PRICE FIVE CENTS

## SENATE PROBE COMMITTEEMEN DEMAND FACTS

Chairman Kenyon Tells Union Organizer at Pittsburgh to Quit Making Speech and to Talk Facts.

## PROOF OF DENIAL OF RIGHTS IS PROMISED

Necessity for Presence of Investigators at Capital Eliminates Trip to Ohio District; Many Witnesses Heard

PITTSBURGH, Pa. (AP)—Representatives of steel workers on strike in the Pittsburgh district told the senate investigating committee today that rights to free assembly and free speech were denied their people. Although brutality by policemen was charged by Wm. Fox, a union leader, and the Rev. Father A. Kaznici, who told the committee specific incidents which they said proved their assertions.

Chairman Kenyon and other members of the committee objected to the testimony because the men had not been eyewitnesses to incidents of which they complained, but W. B. Rubin, attorney for the general strike committee, promised to substantiate their stories with evidence.

**Kenyon Wants Facts**  
Father Kaznici was allowed considerable latitude in covering the situation, but Chairman Kenyon admonished Kenyon to "quit making a speech and talk facts."

Chairman Kenyon announced the committee would take testimony here tomorrow and return to Washington Monday.

**Hearings Take Time**  
Formal hearings at the federal building here today occupied the time of the senators investigating the steel strike in the Pittsburgh district. A number of witnesses met by the Kenyon committee during a tour of the mill towns in the district yesterday were heard, including working men from both the striking and non-striking groups.

The committee will leave for Washington Sunday night, without visiting Ohio steel communities, it was announced, following the receipt of a telegram from Senator Curtis, Kansas, stating the presence of the members of the committee was needed at the capital Monday.

## MANUFACTURE OF IRON PROCEEDS IN OHIO ARBA

YOUNGSTOWN, Ohio. (AP)—The first iron manufactured in the Mahoning valley since the steel strike began was poured from a blast furnace at the Youngstown Steel and Tube company early this morning, according to an observer outside the plant who saw the metal poured from the furnace.

(Continued on page four)

## PALMER WILL GIVE OPINION

Attorney General Anticipates Attacks on National Prohibition Measures

WASHINGTON, (AP)—Anticipating attacks on the constitutionality of the new time and constitutional prohibition enforcement legislation, Attorney General Palmer will prepare an opinion which will be transmitted to the White House before the bill becomes a law. Enactment of the legislation was completed yesterday and the measure probably will be sent to the White House Monday.

There appeared to be some doubt at the White House whether the measure would come before the president because of the disapprobation of his physicians to let him transact any business. Should Mr. Palmer hold the measure until it was referred to the president for his veto. Otherwise it might be permitted to become a law in ten days without the executive's signature.

## GERMANS LABORING TO RESTORE MERCHANT FLEET

HAMBURG, (AP)—The Hanseatic tower and Hamburg in particular, are doing everything they can to stimulate shipping and save something from the wreck of Germany's maritime prestige. At all the ports of call, vessels are being recruited for service while Hamburg has appealed to the government for economic relief.

Germany's sailing fleet consists of 1,300 vessels of which 85 are of over sea calibre. These are being refitted as rapidly as possible to carry German goods principally to comparatively near by neutral ports.

## Counter Revolution Rages in Petrograd with Serious Fight

Opponents of Soviet Regime in Russia Take Government Institutions

OPENENGAHN, (AP)—According to a dispatch from Helmsingfors, Russian newspapers report that serious fighting has broken out in Petrograd between adherents and opponents of the soviet regime. The "counter revolutionaries" have taken possession of several important buildings and government institutions, it is said.

This announcement of the outbreak of a serious revolt against the Bolsheviks in Petrograd together with the bomb outrages against the Bolshevik leaders in Moscow, the second capital, indicate serious internal opposition to the Bolsheviks.

## MINERS STRIKE PROSPECT LOOMS

Coal Operators' and Workers' Conference Disagree and Will Adjourn

PHILADELPHIA, (AP)—The conference of bituminous miners and operators in session here considering demands of the miners for a sixty per cent increase in wages and a reduction in working hours, disagreed today and will adjourn.

A sub-committee that had been considering the demands, feeling that it could not agree, reported the deadlock condition to the general conference, which began sessions here yesterday and recommended final adjournment.

Unless something happens in the meantime to prevent it, leaders of the mine workers say, the strike threatened for November 1 will take place. Operators have declared they cannot concede either of the demands of the workers.

The mines affected are in western Pennsylvania, Ohio, Indiana and Illinois. More than 300,000 men are involved.

## FAIR WEATHER NORMAL TEMPERATURE FORECAST

WASHINGTON, (AP)—Weather predictions for the week beginning Monday are: Upper Mississippi and Lower Mississippi valleys: Generally fair and cool with frequent frosts. Rocky mountain and plateau regions: Generally fair with normal temperatures.

## WORLD NEWS EVENTS

**OTTAWA, (AP)**—The Canadian government expects to have control of the Grand Trunk railway system both in Canada and the United States within a few weeks, according to the Ottawa Journal. The system will be turned over to the Canadian National Railway corporation for operation, the newspaper states today.

**FUME, (AP)**—The steamer Persia, bound from Genoa for the Far East with a cargo of thirty thousand rifles, ten million cartridges, twenty batteries for mountain guns, and two heavy guns for the troops operating against the Bolsheviks, has arrived at Fiume. The crew mutinied in the Mediterranean and forced the captain to take the steamer into Fiume.

**LONDON, (AP)**—The Press association says it learns "authoritatively" that a rumor that Gabriele d'Annunzio had been assassinated, is untrue, but that the situation in Fiume is serious, as the Italian army and navy refuse to obey orders given them to expel d'Annunzio's forces from the city. "It is reliably reported that the king of Italy has threatened to abdicate if the army and navy persist in this attitude," the Press association adds.

## STRIKING CARMEN RETURN

Employees of San Francisco-Oakland Road to Resume Work

OAKLAND, CAL., (AP)—The striking carmen of the San Francisco-Oakland road have unanimously agreed today to return to work at noon following the submission of terms of a settlement by the railroad commission. Officials of the strikers announced they have been on strike since October 1.

## BORERS EMPLOY PEPPER

IN BOBBY OF PAYMASTER

CLEVELAND, O., (AP)—Borers this morning held up the paymaster of the Samuel Emerson company, in the lobby of a Euclid avenue building and after throwing pepper into his face, escaped in an automobile with \$11,000 which the paymaster carried in a money bag.

## BELOIAN ROYALTY PARTY ARRIVES IN SANTA BARBARA

SANTA BARBARA, CAL., (AP)—The special train bearing King Albert and party arrived here at 9:05 a. m.

## LONGSHOREMEN DEFY ORDER OF THE WAR OFFICE

Strikers Flatly Refuse Virtual Ultimatum in Regard to Handling of Ships Now on Way to New York

## CLOSING OF ATLANTIC HARBORS IS INEVITABLE

Orders Issued for Extension of Strike Following Refusal of Adjustment Commission to Grant More Pay

WASHINGTON, (AP)—Soldiers will be used to unload and reload empty vessels at New York if the longshoremen's strike prevents the normal handling of these ships, Secretary Baker said today.

Chief general Elms, chief of embarkation is considering the necessary steps to prevent congestion of military tonnage at New York, and Mr. Baker said that upon the general's recommendation he was prepared to order the necessary personnel to the docks. This decision followed the refusal of the strikers to handle army ships now near New York.

**NEW YORK, (AP)**—A committee representing the striking longshoremen today flatly refused a virtual ultimatum from the war department in regard to the handling of four freight ships and six passenger ships now on their way to New York. The war department had announced through Wm. Z. Ripley, chairman of the national adjustment commission that it "intended" that the ships should be handled. Mr. Ripley asked the strikers to handle army ships and received a flat refusal.

Extension to the coastwise traffic at every Atlantic port of the longshoremen's strike, which has virtually stopped traffic in New York harbor, appeared inevitable today.

**Orders Refused**  
John F. Riley, chairman of the committee directing the strike, announced that orders for such an extension had been issued following the action here today of the national adjustment commission of the United States shipping board, which refused to grant an increase in the coastwise longshore rate. (Continued on Page Four)

## WAYNARD REACHES PACIFIC FLYING 2700 MILES IN 24 HOURS, 58 MINUTES TIME

Leader of Westbound Flyers in Trans-Continental Air Derby Arrives in San Francisco, Leaving Nearest Competitor in Utah; is First Out of All Entrants to Finish First Half of the Contest

## SPATZ WRESTS LEAD FROM SMITH IN RACE EASTWARD; KIEL ON HIS HEELS

SAN FRANCISCO, (AP)—First Lieut. Belvin W. Maynard, plotting a De Havilland four airplane, leader of the westbound fliers in the trans-continental air derby, arrived in San Francisco from Mineola, N. Y., at 1:12:07 p. m. today.

It was unofficially estimated that Maynard's actual flying time from Mineola, N. Y., to San Francisco, a distance of 2,701 miles, was 24 hours, 53 minutes, 55 1/2 seconds.

## SECOND HALF OF AERIAL DERBY STARTS OCTOBER 20

WASHINGTON, (AP)—Lieutenant Maynard's actual flying time from Mineola to Sacramento was 24 hours, 6 minutes and 48 1/2 seconds, the army air service announced today. The distance was 3,226 miles. His average speed, "was 109.5 miles an hour.

The return trips of the airplanes in the trans-continental race will be started October 20, the army air service announced. The contest will be held at the coast stations until that date for overhauling and repairing.

## CONTEST CONTINUES UNDER WEATHER CONDITION HANDICAP

CHICAGO, (AP)—Despite unfavorable weather over a large part of the course, victory today in the trans-continental contest. The fliers battled with rain in the east and high winds in the west while weather in the center.

It is expected that the leaders in the race will reach New York and San Francisco, finishing the first half of the contest this afternoon. Lieutenant Maynard's airplane, the "Winged Victory," led from Captain L. H. Smith in the race eastward while Lieutenant Smith led from Captain L. H. Smith in the race westward. The latter spent the night at Bryan, Ohio, and left for Cleveland early this morning.

**Smith Loses Way**  
Captain Smith lost his way in a heavy rain seven miles south of Cleveland and broke a strap and a propeller on his motor in a recent landing. He said it would take several hours to make the necessary repairs. He left for Buffalo at 1:51:32 p. m. Major Spatz and Lieutenant Kiel left Cleveland for Buffalo at 9 p. m. and 9:09 a. m. respectively. They reached Rochester shortly before 2 p. m. Major Spatz reached Birmingham from Manchester at 2:51 p. m. It is raining, but, weather permitting, he will leave for Mineola at 4 p. m.

**Maynard's Last Lap**  
Lieut. B. W. Maynard, the flying pioneer, spent the night at Salt Lake City and today he is expected to reach the Pacific coast before dark today. Lieut. L. E. Webster, third in the race westward, was last heard at Greek River, Wyoming.

