

LODGE DEPICTS PERIL FOR U. S. FROM JAPANESE

Republican Leader in Senate Urges Adoption of Amendment to Treaty to Return Shantung to China

WASHINGTON, (AP)—Japan is building a "Big Eastern empire" which will become "a peril to America," and threaten the safety of the world, Senator Lodge, of Massachusetts, the republican leader, declared today in the senate in urging adoption of his amendments to the peace treaty under which German rights in Shantung would be returned to China.

"It is difficult and reluctantly, Japan is gaining control of China," Senator Lodge said, and he predicted that she would use China's vast manpower to endanger the safety of both America and Europe.

"It is impossible to see," said Senator Lodge, "how any conscientious American can consent to any set of treaty that will transfer the power of such a nation as Japan over a country like China, especially when the United States deliberately drew China into the war with at least an implied promise to give protection at the peace conference.

One Vital Omission

"The principal argument made by those who sustained the delivery of control of Shantung to Japan is that Japan has promised to return it to return it to China. Whatever promises she has made were all marked by one vital omission. In no instance do I find that Japan ever fixed a time when she would actually return the province to its rightful owners."

Japan was charged by Senator Lodge with breaking numerous pledges regarding her course in China and Korea. Her fundamental policy, he said, had been "steady, relentlessly aiming to get ultimate control of the vast population and great territory."

Past Guide to Future

"As it has been in the past, so it will be in the future in regard to Shantung," he continued. "Japan means to exploit China and build her up until she becomes a power formidable to all the world. She is already advancing in Siberia and with her control of the Great China developing as she means to develop it she will threaten Europe.

"But the country that she would menace most would be our own and unless we carefully maintain a very superior grip in the Pacific, the result will come when the United States will take the place of France in another great war to preserve civilization."

CENSUS BUREAU REPORTS ON COTTON CONSUMPTION

Quantity Used in September Somewhat Less than Corresponding Period of 1918

WASHINGTON, (AP)—Cotton consumed during September amounted to 43,468,181 bales, according to figures from the census bureau announced today.

During September a year ago 48,000 bales of lint and 96,791 of linters were consumed.

Cotton on hand September 30 in consuming establishments was 1,074,452 bales of lint and 2,509,892 of linters, compared with 1,182,791 of lint and 1,600,483 of linters a year ago; and in public storages and at compressors 2,492,250 bales of lint and 226,772 of linters, compared with 2,391,228 of lint and 113,496 of linters a year ago.

Cotton spindles active during September numbered 34,316,692 compared with 33,488,181 in September last year.

Imports during September, 54,746 bales, compared with 96,791 in September last year.

Exports were 236,694 bales, including 3,685 bales of linters compared with 369,376 bales, including 17,670 of linters in September last year.

SAYS WILSON REPEATED LIE

Accuracy of President's Statements Regarding Shantung Questioned

WASHINGTON, (AP)—The accuracy of statements regarding Shantung made by President Wilson during his western speaking tour was questioned in the senate Monday by Senators Borah, of Idaho, and Norris, of Nebraska, Republicans.

Referring again to a statement by the president in his address at St. Louis, Japan was reported to have renounced its property rights in the Pacific to enter the war, and which he later corrected, Senator Norris said he was dumfounded on reading an official copy of the president's speeches to find that the same statement had been repeated.

Senator Norris told the senate Friday that after reading the St. Louis speech he telegraphed the president regarding it and that the president had wired him thanking him for calling attention to the "error."

"I had assumed that although the president had not made a public correction of the error, he would repeat it," said Senator Norris today. "But a few moments ago I was given an official copy of his speeches and was dumfounded to see that in four other instances, after sending his telegram, Japan was reported to have renounced its rights in the Pacific."

Senator Norris said he was dumfounded to see that in four other instances, after sending his telegram, Japan was reported to have renounced its rights in the Pacific.

WEST POINTERS GET THRILLS ON ITALIAN FRONT

Graduating Class of the United States Military Academy Visit Scenes of Mountain Fighting in World War

MOUNT GRAPPA, Italy, (AP)—The cadets of the graduating class of the United States military academy at West Point who are visiting battlefields of the world war, had four days of thrills in their visit to the Italian front, when they were taken to the summit of Mount Sabatino Mount Grappa and Mount St. Michael, a series of positions in the Italian Alps which were the scene of mountain fighting by the Italian army in the war.

Ascend by Switchbacks

Mount Grappa is approximately 6,000 feet high, is a solid rock projecting in space in gigantic proportions and almost perpendicular on its sides. The ascent is made by a series of winding switchback formation. There are 39 switchbacks each approximately 200 yards in length curving at each end in a breath-taking curve.

"The engineering work staggers the imagination. The bare mountain would have convinced one of the impossibility of the ascent by road but the army engineers made on the western side in a switchback formation. There are 39 switchbacks each approximately 200 yards in length curving at each end in a breath-taking curve.

