

PEACE TREATY READING BEGINS IN COMMITTEE

Consideration of League of Nations Covenant Deferred During Study of Pact Covering Period of Days.

SENATORS EXPECT TO MEET WITH PRESIDENT

Resolution Adopted, Asks Wilson to Furnish Practically All Documents Considered by Commissioners at Paris.

WASHINGTON, (AP)—Intimations that the senate foreign relations committee might not arrange for an early conference with President Wilson for discussion of the peace treaty...

Among administration senators the impression prevailed that the president and the committee undoubtedly would be brought together to discuss some features of the treaty.

The foreign relations committee adopted a resolution requesting the president, if not incompatible with the public interest, to furnish the committee virtually all documents considered in the work on the treaty with Germany.

It was said that the resolution of Senator Johnson of California, was adopted by virtually unanimous vote and that action by the senate was not considered.

Queries Interrupt Reading In beginning of the reading of the treaty text today, the committee by mutual consent between republican and democrat members, deferred consideration of the league of nations covenant.

DISPENSERS OF BEER TO STAND TRIAL IN COURT

Federal Judge Holds 19 Accused Pittsburg Brewers on Bail.

PITTSBURG, Pa., (AP)—The government filed this morning its indictment in its fight against the sale of beer containing 2 3/4 per cent alcohol when Judge W. H. S. Thomson in United States district court overruled demurrers of officers and lawyers of the Pittsburg and independent brewing companies to the charges of violation of the war-time prohibition law.

Judge Thomson's decision followed arguments by counsel representing the eleven officials of the Pittsburgh Brewing company in support of demurrers against charges in a test suit brought by United States Attorney E. L. Crawford, charging violation of the dry act by sale of beer containing more than one half of one per cent alcohol to a local saloon keeper.

COMMITTEE MENDS BILL AFTER WILSON'S VIEWS

Provides Additional Funds for Rehabilitation of Disabled Soldiers; Recommends Repealing.

WASHINGTON, (AP)—The House appropriation committee directed today its report on the bill and decided to recommend a provision making \$12,000,000 immediately available for the federal board for control and education of the disabled, under the board 558 included of 52 employees at salaries of \$2,500 a year or more.

WASHINGTON, (AP)—Former Senator Clarence D. Clark of Evanston, Wyo., was appointed a member of the international labor committee today by President Wilson.

WHILE CHINA WAS BEING LEAD INTO WAR POWERS PLOTTED TO DESPOIL HER

Senator Norris Produces What He Says Is Diplomatic Correspondence Revealing Agreement to Shantung Settlement Secretly Secured by Japan from Great Britain, France, Russia and Italy Early in 1917.

WASHINGTON, (AP)—A charge that Japan secretly secured pledges from Great Britain, France, Italy and Russia early in 1917 that in the peace settlement Shantung peninsula should be returned to the Tokio government, was made in the senate today by Senator Norris, republican, of Nebraska, who produced what he declared to be copies of diplomatic correspondence embodying the promises of Great Britain and France.

"Blacked Page in History" These pledges, the Nebraska senator declared, full explained the pressure that Great Britain put upon Japan to sign the Versailles treaty, whose ratification by the senate, he asserted would write "the blackest page in our nation's history."

British Acquiescence "On the 27th day of March, 1916," said Senator Norris, "the Japanese minister of foreign affairs at Tokio, approached the British ambassador in London at that place with a view of bringing about an agreement with the British government." The British minister cabled to his government at London, and after receiving instructions from his government, wrote the Japanese government as follows:

"My Dear Excellency: With reference to the subject of our conversation of the 27th ultimo, I am glad to say that the Japanese government accede with pleasure to the request of the Japanese government for an assurance that they will support Japan's claims in regard to the disposal of Germany's rights in Shantung and possessions in the islands north of the equator on the occasion of the peace conference; it being understood

that the Japanese government will in the eventual peace settlement treat in the same spirit Great Britain's claims to the German islands south of the equator.

"I avail myself of this opportunity, Mr. Le Ministre in return to express my sincere assurance of my highest consideration, 'Coyningham Green, 'The British Majesty's Ambassador.'" Japanese Representative.

"On the 21st day of February, 1917, the Japanese government replied to this communication of the British government as follows: (Omitting formal part): 'The Japanese government is deeply appreciative of the friendly spirit in which your government has given assurance and happy to note its proof of the close ties that unite the two allies powers. I take pleasure in stating that the Japanese government on its part is fully prepared to support in the League of Nations the claims of Japan put forward at the peace conference in regard to the German possessions in the islands south of the equator.'

"While the Japanese government was waiting for a reply from the British government, it proceeded also to negotiate with the other allied governments. Its message to the French ambassador at Tokio was signed by the Japanese foreign minister and was as follows: 'The imperial Japanese government proposes to demand from Germany at the time of the peace negotiations the surrender of the territorial rights and special interests Germany possessed before the war in Shantung and the islands situated north of the equator in the Pacific ocean.'

LODGE CHARGES SETTLEMENT IS JAPAN'S PRICE

Republican Leader in Senate Declares Shantung Was Handed Nipponese for Signature to League Covenant.

COMPARES AWARD WITH CONTROVERSY ON FIUME

Massachusetts Solon Joins with Nebraska in Attack on Treaty Grant of Chinese Territory During Debate.