**Rain at Buffalo Delays**  
Nine of the aviators who slept at Cleveland last night resumed their trip early today. Of the eleven fliers who spent the night at Bryan, Ohio, Lieut. H. W. Sheridan was the first to leave for the west this morning. Six fliers were reported to be held at Buffalo because of heavy rain but expected to leave for the west during the afternoon. Interest today centered in the close race between Major Carl Spatz, leader of the eastward-bound group and Lieut. B. W. Maynard, westward leader, to expect to finish the first half of the contest this afternoon.

**CHICAGO, (AP)**—Leading fliers in the trans-continental airplane race between Mineola, N. Y., and San Francisco, today, the fourth of the competition expected to complete the first half of their journey, thus marking an epoch in aviation in America. Deterred by a minor accident in his planned completion in three days of the first half of the trans-continental plane flight, First Lieut. Belvin W. Maynard, "the flying pioneer," leader in the great reliability and endurance contest today by the westward-bound flier, was the first to take off for the Pacific from Salt Lake, Utah, his overnight stop.

**Smith Leads From Bryan**  
In the van of the eastbound fliers for two days and the closest rival of the "flying pilot," is Capt. L. H. Smith, who is leading the race from Bryan, Ohio, control point, with Lieut. E. C. Kiel and Major C. Spatz. They expected to make Mineola before sunset today.

A continuation of the unfavorable weather that for two days has handicapped the airman was in prospect for (Continued on Page Five)

## GERMAN GUNS COVER ATTACK ON RUSS CITY

Reported Capture of Riga, Accepted in London, is Regarded Most Seriously by British Military Experts

## NO FORCE NOW TO STOP ADVANCE ON PETROGRAD

Estonians Send Two Divisions to Aid Letts Against Attacks of German-Russian Coalition Army

LONDON, (AP)—It was stated in authoritative quarters here Saturday afternoon that a German-Russian attack on Riga was carried out under cover of a heavy bombardment by German guns, forcing the Letts to evacuate the city.

The reported capture of Riga is regarded most seriously by military experts here. They say that between these German-Russian troops and Petrograd there is no force that would stop an advance upon that city, from which, once it was reached, it would be difficult to dislodge them.

**London Accepts Report**  
It was learned during the afternoon that well informed circles in London accepted the capture of Riga as a fact. Their belief, it developed, was based on a private dispatch.

The Lettish legation here was without news of the latest developments in Riga. (Cable company advices received in New York today said that communication with Riga and other Baltic ports has been cut.) It was stated at the legation that the Estonians were sending two divisions to aid the Letts against the Germans.

**Success Not Surprising**  
LONDON, (AP)—Confirmation of a newspaper report that German forces have captured Riga in Baltic area here, but if the disparity of the rival forces is as great as reported in some dispatches, the success of the attack on the city would not be surprising. Up to 1:30 o'clock this afternoon, no official news that the capture had been effected was still lacking.

"Germany's new war" is featured in this morning's newspapers but reports printed here add nothing of importance to the news received by the Associated Press. The whereabouts of General von der Goltz continues to be the subject of contradictory rumors and estimates of the size of the army commanded by Col. Aylavoff-Bermond also show a wide divergence.

It is recalled that General Count Keller, commander of a large body of soldiers in the Baltic provinces, which was recruited from German troops left in Courland by the "Aitav" as the time of the armistice, is a Baltic born, formerly a general in the Russian army. He has established headquarters at Shavil, while General von Der Goltz has his headquarters at Mitau.

**Interest Focuses on Note**  
Prince Peter Lieven, formerly of the Russian foreign office, is superintendent of the Baltic provinces. (Continued on Page Four)

## PRESIDENT BETTER BUT MUST REMAIN IN BED

Physicians Decide Condition Necessitates Confinement for Extended Period

WASHINGTON, (AP)—Although President Wilson continues to show signs of improvement he will be required to remain in bed for an extended period.

This decision was reached today at a consultation between Dr. Francis X. Bland, Dr. Philip Keeney, Dr. Charles Grayson and Dr. Sterling Ruffin of this city. The following bulletin was issued: "White House, Oct. 11, 1919, 12:45 p. m. 'The president shows signs of continued improvement but his condition is such as to necessitate his remaining in bed for an extended period.' 'GRAYSON,' 'BRYDEN,' 'RUFFIN,' 'STITT.'

## TWO THOUSAND LIVES REPORTED LOST IN WRECK

Unnamed British Ship Goes Down Off Norwegian Coast; Says Helsingfors Dispatch; Marks New Disaster Record

ARCHANGEL, (AP)—Two thousand lives have been lost in the wreck of an unnamed British ship on the Norwegian coast, according to a wireless dispatch received here from Helsingfors.

If the loss of life in the wreck reported in the foregoing dispatch is as large as indicated the disaster will mark a new record in the annals of the sea. It would seem probable the ship wrecked was a military transport bringing British soldiers from Archangel to the front in the Great Britain, which has been embarking large numbers of men during the last month.

It is known that troop ships have sailed quite recently from Archangel, Copenhagen advices received yesterday stating that Lettish soldiers who have been on the archangel front have just landed at Riga and have been rushed to the front south of that city to meet the onslaughts of German and Russian forces.

The largest recorded loss of life in a marine disaster occurred when the Titanic was sunk after colliding with an iceberg south of New Foundland, on April 14, 1912, the list of deaths showing 1,503 names. The Lusitania, sunk by a German submarine May 7, 1915, carried with her more than 1,200 of her passengers and crew. When the Empress of Ireland was sent to the bottom in the Gulf of St. Lawrence on May 30, 1914, the loss of life was 1,057. One thousand died when the Japanese steamer Kikkerman sank in Australian waters on September 29, 1912.

**REPORT DISOBEYED BY LLOYDS AND ADMIRALTY**  
LONDON, (AP)—Neither the admiralty or Lloyds have received any information relative to the wreck of a British ship on the Norwegian coast. At these sources the reports is discredited.

## AMERICAN BISHOP FOR EUROPEAN FIELD URGED

Thomas Nelson Page Tells Episcopalian Conference Great Opportunity for Church Extension Exists

DETROIT, Mich. (AP)—Appointment of an American bishop to the European field was urged before the house of deputies of the triennial general convention of the protestant Episcopal church today by Thomas Nelson Page, formerly United States ambassador to Italy. Mr. Page is delegate.

Declaring there is great opportunity for extension in the European field, Mr. Page said that the church in Italy and Sweden and even in Germany "in the interests of peace and civilization." Mr. Page insisted that "when the time comes for the appointment of a bishop to Europe," none but an "American representative of the American church" be selected.

## IDAHO WEATHER

Tonight and Sunday fair south; probably rain north portion.

## WOMEN DELEGATES TO INDUSTRIAL CONFERENCE FORMULATING DEMANDS

WASHINGTON, (AP)—While no formal meetings of groups or committees of the industrial conference were held today, because of the absence from the city of a majority of the delegates, various phases of the proposed legislation were discussed at informal gatherings. The three women members of the public group began formulating demands to be presented on behalf of women. The delegates—Ida M. Tarbell, of New York; Gertrude Barham, of Chicago, and Lillian Wald, of New York—were the only women present today, because of the absence from the city of a majority of the delegates, various phases of the proposed legislation were discussed at informal gatherings. The three women members of the public group began formulating demands to be presented on behalf of women. The delegates—Ida M. Tarbell,

# EDUCATION IN AMERICA WINS KING'S PRAISE

### Belgian Monarch Gives Some of His Impressions Gained on Progressing Trip in Interview

ON BOARD KING ALBERT SPECIAL TRAIN, (AP)—King Albert of Belgium has been deeply impressed with America's educational system and today in the first interview he has granted in the United States he expressed his enthusiasm.

"Your armies are wonderful," he said, "and it was a tribute to your system of education that they could be trained in so short a time."

He nodded approval at the suggestion that the purchase of Liberty bonds had taught a lesson.

"The king's face grew grave when labor unrest throughout the world was mentioned, and he spoke at length of the conference of capital and labor at Washington designed to find a solution."

"I am glad to hear that there can be a conference for such a settlement is possible. It is not so good when men stand with rifles in their hands ready to fight."

"The peasants are getting themselves up," he said, "they are not sending their grain to the cities and the cities are starving. But you do not have Bolshevik here. Your country is too great and your people are too prosperous."

**Man First: King Afterward**  
Conversing with King Albert, it is difficult to realize he is a monarch. When there are no receptions to attend he dresses in blue-civilian clothes with an army shirt and a soft four-in-hand tie of the same material. He hears himself with dignity but in it is nothing of the wall of reserve and reticence which usually is associated with royalty. The impression he gives is that he is a man first and a monarch afterward. Those he met here made to feel at home. All through his trip he has maintained the same gentle simplicity.

"Your Majesty enjoying the trip?" he was asked.  
"It is all very wonderful. The people are very kind and very interesting."

"And do you enjoy kissing the babies along the way?"  
"Babies are babies everywhere," he replied with a shrug and a smile, "and one must kiss them wherever one is."

**Pays Tribute to Press**  
"Have you been annoyed or amused by the persistence of newspaper men along the way?"  
"This is a democratic country," he answered, "and the press must tell the people what is going on. I do not think they should be annoyed. It is not amusing for you to see me doing only what they should do. Your press did a noble work in uniting your people for war and did it not do very much to solidify it. I trust your country could come into the war with nothing to gain for itself."

Incidentally the king, who at root of all time the legend that he was a reporter on newspapers for a brief period when he was in the United States twenty one years ago.

"No," he said with a laugh, "I am sorry it was not so. I have learned much. Your reporters know everything."

There seemed to be nothing sardonic in the latter part of the reply.

**Representative of People**  
"Americans throughout the country have a great admiration for you, sir," he was told.  
"No, no," was the immediate, emphatic rejoinder. "I am but the representative of my people."

"But your people needed a leader and without a leader they could have done little."

"Yes, that may be true," he responded thoughtfully, "President Wilson is a leader, a man of high ideals and principles. The people are getting better and of that I am very glad. If he should be ill, it would be a calamity for the world."

**EXPRESS MESSENGER ON MEMPHIS TRAIN HELD UP**  
Five Men Take Several Packages and Escape when Yardmaster's Message Stops Train

MEMPHIS, TENN., (AP)—Five men who boarded a southbound passenger train on the Yazoo and Mississippi valley railroad as it was leaving the yards here early today, held up an express messenger and his assistant, carried several packages and escaped when the train was stopped at West Junction in response to a telephone message from a yardmaster who saw the men board the train.

The messenger and his assistant were found lying on the floor, bound. One of the stolen packages was said to have been shipped by a Memphis jewelry concern.

# London Profiteer Boosts Eggs Cost to \$1.35 a Dozen

LONDON, (AP)—Profiteering in eggs is attracting the attention of the food ministry because of complaints which are reaching it from all parts of the country. In some London districts the retail price is \$1.40 a dozen, and the cheap is \$1. If this condition continues, it is announced, the ministry will step in to protect the consumer.

