MINERS OBEY COURT MANDATE AND RECALL STRIKE ORDER

QUET FERVOR PREVAILS AT CELEBRATION

First Local Celebration of Armistice Day is Marked by Ardor Bereft of Hysterics or Meretricious Display

WARNING IS SOUNDED AGAINST BOLSHEVISM

Historian of Home Post, American Legion, Pronounces Red Movement Assassin of Good Government Everywhere

Bereft of the hectic hysterics that marked the Armistice celebration a year since Twin Falls today commemorated in quiet patriotism and thankfulness the first anniversary of the signing of the armistice. Hundreds braved a keenly piercing wind and generally untoward weather conditions, to participate in this initiatory holiday of the nation and community.

Post Takes Charge

The celebration was in the hands of Twin Falls Post No. 7, American Legion, getting under way with a parade along Main avenue to Stephens street, where the line of march diverted north to the courthouse. Nearly 100 legionnaires participated in the parade, which was headed by band, made up chiefly of army musicians and led by Lieutenant Jack Thorpe.

This representation of the forces sent here to fight the battle of freedom on Argonne's bloody fields was commended by Captain P. W. McRoberts, answered "assembly" at the postoffice corner, marching through the business section with quickened and sprightly step to the blustering air that led them on to trench and field when a year ago fell the charges of Hun hordes in the Argonne.

No attempt was made by these marchers to affect the cloth of the army as a rule, but the honored band stood out among the heterogeneous array of apparel affected since civilian garb has been re-adopted. But even though ununiformed and without the military bearing of the men, they displayed the sharp-lined proud culture of military training in the manner of marching and the quick and efficient response to the sharp command of the officer in charge.

Behind the Stars and Stripes, and the adopted emblem of the American Legion, these men strode forth, military organization, for all the lack of

LEGION SELECTS MEETING PLACE

World War Veterans Choose San Francisco for Next Convention

MINNEAPOLIS, Minn., (AP)—Cleveland chosen as the next convention of the American Legion over San Francisco at the national convention here this forenoon.

The delegates stood silent for a moment at 11 a. m., marking the first anniversary of the hour when firing ceased in the war. Chairman Lindsay asked that the delegates bow their heads in prayer for their comrades who gave their lives during the war.

The committee on convention organization recommended Thomas Houston Miles, of Colorado, as captain, Alexander Johnson, of Rhode Island, as sergeant-at-arms, and the appointment of an executive committee including a representative from each state. This report was adopted upon motion of the Illinois J. P. Burns, of Chicago. Greetings from General John J. Pershing were read to the convention by Chairman Lindsay. Lindsay, at that time, announced that he had accepted the nomination for national head of the American Legion.

Indianapolis was chosen today for permanent national headquarters of the American Legion following Washington, D. C., on the second ballot.

AMERICA UNITES IN CELEBRATION OF VICTORY DAY

Nation Turns with Solemn Pride and Deep Gratitude to Consideration of Heroic Part Played in World Conflict Against German Autocracy by American Service Men; Occasion is Holiday in Dozen States and Everywhere Regarded as Significant

REVISED CASUALTY LIST TOTALS 283,089

WASHINGTON, (AP)—In the midst of the celebration today of the anniversary of the signing of the armistice, the tragedy of war again was emphasized by announcement of a revised list of American casualties, showing a total of 283,089. The list includes 34,826 killed in action, including 332 lost at sea; died of wounds 13,955; died of disease 24,692; died of accident and other causes 5,232; missing in action 215,489; missing in action two.

FRANCE OBSERVES DAY WITH SOLEMN MASS FOR DEAD

PARIS, (AP)—The first anniversary of armistice day was celebrated this morning at the Chapel Invalides with a solemn mass in memory of those who gave their lives in the world war. Marshal Foch, General Pau, and many named soldiers were present. A choir composed of war orphans sang the Te Deum.

GREAT BRITAIN SOLEMNLY OBSERVES ARMISTICE DAY

LONDON, (AP)—The anniversary of armistice day was solemnly observed throughout the United Kingdom today.

SMOOT DEFENDS MORMON CHURCH AGAINST ATTACK

Utah Senator Praises Integrity and Patriotism of the Organization

WASHINGTON, (AP)—Praising its integrity and patriotism, Senator Smoot of Utah today in the senate declared the Mormon church and its members and protected against what he termed the libelous published attacks on that religion. "I protest against the libelous matter that has been published about the country," Senator Smoot declared. "The Mormon church has nothing to conceal. I want the people of the United States to know that so far as polygamy is concerned, it is dead and buried. The Mormon church in the future must find something else to write." Senator Smoot declared he was not in the senate as a representative of the Mormon church but as a representative of the people of Utah whom he said "have been so foully misrepresented."

WORLD NEWS EVENTS

PEKING, (AP)—Official denial is given reports that the Chinese government contemplates opening direct negotiations with Japan over the restoration of Tsing-Tau. The Chinese attitude is that China's claims should await decision by the league of nations.

PARIS, (AP)—The supreme council today received the reply of the Rumanian government to the allied note of October 20. It will be communicated to the various allied delegations.

BERLIN, (AP)—A plot to depose the Sultan of Turkey has been discovered, says a Constantinople dispatch dated on Monday, received here today.

DUBLIN, (AP)—The offices of the Sinn Fein parliament were raided today by the authorities. Nine persons were arrested. Those taken in custody included John O. Mahony, John Hayes and Frank Lawless, Sinn Fein members of the British house of commons. Many documents were seized by the raiders.

HINES CALLS CONFERENCE ASKS RE-COUNT IN OHIO

COLUMBUS, O., (AP)—Ohio last Tuesday voted against ratifying the federal prohibition amendment by a majority of 641, according to complete official returns received today by the secretary of state. The vote was: For ratification 499,579. Against ratification 500,520.

Secretary of State Smith announced that some error was apparent in the complete official vote and that the official returns from nine counties will be sent back to county election boards for correction. He also announced that the official figures from 34 counties would have to be verified. James A. White, manager of the Ohio dry federation has asked for a re-count of the vote.

IDAHO WEATHER
Tonight and Wednesday fair; colder tonight; partly, much colder, saturday.

ESCH EXPLAINS PROVISIONS OF RAILROAD BILL

Members of House of Representatives Hear Interstate Commerce Committee Report on Proposed Policy

BRANDS PLUMB PLAN OF OWNERSHIP IMPOSSIBLE

Blames Guilty Minority for Shaking Public Confidence in Railway Securities and for Creating Serious Problem

WASHINGTON, (AP)—An unusual number of members appeared in the house today to hear Representative Esch, Wisconsin, chairman of the interstate commerce committee, present and explain the bill framed by the committee to provide permanent railway legislation. "No new or strange features are in this bill and it follows no untried plan," declared Mr. Esch. "We build on a foundation already proved to have been well laid, retaining the advantages, such as joint use of terminals, that occurred during government control."

Mr. Esch said all plans proposed to the committee had embodied experiments of long standing. That of the railway brotherhoods, agreed on return to private operation.

The Plumb plan was the only government ownership plan submitted and that called for employee operation as well as government ownership," Mr. Esch said. "Examination of its proponents more fully convinced a committee that government ownership was not and ought not to be the solution of the railroad problem. We came to the conclusion that the Plumb plan was impossible."

The statement brought applause from both the republicans and democratic sides.

Greets Serious Problem

Restoration of railroad credit is a serious problem, Mr. Esch declared. A "guilty minority" by "awful financing" had shaken the public's confidence in the government's financial aid during the period immediately following government control, as planned by his committee. "We must have the government funds," Mr. Esch said, "because rates must be such as to produce revenue for the carriers."

Execution of the plan of creating tribunals for voluntary adjustment of labor disputes was "no panacea for labor ills," Mr. Esch said, but the fulfillment of wage contracts, both by carriers and shippers, was essential that provisions for collection of damages for violations of contracts had been included.

RUSSIANS MAKE COUNTER ATTACK

General Yudenitch Launches Offensive Against Bolsheviks at Gatchina

HELSINKI, (AP)—General Yudenitch is counter attacking with an offensive against Bolsheviks at Gatchina and Luga by the north-west Russian army Sunday. Attacks on the right and left flanks of Yudenitch's army, the statement says, were repulsed with great loss.

Gatchina was entered by the Bolshevik forces on November 3. Advances toward the city have been made along the Izhim river at Petropavlovsk. Both sides are seemingly re-forming for a new series of battles.

By civilian institutions, hospitals, government offices and civilians continues in perfect order. Freezing weather, accompanied by a slight snowfall, makes it difficult for the wounded and the sick and wounded. The American Red Cross has removed a portion of the hospital patients to Helsinki and is sending a contingent of Red Cross personnel, with the exception of doctors and nurses who accompany the sanitary trains, will leave tomorrow for Helsinki.

Administrative and financial conditions become acute here. The American hospital is going to Krakut. Admiral Kolchak Sunday informed Consul General Harris of his intention to continue the struggle against the Bolsheviks saying he was not discouraged by the present reverses.

UNION LEADERS BOW TO GOVERNMENT'S PLAN TO END INDUSTRIAL STRIFE

"We Are Americans; We Cannot Fight Our Government," says John L. Lewis, Workers' Executive, Announcing Organization's Compliance Under Protest with Administration Dictum; Order Withdrawing Walkout Call Goes Out to Locals

DEPEND ON OPERATORS' GOOD FAITH TO NEGOTIATE EARLY SETTLEMENT

INDIANAPOLIS, Ind., (AP)—Judge A. B. Anderson in federal court at ten o'clock this morning approved the order of the executive board of the United Mine Workers of America calling off the strike of bituminous coal miners.