AMERICAN BEAN GROWERS DISCRIMINATED AGAINST

Attorney for California Association Renews Charges Against Government Purchasing Agent

WASHINGTON, (AP)—Renewing charges of discrimination against American bean growers in 1918, Aaron Sapiro, of San Francisco, counsel for the California Bean Growers Association, told the house ways and means committee Monday that Abe Kutner, head of the company through which the government purchased oriental beans, had received "special favors" while K. P. Kimball was head of the grain corporation, in charge of the purchases. He said Kutner had loaned Kimball \$60,000.

"We are not saying that it had any extraordinary significance," he said.

About one half of the 1,200,000 bags of foreign beans bought by the government were purchased through Kutner's company, the Western Import company, Sapiro said, adding that Kutner was also in charge of the beans that could buy on an advantageous market.

F. A. Lord, representing the Michigan Bean Growers, said Kimball had been removed by Herbert Hoover, then state administrator, when the matter was called to his attention and that a record of the investigation of bean purchases had been turned over to the justice department.

Mr. Sapiro urged a tariff of four cents a pound on oriental beans, asserting "this amount" was necessary to place the American product on the same market level in this country.

"Without the tariff, the American bean industry will disappear," said he.

AUSTRIA HAS NO NEED OF FEARING EMIGRATION

Many New Made Citizens Prefer Not to Become Subjects of Czech Rule

VIENNA, (AP)—Austria, since the collapse, has no need to fear emigration for in the time between November 1918, and July 1919, no less than 160,000 naturalizations have taken place. The majority of them are residents of Bohemia and Moravia of German ancestry who, rather than come under Czech rule and be Czech citizens, have rushed to Vienna and taken on German-Austrian citizenship. Many others, refugees most of them, have also swept in and applied for citizenship as Austrians rather than Galicians or Hungarians because they are of German ancestry. Many have taken the move in an attempt to avoid the confiscation of their fortunes.

SALE OF CUBAN SUGAR CROP IS UNAUTHORIZED

Manufacturers and Planters' Association Takes Exception to Proposal of American Board

WASHINGTON, (AP)—No one is authorized to negotiate the sale of the Cuban sugar crop, according to a letter from President Aljojo E. Carrero, of the Cuban sugar manufacturers and planters association, which was presented to the senate Monday by Vice President Marshall. Mr. Carrero referred to a pending bill authorizing the sugar equalization board to purchase the Cuban crop.

The bill is now before the agriculture committee and Senator McNary, republican, Oregon, who is in charge of it, said it was being referred to an authorized purchase in the open market of the Cuban crop. A proposal for loaning by the government of sugar producers, refiners and purveyors is only will be stricken from the bill, Senator McNary said.

FORMER NEWSBOY NOW IN PULPIT OF JOHN WESLEY

Rev. Walter H. Armstrong Gives Views on Purpose of the Church

LONDON, (Correspondence of The Associated Press.)—The Rev. Walter H. Armstrong, who began the other day his ministry at Wesley's chapel here, where he occupies John Wesley's own pulpit, once sold papers in the London streets. He came about 10 years old to a newsboy. When eleven years old he left school and became a telegraph messenger and later a postman. Then he began to devote his evenings to studying for the ministry. After serving as a missionary in the Far East, he returned to England and conducted the largest men's religious meetings in London, with an attendance of 2,000 Sunday after Sunday.

According to the British press, his vivacious personality is bound to leave an impression on the life of the famous church which was the center of Wesleyan Methodism.

"It is not my intention," he said, "to start anything sensational. My belief is that the church exists not to set itself up as a rival of the Jews, but to raise the whole standard of life. I believe in the application of Christian principles to every aspect of modern life. I cannot see Christianity is not Christianity at all."

GERMAN SOCIALIST LEADER SUFFERS FROM SHOT WOUND

BEELIN, (AP)—The condition of Hugo Haase, the leader of the independent socialist, who was wounded last week when fired upon as he went about to enter a meeting of the national assembly, has become worse, blood poisoning symptoms having developed.

Picture Parallel Case

Few weeks ago the significance of the Shantung award, Senator Lodge declared, picturing as a parallel to Japan's economic rights, the situation if Great Britain had similar privileges in this country. "The comparison is most naturally apt to one's mind," he said, "for the assumption that Great Britain, with her control of Canada would hold under her control the port of New York, all the wharves, all railway terminals, also, the management of our central customs house, postoffices, cable terminals, telegraph and telephone administrations, the absolute ownership and control of the Pennsylvania railroad through to Chicago, with the right to extend it at the least as far west as Kansas City; the right to buy up or build and furnish the supplies of all the railroads; for important mines, present and future, in that territory; and any other improvements that our people might contemplate making in any of that territory north of Washington and east of Chicago.

"The senate should carefully note what such a grip of Great Britain would mean not only to the United States but to all other nations of the world wishing to do business with the United States."

Former French Premier to Stand Trial

PARIS, (Havas)—Joseph Caillaux, former premier of France, is to stand trial before the high court Thursday, October 23, according to Le Journal today.

Ex-Premier Caillaux, charged with intriguing to bring about a premature and dishonorable peace with Germany, has been in custody for a year and a half awaiting trial.

NEW HOMES FOR RETIRED AMERICAN EMPEROR

AMERONGEN, (AP)—The former German emperor is understood to have purchased several villas for the use of his servants at Doorn, where his new home is located. The villagers say that he intends to take a large personal staff to Doorn, necessitating the requirement of about twenty houses.

