DANIELS LACKS INFORMATION ON MARINES' MOVE

Senate Asks Report on Whether American Forces Landed at Trau to Compel Evacuation by Italians

INQUIRY IS REFERRED TO COMMANDER IN ADRIATIC

Solons also Want to Know about Use of the American Troops in Europe to Assist in Plebiscite

WASHINGTON, (AP)—Secretary Daniels was asked in a resolution by Senator Knox, republican, Pennsylvania, adopted today by the senate to report whether American marines were landed at Trau, Dalmatia, to compel its evacuation by Italian forces, as reported in press dispatches from Copenhagen and Paris.

Resolution by Senator Lodge also adopted without discussion asked the state department whether American marines were landed at Trau to aid in carrying out plebiscites of the German peace treaty for a plebiscite in Schleswig-Holstein.

The Knox resolution incorporated the Associated Press dispatches reporting the incident at Trau.

Daniel Lacks Information

Secretary Daniels said today the navy department had no information regarding the landing. Press reports some days ago that marines had been sent to Flume prompted Mr. Daniels to cable an inquiry to Rear Admiral Andrews commanding American naval forces in the Adriatic, but no reply has been received.

Reports today that American marines resulted in the dispatch of a second had been landed on the Dalmatian coast cablegram to the admiral asking for a complete report immediately. While Admiral Andrews has authority under exceptional circumstances to use his forces as he may see fit, Mr. Daniels said the secretary was in doubt that American marines had been sent ashore.

WILSON'S REPLY TO FLUME PROPOSITION IS HIDDEN

PARIS, (AP)—President Wilson has made no reply to the hidden proposition neutralizing Flume and internationalizing the docks and railways. The nature of the reply is not disclosed and the American peace delegates refuse to discuss it.

In Italian circles, however, it is reported that President Wilson has rejected the proposition and has threatened an economic boycott if Italy persisted in holding Flume without an agreement having been reached among the powers.

STRIKE ORDER ON RAILROADS PROMULGATED

Walkout Affecting More Than 600,000 Men is Ordered in England when Conference Fails

LONDON, (AP)—The conference between the railroad men's representatives and the government for an attempted adjustment of differences on the wage question today resulted in failure and a strike on the railroads has been ordered to take effect tonight at midnight.

The strike will affect probably more than 600,000 men. The government has arranged to have the mails carried by airplane and to have large motor cars from the government services made available for the conveyance of supplies to the large towns which will be seriously affected.

The promotional engineers have announced that they will join in the strike but it is stated that the government has arranged to have the workmen who drove engines during the war make runs on the principal train service routes.

Cranberries Due to Tumble on Markets

WASHINGTON, (AP)—Cranberries at the Thanksgiving, Christmas and New Year dinner feasts ought to be cheaper than years past were last although labor conditions may force growers to demand prices higher than the average. This year's crop of cranberries according to the Department of Agriculture, will be about 637,000 barrels as against 350,000 barrels last year.

WILSON CANCELS TOUR REMAINDER UNDER ORDERS FROM HIS PHYSICIAN

Illness and Physical Exhaustion Compel President to Desist from Attempt to Continue Speaking Trip in Covenant as it is Written; Will Return from Wichita, Kansas

WICHITA, Kansas, (AP)—President Wilson today cancelled the remainder of his tour under orders from his physician, Dr. Grayson, the president's physician. Dr. Grayson gave illness and physical exhaustion as the reason for the cancellation.

Although there was said to be no change in the president's condition, Dr. Grayson, the physician declared a nervous reaction affecting his digestive organs made suspension of his trip imperative.

Mr. Wilson was ill most of last night and the decision to return at once to the capital was reached just before his arrival in Wichita. The president himself wanted to continue his speaking program, but Dr. Grayson would not permit it.

The president's address which was to have been delivered at the Forum building this morning was cancelled. The presidential train did not pull into the station at Wichita, where a large crowd was waiting to welcome the president. Although he wanted to at least greet the people here, Dr. Grayson would not permit him to leave his private car.

Timidity Leaves Statement

Secretary Timidity issued the following statement: "The president has exerted himself so constantly and has been under such strain during the last year and has spent himself without reserve on this trip that it has brought on a nervous reaction in his digestive organs."

Dr. Grayson, therefore, insists upon the cancellation of his remaining appointments and his immediate return to Washington, notwithstanding the president's earnest desire to complete his engagements.

Wilson Expresses Regret

Later the following statement was issued from the train: "To the people of Wichita: I am unable to meet the fine people of Wichita and Kansas, to lay before them all the facts regarding the treaty of peace and the league of nations. I know with what candor they would desire to treat this important matter, and I am confident that their judgment of the facts would be in my favor."

Just before the train left Wichita, 11:27 o'clock, it was said the president was feeling better and was sitting up. Leaving Wichita today after a stop of about two hours, the presidential special will reach Washington Sunday morning. It will go by way of Kansas City and St. Louis.

Ordeal Too Severe

Although outwardly the president had appeared to be standing well the hard ordeal of more than three weeks of travel and speech making, it became known today that for some days he had suffered from headache. He also has been much fatigued by the confinement of his special train, in which he has spent most of his trip through crowds and speaking to audiences so large as to require all his exertion to make his voice heard.

STROKERS SEEK RIGHTS TO VOICE ON CONDITIONS

Gompers Declares Desire to Be Heard in Determining Working Conditions is Paramount Issue

HOLDS DISSATISFACTION IS FAULT OF EMPLOYERS

Declares Right of Workers to Associate Has Been Denied with Power of Influence and Wealth

WASHINGTON, (AP)—After hearing Samuel Gompers, president of the American Federation of Labor for more than three hours, the senate committee today announced that it abandoned its plans to examine tomorrow William Z. Foster, secretary of the steel workers committee, who has been accused of being a radical and an I. W. W. Chairman Kenyon announced that the inquiry would not be resumed until next week when Judge Elbert H. Gary, chairman of the board of directors of the United States Steel corporation will be heard. He gave no reason for not hearing Foster tomorrow, but said later that Foster would be called before the committee at some future time.

Gompers Defines Issue

The right of the employees to have some voice in determining the conditions under which they work is the paramount issue in the strike of steel workers, Samuel Gompers, president of the American Federation of Labor told the senate investigating committee today. Appearing as the second witness for labor, Mr. Gompers was first asked by Chairman Kenyon, to define the issue in the controversy.

"The right to be heard is what the steel workers are asking above all else," Gompers said. "The right to speak with their employers through their own representatives is the heart of the issue in determining condition under which they work."

