

175 SHIPS ARE TO MAKE UP NEW PACIFIC FLEET

At Full Strength Armada Will Be Manned by 34,000 Men and 1800 Commissioned Officers, Officials Say.

WASHINGTON, (AP)—Approximately 175 ships with an aggregate tonnage of more than 300,000 will constitute the newly organized Pacific fleet, it was said at the navy department. At full strength the armada will be manned by about 34,000 men and 1,800 commissioned officers, but the personnel will be about 30 per cent below this strength when the fleet begins its history making voyage from Hampton Roads next Saturday.

Included in the fleet will be those ships: Dreadnaughts New Mexico, Wyoming, Arkansas, Mississippi, Idaho, Arizona, Texas and New York. The巡洋艦s include Vermont, Nebraska, Georgia, Rhode Island, Virginia and New Jersey.

Cruisers Seattle, Chicago, Cleveland, Denver, Tacoma, Marblehead, Machias, Yackburg, Montana, North Carolina and Pueblo. There will be 108 destroyers of the new 1400 ton flush deck type built after the United States entered the war. They will be divided into two squadrons with the scout cruisers Birmingham and Salem as flagships and with the Melville, Prairie, Buffalo and Black Hawk as tenders.

Fourteen submarines. In the fleet also will be the fourteen submarines of the S type with the Savannah as tender. The mine detachment will consist of the cruiser Baltimore as flagship, the mine layer Ancon, stock and the mine sweepers Orinda, Partridge, Red Wing, Sea Owl, Thrush, Whippoorwill, Tanager, Lapwing, Tern, Bittern, Sandpiper Vireo. The fleet train will consist of the cruiser Minneapolis as flag ship and the repair ship Vestal, hospital ships Comfort and Mercy; supply ships Ramothack, Flaxier and Celtic; fuel ships Arcthus, Maumee, Neches, Kanawha, Brutus, Vulcan, Mats; target repair ship Naushan; radio repair ship Barton and 11 tugs.

GERMAN AGENTS IN FIELD

Former Teuton Dyestuff Dealers Seek to Re-establish U. S. Markets.

WASHINGTON, (AP)—Former German dyestuff agents are seeking to re-establish their American markets and defeat proposed government control of dye imports, the house ways and means committee was told today by Francis P. Garvan, alien property custodian. Mr. Garvan said he had letters written by companies which formerly acted as German agents which showed these firms were trying to convince the trade that the proposed licensing system would be harmful to its interests.

CALIFORNIA GRAPE GROWERS PROTEST DRY ENFORCEMENT

SAN FRANCISCO, (AP)—Twenty-four California wine grape growers filed affidavits in the United States district court here today in an action to enjoin the United States attorney from enforcing war-time prohibition, stating banks, including federal reserve banks, have refused to loan them money on vine lands. The growers declare some of them are facing starvation, that the value of their lands has depreciated and that war-time prohibition threatens a state of anarchy.

MIDLAND COLLEGE GOES TO FREMONT, NEBRASKA

FREMONT, Neb., (AP)—Midland college of Atchison, Kansas, will be transferred to Fremont and will open sessions here in September. Announcement of this effect was made following a meeting of trustees of the college from Iowa, Kansas, Colorado and Nebraska. The meeting was held to canvass results of a campaign by Fremont and other Nebraska Lutherans to raise funds for the transfer.

"Pop" Geers Wins with Hair Reaper

Veteran Driver Sends Trotting Colt to the Front in a Sharp Brush for \$3000.

KALAMAZOO, Mich.—"Pop" Geers, driving Hair Reaper, won the \$3000 Paper Mills purse for 2:06 trotters at the grand circuit meeting yesterday afternoon. Royal Mack won the first heat with The Toller and Prince Leece. But after that, Geers swept to the front and fought every inch of the road for victory.

Only two horses started in the free-for-all pace, but the race was interesting and was won by a short head each time by the noted Indiana Winkler. Single G. Murphy drove Directum J. against him. Murphy won the three-year-old trot easily with Brusloff, while the 2:11 trot with thirteen in the field was won by Echo Direct. Starter Merrill announced the four miles trotted by Peter Billiken and Winemotta in the 2:12 trot Tuesday afternoon, established a world's record for a four heat race over a half-mile track. The time was 2:09 1-2; 2:09 1-4, and 2:09 1-4.

Brief Sport Bits

At Chicago yesterday the truism "You can never tell" was confirmed when the White Sox took a beating 11 to 1 at the hands of the Washington team.

It was Big Eric Erickson who did it. The lengthy chap who has hurled for nearly all the big league clubs in his career, was just right yesterday, letting Comiskey's men down with four scattered hits.

The Athletics registered a near-win yesterday. The Mackinnon horse played Detroit a 4 to 2 race. The Athletics got 13 hits to 11 for their opponents, but also made four errors while the enemy was getting along with only one.

Would that some of that rain that's preventing hostilities in the National League might be wafted hither on a swift, cool breeze.

The Salt Lake Bees won again yesterday, Walt McCredie's Beavers beat victimized 15 to 3.

Outfielder "Joe" Jackson, who got his organized baseball start with the Spokane Indians in 1910 under Nic Williams, has been released by the Minneapolis club to St. Joe of the Western association.

In Boise Tuesday night Harry Gillum and Al Sommers battled fifteen bitter rounds to a draw. The men are middleweights.

Frank Barriean, once one of the most promising writers in the business, but since he had added weight to his physical structure is said to have developed, has challenged either Sommers or Gillum. The match may be made for the Boise club.

Sam Smiley, negro brush sage and baseball philosopher, opines Jess Willard was snatched when he fit Jack Dempsey.

Sam also allows he'd be willin' to be "sautrucked" tew for what Willard got outen it.

Johnny Dundee, hopper and bear cat, too, is still juzzing to decisions over second-rate lightweights. He recently got a decision in 12 rounds against Benny Vidger. The battle was staged in Boston and Volger managed to flop Johnny in the second round.

Jack Britton and Ted Lewis will battle for the welterweight championship in Jersey City on the night of July 23.

Metz's Grays have a hard job ahead. The team must be fortified if it is to make any sort of satisfactory showing toward winning the banner for the last half of the season.

Manager Metz has offered for slavery all sorts of competent and willing baseball players, but there are no takers.

Singleton, one of the best stars of the team, scats some sort of job at which he can work when not ambuling about the Roundup lot shagging flies.

Who's going to help him? C'mon!

FORTY MULES GET FIRST DAYLIGHT VIEW IN YEARS

Visit to Top of Grand Results When Stopping of Mine Pumps During Strike.

