

# LANSING GIVES AMERICAN STAND INTERNATIONAL

### Declares It Privilege as Well as Right of Government to Protect Its Citizens in Foreign Country

WASHINGTON, (AP)—Secretary Lansing, in a statement Wednesday designed to make clear the government's attitude on the responsibility of Americans in Mexico for the safety of Americans in that country, declared it was "the privilege as well as the right of this government by diplomatic intervention to see to it that justice is accorded its citizens and their rights given proper protection."

Mr. Lansing explained that he issued his statement because some newspapers, in connection with the kidnapping of William O. Jenkins, American consul agent at Puebla, had made it appear that he had said "that Americans in Mexico had no greater rights to protection than Mexicans."

To Avoid Misunderstanding "I regret," said Mr. Lansing, "that the content of my comments was not given in full, because it would have shown that I was referring to a condition in which the Mexican authorities had employed every means which they possessed or should possess to protect the lives and property of aliens in a Mexican community. If the authorities failed to provide means of protection or to use such means the statement attributed to me would not apply."

"To avoid being misunderstood as to this government's interpretation of the rule of international law on the subject of responsibility on the part of Mexico for the safety of Americans in that country, I make the following statement:

"While in general there is presumed to be no difference between the rights of aliens and the rights of natives to be treated fairly and justly under local laws and by the local authorities, nevertheless should the operation of the local laws or the acts of commission or omission by local authorities result in injustice to Americans or lack of adequate protection of their lives or property it is the privilege as well as the right of this government, under international law, by diplomatic intervention to see to it that justice is accorded to its citizens and their rights given proper protection."

Reason for Policy "The reason for this is that, when a condition of political unrest and lawlessness exists such as obtains in certain parts of Mexico, aliens being denied proper protection by the authorities must rely on their government, operating through diplomatic channels, to obtain justice and security."

"This is a general statement and the basis of the policy followed by this government, though it is necessarily subject to modification in particular cases."

"It should be borne in mind, however, that the accepted law and practice of nations is that, as a rule, it must be shown that a foreign government is responsible for injuries done to aliens or that its constituted authorities are negligent in protecting their lives and property, before liability is incurred."

# HEALTH CONFERENCE CALLED NOVEMBER 11

### Tuberculosis Experts to Gather in Chattanooga with Governors This Month

NEW YORK, (AP)—One of the most important health conferences in the history of the United States will take place in Chattanooga, Tenn., on November 29, when eight governors of southern states will meet with tuberculosis experts from the National Tuberculosis association in an effort to cut the tuberculosis death rate in the south and to endorse the Red Cross Christmas seal sale. This is the first time in the history of the organized fight on tuberculosis that such official action, which promises such far-reaching results, has been taken.

The conference was called by Governor A. H. Roberts, of Tennessee, who urged upon the chief executives of the neighboring states the extreme necessity of concerted action if the alarming prevalence of tuberculosis all over the country is to be checked to any appreciable extent.

Attending the conference will be Governor C. H. Brough, of Arkansas, Governor H. E. Kilby, of Alabama, Governor Hugh Dornay, of Georgia, Governor R. G. Plessant, of Louisiana, Governor R. M. Cooper, of South Carolina, Governor A. H. Roberts, of Tennessee, Governor James Black, of Kentucky, and Governor T. V. Blilio, of Mississippi.

The stage is now being set for the most possible discussion of every phase of the tuberculosis problem and the most approved methods of dealing with the situation. All available data, based upon the findings of the country's greatest experts, will be placed before the governors for their consideration.

The governors will also endorse the Red Cross Christmas seal sale which will extend from December 1 to December 10. They will consider plans to assure the success of the seal sale in their respective states. The sale is sponsored by the National Tuberculosis association and its one thousand allied organizations which are located in every state in the Union. More than 650,000,000 seals must be sold if the 1930 educational and preventive program of the allied organizations is to be successfully carried out. The activities of these organizations during the year to come must be increased a hundred fold if the appalling annual death toll of 150,000 lives to be materially reduced. Authoritative figures place the number of active cases of tuberculosis in the United States to be about 1,000,000.

It is the purpose of the conference to obtain the closest possible co-operation in the fight on tuberculosis and to arrive at some centralized program of action which will not only be applicable to each of the states represented at the conference but will set up a program of joint symptomatic action by the state authorities and the recognized anti-tuberculosis association in each state.

### A Good Cough Medicine for Children

Mrs. J. W. Phillips, Redon, Ga., phoned in J. M. Ely's advertisement there for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for your own. It keeps the expectoration easy and soon frees the system from the cold.—Adv.

# BRANDS RADICAL THREAT MENACE

### National Grange Executive Points Out Imperative Necessity of Day

GRAND RAPIDS, Mich., (AP)—Denouncing radicalism, an-Americanism and reckless extravagance, Oliver Wilson, national master, Wednesday at the opening session of the fifty-third annual National Grange meeting, declared "One of the imperative necessities of today is the putting of emphasis upon the sacred rights of property as opposed to the wild cry of radicalism, nationalization and anarchy which are sweeping the land and threatening to destroy every industry, every farm and every home."

No End to Tendencies "That there can be no end to present tendencies if they remain unchecked," he continued, "might as well be faced first as last, and there should be further drilling. The right to individual property ownership, honestly accumulated and legitimately conserved, has always been a fundamental American principle. That principle now is being savagely attacked from a variety of angles, and it seems incredible that the American people as a whole have not yet awakened to this supreme danger."

"Instead of joining in the hue and cry of these chaotic times, against all investment, all industry and all property ownership, the imperative call of the hour is for the protection of these sacred rights, without whose preservation no republic can endure and no people can prosper. If conditions force us to a distinct line-up in these directions then the sharper the line is drawn the better—there can be no middle ground; and perhaps the sooner we are compelled to settle this issue, the better for us all."

The national master spoke for a rigid immigration policy. "Underlying a large percentage of our nation's troubles," he said, "is the fact that too many people are in America who are not of America and who never intend to be, if they can help it."

