BOSTON WRITHES IN GRIP OF LAWLESSNESS

AUSTRIANS PUT SIGNATURES TO PEACE TREATY

Absence of Evidence of Hostility Marks Occasion as Dr. Karl Renner Accepts Terms of Allies

DELEGATES OF RUMANIA AND JUGO-SLAVIA WAIT

China Signs Austrian Pact after Refusing to Accede to Versailles Agreement to Become Member of League

ST. GERMAIN, Sept. 10. (By The Associated Press.)—Dr. Karl Renner, head of the Austrian delegation to the peace conference, signed the treaty of peace between the allied and associated powers and the Austrian republic at 10:15 o'clock this morning.

PARIS, (AP)—The delegates of Rumania and Jugo-Slavia did not sign the Austrian treaty today because they are awaiting instructions from their governments, says the Havas agency. The supreme council, it adds, has given them until Saturday to make known their definite intention.

ST. GERMAIN, (AP)—President Clemenceau of the peace conference, Dr. Karl Renner, head of the Austrian peace delegation, the weather man and all the peace conference delegates were in the best humor for the signing of the treaty with Austria here this morning. The twelve-mile auto ride from Paris through the bright calm, warm autumn morning put all participating into a good mood for the simple ceremony, which was carried out without formalities, and which seemed much like a neighborhood gathering.

No Hostility Evincied
There was no hostility of any kind evincied when Dr. Renner smilingly entered the small Stone Age hall. He nodded politely as he took his seat at the end of the U-shaped table about which the delegates were gathered. There was no harshness in the voice of M. Clemenceau as he announced in a few words the purpose of the meeting.

WOOD DECLARES FOR SMALL ARMY

Takes Flat Issue with War Department Recommendations for Military Force

WASHINGTON, (AP)—Major General Leonard Wood took flat issue with the war department recommendation for the army today before the senate military committee, contending that there was no present justification for maintaining a regular army of more than 300,000 officers and men and that as against the 500,000 limit proposed in the war department's bill.

REVOLUTIONISTS NEAR CAPITAL OF HONDURAS

President Bertrand Turns Over Powers to Cabinet and Quits Country

WASHINGTON, (AP)—La Ceiba, on the north coast of Honduras, has been captured by the revolutionists opposing President Bertrand who has fled the presidential powers in the hands of a cabinet. The rebels are reported within a few miles also of Tegucigalpa, the Honduran capital and there is fighting in the city.

The principal ports on the north coast, La Ceiba, Tela and Omoa, and probably Puerto Cortez, have fallen into the hands of the rebels, resistance having been formed. American at La Ceiba have appealed for protection and the U. S. S. Cleveland has been ordered to that port to see that Americans have protection of lives and property.

SIX MILL WORKERS STRIKE

BRANTON, Pa., (AP)—Fifteen thousand silk mill workers in this vicinity are on strike.

SENATE RECEIVES TREATY OF PEACE

German Agreement with Covenant for League of Nations Formally Reported by Foreign Relations Committee with Forty-Five Amendments and Four Reservations Accompanied by Explanatory Report of Majority

WASHINGTON, (AP)—Characterized as an alliance and not a league which "will brood war instead of securing peace" the German peace treaty including the covenant for a league of nations was formally reported to the senate today by the foreign relations committee with 45 amendments and four reservations.

Chairman Lodge announced that next Monday he would ask the senate to take up the treaty, adding: "I shall not ask the senate to take up the treaty until disposed of."

McCumber Not Included

Accompanying the treaty was the majority report of the foreign relations committee subscribed to by Senator McCumber, of North Dakota, explaining the amendments and reservations, all of which it was declared were "governed by a single purpose and that is to guard American rights and sovereignty, the invasion of which would stimulate breaches of faith, encourage conflicts and generate wars."

Reservations Proposed

1. Unconditional right to withdraw from the league.
2. Declaration by the United States to accept any legal or moral obligations of the much discussed article ten or to accept any mandatory from the league "except by action of the congress of the United States."

Absolute Reservation of the Monroe Doctrine

The principal amendments are proposed to provide: 1. Equating the treaty with the United States with Great Britain in the assembly of the league.

Relief of China Instead of Japan

Giving to China instead of Japan the right of veto in the league.

Relief of the United States from

having representatives on commissions dealing matters in which it has no concern.

Others Concern Phrased

To Preserve Independence
Three amendments and reservations, the majority report says, are submitted "to preserve American independence and American sovereignty and thereby best serve the welfare of mankind."

Fears that other nations may not accept an amended covenant

The report dismissed with the statement: "That is one thing that certainly will not happen."

Deals With Criticism

At the outset the majority report deals at length with criticisms of delay and points out that whereas the peace conference took six months to agree on the treaty, the senate for

WILSON WOULD PRESENT ISSUE WAR OR PEACE

President Says Tranquility Can Be Preserved Only by Concert of Nations Proposed in Covenant

SPEAKER IS CHEERED AS ADDRESS IS ENDED

Tells Audience America is More Menaced by Staying Out of League than Reversing Processes of History

BIRMINGHAM, N. D., (AP)—President Wilson took a Birmingham audience today the issue involved in his speech-making tour for the treaty was "a question of war or peace."

There was only one way in which peace could be maintained, he said, and that was by such a concert of nations as was proposed in the league of nations. Should the movement for world concert fail, the president said, the heart of mankind would be overwhelmed by a "despair" which would result in chaos.

World Wants Verdict

"Men in despair don't construe governments," said he, "they destroy governments. We must not let us qualify our acceptance in any way, then the world will say there can be no peace."

World Wants Verdict

"If the world were in disorder, asked the president, who would buy the wheat of the United States?"

World Wants Verdict

Completing the first week of his tour, the president spoke in the Birmingham auditorium. It was the smallest hall in which he has yet spoken, seating about 1,500. It was filled, he said, with the "best of the world."

World Wants Verdict

Mr. and Mrs. Wilson were cheered as they entered the auditorium. He was introduced by Governor Levan J. Frank.

World Wants Verdict

All the processes of international economic rehabilitation, the president said, waited on a complete peace basis, because the world was waiting for the great coal fields of Europe were not being worked to capacity and the whole industry of the world was "shaking."

World Wants Verdict

"While we debate, I went on, 'all the world is raging today. Why does America hesitate?'"

World Wants Verdict

He declared there was no danger of America staying out of the league eventually than of reversing all the other processes of her history.

World Wants Verdict

President Wilson was cheered when he concluded his address. The president was escorted to the Northern Pacific station and the Wilson special left for Billings, Mont., shortly after 1 p. m.

STATE TROOPS DISPATCHED TO NEW ENGLAND CAPITAL

ABANDONED TO ANARCHISM

Strike of Police Force Unleashes Tendencies to Robbery and Violent Assaults; Situation Becomes More Serious as Inadequacy of Makeshift Arrangements to Preserve Order Becomes Obvious to Criminally Inclined

BOSTON, (AP)—A strike of firemen is threatened, President Daniel Looney of the firemen's union said today that the firemen believed the police union should exist and "what labor demands of us we will deliver."

SYMPATHETIC STRIKE OF FIREMEN THREATENS TO COMPLICATE CHAOS

Governor Coolidge early this afternoon called out the Fourth brigade of the state guard, made up of the Eleventh, Twelfth and Fifteenth regiments and the machine gun company of the Fourteenth regiment. The troops were ordered to report to Mayor Peters forthwith.

Mayor Takes Control

Governor Coolidge at noon said he had conferred with the mayor of Boston and had forwarded request for additional state troops. Orders were prepared immediately to call out the Tenth and Twelfth regiments of the state guard infantry, located in Middlesex county. The Fifteenth, which is located in Essex county also was ordered to prepare for service.

Mayor Takes Control

Mayor Peters announced at noon today that he had taken over control of the police department from Commissioner Curtis a state appointee, and had called upon state guard organizations to assist in maintaining order.

Lawlessness was rampant in Boston today

Without adequate police protection, private citizens were left to their own resources to protect their lives and property.

Seriousness Increases

Since the police strike at 5:30 o'clock yesterday afternoon there has been a steady increase in the number of people with the situation that last night approached anarchy and today appeared to grow more serious as the independence of the makeshift arrangements of citizens in their own protection became obvious to the continually inclined.

Last night the city was virtually abandoned to the hoodlums and rioting

The police strike, which it had been expected would go on duty when the police quit, was not called off until this morning.

At Mercy of Mob

The banks and larger mercantile institutions were protected by their own guards but the small retailer was in the mercy of mobs which included in their number all elements from the police to the most desperate criminals. Store windows to a number estimated at 300 were smashed in and goods by the amount carried away. Police Superintendent Crowley placed the damage done during the night at \$300,000.

Superintendent Crowley said this morning that his emergency force made up of a few faithful policemen and volunteers numbered only 200

This was less than one-half the number of the regular police force. Downtown Boston presented a sad picture of lawlessness. The streets were a mass of lawlessness and the streets were not brilliantly illuminated.

Attacks on women throughout the night were frequent and atrocious

In numerous parts of the city there were villainous assaults. The villainous element suffered the most, but according to reports no woman was safe in the little frequented districts or where the streets were not brilliantly illuminated.

Two women were pursued by a mob and found refuge in the city hospital. With a boldness almost unbelievable the mob attempted to force its way into the institution and was only stopped by a handful of officers who had arrived a moment before with a mob who had been seen.

In South Boston conditions and looting started early and continued through the night

Windows in whole blocks of stores were broken and their contents scattered. The mob could not get near the windows were able to buy rare bargains in wearing apparel and cheap jewelry from others who were overstocked.

EVERY AMERICAN SOLDIER LISTED AMONG CASUALTIES ACCOUNTED FOR

WASHINGTON, (AP)—Every American soldier who became a "casualty" in the war against Germany at last has been accounted for.

A list of 4,412,000 and unaccounted for which at one time was as high as 2,500,000, gradually was reduced until for weeks it remained at two. It is now presumed there is no doubt the two million are dead and they have been so listed officially.

