ITALY DEMANDS FUME BE MADE ITALIAN CITY

Free Fight of Ten Minutes' Duration Marks Deputies' Session at Which Vote of Confidence in Cabinet is Given

ROME IS PRACTICALLY UNDER MARTIAL LAW

Cabinet May Resign Rather than Plunge Country into a Struggle Believed Indicated by Disorders in Chamber

PARIS (AP)—A resolution demanding that Fiume be made an Italian city has been adopted by the Italian chamber of deputies...

ROME (AP)—All the members of the chamber of deputies, with the exception of the fight in the chamber...

Debate in the chamber of deputies was interrupted by a free fight which lasted ten minutes and in which 100 deputies participated.

The correct figures for the vote of confidence given the cabinet was 209 to 148 instead of 208 to 140 as at first reported.

The chamber adjourned until Wednesday when it will decide whether a vote shall be taken on the question of discussing the peace treaties.

In consequence of the fight in the chamber several challenges to fight duels were announced between deputies and between deputies and journalists.

Debate Proceeds Disorders A prolonged heated discussion preceded the riotous scene in the chamber of the parliamentary league...

A party of socialists then rushed from their seats and toward the galleries, the group soon engaging in fistfights.

Nitti Gets Applause Premier Nitti, who had left the government benches, returned to his place and was greeted with some applause.

AVIATORS CROSS BORDER AT PERIL

Mexican Troops Have Orders to Fire on Trespassing American Flyers

EL PASO, TEXAS, (AP)—American aviators flying across Mexico will be fired upon by Mexican troops, according to a message received today from Mexico City by El Nacional, a Mexican newspaper here which stated that Ignacio Villa, Mexican ambassador at Washington, had been instructed to convey this information to the state department.

General M. M. Digney, commander of the Carranza forces in Chihuahua, has not yet been ordered to fire on the American fliers, pending the reply of the United States to Bonilla's communication, it is said.

Information was received here today from General Digney that six former Villa followers had surrendered to his troops and sought amnesty. Their pardon was granted, it was said.

The correct figures for the vote of confidence given the cabinet was 209 to 148 instead of 208 to 140 as at first reported.

NATIONAL AGREEMENT ON WORK CONDITIONS ACCEPTED

WASHINGTON, (AP)—The national agreement on working conditions for railway shopmen, establishing uniform rules for the industry, was accepted today by the railway workers.

Senator Hitecock said that the agreement was "beneath the dignity of the senate to harass the departments upon matters with which we have no direct concern."

Senator McCormick, republican, Illinois, interrupted Senator McCormick, republican, Illinois, saying that the agreement was "beneath the dignity of the senate to harass the departments upon matters with which we have no direct concern."

Senator Hitecock agreed, but added that during the war all orders for American military or naval forces were not issued in Washington.

AMERICAN MOVE UPON DALMATIA DEBATE THEME

Two Resolutions Relating to Landing of American Sailors at Trau are Introduced in the Senate

SHERMAN WOULD DECLARE ACT WITHOUT WARRANT

New Asks State Department for Information on Truth of Reports that Americans Advance Under British Orders

WASHINGTON, (AP)—Two resolutions relating to the landing of American sailors at Trau, Dalmatia, after Italian forces had taken possession of the port, were introduced in the senate today and precipitated spirited debate.

Another resolution by Senator New, republican, Indiana, would request the state department to inform the senate as to the earliest possible moment as to the truth of reports that the landing of the Americans was made under orders of the British admiralty.

Discussing his resolution, Senator Sherman said this country had been "so long proceeding under the function of a league of nations not yet formed, that it was departing from the old line of government."

FALSE REPORTS MAKING TROUBLE SAYS CARRANZA

Mexican President in Message to Congress Blames Dis- grruled Oil Operators for Exaggerated Policy Tales

MEXICO CITY, (Correspondence of The Associated Press)—Study of President Carranza's message to congress Sept. 11 brings to prominence several features of the address which were overshadowed at first.

