ALLIES SILENCE BOLSHEVIK GUNS AT KRONSTADT

Soviet Batteries on Gulf of Finland Out of Action as Result of Bombardment by Allied Warcraft

REDS CLAIM CAPTURE OF MEN OF KOLCHAK FORCES

Report Fierce Fighting Around Petrograd and Advance All Along Line Against Army of General Yudenitch

COPENHAGEN, (AP)—Reports that the Bolshevik batteries in and around Kronstadt, near the Gulf of Finland, have been silenced after a bombardment by allied warships of several days are contained in dispatches to the National Standard today from Reval. Heavy explosions are said to have occurred in both places, resulting due to ammunition dumps blowing up.

LONDON, (AP)—The Russian soviet commune of Sunday, received today by wireless from Moscow, claims the capture of 1,500 prisoners in the taking of Petrozavodsk, 106 miles west of Omsk from the Kolchak forces.

The statement also reports fierce fighting in the Finnish gulf region and a continued advance by the Bolsheviks along the line against the army of General Yudenitch. The occupation of many villages in the Luga Gdoff sector, east of Lake Piepus, is announced.

STEEL STRIKERS LOOK FOR HELP

Union Leaders Seek Approval of Recommendation for a State Wide Walkout

PITTSBURGH, Pa., (AP)—Union leaders in Pittsburgh in the interest of the steel strike today began to formulate a plan to secure state-wide union approval of recommendations passed by the Pennsylvania State Federation of Labor which adjourned its "special" convention here yesterday. Featuring the recommendations adopted in the form of resolutions, was a call for a state-wide strike of organized labor as a last resort to secure a peace speech, free press and free assembly.

STEEL WORKERS RETURN TO WORK IN OHIO AREA

YOUNGSTOWN, O., (AP)—Mill operations continued to increase here today. The McDonald mill of the National Steel company was operated for the first time since the steel strike began and 75 per cent of the company's plants are operating, company officials said.

MILITARY CONTROL IN WYOMING PROCLAIMED

Governor Hopes of Settling Strike at Conference Called Off Operators and Miners

SHERIDAN, WYO., (AP)—At the direction of Brig. Gen. B. A. Poore, commander at Fort D. A. Russell, proclamations were posted today in all northern Wyoming counties stating "military control" throughout the state of Wyoming. The proclamation stated that the various instrumentalities of civil law are suspended and continue in operation, "insofar as they may be able to exercise functions."

CHYENNE, WYO., (AP)

Representatives of Wyoming coal operators and miners met here today in an effort to end the strike in Wyoming. The meeting was arranged by Governor Carey, said he was "very hopeful" that the strike in Wyoming would be settled "by tomorrow night or Wednesday morning at the latest."

Committee Opposes Espionage Repeal

WASHINGTON, (AP)—By unanimous vote the judiciary committee today declined to recommend repeal of the espionage act. Repeal bills of Senators Francis B. Markham and Frederick of Washington, republicans, were ordered reported adversely. The committee decided it was impossible to repeal the law because it included search warrant and other provisions necessary for the enforcement of prohibition.

Strike Contrary to Ministerial Ideals

LONDON, (AP)—Commenting on the proposed British union of clergymen, one curate writes to a London newspaper: "I suppose we persons are among the worst paid of all classes. But what would be the good of our striking? Who would care? The idea of a strike is clear contrary to our profession as Christiana ministers."

French Pay Tribute To Hero Dead in War

PARIS, (AP)—Notwithstanding the cold weather, the reports reaching Paris from the provinces say large crowds attended the ceremonies held Saturday to honor those who died on the battlefield. Wreaths were placed on the graves of American soldiers at Montauban.

Germans Dismantling Fortress at Istein

GENEVA, (AP)—The Germans have started dismantling the fortress at Istein, about eight miles north of Basle. The work is being conducted under the supervision of allied officers. The fortress was equipped with long range guns commanding both the German and Swiss shores of the Rhine for a long distance.

Salt at Premium in Markets of France

PARIS, (AP)—Salt has been added to the list of commodities lacking in the French market. The transportation facilities is declared to be the chief cause.

JARRIDGE BUSINESS DISTRICT FIRE-SWEEP

Reports Reaching Twin Falls Today Tell of Bad Blaze in Nevada Town

Fire, starting in the Success bar at 3 o'clock this morning, wiped out practically the entire business district of Jarbridge, Nevada. The damage is estimated at about \$30,000.

Meagre reports reaching Twin Falls today tell of some 15 business houses and residences consumed in the blaze. How the fire started is not at present known. Most of the places consumed were former saloons, now operated as soft drink and refreshment houses, all of frame construction.

The most important buildings taken were the Nevada hotel, the Jarbridge hotel, the telephone office and a picture show house. The entire section from the Jarbridge steam laundry. These buildings were saved by heroic efforts by residents.

WORLD NEWS EVENTS

TOKIO, (AP)—After reviewing the entire navy in an imposing display the emperor issued a message to the fleet Wednesday congratulating it upon its showing. The maneuvers had demonstrated, said the message, the ability of the fleet to protect the dignity and safety of the nation.

HELENA, Ark., (AP)

The trial of more than one hundred negroes, charged with intent to commit murder and alleged participation in the recent race disturbances near Elaine, a small town in the southern part of this county, was scheduled to begin in circuit court here today. Cases of eighteen defendants were expected to be taken up today.

NEW YORK, (AP)

The backbone of the longshoremen's strike is believed to have been broken this morning when the full force of men employed on the Chelsea piers between West 14th and West 33rd streets returned to work. At the International Longshoremen's association headquarters, it was announced that all strikers had decided to return to work wherever they were needed.

UTAH COAL FIELD IS QUIET

Troops on Duty at Helper But Situation 4 Without Incident

SALT LAKE CITY, (AP)—Conditions in the Utah coal area at Helper and Hepler were reported unchanged today and it is said an additional military force on strike. Troops are on duty at Helper but the situation there is reported quiet.

EFFORT TO RUSH PACT THROUGH MEETS FAILURE

Senate Leaders Give Up Attempt to Reach Agreement on Early Vote Following Proposals Wrangling

HITCHCOCK BLOCKS PLAN OF REPUBLICAN LEADER

Holds Out for Opportunity to Vote on Varying Degrees of Qualification with View to a Compromise

WASHINGTON, (AP)—Efforts to speed an agreement for early final action on the peace treaty failed today in the senate. After an hour of wrangling over proposals presented by both sides the leaders gave up the attempt to reach an agreement and the regular order of debate on the labor amendment to the treaty was resumed.

A plan presented by Republican Leader Lodge for a final vote on November 12 was blocked by Democratic Leader Hitchcock, whose counter proposal that final action be taken this week was objected to by Mr. Lodge.

King Senators Reservation
Senator King, Democrat, Utah, introduced a reservation declaring that the United States "withholds its assent to the treaty" by its provisions and "declines to participate" in the international labor conference because vital American domestic questions are affected.

Hitchcock Gives Position
Senator Hitchcock, democrat, Nebraska, administration leader in the treaty fight, in presenting the proposal to the senate said it seemed the only fair way to reach a final vote on reservations of varying degree of qualification would come up when the committee proposals failed to receive a two-thirds vote. The plan offered by Senator Lodge, he said, was not acceptable as under it, the final vote on ratification would be taken on a resolution containing reservations "made up largely by enemies to the treaty."

"We want an opportunity," said Senator Hitchcock, "to vote on a different resolution, which ultimately may command the support of a majority of the senate, with a compromise between those who want it ratified without reservations and those who want it ratified with reservations."

Not Sure of Satisfaction
"I am not sure that ratification will be reached in any form; but if senators desire to decide in a broad, fair manner by the method of a political convention, then let us offer a resolution without reservations, and if that too fails, let others present resolutions to be voted upon until, perhaps, a compromise can be reached."

Senator Hitchcock said his proposal would permit the senate to dispose of the treaty by a majority vote, or, if not, to take up other legislation. "We must face the situation," he said, "that unless there is a compromise between those favoring ratification in some form, the treaty cannot be ratified."

Senator Lodge said he would not enter into an elaborate piece meal amendment but would insist upon a definite date for a vote, which would give ample opportunity for any move the minority desired to make.

STRIKE ENTERS SECOND DAY WITH NO BREAK IN RANKS OF UNION MINERS

No Movement of Men Back to Mines, Except for Small Number in North Dakota, Develops in Reports from Country's Bituminous Fields; No Attempts Being Made by Owners to Operate Unionized Mines

BUSINESS IN SOME OF SMALLER IOWA CITIES IS FIRST TO FEEL EFFECTS

CHICAGO, (AP)—No movement of men back to the mines developed in the early Monday reports from the country's bituminous mine fields. A small number of lignite miners in the Burlington, N. D., area returned to work after being on strike one day, explaining that they had failed to receive union orders not to quit. This was the only place where reports were received of strikers reporting for work Monday.

MINERS' CHIEFS KEEP SILENCE

No attempts by owners to operate unorganized mines were reported.

In West Virginia 300 non-union mines were operating, according to advices from the West Virginia Coal association. Early reports received at the offices of the Colorado Fuel and Iron company in Denver described the situation "as about the same as Saturday," when the country was being mined operated with reduced forces.

Continued Compliance with Attitude Forced by Court Restraining Order

INDIANAPOLIS, Ind., (AP)—Officials of the United Mine Workers of America at the international headquarters here today continued their silence on the coal strike, an attitude forced by a court restraining order issued by United States District Judge A. B. Anderson. Not a word regarding the strike could be obtained here.

Preparing for Hearing
John L. Lewis, acting president of the organization, who spent Sunday at Springfield, Ill., was expected to arrive at headquarters until this afternoon.

The government's program for enforcing the restraining order against the miners' officials was expected to take definite shape with the arrival here today of Dan W. Sims of Los Angeles, Ind., special assistant attorney general. Reports from the government also have been busy preparing for the hearing on the government's petition for a temporary injunction, set by Judge Anderson for next Saturday. It was reported that William O. McAfee, former secretary of the treasury, might be retained by the miners in addition to Henry Warrum, a local attorney.

Kentuckians to Meet
Striking miners at Henderson, Ky., according to a report from that city, are meeting today to discuss the local situation. Some of the miners, it was said, favor returning to work in view of the fact that union miners of Christian, Hopkins and other counties in the work under an agreement signed in September.

While practically all Indiana mines were open and miners' trains were running in that state, the coal operators, engineers and pumps went to work, there being no break in the ranks of the strikers at railroad mines. Sixteen mines in Sullivan county, however, were reported in operation. No violence or disorder had been reported, the miners for the most part remaining in their homes.

