SITUATION AT FUME CAUSES WARGRAFT MOVE

Lively Maneuvers of Allied Vessels Stationed in Adriatic Ports is Now Reported in Progress

AMERICAN TORPEDO BOAT DISPATCHED TO SPALATO

Determination for Annexation of Disputed District to Italy Expressed by Outgoing National Council

FUME, (AP)—A lively movement of allied warcraft, stationed in Adriatic ports is in progress. The United States torpedo boat, Fume, which has been stationed here, has been ordered to Spalato and to Tuzlaya evening for that Dalmatian port.

The Associated Press correspondent was informed today by the American naval commander that the movement probably was connected with the Fiume situation.

Resolution Follows Election

The national council of Fiume, organized October 30, 1913, for the purpose of presenting Italian annexation claims, made public this morning the method of its dissolution, which will occur automatically on the election of a municipal assembly next Sunday by order of Gabriele D'Annunzio.

The council, in a proclamation, establishes the form of government for Fiume, consisting of an assembly and a cabinet, headed by a president who will be chosen by the members of the assembly.

Preparations for the elections have been going on for several days. The annexationist party is controlled by the national union which is composed of the leaders of the national council.

Eulogizes D'Annunzio

Dr. Antonio Grossi, president of the national council, in his eulogistic, eulogized D'Annunzio and expressed determination for the annexation of Fiume to Italy.

SOVIET FORGES CLAIM VICTORY

Attacks South of Petrograd Declared Successful by Bolshevik Report

LONDON, (AP)—The Bolshevik official report received by wireless claims that their troops have recaptured Pavlovsk and Taraske-Bols, south of Petrograd, by a dash attack. Many prisoners were taken. The advance continues.

The further report states that the Bolsheviks have recaptured Tolokno on the Siberian front from the army of Admiral Kolchak.

ANTI-BOLSHEVIK FORGES TAKE PRISONERS IN DRIVE

LONDON, (AP)—One thousand prisoners were captured by anti-Bolshevik forces when the city of Kamshin, in the Volga valley, north of Tsaritsyn, was taken, according to a wireless message received here quoting an official statement issued from General Denikin's headquarters. Don Cosack's statement says, have occupied Pavlovskaya, a Cosack village in the province of Kuban, capturing 500 men.

Bolsheviks are conducting the evacuation of Soviet Russia, according to reports reaching General Denikin, a wireless dispatch received today from his headquarters says.

The reported plan is for the removal of the cabinet to Tsaritsyn, after the abandonment of Moscow and the withdrawal of the troops on all fronts to Turkestan.

LITHUANIAN TROOPS DEFEAT GERMANO-RUSSIAN

COPENHAGEN, (AP)—Germano-Russian forces in Lithuania, commanded by Colonel Virguliche, have been defeated by Lithuanian troops, in two engagements, according to an official statement issued from Lithuanian headquarters at Kevno. Near Solehansk, south of Vilna, the Germano-Russian forces were dispersed, while near Kurnavets, southeast of Vilna, they fled from the field, abandoning all their arms and ammunition, according to the statement.

KIDNAPPED AMERICAN CONSUL STILL MISSING

WASHINGTON, (AP)—Matthew E. Hanna, third secretary of the American embassy at Mexico City, has been sent to Puebla to assist in the investigation of the kidnapping of W. G. Jenkins, the American consular agent at Puebla, according to advice to the state department today from Mexico City.

No further information has been received regarding the whereabouts of Jenkins or the circumstances of his abduction.

Fresh Hams Cheap Food According to Bureau of Markets

CHICAGO, (AP)—If the public realized the economical advantage of fresh pork so as to include fresh unsmoked hams as a substitute for pork loins, the difference would be a factor in reducing the cost of food, according to an announcement made today by the United States bureau of markets.

Fresh pork hams are offered wholesale at 23 to 24 cents a pound and are meeting with slow sale whereas pork loins are selling freely at 32 to 33 cents.

The wide difference in prices between fresh loins and other fresh pork cuts is due to the continued demand from retail dealers for loins, which, of course, are neglected, the bureau says.

Lenine is Captive, Radiogram Reports

HONOLULU, (AP)—Nikolai Lenine, Bolshevik premier of Russia has been captured by anti-Bolshevik forces, according to a wireless message picked up by the Japanese ship, Tenyo Maru in the harbor here. The message gave no further details of the reported capture of Lenine.

Bulgaria's Reply to Peace Terms Received

PARIS, (AP)—Bulgaria's reply to the peace terms of the allied and associated powers were handed to Secretary D'Annunzio at the conference this morning. The time limit for the presentation of the reply expired today.

The supreme council is holding a session today. It will meet tomorrow, however, and take cognizance then of the reply.

American Woman May Run for Parliament

PLYMOUTH, ENG., (AP)—The conservatives have decided to invite Viscountess Astor to become the coalition-unionist candidate to succeed her husband as a member of the house of commons. The viscountess' accession to the privilege causes the seat to become vacant.

Lady Astor was formerly Mrs. Nancy Louisa Shaw of Virginia, widow of Robert Gemel Shaw. She was married to Mr. Astor in London in 1906.

COMMITTEE BARS BERGER

Report Recommends Denial of Seat in Congress to Socialist Under Conviction

WASHINGTON, (AP)—Denial of a seat in the house of representatives to Victor Berger, Milwaukee socialist, who is under conviction for violation of the espionage law, was recommended today by a special house committee. Representative Rodenburg, republican, Illinois, filed a minority report recommending delay.

WORLD NEWS EVENTS

LONDON, (AP)—It was reported today in dispatches from Lisbon that Portugal had granted the United States a concession in the Azores for a naval station.

BUENOS AIRES, (AP)—Newspapers here give prominence to the growing exportation of corn, estimates which made that it now is going on at a rate of a hundred thousand tons a week. Large quantities are going to the United States, Italy, France and Spain.

PARIS, (AP)—The members of the Harbord mission to Turkey arrived in Paris this morning from Constantinople. Major General James G. Harbord, the head of the mission, will sail for New York early in November after conferences with the members of the American peace delegation here.

PARIS, (AP)—Foreign Minister Trumbitch, of Serbia, who arrived in Paris yesterday from Belgrade, brought with him authorization from the Serbian government to sign the Austrian peace treaty, says the Petit Parisien today. The signature, however, may be with reservations, the newspaper adds. Serbia, like Rumania, failed to sign the Austrian treaty because of objections on the part of the Jugo-Slavians to the clause in the instrument dealing with racial minorities.

WILSON CONTINUES TO REGAIN STRENGTH SLOWLY

WASHINGTON, (AP)—President Wilson continues slowly to gain strength, said a bulletin issued today by his physicians. The bulletin follows:

"The president continues slowly to gain in strength. There is nothing additional to report this morning."

ENGLAND TO AUSTRALIA AVIATOR AT COLOMBO

COLOMBO, (AP)—Captain George Matthews, English aviator, who left London Tuesday for an airplane flight to Australia, arrived here Wednesday afternoon at 2 o'clock.

AVERT STRIKE APPEAL MADE TO PRESIDENT

Final Effort to Head Off Cessation of Production in Soft Coal Mines Leads to Chief Executive

MINERS AND OPERATORS REJECT PROPOSITIONS

Opposing Forces on Point of Breaking Up, Head Pleas of Secretary of Labor to Hear Wilson Message

WASHINGTON, (AP)—President Wilson today appealed to the coal miners and operators to use their efforts to effect an agreement in line with the suggestion made by Secretary Wilson and in event of a failure to submit the question at issue to a board of arbitration.

