## DECLARES GARY IS SOWING SEED OF LAWLESSNESS

President of Union of Iron, Steel and Tin Workers Discerns Danger in Refusal to Arbitrate

## DISPUTES HIGH WAGES CLAIM OF CORPORATION

Presence of I. W. W. Organizers Among Men is Reason Given for Failure to Delay Strike

WASHINGTON, (AP)—In refusing to arbitrate the strike, Elbert H. Gary, chairman of the board of the United States Steel corporation, "is sowing the seeds of anarchy," the senate committee investigating the strike was told today by Michael F. Tighe, president of the union of iron, steel and tin workers.

"I was very much put out yesterday by Judge Gary's refusal to compromise or arbitrate this issue," said Tighe. "He is sowing the seeds of anarchy; promoting the idea that there is no way out of industrial difficulties except by the destruction of one side or the other."

Prepared for Foster, W. Z. Foster, secretary of the general strike committee, whose alleged views as a radical have drawn considerable fire, was present at the hearing today prepared to testify after Tighe had concluded. Armed with copies of his book on "syndicalism," members of the committee were ready for sharp cross-examination of Foster.

Denies High Wage Claim Mr. Tighe told the committee that the United States Steel corporation, instead of "leading the van in advancing wages, as Judge Gary has claimed, has lagged behind our organization."

Information given to you by Judge Gary," Tighe said, "was not first-hand evidence gained from practical knowledge of the industry, but merely consisted of the statements made to him by his employees, foremen and superintendents. It was far and away from being the truth about the industry."

Denies Union Shop Tighe repeated the charge that the steel corporation arr in its history had appropriated the \$500,000 in "high wages" to include the chief executives of all international and national unions.

Timothy Shea, of the Brotherhood of Firemen, announced that he had been suggested to Director General Hines, but that no reply had been received and none was expected. Shea said that the four brotherhoods did not expect to go into the conference and it was thought the fourteen other railroad unions affiliated with the American Federation of Labor also would not participate.

Where Trouble Started Trouble over the railroad men's representation arose when all the railroad unions conference. The brotherhoods, asserting that the fourteen other unions would be represented by the delegates of the American Federation of Labor, with the exception of the Brotherhood of Labor, which was not affiliated, sought to name all four delegates.

The railway employers' department of the Federation contended that they should have direct representation by appointment of part of the four. The matter was referred to Mr. Hines, who declined to name any of the unions without success.

Wilson's Illness a Factor Illness of President Wilson was believed to be playing a considerable part in the failure of the negotiations. It was understood the problem had been held for his consideration on his return from the west and that he had been prevented it being placed before him.

The president's illness also is delaying final approval of the plans made for the conference by the department of labor.

President Gompers has called a conference of the American Federation of Labor representatives for tomorrow evening to discuss plans for their participation in the conference.

## Conference Called Without Regard to Pact Ratification

International Labor Meet Will Not Be Postponed, Greenwood Says

WASHINGTON, (AP)—Regardless of whether any additional nations ratify the peace treaty in the meantime, there will be no postponement of the international labor conference called for October 20 in Washington by President Wilson under authority conferred by the treaty. This announcement was made today by E. H. Greenwood, of the department of labor, who is in charge of the arrangements for the meeting.

Mr. Greenwood said he had received information that the delegates from Japan and several other countries already were on route to the United States and that in all twenty-two countries had indicated their desire to participate.

## NON PARTISAN LEAGUE CHARGES CONSPIRACY

Official Organ Editor Claims Plot to Wreck Bank for Political Ends

ST. PAUL, MINN., (AP)—Oliver S. Morris, editor of the Non-Partisan League, official organ of the National Non-Partisan League, issued a statement here today regarding the closing of the Scandinavian American bank of Fargo yesterday, in which he says:

"Officers of the bank state they expect to start proceedings against the state officials on the grounds of conspiracy to wreck the bank for political purposes."

Mr. Morris in his statement said: "The Scandinavian-American bank has been meeting all its obligations without even suspicion of unsoundness. But Attorney General William Langer and Secretary of State Thomas Dill, who constitute a majority of the banking board of North Dakota and are members of the Non-Partisan League, formed the plot to close the bank some weeks ago."

"They sent State Bank Examiner O. E. Loftus to Fargo, supposedly to investigate a company which desired to list stocks in North Dakota. In his absence they had the deputy bank examiner, an assistant to Mr. Langer, make a hurried examination of the accounts of the Scandinavian American bank. Langer and Dill proceeded to railroad through the banking board an order closing the bank and appointing a temporary receiver, and to start proceedings to cancel the bank's charter."

"The league has been doing a large part of its business through this bank and the bank has made large loans to the league and its subsidiary organizations. All, however, secured by collateral double in value to the loans made."

"When I left Bismarck yesterday it was expected that the American Federation of Labor would be re-opened within a week or ten days."

## STRIKE HEADS WORK TO KEEP RANKS INTACT

Defection of 1500 Men at Gary Results in Renewed Activities at Meetings and Along the Picket Lines

## EFFORTS BRING ABOUT CUT IN WORKERS' COUNT

Claims of Labor Leaders and Steel Officials in Chicago at Variance; No New Developments at Pittsburgh

GARY, IND., (AP)—Alarmed at the defection of 1,500 men from their ranks yesterday, strike leaders today exerted every effort to keep their command to keep their lines intact. A series of meetings were held at which addresses were delivered by labor leaders and the picket lines were strengthened. As a result of this activity apparently not more than 200 strikers returned to work today at the Indiana Steel company plant, where units in nearly every department were in operation. Officials of the company stated that they now have a force of about 6,000 employed. The plant is now operating at about 60 per cent of its capacity.

At the plant of the American Sheet and Tube company it was said the company was running on a basis of about 75 per cent capacity.

## CONFLICTING CLAIMS ARE PUT FORTH IN CHICAGO

CHICAGO, (AP)—Officials of steel mills in the Chicago district pointed to reports of increasing numbers of workmen resuming their tasks during the past two days and indications by many other workers of their intention to return to work, as justification for prediction that production today would amount to fifty per cent of normal. Labor leaders maintained their statements, however, that approximately 10,000 men are still in the ranks of the strikers were not being made.

## NO NEW DEVELOPMENTS IN PITTSBURGH SITUATION

PITTSBURGH, PA., (AP)—There were no new developments in the strike situation here today. Union leaders and representatives of the employers made their usual conflicting statements, the former claiming the strike was spreading, while the latter said additional men had returned to their places in the mills.

## PRESIDENT'S CONDITION SERIOUS; RELATIVES ON WAY TO WASHINGTON

All Consideration of Official Business is Denied Suffering Chief Executive and No One Except Members of Immediate Family are Permitted to See Him; Mind is Keen and Physical Condition Fairly Good, Personal Physician Asserts

WASHINGTON, (AP)—"The president's condition is unchanged," Dr. Grayson's bulletin issued at 12:15 p. m. said. Supplementing his official bulletin, Dr. Grayson told newspaper correspondents that the president's mind was keen and alert and his physical condition fairly good. He also is taking some nourishment.

