Riga in Path of Advancing Germans Believed to Be Making for This Port with Intention of Embarking for Home

COPENHAGEN, (AP)—British and French warships in the harbor of Riga have cleared for action, according to a dispatch from Riga to the Lettish information bureau, on account of the attack by German troops under the command of General von Helldorf upon the Lettish army defending Riga.

PARIS, (AP)—German troops attacked Lettish forces October 8, according to a protest received by the peace conference from the Lettish government. The allies are asked to take decisive action against this "violation of the peace treaty" and to compel Germany to comply with the terms of the Versailles pact. It is claimed German troops in Latvia are uniting with pro-German Russians.

GERMANS MARCHING ON RIGA, SAYS FINN DISPATCH

LONDON, (AP)—The Germans are marching on Riga, according to a dispatch to the Daily Mail from its Helsinki, Finland, correspondent, dated Thursday.

Riga is the principal support of Lettish, situated on the Gulf of Riga 312 miles northwest of Petrograd. It may march toward this port with the intention of embarking for home, as Thursday's dispatches from Berlin indicated that the Lettish army was hampering their movements home ward onward.

CALIFORNIA'S LAWS VEX JAPS

Nipponese Official Gives Reasons for Irritation Against United States

TOKYO, (AP)—Frequent introduction of anti-Japanese legislation in the Legislature of California is one of many reasons for irritation against the United States in Japan, said Baron Yoshio Sakatani, financial adviser to Chino, speaking at a meeting with the delegates of the American-Japan peace societies here Thursday. He added that the "gentlemen's agreement" between America and Japan was an "efficient agreement, as it is as honestly kept as a covenant of international faith."

"If America should remove such rights of Japanese residents in America or those born here," he said, "we could only regard the act as a cruelty not permitted by morality and humanity."

Baron Sakatani expressed the hope that problems arising in California would soon find a permanent solution. Former United States Senator Theodore E. Burton of Ohio, who was one of the speakers, declared the objections raised in California to the Japanese was "only an excuse," he said, "is the demand of a powerful element to monopolize the labor of the state for political purposes."

JAPANESE DENY THREAT TO BACK MAN COSSACKS

General Staff Issues Statement Giving Nipponese Part in Incident Involving Americans in Siberia

TOKIO, (AP)—Denial that the Japanese threatened to back the Cossacks against the Americans in the recent incident at Imanu, in the Vladivostok, or that any apology was demanded by the Americans, is made in a statement issued by the Japanese general staff here October 3. The statement follows:

Facts as Ascertained
According to facts which have been ascertained by the Japanese army, two Americans were arrested by Cossacks on the charge of having violated by force the discharge of his duty by a Cossack officer at Imanu, Siberia, on September 4. The Americans were transferred to Khabarovsk on September 6. On the same day three companies of American troops with machine guns arrived at Imanu. One company deployed against the Cossacks in the neighborhood and the Japanese garrison. The two others were dispersed in the town itself.

Cossacks Arrested
Two Cossacks, military policemen, were arrested by the American troops subsequently left. The headquarters of the Japanese garrison volunteered its good offices, and through its intermediation the Cossacks willingly returned to the neighborhood of the headquarters of the 14th Japanese division. Simultaneously the Americans returned the Cossacks they had arrested. It is absolutely untrue that an apology was demanded or that the Japanese threatened to back the Cossacks if the Americans did not return the captured military policeman.

Original reports stated that two American soldiers, Captain L. F. Johns and the British sergeant Corporal Benjamin Spurling, were arrested at Imanu by Cossacks on a charge of not having on their persons identification papers and that Corporal Spurling had been flagged by the captors. It was said that Captain Johns escaped and went to Spasoko, where he reported the incident to his commanding officer. Later the detachment was said to have gone to Imanu, where the release of Spurling was demanded. It was stated that a Japanese major introduced the Cossacks, stating, it was alleged, that if hostilities developed between the Americans and Cossacks the Japanese would side with the latter. It was subsequently learned that Spurling had been taken to Khabarovsk, General Kalnikoff's headquarters, to which a telegraphic demand for his release was made. It was immediately reported by the Cossack authorities, it was said, and later an apology was made by General Pozanoff, commander of the Cossacks involved, to General Graves, the American commander.

SOCIALISTS BLAMED FOR PUTTING GERMAN IN BAD

Minister of Defense Says Malicious and Unjust Criticism Complicates National Position Abroad

BERLIN, (AP)—Independent socialists were accused by Gustav Noske, minister of defense in the national assembly Wednesday of complicating Germany's position abroad by malicious and unjust criticism of the military administration. He told them they were "licking the boots of the British and the French commissions in Berlin."