While on the point of breaking up the two groups, leading the plea of Secretary Wilson, agreed to return at four o'clock this afternoon to receive a message, the secretary hoped to bring about the president's hoped-for message.

Lewis is Postmistress Coming out of the meeting John L. Lewis, president of the United Mine Workers of America, said last night. We are returning to hear what the president and the secretary might say, but there seems little chance of reaching an agreement.

"The miners and operators still occupy the same position as last night," Secretary Wilson said. "I made a suggestion on a new basis of settlement which was rejected, the operators refusing to accept, and the miners saying that while it was not satisfactory they were willing to consider it."

Wilson gives Proposition Mr. Wilson outlined the terms of his proposition as follows:

"That the pick mining price be advanced 15 cents per ton.
"That the machine mining, yardage, deaught and day wages be advanced in the same ratio.
"That the day work shall be eight hours from break to break, including a half day holiday.
"That these changes the existing agreement continues into effect until March 31, 1915.

"That while the legal termination of the war will not take place until some unknown time in the future, the industry on a new basis of settlement existing fact, therefore these changes will go into effect as of November 1, 1914.

Outlook Considered Dark Mr. Wilson returned to express an opinion as to the hope of averting the strike through mediation. He was plainly worried and hurried away to the White House. Some members of the miners group said the "blow up" had about come and that they expected to start for home tonight.

"The chief interest in Garry," he said, "came when Chief of Police Forbes came to Chicago from that city last spring with a request for machine gun and military intervention. He said we 'reds' there were planning to parade May 4 and start a revolution. Two names were given as those of leaders of the anarchist club at Gary, Kentucky, who were 'The Red Russians or Austrians. De George was a chemist, and we learned later that he was operating near the Aetna explosive works in Gary, where gun cotton was available from the wastes outside of the mill."

Prosecution Lags Repeating the Chairman Kenyon, Lieutenant Van Buren said a report was made to the department of justice, but so far as he knew there had been no trial. He added that the two men had left Gary.

"Describing military intervention in Gary, the witness said: 'No one has even sustained a blink eye since.' The witness said that the witness had seen tremendous quantities of 'red' literature, he continued, explaining that local police and associations of citizens had prepared the way for raids on the storage places. 'Bible of the Red'."

"The Bible of the 'red,' the anarchist and Communist propaganda, is the manifesto of the communist party of Russia, put out as what is known as the 'third international,' which assembled at Moscow in March. Many thousands of copies of this were in Gary."

Lieutenant Van Buren read extracts from a booklet seized at Gary. It urged revolution upon all workers in all lands to call for the 'end' of the world."

"All of the radicals of the country are centering on the propaganda of Lenin and Trotsky," the witness declared. "It is all in Gary. There is the fact that it was printed in Chicago by the 'Arbeiter Zeitung Publishing Company,' which is significant."

Propagandists Use Mails "In this stuff going through the mails," Chairman Kenyon inquired.

"Oh, yes," Van Buren said. "Well, it'd better be stopped if the government is to become impotent." He remarked Chairman Kenyon. "Are there any organizations in Gary which support this program?" asked Senator Philps, republican, Colorado.

"Yes, I have a list of them," said the witness. He commenced producing a series

CHARGES SECOND PLOT ON PART OF MINERS TO MAKE ARMED INVASION

Governor Cornwell, of West Virginia, in Message to Labor Union Head, Alleges Distribution of Arms and Ammunition to Plotters and Much Talk of Shooting Public Officials and Taking Control of Government

INFANTRY AND MACHINE GUNNERS OF FIRST DIVISION HELD UNDER ORDERS

CHARLESTON, W. Va., (AP)—Governor John J. Cornwell today sent a message to John L. Lewis, president of the United Mine Workers of America, in which he charged that a second armed invasion of the Guian valley coal district was being planned by the miners of the Cabin creek coal section.

The governor also charged that arms and ammunition had been distributed among the miners, and there had been much talk of shooting public officials and taking control of the government.

The telegram, it was announced, had been sent to Mr. Lewis in Washington.

LEWIS DECLARES REPORTED OUTBREAK FAIRLY UNTRUE WASHINGTON, (AP)—The reported outbreak by miners is palpably untrue," John L. Lewis, president of the United Mine Workers of America, said today after reading the Charleston dispatch which said the governor had notified him of serious conditions in the Cabin Creek section. He said he had received no message on the subject from the governor.

"I sent Governor Cornwell a telegram last night, but it was an entirely irrelevant matter," he added.

FIRST DIVISION TROOPS READY FOR RIOT DUTY LOUISVILLE, KY., (AP)—Orders

have been received at Camp Zachary Taylor from the war department, it was learned today, to hold four provisional battalions of infantry and machine gunners of the famous First division ready for riot and strike duty.

Colonel Peabody, chief of staff, is quoted as having said no actual training order had been received but the order to hold the troops in readiness in that the battalions might be sent to West Virginia and Pennsylvania.

ORDERS NOT DISPATCHED BY DEPARTMENT OF WAR

WASHINGTON, (AP)—War-department officials said today they had not issued orders to Camp Taylor, Louisville, Ky., for the holding of troops there in readiness for riot and strike duty.

It was suggested that if any orders had been received at the camp, they were issued by Major General Wood, commanding the central department, with headquarters at Chicago.

WITNESS REVEALS TRAIL OF RED IN GARY STEEL STRIKE DISTRICT

Senate Investigating Committee Hears from Lieutenant Van Buren, Intelligence Officer on Staff of General Wood, Story of Organizations Supporting Program of Anarchist and Bolshevik Urging Revolution Upon All Workers

WASHINGTON, (AP)—Effects of the steel strike in Gary, Ind., and some side lights on anarchistic activities in the district were given the senate committee investigating the strike today. Lieutenant D. O. Van Buren, an intelligence officer on the staff of Major General Leonard Wood, commander of the central district, was the first witness.

"Our first interest in Gary," he said, "came when Chief of Police Forbes came to Chicago from that city last spring with a request for machine gun and military intervention. He said we 'reds' there were planning to parade May 4 and start a revolution. Two names were given as those of leaders of the anarchist club at Gary, Kentucky, who were 'The Red Russians or Austrians. De George was a chemist, and we learned later that he was operating near the Aetna explosive works in Gary, where gun cotton was available from the wastes outside of the mill."

Prosecution Lags Repeating the Chairman Kenyon, Lieutenant Van Buren said a report was made to the department of justice, but so far as he knew there had been no trial. He added that the two men had left Gary.

"Describing military intervention in Gary, the witness said: 'No one has even sustained a blink eye since.' The witness said that the witness had seen tremendous quantities of 'red' literature, he continued, explaining that local police and associations of citizens had prepared the way for raids on the storage places. 'Bible of the Red'."

"The Bible of the 'red,' the anarchist and Communist propaganda, is the manifesto of the communist party of Russia, put out as what is known as the 'third international,' which assembled at Moscow in March. Many thousands of copies of this were in Gary."

Lieutenant Van Buren read extracts from a booklet seized at Gary. It urged revolution upon all workers in all lands to call for the 'end' of the world."

IMMEDIATE END OF CONFERENCE IS IN PROSPECT

Remaining Element in National Industrial Confab Likely to Bring Its Sessions to Abrupt Close Tonight

WORK ACCOMPLISHED IS OUTLINED IN REPORT

Rockefeller Suggests Assemblage is Bankrupt and Urges Appointment of 'Commissioner on Unrest'

WASHINGTON, (AP)—Immediate dissolution of the public group—the remaining element of the national industrial conference—is proposed in a recommendation of a committee of five which will be made to the group this afternoon. Should the recommendation be adopted the conference would end tonight.

