AIRPOST PILOTS IN GOTHAM ARE OUT ON STRIKE

Planes Bearing Mail are Held Up by the Aviators' Protest Against Postoffice Refusal to Reinstate Two Men

COMPLAINT IS BASED ON TYPE OF MACHINES USED

Men Declare Fifteen Accidents Occurred Since July 15 in which Ten Planes are Demolished

WASHINGTON, (AP)—Mail plane pilots who refused to take the air today because of demands that two discharged pilots be reinstated, have been dismissed from the service, the postoffice department announced.

A resolution calling for detailed reports on the air mail service was introduced today by Representative Ramseyer, republican, of Iowa.

NEW YORK, (AP)—A strike of aerial mail pilots began today, no aviator appearing to take out the plane with Chicago mail, due to start for Bellefonte, Pa., at 5 a. m.

The strike, the first of its kind in the country, follows the refusal of the postoffice department to reinstate two pilots discharged for refusing to take out planes Tuesday on account of the fog.

Orders Not Revoked A protest against the discharge of two pilots, Leon Smith and Hamilton Leo, was sent to Second Assistant Postmaster General Frazer Wednesday evening, July 24 hours to make known his decision. Mr. Frazer, in his reply, which was received by the aviators last night, announced that the orders discharging the two men had not been revoked.

The aviators state that they had complained on several occasions that the planes supplied to them were poorly equipped for flying, even in good weather, because of their high speed. They said they desired lighter and slower machines as in misty or foggy weather the visibility was so poor as to make flight dangerous. The men declared that in 24 hours to make known his decision. Mr. Frazer, in his reply, which was received by the aviators last night, announced that the orders discharging the two men had not been revoked.

Expect Others to Join Aviators of mail planes at Chicago, Cleveland, Bellefonte, Pa. and other points in the strike, according to local aviators. Twenty pilots at Belmont Park, all civilian employees of the postoffice department, are affected by the strike action.

AVIATORS CANNOT BE LOCATED AT BELLEFONTE BELLEFONTE, Pa., (AP)—Up to 10 of the firm morning no airplane appeared here to take the airplane with mail for Cleveland, which was scheduled to leave at 7 a. m. Preparations had not been made to leave with the mail for New York, scheduled to start at 11 o'clock. None of the aviators who were to take the mail could be located.

STRIKE DELAYS LEAVING OF CLEVELAND MAIL PLANE CLEVELAND, O., (AP)—No aviator reported at Woodland Hills field up to 8:30 o'clock this morning to take out the airplane with New York mail scheduled to leave here at 7 a. m. or Bellefonte, Pa. It is understood that a meeting of the aviators here last night it was decided not to report for duty this morning if the New York aviators did not report for duty.

The airplane carrying mail for Chicago scheduled to leave here at 9:30 a. m. was delayed nearly an hour in leaving, getting away at 10:20 a. m.

WASHINGTON - NEW YORK PLANE LEAVES ON TIME WASHINGTON, (AP)—While the Washington New York air mail plane left on time today despite the strike of pilots, the postoffice department had no official reports at noon to show that any others were in flight. A report from Chicago, however, said the machine in the western division was leaving on time.

NORMAL PHONE SERVICE RESTORED IN CLEVELAND Three Weeks' Strike of Operators and Electricians Ends on Basis of Agreement Reached

CLEVELAND, O., (AP)—This city enjoyed normal telephone service today for the first time in over three weeks as a result of the termination of the strike of operators and electrical workers, who voted almost unanimously last night, to return to work.

The men's return on the basis of the agreement reached in Washington, Monday, at a conference of company officials, a special committee of the union and postoffice authorities. The agreement provides that telephone companies shall permit their employees to organize, that all employees be reinstated, that organization activities be forbidden during working hours and that imported employees be returned to their homes.

Bay State Lowest Weekly Wage for Women is \$12.50

BOSTON, (AP)—Establishing \$12.50 as the minimum weekly wage for women workers in candy factories, the Massachusetts minimum wage commission today announced that this amount had been agreed upon by the least on which a self-supporting woman could meet the cost of living and maintain herself in health.

The appropriation of the \$12.50 wage was shown in an itemized budget which allowed \$2 weekly for board and lodging; \$2.25 for clothing; 20 cents for recreation and 15 cents for "health improvement."

Other items in the budget were: Laundry, 75 cents; carefree 75c; doctor and dentist, 20c; church 1c; newspapers and magazines 1c; vacation 40c; savings and insurance 30c; incidentals 25c.

WILL DELIVER WATERWORKS NEXT MONTH

Pipe Line from Canal Only Needs to Be Completed—Enormous Wastage of Water Here

Statement is officially made today that on or before August 20 the Twin Falls filtration plant will be completed. The time of completion of the filtration is dependent upon removal of water from the canal in order to permit entrance of the new supply line into the canal. This report is made by G. E. Painter, supervising engineer.

In explanation of the situation at the waterworks plant, Mayor Edridge said this morning that the original plan for the system called for a 24 inch intake pipe from the canal into the plant, but figuring closely on the basis of the per capita use of water up to this time the canal reached the conclusion that the 18 inch pipe already installed would be large enough. It now appears that it is not large enough and that it will be necessary to install a 24 inch pipe as originally called for. This will be done within the next few weeks, when the water is entirely out of the canal. In the meantime the people of Twin Falls are being served with the same water they have always

GROAT TROOPS STAGE REVOLT AGAINST SERBS

Soldiers Proclaim Independent Republic, Quit Military Organization and Fraternize with Hungarians

THIRTY ARE KILLED IN FIGHTING AT MARBURG

Movement Starts at Socialist Meeting Where Speakers Ad Government of Jugos and Croats

—(AP)—Rumors of mutiny and other trouble in Jugoslavia were denied officially at Laibach (in Jugoslavia), according to a dispatch received today from Laibach via Vienna and Basle. The dispatch said that it was stated officially that order and tranquility prevail throughout the country.

The revolt is taking the form of a movement for separation from Serbia and the formation of a republic. Troops are leaving their units, officers and subalterns are leaving their insignia and the army is in a state of dissolution, the advices say.

The Serbians are trying to suppress the revolution by the use of troops, both Serbian and Croatian. The Agrarian advices do not record any disorder in that city, the Croatian capital. They state, however, that the independent Croatian republic, according to information reaching Agram, has been proclaimed by soldiers in several of the Croatian towns.

Fighting at Marburg. (AP)—Violent combat occurred Tuesday evening at Marburg, 30 miles southeast of Graz, where a large part of the garrison revolted as a result of dissatisfaction with the formation of a republic in Jugoslavia. Thirty persons were killed and many wounded.

The movement started at a socialist meeting where speakers advocated the formation of a republic in Jugoslavia. Slovenian in considerable numbers were present in considerable numbers, cried "Let us separate from Serbia."

Army in Dissolution. (AP)—Despatches from Agram and Graz report a serious military revolt in Croatia.

The revolt is taking the form of a movement for separation from Serbia and the formation of a republic. Troops are leaving their units, officers and subalterns are leaving their insignia and the army is in a state of dissolution, the advices say.

BAREFOOT ARMY WINNING DRIVING BACK BOLSHEVIKI

PARIS, (AP)—Twenty thousand Russians, many of them barefoot and without arms and unsupported by heavy artillery, compose the northern Russian army whose front extends from the Finnish coast to Petrograd and which is pushing back toward Petrograd a Bolshevik army four times as large according to reports received here from officers of the American relief administration on the spot. These officers are working part of the time under Bolshevik fire, endeavoring to provision and to provide medical supplies to this army. Officers and soldiers alike are clamoring for tanks which had been promised them by the allies, and with the help of which they expect confidence they could reach Petrograd speedily.

