

FINLAND WILL RID YUDENITCH AND NEW ATTACK

Places 30,000 Volunteers at Service of North Russian Commander in Attempt to Take Petrograd

DEVELOPMENT MAY BRING PARLEY TO QUICK CLOSE

Delegato to Baltic States Conference. Intimates Pressure to Make Peace with Bolsheviks Impossible

HELSINKI, Finland, (AP)—The Baltic states conference at Dorpat has been advised that Finland has decided to aid General Yudenitch with 30,000 volunteers in a new attempt to take Petrograd within the next few weeks. This development may seriously interfere with and perhaps speedily bring to an end the efforts of the Baltic states delegations to reach an agreement with the Russian Bolsheviks.

Intimates interference. A delegate to the conference intimates to the correspondent that such great pressure has suddenly been brought upon the conferees that it would be impossible to attempt to negotiate a peace with the Bolsheviks.

An important statement explaining the changed position of the conference is expected to be made at 7 p. m. Friday by Gen. Filip, the Estonian foreign minister, and Carl Paulk and Dr. C'uhupus, the leaders, respectively, of the Latvian and Lithuanian delegations.

Points to German Occupation. "It is possible that Friday will be the last day of the conference," said the informant of the Associated Press correspondent with regard to the changed situation. Asked as to the nature of pressure which was alleged to have been brought to bear upon the conferees, the delegate said: "Pressure can be exercised by another means than a blockade, which would be rather crude. There are a hundred ways, including financial and economic methods."

The delegate emphasized the assertion that there were 500,000 German troops in the Baltic states.

"They were permitted to occupy the Baltic states."

Delegates Seem Depressed. A delegate close to the action in the momentary of delegates when they emerged from this evening's conference, which was a long one. They appeared to be depressed and even dejected.

Several of them will return to their respective capitals tomorrow to discuss the new situation with their governments.

No change has been made in the plan to receive the Bolshevik representatives Monday, as it is considered necessary to discuss the subject of peace totally independent of the subject of peace.

UNIONS FAVOR CONCILIATION

Advocates of Plan for Settling Labor Disputes Applauded in House

WASHINGTON, (AP)—Compulsory arbitration of railroad labor disputes was rejected today by the House, which voted 218 to 191 to substitute in the pending railroad bill the plan of voluntary conciliation offered by Representative Sweet, republican, Iowa, and endorsed by railroad workers.

WASHINGTON, (AP)—Advocates of the plan offered by Representative Sweet, republican, Iowa, for voluntary conciliation of labor disputes, to be effected through a national railway legislation were vigorously applauded today when the house resumed debate on the bill. Telegrams endorsing the plan for conciliation were received by many members from union men.

Explaining his proposal, Representative Sweet said it would write into law the machinery employed before federal control of the roads, with an added commission representative of both employers and employees to consider appeals and with no penalties against strikers or lockouts.

"Let the practical men from this industry settle their own disputes," declared Representative Wilson, republican, Colorado, labor union member, supporting the plan. "For 23 years before federal control, the men and their employers successfully settled their own disputes."

Labor sections of the interstate commerce committee bill providing for voluntary arbitration of strikes and lockouts passed, damages to be assessed by courts, were under consideration. The plan of Representative Webster, republican, Washington, to make strikes unlawful was discussed, however, disagreeing with provisions making union members, as individuals, liable for damages caused by a strike.

Illinois School is Fertile Field for Radical Propaganda

Students and Faculty Members Recruited to Cause of Bolshevism is Charge

CHICAGO, (AP)—Bolshevists and reds have found a fertile field for their propaganda among Chicago high school students and have recruited some faculty members, according to a charge made today by Dr. Wm. J. Barthold, principal of Crane technical school and college, in discussing suspension of two seniors of that institution. The youths, Alfred Struve, 20, son of a naturalized German, and Jacob Sacks, whose father is a naturalized Russian, refused to observe the minute of silence in honor of soldiers dead on Armistice day. The authorities here have called to the case.

KENTUCKY DISTILLERIES SELL WHISKEY IN OPEN

Sales Resumed After Granting of Injunction Against the Government

LOUISVILLE, KY., (AP)—Two local distilleries sold whiskey openly in Louisville today at \$75 a case, regardless of the wartime prohibition law. The sales were resumed after the granting of an injunction to the distilleries yesterday by federal Judge Evans, restraining the government from interfering with sale of nearly a million gallons of "floor stock" whiskey.

Wright and Taylor and the Brown-Trotter companies, which were temporary injunctions, made their sales with the knowledge that they are liable to prosecution, according to District Attorney W. V. Gregory, if the federal supreme court reverses Judge Evans in a decision it is expected to make November 20.

RESERVATION TO ARTICLE TEN IS PART OF TREATY

Committee of Good Stands in Face of Wilson's Declaration it Would Cut Heart Out of Covenant

ADOPTED IN ENTIRETY BY VOTE OF 46 TO 33

Four Democrats Join Republicans in Decision to Endorse American Limitation on the League of Nations Pact

WASHINGTON, (AP)—The foreign relations committee reservation to article ten of the league of nations covenant was today in the senate as a part of the pact in face of President Wilson's declaration that it would cut the heart out of the covenant.

The reservation, which has caused an exhaustive debate in the senate, was adopted yesterday by a vote of 46 to 33. The exact form in which it came from the conferees, four democrats joined the republicans in voting to adopt the reservation, while the opposition was composed entirely of democrats. The democrats who voted for adoption were Gore, Reed, Smith (Georgia), and Walsh (Massachusetts).

The senate was in adjournment today in honor of the funeral of Senator Martin at Charlottesville, Va.

Reservation Text

The article ten reservation as adopted by the senate follows:

"The United States assumes no obligation to preserve the territorial integrity or political independence of any other country or to interfere with controversies between nations—whether members of the league or not—under the provisions of article 10, or to employ the military or naval forces of the United States under any article of the treaty for any purpose unless in any particular case the congress, under the constitution has the sole power to declare war or authorize the employment of the military or naval forces of the United States, shall by act or joint resolution so provide."

In only two particulars does this language differ from the proposed reservation to the president declared at Cheyenne, Wyo. He would be obliged to regard as a rejection. As read by Mr. Wilson the phrase "under the provisions of the constitution" occurred at a different place, and the final word "provide" was changed to "declare."

On the question of clamping down a closure on debate will come Saturday morning, and the republican leaders say it will depend entirely on the democrats whether the move falls to reach the senate. The measure effective. The democratic leaders were not ready tonight to say how they would vote, being fearful that agreement to accepting a program might imperil their chances to secure action on a ratification resolution of their own.