Of the total first reported missing, 25 per cent died; 16 per cent were found; 25 per cent were captured; 34 per cent were lost from their organizations in the confusion of battle but subsequently rejoined them. The remainder were found scattered through various hospitals.

CAMPAIGN TO ANSWER WILSON IS UNDER WAY

Senator Johnson Fires Opening Gun in Chicago Directing Address to Statements made by President

CHICAGO, (AP)—Three republican senators began here today their campaign in answer to President Wilson's speaking tour in behalf of the unratified ratification of the peace treaty and league of nations.

Following the meeting tonight at the auditorium where Senator Medill McCormick, of Illinois, will preside and Senator Hiram W. Johnson, of California and Senator Wm. E. Borah of Idaho, will be the speakers, the senators will start on the trail of the president.

Johnson Opens Campaign

The first speech of the campaign was made by Senator Johnson this noon before the Hamilton club.

Senator Johnson directed his address from the start against statements made by the president, saying that "his report to this follow country in concealing those affairs of the world which now need to be settled."

"Intemperance and harsh criticism," he said, "is the only remedy for the present state of affairs."

Johnson Opens Campaign

"The indecorable facts make the issue with Mr. Wilson," Senator Johnson declared. "When he says that the league of nations is the only conceivable arrangement which will prevent our sending our men abroad again very soon, and that because of it the boys in khaki will not be ordered into foreign lands, the day's events, the

STEEF WORKERS DEMAND STRIKE

Declare Wilson's Efforts to Convene Conference are Unavailing

WASHINGTON, (AP)—Twenty-four international unions in the steel industry announced today that by unanimous vote it has been decided to go on strike September 22 "having exhausted every honorable and possible means of securing a conference with the United States steel corporation for the purpose of discussing the intolerable and brutal conditions under which the men are compelled to work."

In announcing the action the executive council of the union declared that efforts of President Wilson to obtain a conference between the steel corporation and the union had been unavailing. Meanwhile, it was said, "the most un-American outrages and unlawful tactics were employed to destroy our union."

WORLD NEWS EVENTS

GLASGOW, (AP)—By an overwhelming vote the trades union congress at today's session adopted a resolution favoring the nationalization of the coal mines. The motion, presented by Robert Smillie, the miners' leader, was carried by a vote of 4,478,000 against 77,000.

BERLIN, (AP)—The national conference of independent socialists opened here Tuesday with delegates present from all parts of Germany. Secrecy marked the proceedings during the day, this being due, according to the Tagblatt, to the fact that "an air clearing thunderstorm is likely to break within the party."

BUDAPEST, (AP)—The Friedrich government apparently remains in power, Franz Heinrich having abandoned his attempt to form a coalition ministry and announced his inability to carry out the proposed program. The Rumanians have so thoroughly denuded the country of what nothing is left for fall planting. It is understood that the situation has been laid before the supreme council at Paris for action.

MEXICO CITY, (AP)—An energetic protest against American air planes crossing the frontier into Mexican territory has been addressed to the United States state department by the Mexican government, according to a declaration made last night by Salvador Diago Fernandez, in charge of the foreign affairs department. He said that the acts protested against had taken place in Sonora, Chihuahua, Coahuila and Lower California.

MINE WORKERS WAITING ON COMMITTEE REPORTS

CLEVELAND, O., (AP)—Delegates to the United Mine Workers convention today faced a session of minor importance owing to the general unavailability of committees to report and to delays in the shipment of printed reports from headquarters at Indianapolis. The credentials committee was not yet ready with recommendations on the contracts before it and nothing else of importance is reported for seating delegates whose credentials were uncompleted.

PACIFIC ELECTRIC SHOPS BURN

LOS ANGELES, CAL., (AP)—Fire destroyed early today the Pacific Electric company's shops and caused a loss estimated at \$150,000. The cause of the fire is unknown. It was discovered by a watchman in a lavatory.

WILL USE ORGANIZATION FORCE TO STOP STRIKE

BRANTON, (AP)—Word came today from John L. Lewis, acting president of the United Mine Workers of America, in session at Cleveland, that if the strike of 20,000 miners of the Lackawanna and Hudson companies is not stopped early and he will send the full force of the organization here to convince the strikers of their error in violating agreements and the laws of the union.

ALLEGED THIEF ARMY DESERTER

Wilson, Alias Budd, County Prisoner, Confesses He Is

A. O. L. from Ft. Sill

H. H. Wilson, alias Frank Johnson, now in the sheriff's custody on charge of burglarizing a store and post office at Filer, will probably not be tried by the criminal authorities here. Filer are in the making for delivering Wilson into the custody of federal officers for a disposition of the prisoner on charge of military importance.

Wilson was recently arrested in the country some distance from Twin Falls in the company of Earl Johnson. Both the men are widely reported to be ex-federal authorities in connection with the Filer breaking. Johnson is said to have made a frank statement of his connection with the affair, a statement which if found to be true, will probably exonerate him of an actual part in the crime, but not as an accomplice. Each will be in court at 10 o'clock tomorrow morning for hearing.

H. H. Wilson has confessed to being a deserter from the United States army, being absent without leave from the 2nd Sill, Oklahoma camp. He is said to have confessed desertion to Sheriff A. N. Sprague, confirmation of the confession being received from the provost marshal at Fort Sill, after the news about had wired details to him. It is expected a federal officer is now on the way to take charge of Wilson. The name Budd was given when Wilson was arrested for the Filer burglar.

GERMANS QUIT LITHUANIA

BERLIN, (AP)—German troops have completely evacuated Lithuania southward of the Memel river, according to a telegram received here.

PARSHING LEADS FIRST DIVISION WAR SPECTACLE

War of American Army Pours Through New York Streets in Surging, Swinging, Rhythmic Stream

THEY'S LARGEST CROWD TURNS OUT FOR PAGEANT

Appearance of Commander in Signal for Volleys of Ear Splitting Cheers Beginning of Ovation

NEW YORK, (AP)—With Pershing at the head and with the cross of war waving on their storied banners the 1st Division of regulars marched down 7th Avenue today. The colors of 20 regiments of infantry were (win) with the fourragere of France, symbols of gallantry, and the breasts of hundreds of marchers were the gay ribbons betokening medals bestowed for valor.

Crowning Military Spectacle

It was the crowning military spectacle of the war for New York. At the head of the American march, behind the stalwart doughboys, their bayonets gleaming, cumbered field artillery of every type and back of the line came the divisional trains. In a surging, swinging, rhythmic stream they poured down the avenue more than 5,000 men, full panoplied for battle the flower of the American army, the peers of any soldiers in the world. At the head of the five mile line, the commander of all the soldiers, under the Stars and Stripes. Behind him a guard of honor swung "Pershing's own", the composite regiment of foot infantrymen who had followed him through the fiercest checked groves of foreign capitals.

Record Crowd Assembled

Enormous crowds have packed Fifth Avenue in days gone by, but never in the city's history had such a multitude gathered for any pageant. The broad avenue was heaped from the far end of Central Park to Washington Square with dense masses of humanity. Thousands stood where there were room only for a few. Myriad waiters for hours under leaders when they knew they had no hope of seeing the procession. Every window and every roof along the way was packed with spectators. Thousands of thousands stood at the eastern edge of Central Park and at least 100,000 sat in the city's grand stands and those erected by speculators. The cheapest seats were at the front of them were sold hours before the starting bugle sounded.

With the gathering of the great host, almost before daybreak, the scene was set for the most thrilling and picturesque review the city ever witnessed.

Commands Army of Heroes

For General Pershing it was the culmination of a long series of scenes of adulation. He was the commanding figure in an army of heroes. As the stern visaged warrior, sitting on his horse like a centaur, calm, confident and self contained, fit successor to Grant, Sherman and Sheridan, every inch a soldier and a leader, rode through the arch which spans the avenue at 110th street, there arose a cheer which volleyed to the house-tops to be echoed by the tree-lined fringe of Central Park. It was the beginning of an ovation such as few Americans have had. Human throats could voice no louder welcome. It was typically American and it came from hearts pulsing high with patriotism and thanksgiving.

Proud of Young Veterans
Proud of the gallant young veterans who marched behind him, the commander rode slowly down the avenue before hero-worshipping millions. The brave, bronzed veterans were worthy of all the pride their chief could feel. Their regimental flags had never known defeat and under their 5,000 fell on the field of Soissons and almost as many more on the Meuse and in the Argonne. Grim, heart rending roll of casualties is longer than the roster of the division.

Few of Blind Are Beggars in England

LONDON, (AP)—Of the 30,000 blind persons in England and Wales, only 85 are beggars, according to the Advisory Committee of the Welfare of the Blind. The committee recommends that \$2,500 a week be given to all blind persons who are employed and earning up to \$1.25 a week.

Aiators Forced to Travel Higher During Services

SANTA MONICA, Cal. (AP)—Complaints that disturb divine worship here by flying so low over churches that the whirr of the planes interferes with the preaching and singing has resulted in the city commissioners issuing a request to airmen that they travel in high altitudes from 11 a. m. to 1 p. m. Sundays.

JAPAN SEEKING FAVOR OF THE UNITED STATES

Diplomatic Concentration on Relations with America Indicated

TOKIO, (AP)—It is expected that Masano Hanihara, Japanese consul general at San Francisco will be promoted to succeed Vice Foreign Minister Kijuro Shidehara, whose appointment as ambassador to the United States may be officially announced soon. In the Japanese press the opinion is expressed that the designation of M. Hanihara as ambassador and the promotion of M. Hanihara, who was trained in America, indicates Japanese diplomatic concentration on relations with America as an object of attention. The belief is growing that America will assume a more prominent role in the affairs of Asia and that there is a necessity for promoting friendly relations with that country.

Hence it is pointed out, it is natural to expect the appointment of men qualified to handle questions growing out of the new relationship. Both C. Shidehara and M. Hanihara are young, capable and resourceful diplomats.

