

TWIN FALLS DAILY NEWS

50 AMERICANS ARE MURDERED IN MEXICO IN THREE YEARS

Ambassador Fletcher Tells Congressional Committee Authorities Have Not Prosecuted in Single Instance.

BANDITS GIVEN BLAME FOR ALL DEPREDACTIONS

Diplomat Says Withdrawal of Carranza Recognition Would Only Increase Troubles Further.

WASHINGTON, (AP)—Henry P. Fletcher, American ambassador to Mexico, told the house rules committee today that since his appointment three years ago, about fifty Americans had been killed in Mexico without a single prosecution being made by the Mexican authorities.

Referring to questions by Chairman Campbell, Ambassador Fletcher said withdrawal of recognition of the Carranza government by the United States would only increase the turmoil in the country, which he said he did not know of any revolutionary leader capable of establishing a permanent government.

Not Exactly Anti-American

Ambassador Fletcher said he had not noticed any special anti-American feeling in Mexico and explained that the presence of more American citizens there than other foreigners probably accounted for the greater number of outrages affecting Americans.

The ambassador was summoned before the committee in connection with a resolution introduced by Representative Gault, Republican, New York, proposing appointment of a joint congressional committee to investigate relations between this country and Mexico.

Declines to Give Opinion

Mr. Fletcher reportedly declined to express opinions upon conditions in the country, but he did state that he had risked only facts. He also told the committee he had no statement to make.

"Do you regard the situation in Mexico as improved in the last three years?" asked Chairman Campbell.

GENERAL STRIKE IS STAGED ONLY BY THE TEUTONS

Troops and Strikers Clash in Berlin; Proposed International Demonstration Falls Down in France and Italy.

PARIS, (AP)—Firing took place yesterday afternoon between Berlin troops and processions of strikers carrying red flags, in various parts of the city, according to a Havas dispatch from Berlin dated Monday's date.

An Associated Press dispatch from Berlin dated Monday and received last night, said that an independent socialist procession had been broken up by police with machine guns and flame throwers.

ITALY COMPLETELY CHECKS GENERAL STRIKE MOVE

ROME, (AP)—The proposed international demonstration strike called for yesterday was not put into effect on any considerable scale in any of the large cities of Italy, according to reports received here.

DEMONSTRATION POSTPONED INDEFINITELY IN FRANCE

PARIS, (AP)—The proposed international demonstration strike called for yesterday was "postponed" by the labor unions in France, according to reports from the principal cities. The strike movements were said not to have been fully organized even among the masses of corporations which expected their men to stop work.

Townley Must Stand Libel Charge Trial

BISMARCK, N. D. (AP)—According to a decision of the state supreme court today, C. Townley, president of the National Non-Partisan League, must stand trial on a charge of libel referred by state Senator T. A. Egan, publisher of the Bismarck, N. D. News, England demands \$25,000 damages as the result of articles which he says were printed in Non-Partisan League newspapers during the 1917 session of the state legislature.

Allied Commander Gives Plans for Budapest Advance

D'Esperay Prepares for March to Hungarian Capital with 150,000 Men.

VIENNA, (AP)—(Delayed)—General Franelot D'Esperay, commander of allied forces in the Near East, announces that he is preparing an advance upon Budapest, the Hungarian capital, with 150,000 troops. The army is made up of French colonial, Roumanian, Czech-Slav, Italian and Hungarian. Special dispatches within the last ten days have reported that such a movement by General D'Esperay was in contemplation, but no definite announcement as contained in the foregoing, has previously been recorded.

HOUSE ADOPTS DRASTIC DRY ENFORCEMENT

Opponents Declare Rigorous Provisions Invite Presidential Veto, Measure Goes Now for Senate Action.

WASHINGTON, (AP)—The prohibition enforcement bill, described by the members opposing it as drastic enough to invite a presidential veto, was finally passed today by the house. The vote was 168 after a motion by Representative Luce, Democrat, Missouri, to recommit the bill, had been defeated, 237 to 136. Nearly every member of the house was in attendance and there was some noise during the roll call that Republican Leader Mondell was recorded as supporting the bill. He was permitted to change his vote.

Vote Is Applauded

The vote on the passage of the bill was 287 to 109, with three members voting present. The floor when the vote was announced. Only a few visitors were in the galleries.

The measure, which had been before the house for more than a week, now goes to the senate. It is expected that the measure will not be accepted there as a whole.

Possession Illegal After February

Every person, permitted under the law to possess liquor, after February 1, 1920, shall report the quantity and kind to the commissioners of internal revenue. (This applies to chemists, physicians, etc.)

Personal Stocks Exempted

It will not be required, however, to report, and it will not be illegal to have in one's possession, liquor in a private dwelling while the same is acquired and used by the possessor as his private dwelling and the liquor is used.

WORLD NEWS EVENTS

LONDON, (AP)—The war office announces that owing to the presence at Caspian sea of strong Bolshevik reinforcements in the rear of General Denekine's troops, the Denekine forces have been obliged to make another retreat.

COPENHAGEN, (AP)—Bela Kun, deposed head of the Hungarian soviet government is held in isolation, according to unconfirmed reports to Vienna newspapers. It was said members of the soviet directorate at Budapest who had assumed command were negotiating with the allies.

LONDON, (P) (via Montreal)—Replying to a question in the house of commons Monday, Dr. Frederick G. Kellaway, parliamentary secretary to the ministry of supply, said the government was considering co-ordinating all the sources of oil supply within the empire with a view to preventing the establishment of a world oil monopoly by financiers.

LONDON, (AP)—On the morrow of the peace celebration, with the newspaper columns still paying plentiful tribute to the great demonstration and urging that the nation now settle down to work, Great Britain finds herself confronted with one of the most serious economic crises in her history. Except in socialist quarters, the conduct of the miners is condemned with varying degrees of vehemence, and characterized as something from a deplorable, suicidal blunder to wicked, reckless Bolshevism.

LAW OF WARFARE MAY BE INVOKED TO END RIOTING

Five Dead and At Least Fifty Injured Is Toll of Day's Disorders in National Capital City.

BLACKS PURCHASE GUNS AND SHOOT UP THE TOWN

Two Troops of Cavalry and Four Hundred Men with Provost Guard Efforts to Control Situation.

WASHINGTON, (AP)—The military provost guard today attempted to prevent a repetition of the race riots of the past three nights. While refusing to give the number of troops here, Secretary Baker said the number was "quite large."

Commons End Consideration of Peace Pact

German Treaty Passes Through Parliamentary Deliberations Without Amendment; Irish Protest Fails.

LONDON, (AP)—At what was virtually an all-night session, the house of commons completed its consideration of both the German peace treaty and the Anglo-Irish treaty today.

The bill carrying approval of the German treaty was considered in committee of the whole, exciting lengthy debate in which Premier Lloyd George took an active part. The bill was then placed before the house and passed its third reading, after a motion by John Dillon to reject it as a protest against the premier's policy in Ireland had been defeated by 163 to 4.

The Anglo-Irish treaty was taken up and the bill approving it was unanimously adopted after a short but hot debate, in which the argument that the treaty was not consistent with the spirit of the league of nations failed to find any substantial echo.

The German treaty passed through all stages without amendment. In concluding his speech on the treaty, Mr. Lloyd George said that he had no chain of perfection for the proposed confidence that any defects would be remedied by the league of nations.

SPEED FORD'S ONLY OFFENSE

Auto Maker Admits Violation of Ordinance; Not in Own Car.

MOUNT CLEMENS, Mich. (AP)—Examination of Henry Ford by Attorney Elliott D. Stevenson, for the Chicago Daily Tribune, defendant in Mr. Ford's \$1,000,000 libel suit, was concluded today and interrogation passed into the hands of Alfred Lucking, Mr. Ford's personal attorney.