In Touch with Specialist Dr. Grayson talked with Dr. F. X. Doremus, the noted neurologist, of Philadelphia, over the long distance telephone this morning. Dr. Doremus has constant touch with him. Dr. Doremus will come to Washington from time to time as Dr. Grayson feels he needs him.

Mr. McAdoo and Mrs. Sayre had the naval hospital here, and Dr. Sterling Ruffin, Mrs. Wilson's family physician, will visit the president daily.

Mr. McAdoo, Mrs. McAdoo, and Mrs. Francis Sayre, daughter of the president, are on their way to Washington this afternoon. Mrs. Sayre is coming from Cambridge, Mass. It was said that while members of the family had not been summoned to Washington from New York, Mrs. Sayre expressed a desire to come. Miss Margaret Wilson, the third daughter, is now in Washington.

No Improvement Noted There was no improvement in President Wilson's condition this morning, and Rear Admiral Grayson, his physician, held another consultation with

## RAY FISHER AIDS IN OWN DOWNFALL

Groh and Bill Bariden Bright Particular Stars for Moran's Herd, the Latter Displaying Great Throwing to Second

Cincinnati ..... E. H. R. Chicago ..... 3 7 0

## OOMISKEY PARK, CHICAGO, OCT. 3—Kerr's phenomenal pitching gave the White Sox the victory in the third world series game here today.

The score being 3 to 0. Kerr allowed the Cincinnati Reds three hits, scattered through as many innings, and one base on balls, no runs, no hits, no errors during the entire game, were they even in a dangerous position to score.

Fisher pitched fair ball for Cincinnati but his fading was not so good an error by him being a contributing factor in the White Sox scoring. The Sox, however, obtained seven hits and runs, but were at fairly opportune times.

## FIRST INNING

First Half—Bath hit out Ribberg to Gandill. The ball was a slow grounder and easily handled. Daubert flied out to Felsch. Groh struck out. He missed the lead, which was a low one. No runs, no hits, no errors.

Second Half—Lieberd sent a line drive to Neale. The latter came in to drive it to his shortstop, turning a somersault, but holding it with Eddie Collins out, Fisher to Daubert. It was an easy grounder. Weaver sent a high loop to Daubert. No runs, no hits, no errors.

## SECOND INNING

First Half—Weaver got a first ball pitcher to Ribberg who threw him out at first. Duncan singled to right center. It was on the Texas league order. Kopf drove to Ribberg who threw out at first. Ribberg swung the ball around until it was too late to get Duncan at second. Neale out Eddie Collins to Gandill. No runs, one hit, no errors.

Second Half—Jackson singled. Felsch laid down a sacrifice which Fisher threw into centerfield in an attempt to miss the ball. The latter landed a third and Felsch second. Gandill singled to right seeing Jackson and Felsch, and inking second on the throw.

That the officials in charge of the exposition fully intended to make the day a banner one, in the face of the previous weather, was exemplified on every hand, special pains having been taken to establish satisfactory communication for pedestrians between the points of interest. An ample supply of hand, especially pains having been taken to establish satisfactory communication for pedestrians between the points of interest.

## THIRD INNING

First Half—Weaver got a first ball pitcher to Ribberg who threw him out at first. Duncan singled to right center. It was on the Texas league order. Kopf drove to Ribberg who threw out at first. Ribberg swung the ball around until it was too late to get Duncan at second. Neale out Eddie Collins to Gandill. No runs, one hit, one error.

Second Half—Ed Collins drove a hot one down for a single into Gandill's hands with Ribberg several jumps away. Fisher singled. It was a short hit toward third that Kerr got to but failed in the attempt to field. He almost caught Fisher off first a moment later. Bath hoisted an easy fly to Ribberg. Eddie Collins grabbed Bath and Ribberg hoisted a ball in Ribberg forced Fisher. No runs, one hit, no errors.

## FOURTH INNING

First Half—Groh worked Kerr for a pass. Blumberg took Roush's slow grounder and barely got him at first. Groh going to second. Duncan the fly to Ribberg who tossed to Ed Collins, doubling up Groh.

No runs, no hits, no errors. Second Half—Groh took a single to first. Ribberg hit and rattled him, threw to Daubert. Fisher lost control of the ball and threw it to the backstop. Ribberg tripped to right field. Groh's easy tap that he tossed to Neale almost to the fence. Ribberg's easy tap that he tossed to Neale almost to the fence. Ribberg's easy tap that he tossed to Neale almost to the fence.

## FIFTH INNING

First Half—Kopf singled to right field. It was a fast grounder between first and second that Ed Collins grabbed. Neale drove a grounder to Gandill, who threw to Blumberg, striking Kopf, but reached first.

## TENDENCY OF AIR MACHINES ONLY JARRING NOTE OF BIG FAIR DAY

Thousands of Visitors at County Exposition Disappointed When Aerial Flight Cannot Be Made—Live Stock Show Draws Encomiums from Pedants

The approximated attendance at the county fair on Bull day was 7000, according to gate officials whose check is said to be fairly accurate. In addition about 1000 automobiles passed through the entrance gates at one time or another during the afternoon.

The only jarring note in the day's program was rather a disappointing weather, in the fact that there was no airplane flight staged during the day. It was a disappointing feature, too, for the thousands who attended the exposition on the day set apart for Bull many hundreds had not previously been in position to watch man's achievements in the air.

Excuse No Blame There was an excuse offered for the non-appearance of the biplane during the day, but no matter how genuine this excuse may be it did in no way relieve the disappointment of the throngs and the management of the fair. Had the air force of the airplane got thoroughly wetted in the rain of the previous day were given as the excuse for failure to show at the fair grounds yesterday.

That the exposition, otherwise, was enjoyed was made manifest by the visitors both orally and by actions. Every class of people who attended the affair was made a joyous festival concluding only when the band played a goodnight piece.

All races scheduled for Wednesday and postponed on account of unfavorable weather conditions were held yesterday afternoon, the program including steeple chases, harness races, special such as Roman races and motorcycle racing, were run on a track that had been especially prepared and made as fast as the ground conditions would permit.

Judging Completed During the afternoon judging was in full swing, and by night the awards were in the hands of the secretary for tabulation. Comment of the judges on the livestock shown at the fair had already been given.

That the officials in charge of the exposition fully intended to make the day a banner one, in the face of the previous weather, was exemplified on every hand, special pains having been taken to establish satisfactory communication for pedestrians between the points of interest. ## TROOPS CONTROL RIOT SITUATION

Pacification Under Way; Two Negroes Refusing to Obey Military, Killed

HELENA, Ark., (AP)—With military control established at Elaine, eighteen miles south of this city, center of the negro riot, which has lasted 48 hours have thrown Helena and Phillips county in turmoil, and other villages where the negro population predominates, in a state of confusion.

