PERSHING FOR WAR VETERANS' ADVANCEMENTS

Recommends Selection of Future General Officers from Commanders of Military Organizations in France

AGREES WITH FOCH UPON NECESSITY OF AIRCRAFT

Believes Superior Aviation will Probably Determine Victory in Next War; Makes Claims for Infantry

WASHINGTON, (AP)—General John J. Pershing, commander of the American expeditionary force, concludes today his appearance before a joint session of the senate and house military committees to present his views on army reorganization plans.

Air Forces Important Much of his testimony today had to do with air craft. General Pershing with Marshal Foch that superior air forces probably would determine victory in the next war, but insisted that the infantry was the chief fighting arm.

Explaining reports that his troops had been ordered "over the top" on a military day, General Pershing said orders had reached some of the advanced detachments too late to stop fighting even at 11 a. m., the hour of cessation.

Permanent rank of lieutenant general for Lieut. General Liggett and Ballard and Major Generals Dickman, McAndrew and Harbord, was recommended by General Pershing when he resumed his statement before the committee.

General Liggett, Ballard and Dickman were recommended as overseas, while Generals Harbord and McAndrew were successively chiefs of staff of the American expeditionary forces.

FIGHT LOOMS IN WORKERS' MEET

48 Hour Week Likely to Prove Stumbling Block for World Conference

WASHINGTON, (AP)—A spirited fight on the international labor front came on the issue of a 48-hour week was forecast today after meetings of the labor committee and the employers' group.

An address by M. Domagay, advisor of the Japanese delegates, was a feature of the meeting of the labor committee. He urged the adoption of the eight-hour day without reservation and declared that the wreck of the happiness and health of workers came from long hours which was being exacted.

GARFIELD GIVEN PLENARY POWER IN STRIKE CRISIS

Authority to Regulate Price, Distribution and Production Conferred

WASHINGTON, (AP)—Authority to regulate the price, distribution, production, sale, shipment, apportionment and storage of all coal, including anthracite, bituminous and lignite, and coke, was given Federal Anti-trust trustee Garfield today by executive order signed by President Wilson.

LAW AND ORDER WINS AT POLLS

Smashing Victory of Governor Coolidge in Massachusetts, Re-elected to Succeed Himself by Largest Vote Ever Polled by Gubernatorial Candidate in Bay State, Shares Honors with Almost Equally Decisive Dry Victory in Ohio as Result of Voting

WILSON WIVES CONGRATULATIONS TO COOLIDGE; CALLS ELECTION RESULT LAW AND ORDER VICTORY

WASHINGTON, (AP)—President Wilson from his sick bed today telegraphed Governor Calvin Coolidge of Massachusetts, congratulating him on his re-election, which the president said was "a victory for law and order."

The telegram followed: "Hon. Calvin Coolidge, Boston, Mass. Congratulations upon your election as a victory for law and order. When that is the issue all Americans stand together."

White House attaches said this probably was the first time in history that a president had congratulated a candidate of the opposite political party on his election to office.

Administration officers shared the president's view. They said Governor Coolidge's sweeping victory should go far to encourage officials generally over the country who are combating radical propaganda, disorder and general social unrest.

(By The Associated Press)

More complete returns today in several states did not change the outcome in any important respect. The smashing victory of Calvin Coolidge, republican, in Massachusetts, re-elected to succeed himself as governor by the largest vote ever polled by a gubernatorial candidate in that state, shared honors with an almost equally decisive "dry" victory in Ohio as the most striking result of the voting.

NEBRASKA TURNS DOWN LEAGUE SYMPATRIZERS

Non-Partisans Elect Less Than Dozen Out of 100 Convention Delegates

LINCOLN, Neb., (AP)—While election returns from Nebraska were still incomplete, reports indicated, according to the Lincoln Daily Star, that about a dozen candidates alleged to be in sympathy with the Non-partisan league had been selected as delegates to the state's constitutional convention which meets here next month to revise the Nebraska constitution.

Lincoln the voters overwhelmingly defeated a proposition by which the city proposed to take over the local street-railway system.

Irish Girls Must Not Love English

DUBLIN, (AP)—Love making by the girls of Ireland with members of the British government forces has been proscribed by the Irish republican army. Any girl keeping company with a government soldier or policeman will be punished by having her hair cut off. One girl has already suffered the penalty for being seen kissing for walking out with a soldier.

WORLD NEWS EVENTS

SANTIAGO, Chile, (AP)—Categorical denial of reports from Washington that Chile had ceded to Bolivia a strip of land north of Arica which would give Bolivia an outlet to the sea was made by the Chilean government today.

LONDON, (AP)—General Denikine, commander of the Russian southern army, has concluded an armistice with the Ukrainians, according to a Vienna dispatch to the Exchange Telegraph company. The terms provide that Denikine shall evacuate Ukraine.

PARIS, (AP)—The inter-allied military mission to the Baltic state, appointed to deal with the complications caused by the continued presence of German troops in the Baltic region, will leave Paris tonight for Riga. Brig. Gen. Sherwood A. Cheney, the American member of the mission, will accompany it, with instructions simply to assist in obtaining the withdrawal of the German troops and not take a hand in internal politics, as the United States does not desire to interfere in Russian domestic affairs.

LABOR CANDIDATES IN LONDON WIN AT POLLS

Labor Socialists Have Majorities in 14 Out of 28 Boroughs; Conservatives Lead in 12

LONDON, (AP)—Results in the municipal elections show that besides the huge gains in the country the labor socialists have majorities in 14 out of 28 London borough councils. Municipal reformers, who correspond roughly to the conservatives, have a majority of 12 boroughs. The progressives, otherwise liberals, have virtually disappeared.

Commentators representing both parties remark that labor now has a chance of showing what it can do in a position of responsibility.

WOMEN RESUME RIOTING AT YOUNGSTOWN PLANT

Attack Sheriff and Deputies When Officers Tried to Remove Them From Rioting Workmen

YOUNGSTOWN, O., (AP)—Rioting broke out at the plant of the Youngstown Sheet and Tube company again today when fifty women attacked the sheriff and his deputies when the officers tried to keep the riot from spreading.

SENATE FAVORS PROVISIONS FOR LABOR IN PACT

Votes Down LaFollette Amendment to Versailles Peace Treaty by Vote of Forty-Seven to Thirty-Four

REED ATTACKS FRIENDS OF RESERVATIONS PLAN

Missouri Senator Calls Forth Objection of Vice President to Language Used in the Argument

WASHINGTON, (AP)—The LaFollette amendment to strike the labor provisions from the peace treaty was voted down today by the senate.