One of the longest sections was contradictory to the department of commerce and industry, which has charge of petroleum and mining matters. Lengthy reference is made to the differences of opinion existing between the Mexican government and the petroleum companies as to their respective rights, and the direct charge is made that a great deal of discredited companies have established "an office outside Mexico for the special purpose of spreading false and exaggerated statements concerning the policies of the Mexican government in respect to petroleum." Not all petroleum companies are open to this charge, says the message.

Proposes Financial Changes

A new banking law providing for a bank of issue and materially changing the entire financial system will soon be submitted to congress, according to the message.

According to a statement prepared by the department of the treasury the government in the past ten months has received revenues totaling 125,200,000 pesos, and it is estimated that total revenues for the year will aggregate 162,000,000 pesos. Estimates for the first nine months of the year indicate a gain over a similar period last year of more than 18,000,000 pesos.

The campaign against the enemies of order has continued with success," says a portion of the message dealing with the department of war, "and assurance can be given that only a few unimportant groups of bandits are operating in some states of the republic. They are constantly being hunted and beaten by federal forces and their extermination is a matter of time.

Members of congress showed most interest in that part of the message dealing with the relations with the United States. When the president alluded to Mexico's unwillingness to join the league of nations and her determination not to recognize the Monroe Doctrine, senators and deputies applauded loudly.

Gives Congress Free Reim

There is every evidence that the present congress intends to take some definite stand on the petroleum question. The senate has before it a report by its special committee which recommends vital amendments to Article Twenty-seven, under which the petroleum industry would be nationalized. The authors of this report, Juan N. Fiers and Adalberto Rias, have announced that they are going to push the measure with vigor. Meanwhile President Carranza has intimated that he is going to let congress deliberate the matter as it will.

BELGIAN ROYALTY TO BE WILSON GUESTS THREE DAYS

WASHINGTON, (AP)—King Albert and Queen Elizabeth of Belgium will be guests of President and Mrs. Will at the White House next Saturday, Sunday and Monday, it was announced at the State department. LONDON, (Correspondence of The Associated Press)—Milk is going to cost 25 cents a quart in London during the coming winter, according to an estimate of the Ministry of Food. STEEL CORPORATION ASKS ANTI-TRUST CASE DECISION

WASHINGTON, (AP)—In a supplemental brief filed Saturday the United States Steel Corporation asked the supreme court to decide the pending anti-trust case brought by the government under the Sherman act on the basis of the situation in the steel industry growing out of the war instead of upon conditions twenty years ago. The case is to be argued soon after the court reconvenes October 6.

The corporation pointed out that in 1901 it produced 50.1 per cent of the steel, while in 1911 its proportion was only 45.7 per cent and said that despite its failure to have the suit decided before the war the corporation had proceeded to expend enormous sums of money enlarging its plants, which enable it to meet "every requirement of the government to the end of the war."

GERMANS GUARD COAL SUPPLIES

Close Cafes Early and Restrict Theaters in the Use of Light

BERLIN (Correspondence of The Associated Press)—To conserve Berlin's coal supply a move will be made to change the closing hours for cafes and restaurants from 11:30 p. m. to an earlier hour not yet decided upon. The theatres and restaurants will be restricted in their use of light and Berlin will have to expect a material restriction even before the winter so that coal can be saved.

The railroad service also will be materially restricted. Sleeping cars and dining cars will probably be entirely abolished owing to the increasing shortage of locomotives.

Germany is now short of 650 loco motives, while fourteen thousand cars are due to France.

There seems no lack of raw materials to the railroad foundries, but the workmen cannot or will not deliver their peace-time quality or quantity of labor. A locomotive in peace-time could be built in a week by 115 work-

men. Now 213 workmen are necessary to build one.

The emergency workers of Greater Berlin have published an appeal to the miners of Germany urging increased production since they say a catastrophe threatens Berlin through lack of coal, which makes it impossible to produce building materials, notably cement.

