PRICE FIVE CENTS

OHIO VOTE ON DRY AMENDMENT IS UNCERTAIN

Additional Returns from Election, with Ten Counties Missing, Give Wets Lead Against Ratification

PROHIBITION FORCES WIN ON TWO PROPOSITIONS

Defeat of Crabbe State Dry Enforcement Measure Conceded by Its Friends as Victory for Opponents

COLUMBUS, OHIO, (AP)—Fate of the federal prohibition amendment was made more uncertain today as additional returns from Tuesday's election were received at the office of the secretary of state.

On the three remaining proposals the wets' majority has again been successful on two and the wets' on the other. The "dry" victories, which are conceded by "wet" leaders as on the 27 1/2 per cent per proposal and the proposition to open state wide prohibition.

PEACE COUNCIL STANDS PAT ON TREATY TERMS

Points Out that Bulgaria Cannot Escape Responsibility and Terms Cannot Be Altered Materially

PARIS, (AP)—In the covering letter of the allied reply to the Bulgarian delegation's representations regarding the peace conference to Bulgaria it is pointed out that the Bulgarian people cannot be freed from responsibility and that therefore the decisions of the peace conference, which have been made upon mature reflection cannot be materially changed.

Vengeance Not Basis The conditions of peace as they were handed to the Bulgarian delegation, the letter sets forth, were not inspired by any idea of vengeance and the allies do not intend to make Bulgaria pay for all that has happened. They wish only, it is declared, to establish a peace just, lasting and fertile, and they remind Bulgaria in this connection that their guarantee her an outlet to the Aegean sea.

The letter informs the Bulgarians that if some of their questions are not answered this must not be taken as an answer on the part of the allies. It is added that the modifications made by the reply are binding in the treaty, the text of the original document remaining unchanged in other respects, and that the text as it now stands must either be accepted or rejected. Bulgaria is given ten days for reply.

PARIS, (AP)—The Austrian delegation has handed to the peace conference the ratification document of the treaty of St. Germain.

HELSINGFORS, (AP)—Finland does not intend to discuss peace with the Bolsheviks and will not be officially represented at the Dorpat conference, the Associated Press is informed.

MADRID, (AP)—Operations by land and sea for the subjugation of the rebels on the coast of Alhucemas, Spanish Morocco, are being planned by the government. The captain-general of Morocco arrived in Madrid yesterday to confer with officials over the contemplated attack.

VIENNA, (AP)—Special dispatches received by Vienna newspapers state that five additional yearly classes of soldiers in Jugo-Slavia have been called to the colors on the pretext of military training. A military dictatorship virtually has been established in the country and many arrests have been made. An ultimatum to Italy is expected.

German Socialist Dies from Wounds

BERLIN, (AP)—Hugo Inaoss, president of the independent socialist party, died this morning from wounds received October 8 when he was shot three times when entering the reichstag building.

His assistant, an Austrian named Johann Voss, fired three shots, wounding him in the thigh, forearm and abdomen. Repeated operations were performed, culminating in the amputation October 27 of his right leg, the bone of which had been smashed by the bullet. Voss, whom he was prosecuting on a charge of extortion, was said to have acted upon personal motives, although there was a natural tendency to seek a political background for the deed, since Inaoss was about to deliver a sensational speech, charging the government with covering the retention of German troops in the Baltic and with fostering attacks upon railroads, by "murder" means.

Disbursements for Government Lowered

WASHINGTON, (AP)—Disbursements \$766,349,325 by the government in October were the lowest in any month since June, 1917, Secretary of the Treasury today announced. The net current deficit for the month was \$319,230,450, the lowest for any month since April, 1917, excluding months in which income and profit taxes were payable.

Boy is Chosen for King of Hungarians

BUDAPEST, (AP)—The monarchist party has issued a statement saying that while it is desirous of re-establishing a kingdom, it does not favor the restoration of the throne to any member of the Hapsburg family. This statement was provoked by reports that several of the old Archdukes of Austria would be placed on the throne under a regency.

BERLIN, (AP)—A wireless message received here from Vienna reports that Archduke Otto is about to be proclaimed king of Hungary.

SETS DATE FOR O. A. R. NATIONAL ENGAGEMENT ATLANTA, (AP)—The 1920 national encampment of the Grand Army of the Republic will be held in Atlantic City from September 22 to October 2. The convention will be held at the Commodore Hotel, Thursday by Commander in Chief Daniel M. Hall of Columbus, Ohio.

NORTH DAKOTA STRIKE MEET WITHOUT RESULT

Governor Declares He Will Take Charge and Operate Mines Under State Supervision

BISMARCK, N. D., (AP)—Two thousand miners of North Dakota will be on strike by midnight tonight, it was predicted this afternoon by railway commissioner Frank Millhollan, who declared the "strike order has gone out." Millhollan, who is also vice president of the United States Federation of Labor, said he expected all organized miners in the state to obey the order to walk out.

The conference of operators, miners officials and representatives of the state government adjourned early today without an agreement between the operators and miners over the latter's demand for a 10 per cent increase in wages. A strike call is expected to be sent to the two thousand union lignite miners of the state during the day.

The wage demands submitted by President Henry Drennon of this district of the United Mine Workers of America are said to have provided that the wage increase go to the strike funds of the union locals and not to the miners themselves. Governor Prairie before the final conference began yesterday afternoon said that in the event of a disagreement he would take charge of the mines and operate them under state supervision, with officials of the former fuel administration in charge.

RESERVATIONS WIN IN INITIAL STRENGTH TEST

Senate Refuses by Vote of 48 to 40 to Strike Out Provision Requiring Acceptance by Other Powers

HITCHCOCK EFFORT FOR COMPROMISE IS FAILURE

"Mild Reservationists" Inform Administration Leader Committee Program Requisite to Ratification

RESERVATIONS WIN IN INITIAL STRENGTH TEST

Senate Refuses by Vote of 48 to 40 to Strike Out Provision Requiring Acceptance by Other Powers

HITCHCOCK EFFORT FOR COMPROMISE IS FAILURE

"Mild Reservationists" Inform Administration Leader Committee Program Requisite to Ratification

WASHINGTON, (AP)—In the first test of alignment, the senators rejected the peace treaty proposed by the foreign relations committee, the senate refused today by a vote of 48 to 40 to strike out the provision which would require acceptance of the reservations by the other powers.

Senator McCumber, North Dakota was the only republican who voted to strike out. Three democrats, Reed, Missouri, Walsh, Massachusetts, and Gore, Oklahoma, voted with the republican majority.

Amendments Downed By the same vote and with the same partisan alignment, the senate rejected another amendment offered by Senator McCumber, to the preamble proposing that acceptance of reservations "might be" effected by exchange of diplomatic notes. The committee preamble requires such an exchange of notes.

The senate also rejected a proposal by Senator Borah, republican, Idaho, to require that all four instead of three of the great powers be required to accept the reservations. On this vote the anti-reservation group of republicans swung over with the democrats.

Hitchcock Meets Rebuff Senator Hitchcock after conferred with the members of the "mild reservationists." Some of these informed the administration leader that they would not join him in a compromise on the committee reservations. They said they had aided in rejection of all amendments and many drastic reservations, and that the committee reserves the right to accept or reject the treaty without being ratification.

WASHINGTON, (AP)—President Wilson today told Senator Hitchcock of Nebraska, administration leader in the senate treaty fight, that he would be entirely satisfied with any reservations supporters of the treaty might feel justified in accepting provided they did not nullify the league of nations covenant and were designed for the purpose of interpreting the terms of the treaty.

The president, Senator Hitchcock said, expressed his "very strong approval" of what had been done to date and agreed that no compromise would be offered unless a deadlock was reached on a resolution of ratification.

Senator Hitchcock outlined his program as first an endeavor to defeat the reservations reported by the foreign relations committee, and if that failed, to vote down the resolution of ratification containing them. His next move would be to present a resolution of ratification and should a deadlock ensue, to attempt a compromise with republican opponents.