WASHINGTON, (AP)—Sen. Lodge, the republican leader, charged in the senate today during debate on the peace treaty, that the Shantung settlement made a price paid by Japan for its signature to the league of nations with the robbing of China as the consideration.

"Shantung was a price paid and all the world knows it," Mr. Lodge said. "There is no statute of limitations that runs against a great wrong like this."

Debate on the peace treaty and its league of nations covenant was continued today in the senate with Senator Lodge, republican, Nebraska, attacking the Shantung settlement and Senator Underwood, democrat, Alabama, urging unequalled ratification.

DEATH STALKS IN WAKE OF ITALIAN DISORDERS

Bloodshed Characterizes Renewal of Strikes in Various Districts; Sicilian Crowds Forcing Food Dealers to Cut Prices in Half, Cry "Vive Soviet."

GOVERNMENT DENIES REASON FOR DEMONSTRATION IT WOULD PREVENT

ROME.—Strike disorders occurred at various places in Italy today. At least eight persons were killed and thirty wounded.

A general strike began at Catania, Sicily. The people there marched through the streets crying "Vive Soviet!" and forced dealers in foodstuffs and other necessities to reduce their prices fifty per cent.

Government Prepares The Italian government, Premier Nitti announced in the chamber of deputies today, has taken ample measures to preserve order in view of the threat of a general strike throughout the country.

There is no reason for a general strike in Italy, the premier continued. The government does not wish bloodshed and will do its utmost to prevent it. Italy is one country where a general strike should not occur, Signor Nitti asserted; Bolshevism is an Asiatic evil which could not spread to Italy.

SHIPPING BOARD AGENT DECLARES STRIKE SERIOUS

Marine Workers Protest for Closed Shop and Eight Hour Day Continues Despite Wage Increase Offers.

NEW YORK, (AP)—Capt. Frank S. # LEAGUE NEEDED IN NEW DANGER SENATOR SAYS

Underwood Declares Govern-  
ment as Practical Step Toward  
World Peace Involving  
No Sovereignty Sacrifice.

WASHINGTON, (AP)—Characterizing the League of Nations as a practical step toward world peace involving a sacrifice of national sovereignty, Senator Underwood, of Alabama, urged in the senate today acceptance of the treaty without amendment or reservation.

"The great causes of war," he said, "may be paraphrased in two words: National selfishness and the civilization of the world is prepared to do through its own selfish ideals and to recognize the rights of other peoples, the inherent causes of war must continue to exist."

**May Not Eliminate War**

"I am not prepared to say that the adoption of the present treaty carries within itself the elimination of those causes of war or that in the end there will be no more wars, but do not think, within the folds of this treaty, we find an agreement between the great nations of the world that will prevent the future carry on of national disputes to a court of final arbitration and in many, if not most instances, avoid the horrors and injustices of war.

**Not a Super-Government**

"I do not regard the organization of the league as a super-government. No super-government could exist without power to maintain itself. Within itself, the league has no power to raise armies and navies, without military forces, it cannot defend itself. With the right to withdraw, I feel that there is no need to fear the dangerous surrender of any of the fundamental principles and rights of the American people. And I am willing to take it and try it and hope that from this seed that is planted today, in its fruition, the final peace of the world may be found.

"I am more interested in the principles enumerated in the clauses relating to the league of nations than in the powers given for its government, for on these principles the future life of the league must depend. I would have been glad to subscribe to limited arms that would have arbitrarily limited the armaments of the world. Such a decree is not found within the contract, but there is a covenant that seeks to secure that which has been agreed that authorizes the executive council of the league to consider how much the present armaments of nations should be reduced.

**Bound by Award**

"Another vital principle that we are agreed to agree to is that all the members of the league shall submit differences between them that are not capable of being settled by negotiation before a tribunal to be composed of judges or arbitrators agreed to by them and after entering into the arbitration are required to abide by the award.

**Greatest Peace Principle**

"But the greatest principle of the league tending to keep the peace of the world is that which declares that 'high contracting parties to this treaty shall undertake to respect and preserve against external aggression the political independence and the territorial integrity of every member of the league.' Most of the wars that have been waged in the ages that have passed have had as their governing cause the desire to conquer and control another people or to expand the territory of the country that is the aggressor in the war. Prevent the incentive for war growing out of a selfish desire for aggression, and the overwhelming force of this covenant will do, and few actual causes of war will remain that cannot without difficulty or danger be submitted to the high court of arbitration.

**Fathers' View Outgrown**

"You may say: 'Then, why should we become involved in an alliance that may drag us into the disputes, the disorders, and the dangers of other nations?' This was the doctrine our fathers believed in, and one that I am slow to yield. But we face a condition, not a theory. Time and space have been effminated. Dangers to our people and our republic that were not dreamed of a century ago confront us today at our very doors, a threatening menace to our lives, our civilization and our institutions. Shall we continue to defend the ideals of the past, or meet as practical men the dangers of the future? For me, there is but one course to pursue."

### CURSORY COMMENT CONCERNING CONTEST

A triple by Hal Chase, formerly of Cincinnati but now of New York, put the Glants back into first place yesterday.

Hal's great punch came in a game against Pittsburgh at a very psychological moment, and spelled defeat for the Pirates. All this time the Reds were being whipped into submission by the Phillies.

