YUDENITCH AT HALT IN DRIVE ON PETROGRAD

Northwestern Russian Army Meets Resistance at Krasnia Gorka, Opposite Kronstadt, but Pushes Ahead

FORMER CAPITAL ALMOST IN SIGHT OF ATTACKERS

Stubborn Defense of Only Remaining Railway Line Running to South is Made by the Bolsheviki Forces

HELSINKI, (P)—The capture of Krasnia Gorka, on the Gulf of Finland nearly opposite Kronstadt by the northwestern Russian army is announced from that army's headquarters today. The capture was effected on Monday after severe fighting. The battle is still continuing, with a heavy engagement 3 1/2 miles south of the city.

Bolsheviki regiments from Moscow are taking part in the defense of Petrograd, the headquarters report adds.

LONDON, (P)—General Yudenitch, commander of the northwestern Russian army, seems to have reached to a virtual standstill by the stubborn defense of Petrograd, which is almost within sight of his men. Soviet forces now reported to have taken the offensive north of Krasnia Gorka, but details of the fighting have not been as yet fully reported.

Bolsheviks Defend Last Line

East of Fulkovo the Yudenitch army reports have been received along Bolshevik columns. Fulkovo is about three miles from the only remaining railway line running south from Petrograd and the importance of retaining control of this road may explain the savage fighting in that sector. Late reports state that heavier artillery is being brought up by General Yudenitch.

Soviet troops reported to have been concentrated near Odoff, near Lake Peipus are said to have been scattered by the anti-Bolshevik forces. One of the forces on the left flank of the Yudenitch army constituted a seeming menace to the whole movement against Petrograd and also appeared to indicate that the Bolsheviki are still quite strong on the coast west of Petrograd.

Kronstadt Fall Delayed

Kronstadt has not been attacked, according to the British admiral's statement. It is held that the city will fall immediately upon the capture of Petrograd by General Yudenitch.

Official reports issued from soviet headquarters at Moscow admit the loss of Kiev but make no mention of the claim that Orel, 120 miles south of Petrograd, is in danger.

ARMEN STRIVE FOR RACE PLACE

Pearson and Manselman in Close Contest to Finish Fourth in Derby

MINNEAPOLIS, N. Y. (P)—Second Lieutenant Alexander Pearson, Jr., and Second Lieutenant Earl M. Manselman arrived here today, having completed the round trip in the army transport plane in 24 hours. Lieutenant Pearson, flying a De Havilland-4, arrived at 1:55:30 and Lieutenant Manselman in a similar machine, at 2:12:50.

CHICAGO, (P)—Lieut. Alexander Pearson, Jr., and Lieut. Earl Manselman were engaged today in a close contest to win the honor of being the fourth aviator to finish the transcontinental flight in the army air race. Both expected to reach Lincoln, N. Y., before night and the last leg of their flight from the Atlantic to the Pacific and return.

The aviators spent last night at Cleveland and left there early in the day with favorable flying weather in prospect for the last few hours of the journey.

Lieut. H. W. Sheridan, next in the eastbound group of aviators, was seen at Ely, Idaho, Ill., by engine trouble, but expected to reach Cleveland before dark.

Lieut. R. B. Worthington, second westbound, was held at Ely, Idaho, Ill., by engine trouble, but expected to reach Omaha before the end of the day.

Four other eastbound fliers were reported at fuel stations in western states, delayed by inclement weather or engine trouble.

There are seven aviators at San Francisco expected to begin the trip to Missoula, N. Y.

SCORES FAILURE OF GOVERNMENT POLICY TO CUT HIGH COSTS

Kansas Senator Declares Farmers are Selling Their Products at Loss in Declining Markets while Consumers are Paying Higher Prices; Expresses Fear that in Efforts to Get Rid of Economic Disease There is Great Danger of Dying of Remedy

WASHINGTON, (P)—The farmers' side of the high cost of living question was presented to the senate today by Senator Capper, republican, of Kansas, who declared that while farmers are selling their products at a loss in the declining markets, the consumers are paying higher prices.

Faulty distribution was blamed largely for this "remarkable spectacle," and the senator urged a number of remedies to increase production. He deplored the numerous industrial strikes and the small representation given agriculture in the industrial conference.

"In our efforts to get rid of the high cost of living disease," said Mr. Capper, "I fear we are in great danger of dying of the remedy." He said that a number of farmers' efforts to reduce high prices by breaking down entirely the cost of food, we have the remarkable spectacle of a rise of one per cent in the cost of wheat and a fall of one per cent in the price of wheat with market drops that are putting livestock raisers out of business and causing serious losses to crop producers.

Illustrating the anomalous situation of farmers and consumers, Senator Capper said farmers are selling their wheat at a loss, adding: "It takes four and a half bushels of wheat to make a barrel of flour. The wheat raiser gets about \$8.37 for the wheat, the miller \$12.70, the baker \$35.70 and the hotel keeper here in Washington, as it is doled out in this slice, \$38.71."

Hog Values Shrink to Unusual Degree

CHICAGO, (P)—Shrinkage in the value of hogs went to an extreme degree today. Notwithstanding that prices had declined in some cases yesterday as much as \$1 a hundred weight, the market this morning ruled in general 75 cents to \$1 still lower.

For the first time in a long while, sales were made below \$12 a hundred weight, and numerous animals changed ownership down as far as \$11.50.

Unusually heavy marketing of hogs recently to avoid high cost of feed is the chief reason assigned for the demoralization of values. One of the immediate effects of this demoralization was pronounced weakness today in the prices of grain and provisions.

WORLD NEWS EVENTS

HAVANA, (P)—Recommendations granting the right of suffrage to Cuban women and calling for participation by Cuba in the league of nations have been placed in the revised platform of the liberal party.

WASHINGTON, (P)—A bill extending war time restrictions on passports for one year so as to exclude from the country radicals and other undesirable aliens was passed today by the senate without a record vote and sent to conference.

SANTOS, Brazil, (P)—The strike situation here gives promise of speedy improvement. The dock services have become almost normal again and there is expectation that the general attack will end tomorrow, with the newspapers reappearing and the railways, street cars and motor buses again in operation.

ROME, (P)—Rome was shaken by an earthquake at 7:05 o'clock this morning, the tremor waking up the population still in bed and lasting a few seconds. No reports as to the damage done have as yet been received. This is the second shock experienced within two days, one being felt yesterday. The shock of today was of considerable strength.

USE OF STRIKEBREAKERS RESULTS IN DISORDERS

Negroes Accused of Attacking Pickets and Strikers at Youngstown

YOUNGSTOWN, O. (P)—Disorder due to the employment of negroes as strikebreakers which broke out in several parts of the city last night continued this morning.

A number of white strikers were cut, one seriously, three others received minor injuries, near the sheet and tube plant and in West avenue, near the Ohio works, when negroes, according to reports, drew revolvers and knives on pickets and strikers. Eighteen arrests have been made, seven of colored men, all armed. The whites were not armed.

AMERICAN MANDATE FOR TURKEY IS INADVISABLE

American Mission Investigating Conditions Against Proposal

CONSTANTINOPLE, (P)—The majority of the members of the Harbord mission, which has been investigating conditions in Armenia and Trans-Caucasia have a categorical opinion that it would be inadvisable for the United States to accept a mandate for either Armenia or Turkey. Their view is that if the United States does accept a mandate it should do so only after the interested European powers have fully agreed to pursue a "hands off" policy.

Major General James G. Harbord, the head of the mission, would express no opinion on the subject.

FOUR REVISED RESERVATIONS BY COMMITTEE

Preamble Adopted Provides Treaty Not Effective Until American Position is Accepted by Three Powers

M'COMBER TAKES PLACE ALONGSIDE REPUBLICANS

Program Approved Relates to Article Ten, Monroe Doctrine, Withdrawal and Domestic Questions

WASHINGTON, (P)—Four revised reservations to the peace treaty were adopted today by the senate foreign relations committee with the administration leaders voting solidly against them. The committee also adopted a preamble to the reservations providing that the treaty should become effective until three of the other principal allied and associated powers had agreed to the senate's reservations. This action was opposed by the administration senators.

Shields Votes Approval The four reservations approved related to article ten, the Monroe doctrine, withdrawal, and domestic questions. The administration senators of the division was eleven to six, all of the republicans, and Senator Shields, democrat, Tennessee, voting in the affirmative.

The reservation adopted relating to article ten was identical except for the transposition of one phrase with the one which President Wilson had proposed. It read: "to regard as a rejection of the treaty."

It was the first time that Senator McComber, republican, North Dakota, had stood with the other republicans of the committee for reservations. Republican leaders declared the program had been agreed to by all the democrats. A number of other reservations remaining on this program will be discussed later today.

Mandate Provision Separate Attached to the article ten reservation was a specific declaration that the United States would accept no mandate which would be used to the detriment of the republicans on the preamble requirement for acceptance of the reservations by the other powers.

The only case in which Senator McComber did not vote with the republicans on the preamble requirement for acceptance of the reservations by the other powers.

Reservations Text The preamble and the reservations as approved by the committee follows: PREAMBLE: The committee also report the following reservations and understandings to be made a part and a condition of the resolution of ratification which they recommend to take effect or bind the United States until the following reservations and understandings have been accepted by Great Britain, France, Italy and Japan.

Judge of Fulfillment 1. The United States understands that in case of notice of withdrawal from the league of nations the United States shall be the sole judge as to whether all its obligations under the said covenant have been fulfilled and notice of withdrawal by the United States before the given date of congressional resolution of the congress of the United States.

Congress to Declare War 2. The United States assumes no obligation to preserve the territorial integrity or political independence of any other country or to interfere in controversies between them.

(Continued on page four)

BREACH BETWEEN MINERS AND OPERATORS REMAINS

Conference Called by Secretary of Labor Still Without Result

WASHINGTON, (P)—Miners and operators called by Secretary Wilson in an effort to settle the coal strike ordered for November 1, still were wide apart today.

Lowell, president of the United Mine Workers of America declared there was no change in the situation. Operators refuse to say what proposal they had in mind to meet all the demands from their position not to negotiate a wage agreement unless the strike order was withdrawn.

There was a stormy moment at the meeting when Lewis, from speech made yesterday by Senator Frelinghuysen, quoting Secretary Wilson as saying before the senate last week that the coal strike was a "hands off" matter, made impossible demands. The secretary replied that only part of his statement had been repeated by Senator Frelinghuysen, adding that he had said demands by both sides were impossible.

LABOR'S DELEGATES IN INDUSTRIAL CONFERENCE CALL FOR WILSON NOTE

President's Appeal for Continuation of Sessions Until Every Possible Means is Exhausted to Establish "Surer and Heartier Co-operation" Between All Elements in Industry Seems Not to Impress Workers' Representatives

GOMPERS REGISTERS EXCEPTION TO SUGGESTION FOR PLEDGE TO GO ON

WASHINGTON, (P)—Organized labor's representatives in the national industrial conference today forced the reading of the letter to the conference which President Wilson yesterday dictated from his sick bed and in which he declared the public expected the conference to stay together until every possible means had been exhausted to establish a "surer and heartier co-operation between all the elements engaged in industry."