Would Restrict Immigration "For the future we must demand the most rigid immigration tests at our gates, then a more strict test for every day thereafter of actual Americanism. Hearty encouragement for every alien who sincerely desires to become one of us but stern deportation for every other who attempts to undermine American ideals and destroy American institutions."

### RIOTING MARKS ELECTION

### Candidates in France Greeted with the Shouts of 'Long Live Lenin'

PARIS, (AP)—An election riot with revolutionary features occurred Wednesday in the small industrial town of Dartan, department of Ain, where extremists are numerous. The republican candidates were received with "Long live Lenin and the revolution!" "Long live the boche!" "Down with the army and the bourgeoisie!" The republicans were threatened with death and besieged in the town hall by the turbulent elements. Red flags were carried and the revolution was proclaimed by the besiegers.

### Australian Entrants in England to Australia Flight Killed at Jump Off

LONDON, (AP)—Lieutenant R. M. Douglas of the Australian flying corps and Lieutenant J. B. I. Bos, his navigator, who started from Mounslow today for a flight to Australia, were killed shortly after they began their journey. Their airplane crashed near Subiton, in Surrey.

Lieutenants Douglas and Bos were the Australian entrants in the reliability flight from England to Australia for the Australian government's prize of \$50,000. Several English aviators also have entered the contest. The conditions of the flight are that the distance of 11,500 miles must be covered within thirty days.

## Just What a HOT SPOT Chalmers Saves on a Cold Day

MOST cars are hard to start on a cold day. There is a notable exception in the Hot Spot Chalmers.

Hot Spot and Ram's horn provide cold weather efficiency. They "crack up" the gas, rush it to the cylinders before it can condense, and "warm up" the engine in quick time.

It responds to the pressure of the starter button, "warms up" quickly and runs at a high point of efficiency in a few moments.

It saves many things on a cold day:

1. Your battery
2. Your gas
3. Your time
4. Your temper

Let us explain to you just how these two magnificent devices do the work. Once you understand them your admiration will grow stronger for a Hot Spot Chalmers.

## A New Idea In Dentistry

The old idea that you had to do a lot of waiting, make a lot of visits and go through a lot of professional red tape to get good dental work done is all wrong. The E. R. Parker System in Dentistry is an improvement.

First, your teeth are examined by a dentist whose skill and experience enable him to tell quickly what work your teeth need to restore them to good shape. Then he tells you what the price will be to have the work done. No charge for the examination and advice.

In case you decide to have your teeth looked after, the work can be begun at once. You are referred to a dentist who is skilled in that branch of dentistry that your case calls for.

The work is done without useless postponements, with the fewest visits and without the fear of pain. Your time as well as the dentist's is saved. The result is that you get fine dentistry in as short a time as fine dentistry can be done. Most of all, you get satisfaction, for all work is done so well that it can be guaranteed.

## THE NAME'S BETTER FOR CHAMP ANYWAY

### Joe Lynch Outpoints Pete Herman, Bantam Leader, in Vicious Six Rounds

PHILADELPHIA, (AP)—Joe Lynch of New York outpointed Pete Herman, the bantamweight champion, in six rounds last night.

In the first round Lynch appeared over-anxious and missed many blows. Herman jabbed and sent left hooks to Lynch's face. There was much clinching and the champion had the better of the round. Lynch got his left working in the second and staggered Herman with a hook to the jaw. They were in a clinch at the bell.

Herman took the initiative in the third, landing repeatedly on the New Yorker's face and body. In the next round Lynch drove a hard left to Herman's jaw. He mixed it up with the champion and had the better of the exchange of blows.

In the fifth Lynch's rushes drove Herman to the ropes and compelled him to hold. The New York boxer rained lefts and rights to the champion's head and body.

Lynch tried hard in the final round to land a knockout blow. Although his nose was bleeding freely from a hard left hook, Lynch rushed Herman and had him holding when the bell ended the bout.

## TEAM WORKING HARD FOR GONZAGA GAME

### Idaho Eleven Sent Through a Grilling Practice Against Coming of Catholics

UNIVERSITY OF IDAHO, Moscow, (Special)—Strenuous but characterized Idaho football practice of the past two afternoons and the work of the coming three days is expected to be quite as violent, Coach Hutchinson having decided to leave no stone unturned in his preparation for a game with the speedy Gonzaga eleven to be played in Spokane Saturday.

Idaho displayed offensive power and marked defensive strength in last Saturday's contest with Montana university, registering 12 first downs while the Bruins were making yards only twice, but local enthusiasts were dissatisfied because the varsity eleven ran through its plays sluggishly. If Captain Brashers had speeded up his team either in the second or fourth quarters at least two additional touchdowns would have been scored.

Robinson of Caldwell, who played most of the Montana game as an end, may start the Gonzaga contest on one of the Idaho flanks; though lacking in experience, Robinson has displayed speed and tackling ability likely to win him a regular berth.

## Brief Bits of Sport

Dempsy is ready to fight 'em all, says Jack Kearns, the champ's impresario.

Sure he is—Now let's go.

Sim Smiley, sagebrush sage, says: "That's only one way to make America America, and the American legion seems to have hit on that way fast off."

Hugh Bezdek, according to reports from Pittsburgh, is not so likely to be back at the helm of the Pirates. Barney Dreyfuss seems anxious to make a change in the managerial section of his club, and Hugo appears equally willing.

Psychological conditions defeated the Bruins at Gooding, says a local school official.

Of course he does not deny very vehemently that the Gooding eleven had something quite interesting to do with it.

Anyway the bears will wear no aureole at the finish of this season.

There's consolation found in the fact that the home high school has a good start toward next year's gonfalon.

If Joe Beckett can flatten George Carpenter next month the Britisher will be in line for a championship bout with Jack Dempsey, says Fred Turbyville of Cincinnati.

Yea, bo, 'at's quite correct, since there's nobody else ambitious enough to take what Jack is prepared to hand a challenger.

Lincoln, Nebraska, seems never satisfied. Two years ago the town's franchise in the Western league was relinquished to Sioux City. Now they want it restored.