A Harvest to Reap

"It has been said that this strike of the men taking part in this strike are of foreign birth and of non-naturalized citizens. That may be and no doubt is true. The largest proportion of steel corporation employees are of foreign birth and their names were brought here by companies."

INSPECT GRADE WEST OF BUHL

Highway Engineer Scrutinizes Road Work—Farmers to Start Monday

W. L. Johnson, chief engineer of the Twin Falls highway district, left this morning for Lulu grade, west of Buhl, where he will inspect the highway construction road work completed, now in progress, and in contemplation.

According to information gleaned at the district headquarters today final arrangements have been made for beginning work on the Hollister road next Monday morning. A recent sounding, made by highway district engineers, disclosed an ample supply of high-grade gravel all over the eleven mile stretch planned for improvement.

Hauling will all be done by farmers in the immediate vicinity of the road to be improved while grading will be under the supervision of a contractor superintended by a resident engineer from the Twin Falls office.

Bridge and culvert work, in all districts of the highway agency, has made rapid progress this summer, and according to the district engineer, will be well in hand when the open-air working season closes.

OHIO STRIKERS' PLAN TO INVADE NEIGHBOR STATE CAUSE OF GRAVE CONCERN

West Virginia Governor Declares Fulfillment of Alleged Purpose Will Be Regarded as Attack Upon Sovereignty of His Commonwealth; Governor Cox Instructs Officials to Prevent Possibility of Conflict

STRIKE CONDITIONS IN BIG STEEL REGIONS ARE VIRTUALLY UNCHANGED

STEUBENVILLE, Ohio, (AP)—Local steel strikers will hold a mass meeting at the court house here tonight at which workmen from the Weirton Steel company mills at Weirton, W. Va. near here, have been invited to attend. Union leaders have announced that if Weirton men did not turn out at this meeting local strikers will parade to Weirton the first of the week.

COX DIRECTS SHERIFF TO PREVENT DISTURBANCE

COLUMBUS, Ohio, (AP)—Upon receipt of a telegram today from Governor Cox of West Virginia to the effect that five thousand men from Steubenville and other Ohio towns near by are reported to be planning to cross the Ohio line into Hancock county, W. Va. for the purpose of compelling the workers to quit their places, Governor Cox today wired W. G. Baker, sheriff of Jefferson county, to use his best efforts in order to prevent any possibility of conflict between citizens of Ohio and West Virginia.

In his telegram to Governor Cox, Governor Cornwall said such an invasion of West Virginia by Ohio strikers "will be regarded as an attack upon the sovereignty of West Virginia."

STATE TROOPS EXCHANGE SHOTS AT PITTSBURGH

PITTSBURGH, Pa., (AP)—The strike situation in the Pittsburgh district today showed no change. Employers continue to report that men are returning to work daily and that production is on the increase. Union leaders declare that the situation is becoming more effective, with additional men joining the strike each day.

State troopers and steel workers exchanged shots early today in the woods leading to a reported head-on collision between Clairton and North Clairton. One was injured. The troopers arrested three men, all armed, and lodged them in the Clairton police station.

The path through the woods connecting the two towns, has for several days been infested with men who take shots at workers going to the steel plants. State troopers were patrolling the path when fired upon.

CONDITIONS IN OHIOAGO VIRTUALLY UNCHANGED

CHICAGO, (AP)—Conditions in the steel districts here remain virtually unchanged. The management of the Illinois Steel company announced that they had 4,000 men at work, most of whom they asserted were returned strikers. On the other hand, union leaders offered figures as proof that the strike was 100 per cent effective at several points, 90 per cent at Hammond, 95 at Gary and 98 at Indiana Harbor.

STEEL SHARES LEAD ALL OTHERS ON EXCHANGE

NEW YORK, (AP)—Steel shares led all other issues of the day on the New York stock market, overnight developments dealing with the strike situation, evidently contributing to the strength of that group.

LABOR NEEDED FOR KING HILL

Employment Bureau Has Places for Many Workers—Housekeepers Wanted

Two hundred men are wanted for the King Hill reclamation work, and other work in this district, according to an announcement by E. C. Crabtree, in charge of the employment department of the Twin Falls County Farm Bureau. Project engineers are looking for men to do the job before winter sets in so that service may be initiated in the spring.

Mr. Crabtree also announces that men are needed for work being done by Monarch Carlson, in charge of construction on Cedar Creek. Men are also needed for the highway district-crusher plant in Twin Falls. On the construction side, housekeepers just now. The bureau is receiving just enough labor applications to fill demands of farmers.

DEMOCRATS TO SEEK AUDIENCE WITH PRESIDENT TO DISCUSS COMPROMISE

WASHINGTON, (AP)—After President Wilson's return to Washington, Democratic leaders in the senate plan to seek an early conference to advise him the peace treaty situation in the senate and to discuss a possible compromise reservation.

Some prominent Democratic senators said today they planned to advise the president carefully to consider acceptances of some sort of reservations, less pretentious in character, at least. It was said to be possible that their advice would extend to recommendations that reservations be accepted or that the treaty be withdrawn from the senate, at least temporarily.

These prominent Democratic senators are convinced that the treaty cannot be passed without reservations of some description. They concluded, however, that the treaty be withdrawn from the senate, at least temporarily.

PEOPLE LEARN GOVERNMENT WILL PROVOKE WAR

Senator Cummins Denies American Duty to Reform World Map and Undertake to Maintain It

WASHINGTON, (AP)—When President Wilson ended his work at Paris peace conference, "the United States had not a friend in East Asia or Africa, and our brilliant success in the war was almost forgotten in the storm of protests which followed him as he sailed for home," Senator Cummins, republican, Iowa, declared today in address in the senate attacking the league of nations edict.

"The only thing the president brought with him which was joyfully received in America by multitudes of good people," Senator Cummins said, "was a covenant for a league of nations and this only because these people were ignorant of them without a query, that the league would bring peace to a war-wary world and would maintain it in all the years to come. Now they are understanding that there are some provisions in the covenant which must inevitably provoke war."

Senator Cummins deplored the attempt of some senators to charge the president with opposing the treaty, to accomplish their political designs, as well as efforts of the latter group to make it appear that those supporting the president were indifferent, if not hostile, toward the vital concerns of their own country.

Denies Responsibility

Senator Cummins contended that when the war was ended "our debt should have been as speedy and complete as possible." This did not mean, he said, that the United States should have abandoned its allies or made a separate peace with Germany, "but it does mean that it was our duty to associate ourselves with foreign powers in reforming the map of the world and in agreeing to maintain it as the victors had made it."

