BEA KUN QUILTS AS DICTATOR AS RUMANIANS WIN

Retirement of Communist Leader is Precipitated by Defeats Along River Theiss and the Rout of the Red Army

NEW SOCIALIST REGIME SET UP IN SUCCESSION

Overtures for Peace with Allies First Step Taken by New Cabinet; American Credited with Part in Transition

VIENNA, (AP)—Bea Kun, the Hungarian communist dictator, has resigned and been succeeded by a socialist government, according to a telephone message from Budapest.

The resignation of Bea Kun from the Hungarian government was effected Thursday noon. His retirement was precipitated by the Rumanian successes along the river Theiss and the rout of the Hungarian Red army.

With Back to Wall. On receipt of news from the front that created consternation in Budapest, Bea Kun at a meeting of the soviet socialists, became pale of face and with his back to the wall, declared: "Very well, if you demand it, I must resign. I made the best fight I could."

Captain Thomas C. Gregory, the United States food administrator in this region, is credited with a large share in the hastening of Bea Kun's retirement.

On receipt of news from the front that created consternation in Budapest, Bea Kun at a meeting of the soviet socialists, became pale of face and with his back to the wall, declared: "Very well, if you demand it, I must resign. I made the best fight I could."

The crisis at Budapest was due to the combined effect of the allied successes along the river Theiss and the rout of the Hungarian Red army.

The allied military forces were said to have been reduced to 40,000 unwilling soldiers who lacked ammunition and who were harassed by the guerrilla warfare of peasants. This force was thoroughly defeated today. The Hungarians were said to have been driven back to the river Theiss at Tisza, Fured, and also to the Balkan, cutting the Budapest railway.

Stragglers from the soviet army brought the news of the Rumanian advance. They said the army forces were only 25 miles from the capital.

Refugees Celebrate Downfall. Hungarian refugees here held a celebration tonight over the downfall of communism. Officials here said the

GERMAN BUYING IS REGULATED

Reparations Commission is the Medium for All Transactions of Late Enemy

WASHINGTON, (AP)—Bernard M. Baruch, economic adviser to the American peace delegation, told the foreign relations committee today that no purchases could be made in the United States or elsewhere by German concerns except through the reparations commission established by the treaty of Versailles.

This provision was put in the treaty, Mr. Baruch said, so Germany could not evade any part of her indemnity obligations by sending money outside the country privately and thus reducing her national resources.

F. W. Taussig, who advised the American delegates on customs provisions, was quoted by the committee as to the part the American delegates had in framing the economic program included in the treaty. He said that "in some respects" the Americans exerted greater influence than any other group because they frequently were called upon to arbitrate the decisions of the other nations. He declared that the United States was the basis of the suggestions that the British delegates had "dominated" the financial decisions of the peace conference.

NO MORE BLACK MEN NEEDED FOR INFANTRY

WASHINGTON, (AP)—Enlistment of negroes for the infantry will be discontinued temporarily unless an order is issued by the war department. It is explained that this action was taken only because the authorized enlistment of negroes already has been exceeded.

IDAHO WEATHER.

Tonight and Sunday fair, except showers Sunday in high mountains cooler tonight and eastern portion.

WAR DEPARTMENT QUOTES PRICES FOR SALE OF SURPLUS FOOD SUPPLIES DIRECT TO PUBLIC

WASHINGTON, (AP)—Prices for the surplus war department food to be sold direct to the public through the parcels post beginning Monday, were quoted as follows:

Meats: Corned beef No. 1 can, 30 cents; No. 2 can, 28 cents; 6 pound can 82. Roast beef No. 1 can 20 cents; 1 pound can 41 cents; 2 pound can 68 cents; 6 pound can 82.50. Corn beef hash, 1 pound can 23 cents; 2 pound can 40 cents. Bacon in crates 34 cents per pound; in 12 pound tins 38 cents per pound.

Vegetables: Baked beans, No. 1 can 7 cents; No. 2 can 13c; No. 3 15c; stringless beans No. 1 can 11c; No. 10 can 48c. Corn No. 2 can 12c. Peas No. 2 can 11c. Tomatoes No. 2 can 11c; No. 2 1-2 can 13c; No. 3 can 15c; No. 10 can 45c. Pumpkin No. 2 can 6c; No. 3 can 9c; No. 10 can 24c. Squash No. 2 can 6c.

The numbers of cans available for sale in each commodity range from 22,000,235 of the No. 3 cans of tomatoes to 1,025 cans No. 10.

The largest amounts otherwise are 15 million No. 1 cans and 10,000,000 No. 2 cans of corned beef, 10,000,000 each of the 1 and 12 pound cans of corned beef, 11,000,000 each of the 1 and 2 pound cans of corned beef hash, 13,000,000 cans No. 3 baked beans, 18,000,000 No. 2 cans of corn, 10,000,000 pounds of crated bacon, and 6,000,000 of bacon in 12 pound tins.

The department said surplus product officers at Boston, New York, Baltimore, Newport News, Atlanta, Chicago, St. Louis, New Orleans, Fort Sam Houston, El Paso, Omaha and San Francisco had been directed to make the sales. Presumably the regular zone rates for parcels post will apply from these cities in determining the cost to purchasers by the parcels post system.

POLES KEEP UP DRIVE AGAINST THE UKRAINIANS

Continue Victorious March in Crossing Zbruk River at Various Points with Capital of Opponents as Objective

VIENNA, (AP)—The Poles announced today that they were crossing the Zbruk river at various points. It should be noted that the Poles were given authority by the peace conference to proceed only to the Zbruk. The Polish army objective is said to be Kamennet, Podolia, which is the capital of General Simon Petlura, the Ukrainian leader.

Plagued to Long Fight. The Ukrainians recently resumed diplomatic relations with Rumania, having previously sent missions to Italy, Switzerland, Germany and Austria, and are said to be seeking to establish one in the United States. It is predicted here that the Ukrainians are nearing the final chapter of their struggle for independence but, according to the Ukrainians, with a view preannouncing a settlement of the entire Russian question without their consent. They declare that they, like the Serbs, will continue to fight indefinitely.

WORLD NEWS EVENTS

ZURICH, Switzerland, (AP)—The labor executive committee of Olten, Canton of Soleure, has proclaimed a general strike.

SAN SALVADOR, Republic of Salvador, (AP)—The national congress has issued a decree granting unconditional amnesty to all political offenders during the last electoral campaign.

LONDON, (AP)—A dispatch from Vienna under date of August 1 says that during fierce rioting at Basle, in connection with the strike there, troops fired on the strikers, killing nine and wounding many.

PARIS, (AP)—Nicholas Tschakovsky, president of the provisional government of North Russia, left yesterday for London. He will endeavor to induce the British government not to withdraw its troops from Archangel.

TOKIO, (AP)—Because of the steadily increasing cost of living, with the price of rice soaring daily, labor unrest is spreading in Japan. Numerous strikes have occurred in Tokio, Yokohama, Osaka and Nagoya, in which women have participated.

PARIS, (AP)—Dr. Karl Renner, the German Austrian chancellor, and Herr Frantz, the Austrian conservative leader, have conferred with a view to establishing between parties of the left and the conservatives and liberals, a coalition intended to check Bolshevism; the Petit Parisien says.

HOLDS RATE ON SEED AND CRANUT MEAL UNREASONABLE

WASHINGTON, (AP)—Rates on cotton seed and peanut cake and meal from Texas common points to Colorado, Montana, Idaho, Wyoming, Utah and Oregon, were held by the interstate commerce commission to be unreasonable and unduly prejudicial in the case brought by the Texas cottonseed crushers association. New rates were ordered, not exceeding by more than five cents a hundred the rates from points in the Fort Worth-Dallas group.

CALLS DEMAND A HOLDUP

Texas Congressman Compares Railroad Brotherhood with Highwaymen

WASHINGTON, (AP)—Representative Blanton, Democrat, Texas, charged in the house today that the railroad brotherhood were "holding up congress, much the same as highwaymen, for another unfair billion dollar wage increase."

BLOCKS RECESS MOVE FOR PROBE OF SHOCK PROBE

Representative Igoe Refuses Unanimous Consent for Consideration Pending Action on His Measure

REDUCE CASH TO CUT COST, SENATOR'S IDEA

States Join in Movement to Defeat High Cost of Living; Maryland and Iowa Take Steps to Prosecute

WASHINGTON, (AP)—Disposition of all surplus subsistence commodities held by the war department is provided for in modification of original plans announced today. Sale of only canned and cured meat and canned vegetables was planned at first.

Provision is made for meeting the demand in towns where the charter restrictions prevent the chase in the manner provided or prescribed by the war department. In such cases the mayor or some commission may act as the agent. Instead of cartons of 30,000 pounds sales may be made in small lots as a single case or carton. The prices quoted to municipalities are the basic price of the department in offering the commodities for sale through the parcels post.

