## NORMAN REVERSE JUDGMENT ON WILSON APPEAL

### BLACKS ASK FOR RACE EQUALITY IN PEACE PACT

Delegation of Negroes Speaking for National Equal Rights League, Gives Its Views to Senate Committee

### SERIOUS TROUBLE HINT FOR BETTER TREATMENT

Amendment to Give United States Colony in Africa is One of Plans Presented

WASHINGTON, (AP)—Asking for an amendment to the peace treaty so as to provide for racial equality, a delegation of negroes, speaking for the National Equal Rights league, told today that serious trouble might be expected unless better treatment were accorded negroes in the United States.

No Compromise Now

"The black man has given notice," said A. Whitley, a New York negro, "that what he has suffered in the past will not be endured in the future. He means business now. There can be no compromise."

William Monroe Trotter of Boston, secretary of the league, voicing a similar opinion, said the "oppression" of the negro in America was reaching a point where no one could be sure "that one land will be a land of peace."

Neither witness was questioned as to what he had in mind by these declarations. Only five of the seventeen committee members, all of them republicans, attended the meeting.

An amendment to give the United States a mandatory over the Kamerun, a German colony in Africa, was requested by Joseph T. Thomas, a negro of Cleveland, O., representing the national race congress. American negroes, he said, could be recruited to police the territory under white officers.

"A petition that all the African colonies taken from Germany be 'divided between Egypt, Abyssinia and Liberia' was filed by the league of darker peoples of the world.

Amendments Proposed

Two amendments were proposed by the equal rights league. One would provide in the league of nations covenant that the members would agree and covenant to in their own countries the "possession of full liberty, rights of democracy and protection of life, without restriction or distinction based on race, color, creed or previous condition." The other would add a similar guarantee as a separate section of the treaty.

Accuser Japanese

Chairman Lodge put into the committee record a statement by Dr. W. E. B. DuBois, formerly of Spelman university, declaring that through "footloose in Shanghai and by reason of extra-territorial privileges the Japanese government was establishing throughout China the opium and morphine trade which Chinese statesmen had wiped out after years of effort."

### WILSON'S TOUR IS SCHEDULED

Ooeur d'Alene is Only Idaho Stop to Be Made; Platform Talks Banned

WASHINGTON, (AP)—President Wilson will leave Washington Wednesday on his speaking tour, and will deliver his first address in Columbia, Mo., next Thursday, probably at St. Louis.

Churchmen not included in the itinerary, but Secretary Tumulty announced the president would speak at Chicago.

Accompanying the president will be Mrs. Wilson, Admiral Clegg T. Grayson, Secretary Tumulty and a corps of secretaries and attendants.

Among other places at which the president will speak will be Denver, Colo., and Ooeur d'Alene, Idaho.

In California, the home state of Senator Johnson, one of the leading republican opponents of the peace treaty, the president will make three speeches, at Los Angeles, San Francisco, and San Diego. His only address in Oregon will be at Portland, while he also will speak at Spokane, Wash., and possibly Seattle.

Senator Phelan, democrat, California, called off the White House today to urge that the president make speeches from his train at other towns in California. It was understood he was informed that the president was opposed to platform speeches.

### Agitation Against High Living Cost Is Bearing Fruit

CHICAGO, (AP)—Another drop in live hog prices at the Union Stock Yards where the animals fell off \$1 to \$1.25 a hundredweight today contributed to weakened grain market, corn sagging an extreme of 2-1/4c a bushel and oats 7-8c. Dressd pork tumbled, the September delivery opening at \$40.50, an even \$2 lower than the last sale yesterday. Lard and ribs also declined on the board.

In explanation of the lower prices traders said that the agitation against the high cost of living was bearing fruit and that an outlet for large stocks of provisions was wanting. It was declared that eastern storage houses were crowded and that unless a further drop came there would be no outlet for the meat products.

### General Louis Botha Dies from Influenza

PRETORIA, UNION OF SOUTH AFRICA, (AP)—Gen. Louis Botha, premier and minister of agriculture of the Union of South Africa died suddenly today following an attack of influenza.

### Senate Authorizes War Insurance Probe

WASHINGTON, (AP)—Investigation by the senate finance committee of the war risk insurance bureau with a view to changes in the law governing the bureau was authorized today by the senate.

### Asks for Funds for Peace Commissioners

WASHINGTON, (AP)—President Wilson asked congress today for an additional appropriation of \$250,000 for the expenses of the American peace commission in Paris from last July 1 to the end of this calendar year.

### House Would Make Pershing a General

WASHINGTON, (AP)—In recognition in Gen. John J. Pershing's services in the war, the house today passed a bill authorizing the president to confer on him the permanent grade of general. The measure now goes to the senate.

### Bristol Warning to Turkey Was Official

WASHINGTON, (AP)—In warning Turkey that massacres of Armenians must stop, Admiral Mark L. Bristol, commander of the United States naval forces in Turkey, was acting under instructions from the state department. This was announced today officially.

## WORLD NEWS EVENTS

COPENHAGEN, (AP)—Nikolai Lenin, the Russian Bolshevik premier, has sent a delegation to Kishinev to negotiate peace with Rumania, according to a report received from Budapest today.

PARIS, (AP)—Dispatches reaching the peace conference indicate that forces under General von Der Goltz at Mitau have attacked Lettish headquarters in that city and taken fifty thousand rubles.

LONDON, (AP)—The Russian soviet apparently is making a bid for the support of the Chinese, to whom a manifesto has been sent. Attention is first called to the soviet campaign in Siberia and the Chinese peoples are then promised liberation "from foreign bayonets and from the yoke of foreign gold."

SAN SALVADOR, (AP)—Although advices received here recently from official sources in Honduras reported that the revolution had been put down, a dispatch received on Wednesday from Honduran revolutionary sources claim the re-occupation of La Esperanza, capital of the Intibuca department, but the revolutionists, who captured two pieces of artillery and much ammunition.

### FIND ARSENIC IN COFFEE

Malignant Intent Suspected in Poisoning of Persons of Luncheon

CHICAGO, (AP)—Arsenic was found today in samples of coffee taken from a downtown luncheon where thirty persons were poisoned yesterday, according to Health Commissioner Robertson. He expressed the opinion that some one had put poison in the coffee urn with malicious intent and the police were asked to search for the guilty person. It is expected that all of those taken ill after eating at the restaurant will recover.