"I'll show you a real pitcher in the next game we play," says Manager A. L. Metz of the Twins. But he declined to name any names.

The manager of the "Twins" says the last time he advertised the fact that he had a good pitcher coming something happened. He's taking no chances now.

Twins Falls will play its first game of the second half of the season on the home grounds July 27. Yank will be the opposing outfit.

Detroit defeated the Yankees yesterday 3 to 0 with the White Sox walloped the Boston Red Sox, many time champion of the world.

The White Sox are displaying hitting ability, while Coniskey's twirlers are sure in mid-season fettle.

Stitch baseball park in Philadelphia yesterday was turned into a fight arena, four pulled good bows of various size, being corked off. Lew Tandler, welterweight, defeated Joe Gelberg in six rounds; Joe Fizzle, knocked out George Ghaney in the third round. The men are lightweight; Ted Lewis, former welterweight champion of the world, defeated Steve Lutz in six sessions and in the winding of the entertainment Harry Grid and Battling Lovinsky fought a six round draw.

Manager Metz demonstrated Sunday that he has no are in the hole for the shortstopping job on the local club when he ditched Denman and put Hart in at the intermediate position on the infield. The sub booted one but he failed twice in as many times at bat.

Jobs are needed for some of these chaps on the ball club. Kick in, Mr. Employer!

The Salt Lake ball club of the Pacific Coast league is home again for a three weeks' stay. The club went away on the last road trip with a standing considerably below the 500 mark. It came back with a mark of 506.

### Little Chance for Annual Dog Race

Third Successive Win for Ayer  
Last Year Gives Him Per-  
manent Possession of Cup

NOME, Alaska.—(By Mail)—Some annual dog team race, the Borden Marathon to Nome and back, probably will not be run again as Fred M. Ayer, winner of this year's center, has won the event three times in succession, thereby obtaining permanent possession of the big cup offered by John Borden, Chicago sportsman.

Ayer's speedy canine this year was a new Border marston, record when they covered the course, 28 miles and 282 yards in one hour, fifty minutes, twenty-one and one-half seconds. On the looks of the Nome Kennel club, which held the race, this record probably will stand for some time yet to come. It is believed.

Since the Nome All-Alaska Sweepstakes was abandoned a year ago the Borden Marathon has been the big sporting event of the year in dog racing circles.

### PROHIBITION TEST CASE IS BROUGHT IN CHICAGO

CHICAGO, (AP)—The first test case under war time prohibition to be filed in federal district, was started today by C. J. Olyue, United States district attorney against the Stenson Brewing Company a Chicago concern. The suit charges that the company manufactured beer containing more than one-half of one per cent alcohol after May 1 and sold beer of the same formula after July 1, the acts constituting violations of the food conservation and prohibition acts.

### ANGELS SEEM TO HAVE COAST FLAG CLINCHED

Los Angeles Club Leads Pen-  
nant Race at the Half-way  
Post.

SAN FRANCISCO.—Mid-season in the Pacific coast baseball league puts the Los Angeles and Vernal clubs playing in the standing expected of them. Sacramento and Oakland are the most disappointing of the eight "outs" in the "league," it having been reckoned that they were capable of better standings in the percentages. Less disappointing is the standing of the San Francisco club. Salt Lake is about holding its own in the percent age column while Portland and Seattle are where they have been practically the entire season, down near the end.

The showing of the San Francisco team has been more encouraging of late and they have done much better than was expected of them during their recent weeks on the road. If they can maintain something of the showing they have been making off late, they stand a good chance to better their average considerably.

Los Angeles maintains a lead which assures them first position in the league for some time to come and they will have to fall off a lot if the other teams expect to draw within shouting distance of the Angels who have been off at the front ever since the opening week. With the season half over, the Los Angeles team has excellent prospects of being returned the Pacific coast champion unless it meets with some unusual reverses.

Interest at the time centers principally on the fight for second place which has been sharp throughout the season. With the exception of one week when Salt Lake held the place and two weeks when Oakland was there, neither in the season, the fight has been between the Seals and the Tigers.

The rise of Vernal from the lower division has been the feature of the play in the last two months, having won eight consecutive series in accomplishing this feat, beginning with the third week in May when they were in seventh place with a percentage of .417.

IRISH VETERANS RESENT ABUSES BY OWN PEOPLE

Face Grave Trouble at Hands of Those Who Hoped Vivacly for German Victories Cite Experience in Prison Camps.

DUBLIN.—(Correspondence of the Associated Press)—The returned Irish soldiers are organizing themselves and among their ranks there is no personal objection to the professor except that he was a German, but the soldiers would not have it. Four hundred of them turned out in a body and presented the appointment. The secretary defending their conduct in the press writes:

Unwanted and insulted at Home "We are faced with a grave trouble in the people who yesterday were badly misled by hopes of German victories and who have now taken a definite stand against us. Without friends on any side and left to our own resources we find that in our own country we are unwanted and insulted. Only recently a member of the Cork board of guardians proposed that we should employ a soldier or sailor for employment from that board. The Gaelic players have seen fit to ban us from their games. These and many similar incidents are not likely to improve our temper."

"To understand the feelings of our men these people should have a heart to heart talk with some of our countrymen who spent three or four years in German prison camps. This is not a time to set Irishmen flying at each others throats over a job-for-a German professor."