Labor Withholds Applause As the groups in the conference capital, labor and the public were present, but the labor delegates took no part in the applause which marked the conclusion of the reading. Upon motion of the chairman the conference gave a rising vote of thanks to the president.

Immediately after the letter was read, the conference recessed and the labor group went into private session to discuss the letter. The members plainly were impatient and some of the public and capital delegates seemed doubtful whether the labor representatives would continue in the conference.

Gompers Takes Exception Before the recess, Samuel Gompers, president of the American Federation of Labor, declared that a motion by John Spargo, of the public group, that the conference give the president "a solemn pledge binding every group and individual that nothing would be left undone" to solve the problems before the body would be "most fortunate."

The motion, which had been seconded by Harry A. Wheeler, chairman of the capital group, was withdrawn. As they left the conference hall the labor delegates expressed their indignation over Mr. Spargo's motion.

"Do you think we are going to stay here to be crucified from day to day?" demanded Frank Morrison, secretary of the American Federation of Labor. "Call for Wilson Letter"

At a conference of the general session this morning, the labor group requested the president to read the president's letter. Mr. Lane did not desire to read it to a single group and consequently gave it to the full conference. It had been written to him to be used at his discretion and he said yesterday he would use it only as a last resort to prevent dissolution of the conference.

Mr. Lane and others in the conference stated the opposition to the labor group to Mr. Spargo's resolution was based upon the desire of some individual members of the labor delegates to be at liberty to withdraw from the conference if they desired. It was said that should any of them withdraw, new delegates probably would be appointed.

RAILMEN COME TO STRIKE

Fitzpatrick Reports Move to Further Aims of the Steel Strikers

PITTSBURGH, Pa., (P)—W. K. Foster, the steel strike leader, was notified today by John Fitzpatrick, chairman of the committee handling the strike that the railroad brotherhood had consented to the strike of the railroad men employed in and around steel mills not under contract to the Amalgamated Association of Iron, Steel and Tin Workers.

EMPLOYEES WILL DECIDE STRIKE PART FOR BELIEVES

WASHINGTON, (P)—Railroad employees working in and around steel mills where strikes of steel workers are in progress will have to decide for themselves whether they will take part in the strike, Timothy Shea, chief of the Brotherhood of Firemen and Engineers said today. He pointed out that the chiefs of the railroad brotherhood had no authority to call such a strike.

FORMER KAISER BRINGS SUIT FOR ALLEGED INSULT IN FILMED DRAMA

BERLIN, (P)—Former Emperor William II, an attorney Berlin, has filed a suit against the actor, Ferdinand Bonn, who prepared what are known as "talkies" to the cause of the political campaign of the Kaiser when party feeling abated at a high price.

The Bonn films referred to in the review were shown in the city.

IDAHO WEATHER: Tonight and Thursday probably rain or snow; cooler tonight.

BUSINESS MEN IN SESSION TO DIAGNOSE ILLS

International Trade Conference Convened in Atlantic City Attended by Many Foreign Delegates

ATLANTIC CITY, N. J., (P)—Hundreds of the world's greatest business "surgeons" men high in affairs in the United States, Great Britain, France, Italy and Belgium met here today at the opening session of a three days "clinic" to diagnose international trade ills and prescribe for their cure. The first day was spent largely in the organization of committees and other preliminary work. The International Trade conference, as it is called, is being held under the auspices of the Chamber of Commerce of the United States. Among the notable names invited to speak are King Albert of Belgium, Lord Balfour, Hoover, A. C. Bedford, chairman of the board of directors of the Standard Oil company; Sir Arthur Shirley Bonn, James F. Eastman, secretary and head of the Cresset works, the "stealing king" of France; Florimondo Hnakar of Brussels, director of the National Bank of Belgium; and General Quarleri, formerly head of the Italian delegation to the inter-allied munitions council.

To Reform Foreigners Ten committees headed by an executive committee of which Mr. Bedford is chairman, are to submit surveys and reports on American trade and financial conditions, the international and general situation of the 26 foreign delegates. The topics are as follows: credit and finance; chemicals; foodstuffs; coal; oil; metals; shipping; textiles; reconstruction; and permanent organization. Of all these committees none, perhaps, is more important than the one on credit and finance, headed by James B. Alexander, president of the National Bank of Commerce of New York.

Discussing the objects of the credit committee, Mr. Alexander said: "It is to study the question of re-establishing normal trade relations between the United States and the nations of Europe. It affords an opportunity for a frank discussion of facts and an exchange of views with our visitors from England, France, Italy, and Belgium. Neither the foreign delegation nor the American committee is in any sense official."

Renewed Understanding Sought "It is hoped that a discussion around the table of the facts and the principles involved will expose the causes of the re-establishment of sound credit conditions, based upon a renewal of understanding and confidence, and thereby increase the business and prosperity in the minds of business men generally to place foreign trade on a normal basis, and not, except so far as the immediate emergency may demand, on a makeshift or abnormal conditions by unusual methods."

"In other words, the committee's aim is to search out the most feasible speed, consistent with soundness, the ways and means by which the nations of Europe can freely carry on full trade relations with the United States along business lines, lines economically sound, commercially desirable and mutually beneficial. These elements form the basis for relations which can be permanent and which will therefore be regarded as desirable either by the nations of Europe or the United States."

Looking for Remedy "It is hoped that the better understanding of the needs involved and of the resources available to meet these needs which are being discussed here will prove a forward step toward the adoption, through orderly and natural agencies in the business and financial communities of the United States, of sufficiently far-reaching to meet present difficulties and requirements. While it is a fact that the delegates to the conference are being invited to pledge their governments in any way, their recommendations are expected to carry great weight. The conference, it is said, has the sympathy of each nation represented, France, Italy and Belgium, as well as the United States, has in attendance an official "observer," who will report to his government, where such a course is desirable. It is expected necessary "enabling legislation" will be passed to put the recommendations of the conference into effect.

Exchange Vital Topic Stabilization of foreign exchange is, perhaps, the most vital topic up for consideration of the foreign delegates. "We must stabilize exchange or we won't have any foreign trade at all. Europe needs vast quantities of raw materials, sent in the form of finished goods, and the United States as the storehouse of the world, must extend credit to put Europe back upon an industrial, business basis. Two recommendations will be made at the conference, among others, for the stabilization of exchange, one of "international currency" and the other shall Stevens of England, one of the founders of the Manchester ship canal, and the other for a guarantee by American banks of foreign without industrial securities to encourage their purchase by American investors."

Foreign Resources "It is not generally known," said one delegate, "that the woolen industry of northern France, before the war, competed for prominence with the great silk industry in the south. European supplies of raw woolen machinery will be needed to reestablish the ruined or destroyed French textile mills. It is one of the big problems of the rehabilitation of France, Italy and Belgium is also pressing. Authorities say the world faces a coal shortage of 200,000,000 tons. England and

America will distribute wisely their available export supply. "Apropos of chemicals, there were only two countries before the war who manufactured chemicals for export, America and Germany. With the present chaotic state of exchange, French business men might be forced to swallow their objections to 'trading-wars' because of great commercial advantage. Another point is that before the war closed the United States was producing 5,000,000 tons of sulphuric acid for munitions. One of our problems is to ascertain how these big war chemical plants can be adapted to the arts of peace."

DEFENDS IRISH RECORD AS AMERICAN CITIZENS

Historiographer Takes Exception to Attack on Irish Exposed by the Mississippi Senator

WASHINGTON, (P)—The Irish national bureau here made public a letter from James J. O'Brien, historiographer of the American Irish historical society, New York, to Senator Williams, democrat, Mississippi, in which reply was made to the senator's attack on the Irish in the recent last week.

Referring to Senator Williams' statement that he had received "threatening letters," Mr. O'Brien said that if any Irishman were responsible for them, "they do not represent genuine Irish feeling," and suggested that the letters originated with enemies of Irish life in America.

Taking up the senator's assertion that the Irish had exaggerated the part they had played in the revolution, Mr. O'Brien said that he had counted on official documents in the government archives in London, photographic copies of which he had enclosed, to show that the British commanders in the revolutionary war were the Irish in America as their "most serious antagonists."

He also said he had "found abundant evidence to show that Irish patriots in the British army took every opportunity of 'deserting to the colors,'" and added that he had found that at least 25 per cent of the American army of liberty were of Irish birth or of Irish descent."

"Of one hundred surnames of an American Irish origin," he has counted on the rolls of the revolutionary army a total of 12,293," he wrote, adding that there were nearly 1,500 officers of American Irish origin in the army. "I think it is safe to say that the Irish in the ranks of the army of Ireland and sons of Irish immigrants."

CLEMENCEAU CHANGES HIS VIEWS ON CLERGY

Former Hostility to Priests and Any Other Religious Organizations Eviction

PARIS, (P)—Premier Clemenceau's former hostility to priests and any other religious organizations is well known but the old "tiger" has undergone an evolution in his idea concerning the clergy. M. Clemenceau's home in Rue Franklin is immediately adjacent to the building occupied by a religious community, the Fathers of St. Louis, who boasted a wonderful garden with a majestic plane tree, the huge leaves of which completely hid the windows of the premier's private office. Clemenceau sent a note to Father Tregard, intimating that the removal of this tree would be the greatest misfortune which did not reply; the plane tree still remains, and Clemenceau renewed his request. Finally the priest called upon the premier.

"Please do me the favor of having this tree removed," pleaded Clemenceau; "it obstructs my vision of heaven."

So pious a wish could not remain unanswered and the tree came down.

BURTON ADVISES JAPAN TO ESCHEW IMPERIALISM

Former Senator Tells Oriental Financiers Indications for Amity in International Relations

TOKYO, (P)—Former United States Senator Theodore E. Burton, of Ohio, told the Japanese financiers in a speech here recently by a language at a banquet to him at the Bankers' club, that what the United States most desired was that Japan should do everything possible to bring about amity among the nations and "avoid that spirit of imperialism which has so disturbed the world."

"What America asks of Japan is the Orient," he added, "is a fair field for competition in trade and no policy of aggression toward other countries. We recognize that no special control or special privileges shall exclude us from entry to the ports and to the trade of the Orient."

MONEY TROUBLES VEX ERZBERGER

Berlin Political News Agency Comes to Rescue with Explanation of Policy

BERLIN, (P)—Finance Minister Erzberger has been so assailed since, under fire, he withdrew his plan of calling in all paper money, stamping it, and issuing it again, that the Berlin political news agency comes to his rescue with its explanation of why the scheme was abandoned.

The plan, says the news agency, involved the surrender of about 40,000,000,000 marks' worth of notes of all denominations, and of course was aimed at turning out of their hiding places the sums that have been saved up and "put into the stocking."

The task of enforcing and conducting the surrender and the physical work of stamping such of several millions of billions of bills meant a great deal of work for which men were not obtainable.

More important perhaps was the further fact that for a quick redistribution of the money a large army of guards would be necessary to escort the new cash to every hamlet and small town in Germany. It would be impossible to send the money in any other way, and even under guard there was danger.

The agency cites the temptation which great masses of money being transported freely about Germany, even under guard, would be to the eyes of the Communists, not to speak of the average German with his greatly decreased morale since the war and the revolution.

The stamping of money, and securities therefore can be considered as done away with, says the agency.

