## Trades Union Congress at Glasgow Endorses Slashing Indictment of Churchill Declaration Regarding Delay

GLASGOW, (AP)—A slashing indictment of Winston Spencer Churchill, the secretary for war, for his declaration of yesterday regarding the delay in the evacuation of North Russia by British forces, was delivered by James Henry Thomas, labor member of parliament, at the resumption of the sessions of the trades union congress here today. Mr. Thomas moved a resolution demanding that the troops be withdrawn from Russia.

Secretary Churchill, said Mr. Thomas, had not answered the recent indictment by Lieut. Col. Sherwood Kelly, a volunteer officer in the North Russian relief force, that British troops were being thrown away in the Archangel region, but on the contrary the secretary had threatened to punish the colonel.

The congress enthusiastically adopted the Thomas resolution which besides demanding the immediate withdrawal of the troops from Russia demanded the repeal of the conscription act. It provided for the calling of a special congress for the taking of decided action if necessary should the demands not be satisfactorily met.

In a statement on the Russian situation, War Secretary Churchill declared the policy of occupation of North Russia was being and would be adhered to but that the occupation had been retarded owing to the necessity of bringing out many Russians who were in danger of their lives from Bolshevik vengeance, as well as women and children. He stated that British troops had been employed or that the British government had accepted any responsibility in operations against Petrograd.

## Bishop of Idaho Soon Be Chosen

### Episcopal Convention in Detroit October Will Select Prelate

BOISE, (Special)—At the Twelfth annual convention of the Idaho Episcopal church, which concluded its sessions Thursday, announcement was made that a successor to the late Bishop Buxton would be named at a convention to be held in Detroit in October.

Election of a bishop for Idaho will be made at a meeting of the Episcopal conference of bishops. At this conference also will be submitted plans for a memorial hospital, to be built in addition to St. Luke's of Boise, in memory of the late prelate.

## CARRANZA NOT CANDIDATE

### President of Mexico Will Not Seek Re-election, Cabrera Declares

MEXICO CITY, (AP)—Venustiano Carranza under no circumstances will seek reelection as president of Mexico and without fail will turn the presidency over to his successor upon completing his present term in November, 1920," Luis Cabrera, secretary of the treasury, announced Thursday.

## HENDERSON WINS ELECTION

### British Labor Leader Chosen in Lancaster for House of Commons

LONDON, (AP)—Arthur Henderson, the labor leader who was defeated for reelection to parliament at the election last winter, was elected to the house of commons at the by-election in Widnes, Lancaster. Mr. Henderson polled 11,404 votes against 10,417 for this opponent, F. H. Fisher the coalitionist candidate.

## MAY RESTORE RATIONING

### British Food Controller Plans Recourse to War Time Expediency

LONDON, (AP)—Plans for food rationing modeled after the plan in force during the war, have been announced by the food controller. Meat, sugar and butter are the commodities particularly considered. All persons must register with retailers. New ration cards are to be issued to take the place of those which went out of existence last April.

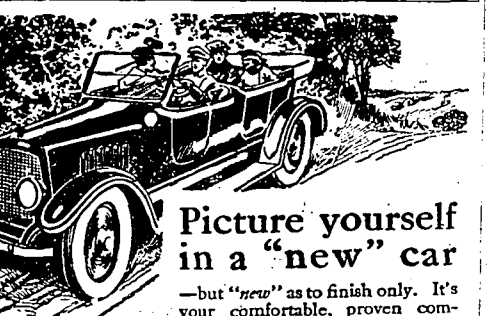

## AMERICA SETS WORLD EXAMPLE

### Treaty Between Canada and United States Good Guide Says Daniels

VICTORIA, B. C., (AP)—Declaring that Canada and the United States had set an example for world emulation through their "neighborliness" and the treaty which forbids fortifications between the countries, Secretary of the Navy Daniels, in a speech at the Canadian club here last night said he believed it proposed "the day, in the full fruition of the League of Nations," when other countries would feel safe security in international justice to abolish their powerful armies and discontinue the building of navies.

Secretary Daniels arrived here on the battleship New Mexico, accompanied by Admiral Hugh Rodman. They were conveyed by the Arkansas and a division of destroyers.

## BALLOON RACE PLANS MAKING

### Six Representatives of Different Cities Enter in Aerial Derby

ST. LOUIS, MO., (AP)—Ten balloons representing six cities will compete in the national balloon race to start from here October 1, according to announcement of Major A. B. Lambert, of the Missouri Aeronautical Society, who is directing the contest. Four of the entrants were formerly balloon instructors in the army.

