhile busy coal mining center of the department of the Pas de Calais early this year, it still looked as though a great city had been annihilated. It was the whole place to atoms. To the west of it lies the grim battlefield of Lens which has the curious appearance of a petrified sea. The soil has been plowed up in an extraordinary manner by thousands of poisonous gas bombs, which have tinged the sparse vegetation an unhealthy gray.

Escape Out of 30,000 Left
Before the war, Lens had 30,000 inhabitants. When the correspondent visited the locality in its state of hopeless desolation, there were only three sturdy optimists left, who led a cave man's existence among the ruins. Their nearest point to get food was Bully-Grenay, ten miles away, and there was no transportation.

Things have been mending since. Today, about 3,000 of the exiled inhabitants have returned. They are housed in corrugated iron huts formerly used by the British army. The cleaning up of the place, begun by Chinese and German prisoner work squads, is taking on more speed. The approaches have been laid bare to cables and underground shelter, begun by Chinese and German prisoner work squads, is taking on more speed. The approaches have been laid bare to cables and underground shelter, begun by Chinese and German prisoner work squads, is taking on more speed.

A Heroic Task
In the Pas de Calais department alone, 150 townships and villages are in the same plight as Lens, or nearly so. The task of making these places fit to live is again a heroic one. Labor is available in inadequate numbers, but to ledge and feed the men is a great problem. The latest suggestion is to use covered army motor trucks as temporary shelters for the workers by whose efforts Lens is to arise from its ashes.

AERIAL SHAM BATTLE CENTENARY-FEATURE

Methodists at Columbus Are Observing Army, Construction and Canada Day.

COLUMBUS, O., (AP)—Exhibition flights of four Handley-Page bombing planes with a short spectacular air battle and addresses by prominent men of the United States, the centenary of the war will mark the celebration today of army and construction day at the Methodist centenary exposition here.

Among the speakers will be Colonel Raymond Bobbins, head of the American Red Cross commission to Russia; Major Edward Dupont of the French army and Senator E. C. Smith, head of the M. E. Orphanage of Naples, Italy. Major General Edwin F. Glenn of Camp Sherman will also be one of the speakers.

Canada day is also being observed today. Dr. S. D. Clow, president of the Methodist church of Canada will be the principal speaker.

KOREAN INDEPENDENCE RIOT LEADERS ATTEMPT SUICIDE

SEOUL, Korea, (AP)—Five Koreans were arrested on the charge of leading a new independence riot in the streets of Seoul recently tried to commit suicide but were prevented by the police. One of the men, Yi Hwan, 71 years of age, and is said to be the father of one of the Korean leaders now in Paris. Another, An Taishyun, is declared to be the uncle of the assassin of Prince Hiro who was shot at Harbin in 1909.

Anti-Japanese propaganda continues to circulate in Korea.

Summer Complaint Quickly Believed.

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic, Cholera and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. "This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family."

ALBERTA LANDS

530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district, 200,000 acres will be under irrigation, the balance is being sold for grain growing.

The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point.

Dry lands are being sold at \$15 to \$30 per acre—irrigable lands \$40 to \$60 per acre, which includes water right—operation and maintenance charge \$1.50 per irrigable acre per year—easy payments and low interest. Alfalfa, grain, field peas, potatoes and root crops can be successfully grown.

Write direct to the company for full particulars and pamphlets.

GERMAN OFFER SHOWS ABILITY TO PAY MORE

Financial Writer Believes Tentative Plan Weapon for Own Disadvantage in Hands of Enemies.

BERLIN, (AP)—Richard Calwer, financial writer, believes that Germany's offer of financial indemnity supplies her enemies with a weapon which may encourage them to force her to pay a still larger sum than that offered. He writes:

"Germany, they will say, appears to be still quite solvent and her credit unimpaired if she is able to offer a gold indemnity of one hundred billion on her own terms. For the volunteers who exceed that limit, will be the enemies' logic, and it is surprising to think that had not occurred before to men responsible for the offer."

BREWERS WOULD ENJOIN RAILWAY ADMINISTRATOR

Protest Attempt to Prevent Transportation of Beer of 2-3 Per Cent Alcoholic Content and Under.

SAN FRANCISCO, (AP)—The California Brewers' Protective association through its attorney applied Monday in the United States district court for an injunction against Walker D. Hines, United States railroad administrator, who is seeking to prevent the railroads from transporting beer of 2-3 alcoholic content and under.

The attorney also gave bond in \$1,000 each for Louis Henrich, president, and Harold S. Smet, manager of a brewer's company, for whom warrants were issued last week on a charge of illegal brewing.

BRITISH DENY MISUSE OF MAILS CENSORSHIP

War Office Disclaims Charge Measure Is Used to Help English Firms at Expense of Their Rivals.

LONDON, (AP)—Despatches from New York relating to the complaint of the Merchants' association of New York to the American postmaster general that British censorship of American mails was being used for the benefit of British business interests, have aroused widespread discussion in business and trade circles in Great Britain. The question whether this is true, has been put in parliament and the financial secretary to the treasury replied that in no case has confidential information been supplied to enable the statement to be investigated; that without any particulars it was, however, possible to give a definite assurance, that at no time had the British censorship been employed to help British firms at the expense of their rivals in allied or neutral countries.

TWO DIE IN AERIAL WRECK

American Y. M. C. A. Secretary and Italian Aviator Accident Victims.

PRAGUE, (AP)—James Ceary, a secretary of the American Y. M. C. A., was killed and an Italian aviator injured when a machine in which they were flying over the Czech bridge collapsed Monday. The pilot was doing circus tricks with the airplane and Ceary operating a moving picture apparatus, when the plane fell and was wrecked.

ALASKA MUST GET LOW BATE

Governor Says Territory Must Own Competing Boat Line.