NORTH DAKOTA JUSTICE DISSENTS IN BANK CASE

Excepts to Verdict Restraining Examination of Financial Institution

BISMARCK, N. D., (AP)—Justice Luther Rice today dissented from the verdict of the supreme court, handed down October 21, in which the temporary injunction restraining state officials from conducting an examination of the Scandinavian-American bank of Fargo was made permanent, and in which the majority of the supreme court held that the Fargo bank was solvent.

TROOPS IN MOTION

Federal troops today were in the mining regions of Wyoming, Colorado, New Mexico, Wyoming and New Mexico, under orders to preserve the peace in case disorders are in connection with the strike. One company of the 32nd Infantry is on its way from San Diego, Cal., to Utah for duty in the coal fields of that state.

IDAHO WEATHER

Tonight and Tuesday fair and warmer north; rain south portion, Tuesday.

GOVERNMENT IS READY TO HEAR STRIKE MERITS

Attorney General Informs Coal Miners Protesting Against Injunction Administration Will Facilitate Inquiry

WILL CALLING OFF OF STRIKE AS CONDITION

The Curtailment of Passenger Trains on Some Railroads is One of First Effects of the Walkout

WASHINGTON, (AP)—Attorney General Palmer today informed coal miners who protested against the strike injunction that the government stood ready "to do everything in its power to facilitate an inquiry into the merits of the controversy but in the meantime the law must be enforced and continued to stop production cannot be tolerated."

Mr. Palmer's statement, made in reply to a telegram from the local union at Glencoe, Ohio, to President Wilson, was taken to indicate that no attempt would be made by the government to settle the wage controversy until the strike was called off.

Miners Express Resentment
The miners' telegram said: "The 3768 United Mine Workers of America feel justified in representing your action taken against us in our just demands for a living wage and that we are sorry to see that you have taken steps to settle the wage controversy until the strike was called off."

Replying for the president, Attorney General Palmer said:

Your telegram to the president protesting against the enforcement of the government on the ground that it is taken against your just demands for living wage is based on a misconception of the facts. The government has not taken sides either for or against the mine workers or the mine operators. The law provides that no two sides prior to the proclamation of peace shall agree or arrange with one another to restrict the output or supply of coal. The government is insisting that this law should be obeyed by both the mine owners and the mine workers. The government stands ready now, as it has stood in the past, to do anything in its power to facilitate an inquiry into the merits of the controversy, but in the meantime the law must be enforced and combinations to stop production cannot be tolerated."

Gomper's Part Key Dark
Labor officials declined today to discuss reports that Samuel Gomper, president of the American Federation of Labor, had suggested a way of settling the coal strike. Mr. Gomper is in New York and other officers of the federation here there was no one here to speak for him.

Reports were amplified by the government team agents in the coal fields who had been directed to telegraph immediately to the president on the attitude of the striking miners and especially whether they showed a disposition to work.

Organizing Unrest Commission
At the White House today was said that President Wilson's offer for arbitration of the strike was still open. Meaningful preparations for setting up a commission on industrial unrest are proceeding in the public relations in the recent industrial conference are going forward and the selection of the personnel is expected to be completed by the end of the month.

One of the first effects of the coal strike has been the curtailment of passenger trains on some railroads. Disruptions have been reported by regional directors wide discretion in this.

WORKING WOMEN ASK AMENDMENT FOR PARTICIPATION IN LABOR MEET

WASHINGTON, (AP)—Participation by women in the international labor conference was favored today in a resolution adopted by the international congress of working women, urging amendment of the Versailles treaty to give women an equal vote in the treaty. It asked that article 23 of the treaty be so altered that each national delegation to the conference should include two women, one representing labor and one representing the government.

REVISION ALSO WAS FINALLY ADOPTED TODAY

The first international congress of working women, held in London, has adopted a resolution of the international congress of labor of the league of nations that an international convention establish:

"Second, that the weekly rest period shall be at least one day and a half. Third, that in continuous industries a minimum rest period of one half hour shall be accorded in each eight-hour shift."

REVISION ALSO WAS FINALLY ADOPTED TODAY

It follows: "The first international congress of working women, held in London, has adopted a resolution of the international congress of labor of the league of nations that an international convention establish: 'Second, that the weekly rest period shall be at least one day and a half. Third, that in continuous industries a minimum rest period of one half hour shall be accorded in each eight-hour shift.'"

FARM CONGRESS GOES ON RECORD AGAINST STRIKE

Adopts Resolution Advocating Federal Board of Arbitration to Give Both Capital and Labor Square Deal

HAERSTOWN, MD., (AP)—The short work days and "ever increasing wages demanded by industrial labor" were declared to be "adversely of the profit in keeping up the high cost of living." A resolution adopted Thursday by the Farmers' National Congress at its concluding session. The congress also went on record as opposing the strike.

Minority Takes Exception

The resolution expressing opposition to organized labor's method was adopted over the protests of a small minority of wrought-iron farmers, who withdrew from the congress after the vote on the resolution.

Speakers for this minority raised a furor throughout the convention hall during consideration of the resolution and declared that all organized labor was engaged in a struggle for its just rights and should have the full sympathy and support of the farmers of America.

Short Week Inadequate

"We know that the forty-four hour week cannot feed the world and we proclaim that it cannot clothe it," the resolution stated. "The resolution which advocates the short day in industry, the resolution added, should not expect the farmer to work 'six hours before dinner and six hours after, with before-breakfast and after-supper chores thrown in.'"

Supports "Honest Labor"

While pledging a helping hand to "honest organized labor" the resolution condemned the tactics of labor leaders who for pay and price would scuttie the ship of state and rear the red flag of Bolshevism over the ranks of an outraged and alien people.

In declaring opposition "to all strikes" the congress went on record as favoring a federal board of arbitration that would give both capital and labor a "square deal."

While waiting for the final resolution to be put, the delegates, amid a rather hazy and dimly lit scene, heard and adopted a resolution in which they re-dedicated themselves to a "steadfast support of the free institutions of the American government and the maintenance of the principle of national defense against the dangerous foreign influences at work today."

Advocates Organization

More thorough organization and cooperation among farmers was advocated in an insurance of greater strength for the farmer both economically and politically, the Capper-Heranna bill, exempting farmers' collective bargaining organizations from the provisions of the anti-trust law.

Other recommendations of the congress included deferment for two years beyond January first of the burning back of the railroads to private control in order to insure the working out of a proper basis for their return; maintenance of the present level of "special war taxes" until a question of war debt is paid in order that the cost of war may be paid from the profits of war; and lower interest rates on money borrowed from farm loan banks.

O. G. Smith, chairman of the Nebraska state board of agriculture, was elected president of the congress.

LONDON HAS FLYING CLUB

Airplanes Replace Motor Cars as Conveyance for Association Members

LONDON, (AP)—Visitors to London's newest club—many of them—alight from their planes and are drawn up in the usual motor cars. They spend an afternoon at golf or tennis and, next morning, fly away again.

The club, the London Flying club, is England's nearest approach to the American country club. It is a palatial affair, boasting eighty elegant bedrooms and a ballroom where 750 couples may dance without crowding. In addition guests may play golf, tennis, racquets, hockey—on real croquet, water polo or they may swim, shoot or fish.

Passenger airplanes are available for hire and a flying school is maintained near by. "Guests where guests may shelter their planes overnight and mechanics are at hand to keep them in running order." The club is situated in beautiful grounds at Hendon, London's great flying center.

FIRST POLISH MINISTER TO UNITED STATES RECOGNIZED

WASHINGTON, (AP)—Prime Lubomirski, the first Polish minister to the United States, presented a copy of his credentials to acting Secretary Phillips today and will be recognized provisionally until he presents his credentials to President Wilson.

IMPROVEMENT IN WILSON'S CONDITIONS IS MAINTAINED

WASHINGTON, (AP)—Improvement in President Wilson's condition heretofore noted has been maintained, said a bulletin issued today by Dr. Admiral Grayson, the president's personal physician, following the weekly visit of Dr. F. X. Doremus, of Philadelphia.

Store advertising serves the people who buy. It is not interesting, or self, to those who read the thing. It is not merely interesting, but vital to the buyers for the home. For it is a guide and a service to them.

Increased Milk Exports During War of World

During the world war, American exports of milk products increased considerably more than three fold.

In 1914, 70,000,000 pounds of milk left the United States. In 1915, the total was 255,000,000. It was a record for the country, but for the sake of comparison the United States department of agriculture has reduced the figure to 100,000,000.

Butter and cheese constituted the two items making up the total in 1914. In 1915, there was a big added item of condensed milk—something more than half the total.

AMERICANS ARE AMONG VICTIMS

American Relief Worker Describes Distressing Conditions in Russia

WASHINGTON, (AP)—Captain Leo F. McGuire of Tulsa, Okla., of the Red Cross, said today that many Americans in distress in Odessa when he was sent to that city recently to bring out the wives and children of Polish army officers and men who had been left there when the troops withdrew last April.

Many of the Americans, he says, were women whose husbands were in American and some were mothers of sons in the United States. The American civilians petitioned the Red Cross agents to report their condition to any nearby American consulate in the hope of obtaining financial help. They had little money and were contriving by uncertain means to keep body and soul together. Captain McGuire brought to Odessa much mail for their families in America.

People in Misery

The troops of General Denikin, aided by British and French had captured the city from the Bolsheviks when Captain McGuire reached Odessa. Of the 150,000 people of the city were in various stages of misery.

"Though the Bolsheviks battered the city from the sea, they did not finally bring the city to surrender as was still haunted by the terror of the late Bolshevik regime," writes Captain McGuire. "Bands of anarchists and petty criminals throughout the town and their armies were only 13 miles distant. Revolution seemed to be fermenting and distracted thoughts of escape were being planned for another period of terror."

Tell Tale of Cruelty

"The Polish women and children for whom we had come to this great Black Sea port were a bewildered and frightened lot who had managed to escape with their lives through organizing times of calumny, corruption and terror. All told the same tale of cruelty. Before leaving the city, the Bolsheviks had forced their hungry and starving prisoners to give up to them more than 1,000,000 rubles. This left them utterly without funds."

"Fantastic prices for commodities made living conditions insupportable. The black bread cost 100 rubles a pound, butter 130 rubles. One chicken cost a thousand rubles and a glass of drinking water two rubles. Four kinds of money were current, that of the Kerensky regime, the Bolshevik, Ukrainian and special Odessa ruble. A penny box of matches brought 15 rubles and shoes, which were to be had, could be obtained for untold thousands of rubles. These extraordinary prices mean starvation for thousands of people."

Disease Prevalent

"Disease was prevalent. Typhus and cholera have long since worked their deadly way among the enormous drifting population. Yet the number of inhabitants continues to increase. Before the war Odessa had 600,000 people; now it has more than 1,500,000."