GRASS VALLEY, Cal. (AP)—Forty mules, some of which recently had their first glimpse of daylight in ten or fifteen years, are being returned to the underground workings in the Empire and North Star mines here after a brief sojourn in the open. The mules "visit" to daylight resulted from the miners strike here recently. The mine pumps were stopped and as the water began to fill the workings it was necessary to bring the mules to the surface. They had been used in hauling ore cars on the different levels.

Many of the mules through the influence of their keepers had cultivated a taste for chewing tobacco, and some were said to have made known their desire for their daily "chew" by being untractable while on the surface if it was denied them.

BATTLESHIP TO BEAR PRINCE LONDON, (AP)—The Prince of Wales will leave for Canada on the battleship Benbow August 5, it was officially announced here today.

BATTLE DOGS TO BE DEMOBILIZED

Alaskan Huskies Bound for Home After Rendering Service at Front.

NOME, Alaska, (AP)—Battle flags of the world having been furled, Nome's canine war veterans—Alaska dogs sent from here to the western front—are soon to be demobilized, according to word received from the Blue Cross society, which is known as the "Animal Red Cross." Some of the dogs may be sent back to Nome.

No service flags hang in Nome for these Malamutes, Siberian dogs and huskies and it is generally understood that all of Nome will not welcome all of the dogs back. Nome has enough dogs now, it is believed.

Some of the dogs formerly owned by "Scotty" Allen, noted driver of fast dog teams, will be given a welcome. Allen made a specialty of raising fast dogs for the races here each spring.

A large number of dogs were taken to France during the second year of the war by Lieutenant Gene Hase. They were sold to the French government at about \$25 apiece. When the dogs reached France some of them did the work required of them and some of them didn't. One report came back that Alaska dogs were not suited for the work.

Some of the Alaska dogs were used in the Alps hauling loads over the winter snows. Others were used in various lines of work along the battle fronts.

Approximately 10,000 dogs were used by the allies on the western front during the war. Many of them were loaned to the French government and are to be returned to their owners.

INFURIATED WORKMAN ATTACKS HIS FOREMAN

BOISE—(Special)—L. F. Gillis, foreman at the Boise Plywood lumber yards at Barber, was struck over the head by an infuriated workman, whom he had discharged from the company's employ. A scalp wound of considerable length was inflicted, the wound requiring a number of stitches. Gillis' assailant has been placed under arrest.

\$30,000 CHURCH ERECTED PLAN ON BOISE MORMONS

BOISE—(Special)—Members of the Church of Jesus Christ of Latter Day Saints have started a campaign for \$30,000 to be used for the erection of a church building. If the campaign is successful work on the church structure will be started next spring.

Transport Brings War Brides, Kids and Mother-in-Law

American Veterans of World War Beach Shores of Homeland.

NEWPORT NEWS, Va., (AP)—The transport *Melania* arrived Wednesday from Europe with 17 war brides, two war children and one war mother-in-law. Included in the units aboard were casual companies from Illinois and Ohio; 200 provisional battalion Company B; 40th and a detachment of the 510th engineers; evacuation hospital 30; base hospital 116, 119 and 213; sanitary squad 69; bakery company 230; motor transport company 694; transportation corps 111, 813 and 814 transportation corps.

NEW YORK, (AP)—With 1878 troops on board, including 17 officers and 119 men of the 409th pioneer infantry regiment, the transport *Scranton* arrived here Wednesday from St. Nazaire. The 809th infantry detachments included 40th and 20th headquarters, supply company medical attachment and companies A, B, C and E.

Other units represented on board included the 60th and 114th base hospitals, 23rd, 34th and 354th butchery companies, 304th service park unit, 418th telegraph battalion, 4th mobile ordnance repair shop and 15th signal corps.

NINE THOUSAND TONS OF DRAFT RECORDS AT CAPITAL

WASHINGTON, (AP)—Exhibiting the specimens taken from boxes of draft records alleged to have been exposed to damage through neglect in storing them, Major General Peter C. Harris, adjutant general of the army, told the house special war investigating committee Wednesday that this branch of its inquiry was wholly unnecessary. He pointed out that "not a spot of mildew nor a drop of water could be found on a single page."

It was brought out that nine thousand tons of draft records have been received in Washington and that more than 1,000 clerks will be needed to classify them, working for a year.

SEVEN DAY QUARANTINE ESTABLISHED AT VERA CRUZ

WASHINGTON, (AP)—A seven-day quarantine has been established at Vera Cruz, affecting all vessels arriving there after touching at Progresso, Mexico, according to a dispatch to the state department today from the American consulate at Vera Cruz. The message gave no reason for the quarantine.

MISS KELLY CALLS HER KING A JACK

KING ALEXANDER

Josephine Marie Kelly of Chicago and New York, American girl doing Red Cross work, was Europe taking as the young King Alexander of Greece continues to pay attention to her. When the king quit his suite at the grand ball, walking to the center of the great hall—Athens diplomats and foreign ministers gasped. He signs his correspondence to her "Jack" and that's what she calls his majesty.

Victory Brings Long Deferred Hair Trim

MONTREAL, (AP)—J. A. Chabot's hair and beard of nearly half a century's growth fell to the floor of a barber's shop here today when the veteran of the Franco-Prussian war of 1870 discharged his vow of 48 years ago never to have his hair cut until Alsace Lorraine was redeemed from the Prussians. Mr. Chabot left the shop with a close cropped head and an imperial after the style of Napoleon III.

TRAIN HITS WAGON CHINESE IS INJURED

CALDWELL—(Special)—Ling Taha, a Chinese truck gardener whose place is a short distance west of Caldwell, was struck by a passenger train early this week and so seriously injured that his recovery is doubtful. The gardener was driving home after disposing of a wagonload of vegetables, and was driving across the railroad tracks, when the accident occurred.

GERMANS BUYING ARMY SUPPLIES

Traffic in Foodstuffs in Occupied Area Amounts to Big Figure.

CORLENZ—(Correspondence of the Associated Press)—Civilians in the American occupied area of Germany have been buying nearly a million marks worth of food daily during the last few weeks from the United States army supplies. The amount sold thus far totals 40,000,000 marks. Germans in France and Coblenz have organized a non-profit association which deals with the inter-allied military commission on food, the supplies being distributed to the consumer through the retailers who are allowed a limited profit on all sales.

Such staples as linen, rice and canned milk were at first sold to the Germans by the commission of experts reports that the poorer classes, especially the women and children, were in need of certain foods. Later, when thousands of American soldiers were housed here, the commission decided to open certain stores of the army to the Germans, owing to the fact that there was more food on hand than the army had use for.