JUNEAU, Alaska, (AP)—Alaska gradually will lose population and revert to a vast territory unpopulated save for the seasonal fishing population and operators of a few great mines, if lower steamship rates from the outside world cannot be obtained. Governor Thomas Rigggs, Jr., declared in a message to the last Alaska territorial legislature here. The governor's message advocated the reconsideration of the establishment of a territorially owned passenger and freight steamship line to compete with the privately owned lines which operate from Seattle. A line owned by the territory could operate at lower rates, the governor argued.

Says Move is Radical
"I realize that I am advocating a most radical and startling departure from accepted standards," the governor's message said. "The first impulse is to characterize the scheme as impracticable. It is not impracticable. It is distinctly practicable and will allow the territory to, take on renewed life."

"Every other question sinks to insignificance for lack of it all remains the basic fact that unless relief is afforded us in our most vital needs, monies expended on roads, schools, charities and all other constructive projects constitute merely stop gap measures, never to bear fruit."

Ocean lanes, it was pointed out are the only routes Alaska has to the outside world and if the lanes are blocked by high restrictive rates Alaska will not prosper.

Legislature Acts
To carry out the governor's suggestion the legislature authorized the appointment of a territorial shipping board to get lower rates from the steamship companies or to work for the establishment of a territorially owned line.

Governor Rigggs has been named the chairman of the shipping board. Maurice Leachy, a Seattle attorney, has been employed by the board to handle the board's business. Leachy is in Washington at present and may endeavor to have congress pass a resolution authorizing Alaska to bond itself for \$500,000 to obtain money for the steamship line.

The reason why your classified ad will reach the right people is found in the fact that self-interest draws people to the classified.

The merchant who can sell it at a lower price will not neglect to tell you about it in his ad.

CAESARS HAD NOTHING ON WAITERS OF ROME

Italian Servitors Hold Employers and Public in Tight Grip in Quarrel Over Tips Question.

ROME, (AP)—Restaurant waiters have been recently veritable ancient Caesars in Rome for they have controlled both the public and the hotel and restaurant proprietors. Romans cannot eat outside the confines of their own homes for there is no place to eat. All restaurants are closed.

The quarrel is on the unending subject of tips. It has been the policy during some weeks to include the tip in the bill. At the end of each day, the waiter's share would amount to 20 per cent of the gross receipts in some cases. The proprietors found that this procedure was not acceptable to the guests and asked the waiters to return to the former system of voluntary tipping. They refused.

The meal administered in a strike. Some hotels were forced to accede to the demands of the waiters and in these also was anyone able to procure food. Because these hotels were the only ones in which people could be served, the waiters clashed with the patrons. Italian waiters accompanied by women were insulted while a dignified British general, just returned from the campaign in Palestine was subjected to a somewhat torturous exorcism.

REPORTS SCHOONER SUNK

Fishing Boat Goes Down in Collision Off Georgian Banks.

NEW YORK, (AP)—The American steamship Magnuskok which arrived today from Rotterdam, reported the sinking in a collision of the gasoline fishing schooner Edmund F. Black of Portland, Maine, off the Georgian fishing banks, in a fog last Sunday night. The schooner's crew of eight men were rescued and brought here.

SOVIET CAPTIVES ARE SHOT

ANNOUNCES INNOVATION IN WAR SAVINGS PLAN

Stamps May Be Converted Into Interest Bearing Certificates.

SAN FRANCISCO—The war loan organization of the twelfth federal reserve district has just been advised that hereafter war savings stamps may be converted into savings certificates of \$100 and \$1,000 denominations according to a new plan of the savings division of the United States treasury department to afford greater convenience in handling war savings securities.

The development of the war savings idea is one that has been urged for some time in order to attract larger investments. The holder of a sufficient number of thrift stamps may now exchange them for a \$5 war savings stamp and in turn the holder of twenty of the \$5 war savings stamps may convert them into a \$100 savings certificate or the holder of two hundred of the \$5 stamps may turn them in for a \$1,000 savings certificate.

Conversion may be made at all first and second class postoffices and at all banks and trust companies that have qualified as agents of the second class. The treasury savings certificates are to be issued in registered form and will bear the names of the owners. They will yield four per cent compounded quarterly as do the war savings stamps. The limit of the individual investment will remain at \$1,000.

PAY TRIBUTE TO FRYATT

National Memorial Service Held at St. Paul's for Naval Hero.

LONDON, (AP)—A national tribute of honor was paid today to the memory of Captain Charles Fryatt, executed by the Germans in 1916 for attempting to ram a U boat, by a national memorial service at St. Paul's cathedral. The ceremonies were generally a repetition of those in memory of Miss Edith Cavell, who also was executed by the Germans.

EVERYBODY HAPPY

One of the most hopeful movements on foot in the Twin Falls country today is the enterprise that has for its purpose the establishment of a sugar factory...

The enterprise is chiefly of moment because it is bringing about a more general recognition of the value of the industry to the locality in which it is situated...

The production of sugar is no less important to the country at large in peace-time than in war, and with the situation here such that those who are satisfied with their dealings with the first factory in the field...

Figures lately compiled throw an interesting light on the extent and value of the beet sugar industry, without, however, indicating the immense scope to which the industry must be developed to supply even the domestic demand...

The bulk of this sugar is produced in the west and these figures show what it means to the country to encourage this industry in every way possible.

CHEAP, BUT

Japanese manufacturers are making and exporting to the United States fountain pens that will sell here after the war is past, at five cents apiece...

Seventeen thousand firms are in a federation to capture foreign markets for English goods, according to the heading of a current English dispatch...

Germany has \$20,000,000 worth of raw and dyestuffs ready to swamp the American markets the moment commercial intercourse is resumed.