Dr. Herman Mueller, minister of foreign affairs, admitted that many soldiers from South German garrisons were going to the Baltic provinces on fraudulent passports, adding that they were doing so to receive pay. The minister declared lack of discipline made it easy for German troops to go over into the Russian service, and he asserted that people were "daily approaching the foreign office with information to the effect that the entente would be pleased to see German troops fighting in Russian units."

"If the entente is desirous of having us withdraw the last German troops from Russian formation," he said, "we might be permitted to express the desire that the entente request Russia to discontinue attempts to attract Germans into their service."

FRENCH MAKE PROGRESS IN RECONSTRUCTION WORK

Member of Peace Commission Tells of Herculean Labors in Restoration of War Torn Region

PARIS, (Havas)—Captain Andre Tardieu, member of the French peace commission, speaking at a meeting of the French-American club, gave interesting figures on the reconstruction work accomplished since the armistice. Sixty thousand of the 500,000 houses in the battle area wrecked by shell fire, have been rebuilt; 2,016 kilometers of the 3,245 kilometers of railway destroyed have been repaired and 700 of the 1,676 kilometers of canals rendered useless in the course of the hostilities are again in commission. Of the 1,158 plants destroyed by the enemy 588 have been repaired.

Equally remarkable progress is being made in the restoring to cultivation the vast areas in the devastated regions which at the end of the war embraced 4,500,000 acres. Of this approximately one million acres have been returned to the farmers and 500,000 acres of it are ready for the seed.

DRY LAND FARMERS OF MONTANA HARDEST HIT

Inability to Diversify Crops is Cause of Heaviest Losses, Says Commissioner

HELENA, Mont., (AP)—Dry land farmers who had not been on their farms long enough to diversify their crops were the chief sufferers from the drought in Montana this year, according to a statement issued by Charles D. Greenfield, commissioner of agriculture and publicity.
"In the irrigated sections good crops of hay, grain and other products were raised and with the high prices farmers of this class have had a good season," the statement said.
"In the dry land farming section the reason the drought has been so severely felt is because as a rule these farmers were what may be termed 'one crop producers.' In a majority of cases with the failure of their grain crop they had nothing else on which to rely."

Residents of the drought stricken region are optimistic. Greenfield reported, holding the failure of the usual rains to be the sole cause of the situation.
The shipping out of the state of much livestock has reduced the price of hay \$5 to \$10 a ton, according to Greenfield.

"In those counties where it has been necessary to tie the farmers over the winter," he continued, "bonds have been issued, in one county to the extent of a half million dollars, which will be loaned to the farmers at a low rate of interest."
Real estate activity, Greenfield said, indicated "confidence in the productivity of the land which has not been shaken."

BALKAN PLAGUE TOLL ENORMOUS

Tuberculosis Death Rate Highest in World in Four Little Countries

BUCHAREST, (AP)—The tuberculosis death rate in the Balkans is the highest in the world, asserts the medical staff of the American Red Cross headquarters. This is based on reports from Red Cross workers in Rumania, Serbia, Albania, and Montenegro.
The distressing factor is that the countries are almost wholly without sanatoriums for the treatment of tuberculosis. Red Cross relief is temporary and it is considered beyond its province to find sanatoriums on the scale that would be needed.

Miss Viola L. Nahr, of Ripon, Wisconsin, a nurse who for many months has been treating patients in all parts of Albania, reports that she found tuberculosis in almost every Albanian family. The percentage has been placed at about 80 per cent.
Dr. Geraldine E. Watson, of Brooklyn, N. Y., reports: "Thousands of children are dying of consumption in Montenegro. The percentage of tuberculosis in children is fearfully high. The probable source of infection is the milk of tuberculous cattle with which the country is overrun."
Dr. Margaret W. Johnston, formerly the superintendent of the Chicago hospital writes:

"Tuberculosis in its many forms is most prevalent throughout Serbia. The people are not educated so that trying to instruct them through lectures is slow work. Only a graphic campaign with posters showing cause and effect has any value here where ignorance of sanitation, diet and even household remedies is universal."

SEARCH FOR EVIDENCE OF A LOST CONTINENT

Investigation Proposed in Hawaiian Islands and Along South American West Coast

HONOLULU, T. H.—(Correspondence of the Associated Press)—Search for evidence supporting the theory of a lost Pacific continent is being prosecuted in the Hawaiian Islands, the South Seas and along the west coast of South America.
Professor Douglas R. Campbell of the botany department of Stanford University thinks that in certain specimens of ferns found on the island of Hawaii he has established the fact that at some period there was land connection between the Hawaiian group and the islands to the south and west through the Malay peninsula. Professor T. A. Jagger, Jr., in charge of the federal observatory at Kilauea volcano, agrees with Professor Campbell's theory, asserting that there are geological indications that the islands of the Pacific were once connected.
Seeking data of Professor Campbell's theory, Professor W. A. Bryan of the College of Hawaii is now touring the west coast of South America and the South Sea Islands.