Wilson Codd Pigeon Hole Senator Hitchcock said if a resolution of ratification containing the conference and approved by the senate would settle the fight so far as the senate was concerned but that the president could "pigeon hole" it.

He declined to speculate as to the probable course of the president should the committee resolution prevail.

Hitchcock Outlines Plan The senator outlined the plan to be followed in consideration of the committee reservations and the president's general approval.

"It was laudatory of the success we have achieved so far," the senator said, "and expressed the hope that we would be able to work out some settlement of the strike on satisfactory terms and those who favor unqualified acceptance of the treaty, whereby we could meet on common grounds."

He declared that the president's present status of the treaty and gave it as his opinion that the republicans could secure adoption of the committee reservations with the senate ratification in the event, but as only a majority vote was required.

STRIKE STATUS LITTLE CHANGED

Restrictions in Use of Coal Give Country Indications of Distress

CHICAGO, (AP)—Curtailling of the passenger train service, discontinuance of bunkering of foreign owned vessels at American ports, and the threatened use of public utilities and appeals for coal from various cities as the strike of bituminous coal miners today rounded off a week, gave the nation further indication of the threatened distress. Other disarrangements of the country's routine were expected today, with little change in the general conditions surrounding the strike itself.

To the states already reported suffering from a coal shortage, Kansas, Nebraska, Alabama, and Iowa, today was added Oklahoma. Follow the first law of nature, which is self preservation, and take any coal you can get your hands on," was the reply of Governor Robertson of Oklahoma to one county's appeal for aid in the event of a coal shortage.

While it officially was announced by the director general of railroads that no general curtailment of train service would be necessary, the trains today had been actually in the central west. Regional directors had orders to eliminate service where absolutely necessary in the public interest.

PARTY MANAGERS DISPUTE OUTCOME IN WYOMING

BALTIMORE, Md., (AP)—With complete official returns of Tuesday's election from all of the counties of the state and five of the 28 wards in Baltimore, Albert C. Ritchie, democrat, for governor had pluralities of 59 over Harry W. Nice, republican, according to democratic tabulations of the official and unofficial vote, when the election returns resumed their canvass of the city returns today.

Republican statistics, however, allowed Ritchie a lead of only 159 and the party's campaign managers insist that the complete city returns will show that Nice is elected.

WILSON TELLS HITCHCOCK HE WOULD BE SATISFIED WITH SOME RESERVATIONS

President Expresses Strong Approval of Tactics Pursued by Administration Senators with Regard to Peace Treaty and Agrees that No Compromise Will Be Offered Unless Deadlock is Reached on Resolution of Ratification

BRANDS PROGRAM OF COMMITTEE AS "DESTRUCTIVE AND EMBARRASSING"

WASHINGTON, (AP)—President Wilson today told Senator Hitchcock of Nebraska, administration leader in the senate treaty fight, that he would be entirely satisfied with any reservations supporters of the treaty might feel justified in accepting provided they did not nullify the league of nations covenant and were designed for the purpose of interpreting the terms of the treaty.

The president, Senator Hitchcock said, expressed his "very strong approval" of what had been done to date and agreed that no compromise would be offered unless a deadlock was reached on a resolution of ratification.

Senator Hitchcock outlined his program as first an endeavor to defeat the reservations reported by the foreign relations committee, and if that failed, to vote down the resolution of ratification containing them. GOVERNMENT IS WAITING UPON MINERS' MOVE

Injunction Proceedings Will Be Withdrawn Instants Strike is Called Off, Attorney General Declares

CABINET MEMBERS TALK OVER INDUSTRIAL STATUS

Officials in Direct Touch with Situation Apparently Preparing for Prolonged Shut Down of Mines

WASHINGTON, (AP)—Renewed efforts to bring about an agreement with the government which million bituminous coal miners were made today by Samuel Gompers, president of the American Federation of Labor.

Mr. Gompers and other federation officials held two conferences with Attorney General Palmer and Secretary of the Interior Lanning in the week. It was intimated that sometime Mr. Gompers would consult with John L. Lewis, acting president of the miners' union, over the long distance telephone.

Neither the attorney general nor the labor chief would say what had happened. Mr. Gompers' manner indicated, however, that he regarded the outlook of settling the strike as hopeful. The general impression was that the government would agree tomorrow to a postponement of the injunction proceedings against the mine union officials for one week.

WASHINGTON, Nov. 7.—The strike of bituminous coal miners in particular and the industrial situation in general were discussed by President Wilson's cabinet today at a special meeting called by Secretary Lanning of the state department. Fuel Administrator Garfield and Director General Hines of the railroad administration were present.

When Mr. Palmer left the cabinet meeting, he reiterated that the injunction proceedings would be withdrawn the instant the officials of the miners' union called off the strike. Mr. Palmer hurried to his office, where he was to have another conference with Gompers, Well and Morrison.

Keep Proceedings Secret None of the members of the cabinet would say what happened at the meeting. When asked, Secretary Glass of the treasury, waved his hand and said "nothing" in an hour and a half wasted."

Secretary Wilson would not reply to questions as to whether he had approved the decision of the government to call off the strike. He is reported to have opposed such action in the first place.

Oppose Gompers Proposal Before the cabinet assembled administration spokesmen reiterated that the government would not agree to the proposal of Samuel Gompers, president of the American Federation of Labor, that the injunction suit against the United Mine Workers of America be withdrawn as a preliminary to negotiation of a new agreement between the miners and operators.

Secretary of the Interior Lanning went to the cabinet meeting, Samuel Gompers, president, Matthew Well, vice president, and Frank Morrison, secretary, of the American Federation of Labor, called on him and informed that the government had not altered its decision to press injunction proceedings unless the strike order was withdrawn.

Mr. Gompers expressed the opinion that a settlement of the strike could not be reached if the government carried out its present course against the strike. He also again called attention to what he said would be the effect of government by injunction upon organization labor generally.

Prepare for Long Struggle Officials in direct touch with the strike situation apparently were preparing for a prolonged shutdown of the coal mines. The cabinet's central committee would not divulge details of its work, members admitted that arrangements were being made for full employment of the coal fields. The situation was a "bitter end" fight.

In some quarters the belief prevailed that the striking of the coal union districts was losing its force. The opinion was expressed that the walkout in such areas was largely because of a lack of a gradual disposition of the mines from the union ranks was predicted.

CALLS FOR ALLIED WITHDRAWAL TO RESTORE RUSSIAN ECONOMIC LIFE

LONDON, (AP)—The "fight the fascist" council, attended by German, Austrian and English delegates, opened in London today better internal conditions in Germany, concluded its session Thursday.

Resolutions were adopted emphasizing the gravity of the situation in Europe; urging the supreme council, reparations commission and similar bodies to publish full information regarding food and fuel, and urging

cessation of all forcible intervention in Russia, so Russia will be able to restore her economic life and put her wealth resources at the disposal of the world.

Another resolution demanded amendment of the economic clauses of the peace treaty, which, the resolution says, are largely responsible for the present situation of production and credit.

ALBANIA URGES MANDATE UPON UNITED STATES

Continued Appeals Express Amazing Confidence in America; Petitions Ask Wilson to Intercede

TIRANA, Albania, (AP)—Continued appeals are being made by the Albanian people for the United States to assume a mandate for Albania. The Albanian has an amazing confidence in America. Scarcely a week goes by in which some local Albanian society or group of patriots does not present a petition addressed to the Americans appealing to President Wilson to intercede on behalf of their country.

When the Association Press correspondent was passing through a small town south of here on horseback, he was stopped by the mayor and local officials who presented to him several petitions seeking the protection of the United States because the Greeks were reported to have taken possession of the city of Koritza, in southern Albania.

Diplomatic Italian Protection
The Italian protection is in operation but most Albanians profess distinct dislike for the Italians, saying their desire is merely to exploit the country and to retain a strategic foothold in the Balkans. The country progressed more under the Austrians. American observers say the Italians have brought great material and moral aid to the country and have civilized things in an effective way.