There is sufficient American food available in the Gulf of Finland to supply Petrograd and its suburbs for three months, but the lack of coordination of allied assistance to the northern Russian army and to the Estonians operating in conjunction with it is delaying the progress of the movement upon Petrograd from progressing with sufficient speed to effect relief much before winter.

By the time the American food now here, the scope would not be available, it is said, as it cannot be held indefinitely on the ships without spoiling and would soon have to be sent to other places where it is badly needed.

GERMANS HELD IN FRAUD CASE

Sixty Burgers Charged with Plot to Beat Government at Auctions

COLOGNE, (AP)—Sixty Germans from Cologne, Berlin and other cities were arrested here Tuesday by army intelligence officers in connection with an alleged plot to defraud the government of the Reich through a competition at auction of army supplies.

Intelligence officers said the alleged fraud was accomplished through an organization, part of whose members now are under arrest, that kept competitors from bidding at auctions where salvaged army material was sold. On some days the auction sales amounted to fifteen and twenty million marks, large of the material going to some other competition at auction of army supplies.

American soldiers in plain clothes went into the crowd at auction sales, according to the officers, repeatedly were offered large sums of money not to bid against members of the organization, wherever possible, will be delivered.

BOMBING PLANE FINISHES SECOND LEG OF JOURNEY

Lieut. Col. E. S. Hartz and Crew Fly from Mineola to Augusta

MINEOLA, (AP)—Lieut. Col. E. S. Hartz and his crew finished today a Martin bombing plane flight over the second leg of their journey from Washington around the rim of the United States. The machine left Washington at 11:30 a. m. and reached here at 1:45 p. m.

MINEOLA, (AP)—Colonel Hartz arrived here from Washington yesterday on the first leg of the flight, making the trip in two hours and 47 minutes. A leak developed in the water tank, but this was repaired while the plane was flying at a height of 7,500 feet over the British charge staff.

The next leg of the flight around the country is from Augusta to Cleveland, a distance of 660 miles.

BRITISH HONOR PUBLISHED

Editor of Mexican Newspaper to Receive Cross for Pro-Allied Services

MEXICO CITY, (AP)—Felix M. Pala, editor of the newspaper El Progreso and former secretary of public instruction, on Monday will be awarded the cross of commander of the British empire by the British charge d'affaires. The honor is in recognition of Pala's patriotic services during the war.

It is understood that the only other journalist who has been awarded the order is Viscount Northcliffe, the British newspaper proprietor.

DEROGATES YUCATAN LAWS

Carrazas Believes Absentee Owners and Removes Sinal Restrictions

MEXICO CITY, (AP)—Several important statutes of the state of Yucatan have been derogated by the President Carranza in exercise of extraordinary powers granted him in financial matters by congress. Among them figure the law of abstention, imposing payments on Yucatan absentee owners. Restrictions on the free sale of land have also been removed, while it is said that the prohibition law will be derogated this week.

IDAHO WEATHER—Tounght and Saturday fair and cooler.

WILSON DELAYS SUBMISSION OF FRENCH TREATY

President Does Not Expect to Present Pact Text to Senate Before His Return from the Speaking Tour

TWO MORE SENATORS ARE CALLED TO WHITE HOUSE

Spencer Brings Five Reservations to Executive's Attention; Endorsement Means Peace Ratification

WASHINGTON, (AP)—President Wilson does not now plan to present the definitive treaty with France to the senate until after he returns from his tour of the country. This statement was made at the White House.

Invitations May Be Limited. There seemed to be some doubt at the White House today whether all republican senators would be invited, but no future appointments have been made today and so far as could be learned from a Washington source, one or two other senators were asked that the president planned to see in the immediate future.

May Start Tour August 10. Indications today were that the president would start on his westward trip about August 10, although it was made clear this was purely tentative and that the exact date would depend upon developments in Washington during the next fortnight.

The invitation to Senator Warren and also one to Senator Spencer of Missouri, were dispatched by the president during the forenoon. Five senators were asked to call at the White House later in the day.

Promises Consideration. President Wilson today promised to give earnest consideration to five proposed modifications of the peace treaty and language of nations covenant which were presented to him by Senator Spencer, republican, Missouri. The senator told the president the reservations would have to be agreed upon if the treaty was to be ratified by the senate.

One of the proposed reservations would modify the article in the covenant which provides for the settlement of disputes by arbitration. Senator Spencer believed the Shantung matter would be adjusted quickly and that certain action taken by the state department would result in a general clarification of the subject within the next two or three days.

Feels Congratulations Due. The president told Senator Spencer for what he should be congratulated for his modification to Japan's original demands with regard to Shantung.

Other of the reservations proposed by Senator Wilson, held Senator Spencer believed, domestic policies such as immigration; the right of congress to determine "future action of a warlike character"; and the right of the United States to withdraw from the league of nations without conditions.

CONCILIATORY ATTITUDE IS ADOPTED BY MEXICANS Authorities at Tampico, Make Unusual Effort to Capture the Bandits

WASHINGTON, (AP)—Acting under special instructions from President Carranza the Mexican military authorities at Tampico are making unusual efforts to capture the bandits who on July 24 looted the town from the U. S. Cheyenne in the Temesi river and looted the crew. This information was contained in a radio message to the navy department today from Commander E. P. Pinckney, senior American naval officer at Tampico.

The message said the Mexican authorities had adopted a very conciliatory attitude and that General Gonzales, the military commander in the Tampico district, had been instructed by President Carranza to increase the safeguards and guarantee offered American lives and property.

Remodeled Bill Is Signed By Wilson

WASHINGTON, (AP)—President Wilson today signed the agricultural appropriation bill from which he had eliminated the provision repealing the daylight saving act after the president had vetoed the original measure.

SOLDIER PRISONERS ESCAPE FROM BRIG TO RETURN FOR "NEXT WAR"

NEW YORK, (AP)—A report of the coast guard chief the office of the captain, Godfrey L. Carney, at the harbor office this morning, said:

"A note from the Brig said: 'The Captain read the note. It said: "One not to be forgotten. Will return for the next war."'

"The whole bunch gone" inquired the captain.

"No sir. Two of them left, sir." The brig is located on the third floor of the harbor office. Five prisoners escaped during the night by utilizing the wire screening over the windows and climbing down a rope.

# U. S. RESOURCES MIGHT BALANCE EUROPE'S NEEDS

### President of National Bank of Commerce of New York Suggests Plan for Rehabilitation of Old World.

NEW YORK, (AP)—To pool Europe's stores of credit and commodities on the one hand and to pool America's resources to meet them is a plan suggested by James S. Alexander, president of the National Bank of Commerce of New York for rehabilitating European countries and enabling them to reconstruct their war stricken industries.

### Economic Survey Needed

Mr. Alexander declared that sufficient credits must be extended to meet the full requirements either of Europe as a whole, or of the nations of Europe, or of the individual industries. The full needs of Europe must be ascertained and met, he said, and this would require methods for supplying Europe with its requirements. Credits supplied should be made available not to the nations of Europe as such, he added, but to the specific interests within the nations, properly coordinated, that is, to industries, manufacturers, transportation lines and even to municipalities requiring funds for reconstruction.

To put his plan into operation, Mr. Alexander said, there must be a "scientific survey of Europe's needs," willingness of individual interests in Europe to co-ordinate their demands, and a financial satisfactory collateral and to pay American rates rather than European rates on loans made by the proposed American corporation.