BERNSTORFF RESUMING TESTIMONY UPON WAR

Former Ambassador to America Witnesses Before Body Probing Responsibility

BERLIN, (P)—Count Johann von Bernstorff, former German ambassador to the United States, resumed his testimony before the committee investigating the responsibility of German officials in causing the outbreak of the great war, resumes his testimony today.

Count von Bernstorff yesterday told of the efforts made by President Wilson in 1914 and 1915 to find a way to bring peace between the allied government. German peace tentatives, however, handicapped Mr. Wilson, in the opinion of the former ambassador, being construed by the Allies as evidence of weakness on the part of Germany.

It was Count von Bernstorff's impression that Mr. Wilson intended to propose a temporary peace which would not touch on territorial issues and would leave major problems connected with peace to a conference of the belligerents. In 1916, the witness said, President Wilson was in a position to propose "peace without victory" but he declined Mr. Wilson deferred action because of the sentiment against Germany in the United States at that time.

PAINTING IS DENIKINE PRESENT TO RED CROSS

"Russia Crucified," Russian Soldier-Artist's Theme, Makes Powerful Appeal

WHARKOV, Russian Russia, (P)—"Russia Crucified," a remarkable painting by a Russian soldier, has been presented to the Red Cross by General Denikine, commander-in-chief of the army of southern Russia, to the American Red Cross.

Artists who have seen the painting pronounce it a work of singular power and imagination as a representation of a female figure in peasant dress, nailed to a cross, while a circle of scarlet devils dance around her. Through a cloud which half obscures its features, here the face of Trotsky. General Denikine has expressed the wish that the picture may be reproduced as a poster in America.

CINCINNATI'S HOST TO ALBERT

Citizens Unite in Paying Homage to Visiting Monarchs of Belgians

CINCINNATI, O., (P)—Albert, king of the Belgians and Queen Elizabeth, two heroic figures of the great-world war, were honored guests of Cincinnati today, and all citizens young and old, united in paying homage to the royal visitors. School children, given a half holiday in honor of the occasion, lined the streets traversed by the royal party and greeted them with flowers and songs.

The distinguished visitors, on their arrival were greeted by Gov. James M. Cox, of Ohio, Mayor Galvin, Cincinnati, members of the reception committee and other state and city officials.

Following the ceremonies at the railway station, the king made a tour of several of the city's industrial plants and the queen visited the principal hospitals. After luncheon the king and queen went to Music hall, where a special symphony concert was given in their honor under the direction of Eugène Ysaye, a Belgian subject.

The special train carrying the royal party leaves Cincinnati for Pittsburgh at 9 o'clock tonight.

King Albert sent the following message to President Wilson last night: "It is with keen regret that I learn that because of your illness it will be impossible for you and Mrs. Wilson to receive the queen and myself during our visit to Washington. We fervently hope that you will soon be restored to full health and vigor. The queen joins me in sending you and Mrs. Wilson our sincerest regards and the assurance of faithful personal friendship."

POLISH REFUGEES WAIT FOR RETURN TO HOMES

Siberia Affords Haven for Many Subjects of New Warsaw Government

WRASAW, (P)—Poles who have just completed a pilgrimage of many months from the heart of Siberia to the British Isles, are being brought to American Red Cross headquarters in that city the news that at least 200,000 former war prisoners are waiting in Siberia for an opportune moment to return to Poland. Some placed the number at 500,000.

According to the newly-returned refugees who were themselves Austrian prisoners of war, western Siberia is full of homesick Poles of Polish nationality. The problem created in Poland by the returning prisoners and refugees is already acute, the government being forced to rely heavily on Red Cross help to feed and clothe them. Should the number of refugees still to return be in keeping with the estimate brought by the new arrivals it will mean an enormous additional burden for the government and Red Cross relief service.

SUPPLEMENT ON LIST OF GERMANS TO BE TRIED

PARIS, (P)—The name of Prince Rupprecht of Bavaria appears on the list of German officers whose surrender for trial for common law crimes in France and Belgium will be decided. It was stated by La Liberté Monday. The newspaper says the list includes about 600 names, each accompanied by a detailed account of the offenses charged, and the evidence on which they are based.

GERMAN BUSINESS OPPOSES EMPLOYEES' COUNCILS BILL

BERLIN, (P)—The Bourne Gazette states it has information that industrial interests and big business in general are planning a common campaign against the government's proposed measure legalizing employees' councils with administrative or advisory functions.

UNITED RUSSIAN STATES COSSACK CHIEF'S DREAM

American Red Cross Representatives Hear Expressions of Wish for American Pattern Rule

BRATSKINODAR, Russia, (P)—The presidents of the three Cossack states of Torek, Kuban, and the Don gave a dinner to Americans who were brought into the Caucasus three trainloads of 103 freight cars in all of American goods consigned to the Red Cross. Each of the three presidents referred to Russia's ambition to become a federation of states patterned after the American union. "The United States of Russia" was a favorite toast.

"The supplies are for the hospitals and supplies to the three Cossack states and for the volunteer army. The territory of the Cossacks, particularly the remote regions among the mountains have been shut off from the world market for the past three years by the Turks on one side and the Bolsheviks on the other."

Public amusements are provided in the Pleasure park and Schoonruin, where are given plays for children, croquet, Alpine dances, Tyrolean dances by Borchtsgadon peasants, acts from Iphigenia, and band concerts.

One writer says that all of this striving for amusement is only a mask for perplexity and inability to return to older and sadder life of evidence of helplessness and indifference.

GREY BRINGS HIS OWN TEA

LONDON, (P)—The day before Viscount Grey's departure from London on a route to the United States to assume his post as ambassador, a motor called at the British foreign office and collected three cases of special tea, which, it was reported, the ambassador was taking to Washington owing to the inability of obtaining in the United States, tea to suit his palate.

Study the ads that you may know merchandising values.

WAR PROFITEER CONTRIBUTES TO VIENNA GAIETY

Mad Striving for Amusement Characterizes Life in Austrian Capital; Mask for Perplexity is Idea

BERLIN, (P)—Vienna, ever a gay city, is now more superlatively gay than ever, owing to the ill and now are spending their ill-gotten gains writes a newspaper correspondent from the Austrian capital. Vienna, says one of these writers, is "trying to make its desolate people as happy as possible, morally degenerate." Describing the scenes in the dance halls and pavilions and gambling rooms, the writer says that nearly all the people demonstrate a desperate demand for youth and enjoyment, and adds that "this sickly whirl of enjoyment bordering on self-destruction" produces a frightful effect on the sober-minded people of the city.

Public amusements are provided in the Pleasure park and Schoonruin, where are given plays for children, croquet, Alpine dances, Tyrolean dances by Borchtsgadon peasants, acts from Iphigenia, and band concerts.

One writer says that all of this striving for amusement is only a mask for perplexity and inability to return to older and sadder life of evidence of helplessness and indifference.

# INDEPENDENCE DELAY AROUSES NO HOSTILITY

## Philippines Quietly Accept Statement of Governor General Predicting Restrictions in Liberating Act

MANILA, (AP)—Confirmation by Governor Harrison upon his arrival here a few days ago of his recommendations that in the event that independence is granted to the Philippines, restrictions such as were provided in the new constitution be made permanent, and embodied in the liberating act and resulting treaty, has, contrary to expectations, aroused practically no hostile comment among the Filipinos.

Native Press Remarkable The native press is remarkably silent on the attitude of the chief executive. The opposition paper, representing the "Partido Democrata," contents itself with pointing out that the attitude of the governor is undoubtedly approved by the Nationalist party leaders, and, after all, was to be expected. The Nationalist papers refrain from any comment whatsoever, favorable or otherwise.

Governor Harrison's statement upon his arrival here as carried by the local press is as follows: "The recommendation that early independence be given the Philippines under an arrangement similar to the 'Hague' arrangement for the Netherlands by me as governor-general of the islands and is also my personal recommendation. The recommendation is clear to congress—was not presented by me as representing the opinion of the Filipino people nor as representing that of my superiors.

In Hands of Congress "Naturally I am not in a position to come back with any promises as to a date for the granting of independence," continued the governor in reply to the queries of the press. "That is a matter which is entirely in the hands of congress. Congress has already promised the Philippines their independence, and it will have final voice in determining that independence is to be granted."

## USE OF COAP AND WATER AMERICAN PRESCRIPTION

### Draconic Measures Employed by Red Cross in Combating Typhus Epidemic in Serbia

BELGRADE, Serbia, (AP)—American physicians and Red Cross workers conquered the typhus epidemic in Serbia by using soap, scrubbing blankets, kerosene, disinfectants and delousing the chimneys, says Lieutenant Colonel Edgar Erskine Hume, of Frankfort, Ky., director of the American Red Cross here. "We went into the homes of patients and carried the patients out," said Colonel Hume. "At times they were reluctant to leave and we had a hard task overcoming their fatalism. Often we had to use force. We cleaned them, scrubbed them and literally turned the hose on them.

"Until an effective serum is found, the most potent agent in combating the disease is soap and water. Mix this with American energy and enthusiasm and you are combating a pest which checks, if not overcomes, any disease that has its origin in dirt."

## BRITISH ARMY TILLS SOIL

### Agricultural Committee Reports on Advantages Won by Military Sideline

LONDON, (AP)—The British army was doing something other than fight in the last year of the war, according to the army agricultural committee report made public today. It cultivated 6,658 acres of land in the country occupied by the home force alone, and made a profit of about \$50 a acre.

In France thousands of acres were cultivated by the soldiers and the vegetables worth no less than \$2,500,000 were produced.

By irrigation the army in Mesopotamia became self-supporting and vegetables were concerned and the grain crop was valued at \$15,000,000. The Saloniki army also was busy cultivating the soil back of its lines and in addition to harvesting crops worth some \$300,000 saved 52,000 tons of ships which would otherwise have been used to carry supplies to that far-off front.

## ZAPATA'S SUCCESSOR DEAD

MEXICO CITY (AP)—Genaro Amatezua, one of the several successors to be the successor of the bandit Zapata who was recently killed in the state of Morelos, is dead, according to reports reaching the capital. It is said he was killed in the village of Santa Maria, state of Morelos, conferring with some of his followers concerning "a new campaign" when disension arose and in the gun-play that followed Amatezua was killed.

## PACIFIC COAST HOCKEY IS ON ITS FEET AGAIN

### Vancouver, Victoria and Seattle Organize Compact Circuit

VANCOUVER, B. C., (AP)—Three clubs—Vancouver, Victoria and Seattle—will again make up the Pacific Coast Hockey association this coming winter. Frank Patrick, Vancouver, president of the association, announced here recently. The same three clubs last winter fought through a three month schedule for the coast championship, which was won by the Seattle Metropolitan. Seattle at present shares world championship honors with Montreal's Hockey league team, the series between Seattle and Montreal having been halted by influenza last spring when each team had two victories.

For new faces will be seen on the hockey circuit this winter, it is believed. Frank Patrick will continue to manage the Vancouver team; Lester Patrick, his brother, will handle the Victoria end and "Pete" Macdonald will pilot the Seattle champions once more. Most of the players of last season are expected to report this year.