Frames Tentative Report The committee also framed a tentative report for submission to President Wilson outlining the work of the conference up to this time, the representatives of organized labor withdrew.

The action of the committee was in line with a suggestion of its chairman John D. Rockefeller Jr., who thought a commission should be created to deal with industrial problems generally. Whether this was an acceptance of the committee's recommendation was not made known.

Proposes Successor John D. Rockefeller Jr., chairman of the committee appointed to determine the future course of the public representatives, who now alone constitute the national industrial conference, suggested today that a report be made to President Wilson that the conference was bankrupt and urging the appointment of a commission on unrest, "to take up the work of the conference."

This suggestion did not meet with the approval of some of the public delegates, who held that the president should insist on continuing the work of seeking some basis of settlement for industrial peace over the country.

Handcapped by Opinion Mr. Rockefeller said that the public-delegate having participated in the full conference would be handicapped by unfavorable public opinion and that an entirely new body should be created.

Officials of the American Federation of Labor have been approached as to the holding of a meeting on unrest, "to take up the work of the conference." The public group go ahead with the conference work and they were understood to have promised co-operation in the future.

The committee of the future course of the public group was to report at 2:30 o'clock this afternoon.

Henry Edwards Withdrawal Edward N. Hurley, former chairman of the shipping board, who called at the White House today to inquire as to the president's health, approved the stand taken by organized labor in withdrawing from the conference.

"I do not see how Mr. Gompers could revise the plan of the shipping board," Mr. Hurley said. "He did the best thing from his standpoint and probably the best thing for the country."

IDAHO WEATHER

Tonight and Saturday fair; continued cold, except snow flurries; colder to night southeast portion.

RESERVATIONS PROGRAM PRESENTED TO SENATE

Lodge Introduces Revised List of Fourteen Committee Qualification

WASHINGTON, (AP)—Chairman Lodge of the foreign relations committee presented in the senate today the revised list of fourteen qualifications agreed to by the foreign relations committee. They went over to await disposition of amendments.

The blanket reservation, the phraseology of which was left to Mr. Lodge by the committee, reads as follows: "The United States reserves to itself exclusively the right to decide what questions affect its honor or its vital interests and declares that such questions are not under this treaty to be submitted in any way either to arbitration or to the consideration of the court of arbitration of the members of the league of nations or any agency thereof or to the decision or recommendation of any other power."

INTERNATIONAL ORGANIZATION OF BUSINESS MEN BECOMING REALITY

ATLANTIC CITY, N. J., (AP)—The international trade conference, which for five days has been considering the financial and industrial problems of Great Britain, France, Italy and Belgium and attempting to devise methods by which the United States might extend its foreign trade, adjourned today. Before the conference adjourned a permanent international organization of business men will be a reality. The tentative plan of this organization already has been unanimously accepted by forty-six sub-committees, which has been considered as a whole is considered as a more permanent.

AMERICAN PUTS END TO REVOLT IN HUN'S TOWN

Intelligence Officer, Single-handed, Suppresses Revolutionary Movement on Part of Discharged Soldiers

WITH THE AMERICAN FORCES IN GERMANY, (P)—Single-handed, an American intelligence officer recently put down a revolutionary movement in the area on the Rhine occupied by United States troops. The first the Americans know of the revolt was when news reached army headquarters that in the village of 200 population, a red flag had been hoisted and was waving in the breeze at the tip of a seventy foot pole. When the American officer arrived in Luetz the "revolution," conceived by a society calling itself "Frohnia" (Hilarity) and composed of young men most of whom were discharged German soldiers, was well under way and none of the inhabitants could enter or leave the village without proper passport provided by the society members.

Depends on Patrols

Luetz, like many German villages in the hills, has no troops in the town, the army depending upon an occasional patrol to keep in touch with events. The American summoned the gendarmes, or the chief official of the town, who informed the officer that this was the first attempt of the "Frohnia" to rule the village and that the action was directed against the Catholic priest for whom the young men had a pronounced dislike.

The American officer summoned the executive council of the society, provided them with pick and shovel and had them dig up the flag pole, amid the applause of the conservative element of the village. He instructed the burgomaster to withhold until further notice any authorization for meetings of the "Hilarity," gave the executive council a dressing down and instructed the one German policeman to patrol Luetz at all hours on Sundays when most political meetings are held.

Each member of the "executive council" promised to be good husbands and none of the society members were arrested. They agreed that the American had convinced them that "revolution" did not pay. The revolt had lasted six hours.

CONSPIRACY FOR REVOLT IN ALSACE IS DEVELOPED

Suspect Admits Receiving Pay From Germany for Pushing Scheme

STRASBOURG, (P)—The conspiracy for a revolt in Alsace-Lorraine, having for its object the establishment of an autonomous republic here, is assuming greater proportions than at first anticipated. Koessler, the man alleged to be the arch conspirator and who has been placed under arrest, has, according to military authorities, made a confession, admitting that he has received 500,000 francs from Germany since last May.

Acting as intermediary between the Berlin foreign office and the conspirators here, according to Koessler's revelations to the police, was Herr von Grenschell, a relative of former Chancellor Theobald von Bethmann-Hollweg.

Literature seized at the home of Koessler bore the caption "The neutral republic of Alsace-Lorraine and called upon the population of the two provinces to separate from France as well as Germany."

ALLIES MUST UNITE FOR CONDITIONS BETTERMENT

Chairman of French Mission at International Trade Conference Gives Views

ATLANTIC CITY, N. J., (P)—The nations which united to crush Germany in the world war should stand together now in an effort to better industrial conditions throughout the world, Eugene Schuyler, chairman of the French mission to the international trade alliance he advocated, "we must preclude from the house tops that the world will emerge from the victory beaten and Germany will have won the war."

PROOF LACKING AGAINST MINOR

American Propagandist in Europe Wins Release when Evidence Fails

WASHINGTON, (P)—Robert Minor, American newspaper cartoonist, who was detained by American military authorities in France, on charges of being connected with plans of German Spies to circulate Bolshevik literature among American troops, was released because of insufficient evidence to warrant his trial, the senate was informed Thursday by Secretary Baker.

Court Believes Guilty While recommending the release, the judge advised of the A. E. F. Mr. Baker said, expressed the opinion that Minor was guilty. Since the release of the cartoonist, the secretary added, evidence has been obtained connecting him with the preparation of 6,000 pamphlets which were to be circulated among American soldiers on the Rhine. Minor acted, Mr. Baker said, at the request of Meta Philip, a German Spartaist leader.

Charges against Minor, who was arrested in Paris by British officials and turned over to the American authorities here, Mr. Baker said, on information obtained by a non-commissioned officer of the military intelligence service who was sent to Brussels to investigate how they circulate Bolshevik literature among the American troops.

Upon being arrested Minor made a general denial of the charges.

New Evidence Found

"Shortly after Minor was released," Secretary Baker said in concluding his report, "important additional information was obtained as to his connection with the propaganda pamphlet in question."

"An intelligence agent sent to Düsseldorf from Cologne was told by head of the concern who actually printed these pamphlets that Minor was the man who brought the copy to him, obtained permission for the printing of the same and who actually directed that they be printed. This information was corroborated by another German in the office of the printing establishment."

"In the month of March, an intelligence agent who was stationed in Berlin and was supposed to be a Spartaist, was told by Minor that the time was ripe for the spreading of Spartaist propaganda among the American troops of occupation."

