GARFIELD CALLS MORROW TOWARD END OF STRIKE

Federal Fuel Administrator Meets with Head of Organization of Leading Coal Operators in Effort to Reach Basis for Settlement of Industrial Situation Precipitated by Nation-Wide Walkout of Bituminous Miners

IS PREPARING TO DEAL SUMMARILY WITH ANY PROFITEERING ATTEMPT

WASHINGTON, (AP)—Efforts to reach a basis for possible settlement of the strike of bituminous coal miners were made today at a conference here between Federal Fuel Administrator Garfield and J. D. A. Morrow, president of the National Coal association, an organization of the leading coal operators of the country.

Dr. Garfield returned early today from a visit to Kentucky and soon afterwards went into conference with Mr. Morrow, who was an official of the fuel administration during the war.

INDIANAPOLIS, INDI. (AP)—Breaking his silence here for the first time since he was served with the restraining order from the court of Federal Judge A. L. Anderson last Friday, John L. Lewis, acting president of the United Mine Workers of America, gave out the following brief statement in regard to government efforts to end the strike of approximately 425,000 soft coal miners:

"The machinery of the joint system of bargaining in the mining industry as it now stands would be a simple matter for the government and the coal operators again to set it in motion to negotiate a wage agreement."

PROPOSES SPECIAL COMMISSION

A special presidential commission to attempt arbitration of the bituminous coal strike was proposed in a resolution introduced today by Chairman Kenyon of the labor committee.

SETS TIME LIMIT

Should such differences not be adjusted or the strike terminated within 30 days the commission would investigate the controversy and within fifteen days publish a report with the results of its investigation and its conclusions as to the proper concessions, if any, to be made by one or both sides.

INCREASED NUMBER OF MEN IN COLORADO MINES

DENVER, COL., (AP)—Reports received at the office of the Colorado Fuel and Iron company here today indicated an increase in the number of men working in company mines, compared with yesterday.

REPORTS IN PENNSYLVANIA SHOW MORE MINERS WORKING

HARRISBURG, Pa., (AP)—Reports received at the state department of mines today from inspectors in the bituminous field, indicated that many miners were working in Westmoreland, Green, Fayette and Somerset counties, and that some were working in Indiana.

PROSPECT FOR ENDING STRIKE CALLED BETTER

Government Officials and Coal Mine Operators in Optimistic Mood in Face of Virtually Unbroken Front of Strikers

ADDITIONAL MOVEMENTS OF TROOPS ARE REPORTED

Thousands of Cars of Fuel in Transit Confiscated by Federal Authorities Diminishing Private Supplies

CHICAGO, (AP)—In the face of virtually an unbroken front of approximately 425,000 striking coal miners, whose walkout throughout the nation at midnight Friday night has produced almost complete paralysis of the production of bituminous coal, dawn of the second full day of the strike found the federal coal officials and coal mine operators in an optimistic mood.

ATTORNEYS AT WORK

Attorneys for the miners continued preparation today of their side of the case preparatory to the hearing next Saturday in federal court of the injunction proceedings and Washington officials were optimistic that the coal prohibitions of the strike funds would compel the miners to resume work.

TROOPS TO CAMP LEWIS

The 35th infantry will start tomorrow for Camp Lewis, Washington, for duty in the northern Wyoming coal fields. An announcement from Camp Travis said.

RESUMING IN WEST VIRGINIA

Fifteen union miners in the northern field of West Virginia today resumed production, according to statement by the West Virginia coal association which asserted that was the first sign of activity in the miners' ranks.

SO FAR THE STRIKE HAS BEEN REMARKABLY FREE OF VIOLENCE

So far the strike has been remarkably free of violence. No instance of threatened damage to property, except in the case of the miner arrested in Colorado, has been reported.

OPERATORS PLACE MINES AT GOVERNMENT DISPOSAL

CHARLESTON, W. Va., (AP)—The Kanawha Coal Operators' association here today announced that they had placed themselves and their properties at the disposal of the constitutional state and federal authorities.

CLEMENCEAU PRESCRIBES WORK AS SOLUTION OF WORLD'S PROBLEMS

STRASBOURG, ALSACE, (AP)—The solution of the many problems of the world is now facing what is summarized in the single word "work," Premier Clemenceau declared in his key-note speech for the governmental party in the parliamentary elections.

The speech also was in his farewell message on the eve of the retirement from political life which he contemplated.

MRS. SWELEY GIVEN OVATION AT MOSCOW

Twin Falls Woman Hailed as the University's Best Friend on Visit

UNIVERSITY OF IDAHO, Moscow (Special)—Introduced by President Lindley as "the university's best friend," Mrs. M. J. Sweley of Twin Falls, president of the Idaho Federation of Women's Clubs, was given a genuine ovation recently by a University of Idaho undergraduate audience which she addressed on work which is being done in obtaining student loan funds.

After outlining briefly the history and phenomenal growth of the Federated women's club movement in Idaho, Mrs. Sweley told in some detail the story of persistent endeavor which has finally resulted in the granting of university memorial scholarships by virtually every high school in the state and which also has produced a substantial general loan fund.

AMERICAN CIGARETTES GLUT FRENCH MARKETS

Tobacco Stores Bought from Expatriation Force Commissary Falls to Meet Smokers' Tastes

PARIS, (AP)—The opinion of the average French smoker is that the government will not readily dispose of the billion packages of American cigarettes and enormous quantity of smoking tobacco bought of the American expeditionary force.

He admits that both cigarettes and tobacco are prepared with greater finish, but that the quality may be finer, but he has the habit of the old French brand of tobacco which is coarser, stronger and produces a far more disagreeable odor, and he wants no other.

Sometimes he goes away disappointed, the supply having given out before his turn came, but rarely does he accept the American substitute which is not to his taste, and, moreover, is twice as costly.