# JOHNSON GETS GREAT OVATION

### Partisanship Cast Aside when California Senator Speaks in Butte

BUTTE, MONT., (AP)—Partisanship was cast aside here yesterday when representative democrats and republicans joined in extending a Montana welcome to United States Senator Hiram W. Johnson, wagging what he terms a "campaign on an academic question" against acceptance of the league of nations covenant as now presented. Delegations from Helena, Deer Lodge and Anaconda joined the non-partisan committee of Butte citizens who met the California senator here and assured him that they were of open mind as to the ratification of the peace treaty and league of nations.

"We I mean, I would have the United States live in amity with all peoples but have entangling alliance with none of them," continued the senator. "I want us to go our own way, live our own life and be just American."

**Enthusiastic Audience**  
The audience which crowded the city hall to attend the speech was one of the most enthusiastic which Senator Johnson has met on his tour, and he was cheered when he declared that during his present trip "from Portland, Maine, to Portland, Oregon," he had never faced a meeting which affected him more singularly than the one in which he was introduced.

Despite the fact that the first snowstorm of the season had made roads slippery, prominent parties came from Montana cities to attend the meeting.

**To End Tour in Salt Lake**  
Senator Johnson's speaking tour will end at Salt Lake City with an address tonight and the senator will hurry back to Washington to engage in the fight in the senate for adoption of strong reservations and amendments to the league.

# PROSPECT OF A WAGE SETTLEMENT IS REMOTE

### Operators and Workers Continue Conference with Little Likelihood of Reaching Early Agreement

PHILADELPHIA, (AP)—Operators and mine workers of the central competitive coal field, embracing Indiana, Ohio, Illinois and western Pennsylvania, continue their joint wage conference here today, but there was little likelihood of reaching an agreement in the near future.

The miners refuse to modify their demands, which include a six hour day, five day week and sixty per cent increase in wages, and the operators declare that unless their joint wage negotiations will remain at a standstill.

Unless their demands are granted the mine workers threaten to strike on November 1.

# SHOPMEN STRIKE TO ENFORCE SENIORITY RULE

ALTOONA, PA., (AP)—Virtually the entire mechanical force at the Pennsylvania railroad shops in Altoona, East Altoona, Junction, South Altoona, Holidayburg, were on strike today, to enforce the seniority rule at one of the shops.

# MAKES PUBLIC WILSON ERROR

### Senator Norris Cites President's Telegram Admitting His Mistake

WASHINGTON, (AP)—Senator Norris, republican, Nebraska urged the senate Friday to amend the peace treaty with respect to the Shantung settlement so that we "may give back to China that which belongs to China."

No man had come forward to defend the award of Shantung to Japan, Senator Norris said, adding that even President Wilson had declared it infamous.

Referring to President Wilson's statement in his St. Louis address, that German rights in the Orient were given to Japan by the allies to secure Japan's entrance into the war, Senator Norris read a telegram from the president, dated at Garrison, Mont., during his recent trip, thanking the Nebraska senator for calling attention to the "unjustified wrongs" of the Shantung secret treaty was not made until 1917.

# SOLO DENOUNCES LABOR PRESENT STRIKE POLICY

### Senator Myers Calls Demands of Bituminous Coal Miners Outrageous

WASHINGTON, (AP)—Organized labor's course in calling strikes in American industry was denounced Friday in the senate by Senator Myers, democrat, Montana.

"Organized labor," he said, "appears to have a strange hold on the throats of the American people and believes in strangling them while the strangling is good."

Denouncing as "outrageous" the wage and other demands of the bituminous coal miners, Senator Myers said their plan to strike November 1 unless their demands were complied with was "a most monstrous and brutal threat to freeze and starve the people's submission."

The coal strike, he added, would be supported by the American Federation of Labor, as is the steel strike, by levying contributions on its members.

There isn't any real secret about it. Volume of sales alone permits small profits. Read the ads. Buy advertised things.

# TAXATION MAKES NEW LANDLORDS

### England is Changing Hands Because High Taxes Crush Proprietors

LONDON, (Correspondence of the Associated Press)—England is changing hands because taxes are so high landed proprietors cannot afford to own and maintain their estates, according to accumulating evidence of the past few days.

"The crushing taxation which has resulted from the war," said the notice sent by the Duke of Rutland to his tenants, "coupled with the great rise in the price of all commodities and labor, have placed such burdens on my property as to compel me to largely diminish the size of my estate."

The Duke of Rutland sold his Harby estates in the vale of Belvoir, much to the regret of his tenants.

Brigadier-General William Strong, of Thropo Hill, Peterborough, is another landed proprietor who is parting with his property. He explained to the villagers that he regretted to do so, but 25 one-third of his income now went in taxation, it was impossible for him to maintain the hall and the estate.

# VOTES ENOUGH TO BEAT LEAGUE, JOHNSON AVERS

### California Senator Tells Butte Audience Amendment to Treaty and Covenant is Certain

BUTTE, Mont., (AP)—There are votes enough pledged in Washington to "beat the whole infernal peace treaty and league of nations unless the treaty and covenant are so amended as to protect the interests of the United States," United States Senator Hiram W. Johnson told an audience at Butte Friday.

# CALIFORNIA SOLON FOR EXCLUSION OF JAPANESE

### Senator Phelan Proposes Investigation and Announces Bill Preparation

WASHINGTON, (AP)—The senate committee continued its hearings Friday on the resolution of Senator Phelan of California, proposing investigation as to whether Japan was violating the "gentlemen's agreement" between the government and the United States regarding the entry of Japanese into this country. Commissioner Caminetti of the immigration bureau, and V. S. McClatchy, publisher of the Sacramento (Cal.) Bee, were the principal witnesses.

Mr. McClatchy reiterated previous testimony that the agreement was being "constantly and deliberately violated," while Commissioner Caminetti told the committee his bureau had not been given sufficient funds to handle the situation.

During the hearing Senator Phelan announced that he had prepared a bill which would exclude Japanese from this country, the same as Chinese. Chairman Cull questioned the wisdom of such a proposal because of the present international situation, but Senator Phelan said he thought the question should be settled at this time.

He declared there would be a breach of the world peace unless the United States did something to meet the situation now existing in California, resulting from the influx of Japanese. Senator Gore, democrat, Oklahoma, said the United States made a mistake in debating the immigration question with Japan when it first came up.

# WOMEN TAKE TO MEDICINE

LONDON, (AP)—One of every five doctors who completed their training in England this year was a woman, and authorities declare that next year the proportion will be larger. In May, 1913, according to the British MEDICAL JOURNAL, there were 2,500 women doctors in the kingdom, several times more than for the corresponding date of 1914.

READ THE DAILY NEWS.

# ROBBERS HOLD UP STEAMBOAT

### American Bandit Methods Figure in Despoliation of Passenger List

HATUOM, CANCASA, (AP)—Six robbers, traveling as passengers, commandeered the Russian steamer Constantine on her latest trip between this port and Constantinople, and robbed a selected list of wealthy passengers of 30,000 rubles. The robbery was conducted with the daring and finish of an American train hold-up.

The Constantine carried from Tiflis, Baku and Erivan, proceeding to Constantinople to purchase goods, with cash in gold and Romanoff rubles for the purpose. There was nothing to indicate the character of the robbers until the ship was within 12 hours of the Bosphorus, when the captain and crew, at the point of pistols, were ordered forward and the engines stopped. The leading merchants were lined up, as their names were read from a list, and their persons and baggage searched. It was a case of all firearms on the deck and arms aloft. The crew and the lumber passengers were not molested.

The captain was ordered to navigate his ship close to shore, the pilot of the steamer was tossed into a life-boat, and the robbers moved to land. They immediately disappeared in the hills of Anadolli. The members of the crew who rowed them ashore received a handsome tip.

Robberies around the Black Sea become bolder and of daily occurrence. Forty persons were rounded up on the highroad outside Samsat yesterday and the valuables and better clothing of the party taken. The affair of the Constantine, however, is the first time that bandits have transferred their activities to the water.

# BURLEY PLAYS GRIZZLY TEAM

### Invading Grid Warriors Excel in All Departments of Play Score 26-2

A second defeat was administered yesterday to the local high school team by the Burley team at the school park by the score of 26 to 2. Most of the credit for the Burley victory goes to their quarterback, John, who menaced the Grizzlies throughout their being clear runs around the local defense while one was executed by means of a fake forward pass.

Though lack of sufficient team work did not cause the cause Twin Falls' downfall, it must be admitted that Burley had the better team yesterday. Neumann was the star of the local team but the Grizzlies' defense was the one that made the difference. The lone score made by Twin Falls was, as in the Rupert game last week, obtained on a touchback. Burley made four touchdowns and kicked two goals, bringing their record to 2-1.

In order that the locals be prepared to meet Gooding high on a level footing next Wednesday, it will be necessary that the most few practices be devoted to overcoming the present weaknesses of the whole team.

## FATOR MOUNTED FOR RICH PURSE

### Twin Falls Youth Is Up on Mad Hatter for \$50,000 Prize

CINCINNATI, O., (AP)—Six horses will face the barrier in the \$50,000 Lantana championship stakes, the world's richest race at the track, on Tuesday afternoon. Eight are entered to go, but Constantino will not start, according to his trainer, P. Coyne, and Linden ran yesterday, making it unlikely that he will be sent in again, according to the distance of the championship is a mile and three-quarters, the longest race 3 year olds have been asked to take in this country in many years.

Rain fell last night, making the track heavy.

Sam Hildreth's Mad Hatter was installed favorite, with Blockwell, winner of the Two Year Old, second choice. Blockwell has won his last four starts, and will carry the bulk of the Kentucky money.

The starters, weights, owners and jockeys follow:

Mad Hatter, 122, B. C. Hildreth, Sator.

Blockwell, 122, J. B. Hawkins, Pool.

John O., 122, O. Rogers, Lyke.

Grey, 122, J. H. Woodford, Van Dusen.

Chasseur, 122, L. Waterbury, Robinson.

War Spirit, 122, E. Hess, Murray.

## STINGING LEFT BEATS YOAKUM

### Low Tendler's Snappy Fences Prove Undoing of Denver Light Weight

DENVER, Colo., (AP)—Low Tendler's left hook carried too much punishment for Stanley Yoakum, Denver light weight, and the Philadelphia was awarded the title for the first time in the fourth of a scheduled twelve round bout at the stockyards stadium here last night.

Tendler's blows, which were landed at will and carried the head of the Denver man. After about a minute of fighting in the fourth round the one-sided affair was stopped at Yoakum's request.

In the semi-final event, Mike Scrtle, St. Paul bantam weight, won a decision in 8 rounds over Harry Paul of Denver.

## GERMANS BUY UP TRUCKS ABANDONED BY OWN ARMY

### Deal Practically Completes the Work of Liquidation Commission at Coblenz

WITH AMERICAN FORCES IN GERMANY, (Continued from page 1.)—Twelve hundred motor trucks abandoned by the German army in the area taken over by the Americans as part of the demilitarized zone sold recently to syndicate of German automobile dealers. This deal virtually completed the work of the Coblenz branch of the United States Liquidation Commission which has been under the direction of Justice G. Adams, of Asheville, N. C., special commissioner of the American Army of occupation.