### American Safeguard

Mr. Alexander pointed out that unless a means by which American and Europe could work together in solving the problem of "unsettled business conditions in Europe will still grow worse and indefinitely extend to the United States." The organization as proposed for dealing with Europe was necessary, he said, from a selfish point of view of American interest in order to conserve American markets and avert the possibility of industrial depression. Unless such steps were taken, Mr. Alexander believed the world might be drawn into unassured conditions. American business is likely to see serious displacements in its business structure—that is, great prosperity in some lines and great depressions in others and ultimately a depression of the whole business structure and possibly a collapse, the weaker elements pulling down the stronger.

### HAWAIIAN CENSUS REPORT FORECASTS JAP CONTROL

### Birthrate of Nipponese is 42.87 Per 1,000 as Against 36.71 for Territory According to Statistics

HONOLULU, T. H. (AP)—The annual report of Governor C. McCarthy to the secretary of the interior, for the year ending June 30, 1918, has been made public here. Governor McCarthy estimates the population of the territory at 250,000, an increase of 64,271 or 25.69 per cent since 1910, when the last official census was taken. Honolulu is estimated to have a population of 25,000. Of the total population of Hawaii, 106,000 are Japanese, according to the governor's estimate, 38,000 Hawaiians or part Hawaiians, 20,000 Filipinos, 22,000 and 42,000 divided among the Caucasians, Koreans and other Asiatic races.

Exports for the fiscal year exceeded \$91,000,000 with the total aggregating \$11,374,718. Sugar to the value of more than \$70,000,000 was exported, with pineapples taking second place. The governor called attention to the fact that in recent years the Philippines have been the chief source of labor for Hawaiian plantations.

The birth rate for this territory is given as 36.71 per 1,000. Board of health statistics show that the Japanese birth rate in Hawaii is 42.87 per 1,000. These figures reveal the population made a few years ago by immigration, that is, Pinkham, that within 20 years voters of Japanese parentage would control the political destinies of Hawaii.

### CONVERTING OLD INTO NEW

That's what our tire vulcanizing does for you. Turns an old, worn, almost ready-to-junk shoe or tube into practically a new casing or inner tube. Don't, often triple, the life of tubes and tires and that means much in these days of thrift and conservation. Puts dollars in your pocket, too. 119 3rd St. E.

GEM-STATE VULCANIZING CO.

## CHRISTIAN MADE CLUB MANAGER

### Former Coast Star Will Look After Destinies of Ball Team Rest of Season

Ladies and gentlemen! Interloper! Mister Tyler Christian, one of the greatest of living baseball managers in the world, who has been signed by the directors of the Twin Falls Baseball association to manage the club and bring home the bacon. I take great pleasure in presenting Mister Christian.

The news told its readers yesterday of the possibility that Tyler Christian would be made manager of the Grays before the conclusion of the day. The probability has developed into an actual fact and from this time to the conclusion of the season the team will be in the hands of an experienced baseball man who can devote all of his time to teaching, drilling and running the club.

### Star Twiler

Tyler Christian, once one of the star twirlers of the Oakland club in the Pacific coast, and who still retains some of the prowess that made him renowned, was yesterday given entire management and control of the Grays. The change was made at a meeting of the association—or whatever it is called here—yesterday afternoon. A. L. Metz, who has been in charge since the departure of R. M. Mercer, a month or so ago, willfully turned over the club's assets to the new manager, in fact, it was at the suggestion of Mr. Metz that the change was made. Mr. Metz has served the club with devotion since taking over the reins.

Manager Christian gathered his pro-

teges together yesterday for the initial try-out under his direction, and will have them out again tonight. What he directs next evening he is not advertising at present.

"I will have a baseball club before the second game is played here," manager Christian declares.

### Question of Support

The salient question now, and one that spells either success or failure for Manager Christian, is how well the fans of Twin Falls will support the club under the new director. They can have no baseball prosperity without a clicking turnout at the ball park when games are played locally. A matter of 500 attendance at games will not do for that means only \$250 per game admission. The park should be crowded to the limit of all the stands for every contest. Sunday affords a grand chance for the Twin Falls fans to prove their enthusiasm for baseball, and their willingness to give Manager Tyler the support he deserves.

It is not outside the bounds of possibility that the Twin Falls will win the flag for the latter part of the season. Then a "world series" might be played for the pennant at the conclusion of the year.

Are you a game spot or just one of the sort that supports a winner only?

### Brief Sport Bits

Just all sport proof to BHARRETT They had a Dempsey Day in Salt Lake yesterday.

"Twas not always thus even in Salt Lake, for time was when the new champion battler of the world was a member of the "in ball" club with the Salt Lake police.

Solitudoously Stu Smiley averred: "Ain't even a dectle bit inclined ter be disputations abouten it, but I ain't agoin' ter concede that it is the longest game on record; it's jest a betta intermission, is all."

Come on now Tyler, we are all with you.

We mean, of course, the sports writers, what the fans will do is what the fans always do—boast when the team wins; knock when it loses.

Four games played in the Johnsonian Circuit yesterday netted only 18 runs. There were two 1 to 0 contests.

white Sox gained a point or two again yesterday by blanking the Browns, while Cleveland was losing to Detroit 4 to 2.

The Salt Lake Bees lost a couple of titles to Oakland yesterday, which makes the perspective as it stands tohant \$10,000 melon a bit different, if not quite hazy.

"Shuffling" Phil Douglas, formerly a Coast league pitcher, has been traded to New York by the Cubs. Phil goes in exchange for Outfielder Davy Robertson, who declines to fool around in the polo grounds under the mentorship of Muggsy McGraw.

Of course Douglas is only part payment for the former Giant star, who is rated in a class by himself as a player.

Al Baum, whose name is eternally linked with the direction of Pacific Coast league affairs, has jumped the job as president of the class AA circuit. Al says he has commercial business that demand his attention.

Fishing for trout in mountain streams hereabouts just now bears the relation to sport as does a rabbit round-up.

Sim Smiley, an ex-football star in the ball game, says: "It's some corner lusher that that's only one Mexican border for the U. S. A. ter keep a eye on."

Headline in eastern exchange—"The Packers aver prices will go higher."

Which drives Sim Smiley to lyrically remark: "Ashes ter ashes' an' dust ter dust, even the packers don't git yer the lan' lord nout!"

Which reminds us that Frank Barrios, middleweight champion of Canada, or some such, and Al Sommers, a near middleweight champion, will mix in a 12 round go at Boise tonight.

The Salt Lake ball club directors have promised their "boys" a slice of a \$10000 purse if they win the pennant.

But what will happen should they emerge at the foot of the tree!

Manager Pat Moran, of the Cincinnati Reds, says he needs one star outfielder who can sting the pill.

# Remodeling and Clearance Sale

WE have never found it necessary to be sensationally "loud" in our advertising, for the simple reason that our values will always speak loudly enough for themselves. There is no blare of trumpets or beating of drums about this announcement, but there is business in it.

Have you taken advantage of this sale?

## BOOTH'S

# HIGH COST OF LIVING HERE TO STAY LONG

### Philadelphia Board of Trade Compiles Statistics and Reasons for Continuing Level of Prices in United States

PHILADELPHIA, (Correspondence) (AP)—The cost of living is likely to stay high for a long time to come in the opinion of the Philadelphia Board of Trade. This view is a result of a compilation of statistics from many lines of trade and industry.