The white committee in the event of clashes which occurred at intervals since the first outbreak Tuesday night stood today for the first time in the ground. With the exception of Iron County, a deputy sheriff who was severely wounded, all of the injured were reported recovering.

No more than 200 negroes have been taken into custody by the military.

## GOTHAM GREET BELGIAN RULER

King Albert is Added to Roll of Honorary Citizens of New York

NEW YORK, (AP)—The name of King Albert of the Belgians was added today to the long roll of famous men who have been made honorary citizens of the city of New York.

From the moment that the king and his consort, Queen Elizabeth, left the Battery until his arrival at the city hall which rivaled even if it could not equal the welcome given General Pershing.

At the entrance to the city hall the King was greeted by Governor Smith and Mayor Hylan. In his address he welcomed the mayor expressed his conviction that a new and greater Belgium would arise out of the wreckage of the old.

King Albert replied, expressing New York and expressing appreciation of his reception.

The king and queen of the Belgians, with Prince Leopold, heir apparent to the throne, cast aside their royal titles.

## RAILROAD MEN BALK ON PLAN

Will Not Participate in Conference Unless Representation Basis is Changed

WASHINGTON, (AP)—Railroad unions representing about 4,000,000 workers will not participate in the industrial conference called by President Wilson for next Monday unless the basis of labor's representation is changed to include the chief executives of all international and national unions.

Timothy Shea, of the Brotherhood of Firemen, announced that he had been suggested to Director General Hines, but that no reply had been received and none was expected. Shea said that the four brotherhoods did not expect to go into the conference and it was thought the fourteen other railroad unions affiliated with the American Federation of Labor also would not participate.

## WORLD NEWS EVENTS

BELGRADE, (AP)—Stoyan Protitch, premier of Jugoslavia, has failed in his effort to form a new cabinet to take the place of the one which resigned a short time ago.

PARIS, (AP)—Advices received by the peace conference from Rome have persuaded the members of the supreme council that Italy will ratify the German peace treaty by royal decree. The general opinion in the council is that such a ratification will be valid under the Italian constitution, as the treaty does not involve any Italian territorial changes.

PARIS, (AP)—Complying with suggestions made by members of the supreme council, the Jugo-Slav government, it is learned, has given special instructions to all Jugo-Slav officers to avoid clashes with the Italians. This precaution was advised because there appears to be general belief among the peace conference delegates that certain elements among the Italians are seeking trouble with the Jugo-Slavs as an excuse for the seizure of additional territory along the Dalmatian coast.

## STRIKE STOPS PRINTING OF POPULAR MAGAZINES

New York Typesetters Leave Work to Take Vacation When Pressmen are Locked Out

NEW YORK, (AP)—With more than 250 printing plants closed as the result of a lockout instituted by employing firms against the presence of strikers, the International Union, the situation was further complicated Thursday, when, in order to avoid the heavy loss of revenue, some of the leading establishments left their work "to take a vacation."

The firms affected print "The Review of Reviews," Hearst's "Good Housekeeping," Leslie's, Judge and other nationally known magazines.

Four job printing firms are also affected.

## TREATY OF PEACE CLAIMS RIGHT OF WAY IN SENATE

Consideration of All Bills Dealing with Internal Revenue or Tariff to Be Deferred

WASHINGTON, (AP)—Consideration of all bills dealing with revision of internal revenue or tariff laws was deferred until after the debate disposition of the peace treaty, under a decision of the senate finance committee.

Among the bills are house measures proposing to raise tariffs on duty-free, tungsten and other metals. Changes in the internal revenue laws which now will go over indefinitely provide for repeal of the "luxury" war tax on soft drinks and for reduction of the tax on loganberry and other fruit juices.

Republican Leader Lodge left today for Boston to attend a republican state convention tomorrow and arrangements were made for adjournment of the senate until next Monday. No developments other than speech-making were expected before next week.

# SETTLEMENT OF BRITISH STRIKE OUTLOOK FADES

### Situation is Grave as Efforts to Mediate Between Government and National Union of Railway Men Fails

LONDON, (AP)—Hope for an early settlement of the railroad strike which seemed to brighten yesterday, faded last night when it became known that efforts to mediate between the government and the National Union of Railwaymen had failed. That the situation in grave is generally admitted. Premier Lloyd George insists the men must resume work before negotiations can be reopened. Many telegrams were received at the headquarters of the national union from provincial branches today urging that the premier's ultimatum be accepted but it was said by leaders of the organization that the government's order withholding the men's pay for the last week they worked had precluded resumption.

**Assumes Responsibility**  
Responsibility for withholding the men's wages is assumed by the government in a statement issued from Downing Street last night. It says: "The members of the National Union of Railwaymen broke their contracts and stopped work without notice in complete disregard of the effect their action would have on the persons and property of ordinary citizens in their charge. They inflicted damage on innumerable people, left food upon which the public depended for subsistence to go to waste, put vast numbers to great inconvenience, leaving them stranded without conveyances and inflicted great losses upon many by preventing them from reaching their destinations. The damages to which they are liable in law are vastly greater than the amount now being withheld."  
"If an early resumption of work occurs, different considerations may arise. In the meantime, the country is still subject to unexampled injury by the railway men's action, and, in these circumstances, the government would not be justified in handing over to the strikers a sum which would be used for prolonging a struggle undertaken without any consideration for the welfare of the public and which is endangering the whole life of the nation."

**Press Supports Government**  
Newspapers which strongly support the government, claim the latter is winning and urge no surrender. The same claim is made by the strike leaders. J. H. Thomas, leader of the railwaymen last night sent a message to the Herald, labor organ, which reads as follows:  
"Railwaymen showed the world they

could fight the Germans and are now showing they can fight for freedom here."  
Several newspapers comment adversely on the decision to withhold the payment of the last week's pay for the men. It is admitted the government's action hangs on a strictly legal point but it is urged it will infuriate the strikers. The Mail says this decision will split the government's handling of the situation and denounces it as a "signal folly."

**Union Issues Statement**  
The National Union of Railwaymen has prepared the following statement, signed by Secretary Thomas, to be shown on the screens of all motion picture houses throughout the kingdom:  
"The railwaymen are not fighting the community. I have always done my best to avoid strikes; I did on this occasion. But those who wanted to fight labor rendered my efforts ineffective. We are fighting for the lowest paid wage earners against a conspiracy to lower wages. If the wages of the railwaymen are reduced other trades will follow. This is only the first battle in the campaign and the government has thrown all its weight against me."  
"We all fought to free England. The railwaymen played their part in the struggle. We were promised an England worthy of our sacrifices. It is your fight as well as ours to obtain it. We want you to follow."  
"Except in the west of Scotland and in South Wales the situation in the provinces arising from the railway strike is not very bad."