Continuation of disposal of surplus army material in occupied Germany will hereafter be under direction of a general sales board at the headquarters in Germany, of which Lieutenant Colonel T. H. Kruttschnitt has been appointed as chief. The army board will be under the supervision of the liquidation commission with headquarters in Paris until the final stocks are sold.

The sale of surplus property of the American army in Germany, which also had been completed brought to the government \$14,000,000, most of the goods disposed of to the Belgians, government buying a better price than could have been obtained in the United States.

By the sale of a part of surplus trucks at the American Forces in Germany, much of which was sold to German civilians, the sum of \$11,000,000 was realized. Among the material sold recently to German dealers was 200,000 pounds of a kind not particularly in demand among the American soldiers.

# Today's Sporting News

## Brief Bits of Sport

We profoundly believe in home things.

But our patriotic impulses did not lose us anything on yesterday's football game.

Burley hired a bunch of ball players last summer that slapped Twin Falls hip and thigh, and now comes back in the winter with a football outfit that flayed the hide off Natziger's 'Grizzlies' yesterday.

Oh, dear!

A cursory survey of the local high grid warriors reveals many defects in playing system, as well as natural ability. Natziger may have the material out of which to mold a championship eleven, but it did not so appear to yesterday.

And, in addition, the eleven displayed woeful lack of field co-operation, individualism appearing to be more characteristic than teamwork.

Perhaps Natziger can overcome this and build a team worthy of Twin Falls, but he will have to hustle.

Yesterday's star of the home outfit was Neumann, and he cannot be credited with anything extraordinary.

It is not the intention of this column to "knock" the team; but facts cannot be ignored. The team is weak in every department.

The Vernon club of the Coast League is bound and determined to win the championship gonfalon of the minors. Yesterday the team whipped an umpire in order to win from St. Paul 2 to 1.

In Milwaukee last night Jack Sharkey outboxed Sam Marino in a 10-round no-decision battle. Both fighters are from New York and are light weights.

When Gabriel shall blow his trumpet all the dead shall arise. That's what the good book says, but Ad Wolgast doublecrossed 'Gabe' last night.

Ad licked a guy who, according to the records, has not made any fighting history thus far, except to be a medium for the resurrection of the former champ of lightweight.

## GIVING SAINTS BEST OF IT LOS ANGELES

LOS ANGELES, (AP)—One game in the lead, Vernon of the Coast League will meet St. Paul of the American League today in the fourth of a nine-game series to settle the western minor league championship. St. Paul will be home team today and American association rules will prevail.

## COLORADO VS. UTAH SALT LAKE CITY

SALT LAKE CITY, (AP)—The Colorado college "Pioneers" will grapple with the University of Utah eleven in the first conference game of the season here today. The game is expected to be one of the hardest fought contests of the season. Ideal football weather prevails.

## WHO IS KANE? YUMA, ARIZ.

YUMA, Ariz., (AP)—Ad Wolgast, former lightweight champion, knocked out Walter Kane of Yuma here last night, in the eighth round of a scheduled 10 round fight.

## KICKING METHODISTS LINCOLN, NEB.

LINCOLN, NEB., (AP)—Morning side college of Sioux City, Iowa, yesterday defeated Nebraska Wesleyan on the football field in a one-sided game by a score of 19 to 0.

## Iodine for Scratches. Scratches on dark oak furniture may be greatly improved in appearance by carefully painting the same with iodine, using as many coats as necessary to produce the desired depth of color. When this is dry go over the whole piece of furniture with a good furniture polish.

## The Rattlesnake's Rattle. The rattle of the rattlesnake is developed from the single conical scale or epidermal spine, which in most snakes forms the internal tegment of the tail. The bone on which the roof of the rattle rests consists of the last caudal vertebra and is covered with a skin which is the beginning of the rattle in young rattlesnakes.

## Domestic Cat Distinct Species. The Egyptian cat seemed to have a good claim to the honor of being the ancestor of the domestic cat, but on account of painting the same with iodine which it bears a great similarity to the domestic cat. But peculiarities which were discovered in its dentition were sufficient to remove its claim. So it seems best to consider the domestic cat a distinct species.

## There's little profit in following the policy of "shopping around" in search of the best price quoted on a commodity. Read the ads.

# WORLD'S SERIES ALWAYS PUTS COMPETING CLUBS IN BAD HOLES

### No System Yet Devised that Satisfies Any Fair Proportion of Fans—Exorbitant Prices, Fixed by Scalping Mediums, Responsible for Many Awkward Positions for Owners

BY I. R. SANBORN

Ostensibly the lengthening of the world's series from four out of seven to five out of nine games was designed to give more folks a chance to see the games and thereby lessen the unpopularity of the club owners among their patrons. Actually it produced exactly the opposite result.

Under the system of distributing reserved seats and boxes, the fortunate one will be able to see all the games played in their city. The system will attend all games in both cities. And the net result is the belief among the fans that the series was lengthened merely to collect more coin of the realm. The fact is, a club owner cannot afford to win more than two or three championships within a five year period, because each world's series estranges so many of his regular patrons.

**100,000 Steady Patrons**

If Comiskey park, for instance, would seat 150,000 people instead of the 35,000 it can now accommodate, the folks who would see the 1919 baseball derby. There are at least 100,000 Chicagoans who consider themselves regular patrons of the sport, but because they average a game a week during the season.

There are at least 50,000 folks who plan their vacations for October, as to journey from distant points and take in the world's series. Only a small percentage of them can be accommodated and the scalping of seats for one or two games instead of three, as to journey from distant points and take in the world's series. Only a small percentage of them can be accommodated and the scalping of seats for one or two games instead of three, as to journey from distant points and take in the world's series.

## FIGHT UMPIRE TO WIN GAME

### Vernon Tigers Claw Arbitrator During Close Contest with St. Paul

WASHINGTON PARK, Los Angeles, (AP)—In a game featured by a fist fight between Umpire Murray and members of the Vernon team, the Tigers won the third game of the series with St. Paul for the western minor league championship yesterday, 2 to 1.

Byron Houck, pitching for Vernon, struck out 11 men and allowed but 3 scattered hits. After Houck fanned eleven men in three innings, Umpire Teaman examined and then threw out a ball Houck was using. Dick Niehaus pitched a tight game for the visitors.

The winning run was scored by Vernon in the ninth inning. Fisher singled infield and took second on Edington's sacrifice, a high hit scoring Fisher.

Vernon opened the first with a run when Mike Scrtle walked. He was second on Chadbourne's sacrifice and scored on Fisher's double.

## Make Strangers Use Bleachers

The solution of the problem is to make the strangers flock into the bleachers and pavilions after standing in line all night, and to distribute the reservations among the home patrons as equally as possible. That is what President Comiskey of the White Sox attempted to do this year.

## In the allotment of reserved seats and boxes, preference was given in all cases to Chicagoans.

The owner of the south side team did not consider that Texans or Oregonians or even Iowans, from the start where he began his career as a player, had any right to keep Chicagoans out of his ball park during the big games.

## Whatever strangers get reservations will do so through scalpers or through the evil of allotting a bunch of reservations to the national commission and

# I'LL MAKE A WINNER. SAYS M'GILLICUDDY

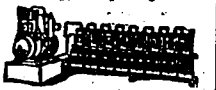

### Master of the Athletics Says Keep an Eye on Him in the Future

Connie Mack, manager of the once powerful Philadelphia Athletics, has not completely despaired of again constructing a diamond aggregation which will rival, in point of power, the championship nine he once piloted. In fact, Mr. McGillicuddy is rather optimistic, reports to the contrary notwithstanding.

"For five years they've been saying that I can't get together another good team," said Mack in discussing the situation recently. "They are wrong. I haven't tried very hard yet. For a time baseball was sleeping, and during those years we just kept going. I saw no use in spending a great deal of money in getting together a high class ball club just before and during the war. Things are different now, and I don't intend to quit until we have a club that will be up there at the top fighting with the leaders."

"If it means spending money for players, we'll spend as much as is needed. Right now I am devoting more time to looking around for the men I need than anything else. I've always said that it takes three years to build up a winning team, and if I live I'll have one. Talk about my getting ready to retire is 'bunk.'"

# ATWATER KENT SCIENTIFIC IGNITION

Hupp Franklin Peerless

THREE popular, efficient cars representative of the class using Atwater Kent Scientific Ignition—each stands unchallenged for power, speed and economical operation. To these could be added dozens of other manufacturers of cars, trucks, tractors, motors, etc., who have selected Atwater Kent Scientific Ignition as standard equipment.

Their selection was made only after the most exhaustive tests of all available types.

The big, hot spark at all motor speeds saves gas, increases power and speed range, reduces gear shifting and motor stalling, and facilitates starting. There's a type to fit every car made.

Replace your magnetos with Atwater Kent Scientific Ignition and get an appreciation of what efficient ignition will do for car satisfaction. Send for literature or see your dealer today. A special outfit for Fords and tractors.

SUGAR

America's sugar supply this year is short... There can be no question of that, notwithstanding the statement of George A. Zabriske, president of the United States sugar equalization board, declaring that although the talk of "shortage" persists, it was the fact that from January to September, inclusive, 600,000 tons, or 18 per cent more sugar had been delivered to American consumers than for the same period in 1918.

The normal increase in consumption, Mr. Zabriske said, would have been four per cent.

It is quite evident that the consumption increase has been more than normal, and several interesting explanations—among them being the carrying into effect of national prohibition—might be advanced to throw light on the situation.

The board of which Mr. Zabriske is president declares that heavily increased use of sugar in candy, soft drinks, ice cream and other "luxuries" in the United States during the first nine months of 1919 means that such over indulgence in sweets "must now be curtailed in some sections of the east for the next three months."

The west should secure immediate relief from the harvesting of an average beet crop, the board advises. The Louisiana supply of 100,000 tons available November 1, while disappointing, will serve to supply the shortfall until the new West Indian crop is ready next January.

The east is dependent, however, it is said, on the old Cuban supply and conservation would therefore have to be practiced for a time in that section of the country.

It is essential, in consideration of the situation, that weight be given to the proposition that this year's largely increased consumption of sugar is not a temporary or sporadic manifestation. The same causes that made for greater consumption this year are most likely to make for greater consumption in succeeding years; and the problem confronted is not one—except for the moment—of conservation, but of increased production.

The revelation of the sugar equalization board cannot but be of extreme interest and importance to the farmers of the Twin Falls country because of reasons that were set forth in detail in connection with the war time appeal to patriotism for increased production of beets.

The Sugar Beet Journal in its current issue, proves that the Twin Falls country produces more sugar per acre than any other country, citing the E. T. Sandberg crop in 1917 of forty tons of beets per acre with an average extraction of 280 pounds of sugar per ton, making an enormous yield of 11,200 pounds of sugar, as compared with the 10,000 pounds of raw cane sugar per acre for Hawaii, which leads the list of nations for cane sugar production, and as compared with 4,283 pounds of beet sugar per acre for Germany which has heretofore held the record among the nations for production of the beet product.