On the face of it, in view of these considerations, the American "consumer" stands open to supply most of his needs in a market battered down by competition to a point where a dime will have the value of a dollar.

That will be a situation devoutly to be desired by the person who is a consumer and nothing else, wherever he is to be found. The trouble is that most American "consumers" are producers as well and the bringing of the producer of his labor in competition with some of the foreign trade invaders...

likely to eventually make dimes rather more scarce than dollars are today.

The fact is that the United States is confronted with an industrial invasion and there is no ground for the opinion that "no serious danger of foreign competition now threatens America."

The facts are known to most Americans in authority and it is not unlikely that various measures of industrial preparedness will be forthcoming. In this regard, however, it is well to remember that the most profitable time to close the stable door is before the horse is purloined.

An Appreciation

(BY CAPT. LONGLEY)

Three distinct elements among the people of the Twin Falls community recently showed qualities, which, since they are abiding, deserve specific mention and a word of praise.

For, upon this occasion as often before, it was abundantly demonstrated that whenever an appeal is made to Twin Falls people on behalf of any worthy object, and especially one touching their patriotism or civic pride, you find perfectly sure sympathy that is asked—and then some.

Then, the War Mothers themselves earned unstinted admiration. It was upon their own suggestion and initiative that the dinner was attempted with so small time for preparation; and it was they who assumed the responsibility, made the plans that did the work that carried it to such complete and satisfactory success.

The man who is thinking of buying a home becomes a regular reader of the classified.

"The want ad way" is crowded with readers who are on the road to market.

Today's Markets

Chicago Livestock

CHICAGO, (P)—Hog receipts 40,000; mostly 15c to 25c higher, with trade mostly in good hog; that kind now weakening; early top \$22.65. Bulk \$21.50@22.50; heavy weight \$21.75@22.40; light weight \$21.75@22.05; heavy packing sows; smooth \$21@21.50; rough \$20.25@21.85; pigs \$18.50@20.00.

Omaha Livestock

OMAHA, (P)—(U. S. Bureau of market)—Eggs receipts 10,500; better grade 10c to 15c higher; others 5c to 10c lower; top \$22; bulk \$21@21.50; heavy weight \$21.30@21.65; light weight \$21@21.30; rough \$20.50@21.10; pigs \$18@20.

Chicago Produce

CHICAGO, (P)—Butter higher; creamery 48@49 1/2c. Eggs unsettled; receipts 24,500 cases; firsts 30@30 1/2c; ordinary firsts 27@28c; at market, cases included 30@30c; storage packed firsts 41 1/2@42c; poultry alive unchanged.

Kansas City Produce

KANSAS CITY, (P)—Butter and eggs unchanged; poultry, broilers, 22 lower, 38@39c; others unchanged.

Potatoes

CHICAGO, (P)—Potatoes unsettled; Arivals 72 cars; Irish Cobblers, Virginia No. 1 ear lots \$7@7.15 bbl.; Carolinas \$3.50@3.55.

Cash Sales

CHICAGO, (P)—Corn No. 2, mixed \$1.80@1.92 3/4; No. 2 yellow \$1.91@1.93 1/2. Oats No. 2 white 72@72 3/4; No. 3 white 70 3/4@72c.

Bye No. 2 nominal. Early \$1.17@1.23. Timothy \$9@12. Clover nominal. Pork nominal. Ribs \$28@28.75. Lard \$85.20.

Grain and Provisions

CHICAGO, (P)—Corn displayed fresh strength today, and for the September delivery reached the highest price yet this season. Continued record-breaking advances in the hog market tend to stimulate bullish sentiment, and so, too, did scantiness of arrivals here.

Subsequently buying on the part of commission houses with eastern connections more than offset sales to realize profits. The close was nervous 1-8 to 1-8 not higher with September \$1.92

3-8 to 1-2 5-8 and December \$1.61 5-8 to 1.61 7-8.

Oats were steady by the closeness of corn. After opening 1-8c to 1-8c higher, including September 71 3-4 to 71 1-2, the oats market fell back a little but soon hardened again. Provisions were easier owing to lack of buying orders. The bulk of trade was in lard.

Liberty Bonds

NEW YORK, (P)—Liberty bond final prices today were: 3 1-2's \$93.31; first 4's \$95.40; second 4's \$93.70; first 4 1-4's \$95.24; second 4 1-4's \$94.24; third 4 1-4's \$96.06; fourth 4 1-4's \$94.28; Victory 3 3-4's \$100.00; Victory 4 3-4's \$99.50.

VETERANS GET CHANCE FOR LIMITED SERVICE

War Department Opens Books for One-year Enlistments to World War Men.

According to a telegram from Washington recently received by the United States recruiting station at Salt Lake City, men may now be accepted for the medical department and quartermaster corps for one year regardless of previous service.

This is the opportunity for those desiring military service but who do not care to enlist for the period of three years as is the case in other branches of the service. For men who have not had previous service. This is the chance for those men who wish to see Mexican border service within the next year but who would not care to enlist for the period of three years.

Those who know the old army at first hand will be interested in the following extract from a recent telegram from recruiting headquarters:

"It is not the old peace time army nor the old type of military service to which we now are seeking to enlist men. The army needs the highest type of men which can be secured and has set out to make service in its ranks beneficial to mental and moral as well as to physical development. It is worthy to attract ambitious and capable men insofar as the army succeeds in this aim as it is determined in all good faith to succeed. Young men who enter it will encounter opportunity to do better service to country and to self; while they patriotically respond to the country's immediate need of men under arms they are themselves being returned to civil life capable of delivery a higher quality of citizenship and of exercising greater productive or directive ability."

PENALTIES OF LAW ARE TO BE INVOKED

Forest Service Warns Against Carelessness with Fire on Reserves.

