

Saturday; Opening Day of the Clearance Sales at Hart's

WE ARE HERE TO STAY

We have come to Twin Falls with the intention of remaining here. It is not our purpose to merely close out these stocks and move away. It is our hope to win the respect and confidence of the people by our good service, fair dealing and modern merchandising and to build a business that will be spoken of as are our other stores, as "a good place to trade."

Our present quarters are rather small for the plans we have in mind, but we hope to enlarge and improve this condition as time passes.

"Zouave" From Algeria. "Zouave" is the French name taken from that of a tribe in Algeria and this kind of light infantry was first employed in that country in 1831, the members being Algerians and dressed in semi-Moorish uniforms. Other countries, including the United States, have adopted the Zouave system since. In the Civil war, and the Italian assault upon Rome in 1870, they were conspicuous. In the latter case defending the papal supremacy.

"JOHN FERGUSON" BROKE RECORDS

Great Comedy Play so Popular on Coast Holder Performances Given

John Ferguson, billed to appear at the Lavington theatre Friday and Saturday of this week, after showing a full work in Seattle, after showing for additional performances. On the coast comedy played the biggest success of recent history of drama in America and attendance in Seattle during the run broke all records. The company, the production and the play form a trilogy of perfection, according to the Seattle Post-Intelligencer. Seattle was unwilling at first to believe that such a superb organization had been sent to interpret the drama, but from the first performance the word went forth—a masterpiece in the drama done by a company of superlatively fine players. The report was confirmed and the attendance at the Metropolitan has broken all records for dramatic entertainment.

Following tonight's performance, the company leaves at once for Portland and the public is warned that such plays in any city—even in New York, where the play first created its American reputation.

Deaths

At the home of his son, a short distance west of Twin Falls, Jacob Shottwell, brother of the Twin Falls street, died at 3 o'clock this morning. Death was due, primarily, to cancer of the stomach.

Funeral services for the pioneer are being held at the W. M. Shottwell home this afternoon with the Rev. Asher H. Brand in charge. Burial will be in Twin Falls cemetery, supervised by J. E. DeWitt.

Jacob Shottwell came to this section during the early period of settlement here, engaging in farming pursuits. He was well known for his interest in the development of the farming district surrounding the city. Death brought in a close illness of considerable length.

TWIN FALLS SLACKING ITS RED CROSS WORK

Chairman Beatrice Ostrander Tells of Failure of Workers to Come Forward

"People in Twin Falls city and county appear to have lost their enthusiasm for patriotic work and patriotic objects. We cannot get them out to work."

The statement was made by Miss Beatrice Ostrander, chairman of the campaign for Red Cross memberships, being conducted in this county this week. Miss Ostrander explains that only a moderate percentage of persons called upon to work in the interests of the Red Cross enrollment have responded.

"It is a fact that many of these assert that there is no further need for working along this line, and they have absolutely declined to give assistance."

Discussion of conditions prevailing in town and county with respect to the lack of enthusiasm over the work of the Red Cross appears to prove that the impulse to help the great mercy organization died with the signing of the armistice.

"These people should know that the American Red Cross, as an institution, was in existence long before the war, and must be maintained permanently, if only as a home service organization. Its purposes are extensive and its program must be carried out every day in the year. This is the time for all persons to rally to its support," Miss Ostrander declares.

Saturday, according to an announcement at Red Cross membership headquarters, will be "Button Day". On that day every person must wear insignia proving membership to the Red Cross through the third enrollment drive. On Saturday extra forces, it is expected, will be out working for the national treasury mill.

Filer and Kimberly are ahead of last year in enrollments.

They've waited in the hope that the price would be lowered. Today's advance may bring you the good tidings.

PLAN ORGANIZATION OF COMMUNITY CLUB

Poplar Grove People Consider Betterment Program—Call Meeting

H. S. Welby, of the Poplar Grove district, was last night selected chairman of a meeting of community people for a discussion of farm bureau organization.