Disposes Entrance to Hay

Referring to Mr. Wilson's statement in Los Angeles that President McKinley and John Hay, secretary of state, had declined to protest against Germany's original acquisition of rights in Shantung Senator Borah said the Shantung lease had been consummated early in 1918, six months before Mr. Hay became head of the state department.

Mr. Hay, Idaho senator said, had pursued a secretary a policy designed to curtail the effort of various nations to obtain rights in China.

Former Emperor Buys New Homes for Retired

Is YOUR Smile Attractive?

Everybody knows that clean, white teeth make any man, woman or child better looking—and that discolored, decayed and broken teeth make people less attractive.

Registered dentists using the E. R. Parker System are doing all they can to spread the gospel of good teeth. They invite everybody to visit a Parker System office and have their teeth examined, free of charge and without obligation. Visitors are shown how their appearance can be improved by having the teeth properly cared for. They are told how modern dental science has removed the fear of pain. They are shown how the efficiency methods of the E. R. Parker System make moderate prices for fine dentistry possible. And they are told exactly what the price will be for whatever dental work they may need.

Since it costs nothing to find out the condition of your teeth; why not do it—right away?

BASTERN REPRESENTATIVES: George B. David Co., Inc., 171 Madison Street, Chicago, Ill.

MEMBER OF ASSOCIATED PRESS: The Associated Press is exclusively entitled to the use for publication of all news dispatches credited to it.

ANARCHY'S FIRST AID: Heavy police guards were placed today within and around the tribunal court building in New York.

This bit of information comes in the press dispatches announcing predictions taken following the discovery late yesterday of highly incendiary circulars threatening the lives of various officials connected with the trial.

The probable inference is that the guards are being employed as much for the protection of alleged anarchists as for the safeguarding of the threatened officials.

There is something of incongruity, at first thought, in the fact that the agencies of the law, to which these individuals evidently have declared opposition should be invoked for their protection.

There is in this state of things, an evidence of the fact that the law and its agencies must be higher always than rebellion.

There are perhaps two ways of defeating an evil such as anarchy. One way, and the way usually adopted, is by suppression and combat of the proposal at its every turn.

Another is by making easy the fullest attainment of the purposes espoused by the rebel, and permitting natural consequences to take their course.

And the greater advantage in the long run, it would seem, would be derived from pursuance of the latter course.

Give any rebel against natural law his head and he will break his neck eventually.

Remove the guards from the criminal courts building in New York, and see who calls first for their return.

The chances are all in favor of the development that the individual who, in security, derided the forces that made for his security, will be the very first to appeal to these forces when his safety is menaced by reason of their removal.

MILITARY AUTHORITIES ON TRAIL OF TERRORIST

(Continued from Page One)

Other brothers had no connection, other than the forged use of their name, with the handling of the infernal machine. The Gary effect is said to have discovered that these 38 bombs were carried to New York from Gary in suitcases.

Ivanoff, the alleged bomb maker, they said, was an electrician employed in a large mill near Gary. There they claimed he started his bombs, taking them home for their finishing work.

The cache of the dynamite and its amount was not made public today, but an official who described it said that he presumed there was enough to "blow about all northern Indiana off the map."

Officers at Gary reported that they had taken into custody the man who dynamited the Chicago post office last year. This explosion cost four lives.

The officers here said this man, who had been released from confinement in order to help in the search for Ivanoff, but that he was so closely watched that he could not escape.

Two letters threatening the life of Mayor W. F. Hodges, of Gary, were seized by military authorities. One of these disclosed a plot to blow up his residence.

Explaining W. & Greenough, of the Indiana state guard, said that he is searching East Chicago for reds alleged to be intimate with the Gary suspects.

Today's Markets

Omaha Livestock: Omaha, Neb., Oct. 15, 1932. Hog receipts 4,800; market 25 to 50c lower to \$15.50; bulk 14.25 to 14.50; heavy weights \$14.50 to \$15; light weight \$14.75 to \$15.00; heavy packing sows, smooth \$14.25 to 14.50; packing sows, rough \$13.75 to 14.25; pigs \$14 to 14.

Chicago Livestock: CHICAGO, (AP)—Hog receipts 28,000; lower; bulk \$13.75 to 14.15; top \$15.25; heavy \$14.25 to 15; light \$14.25 to 15; heavy weight sows, smooth \$13.50 to 14.25; packing sows, rough \$13 to \$13.50; pigs \$13.50 to 14.00.

Grain and Provisions: CHICAGO, (AP)—Provisioned weakness developed in the corn market today as a result of an unusual absence of buying orders. This condition was attributed more or less to uncertainty created by the longshoremen's strike in New York.

Shamrocks to Meet: The Shamrock club will meet Thursday, October 16, with Mrs. R. A. Graham.

70 1-2c, the market underwent a decided general fall. Low moisture and high yield pulled down provisions; lead however, made a sharp rally.

Oats Quotations: CHICAGO, (AP)—Corn No. 2 mixed \$1.37 to 1.38; No. 3 yellow \$1.38 to 1.39; Oats No. 2 white 70 3-4 to 72 1-2; No. 3 white 68 1-4 to 71 1-8; Bye No. 2 \$1.30 to 1.40.