Much of the food is brought to the occupied area from the army depots in France, the Germans buying at a small profit to the American army, plus the transportation charges from the United States.

To date food valued at more than forty million marks has been sold to the civilians of the American occupied zone, all from army stores.

SALTON SEA IS DISTURBED

ERUPTION OF Mud Geysers Proceeds Earthquake Felt at San Diego.

LOS ANGELES, Cal., (AP)—Visitors here from the Imperial Valley, California, told of a recent disturbance in Salton Sea, a body of water formed there twelve years ago when the Colorado river overflowed its banks and poured into a part of that section that is today sea level.

This disturbance which occurred two days before a slight earthquake was felt at San Diego, 100 miles or more to the west, consisted of the prolonged eruption for an hour or more of a number of mud geysers, which tossed a mixture of mud and water, pearl grey in color, to a height of sixty feet. Geologists of the district hold a theory that the geysers, which have erupted there before, but never to such a height or for so long a time, serve as vents for gases formed far below the sea which form the soil of the valley to an estimated depth of 1800 feet.

GIVES STREET RAILWAY RIGHT TO RAISE FARES

LINCOLN, Neb., (AP)—The Nebraska supreme court in an opinion handed down Wednesday directed the Nebraska state railway commission to allow the Omaha and Council Bluffs Street Railway company to charge such temporary street car fares as will make the company secure from insolvency pending the establishment of permanent rates.

The opinion was given on an appeal by the company from a ruling of the railway commission denying the company permission to increase fares. The court in passing on the case expressed the opinion that six cents for single tickets or ten tickets for fifty-five cents would not be an improper temporary rate.

U. S. RECLAMATION ENGINEER URGES COLORADO RIVER SURVEY

WASHINGTON, (AP)—H. T. Cory, consulting engineer of the reclamation service, urged the house flood control committee Wednesday to approve a bill ordering a survey of Colorado river for control purposes. If reservoirs were constructed to retain water from melting snow, he said, floods would be prevented and nearly a million more acres brought under cultivation by irrigation.

AMERICAN AID OF IRISH NO VIOLATION OF TREATY

British Government Does Not Consider Action of Senate or Individuals in Bad Faith.

LONDON, (AP)—The British government does not regard the action of the United States senate with respect to Ireland, or the acts in the same connection of other persons or bodies representing the American people as in violation of article X of the league of nations covenant, said Andrew Bonar Law, the government leader, in the house of commons today.

The government, Mr. Bonar Law added, would not put the question of the future government of Ireland on the program for consideration at the next meeting of the council of the league of nations.

Article X of the league of nations covenant provides that the members of the league shall undertake "to respect and preserve as against external aggression the territorial integrity and existing political independence of all the members of the league." The article further provides that should there be any such aggression or "any threat or danger" of it, the council of the league "shall advise upon the means by which this obligation shall be fulfilled."

OUR 22nd Semi-Annual Garment Sale

is the mecca for all women desiring the best of bargains. Here you will find many desirable and choice buys still in stock. While the fore part of the week has seen many of the offerings bought up there are still a few select garments for women who are looking for the best.

All Coats and Suits One-Half Price

During this sale, which is one you ought to attend, we have marked all suits and coats at one-half price. Nothing is reserved and all are this spring's and summer's merchandise. FALSE PREMISES.

Men's adoration of Terminus, the heathen god of "things as they are," as old almost as the history of humanity, has never been successful for long in staying the course of progress, but still it is persisted in, and there are evidence agencies today that the cult of the mythological divinity, in a modern application, is rather widely cherished and most carefully cared for.

The ancient Roman represented Terminus, as their god presiding over boundaries, by a large stone. They were taught that when their capital was founded by one of the Roman kings, Terminus alone among the inferior deities, refused to yield his place to Jupiter. A favorable inference was drawn from his obstinacy which was interpreted by the augurs as a presage that the boundaries of Rome would never recede. During many ages, Gibbon says, the prediction, as is usual, contributed to its own accomplishment.

But Terminus yielded at last to the changing order of human advancement typified in this instance as well by acclivity of the Roman race as by the youthful vigor of the barbarian.

And Terminus must continue to yield. It is a futile now to set up an altar to present day boundaries either of nations' extent or men's capabilities as it was in the dawn of history. Allowance for development and growth must be made in considering anything that is not dead; and it is the height of folly, in one specific very modern instance, to accord serious thought to a proposal to guarantee by any human agency whatsoever the political and territorial stability of nations as they have been lately rearranged.

Armed conflict may attend the course that refuses to do homage to Terminus, but was inevitably come out of his defense.

WHY THE SUBTERFUGE?

Republican leader in the house, supported by party leaders in the senate, have agreed to attempt re-passage of the agricultural appropriation bill with the daylight saving repeal rider, despite the president's veto, and in line with this decision, the chairman of the house agricultural committee has reintroduced the measure.

Confidence in the ability to swing sufficient democrat votes to the support of the bill to override the president's veto is at the bottom of the attempt.

Granting that this is possible and that daylight saving repeal is favored as well by democrats as by republicans, still it does not appear why the repeal measure should be saddled to the appropriation bill. If it can command sufficient strength to pass congress over the president's veto it would seem to be entirely capable of standing on its own merits, and to the outsider the policy of joining it to the agricultural bill with the consequent possibility of delaying much needed appropriations does not seem to be the most politic.

There is room for difference of opinion over the desirability of the daylight saving law providing for tampering with the clock, but there can be little if any debate over the necessity for the agricultural appropriation already too long delayed.

It is results that the common people are interested in, and the laying of a possible hindrance in the path of the attainment of desired results does not command very wide approval.

If you find a new lot and need some money, find a buyer through the classified ads. Tell the returned soldier what kind of a job you have for him through the classified ads.

Grain and Provisions
CHICAGO, (AP) - Demoralization in sterling exchange had an unmistakable bearish effect today on the corn market. The fact that sterling had failed to have a lift exporters were reluctant to do business. A drastic setback this morning in the value of hogs tended likewise to depress corn, and so, too, did the failure of half a dozen other productions. Opening prices which varied from unchanged figures to 1 3/8c lower, with September \$1.15 1/4 to 1.90 1/4 and December \$1.64 3/4 to 1.85 1/2, were followed by declines all around. Prevalence of labor troubles tended to obstruct any important development in selling prices. The market closed heavy, 1/2 to 1 1/4c net lower, with September \$1.94 to 1.94 1/4 and December \$1.62 7/8 to 1.63 1/8. One exception with corn. After opening unchanged at \$1 1/2 to \$2c, the market underwent a general sag. Provisions dropped with hogs, and grain and hogs were heavy. The market closed at nearly the bottom point of the session.