Waterways are being used in all possible cases as a substitute for steam transportation.

UTAH'S SOLONS IN SESSION TO GET EXPENSES

State Legislature Convenes to Take Action Against Alleged Profiteers and to Ratify Suffrage

SALT LAKE CITY, (AP)—Utah's legislature convened in special session at noon today for the specific purpose of providing an appropriation which will enable the attorney general of the state to enforce existing laws to prevent combinations affecting the control of prices governing the disposition of food storage products, and to consider and ratify or reject the proposed amendment to the national constitution which would extend suffrage to women.

The proposed legislation which is expected to affect the high costs of foodstuffs in Utah will come as a direct result of the recent governors' conference. It is believed that the legislation sought will be passed without delay.

National suffrage is certain to find almost unanimous support in this state, one of the first in the union to grant the vote to women. Women have held legislative office in Utah for many years and virtually every member of the legislature is pledged to vote in favor of the amendment to the national constitution.

Governor Simon Bamberger's proclamation providing for the consideration of other important subjects, but specific legislation is scheduled only to correct alleged "profiteering" and to approve national suffrage.

Pumpernickel.
Pumpernickel is the rye bread used by the Westphalian peasants, which is some other parts of Germany is regarded as a great delicacy. The loaves are sometimes so packed in water. WESTERN UNIVERSITY MAY CALL GOLF SPORT

Leland Stanford Folks Thinking of Putting Links Game on Calendar

BERKELEY, Cal., (AP)—Golf may be included in the calendar of recognized sports at the University of California and at Stanford University this college year. A challenge has already been received by the University of California from Stanford and application has been made to the authorities here for recognition of golf and official sanction of the proposed match.

Pitcgoral wants to make a good showing in the northern California golf championship tourney, is negotiating for use of the Claremont course at Claremont, in the Bay Counties championship tourney which will open Oct. 4 and continue each week end for several weeks.

They will probably face Robert and Howard Kinney, Wallace Bates and Rolland Roberts, Bowin Detric and Van Dyke St. Johns, and Axel Graven and Edward Levy, the University of California players.

BRIEF SPORT BITS

Johnny Evers says the Reds will win.

While we would not say Johnny is a "nut," we might direct attention to his prediction concerning the Cubs in the 1906 series with the White Sox.

It took the Trojan second baseman of the Cubs a long time after that series to explain just how the dope happened to go awry.

Evidently Johnny is still strong for his first love, the National league.

Anyway Evers will probably spend considerable time after the 1918 series over telling his boys it was the dope that went wrong instead of his choice of teams.

Grand Circuit Races

COLUMBUS, O., (AP)—Grand circuit racing for Ohio was closed for the year Saturday when a small program, consisting of three class trotting races, was completed.

Henry Stokes drove Jesse Y for Walter Cox and created considerable excitement when he won the 2:12 trot with her and performed something that Cox was unable to do all year—win a race with her. Hickory Bill and Roxanna Moore also won heat winners in this event before Jesse Y came through and stepped out in front in the deciding heat. Best time 2:08 1/4.

The 2:18 trot also was a split heat affair. Zora of Arch City first mile, seemed to tire in the stretch thereafter and breaks there cost her the chance to repeat. Ed H. captured this race. Best time 2:08 1/4.

The 2:18 trot had Lou Todd as a winner. In this race the judge took down Ervin from behind Black Diamond for the first time, but Ervino could do no better. Ervin was then permitted to regain take the mount in the third heat.

Ed H. and Hickory Bill became new 2:10 trotters. When Jesse Y won the third heat of the 2:11 trot, a \$2.00 ticket in the mutuals paid \$50 to its holder.

COLUMBUS, O., (AP)—Tommy Murphy, who has led all drivers for winners almost in the present grand circuit meeting, had another big afternoon of it yesterday when he won two of the four races on the program.

