SOVIET RULE IN RUSSIA ON EVE OF DISRUPTION

Bolshevik Armies Forced Back By Enemy Onslaught on Four Fronts Faces Period of Disaster

PEROGRAD DOOMED IS OPINION OF OBSERVERS

Cossacks from South, Poles from West and the Russians from North and Northwest Upper and Nether Millstones

LONDON, (AP)—An official communication from Archangel on the northern Russian front claims that the Russians are pursuing the Bolsheviks in the direction of Onega. It says they have occupied the enemy's fortified positions along the railroad, captured guns and prisoners, destroyed a great train and repelled the enemy in the direction of Kotokom. The Russians, it is declared, continue to advance.

SOVIET ARMIES FORCED BACK ON FOUR FRONTS

LONDON, (AP)—Forced back by the onslaught of armies on four fronts the armies of the soviet government of Russia appear to be facing a period pregnant with disaster. General Denikin's Cossacks from the south, Poles from the west, the northwest, Russian legions on the northwest, and northern Russian troops from the north have during the last few days forced ahead until it seems the Bolshevik armies are between the upper and nether millstones.

Petrograd is doomed to capture, in the opinion of observers. General Vidnich being at Gatchina, only 27 miles south of the former Russian capital. In the extreme north the northern Russian army is being driven back by the assistance of the Bolsheviks, according to reports, and are preparing the army toward Omega, a village about 20 miles from the city. The army to the south it has forced its way far down along the Dvina river. Bolshevik forces have captured Kovno, on the curve northward and of their line. Denikin's Cossacks have driven a glacial wedge into central Russia as far as Orel and are thought to be on their way toward Tula, an important railway center that is the key to the east to Moscow. East of the Urals is Admiral Kolchak's army but it is seemingly too far away to enter into consideration as a vital factor in the situation which is developing in Russia proper. General Denikin and Kutcherik and Admiral Kolchak are said to be operating in close coordination.

Ukrainians Join Attack

West of General Denikin's army are forces of Ukrainians who are supposed to be hostile to the Bolsheviks, have declared war on Denikin because of alleged atrocities perpetrated by the latter's army. They have advanced toward Moscow. Reports have been received, however, that part of Ukrainian army has joined Denikin, and has been assured that the army will west eastern Galicia and the province of Chelm from Poland. Advice from Russia that Colonel Jahnke's army is attacking the Bolsheviks on the right last week caused a sensation, has declared he began the campaign only for the purpose of "securing the Duna river front against Moscow. This front is between the sectors

PEACE DELAYED FOR COVENANT

Officials Will Not Confirm Explanation Current at Capital for Postponement

WASHINGTON, (AP)—Officials at the State Department today professing to have no information as to the reasons for postponing the exchange at Paris of ratification of the treaty of Versailles with Great Britain, France, Italy and Germany which would bring the treaty into immediate force. There was a suggestion that ratification had been postponed to the league of nations week after the treaty went into effect, but state department officials would not express an opinion on this point.

The league covenant provides that the league council shall consist of representatives of the great powers of the United States, Great Britain, France, Italy and Japan, and of Belgium, Brazil, Greece and Spain. When these nations have ratified the treaty. While professing to have no official information on the subject, officials there suggest that if the treaty were put into force with only three of the allied and associated powers completing ratifications, those powers would be treated with the organizations of the league.

DEFEAT OF SHANTUNG AMENDMENT LOOMS

Close Vote is Predicted by Supporters of Proposal; Balance of Power May Be Held by Senators who Indicate that They Will Favor Reservation on Subject; Debate on Question is Resumed while Leaders Hope to Reach Decision Today

WASHINGTON, (AP)—Debate on the Shantung amendment to the peace treaty was resumed in the senate today with leaders hopeful that a final vote on it would be had before adjournment. Although contending that the vote would be close, supporters of the proposal generally conceded that it would be defeated.

At the outset of the debate, Senator Kellogg, republican, Minnesota, announced his opposition to the amendment, declaring it would be inconsistent with the league of nations. He said he was in the Far East now, after remaining almost while Germany and other nations had seized territory there in years past. Senator Hale, republican, Maine, also announced he would vote against the Shantung amendment and added that the amendment would give the Johnson amendment for equalization of voting power in the league of nations. He said he favored a reservation dealing with Shantung and would vote against the amendment unless such a reservation were adopted.

World Restrains Japanese—In urging defeat of the Shantung amendment, Senator Philip Lenox, democrat, California, declared American interests were not only embraced in the preservation of peace "but in riding American ships to sea. He said that if Japan were to expand, then her expansion in Shantung, by agreement with China, is more acceptable to us than the expansion of America. Senator Phelan said that in approaching a steamship service which dominates the Pacific and is landing her nationals upon North and South American shores. "If we exclude Japan from America, as a free national policy, then we should not be unduly alarmed about Shantung. The league of nations will prevent her forcible expansion in the future, and Japan is a member of the league. For this purpose we must keep her there."

Senator Phelan said that in approaching a steamship service which dominates the Pacific and is landing her nationals upon North and South American shores. "If we exclude Japan from America, as a free national policy, then we should not be unduly alarmed about Shantung. The league of nations will prevent her forcible expansion in the future, and Japan is a member of the league. For this purpose we must keep her there."

WORLD NEWS EVENTS

COPENHAGEN, (AP)—A British-French squadron of more than twenty warships has arrived at Biga, according to a Lithuanian private report received here.

MONTVIDEO, (AP)—The Uruguayan house of representatives Wednesday voted approval of the treaty of peace between the allied and associated nations and Germany.

LONDON, (AP)—A general retreat by the Bolsheviks before the armies of Admiral Kolchak in western Siberia is announced in a wireless message from the Kolchak government at Omsk dated October 13.

PARIS, (AP)—Captain Gabriele d'Annunzio has sent a message to Premier Clemenceau asking him to take initiative in obtaining a declaration from the allied governments making Fiume a free port. Captain d'Annunzio says he has drafted a manifesto inviting Serbians and Italians to recognize mutual national rights.

HOUSE VOTES IMMIGRANT RESTRICTION MEASURE

Bill to Keep Radicals and Undesirable Aliens Out of United States for Year is Approved

WASHINGTON, (AP)—By an overwhelming majority, the house today passed the bill extending for one year past passport restrictions so as to keep radicals and undesirable aliens out of the United States. The vote on the measure was 284 to 1. Representative Gallagher, democrat, of Michigan, was the sponsor of the measure. The measure was requested by the state department.

Mr. Crist disagreed with Chairman Johnson that the bill was "hopeless." In the senate, Senator McKellar, democrat, of Tennessee, introduced a bill prohibiting aliens from retaining the rights of United States more than five years unless they become citizens.

SINN FEIN CONVENTION DEFIES THE GOVERNMENT

Irish Nationalists Assemble in Dublin Contrary to Orders of Great Britain

DUBLIN, (AP)—Defying the order of the government and the commander in chief in Ireland, the twelfth annual convention of the Sinn Fein was held at midnight in the Dublin hotel. It lasted three hours. Notwithstanding all precautions taken to prevent the meeting the complete order of business was carried through. An order issued last night by the chief secretary and the commander in chief of the forces in Ireland prohibiting the assembling in Dublin of Sinn Fein Irish volunteers and the Gaelic league.

ACCIDENT HALTS MAYNARD'S LEAD IN AERIAL RACE

Broken Crankshaft Forces the Landing in Cornfield near Wahoo, Nebraska, Made Without Injury to Passengers

WILL BE PERMITTED TO CONTINUE IN NEW PLANE

Fatal Fall in Utah Claiming the Lives of Kirby and Miller Makes Total of Seven Deaths in Flight

OMAHA, (AP)—Lieut. Belvin W. Maynard, flying from St. Paul, Minn. to Omaha, broke a crankshaft in a cornfield four miles north of Wahoo, Neb., forty miles west of Omaha shortly before noon today. The landing was made without difficulty and without injury to the pilot or his observer, W. C. Ryan.

This information was received at Ak-Sar-Ben field by Lieut. H. R. Wells, control station officer, who immediately sent a truck load of soldiers from Fort Omaha to work at the plane. Lieutenant Maynard left St. Paul, Minn. for Omaha at 11:17 this morning.

Repair is Impossible—According to a report received from Lieutenant Maynard it was impossible for him to repair the damaged motor and he requested Lieutenant Wells, control officer at Ak-Sar-Ben field, to see permission from the war department to transfer the motor from the Martin bombing plane which was piloted by Captain Roy N. Francis and which was working at the time.

Neur, thirty miles west of this city, Tuesday while making a forced landing to his plane. A corps of mechanics has been working on the bombing plane since it was wrecked, preparatory to boxing the wrecked machine and shipping it to the factory where it is being supervised by Captain Francis.

