

COMMITTEE HAS MORE FACTS ON MEXICAN AFFAIR

Witness Tells Inquisitors He Took Money From Carranza; Fall Reads Report on Assaults on Red Cross

WASHINGTON, (AP)—Dr. Henry Allen Tupper told the senate subcommittee investigating the Mexican situation Friday that he had received approximately \$3,400 from the Carranza government in settlement of expenses he had incurred. Documentary evidence had been submitted to the committee "indicating that Doctor Tupper had been on the Carranza payroll, presumably for his work for peace under the supervision of the international peace forum.

Took Cash When Pressed
The witness said he had repeatedly refused remuneration for his services, but when pressed by Charles A. Douglass, attorney for the Carranza government, had accepted the draft which was made a part of the committee's record last week. He claimed the payment was on a basis of expense of \$3 a day and said he had received no other payment of any sort. Doctor Tupper also admitted that Carranza had presented his daughter with a wrist watch and himself with a watch and fob engraved with an expression of friendship. "These," he said, "I accepted as a gentleman."

Approved Villa Pursuit
Doctor Tupper said he had approved the pursuit of Villa by Pershing and regretted it had not been more successful.

Doctor Tupper filed letters and other documents to support his statements including one message of felicitation from President Wilson.

On cross-examination Doctor Tupper said there were numerous provisions of the Mexican constitution of 1917 he could not approve. Development of education has not been as rapid as he expected, he said.

Regarding his earlier writings on the Mexican problem he said: "I have changed my mind on a good many of those subjects. At that time I thought I knew all about it. Now I know I don't."

Chairman Fall read into the record the report of I. C. Weller, in charge of an American Red Cross expedition in Mexico in 1915. Until now the report had been withheld from publication. It told of an assault on the Red Cross train and the difficulties thrown about

the work of distribution by Carranza officials. The opposition was so great that further efforts to continue the work was useless. Weller reported, and the expedition was withdrawn.
Indicative of conditions in the oil fields, Amos L. Beatty, New York attorney for the Texas company, exhibited to the committee chronological accounts of numerous robberies and assaults. A part of the company's holdings are in the territory controlled by Carranza and another part in that dominated by Palenzuela whom he said, tribute is paid for protection. A part of the holdings Beatty said, are in the "twilight zone" under the complete control neither of Carranza nor Palenzuela.

AMERICANS NEW OWNERS OF GERMAN STEEL PLANTS

Ten Hour Day and Piece Work Schedule is First Policy Adopted

BERLIN, (AP)—The Boedler steel syndicate plants at Kappenberg, Wurttemberg, have been bought by Americans, according to the Tages Zeitung. The purchasers, the newspaper declares, notified the employees that a ten hour day and a piece work schedule would be put in effect. It is stated that those opposing this plan would be discharged October 1 and replaced with American laborers.
When told that this might provoke disturbances, the new management, according to the newspaper's account, replied that in such an event American military forces would take charge of the situation. The employees, it is said, then accepted the conditions.

First Assistant Postmaster General Presents Case of Chief Before Inquisitorial Board

WASHINGTON, (AP)—Denial that there had been undue interference by the post office department with the civil service commission in the selection of postmasters was made Friday by First Assistant Postmaster General Koons before the senate post office committee.
Senator Norris, republican of Nebraska, introduced a resolution proposing investigation of charges made by Charles M. Galloway upon his resignation from the commission, "that the postmaster general had 'debauched the civil service'" and to develop whether Mr. Burleson, in his acts, had the approval of President Wilson. G. Koons said there were some cases where he had refused to accept the commission's ratings.

Acting Chairman of Training Camps Association Gives Views

WASHINGTON, (AP)—Tompkins McAlvaine, acting chairman of the military training camps association, before the senate military committee pronounced the former department's bill for army re-organization thoroughly unsound. He said it would perpetuate the worst mistakes of the past.
McAlvaine urged favorable consideration of the so-called national service act, introduced by Senator Chamberlain, democrat, of Oregon, at the instance of military training camps association which he argued would cost but little more than half of the \$500,000,000 estimated cost of the administration bill.

Five Ways to Make Your Battery Last Longer

A list of five short rules on battery care has been made up for car drivers. These rules are easy to remember, and if observed, will have a marked effect on both battery efficiency and life—

- 1.—Keep battery charged and filled to the proper level with the distilled water.
- 2.—If your engine doesn't start quickly make sure that gas and spark are right.
- 3.—Release starter at once when engine begins to run on its own power.
- 4.—Keep your spark plugs in good condition.
- 5.—Prime the engine if it's cold.