GERMANS HEAVY LOSSES

Von Falkenhayn Declares Fewer Huns Met Death at Verdun than Allies

BERLIN.—(Correspondence of the Associated Press)—In defense of his administrative career as chief of staff of the German armies in 1915 and 1916, General Erich von Falkenhayn denies that German losses at Verdun were excessive. He declares they were under those of the enemy.
German defensive operations at the Somme, he declares, were effective under his direction whereas only limited results had been achieved. The success of the English and French at the Somme, he claims, were possible only because of Austrian collapse which prevented the dispatch of heavy reinforcements to the eastern front.

Von Falkenhayn declares the swift success of the Rumanian campaign which he commanded after his dismissal as chief of staff was due primarily to exhaustive preparations of the General Staff before his retirement. Rumania's declaration of war he states, was the external pretext for his retirement although the heavy reinforcements to the eastern front were planned by the German military circles who had been plotting his overthrow for a long time.

GERMANS WANT BELGIANS BARRED FROM PLEBISCITE

Ask Election of Treaty Provisions in Setting to Determine Future of Eupen and Malmedy

PARIS, (Havas).—The chief of the German delegation has sent to the general secretary of the conference a new treaty asking that the plebiscite to determine the future of the districts of Eupen and Malmedy, which are ceded by the peace treaty to Belgium, shall take place under control of a commission appointed by the league of nations and including neither Belgian nor German members. By the peace treaty the Belgian authorities in the two districts were to open registers in which the inhabitants might record within six months after the treaty is in effect, their desire to see the whole or part of the territory returned to German sovereignty.
The note asks that the plebiscite, instead of being constituted under Belgian control, be conducted under the supervision of a commission of several attempts made by Belgian authorities to influence the result of the plebiscite by intimidation of voters desiring German sovereignty.

SWISS INVENTS PROCESS FOR SOLDERING ALUMINUM

GENEVA, Switzerland, (AP)—A discovery which is expected to save household great expense has just been made by a Bernese engineer, Charles Bingelli, who has invented a process for soldering aluminum. Professor Schulo, of the Federal Institute of Bern, in a test made a few days ago, soldered two bars of aluminum. They snapped under the weight of 800 pounds but the soldering successfully resisted pressure. Hereafter, aluminum half-dressed weightings, the professor said.

EX-KAISER WOULD STOP PHOTOGRAPH PUBLICATION

One Time Monarch Offers Large Sum For Negative and Prints Taken by Dutch Camera Man

AMERONGEN, HOLLAND, (AP)—Strong efforts are being made to prevent the publication of photographs of former Emperor William of Germany taken Saturday last by two Dutch photographers who were concealed in a land of hay near Count Hohenzollern's temporary home. The one-time monarch is said to have offered a large sum for the negatives and all prints made from them.

The correspondent of the Associated Press has seen the pictures which show Count Hohenzollern bearded and sturdy and appearing in a happy mood while talking to his wife and General Zontard, unconscious of the presence of the camera men.

CHANCE TO INVEST IN TWIN FALLS PROPERTY

World Series Players Drown Down Neat Fortune for Their Efforts

CHICAGO, (AP)—The players on the Cincinnati team by annexing yesterday's contest are thereby candidates for the series, will receive \$17,137.68, which is divided into 23 1-2 shares, and will net each share \$5,207.01. The White Sox will draw down \$76,104.70 and each of the players will receive \$3,254.82.

UTAH'S BEARCATS OUT AFTER HONORS OF GRID

Tommy Fitzpatrick's Warriors Expect to Clean Up Conference

SALT LAKE CITY, (AP)—The University of Utah football eleven this year is after intercollegiate conference honors. That Utah will be a strong contender is the opinion of Coach Tommy Fitzpatrick. First workouts have already shown a wealth of material and it is hoped that a good showing at the first game of the season with the Colorado College Tigers, here, October 11.

REUTHER OWES PLACE AS STAR TO PAT MORAN

It was Cincinnati Manager who Finally Tamed this Wild Man

With the Chicago Cubs, Dutch Reuther was of no account whatever, according to the records of ballplayers. This season with the Cincinnati Reds—and under the guidance of Pat Moran—Dutch is one of the best southpaws in the old circuit. You can't get away from giving Pat Moran the credit for making Reuther, even if you hate to hand him the palm, which no one does.

BUNTS PAVE WAY TO SAINTS' WIN

American Association Ball Men Overwhelm Vernon with Short Hits

WASHINGTON PARK, Los Angeles, (AP)—St. Paul came back in the second game of the western minor league series yesterday, winning from Vernon 5 to 0. The pitching of Dan Griner overwhelmed the Tigers who were held to 8 scattered hits. The Saints scored all their runs in the seventh inning on six hits and an error.