The appeal to Twin Falls country sugar producers at this juncture is an economic one, but the response is very likely to be as large or larger than the one to the previous appeal to patriotism. A great opportunity seems to be presented.

"TALK FACTS" Members of the senate committee in-

investigating the steel strike now at a struggle center, did not go to Pittsburgh to hear arguments, generalities or hearsay, and so when William Fenney, a union organizer, today testified, not as an eyewitness, but as one who had been told all to alleged instances of denial of the rights of free assemblage and free speech, he was somewhat sharply admonished by Chairman Kenyon to "quit making a speech and talk facts."

The advice is good. It might be applied with beneficial results in many and various quarters where presentation of the truth is essential; but a whole lot of political propaganda, a lot of misunderstanding that makes for the personal gain of astute but unscrupulous leaders political and otherwise, and most of the trouble making in general would have to be sacrificed as a result.

Today's Markets

Grain and Provisions CHICAGO, (AP)—Fresh declines in the price of corn took place today chiefly as a result of favorable weather for conditioning the new crop. There were also reports that the volume of rural offerings had increased. Besides, weakness in hog values counted as a bearish factor. Opening prices, which varied from the same as yesterday's finish to 3-4 lower, with December \$1.22 3-8 to 1.22 5-8, and May \$1.21 to \$1.21 3-8, were followed by a moderate setback all around, and then something of a rally.

Oats sagged with corn. After opening unchanged to 1c higher, including December at 70 1-2, the market answered a general decline. Evening up of trades so as to be prepared for the double holiday ahead pulled the market a little in the late dealings. The close was unsettled, 1-8 to 3-8 net lower, with December \$1.22 1-2 to 1.22 5-8 and May \$1.21 to 1.21 1-8.

Week-end adjustments helped to make the market firm at the last. Provisions dull and weak. The downward tendency of corn and hogs appeared to intimidate buyers.

Cash Quotations CHICAGO, (AP)—Corn No. 2 mixed \$1.41 to 1.42; No. 2 yellow \$1.41 to 1.42. Oats No. 2 white 71 1-2 to 72 1-4; No. 3 white 71c to 72c. Rye No. 2 \$1.42. Barley \$1.22 to 1.24. Timothy \$8.50 to 11.25. Clover nominal. Pork nominal. Lard \$29.12 to 29.20. Ribbs \$17.75 to 18.50.

Chicago Livestock CHICAGO, (AP)—Hog receipts 5,000; firm; heavy \$14.50 to 15.40; heavy packing sows, smooth \$13.75 to 14.35; packing sows, rough \$13 to 13.50; pigs \$13.75 to 15. Cattle receipts 2,000; compared with a week ago, strictly good to prime steers steady; other grades weak, unevenly 25 to 30c lower; good and choice feeders 25 to 50c higher; calves \$2.50 to 3 lower; best westerners about steady; others 25 to 50c lower; good and choice feeders 25 to 50c higher; other grades steady to 25c lower.

Sheep receipts 1,000; compared with a week ago, fat range lambs 50 to 75c lower; native 1 to 1.50 lower; fat sheep mostly 50c lower; feeding lambs 50 to 81c lower; feeding sheep 25c lower; young breeding ewes 50 to 75c lower.

Omaha Livestock OMAHA, (AP)—Hog receipts 4,000; mostly steady with steady; average of general average; top \$15.10; bulk \$14.25 to 14.75; heavy weight \$14.00 to 15.10; medium weight \$14.75 to 15.10; light weight \$13.75 to 15.10; heavy packing sows, rough \$14.25 to 14.00; packing sows, rough \$13.75 to 14.25; pigs \$14 to 16.

Cattle receipts 150; compared with a week ago, strictly good to prime steers steady; others fully 25 to 50c lower; bulls and light veals steady; common calves and heavy calves 50c to 81c lower; stockers and feeders mostly 25c lower.

Sheep receipts 800; compared with a week ago: Lambs strong to 25c higher; yearlings and sheep and feeding grades 25 to 50c higher.

Chicago Produce CHICAGO, (AP)—Butter unsettled; creamery 49 to 53 1-2c. Eggs highly receipted; 4,071 cases; first 56¢; ordinary 56¢ to 51c; at mark, cases included 50 to 55c; storage packed first 58 to 58 1-2c. Flour, active, higher; springs 22 1-2c; fowls 18 to 25 1-2c.

Liberty Bonds NEW YORK, (AP)—Liberty bond first series today were 3 1/2's \$100.14; first 4's \$95.24; second 4's \$94.20; first 4 1/4's \$95.40; second 4 1/4's \$94.20; third 4 1/4's \$95.86; fourth 4 1/4's \$92.22. Victory 3 3/4's \$99.82; Victory 4 3/4's \$99.80.

Potatoes CHICAGO, (AP)—Potatoes steady; arrivals 65 cars; Northern standard Whites \$2 to 2.50; Early Ohio \$2.60 to 2.70c.

Dreaming of Cats. With the exception of black ones, it is said that to dream of cats is unlucky. If the animal scratches, the dreamer must beware of a rival in love. To dream of chasing a cat means disappointment over something.

GOVERNOR D. W. DAVIS

Comes to Twin Falls Tuesday to address a Twin Falls assemblage on the cabinet form of government, now in operation as an administrative system in the state of Idaho. Governor Davis will also comment on the League of Nations during this meeting.

GERMAN GUNS COVER ATTACK ON RUSS CITY

(Continued from Page One) The co-ordination of the forces commanded by these two leaders, it being intended to transfer the occupation of Lithuania and Courland to a nominally Russian-Lithuanian army composed in part of Germans from the ranks of General von Der Goltz troops. This move, it is said, led to the present hostilities.

Interest here now is largely focused in the result obtained from the note which the supreme council of the peace conference reported to intend to send to Berlin today, denouncing the withdrawal of German troops from the Baltic provinces on pain of coercive measures from the allies.

GERMAN PARTISIPATION IN ATTACK IS DENIED

COPENHAGEN, (AP)—A German telegram from Mitau, received Friday, says: "Fighting by Lettish and Russian troops between Mitau and Riga is continuing. None of the troops subscribed to the German government are taking part." A telegram from Koeningberg, East Prussia, reads as follows: "The Russian Colonel Wirgultsen, commander of the second west Russian volunteer corps, has in Schaulen (Shavil) proclaimed the part of Lithuania occupied by his troops as Russian territory. The Lithuanian troops in Schaulen have been dismissed by the Russians and the Germans cooperating with them."

MAYNARD REACHES PACIFIC FLYING 2700 MILES IN 24 HOURS

(Continued from page one) today. Partly cloudy and cooler weather was forecast for today. Many of the eastern part of the course with very cold weather in the west. Captain H. C. Drayton and Lieut. Sweeney, closed the first part of the flight. Maynard on the westward flight, reported last night at Havells, Wyo., where they stopped until this morning, that they were both exhausted and had fought a strong headwind.

East and West Meet For the first time during the race East and Westbound fliers spent the night together when Major Spitz, Captain Smith and Lieutenant Kid met at Bryan, Okla. East first met west two days ago when the "flying parson" greeted Captain Smith at North Platte, Neb.

Great care is being exercised by the commanding officers at the various control points to safeguard the fliers in the great contest, so far productive of five deaths and a number of minor accidents among the original 42 starters at Mineola and fifteen at San Francisco. Two machines were eliminated yesterday and two contestants suffered accidents.

The deaths yesterday were Worth D. McClure, observer in plane No. 24, piloted by Major A. L. Sneed, which crashed at Buffalo, and Lieut. G. V. Wales, whose ship fell in Wyoming during a severe snow storm Thursday.

The contest today between the three east bound fliers who left Bryan, Okla. apparently would give an interest with the performance of the "sky pilot" in his unexampled westward flight. Lieutenant Maynard this morning had but 518 miles of his journey left, after flying 2,183 miles in three days. The eastbound trio, headed until late yesterday by Captain Smith, had 553 miles to fly today to Mineola. They had covered 2,651 miles from San Francisco.

String Across Country The entries this morning, except for the fourteen who remained last night at Bryan and nine who stopped at the Cleveland control, were strung out in ones and twos from the farthest point reached in the west, by Lieutenant Maynard to Buffalo, N. Y. on the east.

The Chicago control station this morning had been moved from Arbutus field, flooded by rains yesterday, to Grant park on the lake front.

The first racing aviator to land at the Green River, Wyo., control station was Lieutenant Worthington, who stopped there yesterday. Lack of complete co-operation for a time held up leading eastbound fliers, who finally were permitted to proceed without touching there. The pilots now past that point will be forced to make up the thirty minutes rest period before alighting at either end of their trip.

Suggestive MIM.

A certain eminent lawyer was appointed head of a government department, and he was anxious that all the members of the staff should work together in unison. He summoned the leading officials, and after delivering an address on the desirability of thorough co-operation, concluded by saying: "Gentlemen, in my profession when a jury disagrees it is discharged, I think I need say no more!"

Another "Origin of Dixie"

Before the Civil war the old Citizens' bank of New Orleans, having the power to issue paper money, provided quantities of bills, most of ten-dollar denomination, having the French word "Dix" on their backs. This money became popular, according to this theory, Louisiana was referred to as the land of the "Dixies." Eventually the term was broadened to include all of the southern states.

You would call that merchant unfair who failed to advertise an offering of real merit. Read the ads.

LONGSHOREMEN DEFY ORDER OF THE WAR OFFICE

(Continued from Page One) men's scale from 85 cents to \$1 an hour. The only apparent hope of averting a spread of the strike, or of terminating the strike, lay in a meeting of the strike committee with the national adjustment commission, starting at 10 o'clock this morning.

Would Increase Idleness The coastwise longshoremen's strike, if made effective, it was stated, would add at least 10,000 to the total number of strikers. Employees of all the Hudson river ferry lines and all the railroad company tug lines with the exception of the Lackawanna, struck suddenly last night, tying up the tugs and ferries.

MANY CHANGES IN PEACE PACT ARE PROPOSED

Thomas Presents Four New Reservations; Resolution is Urged by King and Smith to Give Thrace to Greece

WASHINGTON, (AP)—Senatorial consideration of the peace treaty began today, an hour earlier than usual and discussion again covered a wide range. Four new reservations were introduced by Senator Thomas, democrat, Colorado. One proposed by the United States excludes jurisdiction over domestic questions, and the other three deal with the treaty provisions creating an international labor organization.

Criticism Wilson Refusal President Wilson and Secretary Lansing were criticized by Senator Brandegee, republican, Connecticut, and defended by Senator Hitchcock, democrat, Nebraska, for refusing to submit, on the ground of public interest, a report of Paul Whittam, a department of commerce engineer, said to recommend neutralization of China's railways and to show Japan's expansion of power.