The vote was 47 to 34, divided as follows: For adoption: Republicans: Ball, Borah, Capper, Cummins, Curtis, Ekins, Fernald, France, Frolingburgh, Glenn, Harding, Jones of Washington, Keaton, Knox, LaFollette, Lodge, McCarver, Johnson of South Dakota, Jones of New Mexico, Kendrick, King, Kirby, McKellar, Nugent, Overman, Owen, Phillips, Ransdell, Robinson, Sheppard, Simpson, Smith of Arizona, Smith of Utah, Smith of North Carolina, Swanson, Trammell, Underwood, Walsh of Montana, Williams and Wolcott—34.

GOVERNMENT CIRCLES ARE OPTIMISTIC DESPITE LONG GOAL STRIKE PREDICTION

Statements of Both Miners and Operators that Country is In for Protracted Struggle in Bituminous Fields Falls to Depress Federal Officials; Indications of Workers' Willingness to Negotiate are Pointed Out

SITUATION POINTS TO SPARRING AT OPENING FOR AMICABLE SETTLEMENT

CHICAGO, (AP)—Confronted by statements of both miners and operators that the country was in for a long struggle in the bituminous coal fields, where production has been at a standstill since the nation-wide strike of miners went into effect at midnight Friday night, government circles today still apparently were pervaded by an under current of optimism regarding an early settlement of the big walkout.

Indications were that the mine workers' leaders and the coal mine operators were sparring for an opening that might lead to an amicable settlement of the dispute.

GOVERNMENT TO LET IN UNCTION POLICIES STAND

Will Not Accept Proposal of Organized Labor to End Coal Strike by Vacating Court Restraining Order

WASHINGTON, (AP)—The government cannot accept the proposal of organized labor to end the coal strike by vacating the injunction against the fields of the United Mine Workers of America, Assistant Attorney General Ames, in the absence of Attorney General Clegg, today said.

Ames said that the government would not abandon its position, as the strike was in violation of law.

CLERGY GATHER FOR CEREMONIAL

San Francisco Gathering Place Important Event in Church History

SAN FRANCISCO, (AP)—Protestant Episcopal clergy from Japan, Alaska and western states attended the impressive ceremonies at Grace cathedral here today which marked the consecration of the Rev. Edward Lambie Parsons, D. D., of the Berkeley, Cal., as bishop conductor for the diocese of California.

This was regarded as the most important event in the church's history to take place in San Francisco since the general convention of the Episcopal church was held here in 1901.

The consecrators of Dr. Parsons today were the Right Rev. William Ford Nichols, bishop of California, the Right Rev. J. H. Johnson, bishop of Los Angeles and the Right Rev. W. H. Moreland, bishop of Sacramento.

The hymn was preached by the Right Rev. L. C. Sanford, bishop of San Joaquin, and the Right Rev. F. W. Keator, bishop of Olympia, and the Right Rev. G. C. Hunting, bishop of Nevada, acted as presenters.

The attending prebys were the Rev. W. R. Hodgkin and the Rev. F. A. Martyr, and Dr. John A. Emery was registrar.

The procession of clergy, all vested, passed into the auditorium of the cathedral at 10:30 o'clock this morning, the reading of the commission to consecrate by Dr. Emery, following immediately.

The reading of scripture by the bishops and a hymn was followed by Bishop Sanford's sermon. Then Dr. Parsons vested with his robes, was presented by Bishop Nichols as Bishop Hunting with these words: "Reverend Father in God, we present unto you this godly and well-learned man, to be ordained and consecrated bishop."

Testimonials for Dr. Parsons were then read. This reading was followed by the reading of the certificate of election by the Rev. Walter H. Cambridge.

Then in answer to the presiding bishop, Dr. Parsons made a solemn promise of conformity and obedience to the doctrine and worship of the church. Further words were made by Dr. Parsons, the church all erroneous and strange things "to banish and drive away from doctrines contrary to God's word," and to "set forward" piety, peace and love among all men.

After hymns and a prayer the presiding bishop and the other bishops present laid their hands upon the head of the newly consecrated bishop. The bishop presiding presented him with a bible with the exhortation to "Hold up the weak, heal the sick, bind up the broken, bring again the outcasts, seek the lost."

HAPPINESS SECONDARY AFFAIR IN MARRIAGE

Columbia University Professor Declares Prime Purpose of Relation Production of Robust Children

CHICAGO, (AP)—Happiness of man and woman is only a secondary affair in marriage, the prime purpose of which is to produce robust children, Professor Wm. J. Durrant of Columbia university, said in a lecture at the Sinal social center here. "Where there are no children there is no marriage," he added.

"Free love is impossible, the professor said, because conquests of men are praised by other men, but if a woman had had one free love affair she is held in ridicule and belittled by her associates."

"Most men now marry after they have become incapable of love," the professor continued, "and then come their divorces."

"Courts say that divorces are due to cruelty, drunkenness and half a dozen other things, but they are all wrong. The three fundamental reasons for divorce are:

- (1) The natural vanity of both sexes.
- (2) Psychological incompatibility.
- (3) Lack of children.

CLEMENCEAU MAKES PLEA FOR GENERAL TOLERANCE

Premier's Political Valdictory Rises Much Above Party Politics

STRASBOURG, (AP)—Premier Clemenceau's speech here Tuesday, considered his political valdictory to France, raised the party politics. It was for the most part a plea for universal tolerance and social justice, and an appeal to the working man through-out the world to renounce labor's present methods and "work."

Dealing with social organization, Mr. Clemenceau declared that no government could possibly prevent its people from governing themselves, but said government must be based on public order and respect of individual rights. Referring to direct action the premier said that direct action must rest upon the voluntary help of those determined to defend their right to enjoy public services.

Referring to the Bolsheviks, Premier Clemenceau, "there can be no discussion between them and the public. It is a simple question of force. In clamoring for freedom for themselves, they were to impose upon others a terrible and absolute dictatorship."

REICHSSTAG BUILDING IS RENOVATED THROUGHOUT

Work of Nine Months Is Completed and Quarters Pronounced Fit for Parliamentary Occupation

BERLIN, (AP)—The Reichstag building has undergone a rigorous renovation and has been pronounced again fit for parliamentary occupation. The work occupied nine months. In rebuilding the great gilded-domed edifice all traces of the revolution the largest cultured vacuum cleaners, the most perfect of disinfectants, and the deadliest of vermin exterminators were employed.

While in addition to the damage it had undergone, the building contained so many unpleasant reminders of the days when civil war was waged in Berlin, the national assembly had a reasonable excuse for prolonging its sojourn in Weimar. But now that disinfectants and vermin-exterminators have completed their work such excuses are no longer valid.