Attorneys for the miners promised to try to have the order in the mails by six o'clock this evening. The attorney was taken following a session of the general committee of the miners, which decided early today to comply with the mandate of the court issued last Saturday. Judge Anderson characterized the order as a "good faith effort" to comply with his mandate. The text of the order follows:

"Indianapolis, Ind., Nov. 11, 1919. To the officials and members of the United Mine Workers of America: Dear Sirs and Brothers: In obedience to the mandate issued on Nov. 8 by the United States court, District of Indiana, Judge A. B. Anderson, presiding, the undersigned hereby advises you that the order of Oct. 15 directing a cessation of operations in the bituminous coal field of your jurisdiction, is withdrawn and cancelled.

"Yours fraternally, William Green, secretary-treasurer. John L. Lewis, president."

The order to rescind was presented to the court by Henry Warrum, Indianapolis, attorney for the miners. After the court proceedings Mr. Warrum, G. C. For Smith, and C. Hubner, Abbia, Iowa, associated counsel, then issued a statement in the presence of the government attorneys, in which the position of the mine workers was stated.

The statement of the attorneys follows: "The operators have repeatedly declared that they were ready to enter into negotiations with the miners if the strike order were withdrawn. The government has taken the position that in the vindication of the law the government's strike order must be withdrawn before they would take any steps to compel the resumption of such negotiations. The issue has been submitted to the court and in compliance with the court's ruling the strike order has been cancelled and withdrawn. It seems to me that good faith on the part of the operators requires them to meet the miners' representatives at once for the purpose of negotiating a settlement of this wage controversy, and that it is the duty of the government to require it to see that such a resumption of negotiations is had at once and concluded without delay."

An order calling off the nation-wide bituminous coal strike was issued today following the decision of the general committee of the United Mine Workers of America early this morning to obey the mandate of United States District Judge A. B. Anderson, issued here last Saturday. The general committee, composed of international officers, district officers and members of an executive board and scale committee, reached its decision at 4:10 this morning and adjourned five minutes later to reconvene at 2 o'clock this afternoon.

"Gentlemen, we will comply with the mandate of the court. We do it under protest. We are Americans. We cannot fight our government. We cannot fight our government. We cannot fight our government. This was the statement of John L. Lewis, acting president of the Mine Workers, announcing the decision, and other members of the conference, apparently with much of their long hours of discussion, declined to add to the statement of their chief and soon dispersed.

Estimates Stored Supply
Director General Hines estimated that the coal held under supervision of the central coal committee aggregated about 15,000,000 tons. This, together with coal in storage and at tide-water, that the stock would be called off, the railroad administration's coal distributing organization will continue to function until "a majority of the coal strike would not have ended until something like normal production had been restored."

Calls for Investigation
Investigation of the strike was proposed by the House on Saturday by Senator Jones, republican, Washington. The resolution was referred to the senate labor committee which will determine whether an inquiry is advisable. The resolution would give the committee authority to suggest any measures.

STORM DISTRICT BASKS IN SUNSHINE BUT COLD WAVE FROM WEST IMMINENT

DENVER, Colo., (AP)—Most of the storm district west of the Mississippi, which yesterday received its first taste of real winter weather, basked in warm sunshine today. Wyoming was an exception.

The blizzard which started in that state last Saturday night apparently had not blown itself out, and at some places the mercury was still near zero. The storm was still in the act of moving westward and a cold wave from the north was predicted in a special warning received by the local weather bureau from the central forecast station at Chicago. There is a shortage of fuel in some parts of the state.

Montana in Cold Grip
HELENA, Mont., (AP)—The thermometer registered 8 below zero at Butte today and the entire state covered by a heavy snow which fell yesterday and last night. Zero and near zero temperatures were reported from many parts of Montana. The coal supply is reported to be low throughout the state.

COMMUNIST IS PRIVILEGED IN SOVIET RUSSIA

Former Small Land Owner in Samara District Gives Illuminating Description of Life Under Bolshevik Regime

OMSK, VIA VLADIVOSTOK (AP)—Communists and their sympathizers constitute the privileged class of Bolshevik Russia, says M. F. Toonin, formerly a small land owner, in the Samara district. Toonin has lived there under Bolshevik rule since December 1918 but lately arrived at Omsk. He gives an illuminating description of life under the Bolshevik regime.

The civil government of the Samara section is in the hands of an executive committee, he said. This committee controls the judicial and military affairs. The control of production and manufacturing industries is subject to a Council of National Economy, which is subordinate to the executive committee.

Four Categories

The population is divided into four categories. The first of these is comprised of communists and their sympathizers. The second category is composed of employees of soviet institutions, the third of ordinary citizens, and the fourth category of officers, their families and the bourgeoisie, the formerly middle class.

Only communists and their sympathizers enjoy the right of election to the Council of National Economy. To them are assigned the best homes and lodgings. Their property is not subject to requisition. Under the rationing system they are allowed one pound of meat a day while none of the others receive more than one ounce a week. Their full requirements of fuel is allotted to them, while that of the other classes is cut one-half or less.

The communists are allowed thirty pounds of baked goods a month while the allotment to the other classes ranges down from 25 pounds to nothing. Textiles and footwear are permitted to communists and soviet employees only.

No Rights for Bourgeoisie

People of the fourth category, officers, their families and the bourgeoisie, have little or no rights. No food or fuel is rationed to them. Ordinary citizens, comprised by the third category, receive one-half less than the ration allotted to the communists.

All houses have been appraised and the amount of more than 100 million American dollars. Lodgings are distributed to the inhabitants and no distinction is made between house-owners and lodgers. All pay alike the established rate for lodgings.

The houses of commissioners and their friends are virtually exempt from appraisal. The belongings of all people, even their clothing and effects are listed. Each person is allowed to have a chair, some plates, a spoon, fork, etc., and two changes of linen. The rest is taken away and put in warehouses. There are no articles of household utility nor clothing on the market and none is produced. The soviet controls the distribution of necessities from the warehouse.

Revolts Frequent

Revolts against requisitioning of their products are frequent among the peasants, but they are put down with the utmost cruelty. Toonin says that in Stavropol such a revolt resulted in the massacre of 6,000 persons, men, women and children.

Factories are shut down for lack of fuel and raw materials and workmen who faced starvation were driven to serve in the Red Army.

RAT FAMILY NUMBERS
48,319,698,843,030.
344,720 IN 10 YEARS

LONDON (AP)—In ten years the descendants of a single pair of rats, if allowed to multiply undisturbed, would number 48,319,698,843,030, according to figures prepared for the board of agriculture by a well known scientist. This calculation is an incident of the country-wide campaign being waged against rats, which are said to do a yearly damage to the United Kingdom amounting to \$200,000,000.

You would call that merchant an affair who failed to bring in a offering of real merit. Read the ads.

Physicians Object to Nationalization

EISENHACK, Germany, (AP)—German physicians in their annual convention here have unanimously voted against the government's proposal that all physicians be made state employees. The physicians opposed the idea because they say it is necessary for them to maintain confidential relations with their patients.

FOREIGN TRADE IS SENSITIVE

Americans Must Mend Ways to Compete with Europe in Latin America

SAN FRANCISCO, (AP)—American business houses must mend their ways if they are to compete with European manufacturers in the Latin American trade, according to H. H. Miller, proprietor of a large brass foundry in Torreon, Mexico, who will be a delegate to the National Foreign Trade council which will convene here next week.

There are four practices American houses perform, or fail to perform, which are discrediting them in the eyes of Latin American buyers, according to Mr. Miller. The first and most pernicious practice, he says, in a letter to the chamber of commerce here, is the failure to observe shipping instructions. If a points out that every country has different customs requirements, methods of transportation, etc., and that few American houses are conversant with these. To make the matter worse, he emphasizes, when given detailed instructions for shipment, the American houses ignore them.

Substitution of articles ordered and failure to pack properly are other points Mr. Miller. The first and most pernicious practice, he says, in a letter to the chamber of commerce here, is the failure to observe shipping instructions. If a points out that every country has different customs requirements, methods of transportation, etc., and that few American houses are conversant with these. To make the matter worse, he emphasizes, when given detailed instructions for shipment, the American houses ignore them.

Of substitution, he says: "This may work all right in the states but not Latin America. 'If a Mexican peon has been using a 'John Brown' plow with a red handle and likes it he will want another just like it. If you show him exactly the same plow with a green handle he will not buy it. You must cater to his whim and paint his plow handle red if you want to sell him one."

American business houses are also lax in handling correspondence, Mr. Miller asserts. "The average Mexican business man will write a polite acknowledgment of even a circular letter so why he sends an order or writes a business letter he expects an answer even though from an American business man's standpoint an answer may not really be necessary."

Failure of American concerns to correct and revise their methods of doing business, will certainly mitigate against them in the Latin American trade field, Mr. Miller emphasizes.

CALLS GRAIN SMUGGLING ECONOMIC TREASON, ACT

German Writers Score Tactics of Those who Avail Themselves of Demand of Holland

BERLIN, (AP)—"Economic treason," is the term applied by German writers to those who in the past month since the gathering of the wheat harvest have sold great supplies of grain to Holland, obtaining a better price than the grain sells for in Germany and yet allowing the Dutch buyers to make a huge profit.