World Give Greece Thrace Adoption of a resolution by the senate declaring Thrace should be given to Greece was urged by Senator King, Utah and Smith, Georgia, democrat. Republican Leader Lodge promised prompt action, declaring the United States was the only power which insisted that Thrace be given to Bulgaria.

A request for a reservation to the treaty giving Porto Rico a seat in the assembly of the League of Nations was presented by Senator Brandegee, from Commissioner Davila, of Porto Rico.

Useful Asset Foot—"I sent you some verses about three weeks ago. What have you done with them?" Editor—"I'm holding them. Every little while lately I get thinking that you are not setting out as glib a paper as you ought, and then I take those verses and see how much worse the sheet might be, and that makes me cheerful again!"

First Church of Christ Scientist Sunday service 11 A. M. Gem Theatre. Subject of lesson for October 12: Are Sin, Death and Hell Real? Sunday School 10 A. M. Gem Theatre. Delightful in all its details was the reception given by the Federation of Rural clubs for the teachers of the Twin Falls district in the parlors of the Presbyterian church last evening. The rooms were beautifully decorated with fall flowers and autumn leaves.

Social Notes

Delightful in all its details was the reception given by the Federation of Rural clubs for the teachers of the Twin Falls district in the parlors of the Presbyterian church last evening. The rooms were beautifully decorated with fall flowers and autumn leaves.

Miss Barbara McShen was hostess at a charming "500" party Thursday evening. Mrs. P. A. Nixon was hostess in honor of high score and Mrs. W. E. Nixon received the consolation. The guests beside the hostess, and her mother, Mrs. Max McShen, were Mrs. J. D. Peavey, W. E. Nixon, R. A. Read, Oliver Harstad, H. G. Avery, O. E. Donnan, T. H. Runtzow, H. W. Ostrom, McShen, Mrs. M. Biggs, Misses Faye Fox, Alice Johnson and Mary Des Rousseaux. Light refreshments were served at the close of the evening.

A most delightful affair was the 7 o'clock dinner given Thursday evening by Mr. and Mrs. W. H. Schultz in honor of their daughter, Vera's birthday. Covers were laid for Mr. and Mrs. H. F. Harder, Mr. and Mrs. W. H. Harder, C. A. Harder, Miss Vera Schultz, Mr. and Mrs. W. H. Schultz.

NOTICE TO THE PUBLIC Oct. 7, 1919. Notice to the Public: Notice is hereby given that during the next six weeks the County Treasurer's office will require additional clerical help. Apply at the County Treasurer's office. E. L. WARREN, County Treasurer.

STOLEN CARS, \$25 REWARD Ford cars, License No. 4466, and 23 cars have been stolen. Any person having information that will lead to the recovery of these cars will please report to my office and receive reward. A. N. SPRAGUE, Sheriff.

Local Brevities

Comes From Iowa—Dr. Edward Hornbrook of Cherokee, Iowa, is a guest at the home of his son, E. J. Hornbrook.

Home From Vacation—Mr. and Mrs. Zeas Smith and little daughter, Virginia, returned yesterday from a visit of several weeks in Rocky Ford, Col.

Pythians Enjoy Social—Knights of Pythias and ladies were entertained a special function in Masonic temple last night. Dancing and other similar features of entertainment occupied the social hour.

Class to Meet—The Baraca class of the Methodist church will meet in the parlors of the First Methodist church this evening. The class was reorganized by Dr. Alexander G. Bennett a fortnight ago.

Divorce Day in Court—Yesterday was a big day for marriage annulments, three being filed from consensual restraint. Leslie G. Nelson was granted a divorce from Rosea Nelson; Hazel Brabners from Samuel Brabners and Ethel Harrell from Hugh Harrell.

To Confer Degrees—Arrangements have been completed by officers of Twin Falls lodge, No. 45, A. F. and A. M. for the conferring of the second degree in Almonay at a meeting on the coming Wednesday evening. Plans are being perfected for the early re-appearance of the Temple quartet at the lodge.

Judgment Set Aside—Judge O. P. Duvall yesterday set aside a default judgment in the case of Hall against Abrahamson after attorney for the latter had shown that no service regarding the suit had been made against their client. Abrahamson will be given a week in which to prepare an answer to the complaint.

WAR DEPARTMENT HALTS DELIVERY OF HAND BOMBS

Grenades Were to Be Given Away as Souvenirs to Stamp Buyers

Delivery of 15,000,000 hand grenades to the Treasury Department to be converted into savings banks for the stimulation of thrift and sales of War Savings Stamps has been held up by the War Department and contracts which the War Department had with the Treasury Department for supplying them were cancelled, according to a telegram received from Washington by C. A. Farnsworth, associate director of the War Loan Organization in the Twelfth Federal Reserve District. No reason was given for cancellation of contract beyond the fact that the War Department has determined that the distribution of hand grenades as souvenirs should be discontinued.

The grenades in question, known as Mills Bombs No. 11, were ready for shipment to the American forces in France when the armistice was signed. At the request of the Treasury Department the War Department agreed to turn these banks over to the Treasury Department for conversion into savings banks, and immediately upon announcement that they would be distributed to the purchasers of War Savings Stamps and Treasury Savings Certificates millions of orders flooded in. In the Twelfth Federal Reserve District alone banks and trust companies through which the grenades were to be awarded had ordered nearly 100,000 of the souvenirs. These and all other orders throughout the nation will have to be cancelled.

In its telegram to Farnsworth the Treasury Department stated that Certificates of Achievement signed by Secretary Glass will be awarded in kind of the grenades to all school children who worked during the vacation to obtain a bank and who bought enough War Savings Stamps to entitle them to grenades.

Wheat Always Preferred Food. While more people are living in the world today dependent upon rice than upon wheat for subsistence and a greater number of the human family live upon millet than any other cereal food, wheat is the preferred food among the higher civilized peoples. The more progressive peoples of the earth have ever been wheat eaters. Grains of wheat have been discovered in Egyptian tombs of the first dynasty, dating back 4,000 B. C. while bread of wheat has been excavated from the ruins of the prehistoric lake dwellers of Wagner and Robenhaven in Switzerland.

Leonardo's Handwriting. In one account of the life of Leonardo da Vinci we read a curious story about the great man's handwriting. It seems that it resembled characters in Hebrew or Arabic, for he used his left hand and wrote from right to left of the page, instead of from left to right, as we do today. One of Da Vinci's letters could, therefore, only be read by holding it up before a mirror.

Personals

# ANTI-SEMITIC CAMPAIGN HITS GERMAN PAPERS

### Propaganda Ranges from Pleas for Pogroms to Expression of Hope that Jews will Emigrate to Palestine

BERLIN.—(Correspondence of the Associated Press)—The Hanna Bund of Hamburg, a mercantile association of the great port, has requested the publishers of the **GERMAN OFFICERS' GAZETTE**, to publish a demand upon the public, not to read Jewish newspapers. The demand mentions as some of the more prominent German papers owned by Jews, the **BERLIN TAGBLATT**, the **Ullstein papers**, **VOSSISCHE ZEITUNG**, **BERLINER ZEITUNG AM MITTAG**, **MORGENPOST** and the **National Zeitung**.

This is the latest, and most direct move in the anti-semitic campaign that is growing in Germany. It is another result of the revolution, which in removing the old censorship, removed with it every vestige of control over everything.

#### Pan German Cause

The Pan German papers of course are behind the anti-semitic campaign, becoming bolder and bolder week by week until some virtually plead for pogroms while others content themselves with earnest hopes that all the Jews will leave Germany and go to Palestine—or anywhere else in the world than Germany.

The agitation began, as The Associated Press correspondent had ample opportunity to see, in Bavaria shortly after the armistice and the revolution. It was at first inspired by opponents of Kurt Eisner and the other Jews who constituted a part of the government of the first republic in Bavaria.

It was furthered chiefly by the officer caste, which found thousands of sympathizers among the real Bavarians who joined the movement in dislike if not hatred of the foreign element that had invaded Bavaria during the war.

Officers of troops in the east repeatedly are accused of deliberately furthering an oppression of their Jewish soldiers. All in all, the life of the Hebrew is one of the most uncomfortable in Germany.

#### Berlin Is Deluged

Berlin is flooded with anti-semitic literature. The west end of the city is the particular stamping ground of those who distribute it. The antagonism to Jews extends to almost every stratum of the German population. Magazines, weeklies and monthlies, devote columns to the subject.

## STATE POULTRY SHOW IN BOISE DECEMBER 1

### Oacklers and Quackers Will Be Displayed in the Capitol City

Boise (Special)—Idaho's annual poultry show will be held in Boise this year. The date of opening is December 1. The show will continue to the night of December 6.

At a recent meeting of the board of directors of the Idaho Poultry and Poultry Stock association these dates were selected: J. A. Tucker of Royal Oaks, Mich., was selected to make the awards on poultry, and C. S. Gibson of Detroit, Mich., was decided upon to make the awards on the rabbits. Premium lists will be out November 1, it was announced, and copies may be obtained from Mrs. W. P. Disney, the secretary of the association, at 508 Bannock street, Boise, Idaho.

## MURTAUGH

MURTAUGH—Florence Earles, who has spent the past three months in Murtough, has gone to her home in Butler, Ok.

R. P. Jain and son Lloyd spent several days last week at Pocatello and Roberts on business.

School will be closed next week for teachers' institute at Twin Falls.

Mrs. Arthur Ellis and son Paul of Walla Walla, Wash., are visiting at the home of Mrs. Ben Miller, a sister of Mrs. Ellis.

Sidney Lewis Boyd, little son of Mr. and Mrs. W. C. Boyd, has been quite sick with tonsillitis.

W. O. W. Camp 348 held a regular meeting of the Lodge Monday evening.

Mrs. Mason of Wendell has arrived in Murtough to spend the winter with her daughter, Miss Ethel Mason.

Mr. and Mrs. Roy True entertained the members of the church choir at a mukmelon feast recently.

Farmers in this vicinity are busy gathering their sugar beets and potatoes.

Prof. J. J. Rae of Burley will give a lecture at the H. S. auditorium Sunday morning. His subject will be "Lessons Learned from the Great War."

Mr. and Mrs. Elmer Chance and sons, Mrs. I. M. Boyd and the Rev. and Mrs. V. Bell, and sons motored to Twin Falls, Wednesday.

## Capital Policemen Vote to Quit A. F. L.

WASHINGTON. (AP)—Members of the Washington policemen's union have decided by an almost unanimous vote to sever their affiliation with the American Federation of Labor.

## GRAY'S PARENTS ARE COMING TO LIVE HERE

### American Express Agent Hears of Early Sailing from England

Irvin Gray local agent of the American Express company, has just received word from England of the intention of his parents and an aunt to sail for this country at an early date. Mr. Gray has not seen these relatives for 14 years.

Mr. Gray is a native of Huddersfield, where his parents have resided for many years. The elder Mr. Gray has been in woolen manufacture all his life, but recently retired from active business life. He is coming to Twin Falls with the avowed purpose of locating permanently here.

