PRICE FIVE CENTS

PRESIDENT VEToes PROHIBITION ENFORCEMENT BILL

JOHNSON IDEA FOR AMENDMENT IS VOTED DOWN

California's Proposal to Equalize Voting Power of Great Britain and America in the League Rejected 38 to 40

TEST UNEXPECTEDLY IS PRESENTED DURING LULL

Indications Point to Disposition Today of Moses Proposition for Which Shields Offered a Substitute

WASHINGTON, (AP)—The Johnson amendment to the peace treaty, proposing in effect that the voting power of the United States in the league of nations be increased to equal that of Great Britain and her dominions, was rejected today by the senate. The vote was 38 for the amendment and 40 against it.

The Roll Call
The roll call follows:
For adoption:
Republicans: Ball, Borah, Brandegee, Capper, Crampton, Dillingham, Fall, France, Frelinghuysen, Gurnea, Harding, Johnson of California, Jones of Washington, Keaton, Knox, La Follette, Lenroot, Lodge, McCormick, McLean, Moses, New, Newberry, Norris, Page, Penrose, Phillips, Sherran, Smoot, Spencer, Sutherland, Townsend, Wadsworth and Warren—30.

Against adoption:
Republicans: Coll, Edge, Halo, Kellogg, Keyes, McBurney, McNary, Nelson, O'Connell, Sterling, Tamm, Underhill, Vandenberg, Chamberlain, Crampton, Dial, Fletcher, Gay, Gerry, Harris, Harrison, Henderson, Hitchcock, Jones of New Mexico, Keim, Kirby, McCallister, McPherson, Overman, Pomeroy, Randall, Robinson, Sheppard, Simmons, Smith of Arizona, Smith of Maryland, Swanson, Thomas, Tamm, Townsend, Walsh of Montana and Williams—31. Total 40.

Eighteen Withhold Votes.
Of the eighteen senators not voting, Senator Walsh, democrat, Massachusetts.

RANSOM PAID, CAPTIVE FREED

Mexican Bandits Release American Consular Agent on Payment of Gold

WASHINGTON, (AP)—Release of William O. Jenkins, American consular agent at Puebla, Mexico, who was kidnapped by bandits October 19 was effected by payment of the ransom of \$100,000 in gold, the state department was advised today by the American embassy Mexico City.

Cash Source Uncertain
The dispatch did not make clear whether the Mexican government or friends of Jenkins paid the ransom and as Jenkins as to his present whereabouts to Mexico City. The official announcement of the release of Jenkins added that the message from the American embassy "says that the third secretary of the embassy, Matthew E. Hanna, who was sent to Puebla by the embassy, notified the embassy yesterday that Jenkins had sent him message from within the Mexican federal lines that the ransom had been paid to the kidnappers and that he was on his way to Puebla." The department is awaiting more details.

Detainees Released
Senator McGowan, Montana, today had the senate defer action on his resolution calling on the president to use the armed forces of the United States to rescue Jenkins. Mr. McGowan said he desired to await confirmation of the release before pressing for action.

Arizona Labor Leader Says Compromise Day Done
PHOENIX, ARIZ., (AP)—Describing the "Compromise" as "a day done," James J. Croff, president of the Arizona State Federation of Labor, in opening the annual meeting of the organization today criticized the American Federation of Labor's policy as "weak and vacillating and not affording the best protection to labor."

Declares Work Best Roosevelt Tribute
WASHINGTON, (AP)—"The best tribute to Theodore Roosevelt is to work," said Republican Leader Mondell today in answering an inquiry as to whether the house would adjourn in memory of the former president.

Scores Injured in Gotham Riot
NEW YORK, (AP)—Scores of persons were injured in a riot between 2,000 striking longshoremen and several hundred men who were on their way to work at the Bush terminal docks in Brooklyn this morning. More than fifty pistol shots were fired, and sticks, stones, bricks and clubs were used. Police were summoned and made ten arrests.

Striking Longshoremen and Workers at Docks Clash in Brooklyn.

Local Authorities Seem to Have Situation Tolerably Well in Hand; Conflicting Claims Again Feature

CHICAGO, (AP)—Leaders of the striking steel workers discussed today the probable effect of the threatened coal miners strike upon the steel industry and agreed that it would further hamper the successful operation of the steel plants.

Need for State Troops at Canton Decreasing
CANTON, OHIO, (AP)—Need for state troops, now mobilized at Akron, (Continued on Page Four)

STEEL WORKERS COUNT ON COAL STRIKE EFFECT

Leaders Agree Walkout of the Miners Would Further Hamper Successful Operation of Plants

MINERS' CHIEF DENIES WARRANT UNDER LAW FOR WILSON'S STRIKE STAND

Acting President of United Mine Workers, Threatening Tie-up of Coal Production, Expresses Astonishment at Action Taken by President; Would Use Government Power to Influence Operators and Stop Walkout

DECLARES PROSECUTION THREAT WILL NOT PREVENT OR TERMINATE STRIKE

SPRINGFIELD, Ill., (AP)—Prefacing his announcement with the statement that he had received no communication from government sources as to President Wilson's stand against the threatened November 1 strike of soft coal miners, John L. Lewis, acting president of the United Mine Workers of America, today declared "the widely heralded intimation that force may be resorted to, will not serve to allay the crisis."

"The threats to prosecute and incarcerate myself and associates will neither prevent the strike nor terminate it, if it occurs," Mr. Lewis said.

May Yet Be Avoided
"There is even yet a way in which this strike may be avoided," Mr. Lewis said. "The government should assume the coal operators and use its power to bring about a settlement of the miners a just consideration of their demands. An agreement could be reached within three days if the coal operators would approach the question in good faith and with open mind."

Automated by President
Mr. Lewis said he was "astonished to know of the action which the president has taken," and expressed the opinion that "it was not proper, and, insofar as I am aware, without warrant of law."

Defending the demands of the miners for more pay, Mr. Lewis said in several places that the coal miners had enjoyed wage increases of only thirty-seven and a half per cent whereas steel workers had been given increases averaging 40 per cent since the strike.

Wilson Misinformed
"President Wilson is incorrectly informed when he says that the proposed strike was not taken by the United Mine Workers of America. The Cleveland convention had 2,044 delegates representing local unions, called there for the specific purpose of putting on the merits of our wage demands."

MINERS ARE READY TO RENEW WAGE NEGOTIATION
INDIANAPOLIS, Ind., (AP)—While preparations for the strike of the half-million soft coal miners of the United States, ordered for next Saturday, are being continued it was said at the international headquarters of the United Mine Workers of America here today that the miners are ready to negotiate a new wage agreement between now and

(Continued on Page Four)

WET SPELL AS ACTION RESULT IS PREDICTED

Congress Must Re-pass Measure Over Presidential Opposition or Dry Regime Waits Until January

EXECUTIVE EXCEPTS TO DUAL AIM OF MEASURE

Disapproves Legislative Provision in Respect to War Time Restrictions; Proposes Separation of Subjects

WASHINGTON, (AP)—President Wilson today vetoed the prohibition enforcement bill. The interpretation of the veto in official circles was that unless congress re-passes the bill over the president's veto or immediately enacts a similar measure with broader law, there will be "a wet spell" until national prohibition becomes effective under the constitutional amendment in January.

Favor Vets Over Veto
Senate leaders who have had charge of the prohibition measure, including Sterling, republican, South Dakota, and Sheppard, democrat, Texas, said they believed the measure could be passed over the veto. They favored an "Sale of liquor remains illegal under the war time prohibition law," said Representative Volstead, chairman of the house judiciary committee. "Enforcement of the war time act will continue though the existing laws are rather inadequate and need to be amended as they should be. The enforcement of the war time act is with the department of justice."

Attorney General Palmer, it was learned, held that the enforcement measure was constitutional. (Continued on page eight)

PROVIDES PENALTY FOR EXHIBIT OF RED FLAG

Senate, Judiciary Committee Favors Legislation to Curb Radicals

WASHINGTON, (AP)—Persons exhibiting the red flag or advocating overthrow of the government will be subjected to federal prosecution under a bill ordered favorably reported today by the senate judiciary committee.

The measure, which embodies provisions contained in bills introduced by Senators Sterling, North Dakota; Walsh, Montana; and others, provides maximum penalties of \$5,000 fine and five years' imprisonment or both. Should aliens be convicted, their deportation would follow conclusion of prison term.

The bill sets forth that "it shall be unlawful for any person to advocate or advise the overthrow or to write or knowingly to print, publish, utter, sell or distribute any written or printed communication in or by which there is advised the overthrow, by force, or violence or by physical injury to persons or property of the United States," or to advocate resistance to authority by force or violence so as to prevent or delay the execution of any law.