Patrick recently invited rumors from Montreal that the world championship tourney would be played off in Seattle some time in December. There will be no world's championship tournament until the close of the next season, when the eastern and western championship teams meet on eastern ice.

## WELL, WELL, WHO IS HARRY?

### MEMPHIS, Tenn., (AP)—Pat Moore, Memphis bantam, who led the decision to Jimmy Wilde, flyweight champion, recently after defeating him in a previous bout, was the English champion, was not at stake tonight was given a decision in an eight round fight over Bernie Hahn, of Philadelphia.

## ECONOMY IS WATCHWORD OF PARLIAMENT SESSION

### British Lawmakers' Convention is Confronted with Many Problems

LONDON, (AP)—Economy is the watchword of the session of parliament which opens today. Efforts are to be made by members of the house of commons to throw into the discard the military programme outlined in the last budget, the new education scheme and the proposal to construct at cost thousands of homes for working men. Governmental military and financial commitments, the national policy regarding Russia, military occupation of Ireland, and the labor party's demand for the nationalization of mines and railways will be important matters to come before parliament this session.

## FORTUNES IN FUR COME OUT OF NORTH REGIONS

### Trading Schooners Brave the Unusual Heavy Arctic Ocean Ice to Bring Back Wealth of Trappers

NOME, Alaska, (AP)—Fortunes in furs were brought out of the far north this summer by the few trading schooners that braved the unusual heavy Arctic ocean ice and worked their way along the northern rim of the continent to Banks land and Herschel island and back again.

Over 2,500 furs were stored on Banks land alone awaiting the boats, according to reports brought here. For two years the ice has prevented boats from reaching the spot and as a result the trappers on the island have been piling up the most valuable and the greatest cargo ever brought around into the Bering sea.

## Brief Bits of Sport

Sim Smiley, agebrush sage, says: "In matrimony, just as in any other business, a chap often look afore he leap." But it wouldn't do no good anyhow.

Talk of transferring the Salt Lake coast league baseball franchise to again become a regular winter indoor sport—and a popular one, too.

With the advent of football and its attendant major accident list, all the old bugs of Christendom have experienced a revival of the appetite for gore, and are on the war trail.

For instance there's Joe Jenettio, Harry Wills, Sam Langford, Bill Brennan and others who broke from leath Monday night and went rampant.

If we no to believe what we are told and what our eyes behold the Bull grid warriors are in for a drubbing when the Bruins tackle them Friday.

From the pinnacle of his exalted pins in pugdog Jack Dempsey, with calm eye and a meter on his short up lip, looks pityingly down upon the barking throng at the skirts of his garments.

Hockey is getting started again in the northern countries, 'tis said.

The ice game is a regular sport and should be cultivated. We've seen lots of cracked heads, faces and legs, from playing hockey.

No matter how prosperous, successful or happy the whole world also may be, China is sure to get the worst of it.

Look out, now—a roughnecked grek from this strand has gone over there to introduce the "American form of wrestling."

We never before heard of the "American form of wrestling," but if it is the same style that we have been introduced to often before we are again it first, last and all the time, and we warn those poor Chinks to shun it as leprosy.

Beaside, ain't it had enough to have American baseball and American football hung onto one in a single year?

Before these catastrophic-the-Shantung episode, as a tragedy, pales into nebulous insignificance.

## RED CROSS LEAVES GIFT WORTH MUCH TO RUSSIANS

### Supplies Valued at Four and a Half Million Rubles Turned Over to Native Relief Organization

ARCHANGEL, (AP)—American Red Cross supplies valued at four and a half million rubles have been turned over to the Russian Red Cross for use and distribution in northern Russia. The goods consist principally of food, clothing, medical and hospital supplies. This stock was on hand at the time of the withdrawal of the American mission, following the departure of the American forces from the Archangel area. In making this gift, Major D. G. Lively, of San Francisco, Red Cross commissioner for North Russia, directed that the Russians follow the same regulations of distribution as observed by the Americans who spent one year in this district.

## AMERICAN ATHLETICS FIND HOME IN CHINA

### Baseball and Football Said to Be Well Received in Peking College

SAN FRANCISCO, (AP)—American football and baseball have been successfully introduced at Tsing Hua College, Peking, China, according to Miss S. Lowe, registrar of the college, who was here recently on route to China after a tour of the United States. Eight years ago Lowe left for China after having graduated from the University of California, where he was known as an all-around athlete.

After his arrival in China he obtained the services of an American coach and physical director, D. K. Daney, a Red College graduate, to coach the various teams then organized in a tentative way, in baseball, American football, soccer, tennis, track and swimming. American football and Yankee baseball are among the most popular sports in Tsing Hua college. A golf course is soon to be laid out near the college.

## HOPPE OUT-CLASSES JAPANESE CHAMPION

### Yamada No Match for American Balkline Title Holder in Match

NEW YORK, (AP)—Willie Hoppe, national bulk line billiard champion, defeated Keiji Yamada, the Japanese expert in last night's game of the national championship tournament by a score of 400 to 120.

Yamada did not play with his usual dexterity while Hoppe gave a brilliant exhibition of eye work and ran out his quota of 400 in the eighth inning with an average of fifty. His three highest runs were 134, 115, and 72. This is the best average made so far in the tournament.

Yamada's average was 10 1-2, and his best runs were 40, 21 and 21.

The schedule for today will bring the players together in the following order:

Blossen vs. Morningstar; Sutton vs. Cochran; Schaefer vs. Yamada, and Hoppe vs. Sutton.

Success is simply the care of details IMPERIALES CIGARETTES

are successful because every detail of their fragrant blend is given strictest attention. Smoke them.

## LITTLE SILK SHOW ON EASTERN MARKET

### Jobbers Said to Be Biggest Buyers at Present—Mills Limit Orders

Jobbers during the week were the heaviest operators in the eastern silk market, according to word reaching here. Large retailers are buying as freely as circumstances permit, but the small retailer is conservative and refuses to buy beyond his immediate needs. Careful investigation seems to prove that the bulk of the buying in this market at present is not consumer buying, but comes from the jobbers.

Prices in of no consequence. Buyers will pay whatever may be asked and take all that a manufacturer can supply. One moderate sized firm reported sales aggregating \$120,000 worth of silks. Another firm said that if it took \$100,000 worth of orders in one day and could have added \$20,000 to that if it had received any assurance that the goods could be made.

Nearly all mills are sold up to the beginning of the year and they are hanging their business up a bit. But they are steadily refusing to take orders for anything beyond the first of January. They say that conditions are too uncertain and that it isn't safe to undertake anything of that sort at present.

Meanwhile buyers come to market expecting to find fabrics which they buy and virtually take home with them. Their early sales have so far exceeded anything they expected that they are now without sufficient stock to keep them going.

The conditions are intensified as time goes on and mills are forced to withdraw lines or limit their sales. Some are giving buyers 50 per cent of what they want. Others are taking no more orders on certain lines. They say it is useless and refuse to accept orders no matter how much the buyer may insist.

## JAPANESE STATESMAN DIES

### Death Removes Field Marshal Count Toki Toruichi, Former Premier

TOKIO, (AP)—Field Marshal Count Toki Toruichi, former premier of Japan, died here today. The foreign policy of the ministry had been under attack for some time and in the summer of 1918 the rice riots brought to the front the charge that the government was responsible in that it failed to have suitable economic legislation enacted. The Toruichi cabinet was succeeded by the present ministry with Takahashi Hara as premier.

Only property which is undesirable or too high priced should ever be tentatively sold. Tenants are found through classified advertising for GOOD HOUSES OR APARTMENTS, rightly priced.

## NEGLECTED COLDS ARE DANGEROUS!

### Dr. King's New Discovery soon breaks a cold and checks a cough

COLDS—fever—sneezes—and then a hard cold develops. Take a little Dr. King's New Discovery when the sniffles start. It will soon check the cold, the cough-provoking throat-irritation. Used everywhere by people who know why it has been on the market for half a century. Relieves cold, cough, croup, whooping cough, influenza after-effects. All druggists—60c and \$1.20 a bottle. Give it a trial.

## Bowels Behind Schedule?

Living active? Bring them to time with Dr. King's New Life Pills. Gentle but sure-acting system cleansers that are friendly in action and pleasing in results. Buy \$2c a bottle at all drug stores.

# A Service to the Nation

Saving is no longer only a personal or family matter—it is a service to the nation.

The war has shown everyone that there is only so much wheat, meat or wool in the world and that by wasting these things someone is obliged to go without them.

It is the same with all material resources. Every dollar deposited in this bank goes to build up business and prosperity for all.

Today's Markets

Grain and Provisions  
CHICAGO, (AP)—Wheat in the  
price of hogs had a further depressing  
effect today on the corn market. The  
fact that contrary to expectation the  
longshoremen's strike was still un-  
settled tended also to discourage buyers.  
In the absence of any positive new  
bullish developments, no decided pow-  
er to rally was shown. Opening quo-  
tations, which ranged from the same  
as yesterday's, finished 1/2 to 1/4 lower,  
with December \$1.23 to 1.23 1/2 and  
May \$1.21 1/4 to 1.21 1/2, were follow-  
ed by a general sag all around.  
Profit-taking by some of the most  
active recent sellers of corn led after-  
ward to a general upturn, which was  
facilitated by the lightness of country  
offerings and by evidence that no dis-  
trust existed on the part of holders  
had taken place. The market closed  
firm, at the same as yesterday's finish  
to 1 1/4 higher.  
Oats, like corn, lacked support. Af-  
ter opening \$1 to 1 1/2 lower, includ-  
ing December at 70 1/2 to 70 5/8, the  
market underwent some additional set-  
back.  
Provisions were weak with hogs and  
grain. Lard led the decline.  
Part of the losses were overcome in  
the later trading when corn turned up  
grade.

Cash Quotations  
CHICAGO, (AP)—Corn No. 2 mixed  
\$1.37; No. 2 yellow \$1.37 to 1.38.

# CALLS WATSON CHARGES PART OF PACKER WAR

## Federal Trade Commission Imputes Purpose of Subverting Justice to Allegations of Harboring Radicals

WASHINGTON, (AP)—The federal trade commission in a formal decision today, asserted that the charges made against the commission by Senator Watson, republican, Indiana, and Senator Sherman, republican, Illinois, were "part and parcel of the packers' war of the Chicago meat packers against the department of justice and the federal trade commission with the purpose of subverting justice."

**Questions Good Faith**  
The commission said the good faith of Senator Watson's charges was open to question when it was remembered that the senator was a "lobbyist" in 1909 and it charged that the packers were "relations with the Chicago packers" were shown by certain correspondence which the commission had taken from the files of Wilson and Sherman. Declaring that the commission and its employees had long been subject to an attack "that the public has never known about the commission's statements and that while it was investigating the meat packers the government's representatives were trailed by detectives and that the commission's offices were entered surreptitiously."

**Challenges Profound**  
Declaring that the charges of both Senators Watson and Sherman had been made in detail, the commission declared it "challenges the proof, and with the proof their source and the means by which they were formulated."