## SERBIA LOSES ONE FIFTH OF POPULATION IN WAR

### Deaths from All Causes Number Eight Hundred Thousand, Reports Show

BELOGRADE, (AP)—One-fifth of the population of Serbia, or about 800,000 persons, perished from all causes during the war. Typhus alone claimed about 300,000 of these. No figures have yet been furnished by the Serbian war department as to the number of deaths in the army. It is known that the total number of men mobilized was 700,000. Of this number 300,000 were combat troops and 400,000 were used in various auxiliary services. About 100,000 Serbians were interned in Bulgaria during the war, and of these about 50,000 are believed to have perished, according to the reports of the international commission.

## BRAZIL IS NOT NEGLECTED BY FOREIGN TRADE

### Many Nationalities Recognize Growing Commercial Importance and the Advantage of Extended Relations

RIO DE JANEIRO, Brazil, (AP)—That countries other than the United States realize the growing commercial importance of Brazil and the advantage of establishing new or more extended relations with the largest and perhaps richest of all South American countries is indicated by the large number of foreign concerns establishing offices or agencies here, or seeking Federal permission to carry on business in Brazil.

**Many Visitors Arriving**  
Every steamer from Europe and the United States brings its quota of business representatives who come prepared to embark in business at once, or to survey the situation and decide upon the desirability of entering the field.  
During the last few months an unusual number of new concerns have been authorized to do business here. Those include not only companies organized in Brazil, but also many organized and financed in the United States and Europe.

**Cover Wide Field**  
The new enterprises will cover wide fields of activity, ranging from the banking, insurance and shipbuilding to the establishment of seaside resorts. The greater number of them, however, will engage in the business of importing and exporting. One of the new companies is organized with Lisbon and Oporto capital amounting to \$5,000,000 and proposes to foster trade between Brazil and Portugal and her colonies in West Africa.

## Navajos Contribute Blankets to Relief

SALT LAKE CITY, Utah, (AP)—Indians of the Navajo reservation, San Juan county, Utah, have made a unique contribution to the American Red Cross in six genuine Navajo blankets. The blankets were recently completed and given to the Red Cross chapter at Monticello, county seat of San Juan county.

What is considered unusual is the fact that they are genuine Navajo blankets, and that they should have come from the squaws on the reservation to the Red Cross unsolicited. The average time required in making a genuine Navajo blanket, five by six feet, is thirty days, according to experts. The blankets bear the red cross on white and gray fields.

## PROPOSES NEW RESERVATIONS

### Georgia Senator Sponsors Seven Modifications of Treaty Terms

WASHINGTON, (AP)—Opposing textual changes necessitating resubmission to Germany without reservations to be impossible, Senator Smith, democrat of Georgia, in the Senate Thursday proposed seven reservations to the peace treaty. They should be adopted, he said, to clear up "doubtful or objectionable language."  
While only specifying seven reservations, Senator Smith said he believed "substantial" modification, should be placed upon the labor provisions, but he withheld suggestions because other senators contemplated proposing a reservation covering that provision.  
Senator Smith's first reservation is a substitute for the amendment of Senator Johnson, republican, California, designed to equalize the voting power in both the assembly and supreme council under the league of nations. The next three are similar to those reported by the senate foreign relations committee affecting the right to withdraw from the league, the Monroe doctrine and reserving the right of this country to control its own internal affairs.

The fifth reservation covers article ten and Senator Smith said the United States could not assume, under article ten or any other article, obligations to preserve the territorial integrity or political independence of any country or in case of controversies between other nations, to engage in economic boycotts. The reservation further provides that mandates cannot be accepted for this country without congress' approval.  
As new reservations, Senator Smith proposed that the reparations commission could not interfere with commerce between the United States and Germany except with this country's consent and that all persons filling positions created by the treaty must be appointed by the president with the senate's consent. Amendments to the league covenant also would be ratified by the senate.

The Moline Universal is the first tractor to be regularly equipped with a complete electric starting and lighting system, indicating the advanced standard of the Moline Universal design.  
The electric starter saves many hours of production in the field, due to the elimination of delays in starting, and also conserves fuel, there being no hesitancy on the part of the operator to shut off the engine when standing idle. All that is necessary to start the engine on the Moline Universal Tractor is to push the clutch lever forward. This enables a boy or woman to handle the tractor as easily as a man, and contributes greatly toward solving the farm help problem.  
The Moline Universal can be used at night equally as well as in the daytime, being equipped with two powerful electric searchlights, one at the front of the tractor for throwing light ahead, and one at the rear to illuminate the work being performed. This feature is especially valuable in rush seasons when being able to work the tractor continuously day and night may save hundreds of dollars.  
Other mechanical features of the Moline Universal Tractor are so many that space does not permit their enumeration here. An examination and comparison will show that in point of construction it is easily the most advanced tractor on the market.  
You are cordially invited to call at our establishment and to acquaint yourself with the features that make the Moline Universal Tractor an acre in the farm tractor field. We welcome the opportunity to demonstrate.

HAPPY FLESCH HOLDS OUTFIELDER RECORD

In One Game White Sox Star Accepted Twelve Chances Without a Slip

CHICAGO, (AP)—Oscar "Happy" Flesch, who plays center field for the White Sox against the Cincinnati Reds, is the holder of a new record for major league center fielders. On June 20, 1918, while the White Sox were playing Cleveland, "Happy" accepted twelve chances without a slip. Eleven of his chances were flies and one an assist.

Jimmy Slagle, while playing right field for the Chicago Nationals, in 1907, made twelve putouts, and this is the record for all outfielders, as far as put-outs are concerned.

In 1877, Schaefer, who played right field for the Braves, had seven putouts and four assists. Horstmann, left fielder for the same club, gathered ten putouts and one assist—in 1881. O'Brien of the old Metropolitan club had eleven putouts in 1887, but made an error. Dick Harley of the Cardinals, in 1918, had eleven putouts and Topsy Hartel, while with the Cubs in 1906, grabbed off the number.

Proposals for Sale of Settlement Board Lands to Be Considered

SACRAMENTO, Cal., (AP)—Proposals for the sale to the California Land Settlement board of tracts of land, upon which settlers will be placed next spring, are to be considered by the board October 6.

Twelve thousand acres are to be settled in state farms, similar to those at the colony established by the state at Durham, Cal. Elwood Mead, chairman of the board, recently announced.

Under the state land settlement plan, the state gives the farmer a financial start, and enables him to pay back the loan in easy installments. At the Durham tract, farms were taken over by the state as rapidly as the lands could be subdivided and prepared for settlement. All available lands within this tract have been taken over, the farmers are making money, reports of the state board indicate.

OBSERVE ATONEMENT DAY

Orthodox Jews Throughout World Celebrate Event Terminating Pentecost

SAN FRANCISCO, (AP)—Orthodox Jews here and throughout the world will begin the observance at sundown today of the Day of Atonement, uniting the Festivals which began with Rosh Hashanah, the festival marking the advent of the Hebrew year 5680.

The Day of Atonement will be followed the day later by the Feast of Succoth or Tabernacles which lasts for eight days and commemorates the ancient Palestinian harvest festival.