The shortage of hotel and lodging-house accommodation, however, is likely to prove embarrassing to those of the returning legislators who have neglected to secure quarters in advance.

WAR LEAVES JUGO SLAV PRACTICALLY DESTITUTE

American Relief Worker Says New Nation Needs Much to Carry it Through Reconstruction

BELGRADE, (AP)—Miss Malvina Hoffman, a New York sculptor who is vice-chairman of the American Jugoslav relief committee, has just completed an inspection trip through Jugoslavia. She reports to Red Cross headquarters here that the new nation stands in need of much to carry it through its reorganization period. War has left the people with virtually nothing.

"Life has become primitive in Jugoslavia," says Miss Hoffman. "There are no modern methods of communication left. Telephone, telegraph, train and motor are crippled agencies. There is a shortage of gasoline. Water supply systems are in poor repair. There are no raw materials for the making of clothes, and the price of everything is exorbitant. Yet the people struggle on without a word of complaint, or bitterness or feeling of resentment, only dogged determination to climb over this terrible period and make a united country out of all this pain and sacrifice."

Disarmed Sea Would Solve Vexed Problem

ROME, (AP)—The real solution of the Adriatic problem, according to Admiral (then) Di Biase, former representative of Italy on the international naval council at Paris, is to make that sea a "disarmed sea." Such a disarmament of the Adriatic would make that sea absolutely safe for Italy in his opinion, and obviate the necessity for Italy to maintain it in a state of defense.

LAST OF WAR BRIDES OF YANKS SAIL FROM BREST

Only One Out of 3600 Women Married by American Soldiers Returns to Former Home, Y. W. C. A. Says

BREST, (AP)—The last of the war brides of American soldiers left here Monday for the United States on the steamer Northern Pacific. There were nine of them.

"This virtually completes the 'war brides' work of the Young Women's Christian Association," Mrs. Seymour the Y. W. C. executive in charge of foreign work, said. "I am proud of our American boys. So far as is known only one war bride is coming back of nearly 3,600 we sent to the United States."

Three-fifths of the number were French, one-fifth English, and the other fifth scattered among twenty-one nationalities. The brides ranged from 15 to 55 years of age. Some of them had three or four children by previous marriages.

GOVERNMENT INVESTIGATING NEED FOR BREAD PRICE BOOTS

SAN FRANCISCO, (AP)—The United States government began Tuesday the investigation in San Francisco to determine whether an advance in the price of bread here is warranted. District Attorney A. A. Adams, cooperating with E. M. Blanford, chief of the department of justice's special agents, sent out investigators to learn whether the cost of flour and labor is such as to warrant the increase and whether the food control act is being violated. San Francisco bakers Monday increased the price of a one-pound loaf of bread from ten to twelve cents and a one and one-half pound loaf from fifteen to seventeen cents.

GREAT BRITAIN AND CHILE AGREE TO ARBITRATION

OPERATIONS OF MEXICAN BANDITS REPORT TOPIC

Six Employees Murdered and More Than \$71,884 in American Gold Stolen From Oil Companies

WASHINGTON, (AP)—Six employees were murdered and more than \$71,885 in American gold stolen from oil companies operating in the Tampico oil region during July, August and September, according to an official report just compiled, it was learned today. Six bandits implicated in two of the outrages were arrested and two of them publicly executed.

Carrazza soldiers were implicated in some of the outrages, the report stated, although in some of the camps of the region the federal soldiers were "behaving well." On September 23 a camp at Comate was raided by four hundred Carrazza soldiers, who stole all the clothing of the foreign employees and drove away the last mail in the camp.

NEW-COMER IN MEXICAN BANDIT FIELD BOBS TRAIN

LAREDO, Texas, (AP)—Details were received here of an attack by Mexican bandits on a train en route from Guadalupe to Mexico City early Saturday near Colona, state of Guanajuato, in which all but eleven of the forty guards were killed, many passengers wounded and all robbed.

The bandits were declared to have been commanded by General Malagon, apparently a new-comer in the bandit field.

NEAR EAST APPREHENDS DANGER TO U. S. MANDATE

Periodical Suspects Wilson's Illness May Have Unfavorable Effect on American Acceptance

LONDON, (AP)—The news that President Wilson is suffering from a nervous breakdown, which is sufficiently serious to necessitate his taking a rest, has been received in some circles with something like consternation, says the periodical, the Near East, editorially. It continues: "Rightly or wrongly, it is argued that the president's breakdown is likely to react unfavorably upon the chance of America becoming willing to accept a mandate for Armenia; and if that view should prove correct, it would be highly unlikely that America would accept any mandate at all in the near east."

You've waited in the hope that the price would be lowered. Today's news may bring you the good tidings.

FRANCE PROPOSES NEW SETTLEMENT IN FIUME

Takes Initiative in Presenting Suggestion for Approval of Washington Government

PARIS, (AP)—France has taken the initiative in presenting to the Washington government a new proposal for settlement of the Fiume question, according to the Echo de Paris. The newspaper says the move has the support of Great Britain.

ROME, (AP)—England has decided to support the solution proposed by Italy relative to the Adriatic question, and to her ambassador in the United States, says the Tribune.

The national council of Fiume, according to this newspaper, has officially notified the entire powers of the resolution passed October 30 claiming annexation to Italy, under the principle of self determination.

LADY ASTOR IN CAMPAIGN MIDST

Tells Heckler to Stop Yelling and Go to Work; Epigrams Characterize Speech

PLYMOUTH, England, (AP)—Meeting in different sections of the city were addressed tonight by the three candidates for the house of commons seat—Lady Astor, Isaac Foot, Liberal, and W. T. Gay, Labor.

Lord Astor disconnected. "I want you to realize that the reconstruction period is a jolly difficult time for the coalition," he said.

There was more laughter and applause and Lady Astor stepped into her speech. When the interrupter got busy she exclaimed vehemently: "Don't give me any of your anas; I shall get into the house of commons. What's more, I am going to get there. Just remember that."

Among the epigrams which characterized her speech were: "The only medicine of the world's ills is to get greed out of the human heart."

Brief Bits of Sport

When a football player dies from injuries on the field of blood his name goes into history as a gridiron hero.

When a young man is hit on the jaw with a five ounce mitt, wielded by an athlete trained to locate vulnerable portions of anatomy, and his head hits the floor bit hard, and he dies from concussion of the brain, there's an arrest and a murder trial.