PROPOSALS OF LEAGUE ARE ON UNSAFE GROUND

Senator Wadsworth Gives His Reasons for Opposing Covenant; Nelson Accepts Three of Committee Reservations

WASHINGTON, (AP)—The question of ratifying the peace treaty with the league of nations covenant is "bigger than any man, bigger than any party, bigger than the government of the United States," Senator Wadsworth, republican, New York, declared in an address to the senate Friday vigorously opposing the league.

"Anything that is bigger than the government is bigger than the people and to that doctrine of the president I cannot subscribe," the senator said. Proponents of the league, Senator Wadsworth said, had forgotten that the American people had for one hundred thirty years lived in an atmosphere far forwarded from old world intrigues.

He pointed out what he regarded as a dangerous policy of the government in attempting to take part in settling affairs of the world.

"This organization is not going on with the smoothness that we could desire," said Senator Wadsworth, referring to the Polish fighting on the eastern front, the occupation of Hungary and the occupation of Fiume, all of which, he said, should "give us food for thought."

"When the United States takes a lion's share in drawing the world's boundary lines, and settling its disputes," said Senator Wadsworth, "it is for us an enormous responsibility. That inevitably brings us to a discussion of article ten of the league covenant."

In Forlorn Hope. If the country made a contract with article ten, the senator contended, the people of the United States for all time to come would be under obligations, "when the call comes, to send our soldiers and our money in a selfless endeavor to maintain the status quo of 1910."

"When you come to think what that means," he continued, "it is not to escape the feeling that Americans of the future are in for a forlorn hope."

"If article ten had been in existence during the revolutionary war," the senator said, "France would have combined against France and there would have been no free America."

The same thing would happen in the war to free Cuba, he argued.

"It is entirely possible," Senator Wadsworth continued, "that some of the great eastern powers may attack another great far eastern power to give freedom to Korea and Shantung and under the league covenant the United States must come to the support of the nation attacked."

Would Reverse Interpretation. Hope that the senate will "stand by" the resolution of the foreign relations committee on the Monroe doctrine was expressed by Senator Wadsworth who asserted that those drafting the article bearing on that question either did not understand the Monroe doctrine or cared nothing for it. He denied that it was a "regional understanding" and that it should never be interpreted by any nation, except the United States.

Senator Wadsworth said that he regretted that it was proposed to create a "permanent of nations" in the league instead of writing an international code of law which all nations would adopt.

Until a properly defined code of international law is built up it is the duty of the American people, Senator Wadsworth said, in closing, to maintain their right of choice which they did in declaring war against Germany.

Nelson States Position. Senator Nelson, republican of Minnesota announced that while he would support three of the committee reservations, he could not vote for that dealing with article 10 as presented by Senator Lodge and urged that this reservation be modified.

Professing his address with a discussion of the Russian situation, Senator Nelson declared American soldiers were rightfully in Russia today and that if the allies had entered the Russian empire a little while six or eight months ago, the Bolshevik government would have ceased to exist.

"It is the moral duty of the allies," he added, "to relieve the Russian people from the Bolsheviks."

Duty of Government. Senator Nelson said his objections to the reservation were largely in view to its denial of support to the newly formed independent nations of Poland and Czech-Slovakia.

"Having participated in giving birth to these two nations," said Mr. Nelson, "it is the duty of our government at least by its moral strength, to see to it that they continue to live."

Shantung Controversy is Forgotten Temporarily Because of Overhauling New Issue

HONOLULU, T. H., (AP)—Japanese and Chinese of Honolulu have, temporarily at least, found the Shantung controversy overshadowed by a new issue, the rice supply. Hoarding and profiteering, it is said, are adding to the gravity of the situation. Japanese and Chinese agree on this point but each charges the other with doing the hoarding and profiteering.

OLD NATIONAL LEAGUE STICKS TO TRADITIONS

Notions of Other Days Still Rule Aged Body of Base-ball Men

NEW YORK, (AP)—Club owners of the National league at a special meeting here yesterday declined the sanction temporary abrogation of the National agreement. The meeting, held at President John A. Heydler's office, was attended by Barney Dreyfuss, Pittsburgh; William H. Baker, Philadelphia; George W. Grant, Boston; H. W. Mason, treasurer and Judge William St. Louis; C. A. Stoneham, New York, and Charles H. Ebbetts, Brooklyn.

In answer to the recommendation of the national commission at its meeting held in Chicago September 10, 1919, the following resolution was adopted:

"First: That the National league does not concur in the recommendation of the national commission that the present national agreement be temporarily abrogated.

"Second: That we concur in the recommendation of the national commission that the National league refrain from drafting minor league players during 1919.