What period do you think I recall most frequently and most willingly in my dreams? Not the pleasures of my youth; they are too rare, too much mingled with bitterness and now too distant. I recall the period of my recollection, of my solitary walks, of the fleeting but delicious days that I have passed entirely by myself, with my beloved dog, my old cat, with the birds of the field, the birds of the forest, with all nature and her inconceivable Author.—Rousseau.

ABBE DEDICATES STATUE OF CONQUEROR OF ALPS

Unusual Religious Ceremony is Performed in Shadow of Mount Blanc by Intrepid Priest

BERNE, (AP)—An unusual religious ceremony was performed October 3 in the shadow of Mount Blanc. The Abbe Dautin, accompanied by five Chamois guides, carried to the top of Charol, an altitude of 22,240 feet, an aluminum statue—four feet high and weighing 30 pounds.

STOP PAIN, RUB NEURALGIA AWAY

Instant Relief from Nerve Torture and Misery with Old St. Jacobs Liniment

Rub this soothing, penetrating liniment right into the sore, inflamed nerves, and like magic—neuralgia disappears. "St. Jacobs Liniment" cures neuralgia pain. It is a harmless "neuralgia relief" which doesn't burn or discolor the skin.

A Mystery. One of the great mysteries of life is why the wise who admit they know so much seem always to own so little.

TITLED BRITONS RENDER SERVICE DURING STRIKE

Nobility and Celebrities Create Interest in Role of Volunteer Workers During Great Railway Tieup

LONDON, (AP)—One development of the great railway strike in which the public took an intense interest was the appearance of titled and other celebrities among the volunteer workers who responded to the government's call for help.

Most of these high-placed residents of Mayfair chose Paddington station as the scene of their activities and many of them performed their duties as porters and milk and other carriers such an early hour that few of the curious were over able to catch them in the act of doing manual work. By the time London was properly awake, the early morning rush at Paddington was over, and visitors invading the graveyard-like quiet of the strike-affected station and the only other platform butressed with countless milk cans, empty and forlorn. Not a port was to be seen, not even a baronet.

Call Work a "Lark"

Lord Forster, Lord Henoly, Lord Ansoley and the Earl of Alwick were among the daylight affairs of porters, dressed in overalls and aprons, and pretending to milk and other carriers. "Lark," Earl Drogheda was there for a morning or two, and it was rumored that the Duke of Wellington also was present on one occasion. Whether the duke tackled any of the milk pails was not revealed.

There was no doubt about the yeoman work performed by army officers on duty at Paddington and elsewhere. They were to be seen at their jobs all day long. Major-General Stuart-Wortley lent a hand at loading up the milk. Captain Atterley, an officer of the guards was also engaged at that work.

Americans Offer Services

A few Americans, long residents in England, also offered their services, including Miss Eleanor Ryan, the tennis expert. "I just had to come down to see Lord Forster," she said.

Famous cricketers, among them the Hon. H. L. Tennyson, and other sportsmen, selected the ranks of the volunteers.

One exceptional figure was the Rev. W. Pollock-Hill, former president of Oxford University. He was an army chaplain during the war, and was waiting to get out to a post in Egypt when the strike came on. "So I'm just doing a little portering in this emergency," he remarked, loading his pipe with cut plug. "Most of us find the work all right, but the fish heads are a bit of a job. We go to Paddington at 5:30 and work 10 shifts."

"I have always been used to hard work and can claim to be the only Oxford man who has won the mile and three-mile events in the same afternoon. True, the full milk churns make one's back a bit stiff, but I'm in it."

Mopping his brow, he trundled off a track piled high with a woman's bag.

Members of Parliament Included

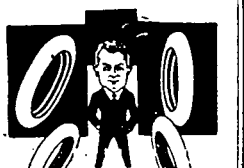

The Liverpool Street station also boasted many notable among its volunteers. On the underground district railway were to be found several members of parliament, working as motor men and signallers, and a number of distinguished officers of the Royal Air force.

Importance of Good Health.

Good health of itself, to be sure, does not sum up the whole secret of personality. But it is a most important element, an "it" that you cannot appreciate when you adopt rules of living that result in a distinct bettering of your health. You will begin to feel more self-confident. You will attack business problems more masterfully. You will find it easier to sway other people by your personal influence.—H. Addington Bruce, in Chicago News.

Just So. Save daylight as we may, night always arrives in dew time.—Boston Transcript.

LEWIS SUGGUMS TO STECHER'S SCISSORS

Iowan's Deadly Body Grip Fore-Strangler in Submission

NEW YORK, (AP)—Joe Stecher, the claimant of the world heavy weight catch-as-catch-can wrestling championship defeated Ed "Strangler" Lewis of Kentucky in a one fall match at Madison Square Garden last night, throwing his opponent with a body scissor and double wrist lock after wrestling one hour, thirty-one minutes and three seconds.

Stecher scored the decisive fall after he had squirmed out of five successive headlocks. He obtained the body scissors, holding it for nearly a minute and a half, then spread out his opponents' arms with the double wrist lock and pinned his shoulders to the mat.

The match was cleverly contested, each man using every hold for which he was noted and at one stage stealing each other's thunder when Stecher attempted the headlock several times and Lewis the scissors hold.

Before the main bout, Wladek Zbyzko, with a body lift raised Petroff of Chicago high in the air and tossed him for a fall in 2 minutes 42 seconds. Zbyzko challenged the winner of the other bout and a telegram from Earl Caddock was read stating that he would meet Stecher or Lewis here later.

THOMAS PERRY DIES OF HURTS

Chicago Pugilist Succumbs to Injuries Received in Ring Bout

MILWAUKEE, (AP)—Thomas Perry, Chicago bantamweight boxer, who was injured in his bout with Sammy Marino, here last Friday night, died yesterday at Emergency hospital, where he has hovered between life and death for three days. Death was caused by a fracture of the skull, according to coroner S. N. Franklin.

Perry was injured about one minute before the termination of a ten round bout. Up to the time of the accident he had outfought and defeated Marino in every round, fighting one of the fastest and hardest battles seen in a Milwaukee ring. In the tenth, without any warning, the Chicago pugilist suddenly appeared groggy and dazed and the man took the mat.