The country is extremely primitive and there are continual internal disorders. Railroads or telegraphs do not exist, many of the most ordinary conveniences of life are wanting, sanitation is almost unknown, schools and churches are few in number, and although the country seems extremely backward. Except for the southern part which is fairly fertile, it is a barren waste of rocks and woodless hills and mountains.

Almost Self Supporting
Albania produces enough to support its inhabitants. The population is upward of two millions, divided about evenly between Christians and Mohammedans. Only about 5 per cent of this number is able to read or write.

The women do all the work. They are veritable beasts of burden. Indeed they compete with the ponies and donkeys as pack carriers, but are not considered by the men as valuable because they cannot bear up under such heavy loads. In the frequent sale of young women for wives, the price of offspring is not as high as that given for a good horse. This severe life among the women shows itself in premature old age and in many forms of serious physical disability. Fifteen per cent of the mothers die in childbirth.

Men Talk Politics
The men sit around coffee houses, discussing politics, or attend to the business of repelling by gun or sword the frequent Serbian and Montenegrin invaders. The hostility to the Serbs and Montenegro never ceases. Feuds, pistol duels and vendettas are of daily occurrence. The Albanian, once he becomes restless until complete and felices himself or relatives wronged, vengeance is secured. The American Red Cross hospitals throughout the country are constantly called upon to treat the victims of these feuds and vendettas.

The Italians have a force of about 25,000 troops in Albania. The major part of these are in the vicinity of Valona. The rest are used in police and garrison duty in different parts of the country. Their presence has tended to tranquillize the country and keep down the trouble among the population. There are recurring sporadic clashes, however, between the Albanians, Serbs and Montenegrins, in which frequently the Italians are forced to take part.

City loans that cost you less and get you out of debt, on completed properties and to assist in building.

ARTHUR L. SWIM.

BAD COLD GOT YOU? FEELING GRIPPY?

Dr. King's New Discovery soon starts you on the road to recovery

ONCE tried, always used. That's a trite expression, but one never more applicable than it is to Dr. King's New Discovery. You will like the prompt, business-like way it loosens the phlegm-congested chest, soothes the inflamed throat, relieves an old or a new cold, grippe, cough, croup.

Don't Continue Constipated

Don't let your bowels' billiard your system. Make them function regularly—keep the body clean—of waste matter with Dr. King's New Life Pills.

Biliousness, sick headache, sour stomach, indigestion, dizziness, furred tongue, bad breath—think of the embarrassment and discomforts that are liable to constipation. How easily they're rectified by the occasional use of Dr. King's New Life Pills. Move the bowels smoothly, but surely. Try them tonight. All druggists—25c. as usual.

BRITISH COMMONS HEAR REPORTS ON HORROR OF REVOLUTION IN RUSSIA

Members Crowd Hall to Listen to Experiences of Col. John Ward, Laborite Member of Parliament; Draws Terrible Picture of Life in Moscow During Uprising; Defends Kolchak

LONDON, (AP)—The house of commons devoted the entire evening Wednesday to a discussion of the Russian problem without, however, throwing any new light on the subject. Labor members strongly criticized the government's intervention policy and the cost thereof and a statement that the Bolsheviks were ready to negotiate peace with the entente governments upon reasonable terms was made by the lieutenant Colonel Sir Strange Malor, one of the Liberal members.

Churchill Defends Government
Winston Churchill, minister of war, made a long reply, defending the government policy, which he contended was not solely a British policy but one entered into in full co-operation with the allies, including the United States, who are equally responsible. He made no reference to the statement by Colonel Malone.

Col. John Ward, the laborite member of parliament, who was ordered to Russia in January, 1918, joined in the debate. Members crowded into the house to listen to the absorbing tale of his experiences in European Russia and in Siberia, and to his reflections on the revolution.

Revolution Reverts to Jungle
"When revolution starts," he said, "you go back to the jungle, whether you like it or not. There had been massacre and murder on both sides, and you would have exactly the same thing here if a revolution occurred," he declared.

Col. Ward drew a terrible picture of life in Moscow during the revolution. Every day bodies were tumbled into the streets without inquest and without punishment of the slayers.

Defends Admiral Kolchak
Colonel Ward defended Admiral Kolchak, commander of the Siberian armies. He said that in some districts controlled by the soviets, conditions were good but in others "ruled by some narrow minded scoundrel" there were occurrences which beggar description.

He gave horrifying accounts of Bolshevik atrocities during which, he said, the wells had been choked with dead, and he asserted that labor newspapers in England which called criticism of this regime "an attack on social democracy" did not want to study the facts.

Colonel Ward concluded with the statement that Great Britain had helped Russia through the most difficult time and it would be fatal to withdraw that when the atmosphere appeared to be clearing in response to ignorant and uninformed public clamor.

Has Soviet Proposals
A draft of the conditions upon which the leaders of the soviet government in Russia are willing to discuss negotiations with the allied and associated governments is in possession of Lieut. Col. LeStrange Malone, a liberal member of parliament, who recently returned from a trip to Russia, according to his statement in the house of commons. He said he believed it would be possible to call a peace conference of the war.

"Ever Occur to You?" says the Good Judge

That it's foolish to put up with an ordinary chew, when it doesn't cost any more to get real tobacco satisfaction. Every day more men discover that a little chew of real good tobacco lasts longer and gives them real contentment. There's nothing like it.

BERLIN POLICEMEN RAID LAW BREAKING CABARETS

Officers Spread Consternation Among Proprietors and Patrons of Cafes

BERLIN, (AP)—Fifty-one of the more notorious of Berlin's famous, or infamous, night-life, cafes and cabarets, where all closing regulations were ignored, night-life cafes and cabarets, till morning, and scenes of drunkenness and the funnels already arranged by the new safety police and squads of the old force. Countless arrests were made, the proprietors of 60 other cafes were notified that their turn was coming. There were so many that all could not be raided in one evening.

The bands were playing, and all was joyous, when one lone police officer in plain clothes entered each of the 51 resorts. As first he was greeted with laughter but when the exits were closed most of the patrons and many of the managers, dived for the cellars, where they were easily rounded up. As fast as they could be herded together they were placed on motor trucks guarded by police or soldiers and taken to the police stations.

The scenes were exciting, as women became hysterical and men offered huge sums of money for their release. It was a variegated throng that was gathered at the police station and finally at police headquarters at the Alexander square. Some tried to laugh at the affair away, others were angry and all seemed to be ashamed at being caught. The throng included not only a number of illicit traders and their women friends, but several socially well known people as well. The police announce the raids will continue.

With the raids the authorities have, incidentally, accomplished a lessening of the illicit trade in food, for the cafes and cafes and gambling clubs were the prime offenders, and boldly offered either free meals or meals at ridiculously low prices to prospective customers.

The oldest bank notes in the world were issued in China 2,897 years before the Christian era.

PRESIDENT OF FRANCE TO BE GUEST OF KING

Buckingham Palace to be Opened to Distinguished Visitors in England

LONDON, (AP)—When President Poincare and Madame Poincare visit England Nov. 10 for a four days' sojourn they will be the guests of the king and queen at Buckingham palace. Among the functions already arranged for is a state banquet to be given by the king at Buckingham palace, a visit to the city, and luncheon at the Guild hall, a reception of the French embassy, and a banquet at the French embassy. During his visit the president will be installed as lord-rector of Glasgow university.

URGES CLOSED SEASON FOR WALBUS TO SAFEGUARD FOOD

SEATTLE, WASH., (AP)—Closed season for walrus should be declared by the United States government in the Arctic, according to W. B. Van Vallen, who has returned to Seattle after spending nearly three years at Point Barrow, the "corner of the continent" searching for Eskimo relics and history for the University of Pennsylvania. White men in power boats are killing a large number of Eskimo to obtain enough for food, Mr. Van Vallen said.

DENMAN CONFIDENT OF WINNING TODAY

Football Coach Off to Burley to Sure His Men will Hurtle Opponents

Coach Denman, Robey and Weaver, with 17 players left on the 5:45 train this morning for Burley where they have high hopes of crushing the Burley team completely in this afternoon's game. The lineup of the Bruins will be virtually the same as for last week's games. Bailey and Kuhn at tackle, Newman and Hansenback at ends, Strobeck at center, Denton and Putzer at guards, and King, Watson, Thipp and Kregel in the backfield. Substitutes taken were Carter, Epler, Irwin, Schwartz, Fix and Taylor.