"Third: That we do not concur in the recommendation of the national commission that the territorial rights of the clubs of the old International league be not respected in the future under its jurisdiction. The professional commission be paid on or before thirty days after September 2, 1919."

During the meeting there was discussion as to the appointment of a new chairman for the national commission, in place of August Hermann, president of the Cincinnati club and President Heydler went on record as favoring the selection of some man who had no interest financially or otherwise in any club.

EDDIE COLLINS SHOWING CLASS

Sox Keystoner Leads Parlor-ners and Also Moves 'Way Up as Batter

CHICAGO, (AP)—Eddie Collins, star second baseman of the Chicago White Sox, stepped out in front among the base stealers last Wednesday with 21 thefts. He also climbed from tenth place among the batters of the American league who have participated in 39 or more games, to sixth place, according to averages released today.

His nearest rival for stolen base honors is Sider of St. Louis, with 27. Cobb, Detroit, is far ahead of the regular batters with an average of .295. He is topped by Eddie Murphy, pinch hitting star of Chicago, who in 24 games has batted .478.

Barney, Chicago, continued his climb among the National league batters, going from seventh to fourth place with .317. Gravenst, Philadelphia, is leading the batters with an average of .339.

Roush, Cincinnati, is being pressed by Myers, Brooklyn, for total base honors. Roush has 214 total bases, while Myers has 208.

Burns, New York, moved Grah, Cincinnati, out of the scoring honors and leads his rival by one run. Burns registered 59 runs, Pittsburgh, added another stolen base to his string and is showing the way in the paths with .357 thefts.

Brief Sport Bits

Incessantly Cincinnati points with pride to Pat Moran as a Cincinnati champion.

As Cincinnati jubilates with its considerable elation over Dick O'Brien, another Cincinnati champion.

Observing the patronymies of the two we'd say they are less Cincinnati than a lot of the men who compose the Cincinnati "Reds."

Along side of Grah, Roush, Rath, Kopf, Reuther, and various other players on the Cincinnati ball club we presume to believe Moran and O'Brien have no regular place in the Ohio line-up.

When the Sox and Reds come together in the big tilt it will doubtless become a battle of Celtic wit—Gleason vs. Moran.

Still a chance to see at least one game of good baseball here.

George Hart erstwhile trial head of the Greys, leads a hopeful band making effort to get Turley and his club rival here for one tilt in the deciding group.

Demand for Tickets to Chicago Games Exceeds All Other Seasons

CHICAGO, (AP)—Requests for reservations for the world's series games to be played in Chicago between the Cincinnati Nationals and the Chicago Americans, began coming into the local club's headquarters at a rate which surpasses any previous world's series here. All requests for reserved tickets must be made through the mail.

The White Sox have to win only one of their remaining 7 games to clinch the pennant, even though Cleveland should win all its remaining games. The finish then would be:

Barriean claims the middleweight championship of Canada and McKay the same title in Australia. The Hulley affair should be a splendid example of altruism between the two.

Irvin M. Howe, a baseball statistician of big league calibre, while not admitting, or predicting victory, for the White Sox in the coming world's conflict, presents facts and figures so glaringly in favor of Cusack's club that there seems little room left, for doubt.

A "Red" supporter asked us today if we ever read anything favorable to the Cincinnati club.

We admit we do not, because those newspapers in Cincinnati are so blamed stingy they won't send us anything unless we pay for it, and we are constitutionally broke with this living, and ever thin."

Managerial troubles seem to weigh heavily with Tris Speaker. The leader of the Cleveland club is falling down on his hitting woefully.

Speaker is hitting below .300 when he should be crowding Ty Cobb for top honors of the world.

Grand Circuit Races

COLUMBUS, O., (AP)—The first post-polem of the grand circuit meeting occurred yesterday afternoon when jockeys of the 2:00 C. T. Dunkle event, were scoring for the world. A heavy rainstorm drove them to the barn and most of the program went over until Saturday.

One heat had been raced in each of the 2:15 pace and the 2:13 trot prior to the storm.

In the 2:15 pace which was a heavy betting affair, Clifford Direct selling for \$50 in tickets calling for a total of \$1,200, finished last and according to the rules of the event raced under the Jones plan, he was ruled out and sent to the barn.

Lou Todd, somewhat of an outsider, won the first of the 2:13 trot. The unfinished program of today and the entire card of Saturday, the 2:13 pace, the 2:20 trot and the 2:00 trot will be offered on tomorrow.

Duu J. won the first heat of the 2:15 pace in 2:00 1/4. Lou Todd's time in the 2:13 trot was 2:11 3/4.

Keeping friend Husband's Admiration

Has it ever occurred to you that there is a close relationship between admiration and laundry service?