According to these figures the advance in prices in this country since 1914 has been about 70 per cent, in Canada 115 per cent; Great Britain 133 per cent and France 235 per cent. It is pointed out that, in spite of material reductions in the price of steel, the advance in other commodities since the armistice has been so great that the average price schedules have been revised but 5.7 per cent below prices prevailing October 1, 1918.

The following are given as reasons why wages will not be much less for a considerable period of time.

Practical stoppage of immigration since 1914, depriving this country of several millions of workers who would normally have come to us and thus have relieved the labor shortage which confronts American industry.

Retention in the government military service of nearly 2,000,000 workers, which it is declared will doubtless continue for an indefinite period.

Creation of new industries such as shipbuilding, manufacture of chemicals and dyes.

Urgent demand for building and construction of every class due to their having been forcibly held back for several years.

Shortage of world food supplies and uniformly high prices.

Proportionately higher levels of commodity prices existing throughout.

### ARMY HAS 2,000,000 POUNDS OF HORSE SHOES TO SELL

WASHINGTON, (AP)—Two million pounds of horse and mule shoes comprise the latest item of surplus material to be offered for sale by the war department. Special proposals asked to lay will be opened August 14. No bid will be accepted for less than 100 tons.

It is often who to value quality above a mere minimum price. Buyers of the goods learn the basic principle of good buying.

## Honest Burglar is Offered Employment

### Federal Employment Bureau in San Diego Gets Unique Request for Help

SAN DIEGO, Calif., (AP)—The Federal Employment Bureau here has a job for an industrious burglar. Formal application having been filed with M. Durbeck, examiner in charge of publication of the following notice has been made:

Burglar Wanted—Must be honest and efficient. Police protection guaranteed. Employment for one week at good salary.

It is explained that the burglar will be required to demonstrate his skill for advertising purposes. Other details are lacking.

Further evidence of the growing faith in the ability of the Federal employment bureau to meet all requirements is shown by a request for the services of a man "down and out."

"Wanted—Man 'down and out' elderly professed. Wages \$15 per month and found. Three hours a day."

## MOOTED ISLANDS TO BE NEUTRAL

### Conference Dodges Claims of Sweden and Finland in Territorial Problem

PARIS, (AP)—The Baltic commission of the peace conference presented a report Thursday that the Aland islands, between Sweden and Finland at the mouth of the Gulf of Bothnia, be neutralized under the guarantee of the league of nations.

The Aland islands form an archipelago of 80 inhabited islands with a population of about 12,000. The islands formerly were held by Sweden, but were taken over by Russia in 1809.

Early in 1918 when it was reported the Germans planned to make use of the islands in connection with their operations in Finland, Swedish sent troops to occupy the islands.

At the peace conference a delegation from the Aland islands presented a claim for annexation to Finland based on historical, linguistic, geographic and commercial grounds.

ARMY HELLS PLATINUM

NEW YORK, (AP)—Thirteen thousand ounces of platinum have been sold by the treasury department of the army. It was announced here today. The mineral sold at \$105 an ounce.

The merchant who can sell it at a lower price will not neglect to tell you about it in his ads.

## NO SACRIFICE OF SOVEREIGNTY IS SEEN BY SOLON

### Senator Fletcher Says Ratification of Treaty and Covenant is Demanded by Mute Appeal of Soldier Dead

WASHINGTON, (AP)—"The crosses that speak of heroism and sacrifice, extending from the English channel to the Swiss border, reach out their arms in mute appeal to the representatives of civilized peoples to see to it that such slaughter, destruction and barbarity shall never again light the earth," said Senator Fletcher of Florida, speaking in the senate today in behalf of the league of nations.

"The president has furnished the assurance for the world. Shall we turn our backs and refuse to give the ratification?"

"It is the dead and maimed of such nations and bereaved of the home population, he said, that the enlightened nations of the earth should see to it on the final settlement of terms that provision be made whereby never again should any autocrat or military clique be able to 'pour the sweet milk of concord into hell'."

Expressing regret that the senate cannot unite, as did those around the peace table, Senator Fletcher criticized opponents of the league covenant inclusion in the treaty.

"They not only oppose the league of nations plan now before us, he said, but they are opposed to any kind of a plan. It is not worth while to discuss the details of the plan submitted, so far as they are concerned. It could not be more satisfactory to them. No amendment, no reservation, no separate construction, no condition could be framed that would cause it to meet with their favor. They argue that any covenant with other nations, any alliance would mean a certain relinquishment of our sovereignty, a sacrifice in some degree of our independence, and they are unwilling to allow either."

Soes No Danger

"I am utterly unable to see any such danger or find any grounds for objections in the terms of the covenants submitted. There would be, of course, some right of free and independent action surrendered just as there is under any contract an individual may make. The consideration received is a fair exchange, in the one case as in the other. The covenants of all the other nations, the relinquishments and yielding of their part, is an important consideration."

## BURDEN OF GOLD DRAGS MAN DOWN TO HIS DEATH

### Body of Former Customs Inspector is Recovered in Honolulu Harbor with Coin in Bag on Chest

HONOLULU, (AP)—Dragged down to his death by the weight of \$5,000 in gold coin carried in bags around his chest, the body of a former customs inspector, has been recovered from the bottom of Honolulu harbor. The theory of the police is that the man attempted to swim to the stern of a Japanese liner, lying at a pier here, to exchange the money for opium. It is believed the money, which probably will go to the dead man's widow, was furnished by a ring of Honolulu Chinese engaged in smuggling opium into Hawaii. The gold has not been cleaned, and if it is arrests will follow, according to federal authorities.

## PROCLAIMS "UTAH DAY" FOR LAUNCHING OF BOAT

### Mayor Asks Alameda, California, to Take Part in Celebration when the Ute-carbon Takes to Water

ALAMEDA, Calif., (AP)—Mayor Frank Otis in a proclamation published Thursday designated July 31 as "Utah day." On that day the Ute-carbon, a 10,109-ton oil tanker will be launched at the Bethlehem Shipbuilding company's plant here. Carbon county, Utah, made the highest record in Utah for going over the top in the Victory loan campaign and had the privilege of naming one of the shipping boat's vessels after the county.

Governor Simon Bamberger of Utah, writing to Mayor Otis asked Alameda to take part in the celebration and said:

"Another launching in your city means nothing to you folks, but we of an inland state are proud to participate in the launching of our vessels."

Miss Margaret Horsey of Price, Carbon county, will sponsor the vessel. Governor Bamberger wrote that a delegation of Utah citizens will be in Alameda for the launching.

To find a capable office helper is sometimes a mighty urgent matter with a business man. The classified always serves him efficiently.

## WE HAVE FOR SALE ONE OF THE BEST BUYS ON THE NORTH SIDE—NEAR JEROME

120 acres—all in crop. Wheat on old alfalfa ground. Lays fine, near school, etc.

Buyer gets 1-2 crop.

Price \$175.00 per acre on reasonable terms.

TAFT-PEACEMAKER

Coming forward now with a program of six specific interpretations to be included in senate ratification of the peace treaty in order to secure the acceptance of the league of nations covenant, to safeguard the interests of the United States in the proposed world combine, and lastly but not least, to insure support of the republicans favorable to the league idea, former President William Howard Taft seems to be giving the country the benefit of schooling in statesmanship learned while occupying the chief executive's chair, and indicating a sphere in which expenditures may be most profitably employed.