Sales of surplus war department food direct to the public through the parcels post will begin Monday, the war department announced. The necessary forms and blanks for use by the 68,000 postmasters is now being provided by the war department.

The announcement said sales would be made in case of cartons only and that purchasers would have to add the cost of delivery by parcel post from their own points where the food now is held.

WASHINGTON, (AP)—Efforts to have the house recess for two weeks were blocked today by Representative Igoe, Democrat, of Missouri, who refused unanimous consent for consideration of the recess resolution until his house acted on his measure proposing an investigation of the high cost of shoes.

House leaders had hoped to suspend business for two weeks. They said that if a recess was not taken the house would meet daily, but transact no business.

Going Still Higher. Appearing before the house rules committee today to urge that his resolution directing the federal trade commission to investigate the price of shoes made such a business case for the house, Representative Igoe said prices of shoes had increased from 78 per cent to 125

(Continued on Page Four)

MISSING CHILD COMES HOME

Disappearance of Little Girl Ends the Alleged Kidnapping Mystery

SAN FRANCISCO, (AP)—Returning unobserved to her apartment in the Fairmont hotel today, after having been absent throughout the night, nine-year-old Virginia Livingston, daughter of a New York manufacturer, ended an alleged kidnapping mystery which had baffled every policeman in the city.

The girl said she has been "visiting friends in Berkeley." Her mother faintly when she entered the room. W. H. Livingston, the father, is a New York munitions manufacturer and the brother of E. L. Livingston, an official of the United Railroads of San Francisco.

Belgium Lines Up in the Dry Column

BRUSSELS, (AP)—The United States is not the only prohibition country. Belgium, having followed out suit as far as whiskey, gin and other highly alcoholic liquors are concerned. Soon after the armistice Belgium sought to forbid the manufacture and sale of such beverages.

Making of alcoholic drinks ceased almost immediately and not much attention was paid to the rule so far as the selling of flour in the larger places was concerned. The authorities confiscated all stocks the bars had on hand. While these stocks had been sold openly they are said to have been secretly acquired from soldiers and smugglers. The largest hotels now are unable to stir up a single drink except by order of the thirty American and British officers.

3,000 MEN, WOMEN AND CHILDREN ARE RENDERED HOMELESS BY FIRE DUE TO INCENDIARISM, POLICE SAY

Incident Greatly Aggravates Bad Feeling Between Whites and Negroes; State Troops Dispatched to Scene to Disperse the Crowds and Prevent Renewal of Race Riots; Witnesses See Bearers of Burning Torches

THREE MISSING AND SCORE HURT; PROPERTY LOSS MORE THAN \$200,000

CHICAGO, (AP)—An incendiary fire which the police declare was started by negroes early today swept through the district bounded by west 43rd, west 46th, south Lincoln street and south Hermitage avenue, destroying 100 homes of Polish and Lithuanian employes of the stockyards and causing a property loss of more than \$200,000. Three persons are missing and a score were injured in the conflagration.

Three thousand men, women and children have been rendered homeless by the fire and the bad feeling between the whites and negroes greatly aggravated. State troops were sent to the scene of the fire to disperse the crowds and prevent a renewal of race riots.

See Negroes with Torches. A number of witnesses have been found by the police who say they saw several automobiles of negroes with burning torches in the district shortly before the fire was discovered. The fire broke out in three sections of the district at the same time, according to the police. Telephone wires in the district were cut a few minutes after the blaze broke out. A number of spots were fired at negroes in automobiles who, it is said, were attempting to escape after the fires were started. One negro was said to have been wounded but was carried away by his companions.

Fire Chief Gives Opinion. Fire Chief O'Connor after a hasty investigation declared that the fires were undoubtedly of incendiary origin and evidently started by throwing gasoline on the outside of the buildings and applying a lighted torch or matches.

Fire Attorney Harry Donnelly gave the police the names of twelve persons who, he declared they saw negroes in the district leading burning torches and cutting telephone wires.

Situation Generally Quiet. The situation in other sections of the city is generally quiet. The police reported that the situation is satisfactory to the authorities although there were a number of minor disturbances.

CHICAGO CARMEN CALL OFF STRIKE

Referendum Results in Rejection of Order and Acceptance of Wages

CHICAGO, (AP)—Street car service was resumed today after a four day strike of surface and elevated car men that is estimated to have cost the workers \$370,000 in wages lost. Resumption of traffic soon followed the announcement of rescinding of the strike order and acceptance of a wage schedule of 65 cents an hour for surface and 87 cents for elevated men.

Hearings were begun today by the state public utilities commission to determine what rate of fares will be necessary to pay the 17 cents an hour increase in wages given to the men. It is said a 7 cent fare on surface lines and an 8 cent fare on elevated roads will be granted by the commission. In addition a 1 cent charge for transfers may be authorized.

PACIFIC COAST ASKS FOR A SECOND ANNAPOLIS.

SAN FRANCISCO, (AP)—A campaign for establishment of a second United States Naval academy on the Pacific coast is being conducted by local newspapers and officials. Attention is drawn to the great aviation capacity of the academy at Annapolis and desirability of having an academy on the west coast in connection with the new Pacific fleet.

At times past application for both military and naval academy branches on the Pacific coast has been carried on in the west.

RED CROSS OUTS FORCE OF WORKERS IN SERBIA

BELGRADE, Serbia, (AP)—Workers of the Red Cross commission in Serbia who have numbered about 175 during the recent months when relief work was most urgent, now are being reduced to about 50. Captain Harry W. Frazer, secretary of the Red Cross commission to Serbia, announced that the 50 workers retained will devote themselves to medical and institutional work. He adds that "the condition of the country is so far improved that general emergency relief measures are no longer considered necessary."

GERMANS BUILDING GREAT RESERVE ARMY UNDER GUISE OF HOME GUARDS

COBLENZ, (AP)—The plan of Gustav Noske, minister of defense, to retain the home guards throughout Germany by transferring them to the civil authorities and calling the guards "home guards," is going into effect, according to information reaching the American area of occupation.

In connection with this procedure the German papers are carrying advertisements which say that recruits for the home guards no longer are required to take an oath to defend the country against invasion. In American circles it is said that the abolition of this pledge obviously is a result of Noske's new plan for some of the guards were bound by such an oath they would clearly be prohibited under the terms of article 177 of the peace treaty.

An American army bulletin commenting on the change of the guard to police reserves, says: "This is the first step toward giving a pledge to the home guards by the home guard. It confirms suspicion that the home guards were intended to be a great reserve army, and justifies further suspicion of a home guard under their new guise of civil police reserves."

Passage of Mondell Bill Recommended

WASHINGTON, (AP)—Passage of the Mondell bill, a measure for the relief of soldiers and sailors was recommended in a report submitted to the committee on the bill by Representative Stannett, Republican, Oregon, chairman of the public lands committee. The measure carries an appropriation of \$400,000 and has been reported after exhaustive hearings had been held.

RAIL CONTROL INVOLVES WORK

Parliament's Passage of Transport Bill Will Put Big Job Up to Geddes

LONDON, (AP)—The vast scope of the work to be undertaken as soon as the much discussed transport bill is passed by parliament was outlined the other day in the House of Commons by Sir Eric Geddes, Minister of Ways and Communications, who will head the new extensive reforms and improvements planned for the railways, roads and docks. The railway program includes the following:

- Elimination of all competitive services given merely for the sake of competition.
- Common use by all lines of rolling stock.
- Elimination of privately owned railway cars.
- Increase of traffic by judicious electrification of certain lines.
- Increase of the size of rolling stock, necessitating the alteration of station platform clearances, enlargement of the entrance to warehouses and the like.
- Standardization of rolling stock and locomotives.

ANYWAY, CLYMER HAS TAILENDER

Critics Make Seattle Manager Wonder if He is a Hero or a Renegade

SAN FRANCISCO, (AP)—Few managers in the Pacific Coast baseball league ever have been the object of greater diversity of criticism than Bill Clymer of the Seattle team. He frankly admits he doesn't know whether he is a hero or a renegade.

Clymer is being excoriated as the leader of a tail end team who hasn't shown any particular aptitude for getting together a creditable playing machine, and as showing poor judgment in the men whom he has lined up for the club.

On the other hand, there are those who laud him as a man who keeps on fighting notwithstanding the discouraging showing made by his team. They say he has put more life into the game for the spectators than any other individual in the entire league. His coaching activities during the progress of a game have been commented on by the sporting writers as one of the features of the play.

Clymer while in the cat is credited with never having managed a team which did not figure up in the first division and the fact that the Seattle team is in the Pacific Coast "cellar" position has afforded abundant material for the paragraphs.

WICHITA PLAYER IS BATTING 434

Wilhoit, Canned by Seattle, is Leading All Hitters in the Western League

CHICAGO, (AP)—Joe Wilhoit, of the Wichita club, of the Western League, who last Sunday, by hitting safely in his 46th consecutive game broke the world's record, formerly held by Jack Neas of the Oakland club in the Pacific Coast league, who hit safely in 45 consecutive games in 1917, batting .434, according to averages released today, including games of Tuesday. Collins of Joplin, leads the home run hitters with seven, one ahead of Davis of Toledo.