No rooters accompanied the team, for Principal Mitchell's slogan is "Keep the home fire burning" and no students were excused to go to Burley, consequently the men will battle the enemy on their own ground with no grandstand support. Coach Denman expects to walk over Burley just as the Yanks went through the Hagenburg line.

TWO OLD-TIMERS GIVE LIVELY EXHIBITION

Rivers and Delmont Put Up Battle that Looks Like the Real Stuff

PHOENIX, ARIZ. (AP)—Joe Rivers of Los Angeles and Gene Delmont of Memphis Tenn, fought a fast ten round draw here last night.

Rivers was the aggressor throughout although Delmont knocked Rivers down in the second with a right to the jaw.

Rivers hurt his right hand in the second. It was thought it might be broken. The men are lightweight.

In the semi-final Kid Lyman, Phoenix, knocked out Edie Miller, San Francisco, in the second round of a scheduled six round bout. They fought at 133 pounds.

CUE EXPERTS ENGAGE IN THREE-RAIL TOURNAMENT

Championship Matches Open in Cleveland—First Game an Electrifying

CLEVELAND, O. (AP)—The three cushion billiard championship tournament of America opened last night with Byron Gillette of Buffalo, and Charles McCourt, Cleveland, defeating Charles Otis of Brooklyn and E. L. Cannon of New York, respectively.

McCourt roused the crowd time after time when he smashed away at difficult shots and counted, winning from Cannon 50 to 41 in 60 innings. Cannon appeared rather raggedly.

Otis appeared way off form and lost to Gillette 50 to 30 in 73 innings.

Gillette scored the high run with six. McCourt's best was five. Each had a pair of fours.

BOXING IS ILLEGAL IN TREASURE STATE

Supreme Court Decided Moot Question Concerning Montana Sports

HELENA, MONT. (AP)—Boxing exhibitions and prize fights are declared illegal in Montana, according to a decision announced by the supreme court yesterday.

It was the contention of the friends of boxing that when the Riley law, under which boxing had been legal for a time in Montana, was passed, it repealed the laws prohibiting boxing, sparring and prize fighting. This law was submitted to the referendum and the people voted it down.

Two district judges took the view that it left the state without a law upon the subject.

The court is that defeat of the Riley law left the old statute on the books.

O'DOWD DEMONSTRATES WHY HE IS THE CHAMP

Leader of Middleweight Fight Division Pops Kramer to Sleep

PATERSON, N. J. (AP)—Mike O'Dowd of St. Paul, world's champion middleweight boxer, knocked out Billy Kramer of Milwaukee, in the second round of a scheduled eight round bout last night.

O'Dowd forced the fighting hard in the first round, reaching Kramer's body and head with tolling blows and only in the second round the champion shot a hard right cross to Kramer's jaw, flooring him for the count.

Brief Bits of Sport

Sim Smiley, sagebrush sage, says "Some of you here prattle folk air gittin' 'n all-fired pernickity that they'll prob'ly take booze outin' the dictionary."

Promoters of the Santol-Howard grappling match here our thanks for the ringside pass, which came yesterday morning, November 6.

Mails on this branch are 8o Slow. Thanks awfully, though.

Sports all over the country are tickled because of the rejuvenation of the boxing game, but the conservatives are fearing it is more of an upheaval which is likely to cause trouble some day.

The revitalization of Tony Capon, Italian middleweight who was at his best 10 or more years ago, is particularly pleasing to his friends and supporters. Tony won over Mike Dundee after a bloody battle in Waterloo, Iowa, during the present week.

Jimmy Dunn, who piloted Johnny Kilbane to the featherweight, has a good word for Bob Martin, army champion and recent conqueror of Joe Bonds. Jimmy says he wants to see the bout when Martin and Dempsey come together, and expresses the belief that the army wonder will clean up in the match.

Martin is said to be a rare two-fisted big, fast on his feet, able to hit from any angle, and carrying all the punching power that has marked the champion a marvel.

There's only one way to tell how good a fighter is—or how bad, for that matter. Get him into the ring with the champion.

Dunn apparently bases his good opinion of Martin on the showing he made against Bonds, who never was a top-notch fighter, and has not been doing anything in the ring for some years.

Those Bruins are in Burley today to combat the Burley high eleven. It's a return match with the incentive determined to wipe out the defeat of earlier in the season.

WORK FOR GERMANS IN RUINED FRENCH MINES

Unemployment Need Not Be Problem in View of War Responsibilities

BERLIN (AP)—Work for all the unemployed in Germany for the next eight years will be provided for in restoring the ruined mines of northern France, says Vorwaerts. This opinion is based on the report of the German mining commission sent to France recently to ascertain the extent of the damage, and which has just made public its findings.

"The task," says the newspaper, "is so great that it is sufficient to furnish work for every idle man in Europe and for every one else engaged in superfluous labor. The report shows the fallacy of the theory that emigration of 10,000,000 to 15,000,000 persons from Germany is an economic necessity."

The commission, in its report said that the work of reconstruction would have to be done from "the ground up." The destruction was pronounced "terrible." Most of the mines have been "drowned" it was said, and in rebuilding new shafts they would have to be protected against the inward pressure of water. The Germans declared it was not easy to fix responsibility for the destruction, because it was done by numerous units of troops and the records showing where each military unit was located and at what period were neither complete nor available.

A CLEAN WIN

CHIPPEWA FALLS, WIS. (AP)—Mike Paulson, St. Paul last night knocked out "Young" White, Eau Claire, in the fifth round of a scheduled 10 round match.

OHIO HAS BOXING

SAGINAW, MICH. (AP)—Tony Zill, Youngstown, O., lightweight, won from Johnny Ross of St. Paul, in a ten-round bout last night.

George St. Pierre, Detroit, out-fought Tommy Knight of Bay City, Mich., in six rounds.

The Red Cross—the heartbeat of humanity.

DECLARES GORN IMPORT STORY WITHOUT BASIS

Pacific Coast Milling Company Says Speculators Originate Report to Further "Short Interest"

SAN FRANCISCO (AP)—Reports that Pacific coast corn jobbers had cancelled large prospective purchases in Minneapolis because of Manchurian offerings were originated by Chicago speculators to create a further "short interest" in the Chicago trade and do away with the already stagnant market, according to executives of the Albers Brothers Milling company, who said they did a great portion of the jobbing for the coast states.

"There is a surplus of domestic corn, while the Manchurian market is negligible because of crop failures," the company stated. "The California and other Pacific coast corn offerings are almost enough to take care of our needs. We are doing no importing this year. We could hardly cancel orders that have not been placed. These reports originated in the Chicago trade in order to stagnate the market in the interests of the speculators."

MANY MARRIED STUDENTS

Cambridge University Faces Unlucky Situation as Result of War

CAMBRIDGE, ENGLAND (AP)—Never in the history of Cambridge University have the authorities faced such a situation as confronts them this year. There are 1,000 more undergraduates than in 1913 and a large number of them are married.

Hundreds of them are completing the courses begun before the war. During the five year interim many have married and returned to college in many instances, with one or two youngsters. It is a task for Cambridge to care for 5,000 students and the addition of so many wives and children has aggravated the crowded conditions of the town.

While married students are not uncommon in any university it is stated that never has so large a percentage of the student body been married men.

There will be two royal undergraduates this year—Prince Albert and Prince Henry.

COUNCIL GETS EVIDENCE

Indictments Against 1200 Germans for Offenses in Belgium Transmitted

BRUSSELS (AP)—Copies of the legal evidence upon which the surrender of 1,200 Germans will be asked so they may stand trial for offenses committed in Belgium during the war, have been forwarded to the peace conference. The indictments are principally based upon the executions of Belgian civilians at Louvain and other towns, upon the deportations of Belgian workmen, upon the forced labor exacted from prisoners of war, upon the treatment of young men who attempted to cross the frontier to join the Belgian armies and upon instances of pillage.