That there is occasion for compromise in securing the acceptance by the senate of the peace pact is not to be doubted in view of the fact that President Wilson's influence with his democratic supporters in the senate can be counted on to secure perhaps 45 votes. Nineteen republican votes are needed. After consideration of the arguments made on the subject, the judicial mind of Mr. Taft has formulated these interpretations and reservations which in the light of the condition that must be met, seem to offer the best bet for securing basis of agreement between the democrats and sufficient republicans to ratify the treaty. These six stipulations are understood to be substantially as follows:

One. That upon two years' notice the United States could cease to be a member of the league without having the league pass upon whether she had fulfilled all her obligations under the covenant.
Two. That self-governed colonies and dominions could not be represented on the league council at the same time with the mother government, or be included in any of those clauses where the parties to the dispute are excluded from its settlement.
Three. That the functioning of the council under article X shall be advisory only and that each member shall be left free, to determine questions of war in its own way, the decision of the United States resting with congress.

Four. That differences between the nations regarding immigration, the tariff and other domestic questions shall not be left to the league for settlement.

Five. That the Monroe doctrine is to be reserved for administration by the United States.

Six. That the United States reserve the right to withdraw unconditionally at the end of ten years or at least to determine then her obligations under article ten.

JACKSON HOLE TO BE RID OF LAWLESS CREW

Double Murder of Winslow Brothers is Believed Starting Point for Extermination of Notorious Crime Regime

Ogden, Utah, (AP)—That the double murder of John Henry Winslow and Hubert Winslow, brothers, former residents of Ogden, whose charred bodies were found in the ruins of their cabin in the Jackson Hole country of Wyoming, will result in a fight for the extermination of a certain lawless element in the famous Wyoming district is the plan of relatives of the murdered boys and their friends in this city.

It is stated that some of the best detectives in the country may be called into the case and sent to the Jackson country to make thorough investigation of the Winslow murders as well as a number of other mysterious murders of ranchers in that section. From the information in the hands of relatives of the Winslows, the indications point to a conspiracy to keep home-steaders out of a certain district and hold the land for certain range purposes only. The murder of the Winslow brothers is similar to that of Paul Morris in the same district in 1908 and for which crime Thomas Sewell served the terms of a 25 year sentence. He was pardoned upon the petition of the residents of Jackson Hole. Sewell's son, William Sewell 21 years of age, is held in the jail at Kemmerer, Wyo., in connection with the murder of the Winslows. Joseph Johnson, a neighbor rancher of the Winslows and the states important witness is held as witness at Kemmerer against Sewell. It is stated that Johnson is remaining under the protection of the sheriff because "it would be better for him during the present time."

safely landed in New York from overseas.

Mr. and Mrs. J. A. Gerald of Stinson arrived here Saturday for a visit with their daughter, Mrs. J. A. Goble.

Mrs. Roy Higgins of Eald, Okla., is visiting Miss Emma Eggleston. The little daughter of Mr. and Mrs. John Hunting was operated on for tonsillitis Friday. Little Dorothy Case and Miss Vera Diehl have had similar operations during the week.

Mr. and Mrs. E. A. Haig and children returned Saturday from a visit with relatives in Illinois.

# BIGGEST OCEAN LINERS PLANNED

## Shipping Board to Build Twin Ships to Cross Atlantic in Four Days

WASHINGTON, (AP)—Two gigantic ocean liners larger than any afloat and designed to cross the Atlantic in four days, are to be built by the shipping board. They will be 1,000 feet long and of 30 knots speed and will be equipped for use as commerce destroyers in the event of war.

50 Feet Longer Than Leviathan

Announcement was made Thursday by the board that plans for the ships had been completed and that work on them would be started in the near future. It is proposed to provide a special terminal for them at Fort Pond Bay, Long Island, and it may be that two similar liners will be constructed later.

The ships, which are to be built under the supervision of the navy department, will be 50 feet longer than the famous Leviathan, now the largest ship afloat, and will have a gross tonnage of 35,000. Accommodations will be provided for 1,000 saloon passengers, 800 second cabin passengers and 1,200 steerage passengers.

Convertible for War

The crew will number 1,000 officers and men and the ships will be of the oil burning type with a cruising radius of 7,000 miles, which will enable them to complete a round trip on the Atlantic without loading fuel overseas. They will be driven by four propellers on which will be thrown the strength of 110,000 horsepower.

In order that the vessels may be converted into commerce destroyers in time of war, gun placements will be built on the decks and the afterdeck will be constructed with a view of accommodating it into a landing and launching space for seaplanes.

### WILL DELIVER WATER WORKS NEXT MONTH

(Continued from page one)

had. It is not filtered, or run through the new plant but it is treated chemically to remove all impurities and recent analyses show that it is chemically pure. The filter which will now be in use is any better or any worse than it has been during the last few years in without foundation. It is the same water we have always had. Sometime between now and the middle of next year the new plant will be in commission, but there is no occasion for uneasiness in the meantime, on the part of anyone.

### Water Is Pure

At the request of Mayor Eldridge a number of analyses of the sanitary condition of the Twin Falls water supply have recently been made and the following report has been made by H. Bieler, recently in bacteriological work in the United States army:

"Samples of the tap water were examined for the presence of coliform bacteria, fecal coliform contamination and possible typhoid contamination on the following dates: June 27, 28, 29, 30, July 1, 2."

"Double tests were made using 1cc. and 10cc. of tap water. None of the samples showed any evidence of contamination whatsoever, in fact, the bacterial count was exceedingly low."

Speaking with respect to the amount of water daily consumed by Twin Falls residents Mr. Painter makes the following statement:

"The people of Twin Falls are using an average of 450 per capita per day at the present time, which is the highest amount on record in the United States. During the hours from 11 a. m. to 1 p. m. and from 5 to 7 p. m., the city of Twin Falls uses water at the rate of over 7,000,000 per day. The normal capacity of the new purification plant is 6,000,000 gallons per day, and its maximum capacity is 8,000,000 per day. It can be readily seen that the plant will be required to operate at the maximum capacity during several hours per day under present conditions. Over one half of this amount of water is wasted. The only logical solution of this situation is a 100 metered system, a complete report on the problem will be presented to the council at the next Monday evening's meeting of that body. The report will also illustrate the equity of meters as we have proved in our records at the office that meters will eliminate wastage of water and not restrict legitimate use."

### A window placard, "For Rent," does not cost much—as a card. But to rely upon it to find you a tenant may be a very costly policy.

## Quake Wrecked Town Renamed "America"

WASHINGTON, (AP)—One of the towns in Mugello valley, Italy which was wrecked recently by an earthquake, is to be renamed "America" in recognition of the great amount of American aid extended the sufferers through the Red Cross.

## BERLIN SAYS LOAN FLOATS

New York Banks, However, Decline Any German Loan Negotiating

BERLIN, (AP)—Negotiations of the Deutsche Bank with New York financial institutions for a large loan of unannounced proportions, are proceeding favorably, according to information in official quarters.

Negotiations in Infancy

NEW YORK, (AP)—A canvass of international banking houses here today failed to elicit any information concerning reports that a German loan is in process of negotiation here.

It is understood that German bankers are endeavoring to place a large credit amounting perhaps to \$100,000,000 in this country, but so far as is known the negotiations have not passed the initial stage.

## FRIENDS AMAZED AT HER IMPROVEMENT

Denver Nurse Declares Tanlac Ended Her Troubles—Glad To Recommend It

"Tanlac was just what I needed, for it has certainly put an end to my troubles and built me up until my friends are amazed at my improvement," said Miss Mary G. Hollister, a nurse of many years' experience, who has a wide circle of acquaintances in Denver, Colorado, residing at 1433 Ogden street, of that city.