It is said around Cincinnati that Pat James Moran, pilot, by the grace 'g'oodness of the world's champion baseball team, wants to get T. C. Hendry, formerly of the New York Yankees for his outfield next year.

Hendry played a bang-up game with the Louisville Colonels last year, and Pay Jay has been after the player ever since the close of the season.

Bolsie got another wrestling bloomer Monday night. They staged a "Balkan Lion" against Ad Santel and swallowed a bad piece of cheese.

Just to make the thing interesting Ad took one hour and 23 minutes to flop the raging "lion" first time and then finished the job with another down in 16 minutes. The thing might have been over in 30 minutes had Santel cared to hasten a bit.

Still they will stage these foreigners, fakera and pay them good American money for nothing.

How long, oh Lord—How long!

## From Out West More Champions Come Than East

### Nearly All Real Heavy weight Fight Stars went from the Mountain Section

The east has been extremely active in bedecking itself with championships in most lines of athletic endeavor, but it has been decidedly tardy in one. Not since the days when John L. Sullivan jauntily sported the heavyweight crown on his pompous has this section of the country boasted a leader in that division.

Starting his career in the old days of bare knuckle fighting on the turf, Sullivan graduated into the mode of Marquis of Queensberry boxing and lost his title to James J. Corbett at New Orleans on Sept. 7, 1892. For twenty-seven years the east has never been able to produce a heavyweight capable of winning the championship.

Following Sullivan upon the throne have been James J. Corbett, who came from San Francisco; Bob Fitzsimmons of Australia; James J. Jeffries of Los Angeles; Marvin Hart, recognized successor to Jeffries when the latter announced his retirement from the ring; who hailed from Louisville; Jack Johnson of Galveston, Texas; Jesse Willard of Kansas, and Jack Dempsey, whose home now is in Utah.

Thus have seven champions blazed their way along the heavyweight trail since it was last trod by a man claiming the east as his home. And at this time there is no eastern championship prospect doing business in the ring.

In other boxing divisions this section of the country has not fared so badly. Of the champions in the seven divisions at this time, three of them are from the east; in fact, all three are from New York.

Jackson was idle today.

## JEALOUSY ENDS LEWIS PILOTING OF 'PAL' MOORE

### Presence of "Pug" Joe Burman in Same Camp Brings New Manager

BY RAY PEARSON

CHICAGO (Special)—It takes a bit of prying around at times to learn why certain things happen in the pugilistic world. Financiate, the sporting columns a few days ago carried brief stories to the effect that Pal Moore, now Memphis bantamweight, who gained an international reputation through his battles with Jimmy Wilde, the champ of Great Britain, had cut the string which had bound him to perform under the management of Nino Lewis and T. Walsh.

Said severing of relations is to take effect next Wednesday, when the contract which carries the signature of the scrappers and the managers expires. After that Bill Hanzek of Memphis, a boxing promoter, will look after the interests of Moore.

### Boxer and Manager Friendly

Now to the why and the wherefore. Moore is hoptochanting around Chicago and contrary to the usual custom isn't shying gobs of mud in the direction of the managers who are soon to use an "ex" preface to "Pal" Moore's name, but nice things to say about Lewis and the other half of the managerial crew, who spends little of his time in Chicago. Discovering this was somewhat of a shock, so the writer nosed around to find out the real reason for the split. Picking up Nino Lewis, we quizzed him a bit, trying to "burn him up" by putting Pal on the pan.

Did it work? It did not. What did Lewis do but come right back and boast Pal to the skies. "Why, when I heard, after the stories had been printed, that Pal was going to part company with me after our contract expires, I naturally was surprised," Nino said. "But I told him, 'That's all right, Pal, I wish you all the luck in the world.'"

How things seem to be changing in the boxing game when a parting boxer and his managers act and think that way!

### Reasons for the Split

But going back to the reason for the split.

It was said that Lewis and Walsh didn't close terms for a match with Champion Pete Herman at New Orleans because the promoter there, Dom Torricchio, was exacting his remuneration for staging the championship in such huge jobs from the challenger that he could hardly hope to gain any great profit even if he won the crown. And it was said that Moore wasn't, even at any cost, willing to allow this chance to slip the title to get away, and that this was the cause of his decision to quit his present managers.

But no, he's wrong, we cried farther and got the dope right out of the feed box. The real reason for the severing of connections is a young man by the name of Joe Burman. Like cap the title to get away, and that this was the cause of his decision to quit his present managers.

But no, he's wrong, we cried farther and got the dope right out of the feed box. The real reason for the severing of connections is a young man by the name of Joe Burman. Like cap the title to get away, and that this was the cause of his decision to quit his present managers.

### Moore vs. Joe Burman Next?

That is, there wasn't any way unless he got away from the Lewis-Walsh organization. He will be away from it after Wednesday, and perhaps very shortly we shall read of the matching of Pal Moore and Joe Burman. That should be some real battle to watch, with the green-eyed monster still unforfeited.

### Both Know Boxing Tricks

It would be a match in which the tricks of the trade would be displayed from start to finish, and the term "tricks" as applied here means tricks for the role no more tricky guy in the ring than Pal Moore, while Burman isn't more than a step behind him in this respect.

## MINORS MAY HOOK UP AGAIN WITH MAJORS

### After One Year of "Outs" Small Ball Leagues are Willing to Enter Fold

SPRINGFIELD, Mass., (AP)—With many of the more vital questions settled, the National Association of Professional Baseball leagues set itself today to the task of clearing up the mazes of minor matters remaining. There is a possibility that the annual meeting may hold over until tomorrow.

A distinct feeling of relief was evinced by the minor league leaders today at having put several of the larger problems behind them. This is particularly true as regards the vexed questions of renewing relations with the major leagues. The situation has been highly unsatisfactory during the last year and in naming a committee to take up this matter the minors have put themselves in a receptive position and left the next step up to the majors. This question of resuming a national agreement includes the draft problem, which as it has worked out in the last year the minors feel has been distinctly to their disadvantage.