"Now, Mr. Ford, are you an anarchist?" Mr. Lucking asked.

"No, sir."

"Were you riding in some other car, weren't you?" put in Attorney Waymouth Kirkland, of the Tribune, smilingly.

"Have you ever associated with anarchists or persons of that sort?" asked Mr. Lucking.

"No."

Mr. Ford will resume tomorrow.

SENATE COMMITTEE DENIES WILSON REPARATIONS COMMISSION NOMINEE

Blocks Proposed International Appointment with Resolution Declaring That Until Treaty Is Ratified "No Power Exists" to Carry Out Its Provisions.

HITCHCOCK MOTION FOR DECLARING PRESIDENT'S POWER TO ACT FAILS

WASHINGTON, (AP)—A new suggestion for senate reservations in ratifying the league of nations covenant developed today at White House conference. Senator Cramer, Republican, New York, asked President Wilson what his attitude would be on a proposal that the covenant be ratified with a reservation that "Article X, guaranteeing nations against 'external aggression,' remain in effect only until 1922.

In discussing the Shantung settlement with Senator Cramer, President Wilson explained that while it was possible for him to give senators details he did not think it was advisable to make them public at this time.

WASHINGTON, (AP)—In response to President Wilson's request that it approve provisional appointment of an American representative on the reparations commission to be created under the peace treaty, the senate foreign relations committee today adopted a declaration that until the treaty is ratified "no power exists" to carry out its provisions.

The declaration, in the form of a resolution by Senator Knox, Republican, Pennsylvania, was adopted without a dissent vote, though the committee previously had divided eight to seven in favor of substituting the Knox proposal for one which would have left open the question of the president's authority. In this vote Senator McCumber, Republican, North Dakota, joined the Democrats in the negative.

Hitchcock Motion Fails

A motion by Senator Hitchcock, Democrat, of Nebraska, to add later a declaration of the president's power to act, was lost to 6, Senator McCumber voting in the affirmative.

Senator Knox's resolution follows: "That it is the judgment of the committee that until the proposed treaty is ratified, in accordance with its terms, no power exists to execute any of its provisions either provisionally or otherwise."

Under the treaty the reparations commission would have wide powers in fixing the reparation to be demanded of Germany and the president had written the committee that he considered it important to American business interests that the United States be represented.

After it had adopted Senator Knox's resolution the committee resumed its preliminary reading of the treaty text.

Senator McCumber's motion would "alter the upland purposes of the covenant."

Senator McCumber was followed by Senator Johnson, Democrat, North Dakota, who declared that the United States, by refusing to join the league of nations

PRESIDENT LEAVES BED TO RESUME CONFERENCES

WASHINGTON, (AP)—President Wilson was sufficiently recovered today from his indisposition to resume conferences with republican senators at the White House without objection from Rear Admiral Cary T. Grayson, his personal physician.

Admiral Grayson said the president was in no pain, but that he still was exhausted.

The president is sitting up and now receiving a caller, said Admiral Grayson, and he probably will be up at least until lunch time. He was very anxious to get his work finished now, and I thought it would do him no harm to see one or two people. It depends upon how he feels in the middle of the day whether he goes back to bed again this afternoon.

The president went into conference at 10 o'clock with Senator Edge of New Jersey, and he hoped to fill other engagements which he was forced to defer because of an acute attack of intestinal trouble.

Senator Norris of Nebraska, one of the senators invited to the White House yesterday, declined the invitation.

DEPOTIES HEAR ESTIMATE COST OF WORLD WAR

French Commission of Peace Considering Peace Treaty Interests Itself in Extent of Damage Done.

PARIS, (AP)—The parliamentary commission of peace, sitting under the presidency of M. Viviani, who recently was named, has adopted a plan to preside over the commission and examine into the peace treaty with Germany, Monday listened to a report by Deputy Louis Dubois on the classes of the treaty relating to reparations demanded of Germany.

M. Dubois said the material damage done in the invaded departments amounted to 110,000,000,000 francs. This amount, he said, had been verified by a committee of engineers, architects, manufacturers and agriculturists. He added that the damage done in France was said to aggregate 37,000,000,000 francs.

The damage falling upon the individual and the money paid to start commercial enterprises were not included in the 110,000,000,000 francs, and likewise 37,000,000,000 francs for military expenses and 6,000,000,000 francs for pensions were not embraced in the sum. "The total amount of the damage done in France, said M. Dubois said, would aggregate 200,000,000,000 francs.

VILLA LEADER REPORTS SKIRMISH CASUALTIES

JUAREZ, Mexico, (AP)—One Villa follower was killed, two wounded and 16 made prisoners, including Jesus Saldaña, the leader, during a skirmish Sunday between a Villa band and a federal force near Casas Grandes controlled by Colonel Forcayo, according to a dispatch received at federal military headquarters here today.

Vegdank is a Villa leader of Ramon Vega's command. His official report said 68 horses, 21 saddles and 19 rifles were also captured. Americans arriving from Casas Grandes late yesterday partially confirmed the report of the skirmish.

The first passenger train in seven weeks left here for Chihuahua City today. A guard of fifty federal soldiers accompanied it. The railroad was destroyed by Villa during his march on Juarez early in June.

CASHIER GIVES SELF UP

PHILADELPHIA, (AP)—Ralph T. Moyer, cashier of the North Penn Bank, for whom a warrant had been issued, surrendered to the district attorney today.

The bank closed last Friday owing more than \$2,000,000 to depositors. Moyer last night confessed to James W. MacFayre, receiver, that there was a shortage of \$800,000.

APPEALS TO PRESIDENT FOR TROOPS TO HELP IN FIGHTING FOREST FIRES

PORTLAND, Ore. (AP)—An appeal to President Wilson to send federal troops into the forests of the Pacific northwest to help fight fire now on dangerous fire and property was made today by George M. Cornwall, editor of The Timberman.

Federal troops were employed successfully in Idaho, Montana and southern Oregon several years ago, when they were used in co-operation with the forest service. The troops at that time were supplied by President Taft, in response to a request made from here.

Cornwall telegraphed to President Wilson that immediate federal co-operation is essential to prevent irreparable loss of timber and prevent lives, as it is impossible to secure the necessary men to fight fires unless the nation's timber supply.

HOUSE VOTES MINIMUM WAGE FOR ALL BUT MAILMEN

WASHINGTON, (AP)—By a vote of 241 to 161 the house today passed the bill providing a minimum wage of \$1 for all government employees except those in the postal service. The wage is exclusive of the war time bonus of \$20 a year allowed employees. The measure now goes to the senate.

MINNESOTA LABOR VOTES MOONEY PROTEST STRIKE

NEW ULM, Minn. (AP)—The state convention of the Minnesota federation of labor after listening to an address by Mrs. Thomas J. Mooney of St. Francisco, this forenoon voted in favor of the principle of a five days' general strike beginning September 1 as a demonstration of protest against the conviction of Mooney.

POINCARÉ PAYS BELGIANS VISIT

French President Takes Part in Celebration of National Festival.

BRUSSELS, (P)—Brussels today began the celebration of the Belgian national festival, a notable feature of which is the presence for the occasion of President Poincaré of France. The occasion brought forth such an outpouring of people that the city's traffic system was virtually paralyzed.

A striking feature of the day's proceedings was the parade of school children reviewed by the three children of King Albert—Prince Leopold, Prince Charles and Princess Marie-Jose. The children placed wreaths at the feet of named soldiers, in tribute to Belgium's living heroes, while at the cathedral erected close to the royal palace thousands of persons paid tribute to the heroic deed.

King Albert and Queen Elizabeth were participants in the ceremonial before the cathedral. They had wreaths before the empty tombs at their tributes, as did President Poincaré later.