MINERS' DISINGLINATION TO RESUME WORK BRINGS FORTH NEW REGULATIONS

Regional Applications for Fuel in All Classes to Provide for Distribution Avoiding Possibility of Distress from Over Consumption of Former Exempted Classes

LASTING SETTLEMENT IS HOPED FOR AS RESULT OF CAPITAL CONFERENCE

WASHINGTON, (AP)—Demands of union miners for a 30-hour week and a 60 per cent increase in wages "are impossibilities and ought to be eliminated at the very beginning," Secretary Wilson declared today in opening the conference between union officials and operators called by him to settle the differences existing in the coal industry.

The standpat position taken by the operators heretofore also is an impossibility," said the secretary, rapping the table to emphasize his utterances. Admitting that the Washington wage agreement still was in force, the secretary declared that the people were not "shocklocks" and did not need to exact such a technical provision of a bond when the conditions under which the bond was made have changed.

Mr. Wilson said he had called the conference because there is a labor dispute in the mining field, but because the world is still passing through a great crisis. After his opening statement, the conference adjourned until tomorrow. Meantime, the operators and miners will meet separately to decide whether the district outside of the central competitive field should be admitted on a general wage agreement.

CHICAGO, (AP)—T. W. Procter, the chairman of the regional coal committee issued the following statement today:

"In view of the fact that the miners have not shown a disposition to resume work in the mines it has been decided to request applications for fuel in the mines and to have the supply on hand may be so regulated that there can be no possibility of distress by the over consumption of the former exempted classes."

"Formerly the coal requirements of the following priority classes were provided for by the railroads without application being made direct to this office: "

"Army and navy together with other departments of the federal government.

"Public utilities.

"Dealers have been requested to so regulate their distribution that there can be no possibility of distress."

Slight Gains in Prospect. Slight increases in the amount of bituminous coal produced throughout the country was in prospect today. The miners generally showed a disposition to await the result of the meeting called at Washington. Miners and operators called by Secretary of Labor Wilson to negotiate a new wage scale.

In some states, notably Illinois and West Virginia, an agreement was reported to have been reached by the government and urging the immediate return of the railroads to their own control.

Colorado Status Encouraged. In the general summary of the situation, optimistic statements regarding the outlook for coal production were received overnight from Colorado. A number of independent mines there were reported to have started operations before the end of the week. The strike was called two weeks ago.

PERMANENT SETTLEMENT AS GOAL OF CONFERENCE

WASHINGTON, (AP)—At the end of coal miners and operators from the bituminous coal fields this afternoon, Secretary of Labor Wilson, acting as mediator, hoped a lasting settlement would be reached in the differences which led to the recent soft coal strike. Fuel Administrator Garfield has accepted an invitation from Secretary Wilson to attend and help settle the coal strike.

Although exactly what he will say in the proceedings has not been announced.

Both the miners and operators have indicated their willingness to accept a reasonable adjustment of their differences and bring about harmony within their ranks.

Success of the conference depends on all parties coming into the parley "without commitments," Fuel Administrator Garfield said today.

Non Union Swears Back. Holding their participation might be construed as acceptance of the union principle, operators of non-union coal mines outside of the central competitive field announced here today after a conference that they probably would not accept the invitation of Secretary Wilson to take part in the settlement of the coal strike.

The output of the non-union mines is approximately 100,000,000 tons or one sixth of the nation's annual production.

The first snag of the conference will run upon the unwillingness of operators outside of the competitive field to enter into negotiations for another nation-wide agreement similar to the "Washington wage agreement" made during the war.

Funeral Services for Four Victims of Armistice Day Parade Shooting at Centralia are Public

CENTRALIA, WASH., (AP)—Prosecution of the Industrial Workers of the World held here in connection with the Armistice day parade shooting and deaths here Tuesday will be presented immediately before a jury. Testimony introduced at the coroner's inquest yesterday, D. Cunningham, assistant county attorney, announced today.

Cunningham made his statement in commenting upon the testimony made at the inquest by Dr. Frank Bickford, one of the murderers, to the effect that the former soldier attacked the I. W. W. hall before any shots were fired.

Public memorial services for the four former American soldiers killed by alleged Industrial Workers of the World during the Armistice day parade shooting here Tuesday will be held today under the auspices of the Grand Lodge post, American Legion.

All four were members of the post, Lieutenant Warren O. Grimm, one of the dead, last week was elected post commander.

Large delegations of American Legion and other former service men were arriving here in large numbers from all parts of the state to attend the funeral services.

C. A. Godfrey, who described himself as a mill worker, was shot in the shoulder early this morning as he was driving through Chehalis in an automobile. A former service man, acting as a guard, fired the shot after Godfrey had disregarded the command to halt, repeated several times.

MINERS REBEL AGAINST LEADER

Three Unauthorized Strikes Prevent Work in West Virginia Field

CHARLESTON, West Virginia, (AP)—Three unauthorized strikes prevented miners from returning to work in ten coal mines in the Kanawha field today.

More than six hundred miners in the Little Coal river district were said to be "in open rebellion" against their leaders, closing six mines, and according to the report preventing other miners from working.

Milburn and Ramadog miners voted to stay away from the mines until a wage agreement had been signed.

From other districts reports reached the Kanawha association that men were slowly returning to work and approximately fifty per cent of the union miners were in operation.

The first step toward a round up of radical agitators in the northern West Virginia coal fields was taken today when the department of justice agents, assisted by state authorities, invaded the districts in which, according to state officials, Industrial Workers of the World control and agitation agencies have been spreading lawless propaganda.

As a result of activity of radicals, authorities say, many coal miners have failed to return to work, and while United Mine Workers' officials have announced they were "able to control the situation," state executives and coal operators said they feared trouble under the propaganda war waged at once.

GOVERNMENT OWNERSHIP IS OPPOSED BY FARMERS

New Organization of Agriculturists Declares for Immediate Return of Railroads to Owners

CHICAGO, (AP)—At the closing session today of the recently organized American Farm Bureau federation resolutions were adopted opposing government control of public utilities, opposing free distribution of seeds by the government and urging the immediate return of the railroads to their own control.

Another resolution adopted favored a "fair" regulation of meat packers, grocers, commission dealers and all other public purveyors by the government.

The federation decided to name a committee to act with the American Legion in the selection of free government lands for former soldiers.

The organization commended the work of the Bureau of Farm Markets of the department of agriculture and urged that it be continued.

WASHINGTON GOVERNOR CALLS FOR ACTION TO RID STATE OF RADICALS

SEATTLE, (AP)—Governor Louis F. Hart's communication announcing he would inaugurate a campaign to rid the state of radicals, published today, reads in part:

"The result of these young men at Centralia can only be avenged by the successful prosecution of those in any way connected with the commission of this atrocious crime, and this end the state owes its every agency and all its power and resources to the local authorities in the arrest and prosecution of said criminals."