The smuggling of grain across the border is a fairly easy matter, and so the German farmers in the west have been sending tons across into Holland. There is a legal provision forbidding the exportation of wheat, and other cereals, and a punishment of from a month to a year imprisonment, as well as fines up to 1,000 marks, but threatened punishment is insufficient to stop the practice.

YIKES EBERT'S SALARY

BERLIN, (AP)—President Ebert's salary has been fixed at 100,000 marks by the budget commission, which also placed a similar sum at his disposal for incidentals for which he is to give a strict accounting.

COUNTRY'S CORN CROP IS 3 MILLION BUSHELS

Government Issues Interesting Estimates of Year's Farm Yields

WASHINGTON, (Special)—Crop production estimates issued by the department of agriculture in its November crop report include:

- Corn, 2,910,250,000 bushels.
- Sorghum, 3,208,000 tons.
- Potatoes, 352,925,000.
- Sweet potatoes, 102,946,000.
- Tobacco, 1,916,533,000 pounds.
- Peanuts, 9,450,000 bushels.
- Pears, 13,628,000 bushels.
- Apples (total), 144,429,000.
- Apples (commercial), 24,416,000.
- Sugar beets, 7,208,000 tons.
- Kaffir (six states), 123,343,000 bu.
- Cranberries (three states), 546,000 bushels.
- Onions (fourteen states), 10,784,000 bushels.
- Cabbage (nine states), 388,000 tons.
- Sorghum syrup, 33,668,000 gallons.
- Clover seed, 997,000 bushels.
- Peanuts, 44,000,000 bushels.

The quality of corn was announced at 89.1 per cent, compared with 85.6 last year.

POSTAL AIR SERVICE TO BE EXTENDED TO OMAHA

Improved Facilities to Provide for the Trans-Continental Mail Deliveries Promised by Officials

WASHINGTON, (AP)—Extension of the New York-Chicago daily postal aerial service to Omaha, Neb., by December 15, and the placing in service with in a week on the New York-Chicago route of new twin-motor mail machines capable of carrying 1000 pounds, or 60,000 letters—average twenty-four-hour accumulation of mail in New York for Chicago—were among the improvements of the aerial mail service announced by Assistant Postmaster General Fraeger. It has been announced that the service soon may be extended to San Francisco.

FOURTEEN MEN GO TO GOODING

Confident Local Grid Squad is Combating Enemy on Foreign Field Today

Two teams with but a single change will clash in the gridiron today to win a game that'll be hard fought.

A stiff fight comes off in Gooding this afternoon when Twin Falls and Gooding clash on a muddy gridiron before a large holiday crowd huddled by scores of Twin Falls people.

Fourteen players went through a short workout yesterday afternoon before leaving by auto for the enemy's country. The coaches have been working overtime of late in order to get the Bruins in shape for one of the hardest battles of their careers. Coach Desman has made no comment concerning the final outcome of the game today, and the men are expecting a victory by a narrow margin.

The locals are handicapped by playing so soon after the Burley contest and on foreign soil at that, but these facts are balanced by the great improvement manifest in the Twin Falls bunch since their defeat at the hands of Gooding nearly four weeks ago.

Captain Watson took the admittance of "Bring home the bacon" literally last week before the Burley game and yesterday presented Superintendent of Schools Blue with a large slab of Burley's best. It was a sure bet that Mr. Blue will be handed another toothsome morsel, says the football men, when the team returns from Gooding.

The line up which has been used to start the past two games has been found so successful that it will probably not be changed today. With Strubbe at center, Kuhn and Bailey at tackles, Newman and Hansen at guards, Denton and Putzier at guards and King, Phipps, Watson and Kronig at ends, the line-up that is a menace to Gooding's "one man" team. Carter, Irwin and Epler also accompanied the team yesterday, while Schwartz, Fitz, Taylor and assistant coach Weaver left for Gooding this morning.

The standing of southern Idaho football teams:

Team	Won	Lost	Pct.
Buhl	4	1	.800
Gooding	2	1	.666
Rupert	3	2	.600
Twin Falls	2	4	.333
Burley	1	3	.250

STUDS GONE CRAZY

MOSCOW, (AP)—In the interests of both economy and health, students in the junior and senior classes of the University of Idaho here have adopted corduroy trousers and flannel shirts as official garb. Twin Falls reports that the students will be required to carry canteens with the new apparel.

UNIFORMS OF SERVANTS CAUSE OF CONFUSION

Similarity of Gorgeous Raiment Makes Difficult Distinguishing Between Footman and Field Marshal

LONDON, (AP)—The gorgeous uniforms of the dignified English servants who are always in attendance at all official receptions has been the cause of confusion upon which the pride of more than one foreigner has been wrecked. The initiated is never sure as he approaches one of these magnificent attendants, whether the latter is a field marshal, or a footman. Witness the disfigurement of His Highness Prince Feisal, son of the King of the Hedjaz, at the great reception in the Guildhall, England's returning hero, Field Marshal Viscount Allenby.

The Arabian prince, clad in his official robes of gold and red, was one of the most famous men at the Guildhall. Always punctilious in the extreme, His Highness made his way into the ancient hall, bowing to right and left as he met the solid and stately men of the country. He neared one who, wearing wonderful raiment adorned with yards of heavy gold lace, appeared to be greater than the others. The prince bowed deeply—to the Lord Mayor's flunkie.

FLEU POISON IS KIDNEY POISON

So is rheumatism, backache, sciatica, and lumbago, and are due directly to kidney poisoning. Brief Bits of Sport

Marie Plottina had a money-making romp in Everett, Washington Saturday night. The sturdy Latin flopped a couple of local fights in a half hour.

W. C. Blomaster has quit as coach of the Idaho football team. He had too much other athletic work to perform, he says. E. F. Hutchison has been assistant coach this season, and will have charge of the grid outfit.

The way these matched grapplers do abuse each other, really, is almost criminal. Before the Santol-Petroff bout in Boise last night Petroff's manager called Santol a nasty thing, and Ad told the retort sarcastic.

Of course it all had an effect on Boise's foolible sport-loving public.

A press agent now kicks in with the statement that Bob Martin won his fight against Joe Bonds with only one hand.

Said p. n. declares Bob broke his right mitt flogging Joe's head early in the fray and was forced to stop the Tacoma with his left hand.

And James J. Corbet, "Gentleman Jim" comes through with a statement that the world's series was not on the square.

Being a pugilist of the old period, and the man who is generally presumed to have been in the ring against Jimmie Jim Jeffries into the ring against Jack Johnson a doped man, Jim should know a lot about the crooked end of sport things.

Tommy O'Brien, crack lightweight scrapper of Los Angeles, is to meet Young Gilbert, of Salt Lake, in Salt Lake tomorrow night. These boys headline Hardy Downay's hebdomadal scrap bill at the Manhattan club.

Already coast club directors are figuring on training spots for next spring. The Seals' management has eyes on Fresno.

Charley Mullen thinks there's nothing to the talk that Mike Kelley, of St. Paul, is to be manager of the Seattle club next season.

Charley believes in himself for the job and is already making mentorship plans. He is even planning to buy the Tillamuc, so he can run the club.

Besides being a first class ball flinger, or Hot Eiler, of the Red staff, is something with the gun. He recently cracked 160 clay pigeons out of 180 chances.

Duffy Lewis, former star outfielder of the Red Sox, has quit the ball game and will devote his attention to selling auto tires. A New York millionaire is backing the former ball star.

Sim Smiley, agebrush sage, says: "Yew'll notice a lot of 'em hysterical fellows that celebrated their peace canard with a big hurro more than a year ago ain't a-wearin' any Red Cross buttons for the 1920 drive."

MAY ORANGE SCENE

SEATTLE, WASH., (AP)—Cully Wilson, Seattle hockey star, may go to the Toronto club of the eastern Canadian National Hockey league this year in exchange for Skinner and Adams, two Toronto players, according to early reports circulated here. Bobby Howe, captain of last season's championship Seattle team, has signed his contract to play with the local this coming winter.

BENNY LEONARD WHIPS WELTER

Lightweight Champ Gives Ten Pounds and Then Rocks Soldier Bartfield

JERSEY CITY, N. J., (AP)—Concealing almost ten pounds, Benny Leonard, world's lightweight boxing champion, easily defeated Soldier Bartfield of Brooklyn, in an 8-round contest at the Fourth Regiment armory here last night.

Leonard weighed 136 1/4 and Bartfield 148. Leonard rained punches upon his heavier opponent throughout the bout and took the honors in every round.

A wild swing that landed on the champion's head sent him to the ropes in the fifth session, but he recovered quickly and was back again, sending fast rights and lefts to Bartfield's head. In the sixth and seventh round Leonard scored a half dozen hard rights to the head but too high to be effective.

Mel Coogan of Brooklyn, outfought Johnny Dundee of New York in five of the eight rounds in their contest. Coogan, who weighed 132 pounds, two more than his opponent, adopted Dundee's jumping tactics and took every round until the sixth in which Dundee fought a no-decision match.

Charlie White of Chicago beat Mike Paulson of Minneapolis, a lightweight, by a shade. The last two sessions were even.