Admiration springs not alone from charm of manner. It has its origin equally in physical grace; it is awakened in men by that quality in woman called daintiness—that quality which is a combination of complexion, of carriage, of trimness, of hands well kept. Friend Husband was attracted by them in the beginning—and he admires them yet.

But nothing is so ruinous to daintiness as the toil of washday; the bending over washboards and the coarsening of hands that comes from contact with heavy soap and wash water. More than all other household duties, the family washing is destructive of personal charm.

Yet this wastage of the daintiness that is yours is needless in this day and age. If you will but say the word we will do the washing for you—do it economically and as thoroughly as you would yourself.

Try us. Let us relieve you of the noisome labor of washday. Just telephone and we will have our driver call.

ONE EQUALS SIX?

Except at one point which would seem to be very material, President Wilson seems to have been quite successful in one of his speeches at San Francisco in proving that one is equal to six as regards the one vote of the United States in that body of the proposed league of nations organization against six allotted to Great Britain.

While Great Britain has six votes in the league assembly, Mr. Wilson said, it has been "carefully arranged" so that the one vote of the United States will balance all of the six.

It was only in the assembly, he said, that six votes were given the empire, and that was not, in the main, a voting body. He declared the assembly should vote to admit a new member of a league or to recommend to any member a reconsideration of such treaty as apparently are in conflict with the covenant; but aside from these two actions, he said, no action could be taken without the concurrence of the American delegate, under the unanimity vote rule.

The council, where the great nations on an equality and where unanimity is required, Mr. Wilson declared, is the league's agency of action. The council was largely a forum, he said, where the conscience of the world would be brought to play upon the questions likely to lead to war.

Press dispatches do not show that Wilson, in this or any other speech, admitted any explanation of those provisions of the covenant which clearly provide that in some cases where there should arise between members of the league any dispute likely to lead to rupture, identical action and powers of the council shall apply to the assembly.

"It occurred in by the representatives of those members of the league represented on the council and of a majority of the other members of the league, exclusive in each case of the representatives of the parties to the dispute," and that the action taken by the assembly in such cases "shall have the same force as a report by the council concurred in by all of the members thereof other than the representatives of one or more of the parties to the dispute."

Mainly these provisions provide for the assembly in some cases of dispute likely to lead to rupture, powers at least, additional to those attributed to it by the president; and manifestly this is a matter which should be explained, if it is susceptible of explanation. The opinion is gaining ground that the president, far from "expounding the covenant, as he announced he would do, is presenting the case of the proposed league from the standpoint that might be expected of an attorney retained in the defense of the case.

One question will not down. That is, if the assembly is an innocuous debating society affording no particular advantages to the nation represented in it by more than one vote, why does Great Britain demand six representations each with one vote?

And if there are advantages to be secured through multiple representation in the assembly, why should the United States, composed of forty-eight sovereign states, be content with a single vote while Great Britain is represented by the Dominion of Canada, the Commonwealth of Australia, the Union of South Africa, the Dominion of New Zealand, and India along with its own vote?

Today's Markets

Grain and Provisions CHICAGO, (AP)—Corn dropped decidedly in value today as a result of the impending steel strike. Settlement of the Chicago building trade dispute failed as an offset, and so, too, did an advance in hog values. Selling, however, was not of an aggressive character. Opening prices, which ranged to 5-8 to 1-7 7/8 lower with December \$1.22 to 1-1/2, and May \$1.20 3/4 to 1-1/2 were followed by a moderate additional setback.

Week end covering by shorts led afterward to something of a rally. The close was unsettled, 1-4 to 1-2 net lower, with December \$1.22 1-4 to 1.22 1-2, and May \$1.20 3/4 to 1.20 3/4.

Oats sympathized with the weakness of corn. After opening 1-2 to 7/8 off, the market continued to descend. Provisions gave way with cereals. Strength in the hog market was virtually ignored. Later, the reduction of the government selling price on frozen pork and mutton became an evident factor in lowering the provision market as a whole.

FRENCH LABORERS FAVOR REVOLUTION IN RUSSIA

Resolutions Demand Nationalization of Industries and Natural Resources

LYONS, (AP)—Resolutions constituting a sort of platform for organized labor in France were adopted at the closing session on the Federation of labor here last night.

The resolutions demand the nationalization of industries under the control of producers and consumers and the nationalization of transportation, mines, water power and banks. They point out that this does not mean an extension of the attributes of the state nor the submission of industries to "functionaries," "with its irresponsibility and constitutional vices."

The convention affirmed its solidarity with the Russian revolution.