DAVISON WILL LEAD EPISCOPAL CHURCH DRIVE

DETROIT, Mich., (P)—Henry P. Davison, of New York City, was head of the American Red Cross, will head the laymen's section of the committee which is to have general direction of the nation-wide campaign of the Protestant Episcopal church. Associated with him will be leading bishops, clergy and laymen of the church. The campaign contemplates individual solicitation of the membership to awaken the church to its needs and opportunities for expansion, to carry on a great Americanization work among aliens in which it is planned to cooperate with the federal government, and to provide the means with which to carry on the campaign.

GERMAN OFFICERS ADVISE THEIR TROOPS TO GO TO WORK

Lieutenant-General Albrecht, formerly commander of the border division in the northwest, advised the officers of his command on the occasion of their demobilization, to go to work in the mines or on the farms. "Everything in Germany," he declared, "is waiting for the celebrated great man who can help. Better now wait for him, gentlemen."

STANFORD STUDENTS ARE AGAINST TUITION CHANGE

Take Exception to Decision of Trustees to Collect Fee Quarterly

STANFORD UNIVERSITY, (P)—Opposition to the decision of the board of trustees to charge tuition of \$40 a quarter at Stanford is growing among the students, according to the Daily Palo Alto, the student newspaper. "The students' viewpoint," the newspaper recently stated, "as a rule is not far away from that of the alumni and faculty."

"To announce at this time that in January a new plan will take effect is not just to those students now registered at the university," the Daily Palo Alto said.

The paper further objected to changing Stanford from a "free university," to a "pay-as-you-enter college."

The founding grant of the university as written by Mrs. Stanford, the newspaper noted, states that "the university has been endowed with a view to offering instruction free, or nearly free, that it may resist the tendency to stratification in society by keeping open an avenue whereby the deserving and exceptional may rise through their own efforts from the lowest to the higher stations in life. A spirit of equality must accordingly be maintained within the university. The trustees ordered the tuition to meet the cost of handling an increased student body and provide larger salaries for members of the faculty."

DEPORTATION LIKELY TO BE PORTION OF GERMANS

Toutons Suspected of Fomenting Anti-British Demonstrations in Tonga

SYDNEY, Australia, (P)—Anti-British demonstrations and actions by Germans in the little Pacific Kingdom of Tonga have aroused a feeling that all the Germans in the group should be deported. Recently the British representative at Nuanu was insulted and assaulted by a German, and an appeal to the local police for redress was futile. By supplying liquor to the natives and advancing credit to them the Germans, it is said, have won the support of most of the native chiefs.

The British in Nuanu have petitioned the New Zealand government for the deportation of the German who assaulted their representative, and of all other Germans in the archipelago. Tonga is the last Pacific island kingdom, but it is also a British protectorate. Before the war Germans were quite active there.

FOREIGN BUYERS FLOCK TO GERMAN MANUFACTURERS

COBLENZ, (P)—French and Italian buyers have appeared in great numbers in the Rhinish-Westphalian manufacturing districts during the last few weeks. For the stores of small iron wares, partly from days before the war, the buyers gladly pay the present high prices and export their purchases at once.

WATSON CHOSEN TEAM CAPTAIN

Sturdy Quarterback Elected to Head High School Football Eleven

Before yesterday's practice, the final tempering before the Buhl game today, Owen Watson, quarterback, was elected captain of the high school football team. He will have charge of play against Buhl.

Twin Falls' grid team goes to Buhl today prepared for a hard struggle with the west and eleven this afternoon. "The team is in excellent condition," said Coach George Demman last evening. "But we anticipate a stiff fight. Buhl has played only two games to our three, and in their game with Rupert lost by a much larger score than we did, but, though the men have improved greatly in the past week, we do not believe we are going up against anything easy."

Yesterday's practice took in signal practice and light work on the tummy. Victor Strubock, line center, slightly injured his neck during the workout, but will be in the fray this afternoon.

Oscar Neumann, quarterback with Twin Falls, has been elected to accompany the team to act as one of the officials in today's contest.

Athletics Lose 400 Games in Four Seasons

Connie Mack's Men Set Up a New Baseball Record—It's Unique

In their full days the most popular form of indoor mania appears to be the unveiling of the baseball dope and the fabrication of the most sensational period of hysteria that is petting out with the approach of the early frosts. In this respect it might be thought that the calm and sane community of Philadelphia would be left flat on its municipal back, but don't kid yourself with superficial observations.

The frenzied rush to grovel at the feet of those who have obtained a temporary toehold on the high pinnacle of baseball fame, those more or less intelligent and sane persons whose duty it is to herald the glad tidings broadcast through the columns of the public press appear to have steadily overtaken the year 1919 puts on the finishing touches and completes a record that stands unequalled in the entire history of baseball.

Knowing the proper direction in which to look for something that we may have accomplished, we have succeeded in digging up the fact that in the last four playing seasons the Athletics lost a total of 400 games. Here is the record:

Year	Lost
1915	107
1916	117
1917	95
1918	76
Total	400

Losing an average of one game per season is a record that defies the most feeble flock of pop-eyed produce, and this 1919 season makes the average even higher.

FRENCH AIR FIGHTER TO ENTER NEWSPAPER WORK

Exploits of Nungesser Form Interesting Feature of War Records

PARIS, (AP)—Lieutenant Nungesser, second in command among the French air fighters in the number of German machines downed during the war, is shortly to make his debut in newspaper work. It has been officially credited with bringing down 51 German airplanes.

His new colleagues hope his debut will not have the same result as did the beginning of his career. After obtaining his commission Nungesser was ordered to report at a flying field near Nancy. Arriving in sight of the field, Nungesser began executing a loop-the-loop, sprang down a stunt, sliding on the wings, and all the acrobatics known and unknown to flying men.

Landing at last, his superior officer said to him sternly: "Green one, acrobatics are all right in their place but we shall have to see you perform them before the Germans."

Nungesser asked his mechanic to fill his gasoline tank and half an hour later he was off to the German lines. Arriving over the trenches he repeated his performance, in full view of his comrades and also of the officer in charge.

"There you are," Nungesser said to the colonel, "it's done." "Fifteen days in the brig," or words to that effect, said the colonel.

BY JACK SKELLY
CHICAGO.—(Special) The other day the Cleveland Railway company took out an insurance policy of \$10,110,000 against "riot and civil commotion."

Quite some fat insurance for agents to conceal, indeed.
Other large industries are also seeking to protect themselves from violence and attacks by such insurance. It is a well known fact that the Loyds of London, England, take a chance on most anything. They will insure you against a black eye to any damages done by a world's war, as they did in the late informal conflict abroad.

And I really believe that the Loyds would insure any worthy boxer against defeat or a knockout in an important combat, if they found, upon investigation, that the contest was a fair and honest one, conducted by such a reputable organization as the National Sporting club of London.

Big Risks Taken
Insurance companies which issue big policies to railroads and other corporations for the protection against riots and other attacks, usually take more risk than they would if they insured classy boxers against defeat.

A worthy ringster is not an outlaw or a disorderly person nowadays. He is a clean living citizen with a superior physique, who in his way encourages the youths of this and other nations to develop their physical condition for a more perfect manhood. If we neglected our physical training and devoted our entire life to only intellectual advancement, what a poor, helpless, puny race we would become. I think the recent war proved very conclusively the absolute necessity of physical development, as well as mental. One without the other does not produce the highest type of manhood.

Legalized Gambling
So, why shouldn't insurance companies take a gambling chance with a classy boxer, for you know insurance is only another form of legalized gambling when you get down to hard facts. They gambled when they insured Tex Rickard, Jack Dempsey and Jess Willard for their recent bout at Toledo for \$20,000 each against any accidents which might occur (as the two gladiators, or the great promoter, during the training or until the men got into action in the ring).