ACTS ON SENSITIVE NERVES

Scientific Explanation as to Why Blow on Jaw Is Calculated to Cause "Knockout"

The knockout blow is scientifically explained as follows: When the lower jaw is struck on its point, especially with an unexpected blow, the portion of the eye inside is driven forcibly up into the genoid cavity of the skull, above and behind which is situated the delicate labyrinth of the inner ear.

The jawbone strikes hard upon the thin plate of bone that supports these sensitive organs and gives a shock to the semi-circular canals that is instantly transmitted by them to the bulb, producing dizziness, nausea and momentary paralysis.

This explains why a sideways blow to the jaw is more effective than one that comes directly from the point of the jaw. For a shock of a sideways blow is received in one genoid cavity, that on the side opposite the one on which it is struck, while the shock of a blow in the center is divided between the cavities on the two sides.

Suffered Unnecessarily.

Some one has told this very interesting story of a ship that was becalmed. The drinking water that they had on board was exhausted, and the sailors were nearly dying of thirst. Just as they were about to give up all hope a sail was sighted in the distance. The men, taking a new lease on life, signaled their distress, but to their horror, instead of veering from its course to bring them aid, it answered with these words: "Close your hatches, where you are." A freighter of wealth seized the thirty men and they carried the captain of the ship who, they supposed, had renounced all the traditions of the sea, as well as the instincts of humanity, in telling them to drink the salt water.

Store advertising serves the people who buy. It is not interesting of itself, to those who rarely buy anything. It is not merely interesting but vital to the buyers for the homes. For it is a guide and a service to them.

ALL BOW TO MY LORD TIGER

Natives of the East Most Willingly Accord Him Royal Rank—Is Sacred From Attack.

Of all the animals deified in the East none is regarded with more awe than my lord tiger. Especially throughout Siam and Indo-China, the tiger is king. Shirines are built and sacrifices made to him; he is as sacred from the attack of the natives as is the white elephant of Siam.

If there are fewer tigers in this part of the East today, it is due largely to the efforts of western sportsmen who, occasionally can persuade, bribe, or threaten a few natives to aid them in a hunt. Any such lack of respect on the part of the natives is, however, looked upon frowningly by their neighbors who seem to fear that the tiger will forget the exact individual who attacked him and remember only the community.

Native reverence goes so far as to allow a tiger to fast unstarved about a village night after night, attacking and sometimes killing those so unfortunate as to cross his path. In the day the sacred beast retires to his mountain domain, where he stays entirely hidden until nightfall. It is obvious that the royal tiger ruler, either by his own aspirings or by himself, and his supremacy is helped along by the attitude of the natives. To the tiger are attributed all manner of supernatural powers. It is held that he always knows and tracks down those who offend him; he can even jump himself into a human being, the better to seek out his enemies.

FIRST OF MODERN PUGILISTS

Jack Broughton, Englishman, Nearly Two Hundred Years Ago, Formulated Rules to Govern Sport.

Jack Broughton, the father of pugilism, fought his first fight on July 9, 1725. He was engaged to fight a much younger and much more powerful and much more cunning fighter with other lads, but at that time he knew nothing of boxing, which was just being introduced by James Figg. While attending a fair Broughton was attracted by a boxing booth kept by Figg and was much interested in the four tactics used by a big man in boxing a much smaller one. He remonstrated with the big brawler and an altercation ensued which had reached the stage of flat-cuffs when Figg interfered and invited the two men to the stage to settle their differences. Young Broughton, after ten desperate rounds, completely triumphed over his older, bigger and more experienced opponent. That was Broughton's introduction to the ring. After Figg's death he became champion and by formulating a code of regulations to govern the game he became entitled rank as the founder of modern pugilism.

Origin of the "Foolscap."

The fact that the British government, on economy bent, has discontinued the use of foolscap paper for official correspondence, has called forth a mild discussion as to the origin of the name. Most authorities are agreed that it is due to the watermark, fool's cap, with which this size of paper was adorned, but when it comes to the question of who first introduced it authorities differ. Some say it comes from Germany and point to the fact that German paper, bearing a foolscap watermark, and dating from 1470, was exhibited in 1877. Others credit the claims of Sir John Spielman, who had paper mills at Dartford toward the close of the sixteenth century. And yet others lay it all to an order made by the rump parliament which enjoined that the royal arms in the watermark be removed from the official paper of the house, and "a fool's cap and bells be substituted."

FIGHTING MEN OF FOUR WARS JOIN IN PARADE

Grand Army of the Republic in Columbus Encampment Stages Pageant

COLUMBUS, O., (AP)—Mighty warriors of four American wars today joined in the victory parade of the Grand Army of the Republic, which is holding its national encampment here. G. A. R. officials said it was the biggest parade of Civil War veterans in the past decade.

In the line of marchers were several Mexican war veterans, riding in automobiles. Hundreds of Civil War veterans also rode in machines, but thousands of them marched proudly behind their flags and rifle and drum corps. Heroes of the Spanish-American and European wars, glad of the opportunity of doing homage to the fast dwindling ranks of Civil War fighters, paraded behind the battle flags they carried on the fields of Europe.

The marching veterans were reviewed by Clarence E. Adams of Omaha, commander in chief of the Grand Army, by past national commanders and by Governor Cox. George A. Hossly, of Boston, chief of staff of the G. A. R. led the parade with Former Brigadier General John C. Speaks, of Columbus.

COST OF MEAT PRINCIPLE BASIS TAKES HEAVY DROP

Low Mark for Hog Prices Raises Hopes of High Costs Buffers

CHICAGO, (AP)—The principal basis of the cost of meat was shown today to have been reduced more than \$1.00 a hundredweight in the last fortnight.

Thousands of live hogs at the Chicago stock yards went unslaughtered this morning, some as low as \$14.25, whereas August 28 the advent of hog prices under \$10 was hailed as promising notable relief to sufferers from high cost of living. Even before today's decline, the drop in hog values of late was declared to be the sharpest since 1907.

Industrial uncertainties and falling off in export business in provisions were mentioned today as among the reasons for the continued breaks in the hog market. Growers were said to be anxious to dispose of all surplus hogs owing to the threatened strike of stockyards and packing house employees. On the other hand, packers were hampered by the recent abnormal weakness of foreign exchange.

At the board of trade today, both grain and provisions showed a down ward tendency as a result of the arrival of the \$14 hog.

SET THEIR MINDS AT EASE

Cases Are Numerous Where Wrongs, After Many Years, Make Restitution to Show Regret.

The sting of conscience is not always dulled by the lapse of time. There is no more bitter penalty than to spend one's life with an accusing conscience, no more unpleasant memory than of a wrong done. That is particularly true where it is in the power of the individual to repair the wrong, to show by restitution that regret is real.

Conscience money is frequently received by individuals and corporations. There may be times when payments come from individuals who are mentally afflicted, but by many cases where payments could be traced back they were made to ease an accusing conscience, to right a wrong of years ago.

There are other individuals who do not use mystery, but who come out in the open and pay debts long since outlawed, many times forgotten. There are stories of these related payments frequently printed, the last one coming from North Dakota, where a man paid a debt nearly thirty years old. He not only paid the debt, but he paid interest to date and cleaned the transaction up as a man ought to do.—Ohio State Journal.

Exactly.

Youngly—1910 you ever notice that the nutritional process is like making a call? You go to adore, you ring the bell and you give your name to the maid.

Synonym—Yes, and then you're taken to—Philadelphia North American.

If the kaiser (that was) should be kidnapped and your newspaper should give you the news in two lines of space you would feel that there had been a failure of service to you. You would demand the details, the whole story. And when a store has big news to tell and fails to tell it adequately or fully you have a right to feel that poor service has been rendered too.

A BARGAIN!

We have, for a short time, exclusive sale of one of the best farms on the Twin Falls Tract, consisting of 125 1-2 acres, located in the Twin Falls School District, all fenced, good house and out-buildings, deep well. No waste land, waters extra well, is in every way an ideal farm. Priced right. Come and see us for terms and particulars.

FORMER RULERS OF GERMANY ARE THEFT VICTIMS

Authorities Proceed Slowly in Search for Valuables Fetched from Castles During the Revolutions and Riots

BERLIN, (Correspondence of The Associated Press.)—Thefts from the castles of former Emperor William and the Crown Prince Frederick, not only during the revolution but during the January and March riots of the Spartacists and Communists, are still engaging the attention of the police. Slowly the authorities have been able to trace some of the valuables that were fetched by the sailors who occupied the ex-emperor's palace and that of his son for a time, but an immense amount has been taken from Berlin by underground methods and may never be recovered.

Professor Finds Paintings

One of the most important "finds" can be laid to a Hamburg professor. A marine had stolen two Cranach portraits from the imperial castle, failed to get rid of them in Berlin and finally sold them to a questionable dealer in Hamburg. The dealer approached the professor, who recognized the canvases, gave a check but stopped payment, and notified the finance ministry. The paintings were thereupon confiscated.

Among Artists Stolen

From the palace of Wilhelm I there have been stolen figures in bronze and ivory, a pastel of the emperor, a letter containing a list of names, and a five-pointed star.

JAPS FULL OF SUPERSTITION

Have More Foolish Beliefs, According to Traveler, Than Any Other People on the Earth.

"When I was a very young man I was filled with superstitious ideas," said a "globe trotter." "They were thoroughly dispelled from my mind, however, after a visit to Japan. In that country there is a superstition surrounding practically everything. The Japanese housewife, for instance, will never sweep out a room immediately after anyone has left it, for fear of driving away the luck. At a Japanese marriage it is not considered wise for either the bride or bridegroom to wear purple. It is held that purple is a color likely to fade and that the marriage will not be of long duration. Perhaps the strangest ideas are those which prevail with regard to finger nails.