Powerful Explosive

A new and very powerful explosive, which may be used in mining and for other purposes, is lead azide, a salt of hydrometric acid. This acid forms a great number of salts, a mercury azide, silver azide and sodium azide. Large crystals of lead azide and mercury azide have been found to be very sensitive to mechanical shocks, the sensitiveness increasing with the size of the crystals. Even the breaking of a single large crystal is said to bring about explosion.

INLAND EMPIRE INCOME QUARTER OF A BILLION

Spokane Chamber of Commerce Figures Receipts from Products This Year Will Bring Approximately \$500,000,000 as Against \$300,000,000 Average Annual Production.

SPOKANE, Wash., (AP)—Products of the inland empire for the current year, according to a recent publication of the Spokane Chamber of Commerce, will approximate in value a quarter of a billion dollars. The annual production of the region, the same agency estimates, average \$300,000,000.

The region known as the inland empire is that part of Washington, Oregon, Montana, Idaho and British Columbia included between the western range of the Rocky mountains on the east and the Cascades on the west, the Blue mountains of Oregon on the south and Kootenai and the Selkirk of British Columbia on the north. Where or when it received this appellation seems not to be exactly known, but it has been so-called for upward of 25 years, it is stated.

WOMAN OWES LIBERTY TO A CLERICAL ERROR

Record Shows No Penalty for Non-Payment of Fine Imposed for Conspiracy Against Draft.

KANSAS CITY, Mo., (AP)—Appearing at the district attorney's office to surrender herself and begin serving a three month prison term, Mrs. Moore, convicted on a federal charge of conspiring to defeat the draft law, was informed by District Attorney Francis M. Wilson that, owing to a clerical error in the court record, she would not have to serve the sentence.

With eight men, among them her husband, Raymond Moore, Mrs. Moore was sentenced in December, 1917, to two years in the federal prison. Her sentence was reduced to a fine, however, by Judge Alba S. Van Valkenburg, who said the court would set no record for the United States in its treatment of women such as had been established by Germany.

LONDON, (AP)—Gen. John J. Pershing, commander of the American forces in France, arrived here with his staff this forenoon, to take part in the peace celebration. He was met at Dover by Gen. Sir Henry G. Home and a guard of honor.

Arriving at Victoria station, General Pershing was welcomed by Colonel Winston Spencer Churchill, secretary of state for war, and officers representing Field Marshal Haig and Sir Henry H. Wilson, chief of the imperial staff. After an inspection of the main of honor, the party drove to the Carlton hotel, being warmly cheered by the crowds along the route, which is already gay with decorations for the celebratory peace day.

Grain Big Item

A large share of the yearly wealth of the inland empire is made up of grain yield, which is figured at \$105,000,000. It is stated that each year this region produces one-ninth of the total wheat crop of the United States. Mineral output comes second, with \$93,000,000 each year. The lead production of the inland empire is said to comprise one-third of the entire world's yearly supply.

German Return Mail from Sunken Steamer

SYDNEY, Australia, (AP)—A curious manifestation of German psychology is seen in the recent delivery of the Australian liner Matunga's mails to the address: The Matunga, an Australian ship sunk by the German raider Wolf off the coast of New Guinea in August, 1917. The mails on her were taken to Germany. After they had remained in German hands over a year, they were delivered to the British authorities after the armistice was signed. In due course they were sent to Sydney, arriving two years late.

INDEMNITY MAY BE USED FOR LUSITANIA CLAIMS

Federal District Court Dismisses Damage Suits Brought Against Cunard Steamship Company.

NEW YORK, (AP)—A final decree dismissing all damage suits against the Cunard Steamship company as the result of the torpedoing of the Lusitania and barring any similar suits which might be brought in future, was signed Monday in the United States district court by Judge Julius M. Mayer. A total of 64 claims, totaling between \$7,000,000 and \$9,000,000 had been brought against the company. In his decree Judge Mayer intimated that the claimants might be reimbursed for their pecuniary losses by indemnity under the Treaty of Commerce with the German government.

Summer Complaint in Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with care as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says: "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

MARSHAL JOFFRE PAYS TRIBUTE TO U. S. WOMEN

Expresses Thanks of Self and Soldier Dead for Work in Behalf of Fatherless Children of France.

FAIRBANKS, Alaska, (AP)—Marshal Joffre has written Mrs. J. Harmon Caskey, Fairbanks, president of the Alaska committee for the Fatherless Children of France, thanking her and other Alaskans for contributions sent from here to help the French boys and girls whose fathers died in battle.

"Better than anyone else have I been able to appreciate how great and good was your work. Be, madam, my inter-preter to your compatriots. Tell them, assure them, that each orphan is a young French subject saved in some instance from death and in every instance from dire want and unhappiness. Tell them, also, that France whose territory is less than one-third the area lost more than one million and a half soldiers on the field of battle and of the territory of Alaska, has alone that lot of her wounds still bleed.

In Name of Dead

"To them, to your collaborators, and to yourself, especially, madam, in my own name and in the name of the French soldiers dead on the field of honor are tendered by warmest and most grateful thanks."

JAPANESE SEEK BETTER RELATIONSHIP WITH CHINESE

OSAKA, Japan, (AP)—Leading business men in Osaka who are trading with China have asked the government to try to promote more friendly relations between the Chinese and Japanese. They ask for stricter control over the Japanese residing in China and want a censorship over the publication in the press of cartoons calculated to hurt the feeling of the Chinese people.