"Condemning the disposition of Shantung, Senator Cummins said he wanted to relieve the American republic "of the eternal odium of the Shantung crime," and "Pagan the disgrace of the president with men, or possibly that there would be many Shantung's, and if the principal associates powers worked in harmony it would mean a more than complete arbitrary power of the world. As men as he deplored the wrong done China he would adhere, he said, to the principles he had previously announced in his address to the senate, that awarding the province to China.

America in Danger

The man who attempts to preach the doctrine that peace with Germany with or without the league of nations means peace for the world in the real sense of the word, is a man who is selling and buying according to the prevalent customs, inflicts incalculable injury on the public.

CHARGES JAPAN WITH VIOLATING IMMIGRANT BAR

Pacific Coast Witnesses Tell the Congressional Committee Conditions May Lead to America Becoming Japanese Province

WASHINGTON, (AP)—Japan is violating the immigration barriers to this country intended to be raised by the so-called "gentlemen's agreement," declared S. McClatchey, of Sacramento, Cal., and Miller Freeman, of Seattle, Wash., today told the house immigration committee. They urged the adoption of a policy of absolute exclusion from the United States, and the deportation of natives already in this country. The committee is considering immigration legislation.

An Economic Question
Mr. McClatchey declared the situation on the Pacific coast was only an example of what would happen elsewhere, finally resulting in the United States being made a Japanese province. "The question is purely an economic one, not a racial one," declared Mr. McClatchey.

Both witnesses asserted that the Pacific coast was unable to stand against Japanese economic competition. "The Japanese government is leasing ports and using the sea as a base," said Mr. Freeman. "The only way of solving the problem is by legislation; it cannot be solved by administration of existing laws."

President for Exclusion
Mr. McClatchey said a policy of absolute exclusion of the Japanese because of their economic standards would be but practicing a policy endorsed by the Japanese in their own country against the Chinese and Koreans.

In order that the country might be efficiently advised of the Japanese problem, the witness urged the committee to send a sub-committee to the Pacific coast to make an exhaustive inquiry.

Japanese immigrants entering at Seattle for the year ending last June numbered 5,170, of which 1,802 were women, Mr. Freeman said, while Mr. McClatchey said the total number of these immigrants on the Pacific coast was about 10,000 for the year. The women are brought for "breeding purposes," Mr. Freeman asserted, adding that the children born in this country were entirely Japanese. Investigation of the Yokohama bank at Seattle was urged by Mr. Freeman, who contended that the Japanese immigrant family owned the majority stock.

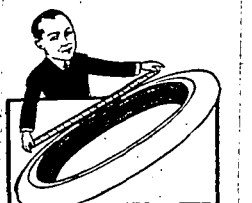

Government Backs Japanese
"The financial power of their government is back of the Japanese," he said, adding that the Japanese stores did not compete with each other, but that they were able because of their financial resources to drive small American merchants out of business. "Returning soldiers and the door of opportunity closed to them by this lien race," he declared.

Criticism Proposed Law
Proposed legislation for the admission of Japanese on a percentage basis was criticized by Mr. McClatchey, who said its enactment would "mean the collapse of the American continent."

The bill of the league for constructive immigration legislation recently advocated before the committee by Dr. Sidney Gulick, would increase immigration, Mr. McClatchey said. The plan, he explained, would permit the entry of 2,500 Japanese in 1919, 1920 and 1921, 7,500 in 1922, 15,000 in 1923 with a steady increase thereafter.

In 40 years from 1923, declared McClatchey, the Japanese population of the United States under the operation of the Gulick plan will be 10,000,000, 20,000,000; in eighty years 40,000,000, in 145 years 100,000,000.

Forty-seven per cent of the Seattle hotels are Japanese-owned, Mr. Freeman said, as are 25 per cent of the groceries, and practically all of the best farming land near Seattle. The Seattle city market is under Japanese control. Industries are being rapidly absorbed, and "movie" theatres are being bought, Mr. Freeman said. "That is not all," he added, "but is typical of conditions in all lines of business."

GOVERNMENT MARKETS FARMERS' POULTRY

Cold Storage Plant at Saskatoon
A Monday Vista

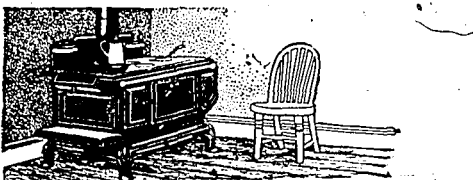

Government control of cold storage and selling is solving the poultry problem for farmers in Saskatchewan. Formerly when the farmers were ready to sell their poultry in the fall, the market was so glutted for the holiday season, that wholesalers, taking advantage of the situation, offered the lowest prices. The United States Department of Agriculture conceived the idea of a co-operative poultry marketing bureau. At first the farmers were skeptical. A special car sent through the province over the Canadian National Railways, in which experts demonstrated the advantages of government handling, convinced them. The government offered one profiteer and selling to wholesalers did not interest the farmer a spot cash deposit on the final selling value of the poultry as soon as the shipment was received. Today the co-operative marketing of poultry is universal in the province.

BRITISH WAR MEDAL TO BE GIVEN TO MARINES

King Authorizes Award to Certain Men who Served Kingdom in War on Land or Sea

LONDON, (AP)—The king has directed that the British war medal, heretofore granted only to men of the kingdom's armed and naval forces, also be awarded certain men of the British, Dominion, Colonial and Indian Mercantile Marine. The medals, in silver, will be given men of the classes who served at sea for not less than six months in the war period. A bronze mercantile marine war medal, in addition, will be given men of the classes named who served at sea on at least one voyage through a danger zone.

CLEMENCEAU WOULD HURRY RATIFICATION IN U. S.

French Premier Replies to Critics of Treaty in Chamber of Deputies

PARIS, (AP)—Speaking in the chamber of Deputies Thursday on the German peace treaty, Premier Clemenceau said that if he had any word to send the United States senate it would be that it hurry the ratification of the treaty. Alluding to the entry of the United States into the war, the premier said that France might count upon America in time of peace as well as in war. Replying to criticisms of the treaty, M. Clemenceau said the league of nations was not as perfect as President Wilson would have desired, but that he (Clemenceau) had no criticisms to offer. M. Clemenceau eulogized the American army. The war, he said, could not have been won without its aid.

The premier spoke a little more than two hours. He held the close attention of the chamber except for brief but violent interruptions by the Socialists.

His principal arguments in reply to the critics of the treaty was that France was only one of four great powers that had won the war and that therefore it could not expect a distinctly French peace. These powers had to make peace together as they had made war, he said.