The meeting was held in the Poplar Grove school house, and was preliminary to the organization of a farm bureau community club. Members of the county farm bureau organization were present, with E. D. Munsier, state club leader, and Lloyd Coleman, who has been selected to succeed J. H. Bohrer as local bureau agent. Mr. Bohrer has resigned to engage in business at Portola.

At last night's session considerable time was devoted to a discussion of projects to be taken up when the community bureau is finally organized. It was voted to place on the program such subjects as farm clubs for boys, advancement of more sheep on farms, poultry improvement, dress farms and dress making. A general organization meeting will be held on November 15.

A committee has been appointed here to look after the refreshment and entertainment program.

A community meeting will be held at the Springs school house tonight for the purpose of planning club organization.

ADMIRAL KATO VISITS ALLIES FOR NIPPONESE

Heads Official Mission to Convey Friendly Greetings of Japan and Congratulate on Winning of War

LONDON, (AP)—Vice Admiral Kato, Japanese minister of navy, has arrived here at the head of an official mission said to be visiting all of the principal allied countries, to convey the friendly greetings of Japan and congratulations on the winning of the war. The Japanese admiral has been received by the first lord of the admiralty to whom he delivered the message from his country.

The mission will go to the continent to visit France, Belgium and Italy. It will return home by way of America. In a statement published under his name, Admiral Kato says:

Favors Disarmament
"My mission is to give to all of the allies the friendly greetings of Japan and congratulations on the winning of the war. But we are hoping to see something of what is being done by each country in the way of reconstruction after the war. The great problem for all of the nations now is to economize, and in Japan we would like to see a general agreement for disarmament."

"In my country there are no plans yet for a reduction of the navy or army. We are waiting to see what is done in that way by the other great powers. That seems to me to be the position of all of the nations. They are willing to disarm, but are waiting for a general agreement for that purpose."

"The Japanese people are fervently hoping for the success of the league of nations, in which they see the prospect of the establishment of a permanent peace. All the nations have had enough of war, and the world must now give all the energies to securing lasting peace."

Regrets Allied Retirement
"This being so, I rather regret that the allies are retiring from the front for the complete pacification of the country has been obtained. While Russia is in such a disturbed state there is always the probability of another great war breaking out. I should have been glad to see the allies energetically take in hand the establishment of a sound, permanent government for that country."

"However, Japan will loyally assist her friends in keeping the peace of the world, and will especially give her aid in this direction to her ally, Great Britain."
"We have nearly settled our differences with China, and things in the Far East are settling down rapidly."

COMB SAGE TEA TINT GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, made by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Wool's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wool's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one by small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

GERMAN HOUSE PROBLEM INFLUENCES MARRIAGES

Dwelling Bureau Advises Lovelorn to Postpone Matrimony or Live Temporarily with Parents

BERLIN, (AP)—Berlin's dwelling bureau has notified newly married persons that there are no houses or apartments available for them and has advised them to live with their parents or other relatives until the present dearth of dwellings has been overcome. The bureau also has advised lovelorn couples to postpone marriage until conditions improve.

POLO CLAIMED KINGS' SPORT

Followers of Pony Game Make Fresh Start for Popularity of Contests

SAN FRANCISCO, (AP)—Polo, avowed by its followers to be the king of sports—virtually non-existent during the war, will experience a revival during the coming winter and spring which promises to place it again among the leading outdoor pastimes in California. Many of the west's prominent players served in the army and the return of these men will serve to stimulate interest in the game.

Coronado and Del Monte, in former years, will be the center for polo enthusiasts. Already stables of polo ponies are arriving to be prepared for the various tournaments which will mark the season.

Three tournaments, two at Del Monte and one at Coronado, it is believed will draw the cream of teams from the United States and Canada. The principal events of the season will be the Invitational Tournament at Del Monte, February 1 to 10; the annual spring tournament at Del Monte, March 28 to April 15; and the current annual polo tournament at Coronado, March 1 to April 1.