Direct C. Burnett again mastered a field of fast pacers in the Arch City 2:10 stake, winning in 3 evenly rated miles. Baroness Edgewood was expected to show good form, but she faltered outside the money. Time 2:03 1/2.

JAPANESE PLEDGE SUPPORT

HONOLULU, T. H., (AP)—(By Mail) Representative Japanese residents of Honolulu met recently and decided to give their full support to plans for the Pan-Pacific congress which will be held in Honolulu during the years 1920-21 under the auspices of the Pan-Pacific Union. The Pan-Pacific congress, as tentatively planned, will consist of a series of conferences here on various commercial and social problems affecting the islands. Practically every country bordering on the Pacific will be represented, it is hoped.

ARCHDEACON HOLDS SERVICE
Archdeacon Howard Stoy, of Pocatello, conducted sacramental service at the church of the Ascension (Episcopal) yesterday morning. The prelate returned to Pocatello yesterday afternoon, and will be in Twin Falls later in the week to conduct the funeral of Mrs. Edith Purdy.

Seal All Containers
SAN DIEGO, Cal., (AP)—In accordance with prohibition regulations now governing the import of wet goods into the United States, customs officers are sealing all bottles, kegs, and casks of liquor aboard steamships calling here for bunkering service, with the exception of a small allotment sufficient to appease the thirst of officers and crew while in port.

About the Tourmalines.
Tourmalines were discovered to us as gems in the eighteenth century, when some Dutch children, playing with bright colored stones on a warm summer day, noticed that they attracted and held straws and ashes. For some time after this the stones were called "ash drawers," and later it was discovered that they have electric power, greatest between the degrees of 100 and 200 Fahrenheit.

To Get Rid of Paint Stains.
Paint spilled on a doorstep is most unightly, and is often rather difficult to remove. In that case mix a strong solution of potash and wash the step, leaving the solution to soak in. In a short time the paint will become soft and can be washed off with soap and water. Then use cold water. Potash which has been left on for some time will yield to this treatment.

Ants Busy Again
HONOLULU, T. H., (By Mail) The Anti-Smoking League of Hawaii, which disbanded when prohibition became effective, is being reorganized for the purpose of assisting authorities in the enforcement of the dry laws.

New Zealand Lumber Vanishing.
At the present rate of increase in the consumption of native lumber in New Zealand it is estimated that the supply of standing timber will last not more than 30 years.

RIOT FOLLOWS JOHNSON FIGHT

Referee Takes Shot at One of Ringside Judges—One Casualty

MEXICO CITY, (AP)—Jack Johnson, former heavyweight champion of the world, knocked out Kid Cutler in the sixth round of their 25-round match here Sunday morning.

After one of the preliminary bouts a quarrel ensued over a decision given by Antonio Sarabi, the referee, and Sarabi drew a revolver and dangerously wounded Miguel Mendizabal, one of the judges.

Tapestries Brought High Price.
A collection of rare and costly tapestries and furniture belonging to the estates of Augustus Krantzke, James Stillman, and others, was sold at the American Art galleries in New York recently, and brought a total of \$57,117.50. Charles, of London, paid \$9,000, the top price, for a set of four allegorical tapestries, Italian, of the sixteenth century; \$3,500 for an Italian Renaissance tapestry, "Investing," and \$5,000 for an Italian Renaissance hunting tapestry.

Jelly Plant.
Comparatively few people know, says the American Forestry Magazine, that we are getting jelly from plants. The Jelly plant has high commercial value in the Philippines, Hawaii and other Pacific islands. The plant is an annual and attains a height of seven feet. It is probably the only plant in cultivation in which the part utilized for food is the outer which has excellent qualities for the manufacture of jelly and allied products.