Brkshaw, Sioux City, made the best showing among the batters, advancing from fifteenth to sixth place by boosting his average from .346 to .372. There was little change among the other leaders, who after Wilhoit, are: East, Wichita, .355; E. Walker, Sioux City, .351; Spellman, Omaha, .343; Dills, Tulsa, .332.

KOREANS BRAY UNIQUE SELF DESTRUCTION ATTEMPT

SEOUL, KOREA, (AP)—An extraordinary and extraordinary attempt of eleven Koreans to commit suicide by tying themselves together with rope and then jumping over board is reported from Chumdo. The incident occurred on a ferry boat. All were picked up but three were dead.

The act is believed to have been inspired by Buddhist superstition.

NEBRASKA CASTS VOTE FOR WOMAN SUFFRAGE

LINCOLN, (AP)—Nebraska today joined the list of states that have ratified the federal woman suffrage amendment when the legislature by a vote of 94 to 0 passed a joint resolution providing ratification. The senate voted for ratification on Thursday of this week, 27 to 0. Nebraska, whose legislators were recently called into special session by the governor to act on the amendment, is the fourteenth state to ratify.

DIRECTS PROBE AT SHOES

WASHINGTON, (AP)—A resolution directing the federal trade commission to inquire into the increase in the price of shoes was reported out Friday by the house interstate commerce committee.

Today's Sporting News

Brief Sport Bits

The Cincinnati Reds are on top of the National league today.

They changed places with the Giants when they walloped the latter 6 to 1 yesterday.

Tony Becker, former Northwesterner, yesterday again helped beat his old teammates, the Pirates. Becker was traded to the Braves sometime ago and since then has been hitting a great stride.

The Los Angeles club is again leading the Pacific coast league. But the margin is small.

There'll be no mid-week games in the Southern Idaho league, at least not this year. That was decided at a directors meeting held in Burley last night, the Christian proposal being voted down.

Al Wolgast, former lightweight champion, essayed a "comeback" when he attempted to fight a club named Devery in Yuma, Ariz., last night. The bout went six rounds and was a draw at the finish.

That Thompson, retired Kent who jumped the Twenty Tens a couple of weeks ago, has been ordered to play with the Greys or not play at all in this league.

Tomorrow's game starts promptly at 2 o'clock.

Ambrose will pitch.

Low Tender, a Southpaw rightweight boxer, today took a couple of the best of knocking out George Chas. has issued a challenge to Benny Leonard for a titular tilt.

The mearest baseball fan in the world is said to reside in Dixon, Ill. This fell is said to watch all the baseball games played in his town from his house, which is just back of the league park, and then corals all the balls that are knocked over his portion of the fence.

A Chicago sports writer calls Jack Dempsey a "wild wildcat".

But then a monkey doesn't make a fighter.

In the ten leading hitters of the American association appears the name of one "Taggart." This fellow is playing with Columbus and is hitting at a .500 clip for Joe Tinker's lot.

Taggart is known to old Union association fans as Jimmy Kelly. He played right field for the Great Falls club under Herb Foster and was a prime factor in winning of one pennant for the Electrics.

When Great Falls dropped out of the Union association Taggart-Kelly was sold to the Pittsburgh club of the National league, but did not get a chance to play regularly. He jumped the Pirates and went to the Reds. Later he was in the Southern league but came north again when Great Falls entered the Northwestern league in 1918 and helped Foster win another pennant. Great Falls again sold the player, this time in Columbus. Last year he was with the Braves.

The Kansas City club of the American association has an outfielder named Hall.

The Blues, however, have nothing on some teams we might describe. These have not only Hall, but maimed and blind.

Battery for Sunday—Twin Falls, Ambrose and Patton. Let's go!

Manager Tyler Christian reported late yesterday having signed Patricio Ambrose, who has been playing at Briggs.

The Twins have a good reputation and is said to be just a shade better than anything in this company.

It is possible that Christian will have another corking infielder to present to the fans on Sunday.

A first baseman, now in Oakland, who tried out with the Oaks last spring,

GIANTS DRAGGED FROM TOP PLACE

Cincinnati Reds Whip McGraw's Leaders, and Take First Position in National

PHILADELPHIA, (AP)—The Reds by defeating the Giants 6 to 2 yesterday passed them and went into first place in the National league race. Ring pitched shutout ball for five innings and became wild after a hard shower in the fourth and fifth innings had made the field and ball wet and slippery, and was relieved by Eller in the sixth. Tony was hit hard in the fourth and fifth innings and driven from the mound. The Reds took the lead in the fourth innings by scoring two runs. In the fifth, hits by Wingo, Rath and Dasher, with an error by Young fielded two more. Dasher relieved Tony in the sixth and allowed two runs. Oeschger pitched the last two innings without being scored on. Ring did well until the sixth when he passed the first three men up. Eller then went in and two of the runners scored.

The Reds played perfect ball in the field, supporting both Ring and Eller in sensational style. The catching and batting of Wingo was a leading feature.

HUSTON PEEVISH TOWARD JOHNSON

Carl Mays Deal is Blocked and Yonks' Owner Threatens Dire Things for Bannie

NEW YORK, (AP)—Baseball will see one of its most interesting fights in years if Ben Johnson, manager of the American league, attempts to keep the suspension of Carl Mays, newly acquired New York American pitcher, in force for the season. This prediction was made by Lieutenant Colonel T. L. Huston, half owner of the New York Americans after having been shown an Associated Press dispatch from Washington quoting Johnson as saying the suspension order would not be revoked unless "evidence of extenuating circumstances was produced."

I also will promise both Mr. Johnson and the general baseball public that the New York club will not sit idly by and stand for this interference with its property rights," said Huston. "I will not tell the New York's plan of action at this time, but if Mays' suspension is kept in force, we will take action and take it quickly."

Johnson has offered his services, but not as a donation to the cause.

Harry Abbeke, one of the owners of the Vernon club of the Pacific Coast league, advises the Salt Lake ball club management to make its terms offer \$25,000. "The Vernon club will produce your money," the fat friend of the club laughingly announces.

Sam Smiley, sagebrush sage, says: "Bill Hohenzollers says he was forced upon him, an 'accident' to my way of thinking, the punishment should be forced on him, too."

Grand Circuit Races

COLUMBUS, (AP)—One bright spot in a rather ordinary race card yesterday was the victory of Goldie Todd in the Dealer Hotel stake, the 2:10 pace, purse \$3,000. Frank Dewey, Cox's great power, was barred in the betting but Dewey was able to take up the challenge on the track and won with Goldie Todd after four heats.

The 3 year old colt trot was also a Green victory, the veteran winning in straight heats with Molly Knight. The 2:12 trot was a contest between Edith Carter and Comet, it taking five heats before Edith Carter won.

The 3:15 pace was a four heat affair in which George Volo won the second mile while Gold Quartz took the other three.

GRADES GOVERN WHEAT TRADING

Dealings in Grain in Idaho Controlled on Scale Adopted by Government

BOISE, Ida., (Special).—Notices are being issued by the bureau of markets of the Idaho state department of agriculture, to govern all trading in wheat within the state, based on the United States official wheat grades, as promulgated by the secretary of agriculture.

B. F. Sheehan, field agronomist of the university extension division, has been appointed state grain inspector, to grade such samples as are submitted to him. He is licensed also by the United States department of agriculture, and acts under supervision of that department.

Federal Rules

Dealers, under the rules promulgated by the state department of agriculture, are permitted to buy wheat on the basis of federal grades without submitting samples to the state grain inspector. The rules further say:

"In case of disagreement between buyer and seller, or upon demand of either one of the parties concerned, a sample must be submitted to the state grain inspector for his official grade. The grade determined by the state grain inspector becomes the official grade of the lot of wheat represented by the given sample and settlement must be made on that basis. There is no appeal from a grade thus designated, but the grading will be reviewed upon payment of a second fee."

Directions Given

Directions for selecting samples say: "If a pint or more are necessary for an ordinary test. If a moisture test is desired, an additional one and one-half must be placed in an airtight container and submitted with the rest of the sample."

"The declaration sheet must be signed by both parties concerned and otherwise properly filled out. Dealers are required to keep a supply of blanks on hand at all times. They are furnished

at cost in lots of 25 by the state grain inspector.

"A fee of one dollar must be included for every sample. Postage stamps will not be accepted.

"Send the sample to State Grain Inspector, Boise, Idaho. Postage or express charges must be prepaid.

"Dealers are required to keep a copy of this notice posted in a conspicuous place."

FALL OF ANGELS ADDS INTEREST

Coast League Fans Pleased with Turn that Changes the Leadership

San Francisco, (AP).—After being away off in the lead over since the season started, the Los Angeles club of the Pacific coast baseball league finally has been pulled down the percentage ratings to within hailing distance of the other first division teams in the circuit. To the Vernon club belongs the honor of making the Angels tumble below the 50 mark to which, until only recently, it appeared they were in no danger of falling.

