

# WOMAN TELLS OF BRUTALITY OF MEXICANS

## Atrocities Related by Witness Arguing for "Beneficent Pacification" before Senate Committee

WASHINGTON, (AP)—With a number of persons subpoenaed and waiting to be heard, further angles of the Mexican situation were expected to be laid today before the senate foreign relations sub-committee investigating relations between this country and Mexico. The sub-committee last night held its first night session and heard its first woman witness.

**Suggests Solution**  
Miss Agnes Laut, who recently returned from Mexico, in advising against intervention in Mexico, laid before the committee last night a solution of the Mexican problem which she said is the key to "the beneficent pacification" of Mexico.

In corroboration of her assertion that widespread corruption had inflicted on Mexico nine years ago, she said that "eighty per cent of the people is looking for help." Miss Laut described several of the brutalities of which she knew. She told the committee that two persons who had been taken to death and of two American women who were carried into the mountains of Sonora and there forced to remain by their captors who shaved the soles of their feet to the quick to make simpler the task of guarding them.

An American girl from Nebraska she said now is somewhere in the hills, the captive of Mexicans who dragged her from her home near the United States. When the band appeared they roped her father and mother and when she, 16 years old, threw herself before the Mexicans, they decided they would kill her. She fainted and when revived she found herself alone in the hills with her assailants.

An English woman in the state of Zacatecas was more fortunate, according to Miss Laut. Her husband, a lieutenant, said, the woman shot the bandit who was struggling with her and then running forward fired first on one bandit and then another, killing both and thereby rescuing two daughters, one of whom each bandit held.

**Skin Stripped from Face**  
Another story she related was that of a woman whose skin was stripped from her face, the Mexican cutting away the center of the forehead and the eyes, leaving the woman tearing the covering loose. A Kansas farmer was the victim of the Ludlo brothers in the state of San Luis Potosi, according to her testimony.

Her husband had gone to Tampico. While they were gone the Mexicans raided the place, hanged him to a tree, alternately raising and lowering him and jabbing him with bayonets. The man became insane and afterwards died. Another example of the treatment of women, she cited, was the taking into the hills of more than thirty men and girls from a train the Mexicans had captured.

**Does Not Shield Carranzistas**  
No attempt was made by the witness to shield the Carranza soldiers. She admitted that a fair part of the crimes were committed by bandits but intimated that a number of the so-called bandits were in reality Mexican federal troops.

Regarding reports that the rebels have been getting arms and ammunition from the United States she said that through an American officer who had made the investigation for her she found that the rifles many of the followers of Felix Diaz were of the same pattern used by the Mexican army and that they had been acquired both by capture and by purchase from the Mexican troops.

## JAPANESE CONFER WITH VATICAN OVER MISSIONS

### Question of German Catholic Institutions in Islands of Pacific Broached by Nippon

ROME, (Havas).—Japan has taken up her with the vatican the question of the German Catholic missions in the Caroline, Marshall and Mariana Islands in the Pacific. Captain Sato Yumamoto, who had previously been in Rome, as Japanese naval attaché, has arrived here for the purpose of the negotiations. Japan has been administering these islands since their capture from Germany early in the war.

It was announced in a dispatch from Rome August 25 that Japan was initiating negotiations with the vatican over the German Catholic missions in the Pacific islands named. It was said the vatican was proposing an international corps of missionaries to replace the Germans.

The plans of the peace conference contemplated mandates in Japan for the Pacific islands formerly held by Germany lying north of the Equator and east of the Philippines, as these islands do, but no definite assignment of the mandates has been officially announced.

## CHARGES BURLESON WITH JUGGLING CIVIL SERVICE

### Former Commissioner Tells the Senate Committee Democrats are Favored

WASHINGTON, (AP)—Former Civil Service Commissioner Galloway told the senate postal committee Monday that when a democrat made a lower rating in the contest for appointment as postmaster at Buffalo, Wyo., than did a republican, Postmaster General Burleson asked for a reclassification which reversed the ratings and gave the job to the democrat.

The committee is investigating the new between Mr. Burleson and Galloway, which recently culminated in Galloway's resignation from the civil service commission with the statement that Mr. Burleson was "debauching the civil service."

## BULLIT TESTIMONY GETS ATTENTION IN ENGLAND

### Opinion is General that Explanations are Imperatively Needed; Lloyd George Refuses to Talk

LONDON, (AP)—An "authorized" denial of statements made by William C. Bullitt, formerly attached to the American peace delegation, before the foreign relations committee of the United States senate which printed in London newspapers this morning is attracting more notice here than Mr. Bullitt's evidence before the committee. The opinion is general that explanations are imperatively needed.

The Daily News maintains the official denial does not dispose of Mr. Bullitt's assertions and urges a suspension of judgment until the implications contained in it are put beyond a reasonable doubt. Some newspapers raise the question as to who authorized the denial as neither Premier Lloyd George or his secretary, Philip Kerr, articulated his name to it, and according to Paris reports both refuse to be interviewed on the subject.

**Just What She Needed**  
"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Vella Benison, Chillicothe, Mo. "They not only relieved me of indigestion but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."—Adv.