"That the fair name of Washington may not be further smeared, that this state may be a safe place for all law-abiding people, that our government

may not be weakened by a cackling growth of an unscrupulous mob, permitted here, I solemnly and request all to whom this is addressed to stamp out Bolshevism, I. W. W. and all other scoundrel doctrines."

"Encouraged by the spectacle of self-control and unwavering loyalty to law and order as exhibited by the returned soldiers of Centralia in protesting from the law and in the public eye, the owners who had so wantonly violated the highest law of God or man, let us renew our allegiance to the constitution and the law and let us be determined to speedily and lawfully rid this state of these enemies of society and enemies of constitutional government."

LACK OF FOOD CAUSES RED'S MORALE TO FAIL

WASHINGTON, (AP)—Because of the serious lack of food in Bolsheviki-occupied Russia and economic difficulties experienced by the soviet government, not much real enthusiasm is felt in Moscow over the forward soviet advance against the forces, according to advices received today by the state department.

The dispatches said that due to the lack of morale in the soviet armies, Trotsky recently ordered troops following up the Bolsheviki armies to fire on any "red" soldiers who fell back. The only 200,000 men, distributed on the various fronts.

TOBACCO CAUSE OF CONCERN TO PURITY LEADER

Reformer Discerns Cloud on Prospect for Betterment Consequent Upon Prohibition Enforcement

PITTSBURGH, (AP)—Conditions with respect to social purity are not at the present time "in every way encouraging," H. S. Steadwell, Lawrence, Wis., president of the National Purity Federation, said today at the conference on social purity of the Third World's Christian Citizenship conference being held here. Although a marked advance was secured by restriction and prohibition in many countries upon "the twin of social vice"—the use of intoxicating liquor as a beverage—Mr. Steadwell cited as offsetting it some what "a general increase in the use of tobacco throughout the world by both sexes," and while there has been much desirable legislation and wide diffusion of information that the speaker considered beneficial to the movement, he pointed to much still remaining to be done.

Auto Menace to Morality

"Opportunities are multiplying rapidly for sexual temptation and vice," he said. "The associations of the sexes are largely unguarded during these years and some of the strongest marriage is being deferred until middle life; divorce is increasing; most authorities agree that abortion is on the increase. And to these conditions the fact that the press appeal is universal—everywhere in the newspapers, at the theatre, the movie, the street car, the dance, the fair, the successful novel depends upon it, our magazine cater to it, society reeks with it, the home is steeped in it, the school condones it and often encourages it, professional life wallows in it, the government is often influenced by it, and if we do not turn about face soon we will find where some of the Oriental peoples stand—where they worship it."

He declares the automobile is a greater menace to morality today than the red-light districts thirty years ago, because it puts the "country road" home practically at the city limits.

Commands Government Move

The stand taken by the American government on its entrance into war against social vice and against Steadwell termed "by far the greatest thing that has ever been done in behalf of public morality." He presented a direct appeal for government action, drawing the conclusion that it was not well adapted to civil life, however beneficial it might be to the army, and he offered in its stead a program of education, together with enforcement of all laws bearing on the social morality problem.

"That the American army was the 'cleanest in the world' was a comparative statement, he said, and "it is not saying a great deal for it." It is as clean as the cleanest army, he thought, because it "started with the cleanest body of men ever mobilized for war," and he rejoiced that a sincere effort was made by the government to keep it so. He believed, he said, that the influence of the young men of high blood in the army "did more to keep our army clean than all the moral regulations and remedial measures expended during the war."

HAWAIIAN MEET STRIKES AT DUAL CITIZENSHIP

Convention Declares Room for One Nationality or Another But Not Both

HONOLULU, T. H., (AP)—A movement looking to the abolition of the dual citizenship of Hawaiian-Japanese has been launched at an Hawaiian convention, on the island of Maui. Resolutions were adopted asserting that there are in Hawaii a large number of children who, under the laws of the United States, are American citizens, and, under the laws of the empire of Japan, are potentially citizens of Japan. The convention declared "there is room in this territory for men and women who are either citizens of Japan or the United States, but no place for those who are citizens of both countries." The convention recommended to the commission of the Hawaiian government which is going to Washington this winter, that it take up with the proper authorities of Washington the problem of dual citizenship in Hawaii, "to the end that through treaty arrangements, such as have been made whereby American-born Japanese shall, on arriving at a certain age, declare their allegiance either to the United States or to Japan, and that such declarations be honored by the government of Japan."

ENEMY ALIENS RELEASED

Three prisoners for anti-government activities of Earl Douglas are given liberty.

SALT LAKE CITY, (AP)—Three interned enemy aliens, held at Fort Douglas, near here, for alleged anti-government activities during the war were released from detention Thursday.

One of them, Adolph Schoch, resident of the Philippine islands, was released outright. Schoch, it is said, served eight years in the American army. The two others, Anders Jensen, a German from Mendon, Neb., and Anton Jagodits, Austrian, from Cleveland, Ohio, were granted temporary paroles pending the closing up of their affairs in their country before their return to their native lands. Jensen, who leaves the United States, will take with him his two children who now live in Cleveland, according to officials at the fort.

MINERS EXPECT DEMONSTRATION

Only Proper Consideration for Demands Will Restore Quiet Says Lewis

INDIANAPOLIS, Ind., (AP)—The members of the United States expect a "demonstration of good faith" on the part of the government during the negotiations at Washington, declared John L. Lewis, acting president of the United Mine Workers of America, shortly before boarding a train yesterday for Washington to participate in the conference between mine operators and miners at the invitation of Secretary of Labor Wilson. "The miners are not defeated; they have merely acquiesced in the wretched state of the government," Mr. Lewis said. "They shall expect a demonstration of good faith on the part of the government during the negotiations at Washington. Only by a proper consideration of the mine workers' demands for increased wages, shorter hours and improved working conditions can peace and tranquility be restored in the mining industry." The situation in the coal fields of the country, it was said, at the headquarters, is without precedent in the mining industry. The strike of November 1 was the first general nationwide strike in the history of the United Mine Workers' organization.

ILLINOIS MINERS WOULD DEFEAT JUDGE ANDERSON

SPRINGFIELD, Ill., (AP)—Officials of the Springfield sub-district, United Mine Workers of America, yesterday declared "the mine workers will stand fast for a living wage, six hour day and five day week," and expressed the opinion that Federal Judge Anderson, who ordered the strike called off, should be deported to Germany and presented with the deformed Kaiser's crown.

The Springfield sub-district is a stronghold of the insurgent element which leader "wildcat" strikes in central Illinois last summer. John Watt, secretary-treasurer of the sub-district, challenged the good faith of an independent mediator in moving to rescind the strike call by saying the Lewis order was sent out in the form of "mimeographed copies" and not on the letterhead of the union bearing the mine workers' official seal.