Join the Red Cross army. No age limit. Everybody from one to one hundred is eligible.

AVOIDING STRIKES

Any thought in respect to means by which industrial calamities like the coal strike now strangling the country may be avoided must necessarily lead to consideration of the compulsory arbitration proposal.

It is inconceivable in world now being prepared to enter upon an order of affairs in which the contentions of nations must be submitted to compulsory arbitration that industrial contentions which lead to conditions no less the conditions of war than military operations, should be permitted to incubate without adequate measures of restraint.

Provision for compulsory arbitration in the case of the continuing coal strike might, and very probably would have

forestalled the situation in which we now find ourselves.

In the present situation it is within the reach of the striking miners to bring the strike to an early close simply by recalling the strike order, thereby giving tacit acceptance to the fact that the strike at this time is in violation of law, and leaving the whole matter of alleged grievances where settlement might be made on the merits of respective claims of miners and operators.

It is impossible that the government should back down in its policy of proceeding against the strike not as a violation of the right of the worker to employ this form of protest under existing conditions, but as a violation of a law still in effect prohibiting strikes in this particular industry.

Notwithstanding well eyed statements of one or more of the leaders of the striking miners to the effect that they will have nothing of arbitration in this controversy, it is extremely probable that the rank and file of the miners' organization would welcome an adjustment of the controversy between the miners and operators such as might be expected from an arbitration board.

It is most unfortunate that facilities for arbitration of industrial disputes where the employer, the employe and the consumer might confidently expect and receive entire justice, are so limited in this country.

It should be the business of the country to find some way out of the difficulty, and among the possible avenues of relief deserving of careful consideration would be provision for compulsory arbitration.

INTERMOUNTAIN SHIPPERS URGE LOWER RATE CLAIMS

Railroad Officials Representing All Western Lines Before Commission in Salt Lake

SALT LAKE CITY, (AP)—Railroad officials representing all western lines are here today to attend a hearing before examiners of the interstate commerce commission at which shippers will try to impress the advisability of lower freight rates from the east to intermountain points than those now prevailing.

It is claimed by the shippers that the same rates are charged from eastern points to the intermountain territory as those for goods shipped through to the Pacific coast. Aitor says for the railroads are expected to contest the claims of the shippers for the rate revision. The hearing is expected to last a week.

(Defering to the wishes of the majority of pastor in this city The Twin Falls News will, hereafter, publish week by week announcements each Friday. Copy must be received at the editorial rooms not later than 9 a. m. on each Friday.)

Personals

Thomas N. Fairchild, of Burley, is a business visitor in Twin Falls. Arthur V. Ostrom, of Buhl, was in this city on business yesterday. Mrs. J. S. Johnson of Pocatello is a visitor in this city. J. E. Roberts was a business visitor in Buhl yesterday. Mrs. A. H. Stowe of Kimberly was a Twin Falls shopper yesterday. Mr. and Mrs. C. S. Peck and little daughter, of Buhl, were Twin Falls visitors yesterday. Edward Babcock of Hollister is in the city today, the guest of his brother, J. W. A. Babcock. J. H. Wise and W. P. Guthrie went to Burley this morning on legal business. W. G. Custer, G. J. Keeler and T. M. Murray, all well known residents of Moonshone, are Twin Falls visitors. R. P. Logan and son Ray, motored to Buhl yesterday where they transacted business. Guy Saunders of Haxelton motored to Twin Falls yesterday to look after business affairs. Miss Marie Summers, of Filer, motored to Twin Falls yesterday for a brief visit. Mrs. Hallie Jensen was in Twin Falls yesterday from her home near Kimberly. Mr. and Mrs. H. J. Weaver of Filer were among the out of town visitors in Twin Falls yesterday. Mrs. Lee Statton of Kimberly was in Twin Falls for a brief visit yesterday. Theodore Parks arrived from Jarbridge yesterday. He will be here for a few days looking after business affairs. J. J. Downey, a resident of Jarbridge, who has been here on business several days, returned home yesterday. Fred Gibson, formerly a resident of Twin Falls and now located in Pienbo, is here for a few days. Harry P. Allon, head of the Allon Oil company returned yesterday from an extended business visit in California.

Social Notes

Mrs. John B. White and Mrs. Walter De Fresno entertained the Peacocks yesterday at the home of Mrs. White in the Rex Arms apartments in honor of Mrs. Orval Faris, who is leaving soon to make her home in Boise. The afternoon was spent at cards, and delicious refreshments were served. Those present were Mesdames Lem Chaplin, McFarland, E. Stettler, E. Van Hemert, Wick, E. B. Holder, C. Parsons, O. Davison, H. Bleser, Kall, M. Williams and O. Faris. Mrs. W. L. White, Mrs. Larsen, Mrs. Rudolph and Mrs. Payson were guests of the club. The guest of honor was presented with a beautiful cut glass basket filled with roses.

The Woman's Missionary society of the Presbyterian church met at the home of Mrs. D. D. Sweet yesterday with Mrs. Sweet, Mrs. Stuart Taylor, and Mrs. Lola Mills, hosts for the afternoon. A most interesting program was given on India and the mountains of the south in our own country. Light refreshments were served at the close of the afternoon.

The Catholic Women's league met yesterday with Mrs. M. B. Cooran on Ninth avenue north. An unusually interesting program was given, opening with three songs by Mrs. W. O. Taylor. A paper on "Daylight Saving" was given by Mrs. M. J. Sweetley on "American Federation of Women". Mrs. Campbell in charge of the Current Events and the program closed with a piano solo by Dorothy Roy. Light refreshments were served by the hosts for the evening. Mrs. C. B. Channel, Mrs. H. C. Hazel and Mrs. E. M. Wolfe.

Mrs. H. W. Wilson was host to the Winolans club Wednesday. The afternoon was spent with sewing and social conversation. Those present were Mesdames L. L. Breckenridge, C. S. McArthur, C. M. McElwain, Chas. H. Scott, J. C. Houchamp, A. E. Mann, C. A. McMaster, J. M. Spiekman, and H. J. Younger. Mrs. D. H. Peck, Mrs. E. L. Macvear and Mrs. Wilton Peck were guests of the club.

Mrs. Asher B. Wilson and Mrs. Leonard Smith entertained at a charming six course luncheon at the Hotel Pienbo yesterday. The table had an centerpiece on ivory, basket of pine roses with a mangle bow of white on the handle. Cut glass candlesticks with pin candles, and shades were used, and the place cards were also in pink. After luncheon the guests were taken to the home of Mrs. Smith where bridge was played, Mrs. George Easley and Mrs. E. W. White winning the honors for high score.

The Rev. and Mrs. W. A. Moore, returning from the international convention of the Disciples of Christ at Cincinnati, and several weeks vacation at Mr. Moore's old home in Iowa, will be welcomed by the church at a basket dinner to be held following the morning service at the Christian church.

Reports of the convention will be given by Mr. Moore and Dr. Royal J. Dye, who will speak at the morning service. The subject of Reverend Moore's evening address will be "The Old Gospel and the New Day."

The Episcopal Guild met at the home of Mrs. T. A. Harrison yesterday. The beginning of the afternoon was spent with various business matters. It was decided to hold a cooked food sale to morrow, November 8 at the Clos Book store. A social hour was enjoyed and light refreshments were served.

Local Brevities

Mrs. Banes Recovers—Mrs. O. P. Banes, of Buhl, who has been a patient at the Boy's hospital, suffering from typhoid fever, has recovered and leaves for her home this week.

Missionary Will Speak—Dr. Royal J. Dye, of Bolangi, Congo state, Africa, will occupy the pulpit at the Christian church Sunday morning. As an author, lecturer and director of missions, Doctor Dye has had a wide scope of service in Africa.

B. P. O. E. Initiates—Two dozen novitiates were equipped with orders in Twin Falls lodge, B. P. O. E. last night. The ceremonies were elaborately carried out.