Meas Two Days' Delay—Wahoo is but ten miles west of Yutan, the motor from the Martin machine can be repaired here, if providing permission is given for the transfer. Captain Francis left Yutan on Monday and is expected to be an accident to Lieutenant Maynard and will assist in supervising the repairs. It will take at least two days to transport the motor to the two machines, which is the reason why Lieutenant Maynard can continue in the race.

"I am still in the race," stated Lieutenant Maynard as he informed Lieutenant Wells of the accident.

CONTINUANCE PERMITTED REGARDLESS OF RULES

WASHINGTON, (AP)—Regardless of the rules of the contest, Lieutenant Maynard will be permitted to continue his return flight across the continent if another plane can be found for him in time, air service officials announced. They believe a serviceable ship is available to be transported to where he landed today with a broken crankshaft.

Because of his exceptional showing in the transcontinental aviation race, every effort would be made to enable Maynard to continue his flight.

INTENT ON RETURNING UNDEFEATED WINNER

CHICAGO, (AP)—Almost half way across the continent his return journey in the great air plane airplane winnery and endurance race, Lieut. B. W. Maynard, the "flying person" today said he was determined to return homebound bound fliers who had doubled back after soaring from coast to coast. The "sky pilot" was almost a day's flight in the van of his nearest pursuer from San Francisco and his closest opponent in the point of actual flying time for the transcontinental flight, Captain Lowell H. Smith, was out of the contest as his ship was

PLANS FOR COAL STRIKE PROCEED

Miners Work on Assumption that Conference in Washington Will Fail

INDIANAPOLIS, Ind., (AP)—Plans for a strike of bituminous coal miners across the continent are being accelerated today at international headquarters of the United Mine Workers of America here, the officials proceeding for the purpose of the conference of the conference in Washington called by Secretary of Labor Wm. B. Wilson in an effort to avert the threatened walkout.

RIGHT OF WAGE EARNERS TO BARGAIN COLLECTIVELY STARTS CONFERENCE FIGHT

Recommendation Presented by Committee of Fifteen at President's Industrial Assembly is Approved by All of Public and Labor Delegates, But Strongly Opposed by Majority of Representatives of Employers

RULING OF CHAIRMAN LANE PERMITS OF PRESENTATION OF DECLARATION

WASHINGTON, (AP)—A declaration of "the right of wage earners" to "bargain collectively" and to "be represented by representatives of their own choosing" was presented to the industrial conference committee today by Thomas L. Chadbourne, chairman of the committee of fifteen. It was expected to cause a continuous fight in conference.

The declaration was approved by all of the public and labor delegates on the committee, but was strongly opposed by a majority of the representatives of capital.

Text of Declaration

"The right of wage earners to organize in trade and labor unions, to bargain collectively and to be represented by representatives of their own choosing in negotiations and adjustments with employers in respect to wages, hours of labor, adjustments and conditions of employment is recognized. This must not be understood as limiting the right of any wage earner to refrain from joining any organization or to deal directly with his employer if he so chooses."

The first move of the capital group was an attempt to block presentation of the declaration to the conference, but this failed. Chairman Lane ruled that the question was one for individual and not group voting and the public and labor groups voted to receive the declaration.

Before the vote, John D. Rockefeller Jr., of the public group, pleaded for "new spirit between the parties in industry." Those threatening to withdraw from the conference, he said, named "an un-American and intolerable position."

Fate of Industrial Conference Hangs on Outcome of the efforts of the committee of fifteen to reach an agreement on "collective bargaining" representative of the three groups: public, labor and capital—declared today.

Several conferees said that unless the capital and labor groups agree to compromise the conference might as well announce frankly that agreement could not be reached and adjourn.

The committee of fifteen resumed its sessions in the hope of completing a report for presentation to the conference this afternoon.

Public Group Prepared

The public group also was prepared to take up the collective bargaining issue with the other two groups. Bernard M. Baruch favored a definition of collective bargaining along the lines demanded by labor. The labor delegates requested and delegating to accept Mr. Baruch's plan. Delegates representing capital, however, were standing fast on their original attitude.

Mr. Baruch took issue with the capital delegates and some members of the public group that the steel strike was not germane to the purpose of the conference.

"The Gompers resolution had not been introduced, the question of the steel strike would have been before the congress just the same," he said. "How can we have a problem of industrial relation without settling the steel strike?"

Question of Make or Break—Frank Morrison, acting head of the labor delegation, declared during the noon recess of the committee of fifteen that it is now a question of make or break with the conference. He held a hurried conference with other labor delegates attending the meeting and called others by telephone for the purpose, it was understood, of seeking authority to make certain concessions on "collective bargaining."

Charles Edward Russell, spokesman for the public group, said that a definite report on "collective bargaining" could be expected within a short time.

EMPLOYERS VOICE COMPLAINT

Capital conferees voiced their dissatisfaction with Secretary Lane's ruling yesterday against the group method of voting on the question of postponing action on the steel strike resolution, declaring that an individual vote was unfair because the employers' group numbered only seventeen members, compared with 19 in the labor group and 25 in the public group.

PEACE COUNCIL SENDS EMISSARY TO DEAL WITH BUDAPEST COMPLICATION

PARIS, (AP)—The supreme council decided today to send a representative to Budapest to deal with new complications arising from the Hungarian emmissary selected in Sir George Clerk.

NAME OF EVERY RADICAL MEMBER TO BE DEMANDED

President of Chicago Federation of Labor Will Call on War Department for Names of Alleged Disturbers

CHICAGO, (AP)—John Fitzpatrick, president of the Chicago Federation of Labor, said today that he would demand of the war department the publication of the name of every alleged radical member of the federation suspected of fomenting disorder in connection with the steel strike.

"I have been told that General Wood has said there is not a scrap of evidence to connect any of the men arrested at Gary, Ind., with any plot of radicals," said Mr. Fitzpatrick. "The reports that radicals are running the strike are absolutely untrue. Ninety-five per cent of all those arrested are men who were discharged from the steel mills because of their activities in the union. I believe that all this talk of radicals plots to overthrow our government and establish soviet is bunk."

It was reported today that Secretary Baker has been asked by organized labor to send a personal representative to Gary to investigate the charges made against radicals.

Bellows Strives Over—Officials at the steel mill at Gary said today that 168 of the 170 rollers, the highest skilled workmen employed in the steel industry who earn from \$100 to \$150 a week under the best conditions, have returned to work along with their helpers.

The executives of the plants expressed the belief that the strike is practically over as the companies have no intention of attempting to increase their output at present.

It is now being built up by every organization and that in several departments there are more men applying for work than can be used. Many labor leaders deny the accuracy of those assertions.

SENATE INVESTIGATION OF STRIKE NEARS CLOSE

Examination of Witnesses on Activities of Radicals Final Order of Business

WASHINGTON, (AP)—Investigation of the steel strike by the senate committee will be closed next week with the examination of witnesses on the activities of radicals in the strike. In making this announcement today, the committee said that the decision to close the inquiry next week was desired because of the committee's desire to report to the senate and expedite legislation for the relief of the steel industry. The committee's report on the activities of radicals in the strike will be considered by the committee next Wednesday.

Proposes Embargo on Exportation of Sugar

WASHINGTON, (AP)—An embargo against the export of sugar for the next six months under penalty of \$100,000 fine was proposed in a bill today by Representative Dallinga, republican, Massachusetts.

Bushians and demanding that they be compelled to withdraw from Hungary immediately. The Hungarian emmissary was selected in Sir George Clerk. The decision to dispatch him now to the Hungarian capital was caused by the receipt of a telegram from the in-allyed nation in Budapest complaining of the dilatory tactics of the

DAVID WEINER, Tonight and Friday

# ARMY NURSE HAD FULL SHARE OF WAR SUFFERING

## Final Report on Activities of Corps Reveals Record of Devotion to Duty Under Severe Hardships

WASHINGTON, (AP)—That army nurse who served overseas with the American forces during the war had her share of service and suffering is shown in the final report on the activities of the corps, made by Miss Julia C. Stimson, acting director, who headed the army nursing service abroad. Between May 8, 1917, and May 31, 1918, 10,248 nurses out of a total of 14,801 enlisted for the war saw service overseas. Three were wounded in action and 286 died while on duty.

Identified by Hale  
The first six detachments of nurses sent to France replaced nurses in the British hospitals. German torpedo attacks on hospital ships had forced the English army to care for its wounded, as well as the British, in the rear fronts. Following up service in the base hospitals American nursing detachments also began to go forward, and in Germany, 1917, General Haig mentioned a number of them in dispatches for gallant service in the casualty clearing stations.