GRANGERS WILL NOT JOIN LABOR

National Master Predicts Re-fusal of Gompers' Invitation for Alliance

GRAND RAPIDS, Mich., (AP)—The National Grange will form no alliance with organized labor, in the opinion of National Master Oliver Wilson, and if his prediction is fulfilled, the grange convention here will vote to decline an invitation extended by Samuel Gompers for such a union.

The matter will be presented probably early next week at one of the secret sessions and be referred to a committee which will recommend action by the convention.

"I cannot, for my part, see that such an alliance would be of any benefit to the grange," said Mr. Wilson today. "On the contrary, there seems to me many reasons why we should shun any merger. However, that is a question which will have to be passed on by the grange as a whole."

Similar opinion was expressed by S. J. Loyall, member of the executive committee from Fredonia, N. Y. "The purposes, the activities and the aspirations of the national grange seem to conflict at too many points with those of union labor," said Mr. Loyall. "I cannot see how any alliance could be harmonious. There are some things on which we could agree, probably, but on many other questions we are miles apart."

The grange began its second day of activities with the hearing of reports of state organizations and other routine matters.

DEATH OF DISTINGUISHED GERMAN COMPOSER ANNOUNCED LONDON, (AP)—The death of Jean Louis Nicolo, the distinguished German composer, at Leipzig, is announced in a German wireless dispatch. Nicolo was born near Posen in 1833. He made his reputation at the piano and as conductor successively of the philharmonic concert and of the Neustadt Male Chorus at Dresden. Among the best known of his works is "Das Meer," a symphonic ode.

DISCREDITS THREAT OF INTERNATIONAL BREAK

PARIS, (AP)—Alarmist reports of possible rupture of diplomatic relations between Belgium and Holland, which have been current for the last few days in Brussels and in diplomatic and peace conference circles here, have their source in the interior politics of Belgium and are fostered by the political party favoring an energetic policy toward Holland, according to a member of the Belgian peace delegation in Paris.

Recurrence of these reports, which have sprung up from time to time, the Belgians say, have been caused by the flag-burning incident at Brnoek, where Dutch sailors hauled down the Belgian flag, trampled and burned it, and also by the sinking of the Belgian yacht Java in Brouwerhaven harbor by a few drunken rowdies.

"Belgium has no time to go to war over such trifles," declared the delegate. "She is too busy. A note pro-

ably will be sent to the Dutch government asking explanations of these incidents, but the note will not be couched in such severe terms as the nationalist party would request."

# NATION HONORS FIRST OF HEROIC DEAD RETURNED

## Bodies of American Soldiers and Sailors who Gave Lives in Russia and on Seas Receive Benediction at Pier

NEW YORK, (AP)—In the chill of a November rain, the nation accorded honors today to the first of its heroic dead brought back from world war battlefields. On a flag-decked, crepe draped army pier in Hoboken, the bodies of 103 American soldiers who gave up their lives in northern Russia and of ten sailors who died with the navy's forces in "farthest north" waters, received their benediction. Their coffins had been swung ashore in rope nets, one by one from the little transport Lako Dargala last night when the funeral ship arrived.

### Draped With Flag and Flowers

Eighteen long rows of caskets, each draped with an American flag and decked with autumn flowers, gave silent testimony to the supreme sacrifice of the country's fighting men beyond the seas. The congress of the United States, the army, navy, American Legion, the state of Michigan where most of the heroes lived, and the city of Detroit, all joined in honoring them. With the official representations stood a little group of relatives of the dead. Floral tributes and a representation from the Russian embassy acknowledging of gratitude to the American soldiers who fell in Russia in the cause of humanity.

While the rain pattered on the pier also, the service began with "Lead Kindly Light" played by the 15th Infantry band and the reading of the 23d psalm "The Lord is my Shepherd."

### Welcomes First of Dead

United States Senator Wadsworth of New York welcomed the official "welcome home" to the "first company of our dead, no less triumphant in their home coming than those regiments, battalions and companies of the living we have seen marching through our streets."

Governor Bloor, of Michigan, in an address read by Major Ralph Duff paid his tribute to the fallen. "The flag is worth to the nation," he said, "the faith that government of the people, by the people, for the people is the best; that the flag is worth to the nation, the officers and country, dedicated to righteousness and consecrated to freedom is worth living for—worth dying for."

"It is for us, the living to live, so to play our parts as citizens of our several states and as citizens of this great republic, that we may be accounted worthy of the great sacrifices those dead have made for us."

## MONEY CRISIS IS PASSING Stocks Advance Vigorously Following Early Liquidation on Exchange

NEW YORK, (AP)—Further liquidation marked today's early dealings on the stock exchange, but the decline list bounded forward vigorously later on signs of the passing of the money crisis. Sales approximated 2,000,000 shares. Recent gains were noted by General Motors, Mexican Petroleum, American Woolen and Steels, led by the rally of the last hour as gains of 10 to 15 points. The closing was strong.

Under pressure from the federal reserve board and other powerful financial interests, Wall Street yesterday adopted more vigorous measures to put its house in order.

This was accomplished by further severe impairment of early values, a turnover of more than 2,500,000 shares—the year's record—and an advance in call loans to 30 per cent—a rate unparalleled since the panic of 1907.

Altogether the session witnessed the most severe purging the stock market has experienced since Wall Street resumed its normal period of post-war prosperity.

During the decline, which began at the outset, speculative favorites registered losses of 10 to 25 points, their minimum being below 20 to 40 points below maximum of the last fortnight.

## Social Notes

Mrs. M. O. Conover was host to the Hoover Bridge club at the home of Mrs. Edna E. Leopold yesterday. A dainty luncheon was served at 2 o'clock and the remainder of the afternoon was spent playing bridge. Mrs. M. C. Putnam was a guest of the club.

The Woman's City Missionary Union will hold an all-day meeting at the Presbytery building, Friday, November 14, beginning at 10:30. Besides an interesting program by local women, Miss Ollie May McCormick, social worker and press correspondent, Mrs. Swift, will give several numbers.

