PRICE FIVE CENTS

MINERS DEFY GOVERNMENT STRIKE RESTRAINING ORDER

PERSHING DOES NOT AGREE WITH ARMY PROGRAM

Commander of American Expeditionary Forces Takes Issue With War Department Recommendations... SAYS PERMANENT FORCE OF 500,000 EXCESSIVE

Proposes Outside Force of 375,000 or Less; Is in Favor of the Trained Citizens Reserve

WASHINGTON, (AP)—Disagreeing with war department recommendations for a permanent army of 500,000 men, General John J. Pershing today took a joint meeting of the senate and house military committees that he thought the number could be placed at "an outside figure of 375,000 to 300,000, and possibly less."

General Pershing appeared before committees considering a permanent military policy. "Military training makes better citizens," he declared. "It increases their physique, it broadens their views of life and it is democratic."

With universal service, he continued, "the military establishment could be made up first of a small party of regulars, sufficient to handle expeditionary forces, which may be called out to sustain our obligations to defend our continent" and to garrison outlying possessions.

General Pershing discussed in detail the peacetime army organization. "In our experience in France," he said, "it became evident that a transport corps to include all classes of personnel on land and highway, should be maintained."

"The experience with the air service makes it certain that this will be an element of increasing importance in warfare. America should not be allowed to lag behind other countries. "It might be well to consolidate air forces, military and naval, under a single head as an assistance to progress."

Urges Tank Retention... The general also urged retention of a tank corps. He also said the nurse corps deserved recognition and he praised its service during the war.

TOKIO, (AP)—The emperor Thursday ratified the Versailles peace treaty. Tokyo advices received Thursday announced the ratification of the German peace treaty by the emperor. It was not preceded by any action by the parliament, the constitution of Japan not requiring the assent of the legislative body.

MIKADO SIGNS PEACE TREATY

5,000 American Troops En Route to Coblenz

PARIS, (AP)—The United States army transport President Grant with 5,000 American troops on board who are destined for Coblenz, arrived at Brest today.

Fines German Town For Late Disorders

MAYENCE, (AP)—General Deppente, the French commander, has imposed a fine of 80,000 marks on the town of Kaiserlautern in the Rhine region on account of recent disorders there fomented by German political agents.

German Workers Vote Extra Work in Crisis

GENEVA, (AP)—A general meeting of Mannheim, Baden, of associations of miners and transport workers in the Rhine region, has decided, owing to the lack of coal in southern Germany, to re-establish the twelve-hour day with voluntary work Sundays until the crisis is passed, according to a dispatch. The amount of wages has not been announced.

Premier Nitti Out For Italian Fiume

ROME, (AP)—In the midst of the parliamentary election campaign, Signor Nitti, the Italian premier, has come out boldly in a letter to his constituents for an Italian Fiume. He asserts that the town on the Adriatic which has been seized and is being held by Gabriele D'Annunzio, must not be abandoned. He declares that the Italian government, having reaffirmed the Italianity of Fiume, "if employing every means to defend it, against all attacks."

Belgian Royal Visitors En Route Home Trip

OLD POINT COMFORT, Va., (AP)—Albert, king of the Belgians, Elizabeth his royal consort, and their son, Leopold, Duke of Brabant, sailed from America this afternoon, sailing on the presidential steamship George Washington for Belgium. They were accompanied by Brand Whitlock, American ambassador to Belgium.

WORLD NEWS EVENTS

HELINGBOERS, (AP)—A report from Russian sources received here says General Denkinke has captured Orel from the Bolsheviks and is advancing toward Moscow.

LONDON, (AP)—The government was given a vote of confidence in the house of commons last night on its financial policy, by an overwhelming majority of 355.

BASLE, (AP)—The German government note to the entente declining to participate in the blockade of soviet Russia, asks that the blockade be completely raised and that all German ships held in Baltic harbors be restored to their owners.

MAIL ORDER CONCERN IS CONFORMING TO NEW LAW

Montgomery Ward & Company Reorganizing Under Illinois Corporation Law Announced

CHICAGO, (AP)—A reorganization of Montgomery Ward and company under the new corporation law of Illinois was announced today. The announcement said: "In connection with this reorganization one million shares of no par value stock of the new corporation are to be issued and sold for cash, thus providing abundant new working capital. One hundred and fifty thousand of the new Montgomery Ward and company stock has already been reserved for sale to officers, directors and employees active in its management and direction. Mr. Robert J. Thorne and his associates will continue as managers and directors."

Control of the company passes to the United Retail Stores corporation incorporated in Illinois. The corporation also controls the United City Stores company.

LABOR LEADERS PROTEST ACTION OF GOVERNMENT

American Federation of Labor Officials Give Views on Coal Strike Restraining Order to Attorney General

BRAND INJUNCTION AS VIOLATION OF RIGHTS

Palmer Reiterates Administration Policy Directed Against Only One Union Trying to Break Law

WASHINGTON, (AP)—Officials of the American Federation of Labor protested to Attorney General Palmer today against the action of the government in obtaining an injunction in the coal strike.

Samuel Gompers, president of the federation, did not accompany the delegation, but an engagement was made for him to see the attorney general later.

Claim Rights Violated... The federation officials declared the injunction violated the rights of the union labor and indicated that the coal miners would have their support in any fight brought to dissolve the injunction. Mr. Palmer reiterated that the government was proceeding solely against one union which he declared, was trying to violate the law. He said the right to strike was not involved.

It is understood that there will be no change in the policy of the government as a result of the representations of the union men.

Representatives of the four railroad brotherhoods, including Warren B. Stone, grand chief of the engineers, and L. E. Sheppard, president of the conductors, accompanied the delegation. Their presence was taken as an indication of disaffiliation with the federation, the brotherhoods would give their powerful support to any action union labor might take.

In connection with the protest of the railway workers, representatives it was recalled that Attorney General Palmer's statement announcing the government's attitude toward the coal strike incidentally announced that any conspiracy to retard or to interfere with transportation of necessities also would be a violation of the anti-control law. This would mean that a strike of railroad workers, several of which have seemed likely to develop before the end of the year, might be so regarded by the government at this time as "outside the pale of the law."

INJUNCTION OF FEDERAL COURT CANNOT FORESTALL STRIKE, LEWIS DECLARES

Administration Measure Only Complicates to Further Degree Problems Involved in Settlement of Controversy, According to Acting President of United Mine Workers in Statement on Eve of Impending Gigantic Industrial Struggle

BROAD GROUNDS OF RIGHT OF LAWS ENFORCEMENT IS BASIS FOR ACTION

INDIANAPOLIS, Ind., (AP)—A temporary injunction obtained here today by the government, cannot avert the strike of bituminous coal miners set for midnight tonight, according to John L. Lewis, acting president of the United Mine Workers. Lewis' pronouncement came shortly after he had been served with a writ stopping strike activities at union headquarters here.

PRESIDENT SETS PRICES OF COAL

Executive Order Restores Maximum Charges Prevailing During Summer

WASHINGTON, (AP)—An executive order fixing maximum prices for bituminous coal was signed today by President Wilson. Prices of anthracite are not affected. The maximum prices are fixed by \$2.50 and for prepared sizes range from \$1.50 a net ton at mine mouth to \$2.00.

Rules set up during the war governing the margins of profits of middle men and wholesale and retail dealers were re-established and Fuel Administrator Garfield was given all the authority to regulate production, sale, shipment, distribution, transportation and storage of use of bituminous coal that he had during the war.

The maximum prices restored by today's order are approximately those prevailing during the summer and until recent rises owing to the threatened strike. There is no material reduction from the present prices, officials of the geological survey said. The object of the order was to prevent profiteering or increases.

SALE OF NORTH DAKOTA BONDS FALLEN THROUGH

Bonding Houses Refuse to Underwrite Issue Pending the Outcome of Suit

BISMARCK, N. D., (AP)—Sale of three million dollars of state bonds, \$2,000,000 of which were to be used as capital for the Bank of North Dakota, it is said, have fallen through, having been received here last night by the industrial commission that bonding houses of New York and Chicago had refused to underwrite the issue.

The refusal of the bonding houses to underwrite the issue following the declaration today of attorneys for the bonding companies to approve the plan, brought the outcome of a suit, brought by forty-two taxpayers of the state, attacking the constitutionality of the bonds. The federal district court here yesterday has held the bond issue unconstitutional.