Perry's mother and his brother, John, arrived at the bedside of the dying boxer just a few minutes before death occurred.

NOTED WRESTLER DEAD

MADISON, Wis., (AP)—Evan Lewis, former champion heavy weight wrestler and the original "Strangler" Lewis, died at Dodgeville, Wis., yesterday after an illness of two years. Lewis, who was 58 years of age, retired from the mat thirty years ago.

GRIFFITH INTRODUCES SUFFRAGE BASEBALL

There is no "off-season" for Clark Griffith, owner and manager of the Washington Nationals. A game between women teams from government departments, Griffith teaches women and girls to play the great game. More he is unable to play a game between women teams from government departments. Griffith the old fox says women can play ball as well as men. If they give the same time.

Brief Bits of Sport

The local ball season has had the lid on about two months and already is heard gasp about starting something for next year.

Well, go ahead and start it—we see if we care.

There is a coterie of baseball lovers—fans if you will—wanting to devise a scheme for a regular baseball league for Southern Idaho to provide baseball three days, or evenings, a week.

That plan looks better than the one game a week plan of last season. But the fact is the entire state should have a league with Twin Falls and Boise on this end, Wallace and Coeur d'Alene on the far north, and fill in with such places as Pocatello, Lewiston, for a six-city circuit, or add Idaho Falls and Burley for an eight-city league.

Twin Falls, Boise, Idaho Falls, Pocatello, Lewiston and Burley would make the more compact league.

Think it over.

Willie Meehan, a fat chap who fights occasionally, has threatened the public. He insists that he will either do a fistie battle or write a moving picture scenario.

Jack Quinn, formerly of the Coast League, is said to be the wildest pitcher extant. Quinn-pitches for the New York Yanks and in the last game with the Phillies he dressed up an spitter and hurled the ball over the Phillip bench into the grandstand. An umpire, watching the firing pill, prayed: "Save the women and children."

Tommy Lipton, England's jolly good fellow and great sport, is back again on these shores dickering for another lipton as a yachtman.

"Ten" Lipton had a centerboard challenger over here when the war broke out and he drydocked the animal. It has been on the stave (what ever they are) ever since and the owner has just got back here to look his craft over.

"It should be pretty well peppered with dry-rot by this time."

Sam Smiley, the sagebrush sage, says: "Our idea no enthusiasm and tall is the kind inspired within the breasts of a student body by a deranged-acting yell leader."

The Idaho state game law is no protector of persons. At Sandpoint late

Fred Mitchell Once More is Cubs' Manager

Field Leader Again Selected by the Chicago National Ball Club

By I. E. Sarnora

CHICAGO (Special)—It was neither blue Monday nor a dark day at the Cubs' offices where the annual meeting of the Chicago National league club was held as per schedule.

The former officers and directors were re-elected for 1920 without a dissenting vote by the largest representation of stockholders on hand, and Fred Mitchell was unanimously picked a manager for next season.

The officers and stockholders went out of their way to emphasize the retention of Manager Mitchell on account of the rumors that have been circulated from No Man's land to the effect he was to be supplanted. Being under contract for 1920, Mitchell did not have to be reappointed, but the stockholders, desiring to silence the rumors, passed a vote of thanks for what the manager had done and expressed confidence in his ability to deliver a pennant next year.

Stockholders Bartered with Season

No financial statement was made public, but several of the directors expressed themselves well pleased with the treasurer's report for the season of 1919. Although no figures were available, it was judged that a substantial balance on the right side showed for the first time in several seasons.

The board of directors re-elected consists of William Wrigley Jr., William M. Walker, A. D. Lasker, Adolph Spielmann, George E. Marcy, H. A. Cavazough, Adolph E. Schuttler, Charles McCulloch, and Charles H. Weegman.

The directors re-elected William L. Veeck president, William M. Walker vice president, and John O. Geyer secretary, then chose the following executive committee: William Wrigley, Jr., W. M. Walker, A. D. Lasker, Adolph Spielmann, and President Veeck.

Ways and means of informing the fans whether or not a scheduled game is postponed on account of doubtful weather conditions were discussed, and it is probable some method similar to the old Board of Trade flag will be adopted before next season to let down town patrons know the conditions at Cubs park in advance of each game next season.

Mitchell expects to remain in Chicago for some time, retaining his residence on the north side, but will go east in time to visit the home folk in advance of the annual meeting of the National league in New York in December.

MUST BE DRY NOW

HALIFAX, N. S., (AP)—Sir Thomas Lipton, owner of the yacht Shamrock IV, challenger for the America's cup, arrived here yesterday from Liverpool. Sir Thomas is on his way to New York to inspect his yacht, which has been in dry dock since 1914.

ANOTHER CUE EXPERT IN HOPPE HOUSEHOLD

Champion Willie Has a Brother who is Trending in His Footsteps

GRAND RAPIDS, Mich., (AP)—Frank Hoppe, of Cornwall, N. Y., brother of Willie Hoppe, the world's champion billiardist, set a new world's record last night, running 122 balls at 14.1 cycle of pocket billiards in an exhibition match.

The run was stopped when Hoppe had reached his 125 points and it was finished. He defeated his opponent Harry Wirat, of Grand Rapids, 125 to 10.

The record was formerly held by Morton Phillips of Chicago, with a run of 74, which was made in 1913.

by a game warden was found guilty of and fined for shooting ducks before sunrise.

It would be interesting to know whether the game warden arrested him, and then haled himself before his honor.

YOUR TEETH AND YOU

You needn't be afraid of pain if you have your teeth cared for by dentists using the E. R. Parker System. You needn't lose much time, for under this System your work will be done with fewer visits.

You needn't have doubts about being satisfied, for Parker System dentists are just as particular as you are.

You needn't worry about the price, for it will be as low as good dentistry can possibly be done for:

But you ought to be afraid of one thing, and that is delay. The longer you neglect your teeth, the worse they get. Bad teeth never grow better unless good dentists help them.

Consultations and advice free.