Exhibition of any flag or emblem intended to symbolize a purpose to overthrow by force or violence either the government of the United States or all governments to which it would be a violation of the law and additional documents would be barred from the mails.

TELLS OF PACKERS' CUT INTO GROCERS' BUSINESS

Traffic Report Appears as Witness Before Interstate Commerce Commission

CHICAGO, (AP)—W. R. Scott, a traffic expert, today testified before the interstate commerce commission as to what extent the "big five" packers have cut into the business of the wholesale grocers. He appeared as chief witness for the National Wholesale Grocers Association in protesting against the "big five" superior service that putting the grocers at a disadvantage.

Beside this, the testimony showed the packers are a big factor in the preparation and distribution of evaporated and condensed milk. They also take care of 30 per cent of the cotton seed oil business.

STRIKE THREAT CENTRAL TOPIC IN WASHINGTON

Administration Officials Consider Measures to Meet Impending Situation; Senate is Cognizant

WASHINGTON, (AP)—Measures to meet the situation which would result from the threatened strike of bituminous coal miners Saturday, were considered today by administration officials.

No reply from officers of the United Mine Workers of America to the demand of President Wilson that the strike be called off is expected until after the miners executive committee meets at Indianapolis Wednesday, but meantime officials took cognizance of the statements of union leaders that it would be necessary to withdraw the strike order by November 1.

Program Not Disclosed
The administration's program for dealing with the strike actually will not be disclosed until the strike has developed.

"To announce now what the government will do in the event of a strike is to play into the hands of the Bolshevik element. If you are going to start a great offensive you do not tell the world what you are going to do."

While it is the purpose to keep a "strong hand" on the radicals, officials maintain that the situation should be exercised not to antagonize more conservative elements. In this connection they said that many of the miners demands might be just.

"If it is the means they use to obtain their demands to which we object," said one high official.

Senators Dismissed Wilson
The president Wilson's statement on the strike was commended by both Senators Thomas and Borah. The Idaho senator said the administration program announced on definite program regarding that it was the purpose to use the militia to "decimate people" he would oppose it.

Senator Borah told the senate the president Wilson's statement on the strike was commended by both Senators Thomas and Borah. The Idaho senator said the administration program announced on definite program regarding that it was the purpose to use the militia to "decimate people" he would oppose it.

(Continued on Page Five)

LONDON PRESS DRAWS PARALLEL IN CRISES IN AMERICA AND ENGLAND

LONDON, (AP)—Morning newspapers give much space to the American labor crisis and parallels are drawn with the present situation across the Atlantic in the situation of labor unrest.

The general resemblance is remarkable," says The Chronicle, which suggests some profound underlying rhythm in the situation of labor unrest.

The Daily News remarks upon the coincidence of the strike in the American bituminous field at which was announced the same week that the British miners began their campaign for nationalization of mines at a meeting held in Manchester.

WORLD NEWS EVENTS

PARIS, (AP)—The union of subway employes plans to call a strike Nov. 1 in conjunction with a strike of the unions of general transportation workers and electricians, according to the Echo de Paris.

LONDON, (AP)—The British war office in a communique issued this evening, setting forth the military situation in Russia up to six p. m. Sunday, admits that the Bolsheviks defending Petrograd have recaptured Krasnoye-Selo and Pavlovsk.

LONDON, (AP)—The aliens restriction bill on which the government suffered a defeat last week, was amended in the house of commons today, according to the government's desire. An amendment offered by Mr. Bonar Law, the government leader, was adopted unanimously.

OPENENHAGEN, (AP)—There has been a split in the German communist party, says a Berlin dispatch to the National Tidende. Eighteen out of forty-three delegates to the party's convention bolted because they considered the program of the leaders insufficiently radical. The minority, says the dispatch, favor Russian Bolshevism.

STATE TROOPS PREPARED FOR RENEWAL OF RIOTING

Knoxville Street Railway Officials Attempt Continuance of Service with Non-Union Men

KNOXVILLE, TENN., (AP)—With state troops prepared to quell any renewed rioting, street railway officials announced today they would endeavor to continue service with non-union men, whose usefulness has almost passed. After eight days idleness due to a strike, resulted in intermittent clashes through the day. Two militia companies were here and others were on route.

Governor Roberts has announced the state troops will be reinforced by regulars from Fort Oglethorpe, if necessary. It was pointed out that the cars carry mail boxes and thus perform a federal function.

ARIZONA LABOR LEADER SAYS COMPROMISE DAY DONE
PHOENIX, ARIZ., (AP)—Describing the "Compromise" as "a day done," James J. Croff, president of the Arizona State Federation of Labor, in opening the annual meeting of the organization today criticized the American Federation of Labor's policy as "weak and vacillating and not affording the best protection to labor."

SIX STRAGGLERS IN AIR RACE AGAINST BIG ODDS

Aviators Hope to Make Further Progress Despite Poor Prospects for Flying Weather

CHICAGO, (AP)—Six stragglers in the army's double transcontinental air race hoped to make further progress towards a finish today, despite prospects for bad flying weather were poor. Lieut. H. W. Sheridan, who landed at Buffalo, N. Y., Saturday and was held there by the race against Sunday flying, expected to complete the 22 miles to Mineola, N. Y., today.

Other airman eastbound are: Lieut. D. B. Gish, at Cheyenne, Wyo.; Lieut. R. M. Bagley and Lieut. C. H. E. Hart, at North Platte, Neb.; and Captain F. Steale at Battle Mountain, Nev. The only westbound flier is Lieut. R. S. Worthington who spent Sunday at Rock Island, Ill.

CHEMICAL CAR MAKERS POOL

COLOGNE, (AP)—There has been considerable agitation recently for the merging of automobile factories in Germany in preparation to meet the competition from the Atlantic which the Germans realize is sure to come.

# INDUSTRY SEEKS BRITISH FAVORS

## Manufacturers Not Given Tariff Protection Seek Place on "Key" List

LONDON, (AP)—Nearly every industry in Great Britain not favored by the protection of import restrictions is trying to have itself "keyed" on a "key" industry in one essential British industry and considered so affected by the war that it must be named back to health through the medium of government assistance.

The government did not remove import restrictions September 1 on products manufactured by so-called British industries. The result was that manufacturers forced into competition by removal of the restrictions believed their industry should have been in the favored list.

**Automobile Men Protest**

Among these are the automobile men, who have protested vigorously against American machines coming into England with a duty of 33 1/3 per cent. British manufacturers admit they cannot produce cars like the amount needed within many months, so the board of trade so far has turned a deaf ear to their protestations. In the meantime American cars are increasing in number on London's streets and one American firm advertises "delivery within" forty-eight hours after order taken.

Duty, the increase in exchange, and freight charges raises the price of an American car in London to about double the price in the United States, but that is not deterring the American men from snapping them up as soon as they arrive.

## JUSTICE DELAYED DOZEN YEARS IN MURDER CASE

### Michigan Woman is Convicted of Slaying Felician Nun Generally Believed Lost in Swamp

LELAND, Mich., (AP)—Mrs. Stanislaw Lypchinski, charged with the slaying twelve years ago at Isadore, Mich., of Sister Mary John, a Felician nun, was convicted of murder in the third degree by a jury in circuit court here Saturday.

Sister Mary John disappeared from the little convent at Isadore, August 23, 1907, and for years it was generally believed that she had become lost in a swamp.

Early last spring, however, Jacob Flores, sexton at the Isadore convent, made affidavits that he had helped transfer human bones from a shallow grave beneath the convent, to a cemetery. The bones were exhumed and with them were found pieces of the habiliment of a nun of the Felician order. Shortly thereafter a warrant was issued for Mrs. Lypchinski, who was a housekeeper for Father Andrew Blonowski, priest of the Isadore parish at the time of Sister Mary's disappearance.

Mrs. Lypchinski was placed on trial Oct. 1, and a confession which she was alleged to have made to a woman detective was introduced by the prosecution. The confession, which gave jealousy of Sister Mary as the motive, was denied by the defendant.

## BULL-RING IS SETTING FOR CARUSO APPEARANCE

### Famous Italian Singer Pleases Mexican Audience in Role of "Don Jose" in "Carmen"

MEXICO CITY, (AP)—The unusual spectacle was presented recently of 35,000 persons sitting under their umbrellas in Mexico City's famous bull ring listening to Enrico Caruso, wearing a heavy rubber cape as protection against the rain, sing the role of "Don Jose" in "Carmen." It was a picturesque spectacle for this opera in a bull ring, which until a few years ago attracted the world's best matadors and picadores.

The performance started under dark skies and during the third act a heavy rain began falling. At the end of the act the management announced that because of the rain the performance would be suspended. Five thousand persons rose in their seats and shouted in opposition until the arena shook. They demanded that the opera proceed and that the rain be stopped. The rain had ceased the fourth act was started and completed, although occasional flashes of lightning and howling winds forecast the storm that broke shortly after the finale.

