

TWIN FALLS DAILY NEWS

TWIN FALLS, IDAHO, MONDAY, NOVEMBER 17, 1919 PRICE FIVE CENTS

WOODSMEN JOIN WITH LEGION MEN IN SEARCH FOR I. W. W. SUSPECTS

Posse Scours Timber Country Around Centralia, Washington, on Hot Trail of Persons Charged with Participating in Massacre of American Legion Members; Seeks Cabin in Which Alleged Culprits Took Refuge after Killing Haney

CENTRALIA, Wash., (AP)—Former soldiers and woodsmen who are searching the timber country at the head of Hannaford valley for alleged Industrial Workers of the World charged with participating in the shooting here last Tuesday in which four American Legion members were killed, are not expected to report until tonight.

The posse was reported to be seeking the cabin in which it was said the I. W. W. had taken refuge after having shot and killed John Haney Saturday.

MEXICAN LABORERS RESOLVE MUCH RADICAL LITERATURE EL PASO, Tex., (AP)—Radical literature in great quantities is being distributed among the thousands of Mexican miners in the district of international boundary and also is being sent into the interior of Mexico by Industrial Workers of the World and the sympathizers with the Soviet rule in Russia, government officials here said today.

DEES HATED OF CAPITAL AS FEAR FOR MEMBERSHIP MORGANTOWN, W. Va., (AP)—Miners in the northern counties of West Virginia were urged to join the I. W. W. because it is the "only revolutionary organization that is hated by the capitalists class."

This interesting information was found in the mass of I. W. W. literature seized by agents of the department of justice when they raided the headquarters of the organization on Scott's Run, near here, and captured a dozen of the leaders Saturday.

The Scott's Run local had its membership among the local mine workers who were only 475 miners are American citizens. Meetings were held every Sunday afternoon in the forest near the mine, always under the leadership of some I. W. W. leader, and meetings were held at a number of other points in the district at the same time, it being the policy of the organization never to unite in great gatherings.

LEGION ARMS ESPIONAGE LAW ON DEAL WITH RADICALS NEW YORK, (AP)—The federal espionage act to empower local authorities to deal more effectively with radicals, will be asked by the American Legion at an extraordinary session of the Colorado legislature to be called before the end of 1919 it was announced today.

BRITISH PEACE BOLSHEVIK AIM

Diplomatic Circles View Dorpat Developments as Bid for Parleys

LONDON, (AP)—In diplomatic circles here the view is that it is evident the Bolsheviki are entering the negotiations at Dorpat regarding the exchange of prisoners with every intention of endeavoring to open peace negotiations with the British. The makeup of the delegation accompanying M. Litvinoff, former soviet ambassador to Great Britain, who heads the mission, is considered significant, as also is the fact that telegrams from the Bolsheviki government expressing deepest appreciation of the arrangements made for the conference are couched in the most conciliatory terms.

Has Definite Instructions James O'Grady, labor member of the house of commons, representing Great Britain has definite instructions not to enter into any peace parleys except with relation to prisoners. (A Dorpat dispatch Sunday night said the Litvinoff delegation might go from Dorpat to Copenhagen to discuss an exchange of prisoners and other questions with soviet representatives.)

Reaffirm Omak Capture The capture of Omak by Russian soviet forces, generally denied in advices from Scandinavia yesterday, is asserted in a Bolsheviki communique received by wireless from Moscow today. Severe street fighting preceded the capture and more than 1,000 prisoners were taken by the Bolsheviki, it is declared.

The Kolchak forces retreated eastward in disorder, says the telegram, which also claims the capture of Yanovsky from the all-Russian troops. In the Baltic region, it is announced, after the capture of Yanting the Bolsheviki continue to advance and are pursuing General Yudenitch's troops.

RECEIVERSHIP FOR MINES

Attorney General to Start Action in Hope of Resuming Production

TOPPEKA, Kan., (AP)—Receivership proceedings will be started at once by the attorney general in the state supreme court against the coal mine operators of Kansas, it was announced by Governor Allen today. The move is expected to operate on the mines, since November 1 on account of the strike, will be resumed.

OPERATORS NOT READY TO MAKE COUNTER OFFER

Conference of Wage Scale Committees in Central Coal Field is Postponed; Renewal of Work Figures

WASHINGTON, (AP)—The conference of wage scale committees in the central bituminous coal field was postponed today at the request of the operators, who were not ready to submit a counter proposal to the demands received from the miners Saturday.

It was said the question of the renewal of work by the miners was one of the matters to be brought up by the operators.

Settlement in Wyoming Wyoming miners and operators have reached a settlement satisfactory to both parties and the mines will be reopened at once, according to a telegram from D. J. Quayle, president of the Wyoming Coal Operators' association, received today by Secretary Wilson.

The final contract in the Wyoming field is to be based on the agreement reached in the central competitive fields.

Operators in the soft coal industry today considered calling upon the department of justice to enforce more vigorously the competitive field rules against the striking miners and to force resumption of work in those districts where the men walked out Nov. 1.

WORLD NEWS EVENTS

COPENHAGEN, (AP)—Philipp Scheidemann, former German chancellor, writing in the Vorwaerts, says he considers that Germany is in the power of the reactionaries. "The entire army," he writes, "seems to be at the disposal of the reactionaries. Unity of the working classes has become a bounden duty."

WASHINGTON, (AP)—German subjects are trying to enter the United States by way of Mexico under the guise of Polish citizens, it was announced today at the state department. Steps to prevent the entry of the Germans have been taken, it was said.

LA PAZ, Bolivia, (AP)—The answer of the Bolivian foreign department to inquiries by Peru concerning the report of an agreement between Bolivia and Chile, by which Bolivia acquires a port, according to the Tiempo, says simply that no agreement has been made with Chile, but that Bolivia does not renounce her right to continue negotiations to obtain the port, this being entirely a national function.

GLASS TO ACCEPT TOGA AT REQUEST OF WILSON

Secretary of Treasury to Become Successor in Senate to Late Thomas S. Martin

WASHINGTON, (AP)—At the request of President Wilson, Secretary Glass will accept the appointment of senator from Virginia to succeed the late Senator Thomas S. Martin, it was announced today at the state department. After receiving the appointment from Governor Davis of Virginia, Mr. Glass asked the president what his wishes were and he replied that he would like Mr. Glass to accept. Secretary Glass has consulted with members of the senate, who told him there was no particular need for his resignation at this time for a week or more. Meantime he will continue to serve as head of the treasury department.

Consumers' Strike Answer to Threat of Gotham Milkmen

Abstinence is Rule on Three Days of Week Until Price is Lowered

NEW YORK, (AP)—Milk drivers whose recent threats of a strike won them an increase of pay and sent milk prices up, found a "consumers' strike" today progress in many parts of New York this morning when they made their early deliveries.

Hanging on doors of many homes and apartments were signs reading "Milk strike—no milk wanted here until Thursday."

The strike was called by the council of national defense, and "strikers" who observed the recommendations of the council will abstain from the use of milk on Mondays, Tuesdays and Wednesdays until the price is lowered.