MEXICAN MINERS DISCOVER FOUNTAINS OF BLUE WATER

SAN LUIS POTOSI, Mex., (P)—Workers in a mine at Matehuala, near here, have discovered a vein which is said to be one of the largest in the republic. It is more than 300 feet below the level of the mine and is fifteen feet in width. Its length has never been estimated but exploring parties expect to survey it carefully in the near future. One of the most fantastic of its many grotesque adornments is a sulphurous fountain which pours out continuously a stream of blue water.

VILLA IS NEW SUBJECT FOR PHYSICAL CULTURE

EL PASO, Tex., (P)—Francisco Villa is a physical culture enthusiast. When he was at Villa Ahumada en route to attack Juarez, he was seen by residents of that little town doing setting up exercises every morning in front of the home of Juan Yeltes which he had appropriated for his headquarters. After 15 minutes of this rebel leader would run the full length of the main street of Villa Ahumada several more times to cover the five miles he set as a task for himself each day.

"Keep the stomach from getting fat and makes riding easier," he said to one of the interested spectators.

LOS ANGELES CLAIMANT FOR LONDON'S HONORS

Experts Assert City Holds Record for Largest Number of Vehicles Passing in Given Time

LOS ANGELES, (P)—London Bridge no longer can claim the distinction of being the densest center of traffic in the world, according to traffic experts of the Los Angeles Railway, who have been studying conditions here. More vehicles, street cars, automobiles, wagons and carts they say, pass the intersection of Ninth and Main streets in this city, per hour than in any other part of the world.

A recent inquiry said to have been conducted in London showed that the average run of vehicles over London Bridge was 1,497. This included all classes of vehicles, from the motor tram to the horse drawn truck and the coster donkey cart.

In order to determine just where Los Angeles stood from the point of dense traffic and to have figures for the study of traffic experts later on, the Los Angeles Railway established a checking station at Ninth and Main streets and found that at a given hour 1,627 vehicles passed of which were motor driven, most of the corner. This is 130 in excess of the London bridge traffic figures for the same length of time.

CROSSING CLAIMS LIVES

Mother and Nine Children Drown When Wagon Is Swept Away in Stream.

SILVER CITY, N. M., (P)—Her three year old infant clasped in her arms, Mrs. Candelaria Galvan, 36 year old of Hurley, N. M., and nine children were drowned nine miles east of here late yesterday, when a wagon in which they were riding was swept away in a swollen stream. Five of the children whose ages ranged from two to 15 years, were those of Mrs. Galvan. Hanson Galvan, the woman's husband, had started on a trip to a nearby town to spend the day, accompanied by his family and the children of some friends. After crossing the stream, the team stalled on the grade and backed into the water.

ALLIED RELIEF WORKERS FIGHT T. B. IN SERBIA

BELGRADE, (P)—Allied relief organizations operating in Serbia are preparing for united combat against influenza and tuberculosis, which have made alarming inroads among the Serbians during their seven years of war. A site for a model hospital, where patients in a swollen stream. Five of the children whose ages ranged from two to 15 years, were those of Mrs. Galvan. Hanson Galvan, the woman's husband, had started on a trip to a nearby town to spend the day, accompanied by his family and the children of some friends. After crossing the stream, the team stalled on the grade and backed into the water.

WASHINGTON COAT OF ARMS DISCOVERED IN LONDON

LONDON, (P)—The Washington family coat of arms has been discovered in the east window of the parish church at Westminster, Westminster. The armorial bearings are those of George Washington, first president of the United States. The Washington family originally came from North Carolina and the east window came from Carlisle Priory in the same county.

The coat of arms contains three stars and four stripes, the latter alternating red, white, red and white.

RIDING CAPITAL STEPS WINS POSTER POSE

Womping girls won—when they sent Mrs. Jack Elliott riding up the state capital steps with a message to Governor Carey, requesting that a Wyoming girl be accepted as model for the "Frontier Days" poster. Miss Helen Bonham of Cheyenne was chosen. Here she is with the poster.

Letter Bears Name of King Ferdinand

New Mexico Historical Society Adds Rare Document to Its Collection.

SANTA FE, N. M., (P)—A letter bearing what is believed to be the only authentic signature of King Ferdinand of Spain—co-partner with Queen Isabella, of the expedition to New Mexico to the new world, which is extant in this country, forms one of the most important additions to the collection of the Historical Society of New Mexico. The letter is written to his cousin, the Duke of Infantazola.

The document which is dated December 28, 1515, is remarkably well preserved. It deals with the arrangements for the approaching marriage of the king's niece and the duke's son.

The letter concludes: "Everything is already prepared for the wedding, including the money which is to be given the said court as agreed."

The signature affixed is Ferdinand's famous "Yo, El Rey," ("I, the King.")

ROBBER SUSPECTS IN BATTLE WOUND OFFICER

Alleged Highwaymen Exchange Shots with Detectives in Sioux City Restaurant; One Dead.

SIoux CITY, Ia., (P)—One man suspected of being a highwayman is dead, two others seriously injured and Detective James Britton, former chief of police, probably fatally wounded following a pistol duel between detectives and robber suspects in a restaurant early today.

Detective Britton and M. E. Farley had been searching for a robber band when they entered the restaurant, and found three men. Britton commanded them to put up their hands. One of the men drew a pistol and shot Britton. Detective Farley began firing, one of the robber suspects being killed and two wounded. The dead man is believed by the police to be wanted in other cities. His name was given as J. W. De Franz.

Detective Britton was shot three times and is said to have little chance for recovery.

DREADED FOES OF WHEAT NOT SPREADING IN U. S.

Department of Agriculture Takes Steps to Wipe Out Infection in Two States Where Found.

WASHINGTON, (P)—Indications are that the two dreaded foreign foes of wheat, flag smut and take-all, will not become widespread in the United States. The United States department of agriculture announced today that the two states where these diseases appeared, Indiana and Illinois, had taken steps which would prevent the spread of the diseases from the infected fields and which would wipe out in a few years the infection in fields where it exists.

All the infected wheat in both states is under control and will be disinfested before any use whatever is made of it, the department has been advised.

ROBBERS WORK ON TRAIN

Separate Nearly Fifty Transient Farm Hands from Their Valuables

LINCOLN, Neb., (P)—Four armed robbers operating last night on a Chicago, Burlington and Quincy freight train between Sutton and Fairmont, Neb., robbed nearly fifty transient farmhands Sunday night and threw a number of their victims from the train, said a report received today by Bert Ely, a Burlington special agent here, from railroad telegrapher at Fairmont. A number of the farm hands complained to the operator at Fairmont. His report did not say if any of the farmhands were injured, nor did it approximate the amount of money reported stolen.

Didn't Expect Too Much.
The Sultana—hope, sir, that you will consider me in the nature of an investment, even if I may not pay regular dividends. The Girl's Father—My dear boy, don't talk of dividends. I shall be glad if you don't levy regular assessments on me.—L.R.

STOCKMEN VICTIMS OF DROUGHT GET CUT RATE

Railroad Administration Reduces Tariff to Suffering States.

OMAHA, (P)—In order to relieve the distress of the stockmen of the drought stricken regions of Wyoming and Montana the railroad administration has decided to make a cut in tariffs on each freight. This was announced by Fred Montmorency, chairman of the Omaha district freight committee, who just returned from Washington.

"Rates on cattle and sheep sent to Missouri river points, such as Nebraska from the drought regions, will be just one-third of the outboard rate when on their way back to the range," said Mr. Montmorency. "In other words, if the rate from a certain point in the drought region to the feeding point in Nebraska is 45 cents, it will be 15 cents on the return. This should be a big relief."