### REVOLUTION IN MONTENEGRO SPREADING WIDE

Serbs are Receiving Reinforcements But Not Meeting With Success in Efforts to Put Down Uprising

### RECURRENCE OF WAR IN BALKANS THREATENS

Disorders Seem Likely to bring to Head Differences Between Supporters of Former King and Annexation Faction

LONDON, (AP)—Fighting has broken out everywhere in Montenegro, and the whole country is in a state of revolution, according to news received today from an authoritative source. The Serbs are using strong measures in an attempt to suppress the uprising.

### Trouble Renewal Looms

"We seem to be in for a recurrence of the Balkan trouble," was a statement made to the Associated Press today from an authoritative source.

The Montenegrians have cut the railway between Vinar and Antivari, on the coast.

### Serbian Efforts Unsuccessful

The Serbs are receiving reinforcements but are not meeting with success in their efforts to put down the revolutionary movement, according to advices.

The uprising in Montenegro seems likely to bring to a head the long smoldering differences between King Nicholas and the faction adhering to the plan for the incorporation of Montenegro in the Jugoslav state. King Nicholas has never recognized the validity of the act of the Montenegrian assembly last winter in deposing him. Serbia is insistent upon the inclusion of Montenegro to Jugoslav and claims that a majority of the Montenegrians favor the union. The contention of the nationalist party in Montenegro, however, is that the Montenegrian national assembly has been "packed" with pro-Serbs, making the act of that body in voting last April or adherence to the Jugoslav state not truly representative of Montenegro opinion.

### OMAHA GROCER IS KILLED BY NEGRO BOY ROBBERS

OMAHA, (AP)—Nathan Shapiro, grocer, was shot and killed in his store last night when he resisted 3 small negro boys who had come to rob the place.

### TIME LIMIT FOR STRIKERS' RETURN TO WORK SET BY RAILROAD BROTHERHOODS

### UNION MEN TO BE EMPLOYED MOVING TRAINS IF ORDERS ARE DISREGARDED

Striking Employees on Pacific Coast Must Resume Occupations Saturday Morning or Unions Will Support Federal Administration in Endeavor to Operate Trains Wherever They Have Contracts is Ultimatum Dispatched from Cleveland Headquarters

WASHINGTON, (AP)—Saturday morning has been set by the time limit by which all striking railroad employees on the Pacific coast must return to work "or the brotherhoods will support the federal administration in its endeavor to operate trains wherever they have contracts."

This ultimatum was sent today from the Cleveland headquarters of the four brotherhoods to the strikers and was communicated also to the railroad administration, which is understood to have completed plans for resuming train service if the unauthorized officers of the brotherhoods is not terminated.

It is understood that union men will be employed in moving trains if the strikers do not return to work.

Improvement in the strike situation on the Pacific coast was reported today by the railroad administration. Trains have begun moving out of Oakland, but so far traffic at Los Angeles still is tied up.

### NO LET UP AT SAN FRANCISCO

Trainmen's Strike Continues Although Most Trains are Dispatched Out

SAN FRANCISCO, (AP)—A strike of yard and switchmen of the three big transcontinental lines had ended at Oakland, Cal., and trains were leaving on normal schedules there, but the strike continued here, although most of the trains were being dispatched from the offices of the United States railroad administration announced here today.

Trains here were being made up by officials and office help, it was announced. Trains were coming in from San Jose, where strike conditions were said to prevail, but the schedule from that place was being met by the consolidation of trains.

The trainmen were to meet today to discuss orders from their international officers that they return to work.

### FIRST TRAINS IN TWO DAYS TO LEAVE ALBUQUERQUE

ALBUQUERQUE, N. M., (AP)—San Francisco trains of Tuesday and Wednesday left here at 3:30 this morning for Los Angeles, the first through trains to be moved west for two days since the strike hit upon the Pacific coast.

The trains were moved at the request of A. E. Whitney, vice president of the international Brotherhood of Railroad Trainmen, delegated to try to settle the strike, who has been held up here 24 hours on his way to Los Angeles.

Mr. Whitney said he was confident he could reach Los Angeles and upon his promise to get the two trains through they were allowed to depart.

Westbound trains No. 1 and 2 of Tuesday and Wednesday are still being held here. Westbound No. 3 was moved today as were all eastbound trains. Two stub trains will be sent from here, one in the morning and one this evening.

### THROUGH TRAINS LEAVING EL PASO FOR YUMA, ARIZ.

EL PASO, Tex., (AP)—Through trains on the Southern Pacific and El Paso and Southwestern railroads were being run to Tucson, Ariz., today. Stub trains were running between Tucson and Yuma, Ariz., it was announced at the offices of the Southern Pacific here.

### FOREST LANDS IN IDAHO AND WYOMING TO BE OPEN

WASHINGTON, (AP)—President Wilson today signed a proclamation excluding certain areas from the Carbonate forest in Southeastern Idaho and Western Wyoming and restoring the public lands therein to homestead entry after a m. October 13, and to settlement under other forms of disposition after October 20, 1919. The restored lands aggregate 7,791 acres, in western tracts in Bonneville and Carbonate counties, Idaho and Lincoln county, Wyoming.

### HANSON RESIGNS AS SEATTLE MAYOR

SEATTLE, WASH., (AP)—Ole Hanson, Seattle's mayor, who gained nationwide fame as a result of his stand for Americanism during the general strike here last February, presented his resignation to the city council at 1:30 o'clock today. It was accepted immediately.

"I am tired out and am going fishing," he said in a statement accompanying the resignation.

### LEADERS ADVISE ACCEPTANCE OF SMALLER WAGES

Compromise Pending Outcome of Government's Efforts to Reduce Cost of Living is Recommended

### SAY: STRIKE AT PRESENT WOULD BE FATAL MISTAKE

Would Avoid Responsibility for Obstructing President's Attempts; Right to Enforce Strike Vote Reserved

WASHINGTON, (AP)—Acceptance of President Wilson's offer of "smaller wages" across the board is the outcome of the government's efforts to reduce the cost of living was advised by the executive council of the railway shop unions in a letter sent today to all union locals.

### Confer With Gompers

Officials of the unions conferred today with Samuel Gompers, president and other members of the executive committee of the American Federation of Labor. Their letter said if there was to be a strike, every class of railway employees should be willing to join in the movement.