SIEDERMAN BALKS OVER THE SHANTUNG PACT PROVISION

(Continued from page one)
eighty in the Philippines. Japan's expansion is seaward as well as landward. Her ambition covers the Pacific ocean as well as the Asiatic mainland. With Germany in perpetual conflict, it is no far inference that a practical partition of the world into a union of those two powers in Europe and Asia is no impossible event.

Language of Joint Outrage
"Japan assumes sovereign rights over Chinese territory. Mere reinforcement of insular partitions and interpretations will not remove this impending truth. Japan will not surrender this advantage so gained. Article 10 and the portion of the Shantung pact which are twin brothers of a common injury. They speak the language of a joint outrage and bear the evidence of deliberate partitioning of the world." "Great Britain bore a large part in the war. The life blood of Great Britain is her foreign trade. We are without adequate experience in foreign trade. We are upon the threshold of that experiment. Great Britain is keenly observant of our course. She has been full of sentiment and sometimes of humanity in breaking down and destroying her rivals.

Vulnerable in Philippines
"We have denied Japan the right of immigration for her subjects. It is a wound to their pride. We are vulnerable in the Philippines. Our great friend lives beyond in the people of the Chinese republic. In our day of peril it must be remembered that the

interests of Great Britain and Japan in the Orient are identical. "We can defend ourselves. It will be a heavy price to pay but it will be paid. We may lose the Philippines. Our greatest friend may then be the Chinese people whom today we are asked to humiliate and dismember."

FAVORS TREATY ADOPTION WITH SOME CHANGES

(Continued from page one)
They favor the league of nations, based upon international co-operation as the best solution of the problem. I am in favor of the principles embodied in the league of nations. This does not mean that I have reached a decision that the league should be ratified in the precise form in which it is now presented. League and Treaty Inseparable. There has been much controversy over the question whether the league should not be separated from the peace treaty. I have always believed the league to be inseparable from the peace treaty because the treaty cannot be enforced except through the league. The peace treaty leaves the world on fire with national aspirations unbridled, territorial limits undefined, racial conflicts impending and with incipient wars already started. If it is unthinkably to us to desert England, France and Italy when the world is in chaos, we must become a member of the league as providing the only machinery for the restoration of peace and order. The provisions of the league with respect to arbitration or investigation and report have been criticized as not strong enough, but they clearly will tend to prevent war. Upon the question of reservations I reserve my judgment for a full discussion and consideration. Advertise it in the Classified columns.

ONE BIG UNION OF MARINERS IS THE PLAN OF I. W. W.

(Continued from page one)
suburban homes, while extra "shuttle" trains and added coaches on the regular trains on the Boston and Maine, Boston and Albany, and New York, New Haven and Hartford railroads were brought into service. Commercial and industrial concerns were handicapped by depleted forces as thousands of employees were forced to remain away during these early hours for lack of transportation. The strike was called as a protest against alleged delay in the award in the wage dispute between the company and the car men. The strikers demand an eight hour day and a wage of 73 1/2 cents an hour.

TEN THOUSAND IMPLEMENT MAKERS IN CHICAGO IDLE

CHICAGO, (AP) - Ten thousand employees of the McCormick Reaper works of the International Harvester company are idle today as a result of the closing of the plant for an indefinite period, due to strike which began last Tuesday. The men, although they have not presented their demands are said to want \$1 an hour pay, a 44 hour week and a closed shop. Officials of the McCormick works a statement issued today denied that the company had locked out any of its men. They assert that 4,000 of the men suddenly quit work July 15 without making any demands and that a majority of the employees desire to return but are prevented from doing so for fear of violence. E. J. Nockels, secretary of the Chicago Federation of Labor, said today that the closing of the works virtually operates as a lockout. He denied that the men are on a strike and says they simply quit work in groups because they were dissatisfied with their wages and hours of employment.

SENATE CALLS FOR WILSON'S PROTEST IN SETTLEMENT

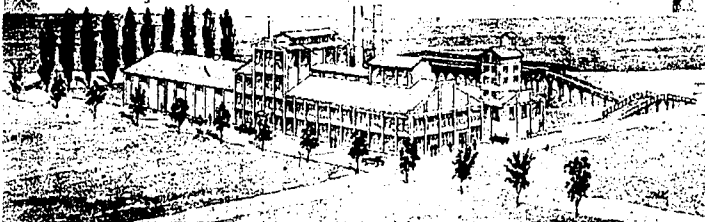

(Continued from page one)
position in regard to the league of nations "had been made as clear as the English language could make it" and that his position now was the same as it always had been. Colt Wants Clarity After a conference with President Wilson today at the White House, Senator Colt, republican, Rhode Island, said he believed the Shantung settlement in the peace treaty "could be made much clearer than it appeared to be at present." Senator Colt said he thought the president was in a position to make a complete exposition of the Shantung situation and indicated that some of the points in discussion of this section of the treaty involved had been satisfactorily explained to him. Senator Colt said it had been pointed out to him that Japan had made certain concessions in return for what she received and that in considering the Shantung question the influence of the league of nations on Japan should be remembered. On Calling List Senators invited to the White House tomorrow to discuss the treaty included Mc-Nary, Oregon, who is understood to favor the league of nations, and Kellogg, Minnesota, and Capper, Kansas who have not announced any definite stand on the league proposal.

FILER TO GET MILLION DOLLAR SUGAR FACTORY CORPORATION FORMED TO CONSTRUCT FOUR PLANTS PROFIT-SHARING SCHEME INVOLVED IN THE SYSTEM

MILLION DOLLAR SUGAR PLANT

One of the four big beet sugar institutions proposed for the Twin Falls tract district. This plant is to be established near Filer, by the Idaho Cooperative Beet Sugar company, work to start about September 1 this year. The mill will have a capacity of four hundred tons of slashings per day. Its annual output of sugar is estimated at one million dollars.

The first of a series of million dollar beet sugar factories planned to be instituted and operated in the Twin Falls tract district by the Idaho Cooperative Beet Sugar company is to be established at Filer, work according to officers of the company to start about September 1, this year. The remaining three will be constructed as time proceeds and progress warrants.