PEOPLE OF TWIN FALLS

You are still able to buy the Best Musical Merchandise from the Best Music House in Idaho at no greater cost, even though our unfair landlord took our lease away and temporarily forced us to discontinue our store in your city. OUR BOISE HOUSE Will serve you just as though we were still in your city. We'll pay parcel post charges and freight on all purchases made of Records, Talkers, Pianos, Music, and all other Musical Instruments. BUT BETTER STILL Be your own salesman and save the middle-man's profit. Write us about our plan of permitting you to make a commission on sales to yourselves of Talking Machines, Pianos and other Musical Instruments. WE ARE IN EARNEST in our determination that our Twin Falls patrons shall suffer no loss or inconvenience (even though a landlord caused us great loss) because we are temporarily out of their city. CHRISTMAS IS COMING and you'll probably want to make the first Christmas after the War a Musical Christmas. Do this from our great stocks of the best Musical Merchandise obtainable, among which might prominently be mentioned: The Soloelle, Player Piano Personified Columbia Grafonola Cembia Sonora Pathephone All "Talkers" Extraordinary

UNION PICKETS ARE WITHDRAWN

Workers Enter Great Steel Plants at Gary and Indiana Harbor Unmolested

CHICAGO, (AP)—Union pickets were withdrawn from the plants of Gary and Indiana Harbor, Ind. today for the first time since the start of the steel strike six weeks ago.

Col. W. S. Mages, commander of the troops in Gary, is investigating the reasons for the withdrawal of the strikers.

WOMEN TAKE HAND IN STRIKE AT YOUNGSTOWN YOUNGSTOWN, O., (AP)—Bricks and stones flew as female strikers fought with enraged women when a crowd of 150 women this morning attempted to prevent workers from entering the Youngstown Sheet and Tube company plant here.

Offer Apples and Potatoes Free to Folks

ATTLE ambition, a sack and a fork is all the equipment needed to provide the needy city folks with a fairly ample supply of spuds for winter consumption.

Farmers are willing, it is said, to permit persons to pick apples now remaining on the trees free of charge, and will allow them to dig the ends of potato rows missed by the digging implements regularly employed.

Scores upon scores of bushels of potatoes will be in the ground unless a special effort is made to gather them, both farmers and hunters declare.

Potatoes and apples can be obtained free.

Local Brevities

Will Sing at Kimberly—The Temple Quartet, of Twin Falls, goes to Kimberly this evening to appear as the first number on the Kimberly season Lyceum course.

Water Shut Off—In the past few days water flowing into street fountains has been cut off by city authorities.

On Business for Land Company—Judge E. A. Walters was in Jerome yesterday in the interests of the North Side Land & Water Co.

Guests in Wilson Home—Mr. and Mrs. A. J. Wilson and family of Kimberly were guests at the home of Mr. and Mrs. B. H. Atkinson in this city Sunday.

Mrs. Ragan Married—The friends of Mrs. Marie Holcomb Ragan are informed of her marriage on Oct. 29th to J. Edwin Hillston at Lebanon, Neb.

Visiting Parents—Lawrence Hodgkin is here visiting his parents, Mr. and Mrs. Shaw Hodgkin, and looking after business affairs.

Aunt Goes to Buhl—John R. Ault, juvenile officer, left this morning for Buhl to investigate some juvenile matters.

Funeral Held Today—Last rites for the dead were conducted this afternoon at the family home, 252 Van Buren street, for William A. Kovach, a married man in Twin Falls cemetery.

Down a Buck—Frank L. Stephaus county attorney, returned last night from the Bonanza country, where he and Dr. H. W. Clouck spent the past 30 days hunting. They report success for their enterprise.

Seeks Divorce—Dot Summers has filed an application in the district court asking a divorce from Harry Summers, whom she charges with cruelty, illness, profligacy and with coarseness with women other than herself.

To Reside in Twin Falls—Mrs. J. D. Smith has returned to Twin Falls after an absence of more than a year in the east, during which time she has been engaged in disposing of real estate and personal property in her old home.

OPPOSES MAJORITY PLAN TO EXTEND SUGAR CONTROL WASHINGTON, (AP)—The shortage of sugar will end when the new doves' crop reaches the market, said a minority report filed in the senate today by Senator Handzell, democrat, Louisiana, opposing the majority plan to extend federal control of sugar and authorize purchase of domestic and Cuban sugars.

PROPOSES LEGISLATION FOR ASSISTING MOTHERS

International Congress of the Working Women Endorses Policy after Debate

WASHINGTON, (AP)—Legislation extending financial assistance to mothers and exempting them from labor for a period of six weeks before and after child birth was endorsed today by the International Congress of Working Women.

Washington, (AP)—Legislation extending financial assistance to mothers and exempting them from labor for a period of six weeks before and after child birth was endorsed today by the International Congress of Working Women.

A proposal by a British delegate that payment be made on income accrued immediately after the marriage, assisting the child, was also endorsed.

Mrs. Ragan Married—The friends of Mrs. Marie Holcomb Ragan are informed of her marriage on Oct. 29th to J. Edwin Hillston at Lebanon, Neb.

MEXICANS BEAT YAQUIS IN TWO ENGAGEMENTS

Lieut. Col. Limon Reports Dispersion of Yaquis in Sonora

DOUGLAS, ARIZ., (AP)—In two engagements with a band of 200 Yaqui Indians, the first taking place in the town of Bacanelichu, on the Sonora border near the Chihuahua state boundary, and on the second several miles south of that place, Lieut. Col. Gilberto R. Limon, commanding the 4th battalion of infantry and 100 men of the 5th cavalry regiment of the Mexican federal force, in an official report to General Juan Torras said he had dispersed the Yaquis. The Yaquis left behind them seven dead and one wounded in the first fight while the federal loss was three killed and two wounded.

SUGAR CONTROL BILL IN SENATE

Committee Majority Declares Equalization Board Work Needed in 1920

WASHINGTON, (AP)—The bill proposing continuation of federal control over sugar during 1920, was reported Monday to the senate and placed on the calendar for early action.