"Besides this," added Mr. Montmorency, "hay and corn and other necessary feed for the stricken districts will be shipped from Missouri river points, such as Nebraska, to the Wyoming and Montana regions now in distress for one-half the present tariffs."

MRS. NEW ACTIVE IN G. O. P. WOMEN RANKS

As one state after another ratify the national suffrage amendment, women at the national capital whose husbands are voracious in politics, are fast becoming active. Mrs. Harry S. New, wife of the Senator from Indiana, has joined Mrs. Modell McCormick of Illinois and is now active in affairs of the National Women's Republican Committee.

TELEGRAPHER HEAD QUILTS

R. J. Koenekamp Resigns Presidency of Union for Personal Reasons.

CHICAGO, (P)—R. J. Koenekamp resigned Saturday as president of the Commercial Telegraphers union of America. In his letter to the executive board tendering his resignation Mr. Koenekamp said:

"My reasons for this action are purely personal and my chief regret will be to sever the harmonious and at all times cordial relations with my fellow officers. I accepted the presidency of the organization in 1908 to serve two years and have spent nearly twelve in the office now. At that time it was my ambition to practice law and now I hope to see that ambition realized."

Mr. Koenekamp also stated that the next convention of the telegraphers is scheduled for October but might be advanced to August. His resignation may not be acted on until that time.

ANSEL'S RESIGNATION ACCEPTED

WASHINGTON, (P)—The resignation of Col. Samuel T. Ansel, former acting judge advocate general of the army, was accepted today by Secretary Baker. Colonel Ansel has announced that he will continue his fight for a radical revision of the army court martial system.

RADICALS TRIUMVIRATE REPLACES SOVIET HEAD

Trió in Charge of Affairs at Budapest Thinks Allies Won't Fight.

VIENNA, (P)—It was a triumvirate of radical leaders that replaced Bela Kun as the head of the Budapest soviet government, according to dispatches to Vienna newspapers.

The three men composing the new government are Varga, former minister of social protection; Moses Alpar and Tibor Stannuly. The new government, according to the reports received here, ordered Habrich, commander of the city, known as a "moderate" to turn the city over to them. Volunteers for the "terror troops" have been called for by their leader, who formerly was Bela Kun's bodyguard.

The governing triumvirate, it is said, is convinced the allies are either too weak or unwilling to intervene forcibly. Bela Kun's "red army" is believed to be breaking up. Money is depreciating in value rapidly and food conditions are said to be unbearable.

DIRIGIBLE FALL INVESTIGATION IS INAUGURATED

Officials Seek to Fix Responsibility for Accident in Chicago Killing Eleven and Injuring 26 Others.

CHICAGO, (AP)—Federal, state and city officials today began a searching investigation of the explosion of the Goodyear Tire and Rubber company's dirigible balloon yesterday which resulted in 11 deaths and the injury of 26 others and wrecked the interior of the Illinois Trust and Savings bank.

Charges that several devices used on the dirigible were defective, and that it was used for the first time on this type of aircraft will be made the subject of rigid inquiry by officials.

One of these devices was a rotary motor which was loaned for the purpose by Major Clarence Maravulic, chief of army aircraft division at Akron, Ohio, flying flight which declared that while there was danger of fire in its use, he believed every necessary precaution had been taken to prevent an accident.

Another device said to have been used for the first time on a blimp was a number of silk balloonnets attached to the main body. Major Maravulic says that the friction of these balloonnets against the silk covering of the dirigible structure may have been responsible for the accident.

Officials May Be Held

Coroner Peter M. Hoffman and States Attorney Hoyne declared that it was probable that several officials of the Chicago office of the Goodyear Tire and Rubber company would be taken into custody before the end of the inquiry. They said every effort would be made to fix responsibility for the disaster and punish those found to be guilty. Seventeen persons are detained at downtown hotels for use as witnesses at the inquiry.

Marcus C. Callopy, foreign exchange teller of the Illinois Trust and Savings bank, who was seriously burned when the blazing blimp crashed through the roof of the bank building, lay in an unconscious state early today and it is said he may die. All the others who were injured are expected to recover.

Twelfth Victim Dies

The twelfth victim of the disaster was Milton G. Norton, a photographer employed by a Chicago newspaper, who fell from the machine. He died of his injuries shortly before noon today.

CHICAGO, (AP)—Official inquiry was started today by States Attorney Max Lay Hoyne to fix responsibility for the explosion and collapse of the dirigible, which fell through the roof of the Illinois Trust and Savings Bank yesterday afternoon, killing eleven persons and injuring 26 others. United States District Attorney Charles F. Clyde also assigned an assistant to attend the coroner's inquest set for today.

Owners' Employees Detained

Seventeen employees of the Goodyear Tire and Rubber company of Akron, Ohio, owners of the airship, have been detained, pending a decision as to whether charges of criminal carelessness shall be filed against them.

Among those detained are Jack Bontner, pilot of the dirigible who escaped by jumping with a parachute; and W. C. Young, in charge of the aeronautic department of the Goodyear company.

Of the eleven dead, nine were employees of the bank, and five passengers in the airship at the time of the accident, and three escaped.

Three Parachutes Leaved

The accident occurred shortly before 5 o'clock. The balloon, with its five passengers, was making its maiden trip above the city in the interest of an amusement park. According to witnesses, a spur of flame appeared at the stern, above the engine. In a moment there was a puff of smoke, and the flames attacked the big engine, which was almost immediately in flames. Three got clear of the burning airship, but the fourth was caught in the falling meteor and killed. Earl Davenport, publicity man for the amusement park, and one time a sporting writer, fell not jump from the machine. His body was hurled through the bank roof and burned to a crisp.

Five Women Victims

Harry Wacker, an Ohio, chief mechanic of the dirigible, was one of those who came down alive. His back was broken, however, and he is not expected to live.

Milton G. Norton, a photographer employed on a morning newspaper, also landed, but in doing so his legs were broken, and his condition is critical.

Five of the nine killed in the bank and five of the employees, three were men and one a boy.

MAKERS INVESTIGATING ON THEIR OWN ACCOUNT

Officials of Goodyear Company, Builders of the Fated Blimp, Will Hold Statement Pending Probe.

AKRON, Ohio, (AP)—Officials of the Goodyear Tire and Rubber company, builders of the ill-fated blimp which crashed through the roof of the Illinois Trust and Savings Bank in Chicago, today are investigating the accident. The company is withholding an official statement until this investigation is completed.

The dirigible was patterned after the A-4, an army blimp which recently

completed a successful flight to Langley field, in Virginia. The aircraft was designed, it was announced, as a passenger carrying ship and it was planned to operate between Akron and Cleveland in the near future.

INTEREST DISPLAYED IN AGENTS' CONCLUDE

Farm Bureau Sessions Develop Subject Matter of Vital Importance to Districts.

Intense interest centers today in the district conference of county agents, being held in the headquarters of the Twin Falls county bureau. The convention which opened here yesterday morning, is being directed by C. H. Baker, Twin Falls county agent, as chairman.

Following are the persons attending: W. F. Alworth, president state farm bureau, Boise; F. L. Williams, state leader of county agents, Boise; R. H. Mueser, assistant state leader of county agents, Boise; W. B. Kinsinger, assistant state leader of county agent, Boise; J. O. Ellsworth, assistant state leader of county agents, Boise; B. F. Dhoehen, state field agronomist, Boise; Paul Wenger, assistant state field agronomist, Boise; W. E. Meyer, agriculturist, Minidoka project; E. E. Chester, agent Casia county; Grover Burnett, county agent, Teton county; Nian B. Huyek, home demonstration agent, Minidoka county; A. N. Smith, county agent, Gooding county; Ival H. Holl, club leader, Gooding county; H. G. Avery, county agent, Blaine county; E. Maroney, county agent, Blaine county; T. J. Klinger, county agent Blaine county; Charles H. Blum, county agent Twin Falls county; Edna M. Ludwig, county agent, Teton county; Miss Amy Kelly, state leader of home demonstration agents, Boise; Miss Ada Erwin, assistant state leader of home demonstration agents, Boise.