Next in popularity to Caruso was Gabrielle Beanzoni, Italian contralto, who's a big "Carmen" success. Beanzoni makes her debut this fall at the Metropolitan Opera company in New York.

## FRENCH HOTELS PREPARING FOR INFLOX OF TOURISTS

BEANCON, France, (AP)—Arithmetic, bookkeeping, geography, hotel regulations, commercial correspondence, stenography, typewriting, ironing, cooking, hair cutting, sewing and washing are some of the subjects that are being taken at the school for women hotel employees here, which is releasing each week ten women ready to fill positions at hotels and restaurants in the city.

This is the first of many similar schools which are to be founded in the effort which France is making to win the tourist trade in order to look after the influx of tourists expected during the coming year.

## FRENCH CIRCULATION COUNTS

PARIS, (AP)—According to statistics recently published by the *Agence de la Presse*, the circulation of the leading papers is as follows: *Petit Parisien*, 1,500,000; *Petit Journal*, 1,000,000; *Le Matin*, 1,000,000; *Le Journal*, 1,000,000; *Le Figaro*, 800,000; *Le Socialiste*, 300,000; *Le Peuple*, 200,000; *Le Socialiste* with *Boleshevik*, 100,000.

# Tigers Strike-Bound on Coast Waterfront

SAN FRANCISCO, (AP)—The walk-out of waterfront workers here this month left strike-bound on board the frigate the *Conch* three great Manchu tigers, which for more than a week mingled their roars with the clamor of ferry boat whistles on the bay.

The owner of the tigers, a Russian who hoped to train the beasts for vaudeville entertainments, threatened suit against the steamship company for the delay in taking his animals to the diet, of rabbits.

# POLITICS WARMS UP IN FRANCE

## Several Candidates for Presidency Presented for Choice of Congress

PARIS, (AP)—After the voters of France have elected the 600 deputies of the new chamber, and the municipal and general councils have together elected 300 senators to succeed those who term to expire in the 600 deputies and 300 senators composing the parliament will meet sometime in January in the national assembly chamber, the names of Versailles to elect the tenth president of the third republic.

The joint session of the chamber and the senate at Versailles is called the congress of Versailles.

**No Advance Nominations**

There are no nominations for president in advance of the election of the members of parliament who are to act as electors, the latter being unbound to vote for any candidate according to their own personal preference in the general election and there is no presidential campaign excepting during the few days that precede the meeting of the congress of Versailles.

The names of presidential possibilities mentioned thus far are, in the order of their supposed chances:

Premier Georges Clemenceau; Senator Charles Jonart, ex-governor of Algeria; Senator Steph Pichon, minister of foreign affairs; Senator Jules Pams, minister of the interior; Paul Deschanel, president of the chamber of deputies; Senator Alexander Ribot, Deputy Rene Viviani and Deputy Paul Painlevé, all of whom are prominent; Antoine Dubost, president of the senate; and Marshal Foch.

Clemenceau a favorite.

Many politicians believe that Clemenceau's name has become prominent allowing his name to go before the congress. It is still unknown whether he wants it. There are indications that he will not wish to wear the laurels as the "winner of the war." According to gossip in the lobbies of the chamber he would be glad to have the nomination if it were offered by the choice of one of his signatures in the cabinet and has two eventual candidates in view, Pichon and Pams.

Senator Jonart has a popularity of his own. His name is mentioned with significant persistence. He is senator from the department of the Pas de Calais and he recently resigned his important post as governor of Algeria in order to devote himself to the reconstruction of the devastated area of his department, which comprises areas which were a considerable portion of the wrecked coal district. He was formerly head of the Suez canal, and he accomplished in a few months what it took the government of Greece when it seemed hopeless.

Foch, Has Supporters

There are many supporters of Marshal Foch, but respect of the "Man on Horseback" is regarded as likely to affect his chances, even if he is elected the office, which no one is yet known.

## MORE COMMUNICATION LINES ARE SOUGHT BY ALASKANS

DAWSON, Y. T., (AP)—Radio connections between Dawson and the far west points of Herald Island, Rampart House and Fort McPherson is being urged again upon dominion authorities by the Yukon Development League and others.

Only one wire has served the Yukon, the new stretch direct south through the wilderness to the Canadian Pacific railroad at Ashcroft, 1,200 miles distant, and the few lines that are connected. Even Mayo—heart of the new Yukon silver region—it is pointed out, is isolated entirely. Now the cry has come from outfitting mining camps, from persons interested in increasing the usefulness of the distant police outposts, for more communication.

## A COLD RELIEVER FOR FIFTY YEARS

### Dr. King's New Discovery has a successful record of half a century

TIME-TRIED for more than fifty years and today at the zenith of its popularity. When you think of the ailments to which you are bound, you are convinced that Dr. King's New Discovery does exactly what it is meant to do—relieves congested throats, loosens phlegm-packs, and breaks the most obstinate cold and grippe attacks.

Dr. King's is safe for your cold, for your mother's cold, for the child's cold, cough, croup, whooping, and all other colds. It is a safe, effective, and agreeable after-effects. 50c and \$1.20 bottles at your druggists.

**Bowels Act Sluggish?**

Irregular bowels, indigestion, nervousness, and disorders of the liver and stomach. Make them act as they should with Dr. King's New Discovery. Keep the liver and bowels—the system free from waste. 25c a bottle.

# DISPUTES NEWTON THEORY OF LAW OF GRAVITATION

## Italian Scientist Declares Experiments Upheld Hitherto Accepted Principles

ROME, (AP)—Newton's theory of gravitation was attacked by Prof. Majorana Sunday before a meeting of prominent scientists here. He declared experiments he had performed had upset the hitherto accepted laws governing the motions of celestial bodies.

Newton's theory, while hitherto considered absolute, is only an approximate hypothesis, according to Prof. Majorana, who supports the new theory by showing that a ball of lead floating in mercury becomes slightly lighter.

From this the professor deduces four things:

First, that bodies have both a true and an apparent mass, the true mass of a fine sun being double the apparent mass.

Second, that the stars attract other bodies with forces entirely different from those thus far admitted to exist.

Third, that the solar heat of stars is generated by the force of gravitation emanating from interior strata. From this he argues the solar system has had an immensely longer life than has been believed.

Fourth, that the evolution of the world has been closely linked to the phenomenon which he has discovered.

Professor Majorana explains by this means the fact that all stars are more or less luminous, and claims that his theory will bring about a revolution in astro-physical science.

## GRAVE ROBBING INCREASING IN MILITARY CEMETERIES

BRUSSELS, (AP)—Grave robbing in military cemeteries has become more and more frequent of late. The thefts of bodies are generally committed by persons hired by families anxious to have their dead brought to a particular cemetery or in the burial grounds of their home cities. Requests to remove the bodies have been refused by the authorities and the result is that these persons take the law into their own hands. Parents or relatives of soldiers have been frequently encountered near military cemeteries at night seeking to recover and to bury elsewhere their loved ones.

## SOUTHERN TRADERS IN BELGIUM

BRUSSELS, (AP)—A delegation from the Southern Commercial congress has arrived here headed by A. E. Tate, of Highpoint, N. C., on a tour of investigation into the economic situation of Europe, particularly with regard to extension of southern trade abroad. The party has been in England and Holland and will go to France after visiting Flanders, the devastated regions and Louvain.

## America needs the Red Cross. The Red Cross needs YOU.

America needs the Red Cross. The Red Cross needs YOU.

# GERMANS SPEND TO BEAT TAXES

## Bankruptcy Offers Opportunity for Evasion of Government Levies

BERLIN, (AP)—A brand new way has been found to beat the new Erbarger taxes, and a German nobleman, who served throughout the war as a cavalry captain, is the one who has made the discovery. It is very simple: you simply spend all your money before the taxes fall due.

The baron of ancient family, whom the correspondent has known for years, told of his plan, seemed not to care who heard him, for he spoke in a loud voice. He was immaculately clad in a new suit that probably cost 2,000 marks and wore a new pair of shoes that Berlin's most famous boot maker would make for 500 marks.

**Invests in Clothing**

"That suit is just about the finest thing that can be bought or made in Germany," said the baron. "And what is more, I have several of them. All brandy-spandy new. I have suits to keep me for the next five years."

"See those shoes?" Well, I had them made and nine more pairs. I never had so many shoes in my life, but I've got enough now to last some time. And everything else in accordance. New shirts, socks, underwear, the best that money can buy. I haven't spared a mark, because I am going to get rid of all I possess before the first of January, when I have to make my tax declaration."

The baron then continued to tell of having gone from Berlin to Cologne, from Cologne to Frankfurt, from there to another city, and finally back to Berlin, to avoid the tax collector. The agent had caught the baron finally in Berlin, had served him with the legal papers making it necessary to make a tax declaration within three months. So the baron began to see whether he could use his fortune up before that time.