The entry list follows: Captain Elmer G. Marshalet, St. Louis; Captain Carl W. Dammann, Wichita, Kan.; Frank S. Cole, St. Louis; John S. McElhin, St. Louis; G. L. Bumbough, Indianapolis; H. E. Honeywell, Kansas City, Mo.; Ralph Upson, Akron, O.; Warren Innes, Brookville, O.; William Assman, St. Louis; Paul M. McChilough, St. Louis.

Most of the contestants, according to Major Lambert, will fly newly constructed balloons built with a view to breaking all established long distance and endurance records.

Prizes of \$500 for the winner, and \$300 and \$200 for second and third places, respectively, have been offered by the Missouri Aeronautical Society.

## AMERICAN CONCERN TO EXTEND CREDITS TO POLKS

BASEL, (Havas)—An American company having a capital of \$100,000,000 is being organized in Poland to extend credits to Polish cities so they may meet their necessities, especially for the construction of canals, water plants and hospitals, according to the Voelische Zeitung of Berlin.

## CENSOR STILL ON THE JOB

### Barfies Efforts of French Publisher to Put One Sentence in Print

MONTAUBAN, FRANCE, (AP)—Censorship still exists in some respects in France. In commenting upon a law which it believed to be illegal, a local newspaper recently published an article beginning: "One need not obey unjust laws and decrees." The censor ran a blunt blue pencil through the sentence. For several days the paper attempted to put that sentence in print erasing it in turn to St. Thomas, Leo XIII, Minus, Solon, Lycurgus and Aristotle but the censor crossed it out every time.

## PLANS TO REMODEL ARMY

### Carranza Purposes Reorganization of Military Forces with Innovations

MEXICO, MEX., (AP)—Mexico City papers received here tell of President Carranza's plan for reorganizing the entire Constitutional army. The reorganized army will include ten generals of division, 63 generals of brigade and 200 brigadier generals, the two latter ranks being distinctive in the Mexican army. The other officers will include 4,223 superior officers and 10,000 minor officers.

## ITALIAN KING GIVES UP PROPERTY FOR SOLDIERS

### Announcement of Proposed Action of Victor Emmanuel Cited by Demonstration of Loyalty

ROME, (AP)—Premier Nitti Thursday introduced in the chamber of deputies a bill under which King Victor Emmanuel assigns all the crown properties for the benefit of the fighting men, and reduces the civil list by 3,000,000 lire. The announcement of this proposition of the king was greeted by a great demonstration of loyalty.

## HYGIENE ABSENT IN MONTENEGRO

### Strange Superstitions Concerning Diseases Flourish in Mountains

PARIS, (Correspondence of the Associated Press).—Inhabitants of the mountains of Montenegro live in ignorance of the most elementary rules of hygiene and the strangest superstitions concerning diseases still flourish among them, says a report of the mission of the American Red Cross which has just returned from that country.

The mountainier believed that physical ailments were carried on the wings of baneful breezes and that contagious diseases were distributed during dark nights by evil spirits. Thus they slept with their windows hermetically sealed and tuberculosis remained unquenched and tuberculosis remained unquenched. The peasants received the advice, suggestions and medicine of the American Red Cross without enthusiasm.

One aged man suffering from a chronic affection of the throat insisted that it was caused by his tongue being too small. He refused to make use of the antiseptic gargle supplied by the Red Cross until a doctor told him it would make his tongue grow. He was the most surprised Montenegrin in the world when after a few days he was cured.

You may rest assured of this: If a merchant uses a full page of space in which to tell store news which could have been told in a column, he fails either to serve or to profit. If he uses a column when he needed a page he makes an even greater blunder.

PRODUCTION  
**"For Better, For Worse"**  
An ARICRAFT Picture

Vanity, jealousy, love, hate—each of the fads, foibles and freaks of human nature have been painted by Cecil B. DeMille in productions like "Old Wives for New," "We Can't Have Everything" and "Don't Change Your Husband."

But never before has he shown you the feelings of a woman face to face with a man she loves but who is, in her eyes, a despicable coward. The heat of her anger at the man she loves, yet hates, shocks you. The punishment she metes out to him makes you say to yourself, "Serves him right." But the sublimity of his sacrificial makes you halt judgment for a moment and then—

By the queerest twist of fate love conquers and the woman sees through the man's eyes and—Come! It's too great a pleasure to miss.