Seems that Wee Pal Moore and his manager, Nite Lewis, have come to the fighting of the ring. It is said that on November 12 will see the finish of the famed combination and that Bill Hank, Memphis, will look after the little brother's interests.

There is a chance that Charlie White will get his long-cherished chance to meet Champion Benny Leonard in title bout. The Tabu club has made the pair an offer.

Next Friday the Bruins get another whack at Burley. The Cascadians have one strike over the local club, but Coach Dorman expects to completely clean the slate.

We are willing to admit the battle was a draw, but it could not be first with Otto (Young) Wallace of Milwaukee in it. We have known Wallace for a number of years as a battler and while he is a hard worker he could not be fast no matter how hard he tried.

Johnny Kilbane, featherweight champion, got tonight in a club in Milwaukee on Tuesday. He is a republican at the polls yesterday. Johnny ran for alderman at Cleveland, but he did not run very far. Of course Johnny was on a democratic ticket.

JAPANESE DELEGATES NOT LIKELY TO BE IMPEACHED

Reports of Action Based on Dissatisfaction with Treaty Called Inaccurate

WASHINGTON, (AP)—In Japanese circles here it was said today that cable dispatches from Tokyo to the Hawaii Hechi, a Japanese newspaper at Honolulu that the Japanese privy council favored the impeachment of the Hara cabinet and the Japanese delegation to Paris for the unsatisfactory peace terms, was inaccurate.

It was explained that there was no provision in Japanese law for the impeachment of administrative officials and that the only recourse left to the hostile majority in the diet was a refusal of a vote of confidence which might or might not cause the resignation of the cabinet.

Officials who have just arrived from Tokyo said that while the committee of the privy council which had been studying the report of the Japanese delegation in connection with the negotiation of the peace treaty found some things to criticize, on the whole they approved the treaty, as was evidenced by the subsequent ratification of the document by the emperor upon the advice of the council.

It takes a strong man to "come back" after he has been insane five years; has been robbed of wife and fortune; has been victim of a plot to murder.

Such a man is Bruce Andrews, hero of a remarkable photo-play of romance, crime, high finance and vengeance. And William Farnum plays the hero.

JUDICIAL SHORTCUTS
If that certain theory which says that the courts of a commonwealth are the bulwark of its existence be true, it naturally follows that when a court so conducts itself as to weaken public confidence in itself as an institution, a state of affairs has been reached which is well calculated to make the average man pause and look about.

In North Dakota, a majority of the State Supreme Court, a Nonpartisan league elected institution, recently took action which in effect threw the bank examiners of the State out of the closed Scandinavian American bank of Fargo and permitted the re-opening of that institution. The bank examiners were Nonpartisan too, and the bank itself was a Nonpartisan institution, upheld by Nonpartisan influence and Nonpartisan money. Up to this time there has been nothing to indicate but what the Supreme Court was justified in its action, although, on the face of the matter, such action would seem to have been more or less high handed.

But now comes a remarkable interjection into the case, namely, the statement of one of the members of the State Supreme Court in the form of a minority opinion in the case which says in effect that the majority opinion or finding upon which the bank was re-opened was not promulgated as the result of a trial or hearing of the case, but merely upon certain affidavits furnished by interested parties, the evidence of certain other interested parties, namely the bank examiner who closed the bank, being at the same time excluded from the case. Lack of jurisdiction is also charged against the court, as well as improper method of conducting the trial. "Viewing the matter as I do," declares the dissenting justice, "I can only regard the final judgment as being void for lack of trial conducted in accordance with no process of law."

These are strong words when directed against a majority of the justices of a State Supreme Court. Minority opinions in Supreme Courts are not uncommon but just how would the people of Idaho feel if, in a dissenting opinion by one of our own Supreme Court judges, a majority of the court should be assailed as indulging in procedure not sanctioned by law, ignoring the statutes in the case and in effect conspiring with each other to defeat the ends of justice by the promulgation of a decision based, not upon the laws of Idaho, but upon the views and the virtual dictation of a political agency?

It does not greatly matter whether the bank is solvent or insolvent, and it makes not one particle of difference if it should later be shown that a bona fide trial of the case would have been exactly the same result. The act of the matter is, politics and agit will not mix, and any effort to do so means only trouble. No court, or no legal system can exist about public confidence, and any court action tending to shake public confidence serves simply to undermine the foundations of society within its jurisdiction as well as the institution itself.

Happenings of this sort are a poor recommendation for the extension of a system of political economy. If the Nonpartisan League program embraces a vote to justice in the interests of the League movement as a part of the League to its membership, then we are closely the program can be confined within present bounds.

WHO'S WHO in the WORLD

WESTERN MAN MAY SUCCEED REDFIELD

The resignation of Secretary of Commerce Redfield (portrait herewith), to take effect October 31, fastens public attention upon him and his cabinet place. It is reported in Washington that President Wilson may select a western man as his successor. Announcement of Mr. Redfield's resignation did not come as a surprise. Since his disagreement with Director General of Railroads Hines regarding prices for steel several months ago it had been almost common gossip that he contemplated early retirement. Mr. Redfield, however, denied that his resignation was the result of friction between himself and other administration officials.

Portrait of a man, likely Secretary of Commerce Redfield.

"My resignation," he said, "is not the result of any quarrel, disagreement, chagrin or any other unpleasant occurrence, but is caused solely and entirely by my desire to return to business and give my attention once more to my personal affairs, which for more than eight years have been subordinate." Bernard Daruch of New York and Wilbur W. Marsh of Waterloo, Ia., have both been mentioned as possible successors to Mr. Redfield.

BOHEMIAN AND THE HOME RECOUNTS ADVENTUROUS VOYAGE IN DIRIGIBLE

Of all the miserable pages in the story of Bohemian in Russia none is more fraught with the element of downright viciousness than that which tells the tale of Bohemian's attempt to "nationalize" her woman. The idea of free love is abhorrent to the average man. The average American calls it by a different name and treats it in accordance with the name he has selected. Not so the followers of Trotsky and Lenin. The discussion of the matter may be said to have closed with the report of the United States Senate investigating committee which after examining many witnesses of many and diverse leaning found that:

Bohemian accords to the family no such sacred place in society as modern civilization accords to it. Conflicting reports have been passing current during the last few months relative to the nationalization of women by the new Russian government. Two or three local soviet have apparently thus degraded the womanhood of their particular districts, but the central government has refrained from adopting any such policy in the whole nation. They have, however, promulgated decrees relating to marriage and divorce which practically establish a "state of free love." Their effort has been to furnish a vehicle for the legalization of prostitution by permitting the annulment of the marriage bonds at the whim of the parties, recognizing their collusive purposes as a ground for the severance of the matrimonial state.