The contract for underwriting the bonds was made last month but specified that sale would be made contingent upon attorneys for the bonding companies declaring them constitutional. Officials here contend that the sale will be held up only temporarily.

NORTH DAKOTA GOVERNOR REPEALS STATE OPERATION

BISMARCK, N. D., (AP)—In a telegram to John L. Lewis, acting president of the United Mine Workers of America, Governor L. J. Frazier of North Dakota, last night suggested that North Dakota take part and operate the jiggle mines of the state in agreement with the miners pending settlement of the strike of bituminous coal miners set for November 1.

STATE TO COMMANDER COAL IN COLORADO

DENVER, Colo., (AP)—All coal in transit or mined in Colorado, not mined by the federal authorities, will be commandeered by the state government and distributed equitably, Governor O. H. Shoup announced today.

LEWIS dictated the following statement: "I regard the issuance of this injunction as the most sweeping abrogation of the rights of citizens guaranteed under the constitution and defined by statutory law, that has ever been issued by any federal court. This instrument will not avert the strike of bituminous mine workers and will not settle the strike after it occurs. The injunction only complicates to a further degree the problems involved in the adjustment of the controversy."

MINE OPERATORS IN WHITE STRIKE INVESTIGATION

Adopt Resolution Welcoming Inquiry into Impending Industrial Struggle by Wilson Named Tribunal

REAFFIRM ACCEPTANCE OF PRESIDENT'S PLAN

Declare Seives Ready to All Times to Comply with Commands of Government in Interests of People

CLEVELAND, O., (AP)—The executive committee of the central competitive coal field in conference here today to take action on the nation-wide strike of miners scheduled for midnight, adopted a resolution welcoming an investigation by a tribunal appointed by President Wilson to investigate the resolution and the strike. The conference then adjourned.

Shortly before noon a committee was appointed to draft a resolution offering forth the operators' position. After presentation of the resolution and its action by the conference, Chairman T. T. Brewster of the executive committee made public the resolution as follows: "We have accepted in its entirety the president's proposal of October 24th, and reaffirm that acceptance. We welcome an investigation by a tribunal which the president may appoint as suggested by him in the last paragraph of his statement of October 26th."

"We hold ourselves ready to comply at all times with any commands of the government, acting in the interests of the whole American people, we deem it wise to issue."

ARMY OFFICIALS PREPARE FOR POSSIBLE USE OF TROOPS

CHICAGO, (AP)—Coal mine operators in the Chicago district today apparently held out little hope that the day would bring developments that might stay the putting into effect at midnight tonight of the general strike of miners. The officers of the central department of the United States army and the Illinois militia forces went ahead with preparations for the event. The officers in the central department of the United States army and the Illinois militia forces went ahead with preparations for the event. The officers in the central department of the United States army and the Illinois militia forces went ahead with preparations for the event.

Col. E. H. Humphrey, chief of staff to Major General Leonard Wood, commander of the central department, today held out little hope that the day would bring developments that might stay the putting into effect at midnight tonight of the general strike of miners. The officers of the central department of the United States army and the Illinois militia forces went ahead with preparations for the event.

"If rests," he added, "on the broad right of labor during the war to restrict or destroy the supply of food and fuel."

Under the order, the union officials are forbidden to send out any order, written or oral, tending to promote the strike or in any way make it effective. They are restrained from sending any "message or encouragement by radio, exhibition" or from disturbing any union funds as strike benefits.

FIVE STATES TO NAME GOVERNOR

Electrons in Massachusetts, New Jersey, Maryland, Kentucky and Mississippi

NEW YORK, (AP)—Five states—Massachusetts, New Jersey, Maryland, Kentucky and Mississippi—will elect governors at the "Off year" elections to be held Tuesday, November 4. The only congressional election through the end of the year will be in the district of Oklahoma, November 8, where a successor will be chosen to the late Representative Joseph B. Thompson.

Ohio elections where the voters will be called upon to vote on two amendments and two referendums on the subject of prohibition. The chief issue in the legislative ratification of the federal prohibition amendment and the prohibition enforcement act passed by the state legislature in the amendments proposed that 2 1/2 per cent liquor shall not be defined as intoxicating and that constitutional state-wide prohibition be repealed.

CONGRESS UNITES IN SUPPORT OF ADMINISTRATION DURING EMERGENCY

WASHINGTON, (AP)—By an overwhelming vote the house today adopted a resolution endorsing the support to the "national administration" and all others in authority in their efforts to meet "the present industrial emergency." On the roll call, not one of the 266 members present cast a negative vote. As the senate has adopted the resolution, the house action completed the enactment as the measure does not have to pass the senate. Republican leaders of the house today agreed to press adoption of the resolution approved yesterday by the senate, pledging support to the "national administration" in all cases where the present "industrial emergency" exists.

HOUSE RAILWAY BILL DRAFT HAS NO STRIKE BAN

Variations from Senate is Expected to Be Adjusted Before Measure is Presented for Final Determination

WASHINGTON, (AP)—Continuance of the payment of the government standard-rates to railroads for six months after the end of federal control is provided by the bill. The committee sub-committee draft of legislation for solving the railroad problem after private operation of the lines is reannounced.

Provides Government Loans
Provision also is made for government loans, such advances to be approved by the interstate commerce commission with the carriers being required to give security. A provision is made for the refunding of debts, owed by the companies to the government, which were contracted during the period of government operation.

There are said to be wide differences between the house draft and the senate bill, committee admitting their plan does not contain a provision prohibiting strikes, or one creating a transportation board to determine the railroad needs from the point of the public service.

Chairman Eesh, who headed the sub-committee, said he expected to have the final bill before the house for consideration the latter part of next week, and that he would be "well pleased" if it was finally passed by November 15. He indicated that plans for adjournment of the house on November 10 would be upset to complete the rail bill.

No new rule of rate making is laid down by the house sub-committee draft which leaves practically unchanged authority of the interstate commerce commission to fix "just and reasonable" rates.

Many other important changes proposed is the placing of coastwise and inland water carriers, independent of their joint use with steam lines, under control of the commission which also would have jurisdiction over port-rates.

Arbitration Plans Continued

The bill provides for continuance of the arbitration plans set up during government control with an added provision that court action could be instituted for twice the amount of damages suffered by a plaintiff as the result of a strike or lockout.

BELGIANS HOLD HATRED OF HUN

Indications Show Wronged Nation Not Yet Ready to Forgive and Forget

BRUSSELS, (AP)—Although it is now many days since peace has been signed, there are indications each day in Brussels and elsewhere that the Belgians are not yet ready to "forgive and forget" the German people for their actions. There is a demand that the German words on the numerous German passenger cars which one sees on Belgian lines be changed and replaced by French.

German traitors are still being tried while business men are up in arms against Belgians who furnished the enemy with goods during the occupation. The government needs resources and it is proposed to tax these unpatriotic persons 30 to 40 per cent of amounts involved in the provisioning of the late enemy. These business men who have addressed a formal letter to the government also say that these persons whom they characterize as "traitors" are also receiving government contracts and they want to stop it. Some of the socialist ministers also are being attacked in the press for their unenergetic attitude toward the Germans. The electoral campaign is on and some of these ministers are seeking re-election.

A law is being urged to deprive of civil rights all persons who dealt with the enemy. These are only a few instances of which there are many showing the state of mind of the Belgians.

KIDDIE'S GROUP MUST BE CHECKED

Dr. King's New Discovery will do that very thing, easy and quickly

DON'T say, "Poor little youngster—I wish I knew what to do for you." Just give a little Dr. King's New Discovery, directed and the crummy cough won't linger.
Cold is not to be fooled with. Get after it at once. Loosen the congestion, the phlegm-stuffiness, and the throat-irritation.

STORIES from the BIG CITIES

Passing of Two Pioneers Shows How Young We Are

BILOMINGTON, ILL.—The death of Lafayette and Jacob Funk, sons of Isaac Funk, and oldest surviving members of one of the most noted pioneer farming families in the history of Illinois, within three hours of each other, serves to emphasize how young is this nation. In the lifetime of these two men Illinois has had its development and Chicago has grown from nothing. Their father came to Illinois in 1824 and settled at Funk's Grove, where he became the owner of 25,000 acres. Isaac Funk reared eight sons, all of whom attained success in agriculture, in business, and in politics.