The M. S. and S. club met yesterday in annual elective session. The following officers were chosen for the ensuing year: Mrs. E. E. Cory, president; Mrs. Charles Elford, vice president; Miss Elsie Flowerdew, secretary and press correspondent; Mrs. Swift, treasurer; Mrs. E. Brant and Mrs. Shipman, delegates to the state convention of Federated clubs; Mrs. A. J. Bogan, Mrs. C. W. Griggs, Mrs. Shiluma, committee on program. Dinner was served by the host.

Mrs. L. C. Gos entertained the Wednesday Bridge club yesterday at her home on Seventh avenue north. A delicious luncheon was served at one o'clock, after which bridge was played. Mrs. W. H. Greenhow carrying off the honors for high score, a lovely lamb-kechief. Mrs. B. A. Hamilton, who is leaving for the east soon, was presented with a beautiful gift. The next meeting will be with Miss Corn Gresham.

Mrs. A. L. Shove entertained the Extra Nougat club yesterday. The afternoon was spent at cards. Mrs. L. W. Hunsaker winning the honors for high score. A delicious two-course luncheon was served. Those present were Mesdames B. A. Heitter, I. W. Hunsaker, E. W. Dunbar, L. T. Moore, A. H. Corbett, W. E. Evans and F. W. Brough. The Misses Flora and Nora Roth were guests of the club.

Bickel school teachers will hold open houses at the school building tomorrow night. The session is in the nature of a parent-teacher reception and is open to all who care to participate in the proceedings. The high school band will play a concert beginning at 7:30, followed by a program by the teachers. Plans will be served.

Yesterday afternoon, with Mrs. Thomas S. Marshall entertaining, the Rex Arms Bridge club was formally organized. The club will meet fortnightly. The next gathering will be November 20.

## LEGION LEAVES QUESTION OF BONUS UP TO CONGRESS

### World War Veterans Elect Franklin D'Olier National Commander

MINNEAPOLIS, Minn., (AP)—The first annual convention of the American Legion last night elected Franklin D'Olier of Philadelphia, as its national commander and voted to have congress consider the advisability of approving further bonuses for service men. The Rev. E. A. Kelly of New York, was elected national chaplain.

The title of past national commander was conferred upon Henry D. Lindley, of Dallas, Texas, who has been acting head of the legion since the St. Louis meeting.

Election of the national commander followed a turbulent afternoon when a mass of resolutions and reports were considered.

A broad variety of subjects, including the Centralia tragedy, industrial unrest, and the national nonpartisan league were touched upon. Delegates from northwestern states drew up a resolution assailing the activities of President A. C. Townerly of the nonpartisan league, but it was tabled by a vote of the convention. The report was made by Jack Sullivan of Seattle, chairman of the committee.

## NEW FARM ORGANIZATION ENTERS ECONOMIC FIELD

CHICAGO, (AP)—A new organization of agriculturists entered the economic field of the United States yesterday with the preliminary organization of the American Farm Bureau Federation. That is the name expected to be officially chosen today.

In purpose, it was stated, is "to protect the business, economic, social and educational interests of agriculture and to represent the farmers of the whole nation." About 500 delegates from farmers' bureaus and associations in 32 states attended the session, which were resumed today.

Speakers were plain-spoken in putting the federation on an independent basis, free of any alliance with labor, capital or any other organized body. Americanism was the sentiment on which most emphasis was laid.

## RUMANIA MAKES DEMAND ON TURKS FOR PROPERTY

### Calls for Return of Materials Taken During Occupation of Dobrudja

CONSTANTINOPLE, (AP)—Rumania, it is learned, is making demands upon the Turkish government for the return of materials alleged to have been taken from the Rumanian factories by Turks during the occupation of Dobrudja, a special delegate of the Rumanian government having been sent here to present the demands. A portion of the material has already been returned to its original owners through the efforts of a commission appointed by Turkey to investigate the Rumanian claims. Legal ownership of certain machinery claimed, however, is asserted by its Turkish possessors, who have produced papers to show that they bought it from the Germans.

## The Knit-tex Coat

A great many overcoats look fine when you first wear them, and then after a few weeks they don't quite have the same 'set'. They get a bit out of shape and lose a little of that 'pop' they had the day you first tried them on.

That's the wonderful thing about the Knit-tex coat. In addition to its lightness and softness and warmth it has remarkable shape-retaining qualities. It looks like a new coat the second season. It doesn't wrinkle, it never gets out of shape and it scarcely ever needs pressing.

# OHIO ATTORNEY PUT IN CHARGE OF PROHIBITION

## John F. Kramer Is Named to Take Direct Charge of War-Time and Constitutional Dry Measures in United States

WASHINGTON, (AP)—John F. Kramer, an attorney of Mansfield, Ohio, has been appointed federal commissioner in direct charge of the enforcement of war-time and constitutional prohibition.

Charles G. Epler, commissioner of internal revenue, made public plans for enforcement of prohibition. Mr. Kramer will have as aids an executive field force of nine supervising agents and one director in each state. The supervising field agents will have jurisdiction over nine territorial units into which the country has been divided.

Under the direction of the supervising agents will be a mobile force of federal agents which will be sent from one point to another as conditions warrant.

Headquarters of the supervising federal agent, although not definitely decided upon, probably will be located as follows: Albany, N. Y.; New York City; Richmond, Va.; Philadelphia; Atlanta; Chicago; Omaha; Little Rock; and San Francisco. The departments or units over which jurisdiction will extend are to be known as the Northeastern, New York, Eastern, Southern, Gulf, Central, Northwest, Southwestern and Pacific.

Directors will keep in constant touch with the governors and county generals of the various states to which they are assigned and call for the cooperation of all state and local authorities in the enforcement of the laws.

Wants High-Class Men  
Mr. Roper said that only high-class men would be employed as inspectors. Other officials said judicious handling of enforcement provisions was absolutely necessary if the government was to have full co-operation of all citizens.

The commissioners' program leaves no doubt that where state officials or city or county officials do not enforce the law vigorously the federal government's representatives will proceed in their own way to drive out illicit liquor sellers.