Banquet for Templars—Members of Twin Falls Commandery have made extraordinary plans for entertainment at a meeting to be held in the Masonic logroom next Monday. Degree work will be exemplified probably in the afternoon, with a banquet served at 6 or 6:30 o'clock. The program contemplates a centerpiece of game birds.

Service Buttons Here—Yesterday a consignment of service buttons were received at local army recruiting headquarters. These will be distributed to applicants worthy of receiving them.

Judgment Is Given—In the probate court yesterday afternoon, Judge O. P. Duvall rendered judgment favorable to A. B. Martin against C. McElwain. The amount involved is \$300.

Land Man Here—Harvey J. Hooker is in Twin Falls for a few days' visit. Mr. Hooker is engaged in the sale of Jordan Valley, Oregon lands with headquarters at Boise.

GAME DATE DEFERRED—The date of the Wendell-Twin Falls seconds game to be played at Wendell has been changed from today to next Friday. It is possible that the junior team will match Filer on Armistice Day.

TO LOWER FLAG—Soldiers are invited to attend the Presbyterian church service next Sunday night. A program honoring the American Legion will be given. Lowering the service flag will be of special interest to soldiers of the congregation.

No one ever missed a dollar given to the American Red Cross.

NATIONAL BLOUSE WEEK

November 10th to 15th, 1919

Will Be Observed at the Big White Store

Thousands of retail merchants throughout the United States from Maine to California will participate in what is designated as "Blouse Week"—they have given their pledges to do their utmost to make this event a success.

Why was "Blouse Week" inaugurated? To stimulate the sale of American-made waists and to show the women of America that this country is pre-eminent not only in the manufacture of waists but also in the creation of styles and fabrics.

Naturally you would expect the BIG WHITE STORE to be up and doing when it comes to an event among merchants that is nation-wide, and you will not be disappointed. For weeks they have been preparing for "Blouse Week"—selecting and buying the loveliest blouses imaginable. You'll find blouses galore on display awaiting your approval. Sure, you will like them all, and will scarcely know which to choose for your wardrobe.

DAINTY BLOUSES ARE VERY POPULAR

Seasons may come and seasons may go, but blouses are worn the year 'round—never were blouses more popular than this Fall.

Just a glimpse at these cuts gives you some idea of the attractive styles and trimmings we are showing in Georgette, Crepe de Chine and Voile Blouses.

DID YOU KNOW THIS?

The American-made blouse is finding a welcome in the Latin-American countries, as well as in New Zealand, Australia and other parts of the world. Today manufacturers are doing a big export business.

A SUCCESSFUL BLOUSE WEEK

will serve as a basis for larger export trade as well as show the American women that domestic waists are superior to those of foreign make. Buyers from all parts of the world will be attracted by "Blouse Week"

HUNS SUSPECT CODE BETRAYAL

Zimmerman Tells Investigating Committee Americans May Have Gained Insight

BERLIN, (AP)—Dr. Alfred Zimmermann, secretary for foreign affairs during the war, caused a mild sensation during Thursday's session of the national assembly investigating the war when he admitted that the German authorities had been suspicious that their code, which had been made known to the American authorities, was betrayed to the embassy by the United States government. (The reference is to the special code which the American government permitted to be used in wireless communications with the Washington embassy, a copy of which was furnished to the state department.)

Offensive Cable Route

Count Harcourt when asked regarding these suspicions, said at first that he could not swear that these wireless messages had not been communicated by the United States government to the Germans, but later declared outright that he had never known of such treachery. He declared Germany had a difficult and dangerous cable route through neutral countries but that messages had been concealed as commercial dispatches.

The submarine warfare came into the investigation again. Vice Admiral Eduardo von Capelle said that he had not been able to get at American reports because the whole ocean could not be patrolled. Various British and American inventions were other things which prevented attacks.

Admiral von Capelle did not mention mines or depth charges during his recital. He would not admit that the admiralty undervalued the United States as a factor in the war, but declared it was known from England's experience with a volunteer army, that the United States could not raise many troops in six months, and it was thought by the time they were trained the war would be over.

America's Early Effect

What had been the impression regarding the entry of the United States into the war was then discussed by the commission. Von Harcourt declared that any man who read the Lusitania and Sussex notes of the United States would have known this was inevitable. Dr. Zimmermann was asked whether he said in a general party meeting, regarding the entry of the United States in the war, that American aid military by way amounts to a mere trifle. The former foreign minister evaded the answer.

BUYS CHINESE COLLECTION

Swedish Syndicate Succeeds in Effort where Germans Fail

STOCKHOLM, (AP)—The unique collection of Chinese works of art made by the late Li Hung Chang, one time viceroy of China, which for years collectors tried vainly to acquire, has finally been bought by a Swedish syndicate and a valuable part of it has been given to the National Museum here by the purchasers. German museums were negotiating for the collection when the war put an end to their plans. The purchase price is understood to have been more than a million krona (approximately \$250,000), but the intrinsic value of the collection is incalculable. Li Hung Chang died in 1901. He had a collection of works of art larger than anything of its kind in the Empire. It included numerous old paintings, bronzes of great worth and ancient ceramics. The bronzes date from a time before Christ and the paintings were done from the tenth to the twelfth centuries. The collection is in Shanghai where it has been packed and stored.

Values of Precious Stones

Emeralds ranked with rubies and sapphires as the most costly gems of the ancient world. Then diamonds were won in a rough state. The art of cutting the precious white stone was not discovered until the fifteenth century, when the flashing brilliance of the diamond was brought to light. Emeralds are still fashionable. They are rare, and good ones are becoming rarer. Carat for carat they are as valuable as diamonds.

NEGROES TRAINED FOR WARFARE UPON WHITES

Testimony at Arkansas Riot Complicity Trials Shows Conspiracy

HELENA, ARK., (AP)—Negroes, trained in the rudiments of military tactics and placed in strategic positions against white persons, took part in the race uprising at Hoop Spur in October, negro witnesses related Thursday at the trial of Cornelius Morgan, negro, charged with night riding in connection with the disturbances.

Organized into squads, the witnesses testified, the negroes were instructed in military duties by Frank Moore, negro service man, who was convicted this week of first degree murder. It was said that Moore was one of a band of 20 negroes who went from the Lambrook plantation, a distance of eight miles, to take part in the disturbances at Hoop Spur.

Witnesses, questioned as to their affiliation with the Farmers Progressive and Household Union of America, usually replied: "Yes, I belonged to that farm-union."

With about fifty negroes in the balcony eagerly watching proceedings, 10 negroes charged with night riding, legally charged with "bundling together to do an unlawful act at night" filed into the courtroom at the beginning of the fourth day of the trial. One pleaded guilty and Judge J. M. Jackson announced he would sentence them to serve one year in the penitentiary. The sentence, however, was not given, and a trial was called immediately.

MEXICO NOT ASKED TO REFUND RANSOM MONEY

State Department Officials Find No Warrant in International Law for Procedure

WASHINGTON, (AP)—Mexico will not be asked by the American government to refund the \$150,000 ransom money which counsel for Wm. O. Jencks, American consul general at Puebla, paid bandits for the host of Mr. Jenkins. This announcement was made at the state department.

Officials said there was no warrant in international law for such a claim, and that they could not conceive of the American government paying a ransom in the event of a citizen of a foreign country being kidnapped in the United States and held for ransom.

World's Greatest Cataract

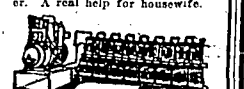

Niagara Falls is not the greatest cataract in the world. The greatest cataract is said to be on the Iguazu river, which partly separates Brazil and Argentina. The precipice over which the river plunges is 210 feet high, the stream being 107 feet. The cataract is 18,123 feet wide, or about two and a half times as wide as Niagara. It is estimated that 100,000,000 tons of water pass over Niagara in one hour. A like estimate gives the falls of Iguazu 240,000,000 tons.

Snakes

It is known that some species of serpents lay eggs, as farmers often plow them up, and upon opening them they find the embryo snake within the leathery covering. The eggs of the same species vary in size and shape, but are always oval. As a rule it is the common rattlesnake, or those which kill their prey by squeezing it, that lay eggs; such as the black snake, box constrictor, etc.