For the first time since the season of 1917, the Pacific Coast All-American Polo trophy will be competed for during the coming mid-winter tournament at Coronado. This trophy was won in 1917 by the Mendocino four composed of G. M. Keebler, C. P. Bealton, Malcolm Stevenson, (captain) and Carlton Burke. The Mendocino four won the trophy by defeating the Miami Valley team, captained by Max Fleisemann.

The season will officially open at Coronado on January 1 with the International Match. Weekly cup matches will follow ever Saturday and Sunday. During the tournament from March 1 to April 1 in addition to the All-American Trophy players will compete for the California Challenge, Pacific Coast Junior Championship and Joseph Jessop Challenge trophies.

At Del Monte during the coming season, there will be regulation fields in addition to a practice area. The fields are said to rank among the best in the country and plans are being made to enter for a large number of players.

TITLE FOR OON

TULSA, (AP)—Harry Wills of New Orleans won the negro heavyweight championship last night when he was given the decision over Sam Langford of Boston in a 16-round bout by Referee Ed Cochran of Kansas City. Langford won the title belt here recently by defeating Jack Tompson of St. Joseph, Mo. Wills led the fighting all the way.

Brief Bits of Sport

Sam Smiley, age 80, says: "The 'wages of sin is death, so the Bible says, an' sooner or later every feller will have to step up to the paster's office and collect his pay."

In the death of Evan Lewis at Baraboo, Wis., the world has lost one of its most important sport figures. Lewis was the inventor of the "strangle" hold in wrestling, and used it with such a degree of success that he became the terror of the mat in the early 90's. His favorite hold, the crook of the arm around his victim's throat, was finally barred, and after that the Strangler lost his prowess.

Billy Evans, big league umpire, says the reason the Reds won the world's championship was because the White Sox played 36 per cent below their actual standard.

Of course Billy would not for the world intimate that the Sox did not want to win.

And, do you know, Pat Moran at one time during the early section of the baseball season offered to dispose of both Reuther and Eller, in fact Reuther came near going to Salt Lake. Both pitchers then began to show something and Pat decided to hang on a while longer.

When Johnny Kilbane fought Frankie Davis recently at Jersey City 40,000 persons witnessed the tilt. This, it is said, constitutes a record attendance for this country.

There sure is a revival of the boxing game in this country. Many of the big cities of central and eastern states are coming back for the game, many states having adopted the commission form of fistie operation.

OFFERS \$75000 PURSE FOR BIG TITLE BOOT

New Orleans Promoter Wants to Bring Dempsey and Brennan Together

NEW ORLEANS, LA., (AP)—Offers of \$75,000 to be posted in the form of a certified check as Jack Dempsey's bid for a match here to defend his title against Knockout Bill Brennan of New York, was announced last night by Johnnie Abrams, promoter, following the receipt of advices that Dempsey had signed an agreement to meet Joe Beckett, the English boxer, here March 17.

The conditions here are that Brennan win his match with Tom McMahon of Newcastle, Pa., which is scheduled in New Orleans December 1 and that Dempsey agree to meet Brennan during racing season here.

YANKS AWARDED BASEBALL MONEY

National Commission Finds Against Detroit in Series Cash Squabble

NEW YORK, (AP)—The national baseball commission will be requested to pay the American league third team share of the world series money to the New York Americans. This decision was reached at a meeting of a majority of the board of directors of the American league held here today.

The meeting also disapproved the protest of the Detroit club in case of pitcher Carl Mays in the following resolution: "Be it resolved that the protest of the Detroit club be disallowed, that all games played by the New York Yankees in which player Carl W. Mays participated are valid and entitled to be included in the tabulation of games won and lost."

"And be it further resolved that the standing of the clubs in the American league of professional baseball clubs for the championship of the baseball season of 1919 is as follows: "Chicago, Cleveland, New York, Detroit, St. Louis, Boston, Washington, Philadelphia."