WASHINGTON'S TEAM IS BUILT FOR SPEED

Seattle Football Outfit is Light, But Lightning Fast on Foot

SEATTLE, Wash., (AP)—University of Washington's 1919 football team will be light but fast, according to an opinion expressed by Coach Claude Blunt at the end of the first day of practice. Few heavy men turned out for gridiron work here last year.

Are You Cousin of Jack Dempsey?

Now that Champion Jack Dempsey has attained fame, kin of the heavyweight title holder are popping up in various corners of the country. Hunt in looking for line material, especially tactics. Buel Blake and Grim are almost certain for guard positions, and Tod Faulk, George Smith, Jimmy Gillyly and others are after end posts.

Brief Bits of Sport

*All over, thank goodness. Have your little smile, you Red Rooters.

The Sox propliquity to the world flag wasn't so bad as appearances indicated in the first few laps.

Anyway Sox fans supported their team throughout. There were 32,830 folks at yesterday's game, while just a brief few attended the last game in Rhineland.

Haven't decided just yet what shall be done with Lefty Williams, but he proved a flat failure in this dilemma and for that some apposite punishment is due him.

Well, the erudite ball fan who picked the Sox to win will have something to keep him busy this winter—figuring it out.

Our explanation is found in the first game when Cicotte and Williams went wrong.

And, as an epilogue, we might say there seemed to be a remarkable lack of that commodity vulgarly known as guts.

A baseball chronicler says the series' finish was very funny.

Oh, yarf har, har, har! We hadn't thought of that.

Har, har, har! Just grotter enjoy it.

In the battle for the minor league world championship St. Paul and Vernon now stand fifty-fifty, each having won a game.

A new lightweight luminary has appeared on the horizon of the box fight world. It is Jack Perry who last night rounced Johnny Griffith.

Call Bill James Luckiest Player

Who is the luckiest baseball player of the 1919 season? Most followers of the national game will concede the honor to Bill James, who is soon to draw down a share of the world's series melon that goes to the White Sox.

Drawing two releases in the space of one season and landing ultimately with the club that wins a pennant and figures in the world's series is an odd experience, but that is the story of Bill James.

Called to win with this club, waiters were asked on his services, and Kid Olsson, in need of more pitching talent, picked him up. Now he is on his way to a good sized check.

REDS WIN BUNTING; TOWN CRAZED AGAIN

Cincinnati Fans Declare Holiday After Period of "Cold Feet"

CINCINNATI, O., (AP)—Hilarious Cincinnati rose this morning to celebrate as a public holiday the triumphant return of the Reds from Chicago, where they won the baseball championship of the world yesterday from the Chicago White Sox.

A proclamation calling on all citizens to observe the day as a public holiday from 8 o'clock until noon, had been issued by Acting Mayor Carl Jacobs and was widely observed, many business houses remaining closed.

The proclamation urged all Cincinnatians to be present at Fountain Square at ten o'clock "to pay homage to the world champions."

Merkle, Hooper Differ Greatly in Player Luck

The extremes in world's series experiences are furnished in the cases of Fred Merkle, the only player who has competed in series with three different clubs, and Harry Hooper of the Boston Red Sox, who has participated in four championship sets, always starring in some department.

Merkle was with the Giants in the series of 1911, 1912, and 1913, all of which were lost by the New York club. In 1916 he played with Brooklyn, and the Robins were defeated by the Red Sox. In 1918 Merkle was with the Cubs, who also lost in the big series.

Hooper was with the Red Sox teams of 1912, 1915, 1916, and 1918, all world's series winners. Incidentally Hooper helped to bring about the defeat of all the clubs on which Merkle has played in world's series.

Snyder Goes Back EUGENE, Ore., (AP)—Bill Snyder, who was known throughout the Northwest when he played guard for the University of Oregon, is back at his alma mater. Snyder was chosen to assist Coach "Shy" Singleton and will take charge of the team. Snyder played on the Camp Lewis team last fall.

COMMERCIAL INTERESTS ACCEPT RADIO SERVICE

Private Stations Taken Over by Navy During War Returned to Owners with Germany

CHICAGO, (AP)—Formal acceptance of the United States navy radio communication service for American export commerce, which had begun operations when the navy took over private radio stations, was made here today by commercial interests of the country. Many foreign consulates stationed in Chicago were present. China was represented by agents of Chinese interests here who sent home a message to the United chambers of commerce in China as follows: "Get your orders ready, America is coming."

A message was also sent to Lieut. B. W. Maynard, leading trans-continental flier but it is not yet known whether he received it.