"The Japanese believe that the cutting of finger nails before starting on a journey will bring misfortune to the traveler when he reaches his destination. The howling of a dog always causes considerable perturbation, for it signifies death. It is a serious matter for a woman to step over an eggshell. It is the belief of the country that if she does so she will go mad. There is a great fear of ghosts in Japan and many of the natives keep lights burning throughout the night in the belief that the flames will drive them away. One of the superstitions is put to practical use. Japanese children are told that if they tell a lie an imp will pull out their tongues."

CITY IN BEAUTIFUL SETTING

First Sight of Constantinople Cannot Fail to Impress Even the Most Satiated Globe Trotter.

However many descriptions of Constantinople may have been read or heard previously, the actual sight of it must certainly come to every one with a feeling almost of astonishment at the beauty of the place.

Grand Circuit Races

SYRACUSE, N. Y., (AP)—Walter Cox, king of New England horsemen, achieved the ambition of his career at the Syracuse grand circuit meeting yesterday when he piloted McGregor the Great, fleet son of Peter the Great and Ruth McGregor, to a straight heat victory in the classic Empire state \$10,000 stake for 2 1/2 mile class trot. Cox not only won the event but established a new record in the first heat which McGregor straggled in 2:03 1-4.

KEYSOE WINS DERBY

DONCASTER, ENGL., (AP)—The Earl of Derby's Keysoe won the St. Leger stakes of £500 sovereignty run here today. Dominion was second and Major Waldorf Astor's Buchan third.

LARRY'S LARUE

OAKLAND, (AP)—William (Bill) Larue of San Francisco, conqueror of Willie McLean, was knocked out in the second round of a scheduled four round bout by Carl Morris of Oklahoma here yesterday. The men are heavyweights.

A PROUD RECORD

DEL CASTLE, Calif., (AP)—J. F. Neville of the Claremont Country Club won the amateur golf championship of California yesterday, defeating Dr. O. H. Walter of the Sequoia club, 5 and 4 to play, in the final round of 36 holes. This is the third time Neville has won the state championship.

When Lawyers Strike.

Lawyers, as well as policemen, have been known to strike. Some years ago the bartenders practicing in Sierra Nevada were so dissatisfied with the management acting as a substitute for Willie McLean, who was knocked out in the second round of a scheduled four round bout by Carl Morris of Oklahoma here yesterday. The men are heavyweights.

GOOD SAMARITAN' OF EUROPE

Switzerland Surely Has Earned Right to That Title From War-Stricken Nations Surrounding Her.

Since the battle of Morgarten in 1315 Switzerland has blazed the trail toward human freedom as the "Good Samaritan" of war-stricken Europe, says Frederick Dossbach in American Review of Reviews.

The Helvetian republic was born at the end of the thirteenth century, through a desire for emancipation from autocratic despotism, when she scrupulously heaped the divine right of kings. The very pact (known as the "Vow of Grütli") which the ancient federates swore in an that quiet spot, the Grütli, on the classic lake of Lucerne, on the first day of August, 1291, embodied the great principle of "the right of those who submit to authority to have a voice in their own governments."

Here the old Swiss proclaimed self-government against the autocratic rule of the Hapsburgs.

Since those early struggles Switzerland fought fiercely and unflinchingly to maintain her liberty and independence until following the Napoleonic wars. At the congress of Paris in 1816 the European powers—France, Great Britain, Russia, Portugal, Prussia and Austria—formally and authoritatively acknowledged that the perpetual "neutrality and inviolability of Switzerland and its independence from all foreign influence are in the best interests of the policy of the whole of Europe."

IN DESTROYER'S FIRE ROOM

Not an Inviting Lounging Place but a Most Necessary Part of the Warship.

Descend a manhole in the deck. The cover is closed and secured behind you. A door gasketed with rubber and locked with toggles faces you at the foot of the ladder. As it opens, comes a pressure on your ear-drums like the air-lock of a caisson. It is the forced draft. You thread your way amid pumps and feed-water heaters and descend still further to the furnace level.

Twenty-five knots—twenty-eight land miles an hour is good going. You think of dust, of heat, the clatter of shells of gray, twenty firemen. Instead, a water-tender stands calmly watching the glow of oil jets feeding the furnace fire. Now and then he casts an eye to the gauge glasser. His two firemen give a turn to the fuel cock—a shot of oil to a pump. The vibration of the hull and the hum of the blower are the only sounds. Fresh, cool air sweeps through in a steady stream.

You have purchased a bundle from the service's burden of coaling ship—but you pay in oil. You smell oil in the smoke from the funnels, you breathe it from the funnels in the air. Your clothes gather it from stanchions and rails. The destroyer is not built whose bulkheads will stand oil-tight in the weaving hull, and the water tanks are flavored with the seepage from neighboring fuel compartments. You drink petroleum in the water and taste it in the soup. The curry in the lamb "kittis" it, but the tea reeks of Mexican crude. The butter, absorbing the vapors, tastes like some queer vaseline. At first your stomach revolts. You starve yourself for a trifle, grow used to it and come back with renewed appetite.

The wind draws ahead. A short sea is running with a tremendous ground swell. Fourteen knots would be easier, but 25—drifting ahead into a cruel work for a long, lean hull; no depth; an beam; fine lines a jack-knife. The convoy is heaving cruelly to fit, still filling her hawse-pipes. You are submerging, taking spray in sheets clean over the stacks.—Leslie's.

SEES NATIONAL DISRUPTION IN LEAGUE CHART

Senator Wadsworth Points to Alien Hearings as Example of What Treaty Operation Would Do

BALEM, N. Y., (AP)—If the treaty, with its accompanying list of nations, is ratified in its present form it will "do more to un-Americanize the people of the United States than any other force," United States Senator James W. Wadsworth, Jr., declared here today.

The New York senator declared official Washington already has a "taste of the possible effect of ratification."

"Some of the adopted sons of the treaty," he said, "act as if the treaty were now in force and a great many of them have appeared before the alien relations committee of the senate demanding to be heard on one thing or another affecting their countries. It is some time before the senate can be a United States citizen. Not that they are not as sympathizers of their respective countries."

It is such events as the foreign "Mrs. Washington" affair, already in the United States, that are the most serious in European troubles.

SCIENTIFIC HISTORY OF WAR IS SCIENTISTS A

Annual Meeting of British Association Expected to Develop Many Interesting Facts

BOUENMOUTH, ENGL., (AP)—The scientific history of the war is expected to be one of the developments of the annual meeting of the British Association for the Advancement of Science here this week.

Among the lectures will be on the war, poets and a good many other things which bring the prophecy that it will be the most popular as well as the most scientific meeting the association has ever held.

Engineers, chemists, physicians, geographers and even such unexpected ones as archaeologists are to discuss the first time what wonders British forces wrought in France and the how they caught up with the Germans and passed him in optics, photography, telegraphy and chemistry of the war and how they are turning their discoveries and inventions into agents for peaceful reconstruction will be the principal part of the week's relations.

COTTON PRODUCERS TO HOLD GROP FOR PEU

NEW ORLEANS, (AP)—Cotton producers from ten southern states a meeting here Tuesday decided to organize a buying corporation in every county and parish in the belt as the object of buying every bale of cotton, then holding the staple at the minimum price, to be recommissioned by a committee of growers, was forced.

COUPLE WATER LINE BY TOMORROW NIGHT

Canal Company Will Complete Work Through Canal on Thursday

Canal company construction forces will complete the coupling of the city's water main system through the low line canal with the filtration plant tomorrow. Water will be diverted to this main system in about a week, according to Superintendent J. J. Piggem of the city waterworks.

Coupling of the two ends of the system requires the installation of a 30-foot 24-inch main pipe through the bed of the canal. This pipe, which is of galvanized iron, is imbedded in concrete, and it will require about seven days' time for the proper setting of the concrete before it will be safe to put full pressure of water through the pipe. Water service from the filtration plant will probably be given immediately after the first test of the new pipe.

PROSECUTION ASKS SUIT'S DISMISSAL

Action Against Ryan and Allen of Buhl is Not Pushed by the State

In a Buhl justice court yesterday evening the state's action against George Ryan and C. E. Allen was dismissed on motion of the prosecuting attorney, Frank L. Stephan. The defendants were accused of disturbing the peace by making threats.

Ryan and Allen were arrested last Saturday by Deputy Sheriff G. P. Huffman of Twin Falls, after certain threatening printed messages had been put into general circulation in Buhl. The circulars are signed by Ryan and Allen as committee men, and bear a message directed against Mexican laborers and contractors employing this class of foreign labor in public work of Buhl. Ryan and Allen were arraigned Saturday evening, entered not guilty pleas and were ordered held in cash bonds of \$250 each.

High School News

That the scope of the high school is not limited is shown by the large number of classes assembling daily in the building. The English classes number 25, the trigonometry classes 19, those of the commercial department 20, while there are 16 groups studying science, 14 studying mathematics, and 11 history. There are also five musical organizations. Practically all of these classes are of more than average size, due to the heavy enrollment this semester.

HOG CHOLERA INFECTS TEN BLACKFOOT FARMS

Animal Industry Official is Informed of Bad Situation in Reservation Herds

Ten Blackfoot reservation farms are subject to quarantine against hog cholera. Immediate steps are to be initiated to eradicate the malady.

This report is made by Dr. W. A. Sullivan, head of the local branch of the department of animal industry, with cholera eradication as its aim. Dr. Sullivan spent yesterday in conference with Dr. C. L. Henderson, of Idaho Falls, who came to Twin Falls for a discussion of the Blackfoot reservation. All contaminated places are to be thoroughly cleaned out and disinfectant immediately. Dr. Henderson has returned to the quarantine district to inaugurate preventive and eradication measures.

Dr. Sullivan reports there have been no cases of hog infection in the Twin Falls country during the past six months, and, outside of the Blackfoot district, little exists in the state.

STATE OFFICIAL LEAVES

D. P. Olson, state highway commissioner, who has been in the Twin Falls for a couple of days in the interest of the Twin Falls highway district, left today for his headquarters in Boise. Col. Olson attended yesterday's meeting of the district commissioners.