HAS BUM MITT, TOO

MINNEAPOLIS, Minn., (AP)—Bob Martin, heavyweight champion of the A. E. F. knocked out Jack Moran of St. Louis in the third round of a boxing bout here last night.

Mike Erie of St. Paul and Pat Moore of Memphis, bantamweights, fought a no-decision match.

Charles White of Chicago beat Mike Paulson of Minneapolis, a lightweight, by a shade.

"SKEETER" SHOWS POORLY

PHILADELPHIA, (AP)—Joe Benjamin of Jersey City in a six round bout here last night. Benjamin had the advantage of every round.

DONNELLY WINS

MILWAUKEE, Wis., (AP)—Mickey Donnelly, Newark, N. J., lightweight, outpointed Jimmy Hanlon of Denver in a fast ten round no-decision boxing bout here last night, sporting writers agreed.

ANOTHER MARK

DETROIT, Mich., (AP)—Mike O'Dowd of St. Paul, middleweight champion, knocked out Jimmy "Butch" O'Hagan of San Francisco, defeated Johnnie Drumme of Jersey City in a six round bout here last night. Benjamin had the advantage of every round.

STILL PLAY BILLIARDS

CLEVELAND, (AP)—Pierre Maupome of Milwaukee had his first game in three cushion billiard championship tournaments here last night to Clarence Jackson of Detroit by 50 to 46 in 76 innings. In the other game last night Bobby Howe, captain of last season's Canadian National Hockey league this year in exchange for Skinner and Adams, two Toronto players, according to early reports circulated here. Bobby Howe, captain of last season's championship Seattle team, has signed his contract to play with the local this coming winter.

Milwaukee Out for Star Card in Ring Bout

Hot Session for Mitt Battles Already Started in Cream City

It takes competition, and keen competition at that, to make boxing promoters sit up and take notice, which in other words, means that it takes rivalry to awaken ring promoters to the fact that it is necessary to put on high class attractions in order to draw the fans to the ring.

This line of thought is prompted by the action of Milwaukee promoters, who announce that the winter season in the Cream city is going to be one of the greatest for a fistie standpoint since boxing became a legalized institution in the Badger state some ten years ago.

Milwaukee started the ball rolling in staging a battle between a pair of high class lightweights, Johnny Dundee and Willie Jackson. Friday night Dundee was a hairline decision over Jackson. Dundee and Jackson, if Champion Benny Leonard is eliminated from consideration, rank as about the best there are in the game. There are fighters, the kind of scrappers who give the fans a run for the thinkers and they always can be depended on to make an interesting contest.

Penchant for Native Talent

The Cream city in the past has been somewhat prone to spotlight the "native talent" and that meant frustrating Mitchell, Bog Moha, Pinkie Mitchell, or other Milwaukee boys against boxers from other cities. For a time that plan worked successfully but such a scheme always in time wears out, for the fans want to see the best boys in the game, and that is impossible, as long as one-half of the entertainment is produced by the "home talent."

It is the reason Dundee and Jackson were brought from New York to appear in the Badger City. That is the reason other boxers of class from different parts of the country will be forced to appear in Milwaukee. Unless, this goes wrong, there will be better bouts than have been seen in the Wisconsin city in recent years.

Perhaps some of the fans will wonder why this activity by the Milwaukee promoters, and where the competitive angle "comes to bat." That's easy to answer. One needs only to scan the newspapers of the last month and read what has been going on in Milwaukee. The City of Straits is near enough the Cream city to make boxing competition possible and since boxing became legal in Michigan, Detroit has been making a big play. Twice inside of six weeks Benny Leonard, light weight champion, appeared there and his appearance drew crowds which made the shows profitable. One of those shows drew more than \$15,000 at the gate, which show can be termed successful.

So, you see that Detroit is making such strong play, it is up to Milwaukee to perk up and get in the running. And Milwaukee seems determined to do that, judging by the start made with the Dundee-Jackson tilt. Perhaps Benny Leonard and some lively opponent will be the next attraction secured.

Andrews in Australia

Tom Andrews, who previous to this year always arranged the Milwaukee cards, will not do so this winter. Andrews is on his way to Australia with a string of American boxers and presumably will remain there until next summer.

mor. In his place Otto Borchart is acting as boss of the fistic doings, and it is Borchart's plan to go after only big matches, the kind that will draw home fans and attract the fans from Chicago as well as Milwaukee.

Chicago fans are unfortunate enough not to be allowed to witness boxing performances at home, but they don't hesitate to spend the coin to go to Milwaukee to see a battle if the boys performing are topnotchers. It costs a nice piece of coin, too, to make that trip, when one considers the railroad fare, a dinner on the price of a dust to the mill. Still, what's the jack when a fellow has it and can spend it and gets action for it!

Chicago Fans Pay \$18,000

One only needs to point back a few years to that clash in Milwaukee's big auditorium between Willie Ritchie and Ad Wolgast, which drew a gate of over \$30,000, to show what fans will do with their money when a real attraction is offered. More than \$15,000 of that \$30,000 was paid out of Chicago pockets at that show and there never has been a gate for a light weight contest of their money when a real attraction is offered. More than \$15,000 of that \$30,000 was paid out of Chicago pockets at that show and there never has been a gate for a light weight contest of their money when a real attraction is offered. More than \$15,000 of that \$30,000 was paid out of Chicago pockets at that show and there never has been a gate for a light weight contest of their money when a real attraction is offered.

SECOND FOOTBALL TEAM BATTLES FILER TODAY

The Twin Falls second team engages with Filer's grid eleven this afternoon on the latter's field. The team will line up as follows: Fucker, center; Decker and Porterfield, tackles; Garrison and Henstock, guards; Shelton and Sheneberger, ends; Yochum, Hertz, King and Stearns in the backfield. Substitutes are Robertson and Bice.

The junior team won its only game of the season when it defeated Wendell two weeks ago on the home gridiron. A return contest is scheduled for Friday at Wendell.

CONNIE GETS READY

LAKE CHARLES, PA., (AP)—Connie Mack has chosen Luke Charles as the training place in the spring for the Philadelphia Athletics, it was learned last night, when arrangements were completed for the pitching staff to be quartered here. The twirlers will come February 23, and other players one week later.

SIX BILLION FRANCS IS SWITZERLAND'S WAR LOSS

BERNE, SWITZERLAND, (AP)—Six billion francs is the sum representing the loss suffered by Switzerland, as a result of the war, according to an estimate by M. Sarasin, president of the Swiss Bankers union of this city. Of this 2,400,000,000 francs are accounted for by depreciation of German securities and 1,500,000,000 francs by depreciation of Austro-Hungarian securities, held by Swiss citizens.

The losses suffered by the hotel world are put down as amounting to 400,000,000 francs. The majority of Swiss private fortunes are invested in foreign government and foreign industrial undertakings, the value of which has declined from 40 to 50 per cent.

Boyd Hospital LABORATORY

Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculous glands, bacterial examinations of pus spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

Satisfactory Dentistry

Every Dentist Member of the E. R. Parker System is registered and experienced.

There are no students employed in any of the 24 offices where the System is used.

These Registered Dentists stand behind all work they do.

When you have dental work done under the E. R. Parker System, you may be sure of one thing—and that is good dentistry.

There is probably no other thing more satisfactory than satisfactory dentistry.

THE DAY'S SIGNIFICANCE

America today joins with her allies in the world war in celebration of the first anniversary of the signing of the armistice which meant the defeat of the menacing power of German autocracy.

The event has a special significance for Americans. It is destined to be observed in succeeding years as a rebirth of American independence.

The central figure in today's celebration, so far as Americans are concerned, is the American service man.

America today gives expression to gratitude, pride and confidence—gratitude to her service men for their determined stand against the menace to American institutions and liberties, and pride in the effective manner in which their work was performed—and confidence that they will stand as true in the future, the bulwark of American institutions and liberties which they fought to defend.

AMERICANISM VINDICATED

There is much of reassurance during these days when the public is being constantly pelted with information of the pernicious activities of anti-American radicals, in the announcement of the decision of the United Mine Workers of America, through its general committee, to obey the mandate of the United States district court and recall the order for a strike of 425,000 bituminous coal miners of the nation.

The meeting at which this decision was reached was probably the most momentous ever held by the miners' organization, if not the most weighty ever conducted by a labor organization in this country, for, in the view of labor leaders, it was to determine whether an organization would be forced by governmental pressure through the courts to discontinue a strike when apparently all of the members of the

union were behind the walkout which was being conducted without any form of violence or damage to property. Labor in general, as represented by the executive committee of the American Federation of Labor, had offered its unqualified support to the miners in their strike, while obedience or disobedience of a federal court order hung in the balance.

It was no easy matter to reach the decision announced this morning. Much is revealed in the statement given out by Acting President John L. Lewis of the mine workers. He said: "Gentlemen, we will comply with the mandate of the court. We do it under protest. We are Americans. We cannot fight our government. That is all."

The decision means not only that the cause of Americanism among the miners has triumphed, but also that better judgment has prevailed.

Adoption of this policy guarantees to the miners a much more cordial hearing in their case than could have been obtained in any other manner.

The miners have vindicated their Americanism. It is up to the rest of us now to see to it that their reward is forthcoming in consideration of their demands at a hearing which Americanism requires shall be fair beyond question.

Classified

(Too late for classification.)