Price of Butter at Chicago Record Mark

CHICAGO, (AP)—Highest prices ever known for butter were reached in Chicago today, 70 cents a pound for creamed butter, which is the same grade never went above 67 1/2 cents during the period of active hostilities of the world war.

Receipts of butter here of late have been much curtailed as compared with a month ago.

Entombed Miners at Mallan Still Alive

WALLACE, Idaho, (AP)—Two miners buried in a cave-in in the Hunter mine at Mallan, Saturday, were still alive today and rescuers were within fifty feet of them, it was stated by Charles L. Herick, manager of the mine.

WITHDRAWAL OF CZECHS FROM RUSSIA ARRANGED

Japanese Transports Chartered and the United States Gives Use of Ships and Funds

PRAQUE, (AP)—The arrangements for the withdrawal of the Czechoslovak troops from Siberia were announced by Foreign Minister Benes at a meeting of party leaders here.

Four Japanese transports had been chartered and the United States had allowed the Czechoslovaks to make use of ten large ships stationed in Chinese waters and also had placed funds at their disposal, the foreign minister stated.

Reports from Siberia recently have stated that in view of the Kolchak revolution the Czechoslovak authorities had been asked to postpone the withdrawal of the Czechoslovak troops. An Omak message received November 7 announced that assurance had been given that the Czechs would continue to guard the troublesome sections of the trans-Siberian railway and keep communications open for the present.

WILSON THREATENS TO TAKE RESERVATION FROM SENATE HANDS

President Calls Lodge Reservations Impossible and Will Pocket Pact if They Are Contained in It; Declares Position in Conference with Administration Leader; Caucus of Democrats Convened to Plan Procedure

HOPE FOR COMPROMISE FOLLOWING RATIFICATION DEADLOCK HELD OUT

RESERVATION IN REGARD TO GERMAN COLONIES FIRST OF COMMITTEE GROUP TO FAIL IN SENATE

WASHINGTON, (AP)—The foreign relations committee reservation excluding the United States from any responsibility in regard to disposition of the German colonies was rejected today by the senate.

The reservation, which was the first of the committee group to be defeated, failed to command the support of the said reservation republicans and was opposed also by some of the republican irreconcilables in addition to the administration democrats.

The vote rejecting the reservation was 64 to 29. Twenty-two republicans voted against the reservation; while three democrats, Shields, Tennessee; Reed, Missouri; and Walsh, Massachusetts, voted for it.

WASHINGTON, (AP)—President Wilson will pocket the peace treaty if it contains the Lodge reservations, he told Senator Hitchcock at a conference today at the White House.

"The president has read and considered the Lodge reservations," Senator Hitchcock said, "and he considers them a nullification of the treaty and utterly impossible."

The program outlined by Senator Hitchcock after he had seen President Wilson last week will be carried through in the senate, Mr. Hitchcock said. This contemplated defeat of the ratification bill, with the Lodge reservations attached, and the offering of a resolution for ratification without reservations. With the defeat of this resolution a deadlock would follow and compromise be sought.

Wilson More Aggressive Senator Hitchcock was with the president for an hour.

"I find the president is very much improved since a law limit," the senator said on leaving the White House. "He looks better, talks better and is much more aggressive. I find that he has read and considered the Lodge reservations and that he considers them a nullification of the treaty and utterly impossible."

"Did the president tell you what his course would be in the event the Lodge reservations are accepted by the senate?" he was asked.

"The president will pocket the treaty," he was the reply.

"Even if reservation 15 is stricken out?"

"Yes; that would make no difference in the president's decision."

Senator Hitchcock did not interpret the president's stand to mean that the treaty was dead, declaring he still believed a compromise reservation program could be worked out.

The preamble of the committee resolution requiring that the senate reservations must be accepted by three of the other great powers was said by the democratic leader to be particularly objectionable to the president who regarded it, he declared, as "killing the treaty absolutely."

Might Accept Some He indicated also that the article ten reservation was entirely unacceptable to Mr. Wilson, but said the executive might be willing to accept some of the other proposals on the committee program.

As soon as he left the White House, Senator Hitchcock predicted that a conference of democratic friends of the treaty. It was said it might be held tonight. The plan at first had been to have the mid reservation republicans in the conference, but it is understood they informed the democrats they were unwilling to negotiate until the committee program had come to a vote.

Senator Hitchcock predicted that the mid group would give the democrats enough support to uphold the vice president in ruling that further ratification resolutions are in order, thus opening the door for a compromise.

GOVERNMENT WINS SUIT ON CALIFORNIA LANDS

Secures Cancellation of Patents for 6,000 Acres of Oil Lands Allegedly Obtained by Fraud

WASHINGTON, (AP)—The government has won today in the supreme court with its fight to have cancelled patents for 6,000 acres of California oil land valued at \$10,000,000 alleged to have been obtained through fraud by the Southern Pacific company.

In disposing of the case the supreme court reversed federal court decrees dissolving proceedings instituted by the government to have the land, which is located within naval oil reserve number 1, returned to the government.

The stock market was subjected to another sharp break at noon today. Heavy selling was precipitated by an announcement that the United States supreme court had decided against the Southern Pacific company in the suit involving 6,000 acres of valuable oil lands in California.

Southern Pacific broke on extensive sales from 106.58 to 101.12 in less than 10 minutes. The stock closed last week at 108 1/2.

Union Pacific, which had been at the most the only strong feature of the morning, also relinquished a large part of its five point advance.

FRANCE MAY NOT GIVE APPROVAL TO RESERVATION

News of Action Taken by United States Senate is Received with Deep Interest in Peace Conference Circles

PARIS, (AP)—The news of the adoption by the United States senate of reservations to the German peace treaty was received with great interest in peace conference circles. The point apparently being most discussed by the delegates in general is as to whether the senate will ultimately insist upon the reservations being formally approved by the other governments, as now specified in the protocol, or whether it will ultimately insist upon the reservations being formally approved by the other governments, as now specified in the protocol, or whether it will ultimately insist upon the reservations being formally approved by the other governments, as now specified in the protocol.

There likewise is much speculation as to how far the American reservations might possibly affect the reservations of some of the minor powers, such as China, Rumania, and Jugoslavia, which desire to make peace.

China has never signed the German peace treaty. The Chinese delegates offered to sign it subject to a reservation on the question of Shantung, but were not permitted to do so. Rumania and Jugoslavia did not sign the Austrian peace treaty, taking exception in the clause regarding the protection of racial minorities.

GERMANS REBUKE AMOUNT TO REPUDIATION

LONDON, (AP)—It would be difficult to exaggerate the gravity of the international situation, said Lord Robert Cecil in the house of commons today when he was speaking in reference to the action of the senate on the German peace treaty.

It was impossible to ignore, either the serious news from the United States or the action of the senate on the German peace treaty. He did not desire to express an opinion of the legitimacy of the senate's action from the American viewpoint, he declared, but the reservations that had been provisionally accepted amount almost to the repudiation of the covenant and the repudiation of the treaty.