In September, 1915, Lafayette and Jacob Funk, traveling by motorcar, made a historic trip from Bloomington to Chicago, following so far as possible an old trail over which 70 years before they had driven cattle and hogs to the old Bull's Head stock yards, located at West Madison street and Ogden avenue.

In the outskirts of the great city which they had known as a frontier village they found no well-known landmarks. When Lafayette and Jacob Funk visited Chicago in the early days it took them nearly two weeks to make the journey over the old trail, riding in farm wagons behind plodding ox teams. They had a fund of interesting reminiscences, concerning pioneer times in Illinois.

As growers of seeds and immense crops of corn the fame of the Funks of Illinois spread to all parts of the United States. They also were noted as raisers of prize herds of cattle.

UNEMPLOYMENT GRAVE PROBLEM IN GERMANY

"Workless Support" Bonus, Begun Under Stress of Revolution, Proves Serious Burden on Government Which Can Ill Afford Drain—Idleness Breeds Unsatisfactory Conditions

BERLIN, (AP)—The "workless support" bonus, that thousands upon thousands of men and women now are drawing in Berlin and Germany is proving a heavy drain on the treasury—and it is charged that the bonus is so high that many men who in peace times were unskilled workmen now receive more pay for idleness than if they went back to their labor. Begun under the stress of the revolution and with the intention of temporarily alleviating distress, complaint is made that this bonus system has become a deeply imbedded cancer that costs millions from the government that can ill afford it.

Million Idle in Berlin
The number of persons idle in Berlin during August was nearly a million. It is estimated that 750,000 of them do not want work because they are being supported by the state and are free to carry on the illegitimate pursuits of the unlicensed street dealer, the fly-by-night gambler, the soap and cigarette vendor.

The streets and squares of Berlin where people congregate most are, despite occasional attempts of the police, swarming hives of humanity, selling or buying poor soap, wretched matches, inferior postcards and indecent literature, and cigarettes that are sold at ridiculous prices, especially in the case of American cigarettes which now glut the market. Recently the police have begun to raid these vendors.

Bald Takes Wholesale Bag
The first "razzies" as such raids are called was unexpected, and so many

"I intended to have my house repaired and therefore sought a workman who before he had done the things for me. I did not find him at his house. Only his seven-year-old boy was there."
"Which is your father?" I asked.
"He is selling soap at the Adhalar railroad station."
"Well is no one else here?"
"No, my big brother has gone to collect the workless support for father."

FITZPATRICK SAYS MINE STRIKE BENEFITS LABOR

Struggle Would Mean Acceptance of Challenge of the Profiteers

PITTSBURGH, Pa. (AP)—A statement, made by John Fitzpatrick, chairman of the national steel strike committee as to the effect of the threatened bituminous coal strike upon the steel strike and labor in general, was issued at steel strike headquarters here Thursday following Mr. Fitzpatrick's departure for Chicago. The statement follows:
"If the coal strike comes it will add strength to the steel strike and to the position of labor throughout the country. It will mean labor has accepted the challenge of the big group of capitalists who profited during the war, and who still are profiteering."

"They have a grip on the throat of the public and the government. They have defied labor, the public and the government. They have refused to deal with labor in the steel industry because they have hopes there that they can defeat organized labor. But in the coal industry they are hopeless of defeating the older, better tried organization. So they get the government to try to force the coal miners to arbitrate."

"Arbitration is no good in the steel industry, but it is fine for the coal industry."
"If the miners strike a tremendous power is added to the labor forces struggling to loosen the grip of ruthless profiteers on labor and the public."

BOOTH MERCANTILE CO.

"ANOTHER PACKAGE FROM BOOTH'S"

VISITORS SAFE IN JUAREZ CITY

Thrills are Afloat from Mexican Border Town with "Bad Men" in Disceard

JUAREZ, Mexico, (AP)—Is it safe to go over to Juarez? Visitors in El Paso frequently ask the question. The answer is: "Yes, it is safe."

"My dear sir, Juarez is just as safe as El Paso, in fact, there are spots in lower El Paso that have more possibility of excitement than drowsy little old Juarez."

Must Behave Himself
There must be attached, however, one condition to this general statement. The condition is that the stranger in Juarez must behave himself. If he thinks that Juarez is a place where one may tarry long with the tequila, an intoxicating Mexican drink, he may leave differently behind the bars of the city jail.

He may learn, too, that the favorite kind of hard labor imposed upon city prisoners is that of grave digging, but he need not fear that the stranger in Juarez is likely to be called upon to occupy one of his graves, provided his offense is not more serious than "borracheros"—drunkenness.

There is a tendency among foreign prisoners of this kind to try to make their cases international affairs. But experience has shown that they might as well resign themselves to serve their ten or thirty days with as good grace as they can amuse.

The American tourist who expects to be an object of interest or curiosity in Juarez is likely to be disappointed. While he minds his own business he need not fear that the Juarez folk will there are no longer any thrills left in mind there.

Juarez. No "bad men" are running loose—only a few beggars, whose chief stock in trade is a pitiful recital of the woes they have suffered during the eight years of revolution.

Today's Sporting News

Brief Bits of Sport

About the first deal in the reorganization of the Salt Lake team will be the disposition of "Tub" Spenger, catcher.

The ponderous backstopper is said to be pleased because he failed to land the managerial job, and is acting up high about pay for next year.

Since a couple of eastern ball clubs are angling for the catcher's services, and with "Butch" Byler showing first string class, there is every chance that the Bee management will take advantage of the offers and dispose of "Tub."

The Bee bosses are figuring on a lot of changes for next year. Spenger, Dale, Mulligan, Smith, Fitzpatrick and Mains are all slated for trade.

Colorado has a fight promoter who charges no admission to his mitt matches.

This phenom opens the gates to all comers and then passes the hat. He has never failed to pay out, and finally up the night's entertainment with a fair pot to the good.

Jack Byler, Cincinnati writer of baseball and such, is still painting Bad fans for their display of disloyalty when the team seemed about to clip during the life of the season.

Jack says—bold and outright—that if Moran's men had been as yellow as the fans of Redland, the club would never have won that rap.

Philadelphia papers are trying to take away Benny Leonard's title by defeat. They declare that Benny should be shorn of his laurels because he has not recently engaged in a championship battle.

Fight titles are neither won nor lost through the newspapers, as far as we have been able to learn or observe.

Mike O'Dowd and Mike Gibbons, one the middleweight title holder, the other once the champion, have finally been matched for a battle. The affair will be staged in St. Paul November 21.

Pal Moore, of New Orleans, will invade the north country next month. He is expected to meet Mike Brittle, billed for November 10 in Minneapolis.

Buhl is again to stage a grappling

TONSORIAL PLEASURE IS TABOO UNTIL FOOTBALL GAME IS WON

High School Grid Warriors Take Solemn Pledge of Humility as Penance Should They Continue to Fail in Efforts on the Field of Battle—No Dates Either

WE, the undersigned, hereby agree not to get a haircut or have a date until we win a game.

If Twin Falls people are inclined to believe that Buhl will drop Friday's game to Turbot, the above resolution, posted in the high school yesterday, will no doubt dispel that belief.

For stronger than any claim which might be asserted by the coaches concerning the outcome of the contest, is this bulletin from the football men. The matter is taken as a sure sign that Buhl will return home after Friday's battle to the losers.

Sure of Success
A pessimist might remark that in a month the varsity players will look like citizens of Petrograd, but to those who have been watching closely the team's work and who have noted the vast improvement in the past few

days, it will seem that the tonsorial business will not slump.

Resorting again to the comparison of scores, it is found that Buhl defeated the locals four weeks ago by the score of 7-2—not an overwhelming count. The improvement of Twin Falls since then is undoubtedly sufficient to defeat Buhl handily.

"The stage is set, the team is ready and the coaches are confident that local football history will be made at Lincoln field Friday, when Twin Falls takes a second crack at its opponents of the first half of the season. The contest will be the best of any grid battle on the local field this year, and the student council has appointed Lawrence Cizer to that office.

Acting on the belief that another assistant yard leader is necessary to produce sufficient noise from the side lines, the student council has appointed Lawrence Cizer to that office.