President Wilson is home with a

signed treaty of peace with Germany, included in which is the League of Nations covenant.

The American people are perhaps more tired of war than some of the nations involved, who actually had thrived on war for centuries.

First, this great covenant between nations contains no recognition of a Supreme Authority or a Supreme Being as any publication of the text has suggested.

"It is thus clearly disclosed that while these leading governments of the world were inducing China to get into the war, in order that they might secure her assistance and particularly that they might be able to get possession of the German ships interned in China's harbors, they were secretly plotting among themselves as to her destruction as soon as she had complied with their wishes and the war was over.

# THREE-ARRESTED; CHARGE LARCENY

### Disappearance of Valuable Riding Outfit Causes Apprehensions; Confession Claimed

Arlie Portier, H. H. Jordan and William Porter, cattle ranch riders who came to Twin Falls for the Roundup, were arrested yesterday evening by Deputy Sheriff George F. Huffman on a warrant alleging grand larceny. The men were taken in charge at the John Selver ranch near Castletford.

The specific charge upon which the men were arrested is that of stealing an expensive riding outfit, belonging to Markwood Lohr. The property was recovered with the apprehension of the men.

One Man Exonerated. When Arnie Porter denied guilt saying that of the property was then in his possession had been purchased for \$15 from Patrick. He claimed that when he learned the outfit had been stolen he demanded that Patrick take back the saddle, and return the money paid. In this statement Porter was supported, it is said, by Patrick, who, according to Prosecuting Attorney Frank L. Stephan, has confessed the theft. His confession is said to implicate Jordan, but not Porter.

This morning the prosecution preferred charges of grand larceny against both Patrick and Jordan, who are to be arraigned this afternoon.

Extraordinary Workmanship. The saddle is one of extraordinary workmanship and art and is heavily mounted with silver. The design of the mountings being chiefly heart-shaped figures. The outfit consisted of saddle, braided hair rope, spurs, girth, reins, bridle and shafts, spurs, girth, reins, quilt and robe were found in possession of Walter Everham, a rider, who says they had been presented to him.

The owner of the property is a ranch rider living three miles south of Elmer.

# FARM CONCLAVE COMES TO TWIN FALLS AUG. 28

### Series of Important Conclaves Is Scheduled for Important Idaho Points Soon.

Announcement is made at headquarters of the county farm bureau that during the latter part of the summer and the fall a number of farmers' conventions will be held through the state of Idaho.

These conventions are held under the direction and auspices of the National Board of Farm Organizations in Washington, D. C., and are for the purpose of providing farmers a means of discussing topics of vital importance to them in their agricultural affairs. Agriculturists are urged to attend to attend these sessions for an interchange of farming ideas.

The meetings open on August 18 and conclude September 2. Twin Falls will be attended by speakers of national note; and men who are particularly well versed in agricultural and horticultural topics, as well as stock raising, the conventions and places of meetings are:

St. Anthony August 18; Rexburg August 19; Rigby August 20; Idaho Falls August 21; Blackfoot August 22; American Falls August 23; Burley August 24; Burley August 27; Twin Falls August 28; Malad August 29; Montpelier September 1; Preston September 2.

# DRUGGISTS WILL ELECT OFFICERS

### Association, Now Engaged in Annual Conclave, Will Conclude Business Tonight.

At this afternoon's meeting of the state pharmaceutical association convened in form yesterday, but with only a very meagre attendance. Only eight members enrolled on the attendance register. This morning's session, however, was more liberally attended, there being about 25 members present from various sections of the state.

The convention was opened by President A. E. Burton, Caldwell, who responded to the address of welcome and delivered the annual address of the president to the association. Reports of various officers were submitted for approval and a. a. P. address. The afternoon session was devoted to discussions on topics of national interest to the craft.

Tomorrow the delegates will drift to Arviden City where the day will be spent in various and sundry discussions.

# NUISANCE ORDINANCE BITCHED WHEN INTRODUCED IN COUNCIL

### Municipal Governor's Decline to Accept Responsibility for Regulation of Outdoor Dance Pavilions; Contract Is Awarded for Making Rock Creek Plans and Supervising Construction.

Recommending recourse to the courts as a means of procuring relief the city council last night declined to introduce toward the adoption of an ordinance prohibiting dancing pavilions and like institutions of amusement, and the ordinance was rejected in the council last week. The ordinance was prepared by the city attorney and presented last night to be adopted as an emergency measure to stop the erection of dance pavilions where such operation is objected to by residents. The law draft was the direct result of controversy following the presentation of a petition to the council last week, urging the abolition by the city of the Lyons outdoor dance hall near the municipal building. The ordinance presented dealt with a certain district, which included the block in which the Lyons pavilion is located, and provided a penalty for carrying on such business. The ordinance was rejected.

Wanted Entire City Included. The text and terms of the proposed ordinance were thoroughly discussed by the mayor and members of the council, objection being lodged to prescribing business and pleasure districts, the suggestion being made that the ordinance be made to cover the entire city. City Attorney Davies explained, answering questions by members of the council, that petitioners could obtain the relief they desired by procuring an injunction from the court; the cost being \$100. Upon this basis the ordinance failed to get a sponsor.