CONDITIONS IN BUDAPEST ARE MORE CRITICAL

Rumanians Accused of Stripping Country of Railway Equipment as They Withdraw; Food Dwindling

BUDAPEST, (AP)—The situation here is growing more critical. As the Rumanians withdraw they continue to requisition railway equipment of all kinds, virtually stripping the country of the means of railway transport. It is stated in Hungarian quarters that the food in Budapest is insufficient to care for the needs of the people.

The Rumanians are taking with them, it is charged, almost everything movable on which they can lay hands, including livestock, fodder and agricultural implements.

The Rumanians now demand that the Hungarians refund at par value 350,000,000 "white" kronas, or 350,000,000 "blue" kronas, or 350,000,000 "blue money" of the present government. If this is done it is stated Hungary will be wholly unable to pay for food and other necessities.

RUMANIA AVOWS WISH TO WORK IN HARMONY

Officials at Bucharest Express Desire to Co-operate with Supreme Council of Peace Conference

PARIS, (AP)—When Sir George Russell Clerk, who left here September 7 with peace conference notes for the Rumanian government, was received by officials at Bucharest, he expressed the Rumanian had no other wish than to work in harmony with the supreme council of the peace conference, according to French official dispatches.

The seventh division of the Rumanian army has arrived in Budapest, according to an official wireless message.

Social Notes

The members of the Methodist church held a reception in the church parlors last evening, honoring the Rev. and Mrs. Bennett, who have arrived to take charge of the work in the church. The rooms were beautifully decorated with fall flowers and autumn leaves. A delightful program was given, Mrs. E. B. Hull and Miss Jess Carson being the soloists for the evening. After the welcoming addresses were given by the pastors of the different churches in the city. An orchestra played throughout the evening and light refreshments were served.

The home of Mr. and Mrs. Hugh Lewis on West Third street was the scene of a pleasant surprise last evening. The guests came in costumes which caused much merriment. Ice cream, cake, and coffee were served at the close of the evening. Mr. and Mrs. Lewis expect to leave soon for an extended visit in the east.

Mrs. Huff last Thursday entertained the Shamrock club at her home. After a brief business session the members here enjoyed a social hour. The hostess served light refreshments. The club's next meeting will be at the home of Mrs. E. W. Hunter, October 2.

MEAT EATING CALLED CURSE

Women Physicians Point Out Evils Consequent on National Diet

NEW YORK, (AP)—The eating of meat was the target of attacks in addresses delivered Friday before the International Conference of Women Physicians at Columbia university. Dr. Graham Lusk, professor of physiology at Columbia university declared that "meat was the curse of the American nation and the foundation for the high cost of living." While Dr. E. V. McCullum, of Baltimore asserted that unless the consumption of meat is reduced and fresh green vegetables substituted, the nation would be stricken with some sort of plague like beri beri or pellagra.

Dr. Lusk recited the case of one family of five which ate \$10 worth of meat weekly in addition to eggs, cheese, grain, vegetables, fruit and other food products. If meat was eliminated from the family menu and more green vegetables substituted, the bill would be reduced \$10. Meat, he said, contains only 42 per cent of nutritious substances.

Dr. McCullum said that the poor had a mistaken idea that meat was an essential food with the result that they suffered from underweight.

GERMANS RE-ORGANIZING THEIR FOREIGN SERVICE

Commercial Intelligence Activities Under Direction of Brockdorff-Rantzen

WASHINGTON, (AP)—The German commercial intelligence service, which was a vital factor in furthering Germany's economic interests before the war, is being re-organized on a completely new basis, according to reliable reports received here.

The inner structure of the foreign service, the manner of selecting and training officials, and divided control between the foreign office and commercial houses, are among the changes to be made.

GRAIN GROWS IN MAN'S EAR
 LOS ANGELES, Cal., (AP)—A grain of oat, which had sprouted and started to grow, was taken from the ear of William Murray, an employe of a hay market, when he applied for medical attention at the Receiving Hospital here recently, on account of an earache.

THRIFT---and Something More!

Numberless tales have been told of goodly sums accumulated through the practice of thrift.

Too many end disappointingly by telling of the loss—through fire, theft or accident—of such savings.

These oft' recited stories emphasize this thought:

Thrift and common sense should go hand in hand. To save is commendable, but not enough—a reliable depository must be provided for savings.

We invite your account, and offer unquestioned protection.

Ban Johnson, After Long Silence, Issues a Sound from Gotham's Depths

NEW YORK (AP)--Attorneys for Ban Johnson, president of the American Baseball League and for the St. Louis and Cleveland club owners yesterday filed an answer in the suit brought against them by the New York American league club in the case of Carl Mays.