Notwithstanding the very hazardous condition now prevailing throughout the intermountain country reports of numerous cases of carelessness with fire within the national forests are being received by the Ogden office of the forest service. A rigorous enforcement of the state and federal laws prohibiting carelessness in use of fire on public lands is today being ordered by the forest service.

In a letter of instruction to the field officers, the district office calls attention to the fact that the newspapers of the intermountain territory have for years given wide publicity to the need for care in the use of fire on open lands. In addition, the national forests are plentifully sprinkled with posters and notices quoting the federal laws and the penalties prescribed for violation thereof. The states also have laws on their statute books which give wide publicity. has been given by state officers.

Notwithstanding these facts, hundreds of fires due to human agency occur each year and most of them bear evidence of willful neglect or gross carelessness. The intention is to make too great to permit a continuance of this condition, and, hereafter, persons guilty of starting forest fires will be prosecuted to the full extent of the law.

GRAIN CORPORATION ISSUES REGULATIONS

Dealers Are Instructed to Proceed to Obtain Necessary Business Permits.

The United States Grain corporation, which succeeds, as federal regulator of operations in grain and flour, the Food Administration, has issued the following statement with relation to new license regulations:

"Under the new regulations, all the warehouse or elevator operators, brokers or commission merchants, wholesalers or jobbers, in wheat or wheat flour, and all millers of wheat flour, all bakers using more than 50 barrels of wheat flour per month, must secure license from the United States wheat director on or before July 15th.

"Owing to the short time, applications for the license blanks must be made to the office of the Grain Corporation, 510 Board of Trade Building, Portland, Ore., immediately.

"Blanks are being mailed to all the dealers in those classes whose names are on the mailing list, but anyone who does not receive a license blank promptly should write the Grain Corporation.

"Particular notice is given to flour jobbers and exporters, as the mailing list of this class of dealers is not complete. Failure to secure license by July 15th will render the dealer liable to the penalties prescribed by law."

Loss of Appetite.

As a general rule there is nothing serious about a loss of appetite. If you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation it is often the case that should be corrected at once. Chamberlain's Tablets will do it, adv.

To find a capable office helper is sometimes a mighty urgent matter with a business man. The classified always serves his efficiently.

FIRES ENDANGER CALGARY

Fighters of Forest Fires in Canada Are Partially Successful.

CALGARY, Alta. (AP)—The forest fire, which has been raging in the Porcupine hills has been brought under control after destroying between 15 and 18 million feet of lumber. The Ghost river fire fifty miles west of Calgary is still spreading and heading east. The Bow river reserve fire has been stopped a mile from the boundary of the Garneau reserve, fifteen miles west of the city and fighters are struggling to control it. The fire in the Clearwater region is still raging.

If you have something to sell, your road to market is a short and pleasant one, leading through the classified.

MYSTERY FIRE CAUSES FARMER HEAVY LOSSES

Sheds Containing Valuable Stock, on McMaster Ranch, Consumed in Blaze.

(Special to The News)

ROCK CREEK — Saturday afternoon at about 1:30 when no one was around the place the sheep sheds on the Ernest McMaster ranch burned to the ground. In the sheds were stored machinery, harness and some bees, valued at about \$2,500, which is a total loss. The origin of the fire is a mystery to all as Mr. McMaster had been gone

from the place only about an hour when the fire was discovered by the neighbors, and at the time Mr. McMaster left there was no trace of fire.

It is thought probable that a spark from the chimney might have lodged near the sheds in the morning and smoldered unseen, until a puff of wind fanned it into a blaze.

WEEBEE IOWA SHINES

The number of hogs on farms in Iowa at the beginning of this year, 10,925,000, was exceeded in only five great nations before the European war. Germany had about 25,500,000 hogs, Brazil over 17,000,000 hogs, Austria-Hungary and the Russian Empire each about 15,000,000 hogs, and China a number of unknown but huge proportions. The classified columns solve a wide range of selling problems for you.

500 LIQUOR DEALERS OF BOSTON NEWLY LICENCED

Bear Dispensers Reopen Places of Business in Face of District Attorney's Warning.

BOSTON, (AP)—Five hundred liquor dealers who received new licenses yesterday, permitting the sale of beer, ale and light wines, reopened their places of business here today and sold 2-3-4 per cent beer. They had been warned by the United States district attorney's office that one of their number would be arrested today or tomorrow for violation of the prohibition act in a test case.