Mr. Roper in his statement asked for the co-operation of all religious, social, fraternal labor and civic organizations in preventing the illegal sale of intoxicants.

Division into Departments  
The western half of the United States is divided into the following departments:

Northwestern—Minnesota, Iowa, Nebraska, North Dakota, South Dakota, Montana and Wyoming.  
Southwestern—Missouri, Arkansas, Texas, Oklahoma, Kansas, Colorado and New Mexico.  
Pacific—Arizona, California, Oregon, Washington, Idaho, Utah and Nevada.

Improvement in Status of Women and Development of Activities Among Legislative Measures

WASHINGTON, (AP)—The Swedish government has announced a number of important legislative measures to be taken up by the 1920 Riksdag, the state parliament has been advised. Improvement of the status of married women, provision for the government employment of women, development of the principle of the arbitration board, penal law reforms, electrification of railroads and open voting in the Riksdag are mentioned in an official memorandum issued by the government. The questions of unemployment insurance, co-operation between employers and the workmen, government control of monopolies, and revision of laws relating to limited corporations, are also to be considered by the Riksdag.

# OFFER PLEDGES OF FRIENDSHIP

## British Officials Testify to Excellent Relationships with Americans

LONDON, (AP)—The English-speaking union gave a dinner here last night in celebration of Armistice day, the first anniversary of the signing of the historic pact that ended hostilities of the world war. The chief event of the dinner was the presentation to John W. Davis, the American ambassador, of an illuminated address to the American people testifying to the excellent relations which existed between the British people and the American people, who were quartered in this country during the war. The address bears the signatures of the lord mayors, lord provosts and the mayors of the chief cities and towns in the British Isles.

The dinner was held in the famous Connaught Rooms in Great Queen Street, Earl Reading, lord chief justice of England, presided. The address presented to Ambassador Davis follows: "To the people of the United States of America: It is known by those presents that we, the undersigned lord mayors, lord provosts and mayors of the aforementioned cities and towns in Great Britain and Ireland, while rejoicing that, with the co-operation of the American navy and army and that of the Allies, the war has been brought to a victorious conclusion, do hereby declare on behalf of the British people, and in our deep regret at the consequent departure from among us of the American naval and military forces, who have fought side by side with our soldiers and sailors with so much gallantry and success.

"We are sorry that we in this country have not been able to welcome so many of the American and forces as we should have liked owing to the exigencies of war. Those of your men, however, who have resided with us have made countless friends among our people, and we shall always retain the happiest memories of their visit. The standard of conduct which they have set has indeed been a high one, and we can only regret that we shall be unable to meet some of those feelings of affection which they have inspired during their sojourn with us.

The signatories to the address are the Lord Mayors of London, Liverpool, Norwich, Sheffield and Belfast; the Lord Provosts of Edinburgh and Glasgow; the Provost of Belfast, and the Mayors of Stamford, Salisbury, Oxford, Lincoln, Chester, Southampton, Dover, Derby, Portsmouth, Buckingham, Grantham, Oldham, Andover, Doncaster and Eastbourne.

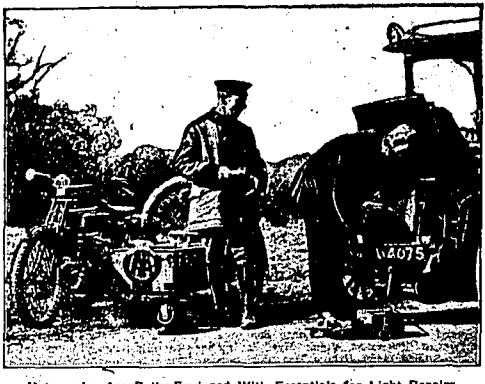

# REINSTATING WAR POLICY

Government Insurance Bureau Gives Conditions Governing Procedure  
WASHINGTON, (AP)—Under modification of conditions governing reinstatement of elapsed policies announced today by the war risk insurance bureau, no statement as to the condition will be required within three months after discharge from the service. After three months, a statement declaring the policy holder to be in as good health as at the time of discharge will be required together with a written request for reinstatement and two months' premiums.

Policies may be reinstated within 18 months after discharge upon payment of two months' premiums and all elapsed policies may be reinstated until next December 31 regardless of the length of time since a premium has been made.

# RUSSIANS' EFFICIENCY GROWS AS ALLIES LEAVE

## Previous Dependence Seems to be Reason for Low Achievement Standard

ARCHANGEL, (AP)—Apparently the dominating influence of the allies was one of the reasons for the low efficiency heretofore displayed by the Northern Russians in fighting the Bolsheviks. They depended too much on the allies' guidance and assistance.

Upon the departure of the British all civil and military affairs were taken over exclusively by Russians. The first fortnight that they have been thrown on their own resources has demonstrated that in this region they cannot only hold the front but can develop initiative and move forward wherever necessary.

The conviction is growing that with the arrival of Serbian and Czechoslovak troops they will not only be able to defend the northern district but will be able to give material assistance on other Russian fronts.

Only a Cold  
Are you ill? Is often answered—'Oh! it's only a cold,' as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears, take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off—Adv.

# AGITATOR BARS WAY TO AMERICA

## Former Food Administrator Points Out Possible Consequences of Present Attitude in Talk to American Poles

BUFFALO, N. Y., (AP)—The American people are growing impatient with foreign agitators and unless their attitude changes, the door that has always been open to Europe may be shut, Herbert Hoover declared here Wednesday in an address at the convention of Americans of Polish ancestry.

"Many foolish ideas are being circulated among the foreign-born population of the United States," Mr. Hoover said. "Many of these foreign-born are interesting themselves in the destruction of our primary institutions and defiance of our laws. The American people are 'fast losing patience with this attitude. It may develop out of this that the 'open door' towards Europe will be, in a large measure, closed. But worse than this, there may develop out of it a prejudice against every speaker of a foreign language in the United States. It creates prejudice against extending aid to those countries in Europe from which our foreign-born populations spring."

Any needed reforms in the United States, he asserted, would "be carried out by those whose parents have grown up amid our institutions and those who have become in sentiment and spirit a part of our people."