**Amends to Escape**

He declared that he had served through the war and had given up his comfort, many marks for uniforms, and had had in general a wretched four or five years. He had no intention, he said, of making further sacrifices. He was going to be "broke" by January 1, and then should go to America and make a new fortune.

The baron then told of others in his class of society who were not only doing the same thing, but stuffing themselves with two and three meals of an evening just for the sake of getting rid of money, accompanying the meals meanwhile with the most expensive of the very expensive wines in Germany today.

The baron seemed to think there

would be no difficulty about getting to America, nor about his enthusiastic reception when he got there. He has been in the states before, back in the old days, when a German officer and baron was rated somewhat higher than at present, and so he pictures himself installed on a ranch as manager by some of his wealthy friends, that were, or given a banking job in a New York bank by some of the bankers he knew when he was over on business.

## STABLE BOYS DECLARE STRIKE

PARIS, (AP)—Demands of the stable boys at the Laffitte, Chantilly and Longchamps race tracks to enforce which they declared a strike, were for fifteen francs a day with food, one per cent of the stakes won by the charges they cared for, four hours work on Sunday and one day off each month. Racing has stopped at some of the tracks because the owners rejected these demands.

You've waited in the hope that the price would be lowered. Today's ads may bring you the good tidings.

**SPANISH REPRESENTATIVES**

MADRID, (AP)—Vicente de Eza, who will represent Spain at the labor congress at Washington, is president of the Spanish Institute of social reform. He will be accompanied by Professor Fossado, deputy Alfonso Sala, a wealthy Catalan manufacturer, and Largo Caballero, a former socialist deputy.

## It's the Complete Chain of boiling points in Con-O-co Gasoline that assures Satisfactory Carburetion with Minimum Adjustments

The low boiling point fractions in Con-O-co Gasoline start the engine purring at the first whir of the self starter.

The medium boiling point fractions give instant, smooth acceleration and snappy pick-ups in traffic.

The higher boiling point fractions provide maximum, steady, mile-eating power.

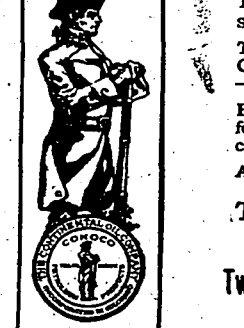

This complete, unbroken series of ignition or power points in Con-O-co Gasoline assures quick, complete clean combustion—maximum power and minimum carbon accumulations.

Every drop of Con-O-co Gasoline is straight distilled and uniform. It vaporizes evenly and completely. That makes carburetion a simple matter in both hot and cold weather.

At filling time look to the Con-O-co Soldier Sign.

# CONOCO GASOLINE

# EXPRESS FEARS FOR ARMENIANS

### Delay in Peace Conference Settlement of New Nations Fate Causes Apprehension

ERIVAN, Armenia, (AP)—Fears that the remaining Armenians within the boundaries of old Russia may be wiped out before the peace conference settles the fate of the new nations were expressed recently by Premier Khafizian, and the same apprehension is felt by American missionary workers here. Such a view, however, is not entertained by Colonel William Haskell, representing American relief organizations and also high commissioner for the four great powers in Armenia.

#### May Ask American Troops

Unless a partition of Turkey should be announced, which would still put political elements now relatively quiet, it is not believed there will be any action against Armenians in Turkey proper, but the army will patch troops into Russian Armenia. In the latter region a neutral zone was established by Colonel Haskell, who believes there will not be any serious attacks by Turks pending a settlement of the middle east question by the peace conference. He may, however, ask for a regiment of American officers to guard highways, make highways safe and protect relief workers against uncontrolled bands of Kurds and Tartars. This would also tend to strengthen the morale of the little Armenian army of 10,000 men.

Since British forces withdrew to Baku, robber bands have grown bolder and have been making attacks on bands of American and British travelers.

#### Ousting Is Considered

Consideration also has been given another temporary measure which would consist in ousting the majority of the members of the Armenian government who are charged with dishonesty, mismanagement and the exclusion of better elements of Armenians from the government. Transcaucasia will be unsettled until a definite plan is formulated by the peace conference, which may possibly be next winter, it is suggested. The British and the Cossack chief in Southern Russia, should announce that he will not enter Caucasus his action would have a stabilizing effect.

## CHILEAN WARCRAFT MOVE FOLLOWS REVOLT RUMORS

### Showdown on North Takes Steps to Give Progressive Case of Revolution in Peru

SANTIAGO, Chile, (AP)—The Chilean cruiser Esmeralda sailed northward yesterday and other units of the Chilean fleet are being prepared for sea duty. It is rumored they will follow the Esmeralda. This step on the part of Chile follows latest reports of a probable revolution in Peru and information that the Peruvian government is making military preparations in southern part of that country for the alleged purpose of driving Peruvian attention from the revolt which is said to be impending.

Officials of the Chilean government who were interviewed did not wish to commit themselves as to the sailing of the Esmeralda, further than to say that the measure was one made against possible events. Information received from authoritative sources, however, is to the effect that the government, while it does not expect a conflict, sent the Esmeralda northward in advance of the Chilean fleet to show that this country was prepared to maintain order on the northern frontier and would not permit revolutionary movements in any way to touch Chilean territory or to involve Chilean citizens or authorities.

## GERMAN OFFICIALS WILL NOT PLEDGE ALLEGIANCE

### Refuse to Take Oath of Loyalty and Insist on Right to Work for Another Government Form

BERLIN, (AP)—The members of the executive committee of the German National People's Party of Officials, those who hold state positions, have voted to sign the oath to the constitution which is obligatory for all state employees, only on condition that they are exempt from swearing loyalty and that they should be allowed to strive for another form of government other than the present.

The officials term the oath contradictory and declare that the constitution itself guarantees freedom of political views and beliefs.

The Vorwarts sarcastically says that they will not take the oath to the republic but do not want to lose their bread-winning positions.

"They could not be more nery," the paper adds. "What consideration did the monarchical system give the officials who had twinges of conscience against giving the oath to the monarch?" it asks.

There's no dissasier too big for Red Cross relief.

Self-starting. Stops automatically. A child can operate it.

## VARSITY IS EASY GAME FOR MORMON WARRIORS

### Idaho is Unable to Stem Enshing Tide of Utah's Grid Fiends

SALT LAKE, (AP)—In a game considered fast when the muddy field is taken into consideration the University of Utah football squad Saturday defeated the University of Idaho eleven 20 to 0. Trick plays, successful to a large degree, also made the game appear fast. Utah scored its first touchdown in three minutes of play but did not score again until the final period. Once, in the second period, Idaho threatened the Utah goal, but was unable to put the ball over the line. Following is the lineup:

Utah: Prouse, I; Gilmer, I; Schafsky, I; Hancock, C; Riches, R; Swan, R; Peterson, R; Romney, B; Ure, I; Anderson, R; Thompson, R; b; Leving, I; b.

Idaho: Nagle, I; Plastino, I; Fox, I; Glendman, C; Hartwell, R; Ferris, R; Evans, R; Brechman, R; Derrough, I; b; Thompson, R; b; b; Scoring by periods: 7 0 0 13—20

Utah..... 7 0 0 13—20  
Idaho..... 0 0 0 0—0

Utah scoring: Touchdowns, Romney (2); Swan. Goals from touchdowns Romney 2.

#### Brief Bits of Sport

A Hindu "wrestler," calling himself Basanta Singh, and styling himself the middleweight champion of India, writes saying he will be pleased to gratify any middleweight here.

Fast chance for Basanta.

We once called Ben the Grizzler, but after what Burley did to 'em we decided to be more moderate and called 'em the Bruins.

Since Buhl field last Friday we have decided upon Rabbits—still and all a rabbit has speed.

Perhaps better leave the naming open a bit longer, so as not to be too precipitate. Eh, wot!

Cleaning the slate Saturday Willis Hoppe won the bank-line billiard championship.

Throughout the entire tourney Hoppe displayed vast superiority over the challengers, his dexterity with the cue being equal, it is said, to the wizardry of the late Jake Schaefer or Frank Ives.

MONTANA SNOWS WALKABLE HELENA, Mont. (AP)—Recent snows have been heavy and of inestimable value to Montana. Old-timers say they spell "the end of the three-year dry period."

## AMERICAN NAVY TO GET WORLD'S BIGGEST BLIMP

### Congress Appropriates \$2,500,000 for Purchase of Giant Rigid Airship and Training of Pilots

WASHINGTON, (AP)—An early closing of the contract for the purchase by the navy of the British rigid airship R-38, the largest airship in the world, now under construction in England, is expected, it was stated at the department today. Two and one-half million dollars were appropriated by congress for the purchase of this airship for the training of pilots.