Followers of baseball are pleased at the turn of affairs, with the exception perhaps of the Los Angeles fans, for the reason that it adds more interest in the race for the pennant. The first division teams are now sufficiently close together to make even a brief losing streak on the part of one of the leaders a matter of considerable concern.

FRENCH MODERATES UNITE AGAINST BOTH EXTREMES

Fundamental Point in Combination Platform "Neither Reaction nor Revolution"

PARIS, (AP).—Negotiations, which have been going on for some time for a coalition of the moderate political parties of France in the coming elections against both the royalists and the extreme socialists are reported on good authority to be making headway and likely to succeed. This combination would include the radicals, republican socialists, alliance democratique and federation des gauches, whose combined voting strength in the election of 1914 was 4,725,000 out of a total of 8,550,000 as against 1,400,000 for the royalists, 1,300,000 for the royalists and conservatives and 800,000 for the progressives.

The fundamental point in the combination platform will be "neither reaction nor revolution."

ALLENBY IS FIELD MARSHAL.

LONDON, (AP).—General E. H. H. Allenby, formerly commander of the British forces in Palestine and at present special high commissioner for Egypt and Sudan, and Lieut. Gen. Sir Henry D. Allenby, commander of the second British army, have been raised to the rank of field marshal.

TAKE KINDLY TO AQUATICS

Young Girls, Unable to Swim a Stroke Year Ago, Now Regarded as Prodiges

SAN FRANCISCO, (AP).—Two girls, 16 and 17 years old, and a third who, a year ago, was unable to swim a stroke, are engaging the attention of followers of aquatics on the Pacific coast.

Miss Helen Martin, 16 years old, of Honolulu, in a recent swimming meet, lost only by a few inches in the fifty yard breast stroke event to Mrs. Terrie Desch. Miss Martin's performance is the more remarkable by reason of the fact that in this race Mrs. Desch created a new Pacific coast record of 1 minute, 39.34 seconds for the distance.

Both Crane is the 17 year old mermaid. In the same meet she won both the 50 and 100 yard sprint events. She is an Alameda girl, and her friends are predicting a brilliant future for her in swimming competition.

Lillian Snowgrass was, a year ago, was unable to swim a single stroke, placed second in the diving events to Miss Gladys Boehmer, the Pacific As association champion. She has competed only a few times. Under the circumstances her ability is considered quite remarkable.

The reason why your classified ad will reach the right people is found in the fact that self-interest draws people to the classified.

AUSTRIAN MINISTRY HAS NO INTENTION TO RESIGN

Message Originating in Belgrade Gives Erroneous Impression of Affairs

BERNE, (AP).—The announcement of the impending resignation of the Austrian ministry received here from Vienna Thursday was erroneous, it has developed. A mistake in the transmission of the dispatch from Vienna was responsible. The message originated in Belgrade, it appears, and referred to the Serbo-Croatian ministry.

The dispatch referred to in the foregoing was received in Berne from Vienna July 31. It stated that the Austrian cabinet had decided to resign. A similar message reaching London via Berne said it had been semi-officially announced that the cabinet reached the decision to resign at a meeting held Tuesday.

SHOWER BREAKS LONG DRY SPELL IN CORN BELT

KANSAS CITY, (AP).—The long dry spell in the corn belt was broken on Thursday night by showers which fell generally over Missouri, Kansas, Iowa and Nebraska, giving to the corn regions of these states the moisture which may result in saving the crop, it was announced by the local weather forecaster.

BLAMES GOVERNMENT FOR HIGH COST OF LIVING

Democratic Senator Charges Responsibility in Permitting Combinations to Establish Prices

WASHINGTON, (AP).—Senator Kirby, democrat, Arkansas, declared the government was largely responsible for high prices because it had permitted combinations to establish prices during war and now was "encouraging" that practice to continue. The wheat market, he said, had been so "manipulated" by the government as to result in unreasonable wheat prices. Steel was another product, he declared, for which an "outrageous" price had been fixed and maintained.

The Arkansas senator said he would introduce later a resolution asking the judiciary committee to draft a bill if practicable, fixing all prices for staple products at 25 per cent below their present level.

WAR DEPARTMENT DISPOSES OF 1,500,000 POUNDS OF PRUNES

WASHINGTON, (AP).—Approximately 1,500,000 pounds of surplus prunes from war department stocks have been sold to the New Wrecking company of Indianapolis, Indiana. Bids were opened at Chicago July 28 and the war department announced Friday that a price from 20 to 23 1/2 cents a pound was received for about three fourths of the entire lot. Some of the small lots sold at from 16 to 19 cents a pound.

JNO. B. WHITE AUTO COMPANY

250 MAIN AVE. NORTH

Do you like to buy new tires frequently or would you rather have twice as much mileage or half as many new tires?

INSYDE TYRES

ANSWER THE TIRE QUESTION

Inner Armor to be inserted between the casing and tube in automobile or motorcycle tires.

Insyde Tires double the life of a casing by reinforcing it and preventing blow-outs.

Insyde Tires eliminate 90 per cent of all punctures by preventing sharp articles from reaching the tube.

Insyde Tires save their small cost in a short time and may be used over and over again in several casings.

Insyde Tires are made of tough rubber impregnated fabric, which is practically puncture and blow-out proof when placed inside of an outer casing.

FACT BASIS LACKING

Judging from the comment of outside newspapers, the Twin Falls country this year is a parched and dustbaked region, without water in the ditches or crops in the fields. It is impossible to escape such a conviction after perusing any one of a dozen or more articles, all similar, and all apparently designed to turn prospective settlers' minds away from this section and in the direction of more favored localities. Lurid accounts of crop ruin ranging from twenty to one hundred per cent of the total acreage are given headlines emphasizing both the sad and letter of the misinformation so generously supplied, topped off with a reference to some other section where "settlers have not suffered appreciably" or "the loss through water shortage is practically negligible."

It's all very interesting to the people of Twin Falls, the more so from the fact that it is almost impossible to make anyone here believe that there is even a water shortage, let alone a partial crop failure as a result of it. The fact of the matter is that the grain crop was made before it became necessary to curtail the supply and with the possible exception of a few beet and potato fields every farmer in the country has had about all the water he wants or needs, due allowance being made for ordinary distribution troubles.

There is a good deal of indignation among farmers and townspeople over the erroneous and exaggerated reports which have been distributed broadcast as a result of this persistent harping upon a situation which never really existed but not enough to make any of the interested parties take any action whatever as a means of combating such reports. There has been no organized protest, in fact, the entire topic while forming the major part of every conversation where men congregate, has been studiously ignored as far as concerted action looking to the correction of such reports goes.

The Twin Falls country has plenty of water. There will be no crop losses—and even if there had been anything approaching a serious water shortage the prompt steps taken for its correction by the Canal Company would have obviated any particular suffering.

But it is a pity that so tremendous a volume of perfectly good "ready matter" should have been wasted upon a situation, ninety per cent of which exists solely in the imagination of the interests chiefly concerned in its dissemination.

BLOODS RECESS MOVE

(Continued from page one)

per cent in the last three months as compared with the prices of the last two years.

He also read a statement of the National Foot and Shoe Manufacturing Association, issued July 31, at Boston, which said shoes to be sold next spring of 1920, must bring still higher prices based on the present established prices of leather and labor.

Mr. Igge presented a statement which placed net earnings of the Central Leather Company for the quarter ending June 30, last, at \$1,330,345 and told the committee this was an increase of more than 100 per cent over the preceding quarter and a gain of 99 per cent over the corresponding period of 1918.

In support of another resolution, Mr. Igge asked that the rules committee bring to the house's attention his proposed inquiry of whether dealers were recouping their war taxes by advancing costs. He said a Baltimore man owning or controlling 40 apartments, was advertising that his tenants must sign an agreement to pay increases sufficient to meet his higher taxes.

Shows Up a Profiteer.

Chairman Campbell told the committee a dealer in Washington bought a barrel of potatoes this week for \$4.80 and within an hour sold the potatoes for \$50.45.

Sims Has Suggestion.
Government ownership of the railroads is proposed in a bill introduced today by Representative Sims, democrat, Tennessee. The measure embodies the plan which has been endorsed by the four brotherhoods and the American Federation of Labor, and which was presented to congressional committees recently by Glen E. Plumb. In a statement accompanying the measure Representative Sims said its enactment would "establish harmony between the public interest, the wage earners and capital," and would be a long step toward solving the high cost of living problem by lowering transportation charges.

Senate to Investigate Plan.

The senate today adopted a resolution requesting the senate banking committee to report whether legislation to reduce the amount of currency in circulation was advisable as a means of reducing the cost of living. The resolution which was sponsored by Senator Myers, democrat, Montana, had been under debate for two days.

For High Pay All Round.