Yesterday afternoon sessions were devoted entirely to a discussion of topics germane to the conference, and this morning similar discussions were the general theme of the meeting. Committees appointed at the project dealt with: outlining projects for coming programs. These plans will be presented to the general conference for consideration this afternoon. The project dealt with: "Organizing of Farm Bureau"; "Post Control"; "Crop Improvement"; "Poverty"; "The conference closes with tonight's session. Similar conventions are to be held in McCammon and Idaho Falls this week.

FAVOR U. S. LAND CONTROL

Stockmen of Thirteen Western States to Send Lobby to Washington.

SALT LAKE CITY, Utah, (AP)—Resolutions favoring federal control of public unoccupied lands for grazing purposes through the national forestry service were adopted here today at the conference of stockmen of thirteen western states which convened yesterday.

The conference effected a permanent organization which will send a strong delegation to Washington to present the wishes of the stockmen to congress. The name adopted is National Stockmen's association for federal control of public domains. A minority report was introduced urging action in behalf of returned soldiers by the delegation from Wyoming. It was laid on the table after considerable heated discussion.

HOUSE ADOPTS DRABIC DRY ENFORCEMENT

(Continued from page one)

for personal consumption by the owner, his family or his guests. The possessor of such liquors, however, bears the burden of proof that the liquor was acquired and is possessed lawfully.

Intoxicating liquor is defined as a beverage containing more than one-half per cent of alcohol.

Any house, boat, vehicle, or other place where liquor is manufactured or sold is declared a nuisance.

No person may manufacture, sell, barter, give away, transport, import, export, deliver, furnish or receive any intoxicating liquors.

Sacramental Wines Safeguarded. Liquor for non-beverage purposes, and wine for sacramental use may be sold under special regulations.

Denatured alcohol, medicinal preparations (including patent medicines)

confit for beverage purposes, toilet articles, flavoring extracts and vinegar are exempted. Registered physicians are authorized to issue prescriptions under strict regulation for the use of liquor in cases where it may be considered necessary as a medicine.

Advertisements Prohibited

Large advertisements of all kinds are prohibited. Sale, manufacture or distribution of compounds intended for use in the unlawful manufacture of liquor is prohibited, together with sale or publication of recipes for home manufacture.

LAW OF WAFARE MAY BE INVOKED TO END RIOT

(Continued from page one)

Although two troops of cavalry from Fort Myer had been called out to patrol the streets and four hundred marines from Quantico and the Washington marine barracks had been added to the provost guard as a precaution against disorders, the situation at times last night was more than the authorities could cope with.

Riot Quells All Night

Reserve squads of police and provost guards were being rushed through the streets of the city all night in answer to riot calls. Army motor trucks were stationed at the precinct headquarters with a squad of men armed with automatic rifles assigned to each. Last night's rioting was marked by a general parading of the negroes in the streets who during the day purchased hundreds of revolvers. Early in the evening they formed into crowds in their own sections and attacked white men wherever found.

Fire on Whites from Cars. Late in the night the negroes, dispersed as mobs, and numbers of them in possession of the motor-powered automobiles in which they raced through the streets pumping bullets from automatic weapons at whites who happened within range. It is held that the numerous casualties resulting from this indiscriminate firing have not been reported to the police.

Another Woman Assaulted

The first police report of the day told of another white woman assaulted and injured by a negro at a suburb northeast of the city. The negro who had lured about the woman's house from Quantico was first seen at night and then hiding behind a hedge seized her as she passed by last night. Her assailant escaped after she had scratched him, bitten him badly.

This was the seventh attack on white women by negro men in and near the District of Columbia within two weeks.

Would Provide 'Jim Crow'

A bill for the separation of the races on street cars in the District of Columbia was introduced by Senator Harrison Demont, Mississippi, who said he was prepared to offer the measure because of the race riots.

50 AMERICANS ARE MURDERED IN MEXICO

(Continued from page one)

"Oh, yes," was the quick reply. "In what respect?"

"Columbus has not been raided," the ambassador answered.

When Chairman Campbell called attention to the recent murder of an American citizen and the maltreatment of his wife in Mexico, the ambassador said this did not involve relations between the United States and Mexico.

Bandits Are Pursued

Pressed further as to improvement in conditions in Mexico, the ambassador said that among other things agencies by which the United States was better able to transact business with Mexico had been established during the past three years.

"Are the murders of American citizens as numerous as they were?" asked Chairman Campbell. The ambassador replied that he would refer the committee to the list of Americans who had been killed.

"Many of these outrages," Mr. Fletcher said, "were committed by bandits. These bandits have been pursued, but it was difficult to tell if they got the man who had committed the murder."

Representations in such case, he added, had been made to the Carranza government which in turn communicated with local authorities, who failed to take action.

"And you don't recall the prosecution?" asked Chairman Campbell. "I don't at this time."

"What excuse has been given in official circles for lack of arrests or prosecution?"

"They usually explained that the murder had been committed by bandits and that every effort would be made to run down the bandits."

Troops Favor Germany

Mr. Fletcher said Mexican troops were very hostile to the United States and favorable to Germany.

"What diplomatic situation do you suggest regarding Mexico?" Chairman Campbell asked.

"If you will excuse me, I'd rather not answer that," was the reply. "The business of ambassadors is to execute rather than formulate."

DOG AND APPLE JACK MIX IN 'DADDY LONG LEGS'

One of the bits which will delight all in "Daddy Long Legs," the Mary Pickford Company picture featuring the famous little star, in the performance of a dog who drinks part of a jug of apple jack. Audiences at the Gem Theatre where this picture will be seen soon will see a new type of humor in the antics of this animal which gives a first rate imitation of a tippler trying to make his way home after a too liberal imbibition.

PHONE STRIKE CALLED OFF

SAN FRANCISCO, (AP)—The strike of the telephone operators and linemen of the San Francisco bay district against the Pacific Telephone & Telegraph company was called off today in response to orders from the international officers of the union at Washington. The central strike committee sent telegrams to the local unions to return to work immediately.

Other unions on the Pacific coast had voted to return to work as the international officers requested. The demands of the union are to be considered by the federal wire control board.

JORDAN BOUND OVER

H. H. Jordan, accused of stealing a saddle and valuable riding outfit from a rancher, was given preliminary hearing yesterday afternoon and entered a plea of not guilty. He was bound over to the district court with bonds fixed at \$200. In the case of Arlie Patrick, jointly accused with Jordan, a new complaint has been filed charging receiving stolen property.

WILL BE DEPORTED

George Sweeney, aged about 50, was the subject of an insanity commission hearing in the probate court this morning. The man was found to be suffering more from dementia than from insanity. He was ordered sent to Jarridge, his home, before he came to Twin Falls a month or so ago. The man first came to the attention of the local authorities who were picked up after being struck by an engine. He has been in the hospital some time since.

CONFERENCES SEEK TO END CARMEN'S PROTEST

CHICAGO, (AP)—Members of the state public utilities commission held conferences today with officials of the Chicago street railway companies in an effort to reach a basis of settlement for the threatened strike of the street car men. Officials of the companies are said to have informed the public utilities commissioners that an eight hour day and time and a half for overtime must be conceded before they will submit their demands for a 77 per cent wage increase to arbitration.

ONLY A FEW MORE DAYS OF OUR Mid-Summer Clearance Sale!