But the real work of the American women commenced July 1, 1918, when their own army when the final German attack was stemmed and the great victorious allied offensive started.  
From July 18 to Nov. 11, the amount of work done was such that no nurse could do more than "keep her feet." "It was not at all uncommon for nurses to work 14 to 16 hours a day for weeks at a time, and some hospitals with only 70 or 80 nurses cared for patients to the number of 2,100. One hospital had five thousand patients at one time with nurses who were expected to take care of them. Officers, nurses and men worked themselves to their limit of physical endurance and that limit was beyond any which might be expected of human beings."

On armistice day, 184,421 American soldiers sick and wounded, were in the hospitals, and there was a shortage of 6,225 nurses. The shortage was due to the "peak" of wounded was actually reached at Meuse center on Nov. 10, where 20,190 patients were taken into ten hospitals, with 394 nurses assigned. The shortage was due to the fact, the report says, that transportation had not been available to get more into France, so great was the rush of combat troops to the front.

Tired but Uncomplaining  
Nurses were dropping from fatigue around the operating tables at the front, but complaints from them were almost never heard, Miss Stimson says. Conditions under them were due entirely to the fact, the report says, that they were obliged to wash and iron their own uniforms, and little recreation could be furnished for their few hours off duty.

The homeward exodus began in January, and about 250 a week secured passage during the first four months of the year.

### WORLD CONFERENCE OF FOREIGN TRADERS SCHEDULED

NEW YORK, (AP)—One of the important features of the Seventh National Foreign Trade convention, to be held at San Francisco May 12-15, 1920, will be a world conference of American foreign traders, according to announcement made today by O. K. Davis, secretary of the National Foreign Trade council, who will be secretary of the convention.

Three special convention steamers have been chartered for the accommodation of delegates from abroad. Another steamer, starting from New York, will go by way of the Panama canal.

Pleased at Her Appearance.  
Jane was busy entertaining herself by looking at the photograph album. Soon she came across a picture of herself taken when she was a tiny, bald-headed baby, and in all earnestness she said: "What a tummy homely baby!"

## SEIZURES DEplete FOOD RESERVES OF HUNGARY

Reductions Reach Danger Point and Serious Crisis is Threatened, Budapest Advises

VIENNA, (AP)—The food reserves of Hungary, depleted by Rumanian seizures, have been reduced to the danger point and a most serious crisis is threatened, according to advices from the Hungarian capital.  
The Rumanians Tuesday, the advices state, attempted to seize some of Friedrich's immediate following and did arrest two government officials. The inter-allied mission protested against this and other actions by the Rumanians which were objected to. Reports from the trans-Danube region declare the Rumanians as their evacuation proceeded have systematically killed the supporters of the Bolshevik regime who had been imprisoned.  
Rumors that the inter-allied missions is withdrawing from Budapest have not been confirmed. The Rumanians are said recently to have kept out of touch with the mission.

## PROTESTS APPOINTMENT OF SPANISH DELEGATE

Employers' Federation at Barcelona Objects to Sala as Representative at International Conference

BARCELONA, SPAIN, (AP)—Protests against the appointment of Alfonso Sala to represent Spain at the labor conference in Washington are made in resolutions adopted at a meeting of the employers' federation here Tuesday. The ground taken by the federation is that Senor Sala represents no one but the minister of the interior, who appointed him.  
This resolution will be communicated to the chairman of the Washington conference and to the American minister at Madrid.  
Members of the federation declare they are not interested in any decisions which may be reached by the Washington conference.

## ARMIES NEAR PETROGRAD IN CLOSE UNDERSTANDING

Anti-Bolshevik Forces of Yudenitch in Northwest and Koleshak in South Work in Harmony

LONDON, (AP)—In official quarters here it is declared that General Yudenitch, commander of the northwestern Russian force advancing on Petrograd, is working in close understanding with Admiral Koleshak, head of the all-Russian government, and General Denikin in a combined effort against the Bolshevik armies in Siberia, southern Russia, and on the northwestern front. General Yudenitch's troops are fully equipped now by the allies with whom the general is in constant touch.

Nature's Unchanging Rule.  
Lament remains is but a presumption. Everything that can be found to come into being and what never comes to being is nothing.—Amalet.

# PROHIBITION IS BURNING ISSUE IN PHILIPPINES

## Doubt Prevails as to Whether Constitutional Amendment Applies to Islands; Opponents Line Up for Fight

MANILA, P. I., (Correspondence of The Associated Press)—It is doubtful as to whether it will be held that the constitutional "dry" amendment applies to the Philippine islands, local interests are arguing themselves to carry the fight into the legislature, which is committed to consider the question at its regular session, which opens October 1d.

## California Takes Hand

Dr. D. M. Gaudier, a well-known prohibitionist advocate from California, is now in Manila and is bending the forces of the Christian Science league, an organization recently formed here and pledged to a general program of civic betterment. The league claims to have secured to date more than \$19,000 to meet the expenses of its campaign. Prominent among its officers are Dean Biscoe of the University of the Philippines and Camillo Oles, assistant director of the bureau of education. The president of the Philippine federation of labor is thus far the most prominent figure among the opponents of the "wets." He has announced that he and the members of the organization forming the federation will continue a lobby against prohibition when the legislature opens, their contention being that the distilling industry in the rural districts will be killed and thousands of people thrown out of employment.

## Local Products Worst

If a compromise could be agreed to, whereby imported intoxicants were barred, it would find hearty support, but as a matter of fact the medical profession is a unit in declaring that the local products are much more injurious to health than are the imported.

In legal circles there is a growing belief that it will be held that the prohibition amendment applies here, but the enforcement act, if the request of the Philippine council of state is granted, will specifically exclude the islands from its provisions, leaving the entire question in the hands of the Philippine legislature for decision.

## ARGENTINA GROWS LESS WHEAT, FLAXSEED AND OATS

BUENOS AIRES, (AP)—Official forecasts of Argentina's 1920 grain crop, not including cotton, show that compared to the crop planted last year, approximately 1,135,500 hectares less land was sown to wheat, flaxseed and oats. Reports of areas sown to what show an aggregate of 8,000,000 hectares; flaxseed, 432,000 and oats 831,000.

## WOOL KING'S SON GETS JOB IN GRADING ROOM

William M. Wood, president of the American Woolen Company, "admits that his son should know the business from the bottom up. So young Cornelius Wood, recently discharged from the U. S. Navy, has been sent to the storehouse department at Lawrence, Mass., and put to work grading wool."

## The Three Hundred.

What are your slogs, O Xerxes! What are your slogs, proud Persians, with your 2,000,000 soldiers sheathing the plain of Greece with splendor, and roaring like the bubbling sea, along the Pass of Thermopylae? There stands Leonidas with his 300, rocklike; and they beat you back with an idea.—George William Curtis.

## NEW WIRELESS POLICY PROPOSED BY DANIELS

Secretary of Navy Has Plan for Control and Development of Radio Service

WASHINGTON, (AP)—A new policy for control and development of radio communications was laid before congress Wednesday by Secretary Daniels. It provides for maintenance of both naval and private stations with the latter under control of a national radio commission, and proposes to open existing or new stations to general public correspondence at rates to be fixed by the navy department and congress. General public trans-oceanic correspondence at rates to be fixed by the navy department and congress. General public trans-oceanic correspondence through naval stations would not be permitted, however, except during temporary suspension of private service.

Private radio stations would be licensed by the national radio commission, and their corporate affairs, apparatus, operators and transmission rates would be under supervision of the commission which would be composed of four members and a secretary appointed by the president, with representatives from the navy, war, commerce and postoffice departments. The secretary would be an active line officer of the navy.

The commission would be authorized to assist Americans in establishing radio facilities with foreign countries. In presenting the bill, Secretary Daniels struck out a provision in his previous, tentative measure, providing for acquisition by the navy of existing stations or those under construction and that giving the navy department exclusive control of all radio operations in the future.

Private radio companies would not be permitted to affiliate with submarine cable or land telegraph or telephone systems without consent of the national commission and private companies would not be permitted to operate in the Philippines and the Panama canal zone.

# SEEK PARENTS FOR CHILDREN LOST IN CHAOS

## Red Cross Workers in Poland Scan Names and Faces of Returning Refugees to Reunite Separated Families

WARSAW, (AP)—Names and faces of streams of returning refugees are being eagerly scanned by Red Cross workers in every city of Poland, each day in search for the parents of ten thousand unclaimed children, lost in the chaos of the German drive of 1918.

No Hope for Many  
Every day, from among the starved ranks of children, wanderers, worn women or broken fathers, clasp the thin waif from whom they were mercilessly torn—almost three years ago—a reunion that takes place as often as not in some Red Cross refugee station. Many are thousand who will never be claimed, for their parents, driven away when the Germans came, found only temporary safety in Russia, where they were caught in the web of anarchy and suffered death in the days of the Russian terror.