THE UNIVERSAL CAR

The Ford One Ton Truck may well be classed as an agricultural necessity, it fits into and fills so many wants on the farm. It is a reliable bearer of farm burdens, not only doing the work of several horses quicker and better than the horse, and does not "eat its head off" when not working. The aggressive farmer has only to consider the possibilities of the Ford truck and he is ready to buy one. We judge this to be so from the way farmers are buying them. Truck Chassis \$550 f. o. b. IN "BACK STAGE"

Paramount Arbuckle Comedy

Fatty has the honor of being "kiink" in his new Paramount Arbuckle Production, "Back Stage," in which he is supported by Molly Malone, Al St. John, Buster Keaton and other favorites.

It is the consensus of opinion that in "Back Stage" Fatty has never been funnier and that he has never had a medium in which he could show his remarkable versatility to such an advantage.

Up to the present time only one nation which is to be represented in the council of the proposed league of nations has ratified the treaty

Prediction that France would ratify the treaty soon after it was presented remain no nearer of fulfillment now than before the long speech delivered by Premier Clemenceau in its behalf

In view of this condition, impassioned plea for hastening the vote of America, which has more to lose and less to gain than any other candidate for league membership in the event its propositions do not work out smoothly

It was to be expected that sooner or later someone in congress would make a statement credited the other day to senator Penrose that President Wilson and his party brought back from Europe jewels and other gifts from crowns heads, which the senator had been formed by customs authorities were worth more than \$1,000,000

The question thus raised is one which has been giving concern for some time to those who remember that provision in the constitution which reads as follows: No person holding any office of profit under them (the United States) shall, without the consent of the congress, accept of any present, emolument, office or title of any kind whatever from any king, prince or foreign state

It is not of record that the consent of congress was ever given or solicited for the acceptance of gifts which the president and his party are reported to have brought back from Europe

It is rather late now for congress to request to give its consent, and seemingly improbable in view of the present complexion of congress that a request would be granted

LEGION'S BILL PASSES HOUSE

Incorporation of Veterans' Fraternity Recognized by the Nation

A bill incorporating the American Legion, passed by both the House and the Senate, has been signed by the president and now the American Legion, "an organization of soldiers, sailors and marines, formerly of the military establishment of the United States," is well on its way to complete formation under the charter from the national government.

The bill was introduced in May, which was attended by 1200 delegates from all states and territories of the nation, the men returned to their homes and began the work by holding a state convention where officers were elected, constitutions were adopted, and where a series of resolutions declaring the intentions and the opinion of the service men were passed and issued to the press and public at large.

Idaho service men held their convention early in the spring of this year, and the preliminary organization was pushed with all possible speed. As a result national headquarters, in an official bulletin, credits this state with fifth place in organization of local posts.

One or more posts are now organized in 33 counties, with eleven yet to be represented in the state branch. Following are the counties and posts within each county:

COURT ACTIVITIES CHIEFLY DIVORCES

Judge Babcock, at Rupert, Severs Bonds of Six Couples in Six Days

RUPERT.—(Special)—After a very busy session the district court came to a close Thursday evening. Judge Babcock of Twin Falls, presided. During the week six divorces were granted, following: Grace Leavell vs. Frank L. Leavell, desertion given as cause. Mrs. Leavell was allowed her maiden name of Grace Kelly. Fred Speers vs. Ruth Speers, desertion. Albert Wilcox vs. Hermine Wilcox, desertion. Esther Richan vs. Fredrick Richan, cruelty and non-support. Mary McQuinn vs. W. S. McQuinn, cruelty and non-support given as the cause. Mrs. Anna Oliver vs. R. G. Oliver, drunkenness and non-support were the grounds for divorce. Mrs. Grace Scott, who sued for a divorce from Earle G. Scott was refused the decree. Cruelty was the cause alleged. Several small children were involved. A reconciliation is being attempted.

Glory of a Nation. The true glory of a nation is an intelligent, honest, industrious people. The civilization of a people depends on their individual character, and a constitution which is not an outgrowth of this character is not worth the parchment on which it is written. You look in vain in the past for a single instance where the people have preserved their liberties after their individual character was lost.—E. P. Whipple.