CONFIDENCE MEN USE UNIFORM TO TRICK PUBLIC

LONDON, (AP)—Confidence men here have a newer means of victimizing credulous persons. Dressed in army officers' uniforms these tricksters produce papers purporting to show upon which they are entitled to a monthly allowance payable the following day and offer to sell the paper at a reduced figure.

He desires to render a service man some return has led many persons to the exchange of \$75 or \$100 for one of those worthless allowance forms, according to police reports. Public warnings have resulted.

OLEMENECAU OF BLUE BLOOD

PARIS, (AP)—Georges Clemenceau, Premier of France, is of noble descent, according to the Armorial France, which has been looking up his pedigree. The Clemenceau family, it says, can be traced to Johan Clemenceau, master printer for the King of Lower Poitou, who in the fifteenth century obtained from Louis XII a patent of nobility and henceforth was known as Jehan Clemenceau de la Clémence. The arms granted to him consisted of "two keys argent crossed on a field azure."

FORMER MINISTER TO CHINA TO BE HEE ADVISOR

HONOLULU, T. H., (AP)—Paul S. Reich, who recently resigned as American minister to China, arrived here Thursday on his way to Washington, D. C., where he will act as special adviser for the Chinese government. Mr. Reich refused to discuss the question of the award of German rights in the Shantung peninsula to Japan, as provided in the peace treaty.

AMERICAN EMMIGRATION TO CANADA INCREASING

OTTAWA, ONT., (AP)—Approximately 7,000 more Americans immigrated into Canada in the first eight months of 1919 than in the corresponding period last year, according to official figures made public here today. Of the 3,000 persons who this year crossed the border, more than half were farmers.

Umph! How come! Hits, and few of them, following walks, did the trick.

Confidence seems to be the great asset of the Rhineland bunch.

On Sox field today things should have a different hue—makes a heap of difference whose dump it is.

Sim Smiley, sagebrush sage, says: "Wall, I guess we'll have to concede them two; but that's abouten th' limit, ain't it? huh!"

We don't know what Gleason is going to do now for twirlers, but it's his worry, not ours.

Better join the News' World Series group—it is just a shade better than any other service in the country—SEI the play by play—a new system that nobody else ever thought about.

The A. P., in that rousing fourth inning, said the Cincinnati fans cheered. We'll bet it was a whisper alongside of the uproar in front of the News office as the operator put the dots and dashes down on the mill in language the folks run understand.

The guy who picked the Rhineland—certainly is getting a run for his boot—no far.

About every once in a lifetime a fellow will be right, anyway. Just can't help it.

AMERICAN SECTORS IN EUROPE TO BE REDUCED

Active Garrisons Will Be Maintained After October 10 Only at Brast and Paris

WASHINGTON, (AP)—Brast and Paris will be the only sectors in which active American garrisons will be maintained after October 10, the war department announced today.

Small detachments of railway and signal corps troops will be busy for some time in outlying districts and a contingent of about 55 officers and men will remain in England attending to liquidation matters.

Commissioned personnel serving with the American forces in Germany will be limited to 400 men hereafter, the shortage of officers necessitating this reduction.

You've waited in the hope that the price would be lowered. Today's ads may bring you the good tidings.

Well Known Local Men Buy the Record and Assume Management at Once

Juneau H. Shinn and Henry E. Lammera, both of Filer, have taken over the plant and management of the Filer Record, a weekly newspaper established some years ago by the late J. W. Tanner.

Mr. Shinn is one of the better known younger business men of Filer. He returned recently from service in the naval reserve. He has had considerable newspaper experience having on a number of occasions done special work for the Twin Falls News with signal success. His partner, Mr. Lammera, says twenty months service in France and is also familiar with the newspaper business through some years of association with the plant under the Tanner ownership.

The paper will be an independent newspaper, it is announced. W. M. Zentz, the present publisher will remain with the new organization for a time.

Efficiency

In men and nations means no lost motion—no waste. The efficient man buys without stint the things he wants but he does not waste on things which give no real pleasure or use.

The earlier a man starts to save, the less likely he is to indulge in wasteful habits. Habits are easy to acquire—hard to break.

The habit of putting away what you can spare into a savings account at the First National Bank is a good habit to start. \$1.00 or more as an initial deposit will open an account.

The Shame of Ardmore: An unenviable position is occupied today by the town of Ardmore, Oklahoma...

It is beside the question altogether to argue that Senator Reed was warned by a mass meeting not to come to Ardmore...

The question which Senator Reed undertook to discuss at Ardmore is one that cannot be settled by appeal to passion or prejudice.

Not merely courtesy but a proper consideration for their own interests along with the interests of all Americans which are at stake in the decision to be made would have prompted the granting at Ardmore of at least a hearing to Senator Reed's argument.

It is to be expected that the disgraceful conduct on the part of certain Ardmore citizens in respect to this incident will be deplored very generally as well by those already committed to the opinion that the innovation is a desirable one as by those who remain unconvinced.

Certain it is that the conduct of Ardmore is not such as makes for peace either in the community or in the world at large, league or no league.

"When the management signs a contract as to scales and working conditions, it is a union shop," he explained.

I. W. W. a Factor "Why could not the strike be delayed at the president's request?" asked Chairman Keyton.

"Because there was a number of I. W. W. organizers among the men," said Tighe.

"If we had delayed, they would have said that the American Federation of Labor could not do anything. They would have succeeded in calling some sporadic strikes anyway."

"Then, in the last analysis, the I. W. W. caused this strike," said Senator Sterling.

"Oh, don't take that view," Tighe responded. "If we had gotten conference with Judge Gary, we would have had something to show these men—that their interests were being protected, and could have held them on the job."

PORTLAND MAN HAS GAINED 29 POUNDS

C. J. Foleen Had Been Told Operation Was His Only Hope.

"I had more faith in Taniae than any medicine I have ever seen, and I'll tell you why I say this," said C. J. Foleen, a well known mechanic who is employed by the Southern Pacific Railway Co., and who lives at 801 East 20th st., Portland, Ore., while talking to a Taniae representative the other day.

"I suffered from stomach trouble for three years or more," continued Mr. Foleen, "and when I commenced taking Taniae, I was so weak and run down that I was not able to do any work at all. At one time I was in the hospital for seven weeks, and after the very best of treatment there, I was told that nothing but an operation would do me any good, and that I would have to submit to it if I ever expected to be well again. I refused to undergo the operation, and was told the night they could do nothing more for me, so I pulled up and went home. Well, after I got home I began to diet myself, thinking that might help me, but I soon found that even milk and soup, and a soft cooked egg, would cause gas to form on my stomach, and I would have the worst cramping spells you have ever heard of. I just kept on suffering and getting weaker all the time until I was about all in."