Liberty Bonds: NEW YORK, (AP)—Liberty bonds' final prices today were: 3 1-2's \$100.20; first 4's \$95.25; second 4's \$94; first 4 1-2's \$95.50; second 4 1-2's \$93.98; third 4 1-2's \$93.50; fourth 4 1-2's \$93.98; Victory 3 3/4's \$99.80; Victory 4 3-4's \$99.78.

Potatoes: CHICAGO, (AP)—Potatoes firm; arrivals scarce; Northern Whites, sacked bulk \$2 to 2.25; Early Ohio \$2.75 to 2.85.

Kansas City Produce: KANSAS CITY, (AP)—Butter and poultry unchanged; eggs 1c higher; flats 50c; seconds 4c.

WEATHER STOPPING ALBEMEN ENDING FLIGHT: (Continued from Page One)

The majority of the remaining contestants would have checked in at the two seaboard control stations. Only two of the fifteen original San Francisco starters still in the race remain to check in at Mineola.

With Leont B. W. Maynard, the flying parent preparing to start the flight back from San Francisco at 1:12 this afternoon contestants who finished the first lap at Mineola displayed little enthusiasm for the return flight. All were severely fatigued by the trip east which was made under trying weather conditions.

Shamrocks to Meet: The Shamrock club will meet Thursday, October 16, with Mrs. R. A. Graham.

VISITING TEACHERS A HEARTY WELCOME AWAITS YOU at the BIG WHITE STORE We invite you to visit our store whether you are "just looking" or wish to buy. It is a pleasure to show you our splendid assortment of all kinds of new Fall and Winter Wearing Apparel for Women.

Snuggle Down Into One of These Big Coat Collars Comfy?—Indeed they are and they add such a style touch to the beautiful coats for the new season. Made large and full they fasten up around the neck in both front and back allowing one to bring them up around the face, affording real protection in cold and windy weather.

Richness In Plush Coats Many women will want Plush Coats this season because of their richness and we have a big assortment to show. Here you'll find the finest grades of plushes in plain straight belted styles, loose back, front belted models and those with large fur collars and in some cases with fur cuffs.

Smartest Fall Dress Fashions Fall dress fashions are particularly lovely—so much newness in line and cut and detail. Spurling models are quite the smartest you will see. We are proud to offer such excellent dresses for your inspection.

RAIL BUSINESS MAKING RECORD

Traffic of Country Eclipses All Former High Water Mark, Hines Says

In a general statement of the country's railroad traffic at the present moment, sent out to heads of railroads and agents in the intermountain region, Walter D. Hines, director general of railroads, announces that the rail lines are handling a heavier business right now than the history of railroads in this country records. Mr. Hines' statement, a copy of which was received today by D. E. Sullivan, local agent for the Oregon Short Line railroad, is presented herewith:

"The railroads of the country are now doing a heavier business for the present season of the year than was ever done in the history of the railroads in normal years and practically as heavy business as was done during the season in 1918, which exceeded all previous records. They have more cars in actual service, after excluding re-railers, in 1917 or 1918. With the hand-carrier car situation greatly embarrassed by the extensive strikes among shipmen in August, the percentage of high-order cars is now rapidly improving.

Cars Increase

There was an increase of 92,456 cars in serviceable condition between August 10 and October 4. Twelve thousand, one hundred ten of this increase were added in the week ending October 4. While the freight business is practically as heavy as this time last year, the railroad administration in performing that business is unavoidably deprived of many expedients and important aids which it was able to utilize last year, when it compelled consumers to take their coal from near-by mines and thereby greatly increased the efficiency of coal transportation. This advantage has now necessarily been lost because the coal zoning was terminated last winter. Another in that last year there was much heavier handling of many important commodities than it has been possible to secure this year.

More Cars Used

More cars have to be used for the same amount of traffic than were used last year so as to get maximum results in important respects in which traffic was controlled in the winter of the last year so as to get maximum results out of the railroad transportation facilities of the country. This has always been true in this country in times of heavy business in the autumn months except last year, when the motor was reduced by scarcity of material and labor to the point where it was not possible to enter upon or carry out any extensive program for enlargement of railroad capacity because of the uncertainty as to the status of the railroads. The railroad administration could not provided with the money and therefore could not organize or carry out any such programs.

Facilities Below Demands

The railroad companies in view of the uncertainty were unable to provide them. The result is that the country's railroad facilities are decidedly below what the traffic demands. Traffic is less the maximum traffic is being handled and this is being done with less shortage of transportation than manifested itself at times in pre-war periods.

Particular attention is being paid by the railroad administration to furnishing necessary equipment for the transportation of coal and grain. It was decided early in September that in order to meet the coal requirements of the country it would be necessary for the railroads to move a minimum of 11,000,000 tons of bituminous coal a week. For the week ended September 13 11,046,000 tons were transported; for the week ended September 20, 11,248,000 tons were transported, for the week ended September 27 the railroad estimated that approximately 11,755,000 tons were transported.