# IDEALS PREVENT RECTOR FROM BECOMING BISHOP

British Clergyman Objects to Church Officials Living in Palaces and Receiving Big Salary  
LONDON, (AP)—Canon Peter Groom, rector of St. Phillips, Balford, has refused the bishopric of Lincoln because he is opposed to bishops living in big houses (palaces) they are styled and receiving big salaries.

"I have a very strong idea of what a bishop's life should be," he says, "and there is a big battle to be fought in the future on the question of bishop's palaces and incomes."

No one recognizes more fully than I do that many of the bishops are poorer as such than they were before they accepted the office, but that does not alter the fact that the bishops' palaces, motor cars, and bishops' incomes are a real stumbling-block to the workingman in accepting Christianity."

As bishop of Lincoln he would have received £2,000 a year and would have been expected to live up to it.

# GUARDS SUPPLY OF SILVER

Strict Limitations Placed on Exportation of White Metal from Mexico  
MEXICO CITY, (AP)—Strict limitations upon silver exportation from Mexico were placed upon producing companies today by an order from the treasury department directing that 50 per cent of all bullion be sold to the government. In no case will the companies be allowed to export more than 50 per cent of their production. The order resulted from the shortage of the silver coins, which, because of their silver content, are being hoarded and sold for bullion.

**Raise Your Calves on this World-Famed Milk-Substitute**  
BLATCHFORD'S CALF MEAL is the B original milk-substitute. It was the first on the market. For over one-third of a century it has been successfully used in raising calves by the most progressive farmers and dairymen in this country. It is the only calf meal backed by so remarkable a record.  
  
**Blatchford's CALF MEAL**  
The success of this milk-substitute is due to three things. First—its quality. Blatchford's is above all a quality calf meal. Only the best materials are used in its manufacture. It contains no waste materials or by-products of low feeding value. Second—it contains all the nutritive and growth-producing properties required by the calf. The finest and healthiest of calves can be raised upon it. Third—it is economical. A pound makes a gallon of pure milk-substitute and it can be used at less than half the cost of using milk.  
Blatchford's Calf Meal raises calves from babyhood. It is extremely palatable. It is easy to feed. It saves both milk and money. It will pay you to use it.

# LAUNDRY WORKERS QUIT MANGLES WHEN UNION OFFICIAL COMMANDS

### Refusal of Wash-Shop Managers to Sign Agreement Recognizing Union and Accept House Rules Brings Strike of Fair Percentage of the Women and Girls Employed

Patrons of local steam laundries will probably miss the superfluity of pins and useless collar buttons in their laundry work this week.

Instead of truth they may miss their laundry altogether on the usual delivery day.

The laundry workers' union has ordered a strike and many members of the industrial organization at present are unemployed.

Consequently the wash shops are running short-handed, but they are running, the managers declare.

#### Some Quit Wednesday

Late Wednesday afternoon 10 of the 21 laundry workers employed at the Twin Falls laundry walked out. This morning, according to orders issued not only by business representatives of the Twin Falls Laundry Workers' union, operators in the Troy Laundry, said made the work on which sweeps picked up and thrown away and fared forth without an idea to their employers.

The walkout at the laundries is said to be directly the result of the employers to recognize the Laundry Workers' union, a request for such recognition having been made on two separate and distinct occasions in the past fortnight. The time limit for acceptance at the Twin Falls laundry expired yesterday, and a walkout was ordered with that expiration. This morning the limit was reached, on the matter of consideration of policy at the Troy Laundry, and forces quit there, too.

#### 19 Out of 46 Girls

Although the two big laundries employ 46 hands—21 at the Twin Falls, 25 at the Troy. At the former place 10 workers have quit their positions; at the Troy nine participated in the strike.

Those obeying the order to strike are women and girls who have been employed on what is known as "light work" and "pressing" laundries, according to Manager E. J. Murray of the Twin Falls laundry, and Manager W. M. Poaris of the Troy. They have been receiving \$1.15 per week. It is understood a raise to \$1.75 per week is desired, along with recognition of the union as a condition in the shops. At the laundries, it is stated, is being paid from \$30 to \$40 per week, according to the nature of employment engaged in. None of the work is done, and there is a sufficient residue of women and girls still employed to guarantee completion of all work on hand. Managers admit they are having plans for vacant positions made vacant by the strike.

## CONVENTION HORRIFIED OVER CENTRALIA AFFAIR

### Tom Berrington Hears of Action Taken in Legion's Occulve Against I. W. W.

The suggestion made by Tom Berrington, commander of Twin Falls American Legion, that Congress be asked to loan rifles and equipment to Legion posts throughout the nation in view of the outrage at Centralia, Washington, was adopted yesterday by Taylor Cummins, a member of the Idaho delegation, too late to be presented for action before the American Legion national convention at Minneapolis.

Mr. Berrington today received the following telegram from Mr. Cummins explaining the decision:

"Your wire on Centralia outrage was received just prior to adjournment of the convention and to late for presentation of the suggested resolution. However, the convention adopted stronger resolutions in connection with the matter as a first order of business this morning. A profound sense of horror and necessity for action prevailed in the convention."

## MURTAUGH TO ORGANIZE FARM COMMUNITY CLUB

A community committee meeting was held at Murtaugh last evening for the purpose of discussing the preparation work and organization of the community farm bureau work.

The local project, which will be taken up for next winter, includes improvement of soil, including field demonstrations and a winter grain grading school; pest and weed control. Women's work on the farm will include poultry improvement, culling demonstrations and dress forms. Boys' and girls' club work will consist of live-back improvement and various similar enterprises.

Plans were laid for a general community meeting. Besides the local committee those present last night included Mrs. Miss Edna M. Ladwig, home demonstrator of the Twin Falls farm bureau; A. I. O'Reilly, county club leader; and Lloyd W. Coleman, county agent.