Representative Fitzgerald of Massachusetts called at the White House today to advocate increased wages for all government employees.

"In view of the president's stand regarding increases for railroad employees," said Mr. Fitzgerald, "something should be done for all classes of government employees, all of whom are notoriously underpaid."

STRONG DAYLIGHT CURE

PROSCRIBED IN MARYLAND

BALTIMORE, Md., (AP)—Maryland and Baltimore public officials today began to take steps to prosecute food profiteers. Attorney General Ritchie will enforce the 30-day cold storage provision. He believes this will result in the public refusing to pay top prices for cold storage products, while in turn the imprisonment or fining of persons who sell such storage goods in violation of the law will aid the situation. The governor said today that he will place all available funds at the disposal of a committee to probe the whole situation, with a view of bringing out into the strong daylight the identity of persons guilty of hoarding and profiteering.

OHIO AND MICHIGAN TO CO-OPERATE IN CAMPAIGN

COLUMBUS, O., (AP)—Ohio and Michigan have pledged cooperation in the food price investigations which have been launched in both states.

Attorney General John G. Price of Ohio, assistant attorney general S. D. Pepper and Clare Betan of Michigan, at a conference here expressed the hope that all the central west states will join in the investigation.

The co-operation, it was stated, will consist chiefly in exchange of information obtained by grand jury investigations and the like which may lead from one state to the other.

CALL COUNTY ATTORNEYS

TO TALK WAYS AND MEANS

DES MOINES, Ia., (AP)—Gov. W. L. Harding today started a campaign to reduce the high cost of living in Iowa by sending orders to all county attorneys to meet here next Friday to discuss ways and means of fighting profiteers. The governor's action followed an announcement made last night that he would use "every means available" to reduce the cost of living.

BELA KUN QUILTS AS DICTATOR

(Continued from page one)

reconstruction of the Hungarian government was expected to improve the situation in Austria, lessening the danger of disorders.

Overtures for peace with the allies have been made by the new socialist government of Hungary, which has been set up in succession to the Bela Kun regime.

Bela Kun, who resigned his virtual dictatorship, has been furnished a safe conduct to seek refuge here, as it is felt that his life would be endangered if he remained in Budapest.

Arks Allied Recognition.

The peace overtures were made by Jacob Weltner, president of the soldiers and workers soviet of Hungary. Arriving in Vienna from Budapest, Herr Weltner asked Colonel Cummings, the leading representative of the

allies at Vienna, and the other allied officials here, to recognize the new government and to treat for peace.

Pelldi New Premier.

The new Hungarian cabinet is headed over by Jules Pelldi, who was formerly minister of the people's welfare in the Count Karolyi cabinet. The cabinet contains provisionally many members of the former Bela Kun ministry.

Premier Pelldi is said to be a courteous man of simple habits. He has been a typographer, an editor and a model worker.

Minister of War Haulrich formerly was chief of police at Budapest and is reputed to be an anti-communist. Minister of Justice Garami and Minister of Education Szabo were in the Karolyi cabinet.

In Office Temporarily.

Persons in touch with the situation at Budapest said it was their understanding that the members of the Kun ministry holding over under the reconstruction were doing so in order to save themselves and their supporters and they probably would not remain in office long.

NEW WAR MINISTER ENFORCES MARTIAL LAW

COPENHAGEN, (AP)—The strictest martial law is being enforced in Budapest by the war minister in the new government, Joseph Haulrich, advised from the Hungarian capital today stated. The city is reported quiet.

MOLINE

UNIVERSAL TRACTOR

The Moline-Universal Tractor Model D is the best tractor money can buy. In design, construction and performance it is ideal. It will do a greater variety of work, at less cost, than any tractor on the market.

During the past three years Moline-Universal Tractors have been manufactured in large numbers and thousands of them are in use in all parts of the world, giving wonderful satisfaction.

In type the Model D is the same as all former Moline-Universal Tractors, but is improved mechanically to give more speed, more power and thus more work.

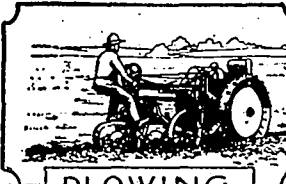

And while you are studying this subject of tractors, bear in mind that no automobile, no matter how expensive, is made better than the Moline-Universal Model D. Every piece that goes into the Model D is inspected and re-inspected both for quality, workmanship and material. Drop forgings, heat-treated parts, steel cut gears and unusually large bearings add extra years of endurance to the Moline-Universal. You get more value dollar for dollar in the Moline-Universal than any other tractor.

Judged from these standards—

- (1) Ability to do all farm work,
- (2) Increasing man's efforts,
- (3) Economy of operation,
- (4) Mechanical efficiency,
- (5) Quality of construction.

You will find the Moline-Universal Model D supreme in the tractor field.

One Man Operates Both Tractor and Implement

PLOWING

HARVESTING

THRESHING

With the Moline-Universal one man sitting on the seat of the implement has absolute control over the entire outfit and does just as good or better work than with horses. Every farmer knows that any implement at work requires constant attention. The implement is the profit maker and unless it works properly there is no excuse for the operation of the entire outfit. On other tractors one man is required on the tractor and one man on the implement. Every farmer knows the expense of the extra man will pay for the tractor.

Easy to Operate

So easy is the operation of the Moline-Universal that a woman or boy can handle it. It turns in a 16 foot circle and backs with the implement as readily as it goes forward. Through the operation of the differential brake, all heavy hand turning of the steering wheel is eliminated. This makes it ideal for work in small fields or getting into fence corners. The Moline-Universal also lifts itself out of dead furrows, and will pull loads on steeper grades than other tractors.

Just the Right Size

If the Moline-Universal were built to pull a 3-bottom plow, it would be too heavy for light work. As the Moline-Universal is now built it has ample capacity for all ordinary plowing needs, and at the same time is equally suited for light operations such as cultivating, haying, harvesting, etc., which require far more work hours than your heavy work.

You are chiefly concerned in getting your work done quicker and better than you ever did before. You have no fixed power requirements. One day your work may be heavy, the next day light—and the light work is just as important as the heavy. Thus, you must have a tractor which will do both heavy and light work efficiently and economically, and the Moline-Universal fully meets both these requirements. You have plenty of power when you need it and when you don't want it you have no extra expense—as you would have with a heavy tractor for light jobs.

Remember this—here's what the Moline-Universal Tractor will do for you—

- (1) Gives you plenty of power for all your work, both heavy and light.
- (2) It does all farm work including cultivating.
- (3) One man operates both tractor and implement from the seat of the implement in all operations.
- (4) Electric lights enable it to be worked nights to make up for unavoidable delays.
- (5) Because of self-starter, non-robust labor can operate tractor successfully.
- (6) So well made and has so much reserve power that it will give many years of service.

Tractor at Work Near Twin Falls

On the J. W. Hollihan ranch, northwest of town, a 10-foot Hyatt Roller Bearing Binder is being operated with one of these Moline-Universal Tractors.

If you wish to know more about the success of this tractor in operation call at the Hollihan ranch, or see us.

Better buy a Moline Tractor to make your fall plowing easy.

FOREST FIRES CONDITION BAD

Flames East Into Pen d'Oreille
and Coeur d'Alene Reserves
in the North.

SPOKANE, Wash., (AP)—Forest fire conditions in the Pen d'Oreille and Coeur d'Alene forests of Northern Idaho, according to information received here, were worse today, while in the St. Joe forest, where several small fires were burning, little change was noted.

A heavy rain for the second consecutive night has virtually extinguished the Mission creek fire, across the Canadian-Idaho line, which has destroyed 200,000,000 feet of timber.

A fire on the south end of Pen d'Oreille lake threatened homesteaders and more men were sent to fight it. Four more lightning fires were reported from the Coeur d'Alene forest and one fire set by lightning yesterday had spread over 200 to 300 acres.

Three hundred men are fighting the fire on Bear creek, near Kellogg, Idaho. New crews were sent to the fire near Heron, Mont., which yesterday foiled crews fighting it to withdraw.

Rains today relieved the seriousness of the forest fire situation in all parts of western Montana. More fire fighters are to be sent to the Selway and Nez Perce, Idaho, it was declared, in an effort to bring the fires there under control.

CHINESE SOLDIERS KILLED IN CLASH WITH JAPANESE

PEKING, (AP)—Twelve Chinese soldiers were killed and ten were wounded, according to official reports, in a clash between Japanese and Chinese soldiers at Kanchengchia, the terminus of the Chinese eastern railway on July 19.

CHINESE PETITION AGAINST ALLEGED JAPANESE BRUTALITY

PEKING, (AP)—A petition signed by merchants and other citizens of the Shantung district protesting against what were alleged to be brutalities by Japanese soldiers, was received here today by the government. The petition said Japanese soldiers were robbing and ill-treating women and forcing the Chinese to sell their lands there.