Today's Markets

Chicago Livestock: CHICAGO, (AP)—Hog receipts 53,000; slow, 25c lower; bulk \$14.75 to 15.15; top, early, \$16.35; heavy, \$14.00 to 15.15; light, \$14.95 to 15.15; heavy packing sows, smooth \$14.50 to 14.75; packing sows, rough \$14.15 to 14.50; pigs \$14.50 to 15. Cattle receipts 15,000; strong; beef \$16.00 to 15.50; medium and heavy weight, choice and prime \$18 to 19.00; common \$8.75 to 11; heifers \$6.60 to 14.75; cows \$6.50 to 13.55; canners and cullers \$5.50 to 9.50; veal calves \$17.50 to 18.50; feeder steers \$7.25 to 13; stocker steers \$6.25 to 10.25; western range, steers \$7.50 to 12.55; cows and heifers \$5.50 to 9.50. Sheep receipts 25,000; firm; lambs \$12 to 14.75; culls and common \$8.50 to 11.75; ewes, medium, good and choice \$9.75 to 8.25; culls and common \$3 to 6.50.

Chicago Produce

CHICAGO, (AP)—Butter: Higher; creamery 55 to 68 1/2c; eggs higher; receipts 1,000; first 62c to 63c; ordinary first 53 to 56c; at mark; cases included 53 to 59c; storage packed first 62 1/2c; poultry alive higher; springs 25c; fowls 25c.

Grains and Provisions

CHICAGO, (AP)—Corn prices weakened today owing largely to announcement that representatives of the mine workers had voted to rescind their order to strike. Better weather continued also as a bearish influence. Selling pressure, however, was not moderate. Opening prices, which ranged from 5 1/2 to 1 3/4c lower, with December \$1.32 to 1.33 and May \$1.25 1/2 to 1.25 3/4c, were followed by a slight rally and then by a lower than before.

Subsequently, the fact that cash wheat prices were but little affected by the government offer to resell wheat led to a rally in the corn market. Closing quotations on corn were unaltered at the same as yesterday's finish to 3-4c lower, with December \$1.33 to 1.33 1/8 and May \$1.26 1/2 to 1.26 5/8.

Omaha Livestock

OMAHA, (AP)—Hog receipts 3,500; market steady to the higher; top \$15.25; bulk \$14.85 to 15.15; heavy weight \$14.10 to 15.25; light weight \$11.75 to 15; heavy packing sows, smooth \$14.50 to 14.80; packing sows, rough \$14.70 to 14.80; pigs \$14 to 15.25. Cattle receipts 7,500; market 15 to 25c higher; best steers, medium and heavy weight, choice and prime \$17 to 18.25; common \$9 to 10.75; heifers \$10 to 12.55; cows \$7.75 to 12.55; canners and cullers \$5.25 to 9.75; veal calves \$13 to 14.50; feeder steers \$7 to 13; stocker steers \$6.50 to 10.75. Sheep receipts 11,000; steady, lambs \$4 pounds down \$13.25 to 14.75; culls and common \$8 to 12.50; yearling wethers \$10.25 to 11.00; ewes, medium and choice \$7.75 to 8.25; culls and common \$3.50 to 7.75.

Featuress

CHICAGO, (AP)—Indiana files: Arrivals 7,000; Northern Whites \$2.70 to 2.90; Early Ohio \$3.15 to 3.25; Idaho \$3.25.

CALLS MEETING OF MINERS AND THE COAL OPERATORS

(Continued from page one) ures for federal action to prevent recurrence of similar strikes. Senator Norris, republican, of Nebraska, said the resolution should be broad enough to authorize investigation of Judge Anderson's injunction order.

Government officials here received with undiminished relief news of the announcement in Indianapolis early today that the executives of the United Mine Workers of America had voted to call off the nation-wide strike of soft coal miners as directed by Federal Judge Anderson. Just what the next move would be could only be conjectured early today.

As late as last night Attorney General Palmer stated that President Wilson's offer for a peaceful settlement of the differences between the miners and operators still was open through negotiation or arbitration. Whether the mine workers in reaching their decision had in view a request that the president name a board of arbitration as he had suggested, was not known here, but it was believed such a suggestion would speedily come either from them or from the government.

Labor Leaders Surprised

Labor leaders here who got their first word from Indianapolis through press dispatches, were distinctly surprised by turn of events. Frank Morrison, secretary of the American Federation of Labor, when told of the announcement by Acting President Lewis of the miners' organization, re-

fused to say anything. Edgar Wallace, legislative representative of the miners, who had been waiting for hours to hear what happened, likewise was silent, and other officials at federation headquarters declined to comment on the settlement. Some officials said a statement might be issued later in the day by President Campers or the executive council.

There was much discussion among labor leaders as to how the miners themselves might view the action of the Indianapolis conference in calling off the strike. One of the spokesmen for the union said large numbers probably would go back to work today and stay out tomorrow, while many felt today would work tomorrow.

Mr. Wallace thought there would be no difficulty now in negotiating a new wage agreement with the operators.

Operators Are Silent: There was no statement from the executive committee of the operators. It being explained at committee headquarters that this would come from Thomas T. Brewster of St. Louis, head of the scale committee.

Mr. Brewster, on his arrival here today from St. Louis, declined to comment on the settlement of the strike.

"So far as the operators are concerned the situation is unchanged," Mr. Brewster said. "We have always been ready to resume negotiations with the miners when the strike was called off."

Mr. Brewster was in conference today with a number of operators, who came here with him, and later they went to the office of Fuel Administrator Garfield.

Federation to Meet

The executive council of the American Federation of Labor was to meet this afternoon and it was said at federation headquarters that no statement on the strike settlement would be forthcoming in advance of the meeting.

UNION LEADERS SHOW TO GOVERNMENT'S PLAN

(Continued from Page One) of the conference the sergeant at arms disappeared.

Speakers Impassioned: The speakers at times were impassioned and voices from the hall rose above the hubbub of the hotel in which the conference was held, but only a word now and then was distinguishable. It is understood that all phases of the question were argued and the effect various actions might have on the organization entered into the discussion, but according to members not a vote was taken on any subject until the action early today was decided upon.

Shortly after the conference adjourned, President Lewis and Wm. Green, secretary-treasurer, held a long conference in the parlor of the hotel. Developments after this conference came rapidly.

Opens Way to Negotiations

The recall of the strike order will open the way immediately for a resumption of the negotiations between the miners and the operators, as the operators have announced that they

would be ready to consider a new wage agreement at any time the strike order was withdrawn. It is also understood that the question of arbitration entered largely into the discussion in the final stages of the meeting, but the miners' position on this subject was not announced.

The question of just how many of the coal miners would obey the order rescinding the strike is problematical. In some districts it was considered that the resumption of work would be general, while in others it would be only partial and in some, it was said, the return would be very slow.

OHIO MINERS REFUSE TO OBEY GOVERNMENT POLICY

COLUMBUS, O., (AP)—Declaring they would tear up their union cards before they would strike in defiance of the government, 132 coal miners, employed at a stripping mine near Hopdale, Jefferson county, resumed work before news came of the miners' organization decision to recall the strike order. Notifying the union officials not to send any further instructions to walk out.

COAL MINERS OF TEXAS TO OBEY OFFICIAL ORDERS

FORT WORTH, Tex., (AP)—Bituminous coal miners of Texas today obeyed instructions of their national officers to return to work, as soon as the formal order is received, according to a statement made today by Ed Cunningham, a state miners' official.

WASHINGTON MINERS WILL PLACED RETURN TO WORK

SEATTLE, Wash., (AP)—Representatives of the thirty-six Washington locals of the United Mine Workers will meet as soon as possible to make plans for returning to work, the state district secretary of the mine workers said today.

SAYS IOWA MINERS WILL DIBERGAARD RESCINDING ORDER

DES MOINES, Ia., (AP)—Iowa miners will not return to work in spite of the rescinding of the strike order, in the opinion of Joseph Morris, vice-president of district No. 13, United Mine Workers of America, expressed here today. J. C. Lewis, district president, is expected back from Indianapolis tomorrow.

"The men are determined to stay out until the strike is legally stopped out until the strike is legally stopped," Morris explained. "The national officers have not the authority to call off the strike and I feel certain that this order of revocation of the strike order issued because of force, will have no effect on the local situation."

Morris explained that the strike order was issued as a result of an order of the national executives to the officers and in his opinion the national officers did not have the power to rescind that order.

There's little profit in following the policy of "skipping around" in securing the best price quoted on a commodity. Read the ads.

AMERICAN UNITES IN CELEBRATION OF VICTORY DAY

(Continued from Page One.)

Two minutes of silent thought were given the dead, not only in the kingdom but in British colonies over all the world, at 11 o'clock this morning, the hour when the armistice took effect a year ago.

The most impressive scenes were witnessed everywhere as the solemn moments were observed. Civil employes stood still at their posts. Judges in their courtrooms, cabinet members in the senate, and wherever they happened to be, and all grades of military and naval men ceased their duties and stood at attention when the clock struck and the rockets burst that signalled the hour. Every man bared his head and in many instances men and women stood sobbing in the streets.

Afterward the bands in the open spaces played the Dorylogy, God Save the King, and The Bugler's Last Post. Thousands of persons gathered around the monuments erected to the soldiers, and deposited wreaths.

COUNCIL TAKES ACADEMIC TURN

Weekly Meeting Resolves into a Study of Mathematics on Assessments

Speaking in a general sort of way the biennial session of the town legislature last night was a school in mathematics, with everybody from mayor through the line of councilors, to the city engineer, legal adviser and even non-speakers attending a meeting of the town council.