"I Think that Crescent Baking Powder is Fine"

The above statement was made by a man of great baking prowess in a letter of request for one Cook Book: "I almost wanted to get things into the oven," he writes, "so soon as possible before the rule of the powder was over. But with Crescent I find this is not necessary. Another good thing to favor of your Baking Powder is that I can only about half as much on every baking process, and by buying the 5-pound tin for one dollar I save 25c on every dollar's worth I purchase. And I feel it hard to spend as much as I think that Crescent Baking Powder is fine."

GOOD WORK

At last, unfairness cannot be charged
 against the recommendations of the
 group representing capital at the in-
 stant conference declaring against
 both the strike and the lockout.
 Sympathetic strikes, blacklists and
 boycotts declared by this group to be
 indefensible, anti-social and im-
 moral. While strikes and lockouts are
 deplored and would be employed only
 as an ultimate resort after all possi-
 ble means of adjustment have been ex-
 hausted, and would be denied alto-
 gether if any other than private indus-
 trial strike is the word of the employ-
 er's able to lockout the weapon of
 the employer.
 Use, of either, instrumentally con-
 stitutes warfare, industrially, and dis-
 armament in this field is as devotedly
 to be wished as disarmament in the
 sphere of the military.
 A most hopeful development of the
 industrial conference assembled in
 Washington, is, the most excellent op-
 portunity afforded in the propositions
 now put forward to all groups—rep-
 resentative of labor, capital and the
 public—for reaching an agreement on
 some common ground that should result
 at least in rendering industrial warfare
 less likely. It is not done away with
 altogether.

LIMITS SUGAR SHIPMENTS

Food Administration Restricts Canadian Product Distribution

NEW YORK, (AP)—Eastern and Gulf refiners were notified today by the United States food administration that effective October 15 and until further notice the quantity of foreign sugar to any point west of Pittsburgh and Buffalo and north and west of the Ohio river. The order was issued because of the scarcity of cane sugar. The quantity of sugar acted upon the request of the United States sugar equalization board, which set forth that the best sugar factories of the west are producing more than they can supply from these factories together with the Louisiana production should take care of the area west of the territory referred to.

Grain and Provisions

CHICAGO, (AP)—Wheat and a forecast of killing frost led to higher prices today for corn, notwithstanding that the bulk of the crop everywhere has been looked upon as matured and in no danger of frost. Higher quotations on hogs counted somewhat as an additional element of strength. Buying, however, was not of an aggressive character. Opening prices, which ranged from 1-4 to 1-3-8c higher, with December \$1.23 5-8 to 1-2 1-4 and May \$1.21 1-2 to 1-21 3-8.

Commission houses and shorts were more active buyers later, influenced through falling off in the movement of hogs to western packing centers. Oats hardened in value with corn. After opening a shade to 7-8 up, including December at 71 1-2 to 71 1-4, the

market reacted, owing more or less to opinion that buying would be stimulated by freezing temperatures. The close was unsettled, 1-4 to 1-5 lower, with December \$1.22 3-4 to 1-22 3-8 and May \$1.21 1-2 to 1-21 3-8.

Grain and Provisions

CHICAGO, (AP)—Wheat and a forecast of killing frost led to higher prices today for corn, notwithstanding that the bulk of the crop everywhere has been looked upon as matured and in no danger of frost. Higher quotations on hogs counted somewhat as an additional element of strength. Buying, however, was not of an aggressive character. Opening prices, which ranged from 1-4 to 1-3-8c higher, with December \$1.23 5-8 to 1-2 1-4 and May \$1.21 1-2 to 1-21 3-8.

BURGULARS SENTENCED TO PENAL SERVITUDE

Olson and Wilson, Desperadoes, Must Serve Five to Fifteen Years

In the district court this morning Judge W. A. Babcock presiding, Carl H. Olson and H. H. Wilson, confessed burglars, were ordered committed to the state penitentiary for a period of penal servitude of indefinite length.

Olson and Wilson recently robbed the postoffice at Twin Falls, burglarized a hardware store at that place. These offenses, together with that of deforment from the United States army, have been confessed. Recently the men broke jail here after assaulting and beating Deputy Sheriff George Huffman into submission with deadly weapons.

Social Notes

The Woman's Auxiliary of the Episcopal church had an interesting afternoon in the Parish Hall. The meeting, Miss Susan Sprague, diocesan secretary, was present and gave a most inspiring talk on the United Offering, which is made every three years by the women of the church.

The Catholic Women's league met at the home of Mrs. E. J. Peterson on Ninth avenue north, yesterday afternoon. A short program was given consisting of a reading by Mrs. M. C. Patnam, and a piano duet by the Misses Stronk. The remainder of the afternoon was spent discussing the work for the coming year, duties of committees, etc.

The regular monthly meeting of the Woman's Missionary society of the Methodist church was held at the home of the president, Mrs. S. H. Bolton on Second avenue west yesterday.

Miss Marguerite Harrison, daughter of Mr. and Mrs. T. A. Harrison, celebrated her twelfth birthday yesterday with a dinner party. The table was most attractive with Halloween decorations, and a lovely birthday cake with the required number of candles.