"It was heartbreaking not to be able to rescue the thousands of Poles who had taken refuge in Odessa and were unable to leave. Their numbers are said to be 30,000. All were longing to return to their own country."

ATTENTION SERVICE MEN

The Home Service Section is in receipt of the following information printed in United States Bulletin of Monday, October 20: "No matter when a man was discharged, even though 18 months have elapsed, he may re-enlist before December 31, 1919, on his own statement of health and by paying only two months' premium. This gives to the man who was discharged prior to April, 1918, still another chance to become reinstated, and is an opportunity that ought not to be allowed to pass."

PLAN FOR WAR IS RESORTED TO IN STRIKE

British Ministry of Food Put in Operation Scheme of Motor Car Transport During Transportation Tieup

LONDON, (AP)—When the railroad men's strike tied up the transportation system of England the ministry of food put into operation a scheme of motor car transport planned in detail during the war in case of German invasion. It worked so successfully that there was no suffering and virtually no inconvenience from lack of food. In the case of London it was a much bigger task than could face any American city because London lives a hand-to-mouth existence in absence of adequate storage facilities.

Employs Rationing System

When the decision to strike was announced the food ministry put into effect a system of rationing as rigorous as during the war, marauded the government's 5,000 automobile trucks and closed Hyde Park, the wage earners' favorite place for protest meetings. The great park became a dumping ground for food brought from all over the country. From there it was distributed to wholesalers of London. The operation moved so smoothly that on the second day rationing was eased a little and within a week supplies were plentiful. On the sixth day three-fourths of London's normal supplies of 167,000 gallons of milk daily was being brought in and distributed.

After a few days Hyde Park presented a scene somewhat like an army camp and eventually akin to a circus ground at a one-day stand. Everything moved rapidly but there was little confusion. Long lines of trucks, driven by army trained men at the direction, in many instances, of army officers, deposited food at several centers or loading points for distribution.

Women Volunteer Work

Scores of women members of war auxiliary services, many of them still in khaki assisted the men volunteer workers in driving the motor cars and handling lighter articles. The women also did an immense amount of clerical work. Army discipline did much toward the success of the undertaking. The government had plenty of cars and more than enough willing hands for every job. The ministry of food still had a firm grip on wholesalers and retailers as far as allotting food was concerned. This was a power conferred during the war and had never been relinquished.

RUSSIAN WOMAN SOLDIER NOW RED CROSS WORKER

Former Captain of Legion of Death Becomes Nurse in Rumanian Mission

KISHINEV, South Russia, (AP)—Miss Ivonoff, formerly a captain in the Russian women's Legion of Death, is now a nurse in the Rumanian mission of the American Red Cross. Miss Ivonoff was in charge of a Russian machine-gun company for thirteen months and carries shrapnel fragments in her shoulder to this day. She has also two bullet wounds in her chest.

She is now engaged in distributing American medical and hospital supplies to her countrymen in the Bessarabian district of New Rumania, with headquarters in Kishinev.

Miss Ivonoff was an officer both in the old Russian army and in one of General Denikin's units which have been fighting the Bolsheviks near Odessa. Her husband was an aviator and during the early part of the war she was attached as a doctor and nurse to the aviation section. She is a graduate physician.

During the fighting she became separated from her husband's unit and fell in with a machine-gun unit. When all of her officers and under-officers of this unit were killed she was unanimously elected captain by the men. For eleven months both in the trenches and during the Russian retreat she was in charge of the company.

When the Bolsheviks took Odessa, Miss Ivonoff went south to join Denikin's army, hoping to find her husband there. When General Denikin's forces were driven back a hospital train to which Miss Ivonoff was attached took refuge in Rumania and she turned over the train to Major Charles E. Spratt of New York, the head of the American Red Cross unit here.

TUBERCULOSIS THREATENS

Health of All Montenegro Menaced by White Plague, Says Californian

PARIS, (AP)—An alarming spread of tuberculosis is threatening the health of all Montenegro, according to the report of Lieutenant-Colonel H. R. Fairclough, of Lehigh Stanford University, director of the Red Cross relief mission in that country.

More hospitals and a permanent program of health education must be established if the disease is to be saved from the ravages of this disease. As a result of Colonel Fairclough's recommendations it has been decided to maintain units of physicians and nurses in Montenegro until June, 1920. The distribution of food and clothing will be discontinued as the great need for these supplies has passed.

ITALIAN AVIATORS PLAN AERIAL VOYAGE TO JAPAN

Military Adventure of d'Annunzio in Fiume Does Not Affect the Preparations

TOKYO, (AP)—Gabriele d'Annunzio's military adventure to Fiume will not interfere with the projected Italian airplane flight from Rome to this country, according to a statement made by the Italian embassy.

The embassy says: "This flight has been organized by the Italian aviation corps and all the necessary arrangements are being made by the Japanese government. The flight will be carried on by five airplanes with five pilots. It will be headed by the famous Lieutenant Locatelli who recently made a non-stop flight from Santiago, Ohio, to Buenos Aires."

Three Italian officers with six men and material are on their way to Japan to make arrangements for the flight.

The airman plan to reach Japan through Korea, crossing the Korean frontier at Wiju. Arrangements for the course over Japanese territory are not yet completed. The course must be fixed by the war department which objects to flying over certain fortified zones.

TUBERCULOSIS THREATENS

Health of All Montenegro Menaced by White Plague, Says Californian

PARIS, (AP)—An alarming spread of tuberculosis is threatening the health of all Montenegro, according to the report of Lieutenant-Colonel H. R. Fairclough, of Lehigh Stanford University, director of the Red Cross relief mission in that country.

More hospitals and a permanent program of health education must be established if the disease is to be saved from the ravages of this disease. As a result of Colonel Fairclough's recommendations it has been decided to maintain units of physicians and nurses in Montenegro until June, 1920. The distribution of food and clothing will be discontinued as the great need for these supplies has passed.

NORTH MEXICO TERRITORY IS HARD HIT BY STORM

MEXICO CITY, (AP)—Refugees from the state of Chiapas, which during the last week in September was visited by the most devastating storm in its history, who have arrived in Mexico City, say that virtually the entire north part of the state was flooded and that the towns of Toxcala and Chilon have been leveled. Death losses are placed at one thousand, with property damage running into millions of pesos. Every vestige of crops has been destroyed. The government has dispatched several relief trains to Chiapas.

Quick, Complete Combustion measures the Power Value of Gasoline

—and you get complete combustion and maximum power only when the gasoline has an unbroken chain of low, medium and high boiling or vaporizing points—when it is straight distilled gasoline.

Gasoline begins to vaporize at its lowest boiling point and flashes instantaneously up through the medium to the highest. If it is a mixture of low and high boiling point fuels it lacks the intermediate vaporizing and ignition points. It gives poor carburetion and fails to burn up completely—leaves heavy carbon deposits.

Con-O-co Gasoline is straight distilled with no power gaps. Vaporizes evenly and makes motors spry and powerful on a lean mixture—regardless of the weather. It is economical, too—gives most miles per gallon.

At filling time look for the Con-O-co Soldier Sign.

THE NORTH DAKOTA EXPERIMENT

An eloquent plea made here Sunday
for translation to Idaho of what has
come to be known as the North Da-
kota politico-industrial regime evoked
so much of enthusiastic approval, in
that particular audience that, at first
blush, it would appear desirable that
these persons should immediately re-
move themselves to the environs of
North Dakota, there to avail them-
selves of vaunted advantages and op-
portunities denied elsewhere—and par-
ticularly does this proposal seem desir-
able in view of the statement on
good authority that lands are selling in
North Dakota for substantially less
than those of similar character in ad-
joining states.

But the propositions put forward are
too important to be so lightly dismis-
sed.

It is true that the whole program in
North Dakota is held up pending a con-
clusion in a lawsuit to determine the
validity of a state bond issue upon
which it is superimposed.

It is true that the North Dakota
program has not advanced beyond the
stage where it can be regarded as any
other than an experiment and it is also
true that evidence of prior experiments
in state socialism in the United States
showing a record of \$50,000,000 worth
of repudiated and unpaid state bonds
bearing interest for about 100 years
now, does not augur well for the ven-
turous success of this scheme.

Nevertheless, it is true that the ex-
isting industrial system, while it must
be depended upon until something bet-
ter is established in its stead, is not
sacred; and the North Dakota program,
among others ranging from absolute
divorcement of the state from industry
to absolute state ownership and opera-
tion, is a suggestion containing possible
elements of betterment.

It is observed that the burden of
proof properly is imposed upon the in-
novation, and it is right that the spon-
sors for the new order should prove
conclusively that theirs is the better
order of things.

It is not sufficient for the proof of
their case that the present order should
be condemned. There would be no

CHEST CLOGGED UP WITH HEAVY COLD?

Don't give it a chance to
"set in"—use Dr. King's
New Discovery

THAT dangerous stage where a
cold or cough or case of
croup might get the better
of you may be nearer than you
think. From now on, Dr.
King's New Discovery will avert
it long ahead.

For fifty years it has loosened
congested chests, disipated tight-
packed phlegm, broken vicious colds
and coughs. Give it to the young.
Make it yours. There will
be no disagreeable after-effects.
60c. and \$1.20 a bottle. At your
druggist's. Give it a trial.

Bowels Become Normal
—Liver cleans up, bile flows freely—
headache, biliousness, tongue-fur,
stomach-sourness, disappear when
Dr. King's New Life Pills get in
their natural, comfortable action.
Purgatives, never pleasantly cor-
rective, sometimes habit-forming,
should not be taken to rack the
system violently. Nature's way is
the way of Dr. King's New Life
Pills—gently but firmly functioning
the bowels, eliminating the inter-
esting-clogging waste, and promoting
the most gratifying results. Cleanse
the system with them, and know the
value of regular bowels, 20c. at all
druggists.

trouble in rallying plenty of support-
ers for a wholesale condemnation of
existing wrongs; but it does not nec-
essarily follow because the present or-
der is wrong that any proposal for a
readjustment is the proper one.

The case of innovations indiscrimi-
nately cannot be proved by deminca-
tion alone.

Except that it throws a revealing
light on the darker side of the North
Dakota program, the expression of the
hope that "Doc" Erskine would choke
when he at broad made of North Da-
kota milled flour contributes absolutely
nothing to the proof for the North
Dakota proposal.

Arrangement, based on ignorance of
essentials of jurisprudence, of the pro-
cedure of our courts, proves nothing for
the proposal.

Flamboyant statements and mis-
representation have no part in effective
propaganda for this proposal.

It is the fact, however, that, strip-
ped of rancor and clap-trap, there re-
mains in the North Dakota program
certain proposals deserving of consid-
eration on the part of everyone who
seeks amelioration of existing condi-
tions.