"At the best," continued Lord Robert Cecil, "it is to be expected that a long period of negotiations and the possibility of further rejection when the negotiations are concluded. We desire American co-operation and the American leader to be particularly objectionable to the president who regarded it, he declared, as 'killing the treaty absolutely.'"

FRANCE REGRETS INABILITY TO VISIT WESTERN STATES

WHITE SULPHUR SPRINGS, Va., (AP)—More than once since his arrival here the president has expressed regret that he was unable to spend more time in the United States. He expressed the hope today that it would not be long before he could pay another visit to this country in order that he might see the western states, a section in which he has shown the deepest interest and concerning which he has asked many questions.

According to the present arrangement the prince's special train will leave Chicago for White Sulphur Springs at 9 o'clock and will reach New York about 11 o'clock tomorrow morning.

IDAHO WEATHER Tonight and Tuesday fair.

MEXICANS DETAIN AMERICAN AGENT STATE DEPARTMENT FILES PROTEST

Consular Representative at Puebla is Held in Penitentiary Two Hours after Arrest on Charge of Collusion with Bandits who Kidnaped Him; Released without Bail and Now Restricted to His Home; Testimony Given Under Threats

WASHINGTON, (AP)—William G. Jenkins, American consular agent at Puebla, was detained at the penitentiary for two hours after his arrest on a charge of collusion with the bandits who recently kidnaped him, according to advices to the state department today from Mexico City. He is now restricted to his own home.

First official news of the arrest of the consular agent was sent to the state department yesterday by the American embassy, which reported that the arrest appeared to be based on de-

clarations from a number of persons, who, under threats, made statements purporting to establish collusion. The department immediately telegraphed urgent instructions to the embassy to take the matter up with the Mexican government, and to secure the release of Jenkins. The embassy also reported that in a signed statement published in the Mexican press, the prosecuting attorney of Puebla charged that Jenkins was guilty of criminal responsibility and of giving false evidence.

RAILWAY REFORM DIFFICULT TASK

American Meets Opposition in the Effort to Make Efficient System

OMSK, via Vladivostok, (AP)—John F. Stevens, of Chicago, administrator of the Trans-Siberian railway, has experienced difficulty in his efforts to the aid of an interrelated committee, to convert the Trans-Siberian railroad into an efficient railway system. Seven months have now elapsed since he became its administrator.

One of the most serious obstacles he encountered was the untrustworthy situation in matters of Russian interference, on the part of Russians in places of authority. The system of car distribution has proved a stumbling block, which precluded an untroubled movement in the direction of efficiency. It was possible to conceive one of America's great transcontinental systems with local committees in each state traversed, committee in each state, no manner identified with the actual railway management, vested with authority to distribute freight cars as they choose within the control by the railway management, one might find a parallel with the actual situation in Siberia.

Open to Favoritism

To obtain a car a shipper must apply to the committee in control in his district, comply with money requirements which have nothing at all to do with the handling charge, and pay the amount. Every avenue is open to exercising of favoritism in the matter of distribution. It is no secret that the supply of cars is manipulated as to keep the "price" up. Mr. Stevens of the interrelated committee has been able to do has had any effect in abating this practice. The result naturally has been to run up prices of every commodity to ridiculous figures and to stimulate speculation.

Passenger Traffic Paralyzed

Passenger traffic is paralyzed by the fact that thousands of people are being held by Russian and foreign delegations of many sorts who live in their months on end and whom the committee has no power to remove. Representatives of one nation alone are said on good authority to occupy 500 first-class passenger cars and 1,500 officers' cars besides upwards of 12,000 box cars.

OLD ESTATES ON MARKET

British Properties Possessing Historical Associations For Sale

LONDON, (AP)—Several fine old estates possessing interesting historical associations will come on the market soon. The most notable one is not announced for sale is Dalwinton, in Dumfriesshire, Scotland which at one time formed a part of the lands held by John "The Red" Comyn, the grandfather of Robert Bruce for the throne of Scotland.

APORTIONS UNOCCUPIED ROOMS TO HOMELESS ONES

BERLIN, (AP)—The dwelling shortage is so great in Berlin suburbs that the mayor of Wilmerdorf has announced that it will be necessary this winter to billet homeless persons in every unoccupied room in the dwellings of that community. His purpose is understood to be to induce the householders to volunteer their rooms to the occupants. Under this ruling, a family of three persons with one vacant living in a five room house will have to surrender one room to a refugee.

HIGH COST OF LIVING MAY STRIKE PARIS POLICE COURT

PARIS, (AP)—The high cost of living is likely to strike the police court if a measure under study is adopted. Miscellaneous offenses against the law of the police court are the offenses which are still being assessed in the police courts under the tariff established by Napoleon when selling the famous Napoleon salt. An advance of 100 per cent on all fines assessed in the police courts is being discussed.

Famous English Chimneys

A "twisted chimney" distinguished an Elizabethan manor house in the ancient town of Buckingham, England, which is to be offered for sale shortly, and the auctioneers assert that the secret of this mode of construction is lost, and that the only other "twisted chimney," and that less perfect, is at Hampton Court.

You may rest assured of this: If a merchant uses a full page of space in which to tell store news, his goods have been told in a column, he falls either to serve or to profit. If he uses a column when he needed a page he makes an even greater blunder.

Thief of Bath Water Called Meanest Man

CORODOVA, Alaska, (AP)—Reports from Nenana say that residents of that town say they are having the meanest man in Alaska in their midst. This culprit was recently charged with stealing a barrel of bathwater from a citizen who was saving it for bathing purposes.

BOLSHEVIK IDEA INVADES NORWAY

Left-Socialists Stand Without Reserve on Side of Russian Soviets

LONDON, (AP)—A strong Bolsheviki element in Norwegian socialist circles is reported by a Scandinavian correspondent in Copenhagen. It is one of the widely read London weeklies. He writes that the left-socialists in Norway stand without reserve on the side of the Russian Bolsheviks. At the last general election they polled 250,000 votes and won 52 seats. One of their leaders, Egele Nissen, says the correspondent of the Moscow where he is "at Lenin's feet."

"The programme is openly revolutionary," adds the correspondent, "the leaders are openly rejecting reforms which are in their own programme once those reforms promise to be attainable by parliamentary means. An instance is the eight-hour day reform which was proposed in the program of the last Storting opening; but which, under the inspiration of the left-socialists the workers set about realizing by direct action. The reform was passed an hour before the customary time without giving their employers notice."

"Similarly the left-socialists repudiate all agreements and last summer 50,000 workmen expired they opposed a renewal and urged the workmen to seize the factories. In particular they opposed a renewal of the customary clause, 'the employer controls and distributes work.'"

TARTAR PERSECUTORS OF ARMENIANS EMIGRATING

AMERICAN Military Prestige Has Salutary Effect on Precarious Situation

ERIVAN, Armenia, (AP)—American military prestige has caused the emigration of thousands of anti-Armenian Tartars from this district. Convinced by a widespread rumor that American troops were coming to protect Armenia, the Tartar-persecutors of Armenians are emigrating in droves.