All of the children are now under the care of the American Red Cross, and such supplies as are available have been devoted to their needs. But for the thousands who will never again be reunited with their parents, more than temporary aid is needed. Some permanent institutional scheme will have to be devised, but this must wait more normal times than the present.

Duty for Outside World  
Unless rescued from actual starvation and nakedness and mothered by the outside world until they are strong again these children will bear the marks of war for the rest of their lives. American tickets tuberculosis and kindred diseases, fast becoming chronic, will forever handicap them.

## The Respect of the Crowd Goes with a HOT SPOT Chalmers

**TO OWN** a Hot Spot Chalmers is to have the respect of the crowd.

For it is not so much a mark of riches, though many rich men own and prefer to drive the present-day Chalmers.

It is a peculiar kind of respect, a recognition of judgment, a knowledge of what's-the-thing, a keenness about motor car development you witness every now and then in club, Pullman car or a friend's home.

Because the very latest things to do with motor car efficiency are Hot Spot-and Ram's-horn.

They convert all the hidden, stored-up, hard-to-get-out power that nature put away in the inferior kind of gas we get today.

They provide a new kind of power which is superfluous without being extravagant, has excellent accelerative quality, is noiseless and causes almost no vibration.

If you once get the "feel" of it you too will say Chalmers is one of the few great cars of the world.

# BURLEY GUNMAN FIRST IN SHOOT

### D. J. Holohan Carries Off Honors at Gooding—Locals Show Well

GOODING, (Special).—Gooding shooters pulled down their share of the honors in the first annual tournament of the local gun club held here Sunday. D. J. Holohan captured second honors for high gun and Lester Atkins, third, in the 140-target contest, which was the main event of the tournament. D. Holohan of Burley landed first honors by breaking 137 targets of the 140. Wornell scored 130 and Haskins 126. Holohan had a straight run of 59 without a miss. Two trophies for high gun went to Holohan.

The local shooters also ran the visiting experts a close race in the three-man team competition at 50 targets. The winning team scored 137 out of the 150 targets and the best local trio scored 137.

The 140-target contest was divided into seven events of twenty targets each, and the scores were divided according to the scores of each of the seven events. The high gun in each event was given 40 per cent of the score and high gun averaged 90 per cent, the third 50 per cent and the fourth 10 per cent. The purse was made up from the entry fee of \$2 per man for each of the seven events.

Thirty-two men took part in the 140-target contest, about half of whom were from out of the city, and the scores were considered very good. Both traps were kept busy and a total of 4,650 targets were thrown during the tournament.

The competition started about 9:30 in the forenoon and lasted until about 4 p. m. during which time professional spectators attended the tournament. Lunch was served by the Catholic ladies.

O. C. Hillhouse of Salt Lake City, a representative of the Winchester Firearms Co., was in charge of the tournament for the American Trapshooting association, having been assigned here by the association. He worked all day and much of the credit for the success of the event was due to his efforts. He also took part in the 140-target contest, as a professional, and was therefore not a contestant for any of the prizes given. He scored 130 out of the 140 targets. H. G. Bueck of Portland was the professional who took part in the tournament. Glenn Journey of this city officiated as cashier. The scores in the 140-target contest follow, and except where otherwise noted, the contestants were from this city:

D. J. Holohan, Burley	137
Ray Wornell	130
O. C. Hillhouse, Salt Lake	126

W. P. Slinger retired after shooting 45 out of 60 targets and John McFall of Sheehoe quit after scoring 43 out of 60 targets.	

The three-man team contest was for 30 targets per man and the scores were as follows:

Holohan, Burley	48
Wright, Twin Falls	46
Wright, Twin Falls	45

Wornell, Gooding 43  
Haskins, Gooding 43  
Wharton, Twin Falls 43

Meyer, Gooding 49  
James, Gooding 40  
Knight, Gooding 37

The purse for the latter event was made up from an entrance fee of \$5 for each contestant and was divided 50 per cent to the winning team, 30 per cent to the team winning second and 20 per cent to the team winning third.

The local club will hold the first of a series of three weeks of shooting on Sunday for a handsome bronze trophy that has been hung up by the American Trapshooting association. It is likely that each of the shoots will be for twenty-five targets.

## M'Graw Builds In Young Blood For Next Year

### Boss of Ever-Losing Giants Finds it Is Time to Start Reconstruction

A favorite occupation for experts for the moment is rebuilding M'Graw's infield for him next year, though any plans M'Graw may have in that direction he is keeping to himself and when the time for the rebuilding comes he will do it himself, says William D. Hagan of the New York Herald. Yet it is expected he will make changes.

The time is near at hand for young blood to be injected into the Giants' infield and M'Graw is fortunate in having one youngster of unusual promise in Frank Frisch. There's a start right there for the rehabilitation. However, Frisch turns out, it is hard to say whether another case of a youngster jumping into the thick of a hard and critical series with the nerve and ability shown by the Fordham lad and of surviving an exciting test as well.

**Strong Hurling Staff**

M'Graw, no doubt, is looking to next year to have his pitching in mind in the shifts and swaps he has made this summer to improve his pitching staff. He will start next year with a strong corps of pitchers, thus having four or five in the line.

A large part of the strength of any baseball club lies in the line which starts with the catcher's space and extends out through the field to the pitcher, in other words, catcher, pitcher, shortstop and second base and center field.

Look over the teams which have won the pennant in the world's series and see whether nearly all of them haven't been strong the length of this line of operations. The other positions are the supports of defense to speak. The bulk of the work falls to the main avenue described, which is the main avenue for the waging of defensive warfare.

**Fletcher Still O. K.**

With the catchers and pitchers he has, M'Graw has this and that well guarded for next year. F. Fletcher he has a man who ought to fill the bill for another year or two, also giving the steady influence in the game's outfield. In center he has Kauff, not the best center fielder in the game, but one than whom it will be hard to find a better.

## BETTING ON RAGES ON INCREASE IN ENGLAND

### More People Wager Largest Stakes, London Bookmaker Declares

LONDON (Correspondence of The Associated Press).—There is more betting than ever on horse-racing throughout England, according to one of the leading London bookmaking firms, as though every one was trying to make up for the war-time period when racing as well as betting was suspended.

"It is not that more people are betting," said the head of the concern, "but they are wagering larger sums. The small man who used to have his 'tan' on a race now risks his shilling or half crown, while the clubman who formerly was content to wager a sovereign now bets a fiver."

"I have been in business for 35 years and I have never made such books as this year over the Derby and other classics."

"Another point about present-day betting," continues the bookmaker, "is the number of women who back horses. Fifteen years ago I don't think we had a dozen women customers. Now we have hundreds. I don't know where they get their information, but some of the biggest checks we have drawn this year have been for women."

"They nearly always pay too, when they lose. Of course, we get occasional defaulters," as we do among our men customers. But take them all around they are just as sporting over the business as any of the men we have on our books."

**To Clean Copper.**

Half a lemon dipped in salt will clean copper boilers, etc., as well as caustic acid will.

# GOODING MEN CRUSH TWIN FALLS IN EARLY PERIOD, WINNING 14-6

### Spikes in Grizzlies' Boots Slip During the First Quarter and Invaders Crash Through for All Scores. They Made During Game—Denman's Lads Display Grit and Hold Well After That, Being Stronger at Finish

Gooding's high school eleven have defeated Twin Falls territory yesterday and the local grid men down to their third defeat of the season, 14 to 6. At that it was no easy victory for the North Siders. The Grizzlies, after the first quarter fought fearlessly on the last minute of play, and were stronger and faster than their opponents at the finish.

The local four across the river assumed the offensive at the start of the contest and put two touchdowns over before the locals had warmed up. One of them on a quick forward pass. By successfully kicking goals they brought up their score to 14. From them on to the end of the half, it was a see-saw battle; both sides gaining and losing ground continually. At the game proceeded the Twin Falls players came back with much vigor and stopped the Gooding aggregation from obtaining further scores. Their excess energy knocked the wind out of their rivals, and finally Huddelson, of Gooding, had to leave the field.

The locals came back strong in the second half and three or four times were dangerously near the goal line, only to be checked by the most desperate efforts. During the last 10 minutes of the game, though, Huddelson Newman over the line for his team score, but failed to kick the goal. Another effort was made to score but the ball ended with the ball on Twin Falls' 20-yard line. Kuhns and Putzier of the Grizzlies suffered injuries during the second half and were forced to leave.

Boulder was the Gooding star of the game, while Roy King, Albert Bailey, Owen Watson and "Speed" Newman share honors for Twin Falls. Attendance for the game was estimated at approximately 1,000. The single admission receipts amounted to \$487.