HINES ACTS TO COMPEL REFRIGERATORS RELEASE
Orders Embargoes Against All Consignees who Fail to Unload Equipment Promptly

WASHINGTON, (AP)—Drastic action was taken Thursday by Director General Hines to compel the prompt release of refrigerator cars. After receiving numerous complaints of delay in the unloading of such cars, presumably by jobbers who preferred paying demurrage to losing a possible advance in the market price of the goods, Mr. Hines ordered regional directors to place embargoes against all consignees who fail to release promptly such equipment.

The situation in the west and the beginning of the Florida crop movement was said to render all reasonable measures imperative to obtain the fullest use of refrigerator cars.

Predicts Babe Ruth Will Bat .400 Clip For Season of 1920

"After Babe Ruth has satisfied himself with his batting in the home runs which never will be touched, he will become a .400 hitter. He will just meet the ball and will hit it to left field as well as to right. So declares Ed Barrow, manager of the Red Sox. And then he continued: "He wants to establish a record of thirty or thirty-five home runs and will get a lot of hits which will win him even more games than his home runs, because he'll get so many more home runs than home runs. For he'll be a legitimate .400 batter."

Ellis on Shortened Swing
"Do you remember how he shortened up on his swing early in the season and hit them in left field?" continued Barrow. "That was because we were getting after him to do that very thing. He was not getting many home runs, but he was hitting them and helping us a lot. Then he started to get the home runs, and every time he went to bat he naturally went to hit the ball out of the lot for a home run."

"No, he will not be trying to knock the ball out of the lot after this season. He will be content with his record, because it will be his and stay out of the reach of any other batter the game is likely to develop. Harry Hooper agrees with me that if Babe shorts up and hits them in left field, he will hit the ball, he will develop into one of the greatest hitters—already he is the greatest of all sluggers—the game ever has had."

Babe Will Bat 400?
"There's no question in our minds about that Babe will be a .400 hitter in the very near future. He has the ability and the very powerful arms to hit them, and back. Then, too, of course, he has the eye and the confidence. "I'll state right here that if we had the most right fielders in the league, they have in Detroit, Cleveland, and St. Louis, that Babe would make over forty, probably forty-five, home runs this year. You see those home run records ought to be figured on the basis of the different parks. And just because Babe has made his record in one of the longest right field parks in the country, he deserves all the more credit."

SOX BALL PARK IS SOME FIELD

Oomisley's Chicago Lot Most Elaborate Recreation Area in Country

CHICAGO, (P)—"White Sox Park" in Chicago where the opening game of the world series will be played between the Chicago Americans and the Cincinnati Nationals, pennant winners of their respective leagues, this season, is one of the most elaborate baseball parks in the country. At the time it was built in 1910 it was declared to be a baseball palace and since that time several other baseball parks have been erected stands along the lines of Comiskey's creation.

The White Sox park, moreover, is the only one in the country which is built on a single parcel of land. A. Comiskey, who is also the only man in the big league who is the sole owner of a club.

The tract of land upon which the steel and concrete structures are built covers four and a half acres. It was purchased by Comiskey when he decided to move his team from the Thirty-ninth street location where the stands were made of wood.

This big grand stand was started February 25, 1910 and finished July 1, of the same year. The club played part of its 1910 games on the old grandstand, which was 365 feet long, 100 feet wide and 12 feet high. In the day it was completed, twelve hundred tons of steel were used in the grandstand. The park is located at West 35th street and Shields Ave., and is reached from the city by an elevated and surface lines and numerous boulevards. The playing field is laid out with the home plate in the southwest corner of the field, thus allowing the batter to face northeast and making right field the "sun garden." The distance behind the plate to the first row of boxes in the grandstand is 82 feet, eight feet less than the major league regulations call for.

The distance down the right and left field foul lines from the home plate to the bleachers are 365 feet, two feet more than regulations. From home plate to the center field fence is 430 feet. These dimensions make the playing field the only one in the country conforming so closely to standards. The park has a seating capacity of 34,500. The original seating capacity of the park was 25,000.

Grand Circuit Races

GRAND ISLAND, NEB., (P)—Grand Island is quiet this morning after a serious demonstration last night at the county jail when a body of railroad men of this city and North Platte called on the county jailer and demanded delivery of Leon Dardine, colored, confessed slayer of Union Pacific passenger conductor Robert Massey, of Omaha, at North Platte, Monday night during an attempted kidnapping.

While the main body of men intent upon taking the law into their own hands consisted of less than a hundred men, fully a thousand were gathered on the court house grounds many of whom sympathized with the leaders. Kindling wood and gas lines had been provided at the baseball park and the burning of the negro was contemplated. Some demonstrations were made against negroes after the visit to the city and county jail, but no violence resulted.

PAY INCOME TAX BEFORE LEAVING U. S. IS WARNING

WASHINGTON, (P)—Persons desiring to leave the United States were warned today by the bureau of internal revenue that they must comply with the income tax laws before they will be permitted to depart. Aliens must satisfy all income tax obligations up to and including the month preceding their departure. Citizens must have paid all installments of tax due up to the time of his sailing and have made arrangements for the payment of future installments as they fall due.

GROCERY PRICES DROP REPORTED BY COMMITTEE

NEW YORK, (P)—Prices of groceries quoted in the semi-weekly lists issued by the committee on food prices here are 15 per cent lower today than they were the first of the year, while prices of meats have declined from 10 to 15 per cent. Arthur Williams, federal food administrator, announced today.

RECLAND ACCOMMODATIONS TO BE TAXED TO LIMIT FOR BALL SERIES

Everybody from Everywhere Seems to Have Applied for Hotel Reservations in Cincinnati for the World Championship Tilts Beginning Next Week

CINCINNATI, O., (P)—Baseball enthusiasts from all parts of the country will come to Cincinnati to see the Cincinnati Nationals and Chicago White Sox clash in the world series games, if letters requesting seat reservations and hotel accommodations can be relied upon.

President "Garry" Herrmann of the Cincinnati National was besieged weeks in advance of the closing of the National League season for tickets for the games by Cincinnati followers of the "Reds" and "Fans" from every section of the country, who desired to witness the games to be played in this city. Hotels also reported that hundreds of requests for rooms had been received. To give every attention and convenience to visitors during the world's series games, the Cincinnati chamber of commerce planned to cooperate with the Cincinnati club management.

Acting on the request of President August Herrmann the convention and publicity department of the chamber of commerce named a special committee of five to devise means for best meeting the desires of Mr. Herrmann.