It is the belief of The News that
as a noteworthy economic experiment
containing possible elements of better-
ment in the existing situation, the
North Dakota program should be close-
ly-studied; and, in the light of this
conclusion, The News is to be depend-
ent upon to publish impartially and in
detail all of the salient features of pro-
gressive development of the North Da-
kota program.

It is, however, the belief of The
News that the interests of the people
generally are best served by confining
the operation of the experiment to
the boundaries of North Dakota until
such time as it may be proven conclu-

ively a desirable or an undesirable
thing.

Should the experiment prove unde-
sirable, then only North Dakota bears the
brunt of the suffering; but should it
prove desirable it would require little
of argument to translate the beneficial
features to other states, and the propo-
sition, in such event, would be re-
duced to a minimum.

Today's Markets

CHICAGO, (AP)—Butter higher;
creamery 50 to 55c; eggs steady; recei-
pts 4,771 cases; firsts 37 1/2 to 58
1/2c; ordinary firsts 50 to 52 1/2c; at
mark, cases included 52 to 57c; storage
packed firsts 59 1/2c; poultry alive
lower; springs 20 1/2c; fowls 15 to 21
1/2c.

Chicago Livestock
CHICAGO, (AP)—Hog receipts 22,000;
50 to 65c higher; bulk \$14.50 to 15.10;
top \$15.25; heavy \$14.50 to 15.10; light
\$14.00 to 15.15; heavy packing sows,
smooth \$14 to 14.60; packing sows,
rough \$13.75 to 14; pigs \$13.75 to 14.50.

Cattle receipts 32,000; weak; beef
steers, medium and heavy weight,
choice and prime \$17 to 19.65; common
\$8.25 to 10.50; heifers \$8.35 to 14;
cows \$6.25 to 12.75; canners and cut-
ters \$5.25 to 6.25; veal calves \$17 to
18.25; feeder steers \$9.75 to 12.75;
stocker steers \$8 to 10; western range
steers \$10.75 to 15.25; cows and heif-
ers 7.50 to 15.50.

Sheep receipts 47,000; weak; lamba
\$12 to 14.75; culls and common \$8.50
to 11.75; ewes, medium, good and choice
\$6.75 to 8; culls and common \$3 to 6.50;
breeding \$6.75 to 12.50.

Potatoes
CHICAGO, (AP)—Potatoes firm; ar-
rivals 67 cars; northern bulk and
sacked Whites, carlots \$2.40 to 2.55;
Western Whites, jobbing \$3 to 3.15.

Grain and Provisions
In the later dealings prices were
hoisted to an unusual extent. Shorts
led the buying, country offerings were
light, and there were forecasts of un-
usually wet weather. The close was
buoyant, 4-1/8 to 6-1/8 not higher, with
December \$1.87 to 1.37 3-8 and May
\$1.31 to 1.31 1/4.

Most of the gains were held at the
finish.

CHICAGO, (AP)—Pronounced bullish
sentiment and active general buying
carried the corn market today sharply
upward. Resumption of work by the
longhorns at New York counted as
a material factor in lifting values, and
so too did strength in hog quotations
and in stocks and cotton. Besides, un-
business over threatened delays in the
movement of corn continued as a dis-
courage to bears. Opening prices, which
ranged from 1-1/8 to 2-3/4c higher with
December \$1.32 1/2 to 1.34 and May
\$1.27 to 1.28 1/2, were followed by on-
ly a slight reaction.

Oats were stronger with corn. After
opening 1-4 off to 1-2c advance, includ-
ing December at 72 1/8 to 72 1/4c, the
market scored moderate general gains.
Provisions responded to the upward
tendency of hogs and grain. On the
bulge, however, there was rather free
selling of January lard and ribs for
stockyards account.

Omaha Livestock
OMAHA, (AP)—Hog receipts 3,000;
market 50c higher; top \$15.75; bulk
\$14.25 to 14.60; heavy weight \$14 to
14.60; light weight \$14.40 to 14.65;
heavy packing sows, smooth \$14.25 to
14.45; packing sows, rough \$14 to
\$14.25; pigs \$13.45 to 14.50.

Cattle receipts 17,000; beef and
butcher cattle slow and steady; best
stockers and feeders firm; others 25c
lower; beef steers, medium and heavy
weight, choice and prime \$15.50 to
18.25; common \$9 to 10.75; heifers
\$7.50 to 13.25; cows \$8.75 to 12.50;
canners and cutters \$5.35 to 6.75; veal
calves 12.75 to 14; feeder steers \$7 to
13.25; stocker steers \$6.50 to 10.75.

Sheep receipts 11,000; lambs up
yearlings 25c lower; sheep and feeders
steady; lambs 24 pounds down \$13.50
to 14.60; culls and common \$8 to 12.50;
yearling wethers \$6.50 to 11.25; ewes,

medium and choice \$7.25 to 8; culls and
common \$3.25 to 7.25.

Liberty Bonds
NEW YORK, (AP)—Prices of Liberty
Bonds at 2:35 p. m. today were: 3 1/2's
\$100.98; first 4 1/4's \$95; second 4 1/4's
\$93.10; third 4 1/4's \$95.14; fourth 4
1/4's \$93.38; Victory 3 3/4's \$99.42;
Victory 4 3/4's \$99.40.

Cash Quotations
CHICAGO, (AP)—Corn No. 2 mixed

1.48 to 1.51; No. 2 yellow \$1.50 to 1.53.
Oats No. 2 white 75 to 74 1/2c; No.
3 white nominal.
Rye No. 2 \$1.38 to 1.39.
Barley \$1.24 to 1.30.
Timothy \$8.50 to 11.25.
Clover nominal.
Pork nominal.
Lard \$27.
Ribs \$18.75 to 19.75.
No one ever missed a dollar given to
the American Red Cross.

Two Things Your Clothes Should Do

They should give you complete body freedom in action
or repose—and they should put your mind at rest
about a strictly correct appearance.

Kincaid-Kimball Clothes

Famous for Fine Tailoring

have built up a sixty-three year reputation by render-
ing that double clothes service with a fineness of fabric
and expert tailoring which is not to be equalled at \$35
and up.

You'll be keen for the dash and swing in the new Fall
O'Coats. Let us show them to you and explain the two
fold mental and physical service of Kincaid-Kimball
clothes.

It Pays to Trade at the Big White Store

SPEAKER URGES CLOSER UNITY

Nonpartisan Leaguer Expounds Doctrine of Farmer-Labor Organization

In an address designed to further friendship and a bond of organized unity between the forces of the Non Partisan League and labor in this section Ray McKaig, of North Dakota, yesterday afternoon expounded upon corrupt all corporations, capital, political, industrial and forces not allied with the Townley League. He arraigned the Morgan, Rockefeller and Dupont order company interests, and uttered a scathing indictment of the "power trust."

After receiving from C. O. Edwards, organizer for the machinists union on strike here, an emblem of honorary membership in that organization, McKaig announced that he had just 10 minutes in which to make his train for Boise. He then proposed the taking of preliminary steps for an organization of laborers to cooperate with the Non Partisan League and to be composed of members of trades unions such of whom would pay \$2.50 dues, a part of which should go to pay for subscription to the Non Partisan League state paper. He called for nomination for a temporary district chairman of the labor league. H. S. Hogan, Twin Falls, was selected for this position, and J. H. Brown, Boise, it was announced, would remain to assist in perfecting the organization.

McKaig delivered his address before an audience composed of Non Partisan League members and labor men of this section. He urged for closer unity of the farmers with the workers, and demanded that this unification be brought about so that "its weight will be felt at the next polls." The gathering was in the Lavington theater, ninety per cent of the seating capacity of the house being occupied.

The speaker, after tracing the origin of the Non Partisan League and alluding to its constitution as based upon the teachings of the lowly Nazarene, denounced as false all suggestions that the Non Partisan League is an unpartisan institution, or that its members are disloyal to the United States government. He arraigned in acrimonious language food profiteers and speculators, charging the "evil barons" with collusion in the retarding of the country's fuel output for the purpose of creating a bigger profit for smaller deliveries. Introducing some interesting statistics McKaig said there are 71,000,000 people in this country who do not own their homes, charging this fault to low wages paid the masses. On the other hand he stated that the war made 25,000 millionaires in this country.

Declaring that he was returning to Boise to enter upon the trial of the libel case brought by him against former Governor Frank R. Gooding as an aftermath of the last political campaign, McKaig bitterly assailed the court procedure in the trial of A. Townley, president of the national Non Partisan League, which resulted in Townley's conviction for violation of the espionage act.

The meeting was opened by a song service led by a singer introduced as Brother Brown of Boise. H. C. Herant, president of the Central Labor Council of Twin Falls, presided at the

session. In an introductory talk he declared the farmer is destined to rule the universe and called upon the mass of the farm to "rise and sweep into power our own type; men who stand for production. He urged for cooperation between the farm organizations and the city workers.

C. O. Edwards, international organizer of the machinists, now in Twin Falls for the purpose of administering the affairs of the local machinists of strike since October 30, told his organization, its purposes, and stated that the present strife of the machinists was yet in incipient stages, informing the battle was yet to be fought. He declared talk of a nation-wide revolution, stating that the man, woman or company who predicted industrial chaos for this country did not understand the true situation. He said he stood ready to meet the employers in Twin Falls at any time and upon any basis that looked toward a reasonable settlement or adjustment of the differences now existing. He appealed to the farmers for financial and moral support in this hour.

State Senator O. G. Zuck, of Kimberly, added a few words of encouragement for both the farmer and worker, saying the farmer, through organizations, held out his hand of fellowship to labor. He urgently recommended the audience to look well to its political actions to get results. Senator Zuck introduced McKaig, the speaker of the occasion.

NOTICE TO CONTRACTORS

Scaled proposals will be received by the Commissioner of Public Works of the State of Idaho, at the office of the Commissioner, Boise, Idaho, until 2 o'clock p. m. on the 5th day of November, 1919, for the construction of 8.4 miles of the Sawtooth Park Highway between Shoshone and Richfield, in Lincoln county.

Bids will be opened and publicly read at the above stated hour.

Plans, specifications, form of contract, proposal forms and other information may be obtained at the office of D. P. Olson, Director of Highways, Boise, Idaho, and from the Division Engineer's Office at Burley, Idaho.

All proposals must be made on the forms furnished and must be signed by the bidder with his address.

The right is reserved to reject any or all bids, or to accept the bid or bids deemed best for the State of Idaho.

No bid will be considered unless accompanied by a certified check, on some bank in the State of Idaho, made payable to the Commissioner of Public Works, in the amount of five per cent of the total amount of the bid. This certified check is to become the property of the State of Idaho, not as penalty but as liquidated damages if the bidder, upon acceptance of his bid, fails or refuses to enter into a contract, or to furnish the required surety bond, within ten days (not including Sunday) after presentation of the contract by the Commissioner of Public Works to him for execution.