Twin Falls put up a stiff fight yesterday that did dull a week ago, says the Grizzlies, though Huddelson defeated Gooding 16 to 6 that game. The Gooding coach claims that his team has improved considerably since the recent defeat, else they could not have captured victory in this season.

The men lined up as follows:

GOODING	TWIN FALLS
Coons	C. Strober
Carter	R. Putzier
Brown	R. Bentley
Stanwood	R. E. Newman
Cagle	L. G. Irwin
Zubanks	L. T. Kuhns
Renfrow	E. E. Huesthal
Boulder	Q. Watson
Huddelson	L. H. Epier
Keith	B. H. King
Yeoman	E. B. Phipps

Substitutions—Gooding—Denny for Renfrow, left end; Renfrow for Stanwood, right end; Stanwood for Huddelson, left halfback.

Substitutions—Twin Falls—Kronget for Epier, left halfback; Denton for Putzier, right guard; Carter for Kuhns, left tackle.

## WESTERNERS WIN FLAG OF MINORS

### Vernon, of Coast League, Victor over St. Paul Man in Title Series

LOS ANGELES, CAL., (Special).—Bunched hits in the first and second innings gave Vernon victory over St. Paul in the seventh game of the west coast minor league championship series, 6 to 2, although the contest had technically been awarded to the visitors before the game was called, due to a controversy over a substitute player in the Tiger's lineup.

Vernon opened the game by scoring three runs from four hits and an error and knocked Pitcher Williams and Merritt out of the box in the first frame. The Tigers followed with two failures in the second inning and scored again in the eighth.

The visitors took their two runs in the fourth inning on doubles by Ilyas and McDonald and errors by Mitchell and Beck.

## Brief Bits of Sport

Sometimes it is well to make change of administration as well as operative personnel.

For instance, there's the Grizzlies—But you can read the score for yourself.

**DELCO-LIGHT**

The complete Electric Light and Power Plant

Saves time and labor—increases farm efficiency—pays for itself

D. C. WATSON CO.  
Twin Falls, Idaho

self and lay the money on your own judgment.

Gooding fight fans appear to have been as badly stung in their efforts to obtain finite entertainment as were sports in Bull in their rasling ventures. The Collins-Main boys recently pulled off in Gooding was a real fiasco, with nobody hurt but the paying fan.

Leo P. Flynn, manager of Billius Brennan, thinks his protege is the logical scraper to get the next fry for the heavyweight crown.

Just at present Champion Jack Dempsey is the most ardently sought man in the world, with Beckett, Brenner, Carpenter, Fulton, Bob Martin, Levinsky, Bob Roper, Jack Burke and the three A. E. F. champions trailing him to his lair.

Thorne Murphy, son of Mike Murphy, trainer and track coach at Yale for years, has developed the greatest toe Yale grid team has had in years, according to reports.

Pop Geers, who had a shoulder busted in a racing smashup recently, is back again on the track, working out his harness nag.

Muggs McGraw has started rehabilitating the Giants with men in whose names the combination "sch" appears, rather than of men whose names begin with O' or Mc.

Bennie Leonard has been offered a match with Lew Edwards in Manila. If the offer is accepted the match will be pulled off next February.

Fred Turbyville, Cincinnati writer, says in a special news letter to a bunch of papers, that Dutch Routhier broke training rules during the late lamented affair, and was in no condition for the sixth game of the series, which Turbyville says should have been the last.

What's the idea of an "alibi" now? The Reds won the consolation, didn't they? Give some folks a farm and they want the earth and all that is therein.

## FRENCH RATIFICATION OF TREATY POSTPONED

### Making of Pact Effective, Will Not Take Place This Week, American Delegation Advises

PARIS, (P).—The formal ratification of the peace treaty with Germany, making that instrument effective will not take place this week, as had been expected. It was announced tonight by the American delegation to the peace conference. There has been an indefinite postponement of this step, it was stated.

**The New Way of Practicing Dentistry**

**THE E. R. PARKER System in Dentistry** is nothing but dentistry put on a common-sense basis. Instead of one man practicing in a small way in a small office, several dentists practice together under the Parker System in large offices, where there is room for complete equipments. Some of the System dentists extract teeth, some fill teeth, some make crowns and bridges, some make artificial plates and some treat diseased teeth. In this way each patient is cared for by a dentist who is experienced in the kind of work each patient needs. Dental work done in this manner is not only done better, but in less time, making fewer visits necessary, and the saving in time helps to make prices lower.

There are twenty-four offices where the E. R. Parker System is used.

located in different cities. Thousands of patients are treated in these offices, and the large quantities of dental supplies used are bought for less money than has to be paid for small quantities.

All dentists using the E. R. Parker System are registered, licensed and experienced. The work they do is done so well that it can be guaranteed. You are sure of satisfaction.

Under the Parker System no charge is made for examinations and advice. You can find out what your teeth need without having to pay a cent.

Everything known in dentistry to overcome pain is used in Parker System offices, so you need have no fear at all. The whole idea is this: Fine dentistry, fewer visits, moderate cost, satisfaction, no fear of pain. There is an E. R. Parker System office at

## GERMANS OPEN INQUIRY IN WAR RESPONSIBILITY

### Leading Statesman and Military Leader Alleged to Be Originally Outpable to Be Heard

BERLIN, (P).—The tribunal of state, set up by the government at general request to investigate the responsibility for the war and charge against leading statesmen and military leaders alleged to have been originally culpable for their part in bringing on or continuing it unnecessarily, will open its sittings this week. (The direct occasion of the institution of the investigation was a demand by General Ludendorff for a Court of inquiry upon the charges made against him by former Chancellor Scheidemann and a resolution of the national assembly demanding a general investigation.)

General Ludendorff, former Ambassador Bernstorff and former Chancellor von Bethmann Hollweg were among the first witnesses to be heard.

GERMANY'S ADVANTAGE

Due allowance being made for propaganda expected to inhere in any statement emanating from German sources, there still remains material for very serious thought in the declaration of Robert Schmidt, Germany's food and economic minister, to this effect: 'We have the workers and we have the orders in plenty. We can easily get millions, even billions of orders. But when I asked each individual (at the Leipzig fair) why he did not accept orders he replied invariably that he lacked raw material and fuel.'

In reaching this deduction Schmidt seems to have the assurance that German industrial progress is not hand-

capped in any wise by any labor problem. Assuming that this is true, his deductions are practically incontrovertible. Invariably the man who wants to work will find the place to work and the materials to work with.

During the war we heard much talk of boycott of German goods continuing after the cessation of hostilities. Many aid-weighty arguments were advanced in that direction and a good many people were convinced of the desirability of abstaining from the product of hands that had taken part in outrages in Belgium and France.

It is evident now that more than argument must be brought to bear to make such a boycott even possible. The unavoidable conclusion is that while Germans are willing and anxious to work and American production declines because of labor unrest, for which labor may be only partially to blame, the purchase of German goods is imminent not as a matter of choice, but of necessity.

Such a conclusion, however, does not gainsay any of the arguments against patronage of the Germans; but it does tend to make plain the necessity for the restoration to health of American industry.

Wedding Custom. The custom of throwing an old shoe after a bride is quite misapprehended. It is done by her companions for luck. According to the spirit of the ceremony, which is of very ancient origin, it should be done by the parent or guardian of the bride as indicating a renunciation of all authority over her.

The Cult of Fashion. Young lady at the theater to friend: 'What do you think of this play, my dear?' 'Why, it's absurd! Three months are supposed to pass between the first and second acts, and the heroine's still got the same hat on!'

A prettier could not make advertising pay—no more than a burglar could popularize his calling through advertising it.

Today's Markets

Grain and Provisions

CHICAGO, (AP)—Although rainy weather gave a little fresh strength to the corn market today, the effect was soon counterbalanced. The official forecast of close sales and lower temperatures promised to restrict conditions favorable for the crop movement.

Provisions showed an upturn despite weakness in value of hogs and corn. The strength shown was ascribed to opinions that the semi-monthly report on warehouse stocks appeared bullish.

Cash Quotations table listing prices for Corn No. 2 mixed, Oats No. 2 white, Barley, Timothy, Clover nominal, Pork nominal, and Ribs.

Chicago Livestock

CHICAGO, (AP)—Hog receipts 20,000; mostly 25 to 40c lower; bulk \$13.50 to 14.75; light weight \$14 to 14.60; heavy packing sows, smooth \$13.50 to 14; packing sows, rough \$15 to 15.00; pigs \$13.25 to 14. Cattle receipts 18,000; steady; beef steers, medium and heavy, choice and common \$17 to 19.25; common \$12.25 to 13; heifers \$12.25 to 14.25; cows \$8 to 12.60; canners and cutters \$5 to 6; veal calves \$10.75 to 17.75; feeder steers \$7 to 13; stocker steers \$6 to 10; western range, horses \$7.75 to 15.00; cows and heifers \$5.75 to 12. Sheep receipts 35,000; firm; lambs \$12.50 to 15.00; culls and common \$8.50 to 12.25; ewes, medium, good and choice

Potatoes CHICAGO, (AP)—Potatoes steady; arrivals 70 cars; Northern Whites, sacked \$2.15 to 2.25; bulk \$2 to 2.25; Early Ohio \$2.75.