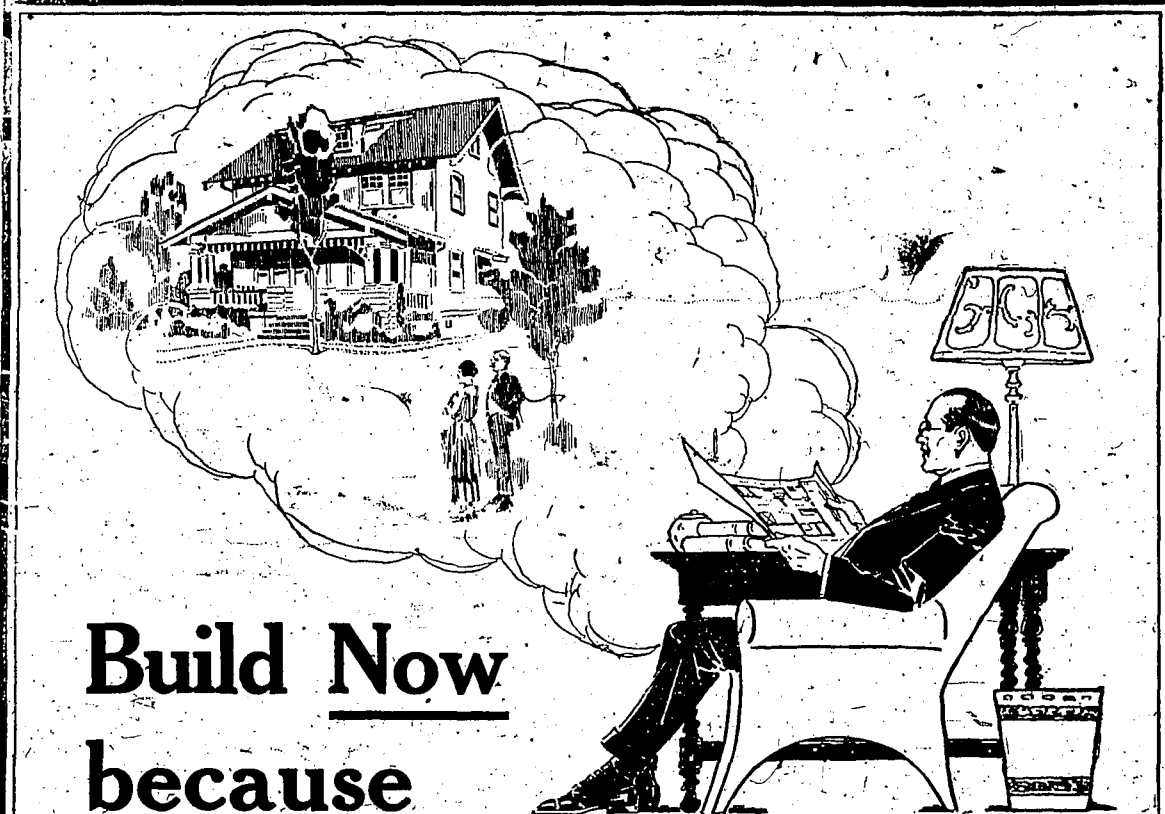

A lapse in rental income will take all of the profit and satisfaction out of property-owning—so use the classified.

BIDDY'S PART

The ordinary average annual production of small flocks of hens given good care is commonly estimated at 10 dozen eggs per hen. Two ordinary hens for each member of the family will supply about 20 per cent more consumers.

MUNICH COUNTS RIOTS TOLL

MUNICH, (AP)—Five hundred and fifty-seven persons were killed in the street fighting during the Communist insurrection from April 30 to May 9. The casualty lists report that 38 government troops, 135 Red Guard troops and 377 civilians were killed and 305 wounded. One hundred and eighty-six were executed of which 42 were insurgents and 144 civilians.

- 1—You owe yourself the happiness, contentment and peace of mind which comes to the Home Owner.
- 2—You owe your family the joy and comfort of a Home today, and the safety and protection of their own roof through the years to come.
- 3—In building your own home you win for yourself and your family the added respect and esteem which comes of being an established part of your community.
- 4—When you build your own home you build to suit yourself. You are not compelled, as so many renters are, to live in a house planned, built and decorated in a fashion entirely at variance with your own good taste.
- 5—In building a home you choose the best and safest savings bank in the world in which to place your funds. You supply yourself with an objective which serves as a check to unreasonable spending, and makes it easy to save.
- 6—A home is the best business investment of your life. It always assures returns. Your home pays cash dividends in rentals saved—dividends of joy, happiness and contentment as well.
- 7—Your own home is a stable security in case of emergency. Your property may serve as collateral in business transactions. It may be turned into cash if the need arises.
- 8—Improved property is always salable. Build wisely, and locate well, and you can always sell at a profit.
- 9—As a Home Owner in the years to come, when your earning powers have ceased to be what they are today, you are assured of a comfortable, secure shelter of your own.
- 10—Rents are very high because of the shortage of houses. If you are a renter build now and escape the abnormal rents. If you are a landlord build now and supply the houses for those who find they cannot build their own homes now.
- 11—You are losing money every day you delay building. Authorities concede, it is true, that building costs are from ten to fifteen percent above normal just now. But rents are from twenty-five to fifty percent above normal. So the percentage is enormously in favor of building at once—especially since authorities also state that costs cannot be lower until some future time as yet unforeseen.

For any information you may desire on any subject pertaining to locations, plans, materials, finishings, furnishings, equipments, costs, information concerning architects, contractors, etc.—call at the Building Information Office. Not a thing to sell, but a great deal to give away!

TO ALL OPERATORS OF MOTOR
VEHICLES

Notice is hereby given that under the Idaho Session Laws of the years 1917 and 1919 all operators of motor vehicles using the public highways carrying passengers or freight or both for hire, are required to procure from the Public Utilities Commission a "Common Carrier's" License, and also provide a bond in not less than \$2,000.00 or more than \$5,000.00.

The above applies to all operators of motor vehicles coming within the class of "Common Carrier," whether operating over a particular route or routes or over any route or routes on call.

Application for license and bond may be made at the office of the County Assessor, Twin Falls, Idaho.

Replacing Knocked Out Teeth.

Teeth that are knocked out in boxing, football or by falling against something, need not be thrown away. A good surgeon or dentist will clean them and the cavity, replace them, perhaps put a stitch in the gum, perhaps put a pad to bite on for about forty-eight hours, during which you will have to live on a fluid diet, and then gradually restore solid food. Before many weeks you will be able to bite apples and tackle hard crusts.

The Target at Fault.

A company of militia had been out all day for target practice, and on their return the captain said to one of the sergeants: "How are your men coming along, sergeant?" "Well, sir," said the sergeant, with an air of great pride, "my men shot very well today, very well, but they would have shot better perhaps if the target had stood a little more to the left!"

When Actresses Were Unknown.

In ancient times actresses were unknown. The people of Eusebian times were perfectly content to stand for a young male Juliet. Around about 1650, though, Charles II of England began encouraging women to appear on the English stage, and since then actresses have been appearing all over the world with varying degrees of success.

Powerful New Explosive.