And yet there are some misguided people who are willing to play with Bohemian and who are perfectly willing to encourage and foster leanings and tendencies on the part of radicals which lead straight in the direction of the Russian horror of today.

FIGKERT DEFEATED IN SAN FRANCISCO ELECTION

SAN FRANCISCO, (AP)—District Attorney Charles M. Fickert was defeated for reelection in yesterday's municipal election by Matthew Brady, police judge, by a majority of 6,838. It was announced today by Registrar of Voters Harry Zemanovsky. Mayor James Rolph defeated Eugene E. Schmitz by a majority of 27,729. The vote announced by Registrar Zemanovsky gave: For mayor: Rolph, 61,771; Schmitz, 34,173. For district attorney: Brady, 46,771; Fickert, 10,338. There were 103,111 votes cast out of a total registration of 149,740. Besides electing a mayor and district attorney, city and county officers, nine supervisors were elected. The election was nonpartisan. Fickert during ten years in office gained prominence in obtaining convictions of Thomas J. Mahoney and Warren K. Billings in connection with the Preparedness Day bomb murders.

Nations' League to Organize in Paris

PARIS, (AP)—The first meeting of the council of the League of Nations will be held in Paris, the supreme council decided today. It did not, however, fix a date for the gathering. It was agreed that the council of the world body should consider at this meeting only matters which must be passed upon immediately after the formal ratification of the German peace treaty.

Today's Markets

GRAIN AND PROVISIONS
CHICAGO, (AP)—Fresh strength developed in the corn market today owing to higher quotations on hogs and to forecasts of unsettled weather. On the advance there was considerable selling on the part of commission houses. Dealers in many localities, however, reported that farmers would not be free sellers at present values. Opening prices, which ranged from 1.5¢ to 3.4¢ advance, with December \$1.30 1/4 to \$1.36 3/4, and May \$1.30 3/4 to \$1.31, were followed by moderate general gains before a reaction set in. Smallness of receipts and scarcity of cars led subsequently to a new advance, December in particular making a decided upturn. The close was unsettled, 3 1/4 to 3 5/8 not higher, with December \$1.39 3/4 to 1.40 and May \$1.32 3/8 to 1.32 1/2.

Packers selling of lard and ribs eased the market later, but the effect was in the main transient. Oats were dull and relatively weak. After opening 1.5 to 1.4 to 3.8 higher, including December at 72 7/8 to 73¢, the market underwent a material sag. Provisions sympathized with upturn in the value of hogs.

WETS WILL NOT CONCEDE DEFEAT IN OHIO ELECTION
COLUMBUS, O., (AP)—Additional returns received up to noon today by Secretary of State Smith have done much to substantiate earlier predictions that the dyes carried all four prohibition proposals by big majorities at yesterday's election. Chief statistician Johnson, of the secretary's office said, "The dry majorities would reach 75,000, bearing out the claims made last night by dry forces." Mr. Johnson said he based his estimate upon practically complete returns from 30 out of the 88 counties. Through the returns so far received show a substantial wet majority on the face, the chief statistician pointed out all from the wet centers. Very few rural precincts were included in the returns tabulated and when all the rural precincts are in Johnson said the apparent wet majority would not be taken through. Major dry majorities, L. H. Gibson, manager of the Ohio Home Rule association at noon today stated that the wets would not concede that the dyes had carried the prohibition proposals. He said ratification of nationwide prohibition has probably been defeated by the wets, while state-wide prohibition has been carried by the dyes by from 50,000 to 75,000 majority.

Mayor Harry L. Davis, republican, was re-elected in Cleveland. Mayor Samuel Schreiber, independent, was re-elected in Toledo, and Mayor George J. Karyl, democrat, was defeated for reelection in Columbus by J. J. Thomas, republican.

Dry Law Enforcement Humbles Hotel Clerk

NEW YORK, (AP)—Prohibition enforcement has humbled the haughty hotel in New York. A week ago he told out-of-towners with his loftiest and most distant air that there were no accommodations left for the night. Now he has all but gone into the street hunting for prospective guests. Hall rooms, rooms and baths, and while suites have been available for the last four nights, hotel proprietors announced "because of prohibition."

\$7.00 to \$13.00; stocker steers \$6.50 to \$7.00. Sheep—Receipts 15,000; lambs 25¢ lower; sheep and feeders steady. Lambs, 84 pounds down, \$13.75 to \$17.75; culls and common \$9.00 to \$12.50; yearling wethers \$9.75 to \$11.50; ewes, medium and choice, \$7.25 to \$8.10; culls and common \$3.25 to \$7.25.

Liberty Bonds
NEW YORK, (AP)—Prices of Liberty bonds at 3:55 p. m. today were: 3 1/2's \$100.00; first 4's \$95; second 4's \$100.00; yearling wethers \$9.75 to \$11.50; third 4 1/4's \$100.00; fourth 4 1/4's \$100.00; Victory 3 3/4's \$90.50; Victory 4 3/4's \$90.50.

Cash Quotations
CHICAGO, (AP)—Corn No. 2 mixed \$1.50 to 1.01 1/2; No. 2 yellow \$1.50 to 1.65. Oats No. 2 white 75 1/2 to 75¢; No. 3 yellow 71 to 74 1/4¢. Rye No. 2 nominal; No. 3 \$1.37 3/4. Barley \$1.32 to 1.35. Timothy \$8.50 to 11.25. Clover nominal. Pork nominal. Lard \$2.85. Rice \$19 to 20.

LAW AND ORDER. WINS AT THE POLLS

The senate fight over the league of nations entered into the Kentucky contest to some extent, Governor Bly declaring for the league in his campaign. The republicans also will control the lower house of the Kentucky legislature while the democrats will control the senate. The wet and dry issue also entered into the Kentucky contest, a state-wide prohibition amendment apparently having been defeated decisively. Lee M. Russell, democrat, was elected governor of Mississippi by the usual majority. He was opposed by a socialist who polled only about 10,000 votes. Tammany Suffers Defeat

In New York state the election turned on a judge of the supreme court, Tammany had candidates suffering complete defeat. In the city, Representative F. H. LaGuardia, republican, was leading Robert L. Moran, the Tammany democrat, for president of the board of aldermen, but an official report may be necessary. In Philadelphia, Representative J. Hampton Moore, republican, secured easy victory for mayor, and in San Francisco, James Rolph, Jr., was swept into office as mayor for the third time in a nonpartisan fight, vanquishing former Mayor Eugene E. Schmitz.