Emergency as What

Conditions have developed which have made it necessary to handle the wheat situation in an emergency way. This situation has been complicated by the fact that many of the elevators are full and it has been impractical to move additional wheat to points where the elevators are full, because to do so would cause large numbers of railroad cars to be filled with wheat which could not be disposed of at destination and this would result in practically taking such cars out of the transportation service, using them for storage and depriving the public generally of cars which are badly needed for business of every sort.

The railroad administration is following this matter very vigorously in consultation with the grain corporations. The director general will consider the matter personally at a meeting of interested railroads and representatives of grain corporations, and others, to be held at Chicago this week.

Situation in Terms

As to the situation in terms, where wheat conditions are particularly acute because the crop is approximately 25,000,000 bushels larger than last year and where there is scarcity of local storage, further arrangements are being made through the grain corporation. Further arrangements have already been made for increasing the number of permits for increasing the wheat into Galveston from 50 to 100 per day. Particular effort is being made to move wheat which is on the ground and is thus exposed to the weather.

You wouldn't feel quite safe in a store where business lagged. In a store where ADVERTISING keeps things

STATE HEALTH OFFICER PRAISES WATER PLANT

Dr. Laubaugh Says Twin Falls Has Best System in State of Idaho

Twin Falls has the best water purification plant in Idaho. This statement is credited to Dr. E. E. Laubaugh, medical adviser of the department of public health.

Twin Falls is one of three cities in Idaho having installed proper purification systems at considerable expense. The statements were made in a somewhat lengthy communication addressed to the department, covering conditions for a period of four months just concluded.

Water supplies of 15 Idaho towns, investigated in the period mentioned, are "prejudicial to public health," Dr. Laubaugh states in his report. Idaho Falls and Montpelier are classed with Twin Falls as having installed proper purification systems. Harrison and St. Anthony are said to be contemplating material changes in public water supply systems. Dr. Laubaugh during this week will conduct investigations of the water supply at Soda Springs and Jerome.

Predicts Super-Hen and Large Size Egg

CLEVELAND, O., (AP)—Super-chickens and eggs two or three times their present size, at a cost not much greater than present prices, was predicted by Alton E. Briggs, Boston, president of the National Poultry, Egg and Hatching association, in an address to the 1,000 delegates attending the opening session of the thirteenth annual convention Monday.

Mr. Briggs said a new type of super-hen is being bred and in the near future would reach the public, thus doing much to lower the cost of living.

Sicilian Peasants Clash with Troops

PARIS (AP) (Havas)—Newspaper dispatches from Rome state that about thirty peasants and eggs were killed in encounters between armed peasants and troops in Sicily. There were many wounded. The unrest among the peasants is increasing and bands of armed peasants are roaming the rural districts.

COURT HOLDS DEATH IN ACTION IS ACCIDENTAL

WASHINGTON, (AP)—Medical officers killed in action must die accidentally within the meaning of the standard accident insurance contracts, the supreme court in effect held Monday by declining to review federal court decision awarding \$20,000 to a widow from an accident insurance company for the death of her husband, Major Philip P. Lester, of the Colorado National Guard, killed while on duty during the coal miners strike in that state in 1913.

COLONEL HOUSE IMPROVING

NEW YORK, (AP)—Col. E. M. House had a good night and his condition continues to improve, it was announced today by his non-law, Gordon Auchincloss.

FOREST RANGER POSITION OPEN

Civil Service to Conduct Examinations Oct. 27—Able-bodied Men Wanted

The U. S. civil service commission announces an open competitive examination for forest ranger to be held October 27. The examination will be held at Boise, Idaho. The positions are located at Cedar City, Kams, Moab, Provo, Salina, Vernal, Ephraim, Logan, Ogden, Richfield, Salt Lake City, Wildsee, in Idaho at Boise, Fremont, Emmett, Hallock, McCall, Montpelier, Postville, Sandpoint, St. Maries, Burley, Coeur d'Alene, Grangeville, Kootenai, Mackay, Orofino, Salmon, St. Anthony, Weiser, and in Wyoming at Arfton, Encampment, Lander, Pinedale, Cody, Jackson, Laramie, Sheridan.

How to Apply

Application blanks for admission to this examination may be secured from the civil service commission at Washington, D. C. from the forest supervisor at any of the places above designated, or from the district forester, Ogden, Utah. Persons desiring to take this examination are urged to submit their applications as soon as possible.

This examination is open to all able-bodied citizens of the United States between the ages of 21 and 40 years. Applicants must have at least a common school education. Practical experience in compass surveying, mining, lumbering and the livestock business is desirable.

In making appointments preference is given to residents of states where the examination is taken. By act of congress preference is also given to honorably discharged soldiers, sailors and marines, who should attach a photograph copy of their honorable discharge certificates to their applications. This copy will be returned after being inspected by the Commission. The age limit is also waived in the case of honorably discharged soldiers, sailors and marines.

As to Stipend

Appointments are made at the initial salary of \$1100 per annum. After one month of satisfactory service the appointee may be certified to receive the increased compensation of \$240 per annum granted by congress for this fiscal year. However, the continuation of this increased compensation after June 30, 1920, is dependent upon further action by congress.