BRITAIN EXPECTS VISITORS

Prepares for Big Invasion of American Guests with Coming of Spring

LONDON, (AP)—England is looking for a big invasion of American visitors next spring. It is stated that not less than 300,000 passages have already been booked to England. The steamship companies are making every effort to be ready for the anticipated rush, and by the end of May some-thing like 100 liners may be engaged in bringing Americans across.

One American who controls several big hotels in New York City, is here, looking over London and the larger provincial cities for suitable sites upon which to build hotels on American lines.

GREENS FIGURE IN RUSS STATUS

Deserters from Bolshevick Armies Constitute Important Factor

LONDON, (AP)—The "greens" of Russia, often incorrectly referred to as the "green army," constitute a force that must be seriously reckoned with in the opinion of Russian experts at the British foreign office. Their opinion is based upon a report of one of their secret agents who for months has been in a position to closely study conditions in Bolshevick Russia.

It is estimated that in the spring of 1919 fifty per cent of the Bolshevick deserters. Augmented by other makestrait agents who for months have been in guerrilla bands, living off the country and obtaining ammunition from raids on Bolshevick stores. Reports to the foreign office show that the peasants are so hostile to the Bolsheviki that they assist the "greens" in every way they can.

MAYOR URGES FOR HOLIDAY

City's Chief Executive Recommends Observance of Armistice Day

Urging the people of this city to observe next Tuesday, Armistice Day, as a holiday, commencing with the cessation of hostilities in the world war, Mayor W. H. Eldridge has issued the following proclamation: A year ago this time the nation was in the throes of a world war. Victory, we all felt, was about to perch upon the standards of our army and navy. Millions of our boys were across the waters in foreign lands and upon the billows of the deep contending with the minions of ancient foes...

On the 11th day of November, 1918, and on the eleventh hour of said day, victory crowned the efforts of our people and the principle of democracy prevail. Our sons who entered the service of the government in that great cause have returned to private life and have entered the civil walks of the nation. The first anniversary of the 11th day of November, 1918, is now upon us. As the chief executive officer of Twin Falls, I have thought, "Just we forget," that it would be eminently fitting for the people and citizens of our city to observe this day as a holiday.

Therefore, I recommend, that you, the people and citizens of Twin Falls, Idaho, laying aside your secular business, do observe, in a fitting and becoming manner, the 11th day of November, 1919, as the first anniversary of the victory for right, obtained in the greatest conflict between right and wrong of all historic times...

TWIN FALLS WAS INCORPORATED BEFORE THE ARRIVAL OF RAILROAD

City Beat Shortline's Rails Five Months, According to Newspaper Records, which Tend to Clear Up Controversy Relating to Municipality's Rights to Street Crossings on Railroad Ground

That the city of Twin Falls was not ahead of the O. S. L. railroad is a fact that cannot be disputed. It is confirmed in the files of the Twin Falls News, which records the formation of a municipal government and the incorporation of the city of Twin Falls on Thursday, April 13, 1905.

On Monday, August 7, 1905 Twin Falls and this entire district celebrated the arrival of the railroad. Rails reached here late in July. Thus, according to the records Twin Falls city was established five months before the coming of the Oregon Short line railroad.

Under two column caption the Twin Falls News, a weekly issue in those days, telling of the ambitions of the city for the future, and of the selection of a town council, gives the following list of city officials, the first board of municipal administrators: Trustees—Paul S. A. Rickel, S. P. Hamilton, F. D. Bradley, R. M. McCullom, F. W. Eickhoff.

President of the board, and first mayor of Twin Falls—Paul S. A. Rickel. City Clerk—L. R. Darrop. City Treasurer—J. M. Mackay. City Marshal—Albert Snodgrass. Deputy Sheriff—Fred A. Hanson. Judges of the Peace—M. T. Ricoris, C. B. Taylor.

At the first meeting of this board special attention was paid to civic improvement plans and the drafting of municipal laws.

Apparently there was a dire need for a jail in those days, for the first, or about the first act of the council was to devote upon the erection of suitable detention house for malefactors of all sorts. The question of sanitation, too, was given close attention at this initiatory session.