BOLSHEVIK-ESTHONIAN TRUCE IS PROCLAIMED

LONDON, (AP)—Hostilities between the Russian Bolsheviks and the Estonian republic have been stopped, according to an Exchange Telegraph dispatch from Copenhagen.

Uncle Eben.

"Imitation is the sincerest flattery," said Uncle Eben, "but when it's carried too far it's the same kind of a compliment a burglar pays you when he takes a fakin' to yoh watch."

Hard Work Needed.

If the power to do hard work is not talent, it is the best possible substitute for it. Things do not turn up in this world unless somebody turns them up.—James A. Garfield.

It is often wise to value quality above mere minimum price. Readers of this ad soon learn the basic principle of good buying.

GOMPERS' CANDIDATE WINS

Englishman Is Elected President of International Trade Federation

AMSTERDAM, (AP)—W. A. Appleton, secretary of the General Trades union of Great Britain, who Friday was elected president of the International Trade Federation was proposed for the office by Samuel Gompers, president of the American Federation of Labor.

M. Mertens, the Belgian laborer, was elected second vice president. Mr. Gompers declared later that Americans might accept office in the new organization when the South American membership becomes better organized.

SENATE CALLS FOR ADVICE

Asks Wilson to Explain Why Costa Rica Was Not Permitted to Sign Treaty

WASHINGTON, (AP)—Without debate or a record vote, the senate today adopted the resolution of Senator La Follette, republican, of Wisconsin, asking President Wilson why Costa Rica was not permitted to sign the German peace treaty. The resolution also asks whether armed forces of Nicaragua have been permitted to invade Costa Rica.

COMMITTEE NEARS END OF WORK ON DRY LAW

WASHINGTON, (AP)—Work on a prohibitory enforcement legislation practically was completed today by a senate judiciary subcommittee. The measure is said to be less drastic than that passed by the house. In its principal features, however, it follows the house bill.

The subcommittee adopted the house definition of intoxicating beverages—those containing more than one half of one per cent of alcohol.

SENATE PASSES BILL TO REDUCE ENTRYMAN AGE

WASHINGTON, (AP)—The minimum age for public school homestead entrants would be advanced from 21 to 18 years under a bill by Senator Smoot, republican, Utah, passed today by the senate. The measure is designed principally to aid discharged soldiers and sailors.

RAIL SHOPMEN REJECT NATION-WIDE WALKOUT

(Continued from page one)

said. "The strike was ordered as a protest against the many delays in our demands. Negotiations in Washington have been without avail. We will make a clean sweep of every road in the country."

DENVER UNION LEADER STANDS AGAINST STRIKE

DENVER, Colo., (AP)—That the strike of railroad shopmen declared yesterday is in direct violation of orders issued by the grand lodge of the railroad department of the American Federation of Labor was the statement made today by F. P. Miles, general chairman of district 20 of the International Association of Machinists, District 20 comprises Colorado, Wyoming and New Mexico.

"The railway department of the American Federation of Labor is the parent body of all organizations of railway employees," said Mr. Miles. "In view of that fact, I am doing my utmost to keep the men at work in my district, since the eight grand lodges of the railway department have expressed their wishes that there be no strike."

MARY'S SOLDIER

By MARQUETTE I. BLUE.

In one of our Northern states where the mountains rise highest and streams flow swiftest, there lies securely hidden from the world a tiny hamlet. On the last, most graceful curve of the road leading from the town, on a slightly raised ground, stood with quiet superiority, a long, low, comfortable modern bungalow.

Behind the guardians, Mrs. Marden, mistress of the house and mother of four healthy grown children, sat in a low wicker rocker, knitting. Not forty, plump, and with a sense of humor, Mrs. Marden surveyed life from a safe and snug altitude. Now as she sat, her face suddenly lightened and she smiled as she rose in greeting to her partner, who was equally plump, a little over forty, and with the same sense of humor.

"Supper, ready, mother?" he asked, with that intimacy which needs no acknowledgment of meeting.

"Yes, we'll sit right down. Come, Mary and Dot," she called to their first and last born. "Come, boys," this last to two boys just turned into serious young men, one of whom was carefully tied together and perfectly creased trousers. "Supper is ready."

How could they know, quietly eating their evening meal, that the great god Mars had sent his dark cloud to hang over America. That Claude, the dainty beholder, had married her golden threads and was busy in looking them out for his sister to go spinning.

"Mother, mother, someone's coming up the drive!" cried Dot, simultaneously pushing back her chair, the rest following her. "Why, it's Burt!" from father. "How do you do, Burt? You're just in time. We were just having supper."

"Oh, no," protested Burt; "don't put yourselves out for me."

"No fear of that," laughed Mrs. Marden. "Just another place was set, and the joviality increased."

"I'm sorry folks, but I've something to tell you people. You know my coming up here tonight is rather unexpected. But you see, it's this way. I've—"

"Yes," he looked at Mary who was waiting breathlessly, her fork poised in the air. "I've enlisted and I've got to leave tomorrow at four."

Mary lowered her fork to her plate. What was this he said? Could it be true? He going. Actually going. Her Burt. Mr. Marden and the boys stood up with their mouths open. Would they never stop? And finally, when the supper was over, they carried him off to the cool piazza to ask more.

Mary wandered through the house aimlessly, looking first through a window at some distant scenery, then at her flowers, which she loved and always tried to keep in the house. Always through her mind the phrase repeated themselves, "Can it be possible? He is really going." Finally she seated herself at the piano and played. She played well, but it made her feel infinitely lonely.

It was there that he found her. He came in quietly and stood beside her. It seemed as if there was nothing to be said.

"Mary, it is very late. You will wait till I come back, Mary? You must wait."

"Yes," she replied, "I shall always wait." He kissed her very gently.

Mary Marden walked slowly home from the Red Cross club, knitting as she walked. She had been rolling bandages most of the day and now she was tired. The outlook on life had changed very much for her.

"Mary, Mary, a telegram!" shouted Dot, racing toward her.

"A telegram?" repeated Mary weakly. "Where?"

"Burt got it," said Dot, as if she had inquired some important information.

"Burt, do hurry," from Mary. But Burt, with exasperating slowness, handed her all the rest of the mail before he got to the telegram.

Mary tore off one end of the envelope, not heeding in her haste how she got it off. Her hands trembled so that she could hardly unfold it.

"Why, why?" she exclaimed. "He's in this country and I never knew. He'll probably be up here in a couple of weeks. Come quick. Let's tell mother and father."

She was tired no longer. The birds sang sweeter, the sky looked bluer, the sun shone brighter as she hurried toward the house.

The two weeks passed very quickly, but it was nearer four weeks, late one afternoon, while Mrs. Marden was bustling about setting the table with thin china and sparkling glass for supper, that Mr. Marden came up the drive with a tall, young soldier in army uniform. The aroma of newly made biscuits filled the house. Dot was interpreting the latest music by a one-finger method, and Mary, enveloped in a huge apron, was cutting cake. Suddenly she turned and there he stood laughing at her. For just a moment she was startled, but a second later she flew toward him, knife, apron and all.

"My, but I'm glad to see you!" she exclaimed.

But there was to be no more peace for them that evening. Already the rest of the family had closed in and commenced a bombardment of questions that it would take weeks to answer.

Cattle, receipts 150 compared with a week ago, corn fed westerns 50c lower; butcher stock and feeders 50¢ to 75¢ higher; veals 50¢ to 75¢ lower. Sheep, receipts none; compared with week ago lambs 12.25 to 1.50 lower; sheep and yearlings 50¢ to 75¢ lower; best feeding lambs steady; others 25¢ lower.

Chicago Produce

CHICAGO, (AP)—Butter unsettled; creamery 50 to 53 1/2c. Egg receipts 11,570 cases; unchanged. Poultry alive lower; springs 30 to 32c; fowls 29 to 30c. Potatoes firm; arrivals 22 cars. Carrots: Kansas, Missouri and Illinois Early Ohio, sacked \$3 to 3.25 cwt.; California White Bunch, sacked \$3.50 to 3.65 cwt.; Irish Cobbler, Kentucky sacked \$3.65 to 4; Virginia and Maryland \$7.50 bbl.

Cash Sales

CHICAGO, (AP)—Corn No. 2 mixed \$1.94 to 1.98; No. 2 yellow \$1.98 to 1.99. Oats No. 3 white 75 1/2 to 78 1/2 c; No. 3 white 74 1/2 to 76 1/2 c. Rye No. 2 \$1.60. Barley \$1.34 to 1.34. Timothy \$9 to 11.50. Clover nominal. Park nominal. Hides 25.75 to 27.50.

Chicago Livestock

CHICAGO, (AP)—Hog receipts 7,000; lower than Friday's general trade; top 23.15; heavy weight 23.15 to 23; light weight 22.15 to 23.45; heavy packing sows, smooth 20.50 to 21.25; packing sows, rough 19.25 to 20.25; pigs \$19 to 20.50.