While all lines of garments have been going at a tremendous rate during the past ten days there is still a good selection of choice, up-to-date garments that we are sure the women of this section will be pleased to examine and buy at the GREATLY REDUCED PRICES listed on every sale ticket.

MAKERS INVESTIGATING ON THEIR OWN ACCOUNT

Officials of Goodyear Company, Builders of the Fated Blimp, Will Hold Statement Pending Probe.

AKRON, Ohio, (AP)—Officials of the Goodyear Tire and Rubber company, builders of the ill-fated blimp which crashed through the roof of the Illinois Trust and Savings Bank in Chicago, today are investigating the accident. The company is withholding an official statement until this investigation is completed.

SUGGESTS INCINERATOR FOR CARCASS DISPOSAL

Dr. Groome Calls Attention to Conditions at City Dump; Recommends Remedy.

In order to bring the attention of the city council was last night directed to a condition of extreme sanitation lack said to exist at the city garbage dump. Suggestion was made that the city make plans for the early installation of an incinerator at the garbage depository.

The suggestion came from Dr. H. B. Groome, veterinary surgeon, who made the statement that numerous dead animals were being landed on the dump and interred in tombs so shallow that part of the carcasses were plainly visible, even though an attempt has been made to conceal them under a cover of tin cans and similar refuse.

Dr. Groome called attention to the demands of the state department in regard to the interment of dead animals, saying the law was "fixed" at a distance upon the point of depth at which such carcasses be placed under ground. He explained the continuation of the present plan of disposal might lead to extremely bad health conditions. It was at this point that the veterinary recommended establishing of an incinerator, at the dump which would take care of all carcasses required to be taken out there.

Discussion developed by Dr. Groome's assertion brought out the statement by City Engineer E. V. Berg that the old conditions had been the result of carelessness on part of draymen hauling dead animals to the dump. He said a remedy had been applied and hereafter all carcasses will be buried in trenches now being dug providing for a safe depth.

Fall Style Thoughts Have Arrived

Who may wear this things to keep cool in late July and August— but can one be restricted from thinking about heavier garments? The first hints of fall and winter styles makers show these two models for the first cool days—footbally stuff the young co-ed thinks. A touch of fur is still with us, with wool garments in a new oxford gray being very much favored for suits.

Social Notes

On Thursday, July 17, 1919, at eleven a. m., Miss Julia Lindau of Bush and Richard Loentjer of Clover were united in marriage at the home of the bride's parents, Mr. and Mrs. Robert Lindau, Ocean and W. William Lindau, brothers of the bride, acted as witnesses to the ceremony, the Reverend A. Schlichting, Lutheran pastor of Bush, officiating.

The bride was gowned in a hand-embroidered, Georgette crepe and wore a pretty white hat. Little Margaret Walters bore the rings upon a silver tray.

After the brief impressive ceremony, a wedding dinner was served. Besides the immediate members of the bride's family, the following guests were present: Mrs. Loentjer, mother of the groom, Mr. Harms and family, Mrs. Dammfeldt, all of Clover, Mrs. Frieda Walter, Mrs. Margaret Mc and Mrs. Harkins the Rev. and Mrs. J. A. Schlichting and Hugo Vater.

Shortly thereafter the bridal couple left by auto for their honeymoon at Boise. They will make their home at Clover.

Life a Constant Battle.

The life of each of us is full of ancient evil, derived from the brutes which is ever at war with the better and higher qualities—the true human part of our natures.—Nathaniel S. Sinalar.

Summer Complaint in Children.

There is not anything like so many deaths from this disease now as Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose." adv.

Forethought—planning ahead—is better than regret. Read the ads before buying.

MUNICIPALITY EXPENSE BUDGET EXCEEDS THAT OF LAST SEASON

Slight Increase Is Found in Financial Needs of City for Operation of Its Many Departments During Current Fiscal Year—Plumbing Ordinance, Revised, Goes Through Carrying Considerable Drastic Changes.

The budget of city expenses for the coming year is \$205,948.43. An ordinance authorizing the appropriation of this amount for operating expenses was passed by the city council last night. The appropriation is based on a 15 mill levy on an assessed valuation of \$4,407,880.52.

The budget is divided into nine separate departments, or sections of municipal administration, with an appropriation based upon the expense of former fiscal years, with necessary additional allowances. The departments will receive the following amounts for administration, \$14,220.48; public safety, \$11,010; fire department, \$14,510; finance \$55,369.75; streets, \$37,131; sewers \$31,000; public grounds and buildings \$19,930; waterworks \$49,608; miscellaneous \$6000.

Slight Increase.

The budget for this year is \$28,274.33 more than was authorized as an expense appropriation for the past year, the amount set apart for expenses for that season being \$177,206.09. Authority to appropriate the required amount of cash for current expenses of the city was voted unanimously only after a long discussion of the various phases of the contemplated financial statement. The appropriation takes care of all present, actually known expenditures, with plans made for contingent expense and expenditures.

With the expense budget cut of the way the council cleared decks for a

wrestle with a much more long contemplated amended plumbing ordinance. As presented last night the ordinance was found to be quite satisfactory to all but A. W. Murray, plumbing inspector, who found necessities for adding features overlooked by the drafter. These additions were made and the ordinance passed as an emergency municipal law.

Must Make Connections.

The new ordinance makes it incumbent upon all property owners within the confines of Twin Falls city to make ample and adequate connection with the public sewer. The city plumbing inspector is vested with authority to take action in court against any and all persons not so complying with this law after a prescribed period has elapsed from the time of notification. The ordinance also requires that all plumbing jobs shall be subject to final examination and test by the plumbing inspector. It also requires that on all construction jobs where two or more men are employed the contractor shall install and maintain temporary toilet facilities. Also, backwater traps must be installed in all basements as a means of protection against sewage backing into cellars.

In connection with the adoption of the plumbing ordinance a complaint, signed by a number of employees of the Big White store, was read. The signers complained against the sanitation conditions in the basement of the building, an apartment operated as a pool hall. The plumbing inspector advised the council that upon receipt of the protest he had called upon the owner of the building in question, and the operator of the pool hall, and had been given every assurance on that call that the place would be thoroughly cleaned up. Inspector Murray stated that a visit to the place yesterday revealed the fact that the word of the owner and that of the proprietor had been kept and the place had been thoroughly purified.

In the same connection, too, A. W. Murray was officially designated public health officer of the city of Twin Falls.

Warns Against Violations.

A letter, coming from J. E. White, commissioner of the state department of public welfare in Boise, advised the mayor and councilors that the state proposed to proceed drastically against any either in Idaho not enforcing to the letter the smallpox quarantine laws. Mr. White pointed out that the mayor of Nampa was recently haled into court and fined a stiff sum for failure in this respect. White also explained that the penalty is a fine of \$200 and removal from office. He suggested calling a meeting by the mayor with members of the board of health for a dis-

Loss of Appetite.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it, adv.

cession so that a thorough understanding of the conditions of quarantine in smallpox cases may be obtained by all concerned.

The water damage claim bugaboo appeared in threatening form again last night when C. E. Blaine, a photographer, and others, appeared to protest against the city paying some claims and not all. Reference was made to a bill presented by a painter and decorator at the council session, and a voucher for the amount ordered drawn. It was shown that in this instance responsibility had been thrust upon the city through the act of an officer, the obligation being discharged for this reason only.

Says City Not Liable.

While this question was being discussed the question was just pointed back to city attorney whether or not he considered the city liable for damages. He declared he did not believe the city in any responsible under existing laws. He said the city had no right to pay out citizens' money on moral responsibility. The discussion ended in a general recommendation to resort to the courts and thus seek redress either from the city or the manufacturers of the water main piping, which is alleged to have been at fault, resulting in claims against the city amounting to more than \$10,000. One suit has already been filed in the district court.