Summon Extra Policemen to Seoul on Anniversary of Japanese Accession to Rule

SEOUL, Korea, (AP)—Extra policemen from the provinces were summoned to Seoul and armed soldiers helped to patrol the city Oct. 1, the sixth anniversary of the inauguration of Japanese rule in Korea. While nothing of great import occurred, numerous arrests were made. All Japanese residents observed the anniversary by raising flags, no Koreans did so, and all Korean shops in the principal thoroughfares were closed, as a counter-manifestation. Some of the shops were forcibly opened later by the authorities. The streets were crowded with sightseers. Unrest and isolated attacks on policemen are reported from the provinces. In the north two Japanese mining experts were killed while out hunting.

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculosis glands, bacterial examinations of pus spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

Teach Your Boy the Savings Habit

and his future success need concern you little.

Strange—but true—that many parents sacrifice unselfishly to give their boy or girl an education, but overlook entirely the very practical value of the habit of saving a little money.

Young America needs training in savings as never before. A little self-denial now and then is the best kind of training in habits that lead to business success.

The First National Bank invites the accounts of boys and girls whether in their own—or their parent's name. \$1.00 will start an account.

GERMANS RESENT RELIEF OF POLES

American Red Cross Carries On Work Under Unfriendly Surveillance

GRODZISK, Poland, (AP)—Down here in former German Silesia, where Poland and Germany are engaged in a bitter controversy on boundary questions, American Red Cross workers have been delivering their supplies under the unfriendly supervision of a long line of German observation balloons. These supplies, intended on the Polish side of the frontier, were for Polish refugees who have passed and are still passing into Poland from Silesia.

When the boundary question first became acute, Germany started to make a warlike show along the frontier. There were German troops engaged in military maneuvers just across the river from Grodzisk; there were many thousands of field artillery, ostensibly brought to the frontier and planted in hidden emplacements behind the hills; there were scores of airplanes and observation balloons, the latter on display every morning, hovering at their slender strings. By night also there was a continual bustle on the German side of the line—signaling and night maneuvers. The frontier which here lies along the Little River Brzawy, bristled with armed guards and pickets. It was the show-window of war preliminaries, designed to impress the people across the border with Germany's power and earnestness.

The Polish authorities estimate that 25,000 Polish refugees have fled across from German occupied Silesia since August 1st. At first the Germans made no objection to this wholesale exodus; rather, they favored it. But as they have strengthened their guard at the frontier and shoot on sight anyone attempting to cross the line in either direction, 257 from 300 to 700 refugees are crossing the border into Poland every twenty-four hours, mostly at night.

DENTIST TO FIX PITCHER'S ARM

George Tyler's Trouble Last Year Said to Condition of Teeth

CHICAGO, (AP)—George Tyler, south-paw pitcher for the Cubs, had an early appointment with a dentist today and before the end of the day is expected to have only two teeth left in his mouth.

The pitcher, who did little work for his team last season because of pain in his arm, spent several days at Rochester in the present week at hospital at Rochester, Minn., where practically every expert at the institution examined him. All except one pronounced his condition "almost perfect." The expert who made the unfavorable report examined Tyler's teeth and declared that the lameness in his arm came from "pus sacks" which had formed on his gums.

After removal of his teeth, the expert predicted that he would be in better condition than he ever was.

MINORS SELECT 1920 PLACE FOR MEETING

Kansas City to Be Scene of the Next "Big Little" Baseball Convention

SPRINGFIELD, Mass., (AP)—With the choice of Kansas City, Mo., as the 1920 convention city and the transaction of considerable minor business at the annual meeting of the national association of professional baseball leagues closed yesterday.

E. W. Dickerson, sporting editor of the Grand Rapids (Michigan) Herald, was elected class B member of the national board of arbitration. A. R. Torney, president of the Western League, was advanced to class A membership on the board.

A ruling was put through regarding liens on baseball territory with the result that liens may be exercised for only three causes: unpaid players salaries, debts due one club to another, and non-payment of dues to the national association.

BOARD MAKES AWARD

SPRINGFIELD, Mass., (AP)—Awards of the national arbitration board announced late tonight follow:

Services of Player Sutherland, claimed by Portland (Pacific Coast) and St. Joseph (western) awarded to St. Joseph.

Claim of George Gibson against Spokane (Pacific Coast) allowed.

of Milwaukee, is billed to fight Johnny Schauer of St. Paul in Colorado Springs next Wednesday night.

A financial statement, prepared by John Cook, secretary of the Salt Lake Bees, shows the club to be entirely free from debt.

The club wouldn't have been though, if it had won the Coast league gavel this season, for the owners had promised to split a purse of \$10,000 among the players for doing it.

BULL-NECKED KNIGHTS TO ROUGH IT IN BULL

Petrof and Nelson Will Stage Something on Night of November 18

BULL, (Special)—If you're looking for Simon-pure excitement and huge gobs of it, you'll not be disappointed if you journey over to Bull the night of Tuesday, November 18, and take in the big finish wrestling match there between Dan Petrof, champion of the Balkans, and George Nelson, "The Sensational Fireman," for both knights of the bull neck have reputations for being tougher than bull beef and twice as rough in their work as the parlor variety of wrestler. Take it all in all, the bout Tuesday evening will be packed with huge gobs of excitement.

Petrof threw Jim Londa, the great Greek, and gave him a roughing that would have made the ordinary pugilist for his life. He is strong as an ox, fast on his feet and a great man in every respect. Nelson is one of the nation's best and a wrestler who, like Petrof, is honest. The match between them will be excellent. They are even in weight and skill, and they will "shoot."

"Clouting" Copenbarger, Bull's newest phenom, will tangle with Lonnie Sushon of Piter, who seeks revenge. The winner will meet "Young" Leonard of Seattle at Bull Thanksgiving day in a 15 round match. There will be an amusing preliminary in which two blindfolded boys will box.

Tom Parks will referee the main event; C. F. Clark, the preliminaries; E. C. Swanner, J. W. Tanner and Amos Howard of Bull will act as judges. The bout will begin at 8:30 sharp.

The match will be conducted under the club's iron rule, that of giving money back if the contestants "stall," have "framed" or "lay down."

CLEVELAND, Ohio, (AP)—Only 100 innings were necessary to complete last night's games of the three cushion billiard championship tournament of America.

R. L. Cunniff of New York, defeated Tiff Denton of Kansas City 10 to 31 in 57 innings. Clarence Jackson of Detroit, won from Byron Gillespie, of Buffalo, 50 to 41 in 40 innings. Jackson scored the high run of the day with an eight in the first inning.

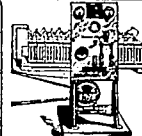

MEBBY ON MARCH 17?

CHICAGO, (AP)—Jack Dempsey, world's heavyweight champion, will not engage in a ring contest before Marco, Jack Kearns, his manager, announced "last" night. The champion will be engaged until that time in making an amazing picture. Dempsey is en route to Salt Lake City to spend a week with his mother, having finished his circuitous engagement in Little Rock, Ark., Tuesday.