The annual thank offering and praise service of the Woman's Missionary society of the Methodist church was held in the church parlors last evening. A reading was given by Mrs. McKay Olson of Filer, and also a musical program, including a solo of service was made. Refreshments were served and a social hour enjoyed.

Mrs. Fred Ramsay entertained the M. B. C. club Wednesday afternoon. Bridge was played, Mrs. J. Shroat winning first prize, a beautiful box of stationery. Those present were: Mrs. John Johnson, Mrs. Fred Willett, Miss Hance, Sr., J. Shroat, John Costello, M. Kelley and P. Erickson.

Mrs. E. H. Adams was host to the Wednesday bridge club this week. Three tables played bridge during the afternoon and a delicious chicken dinner was served at six o'clock. Mrs. R. Bohler was a guest of the club.

Church Banquet—The Baptist young people this evening will serve a banquet in the parlors of the church.

Demurrer Overruled—In the district court yesterday afternoon Judge W. A. Babcock overruled the demurrer entered by the defendant in the divorce action of Estelle Steele against James R. Steele.

To Winter in California—Mr. and Mrs. J. W. Paris, of Buhl, well known pioneers of the Twin Falls tract, have gone to California where they will spend the winter for the benefit of Mr. Paris' health.

Fourth Grade Program—Miss Harriet Pettibone's Fourth grade class entertained in the auditorium of the Bickel school this morning at a Columbus day program, for the Seventh and Eighth B classes.

Business Increasing—Steadily increasing business in Twin Falls has caused the American Express company to add another wagon to their street service. This makes three conveyances now in service.

Legion on Investigation—Commander Arthur Alworth, of Twin Falls post, American legion, has appointed a committee to investigate measures pending in congress looking to the aid of service men. This survey will include proposals to reclaim Idaho land tracts.

Fair for Young Folks—The young people of the Christian church will put on a country fair in the basement of the church tonight. As an entertainment it is promised to provide plenty of fun for sightseers. Booths of every description will entertain the people between races.

Licensed to Wed—Marrying licenses have been issued to M. A. Smithwick, and Helen G. Hopkins, both of Buhl; to Preston McCall and Gertrude Beers, both of Twin Falls; to S. E. Howard of Twin Falls and Geolece E. McKinney of Filer; to Lester J. Matthews of Salt Lake and Della Cline Daniels, of Logan, Utah.

Appraisers Report—In the matter of condemnation of farm lands, asked by the district court by the Idaho Farm Development company, proposing to construct and maintain a reclamation and irrigation system, the appraisers, J. S. Russell and Henry Jones, have made the following valuation report: Land owned by Ira and Sarah E.

Brackett, \$33,438; J. F. and Ines Clark \$33,804; F. W. Messenger, \$2,885.

Club Meeting Postponed—At a meeting of the board of directors of the Twin Falls Commercial club, held in the Fortine hotel yesterday afternoon a postponement of the meeting, called for next Tuesday, was ordered. The regular organization session will be engaged in on a date yet to be announced. Noon meetings of the directors will be continued indefinitely. Organization will be the principal topic of these sessions.

Counter Complaint Lodged—In the action recently entered in the district by M. S. Hoover against the Elite Millinery company to restrain the company from interfering with the installation of water pipes in a basement occupied by the millinery concern so that service may be made to an adjoining room in the same building, the millinery company yesterday lodged a counter complaint alleging that certain promises and obligations had not been fulfilled by the plaintiff.

WILSON HAS GOOD NIGHT

Appetite Continues to Improve and Diet is Now Unrestricted

WASHINGTON, (AP)—President Wilson had another restful night, and his physicians are satisfied with the nourishment he is taking, said a bulletin today by Rear Admiral Grayson and Stitt and Dr. Sterling Ruffin of this city.

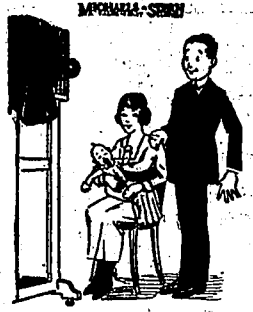

The bulletin follows: "White House, Oct. 10, 1919, 11:30 p. m.—The president had another restful night. His appetite has continued to improve and he is now taking as much food and of great variety as we desire."

"GRAYSON, "RUFFIN, "STITT."

Fearing that extortion might retard his steady progress toward recovery, President Wilson's physicians again ordered him to remain in his room today and to give no attention to official matters.

This prescription the physician intends to carry out despite Mr. Wilson's urgent request that he be permitted to return to work.