COOLIDGE RE-ELECTED ON LAW AND ORDER STAND

BOSTON, (AP)—Governor Calvin Coolidge, republican, who made support of law and order the sole issue of his campaign, was re-elected yesterday by a plurality of 124,173 over Richard H. Long, democrat. The revised vote of the state complete: Coolidge 317,847; Long 193,674. The vote given Governor Coolidge was the largest ever cast for governor

in this state, although his plurality has been exceeded. The total vote was unusually heavy. Long also opposed Governor Coolidge last year and was defeated by a plurality of 17,035. Yesterday the Coolidge vote was more than 100,000 ahead of that of 1918 and the Long vote 4,000 behind. Long's lead of 19,908 in Boston last year was cut to 5,149 yesterday.

In his campaign Long appealed particularly to the labor vote on the ground that Governor Coolidge had shown hostility to organized labor in denouncing the striking Boston policemen as deserters. Outside of Boston, Long carried only four cities out of 37, and he lost but one unusually heavy. His plurality was much smaller than a year ago. Nine cities which returned pluralities for Long in 1918 swung over to Coolidge yesterday. The entire republican state ticket was elected by large margins. The republicans control both houses of the legislature.

DEMOCRATS WILL ASK RECOUNT IN NEW YORK

NEW YORK, (AP)—Complete returns of the vote for president of the board of aldermen show that Representative F. H. LaGuardia, republican, defeated Robert L. Moran, democratic incumbent, by 1,363 votes. An official recount will be asked for in Mr. Moran's behalf. James A. Foley, son-in-law of Leader Murphy, scored a nonpartisan easy victory over James O'Malley, his republican opponent, for arragoner of New York county. This was about the only police Tammany found in the result, for Henry H. Curran, republican, was elected president of the borough of Manhattan. Hubert L. Haskell, republican, was elected a county judge in Brooklyn on a "wet" platform. The statistics failed to make good their claim that they would poll a larger vote than they did in 1917, and apparently gained no seats in the assembly.

HIGH SCHOOL NOTES

Girls' basketball practice is to start this week with Miss Anderson in charge. This early beginning will give the girls an advantage of about four weeks' training before the boys are ready to leave football for basketball practice. The date of the Twin Falls Gooding games to be played at Gooding has been changed from Friday, November 14, to Tuesday, November 11, Armistice day. While this new arrangement will deprive the locals of three days' practice, they should be in such condition after the Burley game that Gooding will not get a look-in on the coming melee. Miss Creth Childs, teacher of advanced English, was absent yesterday on account of illness. The vacancy was filled by Mrs. M. C. Mitchell.

CONGRESS PREPARES FOR RETURN OF RAILROADS

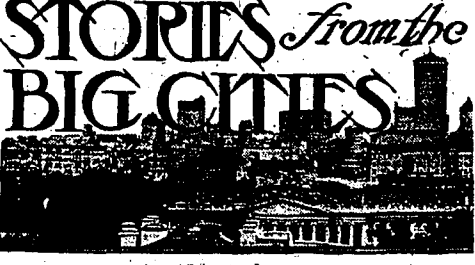

WASHINGTON, (AP)—Temporary legislation continuing government guaranteed returns to the railroads after their return to private control January 1 until such time as congress can enact permanent legislation virtually were decided upon today by the senate interstate commerce committee. Committee members said the president was determined to turn back the railroads next January and that there was little likelihood of the enactment of the pending permanent railroad bill by that time some temporary legislation would have to be adopted. Republican Leader Mondell of this house conferred later with senate leaders and urged that the temporary legislation be withdrawn until it was definitely determined that the permanent legislation could not be passed. Mr. Mondell advised the senate leaders that the house planned to pass its permanent measure next week and senate leaders were said to have agreed to defer the temporary expedient until its necessity was completely demonstrated.

SALT LAKE CITY, (AP)—E. A. Bock was elected mayor of Salt Lake City by a plurality of nearly 2,000 over J. E. Darmer, at the municipal election elected were Herman Green and Theobald T. Burton. Counting of the votes was slow and it was not until early morning that the winners were finally

Overall Salesman "Strikes It Rich" With a Club

CHICAGO—A few weeks ago the future of Robert Wachman seemed circumscribed by simple lots of blue denim overalls. It was by selling overalls that he had eked out a modest livelihood for his wife and family at 4430 South Michigan avenue. But today his business is to evade interested capitalists and wealthy mining engineers who would make him their guest at banquets, dinners and theater parties. And he prays for deliverance from his newly mobilized army of "friends" who seek to express their admiration of him by many strident methods. For Robert Wachman has "struck it rich." He is a potential millionaire, owner of a mining claim that is expected to prove one of the richest on the North American continent. Wachman decided a few weeks ago that a complete rest and vacation was just what he needed. He had staked out a little patch of land near Dryden, Ont., a year or so ago. Gust Larson, a veteran prospector of the region, had recommended the claim. And, more to make a home for Gust than for any other reason, he had purchased a strip of 160 acres. While scratching around in the rugged hillsides that abound in his claim, Wachman and his friend Gust happened on a rusty spur of quartz jutting up from the ground. Staking the protruding jet of ore with a club, glittering particles of gold were found in the fragments of quartz. Quick work with a pick and shovel soon revealed a ledge of gold ore that is ten feet deep and graduates from a width of 12 inches at the top to 30 inches at its lowest depth.

OYSTER BAY, N. Y., (AP)—Oyster Bay gloated today over the election of Lieut. Col. Theodore Roosevelt to the state assembly and shared with him his happiness at the birth of an "election day" son. The one topic of discussion in this little town, where the name of Roosevelt is worshipped, was "Young Teddy's" remarkable run in yesterday's election, his majority over his democratic opponent, Elias Hoff, being estimated at between 3,000 and 5,000. This was declared to be the biggest republican majority ever rolled up in the second assembly district in New York county. When the returns last night indicated a sweeping victory, Colonel Roosevelt went to republican headquarters at the Oyster Bay Inn and was greeted with cheers. "Hello, everybody! It's perfectly fine!" he exclaimed as his friends crowded about him and grasped his hand. "And I've got a seven pound boy, too," he added with a broad grin. The boy was named "Quentin" after the ex-president's son, who was killed in France in aerial combat. MAINE RATIFIES SUFFRAGE. Social Notes