"If the federated shop trades strike now," the letter said, "they carry the full burden of securing the same general increase for the 74 per cent of the railroad employees who have not yet decided what action they propose to take. We do not believe that we should allow ourselves to be placed in that position. In our opinion the next ninety days will bring the entire situation to a head and if a strike is to take place every class of railroad employees should be willing to join in the movement, share their full measure of responsibility and not leave the issue to be decided by 26 2/3 per cent of the railroad employees represented by the federated trades."

### Would Avoid Mistake

"It is our honest judgment that a fatal mistake would be made by our members to assume the responsibility of trying to force the railroad situation when the president is evidently doing all possible to reduce the high cost of living. It is not fair to assume that the president will have the local support of a majority of the American people in his effort to procure this much needed relief. We would, no doubt, be charged with obstructing his efforts."

It should be understood, however, that if the government fails to effect a substantial reduction in the cost of living within a reasonable time, we reserve the right to put the strike vote into effect."

### NOTABLES SHARE CARNEGIE WILL

Iron Master Leaves Annuities to Taft, Former Presidents' Widows and Others

NEW YORK, (AP)—The will of Andrew Carnegie made public today estimated the value of the iron master's estate at between \$25,000,000 and \$30,000,000.

All the works the real estate and all the leaves of art and household goods to Mrs. Carnegie. The financial provisions for Mrs. Carnegie and her daughter, Mrs. Miller, was made during Mr. Carnegie's lifetime.

A statement issued by Ethel Root, executor of the will, said that the will provided for the distribution of gifts and charities during his lifetime exceeded \$3,000,000.

The fourth article of the will contains a series of legacies to charitable institutions, to the five fraternal organizations to relatives and friends. The Carnegie corporation of New York is the residuary legatee.

An annuity of \$10,000 was bequeathed to Mrs. Carnegie. The financial provisions of \$5,000 each to Mrs. Greville (now Mrs. Thomas J. Preston), and Mrs. Theodore Roosevelt, widows of former presidents.

## GRAIN CORPORATION ANNOUNCES NEW PRICE SCALE FOR LOW GRADE WHEAT

MINNEAPOLIS, (AP)—A new scale of prices for the lower grades of wheat for the 1919 crop was announced today by Julius H. Barnes, head of the United States grain corporation, and were posted today on the trading floor of the local chamber of commerce to become effective September 2.

New prices fixed by the United States grain corporation for the lower grades of wheat will result in northwestern wheat growers, particularly those in Minnesota, North Dakota,

South Dakota and Montana, receiving many millions of dollars more for their crops this year. Representative Young, North Dakota said today after receiving the new price schedule, "The light weight wheat was produced entirely in those four states this year, Mr. Young said. He added that the price of flour was not likely to be affected, because the millers based their price upon number one wheat which remained unchanged."

# CONCESSION TO FOREIGNERS IN MEXICO SENATE

Petroleum Committee Presents Draft of Law Eliminating Retroactive Effect of Proposed Oil Legislation

MEXICO CITY (AP)—The petroleum committee of the Mexican senate Wednesday presented a report on legislation regulating article 27 of the constitution of 1907, which nationalized all lands and at the same time laid before the senate a draft of a law regulating this article and eliminating all retroactive effects of proposed oil legislation. This is a concession for which foreign oil interests have been contending. The proposals submitted by President Carranza last November looking to the regulation of article 27 are now being considered by the chamber of deputies without decisive action as yet.

The introduction to the report sets forth the committee's belief that property rights are protected by the principles expressed in article 27 of the constitution and that the principles outlined in the report are in the rights of all interests legitimately acquired before May 1st, 1917, without the sacrifice of national sovereignty or the rights of the constitution.

## CABRERA DISCIPLINING CONGRESSMEN AND COURT

WASHINGTON (AP)—Advices reaching Washington through official channels indicate that the cabinet of Luis Cabrera, secretary of the treasury of Mexico, and Schaffino, head of the petroleum bureau of the department of industry, commerce and mines, have been for the purpose of bringing back into line the Mexican congress and members of the supreme court who, it is indicated, are somewhat out of step with the Carranza regime. This was the interpretation of events by state department officials when they learned that the action to the supreme court by Cabrera was of an official character.

## To Curb Carranza Power

Cabrera urged the supreme court not to hasten the hearing of the Amparo cases brought before it by the American oil companies. The cases are aimed directly at the presidential decrees which the United States and foreign governments regard as an effort of confiscation of foreign owned properties. It now is apparent according to advices from Mexico City, that there is a definite effort to prevent the withdrawal from Carranza the extraordinary powers in finance under which he issued the "separation" decrees.

Mexico City newspapers are violently attacking Cabrera, according to advices, especially because of a public statement recently made by him in which he accused the Mexican people of lack of patriotism at this time. This statement was made in view of the recently published declaration that eighty per cent of the Mexican people would look upon American intervention with indifference and ninety per cent of the educated class would welcome it. One of the Mexican newspapers says that from the first year children in school are taught to "hear it will toward the United States."

## Cabrera Disturbing Element

"As years go by," continues the article, "and as other things take to go about the two sister republics inspired by the same ideas, economic and diplomatic relations. Then one day along comes some government official who for his own improper and attempts to incite and excite the people by demanding that we organize manifestations against the White House. Why? Because of the errors committed by our own government. Then the next day, because it suits a new turn in political affairs, we are told to go easy, and we never know the reason."

# LODGE PIN AND GRIP SAVE LIFE

Chinese Merchant of Parral Ows Escape to Fraternal Affiliation

JUAREZ, Mex., (AP)—A lodge pin and grip saved the life of a Chinese merchant at Parral when Francisco Villa's troops captured Parral some months ago, according to a sworn statement made by the merchant to the American consul here upon his arrival from the interior recently.

The Chinese merchant refused to permit his name to be attached to the statement for fear he would be killed if he fell into Villa's hands. He swore that he saw three of his cousins dragged through the streets of Parral by rebels and burned at the stake.

A demand for \$5,000 was made upon him upon threat of death, the merchant said. He told the Villa colonel he did not have this amount and was about to be ordered shot, he said, when he noticed a lodge pin on the lapel of the colonel's coat. The merchant said he belonged to the Chinese organization which was similar to the one which the officer belonged to and they exchanged handshakes. The ransom was reduced to \$2,000 and he was finally permitted to go.