"The success," said the statement, "of the British in building and operating rigid airships, is proved by the trip of the R-34 to the United States and its return to England. While the Germans had many years' start of the British, the latter have made wonderful progress in the last few years."

"The R-38 to outward appearance will look like the R-34, but her dimensions, horsepower, speed and radius of action will be much greater. She will have a 2,724,000 cubic foot capacity, which is fifteen times that of the C-5, the U. S. naval dirigible that blew to sea and was lost last spring on the eve of an attempt to cross the Atlantic."

"The R-38 is 694 feet long, 88 feet in diameter, 83 feet 6 inches high and carries a useful load of 45 tons. She is expected to have a maximum speed of 60 knots.

Readers of store advertising understand and appreciate the fact that a merchant, in announcing price concessions, assumes a direct and inescapable ethical responsibility. No merchant who values the reputation of his store will permit the use of exaggerated claims. The people are educated as to value.

At Red Cross—the heartbeat of humanity.

## LOCKOUT LOOMS BEFORE MANY SPANISH WORKERS

### Government Authorities Concerned Over Situation Precipitated by Employers' Decision

MADRID, (AP)—More than a million persons throughout Spain will be thrown out of employment Tuesday, Nov. 4, if the decision of the congress of Spanish employers at Barcelona, declaring for a lockout, is carried out. In Barcelona alone 200,000 men and women will be affected by the decision.

Governmental authorities are concerned over the situation and are expected to exert every influence to induce the manufacturers to reconsider their action. It is declared that if the general lockout is put into effect every factory in Spain of any importance will be closed. Members of the employers' congress say the decision was taken as a protest against industrial unrest in Spain.

Syndicalists of the province of Catalonia have called a conference at Barcelona for Saturday of this week to take action on any decision of the employers' congress.

You're in mighty good company when you belong to the Red Cross.

## INTERSECTIONAL PEACE IN CHINA DEADLOCKED

### Representatives of Southern Government Refuse to Meet Delegates of Peking Administration

PEKING, (AP)—The intersectional peace conference at Shanghai is still deadlocked owing to the refusal of representatives of the southern government to meet the delegates of North China, Wang-I-Tang, who has intimated his preparedness to disclose all secret treaties and agreements which have been arranged by the Peking administration.

Tang Shao Yi, leader of the southern delegation, suspects "duplicity" and declares the number of such agreements mentioned by Wang-I-Tang to be incomplete. The president is continuing his efforts to secure sympathetic co-operation between the northern and southern leaders, although this policy is said to be opposed by the pro-Japanese militarists.

No, you do not pay ANY of the cost of advertising. The patrons of non-advertised stores always pay penalties for the old-fashioned policies of the merchant.

MEMBER OF ASSOCIATED PRESS

THE PRESIDENT'S DECLARATION President Wilson's declaration in connection with the threatening strike of bituminous coal miners is one generally welcomed with feeling of relief by most Americans.

Declaring that the projected strike under present circumstances "not only unjustifiable, but unlawful," the president again points to his suggestion for a plan by which a settlement may be reached, holding himself in readiness at the request of either or both sides to appoint at once a tribunal to investigate all the facts with a view to aiding in this end, and then, looking toward the possibility of another failure of settlement by means of arbitration, he declares, "I can do nothing else than to say that the law will be enforced and the means will be found to protect the interests of the nation in any emergency that may arise out of this unhappy business."

The president's threat—if it is to be construed rather as a threat than as a promise—is not to be regarded as being directed only against one side or another in the controversy and impending calamity.

The administration's program for dealing with the strike naturally has not been disclosed, but it is entirely unlikely that such program contains elements of greater comfort to the mine operators, as such, than to the potential strikers, as strikers.

The situation is one calling for plain words and the relegation of camouflage; and the president, so far, has fully met the exigencies of the situation.

Disagreement with the president in the stand he has taken is to be expected only on the part of another class, cut off from need or possibility of communication with all others of his kind and plentifully supplied with every material requirement.

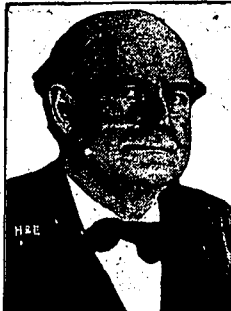

A NATIONAL ENTERPRISE

One of the most inspiring thoughts that can come to any community where subscriptions to the Roosevelt memorial fund are being taken is that which comes from the realization that the work is going on this week in every part of the United States. It is a project in which cities, towns and villages, north, south, east and west have joined hands with one great impulse for their common motive.

The fund is thus given a significance that it could not have if sturdy local funds were being raised for as many local memorials. Co-operation throughout the country will make possible a memorial that will perpetuate the name and ideals of Roosevelt on the scale that they deserve.

WHO'S WHO in the WORLD

BRYAN FINDS 1920 GETTING NEAR

William Jennings Bryan is back in the public eye again, this time in the role of assessor of the National Security League. He finds his ammunition in the report of the special committee to investigate the National Security League, submitted to the house of representatives on March 3, 1919.

"Here we have it; the secret is out. The men connected with the league as supporters or officials represented almost every predatory interest and favor-seeking corporation. The questions indicated that the two things uppermost in the minds of those in charge of the league's activities were first, the protection of the meat packers, and second, opposition to government ownership of the railroads, and to this may be added the

transfer of income tax from the rich to the poor.

"The foresight of the league must be admitted; the department of justice has announced its intention to prosecute the packers for violations of the antitrust laws, and the question of government ownership of the railroads is now before congress."

characteristics that we would like to have identified with the word American.

EXCLUDE JEWS FROM SCHOOLS

VIENNA, (AP)—Despatches from Budapest say the Budapest University has been closed at the demand of Christian students in order to prevent Jewish students from taking examinations for degrees. The grammar schools of that city were closed to Jewish students today.

MINERS' CHIEF DENIES WARRANT

November 1 that will avert the strike. "We don't know what the week will bring," said Ellis Searles, editor of the Mine Workers' Journal, the official publication of the organization.

"We know this, that the miners are willing—and have been—to negotiate a new wage agreement between now and Nov. 1. And we do know that the operators have refused. They have rejected proposal after proposal.

"Now, if the government would use its own amount of pressure on the Mine Workers of America, there would be no trouble in bringing about a settlement. The government could bring the operators into conference easily.

"The organized miners do not want to strike—it is a last resort. We hope the operators yet may be induced to meet the miners and reach an agreement which will make the strike unnecessary.

"We want the public to know that the miners have done everything in their power to bring about a conference so that a new wage agreement could be negotiated and the strike avoided. But the operators seem determined to force a strike in order to maintain the high price of coal at the mines."

Affairs Big Production

He estimated that between 600,000 and 600,000 men would walk out, and added that the government estimated that the shut down would cut off 80 per cent of the bituminous coal produced in the United States.

The strike, according to Mr. Searles, would affect the partially organized fields of central Pennsylvania, parts of West Virginia, excluding the Potomac gas field which is not organized; portions of eastern Kentucky and Tennessee, Alabama and Colorado, and all of the 100 per cent organized fields which include Ohio, Indiana, Michigan, Illinois, western Kentucky, Missouri, Kansas, Oklahoma, Montana and Washington.

LEGAL ADVERTISEMENTS

NOTICE TO CONTRACTORS

Notice is hereby given, that the Mayor and Council of the City of Twin Falls, Idaho, will receive and consider sealed bids and proposals, on the 3rd day of November, 1919, at the hour of 8 o'clock p. m. of said day, at the Council Chamber, in the office of the City Clerk of said City, in the Water Works Building, at the corner of Second Avenue North and Second Street North in said City, for doing the work and furnishing the material in improving certain streets and avenues and parts of certain streets and avenues in the City of Twin Falls, Idaho, by grading, paving, curbing and surface draining the same, which streets and avenues and parts of streets and avenues, so to be improved, are specifically described and set forth in Ordinances No. 450 1-2, 268, and 274, which ordinances respectively describe and set forth the boundaries and limits of the streets and avenues above described at which place access to the same can be obtained.

Plans and specifications of said improvements are on file in the municipal office of which the same are to be constructed can be obtained and ascertained from the City Engineer of the said City of Twin Falls, at his office in the Water Works Building, the corner of Second Avenue North and Second Street North in said City, and copies of said plans and specifications from said engineer upon the deposit of ten dollars which will be returned and refunded upon the return of said plans and specifications.

Work on the part of the street shall be commenced and the same shall be finished at such times as the Mayor and Council shall designate.

Each bid proposal must be accompanied by a certified check upon some reliable bank, payable to the City of Twin Falls, or order, in an amount equal to ten per cent of the amount of the entire contract. In the event that the successful bidder does not enter into a contract with the said City for the making of said improvements, the said check will be retained by the City and the said bidder shall forfeit the same to the City.