Hotel Bureau Needed
The committee arranged to establish a hotel bureau, in charge of a competent staff to look after all requests for accommodations. It was decided to list every available hotel room, and to add to these accommodations a survey of every room in boarding houses and private residences where visitors could be lodged. All these rooms were to be inspected in advance so there could be no question concerning their desirability.

Word was sent to Washington, D. C., requesting the co-operation of the railroad administration in the matter of providing suitable parking places for special Pullman cars carrying large private parties to the games. It was expected that many visitors would utilize their cars for sleeping purposes while in the city, providing they had parking places.

Arrangements also were in preparation for suitable parking places for the automobiles of out of town visitors and for the parking places in the vicinity of the baseball park during the games.

Protection for Visitors
For the protection of patrons visiting Cincinnati and Chicago during the playing of the series detectives who are specialists in dealing with pickpockets and auto thieves will be very active in both cities. A large number of Chicago plain clothes men will be on duty here while the teams are in Cincinnati and in turn the local experts will mingle with the crowds when the series shifts to Chicago.

Time was when the pickpocket clans gathered from the four quarters of the country to follow the pennant winning baseball teams to the fields of world's series combats. But times have changed, and the police, and now it is easier to steal automobiles than to extract a cent from the pocket of an excited fan.

The professional "dip" still attends world's championship battles but his profession has fallen into decay. The one-time adept at snipping a sparkler from a scarpin whose artificial methods combined courage and a sort of legendary nerve as scarce as radium, according to detectives.

Lock Up the Jitney
Picking pockets always was hazardous.

How Red Legs Won Last Flag

The following is the standing of the American association for 1919, the year that the Reds won their last pennant. They won up the season with 65 games won and 25 lost, for a percentage of .688, just 141 points ahead of their nearest rival, the Philadelphia Athletics:

Club	Won	Lost	Pct.
Cincinnati	55	25	.688
Athletics	41	34	.547
Louisville	41	37	.526
Allegheny	39	39	.500

When last week's pitching records were compiled for the National League Cincinnati showed up with six hurlers at the top of the list. They are: Garner, a rookie; Salter, Lugo, Reuther, R. E. Fisher and Hod Eller.

But why fret? The best in the National league spells only fair in the American.

BRIEF SPORT BITS

Even after baseball goes into the innocuous desuetude of the hibernation period we shall still have the "rascals" and box fighters.

League champs are reeling for the coming fray.

With that Burley-Rupert row settled in a way—we can now sit back and contemplate the cross things that are going to happen to the Cincinnati Reds next week.

It is 56 years since the Redlegs won their last flag. We hope we shall be allowed to locate on this mundane sphere until they win another.

Faid our operator friend to us yesterday: "Well, you did manage to guess right for once!"

The gross fellow. He knows there was no guessing at all to it; we simply knew all along it would be the White Sox.

It was in the year 1882 that Cincinnati gazed on its last pennant winning ball team. Strange to relate the percentage of games won by the Reds that year was .688. Last Sunday, almost the close of the National League season the Reds had a percentage of .689.

LET'S GO!... so many references to the matter a commercial organization for Twin Falls have appeared in the columns of this paper...

LET'S GO!... most of us are familiar with the history of the old Twin Falls Commercial Club. Some of us were present at its birth, others have watched its wanderings through the various stages of organization, rise, decline and fall...

LET'S GO!... times have changed. Today, commercial clubs and similar civic development bodies are springing up all over the country. Old clubs are being revitalized and new ones are being established in towns which a year or two ago would have regarded such action as an extravagance...

LET'S GO!... Twin Falls has simply gotten along two or three years without a part of its civic machinery generally acknowledged to be necessary to the operation of a good town. She hasn't even a framework left. Letters addressed to the Commercial Club of Twin Falls, by them from men asking for information about Twin Falls with a view to locating here, were returned to writers because there was no one whose business it was to answer them. It is impossible to estimate the loss to the City. Men so

treated will not fail to tell others, and the damage multiplies in the telling. It is not too much to say that five years of this sort of thing would probably be enough to kill off the best town in the world.

There isn't a better town in the country than Twin Falls nor one whose people are prouder of their city and its achievements, but the thing has been running on momentum for the last two or three years and it will not continue to run indefinitely.

Such a club would be a benefit to Twin Falls. It would promote business, encourage new industries, add to the population and make for a better feeling all round. It would take away nothing that we already have and no body would be the worse off for its coming.

By all means let's get behind the movement.

WHY OBJECTION? President Wilson has only himself to blame for by far the major portion of criticism which his speaking tour through the country in the interests of ratification of the treaty and covenant without reservations has evoked.

Had Mr. Wilson made good his announced intention not to argue the proposed agreements but to expound them, it is certain that criticism of his utterances would have been reduced to a minimum.

But the president has departed far from the position as an expounder that he set for himself, and has even gone so far as to contradict his prior claim for the covenant that while it was not to be considered an absolute preventative of war it certainly would tend to make war less likely, and he declared without equivocation in an early address on the progressing tour that the ratification of the treaty and covenant as it stands would make it unnecessary for American soldiers ever to cross the seas again.

Thus false hopes are built up and advantage is given to opponents of the president's course to declare with entire truth that his statements are denied by the inexorable facts. It is most regrettable, too, that the president is slipshod in quoting the covenant, for thousands upon thousands of his hearers will never take the pains to make a close study of the instrument, and will go from the meetings with confused and erroneous understandings.

Today's Markets

Grain and Provisions CHICAGO, (AP)—Absence of buying orders led to considerable weakness in the corn market today. Besides, there was scattered liquidation on the part of holders, especially in the September delivery. Strength in foreign exchange had no apparent effect on grain values. Opening corn prices, which varied from the same as yesterday's finish to 4-3-4 lower, with December \$1.23 1-4 to 1-23 3-4 and May \$1.20 1-2 to 1-20 3-4, were followed by something of a rally in September but additional declines in December and May.

Uncertainty of the industrial outlook counted against the bulls, and so, too, did prospects of liberal deliveries on September contracts. The close was weak, 1-8 to 5 1-2 net lower, with December \$1.20 7-8 to 1-23 and May \$1.20 5-4 to 1-23 3-4.

Oats were easier with corn. After opening at 1-4c decline to a like advance, including December at 88 5-8 to 88 7-8; the market underwent a moderate general gain.

Provisions reflected the weakness of cereals. Trade was dull.