"Then I heard about Taniae, and the great things it was doing for so many other people, and I bought a bottle and commenced taking it. Well,

as I figured that Taniae would give me some relief, but I had no idea that it was going to make such a glorious sweep of my troubles, and put me in the fine condition I am now in. Why, I have gained twenty-nine pounds, and in a short time I was free from pain and distress as any man on earth. My stomach troubles all disappeared, and my appetite came back in full force, and up to this day, I can hardly get enough to eat. Everything I eat agrees with me; and when sleep comes I can go to bed and sleep like a rock right through until daylight. Now that was just a year ago, when Taniae pulled me out of all that trouble, and I haven't had a day since my work since, and my health has been just fine ever since."

Taniae is sold in Twin Falls by City Pharmacy, in Rogerson by Thompson Drug Co., in Murtagh by Murtagh Drug Co., in Filer by A. B. Wood, in Buhl by C. D. Boring Brothers Co., and in Kimberly by A. L. Stowe—adv.

WOULD VISIT WILSON

It was learned today that King Albert expressed the wish to go to Washington incognito in order to express in person his sympathy with President Wilson in his illness. The king abandoned his plans on receipt of a telegram from Rear Admiral Cary T. Grayson, the president's physician, that the president's condition rendered it necessary to prohibit his receiving any visitors.

PRESIDENT'S CONDITION GRAVE, SAYS NEUROLOGIST

PHILADELPHIA, (AP)—Dr. Francis X. Bertram of this city, noted neurologist, who examined President Wilson at a consulting physician, said today that "the president's condition is grave but that he is of a cheerful frame of mind."

Mr. Wilson, according to Dr. Bertram, realizes that he is a sick man and is making an effort to cease chafing under the restraint which compels him to relinquish temporarily the helm of the administration. By nature, said the neurologist, he is "a hard man to handle" from the viewpoint of a physician.

"The president is not the type of man to be worried by his symptoms," said Dr. Bertram. "It is his own strength, when he should have been bandaging after the strain of the peace conference."

Upon his arrival, Dr. Bertram said to newspaper reporters:

To make advertising "PAY" YOU take quick advantage of advertised offerings that appeal to you.

"The president is profoundly exhausted and very weak. He remained in bed all day. He had no temperature, but the fact that he was up and about on Wednesday and became so completely exhausted late caused everyone to be a little apprehensive."

# CAREY ACT LAND DRAWING

## AT BUHL, IDAHO

### Opening Idaho Farm Development Co. Project Adjoining Twin Falls Tract

ALLOTMENTS WILL BE UNDER DRAWING CONDUCTED BY THE STATE AUTHORITIES AT BUHL, IDAHO

# TUESDAY, OCTOBER 14, 1919

## Land Easy to Irrigate

No land ever reclaimed in Idaho was better suited for watering. The contour is regular, the slope gradual and the freedom from rock remarkable.

Typical View of Project

Note to the Man Who Rents Land—you are paying from \$20 to \$35 rental per acre for land. If you buy land on this tract under the above terms, you will pay but \$0.01 1-2 per acre per year for 13 years, and will then OWN the land.

Think this over. Measure its full meaning to you. You will have paid out approximately one-third of the money and will own your own ranch. Save the expense and annoyance of moving. Become permanent. Be known as a land owner instead of a renter.

In comparison with other values on the Twin Falls tract, surely it is fair to assume that this land will sell for \$300 per acre within the next four years. Aside from saving the rent, don't you want to make the profit of \$175 per acre advance in value?

This project lies in the west end of Twin Falls County and adjoins the Twin Falls project on the west and is the connecting link between the Twin Falls project and the proposed Bruneau project. It lies 11 miles south and 6 miles west of Buhl and 7 miles from Castleford. There is a complete road from Buhl to the project which renders it very accessible. The road is suitable for hauling either with team or motor truck.

There are thousands of acres of open range adjoining this project on the south and west, because of which it is especially suitable for sheep and cattle men, and because of which it should also be more suitable for general farm purposes than lands that are not accessible to the range, for it will insure a ready sale of practically everything produced, right at the farmer's door. The contour of the land is praised by everyone who has had an opportunity to see it. It has a gentle slope to the northeast, just enough for suitable drainage, and anyone having had experience in this country knows that a northeast slope is by far the most desirable land.

The soil is lava ash, practically free from rock. A 1120-acre ranch which has been in operation in the center of the tract for the past 7 years has proven conclusively that there is no better tract of land in the Northwest for the production of grain, alfalfa and fruit. These statements can be verified by visiting the ranch. The construction work on this project will all be completed on or about November 1st, and water will be stored during the winter and spring which will be available for use during next year. The storage reservoir will be supplied by four streams, namely, Cedar Creek, House Creek, Devil and Deadwood Creeks, and the reservoir is so constructed that the flood waters can be retained, as well as the normal flow.

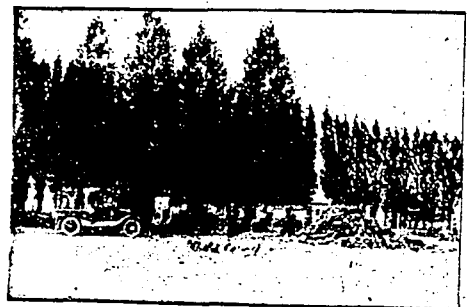

The dam is an earthen construction, reinforced with three concrete cut-off walls. The control gates are placed in a tunnel through solid lava rock, which is lined with a 10-inch concrete lining. The flume line construction is the Lennon type of flume, made from Armco iron, which is the highest grade of iron available. The headgates are the Burnham type, each one constructed of steel and set in concrete and equipped with a patented measuring device so that each and every water user may be able to know, at all times, the exact amount of water that he is using, without consulting the water master. The entire project has the roads graded on all section lines. All canals and laterals are bridged, and the project as a whole will be one of the very best constructed projects in the Northwest. The land will be opened for entry at Buhl, Idaho, on the 14th day of October, 1919. The drawing will be a Carey Act drawing, where each will have an equal chance. The selling price will be \$125.00 per acre; \$25.00 per acre down, no more payments on the principal for three years, then \$10.00 per acre per year for 10 years. These contracts carry an interest rate of 6 per cent, and can be paid in part or in full at any interest-paying date.

Roseworth Ranch Crew—In Heart of Idaho  
Farm Development Company

Careful inspection of the land, the construction work for storage of water and its delivery, is invited. Roads are in good condition. Inspection will be found easy and pleasureable. Anyone desiring to visit the tract will be furnished with meals and can remain over night at the Roseworth Ranch if they desire.

October 5, 6, 7, will be special cruising days for those wishing to go over the tract. Automobiles will be furnished and will leave our office at Buhl each morning of the above days at 9 a. m.

INCREASE SCOPE OF ASSOCIATION

Twin Falls Building and Loan Doubles Capital and Adds to Present Field

increase of the capital stock of the Twin Falls Building and Loan association from \$500,000 to \$1,000,000 was authorized by the board of directors at a special meeting held Wednesday at the office of the secretary, Frank G. Leichter.

In addition to this step a contract was entered into by the association with Mr. Leichter and K. B. Peters acting jointly as selling agents for the further sale of all stock in the association.