## WILSON SIGNS SEVERAL BILLS LATELY PASSED

### President Has One of Best Nights Since Illness Began, Physicians Say

WASHINGTON, (AP)—President Wilson today signed several bills recently passed by congress, Secretary Tumulty announced. The measures include the amendments to the food control bill designed to prevent hoarding of and profiteering in food and clothing. The prohibition enforcement bill will be before the department of justice for a decision as to its constitutionality. The president's physicians reported today that Mr. Wilson last night had one of the best nights he has had since his illness began. His temperature, pulse and respirations continue normal. His digestion is more satisfactory.

## Deaths

Mrs. Mary Anderson, 73, deceased of age, wife of R. W. Anderson, living on a farm east of a half mile from Twin Falls, died early this morning at the farm home. Funeral arrangements have not been completed, but services will be held at the home, but in Twin Falls cemetery, with J. E. De Witt, undertaker, in charge. Decedent is survived by her husband, R. W. Anderson, three daughters and one son, as well as five grandchildren. The daughters are Mrs. J. H. Ritchey, Mrs. M. V. Ritchey, both of Twin Falls, and Mrs. R. W. Mort of Hollister. The son is H. O. Anderson, of Twin Falls.

## FRENCH RELIEF WORKERS ADOPT DEVASTATED TOWN

LONDON, (AP)—Five hundred small towns and villages in the devastated region of France have been "adopted" by the British committee of the French Red Cross society. The inhabitants of each of these hamlets are being assisted in their struggle to rebuild themselves in their former homes. In many instances they are living in the cellars of their ruined houses. Other returned refugees have to be content with living under sheets of corrugated iron leaned against a bit of broken wall.

## Belgian Cars Found on Left Rhine Bank

BRUSSELS, (AP)—Marshall Foch has informed the Belgian government by telegram that 40,000 Belgian freight cars have been found on the left bank of the Rhine.

## Personals

## DOCK WORKERS REMAIN IDLE

### Prediction of Break in Longshoremen's Strike is Not Fulfilled

NEW YORK, (AP)—Not a longshoreman went to work on the Chelsea pier this morning. It was the word of the Chelsea longshoremen that officials based their prediction of a break in the strike here.

T. V. Connor, president of the International Longshoremen's association to whom the promise to return to work had been made, expressed surprise when informed of the failure of the Chelsea longshoremen to resume work on time. He said that failure of the riggers' local to resume their employment probably was the reason for the longshoremen's inactivity.

## FRANCE FIXES DATE FOR RATIFICATION OF PACT

### Consummation to Be Coincided with Call for Meeting of League

PARIS, (AP)—Formal ratification of the German peace treaty first will be issued that day for the first meeting of the council of the league of nations, to take place within ten days. The French foreign office explains that the delay, which has previously been stated, was due entirely to the great amount of preliminary work before the convention could be put into effect, such as the creation of commissions and the preparations by the military missions for the tasks provided them in the terms of the treaty.

## YUDENITCH AT HALT IN DRIVE ON PETROGRAD

(Continued from page one)  
of Moscow has been recaptured from General Denikin's Cossacks. Bolshevik boats sunk. Two Bolshevik torpedoes and destroyers were sunk in Kaporin bay, Gulf of Finland, when they attempted to attack Estonian vessels and British destroyers on Tuesday, the admiralty announced today. Six survivors from the Bolshevik vessels were picked up. The British and Estonians sustained no casualties.

## GERMAN ARTILLERY AT RIGA FIRES ON BRITISH

COPENHAGEN, (AP)—German artillery at Riga fired on British warships at the mouth of the harbor on Sunday, according to a report of the Lettish general staff, and on Monday the British ships returned to the city, shelling German positions near the city. Riga is being bombarded by heavy German artillery, which is using gas shells. Great damage has been done in the city and many civilians have been killed or wounded.

## OFFICES OF AMERICAN RELIEF WORKERS ARE DESTROYED

LONDON, (AP)—The offices at Riga of the American relief administration European children's fund, were destroyed by a high explosive shell Monday, according to a dispatch to the headquarters of the organization here. None of the three officers engaged in the relief work was hurt and the feeding of the children is to proceed as before.

## Classified

(Too late for classification.)  
FOR SALE—Jersey cow, fresh soon. Inquire 234 Addison avenue east.

## THE KITCHEN CABINET

I love the smell of apples when they're gettin' streaky red. And I love the smell that trickles from an old-time post of vinegar. The earthy spice of new plowed fields is an almost sublime. But the smell of picklin' time.

## PICKLING TIME

Don't fail to put up a small jar of the good old watermelon pickles, there is nothing quite like them, if you care for that kind of pickles.

**Watermelon Pickles**—Peel the rind and cut in one and one-half inch slices; let stand over night in salt water. Make a sirup of four pounds of sugar, two tablespoonfuls of ground cinnamon, one teaspoonful of ground cloves and two quarts of vinegar. Tie the spices in a bag. Pour the hot sirup over the drained melon rind; let stand 24 hours. Reheat the sirup four mornings, then cover for winter use.

**Tomatoes Canned**—Take one gallon of water, one cupful of salt, and bring to the boiling point, then drop in whole tomatoes, previously washed, and cook until well scalded through—Pince in cans, using a skimmer to drain off the brine. The juice of the tomatoes will make liquid enough to cover them, and the brine may be used for any number of tomatoes.

**Nut Conserve**—Take two pints of green and two pounds of sugar, four oranges sliced thin, the juice and grated rind of a lemon, one and one-third pounds of chopped raisins, two-thirds of a pound of chopped walnuts, one-fourth of a pound of chopped filberts. Dissolve the sugar in the juice, add the other ingredients and simmer for one hour, or until a thick marmalade is formed.

**Pickled Onions**—Select small silver-skinned onions; put them in a brine, after peeling carefully. Let stand three days in a brine that will float an egg. Drain and place in a jar, first a layer of onions three inches deep, then a layer of horseradish, a sprinkling of cinnamon, cloves and cayenne or pepper, chopped red pepper; repeat until the jar is full. Cover with vinegar, brought to the boiling point; add one cupful of brown sugar to a quart of the vinegar. Pour hot over the onions, and seal.

## Social Notes

The Twentieth Century club met yesterday afternoon in the parlors of the Odd Fellows' hall. Mrs. W. F. Edwards had the program in charge, which consisted of a domestic science demonstration by Mrs. Ambrose, of salads, puddings, etc., which were enjoyed by those in attendance. Miss Rosetta McGrail, public health nurse gave a very interesting talk. Miss Edna Ludwig also gave a short address on the subject of the blind. Miss Gray played two beautiful piano duets. A goodly number attended and the afternoon was a very enjoyable and inspiring one.

Women's organizations of the First Methodist Church were guests of Mrs. C. D. Wenzel last evening. A party was given in honor of Mrs. E. A. Baker, who is soon to leave Twin Falls for New Orleans, where she will reside. The Halloween spirit prevailed in the entire program, and was carried out by the service at the punch bowl. Guests passed down dimly lighted corridors to the refreshment hall where "spooks" served them. The guest of honor is the pioneer of the Twin Falls district, and holds the office of president of the Twentieth Century club.

The Foreign Missionary society of the First Methodist church announced a meeting for tomorrow afternoon at the home of Mrs. G. E. Duke, 443 Second avenue north. An address on "The Crusade of Compassion," will be given.

The Women's Catholic League held their regular meeting for the month of the parish at the home of Mrs. Susan Macarely last evening. There was a large crowd in attendance and a nice sum of money was raised for the church.

## Court Order Protects German Opera Product

NEW YORK, (AP)—Supreme Court Justice Nathan Bijur today granted a temporary injunction restraining the police and city authorities from interfering with the production of the German opera at the Lexington theatre. A hearing on the granting of a permanent injunction will be given tomorrow. Attorneys for the producers announced that performance would be given tonight. The police prepared for trouble in view of the rioting that marked the opening performance Monday night. No further violence if further performances were given.

## Local Brevities

**Back From Coast**—H. F. Allen left Tuesday evening for a business trip to California.

**Baby Arrives**—Mr. and Mrs. William M. Organ are the parents of a daughter, born October 20. Mr. Organ is day clerk at the Hotel Borgerson.

**Licensed to Wed**—Marriage licenses were issued yesterday to James O. Eason and Elizabeth N. Russell, of Twin Falls, and to Vincent L. Hull and Louise Kemper of Buhl.

**Alleged Wife Left Him**—Frank D. Garrison has instituted an action in the district court asking divorce from Myrtle Garrison. The chief allegation in the bill of particulars is desertion.

**To Return to New York**—Mr. and Mrs. D. C. Newton and little son, of Getzville, New York, who have been guests for the last month at the home of Mrs. Newton's mother, Mrs. J. W. C. Deake, are leaving tomorrow morning for home.

**Attending Court at Shoshone**—Judge R. A. Walters left today for Shoshone to attend district court now in session in Lincoln county for the purpose of representing the Amalgamated Sugar company in certain litigation pending in that court.

**Supreme Chancellor Due Today**—J. N. Nankervis, supreme chancellor of the Knights of Pythias, is due to reach Twin Falls today for a short call. He will attend lodge in Buhl tonight and will return to Twin Falls Friday for an official visit to the local Pythian lodge.

**Fire at Sugar Mill**—Fire which has smouldered several days in the coal dumps at the Amalgamated Sugar company's plant here, was extinguished yesterday. The smoking piles were lifted into steel cars by the company's big hoisting crane and then fed into furnaces by the automatic stokers.

**Confers with Legal Council**—R. E. Shepard, general manager of the Twin Falls North Side Land & Water Co. and Hayden S. Cole, a banker of St. Paul, Minnesota, and interested in the financial affairs of the land company, were in the city yesterday in consultation with Judge E. A. Walters, general counsel for the North Side company.

**City Named in Suits**—W. J. Wood, E. A. Moon, G. W. Wood and George W. Dow have filed actions in the district court naming C. Higgins, county treasurer; E. C. Warren, county treasurer; George Wilcox, county assessor and the city of Twin Falls, defendants. The action is to prevent making assessments against property for pavement improvements claimed to have been irregularly ordered by the city.

**SHEPPARD & CO.** has good farm land for from \$100 to \$175 per acre. They are ready to show it to you at any time. Call at their office at Idaho Falls. —

City loans that cost you less and get you out of debt, on completed properties and to assist in building.  
ARTHUR L. SWIM.

## LABOR'S DELEGATES AT INDUSTRIAL CONFERENCE CALL FOR WILSON NOTE

(Continued from Page One.)  
and the labor group remain in the conference.  
Agree to Return  
All members of the labor group will return to the conference at 2:40 p. m. today. The conference announced after the private conference of the labor delegation. Other members of the group

had decided as a whole to remain in the conference.  
The president's message follows:  
To the ladies and gentlemen of the industrial conference:  
I am advised by your chairman that you have come to a situation which appears to threaten the life of your conference, and because of that I am presuming to address a word of very solemn appeal to you as Americans. It is not for me to assess the blame for the present condition. I do not speak in a spirit of criticism of any individual or of any group. But having called this conference, I feel that my temporary indisposition should not bar the way to a frank expression of the seriousness of the position in which this country will be placed should you adjourn without having convinced the American people that you had exhausted your resourcefulness and your patience in an effort to come to some common agreement.