Cash Quotations CHICAGO, (AP)—Corn No. mixed \$1.35 1-2 to 1.47; No. 2 yellow \$1.44 1-2 to 1.47. Oats No. 2 white 69 1-2 to 71 1-2; No. 3 white 66 1-4 to 70 1-2. Rye No. 2 \$1.42 1-4. Barley \$1.23 to 1.34. Timothy \$9.50 to 11.25. Clover nominal. Pork nominal. Lard \$25.57. Rib \$18.50 to 19.50.

Chicago Livestock CHICAGO, (AP)— Hog receipts 12,000; strong; heavy \$16.50 to 17.40; light \$16.75 to 17.75; heavy packing \$8 7-8; the market underwent a packing news, rough \$16 to 16.50; pigs \$15 to 16.25.

FIRST PRESBYTERIAN CHURCH ASHER HAZELAN BRAND, Minister

Sunday Evening, Sept. 28, 1919

We cannot expect the Kingdom of Christ to come on earth if the social philosophy of the day is constructed by materialists who are anti-Christian. The urgent secular questions of the day—arise of poverty and wealth, capital and labor, peace and war. All of these combined create a strong demand for a social expression of the Gospel of Jesus Christ.

The times are appealing to the church to proclaim to the world that THERE IS NOT AN IDEAL IN ETHICS, A PRINCIPLE IN SOCIOLOGY, OR A PROGRAM IN POLITICAL REFORM THAT IS WORTH CONSIDERING THAT IS NOT FOUND IN THE GOSPEL OF JESUS CHRIST.

If you are at the Presbyterian Church Sunday evening at 7:30 you will hear a frank discussion of the topic, "THE DUTY OF THE CHURCH TOWARD THE SOCIAL QUESTION."

Cattle receipts 3,000; firm; beef steers, medium and heavy weight, choice and prime \$13 to 15; common \$8.50 to 11.25; heifers \$6.50 to 14.75; cows \$6.50 to 13.50; canners and cutters \$5.50 to 6.50; veal calves \$20.25 to 21.50; feeder steers \$7 to 12.50; stocker steers \$8.75 to 10; western range, steers \$6 to 15; cows and heifers \$6.50 to 13. Sheep receipts 14,000; steady; lambs \$22.50 to 15.25; culls and common \$6 to 12.25; ewes, medium, good and choice \$6.25 to 7.25; culls and common \$2 to 6.75; breeding \$7 to 13.25.

Liberty Bonds NEW YORK, (AP)—Liberty bond prices final today were: 3 1-2's \$100; first 4's \$95.25; second 4's \$94.40; first 4 1-4's \$95.50; second 4 1-4's \$94.44; third 4 1-4's \$95.00; fourth 4 1-4's \$94.44; Victory 3 3-4's \$99.00; Victory 4 3-4's \$99.94.

Potatoes CHICAGO, (AP)—Potatoes stronger; arrivals 35 cars; Minnesota, sacked and bulk, Early Ohio \$2.35 to 2.50; Wisconsin, Minnesota, bulk Round White \$2 to 2.45; Idaho Rygals, sacked, jobbing \$2.90 to 3.

MANY BIG NUMBERS IN LYCEUM COURSE

Regular High-Class Indoor Chautauqua is Promised for Coming Season

With 14 numbers scheduled for the season the Twin Falls Lyceum course has been arranged to open October 3, a season of entertainment will conclude April 2.

Lecturers of national repute are included in this schedule. Among the principal speakers is William Howard Mt. former president of the United States. Mrs. Taft recently made a tour a part of the west, striking the Lyceum circuit in the interest of the League of Nations. This winter's literary talks in the smaller cities and towns of the Lyceum circuit, it is assumed, being along the same subject lines.

Another speaker, and a writer of repute, will be Mrs. M. E. Felt, audience during the Lyceum course, is Mark Sullivan, formerly publisher of Miller's magazine. Others who will appear on the Lyceum platform, are: Elmer Walwyn, E. V. Rieu, Dr. Frank Bone, author and publicist; Roy Skephill, of the 8th Australian Infantry battalion, soldier, speaker and author; The De Mille male quartet; Tambarica orchestra; Hettie Dunaway, reader; Leade Willis, actor; Fred G. Bull, lecturer; The Grand Quartet, instrumentalists; the Bertha Farmer company, four-tuple instrumental and vocal recitals.

MEDIUM FOR SAVING FOUND IN WAR STAMPS

Total Sales in Seven Months, 1919, Amount to \$100,000,000

Total sales of war savings stamps throughout the United States for the first seven months of 1919 amounted to \$100,000,000 according to a report made by the savings division of the treasury department. The exact figure is \$95,400,476.21. This makes a capital investment of about ninety cents whereas the government at the beginning of the year asked a per capita purchase of \$10 worth of war stamps in order to meet war debts.

The saving of nearly \$100,000,000 in seven months is concrete proof that the government's thrift campaign is heeding extravagant expenditures," as reports says. The checking of extravagant buying is the only remedy for high prices. Saving \$100,000,000 means cutting down demand by 200,000,000 and turning the money to meet the needed production of necessities.

Leading economists of the country also said there is no hope of lower prices until the government generally that they must stop buying things that are not necessary and they have endorsed the United States government war savings stamps campaign as the most effective remedy to that end.

TWIN FALLS STUDENT LEADS "SOPH" CLASS

Michael Thometz Chosen President of Second Year Men at "U"

UNIVERSITY OF IDAHO, MOSCOW, (Special.)—Bryan Redwell of Boise, who was named freshman class president and Michael Thometz of Twin Falls, who received the sophomore presidency, will lead the upper classes at the University of Idaho for the first college semester.

Mary King of Boise was chosen secretary and secretary and secretary of Boise was made treasurer of the first year class. Vera Wilkinson, also of Boise, was elected sophomore-treasurer. Jack Haxthorpe of Geneva received the sophomore vice presidency and Agnes Sweeney of St. Marica was named sophomore secretary. The freshman vice president went to Esther Motie of Spokane.

DISCUSSES PLANS FOR AERIAL FLIGHT TO POLE

English Aviator Expects to Reach Southern Antipode Through Air

LONDON, (AP)—John L. Cope, leader of the expedition to the South Pole to start in June, says his complete flight to the pole will be about 750 miles. The base from which the air plane will start is about that distance from the pole. The airplane will be heavily loaded.

"We shall be compelled to take a sledge with us and extra provisions to enable us to return in case the airplane breaks down," said Mr. Cope. "Because of this additional weight it will be necessary to cut down our fuel to the minimum for taking off will be very difficult and it will be impossible to lift the machine for crossing the mountain ranges.