TEASDALE-OSTRUM WEDDING THURSDAY

Well Known Twin Falls Young Woman to Marry Attorney of Buhl

Tomorrow Miss Nellie Adellie Teasdale of Twin Falls, will become the bride of Arthur W. Ostrum of Buhl. A marriage license was issued to the couple by County Clerk C. C. Higgins this morning.

The bride-to-be is chief clerk in the county juvenile department and is one of the most popular young women of the city. Mr. Ostrum is an attorney-at-law practicing at Buhl, and is well and favorably known here. The couple will reside in Buhl.

FILER

FILER—Mr. and Mrs. Robert Patton returned Saturday from a week spent in Salt Lake City.

Miss Ruth Mead of Twin Falls spent last week with Misses Vera and Doris Tiekner.

A son was born to Mr. and Mrs. John Otto on Friday, August 29.

A son arrived at the N. E. Pavy home Monday.

H. R. Walter returned Wednesday from a visit with friends and relatives at his old home in Kansas.

A baby girl is reported at the Claude Brown home.

Mr. and Mrs. Earl Murray and son Karl arrived home Saturday from a week's trip to Ogden, the trip overlaid taking their daughters Lillian and Lucille to Ogden where they will attend school. Miss Thelma Shear went with them.

A. N. Holmes is at home after a several weeks visit with relatives in Iowa.

Miss Gladys Noggle is attending high school in Twin Falls.

Ed Noh returned the middle of the week from a visit in Nebraska.

Little Virginia Snyder, who has been dangerously ill, is recovering nicely.

The Rev. C. E. Deal has been returned to the pastorate of the M. E. Church by action of the conference.

The Rev. Mr. Deal and daughter, Miss Trina left Tuesday for Michigan, where he will spend a short time visiting friends and relatives, and Miss Trina will spend the winter in the great studying music.

D. J. Kane, father of Mrs. W. A. Shear and Mrs. O. A. Marshall, has come from Laredo, Mont., and will make his home here.

Mrs. Nath Roberts is seriously ill at her home.

Chicago Livestock
CHICAGO, (AP)—Hogs, receipts 17,000; slow; \$1 lower than yesterday's average. Heavy \$16 to \$18; light \$17.50 to \$18.50; heavy packing sows, smooth \$14.75 to \$15.25; packing sows rough, 14.25 to \$14.75; pigs \$16.50 to \$18.25.

Cattle—Receipts, 12,000; slow. Beef steers, medium and heavy weight, choice and prime 13.45 to \$13.85; common \$8.75 to \$11.25; heifers \$6.25 to \$13.50; cows \$6.25 to \$13.50; canners and cutters \$5.50 to \$6.25; veal calves, \$18.70 to \$21.25; feeder steers \$7.25 to \$12.50; stocker steers \$8 to \$10; western range, beef steers \$8.25 to 15.50; cows and heifers \$6.50 to \$12.50.

Sheep—Receipts, 32,000; unsettled. Lambs, \$11, the down \$11 to \$16.25; culls and common \$5.50 to \$13.75; yearling wethers \$10.75 to \$12.50; ewes, medium, good and choice \$7.25 to \$8.75; culls and common \$2.25 to \$4.75.

Grain and Provisions

CHICAGO, (AP)—Fresh weakness developed in the corn market today, largely as a result of the fact that hog prices had undergone sharp new breaks. Bearish sentiment was emphasized too by rains and moderate temperatures. Selling, however, was not aggressive. Opening prices, which ranged from 76 to decline to 1-2¢ advance, with September \$1.62 to \$1.62 1-4 and December \$1.28 1-2 to \$1.28 3-4, were followed by a decided gain.

On the decline, commission houses turned to the buying side, and brought about a rally. Some purchasers took the ground that bearish conditions had been more than discounted for the time being. The close, however, was weak, 3-4 to 2¢ net lower, with September \$1.39 3-4 to 1.00 and December \$1.28 to 1.28 1-4.

Oats were easier in sympathy with corn. After opening 1-3 to 3-4¢ off, including December 72 1-8 to 73, the market rallied a little, and then sagged again.

Provisions promptly reflected the down turns in the value of hogs and grain. Most of the trading was in lard.

Rallies took place later, but were not well maintained.

Cash Quotations

CHICAGO, (AP)—Corn No. 2 white \$1.63 to 1.63 1-2; No. 2 yellow \$1.64 to 1.65.

Rye No. 2 \$1.44 1-2.

Barley \$1.25 to 1.41.

Timothy \$8.50 to 11.

Clover nominal.

Pork nominal.

Lard \$56.10.

Ribs nominal.

Potatoes

CHICAGO, (AP)—Potatoes, steady arrivals 34 cars. Minnesota early Ohio, sacked and bulk, field run, carlots \$3 to \$3.20 cwt; Minnesota Blue Tripp, field run, sacked, carlots \$2.50 cwt; Minnesota mixed red and white varieties, field run, sacked, carlots \$2.80 to \$3.00 cwt; Wisconsin Blue Cobblers, sacked, carlots \$3.20 cwt; Idaho Burals, sacked No. 1, carlots \$3.10 to \$3.60 cwt; Maine Cobblers, 25 to 31c.

Chicago Produce

CHICAGO, (AP)—Butter lower; receipts 10,255 cases. First 43 1-2 to 44 1-2; ordinary firsts 38 to 39c; standard cases included 38 to 43c; storage butter firsts 45 to 46c. Poultry higher, alive, springs 28 1-2; fowls 26 to 31c.

CAMPAIGN TO ANSWER WILSON UNDER WAY

(Continued from page one)

present conditions, answer and confusion. At the very time he was making these statements American boys were upon the Rhine, condemned to remain there for fifteen years in the future, by virtue of his action. As he uttered his words seven thousand American sons were being ordered by the Paris conference (the real league of nations now) to embark from this country to Siberia to patrol coal mines and police that territory.

"As the president made his boast of no khaki-clad boys across the ocean, the American youths were being ordered to Siberia, in a war not declared by American people, or the American congress, but directed in secrecy at Paris. The instrument for which he pleads, unless vitally amended, ties us until 1921, in the internal affairs of Germany and in all Europe.

"The facts make the issue with Mr. Wilson, and the issue is, shall American boys be brought home, shall America be American again, or shall American boys at the behest of Mr. Wilson and his colleagues, acting in secrecy, be sent to their death in Europe and in Asia. The issue is, shall the republic still be the master of its destiny, or shall that destiny be entrusted to foreign nations.

Wilson Alone Justifies

"Although every other member of the peace conference, and every American expert there, approves and denounces the Shantung decision, not only as morally wrong, but as infamous, Mr. Wilson at St. Louis saw fit to justify it.

"The president's accusations against the senate are as absurd and unfounded as his repeated utterances that the high cost of living is in part due to failure to immediately ratify the treaty.

"Armenia is not dealt with by the present German treaty. It is not even mentioned in that treaty, it is a part of the Turkish treaty, which has not been executed. This Turkish treaty, in which the president is a party, although we were not at war with Turkey, he has, in writing, refused to give to the American people or the United States senate. We have no information whatever concerning it.

One Treaty Not Reported.

"When this treaty is withheld from us, when no one knows what it is except himself, when he declines to report it to the American people, or the United States senate and keeps its terms locked in his own breast, what does he mean by his statement that the high cost of living is in part due to failure to immediately ratify the treaty.

Deaths

Death of Mr. Minnie Peters, 38, of Kimberly, was recorded at a local hospital yesterday afternoon. Burial services will be conducted at 2 o'clock tomorrow at Peterson in the DeWitt chapel. Interment in Twin Falls cemetery. Decedent is survived by the husband and five children. Death resulted from typhoid fever. The family resides on a farm three miles southeast of Kimberly.

TO COMMIT CHILDREN

In the county court this morning Judge O. P. Duall signed an order of temporary commitment of four Goshute children to the care of the state children's home finding and aid society at Boise. The youngsters are the children abandoned by A. J. Goshute, their mother, upon being in a hospital. They are: Arkk, aged 11; Lavin, aged 6; Fred, aged 3; Ann, aged 18 months.

A new poem by Kipling does not advertise itself. The really popular success a writer reading than a store there are the writers of advertising— for they appeal to the daily needs of people.

GREATEST OF ALL POWERS

Wealth, Ancestry, Genius, and Knowledge All Fail Before the Wonderful Magic of Beauty.

The magic of beauty is more potent than was that of Simon Magus or of Paracelsus. Beauty is a different thing from ornament, which is but the dress of beauty. It is a gift for which no artificial attractions can ever be a substitute. It is a power greater than birth, wealth, knowledge or genius.

People may be proud of their birth, but after all we are not our ancestors. The rich man may transmit his wealth by his offspring, but it may be all wasted in a single generation. Knowledge may be a satisfaction to its possessor, but it has not been said that "the more a man gaineth of knowledge the more he gaineth of sorrow."

Beauty, on the contrary, is a key which opens all doors. It shines on the world like the sun, and its influence is universal. In Emerson's words, it is "his own excuse for being." To be beautiful is to be worshipped, idolized, caressed, and adored. The plain, good people may protest against the injustice of a world which prefers beauty to virtue. But the fact remains—Rochester Post Express.

Local Brevities

The Blue Lakes Boulevard club will meet with Mrs. J. Long on Friday afternoon, September 12.

Nurse Returns—Miss Cora Greenlow has returned from a 10 days stay at Shoshone where she was called as a special hospital nurse.

Attending Conference—George F. Sprague left for Boise last evening where he will attend the Episcopal convocation for this diocese.

Licensed to Wed—A marriage license has been issued to Bonnie Moore, aged 26, and Pauline Alworth, 21. Both are residents of this city.

Coeur d'Alene Man Calls—Captain P. A. Jetter of Coeur d'Alene who is now connected with the state highway department, spent a day or two in Twin Falls this week. He left for Burley where he will attend the Masonic Grand Lodge session.