MINISTRALISTS LEAD VOTE

Indications Point to Re-election of Premier Nitti in Italy

ROME, (AP)—Indications of the last night were that 119 ministrals, 222 ministers of the constitutional opposition, 45 socialists, 32 Catholics, 21 nationalists and 14 republicans had been elected today to the chamber of deputies. In the Senate of Italy, it is believed Premier Nitti was elected by a large majority. Despite strong opposition, Vittorio Orlando and Antonio Salandra were former prime ministers, also seemed to have been elected.

ENGLAND ENGAGES IN STUPENDOUS EFFORT TO CURB PROFITEER

Great Extent of Undertaking is Disclosed in the Work of 1,600 Tribunals which Have Prosecuted 7,350 Offenders and Secured 1,320 Convictions with Fines Aggregating \$35,000.

LONDON, (AP)—Great Britain's stupendous effort to grapple with profiteering is disclosed by the work of 1,600 tribunals which have prosecuted 7,350 offenders and secured 1,320 convictions, with fines aggregating \$35,000.

Besides setting up these local tribunals to which complaints against dealers are submitted, appeal tribunals have been established in specified areas of England and Wales. In addition central committees also have been formed to investigate alleged trusts or monopolies which may be manipulating wholesale prices. This has been done under the profiteering act.

Investigates Costs

Apartment from the prosecution of complaints, the board of trade, which is charged with the administration of the anti-profiteering law, is independently investigating prices, costs and profits of a large number of articles in common use. It has formed a costings committee, composed of distinguished accountants, which is assisting the central committee in its task. A sub-committee has been set up to endeavor to obtain whatever technical and expert assistance may be required.

In scope, the act applies to "any article or class of articles which is not of a kind in common use by the public" or to any "material, machinery or accessories used in the production of such articles." The act does not apply to "controlled" articles, such as butter, sugar, beer, flour, liquors—commodities for which maximum prices were fixed by war-time legislation.

A clear-cut definition of the term "profiteering" has been a point which has given local tribunals much difficulty in the prosecution of their tasks. So far, the definition laid down by Sir Auckland Geddes, president of the board of trade, has been accepted by a board for prosecution. It follows: "The making of an unreasonable profit, all the circumstances being known by the sale to one's fellow citizens of an article which is one, or one of a kind, in common use."

On the most question of what constitutes an "unreasonable profit," Mr. A. M. Murray, secretary of the ministry of food, recently declared, "One of the causes of profiteering is the fact that the public seems to be a bit of a sucker. A good principle for tribunals to work upon is not to ask themselves whether the profit is higher than someone else is charging, but to ask if the profit is higher than reasonable business principles or is it merely dictated by avarice and greed."

Abnormal Act for Abnormal Time

Mr. McCurdy has characterized the profiteering act as an abnormal remedy for an abnormal state of public feeling—an act not intended to harass British trade, but to help restore it to normal and healthy conditions.

Critics of the government's anti-profiteering machinery point to official figures just published in the board of trade's Labor Gazette showing that, despite efforts to be taken, living costs, the general level of retail prices on October 1 was about 120 per cent above pre-war figures, or an increase of five per cent as compared with the level of September 1 last when the local tribunals were just getting under way. But it is not contended, even by these fault-finders, that the increase would not have been larger had the government made no effort to bring the profiteers to book.

Against such evidence may be set such testimonials as that of the Yarmouth profiteering committee, which claims that a reduction in wholesale prices has made thirty-five per cent profit has been noticeable in that locality.

Hearing Confidential

Membership of the local tribunals is fixed at from seven to twenty-five, two of whom must be women. All complaints are heard in public except in special cases when under authority of the board of trade, proceedings may be in private. Books or documents produced at private hearings are to be treated as confidential if the person

THEATRE PRICES SOARING

Charge of 100 Marks is Made for Box Seat at First Performance

BERLIN, (AP)—Prices for theatre and opera seats are soaring to the skies in Germany. It has just been announced that it will be necessary to charge sixty marks for an orchestra seat and 100 marks for a box seat at the first performance of Pfitzner's "Palestrina" which is soon to be given. Before the war there was much criticism because thirty marks was the charge for a seat at the opera when Caruso sang.

When Frau Fritz Masaryk's opera, "Syllbi", was produced for the first time the other night, speculators advanced the price of seats to 120 to 150 marks.

The audience included "illicit traders" whose wives and daughters glittered with diamonds.

CONSERVATIVES WIN ELECTIONS

Results of Voting in France Show Extremists Carrying Few Seats

PARIS, (AP)—Results of the elections thus far known show that among the winning candidates are 70 republicans...

The republicans of the left gained seven seats and lost four; the radicals gained six and lost five; the radical socialists gained one and lost fifteen...

Three deputies whose terms expire will have a second term and 25 deputies whose terms expire were re-elected...

Among those known to have been elected are Andre Lefevre, former minister of finance; Aristide Briand, former premier; M. Abel, governor general of Alsace-Lorraine...

Complete returns from twenty departments in which there were 120 deputies to be elected, show the radical socialists carried only ten seats.

Complete returns from twenty departments show the conservatives, nationalists and moderates received 101 seats and the extremists 15, the moderates gaining 46 and the extremists losing 16.

PRaises Treatment of ENEMY ALIEN IN AMERICA

Dr. Karl Muck Tells Germans of His Internment in United States

BERLIN, (AP)—Dr. Karl Muck, formerly conductor of the Boston Symphony orchestra, says that his treatment during his sixteen months internment as an enemy alien in the United States...

Dr. Muck said he had lost many of his friends in America and that his musicians had stood by him loyally. He attributed his imprisonment to "hysteria," which, he said, was due to "British propaganda."

IDAHO GOVERNOR ASKS FOR RAILROAD TO RELEASE COAL

POCAHELLO, (AP)—To release thousands of tons of coal now on the dumps of a coal company a few miles from Driggs, Governor F. W. Davis has asked the federal administration for its cooperation in an effort to have a railroad spur, constructed from the main line at Driggs...

Only property which is undestructible or too high priced should ever be tenanted. Tenants are sought throughout the city for GOOD HOUSES OR APARTMENTS, rightly priced.

WRESTLERS SEE EASY FORTUNES

U. S. to Be Mecca for European Grapplers Who Are After Quick Money

BY OTTO FLOTO DENVER, (Special).—What a wonderful year the coming winter should prove for the wrestlers. Not only have we five great men here in this country...

We learn from authentic sources that Gama, the Indian wrestler, is among the first to come. Gama has struck terror in the hearts of all competitors who tackled him in Europe...

George Kennedy of Montreal, who has handled wrestlers for five years, writes that he was long an expert Constant La Marin to arrive from Buenos Aires in the near future.

Added to this list the great grappler who hails from Geneva, Switzerland, named Antonio Chapirand, and the one who is quite formidable, George Hackenschmidt...