It is denied in the answer that the New York club entered into a permanent injunction and that Mays consented to continue playing with the Yankees. It also is denied that it was necessary to hold a hearing with Mays present to defend himself--or force suspending him. One of the defendant's denials relates to the assertion that at the time a temporary injunction was first applied for, the New York American had a good chance of winning the pennant.

REFEREE IS ROASTED BALTIMORE, MD. (AP)--Joe Lynch of New York, fought 12 fast rounds here last night against Frankie Massimo of Fort Wayne, with the honors even. The referee was criticized when he called the bout a draw. Mason had a shade the better of it in the third and fourth rounds but after this Lynch rained home right crosses time and again with telling effect and from the fifth to the eleventh round had the advantage.

NEARLY OUT, BUT WINS PHOENIX, (AP)--The Neff of Seattle, retained his title as lightweight champion of the southwest here tonight by gaining a referee's decision over Billy Cappelletti, of San Diego, at the end of ten fast and furious rounds. Neff was credited with four rounds, Cappelletti with 3 and three were even. Neff was groggy in the last round, but weathered the storm with a rally just before the gong sounded.

BEAT DRAWING MONDAY CINCINNATI (AP)--The drawing of applications for world's series reservations will take place next Monday morning during the week of the national commission. The making of reservations on the first envelope will be entrusted to President Heydler, of the National League, and Johnson of the American League. Final arrangements for the series will be announced at the selection made public Monday.

O'DOWD IS WINNER ST. PAUL, MINN. (AP)--Middleweight Champion Mike O'Dowd of St. Paul, outfought Schiller Barficht, of Brooklyn in a terrific 10-round bout last night at the first envelope. O'Dowd in the last two rounds and O'Dowd outboxed him to the ropes at least a dozen times. O'Dowd outboxed the eastern fighter by ten rounds.

NOTICE TO CONTRACTORS The Board of Trustees of Independent School District No. 1 of Twin Falls, Idaho, will, prior to eight o'clock a. m. of Monday, Sept. 22, 1919, the time fixed for the opening of the same, receive at their office in the High School Building sealed bids for the general construction of an intermediate school building, in connection with the present high school building. Bids must be made strictly in accordance with the plans, specifications and instructions to bidders, prepared by Burton E. Moore and Chas. R. Kaufman, architects, First National Bank Building, Twin Falls; copies of which may be obtained from the architect by making a deposit of \$25.00 to insure the same. Each bid must be accompanied by a certified check in the amount of two per cent (2%) of the amount of the bid, and made payable to W. E. Nixon, treasurer, and it to be forfeited by the successful bidder on failure to enter into a contract and furnish a satisfactory 60 per cent (60%) bond for the full performance thereof under such bid, within five days from the date the bids are opened. The board reserves the right to accept any or reject all proposals submitted. Dated Twin Falls, Idaho, Sept. 9th, 1919.

By order of the Board of Trustees of Independent School District No. 1, of Twin Falls, Idaho. D. F. CLARK, President. Attest: GEO. E. BRYANT, Clerk.

NOTICE TO CONTRACTORS Notice is hereby given that the Mayor and City Council of the City of Twin Falls, Idaho, will, on the 29th day of September, 1919, at the hour of 8 o'clock P. M., of said day, at the office of the City Clerk of said City in the waterworks building at the corner of Second Avenue North and Second Street North in the said City of Twin Falls, receive sealed bids and proposals for the work of performing the labor and furnishing the material for the construction of a five foot in width concrete sidewalk, upon the sidewalk space in front of the lots embraced in Local Improvement District No. 30 of the said City of Twin Falls, which lots and the boundaries of which district are mentioned and set forth in Ordinance No. 271 of the said City of Twin Falls, passed September 8th, 1919. Plans and specifications of said sidewalk can be seen and obtained at the office of the City Engineer of said City of Twin Falls, in the waterworks building at the location hereinbefore described. The said work must be commenced at once upon the letting of the contract and prosecuted to completion during the fall of 1919. There must be accompanied with each bid a certified check upon some reliable bank in an amount equal to ten per cent of the amount of the bid, which check shall be made payable to the City of Twin Falls, or order, in case of the failure of the successful bidder to enter in a contract for the performance of said work with the per cent (2%) of the amount of the bid and proposal, then the said check shall be forfeited to the said City and become its property. The check of the unsuccessful bidder will be returned to them upon the rejection of their bids and proposals. Payment for said work will be made in the warrants or bonds of the said City, which warrants or bonds shall be seen and obtained at the office of the City Engineer of the City of Twin Falls, and the obligation of the City but will be a lien upon the property benefited by the said improvement as shown by the assessment for said improvement. Payment for said work will be as follows: 90 per cent of the amount earned during any calendar month, as shown by the estimate of the City Engineer of said City, will be paid on the 1st Tuesday after the 1st Monday of the following month, and so on until the work is completed. The 10 per cent withheld each month will be retained until the work is completed and accepted at which time the whole amount due will be paid. The Mayor and Council reserve the right to reject any and all bids. E. J. OSTRANDER, Acting Mayor. Attest: W. A. MINNICK, City Clerk.