Cattle receipts 500; compared with a week ago, top grade corn fed west steers and best steers mostly 25¢ lower; other grades of western and native steers and cutters 25 to 50¢ lower; calves \$1 lower; best grades of stockers and feeders strong to 25¢ higher; others steady to 25¢ lower.

Sheep receipts 1,000, compared with a week ago, fat lambs mostly 50 to 75¢ lower; sheep 75 to 12.25 lower; feeders and brooders 50 to 81 lower.

Grain and Provisions

CHICAGO, (AP)—Heavy selling and absence of support plunged the corn market today into sharp new price losses. A good deal of the liquidation was ascribed to country holders. No other factor than the agitation against high living cost received much notice. Opening quotations which ranged from 2 1/4 cents decline to 1 cent advance, with Sept. \$1.87 1/2 to 1.88 on Dec. \$1.56 to 1.57, were followed by pronounced breaks all around and then by a moderate rally. September at one time was down more than 1 cent, while the close was nervous, 1 1/2 to 4 1/4 not lower, with September \$1.85 to 1.85 1/2 and Dec. \$1.54 to 1.55 1/4.

Oats were depressed with corn. After opening unchanged to 3/4¢ lower, in a week ago, top grade corn fed west steers and best steers mostly 25¢ lower; other grades of western and native steers and cutters 25 to 50¢ lower; calves \$1 lower; best grades of stockers and feeders strong to 25¢ higher; others steady to 25¢ lower.

Sheep receipts 1,000, compared with a week ago, fat lambs mostly 50 to 75¢ lower; sheep 75 to 12.25 lower; feeders and brooders 50 to 81 lower.

Week-end covering by shorts held the market within a relatively narrow range in the late dealings. The close was nervous, 1 1/2 to 4 1/4 not lower, with September \$1.85 to 1.85 1/2 and Dec. \$1.54 to 1.55 1/4.

Oats were depressed with corn. After opening unchanged to 3/4¢ lower, in a week ago, top grade corn fed west steers and best steers mostly 25¢ lower; other grades of western and native steers and cutters 25 to 50¢ lower; calves \$1 lower; best grades of stockers and feeders strong to 25¢ higher; others steady to 25¢ lower.

cluding September at 25.18 to 70c, the market underwent a material setback.

Provisions descended as a result of breaks in the value of grain and hogs. Offerings, though, were not numerous.

Too Deep for Him.

An Irish sailor, after pulling in 60 fathoms of line, muttered to himself: "Sure, it's as long as today and tomorrow; it's a good week's work for five men." More of it yet. "The say's mighty deep, to be sure." Then he suddenly stopped short; and, looking up to the officer on watch, he exclaimed: "Bad luck to me, sorr, if I don't have somebody to cut off the other end of this line!"—Congregationalist.

Speaker's Sore Throat.

"Clergman's sore throat" is, according to Dr. John J. Leuborg of New York, due to an incorrect method of breathing, which causes the speaker or singer to use his muscles incorrectly and thus overtax the throat. The proper way to breathe is to use the diaphragm and the lower ribs, keeping the upper chest full of air.

Resist the Impulse.

The impulse to write poetry is one that at one time or another convulses every one of us, but our notion is that quite a number ought to control and smother it and very few ought to attempt it without first consulting friends and the family physician.—Houston Post.

Nova Scotia Cherries.

The province of Nova Scotia raises exceedingly large and luscious black cherries.

KOLCHAK HAS CONFIDENCE IN ALL-RUSSIANS

Affirms Belief in Self-Determination of Peoples and Emphasizes Government's Wish to Solve Own Problems

OMSK, (AP)—Admiral Kolchak, head of the All-Russian government, expressed confidence in the future of his government and in the anti-Bolshevik forces during an interview July 13 and showed satisfaction because it now "seems clear" that America realizes what Bolshevism means.

The proposed visit in August of Major General M. S. Graves, commander of the American expeditionary force in Siberia, and Robert S. Morris, American ambassador to Japan, Admiral Kolchak said, would lead to a "better understanding." Relations with the American government, he declared, have improved by the recent exchange of views.

Bolshevism's Diagnosis.
"Prior to the exchange of recent communications," he said, "our relations with the United States were marked by two conditions. The Omsk government had excellent personal relations with the American representatives, but at the present these were only personal. On the other hand, the official policy of allied representatives in the Far East, while preserving neutrality in Russian affairs, entirely ignored the Omsk government. These two points created difficulties."

"In addition, there appeared to be a disposition to ignore the fact that Bolshevism is Bolshevism. There was a doubt in the minds of American representatives that the manifestation of anarchy were not expressions of the democratic strivings of the people against an autocratic government."

"Since the exchange of views it seems clear that America realizes what Bolshevism means, and that the Omsk government symbolizes the elements of order and freedom contending against disorder and anarchy."

Achieves Command Unity
Comparing the outlook of the Omsk government with that of the new government in the Siberian army was in full swing, Admiral Kolchak said the most radical change is to be seen.

"We have achieved unity of command," he said, "on all the anti-Bolshevik fronts."

"Simultaneously, the political power of the all-Russian government has grown to such an extent that it has become an employer opposed to Bolshevism, seems to center in it. During the same period there came an important event, namely the communications which brought promises that the allied powers would help the Omsk government to establish itself as the central power in Russia."

"Reverence on our front naturally postponed final success, but with unity of command achieved, we view the situation from a broad point of view."

Stop Operations for Best.
"As soon as our troops have rested, we expect to start new operations," Admiral Kolchak said he regarded the proposed evacuation of home-aided Czechs longing for repatriation as one of the most urgent problems for the allies to solve. He said he believed the retention of these forces to be harmful to themselves and to Russia."

"It is undesirable to keep in service," he said, "contingents which cannot be used for any practical purpose. The duty of guarding railroad wharves, the Czechs are performing should be entrusted to other foreign troops. Since it is not to be expected that British or French troops would be available, the guarding should be done by countries nearer, which means America and Japan."

Admiral Kolchak declared that the all-Russian government remained non-partisan. He reaffirmed his belief in self-determination of peoples, and emphasized his government's wish that Russia should remain united and that "we may determine our destiny without pressure from the outside."

GERMANY BETTER MARKET FOR BELGIUM THAN U. S.

Belgians Explain Great Need for Long Time Loan at Reasonable Rate

BRUSSELS, (AP)—Belgian industrial and financial needs are being discussed in a series of conferences between Belgian and American officers. The first meeting today was attended by representatives of the Guaranty Trust company, National City bank, American International corporation and the Foreign Banking company, all of New York, and Henry H. Morgan, United States consul general.

The meeting revealed the fact that Belgian industry has taken only \$14,000,000 of the \$50,000,000 credits established several months ago because the loans are too short in proportion to the high rate of interest. The Belgians explain there is a great need of a long time loan at reasonable rates. The present exchange on the dollar makes a 45 per cent increase in the cost to Belgian purchasers of American goods.

This condition, it was pointed out, naturally militated against American exports. The condition of the market at the present time made it possible to buy goods in Germany more than 100 per cent cheaper than in America. The Belgians asserted that if they could not get more favorable loan terms from the United States they would be obliged to turn toward Germany.

ENLISTMENTS BELOW QUOTA

Official Statement of Recruiting Station for July Shows Discouraging Results

A report of recruiting at the local or headquarters shows a sad lack of interest in army service in Twin Falls. Enlistments were far below the quota set for Twin Falls, according to officers in charge. Following is a complete report made by recruiting agent:

"The recruiting personnel at the main and sub-stations are making every effort to make a record for this 'enlisting district' during August. The need for men for service in Mexican border units and the trade schools should help in this attempt to establish a record."

"August, September and October should be the record breaking months in this district and every effort is being put forward to make the Twin Falls station the leader of them all. The Twin Falls sub-station takes in the following counties: Blaine, Coeur, Idaho, Gooding, Lincoln, Minidoka, Twin Falls and Cassia. By advertising this district properly good results should be obtained."

PLANNING CONTESTS TO SECURE NAVAL RECRUITS

SAN FRANCISCO, (AP)—Naval recruiting officers are planning a contest between ports on the list of call for the Pacific fleet after its arrival for recruits and also between the ships themselves as to which will obtain the most new men. All new men possible will be recruited at each port, and taken along the present cruise, it was said. Reports received here were to the effect in a recruiting contest between ships on the Atlantic coast before their departure, the Flagship New Mexico led all others with more than 500 recruits all of whom are making the present tour.

Few Have College Education

Just two-thirds of the presidents of the United States have been college men. Though more numerous than ever before, college graduates even now constitute less than 1 per cent of the population.

The new man who was in charge of the little store around the corner today probably found his new enterprise through the classified.

Fish Are Killed By Great Heat of Forest Fire

A peculiar feature of a forest fire located on a tributary of the east fork of the Salmon river in Idaho was the total destruction of all the fish in the streams, according to a report of the forest reserve. The fish were up in a small inlet of Smith's lake, spawning, at the time of the fire, which traveled up the creek for a mile, traveled from Salt Lake bay.