Hurried Evacuation of Territory West of Omsk Taken by the Bolsheviks Attended by Unimaginable Misery

OMSK.—(Correspondence of The Associated Press)—Almost unimaginable suffering, illness and great loss of life has attended the hurried evacuation of the territory west of Omsk taken by the Bolshevik armies.

Typical Conditions Conditions prevailing at Koulomzino, a station across the river from Omsk probably are typical of dozens of other places along the Siberian railway as far east of Krasnoyarsk as

In this auxiliary freight yard at Koulomzino, The Associated Press correspondent saw trainloads of ill and wounded men treated with dysentery, typhus and typhoid, lying on bare plank floors under filthy coverlets or blankets, too weak to move.

Upon arrival of a trainload of soldiers the occupants are ordered out by way to the bath train while a locomotive passes down the line pumping steam into the vacated cars to kill vermin.

Watering House Plants. Plants should be watered with a spray, not with a cup or a glass. Those that can be moved should be placed where the water will not damage carpets or floors; those that cannot—such as large ferns or palms—should have something spread on the floor beneath them to catch the water as it drips. The water must be sprayed from above so that all the leaves receive it; this carries off the dust and is the only natural way for a plant to receive water.

Substitute for Leather. Unwoven cotton dipped in various solutions and then compressed is said to make an excellent substitute for leather.

WHEREAS 10th street property hereinafore described, is not necessary for the use of said Twin Falls County. NOW, BE IT RESOLVED, that the County Auditor of Twin Falls County, Idaho, be and he is authorized, hereinafore described, at public auction, at the Court House door fronting on Shoshone Street, in the City of Twin Falls, County of Twin Falls, Idaho, and State of Idaho, to the highest bidder for cash, and that he cause a notice of the time and place of such sale to be published at least for 30 days prior to said sale in the Twin Falls News, a newspaper published in the City of Twin Falls, Idaho, and State of Idaho.

NOTICE OF SALE OF REAL ESTATE
Notice is hereby given, that pursuant to a resolution duly adopted by the Board of County Commissioners of the County of Twin Falls, Idaho, I will sell at public auction, to the highest bidder for cash, at the Court House door fronting Shoshone Street, in the City of Twin Falls, Idaho, and State of Idaho, on the 8th day of November, 1919, at the hour of 10 o'clock in the forenoon of said day, the following described pieces or parcels of real estate to-wit: Lot 1, Block 90 Twin Falls. Lot 12, Block 90 Twin Falls.

Each bid and proposal must be accompanied by a certified check upon some reliable bank, payable to the City of Twin Falls, or order, in an amount equal to ten per cent of the amount bid. In the event that the successful bidder fails to enter into a contract with the City of Twin Falls for the performance of the said work and the furnishing of the said material, the said check will be retained by the City of Twin Falls.

Each bid and proposal must be accompanied by a certified check upon some reliable bank, payable to the City of Twin Falls, or order, in an amount equal to ten per cent of the amount bid. In the event that the successful bidder fails to enter into a contract with the City of Twin Falls for the performance of the said work and the furnishing of the said material, the said check will be retained by the City of Twin Falls.

The person, firm or corporation obtaining the contract for constructing the water works, shall be required to furnish the City with a good and sufficient bond in some reliable sixty per cent of the amount of the contract price, conditioned for the faithful performance of all the terms and conditions of the contract by him or it to be performed, and condole further for the faithful performance of the terms and provisions of the statutes of the State of Idaho, in such case made and provided.

City Engineer's estimate of the amount earned under said contract during each calendar month will be paid on the 10th day of the month following the month and so on each month; the 10 per cent earned during each month will be retained until the completion of the contract and the acceptance of the work by the City Engineer. Said conduit will be enclosed and the material used in its construction will be concrete.

Approved Sept. 30, 1919. T. E. MOORE, Chairman. C. C. SIGGINS, Clerk.

NOTICE TO CONTRACTORS
Notice is hereby given that the Mayor and Council of the City of Twin Falls, Idaho, will receive and consider sealed bids and proposals on the 13th day of October, 1919, at the hour of 8 o'clock P. M. of said day, at the Council Chambers in the office of the City Clerk of said City in the Water Works Building, at the corner of Second Avenue North and Second Street North in the said City of Twin Falls, Idaho, for the work and furnishing of the material in the construction of a conduit to conduct the waters of the canal of the Twin Falls Canal Company in 8th Avenue East and Eighth Avenue North in the City of Twin Falls, Idaho, from Blue Lakes Avenue on the Southeast to Addison Avenue on the Northwest.

The data as to the exact location of the said work and the plans and specifications of said conduit can be obtained from the City Engineer of said City at his office in the Water Works Building at the corner of Second Avenue North and Second Street North in the said City of Twin Falls, Idaho, and the boundaries of said conduit can be obtained from said engineer by application therefor and the deposit of the sum of ten dollars which sum will be retained upon the return of the said plans and specifications.