## YAQUIS SPARE AMERICANS IN RAID ON CAMP

### Mexicans are Made Sole Victims of Indian Attack upon Sonora Mining Settlement; Led by Moros

DOUGLAS, ARIZ., (AP)—Americans were not molested but Mexicans were literally "stripped to the shorthairs" by the Yaqui Indians, who recently raided the mining camp at San Nicolas, Sonora, 140 miles southwest of Douglas. Food was taken from the Mexican miners' cabins and even their clothing was seized, according to Leon G. Cloud, managing director of the here.

The Indians were led by two men with skins as white as any American's. Mexicans said they were Moro Indians. Poorly clad, but all armed. Members of the band were poorly clothed, some having no covering about the waist. All were armed, some with modern, high-powered rifles and others with older, cruder weapons. There were no Mexicans in the party.

The efforts of Mrs. Carl Knudson, who had charge of the commissary, alone kept the camp from being left altogether without provisions. After the commissary was looted of \$1400 in gold and practically all of its goods, Mrs. Knudson pleaded with the leader for food, saying that it would be strange for a great chief to leave the camp starving. The chief turned back two sacks of flour.

When Mrs. Vebel, wife of the American mill superintendent, became hysterical with fright during the raid the Indians asked her husband to remain with her until they had left and to assure her she would not be harmed.

**Mexicans Roughly Treated.**  
However, the Mexicans were roughly treated and nearly every thing they possessed which might be carried away was taken. The raid upon San Nicolas was notable for the reason that this was the first time that Yaquis have raided that section of the Moctezuma district, although tribal tradition claims it is part of the Yaqui possessions.

## MINE WORKERS SUPPORT EFFORT TO DEFER STRIKE

### Representatives to Pittsburgh Conference are Instructed

CLEVELAND, (AP)—Representatives of the United Mine Workers of America at the meeting in Pittsburgh Wednesday of the representatives of the 21 union organizations interested in the proposed steel strike will support the efforts of President Wilson and of President Samuel Gompers, of the American Federation of Labor, to have the strike deferred until after the industrial conference at Washington. The same attitude, according to a letter received here, will be taken by the International Associations of Machinists.

**Despondency**  
Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. ## PROPOSES NEW SOLUTION OF RAILROADS PROBLEM

### Senator Frellinghuysen Sponsors Bill for Government Control

WASHINGTON, (AP)—A new bill proposing a permanent railroad policy of private operation under government control and said to embody views of the United States chamber of commerce was introduced Monday by Senator Frellinghuysen, republican, New Jersey, and referred to the interstate commerce commission. Senator Frellinghuysen's bill proposes a federal transportation board with wide administrative powers subject to the interstate commerce commission, a proposal that affairs of railroads be managed by twelve directors, two elected by the employees, eight by the stockholders and two selected by the stockholders from persons nominated by the transportation board. Labor boards for each road are also proposed. Six per cent dividends also are proposed, as is organization of the roads into competitive sectional systems.

## MORGENTHAU COMPLETING REPORT ON JEW IN POLAND

### Head of American Investigating Commission Returns to Paris; Confers with Peace Delegates

PARIS, (AP)—Henry Morgenthau, head of the American commission to investigate the treatment of Jews in Poland, has returned to Paris and this morning held a conference with the members of the American delegation to the peace conference. He will submit his report on the investigation within a few days. Major General Edgar Jadwin, U. S. A., the other member of the commission has gone to Kiev to continue the investigations there.

While the Morgenthau report is incomplete, it is known that the investigations of the commission did not convince it that the Polish outrages against Jews were inspired by the government, as the members of the commission feel that had official sanction been given to the movement the number of victims would have been greater.

The Morgenthau report, it is forecast, will deplore the raising of the racial issue, emphasize the view that the separation of the Jews and Poles within Poland is impossible and lay stress upon the necessity of the reconciliation of the discordant elements by mutual concessions in the interest of the new Poland.

# CALLS I. W. W. CASE IN COURT

### Federal Judge Pollock Begins Hearings on Revolution and Anarchism Charge

WICHITA, KAN., (AP)—Charged with conspiracy against the United States in an indictment which also contains a moral indictment of the governing officials and all members of the I. W. W. as "conspiring during the period of 1918 and 1919 to overthrow the government of the United States," cases against thirty-eight members of the organization were called in federal court before Judge John C. Pollock here today. The case, originating in 1918 and twice continued, is said by Fred Robertson, of Kansas City, Kan., district attorney, to be the first federal case charging "the I. W. W., through its secretary, William D. Haywood and other officials and members, under a broad moral indictment, with revolution and anarchism."

The defendants were charged with conspiracy to violate four war statutes—the declaration war, the selective draft law, the espionage act, and the food and fuel control act. The case was first called in September, 1919, but at the request of the defense was continued until the March term. After a case by consent was set over until the September term of court. The case is known as "United States of America vs. C. W. Anderson, et al." Sam B. Amon, of this city, is special assistant to Mr. Robertson in the case.