"SALUTE THE UNIFORM"
It is not to be expected, even though American people generally were in accord with the views held and sounded by the senators who are following in the wake of Mr. Wilson's speaking tour in the interests of unqualified ratification of the peace treaty that the senators should commend enthusiasm already manifested in audiences addressed by the president of what his personal opinion may be on this or any other matter, or in fact, for that matter, of what may happen to occupy the position of the chief executive at this or any other time, stands for the most part, as the typification of the American government.

FUTURE GOOD THINGS OF LEAGUE ARE IMAGINARY

Evils of Proposed World Arrangement are Actual, Says Poindexter
DUNKIRK, N. Y., (AP)—The good things that the league of nations may do in the future are merely imaginary; the bad things that it is doing now are actual, said Senator Miles Poindexter, Republican, Washington state, in an address here Thursday.

Senator Poindexter warned the farmers to beware of tariff tinkering under the provision of the league of nations for the free transfer of commerce of the various members of the league and the "proposed surrender of our inalienable advantage of altruism and idealism."

Senator Poindexter favored a national political campaign on the issue of the league of nations before congress acts upon it.

MORMONS BUY CITY PROPERTY

L. D. S. Church Acquires Title to Nine Lots Fronting City Park—To Build Soon

City property upon which to erect church structures, has been purchased by the Mormon church in the previous week. The price paid was \$11,000. The lots, nine in number, front on Third avenue east and directly back of the First Methodist church, making a city park. Announcement of their purchase is made by George W. Hammond, bishop of the Twin Falls ward. That the L. D. S. church purposed to build some costly and substantial structures in Twin Falls was announced during the church conference recently held here, when the Twin Falls stake was organized. Twin Falls ward itself has some 900 members. The plans of the executives of the Mormon domination include the erection of a tabernacle to cost between \$60,000 and \$70,000. Plans are being drawn for this structure and will be completed by John Vizzer, Twin Falls architect. Work on this building will be started without delay. It is expected that the structure will be ready for service next spring. Plans for the erection of a Mormon school will be considered later, according to Bishop Hammond.

WILSON ADMITS ROBBING STORE

Army Deserter in Court Breaks Down and Confesses to Filner Burglary

In the probate court yesterday afternoon H. H. Wilson confessed to a part in the burglary of Filner post office and Bavelier Hardware store at that place during the last week. Wilson's confession was made voluntarily after being given a preliminary hearing. He has been bound over to the district court.

With Fred Olson, Wilson's arrest was effected soon after the Filner places were robbed. Both men gave fictitious names upon apprehension, but since confessed to the aliases and also to being deserters from Ft. Ell, Ok.

In his statement to the court yesterday Wilson said he stole a part of the money and gold from the store and placed a share of responsibility against his companion, Olson. The county authorities are undecided now whether to hold both men for trial or send them to federal authorities for military action.

MERCHANT REVEALS SOMETHING OF EASTERN TRADE CONDITIONS

W. R. Priebe Finds Anxiety Among Manufacturers on Account of Tendency to Decrease Production by Shortened Hours—High Wages Not Worrying—Vanity Causes Extravagance and Boosts Higher Costs

Demand for reduced hours of service rather than increasing demands for higher wages is causing most anxiety in eastern industrial centers. The country can "and high prices easier than it can exist under conditions spelling decreased production.

Extravagance, caused by pride and vanity in all social classes, especially middle and lower, has much to do with high cost of many necessary articles of wear. Peak of high prices reached; adjustment period at hand. Rectification will be based upon wage schedule, with those departments of labor not already paid compatible with living expense brought up to an adequate standard. The foregoing symposium optimizes the impression gained by W. R. Priebe, local merchant, who has spent the greater portion of the past six weeks in eastern markets, investigating markets and prices, as well as matters relating both trade and working conditions, as well as those obtaining in social circles.

Cause for Anxiety The Twin Falls business man says manufacturers of all lines of trade are grievously worried over the tendency of labor to force the shorter hours issue. Mr. Priebe says, explaining that fear is based upon an expected greatly lessened production of all goods. He declares manufacturers insist there can be no sweeping reduction of hours without a corresponding decline in the production of the goods this country needs for home trade and consumption, as well as to meet the call for exports.

Manufacturers are convinced that an equitable adjustment of this important question must immediately be made, or the business of the country will seriously suffer," Mr. Priebe avers.