The Twentieth Century club met in the parlors of the Old Fellows hall yesterday with Mrs. J. R. Conway, vice president, presiding. The program was in charge of Mrs. E. A. Landon and Mrs. H. C. Alexander and was an Experience and Hostess day with the ladies of the Rural Federated club as guests. Mrs. T. H. Irwin of the Addison Avenue club very eloquently gave the "Ancient History of the Federation." Mrs. Snyder of the Morningside club gave an interesting paper on "What We Do in Our Neighboringhood." Mrs. Bayler of the Kimberly Road club spoke on "What Our Grandmothers Meant." Mrs. J. E. White of the Country Women's club presented the following resolution: "Resolved, That the Twentieth Century club and Rural Federated club representing six hundred women, hereby resolve that they are heartily in sympathy with calling a special session of the legislature on this date for one day to ratify the Susan B. Anthony amendment." Interspersed with the papers given were vocal solos by Mrs. W. H. Dwight and Miss Marie Roberts, both accompanied by Mrs. Frank Fraehn, and piano solos by Miss Ruth Malloy. Chapter D. P. E. O., met at the home of Mrs. S. S. All last evening with Mrs. All and Mrs. A. N. Sprague hosts. Miss Harriet Warner had the program in charge, which was on "Our Educational Fund." Mrs. W. A. Peters, president of the Jerome chapter, was a guest and gave two delightful readings. Light refreshments were served at the close of the evening. The meeting of the Catholic Women's league, scheduled for tomorrow at the home of Mrs. M. B. Corcoran, 228 Ninth avenue north, is to be an open affair for the purpose of entertaining the ladies from the outlying districts. A special program has been devised for the occasion, and refreshments will be served. CARD OF THANKS. We desire to express sincere appreciation for the many kind deeds and words, the floral offerings and expressions of sympathy from friends and neighbors in our recent grief in the loss of our son and brother, Willard W. WASHINGTON, (AP)—President Wilson today set aside Thursday, November 27, as Thanksgiving day in a proclamation which said the country looked forward "with confidence to the dawn of an era when the sacrifices of the nation will find recompense in a world at peace."

LEWIS DECLARES PREVIOUS STATEMENT COVERS SITUATION

INDIANAPOLIS, IND., (AP)—When informed of the statement of Judge Amos Easton, general counsel, John L. Lewis, acting president of the United Mine Workers of America, said today that he had no comment to make. "My statement last night covers the situation," Mr. Lewis said. Asserting that only one side of the coal strike is being placed before the public and that the miners' officials are obeying Judge Anderson's restraining order to the letter, Ellis Scarles, editor of the mine workers journal, issued the following statement today: "Letters and telegrams from news-papers and periodicals throughout the country have been received at headquarters of the United Mine Workers, requesting information in regard to the issues involved in the controversy between the miners and the operators. However, it might be claimed that the federal court injunction, issued at the request of the government, prevents the miners from presenting their side of the case to the public at this time. The miners are obeying this injunction to the letter, and under these circumstances the public can only form its own conclusion, and base its judgment upon the evidence presented by one side through the public press."

DOINGS OF THE VAN LOONS

BITULITHIC COMPANY IS GIVEN IMPORTANT LOCAL PAVING AWARD

Portland Concern Makes Some Price Concessions on Original Proposal and Will Start the Work Early in Spring; Price Per Yard Lower than Elsewhere in State; Many Blocks to Cover

Contract for the paving of many streets and avenues in Twin Falls during the coming year was last night formally awarded by the city council to the Warren Construction company of Portland, Oregon.

The award was made on a proposal submitted at Murray street last night by the city council in which the total amount asked for the work was \$733,627.00, as against \$740,002.10 asked by C. H. Mann, the only competing bidder. The Warren proposal is figured to be about \$12,000 more than has been voted in bonds, and the contract awarded last night was granted on a compromise basis, splitting the difference between that rate the proposal is slightly more than five per cent above the city engineer's estimate. The engineer's estimate was based on a somewhat cheaper method of paving, according to E. V. Berg, of the city engineering department.

The contract involves paving in the city city streets 250,000 sq. ft. and covers a distance of 144 blocks in total. Of these 100 blocks are on avenues and 25 on lateral streets. The contract also includes the right to lay blocks and the construction of 77,000 linear feet of concrete curbing. Standard bitulithic is to be used in paving Main avenue and Shoshone street, with rock in the rest of the city streets. The latter is a bitulithic mixture, manufactured according to the regular standards of bitulithic material, but in lighter than the usual material as thoroughfares where traffic is heavy.

According to terms of agreement the Warren people will procure all crushed rock necessary for paving in Twin Falls from the Twin Falls highway district, taking amounts at a rate of 250 cubic yards a day during the life of the contract.

As shown in the city engineer's tabulation of the Warren proposal the figures are: Eight thousand cubic yards excavation, \$11,200; 71,000 linear feet of curbing, \$51,120; 6,000 linear feet of special curbing, \$7,000; 250,000 cubic yards of concrete, \$2,500,000; 250,000 cubic yards of standard bitulithic paving for heavy traffic streets, \$130,000; and 220,000 square yards of light standard bitulithic paving, \$495,000.

The Warren company's bid for the heavy standard bitulithic work is based on a square yard price of \$2.40 which is said to be constantly lower than obtained in any other city in southern Idaho where bitulithic paving contracts are at present under way. At Eagle, Pocatello and other places the price runs as high as \$2.65. The difference results largely from the great size of the job, and the improved facilities for handling the work here. The Warren people will begin at once to assemble material and plant in Twin Falls so that work will be started early in the spring. "Hot" mixing plants will be established here.

Summer Makes Post-Season Local Visit

Well, summer, for all day, you even into the night, with a light summer shower and a gentle cooling zephyr at night. The high temperature yesterday was 70 degrees, according to the local weather observer, O. C. Koch, with 38 at night. There was a fair sprinkle of precipitation last night.

KOLB IS GROWER OF GREAT CORN

Quarter Acre Patch Yields Maize at Rate of 116 Bushels to Acre

White field corn running over 116 bushels in the acre was grown on a Twin Falls district farm during the past season.

The corn, Silver Mine variety, was grown by August Kolb, whose place is down where he raised his corn. The patch planted measures four rods wide by ten rods long, or approximately one fourth acre. The crop, according to weights made on 20 bushels measurements of the land were made and sworn to by Emmet Hayes, who assisted in picking the corn crop.

Mr. Kolb came to this district from down where he raised his corn. His product won first prize at the 1919 county fair and was also a winner at the state fair.

Samples of stalks, with their ears, are on exhibition at the Koll place, and there are other samples at the farm bureau. One bunch of stalks stands 12 feet high.

Mr. Kolb has received numerous requests for seed corn by farmers who want to grow corn for silage. The grower estimates fodder will yield 20 tons to the acre.