**An Intolerable Outlook**  
At a time when the nations of the world are endeavoring to find a way of avoiding international war are we to confound that there is no method to be found for carrying on industry except in the spirit and with the very method of war? Must suspicion and hatred become a part of our daily life? Must our industrial leaders and our industrial workers lie together without faith in each other, constantly struggling for advantage over each other, doing naught but what is compelled?  
My friends, this would be an intolerable outlook, a prospect unworthy of the large things done by this people in the mastering of this continent—indeed, it would be an invitation to national disaster. From such a possibility my mind turns away, for my confidence is abiding that in this land we have learned how to accept the general judgment upon matters that affect the public weal. And this is the

very heart and soul of democracy. Should Seek Co-operation  
It is my understanding that you have divided upon one portion only of a possible large program which has not fully been developed. Before a severance is effected, based upon present differences, I believe you should stand together for the development of the full program touching the many questions within the broad scope of your investigations. It was in my mind when this conference was called that you would concern yourselves with the discovery of those methods by which a measurable co-operation within industry may have been secured and if new machinery needs to be designed by which a minimum of conflict between employers and employes may reasonably be hoped for, that we should make an effort to secure its adoption. It cannot be expected that at every step all parties will agree upon each proposition or method suggested. It is to be expected, however, that as a whole, a plan or program can be agreed upon which will advance further the productive capacity of America through the establishment of a surer and hearty co-operation between all the elements engaged in industry. The public expects not fear that you shall have that one end in view and stay together until the way is found leading to that end or until it is revealed that the men who work and the men who manage American industry are so set upon divergent paths that all effort at co-operation is doomed to failure.

I renew my appeal with full apprehension of the almost incomparable importance of your tasks to this and to other peoples, and with full faith in the high patriotism and good faith of each other that you push your task to a happy conclusion.  
(SIGNED).  
WOODROW WILSON.

# SACRIFICE SALE

Beginning Next Thursday 9:00 A. M. and Continuing to November 1st

Our Entire Stock of High Class Millinery will be on Sale at Less than Cost.

## WE MUST HAVE MONEY

DO NOT wait for another sale. This will positively be the last one that we will put on this season.

The largest stock of HIGH CLASS millinery ever offered at sacrifice sale in Twin Falls.

# ELITE MILLINERY COMPANY

### GOOD SEED POTATOES MEAN GREATER SUPPLY

#### U. S. Production of Spuds Low Due to Carelessness in Choice

The average production per acre of potatoes in the United States is very much lower than in Canada, Great Britain, and European countries outside of Italy.

One of the reasons for the lower production in the United States is that less attention has been given to the character of the seed. Good seed is one of the determining factors in the production of maximum crops of potatoes.

The use of high-grade seed would insure the growing of a greater and better crop of the country by many millions of dollars.

The production of high-grade seed should be regarded as a special business.

Good strains of seed may be obtained by the tuber-unit, hill, or mass-selection methods through the process of roguing out the diseased and weak hills.

Only seed from productive plants should be used.

Careful attention should be given to securing seed that is free from varietal mixture and that is true to type.

Good seed can not be produced unless the growing plants are given good cultural attention.

As a rule the quantity of seed used is not sufficient to produce a maximum crop.

From 15 to 18 bushels of seed should be used per acre instead of 9 to 11, as at the present time.

All seed stock should be disinfected before planting.

Good storage conditions are essential to insure sound, firm seed at planting time.

### BERGER

BERGER—Joe Farley was taken to Twin Falls hospital Saturday for a surgical operation.

Mrs. Edna Abramson, who has been visiting relatives and friends here at Twin Falls for several weeks, has returned to California.

Mr. and Mrs. Charles Abramson and family started Friday for their home in Lake View, Oregon, they will make the trip by automobile.

C. Humphrey has moved onto the Star place which he bought a year ago. Mr. Johnson who has been working the place the past year has moved to Buhl, but will be back in a few days.

The Rev. W. W. Neal of Nampa preached in the school house here on Sunday.

### SCHMIDT "ACCEPTS" POSITION

JOPLIN, MO., (AP)—Charlie Schmidt, until a few weeks ago manager of the western league season, manager of the Sioux City club and who finished the season with Tulsa as a catcher, will manage the league team next year, it was announced today by N. Rosenberg, president of the Joplin baseball club.

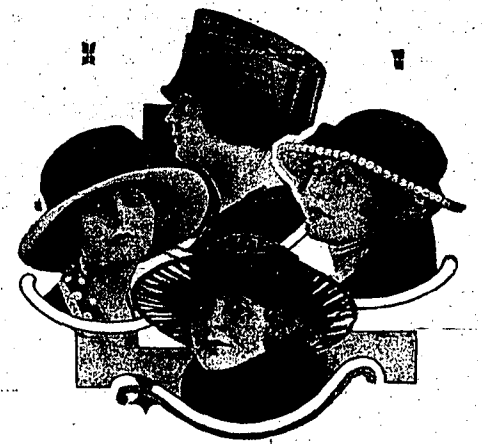

### IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood. As they become sort of paralyzed and loggy, when your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, by taking all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The uric acid, full of sediment, chances often get sore, water acids and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to cleanse and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

### For Those in Mourning

There is considerable difference of opinion among people as to the propriety of wearing mourning apparel. It is a difference that cannot be settled one way or the other so long as mourning does not signify to some people what it does to others. The wearing of black in mourning is not a matter of fashion, but an expression of sentiment, and therefore each person is privileged to decide for himself whether it is fitting and appropriate or not.

Mourning hats must always be conservative in size and in style, avoiding all extremes. The square top hat, exact and painstaking workmanship and are made of distinctive materials. For first mourning crepe, in black or white, is used, and since it is not used for any other kind of apparel it has become the insignia of mourning. It appears in combination with other styles of mourning in garments and in millinery, and is shown here in three of the four hats pictured. One of these has a medium wide drooping brim and soft, draped crown of black crepe, with brim facing of white crepe. There is a small embroidered flower motif set on the front of the crown as a trimming.

A combination of crepe and dull finished silk appears in a toque with flexible top—crown of crepe and the sides of the shape covered with bias folds of the silk. A flat, symmetrical bow of ribbon makes a trimming in keeping with the crepe, and the folds and perfectly fitted brim facing.

### THE NEW MAN

(Copyright, 1919 by the Western Newspaper Union)

The manager of the office of Bowdoin and company, manufacturers of coo-perage supplies, had his eye upon a new entry clerk who had been with the house for barely a week. It was in a favorable way too, and so he expressed himself to the senior member of the firm.

"I like the new man, Mr. Bowdoin," he remarked. "He seemed down and out so far as clothes and business courage were concerned when he applied, but I liked his looks and he has not belied my first impression; our business reports here on the tap of the bell morning."

"And you want?" queried Mr. Bowdoin with a smile, fully familiar with the sympathetic ways of his manager. "A little better than he is getting. He deserves it, and he needs it, I fancy."

"Fix him up right, then," directed the head of the house.

Only that day the observant manager had noticed that the new man, crowded into limited space, was not only cramped and uncomfortable, but was being annoyed by another clerk who had turned up his nose at Barton the first day the breadthearer suited young man came to work. The unfriendly fellow, too, seemed to take a delight in hunching his chair back against that of his neighbor. The manager had spoken to Barton.

"You've got a good deal of patience," he commended, "but there is a striking point that you don't have to endure. If you don't mind working in the little gallery above, I think you will have more congenial quarters."

And this was how Lester Barton came to know Nellie Ward. The two of them had a space all to themselves, and as Nellie, too, had noticed the poor appearance of the new clerk and had a kind and gentle heart, the object of her interest was manifestly grateful for her companion, and they soon graduated from mere casual companions into real friends.

Nellie was poor as herself and had a widowed mother to support, but she was a clever little household manager. She noticed that Barton never went out to lunch at noon, and on the third day of their acquaintanceship at the noon hour, as she put on her hat and looped her handbag over her arm, she remarked, as if carelessly:

"You should get some fresh air and sunshine, Mr. Barton. If you don't mind a short walk I can show you a most delightful breathing spot."

Barton glanced at his rather shabby attire and then the sincere heartiness of Nellie distracted his companions.

### ABUNDANCE OF SNOW IN BEAR LAKE HILLS

#### Outlook for Full Reservoirs is Promising, Reclamation Expert Says

BOISE (Special)—There is every prospect now that Bear river and Bear lake, in southeastern Idaho, will during the winter recoup to the fullest extent the loss of water sustained during the drought of 1918. This is the word brought by Warren G. Swendsen, state commissioner of reclamation, who has just returned to Boise from a visit to the section mentioned. Mr. Swendsen says there is already two and a half feet of snow in the hills which feed the river and lake.

The Wasatch range, however, has been covered with a snow blanket that gives every indication of holding the moisture in the hills indefinitely. Commissioner Swendsen Monday forecasted a heavy winter in that country, whiz.

### HOLLISTER

HOLLISTER—W. L. Sbonsa has gone to Devils Lake, North Dakota to spend the winter, and possibly to make his home.

Mrs. Ray Weaver has returned to her home in Buhl, after a week's visit with Mrs. R. E. Weaver.

F. P. Bates and family have gone to Long Beach, Cal., by auto. Mr. Bates' parents accompanied them.

L. Bevington, E. Hazard, Frank Dudley, L. J. Townsend and Frank Craven are out on hunting trips for big game this week.

Mrs. Lamm and children have gone to western Missouri for an extended visit with Mrs. Lamm's mother.

Hollister had its first snowstorm of the season Saturday morning, getting an inch of snow.

Sapphires and Diamonds. The sapphire is probably not as valuable as the diamond, roughly speaking, although comparison is difficult, owing to taste in color, and to the differing values as size increases. For instance, the price of a diamond rises in proportion to the square of its weight, a two-carat stone bringing four times as much as one of one carat. (Let me add that 15 1/2 carats equal one ounce Troy weight.)

The Better Maxim, "Look on your best friends with the thought that they may one day become your worst enemies," was an ancient maxim of worldly prudence. It is for us to reverse this maxim and rather say, "Look on your worst enemies with the thought that they may one day become your best friends."—Dean Stanley.

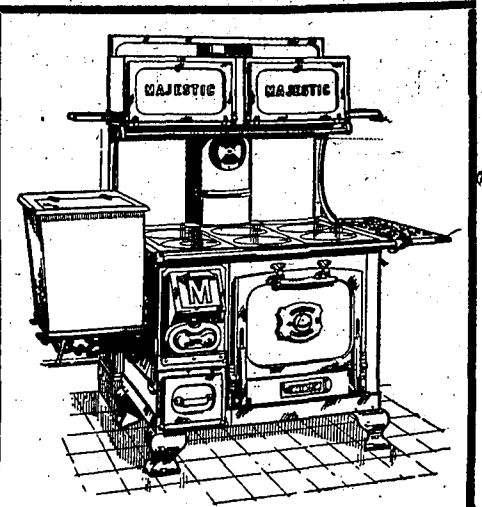

Daily Thought. Obedience is the key to every door.—George MacDonald.