# FRANCS AND LIRES FALL TO UNPARALLELED LEVEL

### All Previous Low Records for French and Italian Exchange are Shattered

NEW YORK, (AP)—All previous low records for French and Italian exchange were broken Monday when francs and liras fell to unprecedented low levels. Paris bills were quoted early in the afternoon at 87 1/2, which meant that it would cost 8 3/4 francs to buy an American dollar. Italian bills broke to 9 3/4, representing approximately a discount of 4 1/2 per cent. Marks, or German exchange, which had weakened steadily since the resumption of quotations to Berlin, also made a low today again unable to explain the collapse in the foreign exchange market.

## Grand Circuit Races

COLUMBUS, (AP)—Three of the four favorites in the opening program of the two weeks' Grand Circuit racing here were defeated yesterday. The biggest surprise was the defeat of Grace Direct in the King stake, 2:00 pace, by Barnardo, who won in 2:02 1/4 in the first mile.

The 2:11 trot with 10 starters saw Direct Forbes win in straight heats. It was in the field in the betting. Comet, the original favorite was financed in the second heat. Best time 2:07 1/4.

It took four heats to decide the 2 year old colt trot. Day Star finally taking first money. Dudette was quite lame, but managed to capture second money. Best time 2:10.

Hollywood Kate won the 2:07 trot with Busy's Lassie a good second. Best time 2:06 1/4.

## Coast Quails Grow Fat on Poison Diet

QUAIL are growing fat on strychnine in the Imperial valley, says local people who have visited that section. These game birds, as the sportsmen call them—peas—are denominated by ranchers—are more plentiful in the Imperial valley this year than ever before.

To get rid of the birds the ranchers put out strychnine. They expected to be rid of the pests in a few days. There was no decline in the pests' operations, and more and stronger doses were put out. Then it was that the discovery was made that the birds were eating the poison and thriving on it.

Hundreds of valley farmers plan a general roundup of the birds when the hunting season opens.

## Brief Sport Bits

Would you if you could, go to a REAL ball game? Yes, yes! We knew you would, and you may get a chance.

Here's the scheme—Rupert plays (burly) on the Paul lot tomorrow. The winner of the contest will play the second game on neutral grounds.

That should mean Twin Falls at this is the biggest town in the league and the folks are starved for a contest of league proportions.

The tilt will be staged somewhere next Friday, and if Twin Falls is chosen 10,000 people, more or less should throng that park.

Following this conflict there will be a series of five games for the championship, according to announcement.

We don't quite get this letter, because if Burley whips Rupert that eliminates Rupert. If Paul beats Burley, that ties the two teams for the brag, and then a play-off series will be necessary. If, on the other hand, Burley beats Paul that decides the whole proposition right there and no series will be needed.

But Twin Falls folks have one chance to see a ball game as it should be played.

Seems as though luck is against the Rupert club. Yesterday Rubu Evans who should be in Salt Lake anyway, fell out of a Pullman berth at Nampa and fractured the shoulder blade of his flinging arm.

Roy Wilkinson, who twirled the White Sox to a shutout victory over the Athletics last Friday, was the property of the Salt Lake club for a brief period last year. The star minor leaguer was given to the Bees by Cleveland but he decided to accept a contract.

## Speaking of Bill Clymyer's prospects for buying the Oakland club the Salt Lake Telegram says "Bill is well HEALD."

Probably meaning that Bill has recovered from the red man-handling he got from the Seattle fans who failed to produce a winner last summer.

John McGraw concedes the Cincinnati club the National league pennant.

Slim Smiley, agebrush ace, conceded the Cincinnati club second place in the world's series.

A pinch-hitting pitcher nearly licked the White Sox yesterday. A lengthy chap named Zinn jammed the pill over the boards in the ninth for the Athletics, taking advantage of Urban Faber's weakening.

DETROIT, (AP)—Newspapers opinion was about evenly divided on the outcome of the Jack Sharkey-Pete Herman no-decision ten-round bout last night. Sharkey put up an aggressive battle and appeared to get the ten-manweight championship at will, showing particularly well in the 8th, 9th and 10th rounds. Herman, however, landed many telling body blows and displayed superior ring generalship.

Beautiful Trees to Adorn Memorial Highways

The effect of beautiful trees is shown in the accompanying pictures. Civic societies and school children are striving to plant many trees this fall as memorials to soldiers and sailors and as class monuments. A boulevard in Cincinnati, shown here, is to be improved with trees.

History proves of the American nation
has been mighty throughout its his-
tory.
It does not follow, however, because
the American people are decidedly
averse to warfare that they are willing
to accept blindly any suggestion under
whatever label or upon any say-so
whatsoever that purports to be the
agency for bringing about the eradica-
tion of the war evil.

Such opposition, for the most part,
at least, originates in the fear that the
proposed covenant with it, not the end
of armed conflict, but rather that it now
the seed for more warfare.
If the league of nations plan is ac-
cepted by the American people it will
be absolutely and entirely because the
American people have been convinced
that its provisions are effective as
against the incursions of wars, and if
it is defeated it will be because, ab-
solutely and entirely, the American
people discern in it only increased
probabilities of trouble in this respect.

It is as deeply unfair to ascribe
to all opponents of the proposed league
of nations the desire for more war as
it is at variance with the facts to as-
sume that all of the friends of peace
are numbered among the proponents
of the covenant.