All of these men mentioned above served in the war on the side of the allies with the exception of Hackenschmidt, who early in the war was made a prisoner in Germany and only recently was released.

And incidentally let's say Hackenschmidt was one of the most decent men we have ever encountered in the ring. He is a very rich man, and he will never wrestle again and the injury to his leg will bring training for the second bout with Gotch at Chicago has left him slightly lame.

And incidentally let's say Hackenschmidt was one of the most decent men we have ever encountered in the ring. He is a very rich man, and he will never wrestle again and the injury to his leg will bring training for the second bout with Gotch at Chicago has left him slightly lame.

BRITISH TOY MANUFACTURERS WOULD SUPPLANT GERMANS

LONDON, (AP)—British toy manufacturers are making every effort to supplant German toys, which in pre-war days monopolized the toy market here, and already the shop windows show abundant results of the British labor.

Western Leaguers Consider Circuit

Club Owners in Minor Ball Association are Gathered in Chicago

CHICAGO, (AP)—Club owners of the Western league met here today in an annual session to consider the question of a circuit for the 1920 season, elect officers and to settle the details of the season just closed.

Those attending the meeting were: Edward Hanlon, St. Joseph, Mo.; Harry Eels, Sioux City, Ia.; Wm. Bourke, Omaha, Neb.; Frank Isbell, Wichita, Kan.; James Crawford, and Spencer Abbott of Tulsa, Ok.; John Holland, Oklahoma City, Ok.; Thomas Fairweather, Des Moines, and N. Rosenberger of Joplin, Mo.

Brief Bits of Sport

Why not stage the first and second grid teams of the high school for the local academic championship? Just a suggestion, is all.

Sim Smiley, angelfish sage, says: "While the country is agog with talk of caution which will turn a healthy attention to the chap who cut up your lawn to save himself a few steps."

Yes, sir, wrestling used to be a great sport, but it has degenerated into a vehicle whereby otherwise useless geeks deplete the public treasury without giving an adequate return for the expenditure.

Chicago sort of showed up the Hawks yesterday, and Princeton did a similar turn to Old Eli, but both were nip and tuck battles.

Earl Caddock, champion heavyweight wrestler, has been matched to grapple Samp Clapham, British mat title holder. The bout will be staged in Omaha December 15.

Unless England can send out better wrestlers than it does boxers the match looks like a tuning set-up for Caddock.

Tommy (Ten) Lipton says the next International yacht race will be pulled off at Atlantic waters on June 24, 1920, with Shamrock IV matched against the best the New York Yacht club can send out.

The challenger will be taken out of the South Brooklyn yard for preliminary practice runs during April next year, a yacht being brought over from England to make these test runs with Shamrock IV.

At Pullman—University of Washington 18, Washington State College 7. At Reno—University of Nevada 0, St. Mary's College 0.

At Los Angeles—Occidental 25, Redlands 0. MANY WOMEN CANDIDATES LONDON, (AP)—Of over three thousand candidates who were nominated for the London borough council elections more than 120 are women.

REVIVES BULL FIGHTING

Mexico City's Famous Bull Ring Scene of First Encounter Since Ban

MEXICO CITY, (AP)—El Torro, Mexico City's famous bull ring, was scene Sunday afternoon of the first bull fight since the sport was forbidden in the federal district by President Carranza almost three years ago.

Declining Birth Rate ATTRACTS BRITISH THOUGHT LONDON, (AP)—The declining birth rate in England is attracting the attention of many thoughtful men. The bishop of Birmingham declared at a recent church congress here that "it was the duty of the church to encourage child-bearing for the good of the nation was nowhere greater than for the increased production of healthy children."

OCCUPATION IS EXPENSIVE BERLIN, (AP)—Maintenance of the allied armies of occupation, it is estimated, will cost Germany approximately \$750,000,000 annually, the minister of finance, Herr Meyer, has told the national assembly's budget committee.

Your quick response to advertisements offerings carried in the ads makes it possible for the merchant to make more and more of them.

NORTH AND SOUTH ENDS OF STATE REPRESENTED

UNIVERSITY OF IDAHO, Moscow (Special)—Northern and southern Idaho have an equal representation on the two University of Idaho debating teams which will meet Washington State college in a dual forensic contest December 12. Roy Agce of Kamiah, William Briseow of Troy, Phillip Buck of Curier, Carl Burke of Star, William Carpenter of Boise and Lawrence Huff of Moscow were selected to compose the university teams after a try out participated in by 25 students.

Teach Your Boy the Savings Habit and his future success need concern you little. Strange—but true—that many parents sacrifice unselfishly to give their boy or girl an education, but overlook entirely the very practical value of the habit of saving a little money. Young America needs training in savings as never before. A little self-denial now and then is the best kind of training in habits that lead to business success. The First National Bank invites the accounts of boys and girls whether in their own or their parent's name. \$1.00 will start an account. THE FIRST NATIONAL BANK TWIN FALLS, IDAHO

THE PRESIDENT'S THREAT

It is not improbable but, in fact, quite likely that President Wilson will never be presented with the opportunity to pocket the German peace treaty...

The result of the president's threat—if, indeed it were not designed to do just that—would seem to be to stiffen the backs of administration senators...

It is to be hoped that it will take only 33 votes to defeat the ratifying resolution. It is quite evident that a sufficient number of senators to defeat ratification will never consent to ratification without reservations...

The president of course, is playing for a subsequent agreement of a sufficient number of senators to ratify the treaty on a compromise basis...

It will be interesting to observe what the president's disposition of the matter will be when the treaty is presented with this reservation...

WOULD BLOCK COMPROMISE

Mild Reservationists Against Second Ratification Resolution... WASHINGTON, (AP)—A number of the mild reservationists conferred today and at least part of them were said to have agreed to vote against upholding Vice President Marshall should a bill that a second ratification resolution could be reconsidered after that reported by the foreign relations committee had been rejected.

HOUSE NEAR ADJOURNMENT

No Business to Be Transacted After Today, Republican Leader Says... WASHINGTON, (AP)—No business will be transacted by the house after today, Republican Leader Mondell said, adding that the house probably would formally adjourn tomorrow following the passage today of the Esch railroad bill and a resolution authorizing government control over dyo imports until January 15.

EVANGELICAL MEETINGS... Meetings under the leadership of Marie A. Clark, evangelist of Boise, were held at Hansen Star Theater yesterday afternoon and evening. Both meetings were well attended. The same building has been obtained for the next two Sundays for afternoon and evening meetings, and next Sunday Evangelist Clark will conduct services at Murtaugh in the school auditorium at eleven o'clock.

FATALITIES RESULT FROM ATTEMPT TO CRANK CAR... HAYS, Kan., (AP)—Seven persons were killed and 27 injured, four probably fatally, when an attempt to crank a motor car at a gasoline filling station here today resulted in a series of explosions. Property loss from the fire following the explosion is estimated at \$100,000.