The person, firm or corporation obtaining the contract for the construction of said improvements will be required to furnish the City, at or before the time of the delivery of the contract, with a good and sufficient bond, in some reliable surety company, in an amount equal to sixty per cent of the entire amount of the contract price, conditioned for the faithful performance of all of the conditions and terms of the contract by him or it to be performed, and conditioned further for the faithful performance of the terms and provisions of the statutes of the

State of Idaho in such case made and provided.

Payments upon the said contract will be made as follows: 90 per cent of the City Engineer's estimate of the amount earned under said contract during each calendar month will be paid on the first Tuesday after the first Monday of the following month, and so on each month; the ten per cent earned until the completion of the contract and the acceptance of the work by the City Engineer.

The Council reserves the right to reject any and all bids.

W. H. ELDRIDGE, Mayor.

Attent: W. A. MINNICK, City Clerk.

(SEAL)

Today's Markets

RAILS OVERSEAS STRIKE NEW YORK, (AP)—Vigorous rallies from last Saturday's sharp setback occurred in today's active stock market. Advances in various speculative issues ranged from 1/8 to 3/8 points. Sales approximated 1,850,000 shares.

Grain and Provisions CHICAGO, (AP)—Decided strength manifested itself today in the corn market, and there was active buying on the part of commission houses and shorts.

On the advance, December delivery reached the topmost point since September 24. The market closed unsettled 1-8 to 3/8 higher, including December at 71 3/8 to 1 1/2, the market continued to harden.

Omaha Livestock OMAHA, (AP)—Hogs—Receipts 3500; market 25 to 50c higher; top \$13.05; bulk \$12.75 to 13.25; heavyweight \$12 to 13.25; lightweight \$13 to 13.50; heavy packing sows smooth \$12.75 to 12.85; packing sows rough \$12.25 to 12.75; pigs \$12 to 14.00.

STEEL WORKERS COUNT ON COAL STRIKE EFFECT

(Continued from page one) twenty miles away, to take charge of the steel strike situation here, was said to be decreasing. No disturbances occurred this morning during the changing of shifts at the plants.

The governor's representatives stated that local authorities appeared to have the situation tolerably well in hand and that state troops probably will not be needed unless the situation reverts to the riotous conditions of last week.

Workmen in considerable numbers were seen entering the plants of both the United Alloy Steel corporation and the Stark Rolling Mill company today. The few pickets on duty did not interfere and appeared content to count the workmen.

STRIKERS ARE CHARGED WITH ATTEMPT AT ARSON YOUNGSTOWN, OHIO, (AP)—An attempt, believed to have been by strikers sympathizers was made last night to burn down the police sub-station in Hamilton, this city. In an upper room in the burning building, oil soaked waste was scattered, yet little damage resulted. Two additional blast furnaces were operating this morning, one at the Ohio works, and one at the sheet and tube plant.

SUPREME COURT RECESSES WASHINGTON, (AP)—The supreme court recessed today until Nov. 10.

Price of Milk To Be Boosted November First

PEOPLE are turning to condensed milk.

The quotation in a headline appearing in a country paper where the folks are best by the ever ascending cost of living, and had turned to the excellent of consuming condensed lactical fluid rather than pay a higher fee for the regular dairy product.

And the same situation faces Twin Falls people, for at least one dairymen hereabouts is planning a boost of prices.

This one dealer in milk has made arrangements to put the new schedule of figures into effect beginning November.

"Please cut me off your list," was the curt order the milkman found in more than one bottle when he made his rounds this morning.

PERSONALS

KIMBERLY OFFICERS RAID GAMBLING SHOP

Fourteen Mexicans Taken in a Couple of Forays—Bonds Forfeited Today

Gambling is taboo in Kimberly, no matter how it is looked upon in other communities of the county.

Thursday eight persons were arrested by municipal officials, and last night six more were embraced in the clutches of the law's minions.

The 14 persons arrested were all Mexicans, who were captured in a native game with United States money as the stakes.

All the men were placed under cash bond to appear before Justice of the Peace William Martin today, some this morning and some this afternoon. Only one or two appeared this morning, these paying a fine.

CUBA HOLDS SUPPLIES OF SUGAR FOR AMERICANS

WASHINGTON, (AP)—Cuba will hold its supplies of sugar, though to meet American demands until the next crop is produced, is held in Cuban warehouses, said a cablegram today from President Alvaro Garcia, of the Cuban Sugar Manufacturers and Planters association to Chairman McNary of the senate sugar investigating committee.

"Cuba is willing on reasonable returns to protect future contingencies," said the cablegram, "but the blame is not with Cuba, which should not be penalized because the American market is unbalanced."

# GERMAN PEOPLE ARE OPTIMISTIC

### Oiling to Hope that America will Grant Credits Despite Financiers' Views

BERLIN, (AP)—Pessimism of many financial writers about the industrial future of Germany is in sharp contrast to the general optimism of the people, who ardently cling to the hope that America will sooner or later grant huge credits, and who overlook the fact that American capital is still shy of German loans.

One of the most important German industries is the textile industry and those interested in securing raw materials at the earliest possible moment, or the credit with which to buy them, are gradually more and more alarmed at the colossal smuggling through the occupied territory, for it indicates to them that England, France and to a lesser extent America, want to swamp Germany with manufactured goods and will withhold raw materials as long as possible.

Germany had succeeded in the summer of 1918 in mitigating the dislike for cloths made of paper, but hardly was this dislike gone than the armistice came, and the well paid workmen and others preferred to pay the enormous prices for foreign textiles, enormous partly because they came from the countries where prices are higher than in Germany and partly because of the low exchange value of the German mark.

It was this influx of textiles primarily that induced Finance Minister Brüning to make cotton an essential gold obligatory for he believed that that would in some measure be a drawback to would be importers. Financial experts, however, doubt whether this measure will be sufficient to prevent a ruinous flood of textiles, already manufactured, before Germany can secure its necessary credits.

### APPEAL FOR RESCUE OF DAUGHTERS IN HAREMS

#### Turkish Armenian Refugees Ask American Red Cross to Free Girls Held in Slavery

TIFLIS, ARMENIA, (AP) (Via Paris)—Turkish Armenian refugees whose daughters were saved from death for a life of slavery in Turkish harems, have appealed to the American Red Cross for aid in their quest for freedom. It is estimated by officials of the Armenian government that 30,000 girls are still held in slavery. An executive committee has drawn plans for their liberation has been named and will start work at once.

These girls, daughters of refugees from the Van and Erzerum provinces, appeared during the massacre of 1918. Nothing was heard of them for months and it was believed they had been sold by the Turks.

Recently pitiful appeals for liberation have been coming from them from the Turkish harems of Anatolia and European Turkey. Most of the girls declare that they have not changed their religion.

### AMERICAN FLAG HISSED WHEN SHOWN IN FIUME

#### Theatre Audience Expresses Disapproval of Interference of United States in Situation

FIUME, (AP)—The American flag was hissed when it was unfurled last evening in the audience here, and when the Star Spangled Banner was played by the orchestra the audience cried: "Down with America! Down with Wilson! Long live Greater Italy and Fiume!"

Several scores of American sailors who were present and who stood up when the American flag was shown, were played also were hissed and stinging remarks were directed at them.

The demonstration occurred when an English company presented a "parade of the allies," during which the appearance of the Italians only was applauded.

### WAR ON FOOD SMUGGLERS

#### German Authorities Strive to Prevent Traffic of Rhineland Farmers

DUSSELDORF, (AP)—Along the entire Rhineland-Holland border from Aachen to Cleve the smuggling of foodstuffs from this year's harvest has been taking place recently and the German authorities have been compelled to take extra precautions in efforts to stop the traffic. By the arrest of smuggling from Germany into Holland, which has been carried on the Rhineland farmers have been receiving at least double the price for their produce, and the Dutch buyers make handsome profits due to the high exchange value of the gulden compared with the mark.

Patrolize the largest local cash buying organization in this part of the state when you have hay, grain, potatoes, beans or onions to sell. We are here 12 months in the year—Adams Produce Company, Newton O. Hall, Mgr. Telephone me at the residence of 445 E. Adams.

# STARVING JEWS STUDY TALMUD

A Jewish School in Poland

Nathan Straus

Julius Rosenwald

War and constant fear, and widespread disease, and general starvation have not been enough to make the unfortunate Jews of Poland and the rest of eastern Europe forsake their ancient love of education and orthodox religious training, according to Sholom Asch of the Yiddish post who recently returned to America after several months in eastern Europe, as a commissioner for American Jewish relief agencies. Jewish schools are still in operation in towns where the children have had no food for two days. Asch and his helpers, bend their backs or with their feet wrapped in old rags, whose one meal of the day is the cup of soup that they get from the American relief agencies. Their heads over the Talmud in every little town in Poland. Returning refugees hunt a place for a synagogue and some kind of school for their children, before they so much as find a roof to sleep under, according to Mr. Asch.