With respect to demands for more wages the Twin Falls business man said he could not bring himself to believe that all classes of workers were receiving pay commensurate with the cost of living. "There are some classes that are paid fairly well, while others are not," he stated. "I believe that governmental adjustment of costs, based on a standardized schedule of wages is about to be promulgated and inaugurated. This, I feel convinced, is the only solution for the present unsatisfactory condition in this country."

Vanity is Blamed That the classes subsisting on moderate incomes are more than aware from their own vanity and pride than from anything else in the economic program controlling the country just now, Mr. Priebe believes to be a fact. He says there can be hardly a desire to appear stylish and prosperous has much to do with the present high price of clothing and footwear. On this point he makes the following assertion: "During my stay in the east I visited many department stores and in the hat and shoe departments, especially, I found mighty stocks of splendidly made calf skin shoes begging purchasers at not more than \$4.50 for pair. A few years ago these shoes would go good enough for the average business men. Now even the bulk of workers pass them by with scorn. The high prices must be warranted and justified. Women at three and four times the price of the common and more substantially serviceable makes are demanded and are enjoying increased trade. The same is true among the male purchasers.

NEW MINISTER HERE FOR WORK

The Rev. Dr. Bennett Will Assume Charge of Methodist Pulpit Sunday

For the first time as pastor, the Rev. Alexander Bennett, D. D., will occupy the pulpit of the First Methodist Episcopal church of Twin Falls next Sunday morning. Dr. Bennett was recently assigned this position to take the place made vacant by the transfer of the Rev. Elmer Grant Keith, who is now representative of the century movement for the Idaho conference. Dr. Bennett reached Twin Falls yesterday from Salina, Kansas, where he has been stationed in ecclesiastical work. He was accompanied by his family, which includes his wife and three sons. The family will reside at 1015 Shoshone street north.

A number of Twin Falls people have known Dr. Bennett and are acquainted with the work he has done in past years. He was in Salina a number of years and wrought well as a minister and pastor there. He is preceded by a reputation as a speaker of convincing ability, profound thought and stirring logic. His recommenders also declare him to be a splendid "mixer" with men.

The following editorial was clipped from the Salina Evening Journal of last week and tells of the high esteem in which people of that community held their former pastor, Dr. Bennett who was visiting Salina after being absent eight months during a part of which time he had been at the head of the Methodist conference working among the soldiers at Camp Funston and Fort Riley:

"Three hundred and fifty or more of Dr. A. G. Bennett's old friends and parishioners gathered at the First Methodist Church Tuesday night to tender him a reception and dinner. It was a happy event, one of the happiest in his life. Dr. Bennett said: 'There he met so many of those who were his friends while living in Salina. Wednesday morning Dr. Bennett went down town. At the street corner a friend, a druggist, met him and began to talk to him. Then a paper hanger and caddy, and a man employed in street cleaning, and half a dozen common laborers with their wives and families, came to greet him and to walk of life not so prominent, perhaps, as some in the city, gathered around him and before Dr. Bennett was aware, half a hundred persons were talking to him and he was undergoing another informal reception.

"Which was the happiest? It is comforting to have the parishioners get up a reception for one who has come back to town and it is adding to comfort when men of the common walks of life crowd around next day shaking hands and demanding to know how life has fared since he went away. After all the thing at a reception is the wholeheartedness that enters into it and makes little difference where it is staged."

"BIKES" ARE FOUND

The police department is exhibiting a rare assortment of bicycles, which have been gathered in by police officials from various places where they have been left parked too long. Some of the wheels are believed to have been stolen for "joy-riding" purposes, and abandoned when the rider had surfeited his desire for sport. Five bikes were at the station this morning, but by noon three had been returned to their owners.

Boyd Hospital LABORATORY

Twin-Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnosis, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculous glands, bacterial examinations of pus spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

EDIFICE CONSTRUCTION POSTPONED—COST CAUSE

Because of uncertainty inhering in the cost of building at the present time, the local Y. M. C. A. committee, at a meeting last night in the office of the Twin Falls Title & Abstract company, decided upon indefinite postponement of the project for erecting a Y. M. C. A. building here. The project has not been abandoned, it is stated, and the committee will be held together with the purpose of undertaking the enterprise as soon as the time is opportune and building conditions become more settled. The meeting was attended by L. B. Rhoads, interstate secretary for Oregon and Idaho. Mr. Rhoads came here from Pocatello, where two-thirds of the money sought for construction of the Y. M. C. A. building there was raised in the first two days of the campaign. If you have something to sell your good to market in a short and pleasant one, leading through the classified.