WAY OF TRANSGRESSOR LEADS TO PENITENTIARY

"Nigger Baby" at County Fair Worked Fast to Get Rich is Ought

RUPERT, (Special)—Walter Stanley, colored, who played the part of "niggerbaby" at the fair here, allowing the joy makers to throw baseballs at his head, feeling that money was within his grasp, decided to adopt a side line. Wednesday night he made the rounds of the concession owners at the fair grounds and went through their pockets while they slept, taking two hundred dollars.

Stanley was caught at Minidoka by Deputy Sheriff Thomason, returned and received his sentence of ten to fifteen years in the state penitentiary.

Love's Labor Lost. A young and enthusiastic golfer at a dinner party started to converse to his partner the details of a golf match that he had been playing that day. It was not until Jessert was brought in that he suddenly bethought himself that he had been talking all the time; indeed, the young lady at his side had not said a single word during the progress of the meal. "I am afraid I have been boring you with this talk," he said in half apology. "Oh, no—not at all!" was the polite response. "Only, what is golf?"

It's the Low Boiling Points that Start your Engine Purring at the First Whir of the Self Starter

Con-O-co Gasoline has the low boiling point fractions that ignite on a weak spark. That is why Con-O-co fed motors start quickly in cold weather.

Con-O-co Gasoline has the medium and higher boiling points, too—that give snappy power for quick pick-ups and most miles from every gallon of gasoline.

In Con-O-co Gasoline there are no power gaps. Its complete chain of boiling points assures powerful, quick, complete, clean combustion and no carbon. For economy and dependable engine operation it is far superior to mixtures of casing head gasoline and kerosene. Costs no more by the gallon—less per mile.

At filling time look for the Con-O-co Soldier Sign.

HALF CENTURY IS SPENT TOGETHER MR. AND MRS. PACKARD TO CELEBRATE

Golden Wedding Anniversary of Pioneer Couple Will Be Marked Tomorrow by Special Honors at Elks' Hall—Were Prime Factors in Early Social Life of the Community

Tomorrow, Mr. and Mrs. Kennedy Packard will celebrate their fiftieth wedding anniversary. The Pioneer Settlers are tendering them a reception in honor of the event at Elks Hall on Tuesday evening from 8 to 10 o'clock to which every friend of theirs is invited by the committee in charge.

MR. AND MRS. KENNEDY PACKARD

Pioneer couple who have reached fiftieth anniversary of marriage. Active in early social life of community.

Mr. and Mrs. Packard were pioneers in the Twin Falls district, coming in the fall of 1864 from Boise. Entering at once into the pioneer spirit, their home was open house for social activities, especially along the line of literary and musical festivities and the fellowship they extended to new comers. Their vital interest in church and school progression made them potent factors in the early social life.

Pioneer association. Both Mr. and Mrs. Packard were found in early days where typhoid fever raged and food was scarce in tents and covered wagons on Snake Creek. Mrs. Packard's work in associated charities has never ceased. For five years she has held the post of president of city charities, and only those in close touch with her life, know the strength and time she has freely given to the cause of suffering humanity. As organizing agent of the Daughters of the Revolution, Mrs. Packard established Twin Falls chapter. Friends in the community are asked to greet these pioneer citizens on this anniversary. At the earnest solicitation of friends, Mrs. Packard has consented to wear the dress and veil she wore as a bride.

part of a sack of sugar, showing gum, and popcorn. She claimed, it is alleged by the officials, the merchandise had been sent her by her husband from some place in Utah. When the authorities called at the place later the woman and her son, Leroy, were absent and the place locked. The goods were still in the house and were recovered.

At this morning's hearing of the Large and Neal boys facts were presented which seemed to prove the first-named to be wayward and more or less profligate, circumstances appearing to warrant immediate commitment to a place of supervised training. The other lads told of them and had retarded scholastic progress. These conditions the father agreed to remove and the boys gave pledge of improved conduct.