FRIENDLY COMPETITION IMPROVES MILK SUPPLY

Government's Rivalry System Said to Be Bringing Better Results

Friendly rivalry among milk producers and dealers is an important feature in the improvement of the milk supplies of cities, says the United

State department of agriculture in department circular 53, "Milk and Cream Contests." The two kinds of contests—the one in which the dairymen prepare their own samples of milk or cream as of the bureau of animal industry, and the other in which the samples are collected on the street without previous notification to the producers—are discussed in detail.

### SPECIAL DEMONSTRATION AND SALE OF THE MAJESTIC RANGE

CONTINUES TO OCTOBER 25

If you haven't a MAJESTIC here's your chance to get acquainted with real facts about this range. We assure you it will be worth your while to investigate.

Doed Air and Disease.
Dr. Leonard Hill, whose experiments a few years ago proved to the world that it is not pure air but still, humid, dead air that induces disease, delivered recently a lecture on infant mortality before the Royal Society of Arts.

Desert's Great Charm.
One great and impelling charm of the desert is its magnificent distance. A mile, or a score of miles, is nothing on the desert. Space, in all its vastness, seems almost limitless there.

A Slip of the Tongue.
I'm quite sure the most embarrassing moment of my life was when I met my friend Jim, whose very rich father had just died. Intending to extend to him an expression of my sympathy, by some hapless linguistic I said to him: "Jim, I've just heard of your father's death, and I want to extend to you my sincere congratulations."

Movement of Sun and Moon.
Both sun and moon move about the earth from east to west. In reality the sun is fixed. The moon revolves from east to west around the earth as its satellite, and both earth and moon move in company around the sun which is fixed, though the motion of the earth about it makes the sun appear to move about the earth from east to west.

Chewing Gum.
The principal ingredient of chewing gum is the natural gum produced by the butt-tree, mastic or sapodillo, native of South and Central America.

TAI SHAN A SACRED PLACE
Chinese Mountain Said to Be the Oldest Permanent Place of Worship on Earth.

There are five sacred mountains in China, and the most sacred of all is Tai Shan. It is said to be the oldest permanent place of worship in the world. In 2000 B. C. Tai Shan's crest had been a regular scene of sacrifices and prayers for nobody knew how long. Emperors and lesser officials, even Confucius the Wise, journeyed up the long, narrow trail of Tai Shan to the summit of Heaven and Earth and made their prayers before Him.

Since those days of simple worship, many temples and shrines have been built on Tai Shan's slopes. Buddhism, Taoism, Confucianism, all are represented; and there are temples, too, to the Lady of the Mountain, who is called by some a fairy, by others a goddess, and by others the spirit or soul of the mountain. Whatever her character, the lady is well revered on her mountain top and her shrine is popular.

The journey up the mountainside is accomplished by the traveler partly in a swinging chair supported by Chinese bearers and partly on foot. The "Way" consists of a granite walk, interrupted every little while by flights of steps which stretch on and on and become exchanging a steep precipice. From this rock, called "The Rock of the Love of Life," persons who had sick relatives to ailing themselves, hoping that the sacrifice of one life would appease the gods so that the other would be spared. Now the dangerous cliff is harrowed and pilgrims are forced to appeal to the gods in the conventional Chinese methods.

Will Be Wonderful Road
Highway of Solid Granite in the Rocky Mountains a Rival of the Appian Way.

Taking example from the famous Appian way, which has the name of being the first great road undertaken by the Romans as a public work, the state of Colorado, with the help of an appropriation by the United States government, is building a highway of solid granite in the Rocky mountains.

Payments upon said contract will be made as follows: 50 per cent of the City Engineer's estimate of the amount due under said contract during each calendar month will be paid on the first Tuesday after the first Monday of the following month and so on, each month, the 10 per cent earned each month will be retained until the completion of the contract and the acceptance of the work by the City Engineer. Said conduit will be enclosed and the material used in its construction.

Quite Comfortable, Thank You.
A comfortable widow is Mrs. Amanda Jackson-colored. She is drawing checks \$57.00 pensions, or \$172.50 a month, for the loss of three husbands during the war, and will draw that amount for 20 years. Mrs. Jones' husband died of spinal meningitis soon after entering the service and taking out \$10,000 insurance policy. The widow married one Smith. He took a maximum life insurance policy in her favor and was killed in action. Then Mrs. Jones-Smith married Private Jackson, a returned soldier, who also named her in a \$10,000 policy. Influenza made her a widow a third time in less than two years. The war risk bureau declines to make known her address, doubtless fearing that she would be inundated with offers of marriage.

NOTICE TO CONTRACTORS

Notice is hereby given that the Mayor and Council of the City of Twin Falls, Idaho, will receive and consider sealed bids for the construction of the Canal of the Twin Falls Canal Company in 8th Avenue East and 8th Avenue North in the City of Twin Falls, Idaho, from Blue Lakes Avenue on the South to Addison Avenue on the Northwest.

The date as to the exact location of the said work and the plans and specifications of said conduit can be ascertained from the City Engineer of the said City of Twin Falls, at his office in the Water Works Building at the corner of Second Avenue North and Second Street North in the said City. Copies of said conduit can be obtained from said engineer by application therefor and the deposit of the sum of ten dollars, which sum will be returned upon the return of the said plans and specifications.

The person, firm or corporation securing the contract for the doing said work and furnishing the said material will be required to commence the performance of the terms and conditions of the said contract by him or it to be performed at once upon entering into said contract, and must pursue the performance of the terms and conditions of said contract by him or it to be performed with dispatch and diligence until completion.

Each bid and proposal must be accompanied by a certified check upon some reliable bank, payable to the City of Twin Falls, or order, in an amount equal to ten per cent of the amount of the bid, and the successful bidder does not enter into a contract with the City of Twin Falls for the performance of the said work and the furnishing of the said material the said check will be retained by the City and the said bidder shall forfeit the same to the City. The checks of the unsuccessful bidders will be returned to them at the time of the rejection of their bids and proposals.

The person, firm or corporation obtaining the contract for constructing the said conduit will be required to furnish the City with a good and sufficient bond, in the sum of ten thousand dollars, in an amount equal to sixty per cent of the amount of the contract price, conditioned for the faithful performance of all the terms and conditions of the contract by him or it to be performed and conditioned further for the faithful performance of the terms and provisions of the statutes of the State of Idaho, in such case made and provided.

Payments upon said contract will be made as follows: 50 per cent of the City Engineer's estimate of the amount due under said contract during each calendar month will be paid on the first Tuesday after the first Monday of the following month and so on, each month, the 10 per cent earned each month will be retained until the completion of the contract and the acceptance of the work by the City Engineer. Said conduit will be enclosed and the material used in its construction.

Attest: W. A. MINNICK, City Clerk.

NOTICE TO CONTRACTORS

Notice is hereby given that sealed bids will be received up to and including October 27th, 1914, at 8 o'clock P. M., by W. A. Minnick, City Clerk, at the Water Works Warehouse Building, 140 2nd Ave. North, for the furnishing of materials and construction of a five-room bungalow for the Water Works Filtration Plant. Plans and specifications may be obtained at the City Clerk's Office by depositing \$1.00. Same to be refunded on the return of plans.

Attest: W. A. MINNICK, City Clerk.

tion will be concrete. The Council reserves the right to reject any or all bids. C. B. CHANNELL, Acting Mayor.

NOTICE TO CONTRACTORS

Notice is hereby given that the Mayor and City Council of the City of Twin Falls, Idaho, will, on the 31st day of October 1914, at the hour of 8 o'clock P. M., at the office of the City Clerk of said City to the waterworks building at the corner of Second Avenue North and Second Street North in the said City of Twin Falls, receive sealed bids and proposals for the work of performing the labor and furnishing the material for the construction of a five foot in width concrete sidewalk, upon the sidewalk space in front of the lots embraced in Local Improvement District No. 36 of the said City of Twin Falls, which lots and the boundaries of which district are shown on a map and Ordinance No. 271 of the said City of Twin Falls, passed September 8th, 1910.

Plans and specifications of said sidewalk can be seen and obtained at the office of the City Engineer of the said City of Twin Falls, in the waterworks building at the location hereinafter described. The said work must be commenced at once upon the letting of the contract and prosecuted to completion during the fall of 1914. There must be accompanied with each bid a certified check upon some reliable bank in the sum of ten per cent of the amount of the bid, which check shall be made payable to the City of Twin Falls, or order. In case of the failure of the successful bidder to enter into a contract for the performance of said work with the said City upon the terms of his bid and proposal, then the said check shall be forfeited to the said City and become its property. The check of the unsuccessful bidder will be returned to them upon the rejection of their bids and proposals. Payment for said work will be made in the warrants or bonds of the said City, which warrants or bonds shall not be a general obligation of the City but will be a lien upon the property benefited by the said improvement as shown by the assessment for said improvement. Payment for said work will be as follows: 50 per cent of the amount earned during each calendar month, as shown by the estimate of the City Engineer of said City, will be paid on the 1st Tuesday after the 1st Monday of the following month, and so on until the work is completed. The 10 per cent retained each month will be retained until the work is completed and accepted, at which time the whole amount due will be paid.

The Mayor and Council reserve the right to reject any and all bids. C. B. CHANNELL, Acting Mayor.

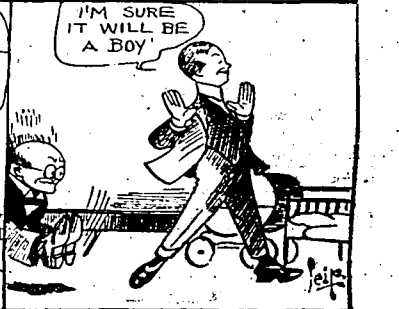

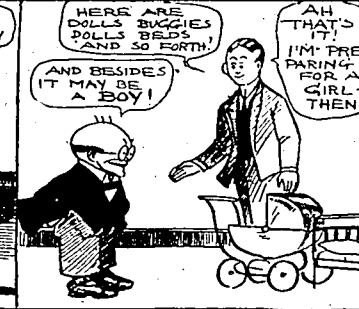

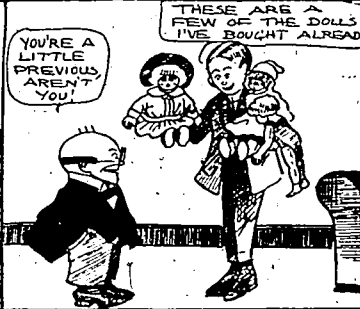

Attest: W. A. MINNICK, City Clerk.

# PLAN BIG PUSH FOR ENROLLMENT

### Priebe is Named Head of Soliciting Committee for the Chamber Memberships

Naming W. H. Priebe executive officer in charge the board of directors of the Twin Falls chamber of commerce has recommended an intensive campaign for members. The chamber wants 300 members. The crusade thus far especially energetic, has resulted in the signing for 150 memberships.

Chairman Priebe has rounded together a force of 40 active workers to have charge of the city membership campaign. These committees will be brought together in a complete organization between now and the coming Tuesday, on which day the city will be composed by sub-committees to close up the campaign.

Organization plans for this concluding push will be definitely fixed at a dinner session next Monday night. When final instructions will be issued for the big day's work. The 40 workers are to be divided into eight teams of five men each, the subordinate bodies being assigned to districts which they will be required to comb thoroughly for membership material.

Every member of the directors' board expresses supreme confidence that under an organized system of campaign the membership mark can be more than reached in one day's work.