A bond with a surety company, authorized to do business in the State of Idaho, and satisfactory to the Commissioner, will be required for the faithful performance of the contract, in the sum of fifty per cent (50 per cent) of the total amount of the contract price.

It is the purpose of the Commissioner to build the road in the shortest time consistent with good construction, and complete and well equipped equipment and effective organization will be insisted upon.

W. J. HALL,
Commissioner of Public Works.
Dated Oct. 18, 1919.

Local Brevities

Spend Sunday at Home—Judge W. A. Babcock and H. M. Brainin returned Burley this morning after spending Sunday at home.

Rehearsals to Meet—A meeting of Primrose Lodge, Rebekah, will be held in the Masonic temple tomorrow night. The lodge will be called to order at 7:30 sharp.

Patient Recovers—Mrs. W. A. Peters of Jerome, who has been a patient at the Boyd hospital has recovered sufficiently to be removed to the F. N. Bracken home where she will be a guest for a short time.

Sues for Judgment—In the district court John H. Wolfe has instituted proceedings in an effort to procure judgment for \$200 against H. B. Wallace, who is alleged to owe that amount on a promissory note.

Motored to Boise—M. J. Swecley motored to Boise Saturday where he will meet Mrs. Swecley, who has been where they spent several days last week. They expect to return to Twin Falls today.

Return from Trip—Mr. and Mrs. C. E. Booth and Mrs. J. B. McLain returned Saturday evening from Boise where they spent several days last week. They made the trip by automobile.

Revival Meetings—Under the direction of the Rev. Conrad L. Owen, of the First Baptist church, a religion revival series was begun yesterday in that church. The services will continue throughout the week, and as much longer as is deemed necessary.

Off for Hawks' State—Mrs. B. A. Baker left yesterday morning for Iowa where she will visit relatives for a short time. From there she will visit her daughter in Chicago and will then go to New Orleans, La., to meet Mr. Baker. Mrs. Baker is one of the pioneers of Twin Falls, and also president of the Twentieth Century club.

Rehearsing Play—Directed by Mrs. Wilfred McKaig, Olson "The Young Mrs. Winthrop," a play of great possibilities, abounding in rich humor, is being rehearsed to be staged by the Catholic Women's society for the purpose of raising a building fund for the Catholic church. The play will be given in the Lavington theater.

Here Ordered to Move on—Arrendo Jera, a Mexican accused of stealing merchandise from Joe Martinez, upon arraignment Saturday afternoon was found guilty and ordered to pay a fine of \$100. The prisoner pleaded he was penniless and upon this plea was given the option of leaving town or serving time in the county jail. He chose the former alternative.

Impromptu Musical—Last night the living room at the Inn was headquarters of one of the most pleasing of impromptu musicals. A number of prominent local singers and pianists gathered at the Inn immediately after church services, spending a couple of hours with composers of sacred as well as secular music. Among those participating were Miss Helen Armstrong, Mrs. J. E. Byers, Mrs. O. P. Duvall, Mrs. W. H. Dwight and Mrs. T. J. Woods.

Club Calls Meeting—The regular meeting of the Twentieth Century club will be held Tuesday, November 4th at 2:30 in the Y. O. E. Hall. The ladies of the Rural clubs are cordially invited.

Masons to Convene

A regular meeting of Twin Falls lodge No. 45, A. F. and M. will be held in the Masonic general lodge room Wednesday evening, beginning at 7:30 o'clock. Membership reports will be received on this occasion.

Licensed to Wed—A marriage license has been issued to Harry E. and A. M. will be held in the Masonic general lodge room Wednesday evening, beginning at 7:30 o'clock. Membership reports will be received on this occasion.

Licensed to Wed—A marriage license has been issued to Harry E. and A. M. will be held in the Masonic general lodge room Wednesday evening, beginning at 7:30 o'clock. Membership reports will be received on this occasion.

School Has Party—A well attended and entertaining Halloween party was given at the school building Friday night, according to a report received at the office of the county superintendent of schools. Miss Cora Metrick, teacher, was in charge.

Personals

F. J. Walters of Three Creek is spending a few days in Twin Falls.

W. A. Thompson of Boise is a Twin Falls visitor.

C. W. Peck, of Hazelton, spent Saturday in this city.

Charles H. Helmer came down from Rupert yesterday for a brief visit.

W. F. Dannofeld of Clover was a Saturday visitor in Twin Falls.

Mr. and Mrs. O. J. Childs and little son, of Filor, were Sunday visitors in Twin Falls.

A. J. Varney and daughter of Eden were among the Saturday shoppers in this city.

Mr. and Mrs. A. A. Warner of Buhl motored to Twin Falls Saturday on a shopping trip.

J. A. Jacobs of the Fashion Shop, spent the latter part of last week in Burley, attending to business affairs.

G. E. Munson, who is transacting business in Burley came home to spend Sunday and returned this morning.

Miss Lillie Parrett was in from her home in the country Saturday on a shopping tour.

Mrs. M. J. Hatfield, of Eden, spent Saturday in Twin Falls shopping and visiting with friends.

A. A. Stocumb and daughter, Miss Mary, and son, Joe, were in Twin Falls Saturday from their home at Buhl.

The Misses Florence Castelle and Lucille Wisco came down from Burley Friday evening to spend Saturday and Sunday at home.

"SHEPPARD & CO. has good farmland for from \$100 to \$175 per acre. They are ready to show it to you at any time. Call at their office at Idaho Falls."—Adv.

Social Notes

Mrs. W. Z. Iron was host to the Shamrock club Thursday afternoon. A delightful afternoon was spent. The regular program was omitted. Daily refreshments were served at the close of the meeting. The club will meet with Mrs. McCoy, November 13.

Mrs. Mildred Paulson was host to the Mountain View club on October 29. Halloween decorations were used in profusion throughout the house, and in the luncheon parlors. An interesting guessing contest followed the evening's entertainment, at the close of which delicious refreshments were served. The next meeting will be held on November 12 with Mrs. Emma Short.

Miss Louise Wall entertained at a Halloween party Friday evening. The guests were all in costume and the evening was spent with games and music. Those present were Miriam and Elizabeth Babcock, Kathleen and Margaret Harrison, Nellie Nelson, Hazel Standley, Lolita Stepan, Susie and Madeline Chabron, Clara Maude Ripley and Bryant Wall, Jr.

Tommie Warner, son of Mr. and Mrs. T. F. Warner was host at a Halloween party Friday evening from 6:30 to 8 p. m. at sixteen guests. Immediately upon the arrival of the guests supper was served at a beautifully decorated table, the places being marked by a small Jack o' lantern to which was attached a card with the name of the boy or girl. After supper appropriate games were played.

The Northview club entertained husbands and families at a Halloween party at the home of Mr. and Mrs. J. W. Rutwings, Friday evening. The menu was a delicious one. Music and games were enjoyed. A fortune telling booth created a great deal of merriment. Delicious refreshments were served. Forty-five guests enjoyed this delightful evening.

The ladies of the Kimberly Band club entertained their husbands at a Halloween dinner Thursday evening at the home of Dr. and Mrs. William Fisher. All kinds of toothsome viands were served, the piece de resistance being a pig roasted whole. The decorations and program were most artistic and clever, being the work of Mrs. Van Pelt and Mrs. Fisher. All sorts of original stunts and games were played during the evening at the close of which cider and doughnuts were served. Forty-five people enjoyed the evening.

The Red Cross—a work of the heart on a sound business basis.

CLOSING OUT SALE

Having Sold My Farm and as I Am Leaving the Country, I Offer For Sale at My Place 1-1-2 mi. North and 1 mi. West of Filor on

WOMEN CENSOR FILM DRAMA FOR MEXICANS

Government Sets High Value on Motion Pictures Both for Disseminating Facts About Country and for Education

MEXICO CITY, (AP)—Two young Mexican women have been placed in control of the censorship and development of motion pictures in Mexico. They are Miss Adriana S. Ehlers, who will act as chief censor, and Miss Dolores L. Ehlers, who will have charge of the work of producing Mexican films to be distributed in the United States, Europe and Latin-American countries. The purpose of this widespread distribution of the Mexican film is to announce to the world away many of the misunderstandings that are said to exist regarding Mexico.

Exhibited Free to Natives.

In addition, the two young women are to have charge of the making of educational films to be exhibited free of cost to natives of Mexico to teach them the modern methods of living. The two young women will act under the direction of the department of the interior.

Films showing the life and industries of Mexico are being prepared under the direction of Miss Dolores L. Ehlers, who has a staff taking pictures in different parts of the republic. These are to be distributed by co-operation of the United States bureau of commercial economics in virtually every country in the western hemisphere. Other pictures of a rigorous and all undesirable films such as gruesome murders and immoral pictures now widely shown and patronized by the poorer people are to be taken from the public by Miss Adriana S. Ehlers. The smuggling of films across the American border is to be stopped. As eight films per week are the production of Mexico is illiterate, films have been adopted as the only means of educating people who cannot read or write.

Selected by Carranza.

The Misses Ehlers were selected by President Carranza through means of a motion picture scholarship and sent three years ago to the United States to study the possibilities of motion picture business from a national standpoint. They first took a course in the mechanics of motion picture making in Boston, later studied the work of large film companies in New York, and subsequently were permitted to work in Hollywood. Photographs were taken at the department at Washington. It is announced that beginning November 1, they will have complete charge of the entire film industry in Mexico.

PREDICTS AFFECTATION OF GORGEOUS APPAREL

London Director of Men's Fashion Sees Use for Gay Col- ors after War

LONDON, (AP)—A man garbed in a black frock coat, a ruff, a pair of pink breeches and bright colored stockings very likely would evoke astonishment in the streets of London as stroll down Fifth avenue or Broadway, but Henry Parkes, hailed in London as "the hidden hand in men's fashions," declares such restraint of color and line to man's dress should be a logical and altogether proper aftermath of the war. He is seeking to revolutionize men's dress to approximate the "gallant" styles of bygone days. His creed is that men want to cast off their dark, asymmetrical garments of gloom and woe, and to wear the light and brilliant cut expressive of a new age of freedom and romance.

"VOLUNTEERS"

Wanted, 1,000 sportsmen of good social position to wear, upon a given date, new fashions for men designed to bring color and line into masculine attire. This was the gist of a request the apostle of the new era of "romantic dress" sought to have accepted in London papers. To convince newspaper representatives of his sincerity, Mr. Parkes exhibited fifteen sample suits of, rather, costly material. "These clothes," said the revolutionist in fashions, indicating a pearl-gray evening dress with lace ruffles, "are not a feminine affectation, but the age of Sheridan and Garrick and Walter Raleigh offend me! It was a gallant age—and so is this. The end of every war heralds a new era. The smartness of army regalia has worked a sort of dress revolution for men. They see how much finer they look with waists and in breeches, they like them better, they feel braver, more upright."