FIRST PRINCIPLES

Referring to organization of men for
mutual benefit and declaring that "in-
dividual liberty is only to be enjoyed
up to the point where it encroaches up-
on the liberty of others," William B.
Culver of the federal trade commission,
today addressing the National Coffee
Roasters association, stated a primary
principle so evident as to be almost a
platitude.

It is because of the simplicity of
these first principles, perhaps, that we
are prone to disregard them in a
mad pursuit after now freedom and
other phantasmagoria.

It is time that all these various pro-
posals for a so-called new order of
things should be met with more of the
spirit attributed to the Missouriian, and
with considerably less of blind cred-
ulity. It is certain that a more gen-
eral practice of such policy would re-
sult very soon in bringing about a prop-
er regard for unalterable first prin-
ciples one of which was stated by Mr.
Culver in this instance, and that a very
considerable degree of benefit would
be derived generally.

Grain and Provisions

CHICAGO, (AP)—Today's corn mar-
 ket showed considerable strength at
 the opening, due to advances in New
 York stocks and higher quotations on
 hogs, but the strengthening influence
 failed to last. Enlarged receipts, to-
 gether with clear cold weather likely
 to hasten the crop movement count-
 er against the bulls. Besides, eastern de-
 mands were light. Opening prices, which
 ranged from 3-8 to 1-1-4 high-
 er, with December \$1.33 to \$1.33 1-2
 and May \$1.27 to \$1.27 1-2, were fol-
 lowed by a reaction to about the same
 as yesterday's finish.

Oats duplicated the action of corn.
 After opening unchanged to 1-8 high-
 er, including December at 72-7-8 to
 73, the market secured a moderate gain
 and then underwent a setback.
 Upturns in the value of hogs lifted
 provisions. Business, though, lacked

"The Social Purpose of Jesus"

The world of today is passing
through a revolutionary epoch as
plainly marked as the epochal Re-
naissance and Reformation of the
16th century. A new flood of light
is being poured upon the pages of
History. The Person and the Works
and the Teachings of The Messiah
are the objects of study from a new
viewpoint.

Multitudes are claiming Jesus as
the exponent of their social ideals.
Was Jesus a Reformer of the mod-
ern type? Did He have real Social
Aims? If He had them, what are
they? How are they related to the
present revolutionary epoch, if at
all?

These and other interesting ques-
tions concerning the Social Purpose
of Jesus will be discussed in the
Sunday evening message.

COUNTESS LEO TOLSTOI IS SUMMONED BY DEATH

Widow of Famous Russian Novelist
Succumbs at Yasnya Poliana, Says
Delayed Information

LONDON, (AP)—Countess Leo Tol-
stoi, widow of the famous Russian novel-
ist, died at Yasnya Poliana Novem-
ber 4, according to a dispatch to the
Daily Mail from Helsingfors, quoting
the Krasnyia Gazette.

Countess Tolstoi, before her mar-
riage was Sophie Behre, daughter of a
fashionable Moscow physician. She was
married to Count Tolstoi in 1862. The
couple had sixteen children.
Count Tolstoi's vagaries in his later

life which led him to flee from his
family in search of a simple mode of
living, were said to have been a great
strain on his wife.

When the novelist became critically
ill just prior to his death in Novem-
ber, 1910, he was lying in a poorly ven-
tilated room at a small village 30
miles from his estate at Yasnya
Poliana, attended by his daughter. As
Count Tolstoi had expressed the wish
that no one seek him out, Countess
Tolstoi sent an urgent appeal that she
be permitted to join him in his self-
imposed exile and hardships.

The countess later received a teach-
ing letter from the count and proceed-
ed to the village, but was admitted
to the sick room only the night before
he died.

Social Notes

Frayne McAtee assisted by his mother, Mrs. F. F. McAtee was host to the Twin Falls football team and its coaches last evening. The table was in the form of a T with the best of coaches at the head. The football was placed on a mirror in front of them, and a beautiful basket of yellow chrysanthemums placed the decoration for the long part of the table. After dinner toasts were responded to by the members and coaches. Those present were: Sterling Newman, Dwight Kuhn, Willard Denton, Albert Bailey, Victor Stroeck, Jacob Irwin, Robert Putzier, Charles Hagenbalg, Walter Krongel, Roy King, Jack Phipps, Norris Epler, Ewen Watson, Warren Gorton, Charles Taylor, Theodore Schwarz, Clifford Fix. The coaches are George E. Douhan, Donald Robey and Buck Weaver.

Mrs. Edward A. Walters entertained at a delightful luncheon at the Hotel Perrine yesterday. The table was most charming with three large baskets of yellow chrysanthemums tied together with yellow tulle. Yellow shaded candles were also used and the white and yellow color scheme was carried out in the menu. After luncheon the guests adjourned to the Walters home where the afternoon was spent at bridge. Mrs. J. Shrout carried off the honors for first prize, and Mrs. Robert Lewis second. Those present were Mesdames L. Glos, M. J. Swedler, N. J. Keefer, T. Cummins, L. T. Wright, J. S. Bussell, T. J. Woods, E. J. Ostrander, J. Shrout, T. Reed, R. A. Hamilton, Shad Heald, W. S. Hill, R. A. Read, E. S. Larned, Morgan Heap, C. E. Booth, W. R. Priebe, Robert Lewis, E. H. Kaylor, A. J. Poavey, R. B. King, Misses Jane Maxwell and Mildred Burger and Mrs. B. E. Shepherd of Jerome. The invited guests from out of town were Mesdames Fred W. Gooding, Lundin, Whitnack, Hankock and Bowler of Shoshone, and Mrs. Kaye A. Richfield. A second party was given by Mrs. Walters in the evening with the following ladies in attendance: Mesdames E. Whitford, R. J. Spangler, J. Bothwell, C. Robbins, W. Hance, Jr., L. Ormsby, W. A. Flower, E. C. Laverling, A. B. Wilson, L. Smith, C. A. Robinson, J. B. McLean, W. P. Guthrie, H. E. Allen, Geneva Lewis, J. M. Maxwell, L. S. Morse, E. Warren, Price Newman, R. A. Read and G. Aikou. Mrs. W. A. Flower won the honors for high score, and Mrs. R. A. Read was second.

Miss Lennella Benoit was pleasantly surprised by a number of her friends at her home in the Benoit apartments last evening. The evening was spent with games and music.

The teachers of the Bickel school are looking upon their evening at the Bickel building. Patrons of the school are cordially invited to attend. The high school band will give a concert beginning at 7:30 for which there will be a program. Punch will be served during the evening.