"For several months," she continued, "I suffered from a disordered condition of my stomach that worried me night and day. My appetite failed and what little I forced myself to eat soured and formed gas that caused me much distress. My back hurt right between my shoulders as though I had rheumatism and I was so restless at night that I could hardly sleep. I felt so weak and run-down and had so little energy that my work became a task.

"The medicine I took did me no good and when I heard about Tanlac I decided to try it. Positively it seemed to go right to the seat of my trouble and soon I began to pick up and feel bet-

ter. My appetite has improved so that I can enjoy all my meals and am never troubled with gas. The pains between my shoulders has disappeared, I get my regular nine hours of sleep every night and I have strength and energy to go right through my work day after day without ever feeling tired or worn out like I used to. Tanlac has done me so much good that I am glad to recommend it to anyone who has troubles like I had."

Tanlac is sold in Twin Falls by City Pharmacy, in Rogerson by Thompson Drug Co., in Murtaugh by Murtaugh Drug Co., in Filer by A. E. Wood, in Bull by G. D. Borng Brothers Co., and in Kimberly by A. L. Stowe, druggist.

## BOISE DRY FOR 101 DAYS

BOISE, (Special)—Scarcely a drop of rain has fallen in Boise in the past 55 days, and no rain of consequence has visited this section in 101 days. The Boise river has touched a new low mark, with only 72 cubic feet per second flow. This is 212 feet below normal.

Your taxes go on even if your tenant moves away. Avoid lapses and losses through improper advertising campaigns in the classified.

Classified Ads are cheap—effective.

**Loss of Appetite.**

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will

not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

**THE CORRECT STYLES IN FALL FOOTWEAR ARE HERE**

And consider this your invitation to come in and see them. You'll like the new styles, they're a little different, they have an added touch of refinement that comes only in high-grade footwear. We pride ourselves, too, on showing only the correct style; styles that have passed the censorship of style critics of eastern cities. These few illustrated here give but a vague idea of their beauty. You must see them, must try them on, to appreciate their correctness. Will you favor us with a visit?

**No. 501, Dark Grey Kid Lace Boot.** A lovely fitting boot of the new narrow toe. Has Louis covered heel with aluminum plate to protect it. This shoe fits high in the instep, snug in the heel and comfortable through the ball of the foot, making it a stylish yet most comfortable shoe for dress wear. Sizes from 2-1-2 to 8 with widths AA to C. Price the pair **\$15.00**

**No. 404, Fashion's Favorite Boot.** This dark brown lace boot is the favorite among many women. New narrow toe, Louis leather heel, of soft, imported kid, coming in all sizes from 2-1-2 to 8, and all widths from AAA to C will assure you of a perfect fit and real style. For dress wear you will surely want it. Reasonably priced, at a pair **\$12.50**

**No. 103, Black Lace Kid Boot.** Women wanting a neat dress boot but who do not care for the colors, will find this one very appropriate. Made of softest kid leather, with narrow fitting vamp, and stylish Louis heel. Just the boot for dressy wear. Sizes 2-1-2 to 8 and in widths AAA to D. Moderately priced at **\$12.00**

**No. 462, Dark Tan Calf-Skin Boot.** A shoe that is ideal for fall wear. This shoe is made of soft, pliable calf skin with Cuban heel and will undoubtedly prove popular to women who cannot wear the high heels. The new lines with long narrow toe, and high fitting arch and neat Cuban heel give this boot that added look of style. A popular boot for girls going away to college this fall. All sizes from 2-1-2 to 8 and in widths AAA to D enable you to get a perfect fit. Moderately priced, at a pair **\$12.50**

**No. 651, White Kid Lace Boot.** Popular for women wanting to add a different touch to their costume is this new white boot. Leather covered Cuban heel, long narrow vamp and popular 8 1-2 inch height give to this shoe that distinctive appearance. You can be fitted easily for we have all sizes and carry widths from AA to D. Reasonable in price at a pair **\$12.50**

**MISSSES AND CHILDREN, TOO, ARE TAKEN CARE OF IN OUR FALL EXHIBIT**

Shoes of such clever designing and workmanship as were never before shown in Twin Falls are ready for the little tots. Shoes with as much style as their mother's and older sister's are here. We are now carrying widths from A to EE and give the same attention and care to the little folks that we give to the older ones. A service you'll appreciate when you try it out.

# An Epoch in Dentistry

The Largest Dental Organization in the World Opens  
Offices in This City

All Advantages of the Widely-Known E. R. Parker  
System Now at Your Door

Finest Dental Work Done at Prices Which the Average  
Person Can Afford to Pay

DR. PARKER  
Founder and Executive Head of the  
E. R. Parker System

The E. R. Parker System is the largest dental organization in the world and the opening of an office in this city marks a distinct event, for every modern method in dentistry is now at your door.

The dominating idea of the E. R. Parker System is fine dental work at prices which the average person can afford to pay.

There is only one way to get fine dentistry, and that is to have it done by skilled dentists.

There is only one way to make moderate prices, and that is to do much work, and to employ every known method of cutting out needless waste and conserving precious time.

When you pay a dentist's bill, you should pay for but two things—materials and time.

Often you pay for a name, but not in the E. R. Parker System.

The less materials cost, and the less time there is wasted in doing the work, the lower your dental bill should be.

And so many supplies used in E. R. Parker System offices are manufactured and distributed through a central depot.

Other supplies are purchased in wholesale quantities, and the saving thus effected is very great.

Dental offices using the System extend clear across the continent, each office, like the one just opening here, being a complete institution in itself.

The cost of supplies for all its branches is far less than the ordinary dentist has to pay who buys his supplies piecemeal.

What the System saves in materials is taken off the bill you pay when you have work done by dentists using the Parker System.

There are six separate and distinct branches in dentistry, known as (1) Filling and Inlaying, (2) Crown and Bridge Work, (3) Medication, (4) Extracting and Surgery, (5) Artificial Teeth, (6) Orthodontia or Regulating.

No dentist ever lived who could skillfully perform all the widely-differing work in these six branches by himself.

As well-might a man, in building a house, try to be a carpenter, plasterer, bricklayer, stone mason, stair-builder, tin-roofer, plumber, painter and electrician, all in one.

The E. R. Parker System is therefore based upon the idea that no single dentist can possibly do all dental work as well or as quickly as a staff of dentists, each a specialist and all working together.

So dentists using the E. R. Parker System specialize in that kind of dental work in which they are most skilled.

Work done under this System effects a wonderful saving of time, for the man who is trained in one branch of dentistry does that kind of work not only better, but quicker.

He economizes the minutes, and this saving is a saving to you.

It shows in the bills which you pay—in the prices which are quoted when you come in for a free examination of your teeth.

The System idea and the Specialist idea mean more perhaps to the average person than money. They mean comfort in the dental chair—the practical doing away with pain.

Through employing every generally known method in dentistry, combined with methods exclusively belonging to the organization itself, a point has been reached where much of the work, such as extracting and filling, is performed with no discomfort to the patient.

So far as painlessness in dentistry is possible, this System has gone as far as science has shown the way.

Every dentist using the E. R. Parker System is not only skilled, but he is licensed by the State.

He is further trained in all the methods and economies of the Parker System, and no higher recommendation can be given a dentist than to say he measures up to the full Parker standard.

The E. R. Parker System has applied the same common sense business principles to dentistry as bankers have applied to banking, as chemists have applied to chemistry, as steel and oil men have applied to the steel and oil industries, and as leaders in nearly all lines of human endeavor have adopted in their various branches.

The System has a useful, beneficial and highly necessary service to render the public—a service that combats disease, encourages health and has a profound influence upon the public welfare.