A new and very powerful explosive, which may be used in mining and for other purposes, is lead azide, a salt of hydrometric acid. The acid forms a great number of salts, as mercury azide, silver azide and sodium azide. Large crystals of lead azide and mercury azide have been found and the sensitiveness increasing with the size of the crystals. Even the breaking of a single large crystal is said to bring about explosion.

First Search for Gold.

With the exception of the years of 1915 and 1916, when discoveries of tungsten brought a flood of wealth seekers to the Colorado hills, the search for gold has steadily diminished since the gold rush 25 years ago. At that time, old mining men say, the mountains were full of prospectors searching for new veins and placer deposits. The new generation has not followed in the footsteps of the old and one of the picturesque features of Western life is becoming extinct.

Can You Do It?

This sentence, President Elliot of Harvard university is said to have given to Doctor Lowell, his successor, as head of the university, stipulating that the words all be spelled correctly. "It is agreeable to view the unparalleled embarrassment of a harassed saddler or peddler sitting on a canteen wall, gauging the symmetry of a skillfully bred pointer."

She Had to Wait.

Jean had been promised a kitten by one of the neighbors and after receiving the consent of her parents took a gunny sack with her in which to bring the kitten home. After having been gone all the afternoon she returned empty-handed. Her father asked her where the kitten was and she replied: "Oh, I can't have it for awhile. It just came out of the hatch."

Country Wants Bigness.

The bigger the man the more room there is for him out in the country. Not much room there for the small souls.

Readers and answers of classified ads are practical folks, seeking quick solutions for immediate needs.

Kootenai Soldier Killed in Action

War Department's Casualty Lists Show Clyde Barann made Supreme Sacrifice.

The following Kootenai soldiers mentioned in the war department's latest casualty lists:

Killed in action—Clyde L. Barann, next of kin, William F. Barann, Micah; Walter P. Winkler, next of kin, Fred Winkler, Kootenai.

Severely wounded—Hollis B. Reed, next of kin, Mrs. E. Sampner, Volmer; Leroy G. Pierce, next of kin, Mrs. R. B. Cummings, Cat de Sac.

Wounded slightly—Cornelius Jones, next of kin, Mrs. Margaret Jones, Madlad; Edward Sowers, next of kin, Mrs. W. Sowers, Coeur d'Alene; Nels L. Peterson, next of kin, Chris Peterson, Shelley; R. W. Clements, next of kin, Mrs. Alice H. Clements, Boise; Myron J. Hooker, next of kin, Fred J. Hooker, Idaho Falls.

Net His Unlucky Number.

Richard Wagner was essentially a child of the number 13. He was born in 1813. Add the numbers 1, 8, 1, 3, and we have again 13. Wagner had 13 letters in his name. He composed 13 great works. He finished "Tannhauser" on April 13, and it was produced on March 13. And Wagner died on February 13.

Matter All Settled.

My neighbor's son came into the house the other day, leading a child by the hand. We looked our astonishment, when we saw the little quaint stranger, and he immediately made this announcement: "I adopted her; she was all alone and crying, so I adopted her and she can have all my toys, so far as it goes, but it is not all the answer."

Needed Much Energy.

After returning from a strenuous play with her rather domineering little friend, Berta complained about Bobby's manner, which other children had described as being quite "bossful." "Oh, mother," she ended with a long-suffering sigh, "it certainly does take a lot of energy to play with Bobby!"

Further Elucidation Needed.

Dr. Hugo Ribbert of Bonn, Germany, in a book "Death From Old Age," tells that the way to stay young is to keep going. In other words, if you run around fast enough Old Nick will not be able to catch you. This is good advice, so far as it goes, but it is not all the answer.

The First Silk.

The first silk was made 2600 B. C. by the wife of a Chinese emperor. Aristotle, in 350 B. C., first mentions silk among the Greeks. The manufacture of silk was carried on in Sicily in the twelfth century, later spreading to Italy, Spain and the south of France. It was not manufactured in England before 1604.

Added Information.

Little Vilvan was repeating the Lord's prayer after her mother one evening, and when she reached that part which relates to our daily bread she paused and said: "Mamma, you might mention to God that I like butter on it."

Plan Well Before You Begin.

In our hurry to do things we often begin before we have a clear idea of what is to be done. We too often go on general propositions without studying all the facts. The result is disastrous.

Not much expense and not much delay involved in getting results from classified advertising.

GIANT AIRSHIP TO TAKE SOUTH PATH HOMEWARD

British Dirigible R-34 Makes Preparations for Its Return Across Atlantic Delayed by Unfavorable Weather.

HUNDREDS OF VISITORS VIEW BLIMP AT ANCHOR

Executive Officer Declares Big Aircraft Will Take Off Wednesday Morning "Wind or No Wind."

MINEOLA, N. Y., (AP)—The start of the return trans-Atlantic cruise of the British dirigible R-34 was today deferred from its former morning, the hour which had been fixed for her departure, for at least 15 and possibly 24 hours.

WASHINGTON, (AP)—Delay of at least 48 hours in the start of the return flight of the British dirigible R-34 was recommended today by the weather bureau in a forecast sent to the ship at Mineola, Long Island, by the navy department.

The forecast, prepared on data gathered from many stations in the United States, from stations in Europe and from vessels at sea, predicted that favorable conditions would prevail over Long Island, headwinds would be encountered as she covers most of the course.

MINEOLA, N. Y., (AP)—Maj. G. F. M. Pritchard, executive officer of the R-34, after inspecting the dirigible's engines at 9 o'clock today said all repairs would be completed by 9 o'clock tonight and that fuel, water and other supplies would be taken aboard before midnight. With favorable weather he said the R-34 will be ready to start at daylight tomorrow.

Forecasters Determine Route.