Mrs. B. E. Shepherd of Jerome, motored to Twin Falls yesterday to attend the luncheon and bridge party given by Mrs. E. A. Walters.

Mrs. Thomas M. Robertson was host to the Episcopal Guild yesterday afternoon at her home on Ninth avenue

Attention---Men

Yes, indeed, things are moving along in fine shape in the MEN'S CLASSES of the METHOBIET CHURCH. Had a fine gathering next Sunday morning. Going to have a bigger gathering next Sunday morning. Hecy Dinkelacker is the Sunday leader and he is rustling hard to make the work next Sunday morning a big thing. The general lesson subject will be "THE NECESSITY OF CHRIST'S GLORY"—another lesson concerning the lives of Peter and John. Supt. Blue, the teacher of the class, will close the lesson hour with an address on "SELECTING OUR LEADERS"—touching a little upon the Centralia outrage. Come on, now, fellows—let's make it a big happy hour. Remember, the doors start at 9:45 and the men's room is in the church basement.

By the way, did you hear Dr. Bennett last Sunday morning? Some sermon, wasn't it? Does a fellow a world of good to hear sermons like that.

CAMPAIGN IS BEGUN FOR DORMITORY FUND

Gooding College Hopes to Erect Department for Returned Soldiers

GOODING, Idaho, (Special)—The campaign for \$150,000 to build a boys' dormitory for the returned soldier boys and other worthy young men at Gooding college was started in dead earnest last Thursday evening by a mass meeting at the Breuninger rink. The principal address was given by Governor D. W. Davis who has always been a friend of Gooding college, and who at the present time is out of the state, Saturday both the local and the county committees commenced to get busy. John Thomas is chairman of the local committee while Mr. George Wedge provides over the meetings of the county committee.

Sunday from Granger to La Grande, Methodist preachers, minute men and other laymen, told what this popular school of the people has meant and is meaning to the young men and women of the Inter-Mountain Empire. Monday the active campaign for funds was commenced by the leading pastors of the state.

In this good work they were assisted by a score of men from outside points who are donating their services to this good work. In addition to these were the more progressive business men of the respective communities are realizing as they never realized before just what an asset Gooding college, located just half way between Pocatello and Boise, means to the upbuilding of southern Idaho and western Oregon points. While \$150,000 seems a considerable sum, if every man gives half of what the school will actually mean to him and his property there will be no doubt as to the success of this worthy enterprise.

STILL WILL ACCEPT RED CROSS MEMBERS

Opportunity Provided for delinquents to Enroll in Mercy Society

Providing an opportunity for further contribution to the Red Cross membership cause, arrangements have been made by executives of Twin Falls chapter, American Red Cross, to receive enrollment pledges from such persons as have not been able thus far to procure buttons. This work will be continued by the Home Service section in Cotton hall, with Mrs. Edwards in charge.

A request is sent out that all persons having supplies belonging to the membership enrollment committee leave these at the Home Service department.

BOISE EVANGELIST TO OCCUPY HANSEN PULPIT

Evangelist Maxie A. N. Clark of Boise, who is conducting a series of revival meetings at Hansen, will speak at the church at Hansen next Sunday at 11 a. m. on the subject, "Will the League of Nations Bring Peace and Safety on the Earth or Do We Need a King?"

In an evening, a city evangelist will address a mass meeting at Hansen at 7:30 p. m. on the subject, "The New Great Power—What is it?"

The evangelist extends an invitation to all to attend both services. There will be no collection taken. Mrs. M. Clark and I have nothing to sell.

CHURCH AT GOODING NEARING COMPLETION

GOODING, (Special)—The church building at the Pentecostal assembly, now being erected at Second avenue and Main street, is rapidly nearing completion and it is hoped to hold the dedicatory service Thanksgiving day. Peter Davis, pastor of the local church, is planning on conducting a series of revival meetings early in December.

The building is now being conducted by the Hughes plumbing shop on Bluff street.

The First Cup and Saucer.

The beverage of the sixteenth century wore water, bread, sack and ale. In the middle of the next century tea was introduced, and with it came the Chinese "for china" teapot. The handle of the cup came from Mediterranean land, originally it was made of tin, and strong earthenware and applied to heavy lugs and lumps.

For Dull Mirrors. If mirrors be very dull and speckled, the following method is excellent: Take a small portion of whiting and add sufficient cold tea to make a paste; rub the glass with warm tea, dry with a soft cloth; rub a little of the paste well on the mirror and polish dry with tissue paper.

Life is life's supreme interest. Without it nothing is possible with it, all American life is the supreme interest of America. That life is full, progressive, intense, ambitious, forward, one of its glories may be called its imperfections. For there is a glory of the imperfect. —Charles F. Thwing.

Next to a silver lining cup our nation of the most misdeeds thing in the world is one of those elaborately jeweled swords that are presenting to returning a normal nowadays.

Root of Contentment. Who gives what he would readily throw away gives without generosity; for the essence of generosity is in self-sacrifice. —Henry Taylor.

RUPERT

RUPERT—Miss Lillian Cross, who has spent the past 10 days in Salt Lake City on business, returned to Rupert.

The Rev. J. Elliott snmp of the Christian church, spent Tuesday in Pocatello attending to business and attending the church conference the same day. He went to Boise the same night, where he attended another conference, returning home the next day.

Mr. and Mrs. W. E. Meyers are the parents of a baby boy, born November 8.

Mr. and Mrs. Julius Johannessen have a baby boy, born Friday, November 7. He bears the name of Carl Andrew. Mrs. Dave Riey, mother of Mrs. Johannessen, arrived Monday from Idaho Falls to make a short visit.

Joseph W. Carter arrived last Saturday from Nephi, Utah, and is residing at the home of his daughter, Mrs. E. H. Broadhead. Mrs. Carter has been here the past three weeks. He will return home the first of the week.

G. W. Rosenberger and family left the first of this week for California to visit the baby.

Frank Branson will leave with his family this week for Orland, California, where they will spend the winter.

Brigman Murock, who bought the James L. Jason farm, two and one-half miles west of here, on which snow drove his car through from Orland, Idaho, last Sunday. He stated that there was two feet of snow that night and his house had been covered in household goods and family effects.

Miss Bell Hall and the Misses Throckmorton entertained the Young Men's League at the Methodist church Tuesday evening. Twenty-two young people were present. Games were the order of the evening. Delightful refreshments were served by the hosts.

Marion Hall, 19 year old son of Mr. and Mrs. F. G. Hall, who reside on their farm near Heyburn, met with an accident while feeding a good bull by straddling which almost cost him the loss of his right hand. He got his hand mixed up with one of the lumps on the feeder, cutting his hand nearly to the palm almost in two, severing several of the tendons. It is thought that his hand will always be stiff.

Tim Lindsoy arrived Monday evening from Idaho Falls, on which snow extended visit with his uncle, John Merrill, and family, three miles south of town.