While the incorporating of the city itself was a feature of premier importance, the coming of the railroad was made the all absorbing and by far the most imposing event in the history of the district. On Monday, August 7, 1905 the entire "contiguous, tributary and adjoining" country laid off and celebrated the arrival of the choo-choo. It was a big occasion in which 2000 people participated, and was topped off with a barbecue and much beer. There was a sports program, and a products exhibit. Major Fred R. Reed led the speaking and of the program, opening with a call for three cheers for Theodore Roosevelt, which, the paper says, were rousingly cheered.

Although the celebration was not held until August 7, the railroad actually reached Twin Falls on July 28. J. T. Hamilton was chairman in charge of the commemoration program. The foregoing facts tend materially to dispel the cloud against the city's right to the street crossings on the railroad company's property, a nebulous condition brought about through the railroad's insistence upon the com-

PLAN FOR FESTIVAL ON ARMISTICE DAY

Public Offices Will Close Next Tuesday—Celebration Program Devised

That Twin Falls City will make next Tuesday a general holiday is amply foretold in the constantly increasing agreements for the closing of business houses, offices, municipal, county and federal headquarters. Yesterday evening the county commissioners decided to close the courthouse to business, and the same closed condition will apply at the municipal administrative department.

Arrangements have been made for the closing of the city schools, and a similar holiday program will be effective in the county schools. Plans for Armistice Day commemoration, directed by Twin Falls post, American Legion, are finished as far as they can be finished at this time. The program for Tuesday's events is elaborate in detail, and promises to vie in celebration importance with the nation's annual festival, July 4. Speakers of ability will be brought here to address assemblages on questions of war and peace. The program will open during the early morning and will continue as a festival arrangement throughout the day.

SNOW FALLS HEAVILY IN WYOMING HEIGHTS

Promise of Plenty of Water is Found in Steady Precipitation

Reports from the Upper Snake river water shed in Wyoming are that on November 1 at Moran, the outlet of Jackson Lake dam, there was 1 foot of snow on the ground. At the south entrance to Yellowstone Park there was 2 feet of snow; at Cascade road house, midway between Ashton and Jackson Lake there was 3 1/2 feet of snow, while at Lewis river in the Yellowstone Park at the time the report was made, it was still snowing.

Birdie Gathers Feathers—What Was Her Object?

THIS weather report is patently poetic, or poetical, or pathetic, just as you wish. When Old Sol's radiant orb was at the height of brilliant glow in the upper reach of its apertical climb a twittering sparrow fluttered away from foraging company, plucked up a couple of vagrant feathers from a waste of earth and hastened to a sequestered nook beneath an eave.

In his pristine embarrassment glow she shed a radiant warmth that minimized the need of wraps for pedestrian people. It looked like spring, and felt like summer.

What did the sparrow think or know? Was it fooled by the weather into believing spring had returned and was nesting, or was she merely putting extra covers on her bed? Yesterday's high temperature—and it is November, too—was 54 in the shade.

GOVERNOR SENDS OUT ANNUAL PROCLAMATION

Thursday, November 27, Officially Named Thanksgiving Day in State

Calling attention to the approaching Thanksgiving season, and urgently imploring the cultivation of a spirit of gratitude, Governor D. W. Davis has issued his annual Thanksgiving proclamation naming Thursday, November 27, for that observance. Following is the text of the order:

"Once more we approach the season of the year when it is customary for the American people to follow the example of their forefathers in setting aside one day on which to offer public thanksgiving to Almighty God for His manifold blessings and to ask the continuance of His Divine guidance in the handling of tasks and problems of human affairs.

"The cultivation of a spirit of genuine gratitude gives the strongest assurance that we shall make the highest use of the blessings which have come to us, and faithfully meet the sacred duties which they impose.

"I recommend that the people of the state, giving up their ordinary occupations for that day, do assemble in their several places of worship and in their homes and render thanks to God for the great blessings which have been vouchsafed us."