SCHOOLS MAY LOSE STREET

Council Favors Opening Thoroughfare Hold By District Board

What rights and titles Twin Falls School District No. 1 has now or has ever held to that portion of Seventh street east between Second and Third avenues east, are about to be lost to the school board. The city expects to reopen the street for traffic purposes.

The portion of the street ground in question was ceded to the school district, according to the standing order of the members of the board, by one of its early administrations of Twin Falls. The street was closed when the school board was granted title to block 78 for school playground purposes. When this block was acquired the school district procured title to both block 77 and 78, and in order that the property should be contiguous Seventh street between the blocks was closed.

Recently the city school board sold block 78 for commercial purposes, and at this time residences are being erected on the property. Block 77 is occupied by the Bickel school.

Soon after the board disposed of the playground block across from the Bickel school the present city council began to investigate possibility of opening the street, and the city's legal status in the matter.

Although persons now residing in Twin Falls who were members of the council ceding the property to the school board insist that official action was taken awarding the street to the district, and ordering it closed to traffic, a close scrutiny of official records of the city fail to bring any such record to light. Members of the old school board, in offices at the time in question, emphatically declare that it is to be the property of the school district. The board, however, is unable to produce any title, and there is no record at the city hall.

Believing that the city has right of possession to do as it pleases with the street councilors—recently decided in favor of the immediate opening of the street and its improvement.

FAIR BOARD TO CONTINUE POLICY OF FREE TICKETS TO SERVICE MEN

Members of Grand Army and All Veterans of the European War, Will Be Provided with Passes to Filer Exposition, Good for Entire Four Days

Soldiers of Twin Falls county, or any other county for that matter, will be admitted to the fair grounds during each day of the Twin Falls county fair free of charge.

A special soldiers' complimentary ticket will be issued to all soldiers, sailors and marines whether discharged or on furlough. These tickets will be good for gate admission during the entire fair upon presentation. They may be had upon application at the main office on the grounds a day or two before and during the fair.

The policy of according free admission to veterans of the G. A. R. and soldiers generally was inaugurated two years ago. This year it is hoped that every service man in these parts will attend the fair any day or every day. The uniform for which they will be all that is necessary to procure a four-day pass.

Exhibit entries continue to pile up in the office of the secretary and interest in the fair grows steadily day by day. All the buildings are practically ready for operation and work of putting the track and grounds in first class shape is proceeding steadily. Everything points to the biggest fair this year of any year since the opening exhibition four years ago.

FILES SUIT FOR JUDGMENT

Morgan O. Hugg has filed action in the district court against R. F. Moseley praying judgment for \$787.25, with certain allowances for prosecution costs, and for interest at 7 per cent per annum from November 1, 1917. The bulk of the claim is based upon an amount alleged to be due on a promissory note, while \$50 is said to be due from a check issued for which there were no funds in the bank upon which the check was drawn.

Jerome Folks Have Received Water Supply

TOMORROW

the canal company will be in possession of its legal rights to the natural flow of the Snake river. Tomorrow the diversion gates at Milner dam will be turned on and water will flow this way instead of to the north side, where it has been turned for the past three days.

By Monday the effect of heavy rains in the upper reaches, and waterfalls supplying the Snake with flow, will, according to officials, be noticeable. It is the belief that the river has been generally raised in the past few days.

Cool weather, with sunshine, is helping bean and potato crops, experts say. The loss at Boise threatens to continue the "fair" stuff over Sunday, too. Yesterday's temperature high mark showed a decline of one degree over the preceding day. Low for the 24 hours up to sunset was 47 degrees. Blankets are recommended for tonight.

You may rest assured of this: If a merchant uses a full page of space in which to tell store news which could have been told in a column, he fails either to serve or to profit. If he uses a column when he needed a page he makes an even greater blunder.

FILER AUCTIONEER IS GIVEN BIG ASSIGNMENT

Earl O. Walter to Officiate at Big Farm Sale at Denver

Earl O. Walter, well known auctioneer and president of the Twin Falls county fair will leave in a day or two after which he will go to Denver to take part with Dwight Lincoln of Ohio in the sale of the Western National stock show association to be held in Denver, September 30, October 1, 2, and 3.