If we take a wise business precaution on the part of Rickard and should open up a new field for some progressive insurance agents or corporations to enter into.

Physical Experts Needed
No well organized insurance company ever issues a policy except they thoroughly investigate the risks. So any

company going into pugilistic insurance should have a few real physical experts who are fully competent to know when a boxer is training faithfully and is in proper condition for an important bout.

If the insurance experts passed upon a boxer's fitness and form, for a contest, it would not only protect the company but would also act as a pretty substantial guarantee to the public that the said boxer was in fine condition to render a good showing in the ring.
Some very conservative insurance gentlemen may be quite shocked at my proposition and suggestion, to insure boxers. It's probably too radical an innovation for them to digest or even consider at present, but as boxing becomes more elevated and better conducted the insurance of ringsters is bound to loom up as a practical and profitable business proposition.

SWISS WILL NOT JOIN IN BLOCAGE PLAN REPLY

BERNE, (AP)—The Swiss government decided Wednesday not to join in the collective reply of other neutral states regarding the invitation of the soviet Russia. It is pointed out that Switzerland long ago had broken off relations with the then existing Russian government and that there are no allies to participate in the blockade of commercial or financial relations of any kind. So that the situation intended by the allies has been reached already as far as Switzerland is concerned.

Sam Smiley, agebrush sage, says: "Effen this here home-brownin' industry gets much more important it is liable to affect th' attendance at houses o' worship."

Seeming to prove that the best team did not win the Coast League gongolion this year the San Francisco Seals have won two games out of three from the St. Paul Saints this week.

Of course we shall always be loyal to the Bruins, even if they lose to Buhl again today; but we shall be a not loyaler if they win.

English folks, jealous of American prowess and superiority with the milts, propose to teach the art of self defense in the public schools, starting the education of a boy real early in life.

By beginning now and continuing assiduously in this department of the curriculum the English should be able to develop a fairly good boxer in the next century.

J. K. L. Ross, of Montreal, reports having won over \$120,000 with his racing jays this season.

But he can lose it a lot faster than he won it. The turf is noted for rapid risings and rapid fallings.

Charley Grimm, who is to be the Pirates' first baseman next year, was a pennant vendor at the Cardinals' park a couple of years ago. He played a bit of semi-pro ball, then went to Little Rock and this year was sold to Pittsburgh.

BRITAIN OFFERS AMERICA FUND FOR NAVAL MEMORIAL

LONDON, (AP)—The United States has been offered \$50,000 of the Dover patrol fund for the creation of a memorial to commemorate the co-operation of the American and British navies in the war. The money is offered without conditions, and the United States officials may decide where and what sort of memorial shall be erected.

WATSON RESOLUTION IS REPORTED BY COMMITTEE

WASHINGTON, (AP)—Senator Watson's resolution proposing investigation of the alleged employment of socialists and radicals by the federal trade commission in its investigation of the meat packers was ordered favorably reported Thursday by the senate expenditures committee. The resolution probably will be brought to a vote today in the senate.

THE PSYCHOLOGICAL MOMENT

Convening this week in Atlantic City as the International Trade conference, business men of America and several European nations are attempting, with every probability of success, to solve the problems occasioned by the need of imperious Europe for American materials.

Primarily the aim of the conference is to establish a basis on which American credit may be extended to Great Britain, France, Italy and Belgium. It is pretty generally realized that one side of the Atlantic cannot suffer a calamity and the other remain untouched.

In respect to the relation of the problem confronting the conference to the issues of the great war, Eugene Schneider, chairman of the French mission at Atlantic City, has well said, "The nations which united to crush Germany must stand together now in an effort to better industrial conditions throughout the world."

this appeal, and the prospects today are that before the conference adjourns tonight, to be followed by a tour of foreign delegates to the chief industrial centers, a permanent international organization of business men will be a reality. It is not charity that is being asked or offered in this conference. Assistance from America is recognized as essential to the recovery of Europe, but that assistance, once given, both parties to the agreement will inevitably profit when production once more comes into its own.

This is the psychological moment for action by Europe. It is no less the psychological moment for action on the part of American business and industry.

Today's Markets

Grain and Provisions CHICAGO, (AP)—General commission house buying, together with lightness of offerings, led to a quick advance today in the corn market.

Later the advance was checked by selling ascribed to traders who yesterday were conspicuous bulls. The close was unsettled 7-8 to 1 3-4 not higher, with December \$1.36 1-8 to 1 1-2 1-4 and May \$1.23 3-8 to 1 1-2 1-2.

Cash Quotations CHICAGO, (AP)—Corn No. 2 mixed \$1.38 1-2; No. 2 yellow \$1.38 1-2 to 1 3-4 1-2.

Chicago Livestock CHICAGO, (AP)—Hog receipts 16,000; dull, about 25 to 40c higher; bulk \$12.25 to 12.35; top \$13.50; heavy \$12 to 13.25; light \$12.50 to 13.50; heavy packing sows, smooth \$12 to 12.50; packing sows, rough \$11.75 to 12; pigs \$12 to 12.75.

smooth \$12 to 12.25; packing sows, rough \$11.25 to 12; pigs \$12 to 12.50. Cattle receipts 9,000; most classes 25c lower; beef steers, medium and heavy weight, choice and prime \$15.50 to 18; common \$9.25 to 10.75; heifers \$7.50 to 13; cows \$12.75 to 12.25; canners and cutters \$5 to 6.75; veal calves \$12.75 to 14; feeder steers \$7 to 13; stocker steers \$6.75 to 11.

NEW YORK, (AP)—Liberty bond prices at the close today were: 3 1-2's \$100.72; first 4's \$95.30; second 4's \$93.60; first 4 1-4's \$95.30; second 4 1-4's \$93.70; third 4 1-4's \$95.30; fourth 1-4's \$93.74; Victory 3 3-4's \$99.63; Victory 4 3-4's \$99.60.

CHICAGO, (AP)—Potatoes weaker, arrivals 65 cars; Northern sacked Whites \$2.20 to 2.40; Early Ohio \$2.00; Idaho Russets \$2.00.

FLO AND RHEUMATIC POISONING REMOVED

Rheumatism poisoning and poisoning from the effects of Flu are similar. They both leave the body in a diseased and weakened condition. Rheumachol will quickly remove either poison from the system by its diuretic effect upon the kidneys.

WITNESS IN STEEL STRIKE DISTRICT (Continued From Page One)

Lieutenant Van Buren continued: "That is a straight unscientific society. Here's one of them, entitled 'The crimes of God,' an anti-religious pamphlet discussing war."

A whole series of tracts and pamphlets in Russian, put out by the union, were read into the record.

"Did you get these in houses, or how?" Chairman Kenyon asked. "In houses and halls," Van Buren replied. "Sometimes men arrested"

LET US REMOVE THE DOUBT

GEM STATE VULCANIZING CO. 110 3rd St. East

would have I. W. W. literature in their pockets." "It has been charged that this material was sent into Gary to create prejudice against the strikers," said Chairman Kenyon.

"We only know we found it there," Van Buren returned. "Those people who had it usually had a big picture of Lenin and Trotsky. We found literally thousands of these photographs."

"It was reported to us that Richard Verhagin, vice president and treasurer of the steel workers council at Gary, was a revolutionist."

"What is this steel workers council?" asked Senator McKellar. "It is the central body of unions engaged in the strike," was the reply.