LOCAL TALENT SCORES CREDIT

Benefit Dramatic Performance is Appreciated by Large Audience

One of the most interesting of recent local talent dramatic performances was staged here last evening in the production of a four-act play, "The Young Mrs. Winthrop," personally directed by Mrs. Wilfred McKay-Olsen under the auspices of the Women's League of St. Edward's Catholic church for the benefit of the church building fund.

A audience which practically filled the Lavington theatre, witnessed the performance. Many of the members of the cast had appeared previously in similar affairs here. The audience seemed to appreciate particularly the performances of little Miss Frances Murray as little Rosie Winthrop, and of Mrs. Rosalyn Putnam Elliott as Mrs. Richard Chetwyn, a social butterfly.

In the title role, Miss Thelma Banks proved equal to difficult requirements especially in the part of William Rogers appeared in the part of the principal man character. Herbert Lauerbaugh, as Buxton Scott, the family lawyer, appeared to advantage.

Miss Anna Beckwith Edith, a blind girl and sister of Mrs. Douglas Winthrop, and Arthur Beckwith, as Herbert, nephew of Douglas Winthrop, contributed effectively to the appeal of the performance. The audience also seemed to delight in the appearance of Mrs. M. C. Furman as Mrs. Ruth Winthrop, mother of Douglas Winthrop, a characterization which she portrayed naturally and effectively.

In the portrayal of the minor role of Joan, a faithful servant, Miss Bernice Mead left nothing to be desired. Pleasing features of the entertainment were vocal solos given between acts by Miss Irene Carlson and instrumental numbers by Raleigh Drake, cellist.

Orchestral music was furnished by the high school orchestra under direction of J. T. Holbridge.

SURPRISE PARTY

The Pythian Sisters met at the home of Mrs. James Woodley Wednesday afternoon, surprising her with a kitchen shower. A most enjoyable afternoon was closed by a dainty luncheon served at five o'clock. There were thirteen members present and two guests, Mrs. Laura Peterson of Twin Falls, and Mrs. A. R. Eldred of Jerome.

Government is Behind Bridge Building Delay

THE United States federal government is delaying the construction of the Rock Creek bridge on Shoshone street. Back there in Washington where the affairs of state are more or less administered, they may not know this, but it is a fact, nevertheless.

At least this is what Charles H. Mull, contractor, alleges. In fact he makes the charge openly and outright, declaring that the federal railroad administration knowingly and wittingly is responsible for the delay.

"They have fixed an embargo on the use of bit and coal cars on this branch for any purpose other than hauling sugar beets to the factory. I can get neither gravel nor cement for my work on the bridge," Mr. Mull declares. "There's a sort of ludicrously inconsistent situation at the site of bridge building operations at the present time. Material for the floor of the bridge is here now, but material for the foundation, may not come until spring."

It is in accordance with a report made by Contractor Mull to the members of the city aldermanic body during the present week, in explanation of the delay in construction operations.

SADDLE STILL CLINGS TO HORSE'S SKELETON

Near Spot where Man's Bones Were Found More Discoveries Made

A saddle and the mummified remains of a horse may prove the means to identification of the bones of a man found in a hillside in the Shoshone basin near the Nevada border some weeks ago. The body of the horse was disclosed yesterday near the spot where the man's skeleton was uncovered.

According to information reaching the office of the county sheriff today a coterie of persons investigating the spot where W. L. Johnson, district highway engineer, and his party, discovered the remains of a man, recently found the skeleton of a gray horse, covered with the dried skin and on which was still bound a riding saddle. The saddle is of California make, and the brand on the hide of the horse is still discernible. Through these few facts identity of the man may be finally established and this may lead to the cause of death. It is believed that both man and beast were killed at the same time.

Mr. Johnson and his party discovered the skeleton of the man when they removed some rocks from a mound, the bones being under the stones. Traces of blood were found about the place, leading to the belief that the man wore a soldier uniform at the time of death.