Each bid and proposal must be accompanied by a certified check upon some reliable bank, payable to the City of Twin Falls, or order, in an amount equal to ten per cent of the amount bid. In the event that the successful bidder fails to enter into a contract with the City of Twin Falls for the performance of the said work and the furnishing of the said material, the said check will be retained by the City of Twin Falls.

The person, firm or corporation obtaining the contract for constructing the water works, shall be required to furnish the City with a good and sufficient bond in some reliable sixty per cent of the amount of the contract price, conditioned for the faithful performance of all the terms and conditions of the contract by him or it to be performed, and condole further for the faithful performance of the terms and provisions of the statutes of the State of Idaho, in such case made and provided.

Payments upon said contract will be made as follows: 50 per cent of the

City Engineer's estimate of the amount earned under said contract during each calendar month will be paid on the 10th day of the month following the month and so on each month; the 10 per cent earned during each month will be retained until the completion of the contract and the acceptance of the work by the City Engineer. Said conduit will be enclosed and the material used in its construction will be concrete.

Approved Sept. 30, 1919. T. E. MOORE, Chairman. C. C. SIGGINS, Clerk.

NOTICE TO CONTRACTORS
Notice is hereby given that the Mayor and City Council of the City of Twin Falls, Idaho, will, on the 13th day of October, 1919, at the hour of 8 o'clock P. M. of said day, at the office of the City Clerk of said City in the Water Works Building at the corner of Second Avenue North and Second Street North in the said City of Twin Falls, receive and consider sealed bids and proposals for the work of performing the labor and furnishing the materials for the construction of a five foot wide concrete sidewalk, upon the sidewalk space in front of the lots embraced in Local Improvement District No. 35 of the said City of Twin Falls, Idaho, which lots and the boundaries of which district are mentioned and set forth in Ordinance No. 271 of the said City of Twin Falls, passed September 25th, 1919.

Plans and specifications of said sidewalk can be seen and obtained at the office of the City Engineer of said City of Twin Falls in the Water Works Building at the location hereinafore described. The said work must be commenced at once upon the letting of the contract and prosecuted to completion during the month of 1919. There must be accompanied with each bid a certified check upon some reliable bank in an amount equal to ten per cent of the amount of the bid, which check shall be made payable to the City of Twin Falls, or order, in case of the failure of the successful bidder to enter in a contract for the performance of said work with said City upon the terms of his bid and proposal, then the said check shall be forfeited to the said City and become its property. The check of the unsuccessful bidders will be returned to them upon the rejection of their bids and proposals. Payment for said work will be made in the form of bonds of the said City, which warrants or bonds shall not be a general obligation of the City but will be a lien upon the property benefited by the said improvement as shown by the assessment for said improvement. Payment for said work will be as follows: 50 per cent of the amount during any calendar month, as shown by the estimate of the City Engineer of said City, will be paid on the 10th day after the 1st of the month following the month in which the work is completed. The 10 per cent withheld each month will be retained until the work is completed and accepted by the City upon the whole amount due will be paid.

The Mayor and Council reserve the right to reject any and all bids. Attest: W. A. MINNIQ, City Clerk.

First Presbyterian Church ASHER HARLAN BRAND, Minister Sunday, Oct. 12th, 7:30 P. M. "HARVEST HOME SERVICE" In the days of the Old Testament Dispensation, the INGATHERING OF THE HARVEST was celebrated by Divine direction with a feast known as THE FEAST OF TABERNACLES (read Leviticus 23: 30-44). With deep religious joy the people came together, dwelling in booths made of branches of various trees. Goodly fellowship marked the celebration. Today we are living under a new Dispensation but the same God of Harvest is causing the earth to yield her fruits and grains for the sustenance and enjoyment of man. A SERVICE OF WORSHIP IN THE HOUSE OF GOD IN RECOGNITION OF GOD'S GOODNESS is most fitting. Such a service is planned for SUNDAY EVENING by The Young People's Class of the Presbyterian Church. The decorations will consist of choice fruits, vegetables, grains and flowers, as an evidence of soil fertility and the goodness of God. ANY ONE WHO DESIRES MAY CONTRIBUTE TO THESE DECORATIONS. Call Miss Geneva Stafford, Phone 215-J. (All things will be returned to those who wish them back after the service). The music for the evening will be appropriate and beautiful. The message will be a Harvest Home Message. In fact, the whole service is designed to be inspiring and beautiful, and the Young People's Class will take deep pleasure in sharing it with all who come.

Make No Change in Garb's Heft for Day or Two Although the meteorological museer in Boise intimates warmer weather is coming, folks herabouts growl to make any definite or distinct change in the weight of bifurcated nothings. Not just yet, any way. It might not happen to be quite as comfortable as the recommendation of the climate dealer presupposes. Be conservative.