## SOLDIERS TO BENEFIT FROM RANGER COURSE

### Idaho Varsity Authorities to Adapt Field to Service Men's Needs

UNIVERSITY OF IDAHO, MOSCOW, (Special)—Efforts will be made to adapt the University of Idaho ranger course which will open November 3 to the needs of the returned soldier, according to an announcement made today by Dean F. G. Miller of the university forestry school.

"This five months' course is designed to meet the needs of the forest rangers and guards who wish to increase their efficiency," declared Dean Miller, "but we also intend to bend every effort to make the course attractive to the returned soldier who finds himself interested in the ranger's out-of-door life. The demand for trained men in forestry always exceeds the supply and at this time opportunities for advancement are unusually good."

"Men who complete the university course are readily able to pass the civil service examination for ranger in the United States forestry service. Practicality and thoroughness will characterize work in all the subjects we expect to cover."

Several experts from the forest service will deliver lectures which are expected to prove of material value to the students enrolled.

## An Indispensable.

Some years ago, in a certain flagship, the commander had occasion to find fault with the admiral's cook, and awarded him three days of the punishment known at that period as "Ten A." The admiral heard of the affair, and sent for the commander on the quarterdeck. "What do you mean by it?" stormed the incensed admiral. "Please to understand that I can get a hundred commanders like you, but only one cook like him!"

## BERRY BLAMES BOLSHEVIST

### Pressman's Union Head Makes Charges in Connection with New York

NEW YORK. (AP)—The strike and lockout of pressmen and feeders in New York, which was followed by the walking out of several hundred composers and the suspension of a large number of magazines and trade publications of national circulation, entered into a new phase last night when direct charges were made by George A. Berry, president of the International Printing Pressmen's and Assistants' Union that the trouble originated with "Bolshevist leaders" who are committed to a definite policy of revolution.

Major Berry further charged that these leaders have inaugurated a "campaign of terrorism" and that not loyal to the international unions are being assaulted by scores.

## When Legislators "Pair."

When a legislator wishes to be absent at the time when an important vote is to be taken, he finds some member who intends to vote on the other side of the question and arranges a "pair" with him. That is, the second legislator agrees to refrain from voting, as an accommodation to the first. The net result when neither vote is cast is the same as if both had voted on opposite sides. Both legislators can then be absent if they wish without loss or gain to either side.

## Really Small Flats.

Verona was much impressed with her first night in a berth on a sleeper, and in relating some of the wonders of her trip, remarked: "Why, Aunt Emma, the flats were so small we couldn't all live together. Mamma and I slept in the first flat and daddy in the second flat."

**WILSON WARNS OF ECONOMIC PERILS AHEAD**

Predicts "National Disaster" If After-War Problems Not Solved Correctly

Washington, D. C.—Persistent industry and steady, conscientious saving must be depended upon to avert the "national disaster" which lurks in the coat of living issues, according to President Wilson. Only increased production and real thrift, he said, can be effective in reducing prices and bringing conditions back to a point where wages and the cost of necessities will be properly balanced.

The President asserted that the economic policy upon which the government is basing its fight to reduce prices, made it clear that the principles underlying the campaign for thrift conducted by the Savings Division of the Treasury Department through the sale of War Savings Stamps and Treasury Savings Certificates are the principles which must rescue the nation from conditions more dangerous to the prosperity and life of the people than the war itself.

"The war wages will not meet the situation, the President said. Wage increases in the great industries of the country under present conditions will only tend to push prices further and further up the ladder, and the President asserted that wage readjustments must wait upon the outcome of the government's fight to pull down prices.

"Demands unwisely made and passionately insisted upon at this time menace the peace and prosperity of the country, and nothing else could," said the President. "And this contributes to bring about the very results which such demands are intended to remedy."

The President, emphasizing the seriousness of the conditions which confront the nation, said that the situation is more likely to affect the happiness and prosperity, and even the life, of our people than the war itself. We have now got to do nothing less than bring our industries and our labor back to a normal basis after the greatest upheaval known to history, and the winter just ahead of us may bring suffering infinitely greater than the war brought upon us if we blunder or fail in the future.

"It is an admirable basis of self-sacrifice, of patriotic devotion, and of community action guided and inspired us while the fighting was on. We shall need all these now, and need them in a heightened degree if we are to accomplish the task before us. They are more difficult than the tasks of war—more complex, less easily understood and require more intelligence, patience and sobriety.

We mobilized our man power for the fighting; let us now mobilize our brain power and our consciences for the reconstruction. If we fail it will mean national disaster. The primary first step is to increase production and facilitate transportation, so as to make up for the destruction wrought by the war, the terrible scarcities it created, and so far as possible relieve our people of the cruel burden of high prices."

Pointing out the thrift remedy for the situation now before the people, the President said:

"Only by keeping the cost of production on its present level, by increasing production and by rigid economy and saving on the part of the people can we hope for large decreases in the burdensome cost of living which now weighs us down."

**NOTICE TO CONTRACTORS**

Notice is hereby given that the Mayor and Council of the City of Twin Falls, Idaho, will receive and consider sealed bids and proposals on the part of the City of Twin Falls, Idaho, for the work of furnishing the material in the construction of a conduit to connect the water of the canal of the Twin Falls Canal Company in 8th Avenue East and 8th Avenue North in the City of Twin Falls, Idaho, from Blue Lakes Avenue on the Southeast to Addison Avenue on the Northwest.

The data as to the exact location of the said work and the plans and specifications of said conduit can be obtained from the City Engineer of said City in the Water Works Building at the corner of Second Street North in the said City of Twin Falls, at his office in the Water Works Building at the corner of Second Street North and Second Street North in the said City. Copies of the plans and specifications of said conduit can be obtained from said engineer by application therefor and the deposit of the sum of ten dollars which sum will be returned upon the return of the said plans and specifications.

The person, firm or corporation securing the contract for the doing said work and furnishing the material will be required to commence the performance of said contract by the date of the said contract by him or it to be performed at once upon entering into said contract, and must pursue the performance of the terms and conditions of said contract by him or it to be performed with dispatch and diligence until completion.

Each bid and proposal must be accompanied by a certified check for some reliable bank, payable to the City of Twin Falls, or order, in an amount equal to ten per cent of the amount of the bid. Payment for said successful bidder does not enter into a contract with the City of Twin Falls for the performance of the said work until the said bidder shall forfeit the said check by the City and the said bidder shall forfeit the same to the City. The check of any unsuccessful bidder will be returned to him or it at the time of the rejection of their bids and proposals.

The person, firm or corporation obtaining the contract for constructing the said conduit will be required to furnish the City with a good and sufficient bond in some reliable surety company in an amount equal to six per cent of the amount of the contract price, conditioned for the faithful performance of all the terms and conditions of the contract by him or it to be performed, and conditioned further for the faithful performance of the terms and provisions of the statutes of the State of Idaho, in such case made and provided.

Payments upon said contract will be made as follows: 90 per cent of the

City Engineer's estimate of the amount earned under said contract during each calendar month will be paid on the first Monday of the following month and so on each month; the 10 per cent earned during each month will be retained until the completion of the contract and the acceptance of the work by the City Engineer. Said conduit will be enclosed and the material used in its construction will be covered.

The Council reserves the right to reject any or all bids.

E. J. OSTRANDER,  
Acting Mayor.

Attest:  
 W. A. MINNICK,  
 City Clerk.

**NOTICE TO CONTRACTORS**

Notice is hereby given that the Mayor and City Council of the City of Twin Falls, Idaho, will, on the 15th day of October, 1919, at the hour of 5 o'clock P. M., at the office of the City Clerk of said City in the Water Works Building at the corner of Second Avenue North and Second Street North in the said City of Twin Falls, receive sealed bids and proposals for the work of performing the labor and furnishing the material for the construction of a five foot in width concrete sidewalk, upon the sidewalk space in front of the lots embraced in Local Improvement District No. 20 of the said City of Twin Falls, which lots and the boundaries of which district are mentioned and set forth in Ordinance No. 271 of the said City of Twin Falls, passed September 8th, 1918.

Plans and specifications of said sidewalk can be seen and obtained at the office of the City Engineer of said City in the Water Works Building at the location heretofore described. The said work must be commenced at once upon the making of the contract and prosecuted to completion during the fall of 1919. There must be accompanied with each bid a certified check upon some reliable bank in an amount equal to ten per cent of the amount of the bid, which check shall be made payable to the City of Twin Falls, or order, in the name of the successful bidder to enter into a contract for the performance of said work with the said City upon the terms of his bid and proposal; then the said check shall be forfeited to the said City and become its property. The check of the unsuccessful bidder will be returned to them upon the rejection of their bid and proposal. Payment for said work will be made in the manner and on the basis of the said improvement as shown by the assessment for said improvement. Payment for said work will be made during any calendar month, as shown by the estimate of the City Engineer of said City, will be paid on the 1st Tuesday after the 15th day of the following month, and so on until the work is completed. The 10 per cent withheld each month will be retained until the work is completed and accepted at which time the whole amount due will be paid.

The Mayor and Council reserve the right to reject any and all bids.

E. J. OSTRANDER,  
Acting Mayor.

### SENTIMENT STRONG FOR BUHL BANQUET

#### Twin Falls Promises to Send Booster Delegation to the Neighborhood Town

That Twin Falls will be amply and gratefully represented at the Buhl Chamber of Commerce, to be held in Buhl Monday, is now assured, according to W. B. Ambrey, president of the local chamber of commerce. The banquet, to be held at today's noon meeting of the chamber board of directors was unanimously in favor of going to Buhl en masse Monday. Pledges for tickets to the banquet guarantee disposal of more than 100.

Arrangements have been completed for the appearance of the Temple Quartet at the Buhl banquet. A large number of tickets will be provided in a program of popular selections.

Besides giving consideration to the Buhl meeting, and arranging for a big representation from Twin Falls to the directors of the Twin Falls Chamber of Commerce today considered proposals pertaining to the selection of a secretary. Several applications are already on file, most being from persons of experience in this sort of work. No choice will be made until the board is absolutely assured that the right man has been found. In addition to the question of location for chamber headquarters was given consideration. The board was unanimously in favor of a ground floor location, and such a place will be tentatively selected as soon as conditions warrant.

It is urged that everybody in town accept the invitation of the Buhl Chamber of Commerce to the Brunson banquet Monday, and that all possible used cars pick up those who have no mode of conveyance at the corner of Main and Shoshone streets.

### FAIR'S OFFICE STAFF DELUGED WITH WORK

#### Secretary Markle Says Soon as Audit is Made Premium Checks Go Out

That the Twin Falls County Fair district have plenty of funds from which to liquidate premium obligations is the statement of Secretary Markle. The latter says all premiums will be paid as soon as the office becomes completely equipped with necessary statistical and clerical complications.

This statement is issued to set at rest disturbing and altogether groundless notion that because of bad weather during the exhibition premiums would not be paid. Mr. Markle explains that the county fair is a county affair, and not an association or individual enterprise. The county's obligations are always countersigned and guaranteed by the board of commissioners of Twin Falls county.