In a majority report, Senator McNary, republican, Oregon, author of the bill and chairman of the sub-committee which investigated the sugar shortage, declared "a serious situation still exists" if the sugar equalization board's control over sugar is discontinued.

Minority views, presented by Senator Ransdell, democrat, Louisiana, agreed to be placed on the sub-committee board, with authority for its purchase of Cuban sugar, but opposed giving the board power to buy and sell domestic sugar as an unwarranted interference with the free market.

Senator McNary's report suggested that present conditions were largely psychological, due to fears of future shortages.

NORWEGIAN-AMERICAN RELATIONS IMPROVING

Abundant Signs of Development of Broader Commercial Intercourse

OSHIKISTANIA, (AP)—There are abundant signs everywhere of the development of broader commercial relationships of every kind between Norway and the United States.

Previous to 1918, our trade with Norway was exceedingly light, but now notwithstanding the long and expensive freight haul American commodities are being imported in quantities that were formerly unheard of.

PROLETARIAT DICTATORSHIP PROVES COSTLY TO HUNGARY

BUDAPEST, (AP)—The dictatorship of the proletariat cost Hungary 13,625,000,000 kronas, according to a government published report. The figure alone cost 2,660,000,000 kronas.

Lavender Smokers. Long before tobacco was known or smoked, sweet lavender was a favorite smoking mixture. It has been mentioned in Roman settlements adorned with base-reliefs picturing the lavender plant.

Good Word for Pusay. Brava Little Bob has received many injections to be "made" by him. He has been told to be "made" by him. He has been told to be "made" by him.

Chapter I. There was once a murderer with yellow eyes, and his wife said to him: "If you murder me you will be hung." And he was hung on Tuesday next.

BANS RIPE OLIVES AS CAUSE OF FATALITIES

Ohio State Government Warns Against Traffic in Delinquent After Seven Deaths.

COLUMBUS, O., (AP)—As a result of seven deaths at Canton, Ohio, recently and five fatalities at Detroit from eating ripe olives, the state dairy and food department and the state department of health Monday warned citizens against eating ripe olives and warned dealers against selling them until further notice.

"Until further investigation can be made of ripe olives now on the market of Ohio, the dairy and food division and the state department of health advise strongly against the eating of ripe olives," said the department's statement.

"Dealers are warned against selling ripe olives until further notice and local health officials are requested to request to forbid their sale."

LONG BEACH, Cal., (AP)—An olive packing corporation "economic" was said to have been named by the health authorities of Ohio in their warning against using ripe olives in view of recent fatalities announced that it was making a careful investigation of the reported deaths. It was notified by its Ohio agents, it said.

THE KITCHEN CABINET

"I love the smell of apples when they're red. And I love the smell that trickles from an old-time pony bed. But there ain't no smell that trawled fields in 'em almost auburn. That there ain't no smell that skals the smell of pickle time."

Don't fail to put up a small jar of the good old watermelon pickles. For there is nothing quite like them, if you care for that kind of pickle.

Watermelon Pickles—Peel the rind and cut in one and one-half inch slices. Wash the slices over night in salt water. Make a strap of four pounds of sugar, two tablespoons of ground cinnamon, one teaspoonful of ground cloves and two quarts of vinegar. Tie the spices in a bag. Boil the strap over the boiling water for one hour and stand 24 hours.

Tomatoes Canned.—Take one gallon of water, one cupful of salt, and bring to the boiling point, then drop in whole tomatoes, previously peeled, and cook until well softened. Pour in the brine, using a skimmer to drain off the cans. The juice of the tomatoes will make liquid enough to cover them, and the brine may be used for any number of tomatoes.

Nut Conserve.—Take two plums of grape juice, two pounds of sugar, four ounces sliced citrus, the juice and grated rind of a lemon, one and one-third pounds of chopped raisins, two-thirds of a pound of chopped walnuts, one-fourth of a pound of chopped filberts. Dissolve the sugar in the juice, add the oil of almonds and simmer for one hour, or until a thick marmalade is formed.

Pickled Onions.—Select small silver-skinned onions; put them in a brine, after peeling carefully. Let stand three days in a brine that will float an egg. Drain and place in a jar. First a layer of onions three inches deep, then a layer of horseradish, a sprinkling of cinnamon, cloves and cayenne or, better, chopped red pepper; repeat until the jar is full. Cover with vinegar, brought to the boiling point; add one cupful of brown sugar to a quart of vinegar. Pour hot over the onions, and seal.

WERENT prepared for that quick switch in temperature, were you? Let your stiff, sore, full of rheumatic twinges?

EVERY IDAHO CITIZEN EXHORTED TO JOIN RECLAMATION SOCIETY

Major Fred R. Reed Sends Out Urgent Appeal for Unrestrained Support for State Institution Endeavoring to Get All Arid Country Watered

BY FRED R. REED
The Idaho Reclamation association is working every day for Idaho; not only to store the waste waters and reclaim its arid lands, but to reclaim the swamp and cut-over areas.

The purpose of this association is to assist in the development of this state and to bring its vast diversified resources into commercial action.

This organization is less than a year old, has 12,000 members and is striving for 100,000. Each member pays a dollar a year membership fee.

Not only is the association in harmony with the department of the interior, which appreciates our efforts, but Congressmen Smith writes in a recent letter that the association has done good work in assisting to bring reclamation matters before congress.

At the present time 34 counties are members of the association. Some of these are inactive, but as the interests and purposes of the organization become better known, its friends and supporters are enrolling themselves by membership very rapidly.

On behalf of the association and its great work ahead, for it will be necessary to send a delegation of Idaho's best men, both republicans and democrats, to the national capital to assist in the reclamation of this state.

DOUBLE HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is aching; if what you eat sours and forms acid in stomach, or you are bilious, constipated, nervous, irritable and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This will wash the morning dirt out of the system all the previous day's poisonous waste, gases and sour bile before eating more food.