'SHEPARD & CO. has good farm land for from \$100 to \$175 per acre. They are ready to show it to you at any time. Call at their office at Idaho Falls.'—Adv.

Dr. Evans, the optician, is at his office in Twin Falls this week but will be away next week after October 19.—Adv.

ACCIDENT HALTS MAYNARD LEADER IN AERIAL RACE

(Continued from page one)

burned last night shortly after he landed at the Buffalo control station. Lieut. Maynard apparently was insistent on being returned undisputed winner as he was in the Minoela-Toronto race for yesterday he broke all records for flights from San Francisco to Sidney, Neb. his overnight stop. He announced he expected to spend tonight at Chicago. Through snowstorms yesterday the "flying person" made 130 miles in 56 minutes and then dashed an additional 93 miles through the skies in 25 minutes.

The death toll in the race today stood at seven, leaving thirty-nine pilots in the contest. Lieut. French Kirby, pilot, and Lieut. Stanley C. Miller, observer, yesterday "went west" when their airplane crashed at Castle Rock, Utah.

Of those remaining in the race, six have completed half their trip by landing at the Minoela field and nine westbound fliers have reached San Francisco. Twenty-four others still are on the first leg of their flight, scattered at various control stations across the country.

The weather for today over much of the course probably will not be what the fliers regard as the most favorable, according to the weather forecast. Over the eastern section cloudy and cooler weather will prevail, with unsettled weather from Chicago on westward, the weather reports said.

SMITH'S ACCIDENT LEAVES SPACE IN LEAD TO WEST

MINEOLA, N. Y., (AP)—Three more entrants in the army air race across the continent and back were ready to take off here early today in the wake of Major Carl Spatz, leader on the westbound second lap.

With his nearest competitor, Captain Lewis H. Smith put out of the running by burning his plane at Durango, last night, Major Spatz who spent the night at Rochester, held at 274 mile lead on the westward trip. The three fliers, who hoped by getting off

today to overtake him were Lieut. L. C. Kiehl, Lieut. H. E. Quensenand, Lieut. R. Worthington. Major J. C. Barthol, the only other San Francisco entrant to reach Roosevelt field, has obtained permission to fly to Boston Saturday to witness a football game. He will not start back to San Francisco until Monday.

### BUTTER TAKES DROP ON 'FRISCO MARKET

#### Insignificant Demand Causes Slump of Two Cents in a Single Day

With practically no demand for butter on the San Francisco market, and dealers seemingly inclined to sacrifice rather than carry stocks over until Monday, prices declined 2¢ Saturday, with jobbing sales established at the new basis of 62 1/2-63¢.

Conditions on the Portland market were, however, somewhat improved for the finer grades, with light supplies, and while the market showed a firmness, prices remained unchanged, with jobbing sales as follows: Cube extras 60¢, and prints 58¢.

The Seattle market failed to reflect material change, though, due to continued scant supply, the feeling remained strong and it is yet believed that prices will soon take up an advance.

Other markets ruled steady to firm, with quotations as follows:

Butte—Firm, sales to retailers: Prints 60¢; extras 58¢.

Salt Lake—Steady, sales to retailers: Cube 62 1/2-63¢; cartons 64¢.

Seattle—Firm, sales to retailers: Cube 64¢; creamery prints 65¢.

Spokane—Firm, sales to retailers: Cube 63¢; country creamery cubes 60-65¢; prints 64¢; cartons 65¢.

Tacoma—Steady, sales to retailers: Washington creamery prints 65¢; cubes 64¢.

With the exception of the Boise and Salt Lake markets butter fat remained steady throughout the western markets. The former advanced 2¢ while the latter declined to 62¢ flat, with delivered prices quoted for all as follows:

Boise	63-70¢
Baker	60
Portland	67-70¢
Salt Lake	65¢
Seattle	63-70¢
Spokane	67-68¢
Tacoma	70

### AUSTRIA TAKES UP PACT

#### National Assembly Consents to Consider Allies' Terms of Peace

VIENNA, (AP)—Austria's national assembly met Wednesday for consideration of the peace treaty framed by the peace conference at Paris and signed at St. Germain September 10 last. The treaty was referred to a special committee, the government program being carried out in an uneventful session.

It is probable that the treaty committee will make its report by the end of the week when it is expected that the ratification of the instrument will take place.

Dr. Otto Bauer, the minister of socialization, as had been forecast, announced his retirement from the government. He will take the leadership of the opposition.

The session was presided over by Dr. Karl Seitz, the president of the republic.

City loans that cost you less and get you out of debt, on completed properties and to assist in building.

ARTHUR L. SWIM.

### Local Brevities

#### To Hold Afternoon Session—Fythin Sisters will hold their regular meeting Friday afternoon at 2:30 in Odd Fellows hall.

#### Call for Gathering—The next meeting of the Twentieth Century club will be held October 21 in the I. O. O. F. hall.

#### Here for Winter—Mrs. G. Brown of Lewiston, Idaho will spend the winter in Twin Falls with her daughter, Miss Helen Brown.

#### Attending Church Meeting—Mrs. D. F. Sweet and brother, Mrs. Gamble are in Boise this week attending a Presbyterian missionary meeting.

#### Federation to Meet—The Rural Federation will hold the regular business meeting Saturday afternoon, October 18th at the farm bureau office.

#### Going to California—Mr. and Mrs. H. O. Miller and children, Truth and John, leave tomorrow by auto for Long Beach, Cal., to spend the winter.

#### Mrs. Graham Ill.—Word has been received of the critical illness of Mrs. William Graham, formerly Miss Lotie Kender, at her home in Walla Walla, Wash.

#### R. M. of A. to Meet—The Royal Neighbors of America will hold their regular meeting in the I. O. O. F. hall Friday evening, October 17 at 8 o'clock. Visiting members welcome.

#### To Make Auto Trip—Captain and Mrs. W. B. Campbell leave tomorrow by automobile for California. They will be accompanied by Harry Long, nephew of Judge W. A. Babcock, who is going to Fresno, Cal.

#### Promising Outlook—Committeemen in charge of plans for the Monday night ball of the American legion, announce an exceptional demand for tickets to the affair. The dance will be held in Lavington hall and in size and entertainment importance promises to eclipse other conducted by the returned service men.

Mr. and Mrs. C. E. Lind and daughter, returned yesterday from an automobile trip to Boise.

Mrs. Grant Smurr of Murtaugh was among the out-of-town shoppers in Twin Falls yesterday.

Charles H. Holmer was in Twin Falls yesterday afternoon from Rupert, where he has a large paving contract.

Dr. W. H. Dwight has returned from an eastern trip. His son, Durrell, who accompanied him, will attend the University of Michigan this year.

#### Incompleteness.

How universal in the sense of incompleteness in human experience! Youth, maturity and even old age are ever reaching for the something else which they crave for the hour, which seems to be the essential need of the year while we occasionally meet natures who are bedding every force of their working years to the end of attaining some great ambition, falling in life, like to them is but a fraction—Robert Carroll.

#### Obtrusively Friendly.

Personally we try not to be too fastidious in choosing our associates, all the same we never chum with the good-fellow kind of a man who would ask Saint Peter for a match.—Dallas News.

#### AMENDS COMPLAINT

Mary Josephine Madigan has filed an amended bill of particulars in an action for divorce from J. J. Madigan. The complaint was recorded in the district court today. Plaintiff alleges cruelty, intoxication, association with persons of evil character and adultery. Mrs. Mildred Hilder and Jane Doe are named as co-partners.

The Ninth avenue club met at the home of Mrs. O. V. Hinkle. Ten members responded to roll call with current events. Mrs. Ed Tarbot had charge of the program which was taken from Browning's play "Pippa Passes." Mrs. Clarence L. Bowen became a member of the club. Dainty refreshments were served.

The wedding of Miss Fern Costello and E. H. North will take place at one forty-five this afternoon, at the home of the bride's mother, Mrs. P. J. Costello. Immediately after the ceremony a wedding dinner will be served at the Hotel Perrine.

The Wednesday bridge club met at the home of Mrs. R. R. Spafford yesterday afternoon. Three tables played bridge. Mrs. L. P. Morse carrying off the honors for high score, a lovely embroiderer handkerchief.