# BELGIANS ARE GIVEN CREDITS

American and English Firms Extend Temporary Aid to Reviving Industries

BRUSSELS (AP)—Several American and English houses have arranged to give credits for three weeks to Belgian buyers, who, now that industries are beginning to work again, are in need of a great variety of raw materials and many manufactured articles. The minister of commerce has prepared a report in which are listed the materials wanted. They include materials for lining coat mine shafts, cables and machinery in coal mining, steel and galvanized wire, sulphur acid, heavy tar oil and special coal for coke to be used in coke ovens, iron ore and tools for blast furnaces and rolling mills, flux for textile industries, sulphate of soda for glass works, hides of a quality not found in Belgium for shoes, pulp spruce and Norway pine for paper mills.

# WOULD DEFINE STRIKES AS CRIMINAL OFFENSES

Former President of American Bar Association Urges Legislation

BOSTON, (AP)—A lay to make strikes criminal offenses was urged before the conference of commissioners on uniform state laws Wednesday, by Moorfield Storey of this city, formerly president of American Bar association.

The gathering from many states of lawyers appointed by legislative or executive authority applauded his assertion that "the same reason which prevents quarrels and fights between individuals must apply where a great body of men undertake to paralyze the community service in order that they may get something from the people." Contests between large or small groups as well as between individuals, he added, must be decided by the courts.

## WOMAN WARRIOR CRIES OVER PICTURE OF BABY

Uniformed Bolshevik Amazon, Captured by Allied Troops in Russia, Reveals Heart's Desire

KEM, RUSSIAN LAIPLAND, (correspondence of The Associated Press).—Among the uniformed Bolsheviks captured by the allied troops on the Murmansk railway front, where American railway troops operated for several months, with a woman, Olga Semenovna, Petrovna, now serving as a cook for a Canadian mess, who presented the strange contrast of an Amazon who cried over a baby's photograph.

Mrs. Petrovna, who is 22 years old, was taken prisoner by Canadian troops at Troizna, when dressed in a Red Guard uniform, trousers and all, and with the Russian ammunition pouches slung over her breasts. She said she had left Petrograd on April 4, to join her husband who was a soldier in a Finnish regiment fighting the allies on this front. For some time she led the life of a soldier, with her husband. The latter escaped at Troizna.

Mrs. Petrovna broke down and cried, say allied officers, when she was questioned about a scrap book carried in which she had pasted pictures, cut from magazines, of many babies. She said her own baby had died and that she had no photograph of him, and that she was trying to find in the magazines a picture that resembled him.

## Brief Sport Bits

Our White Sox won against yesterday, but they had an awful score shucked into 'em doing it.

It was this way—the Sox were playing the Browns in the latter's yard and in the sixth inning Ray Demmitt, a former Chickadee, plugged the pill for a two-run blow, scoring three men. That put the Browns ahead. In the seventh with two on "Hap" Felsch put the ball over the fence and gave the Sox the contest 6 to 5.

Local supporters of the Detroit Tigers are munching globs of gloom. A week ago it looked as though Jennings' crew was due to show Cincinnati speed. But the Bengals met Cleveland while the latter was in a wild flight, and now see what's happened.

"Which causes Slim Smiley to raise and remark: 'I ain't got no objection to that action of the government but when is Mr. Wilson again' stop them greasers gittin' American heads!'"

Admitting the possibility of a meeting between the Reds and the White Sox for the big champ series we cannot help pointing to records which seem to spell defeat for the National League.

The White Sox, who a few years back won the sobriquet "hitless wonders," have five hitters in the .300 class; the Reds have two. The Sox have men experienced in big series methods, and a pitching staff that is more than the equal of the Red band's, of which latter only one man is better than a rookie. This is Slim Sallee, the other Rotherly, Ring, Elder and Luque, all being youngsters more or less susceptible to state fright.

DENVER, Colo., (AP)—Jimmy Hamill, local boxing promoter, today telegraphed Bonny Leonard, lightweight champion of the world, offering him \$20,000 win, lose or draw, to meet Charley White of Chicago, in a twenty-round decision contest for the championship in Denver Thanksgiving Day. This is the largest purse ever offered a lightweight to defend his title and the second largest purse in the country in 1919. Hamill sent the offer to Billy Gibson, Leonard's manager in New York city. The purse is guaranteed by local business men.

## RENDER TO JOIN REDS

Manager Pat Moran of the Cincy Reds is all set for roller pitching if one of his stars crack in the stretch. Old Chief Bender will join the Reds on September 6. Bender pitched 23 games and won 21 of them while managing the Richmond, Va., team this season, the vet Indian pitcher showing all the form of his world series days.

## Grand Circuit Races

Three heats were decided in the rain in the Grand Circuit races at the Bendville track yesterday, after which the track became so heavy that a postponement was necessary. It was "Cox day" and in spite of the weather a good crowd turned out in honor of the New England driver. In addition to the unfinished events, part of the regular Thursday program will be run off tomorrow.

POSTPONE EXAMINATION  
NEW YORK, (AP)—The examination of President Johnson of the American league in regard to the suspension of Carl Mays was postponed today until September 4 by referee George J. Gillespie.

## TELEPHONE WORKERS REJECT COMPROMISE

Strike Vote to Be Taken in Event of Failure to Re-open Negotiations with Company

SAN FRANCISCO, (AP)—Telephone workers of California, Oregon, Washington, Nevada and Idaho voted to reject the compromise offer of the Pacific Telephone and Telegraph company and the federal wire control board, which recently halted a strike of the telephone workers. It was officially announced Wednesday.

An attempt will be made to reopen negotiations with the company and if they fail a strike vote will be taken, union officials declared.

The company offered slight increases of pay and improved working conditions.

## CREDITS SINGING WITH IMPROVEMENT OF MORALE

Pacific Fleet Song-Leader Holds Man Cannot Have Wicked Thought While He is Singing

WITH THE PACIFIC FLEET, (AP)—Charles Bowes, song-leader attached to the Pacific fleet, holds that no man can have a wicked thought while he is singing.

That is why, he says, he believes his work in the navy is having not only musical but moral results.

Mr. Bowes, who, in naval parlance, "brings a salute"—or as a commissioned officer—receives it alike from officers and enlisted men, all of whom have a fondness for the "songs" he conducts as often as feasible.

Officers of the fleet have co-operated heartily in his work and the men in general have found a real pleasure in improving their musical knowledge and, Mr. Bowes says, a real relaxation in singing.