"Neither the epidemics of war, nor the ever-present fear of pogroms, nor the pangs of hunger have so far been able to break the Jewish spirit, or to extinguish the light of Jewish faith." Mr. Asch declared, upon his return. "Not only did the rabbis and the heads of the great synagogues of Telsin, Hlohoki, Kovno, and other places in eastern Europe, at once re-open their schools and resume teaching, when they returned from exile, but in every little town to which the Jews returned, their first concern was for the education of their children."

Nor are the myriads of orphans forgotten. Thousands of these youngsters live and sleep on the streets. There are 75,000 of them in eastern Europe now, a number far greater than the established Jewish orphanages are able to care for. In Poland alone there are 800,000 Jewish youngsters whose destitute parents are unable to feed them, and who depend upon American Jewish relief

agencies for the varied necessities of life. Louis Marshall is the chairman of the American Jewish Relief Committee, the largest and most important Jewish relief organization in the United States, which is asking a total of \$35,000,000 in order to look after these children, as well as the starving Jewish elders in eastern Europe, during the coming year. Other prominent Jews of the committee are Jacob H. Schiff, Nathan Straus, Judge Julian W. Mack, Felix M. Warburg, Cyrus L. Sulzberger, Arthur Lehman, all of New York; Dr. Cyrus Adler and Jacob D. Lit of Philadelphia, and Julius Rosenwald of Chicago.

# NEW NATIONS BUILT ON UNSTABLE FOUNDATIONS

### Changes Inevitable in Governments of Poland, Czecho-Slovakia, Austria and Hungary, declares American Official on Return from Tour Through these Countries; Gives Reasons

PARIS, (AP)—An intimate view of conditions in eastern Europe is given by an American official just back from a tour through Poland, Czecho-Slovakia, Austria, and later a visit to the Hungarian capital at Budapest. He says: "It seems inevitable that changes must occur in the governments of all these new states of Europe. None of them is stable. Everywhere is the intrigue and struggle for power and place on the part of cliques and individuals and beneath is the unrest and discontent of the masses. National independence has not brought peace and constitutions do not furnish bread."

**Paderewski Opposed**  
"In Poland a strong opposition to Mr. Paderewski has developed. Besides this, Paderewski suffers from hunger this winter. If people are supporting an army out of all proportion to the population to guard her frontiers, and any incident may bring the Czechs or Germans to the Teichen question is acute and both countries are aflame. I doubt a plebiscite will settle it satisfactorily or permanently."

"In Czecho-Slovakia there is strong opposition to the present government, which lacks strength in its personnel. The danger there lies, however, more in the growing jealousy of the Slavs. They have been very thoroughly subordinated and resent the arrogant attitude of the Bohemian people. As a result of the drastic anti-German policy of the government is a source of danger. Czecho-Slovakia, in a physical sense, betrays off her country. The government that country should survive and prosper. Her danger seems to lie in probable racial antagonisms with resulting political confusion."

**Hungary's Downfall Expected**  
"As for Hungary, few people here believe it will survive as an independent country. Eventual union with Rumania seems now inevitable, either with its own king as vassal, or simply part of the empire. The Rumanians were quick to see the powerlessness of the allies and simply disregarded the communications from Paris. The so-called inter-allied military mission, headed by A. L. D. (the real), is a farce. The other day a letter was sent to the Rumanian commander by this mission, written in English, and he handed it back with the remark to communicate with him in a language understood by civilized people."

Another Rumanian personage revealed that the Paris conference has sent there a very impolite note to which they were forced to reply in

death rate is high, and the streets are literally filled with beggars, men and women and children. Highway robbery is prevalent, smuggling rampant and there are signs of revolution unless conditions quickly mend.

**People Want Monarchy**  
"The hearts of the people seem to want a monarchy. They have not enough of republicanism. Well-informed people say a coup d'etat is not impossible. It would not take much to place a king back if he were a strong man with quality of leadership. In any event the reactionary element is strong and growing stronger in the absence of leadership, in the present government."

"The Austrians are hopeless regarding their future and see only a union with Italy or Czecho-Slovakia if they are to survive. The country is bankrupt, stripped of its resources by the peace settlement, and the people are too worn out to fight. In spite of the treaty there is a feeling that some way will be tried to bring about union with Germany."

### ROYAL RELICS SALE OPPOSED

VIENNA, (AP)—The decision to sell the art treasures and historical relics of the former royal family of Austria is meeting strong opposition. The city council today passed a formal resolution of protest asserting that the money so obtained would buy food for only a few months, while these articles are Austria's pride and inheritance.

Keep posted about goods, prices and opportunities to buy through reading the ads.

# STATE SELLS 25,000 ACRES

### In Month of September Land Office Did Thriving Business as Reported

BOISE — (Special) — During the month of September the state land department disposed of 25,000 acres of Idaho land, according to a general report of the month, rendered to and approved by the state land board at a recent meeting. The report tells of the issuance of 22 deeds and the assignment of 61 sales certificates.

Land selections in Idaho amounted to 4,175 acres, 1,596 of which were handled by the Idaho land office and the remainder by the Blackfoot office. The land department issued signed leases for 8,678 acres in lots varying from 40 acres to the maximum allowance of 1,250. Five assignment certificates have been approved by the board.

The land sale total for September was made up of the following total disposals:

September 2, Shoshone county, 1,741.25 acres; September 4, Kootenai county, 820 acres; September 6, Bonner county, 4,394.70 acres; September 22, Valley county, 7,212.44 acres; September 23, Owyhee county, 10,018.44 acres.

**International Expositions.**  
The first international exposition in this country was held in New York in 1853. The centennial exhibition took place in Philadelphia in 1876, the World's Columbian exposition in Chicago in 1893, the Pan-American exposition in Buffalo in 1901, Louisiana Purchase exposition in St. Louis in 1904 and the Panama-Pacific exposition in San Francisco in 1915. These were the most important exhibitions having an international character.

# AN OLD RECIPE TO DARKEN HAIR

### Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

"SHEPPARD & CO. has good farm land for from \$100 to \$175 per acre. They are ready to show it to you at any time. Call at their office at Idaho Falls."—Adv.

LEGAL ADVERTISEMENTS

NOTICE TO CONTRACTORS Sealed proposals will be received by the Commissioner of Public Works of the State of Idaho, at the office of the Commissioner, Boise, Idaho, until 2 o'clock p. m. on the 5th day of November, 1919, for the construction of 8.4 miles of the Sawtooth Park Highway between Shoshone and Richfield, in Lincoln county.

Bids will be opened and publicly read at the above stated hour. Plans, specifications, form of contract, proposal forms and other information also changed, three copies of the same, may be obtained at the office of D. P. Olson, Director of Highways, Boise, Idaho, and at the Division Engineer's Office at Burley, Idaho.

Proposals must be made on the forms furnished, and must be signed by the bidder with his address. The right is reserved to reject any or all bids, or to accept the bid or bids deemed best for the State of Idaho.

No bid will be considered unless accompanied by a certified check, on some bank in the State of Idaho, made payable to the Commissioner of Public Works, in the amount of five per cent of the total amount of the bid. This certificate is to become the property of the State of Idaho, not as penalty but as liquidated damages if the bidder, upon acceptance of his bid, fails or refuses to enter into a contract within ten days (not including Sunday) after presentation of the contract by the Commissioner of Public Works.

A bond with a surety company, authorized to do business in the State of Idaho, and satisfactory to the Commissioner, will be required for the faithful performance of the contract, in the sum of fifty per cent (50 per cent) of the total amount of the contract price for each mile of the road to be built.

It is the purpose of the Commissioner to build the road in the shortest time consistent with good construction, and complete and well designed equipment and effective organization will be insisted upon.

W. J. HALL, Commissioner of Public Works. Dated: Oct. 18, 1919.

NOTICE TO CONTRACTORS

Notice is hereby given that sealed bids will be received up to and including 12 o'clock p. m. on the 5th day of November, 1919, by W. A. Minnick, City Clerk, at the Water Works Warehouse Building, 160 2nd Ave. North, for the furnishing of materials and construction of a new room below for the Water Works Filtration Operator at the Water Works Filtration Plant.

Plans and specifications may be obtained at the City Clerk's Office by depositing \$1.00. Same to be refunded on the return of plans.

W. A. MINNICK, City Clerk.

"To judge with candor and speak no wrong. To support against the strong. To soothe the wretched and the poor Will cover many an idle, foolish deed."

THE SEASONABLE WORD.

In the autumn, when there is such an abundance of vegetables, the frugal housewife will provide for winter, when there is less of a choice.