On this basis alone is this question
now being debated among Americans

# RANSOM PAYING IS AGREED UPON

### Arrangement for Release of American Physician Captive of Mexicans

WASHINGTON, (AP)—Definite arrangements have been made with the leader of the bandits who kidnaped Dr. J. M. Smith, an American physician near Chihuahua City, Mexico, for his release on payment of \$50,000 ransom today, according to a Chihuahua City dispatch to the state department.

### CAVALRY BELIEVED TO HAVE FORCED RELEASE

EL PASO, TEX., (AP)—Dr. J. M. Smith, American physician held prisoner by armed Mexicans southeast of Chihuahua City, is expected to reach Chihuahua City today according to an announcement made at the office of the Polaris Mining company, which employed Dr. Smith.

A message was received here last night that Dr. Smith had arrived at Ortiz station, 54 miles south of Chihuahua City on the Mexican Central railroad. No details of his escape from the Mexicans who made him and three other prisoners Saturday morning were given.

E. Munson (or Munson), a subject of Sweden who was captured at the same time and was released to return for the \$5,000 ransom, was unable to locate the Mexicans and planned to leave today in an effort to meet the leader at noon today.

It is not known whether the ransom was paid but it is believed here that the Carranza cavalry column so close by pursued the Mexicans holding Dr. Smith they were forced to liberate the American.

Did supernatural aid really come to the armies of France? In the little village of St. Pierre Aigle, where the American Committee for Devastated France in working a beautiful statue of the Holy Virgin stands unharmed amid great piles of stones under the sholl marred window of the ruined cathedral.

### KRULL MUSIC HOUSE WILL CLOSE LOCAL CONNECTION

#### Inability to Secure Quarters for Carrying On of Business is Reason Given

Because the building which it now occupies has been rented to others and a survey of the town fails to disclose any chance of the company securing a new location, the Krull Music House will dispose of its entire stock here, according to the management, and retire from the local field.

The store is a branch of the Boise institution and has been operated here for a number of years. It carries a large stock of general musical merchandise of all kinds.

#### CALL FOR LICENSE

The Buhl Plumbing and Heating company, with headquarters in Buhl, has applied for a license to transact business and engage in contract work in Twin Falls. The company, in its application, explains it will maintain headquarters in Buhl. There will be no office branch here.

#### GO TO COAST FOR YEAR

Mr. and Mrs. W. A. Howard have rented their farm east of Twin Falls and, with their daughter, Nina, left today by automobile for California, where they will spend a year.

## Deaths

Funeral services are being conducted this afternoon at the Grossman chapel for J. B. Buhl, of Balfour, Idaho, who was a victim of appendicitis. Burial is to be in Twin Falls cemetery.

### Head of State School Resigns

#### J. F. Williams Quits St. Anthony Post Because of Ill-Health

BOISE, (Special)—Because of ill-health J. Fred Williams, superintendent at the state industrial school, has resigned. A successor for the position at St. Anthony has not yet been named.

Mr. Williams will quit his post about October 1, and is expected to establish himself in business in Boise as soon as he has rested sufficiently.

### APPROVAL SECURED FOR CAMPAIGN OF PUBLICITY

#### Association for Protection of American Rights in Mexico Plan Endorsed

WASHINGTON, (AP)—Approval by state department officials of its plan for publicity was secured by the association for the protection of American rights in Mexico before it began general operations, Charles H. Boynton, executive director of the organization today told the senate committee investigating the Mexican situation. Boynton explained the character of the organization and its aims, saying it was submitted to Acting Secretary Polk of the state department at memorandum of its aims and Mr. Polk, according to Mr. Boynton, expressed his pleasure at the plan. A "strong insistence by the American government of a recognition of American rights" is one of the prin-

Boynton denied that the association's principal objects of the association, Boynton said. Publicity, he conceded, was one of the main aims. Boynton testified that the association had about 2,000 members, offices in many parts of the United States; that membership dues and subscriptions supported it and that his own salary was \$20,000 a year.

was attempting to bring about intervention in Mexico or that he had any knowledge of any propaganda directed to that effect. He also declared he did not regard armed intervention as now necessary. The charge that the association is engaged in intervention propaganda he declared came from ten men connected with the Mexican government.

### FINCH-LAUBENHEIM COMPANY IS FORMED

#### Automobile Man Engages in Realty Business Taking Partnership

Forming the Finch-Laubenheim Realty company, J. W. Laubenheim has entered into partnership with E. J. Finch Realty company. The engagement was recently entered into, Mr. Laubenheim having been connected with the automobile business in Twin Falls some time. Prior to coming here he was in the realty business in Illinois, Oklahoma and Texas, and amply versed in this commercial line.

The Finch Realty company was established by Mr. Finch at the beginning of this year, after he had completed two terms as clerk and recorder of Twin Falls county.

The new firm will continue the business started by Mr. Finch but on a more extended scale, including handling farm and city property, fire insurance, surety bonds and rentals.