The academic proceedings resulted from the final decision to stand pat on the present plan of assessing property on the paving, and were accentuated through the need for determining how to arrive at an equitable proportion of assessment for the work to be done.

Announcement was made that the first assessment rolls were made up on a basis of estimate submitted by the city engineer. The contract award for the paving is slightly higher than the engineer's estimate, but cannot be lowered further than has already been done. It became necessary, therefore, to revise the assessment rolls to conform with the contract award, and to arrive at a base for this took long and earnest consideration on part of the municipal deliberants last night.

Adding to the complexity of the situation was a need for determining and determination of which of the two kinds of paving shall be used on certain streets. This was a question requiring profound consideration and much discussion. The whole matter was threshed out to the satisfaction of the council, and the city engineer has been instructed to wear "govern-ment" boots in further assessment figure fixing operations. He has promised to have a complete report for the next meeting of the council. All of the main street is to be paved with bituminous and bitulithic material and Blue Lanes boulevard, on the north past the Washington school will be surfaced with light standard material.

Reinforcing that the news of confusion caused by an intense consideration of all the phases and parts of the milk ordinance the real kernel of Dr. W. A. Fallon's visit here is all a few weeks back was overlooked, a request was last night made that the federal veterinary surgeon be requested to repeat the visit and tell the council he has to talk about the meat and butchery situation in Twin Falls.

It will be recalled that Dr. Fallon, who is located here for the purpose of conducting government tuberculosis tests of dairy herds, some time ago asked permission to tell the municipal administration something concerning the meat and butchery situation in Twin Falls. In his letter of explanation he stated emphatically and without reservation that the meat was being offered for sale in all its forms, including raw beef which, he explained, is very susceptible to tuberculosis. He recommended the employment of a regular city meat inspector to look after the improvement of meat supplies here.

Personals

Miss Jessie Sayre left this morning for New York state, where she will remain about six weeks with relatives. Miss Sayre has been in poor health some time and hopes to be fully restored by the eastern, her native, climate. Returning west Miss Sayre will probably reside in Pocatello.

J. T. Oakhill of Burley was a Twin Falls visitor yesterday.

Dr. T. O. Boyd motored to Gooding yesterday on professional business. His daughter, Mrs. Lydia Boyd Keogh accompanied him.

Mrs. James Summers of Jerome is a guest at the home of her niece, Mrs. I. B. Perrine.

M. J. Lewis of Boise is transacting business in Twin Falls.

Dr. and Mrs. Altheo of Burley are Twin Falls visitors.

W. A. Thompson of Boise is a business visitor in this city.

O. D. Heller of Pocatello is a business visitor in Twin Falls.

Granville Haight motored to Oakley today to bring his wife and baby home. They have been guests for the past week at the home of Mr. Haight's parents, Mr. and Mrs. H. D. Haight.

Ivan G. Lincoln, one of the directors of the canal project, is a Twin Falls visitor from his home at Filer.

F. H. Adams, prominent merchant of Paul, is in the city for a brief visit.

Mr. and Mrs. Frank Somsen, of Murtaugh, are in Twin Falls for a combined business and pleasure trip.

C. A. Terbuue of Burley, transacted business in Twin Falls yesterday.

Miss Harriet Warner returned to Rupert Sunday evening with Mr. and Mrs. Marion Betty for a brief visit at their home.

FRAZIER MAKES DEMANDS

Requires North Dakota Operators to Reach Agreement with Strikers

BISMARCK, N. D., (AP)—North Dakota lignite coal mine operators have until six p. m. today to reach an agreement with 1,500 striking miners in this state or the state will make over operation of the mines. This was the ultimatum issued to the operators by Governor Frazier last night, with the state in the grip of one of the worst blizzards in many years. The miners demand a sixty per cent increase in wages.

HAYS CALLS MEETING OF G. O. P. NATIONAL COMMITTEE

CHICAGO, (AP)—Chairman Will H. Hays today issued a call for the republican national committee to meet at 11 a. m. in Washington, D. C. December 10, to fix the time and place for the next republican national convention. Apparently the fight for the convention will be between Chicago and St. Louis.

GOVERNMENT AGENTS ARREST ITALIAN AGITATORS IN UTAH

SALT LAKE CITY, Utah, (AP)—Two Italians, alleged to have been active in anti-government activities in the coal region in Carbon county, Utah, were arrested by government agents at Helper today. Dave Gursion, head of the department of justice bureau here says the Italians will be held awaiting deportation on the findings by the department of labor.

QUIET FERVOR PREVAILS IN THE CELEBRATION

(Continued from Page One)

equipment. They bespoke in the swing of stion and the rhythmic tread of close touch with things military and on the grassed award before the court-house steps gave every evidence of enjoyment of the occasion. The parade again appear in parades and evolutions of the old army drills that a year ago were probably fatiguing and discouraging.

Exclusive of the legionnaires about 1000 persons assembled on the court-house lawn to watch and applaud the proceedings. Edward E. Halls took charge of the program after a luncheon concert introducing separately the Rev. Father Kayser, who invoked a blessing upon the throng, the day and the purpose of the commemoration. As he introduced the speaker of the occasion, Mr. Halls said this was the first and last celebration as Armistice day, announcing that hereafter two states are to be officially designated "Legion Day."

Bolshevism Indicted

Mr. McGrath, tolling of the aims and objects of the American Legion, professed the body of his remarks with a force and fervor of the present unrest in this country and stigmatized bolshevism as the "assassin of good government." His subsequent remarks were particularly enlightening as to the aims and ambitions of the legion, declaring that the prime motive of the organization was to support the government and assist in restoring law and order, production, prosperity and a satisfied feeling through the land.

Immediately after the speaking the throng dispersed to gather later in the city park where a band concert was served in generous portions under the direction of the legion. Two oxen were roasted to a turn on barbecue spits under the supervision of Fred Stichaender, chef at the Mabel Cafe.

The afternoon and evening will be devoted entirely to dancing and similar amusements.

In town the celebration was marked by closed stores, as a general rule, while all offices, public and private were also closed. About the only real activity of a business nature observed on the streets was that of the Red Cross enrollment workers, who made excellent use of the crowded nature of the sidewalks to attract the membership rolls of the county chapter of the Red Cross. Schools were closed, yesterday having been devoted, for the most part, to exercises commemorative of today's occasion.

Liberty Bonds

NEW YORK, (AP)—Price of Liberty bonds at 2:55 p. m. today were: 3 1/2's \$100.34; first 4's \$95; second 4's \$92.80; first 4's \$95; second 4 1/4's \$92.92; third 4 1/4's \$94.68; fourth 4 1/4's \$92.96; Victory 3 3/4's \$99.40; Victory 4 3/4's \$99.38.

Study the ads that you may know merchandising values.

Habit Turns Into Passion With Council

THE late hour habit seems to be a passion with the city council.

Five weeks—nearly, months—the nocturnal deliberations of the municipal legislature have carried far into the next morning, and there seems little thought left yesterday for quitting the chamber of deputies until the witching hour has struck.

That the habit is a well-grounded part of the week's deliberation program of the council was amply exemplified when Clerk W. A. Minnick, answering a "question" by telephone, announced that last night's session would not close before midnight.

Local Brevities

Permit to Build—E. B. Heinke has been granted a permit to construct a \$3000 residence in Bickel addition.

Hears of Brother's Illness—George F. Leopold, proprietor of the Clothery, left yesterday for Los Angeles, Cal., called there by the serious illness of his brother.

Masons Call Meeting—Twin Falls lodge, No. 45, A. F. & A. M., will conduct a special communication for the exemplification of the third degree to morrow evening.

Looking After Interests—M. J. Flohr, of Wallace, arrived in Twin Falls yesterday to look after his land interests. Mr. Flohr and family were among the first to prove up on land on this tract.

Sues on Account—Suit has been entered in the district court against H. L. Crowell by W. M. Arnold and E. M. Arnold, asking judgment for \$450, said to be due on account.

Litany Services—At Ascension Episcopal church this morning litany services were conducted in observance of the new national holiday, Armistice day. The services were conducted by the readers with the choir in attendance.

Lumber Company Sues—The Gen State lumber company has brought an action in the district court against C. H. Upton to recover \$610, said to be due on a promissory note. The sum of \$500 for attorney hire, also is asked in the judgment.

Took Oiler: Return Vinegar—City official here reported to the possession of Boone Brothers, farmers, a barrel of liquid extract of apples in the form of vinegar. The stuff was considered at the Boone ranch several weeks ago as having an excess alcohol content. It has turned to vinegar since being in custody of the sheriff.

Lodge Work Employed—Local Knights Templar spent last yesterday afternoon exemplifying degree work, having two candidates. At 6:30 a pleasant dinner was served, with some 50 Knights participants. Arrangements are being considered by the present and prospective officers of the lodge for extraordinary commemorative observances for Christmas morning.

Not Guilty Is Verdict—In the city's action yesterday against Henry M. Cullion, accused of assaulting Mrs. Ora Odickirk, a verdict of not guilty was brought. McCullion was charged with having abused the woman while her guest one night last week and arrest was made by the chief of police, William Taylor, at the instance of the woman. Yesterday Mrs. Odickirk declined to give evidence against the prisoner.