COUNCIL NOT HANKERING FOR CLOSING OF STREET

School Board's Plan for Playground in Roadway Not Meeting Favor

School district No. 1 may get final and full possession of that portion of Seventh street east running between Second and Third avenues.

And that portion, it may not. Quite likely will not. The disposition of the city council toward the school district's proposal to take a piece of Seventh street for playground uses, allowing a single track alley for traffic purposes, is finding less and less favor with the members of the municipal governing body as time proceeds. The proposal is given deeper consideration.

Mayor W. H. Eldridge is little inclined to the theory that the closing of the street for playground purposes would be of greater public benefit than would a man's sized thoroughfare, where vehicles could pass and repass, turn and jockey to their heart's content.

Anyway, the school district will get no deed or title to the street until the question has been fully discussed in all of its angles and details and some definite conclusion arrived at. The controversy, now agitating the school board and the municipal selectmen, results from the sale by the school board of a block of land on the east side of the street, and which was formally dedicated, at one time, to school uses and needs. Which the board had the block question for school ground use the street between that property and the Bickel school block was closed.

Mayor Eldridge has asked the councilmen to take an hour or so today and have a look at the situation by visiting the site.

RAILROAD ADMINISTRATION RELEASES COAL FROM UTAH

SALT LAKE CITY, UTAH, (AP)—Word that orders to release all coal from Utah mines now held in this state by the railroad administration have been issued as received here at noon today by A. D. Pierson, sales manager of the Utah coal company from F. E. Clarity, assistant regional fuel director with office in Chicago.

This order means, Pierson stated, that Utah coal dealers will be able to get coal the same as before the embargo was installed and that all shipments will be treated as hitherto. Troops from Camp Kearney, Cal., have arrived at Helper. The whole coal area was reported quiet today with work continuing on all mines.

Who Arrived First O. S. L. Or the City?

ONE of the mighty questions now confronting the legal department of the municipal administration, and one that must be answered immediately, reads: "Was the railroad there before Shoshone street?" Stated in that succinct fashion the question seems almost of biting power, but, regardless of the apparent cloak, the question is so bounding in brilliant possibilities that it had been given to the city attorney, J. E. Davies to solve.

The O. S. L. legal department recently rendered a bill against the city for the installation of a boxed water course under the railroad tracks on Shoshone street, and, accompanying the bill was a regularly drafted form of contract binding the city to certain agreements relating to the maintenance of the waterway under the tracks for a period of years which when it expires will make the present youngest citizen of Twin Falls the oldest.

The business of City Attorney Davies is to fetch forth such historical data as will forever and finally determine the city's status on the railroad's property. If the railroad held right and title to the crossing before the city came along in its swaddling state then the city has no rights on the crossing. If, on the other hand, the city squatted first then the railroad can go and be dashed.

HEAR FACTORY TALKS

About sixty residents of the Murtaugh district gathered at Murtaugh last night to listen to talks on the cooperative beet sugar factory question. The meeting was conducted by Oswald Wilson, president of the Idaho Cooperative Beet Sugar company, with other officers of the company present. Consideration was given a proposal for the erection of a sugar beet dehydrating plant at Murtaugh.

RUSSELL IS SELECTED FIRST WARD ALDERMAN

Local Banker Confirmed to Succeed E. J. Ostrander, Resigned

At an adjourned meeting of the city council, held last night J. S. Russell was named alderman from the First ward, succeeding E. J. Ostrander, resigned. Mr. Russell's name was proposed early in last evening's proceedings and the selection was confirmed. He was inducted into office after subscribing to the usual forms and ceremonies.

Council will reconvene at 8 o'clock tomorrow night for a consideration of plans for the adoption of a new improvement assessment policy and to set a date for hearing objections to the proposed new plan.

BUILDING PERMITS

The following building permits have been issued in the past 24 hours by the city clerk: To C. E. Rowcliffe, for erection of dwelling to cost \$3500; to J. S. Kimes, for erection of a dwelling to cost \$4500; to the same for erection of a building to cost \$7000; to F. M. Vics, for erection of dwelling to cost \$8000.

Price of Pipe Gets Flighty; Top Is Reached

WHEN the city of Twin Falls last needed wire-wound wood water pipe the price per 100 feet was \$34 for the four-inch size.

That was a couple of months ago, though. Now the same material is quoted at \$43.80, take it or leave it.

Cast-iron water pipe is still higher in proportionate price, so much higher that its purchase for public service is deemed, by the board of municipal managers, prohibitive and impossible.

The city of Twin Falls will require immediately 10,000 feet of water pipe to replace old pipe in the next year or so. Immediate needs require the purchase of at least one carload, and this must be bought at top figures.

AGENT BOHRER QUILTS; SUCCESSOR ARRIVES

Floyd Coleman Has Been Selected as Head of Farm Bureau

With the arrival in Twin Falls yesterday of Floyd Coleman announcement was officially made of the resignation of C. H. Bohrer, as Twin Falls county farm agent. Mr. Bohrer's resignation a fortnight ago and Mr. Coleman has been chosen to succeed him. Mr. Bohrer expects to engage in the lumber business in Pocatello. The new county agent is a graduate of the Oregon Agricultural college, and though a young man comes highly recommended as a leader. He is today with Mr. Bohrer and is already Mr. Ludwig arranging organization meetings for community clubs in Springs and Poplar Grove.

Last night the farm bureau organized a community club at Mountain View, with Mr. Cortes permanent chairman. The club has adopted a program of projects including dress form, hot lunches in schools, farm bureau junior work, and a light supper for the adults this evening. Sixty-five persons attended last night's meeting.

Tomorrow afternoon a meeting of farm bureau officials with farmers of the Berger district, will be held at the home of Mrs. M. Pierson for the purpose of planning community organization. H. H. Musser, assistant state leader of the county agents, is here for an individual meeting and will assist in completing these organizations.

MEXICAN REFUSAL TO REFUND RANSOM REPORTED

WASHINGTON, (AP)—The Mexican government, according to Mexico's leading newspapers, has refused to refund to William O. Jenkins, American consular agent at Puebla, the \$150,000 ransom money which Jenkins' attorney was forced to pay Mexican bandits in order to procure his release after he had been kidnapped last month.

DEMOCRAT WINS CLOSE ELECTION IN MARYLAND

BALTIMORE, MD., (AP)—Albert C. Ritchie, democrat, was elected governor over Harry W. Nice, republican, by a plurality of approximately 900 votes, at yesterday's Maryland election, according to unofficial returns and estimates received up to 1 o'clock this afternoon. It was the closest election ever held in Maryland.