Acting upon suggestion made by Dr. H. B. Groome, a veterinary surgeon, the council directed the city attorney to draft a revised ordinance governing the sale of lactical fluid in Twin Falls. When revised this instrument will require that every milk dealer will have to have a city license to peddle his wares in the city limits. This system, it is expected, will make it possible to keep better watch on the quality of milk being sold here, and will aid in checking the output of fluid from tubercular cows.

Waterworks Must Pay.

The city engineer started considerable discussion when he mentioned as a necessity the levying of an assessment against tract owners in the city limits whose lands are being served with irrigation water through open supply ditches that run through town. He said it is costing the city \$150 per month to maintain these ditches, adding that the municipality derives no cash guerdon from the persons so supplied, although paying the canal company for the water. Plans are being laid for making an assessment to cover the cost of canal maintenance and also distribution of the water supply.

Murrough addition residents applied to the council for a guarantee that if they construct a section of trunk sewer line in their district, for present

Summer Complaint Quickly Relieved.

About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly, writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family. adv.

emergency needs, they will be reimbursed for their outlay covering the construction over and above that section of the line which would be assessed against them when the improvement district is created. This guarantee was given.

Gets Salary Boost.

Upon recommendation of Alderman C. S. McMartin the salary of City Park Superintendent H. B. Whitford was raised to \$125 per month. He has been receiving \$100 per month. The raise is retroactive as from July 1.

The council declined to accept a plat of a subdivision presented by U. T. Tracey, the subdivision contemplating laying out streets not conforming to the streets now opening on this proposed addition.

Changes were ordered in the enforcement of the fireplug safety zone ordinance, officers being notified to make arrests only on second and later violations.

Chamberlain's Colic and Diarrhoea Remedy.

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy. adv.

NOTICE

Senate Bill No. 37, among other things provides as follows: "It shall be the duty of property owners whose lands are bordered by public highways to proceed to destroy all noxious weeds as the kind included in the order. On the one-half of the highway nearest their land, therefore the public is hereby notified to proceed at once to destroy or keep from seeding all Canadian thistles found on or along highways and ditches as well as on private land."

By order of Board of County Commissioners.

T. E. Moore, Chairman. adv.

YOKAHAMA TRADE IS LARGELY WITH AMERICA

YOKAHAMA, (AP)—One half of all the foreign trade through this port last year was in buying from or selling to the United States, says the Yokohama Chamber of Commerce. It adds that less than five per cent of all this trade was carried in American vessels. The total of the business between the United States and this port in that year was \$250,000,000. Exports to the United States were twice the value of the imports.

SOUNDS WARNING TO SPEND THRIFT

British Minister of Reconstruction Says Food Prices Will Surpass Dreams.

LONDON, (Correspondence of The Associated Press).—Prophecy that the price of food next winter will "climb to a level never dreamed of," was reiterated by Sir Auckland Geddes, the British minister of reconstruction, in an address at Crews recently.

A member of the audience shouted, "more wages." Sir Auckland replied that there would be no money to pay wages because it would have to go overseas to pay for food.

The minister warned the public that it was squandering its money in a colossal way on things that did not matter. "You cannot live like millionaires," he said, "if you are as poor as a church mouse. This nation is no poor. It is living as if it were wealthy."

More beer was being brewed in Great Britain yet people complain of a shortage. He attributed to a doubling of the amount of beer consumed because, since the war, there was more time to drink it in and more money to pay for it.

By sending overseas for beer, silk for stockings and feathers for hats, Sir Auckland said, the people were increasing Britain's debt for things that did not matter. "What you ought to get are food and raw material," he declared.

Sir Auckland denounced the limitation of output as, "stark, stinging lunacy." The mill owners, he said, limited output to obtain higher prices and the operators limited it to make work for more people.

A Gallop in the Country.

What pleasure is keener than that afforded by an early morning gallop in the country? Choose a bright, fresh day, a little after sunrise, when dew and dews and bird-song and wind-rustle and all the sweets and perfumes are at their best; mount and away. Your good horse will know what you are going to do, and will show the liveliest interest, for he likes these early flights as well as you do. He hears the bird-song, too. Maurice Thompson.

Transmigration of Souls.

A fresh young man was pressing an old gentleman, who evidently felt bored, to give him an illustration of the transmigration of souls, showing how a person's identity might be inactivated. At last the old gentleman relented. "Suppose you should die, your soul might appear in an emerald bird; when the emerald bird died it might appear in a lion or a tiger; again, it might appear in a jackass—and I might stroke its ears and say, 'My dear fellow, you have not changed a bit'."—Pittsburgh Chronicle-Telegraph.

English May Dance.

The love of the mazypple still lingers in the memories of the children of England, and in villages many of the old May dances have been revived, and the gray playgrounds of the cities' schools oftentimes glow with unwonted brightness on May morning, as the present-day girls with sprightly socks and beribboned caps will swing and dance the steps which made merry the day through the long centuries.

Charcoal Invaluable.

All kinds of glass vessels and other utensils may be purified from long-retained smells of every kind in the easiest and most perfect manner by rinsing them out with charcoal powder. Rubbing the teeth and washing out the mouth with the charcoal powder will render the teeth beautifully white and the breath perfectly sweet. Putrid water is immediately deprived of its bad smell by charcoal.

Advice From One Who Knew.

The puppy had been punished and was sulking in a corner. To him came the small daughter of the house, to administer, not comfort, but advice. "You may just as well be good first as last, Buddy," she admonished. "Everybody that belongs to mother has got to mind. I've been through it all—and I know."

The man who is thinking of buying a home becomes a regular reader of the classified.

MAY ENLARGE COMMITTEE

Republican Leaders Decide on Caucus to Pass on Increasing Body Increase.

WASHINGTON, (AP)—Republican house leaders have decided to call a caucus later in the week to pass on the enlargement of the legislative steering committee. No decision was reached as to whether the increase would be by four or ten members. Four names, however, will be presented to be voted on, these being Representatives Anderson, Minnesota; Nolan, California; Stamp, Virginia, and Reavis, Kentucky.

Senile Marriages.

Some bygone lawmakers would have been in sympathy with the Brooklyn millionaire who maintains that at 86 he was too old to be legally married. In Rome, under the Emperor Augustus, a law was passed forbidding men to marry when they were over 60, and women when they were over 50. Peter the Great, also disapproved of senile marriage, and enacted that no marriage age contract should hold good if either of the contracting parties was over 80 at the time it was entered upon.

Runes.

"Runes" were the letters of the alphabet used by the old Teutonic tribes. The word means hidden lore. The earliest runes were merely fanciful signs supposed to possess mysterious power. The letters were even considered magical, and were cast into the air, written separately upon chips, and full use determined on a cloth and to be read by the interpreters. The association of the rune letters with heathen superstitions caused the first Christian teachers to discourage their use.

Call for Reform.

When pinching the dooms leaves a deep mark on the heart of its owner, doesn't it seem as if he would let up? But few of us have anything to brag of in that line. Our souls are scarred from end to end with the marks of our penuriousness. Shame on us! Let's quit it!—Exchange.

"Hail Columbia."

The music of "Hail Columbia" was originally written as a march—"The President's March"—and is said to have been first played in Washington's presence in the old John Street theater, New York, at the time of his inauguration.

Mercenary Love.

Two little cousins had quarreled, and the mother of one of them tried to make peace. "Amy," she said, "why did you tell Bobbie you wouldn't be his little sweetheart?" "Cos he didn't ask me," replied Amy indignantly, "ill he knawed I had a new dime!"

Where Papa Scored.

Father—"I never smoked when I was your age. Will you be able to tell that in your son when you are my age?" Willie—"Not with such a straight face as you do, father. You beat me there."

Korea a Rich Country.