Mrs. George Leopold, entertained two tables of bridge last evening. Those present were Mesdames F. R. Cox, H. P. Barger, Paul Johnson, A. W. Husted, J. L. Campbell, M. C. Putnam and H. W. Sawyer.

Miss Iris Guthrie entertained at an informal dancing party last evening.

### Social Notes

Mrs. George Leopold was host to the Hoover bridge club yesterday afternoon at her home on Eighth avenue north. Apple blossoms from California were used for decorations and a delicious luncheon was served at one o'clock. The afternoon was spent with Miss Blakeley of Los Angeles, sister of Mrs. M. O. Conover was a guest of the club.

The Ninth avenue club met at the home of Mrs. O. V. Hinkle. Ten members responded to roll call with current events. Mrs. Ed Tarbot had charge of the program which was taken from Browning's play "Pippa Passes." Mrs. Clarence L. Bowen became a member of the club. Dainty refreshments were served.

### ASSEMBLY GROUNDS FIRE BURNS 100 HOMES

MINNEAPOLIS, (AP)—Fire starting in a summer home, destroyed seventy cottages at the Methodist assembly grounds, Groveland, Lake Minnetonka, early today. Four persons, two of them children, were seriously burned in escaping from their homes.

One hundred persons, many only partly clad, were brought here and housed in hotels.

Few of the houses at the Methodist assembly grounds were occupied.

## Teachers, Attention!

## Great Majestic Range Bargain Week

SPECIAL DEMONSTRATION AND BARGAIN SALE OF

# Majestic Ranges

AT OUR STORE—ONE WEEK ONLY

### October 20 to October 25

To Be Truly Economical There Should Be a Majestic in Your Kitchen

## THE BARGAIN

—AND IT'S WELL WORTH YOUR WHILE!

Through special arrangements with the manufacturers, and during this Bargain Week only, a beautiful, useful and substantial set of Cooking Ware will be given with every Majestic Range sold. This ware is good ware (not cheap ware)—it's worth a lot to you. Come and see for yourself.

**AND REMEMBER—**

The price of a Majestic Range this week will not be increased, and there will hardly be a great reduction for years to come, if ever, but there may be an increase soon.

Economy is *not* merely spending the least money—buying a range at too low a price is indeed *false economy*.

The *first* cost is not the only cost—the little additional first cost of a Majestic is *nothing* compared with its economy of fuel, durability and satisfactory service.

Nearly a million Majestic Ranges, now economically, scientifically and satisfactorily serving millions and millions of people, civilians and soldiers, is proof positive of their superiority over all others.

There is only one best. *The public has judged.* The Majestic is recognized as *the standard of all ranges.* The *construction, material, workmanship and beauty* of this wonderful range is unequalled, and it embodies important features possessed by no other range.

**YOUR OPPORTUNITY IS HERE—**

At our store—during our *Majestic Bargain Week.* It's your chance to get acquainted with real facts about ranges. We assure you it will be worth your while to investigate.

## Two New and Important Features

**The Wonderful Unseen Riveting—**  
Yes, it's rivet-tight, just like the old Majestic, but the rivets clinch inside of nicked parts, leaving nickel smooth as glass, and there are no big, bulky bolt-heads on the inside. And, remember, rivets hold tight; bolts with only one or two threads holding are bound to work loose and cause no end of trouble. The Majestic is smooth inside and outside—it's a striking beauty—more than skin deep.

**Oh, Joy! Top Needs No Blacking**  
A smooth, highly polished cooking top, burnished blue, not only adds to the beauty of the Majestic, but absolutely eliminates the work, dirt and worry of trying to keep the range looking nice—just an occasional thin coat of paraffine retains its beautiful velvet blue color.

If you haven't a MAJESTIC, avail yourself of this opportunity to get acquainted with this wonderful range—know the inside of ranges.

Wheat, grain, field peas, potatoes and root crops can be successfully grown. Write direct to the company for full particulars and pamphlets.

Canada Land & Irrigation Company, Ltd. Lethbridge Alberta, Canada Medicine Hat

# GEN. JACQUES IS NOTED MEMBER OF ROYAL SUITE

### Belgian Fighting Man Accompanying Visiting Monarchs is Hero of First Engagement with Germans

NEW YORK, (AP)—Lieutenant General Baron Jacques, according to his own assertion, occupied the "front seat in the front row" when the Germans opened the great international "show" in 1914, in the most striking member of the white-tailed accompanying King Albert of Belgium on his visit in the United States. Tall, straight as an arrow, General Jacques looks like the fighting man he has been from boyhood, for he is one of the professional soldiers upon whom Belgium relied when it made the great decision which led up to the German attack until French and British soldiers could get into action.

**No Use for Bombast**  
General Jacques was in command of the Twelfth regiment, when the great military organization of Belgium, and was stationed at Liege, where General Lemna was in command.

"I had never been impressed by the bombast of the German army and I had full confidence in my own men," said the general as he sat in his plaidly furnished cabin on board the George Washington on the voyage to New York and talked of the early days of the war.

"We first came in contact with the Germans on the bridge at Visé and after a sharp fight we drove them capturing the flag of the 97th Brandenburg regiment.

**Eight Busses People**  
"That fight aroused the people, and immediately we had more than 20,000 and civilian volunteers, digging trenches and helping in every way possible. General Lemna issued a proclamation in which he said: 'Big Germany has invaded our country. Imposing an ultimatum which constitutes an outrage. Little Belgium proudly accepts the challenge. The Belgian army will do its duty. The people of Belgium only ask to be allowed to die.'"

During the discouraging days which followed, when the Belgian army was compelled to retire from place to place until at last had to leave Belgium and begin its slow retreat along the coast, General Jacques never doubted the final outcome, and encouraged his men by pointing out that while they reached the Yser river the backward movement would end. And so it did.

"My regiment had orders to hold Drocourt till death and we did. Not until high noon did we leave our place," said the general.

**German Still Barbarian**  
"The war is over, but the Germans still have rams and men. It is up to the allies to see that they do not use them again. I look upon the German as a barbarian who still has in his heart the desire to conquer, because he is trained to it from the cradle. This war was not a war entirely of the Kaiser's making. It was a war of the whole people, a war for heat. They believed they would be able to get to Paris in six weeks, and the booty they took would amply compensate for the expense of military operations."

**Adventurous Career**  
General Jacques has had an adventurous career. As a young officer he went out to the Congo, and in the early twenties began his remarkable fight against the Arab slave traders. On one occasion, when he and his natives were hard pressed by a large body of Arab slave traders, he killed eighteen of them with his rifle.

Administrative work in the Congo was also of a high order. He has been decorated 17 times, and wears the highest honors his country can give, while other countries have been only little less generous in recognizing his abilities and valor.

**License to Wed**  
A marriage license was this morning issued in favor of Z. H. North and Fern Costello, both of Twin Falls.

**Permits to Build**  
Permits to erect structures have been issued to the following: C. P. Laubach for a 24 by 24 foot structure to cost \$1250; to P. H. Freeman for erection of 26 by 29 foot one-story frame structure to cost \$3000; to P. R. Thomson for erection of 34 by 44 foot frame building, to cost \$6000; to P. R. Thomson, for erection of garage to cost \$250.

**Templars in Session**  
This afternoon Twin Falls Commandery No. 10, Knights Templar, is holding special convales for the purpose of bestowing Temples on three candidates. The session opened in form at 1:30 o'clock and will continue without intermission of moment to 6:30 o'clock when the candidates will be served. Following that function the degree work will be completed.

**Stockholders Sue Stockhold**  
In an effort to obtain accurate information relating to the amount of certain bonds held by the Rex low Amazon Mining company an action has been filed in the probate court. The suit is designed to provide information upon which to base an accurate assessment against stockholders for the purpose of equalizing a tax required for the settlement of a court judgment claim rendering to \$402.21. Benjamin Hall, according to \$402.21. The plaintiffs and defendants are all holders of stock in the property, the former alleging that the latter have not fulfilled their proper obligations in this matter.

# ROTARIANS GIVE OVER MONTHLY MEETING TO INSTITUTE FACULTY

### Visiting Pedagogues Royally Entertained at Banquet, with Musical Program of Particular Merit—Educators Pay Compliment to the Management of Academic Conclave

Turning their regular monthly meeting into a reception Rotarians of Twin Falls last night royally entertained male members of the faculty of the South-Central District Teachers' Institute at the Perrine Hotel. With Rotarians and guests some 100 persons participated.

Banquet formed the prime feature of the entertainment, with music and short talks completing the interest. During the period following the feast with Hal G. Blue, superintendent of the schools of Twin Falls in charge as toastmaster, addresses of an educational nature were given by several visiting faculty members.

**Instante Approved**  
In all their addresses they sounded a note of approval for the efficient manner in which the week's teachers' institute had been conducted, compliment being particularly noticeable for Mr. Blue, who promoted the plan and who has brought the program of the days thus far in the period to a successful conclusion.