"All American Federation of Labor organizations?" "I understand so."

"Van Buren characterized the 'workers international defense league' as 'nothing less than an anarchistic outfit, working through the I. W. W.'"

CHURCHES REQUESTED TO HONOR ROOSEVELT

Mayor Eldridge Issues Proclamation Suggesting Memorial Exercises

Expressing the wish that all churches in Twin Falls will act up to a portion of the services next Sunday to commemorate the life and work of Theodore Roosevelt, Mayor W. H. Eldridge yesterday issued a proclamation addressed to these institutions. The proclamation follows:

"The memory of Theodore Roosevelt is the common heritage of all Americans. In honoring him, America impresses his many qualities upon the life and spirit of our youth. Courage, energy, unselfish service, love of country, honor and square dealing, righteousness, wisdom, fearlessness—these are the qualities which one man has been able to embody that it is now proposed to erect permanent national memorials. The Roosevelt Memorial Association has been formed for this purpose and the week ending October 27th has been designated as a period during which devotion to country will be the memorial which Theodore Roosevelt would most desire.

I therefore recommend that on next Sunday the churches of Twin Falls devote a portion of their services to patriotic lines and especially to those virtues which were exemplified in the life of our former president; and I recommend observance of Roosevelt's birthday, the 17th instant, in all the public schools; and general observance of the occasion by the public in such manner as may be most fitting.

During the coming week a campaign will be inaugurated in this county for the procuring of an amount of \$2000 for the Roosevelt memorial. The city will be asked to subscribe \$500, the entire county to give the remainder. A. L. Swain is committeeman in charge, and has selected J. S. Buscill, J. M. Bico, Arthur Alworth, S. L. Hedgic, of Twin Falls; Joseph Tanner, of Bliss, and J. Weston Shinn of Piler to assist in the subscription work.

Personals

C. W. Gwinn, of Shoshone, is a Twin Falls visitor.

D. D. Burnside of Pocatello is a business visitor in Twin Falls.

W. C. Larsen of Eden transacted business in Twin Falls yesterday.

V. C. Kerr, of Boise, is in Twin Falls looking after business interests.

Mrs. Lee Johnson, of Murtaugh, was a shopper in Twin Falls yesterday.

Mrs. Ray Shearer, of Piler, motored to Twin Falls yesterday for a short visit.

Mr. and Mrs. G. E. Ahlquist, of Duhl, made a brief visit to Twin Falls yesterday.

Mr. and Mrs. L. E. Salladay are moving today to their new home on Seventh avenue north.

Mrs. Harold Gott, of Hogerson, shopped and visited with friends in Twin Falls yesterday.

Mrs. Arch Wood, of Piler, was among the out of town shoppers in Twin Falls yesterday.

Mr. and Mrs. F. J. Walters, of Three Creek, were among the visitors in this city yesterday.

Mr. and Mrs. W. M. Van Houston, of Kimberly, were in Twin Falls yesterday shopping and looking after business affairs.

Mr. and Mrs. Ira Lambing and small son of Pocatello were in Twin Falls yesterday for a short time. They were en route to Piler where they formerly resided to visit friends.

HIGH SCHOOL JUNIORS PREPARING FOR FROLIC

Committees are Named to Plan for Annual Mask Party for Classes

Active progress is being made by the junior class for the entertainment on the evening of October 31 of 350 students, members of the junior and freshman classes, at the annual junior-freshman reception. Norris Epler, junior president, has appointed committees to take necessary steps in the preparations for the affair, which is to take on the form of a masquerade.

WILL PUBLISH "COYOTE" In order that school events of the year be properly chronicled in the local high school publication, "The Coyote" which will appear toward the close of the school year next spring, the senior class yesterday selected a temporary calendar editor for the magazine. Marjorie Baker was elected to this office. The editing of this publication is jointly done by the senior class every year and therefore it is given the exclusive privilege of choosing some members of the official board.

Local Brevities

Dr. Coughlin Improves—Dr. John E. Coughlin, who has been quite ill for several days is reported improving.

To Live in Salt Lake—Mr. and Mrs. J. O. Wyatt have sold their home on Ninth avenue north and have gone to Salt Lake to reside.

Guild Meeting Called—There will be a special meeting of Ascension Episcopal Guild Saturday afternoon at 4 o'clock at the home of Mrs. Stuart Taylor in the Rex amusements. A full attendance is desired.

Suffers Injuries—Eibert Harward, aged 17, suffered minor injuries when he was struck by an automobile on Main avenue yesterday afternoon. The lad was a part of a gathering of spectators interested in a display.

Salvationists Coming—Col. T. W. Scott, provisional officer of the Salvation Army in the northwest, has written executives who had charge of the recent Elks' drive for the Salvation Army fund, telling of plans for establishing a branch of the army work here. Officers are to come here soon to look up prospects of procuring buildings.

CITY AGAIN SUED C. E. Hlebo, through his attorneys Walters and Hodgkin and C. A. Bailey, has filed an action in the district court against the city of Twin Falls for damages in the amount of \$2993.18, alleged to have been caused by the city's negligence in the use of defective pipe, resulting in the flooding of plaintiff's place of business at the time the new filtration plant and water mains were being tested.

Single Wallop Settled This Labor Dispute

NIGHT may not always be bright, but when that might propels a hefty fiat it inclines toward glowing what it seeks.

For instance a garage worker's request for nourishment for the inner man was refused in a local cafe at noon today. The refusal was offered in terms that left no doubt in the mind of the soaker after provender, or those within earshot as to the disposition of the waiter toward the garage worker during the present stress. "I don't wait on the likes of you," said the waiter, or something like that.

Two blows only were struck. The Tuxedoed man getting one on the jaw, and the other being recorded when the waiter hit the floor. A council of war was called, and it was brought to a close with the serving of the meal ordered.

SHEPARD & CO. has good farm land for from \$100 to \$175 per acre. They are ready to show it to you at any time. Call at their office at Idaho Falls. Adv.

FIRST PRESBYTERIAN CHURCH

ASHEE HARBAN BRAND, Minister

Sunday Evening, Oct. 26--7:30

New Theme

"THEODORE ROOSEVELT"

"AMERICA CANNOT FORGET HER GREAT MEN AND LIVE."

October 27th will be the 61st anniversary of Theodore Roosevelt's birth, and all America will pause to revere the memory of this illustrious son who died January 6th, 1919.

This strong, picturesque personality, has more profoundly impressed a wider circle than any of his contemporaries.

The civilized nations of mankind admired and trusted him. Scientists, hunters, soldiers, athletes, clerics, authors, judges, and multitudes of the plain people loved him.

The breadth of such a career, Jewell in pillars publicity, is overwhelming in its impression on the average mind.

How fitting, on the eve of Theodore Roosevelt's birthday, that occasion be taken to recall afresh the fundamental elements of his strength and greatness.

SEE SUNDAY EVENING SERVICE AT THE FIRST PRESBYTERIAN CHURCH IS A MEMORIAL TO THEODORE ROOSEVELT. The Public is Invited to Share in this Service.

Social Notes

Mrs. A. Pätzler was hostess at a delightful dancing party Thursday evening, honoring her sister and husband, Mr. and Mrs. A. C. Johnston, and Mr. and Mrs. Thomas Kolpfs of Ida Grove, Iowa, who are visiting here on their way to Santa Monica, Cal., where they will spend the winter. Later in the evening the guests went to the home of Mrs. H. R. Newman where delicious refreshments were served by Mrs. Newman, and Mrs. W. H. Karis. The invited guests were Messrs. and Mesdames F. F. McAttee, H. R. Newman, C. D. Anderson, E. W. Steele, L. J. Bradley, J. A. Campbell, W. H. Karis, Miss Lorraine Pätzler and Mr. Luc.