After considerable debate and consideration of sketches and tentative plans, a contract was awarded H. M. Murray, of Billings, for plans covering the construction of a bridge on Shoshone street across Rock Creek canyon. Mr. Murray's bid was \$250 for the plans and three per cent the cost of construction for supervising the work.

Chief of Police Has Trouble. Chief of Police Taylor appeared before the council with a complaint against the congregation of members of the I. W. O. in Twin Falls. He explained that the carnival left a residue of undesirable here, and he asked authority to get rid of this class. Another petition appeared again in relation to the removal of a manhole, which affects his building plans in Jones addition, near Tenth avenue east and Barrow street. The council will confer with property owners in the district affected concerning the opening of an alley in the Jones block. This conference will be held tomorrow.

Pipe Company Writes. A communication was read from the American Cast Iron Pipe company claiming no measure of responsibility in the damage actions incurred through the breaking of cast iron water mains. The company, however, declared willingness to cooperate in the settlement of the claims, and proposes to send a claim agent here some time in the future.

Construction of sidewalks in Murchugh addition proved a puzzle for the council and petitioners who appeared to urge the city to start work on the walks without delay. The proposition was referred to the petitioners with the recommendation that the walks be constructed by private contract under supervision of the city engineer's office.

Medicans Heard From. Attorney E. V. Larson, representing members of the Mexican colony, appeared in behalf of his clients to urge the granting of a license to operate a pool hall in a certain vacated rooming house on Main street, immediately contiguous to the city. The matter was placed in the hands of the mayor with power to act. The petitioner was assured that upon presentation of a proper application in writing the license would be granted. A barber shop will be operated in connection with the pool hall.

A considerable stir was caused in the meeting when a bill from R. H. Green, decorator and painter, was read. The petitioner explained he had presented other claims for the bill which was for \$75 and no apparent notice had been taken of them. He said he wanted an answer to this one, and intimated that action would swiftly follow in case of further delay. The question of the bill and how it came to be incurred was left to City Engineer E. V. Berg for explanation. Mr. Berg said he had authorized it in an emergency, and that it covered certain repairs and re-decoration following damage done to a store room through the bursting of a water main. The bill was finally ordered paid.

Joseph E. Hoenker was officially named city electrical inspector and clerk in the waterworks office at a salary of \$450 per month. Of this amount \$100 will be paid by the water department, the remainder coming out of the general fund. Mr. Hoenker has been acting as city electrician some time, but his resignation has been pending, pending until upon fees collected. All fees, hereafter, will go into the city's general fund.

Residents in the neighborhood of fourth avenue and sixth streets north, petitioned for a street light. The application was laid over for investigation.

The matter of "elephant" work was discussed and the suggestion was made that residents of Twin Falls should be informed that it is their duty to dispose of all refuse by burning. Alderman C. S. McArthur urged that it be made plain to residents that such rubbish would not be picked up by the garbage gatherers.

# DEMONSTRATOR TO CONDUCT CLASSES

### Miss Ladwig Will Be Present at Schools for Instruction in Domestic Economy.

Beginning tomorrow Miss Edna Ladwig, home demonstrator connected with the county fair bureau here, will hold a series of meetings in outlying districts for the purpose of demonstrating certain degrees of domestic economy. Tomorrow Miss Ladwig goes to Pleasant View to attend a class in dress-making. The class will hold its meeting in the Presbyterian church at Pleasant View, Thursday the demonstrator will be in Cedar Draw for a similar class assembly. This meeting will be held at the home of Mrs. B. O. Ewing.

# A GOOD BAD WOMAN

It required three years of most diligent application to secure a play suited to the individual talents of Manager Frazee's "All Star" cast, composed of the well known players, Margaret Illington, Wilton Lackaye and Katherine Tyden, together with half a dozen other Broadway favorites. The play, "A Good Bad Woman" was written by William Anthony McGuire, and staged by that well known manager in stage craft, Richard Bennett. Only the principal cities in the sections traversed will be visited by the organization. In numerous instances two cities a day will be played, a matinee being given in one city and a night performance in another. For this reason, special trains will often be used, and two full crews of stage hands are carried, in order that the double society can be readiness when the company reaches the city.

# ORDERED TO LEAVE

### EARLIER CLOSING MAY BE ENFORCED

#### City Administrators Favor 11 O'Clock as Limit for Operation of Dance Pavilions.

Although the city administrators last night refused to pass a municipal bill making the operation of open air dance pavilions a misdemeanor, and designating such places as now in operation a nuisance, there is a probability that action will be taken immediately to regulate the hours of operation of the places.

A meeting post meeting lobby session last night certain members of the council declared themselves emphatically in favor of curtailing the hours of operation of the dance halls, with 11 o'clock at the latest. During this semi-official convale of the aldermen who had been seated in council admitted the pavilions, as now operated, constituted a nuisance, and declared themselves opposed to the halls. It was Alderman E. J. Ostrander, of the First ward, who proposed the early closing, and the suggestion was accepted with few exceptions by Alderman C. B. Channell and C. S. McMarlin of the Second ward.

It is proposed to order these places closed promptly at 11 o'clock every night as long as they run, and if they do not comply then we will adopt an ordinance declaring them a nuisance," Alderman Ostrander announced. It is stated that the places are not operating under city license, and having been issued as a sort of special dispensation through the Elks lodge as a Roundup attraction. The city, according to city clerk W. A. Minnick, requires a license for the operation of dance pavilions.