The "call for volunteers" was ignored, but the last summer the late Mr. Parkes' establishment, which is to serve as headquarters during the proposed offensive on current men's fashions, was to the effect that the desired "war strength" of 1,000 had not yet been recruited.

The Windward Islands.

The Windward Islands belong to Great Britain. They consist of the islands of St. Lucia, St. Vincent and Grenada, with the smaller islands of the Grenadine chain. The islands, really, form three distinct colonies, united under a governor-in-chief, who resides at St. George's, Grenada. The Windward Islands derive their name from their position, as do also the Leeward Islands to the east, being more exposed to the trade winds than the neighboring Leeward islands.

RED CROSS GIVES FULL ACCOUNTING War Council Tells How Millions Contributed by Public Were Used For Relief.

BIG TASK IS DESCRIBED In Twenty Months \$184,000,000 Was Spent Overseas and \$119,000,000 in the United States.

Washington, (Special).—Through a complete report of the work of the American Red Cross in the war by Chairman Henry P. Davison, on behalf of the war council, the organization on the eve of its annual enrollment of members during the Third Red Cross Roll Call, November 2 to 11, has rendered an accounting of the many millions given it by the American people to help our fighting men and our allies. The statement is, in part, as follows:

"The war council of the American Red Cross is now prepared to make a complete accounting to the American people of money contributed and expended as well as the work done by the American Red Cross during the period in which the war council was in control of its affairs. The war council was appointed May 10, 1919, and went out of existence February 23, 1919.

"It was the practice of the war council to give complete publicity to its policies and finances, but it is only now that a picture of the war period as a whole can be presented. It is the feeling of the war council that a report in this summary form should be made directly to the public which provided the money and gave the effort which made the American Red Cross a success."

"A statement of the American Red Cross effort and finances since the national relief council's control will be made to the public through the executive committee, and it is important, therefore, that the fact that this report covers the period only until March 1, should be carefully noted."

Following are certain round figures covering American Red Cross participation in the war, as revealed by the war council's report:

Some Outstanding Figures.	
Contributions received (material and money)	\$400,000,000
Red Cross members	1,000,000
Adults	20,000,000
Children	11,000,000
Relief articles produced by volunteer workers	\$71,577,000
Families of soldiers aided by Home Service in U. S.	500,000
Relief articles received in canteen work in U. S.	40,000,000
Nurses enrolled for service in Red Cross	28,822
Kind of comfort articles furnished to soldiers in U. S.	2,700
Knitted articles given to soldiers in U. S.	10,900,000
Tons of relief supplies shipped to foreign countries in which Red Cross operated	25
Patient days in Red Cross hospitals in France	1,105,000
French hospital beds furnished material aid	3,780
Spina supplied for American Red Cross	294,000
Gallons of nitrous oxide and oxygen furnished French hospitals	4,340,000
Men served by Red Cross canteens in France	15,570,000
Refugees aided in France	1,728,000
American convalescent soldiers attending Red Cross movies in France	3,110,000
Soldiers carried by Red Cross ambulances in Italy	148,000
Children cared for by Red Cross in Italy	155,000
Of the \$400,000,000 in money and supplies, contributed to the American Red Cross during the twenty months the war council was in existence, \$283,000,000 was allotted to national headquarters, while \$117,000,000 went to the chapters in finance. The activities, expenditures in the twenty months totaled \$273,000,000, divided as follows: By national headquarters in France, \$57,000,000; elsewhere overseas, \$40,000,000; in the United States, \$60,000,000; by chapters in the United States, \$23,000,000; cost of chapters produced articles distributed in France, \$23,000,000; elsewhere overseas, \$8,000,000; in the United States, \$28,000,000, making total expenditures in France, \$230,000,000; elsewhere overseas, \$72,000,000; in the United States, \$119,000,000.	

EX-CHANCELLOR IS QUESTIONED ON WAR POLICY

Relations of Bethmann-Hollweg with American Ambassador Gerard Figure in Investiga- tions of German Committee

BERLIN, (AP)—Dr. Bethmann-Hollweg, German chancellor for the greater part of the war, underwent a grilling interrogation before the national assembly sub-committee which is endeavoring to determine that possibilities for peace had presented themselves during the war.

Considerable time was devoted to the part played by Ambassador Gerard von Bethmann-Hollweg repeatedly asserting that Germany was suspicious of President Wilson's sincerity in offering peace, because he (President Wilson) did not confide in Gerard, and the latter had to go to the president for information. The ex-chancellor said Ambassador Gerard's observations in Germany generally coincided with his own.

Evades Direct Answers

Direct answers were frequently evaded by von Bethmann-Hollweg, who said he could not remember whether he gave Gerard the German peace terms, although they had often spoken of peace—and he had told Gerard things he said in the reichstag.

The questions of the examiner here being asked that von Bethmann-Hollweg bridled and asked time to study the archives which until a week ago he had not seen for two years. He said he told Gerard that Belgium must not be used as a military base for another attack on Germany and discussed with the ambassador various military and economic post-war relations.

The former chancellor reiterated that Germany distrusted Wilson because he was known to be dilatory and that he, the chancellor, told Gerard he was skeptical of the president's attitude.

People Retain Prejudices

Dr. von Bethmann-Hollweg then described repeated efforts he had made to have the chief censor check French newspapers in their attacks upon the United States, but asserted the people's war for the U-boat warfare was too strong and whether the press was quiet or not, the people retained their prejudices.

"I never saw a ray of future," declared von Bethmann-Hollweg, "but when the submarine warfare became inevitable I considered it my duty to assume a confident attitude toward the future of the new and the reichstag and to speak hopefully."

PROBLEM OF ARMENIA IS MILITARY AND ECONOMIC

Medical Aid Plays Negligible Part in Building of New Nation

KARS, Armenia, (AP)—That the problem of Armenia is military and economic and that the medical problem is negligible in the midst of a series of inquiries which the American Red Cross has made from the chief physicians of Armenia.

Like the president of the republic, Alexandre Khaitian, himself a physician, says that once an orderly government is secured the people will return to their health and the maladies of overworking and underfeeding will disappear. There is small demand for surgery in Armenia.

Colonel Ford, a physician and the representative of the peace council at the Armenian capital, says that the epidemics and starvation of the last three years, which have killed twenty per cent of the Armenians, have tended to eliminate the weak, and that the million Armenians who survive are unusually free of disease of physical deformity. It has been chiefly the very young, the very old and the little girls who have been overcome.

Dr. Marvin of the American hospital in Constantinople says that 20 per cent of his cases need only cleanliness and food to regain normal health.

The physicians are agreed that the natural health of the Armenians is excellent, and that if the Great Powers can once help them to a peaceful life they need not trouble to give them much medical attention.

And the Fly Escaped.

One of the queerest stories of automobile wrecks comes from Geneva. A man driving along the state road toward Waterloo had the windshield of his machine open. A dragonfly entered through the opening and bit him in the face. He tried to brush it off, moving the steering wheel unconsciously, ran into the ditch and through a fence and had a bad smash-up. And the worst of it is, the sufferer can't sue for damages.

—Buffalo Express.

Apt Reminder.

"Come upstairs and let me wash your hands," said Winnie's mother. "I don't want to go up!" wailed Winnie, aged three. "Let her wash them down here," called grandmother, "she can do it just as well." "No," her mother said firmly, "I want her to come up with me!" Winnie came upstairs as slowly as possible. "Oh," she said, turning a wrathfully tearful face to her mother, "why don't you obey your mother?"

ALBERTA LANDS

530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district, 200,000 acres will be under irrigation. The balance is being sold for grain growing.

The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point.

Dry lands are being sold at \$15 to \$30 per acre—irrigable lands \$40 to \$60 per acre, which includes water right—operation and maintenance charge \$1.50 per irrigable acre per year—easy payments and low interest.

Alfalfa, grain, field peas, potatoes and root crops can be successfully grown.

Write direct to the company for full particulars and pamphlets.

MEXICO REDUCES SILVER CONTAINED IN COINAGE

Carranza Debauch Currency to Prevent Disappearance of White Metal as Result of High Price

MEXICO CITY, Mex., (AP)—A new silver coinage for Mexico of a peso containing twelve grams of silver is provided for in a decree signed October 20 at Queretaro by President Carranza and which will be published here today.

The amount of silver in the 50 and 20 centavo pieces is reduced in equal proportions.

Like the decree issued November 13, 1918, the present step was taken to prevent the disappearance of Mexican silver coins as a result of the high price of silver.

FRENCH GOVERNMENT TO ASSESS PROFITS OF WAR

Commissions Named to Look into Con- tracts Between State and Private Firms Finish Work

PARIS, (AP)—Commissions instituted by the senate and chamber of deputies for the purpose of looking into new contracts when it convenes will be to take legislative measures necessary to obtain from firms sums amounting to 500,000,000 francs, which the commissions may require the firms to "normalize profit" on their war contracts. All the firms mentioned in the report have signified their intention of defending themselves against surrendering any of their profits.

STABLE WHELPS BROWN

PHOENIX, (AP)—Jack Stahl of San Diego, won the decision over Yung Brown of Los Angeles in a ten-round bout here last night. Stahl nearly knocked Brown out in the last round, pushing Brown badly. The men are lightweights.

REVIVES FORMER ORDERS OF FUEL ADMINISTRATION

Old List of Priorities Becomes Effective as Garfield Signs Order

WASHINGTON, (AP)—Fuel Administrator Garfield laid Friday signed an order reviving the distribution and diversion orders of the fuel administration under which the old list of priorities immediately becomes effective. He said it was not contemplated at present to amend the list.

While no action is contemplated now with regard to anthracite coal, Doctor Garfield said that the course of prices would be watched carefully.

"Just the moment anthracite coal shows any disposition to get away," he said, "maximum price orders will be revised to stop profiteering."

The preference list as it will now stand will operate in this order:

- Railroads, army and navy and other government departments;
- State and county offices and institutions, public utilities;
- Retail dealers, manufacturing plants and the war industries board preference list; industries not on the list; jobbers, lake steamers, steamers at tide-water.

The woman who studies the ads KNOWS the right-new offerings of the store. She doesn't have to spend hours in "shopping." She does her buying in a businesslike way.

UNREST HINDERS GERMANY

Contracts Lost Because of Indisposition of Workmen to Work
BERLIN, (AP)—Germany is losing foreign electrical contracts every week because the work of 1,200 employees in peace time can hardly be done by 2,000 now, declares Commercial Councilor Mammoth of the General Electric company in a pessimistic interview in the Lokal Anzeiger. He sees Germany as a patient recovering from fever—that of the revolution—whose convalescence is by no means certain yet, and whose temperature may suddenly change so that he will die.