The Women's Foreign Missionary society of the Methodist church met at the home of Mrs. G. E. Duke yesterday. The afternoon was spent with the first lesson in the study book, which was on medical missions, with Mrs. Conrad L. Owen, wife of the pastor of the Baptist church in charge. About thirty-five ladies were present and the afternoon was an inspiring one.

The Presbyterian Ladies' Aid met at the home of Mrs. P. J. Costello on Second avenue west yesterday afternoon. The time was taken up with a business meeting, and afterward a social hour was enjoyed. Light refreshments were served, and a silver offering taken. There was a large number in attendance.

Chamberlain's Cough Remedy This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case. Adv.

GERMANS GLUM OVER PROSPECT

Trade Experts Pessimistic Over Outlook for Selling Dye Abroad

BERLIN, (AP)—German trade experts are pessimistic over the prospects of selling German dyes in foreign markets. Part of this is due to the passage and part to realization of the fact that the entente allies learned how to produce dyes while making explosives for the war.

It is asserted that the industry has been further harmed by the confiscation, by France, of factories for dyes and chemicals, by the seizure, by America, of German patents and their distribution to American chemists. Germany would be guilty of breach of contract if it attempted to sell dyes in the United States again. In addition to which England had American agents who had erected custom barriers making German competition impossible.

Fears are expressed that foreign countries will be able to push Germany out of the market with mass production.

MILD WEATHER IS AID TO FARMERS OF IDAHO

Agriculture Department Sends Out Statement Showing Country Conditions

Mild fall weather has been a great aid to farmers of the valley, but more rain is needed to refresh pastures and soften the soil for the winter. According to the weekly report of the United States department of agriculture, regarding its local weather bureau. The report follows:

"Most of the time the weather of the past week was mild and fair, and quite favorable for farm activities usually engaged in at this time of year. Although precipitation in more or less moderate amounts occurred in most sections of the state during the past seven days, much more moisture is needed to hasten the growth of the pastures and the range and to put the soil in better condition for plowing and seeding.

Plenty of Snow

Considerable snow fell in many of the mountain areas of the state. The mild weather that prevailed the greater part of the week was just what was needed to facilitate such pursuits as apple picking and packing, potato and sugar beet digging, and clover seed hulling, and the harvesting of what few fields of late cut alfalfa hay remain.

Rains Help Roads

"Although the roads generally show much need of improvement, they are in fairly good shape in most districts, and the movement of crops to market was not seriously handicapped in that particular; showers kept the dust down and thereby rendered the work less disagreeable. Rains were sufficiently ample in some sections to enable farmers to prepare the soil for fall seeding.

"Some prunes are being treated at the dryers, but this crop has practically all been taken care of for this year. Considerable quantities of apples yet remain on the trees in some orchards, although the great bulk of the crop has been picked.

"Potato digging has progressed rapidly, and the bulk of the crop has been harvested. In Bingham county 80 per cent of the crop is harvested, with highly satisfactory yields, one grower secured nine centners from 10 acres.

Beet Harvest is On

"Sugar beet harvest is in full swing and special effort is being made to get the beets out of the ground ahead of freezing weather. Considerable work has been done in Oneida, Bear Lake and Hancock counties, and some early sown wheat is coming up to a fine stand.

"The rains of the week improved pastures and the range, but the grass is still quite short generally. Livestock continues in good condition in most sections, and many of the cattle and feeders are being shipped."

Indigestion, Bloating, Constipation.

The Chamberlain's Tablets restore to health and happiness hundreds who were afflicted with indigestion, bloating and constipation. If you are troubled in this way, get a trial. You are certain to be pleased for they will benefit you.—Adv.

An Agreeable Surprise

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the relief it gave me. It which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this life-saver.

MONKEY FINDS HAVEN IN PIPE ORGAN'S RECESSES

Is Discovered in Basil Ciel with Two Offspring Born During Period of Hiding

SAN FRANCISCO, (AP)—Nucie, a monkey, escaped from her cage and fled into the recesses of the great pipe organ in the municipal auditorium during the California land show held here recently.

Five days later Nucie was found in the basil ciel of the organ with two offspring born during her period of hiding. Apparently the trio had not been seriously disturbed by the playing of the huge instrument. Nightly raids on the fruit exhibits are believed to have furnished Nucie with the necessities of life.

GERMAN UNITY FICTITIOUS SAYS THE FRENCH ARMY OF OCCUPATION HEAD

PARIS, (AP)—"German unity is fictitious," said General Mangin, "late commander in chief of the French army of occupation in the Rhine provinces, in an interview published in the Excelsior." "Force alone was the bond of German unity. That unity ceases when force disappears. A unified Germany will always be a peril for Europe. A federalist Germany is the only form compatible with the pacification of Europe.

"The inhabitants of the Rhineland do not want to be Prussians. It is in our interest not to force them to become so. We ought to encourage the sympathy of the Rhinelanders for France, not dream of dangerous annexation, and contribute to the creation

"NOTHING ELSE EVER HELPED ME"

This is What Mrs. Campbell Says of Tanlac—Suffered Six Years

"Of all the medicines and treatments I have taken during the past six years, Tanlac is the only one that has done me any good at all," said Mrs. Sadie Campbell, who lives at 1333 Geary Street, San Francisco, Cal., the other day.

"I had suffered so much from stomach trouble," continued Mrs. Campbell, "that I was in a very weak, run-down condition. When I began taking Tanlac, I had such little strength and energy about me that the least exertion would almost prostrate me. Every time I ate anything I would have bad spells of indigestion, and what I ate would sour and cause gas to form which made me miserable for hours afterwards. I had a dull headache nearly all the time. My liver didn't seem to act well either, and I suffered a lot from biliousness, and would often get so dizzy that I could hardly stand on my feet. My nerves were in bad condition, too, and I hardly ever got a good night's sleep.

"Then I heard about Tanlac, and thought I would give it a trial, and it certainly proved to be a godsend to me. I have only taken three bottles so far, but I feel like a different person altogether. Why, I have actually gained eight pounds already, and feel so well and strong that I can easily do all my household and get about as well as I ever did in my life. My appetite is good, and what I eat agrees with me perfectly, and I never have a sign of indigestion or sour stomach any more. My nerves seem to be in perfect condition, and I sleep soundly for eight or ten hours every night. I think Tanlac is the best medicine on earth, and I am so happy over what it has done for me that I just talk it to everybody I meet."

Tanlac is sold in Twin Falls by City Pharmacy, in Rogerson by Thompson Drug Co., in Murtagh by Murtagh Drug Co., in Filer by A. B. Wood, in Duhl by C. D. Boring Brothers Co., and in Kimberly by A. L. Stowe.—adv.

PRATT SEVERELY HURT WHEN AUTOS COLLIDE

Accident, Said to Result from Bad Driving, Has Serious Results

A. L. Pratt was severely injured when a small car he occupied was struck by a larger car, driven by W. A. Bennett, in the car with Pratt was B. B. Black, who suffered slight injuries. With Bennett in the larger machine was Dick Harrison. Neither of the latter two was badly hurt.

The accident happened on Addison avenue, the impact hurling Pratt through the shields of both cars. He was badly cut about the face. His companion was cut by flying glass, and otherwise bruised. The injured men were given attention at the Boyd hospital where Pratt is today. The condition of the latter, according to hospital attaches, is quite satisfactory, considering the seriousness of his injuries. The left ear was almost severed, and he sustained many ugly lacerations. He is said to be very weak from loss of blood, but has an excellent chance for recovery unless complications arise.