Mr. Lincoln is perhaps the best known auctioneer of registered sheep in the country. Mr. Walter will also work with him in the sale.

Readers of store advertising understand and appreciate the fact that a merchant, in announcing price concessions, assumes a direct and inescapable ethical responsibility. No merchant who values the reputation of his store will permit the use of exaggerated claims. The people are educated as to values.

RALPH STROUD DEFEATS PAUL

Burley and Rupert Now Will Engage in Five-Game Series for Championship

With Ralph Stroud, of the Salt Lake Bees, pitching, Rupert beat Paul at Burley yesterday, thus disposing of Paul as a contender for the Southern Idaho baseball championship. The score was 7 to 5.

Swartz started for Paul but was hummered from the mound after the Ruperts had compiled a commanding lead. Herman Phillette took up the burden and stopped the rampart Ruperts. The game was attended by 1000 wild and woolly fans.

A post-season series, for the state baseball championship, is now to be played between Rupert and Burley. This series starts Monday and will be decided by a majority of wins in five games.

CHURCH MEN TO HEAR SUPERINTENDENT BLUE

School Head Will Give Address at Presbyterian Banquet Tuesday

The Men's Association of the First Presbyterian church will open their year's work with a banquet and address next Tuesday evening at 6:30.

After the banquet which will be served at 8:45, Superintendent Hal G. Blue of the city schools will give the address of the evening. His topic will be "America's Immigration Problems from the Church's Viewpoint." All men who are interested are welcome at these gatherings. Send acceptance to the secretary, Leo F. Bracken at the Idaho State bank.

UNION ACTION IS UNREPORTED

Quarry Contractors Not Advised Regarding Outcome of Labor Debate

Whatever action was officially taken at last night's meeting of the local labor council concerning a proposed strike of forces employed by the Lynch-Gannon Construction company, at the Twin Falls Highway quarry, is being held in strictest confidence. No reports of action are available from labor headquarters today.

One of the stipulations, made by representatives of the quarry contractors, when the question of settlement was authoritatively taken up, was that all demands, concessions or recollections must be made in writing. It is by the company and representatives of the dissatisfied laborers. It is expected that a day or so may elapse before a final written report of the labor council is placed in the hands of the officials of the Lynch-Gannon company.

Discharge of all Mexican workers, with a guarantee that only white laborers who are members of the Common Laborers union shall be employed by the construction, is said to be the principal contention of the working class employe in the quarry. The proposed strike was scheduled for noon yesterday but was held in abeyance.

BRINGS COUNTER COMPLAINT

In an answer to a divorce action recently filed by Warner Roberts, alleging cruelty and misconduct, Elsie Roberts denies all of the charges preferred, and, as a cross-complaint declares her husband to be the offender. She states, in the bill of particulars, that Warner Roberts beat her during his fits on two occasions, and has deserted her, also failing to provide for her. She complains, too, that he is not a fit person to have custody of their five-year-old child. The cross-complaint was filed by James W. Porter, counsel for Mrs. Roberts.

Licensed to Wed—A marriage license issued this morning to Clarence McEwen, aged 21, of Buhl, and Bertha Bentler, 18, of Twin Falls.

Judge Returns—Judge W. A. Babcock of the district court, returned today, night from Rupert. During his week he held court before jury. He will return to Rupert the first of the coming week.

Value of Uncooked Food.

Man cannot digest and assimilate mineral elements in rock; hence it is necessary for him to get the elements for structural work from fruits and vegetables. In their fresh, uncooked state, for cooking destroys the chemistry—the chemical synthesis with albumin is lost.—J. H. Tilden, M. D.

Water and the Human Body.

The specific gravity of water and the human body is virtually the same. A body in the water is supported by the pressure at all points. It is less likely to be at ease than under other circumstances. It is, therefore, more likely that it may move without aid. So crutches are often given their rest in the water.

MONEY RAISING SALE!

Extraordinary Event—

A real millinery event for the women of Twin Falls and vicinity.

20th of Sept. to Oct. 1st—

Beginning today and continuing until October 1st we will conduct a sale that will help to solve the high cost of dressing.

Our Sacrifice, Your Gain—

At this time we are compelled to make some sort of sacrifice in order to raise a large amount of money during the next few days, and inasmuch as we have bought heavily for this season we prefer to give you the benefit of this sacrifice sale when it will be worth the most to you. You will receive the benefit of it all the rest of the season and we need the money now.

Early in the Season—

Just think of a sale of this kind right at the beginning of the season, and, such a stock as we have at sacrifice prices regardless of cost.

We Need the Money Or We Wouldn't Do It—

Our merchandise is all new and of the highest quality and latest styles.