The Idaho Cooperative Sugar company has just incorporated with a stated capitalization of \$4,500,000. Its officers are: Oswald Wilson of Twin Falls, president; James M. Kelley, president of the Omaha Steel Works at Omaha, vice president; Arthur E. Anderson, consulting engineer; H. Schwartz, secretary; A. O. Matland, cashier of the Farmers & Merchants bank of Filer, treasurer; Henry Schwarz, president of the Schwanz Engineering works, Denver, consulting engineer; H. Schwartz, was selected for this position by reason of his 25 years experience in the construction of beet sugar factories; R. H. Miller, western manager of the Richardson Scale company, director. Two other directors are to be named from the farming community around Filer. A. H. Birrell of Salt Lake is fiscal agent for the company to handle sales. The incorporators are: Oswald Wilson, Twin Falls; Arthur E. Anderson, Filer; F. O. Wilson, Twin Falls.

Profit-sharing Plan.

The operation plan of the organization is completely outlined in articles filed. After dividends are paid, twenty-five per cent of any surplus each year is to be distributed pro-rata among the stockholders who grow and deliver beets to the factories of the company in ratio of amount delivered.

Ten per cent of the surplus is to be paid out to factory and company employees as shall be determined by the board of directors in ratio according to the wages paid.

Prevailing prices for beets will be paid by the new corporation, but, varying the plan of other beet sugar plant managements, the company will do its own hauling, leaving the producer free to work in his fields. The grower will receive back, free of charge, his pulp, which will be used as feed. Cost of haulage will be charged back to the grower in amounts of 50 per cent. It is expected, officials say, that through the distribution of surplus after

the regular dividends are paid the farmer will have added to his price per ton for beets between \$2 and \$3.

Bookings Acre

The company is already in the field obtaining signatures to contracts for beet acreage. L. J. Hales and A. J. Jew, beet growers of Spanish Fork, Utah, with President Oswald Wilson, are in charge of the contract gathering.

The Twin Falls tract district, as far as records show, is particularly adapted to the culture of sugar beets and is said to be one of the most productive districts in the United States.

The factories, proposed by the Idaho Cooperative Sugar company for this district, will cover approximately 10 acres of ground, including auxiliary buildings, trackage and the like. The first factory should be ready to receive its first slashings from the 1920 crop. Each of the proposed plants will represent an investment of \$1,000,000. They will draw patronage from both the north and south side tracts.

CLOUDS GATHER LOW BUT BRING NO RAIN

Onionous Conditions Early This Morning Lead to High Hopes Only to Be Dashed.

"All signs fail in dry times" is a trite saying of the old-fashioned weather prophet. The truth of this philosophy was amply exemplified, if not amplified, in symptoms of a morning, which led the keen weather observer and prognosticator to prophesy rain before noon; were dispelled long before noon by a wind with not a drop of water to make a trace of precipitation.

Considerable before the average Twin Falls citizen is about his or her business, the morning signs pointed to rain, if not a bad storm. Low on the western horizon hung dense clouds gathered and, propelled by a strong breeze at their back, moved rapidly toward this district. At 7 o'clock the storm signs were particularly ominous and a half hour later the entire sky became overcast. Then, as if by magic, the clouds broke in twain, one-half scattering before the gale in one direction, the other taking an entirely opposite course. A dust storm only, covered all the promise of the earlier hours.

The local barometer shows a stormy condition yet, and hope of a good rain did not fade with the fleeting storm clouds this morning.

SIX COUPLES LICENSED.

Six marriage licenses were issued by the county clerk yesterday afternoon. They were issued to the following: Charles F. Shanley, of Buhl and Ethel B. White of Rogerson; P. O. Massey of Jerome and Clara V. Quinn of Ottawa county, Kansas; Edward F. Walker and Fannie Matthews of Murtaugh; Harry J. Chance and Stella Gaskell of Burley; Richard G. Loontjens and Julia Charlotte Lindau of Buhl; Ray F. Hartung and Hazel Glasgow of Twin Falls.

PACKED A GUN.

J. A. Staples, a bulky fellow of 20 years, is a guest of the county, having been arrested on Wednesday night. He is to be formally accused of carrying concealed weapons. As evidence, the sheriff has in his possession a six-shooter, said to have been taken from Rippee. Patrolman Frank Haman made the arrest.

TO CONDUCT CLASSES.

Mias Edna L. Ludwig, demonstrator connected with the County Farm bureau, left today for Clear Lake, where she will conduct a class in dress forms. Tomorrow she will conduct a similar class at Pleasant View. At these meetings Miss Ludwig will discuss plans of home demonstration in connection with the farm bureau.

ARE RESTRAINING ORDER.

E. E. Hobbs has entered a plea in the district court seeking to restrain the Cedar Canal company, and others, from taking from the Cedar canal more than a certain 17 cubic feet claimed to have been allowed by a court order issued some time ago. Claim is made that the company is taking more than this amount.

INVESTIGATING APHIS REPORTS
C. H. Bohrer, county agent, and P. H. Smith, veterinarian, are spending today in the Kimberly district investigating reports of the existence of clover aphid.

MERCURY AGAIN HITS SEASON'S HIGH MARK

One Hundred in Shade Record for Yesterday; Crops Wilt Under Withering Sun.

Again hitting the top temperature mark of the season the mercury yesterday found its way to 100 degrees in the shade. This is equal to the record established two weeks ago yesterday. Low for the twenty-four hours expiring yesterday at sunset, was 62 degrees.

The excessive heat of yesterday drew complaints from many agriculturists in the Twin Falls district. The heat, intensified because of utter lack of any breeze, caused apprehension when the growing crops showed earlier "scorching." Today, however, the temperature has declined perceptibly and crops are being afforded the added protection of a cool breeze.

At the offices of the Twin Falls Canal company announcement was sent out today that the supply of water from this time on will revert to the former 30 per cent of normal. The company has no access to further supplies of impounded, and will now be forced to depend upon the natural flow. It is believed, however, that all wheat, except the late growth, is now made, and will need no water other than the 30 per cent. Beets, beans, the potatoes, clover and alfalfa, may be able to get along on the present supply, but the crops are likely to be diminished in size and quality on this account.

Grain crops, it is asserted, are fair plus on the entire tract, and will mature nicely without much more watering.

"CY" MORGAN SIGNED TO PITCH FOR TWINS

Former Union Association Star Will Hurl Sunday; Other Players Coming.

"Cy" Morgan, known to his Salt Lake social acquaintances as Willie B. will be on the park for the Twin Falls club next Sunday against Rupert, that is if Willie B. does not attempt to get a strange hold on the starting apparatus of a road bug.

Announcement was made today by Manager A. L. Metz of the Twin Falls Grays that Morgan had been signed to pitch on Sunday. The former Union Association star will meet the club at Rupert when the Metzmen reach that place Sunday for the second half of the working season.