Mr. Bowes has received from Washington orders detaching him from the fleet when it reaches San Francisco. He has been instructed to visit Mare Island and Goat Island and then to return to the national capital by way of the Great Lakes training station, near Chicago.

ED PASO, TEX., (AP)—Although many arrests have been made by customs officials, liquor smuggling has become so general on this part of the border that United States government officials have announced an investigation will be made to determine whether any American officers have been implicated in the bringing of intoxicants from Mexico.

Recently two Mexicans were shot and killed while bringing to the heart of the residential district two barrels of whiskey. Americans and Mexicans who formerly smuggled ammunition and opium are reported to have turned their attentions to the contraband liquor traffic. Quantities of whiskey, exported to Mexico when prohibition became effective, are being brought back into El Paso, it is said, and sold as high as \$15 a quart.

## Get Acquainted With Your Own Teeth

By DR. PARKER

Founder and Executive Head of the E. R. Parker System

BRUSHING the teeth two or three times a day is fine, but it doesn't go far enough.

No toothbrush ever made and no amount of brushing with any tooth preparation will altogether stop the tendency to the formation of tartar upon the teeth, and when tartar forms, the foundation is laid for tooth troubles without end.

DR. PARKER

Your only salvation lies in having a thorough examination of your teeth made by a dental specialist who knows how.

Registered Dentists using the E. R. Parker System make these examinations without any charge, and the examinations are so complete that you have the satisfaction of finding out the condition of every tooth in your mouth.

You can also find out in advance how small the price will be for such dental work as you may need.

Why not have a free examination of your teeth today according to the accurate E. R. Parker System?

## Put Up Every Pound of Fruit You Can Get This Summer

Delicious Jams,  
Jellies and Pres-  
erves made by  
this recipe:

Many a woman hesitates to try putting up fruit at home.

She fears she will only waste expensive materials.

It really is very simple. Just make your preserving syrup with  $\frac{1}{2}$  Karo (Red Label) and  $\frac{1}{2}$  sugar instead of sugar alone.

You can then be as sure of your results as the woman who always has "luck" with her preserving.

Nice fine, clear Karo Syrup has a natural affinity for the fruit juices. It blends the sugar with the juice—brings out the rich "fruity" flavor, and insures firm jams and jellies that never "candy" in the glass.

A well-filled fruit pantry will give you much pleasure this winter, when fresh fruits are scarce and high, if you just use Karo Syrup with your sugar.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

FREE Preserving is easy when you have the sixty-eight page Corn Products Cook Book handy. Wonderful recipes easy to follow. Beautiful illustrations. Write us today for it. It is free.

HELPING THE SOLDIER

Representative Edward W. Pou has pending a bill which would give \$180 additional pay to discharged soldiers and sailors while, in addition to the \$90 provided for in the revenue bill passed by the last congress, would make their compensation, in addition to their pay while actually in the service, \$240.

At every opportunity, Mr. Pou has urged upon the house that his or some similar bill be passed that the soldiers may receive at least the same assistance that was given war workers in Washington who were granted a bonus of \$240 each.

During a recent speech on the floor of the house in support of this measure Mr. Pou said that, "These men won the war. \* \* \* At last he is brought back home. He learns after his arrival that everybody has been making money. He learns that many a rivet driver in the shipyard received as much in one day as he did in a month. Now imagine, if you can, the feelings of this private soldier when this great, rich, grateful government handed him the meager sum of \$90. Imagine his feelings, if you can, when he saw the war workers here in Washington, whose salary was three or four times as large as his, receive a bonus of \$240. Imagine his feelings, if you can, when he saw the business he had started in the hands of someone else or the job he had given up filled by someone else, all prosperous, while he was forced to be content with his \$90. Imagine his feelings, if you can, when he went into the furnishing store to buy clothes to take the place of his uniform, and learned the prices of the things he was bound to have."

Mr. Pou puts the case of the average returned soldier in a very clear and definite light, showing plainly injustices with which he is met. Mr. Pou, however, fails to convince that the granting of an additional \$180, or that any other cash bonus that could in any way be awarded would correct the situation. If the returned soldier is compelled to exchange his \$90 bonus for the civilian suit of clothes he is bound to have, it does not appear wherein any great advantage would be gained by giving him the price of more suits of clothes.

The sacrifice of the fighting man is

one that cannot well be compensated in terms of money. He does not ask for such compensation. What he does want and asks is an equal opportunity with the fellow who stayed at home and made money, restoration at least to the place he left to fight in defense of the country and a square deal from this time on.

It would seem that Mr. Pou's appeal might be strengthened if instead of calling for an appropriation of a comparatively small amount of money to each soldier, he were to devote his efforts toward the establishment of living conditions where the service man might be compensated so far as possible for his lost time and opportunities, through his own efforts.

Grain and Provisions

CHICAGO, (AP)—A growing conviction on the board of trade that the agitation against the high cost of living is achieving results was reflected today in lower prices for grain and provisions.

Weakness of live hog prices which showed another decline was also a contributing factor in the early trading. Corn opened from 3-4 to 2-1-4 lower, the December delivery leading in the decline. Fairly general liquidation carried prices fractionally lower where a tendency to steady was observed. Opening prices were September \$1.77 1-2 to 1.78 and December \$1.33 1-2 to 1.39 7-8.

Lack of support was later manifest in the corn market and liquidating trades continued. The December and May deliveries dropped to new low record prices for the season. The nearby month also declined and prices for the cash article sagged. Under the weight of lower hog and provisions prices the general bearishness increased through

support dropped on occasionally on the extreme low points. Corn closed weak 2-3-4 to 3-7-8 net lower, all deliveries being near the low points for the day. Prices at the finish were September \$1.75 3-4 to 1.76 and December \$1.33 7-8 to 1.37 1-8.

Oats moved downward with corn, though the decline was within narrow limits. Liquidating sales and pressure from local traders were evident, though there was moderate buying of September on the break and elevator interests increasing its holdings.

Opening oats prices were 3-5 to 7-8 lower, with September at 70 1-2 to 70 3-4 and December at 73 5-8 to 73 3-4. In the early hours the market sagged somewhat below the opening figures. Provisions fell off sharply at the start. September pork declined 52 on the first sale. Lard was down 25 to 60c, and ribs declined 35 to 57c. Lower prices for live hogs was the principal factor in the decline in provisions. Trade was slow.