"We propose to set off with as much petrol as we can and then, half way on the outward journey just before we get to a range of mountains that we have to cross, to dump half of it and to pluck it up on the way back."

TO EXAMINE DAM SITE
UNIVERSITY OF IDAHO, MOSCOW, (Special.)—D. C. Livingston, professor of geology at the University of Idaho, left this afternoon for American Falls, where with W. G. Swanson, state commissioner of reclamation, he is to examine the site for a huge dam planned in connection with a proposed southern Idaho irrigation project.

MORE CARS NOW THAN PREVIOUS TO THE WAR

Director General Hines Says Situation at Present Vast Improvement

Walker D. Hines, director general of railroads, has authorized the following statement relative to the freight car situation:

"Current discussion of car shortages and related questions makes it important to bring to the attention of the public the fact that, contrary to what has been the usual assumption, conditions in this respect are substantially more favorable than they were in recent years prior to the war.

"On August 1, 1917, the total car surplus was 1,481 cars, whereas on August 1, 1919, the total car surplus was 107,800. The total number of unutilized cars on August 1, 1917, was 1,983,000. The number of freight cars in service and not withdrawn for repairs on August 1, 1919, was 2,065,000.

The very fact of unutilized control of all the railroads has tended to concentrate the comments upon any inability to handle as much as a hundred per cent of the transportation required, but the foregoing figures show that the situation during and at the end of July, 1919, was very much better than in the corresponding period in 1917. It is believed this fact ought to be borne in mind by the public in appraising the existing car service conditions.

The freight cars which freight cars have been repaired in recent months has been the subject of some comment. The number of freight cars repaired and returned to service by the end of the current calendar year has been as follows:

January	2,027,992
February	1,747,146
March	1,958,285
April	1,887,698
May	2,030,601
June	2,011,697
July	1,799,007

The fourth of July came on Friday, this year and of the proportionately small amount of work done on the following day, the fact that freight cars repaired per month in May and June kept fully up to the number repaired in January, although in May and June many shops were still working on shorter hours than in January.

TRAINED NURSE GAINS 22 POUNDS

Tanlac is a Perfectly Wonderful Medicine," Says Mrs. Josephine Freeman

Mrs. Josephine Freeman of 647 Towne avenue, Los Angeles, Cal., a graduate nurse who had practiced her profession for seven years, recently made the remarkable statement that she has not only been relieved of a case of stomach trouble of ten years standing by the use of Tanlac, but that she also gained twenty-two pounds in weight.

When asked if she would be willing for her experience with Tanlac to be published, Mrs. Freeman said: "Yes, indeed. I feel that I would be doing anyone suffering from stomach trouble and a run-down condition a good turn by getting them to take Tanlac. I feel that I have been having trouble with my stomach. I could not eat anything without suffering intense pains afterwards, and at times the weight of my body would go down and weak that could scarcely keep up my work as a nurse. I, of course, used all kinds of medicines and did everything possible but could never get me than just a little temporary relief.

"Finally a friend of my husband, who had been relieved of the same trouble by the use of Tanlac, advised me to try it, and right from the first bottle I began to feel better. My appetite came back, my blood circulation improved wonderfully, and my nerves began to quiet down. I can eat just anything I want now and never have the least pain or trouble afterwards. I sleep soundly every night and I feel rested and refreshed on getting up in the mornings. When I began taking Tanlac I was weighing one hundred and thirty pounds and now I weigh 155 pounds. I have gained the scales at one hundred and fifty-two, making an actual gain of twenty-two pounds on four bottles of Tanlac. It is a real pleasure for me to recommend the medicine that helped me so much. Tanlac is a perfectly wonderful medicine and I am glad to give credit where it is due."

Tanlac is sold in Twin Falls by City Pharmacy, in Rortegson by Thompson Drug Co., in Murtaugh by Murtaugh Drug Co., in Elgin by Elgin Pharmacy, in Bluff by C. D. Boring Brothers Co., and in Kimberly by A. L. Stowe.—adv.

HAPHAZARD

(Copyright, 1919, by the Western Newspaper Union.)

"All vacations cut to a week."

"That's the head stenographer of Merle & Co., a city mercantile house of extensive business prestige and narrow doors as to the rights of their employees."

"Shameful," came an indignant chorus.

"And no pay for the week spent away."

A rising storm of protest was speedily repressed as the manager of the establishment came into the room. There was one exception to the general group—Arline Drury. The others sat with an angry luster of eye. Her hands strayed from her typewriter, nevertheless, an expression of infinite disappointment crossed her features.

Arline had lost her mother a year previous and had been cut utterly on her own resources. She was not an expert typist and had not acquired even the fundamentals of stenography. Her position, a poor-paying one, had been thrust upon her almost grudgingly, and became a work of such drudgery that she was to tired even to give her attention to the advertisement in taking dictation.

To the usual variation with a fortnight's extra pay Arline had looked forward with glad anticipation. She had mapped out a stay at some cheap, but respectable summer resort. It seemed to her an attention to her advertisement in taking dictation.

only casually that an automobile had driven up containing a chauffeur and a motroply looking woman. The latter alighted as she caught sight of Arline and came straight up to her.

"You are Miss Eva White?" she said half interrogatively. "We have been here daily since Monday expecting you, but feared you had found some other appointment. Mrs. Elston sends the car of a nurse grand and she will indeed welcome you. John, will you take the lady's suitcase?" and almost before she was aware of it Arline found herself in the auto with the good-natured housekeeper of one of the best homes on the lake, telling her enough to know that a well-paid position was open to this Miss Eva White, who had not appeared.

"And why not?" whispered Arline to herself. "If she does not come, what wrong is done by my having a free vacation and one useful and helpful as well?" and both hopeful and tempted, Arline Drury lent herself to a deception that was favored by the non-appearance of the real nurse that day—and never.

For the first time in many years Arline drifted contentedly into a new experience that was delightful. The old Mrs. Elston treated her as if she were some real friend instead of a dependent. The second day her son Harold, a tall, handsome young fellow about two years the senior of Arline, appeared on a hasty jaunt from the city, and both hopeful and tempted, Arline Drury lent herself to a deception that was favored by the non-appearance of the real nurse that day—and never.

JUDGES AT FAIR
UNIVERSITY OF IDAHO, MOSCOW, (Special.)—Four members of the University of Idaho agricultural school faculty are serving as judges at the Idaho State Fair now being held in Boise. Dean E. J. Ildings is judging horses, Prof. H. P. Davis is judging sheep and serving as a general stock officer. She was informed that the real town was two miles distant on the lake, comprising a fashionable hotel and the homes of rich people. There were no modest houses where one could expect moderate board and lodging, and the hotel was a \$4 a day house.