During the past few days things have been happening with startling regularity in the Southern Idaho baseball league, some of the events rebounding to the advantage of the Twin Falls club.

In the first place the Filer club disbanded Tuesday night. It's best players sought other fields of endeavor, and some will stick to the baseball field. Lou Chamber, premier catcher of the league, and Miller, long hits the best shortstop in the circuit, are footloose, and it may be one or both will wear the gray uniform of the locals, and will be ready to deliver whenever called upon.

Reports from Filer today indicate that the team will be reorganized to finish the playing season.

BUSINESS MEN MEET

Between twenty-five and thirty local business men met at the Masonic Temple last night to discuss labor conditions in and around Twin Falls. W. F. Porter of the Palace cafe presided. The meeting was given over to a general discussion of the subject of local labor conditions. There were no resolutions or other definite action.

Real estate must be unobscured, stated, if it is to yield you a return on your investment.

CALLS FOR WORKERS KEEP UP.

E. E. Crabtree, in charge the employment of the County Farm bureau, reports continued steady demand for workers on Twin Falls county ranches. He reports a steady increase in the calls for workers, with an apparent increasing supply.

W. T. Seal of Denton, Texas, was an arrival here yesterday. Mr. Seal was for many years a resident of Twin Falls, having left here about a year ago for his new home where he has extensive oil interests.

The big ventilation system delivers twenty thousand cubic feet of fresh air a minute. Positively cool and pleasant.

THE GEM THEATRE

QUALITY FOTOPLAYS

PLEADS NOT GUILTY.

Theodore Austin, residing on the Perrine farm on the outskirts of Twin Falls, was arraigned before Judge O. E. Duvall this morning on charge of tampering with a water headgate. He entered a plea of not guilty and will have a preliminary hearing next Tuesday morning in the probate court.

BUILDING PERMITS.

City Clerk W. A. Mianick this morning issued two building permits to W. L. Foustner for the erection of frame dwellings, each to cost \$3000. One is to be erected on lot 2, block 113, Twin Falls townsite, and the other lot 8, block 111, in the same townsite.

PAYS FOR TAKING WATER.

In the justice court of J. C. Gates at Buhl, this morning, Peter Kruse, a rancher residing near Buhl, was found guilty on a charge of stealing water from a canal. He paid a fine of \$75.

GONE TO HANSEN.

Mayor W. H. Eldridge left this morning with members of the city aldermanic force, for Hansen to attend the bridge opening ceremonies.

WOODCRAFT WOMEN TO MEET

The Neighbors of Woodcraft will hold their next regular meeting Friday evening at 8 o'clock in I. O. O. F. hall.

Stocks on Market Large and Varied

Many New Fruits and Vegetables are Reaching Local Farmers' Market.

Four market gardeners took possession of the public market site this morning, all enjoying a rare trade. Stocks were fairly well cleaned out at noon. Those occupying stands were Ed Vance, Bert Sheffer, D. K. Frost and E. E. Crabtree.

Stocks offered for sale at the public market this morning included a lot of new products. Cauliflower, apricots, apples and even pears made their initial appearance. Peaches are coming in steadily and in ever increasing quantity. Late strawberries were offered today. Black and red raspberries, with plenty of blackberries, currants and gooseberries, hold a considerable portion of the stands devoted to fruits. Peas and string beans are showing up in plentiful supply. New money, too, was offered today.

Saturday is to be a big sales day at the public market. Potatoes, and all other lines of vegetables will be offered on that day at bargain prices.

The new man who was in charge of the little store around the corner today proposing to furnish his new enterprise through the classified.

EPISCOPAL CHURCH EMPLOYS DIRECTOR

H. M. Barratt, Tenor Soloist and Chorister, Will Have Charge of Music.

As a part of the general scheme of the vestry of Ansonia Episcopal church to build up the parish Harry M. Barratt, tenor soloist and experienced choral director, has been employed to have charge of the choir affairs of the church. Mr. Barratt will assume charge of the choir next Sunday. The new choir master of Ansonia church received his early vocal training in parish and cathedral choirs in England. At the age of 12 he sang all the soprano solos in the Messiah at a choral festival of diocesan choirs in the Manchester cathedral. Later he came to the United States and has been most prominently identified with choral directing and singing in Waterloo, Ia., Missouri and Great Falls, Mont. At Salt Lake for more than a year he was tenor soloist at St. Paul church. He was also soloist at Masonic lodge functions.

M'CORMICK DEVELOPS FAST IN G. O. P.

Senator Modill McCormick of Illinois through intensified activities is fast becoming one of the big leaders in the Republican party. Mrs. McCormick is also very active in the women's affairs, co-operating with her husband. This is a new picture of Senator McCormick on the capital steps.

To Darken Boise as Power Saver

Street Lights to Be Shut Off So Energy May Be Used to Irrigate Crops.

BOISE—(Special)—Announcement has been made by Mayor Engleton that a "lightless night" will be inaugurated in Boise in order that the extra electrical power may be devoted to raising water on valley farms where the water is most needed to save crops from burning up. All street lights are to be shut off one night. This plan has been adopted by the city council and arrangements are now being formulated for putting it into effect. Plans favored for diminishing street car operation on urban and interurban lines have been frowned upon by officers of the traction company, who explain that in the case of the city cars very little power is used. In the case of the interurban lines shutting off of these would cause material damage to the city than the material damage to the rural lines carry. It is explained that the rural lines carry all the city's milk and truck supplies, which would be shut off in case of a limited operation.

Several extra policemen will be required to watch the city on lightless nights.

Local Brevities

Rural Clubs to Meet—The board of directors of the federation of rural clubs will hold their regular monthly session, Saturday, at 2 o'clock at the farm bureau room.

Return from Park—Miss Rena Glenn, Mr. and Mrs. J. P. McClure, Miss Johnson and Mr. Stiner have returned from a 7 days' trip through Yellowstone Park.

Sells Ranch—E. B. Johnston has sold his 80 acre ranch to A. L. O'Brien, the consideration being \$22,000. Mr. Johnston announces he will go to the coast for a vacation of indefinite length.

Fraternities Meeting Called—The Royal Neighbors of America will hold their next regular meeting Friday evening at the I. O. E. Hall at 8 p. m. All benefit members are requested to be present.

Going West—Mr. and Mrs. P. W. McRoberts left today for Spokane, where they will attend a national convention of the Order of Eastern Star. Mrs. McRoberts is grand worthy matron of the O. E. S. in Idaho.

On Home Shores Again—Word has been received in Twin Falls that Francis J. Harbert, son of W. T. Harbert, has reached New York from overseas. The young man has been in service with the U. S. medical corps in France the past 18 months.