Olive Oil Pickles.—Take 100 small cucumbers sliced thin, leaving on the peeling, three small onions sliced thin, three ounces of white mustard seed, one ounce of celery seed, one ounce of white pepper, two scant cupfuls of olive oil. Add one and two-thirds cupfuls of salt, and add to the cucumbers; let stand three hours. Let the sliced onions stand in cold water three hours. Drain well, and mix the onions and cucumbers with the oil and the spices. Put into jars, and fill the jars with good vinegar. Keep in a cold place. Good in 10 days.

Corn Relish.—Put corn from twelve ears, chop one small head of cabbage, sprinkle salt over the cabbage, mix well and let stand three hours. Drain off the water and put corn and cabbage together; add one cupful of sugar, two quarts of vinegar, one-half cupful of mustard, four small red peppers chopped. Cook all until tender. Then put into sterile cans and seal.

Piccaililli.—Take two gallons of green tomatoes chopped fine, eight large onions also chopped, three quarts of vinegar, six tablespoonfuls of mustard seed, one tablespoonful each of cloves, allspice and mace, one tablespoonful of celery seed and two pounds of granulated sugar. Let the tomatoes and onions stand over night, sprinkled with salt; drain in the morning and mix with the spices and boil until tender.

Mint Vinegar.—Put into a quart jar enough fresh mint, carefully washed and dried, to fill it loosely, fill up with vinegar and let stand well covered for three weeks. Strain, bottle and cork, and the flavored vinegar will keep for years. Tarragon, chervil or any other herb may be used in the same manner.

Mushrooms make fine catnip. Arrange in layers in a salt and let stand over night. Drain and cook with spices as one's taste desires.

Nellie Maxwell

Thought She Was Serving. We took our 3-year-old son to a cafeteria for supper the other evening and when he saw me going around with the tray he said out loud: "Mamma, are you working here now?" —Exchange.

ALBERTA LANDS

530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district, 300,000 acres will be under irrigation. The balance is being sold for grain growing.

The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point.

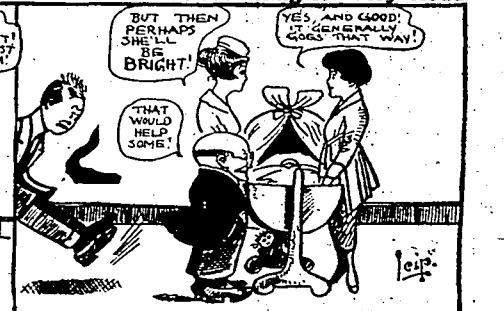

Dry lands are being sold at \$15 to \$30 per acre—Irrigable lands \$40 to \$60 per acre, which includes water right—operation and maintenance charge \$150 per irrigable acre per year—easy payments and low interest.

Alfalfa, grain, field peas, potatoes and root crops can be successfully grown.

Write direct to the company for full particulars and pamphlets.

IDAHO FORESTS WERE POPULAR

Official Records Show 15,000 Campers in Sawtooth During 1919 Season

The past summer has seen all records broken in the number of campers and hunters using the Sawtooth forest as a vacation ground. While Snake river communities have furnished the largest proportion, over twenty states are represented in the list of visitors...

During the summer substantial progress in recreational improvement work was made under the direction of Deputy Supervisor George Taylor...

Many From Twin Falls Twin Falls residents were largely represented in the list of visitors taken from the five tenting districts maintained at the principal entrances to the forest...

W. A. Babcock, county auditor, has issued an injunction against Peter Worrell, farmer, to prevent interference with the highway district.

HITE PAYS FINE P. J. Hite, an employee of the Amalgamated Sugar company, was also cited the police court this morning for a charge of speeding on Main avenue south.

PRESIDENT VETOS PROHIBITION LAW (Continued from Page One)

Text of message The president's veto message follows: To the house of representatives: I am returning without my signature H. R. 8810, "an act to prohibit intoxicating beverages, and to regulate the manufacture, sale and sale of high proof spirits for other than beverage purposes, and to insure an ample supply of alcohol and promote its use in scientific research and in the development of fuel, dye and other lawful industries."

The subject matter treated in this measure deals with two distinct phases of the prohibition legislation. One part of the act under consideration seeks to enforce war time prohibition. The other provides for the enforcement of that which was made permanent by adoption of the constitutional amendment. I object to and cannot approve that part of this legislation with reference to war time prohibition.

It has to do with the enforcement of an act which was passed by reason of the emergency of the war and whose object was to be satisfied in the demobilization of the army and navy and whose repeal I have already sought at the hands of congress. The purpose of particular legislation arising out of war emergency have been satisfied, sound public policy makes clear the reason and necessity for repeal.

HANSEN BRIDGE COMMISSION WINS ACTION AGAINST MINIDOKA COUNTY

Judge W. A. Babcock Finds for Plaintiff in Suit to Compel Payment of Assessments for Construction of Suspension Crossing Over Snake River—Sum of \$7,750 Involved

Decision favorable to the Hansen bridge commission has been rendered by Judge W. A. Babcock against the commissioners of Minidoka county. The finding was made known Saturday afternoon, Judge Babcock so advising Walters and Hodgins, attorneys for the plaintiff bridge commission.

The litigation grew out of the construction of the Hansen bridge. The legislature in 1917 passed an act creating the Hansen Bridge commission under the provision of the act, the county commissioners of Twin Falls county and the Hilldale highway commissioners of the Hilldale highway district of Minidoka county, composed the bridge commission.

The commission was duly organized under the act, but before a contract could be let for the construction of the bridge, the price of materials and labor had so increased that it was necessary to raise an additional amount in order to maintain the contract for the construction of the bridge. The commissioners of Twin Falls county took the initiative in the matter of raising additional funds necessary and invited the commissioners of Minidoka county and the highway commissioners of the Hilldale highway district to meet with the board of county commissioners of Twin Falls county for the purpose of discussing the situation.

WORRELL IS ENJOINED BY HIGHWAY DISTRICT

Court Issues Injunction Against Farmer to Prevent Interference with Road

Complaint was filed today in the district court by the Twin Falls highway district against Peter Worrell, and others, to compel the defendants to remove certain obstructions placed on the highway adjoining defendant's lands. The action was initiated by Walters and Hodgins, council for the highway district.

GROGGY ON ORDER Richard Miller, a laborer, was arrested Sunday night on charge of drunkenness. Miller was lodged in the county jail and is to have a hearing before the police magistrate this afternoon. His plea is to have become intoxicated on sweet cider.

MORE DRASTIC TRAFFIC LAWS WILL BE SOUGHT

Sheriff Sprague Tells of Demands to Be Made at the Legislatures

That an urgent appeal will be made to legislators during coming sessions for unified traffic laws, and that between this time and the next assemblies every possible effort will be made to get all western states to adopt a traffic law system, to be operative as well in one state as in another, is word brought by Sheriff A. N. Sprague, who returned Saturday from a meeting of the National Traffic Officers' association, held in Portland last week.

BRINGS SUIT ON ACCOUNT The Boise-Payette-Lumber Company has instituted suit in the district court against L. L. Hill, alleging the latter has an unpaid account with the lumber company of \$260.

Shivery Cold Marks Change of Time Plan

SAGE of the weatherworks predicted "fair and warmer for Saturday night and Sunday."

The wind it blowed, and blowed and blow; And the snow it snowed, and snowed and snow.

Perhaps the repeal of the daylight-saving notion had something to do with it, or it may be an equinoctial condition. Anyway—In Twin Falls city proper yesterday—rather last night, the mercury fell precipitately to 22 above zero tightening up an icy cover on ponds and such.

CITY AND COUNTY LOSE BY ENSIGN'S DECISION

District Court Jurist at Shoshone Orders Assessments Annulled

In a decision rendered by Judge I. F. Ensign, seated in the district court at Shoshone Saturday afternoon, certain assessments against Twin Falls property owners for proposed improvements, have been ordered expunged from the records of both the municipality and the county. The decision was handed down in actions brought jointly and singly by against the city administration and against certain county officials, including the county clerk and the county treasurer.

Mrs. G. E. Geyer of Bozeman, Montana, will give a talk to business men of Twin Falls this evening at the Exchange Realty Co. office at 8 o'clock. She will explain the credit rating system.

HELS TO ENTERTAIN

Invitations have been sent out by the Elks for a Halloween mask party, to be given Thursday night in the club.

GARD OF THANKS We, as husband and children, desire to thank our hearts thanks to the friends and neighbors for assistance rendered and sympathy shown in the death of one who as wife and mother was near and dear to us, also for the beautiful floral offerings.

LICENSED TO WED James Weaver, aged 39, and Anita Richardson, aged 35, both of Eagle, Idaho, this morning took out a marriage license. They are to be married today by the bishop of the Mormon church.