TESTS STATE POSSESSION

North Dakota Military Officials Held to Give Reason for Action... BISMARCK, N. D., (AP)—Adjutant General Angus Frater and Captain L. R. Baird, of the North Dakota home guards, were today ordered by District Judge W. L. Nusselt to appear November 19 and show cause why the court should not issue a permanent injunction restraining the home guards from "taking, holding, and retaining possession" of private coal mines at Williston, N. D.

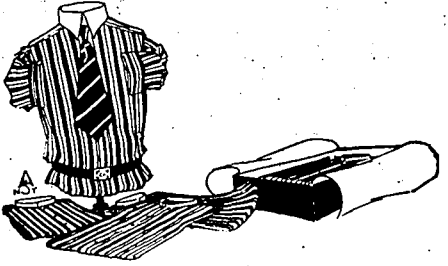

FIND GERMAN GOLD IN SOAP

Berlin, (AP)—Eight 20-mark gold pieces were found in as many bars of English soap by two women who bought the soap from a peddler in Berlin. It is believed the money was so concealed by returning German war prisoners and that the soap was stolen from them after they had reached the German frontier.

DECLARES SHORT HOURS FALLACY

American Mining Congress Demands

ST. LOUIS, Mo., (AP)—Emphasizing increased production to decrease the living cost, delegates to the convention of the American Mining Congress, which opened here today, censured the laboring class for demanding a shorter work day.

Local Brevities

To Winter in California—Mr. and Mrs. E. W. Davis and Mr. Isaac Davis are leaving by automobile tomorrow morning for California where they will spend the winter.

Rebels Meet Tuesday—Primrose Lodge No. 70 will hold a regular meeting on Tuesday evening, November 18, at 7:30 in the O. O. F. hall. There will be nominating of officers and a degree work will be confirmed on new candidates.

Van Rogers Shot—From McCammon come reports to the effect that Van Rogers, son of J. D. Rogers, formerly of Twin Falls, on Friday afternoon shot himself. He will probably die, these reports indicate. No cause is assigned for the act.

Special Convocation Called—Members of Twin Falls lodge No. 45, A. F. & A. M. will gather at 7:30 tonight in the music lodge to participate in a regular degree exemplification. The Master Mason degree will be conferred.

Bridge Worker Robbed—Jack Damon, a bridge worker, was held up and robbed by two masked men in front of the O. O. F. hall on Shoshone street west at about 7:30 o'clock Saturday night. Damon lost a gold watch and \$10 in cash.

Ordered for Examination—Five alphas have been ordered into court for naturalization examination next Saturday. The order has been issued by Judge W. A. Babcock and includes Murdo McLeod, Peter Christensen, George Quink, Frank Hicks and Percy D. Kluge. Each of them has 15 applicants for citizenship.

Slain Under Bond—F. C. Sinclair, a local purchasing agent, who was given preliminary hearing in the probate court on Saturday, was ordered bound in \$2500, with C. H. Kengle, as surety, for trial. Bond was fixed at \$2500 and was provided.

Is Given Divorce Decree—In the case of Lawrence A. Ward against Mollie F. Ward, a divorce action, Judge Babcock on Saturday in the district court, ordered a decree issue in favor of the plaintiff.

OPERATORS NOT READY TO MAKE COUNTER OFFER (Continued from Page One)

increase, a six hour work day, and a five day week.

DOUBT CHARACTERIZES ALL PRESENT RESUMPTION CHICAGO, (AP)—While operators and union leaders had predicted resumption today on a large scale in the bituminous coal fields where more than 400,000 miners have been on strike for sixteen days, only in West Virginia were both sides confident that "all the men" would be back at work during the day.

In the other large producing fields the men showed a disposition in most cases to await the results of the conference at Washington of operators and union officials over a new wage agreement. In the meantime a threatened coal shortage in the middle West and the regional coal committees to consider means of conserving fuel. The railroad administration today took off a dose coal from where more than 400,000 Chicago, Milwaukee and St. Paul railroad here and at Milwaukee.

NO ACTIVE MINES ADDED TO WEST VIRGINIA LIST CHARLESTON, W. Va., (AP)—In spite of predictions by leaders of the striking miners that the men would return to work today, reports from the Kanawha Coal Operators' association this morning showed few additional mines added to working forces and no active mines added to last week's list. "The union officials seem to have lost control of their men," said D. E. Kennedy, secretary of the association.

PRACTICALLY ALL NORTHERN WYOMING MINES ACTIVE SHERIDAN, Wyo., (AP)—Virtually all active Wyoming miners returned to work today.

FEW MINERS RESUMING WORK IN WASHINGTON SEATTLE, Wash., (AP)—Not more than 500 of the 4,000 coal miners striking in Washington returned to work today, Ernest Newham, secretary of the United Brotherhood of Carpenters and Joiners of America, announced here today. Early reports of the results of voting by the miners Saturday and Sunday indicated, Newham said, very few cast their ballots in favor of returning to work. Washington coal operators asserted a larger number of the strikers were going back.

NO UNION MINERS AT WORK IN INDIANA FIELD INDIANAPOLIS, Ind., (AP)—No union miners returned to work in the Indiana bituminous coal fields today, despite hopes expressed last week by the operators that there would be enough defectors from the union ranks to allow the resumption of coal production at some mines today.

CARRANZA FIRES CONSUL FOR FAILURE TO PROTEST LAREDO, Tex., (AP)—Andres Garcia, Mexican consul at El Paso, has been dismissed by the Carranza government, according to Mexico City dispatch received here today, because "he remained calmly seated" at a recent banquet in El Paso when Governor W. F. Hobby of Texas made an address urging intervention in Mexico.

You may rest assured of this: If a merchant uses a full page of space in which to tell store news which could have been told in a column, he falls either asleep or to grief. If he uses a column when he needed a page he makes an even greater blunder. A profitter could not make advertising pay—no more than a burglar could popularize his calling through

SEEKS DISTRIBUTION OF GERMAN ORDNANCE

Representative Addison T. Smith Would Give Towns Hun Cannon

WASHINGTON, (Special)—Representative Addison T. Smith of Idaho is urging legislation providing for the distribution of captured or surrendered German cannon and machine guns for which he has received many applications from the cities and towns in Idaho, especially those furnishing national guard companies. He has been advised by Major General Jorvey, Director of Operations, that this material is being classified for distribution when authorized by congress. It is quite probable that the legislation when formulated, will provide that the distribution shall be made through the governors of the various states and territories in proportion to the number of men furnished to the army and navy.

TAX NOTICES MAILED Fax notices numbering 10,400 have been mailed by the county treasurer, Emma L. Warren covering the 1919 taxes. The total amount to be collected this year is \$1,200,000. Every effort has been made to obtain the correct address of property owners. Mr. Warren says, but she urges that any person not receiving a notice advise her office.

SUES THE CITY Oscar Johnson, doing business under the firm title of the Johnson Plumbing company, located in the old post office building on North Main avenue, has brought suit against the municipality of Twin Falls seeking judgment for \$400, the amount of damages alleged, to have been done when his place of business was flooded by water from a broken water main last June.