### EIGHT HOUR SHIFTS AT SUGAR BEET INSTITUTION

#### Amalgamated Announces New Arrangement for Benefit at Workers at Twin Falls Plant

The Amalgamated Sugar company, which will open its campaign for this year within the next few days, will this year employ three shifts at its Twin Falls plant instead of two as formerly.

Heretofore the plant has been operated with two shifts of 12 hours each. The new arrangement cuts the working hours down to eight for all employees.

The company does not anticipate any great difficulty in securing men although they admit that a shortage exists and that it may be necessary to devote a good deal of effort towards securing the requisite number.

## THREE BILLIONS DEFICIT FACED

#### The Appropriations Committee Warns of Need for Greater Economy

WASHINGTON, (AP)—A deficit of more than three billion dollars by July 1, 1920, is facing the treasury even should congress not appropriate another penny before that date, Chairman Good, of the appropriations committee, today informed the house, warning that "greater economy than ever exhibited before" must be practiced by government departments.

Already the government is committing to expenditures for the year ending next June 30, of \$10,631,261,535, while the total revenues are estimated at \$7,239,924,000.

"The price of living may be reduced somewhat by a vigorous enforcement of laws," said Mr. Good, "but no real benefit will be felt until the cost production is reduced, and it may be necessary to reduce very materially our circulating medium. If the nation is to receive relief from present unrest and from high prices of the necessities of life, our people must practice the strictest economy. The government through its executive departments should lead in this crusade."

### BURNING MONEY

#### BY WALT MASON

Life is gay and blithe and sunny since the peace dove lit the breeze; every one is burning money just as though it grew on trees. I insist on thrift and saving, but there's none to heed my words; johnnies say that I am raving, and throw money to the birds. Men are showing ornately wadded, and their breasts are filled with mirth and they jeer foreboding sages who predict a day of doleful but that day will come as surely as tomorrow's sun will rise; things will then be going poorly with the gaily spending thrift gays. Things won't boom along forever as they're booming now, my friends; and the man who's truly clever saves as ably as he spends. It is patent to the knowing in expansive times like these, that the koepkes won't be growing always on the shrubs and trees. There will come a day of doleful, when this boom is left behind, and the koepke and the rube will be mighty hard to find; happy then the lads whose wagers have been right placed in bridle, who obeyed the seers and sages, when the saving graft was fine. And how sick will be the mortals who like to spend thrifths now behave, when they're with peers and chortles when we fall on them to save!

# FARMERS URGED TO GIVE GOODS

## Passive Interest in County Exhibit at State Fair Spelling Failure

That the managing officials of the Twin Falls County Farm Bureau are feeling some anxiety over the lack of interest producers are showing in the proposed Twin Falls county district of produce at the State Fair, is amply manifested in an urgent appeal issued by County Agent C. H. Bohrer.

In this appeal, which follows, Mr. Bohrer, asks for assistance in obtaining a wide variety of local products for this display:

"We need several items to fill out the county collective exhibit which is being prepared and collected at the farm bureau office to be sent to Boise. This exhibit will be all packed by Wednesday and shipped out not later than Thursday in order to reach Boise in time for the fair. We want to urge any who have good products and desire to have them entered at this fair and also who desire to help out in this exhibit to bring them in to the farm bureau office by Tuesday of Wednesday of this week.

**Corn is Wanted**

"We are anxious to get good ten-cent exhibits of yellow dent corn, white dent corn and flint corn. This corn should be from pure seed stock and not showing any mixture. We desire to

have some selected exhibits of the following varieties of potatoes: Irish Cobbler, or Burka, Bliss Triumph, Early Ohio, Nettle Gem, Idaho Buralis. It requires 10 well selected potatoes of uniform type for an exhibit.

"As yet we have secured no sweet potatoes and desire 10 sweet potatoes, yellow, and 10 sweet potatoes, red. Also we desire some good entries of beets in the following lines, 10 table beets, 30 Golden Tankard, 10 Hair Sugar, 10 sugar beets and 10 mangel wurtzel stock beets. We desire some choice heads of cabbage, as follows: 5 early cabbage, 5 late, 5 savoy, 5 red pointing. Also we desire some pumpkins and squash exhibits as follows: 3 field or stock pumpkins, 3 summer crook-neck squash, 3 summer squash, 3 Hubbard squash, 3 banana squash and 3 neck.

"We also desire good exhibits of cucumbers, 5 being desired for an exhibit. The following varieties of onions are needed: Prize taker, yellow globe, red globe, Weatherfield. Five of these are required for an exhibit.

"We desired to have some good entries of watermelons and will very much appreciate to receive a very large watermelon to be entered as the largest and best watermelon. We need 3 muskmelons or cantaloupe, any variety, 3 Cusaba musk-melons.

"In sweet corn we would be glad to get 10 ears of Golden Bantam, 10 ears of County Gentlemen, 10 ears of Stowell's Evergreen and in pop corn 10 ears of white rice pop corn and 10 ears pearl pop corn.

"As yet we have not secured an exhibit of spring or winter, eye or winter barley or colored oats. It requires 20 pounds of oats and 20 pounds of barley for an exhibit and 30 pounds of rye.