Arline sat down on a bench outside the little depot, gloomed and almost homesick, contemplating the necessity of returning to the city. She noticed

ATTEST: W. A. MINNICK, City Clerk.

NOTICE TO CONTRACTORS

Notice is hereby given that the Mayor and City Council of the City of Twin Falls, Idaho, will, on the 28th day of September, 1919, at the hour of 8 o'clock P. M., of said day, at the office of the City Clerk of said City in the waterworks building at the corner of Second Avenue North and Second Street North in the said City of Twin Falls, receive sealed bids and proposals for the work of performing the labor and furnishing material for the construction of a five foot in width concrete sidewalk, upon the sidewalk space in front of the lots embraced in Local Improvement District No. 36 of the said City of Twin Falls, Idaho, and the boundary of which district are mentioned at set forth in Ordinance No. 271 of the said City of Twin Falls, passed September 8th, 1919.

Plans and specifications of said sidewalk can be seen and obtained at the office of the City Engineer of said City of Twin Falls, in the waterworks building at the location hereinafter described. The said work must be commenced at once upon the letting of the contract and prosecuted to completion during the fall of 1919. The bid must be accompanied with each bid certified check upon some reliable bank in an amount equal to ten per cent of the amount of the bid which check shall be made payable to the City of Twin Falls, or order. In the event of the failure of the successful bidder to enter in a contract for the performance of said work with the said City upon the terms of his bid as proposed, then the said check shall be forfeited to the said City and become its property. The check of the unsuccessful bidders will be returned to them upon the rejection of their bid and proposal. Payment for said work will be made in the warrants or bonds of the said City, which warrants or bonds shall not be a general obligation of the City but will be a lien upon the property benefited by the improvement as shown by the assessors for said improvement. Payment for said work will be as follows: 90 per cent of the amount earned during the calendar month, as shown by the estimate of the City Engineer of said City, will be paid on the 1st Tuesday after the 1st Monday of the following month, and so on until the work is completed. The 10 per cent within each month will be retained until the work is completed and accepted which time the whole amount due will be paid.

The Mayor and Council reserve the right to reject any and all bids.

E. J. OSTRANDER, Acting Mayor.

NORTH SIDE IS GRATEFUL

Party Thanks Expressed to Canal Company for Use of Water

Speaking for the farmers and all other persons on the north side of the canal, president of the Twin Falls Canal company, of Jerome, has written a letter of appreciation for the consideration of the Twin Falls Canal company stockholders in diverting water to relieve drought situation, and making the company for the water used to north side use.

Mr. Shepard says the supply from north side has proven sufficient stock purposes and has provided a means of filling cisterns for domestic use.

The letter, which is addressed to the Twin Falls Canal company, follows: "On behalf of the farmers on the north side I wish to express our appreciation of the generosity of the Twin Falls Canal company in giving us their water for a few days that we may be able to fill our cisterns and supply stock with water. This is not a most gracious neighborly act, it is real practical Christianity."

"The people over here have been patient during this trying time fully appreciating what you have done for them. Please be so good as to express this sentiment to your board of directors and stockholders. If I can any time be of personal service to you I shall be glad of the opportunity."

LISS OF MATRIMONY TAKES FLIGHT IN AGE

ouple Married 32 Years Decide They Made Mistake; Divorce Asked

After 32 years of conjugal life W. E. Emanuel has entered suit in the district court for divorce from Eva Emanuel. Desertion is the chief cause he has the basis for the action. In the bill of particulars filed this morning with the district court clerk statement is made that the couple married in Lebanon, Indiana May 25, 1887, and that they lived together in marital relationship until August 1, 1917, when the defendant left the bed and board of her husband, and has refused to return to his domicile. The plaintiff also recites that there are children, all of whom have attained their majority.

In a sworn stipulation attached to the bill the statement is made that a property rights settlement has been made between the contending couple by arrangements for maintenance and alimony. The defendant has also filed written appearance in court, which refusal to enter plea is acknowledged.

MOTHER LOSES HER CHILDREN

Illicit Relationship Case in the Court Brings Out Appealing Facts

Frank Garvin, a Mexican laborer, and Belvie Bradshaw, a white woman, were arraigned in the police court this morning on charge of illicit relationship. Both are said to have admitted guilt. The man was fined \$50 and has been remanded to jail pending settlement. The case against the woman was held in abeyance pending further consideration.

Arrest of the pair was made last night in Mrs. Bradshaw's room at 410 Second street south. She has two children, boys, aged 4 and 6. To the temporary confinement of these the woman has agreed, and the children are to be taken to the state home for children in Boise. Juvenile officers have charge of them. The woman has been employed as waitress in a Mexican child house. She is a divorcée, her husband now residing in Boise.

CAR KICKS OUT STREET LIGHTS

Twin Falls Joyriders Wreck Illuminating System at Burley

Reports from Burley, reaching the office of Sheriff A. N. Sprague this morning, indicate that a bunch of Twin Falls joyriders, wrought considerable damage to the Burley illuminating service. Arrests, it is said, are in prospect. The reports tell of a well rided down the main street of Burley at a somewhat late hour, the culprits occupying a large Studebaker car. It is said a young woman was at the helm when the car sped through the Burley business district, the machine ramming one of the large ornamental lamp posts set in the center of Main street. The post was demolished and the lighting system wrecked and put out of service for a considerable length of time.

SEEKS TO RECOVER CAR

In the probate court before a jury of six men, Judge O. P. Duvall presiding, an action brought by J. E. Daughy against P. S. Reynolds was brought forward for trial. The action is for the replevin of an automobile alleged to have been sold by Daughy to the defendant.

FILER BURGLARS ARE TO RECEIVE SENTENCE

Men who Have Confessed High Crime to Be Penalized This Afternoon

This afternoon Carl Olson and H. H. Wilson, confessed army deserters, and also confessed Filer store robbers, are to be taken into the district court for sentence. Judge Babcock will impose penalty.

Olson and Wilson were arrested about three weeks ago after a hardware store and the post office at Filer had been nocturnally visited and property taken. Both men have admitted guilt, and also have confessed that they are absent without leave from a United States army post in Oklahoma.

The men gave aliases when arrested, but on examination entered their correct names, also telling that after they escaped from the army post they acquired title to a Stutz automobile which, they say, was won in a poker game. Olson says the car was traded for another Stutz shortly after the winning. It was in such a machine that the men made their way west. The car is held by the authorities.