City loans that cost you less and get you out of debt, on completed property and to assist in building.

ARTHUR L. SWIM.

Deaths

At 11 o'clock this morning funeral services were conducted at the family home near Eden for Scott W. Murray, aged 79, who died Saturday. Burial will be in Twin Falls cemetery this afternoon.

Mr. R. D. McBride, of Hollister, aged 61 died at a local hospital yesterday morning. The body is at Grossman's chapel where funeral services will be conducted at 2 o'clock this afternoon. Decedent is survived by his husband and six children.

Will on appointment demonstrate our wonderful system. Call or write ROBERT C. TRASK, Regerson Hotel.

WILSON THREATENS TO TAKE TREATY FROM SENATE HANDS

(Continued from Page One.) Mr. Hitchcock did not go into details as to the exact stage at which the president might intervene in the treaty proceedings but indicated that the executive might withdraw the treaty unless the democratic conference developed an agreement to vote down ratification.

If the committee resolution is defeated, however, it is expected Mr. Wilson will let the opposing group work out whatever compromise they can and will not interfere unless he finds withdrawal necessary to prevent ratification with reservations which are unacceptable.

Approves Substitutes One of the subjects understood to have been discussed at the White House conference was the substitute reservations proposed by Senator Hitchcock. The democratic leader indicated that the president had made no objection to them.

Mr. Hitchcock said he did not discuss with the president the proposal of republican leaders to pass a resolution in case the treaty fails, declaring the war an act. It is well understood, however, that the administration generally would look with disfavor at such a manner of bringing a peace status.

Republicans Reject Compromise The president's decision drew from republican leaders emphatic statements that they would be no compromise. "The only result has been to harden our lines," said Senator Lodge.

It was the view of the republican leaders that the senate probably would reach a deadlock and they said if the treaty was withdrawn or failed the situation would be chargeable to the administration. Immediately after convening today the senate plunged into consideration of the two pending reservations. Senator Poindexter, republican, Washington, asked for brief time to discuss an alternative legislation, but Senator La Follette, republican, Wisconsin, insisted that the treaty had right of way and was sustained.

Argue German Possessions Only two hours out of the 96 hour unquinnium under the cloture rule had been consumed when the debate began today. The reservation declaring the United States declines to accept any interest in or responsibility for the German overseas possessions was opposed by Senators Townsend, Michigan, and New, Indiana, republicans. Senator New said the United States might secure valuable interests in the Pacific island possessions of Germany.

Superior Senator Shields, democrat, Tennessee, said the secret treaty between Japan, Great Britain and France had given Germany's Pacific possessions to Japan without the reservation and that consequently the United States would become merely a trustee for Japan.

RAILROAD BROTHERHOODS CONSIDER HINES' OFFER

Organization Heads Meet to Consider Proposals for Overtime Payment

CLEVELAND, O., (AP)—Heads of the four railroad brotherhoods met here today to consider Director General Hines' offer of overtime payment on slow freight service. They hope to be able to answer within a week.

Those attending the conference included W. G. Lee of the trainmen; Timothy Shea of the firemen and engineers; Warren E. Stone of the engineers; and L. E. Shepard of the conductors.

Director General Hines has offered overtime payment in an unusual way, and the offer requires consideration that reason, Mr. Lee said. Railroaders receive a day's pay for each 100 miles they make within eight hours. Most of them complete their runs in that time while those completing their runs in less receive, full eight hours pay.

Where more than eight hours is consumed railroaders have only been paid at the regular rate for eight hours and Mr. Hines' view is that this should be adjusted to slow freight men, Mr. Lee explained.

HINES TO GIVE ANSWER TO EXPRESSMEN'S DEMANDS CHICAGO, (AP)—Word was received at grand lodge headquarters of the Order of American Expressmen today that Director General Hines would meet Grand President Bollinger at Washington, D. C., November 20, to give an answer to the demands of the expressmen. The board of wages and working conditions is considering data relative to wages and working conditions of employees of the American Railway Express company throughout the United States. Grand President Bollinger left for Washington today.

BODMAN WOULD JOIN LEGION LOS ANGELES, Cal., (AP)—Admiral Hugh Bodman, commander of the Pacific fleet, in a letter received today by Mayor Meredith F. Bayder of Los Angeles, applied for membership in the American Legion.

FOR SALE

NEW MODERN FIVE ROOM HOUSE Glassed in sleeping porch, hardwood floors throughout, built-in buffet, full cement basement, hot air furnace, Garage 14x20 feet, choice location. Price and terms right. Will accept approved security as part payment.

M. W. JOHNSON, Twin Falls Phone, Residence 979 Office 563

Social Notes

The Fortnightly club met with Mrs. W. H. Edridge Thursday afternoon. The present guests were Mrs. M. C. Mitchell, Mrs. F. W. Braugh, Mrs. H. E. Barber, Mrs. Arthur Vincent, Mrs. Oliver Harstad, Mrs. A. S. Salladay, Mrs. C. H. Kengle, Mrs. Mabel Kelt and Mrs. H. A. Avery as guests. A two course luncheon was served.

The next meeting of the Balmain club will be November 20 at the home of Mrs. Pater Hansen. The last meeting was unusually well attended.

Mr. and Mrs. M. J. Sweeley entertained at dinner at their home on Eighth avenue north last evening, honoring Mr. and Mrs. B. A. Humiston who have sold their farm near Twin Falls and are leaving soon for Eden, City, Mo., where they will spend the winter. Red Caratians were used to decorate the table and covers were laid for twelve.

The Twentieth Century club will meet tomorrow afternoon in the parlors of the Odd Fellows hall. A musical program will be given under the direction of Mrs. A. Guibort.

Mr. and Mrs. Granville Haight entertained at a delicious dinner Saturday evening, at the Hotel Perine in honor of the second anniversary of their marriage. The tables were decorated in yellow and white with dainty place cards to match. Covers were laid for fifty.

Chapter "D" E. O. will meet toorrow evening at the home of Mrs. Ernest White on Eighth avenue east.

Mrs. William Howland entertained the Blue Lakes Boulevard club Friday afternoon. An interesting business session was held. Mrs. Charles Perry was appointed to look after the work that the club proposes taking up for the orphan's home at Boise. Mrs. J. M. Wright offered plans and suggestions for a party to be given Christmas week for the members of the club and their families. Mrs. Carlyle Dickett and Miss Zora Waters gave some delightful vocal solos and several couple numbers were given on the phonograph. At the close of the afternoon the hostess served a dainty two course luncheon. Thirteen members enjoyed the session and Mrs. Pickles, Mrs. Hawkins, and Miss Zora Waters, were guests of the club.

Mrs. Mary Y. Norton entertained at an informal luncheon at the Hotel Regerson, Saturday, honoring Mrs. Katherine Athey, of Boise, executive secretary of the tuberculous branch of the Red Cross for this city. Mrs. Newton, prominent coal woman of Pocatello, and Mrs. M. J. Sweeley, president of the State Federation of Women's clubs.