Because of the extent of the recent fair and the untoward conditions concomitant to it clerical work has been heavier than was expected, and some time must pass ere the county audit of affairs is completed. When this audit is completed vouchers will be issued in full of all premiums and other obligations, Mr. Markle advises.

### THE ECONOMIST'S VIEW

"Perhaps at no other time in this nation's history is the appeal 'Work and Save' as necessary as at present. Manufacturers, financiers, economists and many others including even the more conservative labor leaders, realize that unless we work and work hard, and save and save hard, we are headed for a period of unprecedented hardship. This is not the mere mouthing of a linguist or professional pessimist. It is a fact, and is supported by innumerable signs everywhere. Every hour wasted and every dollar spent needlessly is a small dagger thrust at the heart of this country. Enough of these dagger thrusts will finally reach the heart itself. The fact that we are extraordinarily rich furnishes no immunity from ultimate disaster if we waste these riches. The thing to do is for each and every one of us to pull in the same direction, towards national economy. Without it we are lost. With it, we can insure our national future."

### WAR-TIME THRIFT AND PEACE-TIME SAVING

"Either the people as a whole must finance the government, either through taxation or bond purchases, or the government must borrow from individuals, from banks, or from corporations of large fortunes. If it does the latter, these interests hold exactly the same relation to the government that the holder of a first mortgage on the owner of the property and the payor of the interest. If, on the other hand, the debt is divided between millions of citizens who are the government, the relationship is as different as is a cooperative society from a Utah Hoop."

—William Gibbs McAdoo, in Pictorial Review.

The United States needs the money you invest in War Savings Stamps. Buy them every week. They bring the most interest compounded every three months. They give you a share in the government of the United States, U.S.A.—meaning unlimited.

### Anybody Can Guess Right Occasionally

LITTLE glory attaches to the persistent prophet when he occasionally hits it. Even National Baseball league supporters are right on the grace of divine providence once in six years.

For instance, there's the persistent prognosticator who leads the host of hopefuls in Idaho from a cranny in Boise. After making every prediction but one this year pronounced "slightly warmer" for next year.

There was a flight of 12 degrees straight up between the low of last night and that of the night before. The high temperature yesterday was 65, with mists and such quite fashionable selections for street attire.

The worst of conditions are to prevail in the south end of the state tonight and tomorrow. Further than that the seer saith not.

### BURLEY OFFICIALS GATHER IN HAIGHT

#### Alleged Professional Thief Picked Up on a Robbery Accusation

Sheriff A. N. Sprague has been notified of the arrest in Burley of Jack Haight, alias Jack Lee, alleged to be known here as a professional thief.

Haight's arrest followed the disclosure that he had disposed of a suit of clothes, the property having been stolen from him. When arrested he is said to have had in his possession a considerable quantity of stolen jewelry. It is said Haight is a short stout man in Twin Falls. He pledged a suit of clothes to the proprietor of the Louvre pool hall for the sum of \$2. The suit was recently stolen from his owner in Burley who had just purchased it. Haight is said to be wanted on a criminal charge in Anthony.

### WHAT A YOUNG MAN KNOWS

"Presumably every young man knows, as a physical fact, that he can do nothing next year which he cannot do now. It is done at all. The important question is whether the time will come early enough in life to do him any particular good. A lazy man cannot possibly make himself industrious in the future; or an extravagant man economical if it is done at all. He must do it at an immediate present moment—at some 'light now!' No man ever saved a penny in the future, or ever will. He has got to save the penny in his hand at the moment or he will be broke to the hilt."

To save the penny in hand he must resist the temptation to spend it. Every year that he does not resist weakens his ability to resist. It is the ordinary right of everybody who has the ordinary right of equal opportunities that, after a certain time, the man who lives up to the limit of his income—which about nine times out of ten means a little beyond—accepts that he is a failure. He just automatically spends all that he gets. If he can realize by thirty, or sooner, that he is spending his future every day, it will be a good thing for him."

Editorial from the Saturday Evening Post.

Start now with War Savings Stamps. Get on a budget basis. Make W. S. S. the first item on the budget. You still have money when the other fellow is looking for a job.

You've waited in the hope that the price would be lowered. Today's ads may bring you the good things.

## BISHOP FRANK TOURET IS NAMED HEAD OF IDAHO MISSIONARY FIELD

#### Western Colorado Prelate Selected by House of Bishops Presiding Prelate for This District—Probably Come January 1—Must Select Rector for Twin Falls

Selection of Bishop Frank Touret as presiding prelate for the Episcopal missionary district of Idaho by the house of bishops, convened in Detroit is a source of unstrained pleasure for communicants of the Twin Falls parish.

Bishop Touret is a westerner and is popular throughout the entire portion of the country. He is to be transferred from the diocese of western Colorado to Boise, with concurrence of the Episcopal house of deputies, which will doubtless be granted.

The following statement of selection of Bishop Touret is contained in a press report from the convention held at the Episcopal church in American, the triennial convention of which is meeting here, today combined the missionary districts of Oklahoma and western Oklahoma under Bishop Theodore P. Thurston of the latter, and transferred Bishop Frank Touret of western Colorado to the missionary district of Idaho.

At the present time Bishop Touret is temporary supervising head of the Utah diocese. He has been appointed to that position soon after the acceptance of the resignation of Paul Jones as bishop of Utah. The latter's resignation was requested on account of a number of diocesan affairs he had been deemed guilty of addition through an allegedly unparitotic attitude toward the country's stand in the war against Germany. Bishop Jones was a peace pacifist and was charged with being instrumental in making possible the appearance of noted pro-German lecturer, William L. G. Page, at the University of Utah.

Excepting to these activities on the part of the principal prelate of the diocese members of the Episcopal church in Utah were nearly unanimous in demanding the removal of the

bishop, and under the insistence of this demand the house of bishops finally asked for Jones' resignation as bishop of Utah. The resignation was tendered early in 1918 and since Jones has been engaged in missionary field work for the church. It is related that he recently had a reinstatement with restoration of all ecclesiastical dignity and honors. Action upon this application will be announced at the present triennial convention of the house of bishops of the Episcopal church being held in Detroit.

Just when Bishop Frank Touret will take active charge of the Idaho mission is not known, but it is probable that he will be in this see before long to obtain a close-up line on conditions. His activities here should begin not later than the first of the year.

One of the first important duties devolving upon Bishop Touret when he shall have assumed command of this missionary field will be the selection or recommendation of a rector for the Twin Falls parish. This clerical office was vacated several weeks ago by the Rev. L. B. Franck, who is now located in a missionary parish at Ronceverte, West Virginia. Although the local vestry, or board of church wardens of Ascension church is vested with certain rights and prerogatives in the self-determination of a minister for the parish a decision was reached some time ago to permit the present status to hold pending the appointment of a regular head of the Episcopal church in this state.

At the present time the Idaho missionary field is being supervised by the bishop of Washington in Spokane, who recently declined to suggest the name of a man to fill the local pulpit, preferring, he explained, to leave the field unencumbered by appointees pending the coming of a permanent district head.

TO BRACK OILY CARRIERS As representatives of the Twin Falls local and Gun club L. T. Wright, Allan G. Fisher and C. A. Bailey tomorrow will attend the trap tourney at Gooding. The program includes seven events of 20 birds each, and a three-man team shoot for a silver cup.

PAYS FINE R. G. Page, of 118 Walnut Street, was this morning found guilty in the police court on charge of disobeying the terms of the plumbing ordinance by failing to connect his residence with the sanitary sewer. Page explained that the failure was entirely due to his contracting plumber who had been unable to obtain a supply of service pipe for the job.

A profitter could not make advertising pay—no more than burglar could popularize his calling through advertising it.

MISS EDNA L. LADWIG, of the home demonstration department, county farm bureau announces a second class in dress and fitting from 5 to 15 years Tuesday at the home of Mrs. Andrew Madson, North View.

BANNERS AND STREAMERS form the burden of street decorations being set up today in recognition of the coming week's educational convale. All colors are distinctively of a patriotic order.

OFF FOR PENITENTIARY Carl Olson and H. H. Wilson, condemned burglars, will be taken this afternoon to the state penal institution at Boise for incarceration. The men are accused from 5 to 15 years for a robbery committed at Filer. A traveling deputy warden reached Twin Falls at noon today to act as guest for the men on the journey to the Sing Sing of Idaho.

USED CARS FOR SALE! Buick - \$250.00 Dork - \$300.00 Ford - \$300.00 CHAS. G. FORD Dealers in Auto Electrical Equipment KIDDELY, IDAHO

### POOR REASONING

Chicago.—J. Ogden Armour of Armour & Co., Ernest A. Hamill, president of the Corn Exchange National Bank; Julius Rosenwald, president of Sears, Roebuck & Co., and several other Chicago millionaires, are going about today clad in shoes, recently half-soled.

They refuse to pay \$14, \$16 and \$18 the price "good shoes" are selling for here.

Armour says he bought his first pair of new shoes in three years last week.

Rosenwald, whose company owns a shoe factory or two, hasn't taken a pair of new shoes out of stock for two years.

All of which hasn't anything to do with limousines. You can bet your bottom dollar that Armour and the rest of them "half-soled" their limousines too.

Men with money always refuse to pay the other fellow's price. The other day a wealthy man in San Francisco spent a half day haggling over the price of an expensive automobile. He finally forced the price down fifty dollars.

"Well, I saved that much, anyhow," he said, exhibiting the \$50. "I hate to pay the other fellow's price."

Rich men are rich because they buy carefully and save. Get the saving habit. Work over your list of "necessities." Cut out the expensive things. Put your money in War Savings Stamps. They will bring you 4 per cent compounded quarterly.

The price of a \$5 War Savings Stamp this month is \$4.21. Buy one every week.

Buy W. S. S. If YOU were a merchant you would advertise. Patronize merchants who do.

### TOWN WILL ENTERTAIN MAMMS BY HUNDREDS

#### Pedagogues Coming in Doves for Institute Opening on Monday

Seven hundred educators of Camas, Cassia, Blaine, Minidoka, Gooding, Jerome, Lincoln and Twin Falls counties are due here Monday for a week's institute session. The counties named comprise the South Central Idaho Joint Teachers' Institute district.

This is the first annual session of this district, in fact this is the inaugural year for the association. A program of extent and merit has been prepared for the entire week. Entertainment will be of an appropriate order, with some unusual innovations injected into the various daily programs.

Among the features of most interest will be a "faculty dinner" given by Hal G. Blue, superintendent of Twin Falls city schools, and director of the institute. This dinner will be served on Tuesday evening by the ladies of the Presbyterian church. A reception will be tendered at the Lavington theatre by the business men. On Wednesday afternoon a football game will be played for the edification of the visiting academicians, the contestants being the Twin Falls Grizzlies and the Gooding eleven. A street pageant will precede the game.

This dinner will be played by the Twin Falls eleven and the Twin Falls band. For Thursday afternoon an auto trip is scheduled. Special arrangements have been made for performance at the moving picture houses for the entertainment of teachers during the week.