Major Pritchard said the airship would take the southern track four or five hundred miles north of the Azores. A favorable forecast of the weather for the next 48 hours, made by the weather bureau in Washington and received here this morning, for one-third of the way over, it was said, the R-34 probably would strike northern coast of Long Island and retard her very much. The remaining distance, it was stated, favorable westerly winds would prevail.

The enforced stay of the giant British dirigible R-34 made necessary by unfavorable weather reports covering the next 48 hours and repairs to her rotors, brought hundreds of visitors to Roosevelt field today.

In making the announcement concerning the return cruise, Brig. Gen. E. M. Mattland, special representative of the British government, said the dirigible would start tomorrow morning "wind or no wind" although he hoped the weather conditions would be favorable.

Mechanics at work this morning overhauling the engines of the R-34 preparatory to the beginning of her return flight. It is believed that the overhauling will be completed by tonight. Work on the engines was rendered impossible Monday by the awaying of the huge gas bag in the strong wind that swept the morning field. Twice last night the dirigible began to settle toward the ground but her movement was deflected in time for the crew to release a part of the water ballast and injury was avoided by coming in contact with the ground was prevented.

GUARANTEE IS GIVEN FOR 1920 CHAUTAUQUA

Club Women Take Up Responsibility of Ticket Sales for Summer Entertainment.

Although Chautauqua receipts this year were slightly below operating expenses the Ellena-White Chautauqua service will enter Twin Falls again in 1920. The deficit is considered slight and will be made up by the guarantee given by volunteer, donations by persons who have the interest of the Chautauqua at heart, but who have not been considered guarantors heretofore. Final plans for the return of the Ellena-White summer lecture service in 1920 were completed by Earl Nott, director in charge of the last Chautauqua here, acting for the committee. Mr. Nott is a resident of the city and has been a personal supporter of the entertainment plan in the past, acting for the guarantors. The contract was signed in Mr. Nott's office this morning. Mr. Nott leaves this afternoon for Portland carrying a complete report of the Twin Falls Chautauqua, with the contract for next year.

Being one of the prime reasons for failure to make operating expenses this year Mr. Nott said the location of the tent had been against attendance. He pointed out that the location of the tent would be found at that time available which proved more or less unsatisfactory as a meeting lot. He explained, too, that a guarantee had been given which warranted the assumption that this guarantee would not be encumbered next season.

The proposition of the 1920 Chautauqua guarantee has been taken over by the Ladies Twentieth Century club, who have agreed to sell all the tickets necessary to guarantee expenses. This is for the sale of 700 tickets at \$2.50 each.

Classified Ads are cheap-effective.

Civil War Vets Express Thanks

Heroes of Former Strife Are Grateful for Treatment During Campaign.

Expressing gratitude for the excellent treatment and entertainment accorded the civil war veterans during their June encampment at Twin Falls, members of Dan McCook post No. 33, department of Idaho G. A. R. have adopted resolutions of thanks addressed to the citizens of Twin Falls in general.

The resolutions, which were adopted at a meeting of the post July 5 and are signed by James M. Bice, post adjutant, read as follows:

Whereas, the members of Dan McCook Post, No. 33, Dept. of Idaho, G. A. R., feel themselves under great obligations to the citizens of Twin Falls for the generous and ample assistance furnished before and during the meetings of the department encampment in this city June 17-19 last, it is therefore

Resolved, that our hearty and sincere thanks are returned especially to the Boharian club for assuming financial responsibility for the entertainment in connection therewith; to the business men and citizens generally who contributed so liberally; to Mayor Eldridge for having the city decorated and other favors; to City Attorney Davies for the official welcome; to Gen. L. V. Patch for his eloquent address; to Miss Allmendinger and the ladies who assisted her for the generous and helpful contributions to the city band for parade and camp fire music; to the school district authorities and Superintendent Blue for their generous contributions; to the Episcopal church people for rooms for meeting and other purposes; to the Catholic Women's League for their meal service; to Rev. A. H. Strand for his kind and helpful address; to any and all who encouraged or assisted by word or deed.

Resolved, that a copy of this action be spread on the records of this post and given to the local papers for publication.

Unanimously adopted at a regular meeting of Post 33 held on Saturday, July 5, 1919.

Colors of the Sardine.

The fresh sardine is a beautiful little fish. The scales on its back are an iridescent blue-green, the exact tint which the sea so often takes, while beneath the scales there shines up the most wonderful peacock blue. There are bars on its back and sides when it first comes out of the water like those on the mackerel, but they seem to fade and disappear the moment it is exposed to the air. The remainder of its body is pure silver in its color scheme.

Icebergs.

Icebergs do not form at sea, but are masses detached from the glaciers which form on the land and project into the sea, where great blocks break off and float out to sea. There is hardly any limit to the size of these masses, and as they are lighter than water they float on the surface and melt gradually by contact with warmer water.

Golden Eggs.

The value of the eggs and poultry produced every year in the United States is now \$700,000,000, or more than that of all the gold, silver and diamonds produced in a year in the whole world. There are about three hens to a person, and each hen lays on an average 80 eggs a year. The best layers produce as many as 240 a year. Farmers' flocks consist on the average of only about 40 birds but even at that they contribute notably to good living on the farm.

Chance for Real Friend.

As the motorist turned a corner in a quiet country road he saw a brother in the shop in front of a country inn. Immediately he slowed down. "Want any help?" he asked, gently. The other motorist looked gratefully at him as he wiped the perspiration off his brow. "I do," he whispered. "See that lady in the car? She's my wife, and I'd be much obliged if you'd stop here. I'm so tired I can't keep her amused while I'm seeing to this punctured tire."

Time's Changes.