# Social Notes

Miss Margaret, daughter of Dr. and Mrs. P. McAtee, entertained at a delightful dancing party at her home on Friday evening of last week, honoring Miss Mary Newman who has recently come here with her parents from Shoshone to make her home in Twin Falls. The house was beautifully decorated with asters and other flowers. Half of the guests came dressed as boys and the other half in big sisters' party dresses so the affair took on quite a grown up atmosphere. Dancing was kept up until a late hour and a good time was a foregone conclusion.

"The guests were the Misses Carmen Sanger, Zuma Shensberger, Una Stafford, Bala Duke, Helen Honold, Alma Baker, May Alvord, Mildred Lawlor, Wilma Keel, Gyneth Young, Orpha Markle, June Morgan, Crete Brown, Lillian Lind, Ruth Wheeler, Alma Buckner, Margaret Beebe, and Mary Neuman.

The wedding of Miss Lestey E. Williams and Hargis J. Benoit was solemnized at 9 a. m. yesterday at St. Edwards Catholic church, Rev. Father Jerni St. Knyser officiating. The bride wore white champagne with an overdress of point d'esprit net, with a tulle veil arranged in cap shape with sprays of orange blossoms, and carried a shower bouquet of white roses and sweet peas. Miss Alma Benoit was maid of honor and wore flesh-colored georgette crepe, with a large white hat, and carried a bouquet of pink

roses. Albert Benoit was best man. The church was beautifully decorated with fall flowers. After the ceremony a three course wedding breakfast was served at the home of the bride's parents to about fifty guests. Both young people are well known in Twin Falls, and are graduates of the Twin Falls high school. Miss Williams is a member of Gamma-Phi Beta sorority at Moscow, and California, while Mr. Benoit is a graduate of Georgetown University at Washington, D. C., and a member of Delta Upsilon fraternity at Moscow, and California. The young couple left on the afternoon train for a trip to Salt Lake.

The War Mothers met yesterday afternoon in the Presbyterian church parlors with a very good attendance. An entertaining program was given, with a most interesting talk by Miss Westman, who spent 25 months overseas with the nurses who were in the army service. Mrs. Strobeck's team won the honors in the membership contest and will be entertained by the ladies side at a later date. At the close of the afternoon light refreshments were served.

Mrs. Fred W. Gooding, Mrs. Ed Gooding, and Mr. and Mrs. D. Sid Smith were over from Shoshone yesterday to attend the Williams-Benoit wedding.

# PERSHING TO RECEIVE NO SWORD FROM CONGRESS

**Opposition of Several Members Results in Abandonment of Plan**

WASHINGTON, (AP)—Opposition of several members, privately expressed, caused house leaders today to abandon the proposed gift of a sword to General Pershing. Republicans and democrats were among those opposing an appropriation of \$10,000 for the sword, contending that a vote of thanks to the general, his officers and men was sufficient.

After the decision was made, Chairman Kahn, of the military committee offered the resolution of thanks, which was adopted, Representative Schall, independent, Minnesota casting the only dissenting vote. It then went to the senate. The resolution says:

"The thanks of the American people and of the congress of the United States are due, and are hereby tendered, to General John J. Pershing for his highly distinguished services as commander-in-chief of the A. E. F. in Europe and to the officers and men under his command for their unwavering duty and valor throughout the war."

No mention of the sword was made on the floor.

SABBATH DAY IN DISPUTE

Really No Definite Information as to When Its Observance Had Its First Institution.

There is no definite information as to when the observance of the first day of the week was substituted for the Christian for that of the seventh day, the ancient Jewish Sabbath. It undoubtedly arose among the gentile peoples of the Christian church, and was regarded as the fittest day to be held sacred, because in the words of one of the fathers, "it is the first day in which God changed darkness, and the same day, also, Jesus Christ, our Saviour, rose from the dead."

TO THE TRUSTEES

Bull, Idaho, September 15, 1919. To the Trustees, Twin Falls County.

There will be a meeting of the Twin Falls County Trustees' Association October 14, 1919.

This is our organization and will be just what we make it. It will prove a strength to us through discussion and legislation if we will join together and become a real representative body of Twin Falls County.

This meeting will be held at the same time as the teachers meet at Institute. This is done in order that the Trustees may meet an organization of Teachers.

Years for the success of the meeting.

# BOOST PRICES, PALMER RAVES

## Palmer Says "Fair Costs" Board Not Authorized to Raise Food Figures

Declaring that "fair price committees" have no right to interfere with any prices that might under present conditions be regarded as low, and addressing emphatic against committees reported as having raised prices, A. Mitchell Palmer, United States attorney general, has issued a bulletin from the federal department, copies of which have been sent to all "fair price committees," definitely outlining the jurisdiction, duties and prerogatives of these price investigation bodies.

Mr. Palmer makes it very plain that the purpose of the present federal investigation campaign is to "reduce the cost of living, not to increase it."

In addition the attorney general advises that the department is more or less at sea as to how retail merchants shall find a basis upon which to fix a "reasonable" price for commodities. He says the question whether the current sale price shall be based upon "original cost or replacement value" has been raised. He points out that under the food administration original cost was the test. With the rescinding of these regulations, however, there is left now "merely the statutory prohibition against unjust or reasonable charges." This is a question, he says, to be determined by a court of justice.