**Brings Suit for Commission**—J. W. Houk has entered an action in the probate court against L. A. Crawford for judgment for \$187.50 which is claimed as commission in a realty transaction.

**Club Meets in August**—The next meeting of the "Blue Lakes club will be held August 10. The club will be entertained by Mrs. J. F. Deuney. The club met last on July 10 with Mrs. C. H. Perry.

**Home from Philippines**—Lawrence Wilkinson has returned to Twin Falls to re-enter civil life. The young man has been in marine service in the Philippines some months. He was discharged from service on the coast a few days ago.

**Colorado Visitors**—C. B. Ray of Lamar, Colorado, and W. O. Conklin of Manzanola, Colorado, with their respective families touring overland in Oregon, are spending a few days in Twin Falls on their way to establish the foundation of their homes here in the future.

**Wheat Crop Promising**—Telling of an excellent condition of wheat in the Canas country Wilbur Drummond of Oberlin, Ind. last night stated that notwithstanding the shortness of the yield in his section would be equal to the general average of other years. Mr. Drummond is here for a few days on business.

**Mercury Climbs**—Official reports, submitted by United States Weather Bureau at Okech, show a steadily rising mercury on Monday. The high temperature was 92 in the shade, with 49 degrees for low. This report covers the twenty-four hours between sunset Sunday and sunset Monday. Sunday's high was 88 degrees.

**Fines are Heavy for Gambling**—In the municipal court yesterday afternoon Mincedo Santillano, proprietor of a rooming house devoted to the purpose of Mexicans, was found guilty of gambling and assessed a fine of \$100. He paid the men taken with him, Wano Gonzalez and Juargo Juarola were unable to pay. They have been committed.

**Bank is Sued**—The Consolidated Wagon & Machine company has brought suit in the district court against the First National Bank of Rupert demanding judgment for \$137.85 or the return of certain property to which the complaining company alleges a claim. The bank is said to have illegally obtained possession of double disk plows and other farm implements.

**Comes Back**—Ruby Hall, claiming Salt Lake as her home, and who was arrested Sunday night in a Mexican resort here for being ordered to leave town without delay, was again arrested shortly after in a rooming house. She was escorted to the railroad station and there compelled to purchase a ticket for a point about 40 miles distant. The police saw to it that she boarded the train. The woman paid a fine of \$10 for the offense for which she was apprehended.

**Failure Always Has Its Price.** A London impecuniate declares there is no such thing as a man having a right to take his own life. This dictum is no doubt morally sound, but all the same isn't there something queer about the law which punishes a man who tries to commit suicide and falls? Vancouver Sun.

Hansen Service Men Home from War After Having Spent Nearly Year in France.

HANSEN.—(Special)—Lieutenant Jay L. Downing and Mural Taylor have arrived after being mustered out of service. They served almost a year overseas with the American expeditionary force. Both settled in the 40th, the "Sunset" division. Mr. Taylor was later transferred to the 81st division, which took an active part in the battle of the Meuse.

Lieutenant Downing, soon after arriving in France, was placed in the arduous candidate school at Langres, receiving his commission soon after the armistice. He was then sent to the officers' replacement camp at Gondrecourt, and later was range officer during the A. E. rifle shoot at Le Mans in the battle of the Meuse.

**Judgment Asked by Local Bankers**

Five Defendants Are Named in Suit on Promissory Note Filed in District Court.

Solicitor court judgment against J. E. Montgomery, Marian J. Montgomery, W. O. Switzer, Mrs. O. B. Switzer and Jennie Baker, the First National Bank of Twin Falls has brought action in the district court.

In the complaint defendants are alleged to be indebted to the bank on a promissory note, dated November 20, 1915, in the sum of \$550. The note it is stated, was secured by a mortgage to certain real estate in Twin Falls original townsite, with six per cent interest.

It is alleged that no part of the principal of the note has been paid. Claimants therefore ask judgment for this principal \$550, interest on this amount from May 20, 1919, at 10 per cent, \$200 attorney's fees, foreclosure of the mortgage on the property the realty to be sold and the proceeds to be applied on the costs and charges of the action and principal and interest, and if any deficit remains judgment is asked to cover the amount.

# HUMANITY FLAG IS IN EVIDENCE IN LIBEL TRIAL

## Henry Ford on Witness Stand Denies Having Seen Previously Emblem His Remark Is Said to Have Inspired.

MOUNT CLEMENS, Mich. (AP)—Henry Ford, plaintiff in a \$100,000 libel suit against the Chicago Daily Tribune, resumed the witness stand today. He was questioned by Attorney Elliot G. Stevenson for the defendant. The mysterious "flag of humanity" which was the subject of the suit had been demanded ever since the case began, made its appearance. "It is the first time I ever saw it," remarked Mr. Ford. "Do you like it better than the Stars and Stripes?" asked Mr. Stevenson. "It is a different kind of flag," answered the witness. The flag was about seven by four feet, with the earth in white on a blue field. The emblem, designed to typify the world brotherhood, is said to have been made by a man named Ford three or four years ago, when he said that all national flags should be succeeded by a flag of humanity—under which all men of all nations might stand. Up to today counsel for Mr. Ford denied the existence of such a flag, but said a search for it was being prosecuted. Last week Attorney Ford said his information was that the flag had been brought to Mount Clemens and had disappeared. "Where was it found?" asked Mr. Stevenson. "I don't know," said Mr. Ford. Attorney Stevenson introduced a pamphlet containing facsimile arguments which, witness admitted, was widely distributed at his expense in 1916. Mr. Stevenson quoted Mr. Ford as saying "preparations in the root of war."