Mr. and Mrs. Curtis Martin will leave the first of the week for Boise, where they will spend a week with Mrs. Martin's parents. Mr. and Mrs. John Klack will leave then for the city, where they will spend the winter. Mrs. Martin has been employed in the First National bank for the last ten years.

The Bellie brothers have traded their new paragon on Scott avenue to J. W. Stewart and two sons, Ron D. and Harvey Stewart, for a lighter color Buick three miles south of town.

The Rev. and Mrs. G. W. Barnes, who spent two weeks in Boise attending the Methodist church conference, returned home last Friday. They presided at a subnormal meeting.

Mrs. Daniel Gilman arrived in Rupert Tuesday morning.

WAS FORCED TO GIVE UP WORK

Suffered Five Years—Gains Thirty Pounds by Taking Taniae

"I'll tell the world that this Taniae comes nearer doing all that is claimed for it than any medicine I ever saw in my life" said Otto Zangue, a well-known carpenter and builder who lives at 1535 Carpenter Ave., Los Angeles, Cal., the other day.

"I have tried a good many different medicines during the past five years," continued Mr. Zangue. "but Taniae is the only one that has measured up to my recommendation, and is the only one that has done me any good at all. I suffered from stomach trouble, and every time I ate anything I would be all bloated up with gas for hours afterwards. I was so nervous that I never got a good night's sleep, and just kept getting worse until I was forced to give up my work altogether. In fact, I was in such a bad fix that I was not able to get about my work. Every time I saw a medicine advertised as being good for my kind of trouble I would get it and try it, but I didn't get any benefits from any of it. Well, when Taniae came along I thought I might as well give it a trial, too, so I bought a bottle and commenced taking it. I really laughed when I first heard about Taniae, but I thought it would be like all the rest, but I want to tell you that Taniae fooled me for it just simply knocked my troubles right out, and I am as well and hearty now as I ever was. Why I have actually gained thirty pounds and when I go to bed now I sleep until time to get up in the morning. Yes, you had better try Taniae, for it is just as good as any medicine as good as Taniae."

Soldiers' Hat Corde. The colors of the corpe of the hats of soldiers stand for distinctive branches of the army. Blue is for infantry; yellow, for cavalry; red, for artillery; red and white, for engineer corpe; salmon and white, signal corpe; salmon, medical corpe; black and red, ordnance corpe; buff, quartermaster corpe; gold and black, commissioned officer.

Industrious Artist. It has been estimated that the artist, Turner, left in money as 21,000 pictures, oils, water colors and sketches.

THE KITCHEN CABINET

If you were busy being kind, before you knew it you would find you'd soon forget to think "was true" that someone was unkind to you.

If you were busy being glad, after you were glad, you would find you'd soon forget to notice it.

SOME FAVORITE DISHES.

This time of the year is filled with such sunny days, and even warm ones, that it is well to keep to the lighter foods and simple recipes that tend to give the system a zest and vigor.

The oyster now has come again to his own and is served fresh and preferable, though in a shell, to the fried oyster which is so popular with many.

Creamed Fresh Beef.—Chop one pound of beef from the round; put into a hot pan and stir until all is seared. Add half a cup of butter and cook for five minutes. Add a dash of salt and pepper and serve on hot toast.

Delicious Hash.—Take a pound of finely chopped meat from the top of the round, put it into a hot frying pan with two table-spoons of butter, or a small shredded onion and cook until the beef is nicely browned; add one-half cupful of hot water; or, better, soup stock, and eight chopped potatoes, previously cooked. Season with salt, paprika and chopped parsley.

Cheese and Olive Canapes.—Cut stale bread into one-quarter-inch slices. Spread with a small oblong butter with rounded corners. Cream butter and add an equal quantity of soft, rich cheese season with salt. Spread on the bread and garnish with one-quarter of inch border of finely chopped olives and a piece of red and green pepper cut in fancy shapes in the center of each.

Moravian Apple Pie.—Core and pare six waxed apples. Place in a covered pan with a teaspoonful of lemon juice, a little of the yellow rind, a cupful of sugar and water enough to cover the bottom of the dish. Sew small tender. Line a deep pastry plate with pie pastry; place the apples in it, fill the centers with peach marmalade and put strips of pastry over the top. Bake in a quick oven and serve with cream.

MURTAUGH

MURTAUGH—Mr. and Mrs. Geo. Dietrich spent Tuesday at Twin Falls.

Mr. and Mrs. Francis Johnson has gone to New York with their relatives relative some time. Her son, Ira, will accompany her as far as Iowa, where he will enter school.

A stock shower was given in honor of Mrs. George Baker at her home on the north side Saturday.

Very pretty little gifts were received. Refreshments were served. Those present were: Mrs. B. F. Jain, Mrs. Ed. True, Mrs. C. V. True, Mrs. V. L. Bell, Mrs. Elmer Chaner, Mrs. P. J. Fahoy, Mrs. Alfred Hoover, Mrs. C. C. Dudley and mother, Mrs. Roy Baker, Mrs. Jackson, Mrs. Fay Shepherd, Mrs. Oma Hensley.

Mr. and Mrs. G. D. Taylor of Colorado Springs spent Saturday afternoon at the home of Mrs. B. F. Jain. This morning Mrs. Taylor are looking for a business location in the Twin Falls district.

The Murtaugh Mothers' club met at the home of Mrs. B. F. Jain Thursday afternoon. A business meeting was held and it was voted to give a ball on November 10. A short talk on looking nursing and child care was given by Miss Rose-ette McFarr, Twin Falls county public health nurse. The next meeting will be held at the home of Mrs. Roy True, Thursday, November 15. All the ladies are expected to be present to help with the next ball.

As long as she lives I will praise it for the good it has done me!

ATTEMPT TO CHANGE DEPOSITARY OF CANAL COMPANY FUNDS FAILS

Detweiler Resolution Seeking to Make Twin Falls National Bank Cash Custodian Finds a 2-2 Tie Vote and Loses for Want of Majority — Fraser Made Special Legal Counsel

By resolution an abortive attempt was made yesterday, at a meeting of directors of the Twin Falls Canal company, to change the depositary of canal company treasury funds from the National Bank of the Republic of Salt Lake to the Twin Falls National Bank. The resolution, which came to a tie two ayes and two nays, was introduced by D. F. Wetweiler of Piler, who, in explanation, said his motion was the result of long contemplation of criticism aimed at him for his action a year ago which was the instrument whereby the fund went to, and further deposits were and are still being made in the Salt Lake banking institution.

Support for yesterday's resolution came from J. W. Frahm, who provided the seconding voice with Mr. Detweiler. Claude Brown and Ivan G. Lantieri voted negatively. At the time the resolution was offered president of the board J. R. Barker was temporarily absent from the meeting. In view of the drawn vote the resolution was declared lost.