A relapse is inevitable unless the German workmen soon gets to thinking again, says the councilor. Enforcement of the five-hour working day, he adds, has cost German companies the loss of business in Sweden, Norway, Denmark, Holland and Finland. Lack of will to work and "absurdly short working days" prevent the German manufacturer from making deliveries on time.

There isn't any real secret about it. Volume of sales alone permits small profits, he said the ads. By advertising things.

The Inventory of property and resources at the close of the year was 536,626.52
Leaving a Deficit at the close of the year 78,373.48

TWIN FALLS CANAL COMPANY,
By W. O. Taylor, Secretary.

ROCK CREEK

ROCK CREEK—Wesley Hyde, was taken suddenly ill Wednesday, and Thursday was removed to a hospital in Twin Falls, where he will undergo an operation for appendicitis. Mrs. Hyde is also seriously ill.

Mr. and Mrs. Robert Brose received notice the first of the week that their son Walter, who lives in Twin Falls, had been operated on for appendicitis. Robert Brose, Sr., and E. U. McIntire left Monday for Omaha with four carloads of beef. Three of them belonged to Jones and McIntire and the remaining car to respectively.

Mr. and Mrs. W. A. Allen and children left Wednesday morning for their old home in North Carolina, where they will visit relatives for an indefinite period.

Mr. and Mrs. D. P. Albee went to Twin Falls Tuesday to visit Ed Baker, recently of Hidesville, California, who recently met by his mother-in-law, afection from a rare caused blood-poisoning.

Mr. and Mrs. L. P. Larsen have purchased the Van Hook place at Pleasant Valley and are preparing to move to their new home.

NOTICE TO CONTRACTORS

Notice is hereby given, that the Mayor and Council of the City of Twin Falls, Idaho, will receive and consider sealed bids and proposals, on the part of the City Engineer, at the hour of 8 o'clock p. m. of said day, at the Council Chambers, in the office of the City Clerk of said City, in the building at the corner of Second Avenue North and Second Street North in said City, for doing the work and furnishing the material in improving certain streets and avenues and in some remodeling on the part of the City of Twin Falls, Idaho, by grading, paving, curbing and surface, draining the same, which streets and avenues and parts of streets and avenues, so to be improved, are specifically described and set forth in Ordinances No. 250 1-2, 204, and 274, which ordinances are respectively described and set forth the boundaries and limits of Local Improvement Districts No. 24, 25, and 27 of said City of Twin Falls, Idaho. Said ordinances are on file in the office of the City Clerk of said City at the place and location above described at which place access to the same can be obtained.

Work upon said improvement shall be commenced and the same shall be finished at such times as the Mayor and Council shall designate. Each bid and proposal must be accompanied by a certified check upon some reliable bank, payable to the City of Twin Falls, or, in an amount equal to ten per cent of the total of the entire contract. In the event that the successful bidder does not enter into a contract with the said City of Twin Falls, within the time specified in the said check will be retained by the City and the said bidder shall forfeit the same to the City. The checks of the unsuccessful bidders will be returned to them at the time of the rejection of their bids and proposals.

The person, firm or corporation obtaining the contract for the construction of said improvements will be required to furnish the City, at or before the time of the delivery of the contract, with a good and sufficient bond, in some reliable surety company, in an amount equal to sixty per cent of the entire amount of the contract price, conditioned for the faithful performance of all of the conditions and terms of the contract by him or it to be performed, and conditioned further for the faithful performance of the terms and provisions of the Statute of the State of Idaho in such case made and provided.

Payments upon the said contract will be made at the rate of 50 per cent of the City Engineer's estimate of the amount earned under said contract during each calendar month will be paid on the first Tuesday after the first Monday of the following month, and on each month; the ten per cent earned during each month will be retained until the completion of the contract and the acceptance of the work by the City Engineer.

The Council reserves the right to reject any and all bids.

W. H. ELDRIDGE, Mayor.

Attest: W. A. MINNICK, City Clerk.

RUPERT

RUPERT—James Hellowell sold his 80-acre farm near Heyburn this week to his brother, Robert Hellowell for the sum of \$10,000. Mr. Hellowell will move his family to Leuchin, Idaho, ten miles from Heyburn, where he has purchased an 8-acre tract.

Mr. and Mrs. O. C. Hager celebrated their 50th wedding anniversary at their home in the north part of town recently. They are 75 years of age. Their daughter, Mrs. Martha Jewell, husband and two children were present, besides a son, C. F. Hager, wife and two children. They have a son and six grandchildren in Wyoming, a daughter-in-law and six children in Duluth.

W. L. Hayburn arrived Sunday morning from Eugene, Oregon, and spent a few days here with his brother, Dr. B. E. Hayburn. While here he purchased a carload of Fall blood sheep, which he has shipped to Oregon.

Mr. and Mrs. G. E. Hellowell of Heyburn, arrived in Rupert Tuesday from Ogden, Utah, where they were called in short time by the death of Mrs. Hellowell's aunt, Mrs. M. A. Allen, who died last Thursday of pneumonia.

The Rev. J. Elliott Slimp of the local Christian church, returned home last Friday from Chicago, where he attended the international convention of the Church of Christ. While away the Rev. Mr. Slimp visited relatives in Indiana, and was accompanied by Robert Halvater and two small children, accompanied him home. After spending a week here they will leave for Spokane, Wash., where they will join Mr. Halvater, who has purchased a farm near there.

Mrs. C. E. B. Roberts arrived last Thursday from Boise and is a guest at the home of Mrs. B. E. Kington. Mr. and Mrs. Roberts are moving to Gooding, where Mr. Roberts will make his headquarters. He is appraiser for the Federal Farm Loan bank. They were former residents here.

The Royal Woman's club of the Christian church will have a big Halloween doings at the church Friday night.

Mr. and Mrs. Ed Clure arrived last week from Long Beach, Cal., and will stay in town with Mrs. Clure's sister, Mrs. J. I. Meredith. An automobile belonging to C. K. Armstrong, stolen from in front of the telephone hotel about two weeks ago, was found in America Park Sunday by Deputy Sheriff Thompson. The car was in good condition. Mr. Armstrong's grips were untouched.

Billy Wagon, where Mrs. Lewis Nelson and son left Tuesday evening for Oklahoma and Kansas, where they will spend two weeks visiting friends and relatives.

Harlow Hoopes, son of Mr. and Mrs. H. B. Hoopes, who live a mile and a half southeast of town, is suffering from rheumatism. While enduring a car load of land had the misfortune to break his arm a week ago.

How Frogs Protect Eggs.
In the manner of disposing of their eggs many species of frog exhibit remarkable intelligence. One of the most curious, a tree frog, native of Paraguay, makes its nest in a bush overhanging a pond. The lower ends of a number of leaves are drawn together and fixed in that position by a number of empty egg capsules. The eggs are also covered with a shield of empty capsules to protect them from the sun and air. When the eggs are hatched the plug at the bottom appears to fall out and the tadpoles tumble into the water.

Measuring Rainfall.
The quantity of rain which falls is measured by rain-gauges or pluviometers, which are variously constructed. One of the best is that known as Simon's rain-gauge, consisting of a funnel-shaped receiving vessel to catch the rain, and a glass measure of much smaller diameter to measure it. To simplify calculation, the internal area of the measure is usually one-tenth that of the mouth of the funnel.

Change the Gears!
Charles' uncle was a tall man, and one day when he had Charles out for a walk he forgot the length of a child's step, and poor Charles was almost falling to keep up. They came to a rib, at the end of the walk, and Charles stopped and said: "O, uncle, please change into low; I just can't make it on high."

Patent Pie Pan.
An inventor has patented a pie pan in two sections that can be taken apart without danger of breaking its contents.

All you need is a dollar! You have a heart.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your crown, it makes or mars the face. Why, it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur restores its appearance a hundred fold. Don't let gray hair young! Either prepare the recipe at home or get from our drug store a bottle of "Wyleth's Sage and Sulphur Compound," which is merely the old time recipe, improved by the addition of other ingredients. Thousands of folks recommend this ready to use preparation, because it darkens the hair beautifully, besides, no one is by any means so old as it appears naturally and evenly. You require a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair changes to black. The application of two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

MURTAUGH

MURTAUGH—One of the nicest social events of the season was a Halloween party given by the Junior Bible Class in honor of the W. A. B. class Tuesday evening at the school house. The guests included I. E. Slattery, who and were taken in cars on a mysterious ride ending at the school house where they were greeted and ushered in by ghosts and escorted to the auditorium where a nice program was given. After the program they were taken through all the dark, spooky rooms into the basement which was lighted by candles. The table, beautifully decorated in Halloween novelties, was spread, the guests finding their places by means of place cards. A delicious luncheon of oysters, pumpkin pie, apples and coffee was served. During luncheon several speeches were given. There were 40 present.

One of the Halloween parties given during the week was by Doris Williams. After playing games and enjoying music a delicious lunch was served. The guests who all came in costume were: Thelma Clawson, Doris Clawson, Beth Roberts, Matilda Robert, Edith Peck, Elva Peck, Leona Decker, Cleo Decker, Emma Silvers, Edna Childs, Beulah Walker, Myrtle Moyes and Edna Williams. Edna Erwin, Edna Pittsman, Gene Walker, Melvin Williams and Glenn Jain.

The Rev. V. R. Bell returned to Gooding Monday to the Rural Life School at the Gooding College. T. D. Nash left Tuesday evening for Salt Lake to be gone several days. Oscar Fox, who has been seriously ill with pneumonia is getting along satisfactorily.

Relief Society was held at the L. D. S. church Tuesday afternoon. A talk on the "Preparation of Meals" was given by Mrs. M. J. Bell. The table, at the Merrill home Tuesday, Nov. 4.

Mrs. Sam Cox is recovering from an attack of appendicitis. The Ladies Aid will meet at the home of Mrs. B. F. Jain Thursday, Nov. 6.

The Busy Bee Sewing club, composed of school girls, hold a meeting every Wednesday afternoon. There are 10 girls enrolled. Officers are as follows: Emma Silvers, president; Matilda Roberts, vice-president; Doris Williams, secretary; Thelma Clawson, assistant secretary. The work being done by the class is university extension work.

Lucky Months.
According to Dr. Marcello Boldini, one of Italy's greatest scientists, men born between January 1 and March 31 are stronger, taller and superior in intelligence to those whose birthdays fall in other months. This view is borne out by the researches of another Italian scientist, Decia Rosere.

FARMER AND WORKER HOLD FISTIC BATTLE

Scale of Wages for Spud Pickers is Subject on Which a Fight is Staged

Following a protracted debate in the vicinity of a local farm, W. P. Nicholson, a farmer whose land holdings are near Twin Falls, and M. J. Allabier, a local organized worker, tried to settle their differences with naked fists.