FRENCH FUTURE CALLED BRIGHT

Minister of Finance Expresses Optimism over Rehabilitation Outlook

PARIS, (AP)—Optimism over the financial future of France was expressed by Louis Klotz, the minister of finance, at a luncheon given today by the economic and financial press. The rehabilitation of the country, he said, depended upon confidence, which was the watch word in peace as well as in war, and upon the willingness of the people to bear for a few years sacrifices which would be small compared to those made by the soldiers who had fought for the nation.

"Our allies," the finance minister declared in his address, "no longer have reason to delay financial aid to us. We do not present ourselves as beseeching aid, however, asking only equitable solutions. We ask the co-operation of peace after the decisive cooperation of war."

M. Klotz proposed a toast to Albert Rathbone, assistant secretary of the American treasury, in charge of the foreign loan bureau, who now is in France. The minister said he was convinced that France would be bound to America by a further tie, through the cooperation of Mr. Rathbone. The foreign debt of France, M. Klotz pointed out, was only 30,000,000,000 francs, of which she owed 27,000,000,000 francs to Great Britain and the United States, against which were greater resources.

CHAMPION HORN BLOWER DIES

LONDON, (AP)—Charles Tappan, the world's champion coach horn blower, has just died here. For twenty years he was a familiar figure at horse shows and in his career won twenty-nine first class prizes for horn blowing in England and America.

Pis:A That is Shunned.

One of the most interesting plants in the Atlantic states is the Virginia wild ginger. It is found both in the Virginia and as far south as Georgia. There are several other species in the Atlantic states as far south as Florida and northward to Connecticut. The plant grows in very hilly and wooded places, and is easily recognized by its kidney-shaped leaves and curious purple-brown flowers. These flowers grow one to a stem. No living thing will eat the bitter leaves and one rarely sees the flower unless one hunts for it, for it hides itself out of sight if possible.

You honor the Red Cross, and yourself when you join.

Boyd Hospital LABORATORY

Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculosis glands, bacterial examinations of pus, spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

TITTONI TO REPLY TO AMERICAN CONTENTION

Italian Foreign Minister is Expected to Place Decline End to Adriatic Negotiations

BUENOS AIRES, (AP)—A dispatch to the Nation from Rome reports that Foreign Minister Tittoni has decided to send to Washington a reply to the recent American note on the Adriatic question, refuting the contentions of the United States and "placing a decisive end to the negotiations." M. Tittoni, according to the correspondent, committed representatives of the allied governments in Paris Tuesday and Wednesday, who approved his arguments and "engaged themselves at the proper time to follow the Italian notes with notes of their own, declaring their conformity with the ideas of their Italian colleague."

The correspondent asserts that the American note refusing the Italian proposal for a settlement of the Adriatic question, which reached Minister Tittoni October 27, was couched in brusque language.

ALASKAN TOWN BOASTS OF 200 GAIN IN POPULATION

CORDOVA, Alaska, (AP)—Cordova believes its population was swelled during the summer season just closed by at least 200 persons. These figures were arrived at from the steamship arrivals and departures, which showed that 153 more passengers came to Cordova than left. A population gain is believed to have accrued also, through passengers coming from the westward, of whom no record is available.

DANISH SUFFERING WITH RHEUMACHOL

Don't suffer another day with backache. It is a danger signal that your kidneys are full of poison that will terminate more seriously if not taken care of at once. Rheumachol quickly cleanses and purifies the kidneys from this poison and saves you from such painful diseases as rheumatism, gout, migrane and other diseases caused by poisoned blood. For sale by druggists or send \$1.00 for bottle and free booklet to H. E. Machol, Idaho Springs, Colorado—Advt.

A Hard Worker.

"You have great faith in your congressman." "Seems to me like it's justified," said Mr. Cobble. "Anybody that's as regular about sending me free seeds as 'n' the latest crop reports, not to mention full details about them care dwellings that used to live out West, with stacks of pamphlets telling me how to fight 't' boll weevil an' 't' screeper, is on the job even if he ain't no statesman."—Birmingham Age-Herald.

America needs the Red Cross. The Red Cross needs YOU.

WOMAN PROVISIONS LONDON

English Railway Strike Brings Interesting Character into Limelight

LONDON, (AP)—One of the most interesting figures brought into the limelight of publicity during England's great railway strike was Miss E. M. Hopwood, now called "the woman who fed London."

Miss Hopwood was secretary to a large commercial firm in the north of England and her business ability was so well recognized that when the ministry of food was organized, she was called to the service of the government. She secured such success in her emergency work that she was appointed at the beginning of the railway strike as food distribution officer for the whole metropolitan area.

She has an energetic manner that is a source of inspiration to her staff. During the strike she worked steadily from eight in the morning until ten at night, taking her meals in her office.

Readers of store advertising understand and appreciate the fact that a merchant, in announcing price concessions, assumes a direct and inescapable ethical responsibility. No merchant who values the reputation of his store will permit the use of exaggerated claims. The people are educated as to values.

Would Save Money.

Prospective Bridegroom (in furniture shop)—These prices make me give up all thoughts of marriage. I now realize it'll be cheaper to let her sue me for breach of promise.

"QUACK" Pills Won't Stop THIS Backache

But a **Washer** **Wringer** **Will**

It is no longer necessary for you to waste your time and strength, you can wash and wringer clothes on an old-fashioned tub board. That's the simple and beautiful way to wash. For it makes much dryness of your hands and hair on both your hands and hair.

The modern, essential way to wash is to be able to do the best work. With the **Washer and Wringer** all you have to do is put your clothes in the washer cylinder, which, by revolving, washes and wrings the material, then wringer. While the clothes are washing you can be doing your other housework.

You don't even have to turn the wringer. It is run by the electric motor. It is so simple that you can use it in ten minutes. It is so simple that you can use it in ten minutes. It is so simple that you can use it in ten minutes.

Criticism and Citizenship

It is the plain, public duty of every citizen to criticize proposed government measures believed to be harmful.

Swift & Company is in a better position perhaps, than others, to understand the meat packing business in all its relations to public and private interests, even though the others may have been giving the subject a great deal of sincere attention.

Swift & Company is convinced that interference with its legitimate business function by government agencies, however well intentioned, would be an injury to every man, woman and child who wants meat to eat, as well as to the men who raise the meat and to those who dress and distribute it.

Maximum service that cannot monopolize because of keen competition and lack of control over sources of supply is furnished at a minimum of profit—a fraction of a cent per pound from all sources.

Therefore Swift & Company is taking every legitimate step of citizenship to prevent such interference.

These advertisements are intended to help you, and to help Congress decide what is best to be done. Mistakes are costly and apt to be harmful in these trying times.

Let us send you a Swift "Dollar."

The More You Delay The Better It Raises

If you can shut yourself up in the kitchen and avoid all interruptions, most any baking powder will give good results. But Crescent Baking Powder does not make a particle of difference—in fact, best results are obtained by allowing the dough to stand for five or ten minutes before placing in the oven.

Crisp cakes or biscuits raised with Crescent can stand hours if necessary before baking.

Neither is a very hot oven required for Crescent.

Crescent produces sweet, wholesome baking.

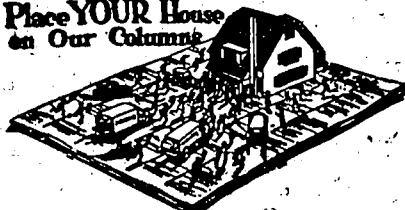

Your grocer can supply you.

TAX DISCUSSION NOT CONCLUSIVE

Council Again Attacks Improvement Assessment Plan without Effect

No definite action was taken at last night's deformed meeting of the city council on the revision of the improvement assessment tax ordinance. Discussion was long and earnest, but not conclusive.

Leading the coteries favoring assessing all improvement costs on lateral streets against the corner property, Alderman L. B. Brockbridge pronounced some elements of law which do not appear to have been introduced at prior discussions. He insisted that the proponents of the broader scheme of assessing all property half way down the block a proportion of lateral improvements introduce all the elements of the law, declaring they had heretofore only dealt with those parts that sustained their attitude. The matter will be again discussed at Monday's meeting.