To Act as Manager K. B. Peters, for a number of years Idaho manager of the Pacific Building and Loan association, a Tacoma corporation with extensive western interests, is very well known in Twin Falls where the Pacific has been an active factor for a number of years.

Under the arrangements whereby Mr. Peters associates himself with the local institution he will serve as general manager, in conjunction with Mr. Leichter, who will continue to act as secretary.

The by-laws of the association have been amended to permit of a widening of the scope of operations of the business and heretofore stock was offered for sale and loans made in all towns on the branch. This territory will be enlarged with the growth of the business and it is expected will eventually embrace the entire state.

Scope Enlargement The proposal to enlarge the sphere of operations of the Twin Falls Building and Loan association has been under consideration for some time and the decision was made in the belief that an enlarged organization would be of great advantage to the stockholder but would fill a need in Southern Idaho now being supplied from outside sources.

For some time past under the management of Mr. Leichter the growth of the institution has been highly gratifying to stockholders. The new organization, it is anticipated, will result in an even more rapid gain.

High School News

Wednesday's assembly program was provided by the two glee clubs. The numbers were:

- 1. "Italia, My Beloved"
2. "Dear Little Boy of Mine"
3. "The Boys of the Old Brigade"
4. "That Tumble-Down Shack in Athlons"
5. "Afloat at Duck"
6. "I'm Forever Blowing Bubbles"
7. "Star Spangled Banner"

The plan of selling season tickets for high school activities will again be inaugurated next week. This scheme has proved quite successful in the past, as it insures success for the school's athletic program and at the same time provides students with tickets at a very reasonable sum.

ALBERTA LANDS

530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district, 200,000 acres will be under irrigation, the balance is being sold for grain growing.

The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point.

Dry lands are being sold at \$15 to \$30 per acre--irrigable lands \$40 to \$60 per acre, which includes water right--operation and maintenance charge \$1.50 per irrigable acre per year--easy payments and low interest. Alfalfa, grain, field peas, potatoes and root crops can be successfully grown.

Write direct to the company for full particulars and pamphlets.

# FAIR IS FREE FOR KIDDIES

### Twin Falls Day Lets Youngsters Enjoy Features Without Tickets

This is Twin Falls and Children's day at the county fair. It means that Twin Falls should be well represented at the best exposition of stock, produce and handwork this county has yet displayed.

It means also that all children 14 years of age and under, whether accompanied by adults or not, may pass and re-pass the gates at will without fear of being rebuffed by the wicket-keeper. They are guests of county fair board.

Reports received up to noon today indicate that, while rough, the roads between Twin Falls and Fireworks grounds at Filer, are in mid-million condition for traveling, not slippery or unsafe. The trip can be made in 30 minutes without fear of bumping machines.

Sheriff J. M. Merckel, telephoning this morning, stated that all conditions today point to a full program of entertainment with a sure flight of the airplane this afternoon. Fireworks were arranged for tonight, although the management of the exposition express no great amount of confidence in the promise of the weather men to hold off the precipitation for any great length of time. There seems ample assurance, however, that the pyrotechnic display will be conducted according to the fair calendar.

# EIGHT COUNTIES WILL SEND TEACHERS HERE

### Nearly 700 Educators Coming for Big Institute October 13

The annual joint teachers' institute of the south central district of Idaho will convene in Twin Falls during the week beginning Monday, October 13. The institute will last five days, closing Friday, October 17. This year the central district is now in the educational organization of Idaho. It is composed of the following counties: Blaine, Cassia, Minidoka and Twin Falls. This district enrolls between 600 and 700 teachers.

The executive committee for the institute is made up of the following county superintendents: Miss Pearl Layton, Cassia; Miss Mae Lewis, Cassia; Miss Frances Mills, Blaine; Miss Myrtle Journey, Gooding; Mrs. June Kearney, Jerome; Mrs. Leah M. Burnside, Lincoln; Mrs. Ida E. Sullivan, Minidoka; and Miss Ervina M. Wolfe, Twin Falls. At a meeting in Twin Falls before the close of the school year in May, 1919, these county superintendents met in an executive session and selected Harold G. Blue, superintendent of the Twin Falls city schools, to act as conductor of the institute.

Committee in Charge  
A committee of county and city superintendents, having as its chairman Mrs. Leah M. Burnside, superintendent of the Lincoln county schools, is giving a great deal of thought and study to the matter of organizing the south central district into an educational organization, having its duly elected officers and its regularly adopted constitution and by-laws. The purpose of this educational organization would be to promote all sorts of educational work and inter-scholastic activities within the district. It is felt that such a plan of organization would more definitely and more helpfully mold the eight counties of the district into a better working unit and thus bring about that sort of co-operation and co-ordination so necessary in educational work.

Another committee of county and city superintendents and high school principals, having as its chairman Miss Myrtle Journey, superintendent of Gooding county schools, is giving attention to some problems that will be brought before the institute body. This committee is a committee on resolutions. It will collect the sentiment of the general institute body relative to school matters of district-wide importance and submit a report for definite action at the close of the week.

The business men and women of Twin Falls are putting forth every effort to make the institute a success in every way. Three of our committees of business men are now active in working out several details. One committee has in charge the matter of providing some sort of entertainment for the teachers. Another committee has provided for raising funds that will go for the promotion of the institute. A committee composed of eight high school teachers is soliciting all the homes in order to secure comfortable rooming places for the visiting teachers.

### ALLBESSE BIGAMY

Filing an action in the district court Hellenpatell accuses his wife, Hazel Hellenpatell, of bigamy in maintaining a marital relation with him while still the wife of another man. Hellenpatell alleges that Hazel was the lawful spouse of Gustave Stephan when the two contracted their matrimonial obligations with him, and was not divorced from Stephan until three months after entering this domestic contract. Hellenpatell alleges his wife was married to Stephan in Washington, November 13, 1918 under the name of Jackie W. Mallers.

**READ TO SPEAK AT LINCOLN**  
LINCOLN, Neb., (AP)—Senator James A. Reed, democrat, of Missouri, will deliver an address here tonight at the city auditorium in opposition to the league of nations. He is to arrive here late today. Before his address at the auditorium, Senator Reed is to speak before a meeting of the local organization of the American legion.

# Filer Dresses in Gag Attire for Grand Fair

FILER citizens, especially those engaged in business, have done their best to make the county fair gay and festive. They have gone the limit in an effort to beautify their town for the visitors of the week, and that the street decorations have hung limp and more or less bedraggled and color-run, redounds no discredit on the Filer people. The execrable weather of the week alone is responsible for this condition.

Late last week and early this business men in a body added colorful touches to their mercantile shops, while the municipal administration collected the appearance of the main streets with streamers and banners floating along the center of the avenues. The main street displays especially noteworthy were of art and art, the colors reaching from the fair grounds to the far end.