The forest ranger states that because of the intense heat, thousands of dead fish are along the stream bed. In traveling up and down since he has failed to see a single live fish. It is evident that the fire had started from a camp fire left by fishermen at the lake.

Numerous reports of other fires caused by carelessness have been received and forest officers everywhere in the intermountain district have special instructions to suppress and prevent every one found not taking proper precaution to prevent the spread of fire.

Salvation Army Speakers Coming

Stories of "Doughnut" Work at Front to Be Heard in Idaho Towns in September

SEATTLE, (AP)—Plans are complete for booking several prominent speakers in Washington and Idaho cities and towns to present the Salvation Army Home Service men in advance of "Opportunity Week," September 22 to 29, inclusive, when the public in the two states will have opportunity to sustain with a year's subscription for a year's service the work out of which grew the great service the Salvation Army gave to the men on the fighting front.

A telegram was received at headquarters in Seattle this week that Chaplain James, an "overseas man," and chaplain of the New York Association of Elks would arrive in Pocatello, August 12, and after speaking eight days in Idaho would proceed to the Washington State Elks Association meeting at Yakima, Wash., Aug. 21, 22, and 23, where he will appear on the program. From that time on "Opportunity Week" opens, he will speak in Washington on an itinerary to be announced later.

Dr. William S. Kennedy, president of the Oregon State Elks Association, is already in the field and Charles F. Manning, president of the Washington State Elks Association, will also make a number of addresses for the Salvation Army Home Service.

In addition to these Adjutant Fred Anderson, Salvation Army worker, who couldn't get close enough to the firing line in the huts that were established, so invented a steel wheelbarrow hot cake grill, and went right up to the front will tell stories of his experience. He has a replica of his wheeled cake grill, and will bake hot cakes as he talks.

The merchant who can sell at a lower price will not neglect to tell you about it in his ads.

OFFICERS NOT NEW TO WEST

Guiding Heads of Pacific Fleet in Many Instances Familiar with Coast

SAN FRANCISCO, (AP)—Many officers of the new Pacific fleet formerly were stationed at Western ports, according to officers at twelfth naval district headquarters here.

Among them are: Admiral Hugh Rodman, chief in command of the fleet, who came first to the Pacific as an ensign. He has been west many times since. Admiral Oosterhaus gave him command of his first ship on this coast.

Captain William A. Moffett, of the Mississippi, was executive officer of the Maryland, now the Huntington, when it won the gunnery pennant two years in succession ten years ago and in 1912 he was lighthouse inspector for this district.

Captain W. H. Stanley, of the Virginia, was in charge of the hydrographic office here several years.

Captain Carl T. Vogelzang, of the Idaho, has a brother, Charles A. Vogelzang living in San Francisco.

Captain James H. Tomlin, of the Arizona, was in charge of the district hydrographic office here.

Captain Leigh C. Palmer of the Georgia, was here in 1914 as aide to Secretary Daniels.

Other commanders of the vessels include: Captain Arthur L. Willard, New Mexico; Captain H. H. Christy, Wyoming; Captain Louis R. McQuigg, Arkansas; Captain Nathan C. Twining, Texas; Captain William V. Pratt, New York; Captain Percy M. Olmstead, Nebraska; Captain Walter R. Gerhard, New Jersey; Captain Walter L. Cusley, Rhode Island; Captain Edward D. Fenner, Denver; Captain Edward S. Jackson, Tacoma; Captain Frank L. Pinney, Cleveland; Captain John R. B. Blackley, Cruiser Seattle.

First Aero Mail Service.

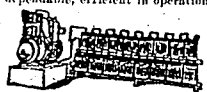

The first regular aero mail service in the world was started by the United States government, May 15, 1918, between New York and Washington. The actual flying time made was three hours and twenty minutes, including six minutes stop for refueling at Philadelphia. At that time the fastest railroad train record between the two cities was five hours. The airship time has since been reduced to two hours and thirty minutes.

Made Record Trip.
Capt. Klaus Larson, in his little motor boat Ferro, made a successful trip from the foot of the Cataract through the Whitpool rapids of Niagara falls on September 10, 1910. Despite the battering of the Whitpool rapids, Larson went through safely; the little boat was lost to sight most of the time, but at Great Wave it was shot 20 feet out of the water. Except the old maid of the Mist, sent through in 1884 to avoid capture, Larson's is the only engine-propelled craft to have gone through the rapids.

Misling His Opportunity.
The conductor of a band, giving an open-air concert, best time very energetically, leaning how toward one part of the band and now to another, and stamping his foot apparently in paroxysms of musical fervor. Mike, in the audience, watched him, fascinated; but at the end of the selection, with a disappointed air, he turned to leave. "How did you like it, Mike?" asked his friend. "Come away," said Mike, in disgust. "I've been watching him for half an hour, and he hasn't hit one of them yet!"

Poor Picker.
They were discussing the raising of children at the chamber of commerce show recently and Dr. Maude Wiley, in charge of the Welfare league, told an amusing story. "Seems the little girl had been spanked by her father for disobeying. With tears running down her cheeks she ran to her mother, crying, 'I think papa's perfectly horrid. Was he the only man you could get?'"

Can Never Forgive That.
"It's four years since he left me," said the deserted wife. "I remember it just as well as yesterday—how he stood at the door, holding it open till six flies got into the house."—Boston Transcript.

MURTAUGH

(Special to The News)

MURTAUGH—Mrs. Clyde Hudson of Blackfoot, who has been visiting at A. Hoover home left Tuesday morning for her home.

Mrs. Charles Miller is visiting in Twin Falls.

Blanche Worrell, who has been visiting at the home of Minnie Hansen in Aberdeen for some time, returned home Monday.

Mr. and Mrs. E. Steimur, after attending the Junior Bible class of the Union Sunday School at their home last Friday evening, a good crowd was present and delicious refreshments were served.

J. E. Steimur left Wednesday morning for Gettysburg, Pa., where he was called by the serious illness of his mother.

Mr. and Mrs. J. L. Painter and daughter of Walla Walla, Wash., who are en route to the Yellowstone national park, are spending a few days at the John Day home in Artesian.

Elmer Chance, who has been visiting in Portland and various points north west, returned home Tuesday.

S. A. Hoffman of Clark Valley spent Saturday in Murtaugh and Twin Falls on business.

Mrs. George Tracy and mother, Mrs. Randall, spent Monday in Twin Falls.

Charles Robert and Melissa Randall were married at Twin Falls Monday. Just the immediate members of the family were present.

D. D. Biggers, who has been attending summer school in Salt Lake, returned home Tuesday of last week.

West Point Cadets

Each senatorial congressional district and territory, including Porto Rico, Alaska and Hawaii, is entitled to have two cadets at the West Point Military academy and the District of Columbia four cadets. There are also 80 appointments at large, especially conferred by the president. The law authorizes the president to appoint cadets to the military academy from among men in the regular army and National Guard, the total number not to exceed 160 at one time.

Eastern "Mad-Stones."

In eastern countries rubies are treated by use of "tabasheer," or some other form of what are indifferently called "snake stones," or "mudstones," and which are believed to be a specific for all forms of poisonous bites or wounds. "Tabasheer" is a porous, stony secretion found in the stalks of bamboo. It was used in Persia so long ago as the tenth century, and is carefully described by the French traveler Tavernier, who visited India in the seventeenth century.

English Statesman Says U. S. Bound to Lead in Industries

LONDON, (AP)—The United States was bound to become industrially pre-eminent, Viscount Milner, the colonial secretary declared in address in the house of lords Thursday night. Its preeminence would have come even if the war had not occurred, and it had only come the quicker in consequence, the secretary added.

As to the idea of colonial preference, the secretary stated, it was not in the least intended by it to buy or bribe the dominions. What was desired, he said, was to employ every possible resource in helping the dominions to grow

Macoma, Messrs and Mesdames Carl
Painter and Wendell Allen. Mrs. P
received a parcel which is not
opened until her departure for
East.

WASHINGTON, (P)—Weather conditions for the week beginning August 10:

Upper Mississippi and lower Mississippi valleys: Temperature near normal, generally fair, although occasional local thunderstorms are probable the first half of the week.

Northern Rocky mountain and plateau regions: Generally fair except for occasional thunderstorms; temperature moderate, but near normal.

MERCURY CLIMBING
While threatening clouds continue to gather and disperse without bringing relief in rain the mercury continues to climb toward the top of the gauge. Yesterday's high mark was 84, with a shade with 50 degrees for minimum. There was no precipitation in this district in the 24 hours ending last sunset.

RENTS ADVANCE 10 TO 25 PER CENT IN SPOKANE
SPOKANE, Wash., (P)—Notice of advances ranging from 10 to 25 per cent in the rent of apartments here was served today on tenants, and rents on business property and dwelling houses also were raised somewhat. Landlords denied the increases were the result of wartime inflation, but said they were necessary.