The Twin Falls Canal company's deposits annually amount to some \$700,000 to \$800,000, according to records of the company.

Considerable other important business was transacted at the canal directors' meeting yesterday, one of the chief items recorded being the election of A. A. Fraser, of Boise, to defend the company in actions brought to compel issuance of more water rights on the stock of the company.

Three such actions are now pending in courts of the state. The annual election of directors will be held here December 9.

WOMAN CANDIDATE FOR RIO DE JANEIRO OFFICE

Mrs. Daltra Disregards Precedent in Entering Race for Representative in City Council

RIO DE JANEIRO, (AP)—The first woman to seek election to public office in Rio de Janeiro is Declara Daltra, a professor in the public schools, who announces her candidacy as representative in the city council in the next municipal elections.

Mrs. Daltra frankly admitted in an interview that she has not much hope of winning. She declared, however, that defeat at the polls was of less importance than the fact that she will be making a fight for the emancipation of her sex. Her main object, she said, will be to provoke debates on what she considers the momentous problem of obtaining political rights for the women of Brazil, who at present are not entitled to vote.

Mrs. Daltra, who is a widow, has been prominently identified with educational and welfare work in Brazil for many years.

Deaths

At the Grossman chapel this afternoon is being conducted the funeral of Ella Umberger, 2-year-old daughter of Mr. and Mrs. I. B. Umberger, who died yesterday. Burial will be in Twin Falls cemetery. The Rev. A. O. Bennett, of the First Methodist church is in charge of funeral services.

RE-SURVEY RAISES SCHOOLS VALUATION

Steadily Increasing Property Worth Requires Heavier Insurance

Following a re-survey of school property in independent district No. 1, the school board, at a recent meeting, found it advisable to replace its property insurance to the amount of \$600,000. This is about 60 per cent above last year.

JOHNSON CALLS STUDENT ATTACK ONLY GOOD FUN

American Prohibition Worker in England Has No Complaint to Make

LONDON, (AP)—William E. Johnson, the American prohibition worker and Anti-Saloon league organizer, who yesterday was dragged from a platform and badly handled by the crowd while making a prohibition speech, discussed his experiences with a reporter today. He admitted that when he was first attacked he attempted to fight off the crowd, but that when he found he was only a student's lark he entered the fun and enjoyed himself.

"The boys were all right," Mr. Johnson declared. "The police handled the situation well; if they had tried to force things a lot of people might have been hurt. I am sending this message to the students: 'You had a good time. I had a good time. I have no complaints, but if you want fun get into the game against the greatest enemy of the human race—drink.'"

KANSAS MINERS AWAITING SETTLEMENT OF DEMANDS

PITTSBURGH, Kansas, (AP)—Local unions of the coal miners of Kansas have begun adopting resolutions announcing the determination of the men not to return to their work in the mines until a settlement of their demands has been made, August Dorchy, district vice-president of the miners said this morning.

For a few days Dr. Evans, the optician, will be at his office over Fishler's drug store, departing morning of Nov. 9, to be gone for a few days. We make a careful examination, fit glasses and attend each case one year. J. T. Evans.—Adv.

Weather Man Hedges When Guess Fails

SEVERE rain, snow, dew or anything about your pipe today! Neither did we! But in this day's weather statement, issued from Boise is contained an invidious correction—not a really definite correction, of course, just a sort of veiled cover for a flaw in a former statement.

He said yesterday it would rain or snow here today. Now he intimates, without fanfare or bludge blows, that rain or snow is for the north end. Here's the complete report: "Tonight and Saturday rain or snow in north portion; fair south portion."

The temperature in this section continues to move forward at a two-degree per day rate. Last night the low was 18 against 16 on the preceding night. High yesterday was sort of springy, 49 degrees being top.

SETTLEMENT OF STRIKE DISAPPOINTS BOLSHEVIKI

Russian Reds Hoped British Industrial Crisis Would Become a Revolution

LONDON, (AP)—The speedy and peaceful settlement of the British railway strike was a sore disappointment to Russian Bolsheviki. They hoped that it would develop into an open revolution. That was shown by a wireless message that was transmitted from Petrograd "with compliments to the British railwaymen." It stated: "We, the railwaymen of Red Petrograd, have heard the news of your general strike with joy and enthusiasm. You have broken the chains of civil peace. You have declared war on your government. You must pass from a general strike to an armed rising. In order to improve your economic position you must first destroy the present imperialist order of things and substitute for it a government of workers and peasants. Do not allow the leaders of the old trade union school to get at the head of the movement, as they will betray you at the last decisive moment. Victory is yours if you fight to the end.

"As to ourselves, we will fight until the whole world is covered with red flags. Down with the league of nations. Long live British soviet power."

REVIVALS TO CONTINUE Because of the steadily growing interest in the meeting the series of revival services, held at the Baptist church the past fortnight, will be continued throughout the coming week, according to an announcement.

WOOL CASE IS UP In the probate court today is being heard testimony in the state's case against Frank Clark, alleged to have feloniously taken a quantity of wool belonging to Joe Bangashes, of the Three Creek country.

High School News

The senior class social, upon which several committees have been working for some time, is to be held this evening at 8 o'clock. The seniors will first assemble in the gymnasium, from where they will proceed to the recreation room on the third floor for the evening's entertainment. A precedent was established this year when male students by a practically unanimous vote decided to abolish "dates" to the party. Any violation of this decision is punishable by a severe penalty, though "dates" at the conclusion of the social are allowed.

LUNCH CLUB The Lunch club, an organization which was instituted last year to provide entertainment for out-of-town students eating their lunches in the school building during the noon hour, was re-organized yesterday. Emerson Bolz was elected president of the club and Loyce Luo was chosen secretary-treasurer.

EXAMS IN ORDER The second six-weeks period of the semester ends a week from today and efforts are being given daily to make some of the large number of classes. Members of the varsity football team are finding it hard to busy themselves with studies after several absences when on duty against rival schools.

WANTS PERSONAL DRAMATIS Members of the Junior class play cast have not as yet been chosen by Miss Ida Brown, who is awaiting receipt of several copies of "The Art of Being Bored" before commencing practice.

TO STUDY FORENSICS Students interested in forensics are desirous of organizing a school debating society to afford frequent practice in the art of argument and also to prepare and develop material from which to select teams for the annual inter-scholastic debates between this high school and that of Boise. It is generally acknowledged that a debating league is essential to victory over the Capital City school next spring, for the local school is weakened by the graduation last spring of four of the six debaters of last year, two of whom were veterans of the 1917 debate. There is an abundance of material in the two upper classes alone from which to form the society and the only possible handicap

Nevertheless it is possible that, should this be the case, the students have the proper amount of initiative and school spirit to put the plan across without act as coaches for the organization. any aid.