Varsity Introduces High Yielding Corn
Rustlers' White Dent Proves Valuable Addition to Idaho Farming

UNIVERSITY OF IDAHO, Moscow, (Special)—Rustlers' White Dent corn, an variety evolved on the University of Idaho farm, this year has produced exceptional yields of grain and silage in several sections of northern Idaho, according to an experiment made today by H. V. Hulbert of the university farm crops department.

Latah county farmers have been particularly pleased with their crop from this variety," said Mr. Hulbert today. "Although the first killing frost of the season came nearly a month ago, the crop has been well grown and has planted Rustlers' White Dent found their corn fully matured.

Embryo Pugs Get Off for Overseas Tourney
Ambitious Mitt Welders Set Sail to Danish Port for Contests

NEW YORK, (AP)—The team of amateur boxers who will represent the United States in the international tournament in Norway, Sweden and Denmark next month, sailed last night on the steamship Stavanger, for Bergen. The personnel follows: Frank Cassidy of New York, 135 pounds, title holder; John Burke of Pittsburgh, 115-pound weight; and Anton Donato of New Orleans, 116 pounds, title holder.

Emergency Speeds Up Plan of Coal Concern
Undertakes to Rush Preparations for Delivering Product Earlier than Expected

SALT LAKE, UTAH, (Special)—Unless there should be intervention from Washington, practically all the Utah coal mines will close down on November 1. While this will not seriously interfere with the Utah situation, because of the fact that Utah coal operators, as well as Wyoming operators have tacitly agreed to ship no more coal this winter or at any other time so long as there was a local demand for their output, the development is interesting because it had been expected that most of the coal miners here would not go out.

With the practical certainty of their going on strike a keen shortage will be experienced. It is expected that some of the men will remain at work on the properties of the Carbon Fuel company, and of the Utah Fuel company, but even these concerns it is believed, will not be in position to deliver anywhere their normal output.

The Utah Coal company in which many Idaho people are interested has hastened its plans in view of the seriousness of the situation and confidently expects to be in position to deliver coal two to three months sooner than had been anticipated. Indeed it is possible that delivery will be made from this property much sooner than the period indicated as every effort is being made by the company to speed production with the least possible loss of time in view of the public demand in the districts in which it is interested.

A SHORT CHANGE, THOUGH
NEW YORK, (AP)—Arriving to risk his world's title in boxing to a total of 140 pounds, Benny Leonard will meet Jimmy Duffy of Lockport, N. Y., in a 15 round contest with a referee's decision at Tulsa Ok., November 15, it was announced last night.

The title has never before been fought for at this high weight.

ST. LOUIS POLICE CHIEF SHOT DOWN BY ROBBERS
Officer is Seriously Wounded in Attempt to Arrest Two Hold Up Men

ST. LOUIS, MO., (AP)—Chief of Police Martin O'Brien, of this city was shot while attempting to arrest two robbers here this morning and is in a serious condition at a hospital.

The chief of police was on his way to headquarters when he heard shots, according to an informant from a jewelry store and heard the jewelry clerks call for help. He pursued the men and when they refused to stop at his command he started to pull his gun. At this movement the men opened fire in him and escaped.

ANNOUNCEMENT
Mrs. D. E. Began, well known teacher of piano, harp, mandolin, guitar and ukulele, announces to the public that owing to the rapid growth of her music class she finds herself in need of an assistant and has been very fortunate in obtaining Mrs. Ruth Coffin Matthews for this purpose. Mrs. Matthews has devoted eight years of her life to the study of music under the direction of Mrs. D. E. Began of Twin Falls, and Mrs. Maude Lowrey Cleary and Professor C. O. Breach of Boise. Mrs. Matthews was teaching with Mrs. Cleary in Boise for the past two years, having made a specialty of giving beginners and young students the "right start" in music along the latest and most modern methods.

For terms and particulars call on Mrs. Began at her studio on 520 Main Ave. N. Phone 368-7.

CHARGES WAR MINISTRY IN FAVOR OF MONARCHY

German Official Alleges Deliberate Selection of Army Officers Favorable to ex-Kaiser

BERLIN, (AP)—President Mueller, of the republican league of leaders of Brandenburg has charged the war council with deliberately selecting officers of the national army whose goal is to re-establish the monarchy. Democratic officers are generally refused as "unsuited." Citizens who offer to serve as officers are rejected. Herr Mueller declares that his information comes from a high official.

The Boerwar characterizes these allegations as "serious and grave" and demands that Gustav Noske, the defense minister, investigate the charges and take drastic action if the facts are as alleged.

PEACE COUNCIL FINISHING WORK

Conference May Close Without Making Treaty with Hungary Because of Rumania

PARIS, (AP)—The end of November may see the close of the Paris peace conference, which has negotiated the peace treaties with Germany and Austria and has carried the negotiations with Bulgaria well toward completion.

Unless the conference was speedily reached an agreement with Rumania and compelled to discontinue its interference in Hungarian affairs there seems little chance that a peace treaty can be negotiated with Hungary at present, in which case the conference probably will close without making that treaty.

The Adriatic question will not necessarily prolong the life of the conference and there is no disposition among many of the peace delegates to drag out the conference to discuss European political questions involved in the Rumanian and Italian difficulties.

Rumania is sending a special delegate to Paris to discuss its difficulties with the conference and a definite settlement of the Rumanian tangle and the abandonment of the effort at disentanglement is expected very shortly. Indications are that the Bulgarian treaty will be signed within a week or ten days.

"I Think that Crescent Baking Powder Is Fine"

The above statement was made by a user of Crescent Baking Powder in a letter of request for our Cook Book:
"I always worried to get things into the oven," she writes, "as soon as possible before the raise of the powder was over. But with Crescent I find this is not necessary. Another good thing in favor of your Baking Powder is that I use only about half as much as other baking powders, and by buying the 5-pound tin for one dollar I save 25c on every dollar's worth I purchase, and I find it keeps as good as ever. I think that Crescent Baking Powder is fine."
Your grocer can supply you.

Crescent Baking Powder

SNOW FLAKE SODAS
With Soap
—and broths. Their difference lies in their fresh flavored goodness. They are delightfully crisp, satisfying and daintily salted. Sold fresh everywhere by grocers.

AMENDMENTS AND RESERVATIONS

Despite the defeat of the amendments to the peace treaty proposed by the senate foreign relations committee,

the evident fact remains that a majority of senators believe in the support of these amendments and intend to adopt them as American policy.

In view of this situation it is desirable that light should be shed on the legal or technical differences between amendments and reservations to the pact.

There seems still to be considerable confusion in the public mind regarding this subject.

Very welcome in this contingency is the statement of a United States senator whose name is not given, in the New York Herald, which ought to clear away any and all doubts. In part this letter reads:

"An amendment to the text of the treaty is a change in the treaty itself and requires the assent of every signatory. Where there are only two parties to the treaty it is a very simple matter. We have

assented in the senate some seventy treaties in the course of our history which have all been ratified subsequently. But a change of the text requires the assent of every signatory. This is not the case with reservations. A reservation attached to the resolution of ratification simply affects the reserving power—that is, the power making the reservations. If the other signatories do not object, that is acquiescence and constitutes assent. If they declare their assent or object to the reservations, the reserving power is not affected thereby unless they choose to refuse to permit the reserving power to take a share in the treaty, which has never been done hitherto. We had reservations on both The Hague conventions and the Algeciras treaty, very effective reservations. Nobody objected. In this particular case we are going to insist on acquiescence before we become parties to the league, which is different of course, from the ordinary treaty, from at least three of the five principal allied and associated powers. This is to insure the league and to the United States against disputes... There will not be the slightest trouble about it. So far as the idea of contract is concerned, of course the reservation modifies the contract so far as the reserving power is involved, but no further; and we make that reservation before we become parties to the contract. In other words, the other signatories simply contract with us on the basis of our reservations. I suppose they can refuse, although it has never been done, to admit the reserving power. That is something that would not happen in this case, because if they should happen to refuse to permit the United States to enter the league their whole structure would tumble like a house of cards."

By and large it must appear that the effect of the reservations, singly and in the aggregate, is to withdraw the United States from responsibility for the terms of the Paris settlements as far as possible.

These responsibilities as written in the treaty comprise a guarantee of the maintenance of these settlements by the United States, the collection of indemnities, enforcement of penalties and execution of various policies enforced on subject peoples.

The original purposes of the league of nations is not affected by these reservations.