Woman Help Needed—The demand for household help in Twin Falls has increased to such an extent that the girls at the county fair bureau employment service. While most women are wanted for city household work, some are required in farm homes.

Seeking Drill Master—The University of Utah still has some vacancies in its military drill instructor corps. The information is contained in letters received at local headquarters of the army recruiting department. The pay and allowances for this service are about the same as in the recruiting service, with good living conditions and pleasant work.

To Wagon on Coast—Mr. and Mrs. D. P. Neer left Tuesday for Long Beach, Cal., where they will spend the winter. They were accompanied by their daughter, Mrs. W. H. Johnson, and Miss Beattie Morris, of Ogden, who has been visiting Mrs. Washburn. The Washburns will go to Whittier, Cal., where Mr. Washburn's parents reside. They expect to make their home there.

Salt Lake Wants Recruiters—The local army recruiting office has word of a need for non-commissioned officers and other army officers in the Salt Lake district. Applicants must have some clerical experience, and some of them must be experienced in the handling of motorcycles and automobiles. The pay is \$113 per month with clothing, dental and medical attention free.

Goes to Meet Brother—Mrs. Zenas Smith and little daughter, Virginia, leave tomorrow for Rocky Ford, Col., where she will meet her brother, Neil Smith, who is returning from Boston where he has been engaged in the service of the U. S. during the term of the war, assisting in the distribution of bonds, together they will visit at the home of their aunt, Mrs. G. H. Badger. Mrs. Smith will attend the biennial convention of supreme chapter P. E. O. at Denver, Col., before she returns.

To Remove Paint Strains—To remove paint from cloth, says Popular Mechanics Magazine, lay a pad of blotting paper on the side of the material on which the paint fell, and rub the other side gently with a soft piece of flannel dipped in chloroform or benzol, both of which are paint solvents. As the paint dissolves it naturally passes into the most absorbent material in contact with it—which is blotting paper—not into the adjacent cloth. Deep stains can be completely removed by this method.

Social Notes

The King's Daughters met at the home of Miss Edna Munson Monday evening. A business meeting was held and five new members were added. They are the Misses Eleanor Munson, Annabel McManator, Maurine Shiff, Dorothy Frost and Florence Smith. At the close the evening dainty refreshments were served.

The C. O. D. club will give its second dinner at the U. S. Perrine Monday evening at Cottillon hall.

F. H. Homer was host at an informal dinner at the U. S. Perrine Monday evening. The guests were Mesdames and Messrs. George Hyalok, C. L. Longley, Mrs. Emma Warren and Mrs. Cleone D. Marshall of Waterloo, Iowa.

Honoring Miss Harriet (Kobs of Milwaukee, Wis., Miss Pearl Hinger of Lincoln, Neb.) entertained at dinner at the Hotel Perrine last evening. Gardenias in a basket with a bow of pink tulle formed the centerpiece for the table. Those present beside the guest of honor were the Misses Leola Eckert, Edna Graham and Eleanor Washburn.

Chapter D, P. E. O. met at the home of Mrs. Zenas Smith last evening with Mrs. Smith and Mrs. W. E. Nixon, hostesses. A business meeting was held with discussions on the work to be done for the coming year, after which an enjoyable article was read of the life of John Wood Dodge, who was the leading miniature painter of his time and father of Miss Kate Dodge, and grandfather of John and Zenas Smith and Mrs. W. E. Nixon. Those present beside the guest of honor were the Misses Leola Eckert, Edna Graham and Eleanor Washburn. The next meeting will be held September 23 at the home of Mrs. Morgan O. Hens with Mrs. Hoop and Mrs. B. C. King as hostesses.

NOTICE TO CONTRACTORS

The Board of Trustees of Independent School District No. 1 of Twin Falls, Idaho, will prior to eight o'clock p. m. of Monday, Sept. 22, 1919, the time fixed for the opening of the same, receive at their office in the High School Building, sealed bids for the general construction of an intermediate school building, in connection with the present high school building. Bids must be made strictly in accordance with the plans, specifications and instructions to bidders, prepared by Burton E. Moose and Chas. R. Kaufman, architects, First National Bank Building, Twin Falls, copies of which may be obtained from the architects by making a deposit of \$25.00 to insure the same.

Each bid must be accompanied by a certified check in the amount of two per cent (2%) of the amount of the bid, made payable to W. E. Nixon, treasurer, and is to be forfeited by the successful bidder on failure to enter into a contract within the stipulated time. The Board reserves the right to accept any or reject all proposals submitted.

Dated Twin Falls, Idaho, Sept. 8th, 1919.

By order of the Board of Trustees of Independent School District No. 1, of Twin Falls, Idaho.

D. F. CLARK, President. Attest: GEO. E. BRYANT, Clerk.

STREET FIXING AGAIN DELAYED

Paving Expert Says Equipment Cannot Be Brought in Early—Submits Figures

The best efforts of Twin Falls aldermanic force to get paving repairs made this year have come to naught, if a letter from the Warren construction people can be considered an authority.

The Warren people, through M. W. Woodward, district superintendent for Idaho, answering an invitation issued by the city for bids to make paving repairs in the city district, explained that it is just now impossible to get equipment into this city for this work for some time, which is taken to mean that the work could not be entered upon this season.

The letter was submitted in the form of a tentative bid for the work, but at a price that the selection considered out of the bounds of reason. Mr. Woodward, in his preamble which explains the proposal and the requirements the company would insist upon to bring an outfit into Twin Falls for the repair contract, says his company does not make repairs when equipment becomes available.

The entire letter is published herewith for the enlightenment of the people of Twin Falls who have manifested a keen interest in the work under consideration.

"Pocentia, Idaho, Sept. 6, 1919.

"Hon. Mayor and City Council, Twin Falls, Idaho.

"Gentlemen: In the matter of making repairs to the existing bitulithic pavement in your city, for which you are asking for proposals on the eighth of September we beg to advise that we would be willing to enter into a contract to make these repairs when equipment becomes available for same and for the following prices and conditions:

"First—The tearing out of any existing pavement and the preparing of the sub-grade ready to receive the pavement repairs to be done on a cost plus 15 per cent basis.

"Second—That there will be a minimum \$3000 square yards to be repaired, and that no cut or opening shall contain less than one square yard.

"Third—Our price for the first square yard in each cut or opening will be \$5, and for each additional square yard or fraction thereof in each cut or opening, will be \$3.50.

"Fourth—The pavement repairs will consist of either a crushed rock or bituminous foundation where necessary, and standard type of bitulithic wearing surface having a minimum thickness of two inches after compression. The mineral aggregate of the bitulithic wearing surface to be either crushed rock or gravel depending upon which is more easily obtainable at the time of actually making these repairs. This will also apply to the foundation wherever necessary.

"Fifth—All work or tearing out the old pavement and the shaping of the streets to receive the pavement repairs,

LET US PUT YOUR FORD CAR IN FIRST CLASS SHAPE EMPIRE AUTO SHOP ED. GEORGE & CHAS. WILLIAMS FORD SPECIALISTS Phone 769 136 3rd Ave. So.

as well as relaying the pavement, to be done by our company.

"At this time it is impossible to guarantee to you any definite time when these repairs can be made, as all of the available equipment for this class of work is busy, and we are just as soon as the equipment becomes available for the purpose."

The Winning Team Helps.

Denn Harold Butler of the University of Kansas says it is remarkable how many people judge the university by the way its athletic teams win games. It is strange, but it has been true a long time, and probably always will be. For that reason, it seldom hurts a university to have a winning team.—Kansas City Star.

ASIANIC STUDENTS NOT TO BE CLASSED AS LABORERS

WASHINGTON, (AP)—Asians who are students are not to be classed as laborers, even if they work as laborers to advance themselves in their studies, according to a decision by Secretary Wilson, laying down the principle to be followed by the department of labor in the cases of persons who are both students and workers. On the other hand laborers using the term students are inadmissible.

Rheumachol FOR RHEUMATISM Pick Up Thy Bed and Walk. Be well, strong and active once more. Climb in the hills with the gusto of perfect bodily vigor. You may be bed-ridden now—but hundreds of follow-rheumatics have regained full health, strength and activity by taking RHEUMACHOL. "I have used two bottles of RHEUMACHOL and feel greatly improved. I had Mrs. Amy Young get two bottles for a friend, the most pitiful case I ever saw. Since taking RHEUMACHOL, however, this woman has moved her fingers, put her arms above her head, and straightened her knees," writes Mrs. Emma Beemer, Grand Junction, Colorado. RHEUMACHOL, an internal remedy, taken in small doses three times daily, quickly effects these wonderful improvements, because it removes the cause of rheumatism. It is made in Idaho Springs, Colorado, where natural hot healing waters have relieved hundreds of sufferers. RHEUMACHOL contains these healing waters blended with certain medicinal properties discovered by H. E. Stachel, master pharmaceutical chemist, who guarantees every bottle. You can quickly rid yourself of gout, lumbago, sciatica and all forms of rheumatism by getting RHEUMACHOL from your druggist at \$1.00 a bottle. On Sale In Twin Falls at MAJESTIC PHARMACY The RHEUMACHOL LABORATORIES CO. IDAHO SPRINGS, COLORADO

THE application of ink on paper does not make printing, although the product resulting from this sort of operation is frequently marketed under that name. Printing is of two kinds—NEWS PRINTING and just printing. We don't want you to take the word of anyone for this—ask the man who uses NEWS printing, or, better still, try some of it yourself, at our expense if you do not like what we give you. We use only the best of inks and the better recognized brands of paper. Added to these, we offer the skill and experience of capable workmen and the newest and most modern type faces. Our work must be satisfactory to our customers or it is not satisfactory to us. We never disappoint. The Twin Falls News Job-Printing Department

Bedouin Resist Civilization.