To feel like young folks feel; like you felt before your blood and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate, which is inexpensive and almost tasteless.

Men and women who are usually contented, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast.—adv.

Boyd Hospital LABORATORY

Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

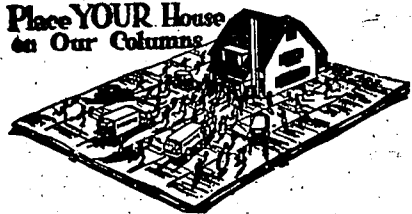

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculous glands, bacterial examinations of pus spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes and softens or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.—adv.

CLEVER DUCK ANSWERS TO MASTER'S WHISTLE AND WAGS TAIL LIKE DOG

LOS ANGELES, CAL., (AP)—Green dolly, a duck, answers her master's whistle as promptly and wags her tail as appreciatively as any dog.

Her master, Stephen J. Moloney, a writer of Los Angeles, declares ducks are greatly misunderstood and unappreciated birds and that they have much more intelligence than they are given credit for.

Gwendolyn seems to prove it.

She is a quackless Muscovy, dark gray in color, with some wonderfully beautiful royal purple feathers in wings and tail.

She is not yet six months old, but

RHEUMACHOL TONES THE SYSTEM

Quickly stimulates and purifies the kidneys and liver which eliminates nine-tenths of the diseases to which flesh is heir. It is pleasant to take and rids the system of all accumulated poisons that cause rheumatism, gout, lumbago, sciatica, and leave the system susceptible to the dreaded flu that has been so prevalent. For sale at your druggist's or send \$1.00 for a bottle and free booklet to H. E. Macheo, Idaho Springs, Colorado.—adv.

Earth's Life Zones.
 Biologists have divided the entire surface of the earth into life zones, each zone having much the same flora and fauna wherever found. The life zone in a given locality depends upon both latitude and elevation. Thus the Canadian life zone, which has everywhere plants and animals similar to those of Canada, is found in the high Rocky mountains as far south as southern Colorado and northern New Mexico.

The Red Cross—a work of the heart on a sound business basis.

RUPERT

RUPERT—Rupert is to own the electric plant. This was decided at a special meeting of the city council recently. Engaged to be removed from the city. The city council has authorized to sell the \$60,000 bonds voted by the people last spring for this purpose, and prepare to take over the plant. John C. Lundly was appointed to receive the electric plant, which is the property of the Rupert Electric Company. Involving of the property will begin at once and it is believed that an agreed valuation will be reached.

The crop averages of the project are up to normal notwithstanding the unfavorable conditions. Many farmers harvested big yields and receive good returns. Where conditions on the Minidoka project this year were not conducive to extra large yields, the crops raised, in dollars and cents, will probably average well with those of 1918. Many of the farmers on the project realized a hundred dollars per acre from their land and it is readily to be seen why the value of farms near the port is rapidly advancing. J. W. Hopper, who resides on his 40-acre farm three miles west of Rupert, realized net profits of \$7,290 for his crops. Clover and alfalfa is a very profitable crop, and the acreage was larger than ever before. More corn than previous years was raised here this year. It appears that it can be raised here successfully. Many yields of 70 bushels were made.

Harry Whittle and Miss Geo. Kendall, both popular young people of Pocatello, were united in marriage last Tuesday by Judge C. D. Phillips at the court house. Mr. Whittle recently returned home from service. They will make their home on a farm near Pocatello.

The local chapter of the Red Cross has elected the following officers: Mrs. Anna LaBou, chairman; Dr. E. J. Stewart, president; Mrs. A. E. Johnson, secretary; A. F. Byrner, treasurer; directors, Mrs. Ella Trenholm and Howard Scheffler. Mrs. K. Jensen was appointed mail chairman. Wednesday evening a special meeting was held to complete plans for the roll drive, which is to begin Monday.

George Wignall, living on his farm two miles north of Rupert, raised a real potato crop this year. From nine acres he sold \$4,000 worth of spuds. He received \$2.25 per hundred for the crop.

Some Country!

Pinegas a railroad powder, though not like "Old Train," was returned to Ireland recently on a visit. On being questioned by his relatives concerning the wonders of America, he described its size as follows: "Phyw, Amer-rica is so big that if ye war to drive Englan' through the States ye wouldn't have a mark in 'er dirt, an' ye could lose Ireland intirely in wan o' thim great inland oceans we hove, phwat we call lakes, an' if ye had Scotland to get rid o' there are a thousand carners to hide her in, an' nobody could tell phwate ye'd put back, except begorra, for the strong small a whisky.—Burtan Transcrip.

Temperature and Metals.
 In a demonstration at the London Royal Institution of the effects of sudden changes of temperature on various materials, Prof. C. H. Lees showed that iron and marble could be removed from low temperature to 930 degrees Fahrenheit, and changed back from heat to cold without cracking. Quartz was shattered, though silica glass was unaffected.

Only One.
 A little girl had a twin brother and sister. Now she was used to the cat having kittens and only one of the kitten family being kept. So when her father brought the twins down to show her she gazed at them earnestly for a small space of time, then said, "Daddy, I think we'd better keep that one!" Pointing, as she thought, to the prettier one!

No one ever missed a dollar given to the American Red Cross.

Only Popularity Worth While.
 I wish popularity; but it is that popularity which follows, not that which is run after—it is that popularity which sooner or later never falls due to justice to the pursuit of noble ends by noble means.—Lord Mansfield.

Again Peace on Earth.
 "Jones doesn't believe in promoting the good old idea of 'Peace on earth and good will toward men.' "What makes you think so?" "He has bought his son a cornet."

Spanish Birth Rate.

Now it is in Spain that they are beginning to worry about the falling birth rate and the falling birth rate. Dr. Gomez Oranna presents in El Siglo Médico (Barcelona) statistics for several years, showing that in 1912 the death rate was 2.16 per 1000 population, and that by 1917, because of the advent of the pandemic of influenza, it had risen to 25.16. And the birth rate fell from 31.60 per thousand in 1912 to 29.22 in 1917.