Indeed, the purposes of the covenant seem to be nearer of attainment by reason of these reservations because the United States was in a fair way to lose its reputation and character for disinterestedness and humanitarianism

through unfortunate commitments made in its name at Paris.

In view of this condition the debatable advantages accruing to the United States by reason of its unreserved acceptance of the peace treaty terms, which has been set out in the report of the minority of the foreign relations committee, seem to loom small in comparison with the certain advantages to result from adherence to the traditional policies of America prior to the armistice which stopped hostilities in the late world war; and it becomes a matter for congratulation among thinking Americans that the prospect for American ratification of the treaty is so completely conditioned upon the acceptance of American reservations.

Today's Markets

Chicago Livestock

CHICAGO, (AP)—Hogs, receipts 18,000; active steady to strong at yesterday's average; bulk \$13.50 to 14; top \$14.15; heavy \$13.60 to 14.10; light \$13.65 to 14.10; heavy packing sows, smooth \$12.25 to 13.50; packing sows, rough \$12.25 to 13.10; pigs \$13.25 to 13.75.

Cattle, receipts 10,000; weak; beef steers, medium and heavyweight, choice and prime \$17 to 19.50; common \$8.25 to 10.50; heifers \$6.45 to 14.25; cows \$6.40 to \$12.75; canners and cutters \$5.25 to 6.40; veal calves \$17 to 18.25; feeder steers \$6.75 to 12.75; stocker steers \$6 to 10; western range steers \$7.75 to 15.50; cows and heifers \$6 to 12.50.

Sheep, receipts 14,000; weak; lambs \$12 to 15; culls and common \$5.50 to \$6.75 to 8; culls and common \$3 to \$6.50; breeding \$6.75 to 12.50.

Omaha Livestock

OMAHA, (AP)—Hogs, receipts 3,000; market mostly 10c higher; top \$14.30; bulk \$13.75 to 14.10; heavyweight \$13.50 to 14.10; light weight \$13.90 to 14.10; heavy packing sows smooth \$13.75 to 13.90; packing sows rough \$13.20 to 13.70; pigs \$13 to 14.25.

Cattle, receipts 5,500; beef and butcher cattle slow, weak; stockers steers—medium and heavyweight, beef choice and prime \$15.50 to 18.25; common \$9 to 10.75; heifers \$7.50 to 13.25; cows \$6.75 to 12.50; canners and cutters \$5.25 to 6.75; veal calves \$12.75 to 14; feeder steers \$7 to 13.25; stocker or steers \$6.50 to 10.75.

Sheep, receipts 4,500 market steady. Lambs: 84 pounds down \$13.75 to 15; culls and common \$8.25 to 12.75; yearling wethers \$8.50 to 11.50; ewes, medium and choice \$7.25 to 8; culls and common \$3.25 to 7.25.

Grain and Provisions CHICAGO, (AP)—Highest prices of any yet in the last six weeks were reached today in the corn market. Sentiment was very bullish in some quarters, especially regarding the December delivery. Wet weather and the meagerness of the car supply counted as the chief factors. Opening prices which ranged from the same as yesterday's, finished to 3-4c higher with December \$1.37 7-8 to \$1.38 3-4 and May \$1.24 3-8 to \$1.24 1-3, were followed by something of a setback from initial top figures. Strength in other commodities and in the stock market tended later to sustain corn values, but heavy profit-taking sales led to a sag, especially in the May delivery. Prices closed unsettled, 1-4c net lower to an advance of 3 cents, with December \$1.28 1-8 to 1.26 1-4 and May \$1.23 7-8 to 1.24.

Oats were slightly firmer with corn. After opening a shade to 1-2 to 1-4c higher, including December at 71 1-8 to 71 1-4c, the market continued to hold. Provisions reflected the upward tilt of cereals. Trade, though, was light. Cash Quotations CHICAGO, (AP)—Corn No. 2 mixed \$1.43; No. 3 yellow \$1.44. Oats—No. 2 white 72 1-4 to 3-4c; No. 3 white 69 1-8 to 72 3-4c. Rye—No. 2, \$1.36 1-2 to \$1.37 3-4. Hester \$1.25 to \$1.35. Timothy \$8.50 to 11.50. Clover, nominal. Pork, nominal. Lard \$20.95. Hibs \$18.25 to 19.25. Kansas City Produce Kansas City, (AP)—Butter and eggs unchanged. Poultry unchanged except hens one cent higher, 50 to 61c.

Chicago Produce CHICAGO, (AP)—Butter, unchanged. Eggs, receipts 1,750-cases; unchanged. Poultry alive, lower; springs 25c; fresh 18 to 20c. Potatoes CHICAGO, (AP)—Potatoes steady; arrivals 45 cars; Northern stacked and bulk \$2.15 to 2.40; western Russets \$2.75; Burles \$3.70 to 3.75. Liberty Bonds NEW YORK, (AP)—Prices on Liberty bonds at 2:55 p. m. today were: 3 1/2% \$100.70; first 4s \$95; second 4s \$93.10; first 4 1/4s \$95.10; second 4 1/4s \$93.16; third 4 1/4s \$95.14; fourth 4 1/4s \$93.20; Victory 3 3/4s \$99.52; Victory 4 3/4s \$99.50.

When it comes to Dependable Merchandise at the Right Prices. What We Advertise, We Sell. What We Sell Advertises Us.

MEN, here are some interesting prices, with which you can combat the present high prices you are having to pay for your WORK CLOTHING and SHOES. We are in a position to offer you good, honest merchandise at prices much below the present market price, because of the fact that this same merchandise was bought on a LOW MARKET, or in other words, before merchandise got high. You men know, and we know that prices can not always continue as high as they are at the present time although we do not expect them to be as low as they were before the war. But we feel that the store that gives you Men a run for your money during this period of high-priced merchandise will continue to receive your patronage when conditions become normal.

Social Notes

Mrs. J. C. Moore entertained the Hoover bridge club Wednesday at her home in South Park. A delicious one o'clock luncheon was served, the table being lighted with pumpkins in the center with the top filled with various kinds of fruit, making a most unique and beautiful centerpiece. The club members present were Mesdames George Leopold, F. R. Her, J. A. Campbell, P. H. Crow, Ernest White, H. S. Barger, H. B. Johnson, H. W. Sawyer, E. W. Hunted, Mrs. M. C. Putnam and Mrs. E. Bohler were guests of the club.

Mrs. L. T. Wright was hostess to the Wednesday bridge club Wednesday afternoon. Mrs. C. H. Burton won the honors for high score, a lovely meridia handkerchief. Those present were Mesdames E. C. Lavering, L. T. Moore, W. S. Smith, C. H. Burton, H. R. Spafford, A. P. Butler, W. H. Galloway, and L. Ols. The next meeting will be with Mrs. C. H. Burton.

The officers of the G. E. S. were hostesses at a shower at home of Mrs. H. L. Dinkelacker Wednesday honoring little Francis Janet Dickerson, a beautiful set of silver spoons was presented to Mrs. Dickerson for the baby. Those present were Mesdames Selma Ripley, Sawyer, Dinkelacker, Ware, Finch, Freeman, Ormsby, Mackell, and Phelps.

Mrs. Forest Wick and Mrs. Emery Polix were hosts at the home of the former yesterday afternoon to the Penelope club. The afternoon was spent playing 500. Beautiful Halloween decorations were used throughout the house and in the place cards for the delicious two course luncheon served. Mrs. Frank Rudolph of Pocatello was a guest of the club. Next week Mrs. J. B. White and Mrs. Walter Dufresno will entertain at the home of the former, honoring Mrs. Orville Paris, who is leaving soon to make her home in Boise.

Billy Scott, little son of Dr. and Mrs. Charles H. Scott, celebrated his sixth birthday at a Halloween party from five to seven yesterday afternoon. The dinner table was charming with appropriate decorations and a large birthday cake with the required number of candles. The guests were Virginia Beatty, Jennie Heap, Betty Lou Penney, Marlon Robbins, Ruth Taylor, John Breckenridge, Wallace Cooper, Jim Bond, John Barnhart, Bob Crozier and Frank Peavey.

The party given by the younger members of the Episcopal Sunday school was a very merry one. The Parish hall was attractively decorated in Halloween emblems and each boy and girl was given a fancy cap which they were during the evening. Games and music were enjoyed and light refreshments were served. About seventy-five were present.