The Bedouin tribes of North Africa are perhaps as impervious to the influence of modern civilization as any people in the world. Since the French took control of North Africa these wild tribes have been supplied with military discipline and gunmanship, but they have unshaken their own tribal organizations and almost complete independence, so far as their actual lives are concerned. They follow the traditions of their fathers and their dwellings, their furnishings (which are few and far between) and their clothing date back to the days of the Bible.

NOTICE TO CONTRACTORS

Notice is hereby given that the Mayor and Council of the City of Twin Falls, Idaho, will receive and consider sealed bids and proposals on the 22nd day of September, 1919, at the hour of 8 o'clock p. m., of said day, at the Council Chambers in the office of the City Clerk of said City in the Water Works Building, at the corner of Second Avenue North and Second Street North in said City, and copies of said plans and specifications from said engineer upon the deposit of one dollar which shall be returned upon the return of said plans and specifications.

The data as to the exact location of the said work and the plans and specifications of said conduit can be ascertained from the City Engineer of the said City of Twin Falls, at his office in the Water Works Building at the corner of Second Avenue North and Second Street North in the said City. Copies of the plans and specifications of said conduit can be obtained from said engineer by application therefor and the deposit of the sum of ten dollars which sum will be returned upon the return of the said plans and specifications.

The person, firm or corporation securing the contract for the doing said work and furnishing the said material, to be required to execute the performance of the terms and conditions of the said contract by him or it to be performed at once upon entering into said contract, and must pursue the performance of the terms and conditions of said contract by him or it to be performed with dispatch and diligence until completion.

Each bid and proposal must be accompanied by a certified check of some reliable bank, payable to the City of Twin Falls, or order, in an amount equal to ten per cent of the amount bid. In the event that the successful bidder does not enter into a contract with the City of Twin Falls for the performance of the said work and the furnishing of the said material the said check will be retained by the City and the said bidder shall forfeit the amount of the bid.

The person, firm or corporation obtaining the contract for constructing the said conduit will be required to furnish the City with a good and sufficient bond in some reliable surety company in an amount equal to sixty per cent of the amount of the contract price, conditioned for the faithful performance of all the terms and conditions of the contract by him or it to be performed, and conditioned further for the faithful performance of the terms and provisions of the statutes of the State of Idaho, in such case made and provided.

Payments upon the said contract will be made as follows: 90 per cent of the City Engineer's estimate of the amount

earned under said contract during each calendar month will be paid on the first Tuesday after the first Monday of the following month on each month the 10 per cent earned during each month will be returned until the completion of the contract and the accepting of the work by the City Engineer. Said conduit will be by the City Engineer. Said conduit will be by the City Engineer. Said conduit will be by the City Engineer.

The Council reserves the right to reject any or all bids. E. J. OSTRANDER, Acting Mayor.

Attest: W. A. MINNICK, City Clerk.

NOTICE TO CONTRACTORS

Notice is hereby given that the Mayor and Council of the City of Twin Falls, Idaho, will receive and consider sealed bids and proposals on the 29th day of September, 1919, at the hour of 8 o'clock p. m., of said day, at the Council Chambers, in the office of the City Clerk of said City in the Water Works Building, at the corner of Second Avenue North and Second Street North in said City, for doing the work and furnishing the material to improve certain streets and avenues and parts of certain streets and avenues in the City of Twin Falls, Idaho, by grading, paving, curbing and surface drainage, and the work of widening, paving and parts of streets and avenues, so to be improved, are specifically described and set forth in Ordinances No. 250 and 251, and 252, which Ordinances respectively describe and set forth the boundaries and limits of Local Improvement Districts No. 34, 35 and 37 of the said City of Twin Falls, Idaho.

Plans and specifications of said improvement and the data as to the material out of which the same are to be constructed can be obtained and ascertained from the City Engineer of the said City of Twin Falls, at his office in the Water Works Building at the corner of Second Avenue North and Second Street North in said City, and copies of said plans and specifications from said engineer upon the deposit of one dollar which shall be returned upon the return of said plans and specifications.

The data as to the exact location of the said work and the plans and specifications of said conduit can be ascertained from the City Engineer of the said City of Twin Falls, at his office in the Water Works Building at the corner of Second Avenue North and Second Street North in the said City. The Council reserves the right to reject any and all bids. E. J. OSTRANDER, Acting Mayor.

Attest: W. A. MINNICK, City Clerk.

NOTICE OF ADMINISTRATOR'S SALE OF REAL ESTATE AT PRIVATE SALE

In the Probate Court of Twin Falls County, State of Idaho.

In the Matter of the Estate of David Jans Stubbsfield, deceased.

Notice is hereby given that in pursuance of an order of the Probate Court of the County of Twin Falls, State of Idaho, made on the 2nd day of September, 1919, in the matter of the estate of the above named deceased, the undersigned, the administrator of the estate of said deceased, will sell at private sale, in one parcel, to the highest bidder, upon the terms and conditions hereinafter mentioned, and subject to confirmation by said Probate Court, on or after Friday, the 10th day of September, 1919, all the right, title, interest, and estate of the said deceased, at the time of her death, in and to the real property hereinafter described, and all the right, title, and interest that said estate has, by operation of law, or otherwise, acquired, other than in addition to that of said deceased, at the time of her death, of, in and to that certain lot, piece, or parcel of land, situate, lying, and being in the county of Twin Falls, State of Idaho, and more particularly described as follows, to-wit: Lot Eleven (11), Block One Hundred and Thirteen (113), Twin Falls Township, City of Twin Falls, County of Twin Falls, State of Idaho, as shown by the last amended plat of said township, on file in the office of the recorder of said county and state.

Terms and conditions of sale: Cash, in gold coin of the United States of America, ten (10) per cent, of the purchase money to be paid at the time of sale; balance on confirmation of sale. Deeds and abstract at the expense of the purchaser. The purchaser to assume the payment of all taxes on the property purchased by him subject to all the state and county taxes, and all assessments of whatever name or nature, which are now or may hereafter become chargeable to or lien against the property purchased by him. The purchaser also to assume the payment of and to agree to pay a certain real estate mortgage covering said lot, piece, or parcel of land, to-wit: principal sum due of about \$700.00, and interest thereon for a portion of a year.

All bids or offers must be in writing, and may be left at the office of A. B. HICKS, attorney for said administrator, at his office in the I. D. Bldg., Twin Falls, Idaho, or may be delivered to said administrator personally, in the town of Filer, in said county and state, or may be left in the office of the clerk of this court, at any time after the first publication of this notice and before the making of the sale.

Dated September 2, 1919.

W. A. MOORE, Administrator of the Estate of David Jans Stubbsfield, deceased.

A. B. HICKS, Attorney for Administrator.

ALBERTA LANDS

530,000 Dry and Irrigable Acres

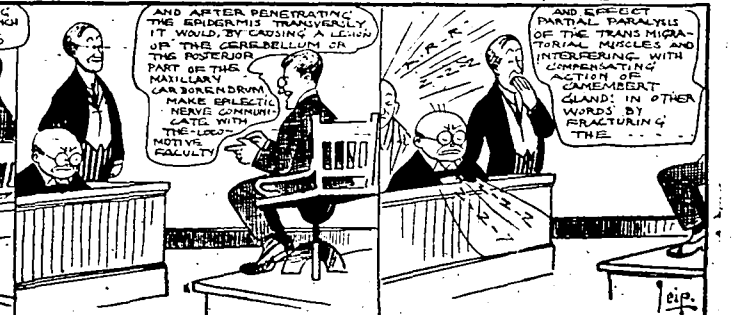

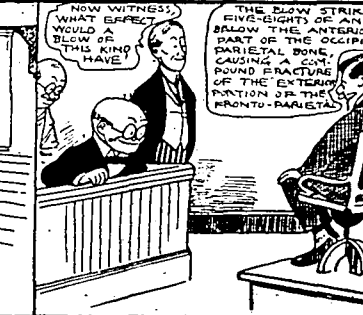

Lands are located in Southern Alberta and are among the best in that famous district, 200,000 acres will be under irrigation. The balance is being sold for grain growing. The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point.

Dry lands are being sold at \$15 to \$30 per acre--irrigable lands \$40 to \$60 per acre, which includes water right--operation and maintenance charge \$1.50 per irrigable acre per year--easy payments and low interest. Alfalfa, grain, field peas, potatoes and root crops can be successfully grown.

Write direct to the company for full particulars and pamphlets.

DOINGS OF THE VAN LOONS

POTATO YIELD IS FALLING OFF

Idaho and Other Western States Show Crop Decline Over Last Year

The Idaho potato average this year is 8 per cent greater than in 1918, but the crop is nearly 20 per cent below that of last year.

This information is contained in a crop statement sent out by the U. S. department of agriculture and is based upon a weekly survey of potato crop conditions throughout the entire growing districts of the country.

The statement indicates that Idaho has a commercial average of potatoes probably 8 per cent greater than last year. The yield per acre in Idaho last season was about 240 bushels and the condition at this time was about 100 per cent. Condition this year, however, is but 71 per cent, indicating a yield considerably less than in 1918.

In Colorado same conditions obtain in Colorado, while in Washington there still is a slight increase over the crop of last year. In Oregon the average is 12 per cent less, with the crop showing the results of drought. There is said to be a slight increase in the Nevada potato crop which will be about 100,000 bushels short of last year's yield. The yield in Wyoming will be 24 per cent of normal, an increase of 67 per cent over 1918.

The final potato crop estimates of last year showed a yield of 400,106,000 bushels. August estimates for this year indicate a yield not to exceed 357,120,000 bushels. The average yield since 1910 has been 365,740,000 bushels.

GREEK CRACKS CAR, PAYS DAMAGE DONE

Burley Restaurateur Violates Traffic Rules and Fines it Costly

By paying the damage done, George Ghivley, a Greek restaurateur of Burley, yesterday afternoon probably saved himself a heavy fine and costs of prosecuting the case besides loss incurred through detention incurred by apprehension for trial. As it was he had to pay \$38 to Albert Bennett.