Telling of the accident Bennett says the lighter machine approached him at a speed of about 20 miles an hour, at which rate he too was driving. He says the Pratt car was on Bennett's side of the road, and failed to pull over one side to pass.

The Pratt car was involved in a stealing Wednesday night, joyriders taking it out to the city limits, where it was found in a potato patch.

WANTS GUARDIAN

Mrs. Suzu Mizuzuchi, a Japanese woman, has appealed to the probate court for the appointment of a guardian for her husband, Frank Mizuzuchi, whom she alleges is incompetent to carry on his business affairs. The application is being personally investigated by Judge O. P. Duval, of the probate court, and Frank L. Stephan, county prosecutor.

MRS. OSTROM ILL

Mrs. Arthur Ostrom, deputy in the Twin Falls probate court, is off duty today. She is suffering from an attack of grip.

FANCY PRICE PAID FOR YEARLING AT MCMASTAR SHORTHORN AUCTION

Proud Lad, Thoroughbred Sire Animal, is Feature of Thoroughbred Sale—All Other Stock Sold at High Prices—Demand for Improved Cattle Noticeable at Twin Falls Sales Event

Disposing of 33 of the 56 head of thoroughbred Shorthorn cattle at public auction yesterday, C. A. McMaster & Son set a high mark for average price per sale, the record being \$563. The total receipts were \$24,425.

The best figures attained for a single animal in this sale came through the disposal of Proud Lad, a yearling bull of direct Scotch descent. This stock animal brought \$1,700 under the hammer. Henry Bok of Caldwell made the purchase, but found in W. S. Short, of Arthur, Nevada, a keen competitor.

Later in the day Mr. Short purchased a head for his Shorthorn herd, paying \$1,100 for a bull.

Of the cows offered for sale Golden Plume, with calf running at her side, brought \$1,100, being sold to John Sommers of Filer. A yearling heifer named Matchless III, was disposed of to J. G. Hayden of Castleford for \$1,000. Lady Dale, a five-year-old cow, went to W. B. Short of Nevada for \$1,000.

Yesterday's sale was well attended. ardent supporters of the Shorthorn breed of cattle being present from many points of the country. Frank Tomson, of the American Shorthorn association, Omaha; D. C. Patton, of Chicago, and E. F. Rinehart, of the state university, were numbered among those attending.

The sale criers were E. O. Walter of Filer; Amos Miller of Caldwell; Z. S. Branson of Twin Falls and Harry Crane of New Peco.

The principal buyers were: W. S. Short, Arthur, Nev.; John Sommers, Filer; E. B. Coulson, Atterdown; Henry Beck, Caldwell; H. L. Walker, Filer; C. G. Hayden, Entwistle; E. B. Brooks, Buhl; A. M. Wilker, Twin Falls; Rich Brothers, Burley; J. E. Maxwell, Wen-E. Lutz, Elko, Nev.

Weather Man Kiddled Folks; Not Very Cold

SEVENTEEN degrees above zero has been the coldest temperature mark recorded this season.

The gentle reader doubtless assumes that the record was registered last night, but—

Gentle reader is wrong—incorrect, as 'twere.

That mark was set up much earlier in the acre and brown season, and was approached last night by a comfortable margin.

If it can be considered comfortable—of four degrees.

There was something lazy about last night's temperature; sort of a disposition to go through one rather than go around. That's rather ambiguous, but you catch the meaning, don't you?

The weather handier was caught off his base again as to prognostication for last night. He said "rain turning to snow," but—well you know.

Snow flurries with colder, predicted for tonight.

Yesterday's high temperature mark was more or less wintry, being 52. The rainfall in the past 24 hours was a mere one hundredth of an inch.

WORKERS ARRIVING IN GREAT NUMBERS

In the past 48 hours there has been a marked increase in arrivals of laborers seeking work in the Twin Falls district, according to E. E. Crabtree, commissioner in charge of the bureau of employment at the county farm bureau.

The influx comes as a relief for the situation that has caused a decided shortage of workers in industrial lines. The men coming to Twin Falls just now are registering for any sort of laboring occupations, and are reaching here from all points of the compass. Many have been sent, in the past 48 hours, to reclamation projects, where the demand for workers has been especially keen for some weeks, and where an extra effort is being pressed to get the work closed up before the winter arrives.

NOTICE

I have moved my Market Booth just across Shoshone street on Third avenue east. Leave orders for Nettle's Gems for your winter's supply. D. K. Frost. Adv.

BUILDING AND LOAN CONCERN ADVANCING

Biggest Week for the Sales of Stock Recorded—Peterson is in Charge

At a special meeting of the Twin Falls Building & Loan association held this week in the office of Secretary Frank Jochleiter, it was announced that \$28,000 worth of stock in the institution had been disposed of within the preceding week. This is the highest record for a single week with equal to first mortgage loans.

Mr. Jochleiter reports a number of sales of paid up stock to persons with sums of \$100 and up to invest. Such investments yield a rate of interest equal to first mortgage loans. Dividends are payable semi-annually.

During the past few months the growth of the association has been so rapid that arrangements have been completed whereby K. B. Peters, formerly general manager of the Pacific Building and Loan association of Tacoma, for the state of Idaho, becomes associated with the Twin Falls Building and Loan. Stock sales hereafter will be largely in the hands of Mr. Peters acting in conjunction with Mr. Jochleiter.

SCHOOLS OF CITY HONOR ROOSEVELT

Special Commemorative Exercises are Held in Academic Institutions

In the most of the city schools today programs honoring the memory of the late Theodore Roosevelt were given. Arrangements are being made for the general observance of Roosevelt Memorial exercises next Monday throughout the county. The county superintendent of schools today mailed matter to all school teachers dealing with the plan.

The local push for the Roosevelt Memorial fund will be inaugurated next Tuesday, in all probability. A meeting has been called by A. L. Swin, executive officer in charge, of the drive to be held in the Perrine hotel tomorrow. All members of this board have pledged attendance in order to formulate a plan of action.

CONDEMNATION BOARD IS NAMED BY COURT

Judge W. A. Babcock Names Commission in Development Company's Action

According to a report, filed with the county clerk and recorder today, Judge W. A. Babcock, of the district court, has appointed Oran Strong, and M. A. Thomsen, of Twin Falls, with E. T. M. Namara, of Antelope Springs, commissioners in condemnation proceedings brought by the Idaho Farm Development company against certain land owners, whose property, or part thereof, is deemed necessary to the success of the company's development scheme.

The defendants named in the proceedings are: Daniel M. Norton, with Stuart H. Taylor, guardian; Melissa Frakes, H. C. Frakes, Sarah E. Brackett, Fred J. Walters, Cristalo Walters, John McRae, B. Rogerson.

Successful Men are Always Well Dressed

Good dressing does not follow success. It precedes it, introducing the good dresser to the very opportunities which make for success.

The well dressed man usually gets an audience on his appearance alone. You can prove this, and we can help you.

We specialize in producing and reproducing perfect personal appearances, and we do this with Hirsh, Wickwire Clothes.

Hirsh, Wickwire Clothes are hand tailored. Cheap fabrics are never used in their construction. Therefore, they always look better, fit better and wear longer.

They match up and oftentimes excel the offerings of the highest priced custom tailors, and yet they are economically priced.

We have so large and so varied a showing of these fine clothes that we can practically guarantee satisfaction to any man, regardless of his physical proportions and his personal preferences as to style, fabric and color.