Official figures for 1918 are not yet available, but in the city of Madrid the death rate rose in that year to 30.37, while the birth rate fell to 25.70. The figures for 1918, however, are abnormal because of the pandemic.

FOR RHEUMATISM

Rheumatism sufferers are restored to the pleasure of life by RHEUMACHOL. Crutches and canes are thrown away, and one plunges again into the joys and recreation of fishing, swimming, outing and athletics without fear of rheumatic twinges and pains after using a bottle or two of RHEUMACHOL.

Where RHEUMACHOL made anywhere but in the shadow of the snow-capped Rockies, where Nature has impregnated the waters with fluid and rich curative minerals it would be only an ordinary Rheumatism remedy. But RHEUMACHOL is made in Idaho Springs, Colorado, where thousands of cures come yearly for relief.

RHEUMACHOL is carrying these same curative effects to every nook and cranny of the continent, at a nominal cost. Scores upon scores of letters from druggists and sufferers all tell us of phenomenal cures. Frank Streeter, a Boulder, Colorado, druggist, says: "There may be other remedies for gout, lumbago and rheumatism, but I recommend and sell more RHEUMACHOL than any other. No one has expressed anything but highest approval for RHEUMACHOL."

RHEUMACHOL is a blend of science and nature, which acts acidulous causing rheumatism. It relieves afflicted muscles and joints with purified tissues. Thousands upon thousands of bottles have been sold under the makers' money-back guarantee, and not one dissatisfied claim has ever been made.

Get a \$1.00 bottle today from your druggist.

WHAT'S THE MATTER? YOU SAID YOU WOULD TAKE CARE OF THE MATTER!

Sometimes it's pretty hard to tell the difference

WARREN CONSTRUCTION COMPANY IS THE LOW BIDDER ON CITY PAVING

Patentees of Bitulithic Road Surfacing Mixture Offer Bid Over \$7,000 Less Than That of Local Contractor, for \$734,000 Job

Offering more than \$7,000 under Charles H. Mull, the only competing bidder, the Warren Construction company is in a very fair way to secure award of a Twin Falls street paving contract amounting to approximately \$734,000.

The proposals for the paving were submitted for consideration at last night's council gathering, the Warren Construction company, patenteess of standard bitulithic road surfacing mixtures, and Charles H. Mull, local contractor, being the only bidders. The proposals, tabulated after midnight, showed the following total figures for the work:

Mull, \$749,902.10; Warren, \$735,627.90. The difference favoring the patenteess of bitulithic is \$14,274.20.

While it is more than likely that standard bitulithic will be adopted when the contract is finally awarded it will not be because arguments sufficient against the adoption is not interposed against cheaper types of surfacing. All of these arguments were accompanied by as near practical demonstrations as could possibly be under the conditions, of the impracticability of cheap methods in paving.

The council adjourned last night it was to meet again tonight and formally award the paving contract to the lowest bidder.

Opening that night's contemplative session of the town selection, Joseph Hanfner, city electrician, presented a report showing violation of the safety ordinance with relation to electrical wiring of buildings at Boy's building on Main avenue south. The inspector explained that where office reconstruction is being conducted in the Boy's building the ordinance concerning the use of wire is being violated in that the proper conduits are not being installed. The charges are to be further investigated.

A representative of the Waverly hotel beseeched permission to remodel certain frame shacks at the rear of the main building. As the premises are within the rules and regulations of the city fire limits permission was denied. The regular monthly bills and claims were presented and, in most instances, allowed.

IMPROVED WEATHER SPEEDS UP CRUSADE

Push for Red Cross Members Gets Impetus Under Better Working Conditions

The local Red Cross membership campaign is moving apace, improved weather today giving the push a greater impetus. Returns from the canvassing on Monday are regarded as gratifying, especially in the face of unsatisfactory climatic conditions which prevailed on the opening day.

BUSINESS LOT BRINGS \$20,000

Tom Koto Makes Important Purchase on Main Avenue from Costello

Paying \$20,000 Tom Koto yesterday purchased a 50 by 125 foot business property from Thomas Costello.

The property lies on the north side of Main avenue between the Model Shoe store and the Hahn Power company's building and immediately north of property owned by A. R. Anderson, who expects soon to construct a modern theatre building.

SALT LAKE CITY, UTAH, (AP)

Utah coal mines continue to operate with nearly complete crews and it is estimated they are working at approximately 80 per cent of capacity. At Hot Springs, union officials declare nearly normal conditions prevail in every camp and say they see no reason or need for suspending the operations of the Utah camps.

Railroad officials report a normal movement of coal from the mines but shipments will be held for a few days in an attempt to distribute the supply equally and in accordance with the preference list issued Saturday by the railroad administration.

You've waited in the hope that the price would be lowered. Today's advance may bring you the good thing.

JUNIOR RED CROSS ENROLLS SEPARATELY

Memberships Will Be Sold Through Schools—Plan Great Work

The Junior Red Cross roll call will be entirely separate from the "Third Annual Roll Call." The Juniors will be enrolled through their schools and their membership fee will be 25 cents.

The Junior Red Cross is giving \$500,000 to begin its relief work among the children of Europe as a first step toward raising \$500,000 a year to keep the work going. The money comes from membership fees. Sixty per cent is sent to The National Children's Bureau and the remainder will be kept at home and spent in helping children of our own community.

LEGAL OPINION KILLS BUGBEAR

City's Improvement Assessment Fought to Be Violation of State Statutes

The municipal council's hitherto, though unburied, is dead—as dead as the proverbial mackerel.

General arrangements in contemplation of assessments when and where in due season.

It was a case of enthusiasm for the recently adopted city plan of assessing property to cover the cost of street improvements, the deadly past being maintained by Judge Davis.

The statement made by Judge Davis was the penultimate action in the city's improvement assessment policy. The ultimate will be found in chapter ordering a reconsideration of the assessment ordinance with the adoption of a substitute which must conform to the laws traced by the state legislature, according to City Attorney Davis.