#### OFFICIAL RETURNS SHOW DRY MEASURES DEFEATED

COLUMBIA, O. (AP)—Ratification of the federal prohibition amendment was defeated by 0.25 per cent majority of 542, according to final official figures announced Wednesday by the secretary of state. The 274,369 propositors of the dry measure were defeated by 23,687 of the proposal to repeal state prohibition defeated by a dry majority of 41,849, and the Grange state prohibition carriers were defeated by a wet majority of 18,933.

## BOOTLEGGER RECEIVES JOLTING COURT PUNCH

### Martinez Admits Whiskey-Running and Gets Heavy Penalty from Judge Ensign

E. Martinez, a resident of Twin Falls, was severely dealt with by Judge H. P. Ensign, in the district court at Jerome yesterday. Martinez was fined \$150 and given a penal servitude term of six months in the county jail after pleading guilty to the illegal possession of contraband liquor, according to word brought back by E. V. Larson, who defended the case.

Last June Martinez was arrested in the highway near Shoshone Falls having in his possession at the time two gallons of whiskey. He was taken in charge by justice officers, and later released on bail. At his room in Twin Falls was found a small quantity of liquor, for possession of which he was condemned to serve a period of 30 days in the county jail.

At Jerome yesterday, after sentence was pronounced, a plea for clemency was entered and the jail term was remitted pending good behavior.

## High School News

The second meeting of male students interested in the formation of a High School Boys' club met last evening in the school auditorium with Carlyle Pickett in charge. Mr. Pickett explained the purpose of such a club and told the two divisions to be made in the organization, athletics and Bible study. One of the high school coaches will be selected athletic instructor and Prof. Mitchell and Beaz will have charge of the study division.

The young men decided upon a weekly meeting every Thursday night, in the new room which is being completed under the dome of the building. Bible study will be held every two weeks, as will also athletics. Next week's sessions will be an organization meeting, which time officers will be elected and active work begun. An advisory board will also be chosen at that time, the members of it to act as promoters of the club.

Twenty signed up for permanent membership last evening and decided to join both divisions.

#### PLAN CHRISTMAS PARTY

The Sophomore class is planning a Christmas party, to be held on the night of December 24. The party will be the third of the high school socials.

#### MAKE UP FOR LAY-OFF

No assembly was held yesterday, as the faculty had decided that Tuesday's holiday must be made up by omitting the regular student assembly on Wednesday of this week.

#### MAKE MONEY ANYWAY

The financial report of the high school activity fund treasurer, D. A. Elm, was read at yesterday's meeting. It shows receipts of \$1408.65 during the first two months of school and expenditures of \$600.43, leaving a balance of \$808.22. Season tickets amounting to \$1020 were sold during this period.

#### GETS 'EM UP MORNING

The student council has appointed Kenneth Ayres chief bugler at the flag raising ceremony every morning, and also has chosen extra gatekeepers, as follows: Emerson Berg, James Wood and Lombard Day. The senate is busy on several important matters which have not been announced as yet.

#### SWEDEN OPENS FREE PORT

Stockholm's Harbor is Being Improved to Facilitate Larger Trade

STOCKHOLM. (AP)—Sweden's first free port, which forms a part of Stockholm's harbor, is now open for business although it is far from being completed. It will take considerable time, possibly ten years, to carry out the whole scheme for improvement.

Two ocean steamers can be dispatched at the same time. Beginning with next year the port will have large piers which will permit the unloading of ships of twenty-seven feet draught. The harbor will then be ready to receive a considerable part of the goods to be distributed to the Baltic countries.

## Mebbe 'twill Rain or Snow Muezzin Cries

F AIR and warmer tonight; rain or snow Friday, calls the climatologist muezzin from the tall minaret of his Boise mosque to the Muslims of Idaho.

Judging from general appearances the chance is he'll be right as far as "fair tonight" is alluded to. But tomorrow is a long haul, at least for the bureaucratic lot to guess about.

Personally, we have small faith in "rain or snow Friday," but it may be so, as yet. If not here, perhaps some other place.

He plastered a good guess again for last night when his prediction of "rising temperatures" came true. Locally the mercury rose two degrees from the low of the previous diurnal period. Some rise. Sixteen was the worst done last night, with 43 degrees high on Wednesday.

## FINISH OF HOSPITAL WAITS ON RADIATORS

### County Building Completion is Held Up Through Lack of Heating Apparatus

Finishing touches and occupation of the county general hospital annex waits no upon the arrival of radiators for heating the structure. All other building features are completely ready. The hospital annex comprises 53 rooms planned for the housing of patients and for institutional executive quarters. Work was started early last spring, and progress has been fairly steady until the failure of the eastern company to forward heating apparatus. Just when this material will start its journey west is quite problematical, and the shippers are more or less silent on this point.

"If we could get the radiators installed painting and decorating could be completed; as it is all of this interior work is held in abeyance," said T. Moore, chairman of the board of county commissioners, yesterday, speaking of the general situation at the new institution.

The annex will be served with steam heat through the central plant at the original building. Yesterday the commissioners spent some time in discussion of plans for insuring the building. These plans contemplate policies aggregating a face insurance amount of \$15,000.

#### FILES DEMURRER

A general demurrer to the original complaint, Thomas E. Wylie against Minnie Jones Wylie, in divorce proceedings, has been entered in the district court by the defendant, Frank L. Stephenson, appearing for Mrs. Wylie.

## YOUNG COUPLE WED

Miss Vera Benutz and Carl A. Harder were married yesterday, November 12, at 1:40 p. m. at the Methodist Episcopal parsonage by Dr. A. G. Henning. The double ring ceremony was used.

After the ceremony dinner was given to the immediate relatives at the home of the bride's parents, Mr. and Mrs. W. H. Schultz.

Mr. and Mrs. Harder left during the afternoon for Salt Lake, where they will spend their honeymoon, after which they will return here to make their home.

## ALLEGES CRUELTY

In the district court today Frank L. Stephan, appearing for Kathryn Murphy, filed an action in divorce against Mike Murphy. The principal charge is cruelty. The pair married in Twin Falls November 11, 1918. Complainant alleges that her husband has been delinquent cruel in his treatment of her for some time, and when she was ill and bedridden refused to supply her with food or water.