FOREIGN EXCHANGE REACHES NEW LOW RECORD MARK

NEW YORK, (AP)—New low records on English, French and Italian exchange were made today in the local market. A pound sterling brought only \$4.15 for demand bills, and an American dollar brought 0.37 franc checks and 12.32 Italian lire. Heavy offerings of commercial bills on foreign houses which met with little response from buyers caused the decline.

Social Notes

Mr. and Mrs. Granville Haight have issued invitations for a dinner party to be given Saturday evening, November 15 at the Hotel Perrine.

Miss Tess McMann was host to a number of girl-friends Sunday night at a slumber party. Luncheon was served during the evening.

A meeting of the War Mothers' association has been called for next Monday afternoon. The session will be conducted in the parlors of the First Presbyterian church.

Mrs. M. O. Conover this afternoon entertains the Hoover Bridge club at the home of Mrs. O. F. Leopold, Eighth avenue north. Luncheon will be served, cards will be the pastime.

HOLLER-BROWN

At the Presbyterian manse last Saturday at 8 p. m. Harriet E. Holler and Ray E. Brown were united in marriage, the Rev. Asher H. Brand, officiating. The bride is the daughter of Mr. and Mrs. H. M. Holler, and has been employed during the past three years as chief operator at the Mountain States Telephone and Telegraph station here. Mr. Brown was a member of the 148th Field Artillery. They will make their home here.

Deaths

Death of P. J. Anderson, aged 44, occurred last night at the family home, 521 Second avenue east. The body is at the Grossman chapel awaiting completion of arrangements for the funeral.

Funeral services were held yesterday afternoon in the Grossman undertaking chapel, for Cora, eight-year-old daughter of Mr. and Mrs. William C. Sparkling. Death was recorded Sunday morning in a local hospital. The Rev. W. A. Cron, of the First Baptist church, had charge of the funeral. Burial was in Twin Falls cemetery.

CRISIS OF CAVELL AND PETIT TO BE MADE MUSEUMS

BRUSSELS, (AP)—The cells occupied by Edith Cavell and Gabrielle Petit previous to their execution by the Germans are to be transformed into miniature museums. This has been decided by the court of justice. Clothes worn by the two women, their books and other belongings have been collected and placed in the cells. Plates bearing appropriate inscriptions will be attached to the doors.

You've waited in the hope that the price would be lowered. Today's ads may bring you the good tidings. Keep posted about goods, prices and opportunities to buy through reading the ads.

STRIKE ORDER EXHIBITION GAUVES STOOKS TO KIM

NEW YORK, (AP)—Rescinding of the coal strike order imparted a buoyant tone to stocks at the opening of today's session. Gains of 2 to 6 points were made by leaders, notably steel, equipments, oils and motors. Rail shipping and numerous miscellaneous issues shared in the advance.

POCATELLO INVESTS HALF MILLION IN 345 ROOM FIRE-PROOF EDIFICE

Junction City is Meeting Demands of Housing in One of the Finest Hotel Structures in the Intermountain Country — Reinforced Steel and Concrete Material Used

Above is the new Hanneck hotel, now under construction at Pocatello, Idaho. It is a half million dollar project, has 345 rooms and roof garden, with every modern equipment, of reinforced steel and concrete construction, for seven stories, finished externally in terra cotta and variegated brick, and inside in marble, tile and ornamental work of expensive design, and along the Adams or colonial pattern.

SOLDIERS DEMAND NEW MEN IN NEW CONDITIONS

French Service Men Hold Out for Men Who Fought War to Direct Reconstruction Work

PARIS, (AP)—"For new conditions, new men" is the rallying cry of the former soldier element for the forthcoming parliamentary elections. Some of the many veteran organizations demand that the men who fought the war should, alone, be charged with the work of reconstruction. Others demand that fifty per cent of the candidates of each party for the chamber of deputies be recruited from the soldier organizations.

This soldiers movement has become disquieting to the great majority of outgoing deputies who neglected to don a uniform during the war. It is estimated now that between 7,000,000 and 8,000,000 votes will be cast, and there are approximately 5,000,000 soldier electors. Among the former soldiers who will seek election is the "ace" of French military aviation, Rene Fonck, who, it is reported, will run on the same ticket with Georges Mandel, right hand man to Premier Clemenceau.

HOMES HARD TO LOCATE

Resident of Guam Gives Directions Used by Natives in Guiding Visitors

STILLWATER, Okla., (AP)—"Twenty-three days from San Francisco; seven days from Manila; six days from Japan."

This is virtually the only method the majority of the natives of Guam, an island in the South Pacific, have for locating their home, according to Glenn Briggs, a resident of Guam, who arrived here recently with five boys from the little island to attend the Oklahoma Agricultural and Mechanical college.

The youths' expenses are being paid by the American government, which controls Guam, and following their four-year course here, the young men, whose ages range from 16 to 19, will return to the island as teachers.

City loans that cost you less and get you out of debt, on completed properties and to assist in building. ARTHUR L. SWIM.

RE STOCKING OF GAME DEMANDED

French Would Compel Invaders to Make Good Their Ravages in Field and Forest

PARIS, (AP)—A demand that Germany, Austria and Hungary shall make good their ravages by restocking the fields and forests of France with game has been formulated by Count Clary, president of the St. Hubert club of France, which considers this restoration essential.

The principle that the invader should be held responsible for damage to French game was accepted by the Commission of Reparations early in a year ago. Now that the peace treaty has been ratified by France, the St. Hubert club, composed of gunners, has drawn up the following demands:

That Germany and Austria each be called upon to deliver to France 6,000 deer, 600,000 hares and 3,000,000 brace of partridge and that Austria and Hungary together should be required to deliver 1,000,000 pheasants.

The proposal is that delivery of this "indemnity in kind," the value of which is placed at 35,000,000 francs, shall be spread over two years.

From accounts furnished by French officers who have been over the ground in the former enemy countries, there is an immense amount of game of all sorts available.

OPEN NOSTRILS END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

County fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, howling, mucous discharge, dizziness or headache, no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed up and miserable. Relief is yours.

HANDSOME BROCHURE TELLS OF ALL IDAHO

Railroad Sends Out Well Prepared Book for Benefit of Homesteaders

Presenting facts concerning Idaho and the possibilities of the state for farming and stock raising, the United States railroad administration has issued one of the most pretentious illustrated brochures put out for the benefit of the homesteading public since the government took over the operation of rail lines in this country. The subject matter of the book has been submitted by authorities on agriculture in various sections of the state connected with 11 railroads traversing Idaho. Joel L. Priest, of the O. S. L. at Boise, and D. S. Spencer, of the same railroad at Salt Lake, have contributed stuff of extraordinary importance to prospective settlers.

In the foreword the editors of the pamphlet explain that the prime endeavor has been to supply information bereft of the pro-agency exaggeration and coloring; "a statement of facts briefly and conservatively without exaggeration or overstatement."

The book explains in a surprising way to the majority of people the fact remains that Idaho is a corn-growing country. It tells of some splendid mining opportunities and says that in recent years agricultural and horticultural possibilities of the state have become known to ever-increasing numbers until today the products of the farms and orchards far exceed in value its output of range and mines.

Idaho's growth, according to the booklet, more than doubled during the decade 1900 to 1910, and since the latter date the growth has been equally rapid.

The purpose of the brochure is to help the homesteader who has eyes set toward the west, and is expected to prove a means of bringing settlers here possessed of correct information relating to the state and prepared to meet all the exigencies connected with homestead settlement, rather than people who are imbued with glowing notions of a land flowing with milk and honey and wealth to be piled up without effort.

The book is plentifully sprinkled

with apt illustrations depicting the natural beauties of the state, its development, both as to farm, field and city, its products and its possibilities. There is a full page devoted to the southern Idaho, which gives an intelligent description of the Twin Falls district.

The book is sponsored by Governor Davis and E. J. Iddings, dean of the Idaho Agricultural college.

ILLIUM IS SUBSTITUTE FOR PRECIOUS METALS

University of Illinois Professor Discovers New Alloy to Better Action of Actin

URBANA, Ill., (AP)—A new metal alloy that can be substituted for platinum or gold where gold resisting materials are required has been discovered by Prof. E. W. Kern of the department of chemistry of the University of Illinois.

The first mixture of Illium was made in April, 1917. This was not entirely satisfactory but early in the next year a fifty per cent standard of success was obtained.

Last year it was used with marked success and the calorimeter bombs used in measuring the heat units in coal which the government has ordered in large quantities now contain Illium instead of platinum.

Garden of Eden in Mexico?

A prehistoric race that lived in Mexico centuries before Cortez ever arrived there to crush the power of the Aztec kingdom, was a civilized people who were flooded out of existence by a deluge that swept the valley of Mexico, as relics picked up near the capital city prove, and some writers assert that Mexico was the site of the beginning of man and that it was in this valley that Noah set forth for his 40-day tour of the flooded world.

Red Taps Citicoid

"Circumlocution office" is a description used by the great novelist, Charles Dickens, in his book, "Little Dorrit," to ridicule official delays and indirectness. It is described as the chief of "public departments in the art of perplexing how not to do it."

There isn't any real secret about it.

SCHOOL BOARD DENIED PORTION OF ROADWAY

City Council, Rescinding Former Action, Refuses to Close Seventh Street

"Nothing doing," said the city council last night, and in that contention, though somewhat vulgar, colloquialism was sealed the fate of the school board's request for the closing of the Bikel school portion of Seventh street east.