Ghivley failed to observe the rules of the road while driving along Main street, according to officers and eye witnesses, and he crashed into the car driven by Mr. Bennett. An appraisal of the damage done resulted in a bill for the amount Ghivley subsequently paid.

It is stated that the Burley man attempted to elude capture after the accident, but was run down by a police officer in a motor car. At the police station he tried to fix the blame on the local man, but witnesses proved Ghivley to have been driving on the wrong side of the street. He offered to compromise by payment of \$38, the amount, but was given the option of arrest and confinement to await trial, or pay the actual amount of damage wrought. The latter alternative was accepted.

BUTTER MARKET HOLDING STEADY

State Department Bulletin Tells of Produce Conditions in the West

According to the Weekly Markets Bulletin, issued by the Idaho State agricultural department, the wholesale butter market throughout the west was fairly steady in the past week, with little noticeable change in prices. Finer grades are said to be scarce and in good demand, while undergrades were slow and weak.

The Bulletin tells of a price to the retailer of 54 cents for 62 score butter in San Francisco and Portland, a price to the retailer in all other markets of the west runs from 53 to 58 cents. Locally creamery butter is retelling at 70 cents.

The egg market remained fairly steady throughout the past week, the Bulletin says, with some inclination to firmness.

The Spokane market suffered a slight loss the latter part of last week with steady conditions throughout the week, and others quoted generally steady as follows:

Butte—Fresh ranch 50c dozen to retailers. Portland—Caudled ranch 47c a dozen to retailers. San Francisco—First 54 1/2c to retailers. Salt Lake—Fresh Fancy 50c dozen to retailers. Seattle—Fresh ranch, 60c to 62c dozen to retailers.

DROUTH REDUCES YIELDS

Lack of Moisture in Nebraska Cuts Corn Crop by 2,428,000 Bushels

LINCOLN, Neb., (AP)—Lack of moisture in southern Nebraska in August caused a reduction of 2,428,000 bushels in the state's prospective 1919 corn crop, it was estimated today in the September crop report of the United States bureau of crop estimates and the state bureau of markets and marketing.

Production of 172,402,000 bushels was forecast compared with the last month's estimate of 174,830,000 bushels. The coverage yield for 1914-1918 inclusive, was 190,383,000 bushels.

What Pewter is.

Pewter is an alloy of tin and usually antimony, copper and bismuth for the best qualities of pewter, and lead for the inferior kinds. The tin always preponderates, and the proportion is largest in the best pewter. One hundred parts of tin to eight of antimony, four of copper and one of bismuth are given as the proportions of good ware.

Art of Chinese Gardeners.

Chinese gardeners sometimes plant statues of tin men firmly in posts, just like real plants, and then train live evergreens to grow up over these statues. The vines thus form a kind of robe for the statue to wear, their white faces and hands protruding from the green leaves.

A Perfect Arm.

The proportions of the perfect arm in a woman of about 5 feet 5 inches are as follows: The circumference of the upper arm should be about 33 inches, that of the fore arm 9 inches and of the wrist 6 inches. The upper arm should be one-third shorter than the forearm.

DRIVERS' PAY NOT CHANGED

School Board Resists Demands of Wagon Contractors—Preserve Old Scale

On resolution, adopted by the school board of district No. 1 the school wagon driving contract, in force during 1918 is held in force during the entire school period of 1919. Drivers have been so officially informed through a general letter addressed to them by Superintendent Hal G. Blum, of the city schools.

This resolution follows upon the receipt of a demand for increased pay made by contract drivers, who at the last meeting of the city school board presented a demand for more money on a monthly basis. The letter in part follows:

"The school wagon driver's contract used heretofore in the Twin Falls schools will be used again for the school year beginning September 1, 1919. No change will be made in the contract. There will be no change in the flat rate or mileage rate in figuring the salaries of the school wagon drivers."

"The board desires to state that notices were posted in the papers applying for applications for school wagon drivers. These notices invited the old form of contracts and the rates for fixing salaries when they submitted applications. The decision of the board came after a committee representing the wagon drivers met and presented claims of the drivers."

"The contracts of the wagon drivers are in the superintendent's office ready to be signed. All contracts must be signed by Monday, September 15. Drivers who fail to sign contracts will be relieved of their wagons by the board. The board desires to announce that the public schools of Twin Falls will not under any circumstances close because of any matter referred to in this communication."

All drivers are at work today, and it is believed will continue at work under terms of last year's contract.

ANNOUNCEMENT

Miss Bissinotto has moved her Hemstitching Parlors to 133 1/2 East Main, Shoelair Rooms. Phone 219-W.

MARRIAGE LICENSE

A marriage license was issued this morning to Alvin G. Amick, aged 26, and Lillian Orehman, 20. The groom-to-be is a resident of Twin Falls, while the young lady is of Pocatello.

TO ERECT RESIDENCE

Home C. Mills this morning procured a permit for the building of a \$4000 frame dwelling on the south half of lot 4, block 1, Ashton addition. The structure will be frame.

Hemstitching—Singer Sewing Machine Co. The prompt, the best. Adv.

INTEREST LAGS; DROP TRAINING

Military Drill Department in High School Lost—Enrollment Too Small

Because interest in the military training class at the high school is of a very negligible character the school board has decided to drop training from the curriculum and dispense with the services of a drillmaster.

This action was taken Monday night at a regular meeting of the board when it was demonstrated that only 53 eligible students enrolled for the military drill, and five of these have already dropped out. The board will apply the \$900, set aside for employing a drillmaster, to other purposes.

To meet the requirements of steadily increasing enrollment of students in the city schools the board at last night's meeting authorized the erection of two more portable buildings on the Lincoln school grounds. These will be the same pattern as those erected on the same lot last year and will house 35 pupils each.

In addition to these added facilities orders have been issued to fit up another room in the outside building on the Hiekel school grounds. The building has four available rooms, three being now used for class purposes. The fourth will be renovated and repaired immediately. This, too, will house 35 pupils.

According to information from Superintendent Hal G. Blum, of the city schools, 78 new students enrolled in the academic departments yesterday. This brings the total enrollment to nearly 2500.

Fair and Warm is Prophecy of Weather Works

Warmer and fairer in the promise of the weather foreman for tonight and tomorrow.

Like the high-cost high-wage systems the weather man travels in a circle, and gets no place particularly. When you think you have acquired Utopia, where all things, in the perspective of fate, give promise of roscate happiness, with milk and honey flowing abundantly where man worketh not and he never tired, something else comes and takes all the joy out of life.

So it is today when man, after a few hours of basking in the lovely coolness of western zephyrs, hears tell of hot weather to come, with no promise of rain.

Yesterday's top mercury was 84, with 41 for low on the preceding night. No rain fell in this district in the past 24 hours.

MUST CLEAN UP PLAYERS' ROOM

Compartment at Ball Park Condemned by City Health Officers Who Act

Executive officers of the Twin Falls Baseball association, are to receive a call.

The call is to be made by executive officers of the city—these officers having connection with the municipal health department.

It is quite within the bounds of reason to expect this official visit will be made immediately, as a question of vital-importance to community health and welfare is to be considered at the meeting.

Attention of the health officers, having been called to the existence of an open and intolerable nuisance situation at the city ball park, and an investigation of this reported condition having been made the department has reached the conclusion that immediate and drastic effective steps must be taken to abate the nuisance. The department is expected to require that these steps be initiated without delay so that the health of persons attending next Sabbath's ball game at the local park will not be endangered.

IDAHOANS PAID TOP FOR LAMBS

Proctor & Hoover Get Highest Price on Chicago Market for Gem State Stock

According to dispatches from Chicago, Proctor and Hoover, of Idaho, last Monday disposed of 1,649 lambs, averaging 80 pounds each, at \$15.75, also 1,800 averaging 72 pounds at the same price, which is reported to be the top of the market.

S. H. Proctor is well known in Twin Falls, being a rancher and stockraiser of Kimberly. George Hoover, Mr. Proctor's partner in this big transaction, was at one time a resident ranch man of Twin Falls. He is now located at Hailay near where the firm grazes its big sheep band of several thousands.

The menace is in form of a badly contaminated room at the east end of the grandstand which all season, though not planned for that purpose, has been used as a latrine both by ball players and the public in general. Failure to observe even the least of rudimentary methods of sanitation have made the room vile and obnoxious beyond description, officials say, declaring also that the place must be thoroughly cleaned at once.

Hart's Shoe facts

Shoes--About the high prices ---you should know

The people of Belgium and France pay the equivalent of \$16.16 for the average shoe and \$25.00 is not an uncommon price for a pair of shoes in those countries.

The United States has to buy leather in competition with the countries of Europe where many wooden shoes are worn because of the scarcity of leather.

The price of cow hides has little to do with the price of shoes. Cow hides are used for bags, trunks, harness, and for similar purposes, and for sole leather. Only the heaviest shoes are made from this leather.

The uppers of men's shoes and women's good shoes are made most entirely from imported leathers. 98 per cent of the kid leathers and 60 per cent of calf skins are shipped in from abroad.

Due to the scarcity of leather and the great demand for shoes and to the decreased value of the dollar, goat leather that sold in 1914 for 18c a foot, and in 1918, last year, for 40c, sells today for \$1.75.

In India skins are sold while still on the live animal, because buyers want them so badly.

Shoes on the RETAILERS SHELVES TODAY will be and are being replaced by shoes made of leathers worth three and one-half and four times as much as the leathers put into them last spring.

Hart's Foot specialists

"What the public should do"

Buying the best shoe that can be afforded and then taking care of it after it is bought. The cheapest shoe is dear at any price, as is proved in the long walk. It is not the dealer's fault that the price of shoes is going up. He is not responsible for conditions any more than the man who sells flour is responsible for the higher price of wheat. The conditions are general and will reach the farthest points of the world. And the farther the point the more severe will be the effect.