Rangers are required to furnish their own saddle horses. Two horses make the average number required. However, in most cases the government furnishes living quarters, and all forage for the necessary horses is furnished by the government.

An Agreeable Surprise

About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief. I write Mrs. James Brown, Clark Mills, N. Y. My mother has been surprised and pleased with the prompt relief afforded by this remedy.—Adv.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash Poisons and Toxins from System Before Putting Food into Stomach

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing.—adv.

CAR SHORTAGE DUE TO UNDER-LOADING

Grain Corporation Demands Full Capacity for All Commercial Rolling Stock

Reports from the United States railroad administration show that a great deal of the present car shortage is occasioned by the under loading of cars. In order to facilitate the free movement of grain, and eliminate the car shortage, the administrator insists on all grain cars being loaded to the full intensified capacity as per instructions in the numerous circulars of the agent. Careful attention to this important matter will, it is said, largely increase your own supply of cars, and also assist the railroad administration in solving this difficult problem.

You've waited in the hope that the price would be lowered. Today's ads may bring you the good tidings.

EASE THE PAINFUL RHEUMATIC TWINGE

Sloan's Liniment will bring comforting relief quickly

NEVER breaks faith, Sloan's Liniment doesn't. Just penetrates without rubbing and eases the external pain and ache, rheumatic twinges, lumbago, neuralgia, sciatica, lame, sore, strained muscles, bruises, sprains.

For 38 years it has gone ahead winning new friends, holding old ones, strengthening its reputation as the "World's Liniment." Clean, effective in relieving the aches and pains of men and women, this old family standby can be relied upon to do its work promptly and surely. Don't be without a bottle another day—keep it handy.

Dependability

A VERY POPULAR CLASS MOTTO FOR HIGH SCHOOL GRADUATES IN THE PAST HAS BEEN: "HITCH YOUR WAGON TO A STAR."

Now, that is a good motto. It is a right good thing to hitch a wagon to in a pinch, but as a precautionary measure, how about taking along a good span of dependable Missouri mules for emergency?

Of course, we know that the idea to be conveyed in the motto is to set for yourself a high standard, and to everlastingly cling to that standard.

OUR MOTTO OF "SERVICE" YOU WILL FIND EMBLAZONED UPON OUR CHARIOT OF PROGRESS, SECURELY HITTED TO THE STAR OF BUSINESS INTEGRITY AND AMPLY BACKED BY THE MISSOURI MULE OF DEPENDABILITY.

We also keep a "FORD" hanging around for emergency. From a two by four to intelligent and expert advice, you can depend upon getting any BOISE PAYETTE YARD.

INCREASE FACILITIES AT STATE UNIVERSITY

Large Building Rented for the Men's Dormitory to Help Short Courseurs

MOSCOW, IDAHO, (Special).—Despite the fact that the University of Idaho this year has had a larger proportional increase in its undergraduate population than any other institution in the northwest, arrangements have been made to care adequately for students who enroll for the short courses in dairying, agriculture and household art which opened today.

LEGAL ADVERTISEMENTS

ORDINANCE NO. 273

An Ordinance declaring the intention of the City of Twin Falls, Idaho, to grade, pave, curb and surface certain streets and parts of streets within the City of Twin Falls, Idaho, hereinafter specified, and for that purpose to create and establish in said City of Twin Falls, as a part thereof, Local Improvement District No. 37, in said City, fixing the time when protests will be received against the making of said proposed improvement.

SECTION 1

The City of Twin Falls, Idaho, does hereby declare its intention to grade, pave, curb and surface certain streets and parts of streets within the City of Twin Falls, Idaho, hereinafter specified, and for that purpose to create and establish in said City of Twin Falls, as a part thereof, Local Improvement District No. 37, constituting the streets and alleys or parts of streets and alleys as follows:

Third Avenue North, one block from Shoshone Street, to Second Street North, 400 feet in length, 10 feet in width, making said proposed improvement 50 feet in width instead of 40 feet, as provided by Ordinance No. 250 1-2 of the City of Twin Falls, establishing Local Improvement District No. 34.

SECTION 2

Second Street West, one block from Main Avenue West to Second Avenue West, 270 feet in length, 30 feet in width, 5 feet on each side of the present pavement, making said improvement 40 feet in width instead of 30 feet as now constructed.

SECTION 3

The property to be included in said district and assessed as hereinafter provided, shall include all:

ALBERTA LANDS

530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district, 200,000 acres will be under irrigation, the balance is being sold for grain growing.

DOINGS OF THE VAN LOONS

CHANNEL MADE COUNCIL HEAD

Ostrander's Resignation Makes President Election Necessary

Because of the resignation of E. J. Ostrander, an aldermanic president, the obligation of selecting a successor devolved upon the members of the city council last night. C. B. Channel was selected to fill the vacancy and presided over the meeting. Mr. Ostrander's resignation came simultaneously with his removing from the first ward, which he was elected to represent, to the second ward. A successor to the council will probably be appointed when Mayor W. H. Eldridge returns to town.