The city legislative body, when it denied the request of the school board for the closing of the street in question, merely went on record as rescinding a former action of the council which led the way to the preparation of a deed to the street property, to be dedicated to and used for school playground purposes. The rescinding action followed a close survey of the plans intended by a delegation representing the city administration, which delegation reported unfavorably on the project of closing the street even in part.

Leading strength to the argument of the council delegation against closing any portion of the street, a petition objection was presented last night by a score or more property-owners whose holdings are contiguous to and reached through this avenue. In the preamble the signatories claimed that both school and private property would be rendered much more valuable were the street to remain open, than if it were closed even for recreation purposes.

The council adopted a resolution against the request of the school board.

WORKERS OF KIMBERLY LIBERALLY COMMENDED

Splendid Results from the Red Cross Push in Neighbor Town Brings Praise

The Kimberly Red Cross captain finished soliciting Saturday evening and turned in their reports.

The Kimberly and out-of-town people are heartily commended on their prompt action and loyal co-operation in the third Red Cross call.

We thank and congratulate the captains who so faithfully did their work and promptly submitted their reports.

BERGER IS DENIED SEAT

Home Holds Socialists Indignation Membership for Opposing War

WASHINGTON, (AP)—Victor L. Berger, Milwaukee socialist, by a vote of 309 to 1, was denied his seat in the house Monday, the house holding him as ineligible for membership because of his open opposition to the war.

The vote to unseat Berger was 309 to 1. Representative Volgtz, republican, Wisconsin, being the only member to support the Wisconsin socialist either during the debate or on the roll call.

MADISON, Wis., (AP)—Governor E. L. Phillips today called a special election to fill the vacancy in the fifth Wisconsin congressional district caused by the house of representatives' refusal to seat Victor L. Berger, socialist. The primary will be held on Dec. 8 and the election on Dec. 19. The opinion of the capitol is that Berger will again enter the race.

Much Colder Coming, Says Weather Man

WEAR earmuffs, articles and heavy socks, together with a storm excluder coat if you go out tonight.

The weather boss says it will be "much colder," Brr-rr!

Last night the low mark registered 19 above zero, following a high climb of 44 during the day.

If prognostications, and prevailing conditions appear to support the weatherman's guess this time—prove correct, the lowest mark of the season should be recorded tonight.

"Tonight and Wednesday fair, much colder in the southern portion of Idaho," the Boise bureau chief guesses.

Precipitation locally amounted to 8-100 inch during the past 24 hours.

EQUITY MACHINE SHOP PLAN OF MACHINISTS

Striking Artisans Said to Have Plans for Repair Department Operation

That mechanics interested in the strike at present holding labor's attention in Twin Falls are preparing to open and operate a machine shop in this city is information contained in an announcement, surreptitiously circulated on the streets today.

According to rumors striking mechanics, supported by the local labor council and said to have the moral backing of some hundreds of farmers, have completed plans for equipping a machine shop for the employment of all men now thrown out of work on account of the strike against the home garages and auto repair departments.

Final plans for this concern were made, it is reported, at a general meeting last night of the local trades and labor council, quarters having been formally leased for housing the enterprise. The institution, it is said, will be operated on a co-operative plan and will be officiated by executives of the various labor unions.

FINANCIER AND SCHOLAR OF ENGLAND TO LECTURE

Walter Lear, interested in Foundation for Northwestern University in Chicago

CHICAGO, (AP)—Walter Lear of London, England, distinguished equally as a financier and scholar, is in Chicago for a brief visit to deliver six lectures for the Norman Watt Harris Foundation of Northwestern University. The general subject of the lectures is the geography and history of the Troad and Dardanelles.

Dr. Lear, who is chairman of the London County, Westminster, and Dept.'s bank, (claimed to be the largest banking institution in the world—with over on billion dollars of deposits) is one of the small group of men who witnessed the British empire during the first war and he is also a former president of the London chamber of commerce as well as of the London Bankers' association.

Notwithstanding his financial duties Mr. Lear is a noted scholar in the realms of Russian, Persian, Latin and Greek literatures. A reviewer of his latest book, *Home and History*, said of him: "Few, if any, competent to judge will question the assertion that Dr. Lear is the leading Homeric scholar of this generation."

RESURGENCE OF SUPINE BOGEY COMPLETE—BRECKENRIDGE WINS

Corner Lot Assessment Plan, As Adopted by the City Council, Held Legal and Proper in Opinion of Judge Cavanah of Boise—Says Corner Lots Derive the Benefit and Should Pay

Although stretched supine, inert and to all intents and purposes lifeless, in fact pronounced legally dead and ready for interment after City Attorney J. E. Davies landed his famed legal wallop to the point of the chin a week ago, the corner lot assessment plan, fostered and adopted by the city board some weeks back, last night took a pair of healthy gapes, yawned once, stretched its hypothetical limbs, rubbed the hurt joints so lawfully lammed, looked about a bit furtively, then stood up and announced it was ready to continue the battle to a finish.

True it is the hibernomental resurgent was slightly capricious at first, but grew in strength and in favor with the city council as it shook off its somnolent feeling and got its bulging cheeks elasticated to again before the convention of the municipal legislature was done the giant was up and doing again, to the utter rout of the champion of the opposition, "assessable property-to-the-center-of-the-blockers," Judge John E. Davies. The latter refused to lay down his arms, but fled precipitately before the forces marshaled through legal dictum by Alderman L. L. Breckenridge, leader of the "corner-lot-pay-it-all" faction.

The precipitous retreat of Judge Davies followed the explosion of a legal bomb sent over from Boise straight into the camp of folks who believe in the doctrine that all the people in the block benefit from the improvements on the lateral thoroughfares, by Judge C. C. Cavanah, who says the statute is specific for compelling corner lots to pay for the improvements, eliminating that it is the corner lot which derives the benefit.

While Judge Cavanah is very specific, positive, punctilious and even categorical in the decision he renders in this matter, and is supported by such legal authorities and Walters & Hodgins, attorneys of Twin Falls, Judge Davies declines to accept the decision as final, and although he left Alderman Breckenridge in sole possession of the floor last night, he refused to admit defeat even in a minor degree.

Judge Cavanah is the legal adviser of Warren Brothers Construction company, contractors and patentees of bituminous paving mixtures, which holds a contract for more than \$700,000 worth of paving in Twin Falls. In fact it was based upon this contract and the terms of handling the improvement bonds, and to aid in clarifying the assessment situation that the paving company appeared to its counsel for advice in the hour of extremity.

Judge Cavanah, addressing himself in a lengthy brief to the city council, merely answers interrogations sent out by Alderman Breckenridge who has asked for enlightenment on the point of proper assessment methods. He says, in preamble:

"I have considered the question as to whether or not under our (Idaho)

such lands and lots fronting thereon, or abutting, contiguous or tributary thereon, and included in such district, and in proportion to the benefits derived by such improvement. This provision of the statute, as I view it, clearly provides that the costs of the pavement shall be assessed in proportion to the number of feet of such lands or lots fronting thereon or abutting, contiguous or tributary thereto in proportion to the benefits derived by such improvement. The expression of the statute, 'fronting thereon, abutting, contiguous or tributary thereto' relates to the number of feet of the lots which are actually fronting or abutting on the street; that is to say that the total costs of the construction of the pavement upon which a corner lot fronts or abuts upon the street, both in front of the lot and on the side streets, are to be borne by said assessment solely against the corner lots."

In the matter of benefits, Mr. Cavanah says this is always a question of fact, to be determined by the mayor and council when levying the assessment.

Upon the theory entertained in the decision of Judge Cavanah the city engineer of Twin Falls was last night directed to proceed with the work of re-levying taxation assessment rolls covering property in which paving is to be done the coming year, and for which work contract has been awarded. The rolls are to be ready for the council at next Monday night's session. Experts in this line of labor are to be employed to avoid possibility of failure in completing the assessment rolls.

We Have a Complete Line of Rubbers

Wright's A GOOD PLACE TO TRADE FORMERLY HART'S

This Clearance Sale Is Now at Its Best

Hundreds of customers have asked "How long is the sale to last?" Let us make this point clear by repeating "Until ALL of the present stocks have been sold out."

We cannot at this time say definitely just how long that will require. It might take three weeks, it might take a month. But you will find that the sale is just now at its best.

On the Opening Day we were not fully prepared. Until 12 o'clock the night before we had been counting stocks and completing the inventory. Now we have had time to prepare more fully — to know just where all items can be found.

TOMORROW—and from now on, you will find shopping much more comfortable. And at this point we want to say that if there were purchases made during the rush of the first day that were not entirely satisfactory, we want to adjust them, please be free to bring them back with the same freedom with which you bought them. Not only does this apply to purchases made the first day, but at any time either during the sale or afterwards.

There is still a world of good merchandise here and prudent women who know good values will supply future and present wants at worth-while savings.

EVERYTHING CHEAPER

The Knit-tex Coat

If we were lucky enough to be able to talk to every man who is going to buy a new Fall overcoat today, we'd give him this friendly advice:

"Slip on a Knit-tex Coat first. You needn't buy it unless you want to, but for the first time in your life you'll know what real overcoat comfort is."

Knit-tex is different from every other kind of overcoating. It is very light in weight, but, due to the peculiar construction of the fabric, it has the most wonderful warmth.

And it will outwear three average overcoats.