The coal famine question was proposed to the council by F. J. Nye, who told of a serious fuel situation here. He asked that the council take action toward getting adequate supply of coal to Twin Falls. Assurance was given that every effort would be made to supply the want.

FIRE TRUCK TEST INTERESTS PEOPLE

BUHL, (Special).—A large crowd of interested citizens gathered in the city park Wednesday to witness the test of the new \$1000 fire fighting apparatus which has been purchased by the city. The new machine is a White combination truck of the latest type.

The demonstration was conducted by Fire Chief Snyder who directed his men to put the new machine through several severe tests. The new truck demonstrated that it was equal to the demands made upon it and under its own power pressure threw two streams of water the height of a ten story building. It is also high speed and carries chemical tanks capable of extinguishing any small blazes.

The city officials were well pleased with the demonstration. County and city officials from many surrounding cities were present and also voiced their approval of the modern new apparatus.

You're in mighty good company when you belong to the Red Cross.

LOCAL FUEL SITUATION ALARMS DEALERS—NO COAL HEADED HERE

Releases by Utah Administration Taken to Mean Little If Any Relief for Twin Falls—Many Essential Departments Ahead of Retail in General Distribution

With scarce a half carload of bituminous coal in stock Twin Falls faces a dire fuel famine. Dealers agree that the situation is the most serious in the history of the town. They have no advice of shipments headed this way.

Using sentiment upon the announcement of yesterday that the Utah fuel administration had released a quantity of coal for use in this district, Twin Falls people enjoyed a brief period of optimism over the prospect. This feeling, however, does not reach to dealers, who declare that before coal can come to the retailer there are four priority branches and departments to be provided with fuel. These departments will get the first call in distribution. They are, the railroads, the army and navy government departments, second; state and county departments and institutions, third; public utilities, fourth.

Butchers and the public come fifth.

High School News

With the intention of making the annual school publication, "The Coyote" better than in the past, preparations for the 1920 edition will begin much earlier than usual in this district. Editor and assistant editors and heads of the various departments conducted in "The Coyote" will be elected within the next two weeks, giving them at least two months' more time than has been given the official boards of other years.

Miss Cretch Childs of the English department of the high school, will, in conjunction with the editor-in-chief, sponsor the publishing of the magazine, taking the place of Miss Alice Johnson who officiated in that respect last year. In the preparations for this work, the senior class is always given more privileges than are accorded other classes and consequently the class of 20 plans to make "The Coyote" superior to any edition of former years and also set a model for the classes to come.

TO GIVE COMEDY

"The Art of Being Bored" is the title of the three-act comedy drama which will be presented by the Junior class on December 12. The cast includes twenty characters, six of them being prominent, and active rehearsals will commence in about ten days. Miss Ida Brown is to direct the production.

According to the fuel administration's instructions, with manufacturers engaged in war work next and manufacturers engaged in non-war work last.

The outlook is not at all bright for receipt of coal in Twin Falls before next week at the earliest, dealers aver. They have no advice of any shipments headed this way.

MEMBERSHIP PUSH LACKS ENTHUSIASM

Red Cross Officials Here Say Response to Solicitations is Meagre

Less than 1500 persons in independent school district No. 1, Twin Falls county, have enrolled for membership in the American Red Cross. Signatures in the past 24 hours have been 151.

This is the announcement of general chairman, Miss Beatrice Ostrander, in charge of the campaign for memberships in this district. Miss Ostrander says the work lags for lack of enthusiastic canvassers.

Tomorrow an especial effort is to be put forth by the block workers, especially in the down town district, and every person who has not already procured a Red Cross button for 1920 will be given every opportunity to display loyalty to the cause of the great national money militia.

Miss Ostrander today received the following message from drive headquarters in Seattle showing what is being done in small towns on the coast.

"In one day 1013 members enrolled at Corpus Christi. Small expression of appreciation of splendid service rendered us in our great need by Red Cross and as evidence Corpus Christi has come back."

FRENCH OFFICER TO SPEAK

In the high school auditorium to-night Lieut. Weir-Bierks, a member of the French high commission, will speak on the League of Nations, the Peace Treaty and post war conditions in France. Lieut. Weir-Bierks has spoken in the principal cities of the United States in the past few months. There will be no charge made for this address.

Weather Man Badly Stumped By Conditions

An unannounced condition of weather effects, producing neither one thing nor another, except, perhaps, heterogeneity, apparently drove the rapid person at the head of the climatological bureau to cover today. He failed to pronounce, announce or predict anything for tonight or tomorrow.

Interstices in clouds, through which the sun broke at intervals, gave the weather a mixed appearance this morning. Dawn found snow flying somewhat heavily, but the flurry soon passed. Conditions are at least threatening.

Yesterday the mercury reached 58 for high, but fell to the frost point during the night. Probabilities are there will be snow to-night.

If you believe in making children happy, join the Red Cross.

Register your belief in happiness—JOIN.

FIRST PRESBYTERIAN CHURCH

ASHER HARLAN BRAND, Minister

Sunday Evening, Nov. 9—7-30

"America's Debt to Christ and the Church."

Sixty-five stars shine resplendently on the Service Flag of this church. Of this number, three are gold.

ON SUNDAY EVENING THE SERVICE FLAG WILL BE LAYED AWAY, and be brought forth on special occasions.

A beautiful and fitting program of eulogy and music has been prepared for the occasion and the returned sons of the church have been assigned a place of honor.

Members of the American Legion are most cordially welcomed to this service. This Sunday is their Sunday.

Members of the church and the general public are invited to join in this public recognition of those who loyally responded to their country's call in the hour of her need.

POSTOFFICE CHANGES ITS WORKING HOURS

M. A. Strunk Issues Bulletin Relating to Opening and Closing of the Windows

Announcement was made today by Postmaster M. A. Strunk, of a change in office hours at the Twin Falls post office, beginning Monday morning. This change is in accord with the general change of hours throughout the city. The schedule follows: Stamp, parcel post and general delivery windows will open at 7 a. m. and close at 5 p. m. Money order and registry windows will open at 8 a. m. and close at 5 p. m.

All you need is a dollar! You have a heart.

POST HONORS DEAD

At the last meeting of Dan McCook Post, G. A. R. the following resolutions of respect were subscribed to by K. Crader, recently deceased:

WHEREAS, Our comrade and associate, E. K. Crader, has answered to the last roll call, and is no more with us nor of us, Therefore be it

RESOLVED, By Dan McCook Post, No. 33, Department of Idaho, Grand Army of the Republic, that we honor his memory as a sweethearted man, a patriotic citizen and a true and loyal comrade;

That we recognize our loss and that of the community and join with loving sympathy in the sorrow of his family and friends;

That a copy of this action be spread upon the Post records, transmitted to his family and published in the local press.

CLAIRE ADAMS

Written by
Dr. Katherine Bement Davis and Edward H. Griffith

"Unless we think of Consequences when we are young We shan't find Happiness at THE END OF THE ROAD"

This Entire Stock of Beautiful Suits Placed on Sale at Great Reductions

Our department was so badly torn up with alterations through the early season that we could not display these garments properly, consequently we find ourselves with a larger number in stock than we expected. We offer these suits at GREAT REDUCTIONS while the season is yet young so that you may get full wear out of the garments.

This suit sale comprises every garment—including the most handsome suits we were able to find from New York's best makers. Some of these suits cut as much as a HALF PRICE, others from one-fourth to one-third. EVERY ONE A BARGAIN.

We Haven't Offered a Sale Like This in Years

Such a value giving event as this when merchandise is scarce and high may seem foolish, but we simply have more suits than we can use and must sell them NOW—price not considered. We never saw so many pretty suits as this season; such charming models for every figure. We bought the cream of the best and there's dozens of them here to choose from. Twin Falls probably will not be offered an event like this again soon. Come in the forenoon if convenient, but come any time and investigate.