Every community need this service.

It is needed here, and it IS here.

Everybody is interested in good teeth, or ought to be, and everybody is invited to call and see what a modern dental institution has been brought to this city—how completely equipped it is with every device and mechanism required to do fine dentistry—how its staff of operators, mechanics and nurses are fully qualified to serve you economically, quickly and with the fear of pain banished.

All examinations, consultation and advice are free.

Come in and find out what ought to be done with your teeth and  
how little the price will be for having it done.

**Do You Know This Man?**

One year ago the world was paying much attention to the doings of this man—not in admiration but—today his latest picture is not recognized by one out of fifty—because a great change has taken place in his life—Study the portrait carefully. Don't know him, huh? Never saw him or his picture, huh?—Well that's because he is without gold lace pompous. It is Frederick Wilhelm Hohenzollern—former Crown Prince of Germany. This new picture from his Holland refuge shows him without the little blonde mustache—and oh so changed.

**Bird Trials.**

It is said to be an established fact that several kinds of birds, crows in particular, find trials to judge one of their number which has in some way offended.

**TO THE PUBLIC.**

I have arranged to go to Chicago August 1st for some just graduate work, and during my absence Dr. E. Hanna and Doratha Foster will have charge of my office.

Very respectfully,  
Dr. WYLA.

**NOTICE TO CREDITORS**

Estate of Jennie E. Bradley, deceased. Notice is hereby given by the undersigned James G. Bradley, administrator of the estate of Jennie E. Bradley, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within ten months after the first publication of this notice, to the said James G. Bradley at the law offices of Hazel & Benoit, Twin Falls, County of Twin Falls, State of Idaho, this being the place fixed for the transaction of the business of said estate. Dated July 23rd, 1919.  
(Signed) JAMES G. BRADLEY, Administrator.

**NOTICE TO CONTRACTORS.**

The Board of Trustees of Independent School District No. 1 of Twin Falls, Idaho, County of Twin Falls, State of Idaho, will receive sealed bids up to eight o'clock (8 P. M.) of Friday July 25, 1919, at their office in the High School Building for the laying of cement sidewalk aggregating approximately 10,000 square feet, on the grounds of the Lincoln and the Bickel school buildings. Excavations for this work will be done by others.

Plans and specifications may be obtained at the offices of Barton, Elmore and Chas. R. Kaufman, Architects, First National Bank building.

Each bid must be accompanied by a certified check in the sum of two hundred dollars (\$200), to be forfeited by the successful bidder on failure to enter into a contract and furnish a satisfactory bond of sixty percent of the contract price for the performance thereof under such bid, within five days from the date of notification that the contract has been awarded to him. The Board reserves the right to reject any and all bids.

Dated, Twin Falls, Idaho, this twenty-second day of July, 1919.

By order of the Board of Trustees of Independent School District No. 1 of Twin Falls, Idaho.

DAVID N. CLARK, Vice President  
W. W. Parish, Acting Clerk.

TO LOAN—Money by private party. Telephone 229-W.

**AMERICAN ARMY GIRLS WIN CROIX DE GUERRE**

Salvation Army Maid and Y. M. C. A. Worker are Decorated by French

WITH THE AMERICAN ARMY OF OCCUPATION, (Correspondence) (P)—Miss Cora Van Norden, of New York City, a Salvation Army welfare worker with the First division, and Miss Gertrude Ely, of Byra Mavor, Penn., in charge of Y. M. C. A. activities with the Eighteenth Infantry, were decorated recently with the Croix de Guerre by General Antrier, commander of a French infantry division, on behalf of the French government. The ceremonies took place at Montauban, near the edge of the Breitenfeld, headquarters of the First division.

General Andrieu also presented the Cross of a Chevalier of the Legion of Honor to Colonel William F. Harrel, of the Sixteenth Infantry, to Colonel A. Hunt, of the Eighteenth Infantry, and to Sergeant Michael B. Ellis, of the Twenty-eighth Infantry.

After the presentations had been made, following the French custom, General Andrieu kissed the American officers on the cheek but when the General stopped in front of Miss Ely and Miss Van Norden the officer appeared displeased as to the proper procedure after a decoration had been presented to a woman. General Andrieu, commander of the First division, quickly went to his aid. Witnesses of the ceremony say General Andrieu kissed the young women on both cheeks after the French custom.

Miss Van Norden and Miss Ely are the first and only women welfare workers with the First division to receive the Croix de Guerre.

**Baby Shoe an Ornament.**

The first shoe of the first baby may be preserved as an ornament with both intrinsic and sentimental value. A few leather photos in gold or silver the creased and worn little shoes just as the baby foot formed it.

OH, I GUESS I LOOK QUITE PRESENTABLE.

YES, WHY NOT? ACTRESSES ARE HUMAN BEINGS!

### LAND INVESTMENT YIELDS BIG PROFIT

#### O. C. Burgess is Ahead Fortune on Farm Bought Only Four Years Ago

On an investment of \$20,000 in the Twin Falls district land, O. C. Burgess made a net profit of nearly \$30,000 in a period of four years.

Mr. Burgess came west four years ago, leaving farming pursuits in Nebraska. He located on land four miles south of Buhl, purchasing a quarter section at \$125 per acre. This he has farmed since. Last spring he sold the farm for \$500 an acre, reserving the growing crops, the land netted him a profit of \$175 an acre, or \$28,000 in total.

In the four years Mr. Burgess has owned the south Buhl farm he has reaped profitable harvests each year. This year he will bank a considerable profit on crops sold. He has just sold hay on nearly 80 acres for \$10 per ton, the crop delivered in the windrow.

Mr. Burgess has not reached a definite decision as to his future. He is a single, young man, and has ambition that may result in further land ventures of greater magnitude than the one which is now a matter of history.

#### EASTERN GUESTS HERE

Mr. and Mrs. R. F. Geary and daughter Helen of Zanesville, Ohio, are the guests of Mr. and Mrs. Edwin A. Wilson. The visitors are the parents and sister of Mrs. Wilson and will probably spend some weeks in Twin Falls.

### Local Brevities

**Brennan is Sued**—The Piler Automobile company has instituted court proceedings to recover from D. F. Brennan the sum of \$104.37 on account.

**Killed Horse is Fined**—George Johnson, a resident of Buhl, was yesterday tried in the District court on charges of beating a horse to death. He has declared the horse worthless.

**Sues for Work Done**—E. P. Swank, a plumber, has brought action in the district court against Thomas A. Gibson claiming \$173.85 due on a plumbing contract.

**Seek Court Judgment**—T. F. and L. A. Warner have brought action in the district court against Lee W. Olms claiming \$50.00 on a promissory note.

**Out of Service**—A. D. Johnson, who has been in France some time, and was recently mustered out of the service, has returned to Twin Falls and expects soon to resume work in the First National Bank.

**Last Rites For Dead**—Funeral services for George Green were held at the Grossman chapel yesterday afternoon under the direction of the local lodge of Elks. Burial was made in Twin Falls cemetery.

**Objects to Charge**—Sidney L. Craig has filed in the district court a demurrer to the complaint filed on record by his wife, Velma E. Craig, who is asking for a divorce. Defendant denies certain specific allegations.

**Rock Damages Roof**—A piece of rock thrown in blowing gusts from the basement of the high school annex, yesterday evening struck and damaged the roof and balcony of the DeCharles Scott residence, 222 Seventh avenue north.