PEOPLE MUST BE ECONOMICAL OR SUGAR FAMINE WILL FOLLOW

Government Board Allots Intermountain Region Curtailed Supply of Sweetening to Last 11 Weeks—Warns Against Extravagance and Hoarding

That the amount of sugar allotted the intermountain region by the sugar department of the food administration will be ample to meet all modest requirements is the belief of local distributing concerns, who, however, issue a warning that economy in the home must be practiced. In addition to warning against extravagance in households the administration cautions against attempts to hoard sugar stocks, declaring that hoarders will be severely dealt with. The amount of sugar allotted the intermountain region is 54,000 bags of 100 pounds each, believed to be sufficient to meet requirements until next October and Hawaiian sugar crop is on the market. That means, distributors declare, to January 15.

Attention is directed to the fact that while 54,000 bags may seem a large supply of sugar for a period of about 11 weeks it is quite short when the territory it must serve is considered. The intermountain region, as designated by the sugar administration comprises several states, and parts of

others. Some of these states have much larger populations than Idaho. Utah is included with its Salt Lake City, Ogden, Logan and Provo. A part of Wyoming is said to get into this territory, some of the major cities of that state being included. All of Idaho is included, and a part of Nevada will have to receive some of the 54,000 bags of sugar.

In a letter received locally from the district manager of federal sugar board, located at Salt Lake, employment of every possible protective measure against extravagant use of sugar is urged. The district manager points out that the sugar quota can be stretched to meet all needs if frugality is observed in consumption. It suggests the use of special sugars where they can be used, as against the constant employment of the granulated grade, making such places as cafes, restaurants and dining rooms to serve cube or loaf sugar on their tables and counters, and also strongly urges the use of powdered sugar in kitchens and for cookery.

One of the most unique and altogether enjoyable social functions of the season was that given by Mrs. Asber B. Wilson last evening in the form of a Halloween costume party followed by cards. All the better characters of fiction vied with the traditional personalities of the Halloween season for popular favor and a number of impromptu stunts by the guests wove into a program of light entertainment lent an atmosphere of merriment to the occasion which rendered a good time a foregone conclusion. Mrs. T. M. Maxwell was awarded first prize for the cleverest costume, while Mrs. Costello and Mrs. Davies carried off the honors at cards. Refreshments were served during the evening. The decorations were in keeping with the spirit of the occasion.

ALCO CLOTHES SHOP

COAL AT COST!!

To Stockholders of the Mutual Coal Company

Twin Falls Now Has The Opportunity

IN BOISE SO FAR—70 Cars a year. IN NAMPA SO FAR—26 Cars a year. TO MUTUAL CO. MEMBERS—Other Towns, in Proportion.

COAL AT COST IS POSSIBLE WHEN: 1. THE PROFIT AT THE MINE IS PRACTICALLY ELIMINATED. 2. WHEN THE LOCAL DEALER'S PROFIT IS CUT OUT ENTIRELY. THAT THIS COMPANY DOES.

WE HAVE ENOUGH MINER STOCKHOLDERS TO MAN OUR PROPERTY

A Company Owned and Operated by Coal Users. Direct From Mine to Furnace or Stove

Buy FIVE SHARES OF THE STOCK OF THE MUTUAL COAL COMPANY and you can get TEN TONS of the Best Quality Coal from the Company Mine, in Springs Canyon, Carbon County, Utah, for \$62.50 or less, exclusive of the local delivery charge.

The Shares are \$10 each. You can pay part cash, part January 1st and the balance March 1st, 1920.

Orders for coal must be placed so shipment can be made before September 1st, each year. Shipments to begin about June 1st, 1920. You can get two tons of coal and no more at the price for each share of Stock you own. You can buy any number of shares and get any quantity of coal at the same ratio.

The above rate price applies to Twin Falls, and common points, and change only when the freight rate is more or less.

There are 25,000 Shares, at a par value of \$10.00 each. Under our plan, 50,000 Tons only will be sold at this price, the balance of the output being sold on the open market.

JUST COAL DIGGERS

NO PROMOTION STOCK

NO BONDS

EVERYTHING UNDER MUTUAL CONTROL

SURPLUS COAL—

150,000 Tons a year to those who are not in on the Ground Floor.

—The Profits going to Stockholders.

The Management of this Company fully realize no industry can thrive without profit and we expect to conduct this business in such manner that Consumers will save money in the cost of coal and make a reasonable interest on his investment in the shares of the company.

THE MUTUAL COAL COMPANY is incorporated under the laws of Utah, with a capital of \$250,000, divided into 25,000 shares at a par value of \$10.00 per share. We have acquired at a cost of \$25,000, 180 acres of non-coal land in the forks of Spring Canyon, Carbon County, Utah. This land is the key to our situation and its advantage for town-site, tippie and trackage is obvious.

We have under lease from the state 640 acres of coal land of proved value in which it is estimated there are more than 30,000,000 tons of high quality coal. This land is on the Rio Grande Railroad, in Spring Canyon. We are putting in a plant to produce 1,000 tons of coal per day.

We want the shares to have wide distribution among consumers and therefore welcome small as well as large subscriptions.

There are no trade restrictions. Our coal does not pass through several agencies. Our coal will go as direct from the mine to the fire as our ingenuity can send it. EVERY UNNECESSARY ITEM OF EXPENSE IN HANDLING IS ELIMINATED.

MUTUAL COAL COMPANY

PEACE COUNCIL DEFERS ACTION

Discusses Putting Treaty in Effect and German Armistice Violation.

PARIS, (AP)—The supreme council Thursday discussed possible dates for putting the German peace treaty into effect but postponed a decision until Saturday.

The council also discussed the armistice conditions which the reports of Marshal Foch and others have shown Germany has violated. The violations are covered for the most part by the terms of the peace treaty and if it seems unlikely that any steps to punish Germany will be taken outside those provided for in the treaty.

The payment Germany must make for the warships sunk at Scapa Flow was again discussed and it was proposed that floating drydocks and similar property be craned from her in payment of the destroyed warships. There is some question, however, as to whether this property does not already fall under the control of the reparations commission. Consequently no decision can be made until the diplomatic experts make a report on this point.

The British government apparently has accepted in principle the responsibility for the destruction of the fleet at Scapa Flow (British waters) and is willing to guarantee France against any loss from this cause. With the United States and Great Britain were understood some time ago virtually to have agreed to sink whatever warships they might receive from Germany, there are indications now that the British view has changed.

The supreme council has assured France that her share of the German warships will not be reduced as the result of the destruction of Scapa Flow units.

TO WINTER ON COAST

Mr. and Mrs. J. R. Norris of Decatur, Illinois, who have been in Twin Falls for the past two months, leave for Los Angeles today, where they will spend the winter. They plan to return here in the spring to remain through the following summer.

BOLSHEVIK PROPAGANDA CONSIGNED TO MUSEUMS

British Destroyer Captures Mystery Ship Carrying Red Literature to America

LONDON, (AP)—What is described as a Bolshevik "mystery ship," carrying a cargo consigned to "the American legation, Stockholm, in transit to American museums," has been captured by a British destroyer in Finnish waters and taken into Liverpool. Under a cargo of flour, it is said, was found a mass of Bolshevik literature printed in English, French and German. There was also a valuable collection of art objects and films idealizing soviet conditions.

ARREST BELA KUN FRIEND

Budapest Police Take American Soviet Sympathizer in Custody

GENEVA, (AP)—The Budapest police have arrested Leander Battik, reported to be an American citizen and a friend of Bela Kun, former dictator of Hungary, in connection with the theft of the Hungarian royal jewels, valued at millions of marks, according to a Prague dispatch. Battik is said to have told the police he had been commissioned by Bela Kun to sell the jewels in the United States. Most of the jewels, which included a priceless crown, have been recovered.

If nine million youngsters believe in the Red Cross, it must have the right idea.

NURSE SAFELY DELIVERS CASH

American Girl Braves Thrilling Experiences to Convey Relief Fund

ALEXANDROPOL, Armenia, (AP)—Miss Ruth Stuart, formerly of the Children's Hospital, Boston, and the Sloan Hospital, New York, but now a member of the American Red Cross, has arrived here from Tiflis, after traveling three days and nights in a box car, with a bag containing 1,000,000 rubles for the use of the American Hospital for Orphanage in this city.