They failed to come to a definite conclusion, but each was compelled to pay a fine of \$5 in the police court.

The fistic engagement resulted directly from an argument over the industrial situation. The farmer claimed that the present complex condition prevailing over the country would be materially modified as the country's stocks of spuds are exhausted and he would be greatly augmented if workers would adopt a more liberal attitude in their demands for wages and working conditions.

"Men won't take employment any more as long as they have a dollar in their pocket," the farmer is said to have declared.

Following this statement he said if he were to pick half the country's potato crop would be picked and stored away and the market supply would be many times greater than at present, thus bringing down the price of spuds to the consumer.

"I paid four cents a sack to pickers two years ago," he announced, adding that workers this year demand 12 to 20 cents per sack. He averred he could not afford to pay this price, and as a consequence his crop is unharvested.

The statement that four cents was the price paid two years ago was the direct cause of the physical struggle, for the coal worker offered the farmer of paying too low a wage.

"If you only paid four cents a sack for picking two years ago you ought to be kicked," the workers is said to have charged.

"I don't know who is going to do the kicking, though," the farmer parried.

"I will," the worker offered, and the men went to it. Each man drew with each man feeling the weight of the other's horny fist. Then William Taylor, chief of police intervened, his hands held the belligerents before the local magistrate on charge of disturbing the peace.

OGDEN CONCERN BUYS OUT HART'S BUSINESS

Wright & Sons now in Charge of Dry Goods Institution in Twin Falls

Ownership of the Hart Dry Goods store has changed. W. H. Wright and Sons of Ogden, completed a purchase transaction Saturday and the new concern is in full charge today.

Wright and Sons, as a mercantile firm, has been in business 45 years, operating a chain of stores throughout the west, with headquarters in Ogden. The concern enters this field convinced of the possibilities of Twin Falls as a commercial center. The company comes here with a splendid reputation of fair-dealing. It is probable Wright and Sons will open similar branch stores in Idaho Falls and Pocatello in the near future.

The Hart store will be closed the earlier portion of the present week for the purpose of inventory and making such changes as are deemed advisable in the physical arrangement and plan of the store.

Samuel Hart, who has operated the store a number of years, says he is undecided as to his future, but expects to continue a resident of Twin Falls. He is interested in some promising mining ventures.

MORE STATE TROOPS IN TRINIDAD COAL DISTRICT

TRINIDAD, COL., (AP)—Two more detachments of national guardsmen moved today from Trinidad to coal camps north of the city. The first arrest in connection with the strike was made at Waterburg when U. S. Immigration Inspector Mansfield took into custody M. C. Beatty, a Bulgarian miner, charged with having threatened to burn several mines in the district if miners went to work.

GOVERNMENT IS READY TO HEAR STRIKE MERIT

(Continued from page one)

...on the quantity of coal at seaboard, intended for export, but which has been ordered held for the railroads if necessary.

Non-union miners in Pennsylvania and West Virginia were working full time today, according to reports to the Washington office of the operators. At some points the miners were trying to get out more than the normal production. In the Pennsylvania non-union fields, including Greensburg, Irwin, Connellsville and Ligonier, all mines were reported in full operation. There was no change in the situation around Pittsburgh.

Non-Union Men Working

Non-union men in the West Virginia fields, embracing Pocahontas, Big River, Winding Gulf, etc., and Will Jamison, "went to work with their shirts off," messages said, in the hope of getting out more coal than was mined in any single day last week. Miners in the Fairmont, W. Va., fields, whose output Saturday was 24 cars, sought today to beat that mark. First reports from the central competitive fields—Ohio, Illinois—Indiana and Western Pennsylvania—showed all union miners out.

RED CROSS MEMBERSHIP DRIVE GATHERING A MIGHTY IMPETUS

Women Canvassers are Searching Every Corner of the City and County for Upbuilding of National Militia of Mercy—Slogan is "Join"

Women canvassers are in evidence everywhere the industrial area is today. Scores of them, regularly organized in the business of the National Militia of Mercy, the American Red Cross, are driving with particular vigor in the interest of the membership of this great mercy society.

The activity in Twin Falls is but a part of a national membership movement. The slogan of local adoption is a new member for everyone now enrolled in Twin Falls county.

It is probable that no more perfect organization has ever been devised in this city and county for the carrying out of a campaign program than that now being directed by Miss Beatrice Oatlander, general chairman, for the building up of Red Cross enrollment here. The entire city has been divided into 128 districts, with a working body in charge of each. The county itself, exclusive of Twin Falls city, has 38 committees in operation. The entire work is being directed by this upbuilding work, final returns to be in on November 11.

Thus far, according to reports at Red Cross chapter headquarters, results have been gratifying, but have not exceeded expectations. The public is expected to gather impetus as it proceeds.

Here is a cryptic statement of what the Red Cross did in war time, found in the most recent issue of a Red Cross publication:

Enrolled 22,000,000 men and women and 8,000,000 school children into active service and membership.

Organized 3,953 chapters and 16,000 branches.

Mobilized 5,000,000 American mothers, wives and sisters as voluntary workers.

Secured from a generous public and expended a war fund of \$400,000,000.

Produced and delivered to soldiers and sailors:

230,000,000 surgical dressings, 10,000,000 knitted articles, 10,000,000 hospital garments, 1,000,000 refugee garments.

Enrolled for war service 30,000 graduate nurses; 19,000 of these were assigned to active duty.

Took home-comforts to sick soldiers in 63 Red Cross convalescent houses at encampments.

Erected 42 homes for nurses at the camps.

Given personal attention and material help to more than a million wives and mothers of soldiers and sailors.

Served men in uniform at 700 American Red Cross canteens.

Received and answered monthly an average of 95,000 "anxiety letters" from families inquiring about their boys in service abroad.

Expended more than \$1.00 for every dollar that was contributed to its war fund.

Fed hundreds of thousands of American soldiers at the front from rolling canteens.

Established rest stations with beds, baths and disinfectors for tired and muddy soldiers.

Established canteens at all important railroad stations in France to feed hungry fighting men.

Fed, clothed and succored millions of refugees in devastated countries in Europe.

Gave home, clothing, food and medical care to 300,000 homeless children.

Operated 69 tuberculosis stations in France alone.

Brought news of lost and scattered families of the allied soldiers in the trenches.

Searched for and found lost men for their anxious families.

Identified, marked and photographed thousands of soldiers' graves.

Cared for American and allied prisoners in German camps.

In adding the government in rehabilitation and instruction of crippled men.

At a called meeting of the Kimberly branch of the Red Cross, held Saturday at the home of Mrs. W. P. Martin, the captains were selected to assist Mrs. A. J. Wilson, chairman of the membership drive.

The workers selected are Mrs. Wanda Harter, Mrs. Harry Wilson, Mrs. C. A. Johnson, Mrs. C. W. Hunt, Mrs. J. J. Dunn, Mrs. Frank Steelsmith, Mrs. S. A. Merritt, Mrs. Adams, Mrs. W. R. Summers, Mrs. R. H. Denton, Mrs. N. W. Swearingen, Mrs. J. A. Steelsmith, Mrs. L. H. Walden, Mrs. Fred Jones, Miss Minnie Jorsch is publicity chairman.

SCHOOLS AT BILLINGS TO CLOSE FOR LACK OF FUEL

BILLINGS, MONT., (AP)—Billings schools will not open tomorrow because of the coal famine due to the "A" winter, it was announced today. More than 4,000 pupils and 120 teachers are affected by the closing order. It was said the central heating plant had a sufficient amount of coal on hand to insure continuance of operations under the present system, of lower temperature for at least two weeks unless the weather turns colder.

FACTORY TO BE READY FOR 1920 BEET CROP

Co-operative Company Contracts Large Acreage—Official Changes

The Idaho Co-operative Beet Sugar company's million dollar factory at Pocatello will be ready for slicing next season's crop of beets.

This is the statement made today by Oswald Wilson, president of the concern, and corroborated by R. E. Holman, of the Great Western Mortgage & Loan company, fiscal agent for the enterprise.

Upwards of 3,000 acres of beets already have been contracted to be grown next season for the new factory; assurance is given that finances for the enterprise are forthcoming, taking for all stock issued being announced, and negotiations for construction of the factory are under way with the Stone & Webster company, New York.

It is announced that the position of manager has been offered to W. W. Wool, a beet sugar man of wide experience now associated with the Rock County Sugar company, Janesville, Wisconsin, and that it is likely he will accept.

Headquarters for the fiscal agents opening a campaign for the sale of stock in the enterprise among growers and local interests have been opened in the Cottillion hall building, Twin Falls.

Changes in the personnel of the officers of the company are announced whereby P. H. Crow, former adjutant general of Idaho, becomes secretary and treasurer, succeeding A. E. Anderson, Filer, who becomes traffic and school manager, and Captain James W. Porter is retained as attorney. Other officers are the following: President, Oswald Wilson; vice-president, James M. Kelly; consulting engineer, Henry Schwarz.

DOZEN ACCEPTED FOR ARMY DURING OCTOBER

During the month of October, 18 applications were registered at the local army recruiting station. Ten of the applications were accepted and the applicants are now members of the United States army. The other eight were rejected on account of physical and other disabilities. Most of the rejections were on account of defective hearing or eyesight.

In the month just closed the officers of the recruiting post issued 300 Victory buttons a dozen of which will silver, a mark of distinction for those who were wounded in action.

America needs the Red Cross. The Red Cross needs YOU.

GOVERNOR DAVIS ORDERS ARMISTICE DAY HOLIDAY

Chief Executive of State Proclaims November 11 Celebration

Urging that all the people of Idaho celebrate as a holiday November 11, Armistice Day, Governor D. W. Davis has issued the following proclamation:

"The American Legion has suggested that November 11 be known as Armistice day and requests that it be set aside as a legal holiday.

"As governor of the state of Idaho, I am glad to comply with this suggestion and request.

"Now, therefore, I, D. W. Davis, governor of the state of Idaho, do hereby designate Tuesday, November 11, 1919, Armistice day, and proclaim it a holiday throughout the state of Idaho, to be observed by the people in a spirit of thankfulness and joy and prayer that Divine Providence may continue to guide our nation to righteous victories.

At the last session of the city council the municipal board of selectmen went on record as favoring a proper commemoration of Armistice Day in this city. Mayor Eldridge will probably issue a public statement urging proper observance of the occasion.

The Red Cross—the heartbeat of humanity.

COURT HOUSE HOURS.
New working hours went into effect in the various departments of county administration this morning. A working day henceforth will be from 8 a. m. to 4 p. m. In most departments, however, offices will remain open until 5, which, according to the state statutes, is a legal requirement.