Liquidation continued in provisions and the market suffered a drastic decline, a decrease of \$1 to 1.50 over night in live hog prices being the moving cause. September pork sold at a decline of \$2.75 a barrel, lard fell off \$1.15 to \$1.52 a hundredweight and short ribs \$2 to \$2.17 a hundred pounds. Support was lacking throughout the session. The close was weak and near to the low for the day. Final figures showed pork at a decline of \$2.50; lard from 85 to \$1.32 lower, and ribs \$1.12 to \$1.85 lower.

## BUTCHERS OF NEW YORK TO TRY PRICE SCHEDULE

Agree on Fair Margin Plan in  
Effort to Stabilize Meat  
This Year

NEW YORK, (AP)—In an effort to stabilize meat prices the committee on fair prices for meat of the New York State Association of United Master Butchers of America, Wednesday agreed upon a tentative fair margin schedule covering 18 basic meat items. The list will be given a trial during September.

The margins agreed upon are two cents higher than those in effect during the war time period, but it was understood reductions in wholesale prices would enable them to sell at lower than war time figures.

The maximum fair margin profit schedule agreed upon today follows:

Beef of good and medium steers; Chuck steak, 13 cents a pound; whole cross ribs, 20 cents; cut cross ribs, 24 cents; stew beef 13 cents.

Hinds and ribs of good and medium steers; Sirloin steaks 17 cents; bottom round 10 cents; rib roast 18 cents; whole top sirloin 15; cut top sirloin 19 cents.

Lamb: leg of lamb 14 cents; rib chops 14 cents; chuck 3 cents; stew lamb under coat 4 cents.

Pork products: smoked ham, unwrapped 8 to 10 pounds, 8 cents a pound; smoked shoulders, picnic, 1 1/2 to 7 pounds, 7 cents; smoked ham unwrapped 13 cents; pork chops, ends, 8 cents; pork chops middle 12 cents.

The margins are based on "cash and carry" and do not include the cost of delivery service.

The meat dealers explained that the margins fixed were the differences allowed them between the cost and selling price, including profit and expenses, including rentals and labor.

The increase of 2 cents over the war time margin was made necessary by the increased cost in overhead expenses, including rentals and labor.

## HONOLULU SCHOOLS WAIT FOR TEACHERS' RETURN

Pedagogues on Vacation in the United States Find It Impossible to Secure Early Passage

SAN FRANCISCO, (AP)—Because several scores of Honolulu school teachers vacationing in the United States have found it impossible to obtain accommodations, the schools would return to Hawaii in time for the regular opening of the school term, September 15, the schools will remain closed until September 22.

Matron Navigation company officials, in announcing the receipt of advice to this effect, said a number of teachers had obtained passage on army transports.

Passenger flats of all trans-Pacific lines are booked full to the end of the year, officials of steamship lines here report. Some companies which ordinarily carry few passengers, have added to their accommodations and the Toyo Kisen Kaisha Oriental Steamship company, recently inaugurated a direct run from San Francisco to Yokohama, eliminating stops at Honolulu and Chinese ports, in order to handle more traffic to and from Japan.

The congestion is expected to continue until more ships are turned back by the United States Shipping board to Pacific routes. Little relief is anticipated before the first of next year.

### Use for Luminous Paint

Various kinds of luminous paints, covered with transparent varnish, are used for the purpose of making watch hands visible at night. The chemicals that give this property of phosphorescence to the paint are chiefly the sulphides of strontium, barium and calcium.

### First to Cultivate Tobacco.

John Rolfe was the first white man who cultivated tobacco systematically—making it the principal crop of the plantation, "Virginia" on the James, to which he took his bride, the Indian king's daughter. He began his operations in 1610.

### New Oil Substitute.

A factory has been started in Sweden for extracting oil from schist. This adding one more to the number of substitutes already on the market. Large quantities of alum schist are found in the district, yielding benzene and crude oils.

## BETTER CATTLE FOR THIS DISTRICT SHORTHORN STOCK SHOW UTILITY

Twin Falls County Breeder Tells Why Pedigreed Animals Pay the Small Farmer Biggest Profit—Imports Include Best Bull of This Class Brought to Western Section

Keeping pace with promoters of the wool industry in this district, in the matter of populating the Twin Falls country with pure bred livestock, cattlemen are stocking their ranches with the best obtainable types of imported stock animals in order to improve the

breeds and realize the best beef and milk results.

This is especially true of the Model Farms Stock ranch, where one of the best herds of pure bred Scotch Shorthorn cattle is maintained. The animals are imported stock, pedigreed for lack

to the noblest bulls and cows of this noted race of northern England and Scotch Durhams. The bulls have been chosen for their purity of type, color and external points, and for the general utility of this breed.

### For Beef and Milk

C. A. McMaster, proprietor of the Model Farms Stock ranch, is a pioneer

farmer and stock raiser, as well as a dealer of Twin Falls county, believes in Shorthorns for this country so intensely that he is at present on a tour of central and northern states attending state fairs for the purpose of selecting for purchase pure Scotch cattle of the best beef and milk producing types to supply the ever increasing demand in this section of the coun-

try. Mr. McMaster believes that the greatest of all breeds of cattle for general purposes is the Shorthorn. In the past 18 months Mr. McMaster has shipped into Twin Falls county 100 head of pure bred Shorthorn cattle. In his last sale, conducted June 30 he made a record price sale for Idaho and the northwest, when he disposed of 38 head of cattle at an average price of \$778, twelve of these cattle being only yearlings.

### Highly Commended

Mr. McMaster recommends Shorthorn

cows for the small farmer. In this connection he says: "The man with a small farm and a few head of cattle is best off when these cattle are good milking Shorthorns. They pay for themselves in milk as they go along, and the male calves can always be sold at good figures. If regularly registered and good there is always a big demand for them for propagating the breed. It is not good enough for the latter purpose they will be readily snapped up by buyers who want high class feeding steers."