Shows Million Capitalization—The Lavan Mine company, which yesterday filed with the county recorder articles of incorporation, shows capital stock amounting to \$1,000,000. The company has headquarters at Contact, Nevada. C. H. Krenkel, one of the incorporators, is a resident of Twin Falls. The others are Contact or Filer residents.

Notes on Note—The Gooding Motor company has filed action in the district court against C. D. Lyon and Cliff Neilson to recover \$792 alleged to be due on a promissory note said to have been given in purchase of an automobile sold two years ago. Suit is now brought on a note given May 18, 1913, renewing paper pledged at the time the machine was purchased. Neilson is said to be guarantor of the note.

We are again making stockfeed, The Twin Falls Flour Mills. (adv.)

Theatres

NEW TARZAN FILM DUE. Featuring practically the same remarkable cast of players who made "Tarzan of the Apes" one of the outstanding film triumphs of recent years, "The Romance of Tarzan," which dramatizes the concluding chapters of Edgar Rice Burroughs' great story of jungle life, comes to the Gem theatre today.

ALL STAR CAST AT LAVERING. H. H. Frazee has, beyond question, had more famous "All Star" organizations under his management than any other American producer since Augustine Daly—and the combination of the stars now making a transcontinental tour under his personal direction is the foremost assemblage ever placed on tour in America. A more mention of the names heading the company, is sufficient guarantee of its excellence. Margaret Livingston-Wilton, Lasky-Katherine Kaedler. Can any theatre-goer recall such a collection of famous stars. In one play, in the past two decades?

The play "A Good Bad Woman," it goes without saying, must be satisfactory to the players, for the very good reason that players of national note do not appear in parts unsuited to their particular talents for any length of time. Not only are unsuited parts hurtful to their reputations, but most trying on their nerves. Modern producing managers do not carry the cost of their waste—any how much the direct expense is, but any one familiar with salaries knows the cost to conduct such an enterprise must be enough to stagger a reproducer of lesser resources and confidence in their own judgment to select winning stars and plays. It was Manager Frazee who paid such a fancy price for the Boston baseball team, and made a lot of money from the investment.

Government Helps Blackout Farmers

Federal Department Loans Water from Fort Hall Project to Save Crops.

BOISE—(Special)—For the protection of crops in the Blackfoot district the federal government has authorized the diversion of nearly 40 second feet of water from the Marsh reservoir. In this reservoir water from the Blackfoot river is impounded to supply the farmers on the Fort Hall project. It is said that the amount of water supplied as a loan by the government will save an immense tract of crops.

BRAND WHITLOCK GOES TO NEW POST AT ROME

Brand Whitlock proved his diplomatic ability as U. S. ambassador to Belgium in the early days of the war when to have made one false step would have been to bring European criticism down on his head. As a reward for his wonderful work there, he has been named new ambassador to Italy.

The reason why you classified ad will reach the right people is found in the fact that self-interest draws people to the classified.

More Fires Start in Idaho Timber

Four New Sections Are Attacked by Flames Shooting from Original Blaze.

BOISE—(Special)—In the past 24 hours reports have reached Boise of numerous forest fires which have started since the early reports of the conflagration in the Yellow Pine reserve. The new fires are said to be of great importance than the original, and are reported spreading with great rapidity. Thousands of acres of fine timber are being devastated the entire country is now in peril. One fork of the conflagration is straying along Cotton creek canyon, lying along the east boundary of the Idaho National forest. Another new fire is sweeping the mouth of Pitman creek. The north fork of the fire is beyond reach of fire fighters. An appeal has been made for federal assistance in fighting the fire menace, that seems to be becoming more appalling hourly.

Social Notes

The Salmon Social club met on July 10, at the home of Mrs. L. Benton. The club voted to join the Federation of Rural clubs after listening to an interesting talk by its president, Mrs. Frank Osborne. Miss Larena Souders, who has just returned from school in California, gave a very pretty selection on the piano. Miss Laura Bayl recited a humorous monologue that was enjoyed very much. The next meeting will be with Mrs. Harry Capps on July 24.

To the Woman Who "Never Has Any Luck Putting Up Fruit and Berries" How even a Beginner can be Sure of Perfect Results in Making Jams, Jellies and Preserves. Good home preserving is now easy to accomplish. Even the housewife who "never has any luck" with all sugar preserving can put up fruit perfectly if she will first make her preserving syrup with 1/2 Karo (Red Label) and 1/2 sugar—instead of sugar alone. By this method you can always have the finest, most delicious jams, good clear jellies, and preserves with a rich, heavy syrup. Karo is a fine, clear syrup, with a natural affinity for the fruit juices. It blends the fruit with the sugar, doing away with one of the great difficulties of putting up fruit at home, and just about cutting the work in half. You can depend on it that fruit put up by this method will never grow tough or "candy" in the glass. For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food. FREE The experienced housewife as well as the beginner will find unusual interest in the new sixty-eight page Corn Products Cook Book. Beautifully illustrated—and suggestions galore for preserving, etc. It is free—write us today for it. CORN PRODUCTS REFINING CO., P. O. Box 161, New York City.

IRISH LEADER BEGS FOR AID OF AMERICANS

DeValera Calls United States Leader in Cause of Human Liberty in Message from His Train to Coast.

SAN FRANCISCO, (AP)—Eamonn De Valera, provisional president of the Irish republic, speeding today on a special train to San Francisco where he will be the central figure during the remaining sessions of the national convention of the Ancient Order of Hibernians, telegraphed to the San Francisco Bulletin a message in which he characterized the United States as a moral leader of the world.

All Look to United States
"People of every country look to the United States for America as their natural leader in the cause of human liberty," De Valera said.

Your own conception of liberty and your consistent traditions of liberty at home as well as your international policy abroad, have won for you the moral leadership of the world.

The cause which America's public opinion aligns itself behind today as being just, the whole world will accept and support tomorrow. The clear evidences of the sincerity with which the American people support the cause of domestic government in Ireland is to me the greatest surety that government by the consent of the governed will obtain in Ireland and the our people will no longer be compelled by military force to live under a sovereignty which they do not desire and never have desired.

Hibernians Plan Welcome
An excursion headed by national officers of the Hibernians was organized in San Francisco to greet De Valera at Sacramento today and escort him to San Francisco, but no formal appearance until tomorrow had been planned for him here.

GROSVENOR IS HELD FOR DISTRICT COURT

Ditch Rider Must Stand Trial for the Death of E. L. Van Ripper, Buhl Farmer.