In the Transcaucasus, which is with out police, money is usually brought from Tiflis by a corporal's guard, but as funds were urgently required and no guards were available, the bank decided to entrust the money to the good sense of the American nurse. She left without a soldier convoy and unarmed.

Safe Case as Safe

As the train left Tiflis the nurse was handed a sack containing a bundle of the tri-Republic notes of Armenia, Georgia and Azerbaijan. As soon as the train was en route Miss Stuart emptied her personal effects from her suit-case and repacked it with the money. She placed the suit-case under the blanket on her bed and sat upon it, beginning her watch of 72 hours.

At Megalio, three men entered her car. They made signs that they were custom's inspectors and asked for contraband. Miss Stuart knew that the cars of foreign missions are not subject to search by the Georgian government, but she said nothing and did not leave her seat. The alleged inspectors searched thoroughly, seemed puzzled, and left.

Cossacks Tire on Train

Outside Kravdits, three horsemen, in the uniforms of Cossacks, galloped out of a wood, firing at the train. Forty shots were exchanged between riders and passengers, none taking effect. The riders attempted to overtake the locomotive, which was slowly making a grade, but were stopped by a deep gully. During the encounter Miss Stuart did not look out of the car. She sat on the million rubles.

SAYS SHE THREW HER MONEY AWAY

Mrs. Parker Spent Hundreds Seeking Health—Taalac Restores Her

"My troubles have been completely overcome since I commenced taking Taalac, and I am enjoying better health in every way than I have for over twenty years," said Mrs. M. Parker, who lives at 423 East Third street, Los Angeles, Cal., the other day.

"During that time," continued Mrs. Parker, "I spent several thousand dollars for medicine and treatment, and it was just money thrown away, for I never got any relief from my suffering until I commenced taking Taalac. I was practically unable to get away for twenty years and all my troubles were caused from the awful condition of my stomach. A great part of that time I was confined to my bed, as I was too weak and run-down to get up. What little I ate disagreed with me, and I would suffer with gas forming after meals. Then, too, I often had severe pains in my stomach and back, and would have terrible spells of headaches every day or so. To make matters worse I was attacked with rheumatism in my arms and legs, and this caused me no end of pain and misery. I sat around the house and never got a good night's sleep. I finally reached the point where I had given up all hope of ever being well again.

"One day my husband suggested that I stop taking the medicine I was using and give Taalac a trial. Then, too, several of my friends who had been taking Taalac gave me the same advice, so I got a bottle and commenced taking it, and in a week's time I was feeling a whole lot better. I have just finished my fourth bottle now, and it is simply wonderful the way I feel improved. Why, I have actually gained ten pounds already, and feel so well and strong that I do all my housework without the least trouble. I was feeling so well last week that I actually did the family washing, and it has been many years since I was able to do a thing like that. My appetite is fine and everything I eat agrees with me perfectly. I sleep just like a baby every night and feel rested and refreshed when I get up in the mornings. I never suffer from headaches now, and the rheumatism has left me, and I don't have that awful pain in my back any more. In fact, I am just enjoying fine health in every way, and I give Taalac credit for it all."

Taalac is sold in Twin Falls by City Pharmacy, in Burgeon by Thompson Drug Co., in Murtaugh by Murtaugh Drug Co., in Filer by A. B. Wood, in Big Lost by Best and Brothers Co., and in Kimberly by A. J. Stowe.—adv.

FOR SERVICE MEN

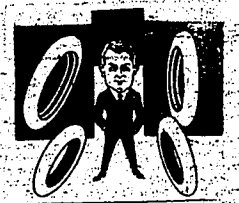

Any discharged enlisted man who did not obtain naturalization while in the service but desires to be naturalized, should communicate with the office of the chief naturalization examiner for his district, who will advise him of his right under the naturalization law and the proper procedure to obtain naturalization. The home service section will be very glad to give the proper address to any man wishing to take out naturalization papers.

MAGISTRATE IN REDELLIN TAKES ISSUE WITH CONGRESS

NEW YORK, (AP)—Magistrate Dale, sitting in a Brooklyn police court on Thursday suspended sentence on a man convicted of drunkenness on the ground that "a good many hyperites in congress have created a condition whereby a good many Americans will be deprived of their personal rights."

Thirty thousand soldiers are still in hospitals. Don't forget them, join.

Only property which is undesirable or too high priced should ever be tenanted. Tenants are found through classified advertising for GOOD HOUSES OR APARTMENTS, rightly priced.

LET US REMOVE THE DOUBT

If you are pondering whether to have your old tire vulcanized or not. The answer is—Yes! Send them to GEM STATE VULCANIZING CO. and get your tires back ready for hunting on the roughest roads. Our vulcanizing saves you money you would otherwise put into new tires.

"Here's a Friendly Tip" says the Good Judge

Men who know tobacco, chew the best without its costing them any more. They take a little chew and it's amazing how the good taste stays in a rich, high grade chewing tobacco. For lasting tobacco satisfaction, there's nothing like a small chew of that rich-tasting tobacco.

THE REAL TOBACCO CHEW

put up in two styles
RIGHT CUT is a short-cut tobacco
W-B CUT is a long fine-cut tobacco

Weyman-Bruton Company, 1107 Broadway, New York City

FREE YOUR KIDNEYS OF ALL POISON

If you are one of the vast army of rheumatic sufferers we earnestly advise you to get a bottle of Rheumachol. We know it has relieved and cured others and we feel positive it will do the same for you. Rheumachol is prepared purposely to cleanse the kidneys from all poisonous substances that cause rheumatism and its kindred ills. For sale at your druggist's or send \$1.00 for bottle and free booklet to H. E. Machol, Idaho Springs, Colorado.

GERMANY WANTS COTTON

BERLIN, (AP)—Germany will offer to other countries potato in exchange for cotton, says Dr. Paul Koenig, a trade expert in the Deutch Allgemeine Zeitung.

SUDAN GRASS GROWING IS PROVEN SUCCESSFUL

On University Farm Experiments Show Big Yields and Many Possibilities

(Special)—Sudan grass, now in this year for the first time on an extensive scale at the University of Idaho farm, has proved itself a valuable, high-yielding forage crop, according to Prof. R. K. Bennett of the university farm crops department, who superintended the experiments made.

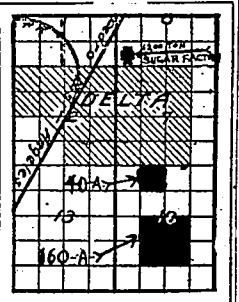

"This grass is an annual belonging to the sorghum group of plants," said Professor Bennett today. "It is adapted to the hot and dry climates, but produces good returns in northern Idaho at the lower elevations."

"Our experimentation showed that sudan grass is most successful when seeded in rows which are either 18 or 30 inches apart. Broadcast seeding is less advisable, because it does not permit the crop to be cultivated and because it is wasteful of seed."

"We found that a single cutting resulted in the heaviest yield but the second cutting given one field demonstrated the possibility of obtaining a light crop of hay and utilizing the second growth for pasturage. Sudan grass can be fed with satisfactory results to cattle, horses or sheep."

This is everybody's Red Cross—that means you.

THE LETZ ALFALFA MEAL MILL

Makes Four Tons Do the Work of Five

Four tons of Alfalfa meal is equal in feed value to five tons of Alfalfa Hay. The LETZ will grind your hay into meal. It will grind corn fodder, ears and all into a fine meal, or you can mix grain with the alfalfa or you can use it as a feed grinder for wheat, oats, barley, corn, or any grain you wish to grind. Just the mill for the farmer who wants to make all of his feed count. We will show you at any time just what the LETZ will do in actual operation.

The LETZ will soon save its cost in saving feed.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea, and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.
Nowadays we get this famous mixture improved by the addition of other ingredients by the support of congress in maintaining order during the "present industrial emergency."

SETTLERS' CASE HAS BACK-KICK

Salmon River Project Litigation Takes a Boomerang Turn in Court

Salmon River project litigation took an interesting turn Thursday when J. R. Bothwell, attorney for the Salmon River Settlers' association, obtained leave in federal district court at Boise to file a supplementary bill in the settlers' suit on behalf of A. H. Caldwell, W. F. Mitchell, V. S. Morgan, J. H. Fohlman, W. C. Ford, James W. Egan, Harry G. Johnson and E. Harold Sims in their own behalf and on behalf of others similarly situated to cancel water contracts and annual water rights of some 300 contract holders. It is contended that all of these contract holders have not used water during the past year and that some of them have not used water in a number of years, and it is claimed that they have lost their water rights by failure to apply water to beneficial use.