Caesar used to walk days to hear from the outposts of his empire, but today the descendants of his legions who plow the sunny fields near Hammond, La., get daily market news on their stretchers from pieces of tin hundreds of miles away. This news comes over wires and is issued in Italian, as well as in English, by the local office of the bureau of markets of the United States department of agriculture.

Democracy Aristocracy.

More democracy is needed for the social quest for a classless society. I do not mean the aristocracy of birth, or of the purse, or even the aristocracy of intellect. I mean the aristocracy of character, of will, of mind. That only can free us.—Wilson.

Recipe for Rosy Cheeks.

In some parts of England and in France and Italy also, it is believed that a girl who buries a drop of her blood under a rose bush will have rosy cheeks.

Your taxes so on even if your taxes are not paid. It is a violation of the law through a vigorous advertising campaign in the classified columns.

Do not get behind when kind of your taxes for you through the classified columns.

DANCE PAVILION MADE CENTER OF ACRIMONIOUS FORENSIC CONFLICT

Residents of Block in Which Lyons Open Air Hall Is Located Petition City Council to Declare Place a Public Nuisance and Close It—Municipality Believed to have no Jurisdiction.

Seeking to show that the Lyons dancing pavilion, operated by C. D. Lyons, is a public nuisance and should be abandoned, residents of the block in which the hall is located, on Second avenue south between Second and Third streets, last night presented a petition to the city council and many of the signatories requested the council to pass the petition for their claims.

Deliberate resulting from the petition for abatement was long and earnest. More than an hour was consumed in the reading of the petition on the subject with Mr. Lyons one of the chief speakers in the conflict. While the objectors contended that the pavilion constitutes a nuisance including noise, unsanitary conditions, immorality, and also the depreciation of property values, Mr. Lyons sought to prove that other residents of the vicinity in question had declared the dance a comfort and a pleasure.

Public Health Considered.

Dr. Walter P. Pike, who presented the petition, explained he represented the Red Cross health department, which had declared the dance pavilion the source of unsanitary conditions which had sprung up in the alley adjoining the hall. The Rev. L. B. Frank, of the Episcopal church, said he had been compelled to the expense of installing a bright light in the parish house, in order to drive intruders away from the church. He told of having found the hall broken down and the light extinguished after his first attempt to illuminate his premises. Mr. Lyons said he had just installed a circle of bright lights around the pavilion in an effort to eliminate the darkness, the minister complained of. The burden of complaint rested in the loss of sleep by those whose businesses required they be at work during the night.

Long Debate.

After nearly an hour of bitter forensic contest the city council found itself unable to proceed in the matter, having no jurisdiction unless some objection not known to exist, except the points at issue. The pavilion, it has been shown, is not operated under city license. Suggestion of resort to the court for a restraining order was made but there seemed little disposition on part of the protestants to accept this means of procuring relief until after the city records have been inspected in an effort to determine if a nuisance which covers the case. This matter has been referred to City Attorney John E. Davies.

Twenty Building Curbing.

That there might be no delay when paving operations are to be started next year the city council last night adopted measures looking to the construction of all necessary walk curbing this year. The city engineer has been instructed to proceed with this work at once.

Representatives of claimants against the city for damage alleged to have resulted from bursting water mains, pressed their claims again last night and were informed that the city apparently had no responsibility in the matter. The question, however, was deferred another week to await word from the company supply the gas iron pipe.

A petition requesting right to new certain communication system poles, which are said to interfere with the construction of a spur track being constructed near Roundup park, was received from the D. S. E. railway.

RICHMOND CLUE IS SEARCHED FOR

Party Headed by Frank Kendall Beats Canyon in Hope of Finding Bank.

Early this morning Frank M. Kendall, former sheriff of Twin Falls county, headed a party of searchers through the intricate mazes of Block Springs canyon in search of evidence concerning J. J. Richmond, who has been alleged something more than two weeks and of whom no trace has been found. The searching party carried on operations from the sugar factory but up to a late hour no success had been reported for the endeavor. Sheriff A. N. Sprague announces the canyon has been thoroughly searched by himself and deputies with no results.

Offer to Make Bridge Plans.

Bids were solicited covering plans and specifications for the construction of the Shoshone street bridge over Rock Creek by several architects. Burton E. Morse and Charles R. Kaufman introduced a sketch of the proposed bridge, showing a profile of the roadway and approaches. The bridge according to this drawing, will be 437 feet in length, 32 feet wide roadway with four-foot walks on each side. The architects asked as remuneration four per cent the construction cost of the bridge, and will furnish several copies of the drawings.

Travel Is Expensive.

"Do. Bible say dat de poor you hab, wif you always," quined Shinhone, "an' I reckon dat's kine-day is too poor (to break away)."—Boston Transcript.

FREEDHEIM CASE IS BEING HEARD

Divorce Hearing Develops Considerable Dramatically Submitted Evidence.

The greater part of today in the district court, Judge F. J. Cowan of Blackfoot presiding, was consumed in hearing testimony in the Freedheim versus Freedheim divorce action, wherein H. E. Freedheim, contracting electrician, alleging cruelty and incompatibility, seeks a severance of the marital cord which binds him and Eliza Freedheim. Mrs. Freedheim was the chief witness of the day, answering in denial practically all of the allegations mentioned in the bill of particulars filed by her husband. Some of the testimony was of a most dramatic character.

Mrs. Freedheim's answer and cross-complaint previously filed in this case denied that her husband was suing for divorce because of any act of cruelty on her part but that he sought the separation from herself and their son in order that he might devote more time to the study of socialism and become a great man in the nation under the socialist regime which he foresees.

Ophthalmic Thought.

Any fool knows how to resist, but it is the province of a wise man to know how and when to submit.

FRESH FRUIT AND VEGETABLES

Fresh fruit and vegetables, new potatoes, every morning by Public Library, 8 till 12 o'clock. Bert S. Stewart, adv.