Complaints Lodged

Because protests have been lodged against the method of property assessment for improvements adopted by the council recently, the board last night decided to set October 27 as the time for hearing these complaints. The Oregon Short Line railway, Asher B. Wilson, J. W. C. Deake, William Hill are numbered among the complainants.

Booths Must Move

The city clerk, W. A. Minnick, was requested not to issue permits for establishment of commercial booths on city boulevard. Persons who have recently established their temporary institutions on town property will be ordered to remove them immediately.

Plans were received for the construction of a residential addition plan. Construction proposals have been asked to be opened October 27.

BARNES ARGUES FOR FREE TRADE

Grain Corporation Head Would Remove Export and Import Restrictions on Wheat

WASHINGTON, (AP)—Julius Barnes, director of the United States grain corporation, has advised President Wilson to raise the export and import embargo on wheat, the house was informed today by Representative Young, republican, North Dakota. Mr. Young introduced a bill today to free a bushel of wheat imports.

Mr. Young also said that grain corporation officials had advised him by telephone that they had received the following message yesterday from Mr. Barnes at Missoula, Mont.:

"I have advised trade generally that I am convinced that export and import restrictions of all kinds should be eliminated at the earliest possible moment, and trade should be prepared for such."

HERSHEY INTERVIEW WITH WILSON ON HIS PROPOSAL

NEW YORK, (AP)—Julius Barnes, director of the United States grain corporation, for the last two weeks has been seeking an interview with President Wilson to discuss recent recommendations for lifting all export and import embargo on grain and flour. It was stated at the grain corporation offices here today.

The general financial situation and transportation difficulties, probably will aid in preventing such a dangerous activity," without government restrictions, it was declared. Moreover, the American consumers, Mr. Barnes considers, now has a right to a lower price for flour he must be able to get through the importation of Canadian wheat.

CABINET GOVERNMENT GOVERNOR'S SUBJECT

Chief Executive of Idaho to Speak on Important Topic Tonight

In the Lavering theatre this evening Governor D. D. Davis will appear in an address on "The Cabinet Form of Government." In this address the governor will explain operation and administration of state affairs through the consolidation of departments.

In addition to speaking on the state governmental plan, in new in Idaho, the governor will speak on the league of nations.

The appearance of Governor Davis is under direction of the county republic committee. A special program has been planned for the governor's reception.

Shouldn't Cut School Corners, Girls Walk Military

SAFETY First—this is what a warning to school teachers to go on the square by that means, twin corners at night angles of "jay-walking." This is the city and city regulations with respect to the peering-nating public.

Don't cut school corners; it will hurt you and the public. And even if a Ford doesn't stop on the Police Force, strong mission of the bolt force, will sure get you and the public.

Oh, yes; by the way, what you started to do was the weather situation. It will be safe for school ma'ams to be out a bit tonight—that is as far as all-weather conditions obtain.

But you'd better wear your gossamer and gloves—and don't be awfully bad for folks accustomed to buxite atmospheres and everything.

The city clerk, W. A. Minnick, was requested not to issue permits for establishment of commercial booths on city boulevard.

MINERS GIVE SIDE OF CASE

Ascribe All Blame for Wage Conference Failure to the Operators

INDIANAPOLIS, IND., (AP)—John L. Lewis, acting president of the United Mine Workers of America, returned to Indianapolis this afternoon and immediately set to work of drafting the order for the strike of all bituminous coal mines on November 1 was begun at the headquarters here. He said the order would not be made public until it could be printed and distributed to the four thousand locations.

INDIANAPOLIS, IND., (AP)—All blame for the breaking off of the wage conference between the bituminous coal miners and operators of the central competitive field was placed on the operators by a lengthy statement of the miners position issued today at the headquarters here of the United Mine Workers of America. The miners met in Buffalo and Philadelphia.

The statement declares that the operators "brushed off our proposals aside as so much chaff," and that "perhaps" the operators proposed to the miners in the conference was that the Washington wage agreement be continued in force until March 31, 1928. The miners were forced to reject this proposal, it is stated, because they could not make a living under the Washington agreement.

The miners assert that the Washington wage agreement terminated at the ending of the war and that making a new contract at this time is not a matter of choice, but of necessity. In support of their demands for higher wages, the statement sets out:

"The higher prices for the necessities of life which prevail now supply an opportunity in argument in support of the miners claim."
"The demand of the mine workers for a shorter work day is justified from the standpoint of both experience and humane considerations."

"There is no good reason why the increase in the cost of production, resulting from an increase in wages or shorter hours of employment should be entirely borne by the public. The coal operators are the chief beneficiaries of the profits they have enjoyed during the war and which they now enjoy."

The Lilac Tree.
The lilac is perhaps, all things considered, the most splendid of flowering trees. Everybody is familiar with its fragrance. The tree belongs to the olive family and is closely allied to the common privet, but it bears no fleshy fruit and is valueless except for the splendor of its blossoms.

"Good Stickers."
There are some practical "makers" for mullins. The white of an egg will be found quite good for sealing letters. Another substitute is a cold boiled potato rubbed over the paper.

Patrolize the largest local cash buying station for this part of the state when you have hay, grain, potatoes, beans or onions to sell. We are here 18 months in the year—Adams Produce Company, Newton O. Hall, High telephone, care at the residence of warehouse. Adv.