## ROCK CREEK

ROCK CREEK—Complimenting her niece, Miss Flora Brose, of Detroit, Mich., whose birthday occurred during the present week, Mrs. Robert Brose entertained at luncheon Sunday. The centerpiece consisted of a mirror surrounded by water lilies, and on this lake of glass called the "Ship of Life," cunningly fashioned, sails and all, of paper, and decorated in water colors by Mrs. Bernard Stricker. The place cards, also the work of Mrs. Stricker, were tiny fans, each having a small sea-scape on the front and containing a sentiment suitable for the occasion. At each plate was a tiny American flag and at the place of the guest of honor was placed a miniature sail and one, filled with candy, suggesting the homeward journey which Miss Brose expects to take before long. At the close of the luncheon the ship sailed to Miss Brose, who welcomed its cargo of birthday gifts. Those present were Mrs. and Mrs. C. J. Dumrose, Mr. and Mrs. Walter Brose of Twin Falls, Mrs. Bertha Stricker, Mrs. Elwood Moffett, of Coeur d'Alene, Mrs. T. O. Jones of Three Creek, Misses Eva Martin, Georgia Martin, Edith Dyer, Lois Stewart, (Georgia Stewart), Georgia Stafford, and Dorothy Wagner, all of Twin Falls, Bertha Norton, Gladys Dumrose, Nora Dumrose, Faye Dumrose and Grace Dumrose.

The younger set enjoyed a merry dancing party at the ball Saturday evening. The ship of life sailed to Miss Brose, who welcomed its cargo of birthday gifts. Those present were Mrs. and Mrs. C. J. Dumrose, Mr. and Mrs. Walter Brose of Twin Falls, Mrs. Bertha Stricker, Mrs. Elwood Moffett, of Coeur d'Alene, Mrs. T. O. Jones of Three Creek, Misses Eva Martin, Georgia Martin, Edith Dyer, Lois Stewart, (Georgia Stewart), Georgia Stafford, and Dorothy Wagner, all of Twin Falls, Bertha Norton, Gladys Dumrose, Nora Dumrose, Faye Dumrose and Grace Dumrose.

Miss Helen Brose's cousins and sisters gave her a surprise last Tuesday evening on the occasion of the anniversary of the birth. A special feature of the party was the splendid cake with eighteen candles. Those present were Mrs. and Mrs. Bernard Stricker, Mrs. Elwood Moffett, Mrs. T. O. Jones, Miss Mary Dumrose, Edie Dumrose and Louis Dumrose.

Miss Mary Dumrose entertained a number of friends at her home Wednesday evening. Her cousin, Miss Flora Brose was the guest of honor.

## Cut Down the High Cost of Living

You ask how? We will tell you. What kind of a range have you? Are you sure it is not consuming more fuel than it should? Many ranges do, and in addition to this do not get full value out of the food because it is not properly cooked. We carry in stock a range that is a perfect baker, and it consumes a very small amount of fuel—

## The South Bend Malleable Range

Keep track of the cost of the fuel bills of the range you now have. Note carefully its baking qualities. Then buy a genuine South Bend Malleable Range and keep tab on the amount of fuel it burns, and compare the quality of the bread, biscuits, pies and other good things it bakes for you, with the kind your old range used to bake and see if you have not reduced the cost of living and improved the quality of the food you cook and bake.

## WINDOWS AND SHOWCASES.

A friend of ours once said: "I do not use newspaper advertising. I advertise through my windows."

Window, advertising is good advertising. Showcase advertising is good advertising.

The window advertises to the passer by. The showcase to those actually in the store.

But your newspaper announcement carries descriptions of your merchandise right into the HOMES of ALL.

In other words, it carries your WINDOWS and your SHOWCASES to the BUYERS. It reaches thousands where the actual displays are seen by teenagers and thirties.

News paper advertising magnifies—multiplies—the selling power of your windows.

I believe you'll agree that our friend was short-sighted. He had never THOUGHT THE MATTER OUT.

## BERGER

BERGER—Max Smith is seriously ill in the Twin Falls county hospital, having recently undergone a surgical operation.

Stephen Hills has sold his ranch to H. H. H. H.

Ralph Tingle has bought 100 acres, two miles south of Berger from Ralph Reed of Bald.

Mr. and Mrs. W. O. Young and family of Elton visited Mrs. Young's parents, Mr. and Mrs. H. G. Lammers, Sunday.

There are three threshing machines and a chaff huller in this neighborhood. Grain is not yielding much on this tract owing to the lack of water.

## HOLLISTER

HOLLISTER—Ben Caldwell and family left Tuesday for Springfield, Ark., where they will make their home.

Miss Fern and sister, Mrs. Anderson, and children arrived Tuesday from Drummond, Idaho, where they have been spending the summer.

George Leacy and Richard Pomeroy went to Twin Falls Tuesday evening to attend the reunion of the class of 1919 of Twin Falls high school.

Mrs. Eli May, who was operated on in Twin Falls this week is speedily recovering.

Arthur James resigned his position with the Consolidated Wagon and Machine company and left the first of the week for Montana.

J. W. Gruen returned from Long Beach, Cal., this week and spent Friday in town on business.

W. McDonald was operated on in Twin Falls hospital Friday for appendicitis. He is reported to be recovering.

H. Francis left Friday for Garland, Utah where he will prepare to move his family to Hollister.

The young people of the community enjoyed a pleasant evening Friday when the Christian Endeavor Society entertained at a social at the church.

It was in the nature of a farewell social to those who will soon be leaving for school.

Joe Gerthar is somewhat improved from his illness of last week, but is still very weak.

Threshing is in full swing now and the chaff huller is at work on the Kunkle Brothers' farm.

## Origin of the Handkerchief.

The tracing of the term "pocket handkerchief" reveals some peculiar facts. At first it was described as kerchief (sweat-shirt), a covering for the head; then it became handkerchief, a covering for the head carried in the hand, and at length pocket handkerchief, covering for the hand held in the hand or kept in the pocket.

NOTICE TO CONTRACTORS—NOTICE IS HEREBY GIVEN, That the Mayor and City Council of the City of Twin Falls, Idaho, on behalf of said city, on the 8th day of September, 1919, at the hour of 8 o'clock P. M. of said day, at the office of the City Clerk of said city, in the Water Works building at the corner of Second Avenue North and Second Street North in said city, will receive sealed bids and proposals from contractors for the construction and completion of a lateral sewer system in

that portion of the territory comprised within the limits of the City of Twin Falls as is embraced in Local Sewer Improvement District Number 31 which is defined, described and set forth in Ordinance Number 205, which creates the said improvement district. Plans and specifications of the said sewer system are on file in the office of the City Engineer of the said city in the Water Works Building above described. Copies of said plans and specifications can be obtained in case of the failure of application therefor and the deposit of the sum of Ten Dollars, which amount will be refunded upon the return to the City Engineer of the contract so obtained.