In the probate court yesterday evening Henry Grosvenor was ordered held to the district court on charge of murder in the second degree. Bonds of \$7500, on which Grosvenor was released several days ago, were continued in effect.

Grosvenor who is a ditch rider employed by the Twin Falls Canal company, is held accountable for the death of E. L. Van Ripper, a Buhl district farmer. The two had an altercation over water supplied the Van Ripper farm, the quarrel ending, according to evidence introduced at the preliminary examination, with Grosvenor striking the farmer on the head with a heavy weed hook. Van Ripper died several days later, the death attributed from a fracture of the skull which brought about cerebral hemorrhages.

Much evidence was introduced at the hearing in the probate court all tending to show that Grosvenor struck Van Ripper with the weed hook. Witnesses for the state were: R. L. Lowell and W. H. Werner, farmers living near the Van Ripper place, who testified to have been present at the time of the quarrel between Grosvenor and Van Ripper.

Big Health Film to Be Shown Here

"Fit to Fight" Will Be Presented Free at Lavinger Theatre Tomorrow Night.

"Fit to Fight," a health film, put out by the federal government and endorsed by various state health departments throughout the country, will be shown free to men and boys, the latter not younger than 16, at the Lavinger theater beginning at 8 o'clock tomorrow night.

This picture deals with health topics, treating on the various phases of care and treatment making for better health among men. It takes up the question of social diseases, means of contamination, progress and evil results obtaining. The entire picture, designed as a warning against extravagance in habit and tells a story compelling profound considerations. The story "Fit to Fight" is told in

five rools. Every phase is of vast interest and importance. The picture was brought to Twin Falls by the Idaho Pharmaceutical association, and was presented for the edification of the delegates at a convention held here this week of that body of the Gen. They have been decided to hold it over and afford the public an opportunity to get the benefit of its teachings. The Lavinger theatre has been donated to this purpose for tomorrow night. Boys under 16 years of age will not be admitted to this performance. The picture was run in Salt Lake one week at a theatre and was shown, in addition at several churches before church organizations.

Not much expense and not much delay involved in getting results from classified advertising.

WAR DEPARTMENT TESTS

New Coast Defense Material with Air Services Tried Out.

WASHINGTON, (AP)—Plans have been prepared by the war department for extensive tests of new coast defense material in conjunction with the air service. A special squadron of airplanes, including 20 De Havillands, will be used and now are being assembled at Langley field, Va. New railway mounts for heavy ordnance are to be tried out at the Cape Henry fortifications.

PERHING GUEST OF KING

LONDON, (AP)—General John J. Pershing, who is here to lead the American troops in the Victory parade Saturday, was the guest of Queen Mary and King George at luncheon at Buckingham palace today.

FOREIGN EXCHANGE TAKES ANOTHER VIOLENT DROP

NEW YORK, (AP)—Exchange on London underwent another violent decline today, demand bills falling to 4.26 3/4 and cables to 4.28 3/4, or 3 to 4 cents under yesterday's figures, the lowest ever recorded.

France also suffered further depreciation, with demand at 7.20 and cables at 7.18. The Italian rate was lower and quotations to Holland and other north European centers were again unsettled.

International bankers were of the opinion today that a further break in sterling would soon cause British bankers to ship gold to this country.

Memors and answers of classified ads are practical folks, seeking quick solutions for immediate needs.

CONVALESCENT SOLDIERS ON PLEASURE CAMPAIGN

Veteran Wounded 65 Times Commands Detachment from Six Hospitals on Day's Outing.

NEW YORK, (AP)—Sergeant John B. White of the 28th infantry, first division, who was wounded sixty-three times, today commanded a detachment of 182 convalescent soldiers from six army hospitals near New York on a campaign of pleasure that began with luncheon at the Yale club. Following the luncheon the men were to be the guests of the New York National league baseball club at the Polo ground. After the game the social department of the New York War Camp community service will entertain the company at dinner at Pershing house in Cranery Square.

DEMPSEY IN LOS ANGELES

New Heavyweight Champion Visits Coast to Line Up Movie Work.

LOS ANGELES, (AP)—Jack Dempsey, the new heavyweight boxing champion of the world, arrived in Los Angeles early today and will go to San Francisco tonight unless his plans change. He was accompanied by his manager, Jack Kearns.

Dempsey will be the guest of honor at a luncheon at which a number of newspaper men and local sportsmen will greet him. He will attend the coast league ball game after luncheon and will be presented to the crowd from the home plate.

The champion said it was his plan to visit San Francisco, go to Salt Lake to see his mother and then return here for some motion picture work.

Build a Home In The Suburbs Get Out In The Open

Why don't you build a home for yourself and your family out on the edges between the city and the country? Out where you are not hemmed about too closely—where you have room to do as you please, or be alone if you feel that way. Not so many eyes always spying and so many ears always listening. A little more seclusion and a great deal more contentment.

You'll find the air clean out there and the sunshine bright. You will have bird neighbors and flower beds and summer breezes and green grass and all the multitude of natural blessings which go far toward making home life enjoyable.

When your son and daughter are out of your sight you will know they are associating with children of whom you approve, children whose habits and morals are clean. You will not be constantly worrying lest they are with questionable companions in questionable places.

Your babies will play on the clean lawn instead of in the dirty and dangerous street. Here the little bodies and minds will grow and flourish amidst surroundings that are clean and safe. Your youngsters will grow into healthier, better, bigger and more intelligent men and women for having been brought up in the environments of Nature, which breed all that is best.

Here, after the day's work is finished, you can find rest and recuperation. The shrieking of whistles and the thousand noises of city industry are poor

remedies for tired bodies and toil-worn brains. But out in the quiet suburbs the peacefulness is as a tonic to body and mind, resting weary muscles and clearing cob-webs from tired brains.

And the advantages of the city will be yours as well as the advantages of the country. And yet, being on the edges, you will avoid the disadvantages of both. You will take a great step forward and upward in your mode of life and in your self-respect. You will have a higher degree of energy for your daily tasks if you are away from the sordidness and oppressiveness of being always in the city.

You owe your family a home of their own. Make that home safe and secure, and your family happy and contented, by building in the suburbs. And do not delay. Authorities concede that building costs are higher today than in the past, but against this, rents are very much higher today than ever before.

Furthermore, authorities are agreed that building costs cannot be lower until some indefinite time in the future. Therefore you can readily see that you are actually losing by delay. **Build Now!**

For any information you may desire, on any subject pertaining to locations, plans, materials, finishings, furnishings, equipments, costs, information as to architects, contractors, etc.—call at the Building Information Office. Not a thing to sell, but a great deal to give away!