**Costs Must Come Down**

The attorney general expresses no patience with raisers of prices at this time, saying, "It is of utmost importance that prices be lowered, and the co-operation of every agency, state and federal, is earnestly desired to procure this result."

Copies of the circular of the department of justice have been received by wholesale grocers in Twin Falls from J. H. McLaurin, president of the Southern Wholesale Grocers' association, who is now in Washington in answer to a call from the department of justice for a conference to discuss the basis upon which to determine fair price lists sent in by committees from all over the country.

Alluding to the work for which the conference has been called Mr. McLaurin makes the following preamble: "We were called upon by the department of justice for a conference with them to discuss the basis upon which to be determined the price list prepared by fair price committees throughout the country. While it is our understanding that the fair price committees' plan does not involve the establishment or determination of fixed

or set prices at which a wholesaler is to sell food products, it is, nevertheless, essential that the department of justice in underwriting to assist the fair price committees in their work shall reach some definite conclusion as to the basis upon which the wholesaler is to establish his selling price."

**Invoice Not the Basis**

Further on in his letter Mr. McLaurin explains that his association stands on a position that the original invoice cost is not at this time to be considered a test or basis by which to determine the wholesale grocer's selling price. It says the department of justice is in accord with this view and sustains it.

"Thus," Mr. McLaurin says, "in considering the vital question as to what represents a reasonable profit, we are again brought back to the consideration as to what the intelligent, fair-minded, conscientious wholesaler grocer may determine to be reasonable after giving full consideration to the matter in the light of all surrounding circumstances—invoice cost, expense of operation, quantity on hand of any given commodity, etc."

The president of the southern association also directs attention to the fact that the department of justice has "clearly expressed that there was no desire at all upon the government's part to have merchants in any line of business operate at a loss, but that they recognized it as important to the general welfare of the country that a legitimate line of business should be maintained in a thoroughly wholesome and healthy condition."

**Urges Co-Operation**

Concluding his letter Mr. McLaurin calls attention to the necessity of all wholesalers of food products giving the federal justice department 100 per cent co-operation in the work in hand, and assures that the activities of this department are not limited merely to survey and supervision for the lowering of foodstuffs costs, but is as actively engaged in a similar effort against all lines of commerce entering into the cost of living.

The day of reckoning for the food speculator is at hand, Mr. McLaurin intimates, and is receiving the attention he deserves at the hands of the department of justice. "After all is said and done the food speculator and gambler is at the bottom of the high cost of living as far as food is concerned," he says, "and the wholesaler's department declares."

The last lines of his letter are devoted to a tirade against the "California combine" which, he says, are in a class by themselves when it comes to inflating the value of canned and dried fruits, and, at this moment, the main supply of the country.

This letter and the bulletin from the office of the attorney general were received by Musson & Hatter, commission merchants and wholesalers.

# SETTLERS OF SALMON DISTRICT WANT COMPACT AREA WATERED

## Petition is Presented County Commissioners for Formation of Irrigation District of 35,000 Acres Out of Original 80,000 Acre Tract—Hearing October 4

To decide whether an irrigation district comprising 35,000 acres of land in a compact body on the Salmon river tract, or whether a total of slightly more than 24,000 acres scattered over a much wider area shall receive the benefits of available water from the Salmon river, are questions that will come up for consideration on October 4, at a meeting of Salmon district settlers with the Twin Falls county board of commissioners.

A call for this meeting has been issued by the county clerk announcing that the conference of October 4 is for the purpose of organizing an irrigation district to be known as the Salmon River Irrigation District, acting upon a petition filed by J. M. Pierce and others.

Mr. Pierce on September 6 presented the petition urging a call for the organization. He represents a body of Salmon River tract settlers who favor the establishing of a compact area into an irrigation district.

**Organized in 1908**

The Salmon river tract was organized in 1908 and in 1909 the promoting company sold contracts to furnish water from the Salmon river for about 80,000 acres. Since then the district covered by these contracts was reduced by action of the state land board against settlers who failed to make required proofs. The promoting company was known as the Twin Falls Salmon River Land and Water Company which some time ago failed to carry out in detail its plan for irrigating the tract.

The work, as far as could be accomplished, has been carried on by a committee of bondholders.

**Settlers Organize**

Several years since settlers of the district involved what is now known as the Salmon River Settlers' association, and it is through representatives of this association that appeal has been made for the forming of a compact irrigation district. The association, it is claimed, comprises more than 60 per cent of all the settlers.

Investigation through the courts into the affairs of the Twin Falls Salmon River Land and Water company showed that the company could not provide irrigation water for all the land embraced in the district, according to a bench decision, resulting from trial of a suit instituted by A. E. Caldwell

and others against the Twin Falls Salmon River Land and Water Company, and the committee of trustee bondholders for the purpose of having the company's contracts construed. At that time the court found the company contracts did not specify the actual amount of water to be supplied, allowing only a proportionate interest in the natural flow.