All bids and proposals must be accompanied by a certified check upon some local bank, or a draft, in an amount equal to ten per cent of the amount of the entire bid and proposal, which check or draft shall be made payable to the City of Twin Falls, Idaho, or order, and which check or draft, in case of the failure or default of the successful bidder to enter into a contract for the construction and completion of said sewer in compliance with the terms of his said bid and the terms of this notice, shall be retained by the City of Twin Falls, Idaho, and shall become its property.

At the time of entering into the contract for the construction and completion of the said sewer, or within five days thereafter, and before the delivery of the contract, the contractor shall furnish and deliver to the City of Twin Falls, Idaho, a bond in an amount equal to sixty per cent of the amount to be paid him under the said contract, conditioned for the faithful performance of the terms and conditions of the said contract, and conditioned for the faithful performance of the statutes of the State of Idaho, in such case made and provided.

Immediately upon being awarded the contract the successful bidder shall enter into a written contract with the said City of Twin Falls, Idaho, for the construction and completion of said sewer, which contract shall be delivered upon furnishing the bond hereinbefore provided.

Work shall commence under the said contract within fifteen days after delivery of the contract and the work of constructing the said sewer to completion shall be diligently pursued without cessation.

For the work performed and the material furnished under the contract the contractor will be paid in bonds or warrants of the City of Twin Falls, Idaho, in cash, at the option of the city. The bonds or warrants shall not be a general obligation of the city but shall be a lien upon all real property embraced in said Local Sewer Improvement District Number 31, except streets, avenues, alleys and street intersections. Said bonds or warrants shall draw interest not to exceed 7 per cent per annum and shall be payable on or before one year after date.

Payment for the work done and material furnished in performing said contract shall be paid as follows:

Twenty per cent of the amount earned thereunder during the month prior to the first Monday in each month shall be paid the contractor on the first Monday after the first Monday in each month and the remaining ten per cent earned during said month shall be retained by the city until the completion and acceptance of the work.

The city reserves the right to reject any and all bids.

E. J. OSTRANDER, President of the Council and Acting Mayor.

Attest: W. A. MINNICK, City Clerk.

# GRAIN SAMPLES COMING SLOWLY

Produce for State Fair Exhibit  
Purposes Fine But Not in  
Abundance

Clattered with all manner of grain and grasses is the rear portion of the quarters devoted to the uses of the county farm bureau, where, with Thomas Irwin, Jr., in charge, exhibits are being assembled and prepared to be sent to the state fair at Boise, September 22-27 for prize exhibition. It cannot be seen why Twin Falls county should not carry off most of the honors for grain, grasses and vegetables at the state fair this year, especially after the county agent, C. H. Boller, has so energetically expressed the belief that this county has the very best products of the entire state this year. He had just returned from a grand tour of the state and enthusiastically pronounced the Twin Falls country the best he has seen in the state.

## Best in State

"I saw some wonderful crops in various irrigated sections," the county agent says, "but there are few that compare with the stuff grown in this section. In the Payette country fruit is abundant and fine, especially apples, which are some of the best in the state. The county agent will be a leader in the prize exhibits at Boise next month." While the samples thus far gathered by Mr. Irwin are nice in shape and excellent in size and quality they are not as abundant as the county agent had hoped for. Thus far the sheep stuff consists chiefly of wheat, oats and barley, in no way appearing for show purposes. The grasses, too, are somewhat limited in variety, and more sorts are urgently hoped for. Mr. Boller, addressing himself to growers of every sort of produce, urges that the best samples be rushed to headquarters immediately for show preparation and arranging.

## Best Prizes Offered

Grains and grasses must of necessity be gathered now, and vegetable exhibits should be starting immediately. The latter classes consist of all sorts of potatoes, beets, cabbage, pumpkins, cucumbers, squash, onions, celery, eggplants, tomatoes, corn and miscellaneous produce. A grand prize of \$400 is offered by the state fair premium board, with \$200 for the second prize, \$200 third, \$100 fourth and \$75 for the fifth.

# Days of Heat Will Follow Present Cool

AFTER submitting a couple of reasonably cool days, for your approval the weather forecasters kick in today with the old, old stuff—Fair and warm.

Just can't get away from the habits has caused more nervous prostrations in this country this year than there were shell shock cases during the war.

"Fair and Warm!" You simply can't heat it can't you? And it is raining like all get out in the east, spilling baseball games and other good things that don't amount to anything. But we get nothing but a high sky and a sun that terrifies folks in terrible monotonous driving folks to distraction and driving them up, as one might say, but—

## "Fair and Warm!"

Locally yesterday's high temperature mark was 78 degrees, with 51 for low on the preceding night. The district is still rainless and dewless. Even the hunter-leader person is laying off his marvelous stuff and is languishing in inebrious degeneration for the immediate present.

the excitement here where much of the stock is held.

According to word received here the company has brought in a "veritable gusher." A number of the "larger stockholders" left Twin Falls this morning in autos bound for the scene of the discovery.

# SEGREGATION FAIR IS NORTH SIDE PROPOSAL

Company Formed and Awards  
Planned for Products Exhibit in September

The first Segregation fair of the Twin Falls North Side is scheduled to be held at Eden September 15, 16, and 17. A. B. Lucas has been named secretary and preparations for a big event are in full flight. A premium list will be out in a short time, and will contain some extraordinary attractive offers for exhibits and features. Each awards will amount to \$4,000.

For the purpose of promulgating and operating a fair that will be a credit to the north side a company has been formed with a set of executive officers and board directors. These are composed of some most prominent and responsible people of the north side. C. O. Boyce is president; W. B. Summers, vice president; A. B. Lucas, secretary; Earl S. Young, treasurer; L. W. Bebout, Mrs. J. C. Knott, Mrs. A. M. Shaffer and Mrs. C. D. Schmidgall, directors.

It is the purpose of the fair board to offer cash premiums for horse, cattle, horses, sheep, swine and poultry, as well as the best grains, grasses, fruits, vegetables, needlework, schoolwork and such other products and arts coming out of the north side.

The most valuable asset of a store is its good will. This is acquired, little by little, through useful service. Good advertising, through which the reader is informed—to her profit—is the greatest builder of good-will.