Large bouquets and garlands of beautiful flowers bedecked house windows, and warch in the residence district, all adding to the generally festive attempt. What the mountain home country, with its picturesque Filer town would have been this week a hower of beauty, both in natural and artificial decoration.

# DEPUTIES ON TRACK OF TWO DESPERADOES

### Trace of Jail Breakers Found Near Jerome—Possie is in Close Touth

Trace of Carl Olson and H. H. Wilson, desperadoes who broke jail here Wednesday evening and escaped the clutches of sheriff's deputies, has been found five miles southwest of Jerome. The men are believed to be headed toward the Mountain Home country.

A posse of 10 men is following the trail, which is said to be hot. Indications are that when the men get clear of the authorities at the court house they will head for Snake river canyon. They were seen late on Wednesday evening by a woman, who says the men stole a coat out of a shack on a hillside near the canyon and to the river. This they crossed by trading. Trains are being strictly searched at Rupert, Minidoka and Pocatello and a warning has been issued to all motorists in the vicinity of Boise that they are expected to attempt to hold up a car and confiscate it to their use in escaping.

# NAME IDAHO FALLS CONVENTION PLACE

### Baptists Select Next Meeting City and Name Dietrich as President

Idaho Falls was last evening voted the place for the next Baptist church convention, to be held in 1920. Judge P. S. Dietrich of Boise was made president of the convention. Other officers are: W. H. Witly, Pocatello vice-president; H. H. B. Bighenour, Boise, Home, secretary; Dr. S. E. Bighenour, Boise, treasurer; Dr. A. M. Minaker, Boise, superintendent of missions; Mrs. J. W. Way of Jerome was elected to the board of managers to complete an unexpired term.

New regular members of the board of managers elected for the class of 1923 are Dr. H. B. Bighenour, Boise; Dr. C. E. Griffin of Boise, Wm. J. Simpson of Wilder, R. J. McMahon of Rhoshone, Mrs. J. B. Wakem of Hagerman, Mrs. J. J. Goding of Pocatello, Mrs. Love of Caldwell.

Today's sessions are proceeding according to program, with slight variations, brought about through prevailing circumstances. The convention closes tonight.

# Weather Pilot Relents, Says Fine Tomorrow

THE weather dealer has relented. He promises better behavior. Tomorrow is to be "fair and warmer," so we are told, and unless something occurs to arouse his pettishness again, (which is not unlikely) the County Fair crowd enjoy one big day Saturday.

Even today things climatological have a more golden hue, at least at this hour. It happened, or rather, melted. Sol although playing hide and seek here or there, the clouds, smiling at the sun's face, which is taken as a good omen for the rest of the week.

But—  
The weather despot couldn't be entirely good; such a thing couldn't be expected of one so contentious as he usually is. "Heavy frost" he blazes through his "fringed" teeth. Frost tonight.

# JUDGES COMMENT STOCK SHOW AT FAIR, CALL FOR MORE POULTRY

### Quality and Quantity of Animals on Display Source of Great Gratification to Experts Interested in Exposition—To Stimulate Interest in Raising of Feathered Flocks.

Bad weather may depreciate attendance at the county fair, and bring consequential loss to the county promoters of the exposition, but cannot remove the fact that the entries at the fair are the best the country has thus far produced, and superior in quantity and quality to any southern Idaho has ever assembled for exhibition purposes.

Judges in charge of the various departments of entry spent a goodly portion of the early portion of Wednesday discussing stock and produce in stall, on rack and in booth. All agreed that the entire exhibit is vastly superior to anything they have visited in recent years in the way of a county exposition of livestock and produce.

**Horses in Favor**  
Probably the most comment, and favorable, was made with regard to the horses and cattle on display. From all quarters praise came as to the quality and perfect points of all the animals which were brought to the fair. It was that no fault could be found with either horses or cattle on display.

Sheep, too, came in for a lot of commendatory criticism. Pigs are perfection itself judges agreed. The only complaint heard concerning the poultry is not against the quality or breeds, but against the "size" of the exhibit. Perfect quality is admitted on all sides, but there seems to be a woeful lack of entries, a fact which diminishes competition to a degree.

**Talk of Poultry Shows**  
This is the only adverse criticism and before this fair is over plans are to be evolved through the operation of which more interest in the poultry industry in this district will in future be displayed. There is a probability that in order to stimulate interest in poultry breeding a program of poultry shows, which will embrace the entire section of southern Idaho, will be inaugurated before the fair is over. Judges in charge of the poultry exhibit are said to have made such a suggestion to those raisers who are devoting some attention to this industry in this district, and have received considerable encouragement for the plan.

# Social Notes

Mrs. Greenhow was hostess to the Wednesday bridge club, at her home on Eighth avenue north Wednesday. A delicious luncheon was served at one o'clock. The regular members were Mrs. L. Cloe won the prize for high score, a beautiful hand embroidered handkerchief. Each lady was also given a beautiful white bridge was played. The next meeting will be with Mrs. L. Cloe.

The Kimberly Road club met Wednesday with Mrs. O. F. Strobeck. The afternoon was given entirely to a business session, preparations being made for the reception of the county teachers and school board on October tenth by the Federation of Women's clubs. Plans were also perfected for a "Hallowe'en" party to be given for the hundreds of members. Most delicious refreshments were served to the twenty members present at the close of the afternoon.

Mrs. Conrad Magel entertained the Ninth avenue club Wednesday afternoon at her home on Eighth avenue west. Ten members answered to roll call with a short sketch on the lives of some of the great musical composers. Mrs. Frank Kellogg had the program in charge, given under the heading "How to learn to like music." Delicious refreshments were served, and the house was lovely with decorations of asters and autumn leaves.

Dr. and Mrs. F. C. Beebe entertained at an informal dinner last evening, honoring Mr. and Mrs. B. A. Hamilton, who are leaving soon to make their home in the east, and Mrs. David Brown, who goes to California in about two weeks to spend the winter. The others present were Mesdames Frances Hillcock, and Ida M. Booth, assistants of Mrs. Beebe, who have been visiting at the Beebe home for the summer.

ASHER HARTLAN BRAND, Minister  
Sunday Evening, Oct. 4th, 7:30  
"Lynch Law and the Principles of Justice."

Once again the American people are compelled to hang their heads in shame as they contemplate the disgraceful deeds of the frenzied mob at Omaha, Chicago and Washington are yet fresh in our minds. Is there no staying of that curse of civilization, mob law?

What is it but anarchy in action? The principles of social order which influence men to establish and maintain governments are principles which are as divinely implanted in human nature as reason and conscience.

There has been nothing in common with that divine institution which is "ordained of God." Lynch law contributes not one thing to the protection and welfare of society. It's work is wholly destructive. American citizens need to be awakened to this increasing menace to their government and institutions. If you are at the Presbyterian Church Sunday evening at 7:30 you will hear a stirring, convincing message on "LYNCH LAW AND THE PRINCIPLES OF JUSTICE."

The Temple Quartet will sing at this Sunday evening service.

to the recovery of these cars will please report to my office and receive reward.