Among these contract holders are a number of Twin Falls citizens including G. A. Robinson, E. S. Taylor, E. T. Bartlett, P. A. Deaton, Harry D. Long, J. F. Glushek, H. F. Allen, Judge W. A. Babcock and J. C. Moore. Should the plaintiffs be successful in cancelling the water rights to all lands on which water has not been used for one or more years, it is said, the Salmon River project will be reduced by about 15,000 acres.

Has Novel Aspect
The situation is regarded as a novel one in that several of the persons whose rights are sought to be annulled have heretofore been active in the prosecution of the settlers' suit, and have been contributors to the expense of the suit in which the declaration was obtained which is now invoked to cancel the water rights of former associates, and the outcome is looked forward to with considerable interest by those who have been following the Salmon River project litigation.

Local Brevities

Sues Railroad—Alleging that through carelessness and negligence on part of the railroad administration he suffered painful and severe personal injuries Patrick McLaughlin brought suit in the district court against the O. S. L. railroad and Walker D. Hines, director general of federal railroad administration seeking recovery of \$2,900. The suit is based upon alleged injuries received when a speaker on which he was riding was struck by a train. The accident happened according to the complaint June 5, 1919. McLaughlin was in the employ of the railroad company.

Men Are Fined—D. W. Savage and Frank Savage, residents of Twin Falls were yesterday found guilty of reckless driving and fined \$25. The men, while driving on a country road Wednesday night, having no lights on their automobile, were in a carriage occupied by Mrs. W. M. Cleveland and Mrs. A. Best, who reside near the sugar house. Both women were badly injured.

Kids Oath Members Together—Last night the local lodge of Elks observed annual roll call meeting. The meeting was a consistent part of an annual observance of the order all over the country. Every member of the lodge is expected to attend the roll call either in person or by communication.

Legion to Meet—The local post of American Legion will hold an important meeting in Elks' temple next Monday night. Pending legislation to displace former service men will be given consideration. Plans will also be considered for the observance of Armistice day, November 11.

Inspects Recruiting Station—Captain Alva Lee, of the United States army, was a visitor at local recruiting headquarters yesterday. He states it is the plan to add three men to the personnel of the local force.

Sues on Account—The Idaho Mercantile company yesterday entered suit in the district court against A. C. Hansen, alleging \$450.53 due on account. Judgment in this amount is sought.

Licensed to Wed—A marriage license was issued late yesterday to Thomas M. Knight, aged 24, and Nettie Edith Montooth, 19, both of Kimberly.

Divorce Granted—A decree of divorce was yesterday granted in the district court in favor of Abbie G. Walsh against W. R. Walsh.

To Build Residence—The city clerk yesterday issued a permit to A. E. Frazier for the construction of a residence building to cost \$2500.

Circle Meeting Called—The ladies of the G. A. R. will meet Saturday afternoon at 2:30 in the I. O. O. F. hall.

ONE ACT FARCE AT HIGH SCHOOL

"French From the Master," a one-act farce, was presented in the weekly high school assembly Wednesday by several members of the public speaking classes under the direction of Miss Ida Brown.

The principals in the cast, Lewis Hermina, Ellen Lewis, Harold Decker and Leonard Hill did very good work, especially the latter.

This is a type of assembly program which always affords entertainment for the students and consequently was greatly appreciated by them yesterday.

Marion Ester Smith has responded to the call in Gregg Business College building for people in visits and plans.

HIGH SCHOOL PROPOSES TO HAVE ROMANCE CLUB

Students Advanced in Foreign Languages Plan Another Society

Organization of a club, the membership of which will be taken from the French, German, Spanish and Italian and Spanish classes, is soon to be perfected in the high school. This society, to be named the Romance club, will have approximately 100 members. It is estimated by Miss Ellen Goebel, who with Miss Esther Stamerz, is working for the formation of a foreign language club.

In the past there have been Latin clubs in the high school, but no modern Romance language clubs. If the membership of this society is too large, it will be divided into Spanish club and a French organization, both of which will hold monthly meetings and entertainments. However, it will first be tried to establish the single organization and officers will be chosen in the near future.

HEAVY PENALTIES FOR ROAD LAW VIOLATORS

Sheriff Sprague to Bring to Justice Careless Car Operators

A fine of \$300, together with servitude of 90 days in the county jail in the event the penalty applied in the case of forts of guardians of law and order to protect life, limb and property against violators of traffic laws.

Announcement to this effect was sent out this morning by Sheriff A. N. Sprague, who declares that the state's traffic laws will, hereafter, be enforced to the limit and with utmost rigor.

The state law requires that no automobile shall be operated after sundown without two properly operating headlights and one danger light in the rear. Each car must be supplied with authorized license plates the inscription on which may be readily discerned and read at a distance of 100 feet.

Rules of both city streets and inter-urban roads must be rigidly followed, and speeding will at no time or place be tolerated.

According to Sheriff Sprague arrangements have been made to fulfill to the letter every term of the traffic law, both in the city and in the country.

MAROA MAKES PLANS FOR COMMUNITY CLUB

Temporary Organization is Effected and Arrangements Made for Future

Electing a temporary chairman and outlining a program of betterment activity for the season, residents of Maroa last night met at the school house for an active community improvement club. The meeting was held in the Maroa school house with C. H. Bohrer, the Elks association agent, A. J. O'Balliey, county club leader and Miss Edna M. Ledwith, home demonstrator, present. Mr. Walker was chosen temporary chairman.

Permanent organization of the community club will be effected at a general mass meeting next Monday night, when the following project program, adopted at that night, will be submitted for approval:

Potato seed improvement; clover improvement; wheat seed improvement; boys and girls work; dress form classes, poultry, and similar activities, including a plan for the women of the community to serve hot lunches for pupils in school at noon. Chairman will be chosen for all the projects proposed. The ladies will serve a pie and coffee lunch at Monday's gathering and Robinson and Black, blind musicians, will provide the entertainment program.

"SHEPPARD & CO. has good farm land for from \$100 to \$175 per acre. Plans are ready to show a map at any time. Call at their office at Idaho Falls."—Adv.

FIRST PRESBYTERIAN CHURCH ASHER HAZELAN BRAND, Minister

Sunday Evening, Nov. 2--7:30

"THE LIMITATION OF LIBERTY"

By birth and nature Americans are lovers of liberty and are most adverse to all implicit submission of mind and opinion."

Bancroft wrote: The rights of man spring from eternal law and by their own indestructibility prove their lineage as the children of omnipotence."

FIVE BRONZE STARS FOR 148TH ARTILLERY

Cool Patch Sends Word of Special Mark for Twin Falls Service Men

Five bronze stars, four of which represent that many major engagements, the other sector service on the field of operations, all stars to be on an authorized service ribbon, comprise the honor badge of the 148th field artillery. Members of this regiment, of which there are many in Twin Falls, are entitled to wear this badge of distinction.

Colonel L. V. Farch, of the state adjutant's department in Boise, has sent-out notice pertaining to the special honor to which 148th men are entitled. He says he has just been informed by the brigade commander that this mark of merit is to be bestowed upon Twin Falls men who served with the 148th. Arrangements are now making for official presentation of the badges.

THREE-SCORE NAMES ONLY ARE REQUIRED

Chamber of Commerce Membership List Nearing the Goal Set

With 63 signatures to be acquired four bottles of Chamber of Commerce boosters, forming a "cleanup" company, fared forth this morning to get the required number of pledges to the support of the Chamber of Commerce. At noon progress of ample proportions was reported to warrant the assumption that the last needed pledge would be in by night.

The committee out today are under the leadership of A. H. Wilson, Leonard E. Smith, E. S. Johnson and E. L. MacVicar. Each committee has been provided with a list of eligibles and started on the hunt with a guarantee to clean the slate. Last night's total enrollment was 237. Three hundred subscribers are required on the charter list. A booster organization meeting will be held next Monday.

DEATHS

The body of Sidney G. Fessenden, aged 57, lies at the P. J. Grossman morgue awaiting word from relatives pertaining to final disposal. Death occurred early this morning at Eden. Decedent was an employee of E. M. Newberry, a butcher at Eden. Death was the result of heart disease. Relatives are located in Wyoming.