In the year 1916 Judge District of the U. S. district court, decided settlers were entitled to two and three quarters acre feet of water for irrigation, but a later date changed this to two and one-third acre feet. The average yearly available supply of 50,000 acre feet, which is considered sufficient to water properly 24,270 acres of land in the present scattered form over the tract.

Experts have shown that in a compact area 35,000 acres can be thoroughly watered with the average flow available. At the meeting October 4 plans will be proposed for discussion looking to the reimbursement of those settlers who will lose water rights should the district be ordered.

The directors of the Salmon River Settlers' association will meet this afternoon in the office of their attorney, Judge James R. Bothwell, to consider ways and means of complying with the decision of the court.

**CASE BEING TRIED**

The action brought against the City of Twin Falls by Oscar Johnson, a plumber, was brought up for trial in the probate court this morning. The case grows out of damage said to have been sustained to the plaintiff's premises and stock when a city water main burst last June, and flooded his business building. Mr. Johnson seeks for \$100 damages. The case is being heard before a jury of six men, with Attorney J. P. Kierlin prosecuting and J. E. Davies defending.

**STUDY CLASS TO MEET**

The study class of the Women's Missionary society of the Presbyterian church will meet this evening at 7:30 in the parlors of the church. The regular meeting of the missionary society will be held on Thursday afternoon at 2:30 in the church parlors. The ladies of the church are invited to attend both meetings.

# NO QUORUM; NO MEETING

## Aldermanic Majority is Out of Town and "Regular" is Postponed

There was no quorum for last night's regular meeting of the city board of administrators, therefore no meeting. With only Councilman E. Ostlund and the city clerk present at the call of time council meeting was adjourned to Wednesday night. Aldermen McLarin, Breckenridge and Channell were absent from the city yesterday.

# HIGHWAY COMMISSION DECIDES EXPENSE LEVY

## Nine and Quarter Mills Required to Meet Operation Needs Next Year

At a meeting of the Twin Falls Highway district board a tax levy of nine and a quarter mills was assessed to meet operation expense during the coming year.

The board decided as follows: Two and a half mills road fund; one mill bridge levy, five and three quarters mills road bond issue interest.

In this year's apportionment to carry for the interest on road bonds it has been necessary to take into account the interest due from the present year amounting to \$17,000, which must be paid out of the present levy.

Both the bridge and the road levies are the same as last year.

# WANTS LAND CONDEMNED

The Idaho Development company has brought an action in the district court seeking condemnation of lands belonging to Frank Messinger, J. P. Clark and Fred Clark. The property lies between the dam of the Lewisport project and will be overflowed by the water impounded for that system. The company wishes to impound water this year so as to be prepared for irrigation next year. When the system goes into operation about 75,000 acre feet of water will be furnished.

# FAREWELL CONCERT

The Twin Falls city band will make its final outdoor appearance of the season next Sunday afternoon. The concert will begin at 2 o'clock in the city park, and will be in the nature of a season's review. Requests for "favorites" will be complied with as far as the limit of time will permit.

# GONE TO CALIFORNIA

Mrs. A. M. Gehbel and little daughter, Jean, who have been the guests of Mr. and Mrs. T. J. Woods for several weeks have gone to San Francisco to join Mr. Gehbel. They expect to make their home there.

# BANKS RECEIVE CALL FOR CASH STATEMENT

## National Institutions to Report to Washington, State to Boise

Calls have been received by local national banking officials from the federal bank comptroller at Washington for statements of condition. Orders were made for the statements up to and including September 12.

Accompanying the calls the comptroller sends a questionnaire which if fully completed by the bankers, will leave no detail of financial condition and operation unchecked. The questionnaire covers four finely printed sheets, foolscap size, each containing a score or more demands for information.

Similar calls have been received by state banks from the state bank commissioner at Boise, and are to be filled out as covering the entire period to and including September 12. The statements must be returned completed without delay.

# FARMER LOSES CONTEST

R. L. Conklin, a farm worker, was yesterday awarded a verdict against John G. Smith, a Bull rancher, for whom he worked. The case was tried in the probate court by a jury and was initiated for the recovery of \$10, claimed as due on wages. The cost of the action for this amount was \$60.

# SHULZ STARTS ACTION

A. G. Shulz has started action in the district court against Richard Harding claiming \$800 as being due him on a realty transaction. The suit is based on an alleged agreement which, according to the complaint, has been repudiated.

# BURNED SCENE OF FIRE

Word has just reached here of the loss by fire of a large barn on the Bos farm, 22 miles south of Twin Falls. The building burned Sunday night. A stack of hay, some grain, an automobile and some harness went with the fire.

# TO ERECT BRICK BUILDING

Acting for the City Storage and Implement company, J. B. Canby yesterday obtained a permit to construct a two-story brick building to cost \$16,000. The building will be on lots 1 and 2 of block 145, Twin Falls townsite. Work is to begin immediately.

# PERMITS TO BUILD

John S. Kimes this morning took out a permit to construct on Third avenue east, near Shoshone street, a coney frame structure to cost \$1,600. The building will be on a 24 by 50 foundation. William H. Stanley took out a permit for a one-story frame building, to be erected on Seventh avenue north, to cost \$750.