**Club Will meet**—The Boy's Agricultural club of Kinberly Road, under the leadership of Mrs. J. C. Porterfield, will hold an important business and social meeting this evening at the home of their leader. The club is under the direction of A. I. O'Reilly of the Farm Bureau, who will be present this evening and address them. It is planned to select a name for the club at this meeting. There are 10 boys in the club.

### Deaths

Mrs. Harboe Besting, aged 40, died at a local hospital this morning. The body is at the J. E. DeWitt undertaking establishment awaiting completion of funeral arrangements. Services, it is expected, will be held Sunday at the DeWitt chapel, with burial in Twin Falls cemetery.

Decedent is survived by her husband, Neil Beston, of Three Creek, and several children.

### Onward-Upward Continued Trend of Temperature

Maximum temperature yesterday 95; minimum 52; barometric conditions give no hope of relief by rain.

Upward again was the trend of the mercury yesterday, but the weather man promises cooler weather for tonight and tomorrow, he says nothing about impending rain.

There has been no precipitation in the Twin Falls district during the past 21 hours, and skies today are practically cloudless. Wind continues to veer between west, southwest, north and southeast. It is but a faint zephyr, though, and does not afford much relief to either man or beast during this hot wave.

Sections are said to be somewhat benefited by recent rains, but those nearer home are rough and rutted.

### RADIO TELEGRAPHY SCHOOL IS OPENED

#### Government Offers Students in this Branch Rare Opportunity with Tank Corps

The tank corps requires a number of men who are capable of being trained as radio operators, and the department requires that special efforts be made to enlist men possessing the necessary aptitude for this work, according to local recruiting officers.

It is understood that along the Atlantic and Pacific coasts, and on the Gulf there are a great many amateur wireless operators. These have little opportunity for instruction in wireless, and their progress is slow.

A wireless school is established at the tank training center at Camp Meade, Maryland, with complete radio equipment, and well qualified instructors. Young men who are amateurs in this line, or who desire to take up this training and perfect themselves in wireless telegraphy have excellent opportunity to do so through an enlistment in the tank corps.

After graduating from the wireless school and having completed their enlistment, such men should be able to command in commercial life well paying positions and desirable assignments as radio operators.

#### CALIFORNIA GUESTS

Mr. and Mrs. M. J. Sweeney have as house guests Mr. and Mrs. H. S. Green of Mulera, California, who will probably spend some days in and around Twin Falls.

### LABOR CONDITIONS UNSETTLED IN EAST

#### Slight Industrial Unrest is Noted but General Trade Booming, Banker Says

That unsettled conditions of labor are the only fly in the ointment of business prosperity in eastern states is word brought to Twin Falls by J. C. Bradley, Cashier of the Twin Falls Bank & Trust company. Mr. Bradley has just returned from a month's stay on the other side of the Mississippi.

Taken as a general rule business in the eastern section of the country is better than ordinarily good, Mr. Bradley says. He tells of a general resumption of all classes of trade, in both retail and wholesale lines. Mr. Bradley spent the greater portion of his vacation period in Michigan and Illinois and found in those states a generally favorable crop outlook. Wheat in Illinois and Michigan gives splendid promise, and corn in both Illinois and Iowa, looks exceedingly fine, he says. In Nebraska corn does not appear so thrifty. The states mentioned during the earlier portion of the season had abundant rains, but none in recent weeks.

#### OFF TO THE HILLS

Mr. and Mrs. S. H. Kayler expect to leave Saturday morning for a two weeks' outing in the hills in the vicinity of Rollinsford Bar and Yankee Fork. They are equipped to camp most of the time.

#### Summer Complaint in Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

If you were looking for a position you would read the classified if you are looking for help, use the classified.

### CHURCH CONFERENCE TO OPEN TOMORROW

#### Division of Cassia Stake, Giving Twin Falls Headquarters, Scheme Considered

The regular quarterly conference of Cassia stake, church of Jesus Christ of the Latter Day Saints, will be formally opened here tomorrow morning at 10 o'clock. Those in charge will be: Melvin J. Ballard, junior member of the quorum; President W. T. Jack, of counselor; and Mrs. Amy Brown Lyman.

President Clawson, Apostle Ballard and Mrs. Lyman are from Salt Lake. Mrs. Lyman represents the Relief societies of the church.

The first session of the conference will open at 10 o'clock tomorrow morning in the L. D. S. church, corner of Fifth Avenue east and Third street. The second meeting will be at 2 p. m. in the same structure. Sunday's sessions, at the same hours, will be held in the Lavering theater.

Of prime importance on the program of business to be accomplished at this convention is the dissection of Cassia stake into three stakes, one of which will be known as Twin Falls stake, with this city as headquarters. The other stakes will be Burley and Cassia, with Oakley remaining headquarters of the latter, and Burley the other. Twin Falls stake, if organized, will have four wards and two or three branches. Its population will be about 1750 people. Burley will have more wards, about 2,000 people, while Cassia will be left with 2,200 population.

Chamberlain's Colic and Diarrhoea Remedy.

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy.

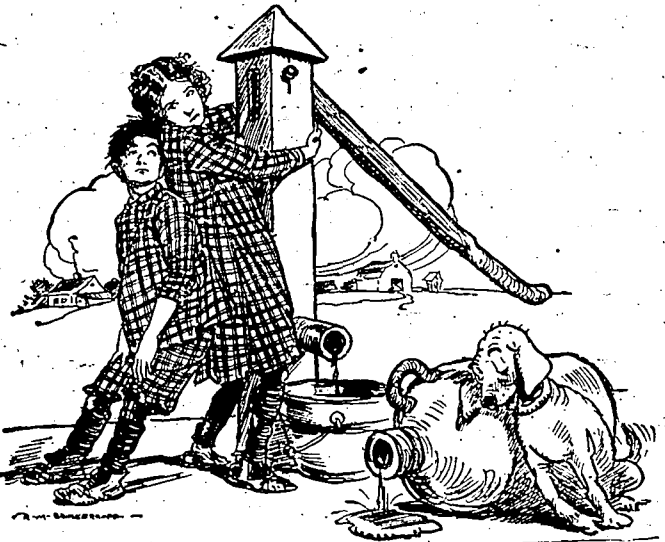

## JEAN WEBSTER'S CELEBRATED PLAY

# "DADDY LONG LEGS"

The Love Story of An Orphan, the first time ever shown here in Pictures

**SPECIAL NOTICE:** "DADDY LONG LEGS" is Miss Pickford's first photoplay from her own studios of which her mother is business manager. Mary Pickford now selects her own stories, supporting casts and directors. No producing company controls her. She is entitled to full and entire credit for this great screen classic. For the purely physical distribution of her first three, personally produced pictures she selected The First National Exhibitors' Circuit, Inc., a nationwide organization of exhibitors devoted to the encouragement of bigger and better photoplays.

The Greatest Eight Part Comedy Ever Produced

The sole survivors of the great Prune Strike  
Incomparably the **GREATEST PICKFORD PICTURE** Ever Made  
Scenes that will rock you with laughter,  
Scenes that will touch your heart.

Miss Pickford paid for the picture rights of this story \$40,000. Her greatest success you'll agree. Don't for any reason miss seeing her in Daddy Long Legs, the most popular story ever published in the Ladies' Home Journal. The book and stage play has been enjoyed by millions.

**Don't Forget the Matinee Prices** . . . . . Only 10, 15 and 25c  
Slightly more for evening show. This production cost us twice as much as ordinary feature plays, but we know it's worth it.

**Coming Monday—Douglas Fairbanks in the "Half Breed"**  
The ventilation system keeps it cool and pleasant, fifty per cent cooler than outside