While all talks dealt primarily with the schools in particular and educational matters in general, they all operated in broad enough scope to accord

passing reference to national issues, the peace pact and League of Nations getting some mention.

Among those who spoke were Dr. E. A. Bryan, state commissioner of education; D. J. W. Benson, of the State Agricultural College of Kansas; Dr. H. W. Crothers, of the State Teachers' College of Kansas; and Dr. H. H. Schaeffer, President of the State University of Idaho.

**The Program**  
"Congregational" singing was led by Robert Blum, director of music at the Idaho Teachers' Institute. Dr. J. J. Tello, who presented a lot of rotarianly adapted new words to old and popular airs. The Temple quartette supplied the general musical program for the evening.

One of the entertainment surprises of the occasion was found when Fred Lathrop, a sugar factory "beet dump" worker, appeared in double-tone whistling feature. The song was in a vigorous in this particular line, and gave a splendid entertainment himself. Besides excelling in duet whistling the boy, whose home is in Duhl, also sings very good baritone, and has some accomplishments as an accompanist.

# JOURNEY TO SHOSHONE ENTERTAINS TEACHERS

### Automobile Junket Provides Institute Program Feature of the Week

The entertainment feature provided for teachers attending the school institute last week was found in an automobile trip to Shoshone Falls. Cars for this occasion were supplied by city owners. The party left at 9:00 from the Shoshone side of the high school campus. Few failed to take advantage of the opportunity thus offered to see one of the most interesting natural scenic effects in the west.

Monday's activities at institute headquarters were punctuated with many musical sessions and periods, not the least being the trading expeditions and games on the campus. These excursions have been a feature of the institute program, and have been a means of promoting an enjoyable and beneficial class of entertainment for the educators.

At the 1:30 assembly Mrs. O. P. Duval sang before a gathering that thronged the big auditorium. This evening Miss Helen Aldinger will provide vocal entertainment for the educators.

In the general lecture period this morning Dr. Byron W. King, of Pittsburgh, spoke on "The Idea That Is Now," while E. A. Bryan, state commissioner of education, addressed the assembly on "Post-War Education."

**FARM AGENT HERE**  
R. H. Musser, assistant county agent, is here from Boise for a business visit to local headquarters of the county farm bureau. Mr. Musser will be here the remainder of the week for conference with County Agent C. H. Bohrer in connection with the integrated community work in the agency.

**MAYOR DUE THIS WEEK**  
Mayor W. H. Eldridge, with members of his family, is scheduled to reach Twin Falls tomorrow night or Saturday noon, according to word received from the Eldridge Hotel store today. Mayor Eldridge had been visiting in Vermont the past two months. His family has been there longer.

**AMCHERY ILL**  
W. B. Amshary, president of the Twin Falls Chamber of Commerce, last evening was taken to the county general hospital for treatment, having suffered an attack of acute indigestion. He will be taken home this afternoon, as his condition is said to be greatly improved.

**SCHOOL TRUSTEES COMING**  
Members of the Twin Falls County School Trustees association are scheduled to convene in conference at the courthouse this afternoon. The meeting was on the program for this morning but due to lack of attendance the meeting is being postponed. R. H. Schaeffer, of North View, is chairman of the association.

**CALL FOR MEN**  
The employment department of the county farm bureau has registrations for 200 workers in various capacities. The call principally is for men to be employed in beet fields and diggers. The sugar factory needs some help and there is still a call for apple pickers.

**CHILDREN SERIOUSLY ILL**  
R. B. King, local manager of the Idaho Power company left yesterday morning for Ligonier, Ind., in response to a call from his mother. Dr. H. H. Schaeffer, of North View, is chairman of the association.

**CHILDREN SERIOUSLY ILL**  
R. B. King, local manager of the Idaho Power company left yesterday morning for Ligonier, Ind., in response to a call from his mother. Dr. H. H. Schaeffer, of North View, is chairman of the association.

# Weather Won't Be Bad—Wear Wraps Though

FOR the last day of the institute, the heliometeorologist, conservative convention the querulous disburser of climate conditions engages to provide midday forecast weather.

For tonight and Friday, he bulletin from a swivel-seated position in the weather throne-room at Boise. He intimates there will be nothing to mar the harmony of the week's climatic picture, but suggests it might be a bit coolish after sundown.

So very admiring those persons of pulchritude who have been in "our midst," as the bucolic journalist would put it, during the last few days, when they fare forth tonight.

Carry warm wraps, and keep off the grass; it might be a bit damp, a suggestion found in a survey of the general forecast.

Last night's temperature was slightly nippy, and not conducive to comfort in the late hours. The mercury fell to 37 degrees, from a high mark of 63 during the day.

# SOVIET BULE IN RUSSIA ON EVE OF DISRUPTION

(Continued from page one)

held by General Yudenitch and the Polish army. So far as known fighting is still in progress in Riga, but the exact situation there is unknown. German-Russian troops under command of Colonel Valoff-Bernhardt, however, seem to have gained ground north of Riga, having captured the town of Pskov, according to reports.

This morning's newspapers conspicuously feature reports of successes by Generals Yudenitch and Denikin and the presumed impending collapse of the soviet government of Russia. Editorial comment, while recalling frequent past predictions of the fall of Bolshevikism, did not materialize, think the present position is more menacing for the soviet government than it has been at any previous time.

In confidence in financial circles in the coming defeat of Bolshevikism was shown by the strength of securities on the stock exchange yesterday, many advancing sharply with an active demand.

# STATE OF SIEGE DECLARED THROUGHOUT LITHUANIA

COPENHAGEN, (AP)—Lithuanian forces have fought their way across the Duna river at Riga and operations there are now developing favorably, according to reports received from Libau last night by the Lithuanian press bureau here.

A state of siege has been declared throughout all Lithuania and the mobilization of three classes of soldiers has been ordered. It is announced in a telegram received here from Kovno, Russian troops under command of Col. Vierkolitch have been concentrated in Lithuania and with the help of Germans have occupied telegraph and transport stations and converted schools into barracks.

The Lithuanian flag has everywhere been replaced by the Russian colors. Colonel Vierkolitch has issued a proclamation saying if the Lithuanians voluntarily unite with old Russia, self government will be given Lithuania under Russian sovereignty. The proclamation says that on the other hand if the Lithuanians resist the Russians, they will be "regarded as traitors."

# GERMAN ORDER IN BALTIC ONLY PARTIALLY EFFECTIVE

BERLIN, (AP)—According to the Zeitung Am Mittag, only about one-third of the German army in the Baltic states is obeying the execution order. It is assumed in political circles that these troops will complete the evacuation by the end of the week. Of the other 25,000 men, says the newspaper, two-thirds have been transferred to the Russian service.

You've waited in the hope that the price would be lowered. Today's ads may bring you the good tidings.

# EGG PRICES CLAMBER HIGHER ON THE COAST

### Demand Creates Strong Upward Tendency for Ranch Product

Active bidding under keen competition to obtain immediate needs from limited supplies on the Seattle market resulted in an additional boost from 12c in prices this week when fresh ranch eggs advanced from 74-75c to 76c flat; and unless some unforeseen source of supply makes its advent at an early date it is predicted that a much higher level will yet be reached.

San Francisco, though, was quite to the contrary, and, after several minor fluctuations up and down, finally settled on a 2-12c loss, with extras declining from high level of 78 1/2c to 76c.

These conditions, however, appear to be local with these two markets, as while the other markets range generally steady to firm there were no noticeable changes in prices, with quotations as follows:

Butte—Steady, sales to retailers; Fresh ranch 50c dozen.

Salt Lake—Firm, sales to retailers; Fresh fancy 60c dozen, paying shippers; 54-56c dozen.

Spokane—Steady, sales to retailers; Fresh ranch 58c dozen.

# BREEDERS OF CATTLE TO HOLD LOVE FEAST

### Members of Shorthorn Association Will Have Banquet Next Wednesday

With W. M. Lambing in charge as toastmaster the Twin Falls North and South Side Shorthorn Breeders' association will have a banquet and social session at the Rogerson hotel on the evening of October 22. The banquet will be served at 6:30 o'clock.

The meeting has been ordered by the officers of the association as a sort of roundup to complete arrangements for the Shorthorn Breeders' sale, to be held here in January next.

Among the speakers of the occasion will be David Patton, representing the publication, "Shorthorn World," of Chicago, and Frank D. Thomson, of Lincoln, Neb., representing the American Shorthorn Breeders' association.

**SURPRISE PARTY**  
Pythian Sisters last evening held a surprise party at the home of Mrs. G. Woodhead, three miles northwest of Twin Falls. The sisters were escorted by several Pythians.