# FITTING IS PROGRAM FOR BRIDGE OPENING

## Hansen Ceremonial Includes Formalities and Enjoyable Fete Scheduled.

Final plans have been made for a celebration befitting the occasion of the opening of the new bridge over the Snake river on Thursday of this week. The program for the occasion is elaborate and promises to be as entertaining as it is ceremonious.

One of the chief features of the day's events will be the official crossing of the bridge at 10 o'clock. This crossing will be made by automobile, the car containing Judge Lawrence Hansen, through whose efforts the construction of the bridge became a possibility, State Senator H. H. Stevenson of Twin Falls, the county commissioners and Dr. Albee, the latter of Hansen. The car will leave the Twin Falls county court house promptly at 9 o'clock for the bridge. Reaching the north end of the bridge after making the crossing, the party will be met by an official delegation, which will then cross the structure.

Gov. Dr. W. Davis has promised to take an active part in the day's ceremonies, and is slated for the principal address of the day. There will be addresses at stated intervals by other state and county officials. The day's program is diversified in its attractions, and will consist of races, riding, roping, music, dancing and the like. There will be a novelty race, potato race, bull-dogging and steer riding. The Twin Falls band will provide the music and a basket lunch will be served in the grove. The ceremonies will last all day.

# WANTS AMERICANS TO MAINTAIN FAMILY

## Older Members of Destitute Must Work and Support Mother or Suffer Penalty.

After spending a day in Bull investigating the condition of the A. J. Godeby family, reported in destitute circumstances, Juvenile Officer John R. Ault decided to give the two older sons an opportunity to find work and contribute to the support of their mother and the younger members of the family.

# BOYSEY BOYS ORDERED TO MAINTAIN FAMILY

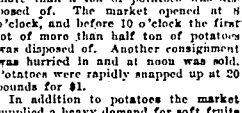

Mrs. Godeby and her children were moved to Bull last Sunday, and is now established in a house at that place. She had been living in a room about seven feet square in Bull, still the shutting off of water supply compelled the move to town.

# WANTS HOMES FOR BOYS

Juvenile Officer J. R. Ault has in his custody two boys aged 5 and 8 years, respectively, who need permanent homes. The boys are orphans, their parents having victims of the influenza epidemic last fall. Each is at present with grandparents, but a ward of the juvenile department. Mr. Ault is seeking homes for the boys with people who will adopt them.

# BELGIANS OBJECT TO USE BY HUNS OF NATIONAL COLORS OF BELGIUM

BRUSSELS, (AP)—Belgian patriotic societies are forming to take action to prevent the German republic from adopting the Belgian national colors—black, yellow and red—for its flag. Intense indignation is manifested, and this is a bit heightened by the plea that the colors in the new German emblem will be disposed of horizontally instead of vertically.

It is generally supposed that the Belgian colors of today were chosen by the patriots of 1830, but the revolutionists of that year merely took for themselves the black, yellow and red which had been legendary in Flanders and the Brabant since the middle ages.

Data from 13th Century. The princes of Flanders bore on their arms a black lion on a field of gold, and those of Brabant a golden lion on a field of black. The trappings of both were red. From the thirteenth century, therefore, the Belgian colors have been black, yellow and red.

# SCHOOL BOARD ORDERS ISSUANCE OF BID CALL

Proposals for Contract to Build School Addition Will Be Asked for This Week. Although a long drawn out affair, little business of vital importance was transacted at last night's monthly meeting of the city school board.

# CHINESE TEA HOUSES

Just as England has highway taverns and as we have roadside along the highway, so has China her tea houses. The Chinese do not indulge much in intoxicants, and tea is about the strongest drink they consume. Tea houses there are about as numerous as ice cream and soda resorts are here.

# TWENTY-FIVE HURT WHEN LIGHTNING STRIKES OAK PITTSBURGH

PITTSBURGH, (AP)—Twenty-five persons were injured, several probably fatally, when lightning struck a crowded street car in the center of the downtown district during a severe electrical storm this afternoon. A number of women and children were trampled in a panic which followed.

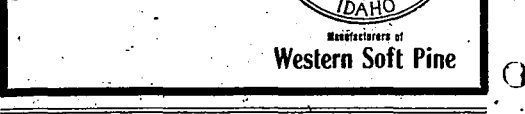

# We Told You So

The old phrase, "we told you so," is rather threadbare, but we cannot resist the temptation of reminding those skeptical ones of our repeated advice regarding the price of building material.

The uninitiated assumed that the close of the war would result in a tumble in building material prices. What they did not consider was the fact that the building material business was one line that was out to the bone as a direct result of the war. Consequently, as soon as they were relieved from war's responsibilities it was a foregone conclusion that all lines connected with building activity would react in the greatest boom ever before experienced.

This is the present situation in a nut-shell. The mills are crowded as never before. In the immediate future it is not going to be so much a matter of price as it will be of being able to get material at any price.

The wise man will anticipate his needs, and place his order now.