# McMASTER TO BE HOST AT BREEDERS' BANQUET

### Festival Event, Preceding Oct. 23's Sale, Tonight in Rogerson Hotel

Tonight in the Rogerson hotel Mc-Master & Son, Shorthorn cattle breeders, will entertain members of the Twin Falls North and South Side Shorthorn Breeders' association at a banquet. The affair will be of preliminary "jolly-up" for the Mc-Master & Son Shorthorn sale, scheduled for tomorrow. The banquet will be preceded by a short business session, beginning at 6:30 o'clock.

The banquet and sale will be attended by some of the most prominent stockmen of the country, and will draw attendance from as far away as southeastern Iowa. A program of much merit has been devised for the festive occasion, including music by the Temple quartet, and addresses by prominent afterdinner orators, as well as many experts in cattle raising. W. M. Lambing has been named master of ceremonies. David Chicago, representing the "Shorthorn World", and Frank O. Thomson, of Lincoln, representing the Shorthorn Breeders' association will be the featured speakers. W. H. French, one of the most successful Shorthorn breeders of Iowa, will be present.

The Mc-Master Farms Stock ranch, Shorthorn sale, will be conducted in Twin Falls, at the Mc-Master stables. Fifty-six head of high-grade animals will be offered under the hammer.

# SWAIM AGAIN BOUND FOR DISTRICT COURT

### Alleged Bootlegger Denies His Guilt But is Ordered Held for Trial

Accused of illegal possession of intoxicating liquor J. H. Swaim has again been bound over to the district court, bonds of \$500 being demanded. The bond was not furnished.

Swaim who was arrested Monday in a house at 480 Main avenue south, surrounded with bottles of the home-made sort, and a bucket containing a malt mash, was heard by Judge O. P. Davall, in the probate court late yesterday afternoon. He denied guilt, declaring the liquor to be the property of Mrs. Edwards, from whom he rented the rooms where the stuff was discovered.

The prisoner, in addition to this case is held to the district court in \$500 bonds for having in his possession whiskey, which he was attempting to dispose of in small lots in a Main avenue restaurant during the period of the county fair. He furnished the first \$500 but thus far has been unable to meet the last requirement in order to obtain his liberty.

# TRAINMEN'S EXECUTIVE CONVENES COMMITTEE

### Body Authorized to Call Strike Summoned to Meet for Negotiations

WASHINGTON, (AP)—Members of the general committee of the Brotherhood of Railroad Trainmen who have been authorized to call a strike of trainmen unless certain wage and working conditions are met, have convened in a meeting in Chicago. The railroad administration in July agreed to meet Thursday, by W. G. Lee, president of the brotherhood. Mr. Lee said that the negotiations with the railroad administration would probably be completed or suspended by the gathering.

# BERGEY AND DALZIEL ARE CAUGHT IN POCATELLO, BOOTLEGGING CHARGE

### Twin Falls Residents, Suspected of Running Contraband into the State, Arrested While in Charge of Truckload of Whiskey—Local Vigilantes Robbed of a Capture

Captured last night W. F. Bergey, former Twin Falls milkman, and Albert Dalziel, also of Twin Falls, are under arrest in Pocatello, according to information reaching the Twin Falls county sheriff's department today.

Meagre details, contained in a telegram from the Pocatello authorities indicate that Bergey and Dalziel were arrested while attempting to convey a truckload of contraband whiskey across the state. It is stated they carried a \$2,500 worth of whiskey with them.

Watched for Here

Twin Falls authorities have long been on the lookout for Bergey and Dalziel, entertaining a well-rooted suspicion that the men were responsible for much of the whiskey appearing in the Twin Falls and surrounding territory from time to time. Those suspicions led the sheriff to station detectives and other watchful posss at points of vantage along the highways leading into Twin Falls, in the hope of catching the offenders. These vigilantes had information that Bergey and Dalziel some time ago went into Wyoming to purchase a large quantity of contraband whiskey for distribution in this state, for the purpose of distributing it in Idaho.

Movement's Keenly Observed

It is understood that the sheriff's office was well informed as to the movements of the alleged offenders from the time they crossed into Idaho, and well prepared to receive them when they were sighted. Information indicated that the "runners" had made plans to cache a quantity of the contraband in squatter's places, accessible to Twin Falls, for distribution as demand required. These places were being closely guarded by specially provided sheriff's forces, prepared to make arrests of persons visiting the rendezvous at any time. Apprehension of Bergey and Dalziel at Pocatello has provided opportunity for a relaxation of the vigilance.

Owned Large Stock

While Bergey, as far as is known, has never been convicted of bootlegging in this state, it is alleged he has been notorious as a whiskey-runner since prohibition went into effect here. Dalziel has been in court on this count. Authorities declared that before Wyoming went "dry" Bergey and Dalziel acquired possession of a stock of whiskey, estimated at 32,000 cases. Of this stock they in part sold the now 1,100 cases left, the remainder having been disposed of through illegal operations and efforts.

# CRITICISES GOVERNMENT FOR KAUTSKY EXCLUSION

### German Newspaper Argues Mistrust Abroad will Result from Sidetracking Inquiries

BERLIN, (AP)—The newspaper Freiheit sharply criticizes the government for excluding Karl Kautsky from the commission which is to publish documents dealing with pre-war diplomacy.

When the revolution started Kautsky and his wife were assigned to the task of collating the records on file in the foreign office. The work was completed some months ago but publication was withheld. The Freiheit charges that this "sidetracking" of Kautsky will create mistrust abroad, because he is one of the most intellectual of the followers of international social democracy.

# REPAIR AT WATER PLANT

Because of a defect in one of the water valves at the filtration plant, the city's water supply today was furnished through the old chlorine system. The valve, according to Superintendent J. J. Pilgrimage, will be repaired by night, and the filtration plant will be again in operation tomorrow. This is said to be the first defect found in the system since it was started about a month ago.

# FRANCE IS SENDING ITS NEWEST FABRICS

### Importer Tells of New Styles in Textiles Coming From Abroad

That the coming season will be the largest in the history of the trade for women's sweaters and sport coats, is the belief of Mr. Max B. Heim, member of S. Heim Sons, Zurich, Switzerland, and New York, and the Shour Heim Corporation in New York City, who has just returned from an inspection of the firm's factories in Switzerland and a trip through Italy, France and Belgium.

"The latest and most fashionable styles shown and used by the French model houses and couturiers are magnificent, a very fine weave of tricotine, knitted like cotton, will be shown to the trade very shortly by the Shour Heim Corporation, of No. 345 Fourth avenue, who are the selling agent in America for the S. Heim Sons, of Zurich.

"The latest novelties in sweaters are colorless effects, artificial and fancy weaves. For this season high colors will be in demand and there are many calls for new novelty weaves in worsted and artificial silk and worsted and knitted. I have brought back some of the most remarkable hand printed, artificial silks in cobweb effects and also very light weight thin wool knitted sweaters."

Mr. Heim says that their offices in England, Copenhagen, Stockholm and Paris report orders that threaten to exceed productive ability.

# REGISTERED LIVESTOCK SET HIGH SALES MARK

### Single Animal Brings \$960 at Public Auction in Filor—Many Attend

At an average individual price of \$300 per head Schildman and Hayden yesterday sold 28 registered Shorthorn cattle at their highest price ever conducted publicly at Filor and was well attended. Total purchases amounted to \$13,815.

Mr. Hayden's first offering brought \$200 and his highest price was \$2,200 for a cow. His 20 head, including cows and some heifers, averaged \$412. Mr. Schildman's 18 head, many of which were heifers, brought an average of \$300.

The heaviest purchaser of stock at this sale was O. E. Syater, of Clear Lakes ranch, while C. A. McMaster of Twin Falls purchased considerable young stock.

The auction was conducted by Col. E. O. Walter, of Filor, assisted by Ray Shuerer and Z. S. Brannon, and Amos Milroy, the latter an auctioneer of the Caldwell county. Col. Henry Crank, of Spokane, was present, but did not participate in the auctioning. He will take part in the Holmes stock sale at Dubl today.

Distinguished livestock men from outside points, at the Filor sale yesterday, were: Frank Thompson, of Lincoln, who represents the National Shorthorn Breeders' association; D. C. Patton, of Chicago, representing the "Shorthorn World"; Ray Felton, of the "Halo Farmer"; and W. H. French, of Farmington, Iowa, a noted Shorthorn cattle breeder. The sale was conducted at the Twin Falls County fair grounds.

Following the sale some good addresses were given on the future of the Shorthorn industry in this section. Col. Thompson made an especially good talk, as did also Mr. Patton and E. P. Rhinehart, the latter of Holst.

# ODD FELLOWS AT BOISE SELECT GRAND OFFICERS

### Thomas E. Buckner of Caldwell is Elected to Head Order of Three Links in Idaho

BOISE, (Special).—Thomas E. Buckner of Caldwell was Tuesday elected grandmaster of the grand lodge of Idaho Odd Fellows, which have this week in annual convention. Other officers were elected as follows: Deputy grand master, M. Reese Hattig; grand warden, H. H. Hadden; grand secretary, Fred Moore; Moscow; grand secretary, Preley F. Horne, Caldwell; grand treasurer, W. A. Coughanour, Payette; grand representative (two years), Frank Martin, Boise; grand representative (one year), John P. Isaacs, Spirit Lake; member of board of trustees for four year term, James F. Allison, Coeur d'Alene.

At the reconvention Tuesday of the grand encampment the following additional officers were appointed: Grand patriarch, Gen. Brandt of Pocatello; Grand marshal, James A. Bybee, Twin Falls; grand sentinel, L. J. Chapman, Ellettsville; grand outside sentinel, Thomas H. Old, warden.

More than 1000 persons are expected to march this afternoon in the monster parade which is to be a feature of the entire convention.

# ELIMINATES AUSTRIA AS COMPOSITE GERMAN PART

VIENNA, (AP)—The national assembly Tuesday eliminated from the constitution the provision declaring Austria a composite part of Germany. The elimination was determined upon to meet the terms of the German peace treaty.

# Trial Preparations for Ex-Kaiser Made

LONDON, (AP)—All necessary preparations for the trial of former Emperor William are being made, it was announced in the house of commons today by Sir Bonar Law, the government leader. The request to the Netherlands government for the surrender of the ex-emperor, he explained, could not be made until all the powers had signed the peace treaty.

# SUES ON NOTE

Minnie Edwards has instituted proceedings in the district court against Edward Damman, claiming judgment for \$1,250.00 on a promissory note of \$1,000, with interest and other requirements connected with the action.

# Promised Rain Came Not—Man Guesses Again

MISSED again!

The lot who presides over the climatological destinies of the sovereign state of Idaho has another "boot" to his credit.

He promised rain for yesterday night, and missed by miles.

As a safe guesser the Idaho weather man is worse than some of the White Sox batters in the late lamented jousts with the Cincinnati Reds. He has often been he four or five days out.

But he is taking another shot to decide if he can be right for once. The shot, however, is camouflaged, or protected, by qualification.

"Probably rain or snow to-night and Thursday."

Yesterday the mercury romped up a bit, reaching 64 in the shade. It was about 40 degrees during the night.