TOWN ACQUIRES TODDY THROUGH CONFISCATION

Charge for Hauling Alleged Contraband Tells Story of Barrel of Cider

It cost the city of Twin Falls a five-dollar bill to haul a sample of five dollar from a nearby farm place to the county sheriff's department.

The sample is a 12 gallon lot of the same in a barrel set on its lower end while to upper extremity is adorned with a spigot, which no man—apparently—dares touch for even a whiff of the toddy.

Only property which is unobtainable or too high priced should ever be tenanted. Tenants are found through classified advertising. GOOD HOUSES OR APARTMENTS, right priced.

City Becoming Unhealthy for Loose Canines

A hard snarl "let dogs delight to bark and bite," but such canines as disturb folks in Twin Falls are rapidly being disposed of, in one way or another.

Dog Tray may be a hero in his own home sphere, but he is a mere dog to the city's dog catcher and poundmaster, whose only affection for the disturbing pet is the feeling of love that engenders added punishments when the monthly day of reckoning comes at the city hall.

Submitting a report of operations, together with a bill for services last month, the dog poundmaster tells of having killed 62 canines during the season. He adds, too, that 20 others have been given away to farmers and sheep men, while three have been sold. He has collected taxes on 157 dogs, thus licensing these as part and parcel of the animal population of the city.

TO CLOSE SHOPS ARMISTICE DAY

Barbers' Union Agrees to Commemorate as a Holiday Next Tuesday

At a meeting of Twin Falls Barbers local, No. 865, held last night, arrangements were made for observing Armistice day, November 11, in all union shops of Twin Falls.

Barbershops will be closed all of Armistice Day, but arrangements have been made to remain open to 8 o'clock on the preceding evening.

NEW MEXICO GOVERNOR ORDERS MINE OPERATION

SANTA FE, N. M., (AP)—Governor Larrazola of New Mexico, today ordered the mine operators of New Mexico that the mines must be kept working and the production of coal as far as possible kept up to the standard quantities and this must be done by getting the regular miners to work or putting others in their places, otherwise federal troops, now in the coal fields, may be withdrawn. The public must not suffer for lack of coal, the governor declared.

READ THE DAILY NEWS.

BARRINGTON NAMED COMMANDER OF POST

Alworth Resigns American Legion Position and Successor is Chosen

Tom Barrington was last night elected commander of Twin Falls post, American Legion, to succeed Arthur Alworth, who has resigned to go to the Pacific Coast for an indefinite period. Herbert Lauterbach was chosen vice-commander, to fill Mr. Barrington's previous office.

At last night's meeting complete and final arrangements were made for the proper and fitting commemoration of Armistice Day, on Tuesday next, Edward Hale, John S. Green, J. P. Martin, Tom Barrington, L. H. Thornburg and E. L. Epler were appointed a committee to have charge of the celebration.

The local post went on record favoring certain measures, now pending before congress, for the benefit of returned service men. The meeting was held in Elks lodge room.

BUYS ANOTHER FARM

During the past week E. O. Cain sold through T. J. Woods his 100-acre farm at Castleton, C. J. Miller, a prominent land-owner of the Castleton district being the purchaser. The farm brought \$40,000. Mr. Miller already has between 500 and 600 acres of farm property.

Weepy Heavens Now Diurnally Drenching Earth

ENJOYING a period of utter gloom during the cloudy days of fall a post-summer deluge is being wept it.

And did that melancholy chap live in Twin Falls today he could repeat the calamitous wheeze diurnally as a chorus.

It rains every day almost, and more precipitation is promised for tomorrow. Saturday moisture amounting to four-tenths of an inch visited this section; yesterday there was more than a mere trace in Twin Falls.

Temperatures have slowly elevated themselves in the past 48 hours, high for yesterday being 55, with 35 at night for low. The weather prognostic predicts rain tonight and Wednesday.

HAHN PURCHASES T. O. BOYD FARM

Twin Falls Man Pays \$45,000 for Highly Improved 160 Acre Ranch

During the past few days Carl Hahn of Twin Falls, purchased from W. H. Caywood the old Boyd ranch of 160 acres in the Hazelton district, paying \$45,000. The purchase was negotiated through T. J. Woods.

The Boyd ranch is known as one of the biggest producers in southern Idaho. It is located 20 miles east of

Twin Falls on the other side of the Snake river. It is completely enclosed with woven wire fencing and is equipped with the most modern of ranch buildings. The ranch home is a seven-room, two-story structure, modernly equipped throughout. The barn is said to be the biggest in the state.

Mr. Hahn expects, it is said, to raise fullblood livestock on the farm.

VOIPOKA AT BUCHAREST

WASHINGTON, (AP)—Charles J. Voiplen, American minister to Rumania, arrived in Bucharest last Sunday and resumed charge of the legation after a leave of absence in this country and a visit to Paris.

I Have Sold My Twin Falls Store

I am retiring from the retail mercantile business in Twin Falls. My entire stock of merchandise has been sold to the W. H. Wright & Sons Company of Ogden, Utah.

I take this opportunity of thanking the good people of Twin Falls for the generous patronage with which they have favored me during the six years that my store has been in operation. THE WRIGHT COMPANY will reopen the store within the next few days, it having been closed now for the purpose of taking an inventory of the merchandise on hand. The store which will now become known as "WRIGHT'S" will continue in business here indefinitely.

Representatives of the WRIGHT COMPANY who are here now will sell off most of my stocks, so as to re-stock the store with their new line of MERCHANDISE. As most of my stocks were bought before the recent advances in price, and as I have sold it to the Wright Company at a very low price, the people of this community may rest assured that there will be some worth while bargains when the Wright Company start the selling of these stocks.

I shall be in the store a short time after the new opening, hoping to meet all of my good friends and acquaintances.

(Signed) SAMUEL HART.

HEREAFTER THE STORE WILL BE KNOWN AS

Wright's

A GOOD PLACE TO TRADE

FORMERLY HART'S