PROGRAM OF TEACHERS' ASSEMBLY IS OF INSPIRATIONAL CHARACTER

Addresses on Salient Educational Matters are Given by Many Subject Experts During the Morning and Afternoon Faculty Banquet This Evening Reception Follows

Adhering strictly to the program of the South Central District Teachers' convention, in session here this week, held inspiring meetings this morning and afternoon. The evening session promises to be equally instructive, entertaining and inspiring.

Opening sessions got under way at 8:30 this morning, with special addresses on school work, such as methods of teaching, and writing, economics and vocational education. These instructions were concluded in high school classrooms by experts from various sections of the country.

Morning Assembly.
Beginning the morning assembly a program of singing was conducted, followed by the Rev. Alexander G. Bennett, of the First Methodist church. The following general lectures were given in the auditorium: Our Democracy as Viewed by Dr. W. Bearson of Manhattan, Kansas; "The American Standard," by Dr. E. H. Lindley, of the University of Idaho.

Following these addresses there was a program of plays and physical training on the campus, with Robert Krohn, of Portland in charge. Departmental sessions were held from 10:55 in the auditorium, by addresses by Dr. Merriman, Dr. Carothers, Dr. Bearson and Miss Wheeler.

Local Brevities

Welders Move. Twin Falls Welding Works has moved into their new building at 218 Second avenue south, where operations will be continued.

Licensed to Wed. A marriage permit was yesterday afternoon issued to Clarence A. Elliott, aged 23, of Kimberly, and Nellie A. Gayle, 19, of Gooding.

Eastern Stars Call Conclave. The regular meeting of Twin Falls chapter No. 59, O. E. S., will be held tonight in the Masonic Temple at 8 o'clock.

Home From Vacation. Mrs. E. S. Lamed and daughter, Katherine, returned the last of the week from Lansing, Mich., where they have been for several weeks.

Legioners to Dance. Arrangements have been made by the amusement committee of Twin Falls post, American Legion, for a dance to be conducted next Monday night in Lavering pavilion.

Sweeney Returns. Mr. J. Sweeney returned from Boise Sunday evening. Mr. Sweeney went to North Dakota to attend a federation meeting, and visit various clubs in that part of the state.

Return from Coast. Mr. and Mrs. T. J. Harmon of San Francisco, returned from Los Angeles yesterday where they went to attend the celebration of the golden wedding anniversary of Mr. Warner's parents.

Returns from East. H. E. Barber, of the Model Shoe Company, returned yesterday from Minneapolis, where he spent some time on business in connection with the local shoe store. Mr. Barber, who has been in Rochester the past two months, returned with Mr. Barber.

Files Suit on Account. In the district court yesterday afternoon an action was entered by Reynolds Brothers against Sandy and Hazel Thompson, alleging \$450.00 due on accounts, and appealing for judgment for that amount with certain expenses connected with collection.

To Address Club. E. H. Lindley, president of the University of Idaho, reached Twin Falls yesterday evening from Boise, and will this afternoon address members of the 20th Century club. Dr. Lindley tells of a tremendous increase in student enrollment at the university this fall.

School Trustees Coming. On Thursday this week trustees of various school districts in this county will be here for a joint conference and discussion of problems connected with school operation. The meeting was originally planned to open today but various influences intervened to prevent.

Hourly Farm Brings High Value Per Acre

TWENTY-SIX thousand acres are now under the plow in the county, according to a report by the county auditor, which is a record for the county. The county auditor's report shows that the value of land in the county has increased 100 percent since 1910.

During the past season Mr. Dunlap grew varied crops of alfalfa, wheat, oats, vegetables and fruit on his place. The farm has a six-acre orchard mostly devoted to Delicious apples. The Dunlap family will move to Twin Falls. Two daughters are now in school here.

Marion Etter Smith has reopened her studio in Gregg Business College building for pupils in violin and piano. Phone 56374.

If you own a lot and need some money, find a buyer through the classified.

Social Notes

One of the most delightful social events of the season was the dinner and dancing party given by Mr. and Mrs. J. H. Gott at their country home recently. The following guests were invited: Mrs. and Mrs. V. H. Ormsby, Mr. and Mrs. J. C. Bussell, Judge and Mrs. C. F. Davill, Mr. and Mrs. C. A. Bullen, Mr. and Mrs. E. W. Lutz, Mr. and Mrs. E. E. Dixon, Mr. and Mrs. T. C. Murray, Mr. and Mrs. E. C. Lavering.

CAHLE-BELLIOTT
At the home of the Rev. Asher H. Brand, pastor of the First Methodist church, Monday evening, Nellie Cahle and Clarence A. Elliott were united in marriage. The young couple are well known here and will make their home in Twin Falls. Those who witnessed the marriage ceremony are Mrs. Corrie Taylor, Miss Etha Underwood, Lowell Cahle, Byron Edwards and Ralph Elliott, GILLIGAN.

SHREFFIELD IN CO. Has good farm land for rent \$100 to \$175 per acre. They are ready to show it to you at any time. Call at their office at Idaho Falls. Adv.