Korea contains extensive coal fields as yet undeveloped, iron in abundance, and gold to the value of \$3,000,000 is annually exported.

The classified columns solve a wide range of selling problems for you.

KENYON HAS EVIDENCE OF FIGHT ON FOOD CONTROL

WASHINGTON, (AP)—Exhibiting a large bundle of telegrams and letters he had received, Senator Kenyon, republican, Iowa, declared to the senate today that the packers had organized the "most tremendous propaganda ever instituted" for the purpose of defeating his bill for federal control of the industry. Members of congress were being deluged, he said, with letters in response to circulars sent out by the "league of packers propaganda," which the senator said, he would discuss at length later. Senator Sherman, republican of Illinois, said most of other industries feared the Kenyon plan of federal licenses would be extended to them, prompting their protests.

HINDUS PRESENT SWORD TO PRESIDENT OF IRELAND

SAN FRANCISCO, (AP)—Eamon de Valera, president of the "Irish republic," was presented today with an engraved sword by a representative of the Hinduistan Gadar party. With it he received a silk flag of the "Irish republic."

MORE MEN OF FIFTH LAND

NEW YORK, (AP)—Three complete units of the fifth division were among the 7,000 troops arriving here today from Brest on the transport America. They were the 8th infantry, 97 officers and 2,175 men; 10th field artillery, 29 officers and 1,212 men, and the 14th machine gun battalion, 29 officers and 622 men.

FIREPLUG ORDINANCE MAKES CITY ENEMIES

Impost for Unwitting Misdemeanor Has Maddening Effect.

That the present city law requiring penalization of persons who fail to see the red streak of warning on each side of fire hydrants in the business district redounds to the hurt of Twin Falls rather than bringing it profit and traffic regulation, was the statement made by Mayor W. H. Eldridge, at the meeting of the city council last night. "I have had so many complaints from persons residing outside of Twin Falls that I almost hate to see one of my old friends approaching any more, fearing he has a complaint to lodge against the fireplug safety zone ordinance, and its enforcement," the mayor declared. The fact was developed during the course of discussion following immediately upon the heels of the mayor's declaration that while residents of Twin Falls as a whole are now pretty well cognizant of the ordinance requirements in this respect the people from the country and outside towns have no means of knowing that a penalty is to be exacted for parking a machine within a certain prescribed zone about the fire plugs. "I cannot see the justice of assessing a fine against these people who have no means of knowing about the ordi-

nance," said Mayor Eldridge. "They come to town usually late at night and as there is no warning light they park next to the curb near a fire hydrant. Their number is taken by a policeman and a fine is imposed, the unwitting culprit being assessed without formally being haled into court. He is notified at his home, and is requested to send a check." "Views entertained by members of the council were unanimous for a modification of the terms of the law resulting in the issuance of orders to all police officers and other authorized persons not to make arrests for the first offense. From this time on violators are to be warned for the initial offense, the number of their license to be taken for record, and a warning to be given. Upon

second violation arrests will be made and fines imposed. It is the purpose of the city council now to install silent sentinels at all fireplugs as a warning against parking within the area set apart for safety.

New High Record Made by Mercury Registering 101

Reaching 101 in the shade, a new high mark for 1919 temperatures, was set here yesterday. The low of the 24 hours cutting at sunset was 49 degrees.

Heretofore the record for heat this summer has been 100. Intensity of yesterday's heat was felt most because of the utter lack of breeze, and the apparently heavy atmosphere. Under the keen rays of a burning sun cultivated crops felt the effect, and considerable withering of vegetation was recorded, especially in districts where water for irrigation purposes is short. Observers this morning declared all signs point to early and heavy rains, the barometer showing particularly favorable symptoms.

second violation arrests will be made and fines imposed. It is the purpose of the city council now to install silent sentinels at all fireplugs as a warning against parking within the area set apart for safety.

Personals

- L. N. Barkdull of Burley spent Monday in this city.
- P. W. Monahan of Buhl was a Sunday visitor in Twin Falls.
- Mr. and Mrs. C. D. Boring of Buhl were Twin Falls visitors Monday.
- T. D. Nash, a banker of Murfreesboro, was a business visitor here yesterday.
- Mr. and Mrs. Harvey Hurst of Jerome were Twin Falls visitors yesterday.
- Mr. and Mrs. A. C. Rich, were in Twin Falls last evening from their ranch near Kimberly.
- Miss Alice Fox and Miss Jane Maxwell returned Monday from a visit to California.
- Miss Lola Montgomery left yesterday for Salt Lake where she will remain some time visiting relatives and friends.
- Mr. and Mrs. Wendell Allen have returned from Salt Lake where they were one week visiting and attending to business matters.
- J. C. Portefield was in town Sunday and part of yesterday from his ranch near Hollister. The time was spent with his family here.
- Mrs. Nellie Cahlin of Evanston, Neb., is the guest of Mrs. D. D. Alvoel. Mrs. Cahlin has been a guest of Mrs. Putnam the past two weeks.
- Dr. F. P. McAtee and family motored to Ketchum Saturday. Their daughter, Miss Margaret stayed to be with the Camp Fire girls, the remainder of the family returned Monday.
- C. E. Booth left here this morning for New York and other eastern points to purchase stocks for the Booth Mercantile company's store here. He expects to be absent from Twin Falls about a fortnight.

Local Brevities

- Back from Vacation—C. E. Booth and Leonard Smith have returned to Twin Falls after spending a vacation period at Robinson's Bar, on the Salmon river. Their families will remain at the summer resort.
- Dies on Coast—Word was received here late yesterday of the death of George Green, formerly a tobacconist of Twin Falls, in California. This word came to Mrs. Green, who is residing here. Decedent was a member of the local lodge B. P. O. E.
- Outlining Demonstration Plans—Miss Amy Kelly, demonstration agent of the state extension department, is here for a conference with Miss Edna Leavitt, local home demonstration, with regard to plans for a series of demonstrations of home economy.
- Receive Marriage Permits—Licenses to marry were late yesterday issued to W. F. Murphy, aged 19, and Irene Bishop, aged 17, both of Twin Falls. Consent of the father of the groom was necessary in this instance; to Ira White and Gublie Gruff, both of Buhl.
- Cruelty is Charged—Alleging that he has been cruel to her Mrs. Sophie Almich has filed in the district court an application for divorce from George Martin Almich. The complainant declares she fears for her life. The parties were married in December, 1916, and are residents of Buhl.
- Predicts Good Crops—A. F. Alworth, president of the state county farm bureau systems, yesterday declared he had seen no signs of crop ruination in the Twin Falls district while he has been here. He stipulated reports current in other sections of the state, telling of crop failures here, as extremely wide of the mark. "It looks like 100 per cent for this tract," Mr. Alworth says.

ENTERTAIN DELEGATES.
Delegates to the county agents' convention, together with attaches of the local bureau, were the guests of Mr. and Mrs. Charles H. Bohrer at their home on Ninth and Blue Lakes boulevards yesterday evening. There were about 22 persons present. The ladies attending the conference assisted the hostess in serving a cafeteria picnic lunch.

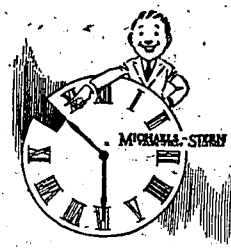

TO THE PUBLIC.
I have arranged to go to Chicago August 1st for some post graduate work and during my absence Dr. E. E. Hanna and Doratha Foster will have charge of my office.
Very respectfully,
DR. WYLY.

TEACHERS TESTS THURSDAY

Teachers' examinations will be opened at the court house Thursday morning at 8:30 with Miss Britton Wolf in charge. Tests will be conducted in

the county commissioners' room. It is not expected there will be a large attendance.