The Twentieth Century club will hold an open meeting Tuesday afternoon in the E. O. F. hall, beginning at 2:30. A special musical program has been prepared.

MINOR CLASSES CHARACTERIZED RESUMPTION AT STEEL PLANT YOUNGSTOWN, O., (AP)—Minor clashes between attacking steel workers and mill workers took place this morning, it being estimated 100 men filled the street near the mill gates. A number of the men were injured, and three were removed to a hospital. Pickets had nearly disappeared, but were out in force this morning.

Production increased somewhat today, mill officials said.

OPERATIONS RESUMED AT MINGO JUNCTION PLANT PITTSBURGH, Pa., (AP)—Operations were resumed today at the Mingo Junction plant of the Carnegie Steel company, according to an announcement by the company's general office. There was a shortage of foreign laborers, but the company said the plant would be operated with the men who had reported for work. The Mingo mills were closed by the steel strike September 22.

Advertisement for Wright's goods. Text: "Wright's A GOOD PLACE TO TRADE FORMERLY HART'S The Sale Now Enters It's 2nd Busy Week - With stocks dwindling, but still unbroken, the clearance sale of the Hart Store stocks, now enters it's second busy week. In many lines there have been accumulated small lots and short pieces — these have been taken from the shelves and priced so that there will be no odds and ends left when the sale is over. Large users have been buying towels, sheets, bedding and many of the more staple stocks in large quantities. These buyers are in most all cases people who have some idea of the present value of this merchandise and the prices which will prevail in the spring. Reserve stocks from the basement stocks have been brought forward so that shelves still present an apparent unbroken assortment. Those who shopped here during the early days of the selling will wonder that so much could have been sold and yet so much remain. No matter what your wants are, it will be good economy to look these stocks over for everything is offered at the sale reductions regardless." Includes an illustration of several women in fashionable clothing.

DISTRICT SPUD CROP FALLS OFF

Twin Falls Section Grows Fewer Potatoes This Year Than in 1918

The Idaho commercial potato crop will amount to 6,830 cars, according to the November report released by Julius H. Jacobson, in charge of the Idaho crop reporting service at Boise. While freezes in late October did some damage, it was small, as fully 95 per cent of the crop was in storage. Reports show that 91 per cent of the total commercial crop will grade No. 1; 24 per cent No. 2; and 12 per cent culls. The per cent culls is higher this year due to drought and irregular irrigation water supply in some districts. Quality of the tubers is placed at 90 per cent, whereas last year it was 96 per cent.

The Caldwell district will probably ship twice the number of cars as last season, of 1,000 to 1,100 cars, due to increased acreage. The Twin Falls district (Filer to Kimberly) is estimated to ship 900 to 975 cars compared with 1,145 cars last season. The Burley-Burport district promises to ship as much as last year, or 929 cars. Considerable acreage was contracted a year ago around Burley which stimulated the seeding of a large acreage this year. It is estimated that 100,000 bushels more of the Blackfoot-Shelley district compared with 1,838 cars last season. Approximately 850 cars are credited to Shelley this year and 100 cars to Blackfoot. Idaho Falls production is now placed at 1,235 to 1,600 cars, as against 2,193 cars last season.

The prospects for the United States are somewhat better than last month, due to improved weather conditions. The crop. Seventeen of the important northern states growing late commercial potatoes indicate a surplus of 131,804 cars as compared with 122,248 cars in 1918. 41 cars had rolled, November 15, compared with 98,318 cars to the same date last season.

STATE'S APPLE CROP SHOWING AN INCREASE

Special Report Gives 700 Cars More This Season Than in 1918

The special commercial apple crop report released recently by the bureau of estimates states that the Idaho crop will total 4,200 cars, an increase of 700 cars over the crop of 1917, and an increase of 200 over the September first estimate. Although there was considerable damage to the Idaho crop from the late blight of codling moth, the crop is overrunning early season estimates in some shipping sections. The Boise Valley is estimated at about 500 cars. The Payette and Snake River Valleys will run about 2,600 cars, of which about 1,600 will be in the "payette" district. The Twin Falls district has about 500 cars while the Lewiston section is estimated at 450 cars. The Coeur d'Alene section in northern Idaho, tributary to the Spokane district, will produce about 150 cars. The crop throughout the state ran about 50 per cent extra fancy, 20 per cent fancy, and 20 per cent C grade, although many individual orchards ran as high as 50 per cent fancy. About 50 per cent of the Idaho crop was boxed and about 50 per cent sold in bulk. Hundreds of tons of high grade culls have gone and are going to waste in southern Idaho. By-product plants are paying about \$10.00 per ton, but farmers are not adequate to handle the surplus.

Inquiries made the last week in October indicated 31 per cent of the crop was still in the hands of the growers.

The United States crop amounts to 21,616,000 barrels, only 308,000 barrels less than the 1918 crop. The Pacific northwest states have a crop of 25,125,000 boxes, while last year they had 15,111,000.

DENIES MEXICAN ERRAND TO PURCHASE MUNITIONS

Carranza's Chief of Staff Says Aguilar Goes to Europe to Negotiate Old Contracts

MEXICO CITY, (AP)—Denial that General Carrizo Aguilar, Mexican foreign minister went to Europe to negotiate new contracts, was made by Juan Barragan, chief of staff for President Carranza. The statement says his errand was to arrange with Belgium and Spain a contract for shipment of arms and munitions or the return of money paid as initial payments on contracts entered into during the Diaz and Huerta regimes.

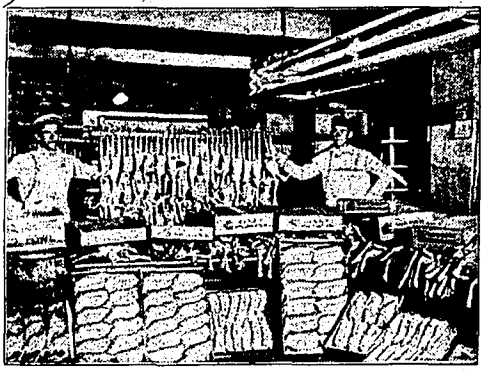

The old contracts, after the agreement, called for arms and munitions, now greatly advanced in price and the Mexican government, it says, merely wished to come to an understanding regarding the fulfillment of the non-fulfillment of these old agreements.

DISCOVERY OF SKELETONS IN UTAH CAUSES SPECULATION

SALT LAKE CITY, Utah, (AP)—Two skeletons, believed to be those of early Utah pioneers were unearthed here recently by workmen excavating in a street in the southeast portion of the city. City chemists believe the bones to be the remains of white people and say they probably have been buried over fifty years.

No, you do not pay ANY of the cost of advertising. The patrons of non-certified stores always pay for the cost of advertising.

EXTREME CARE IS MOST ESSENTIAL FOR PRESERVATION OF POULTRY IN TRANSIT

Be Sure to Use Only Suitably Equipped Cars for Shipping Dressed Poultry.

(Prepared by the United States Department of Agriculture.)

Scrupulous care in pre-cooling a refrigerator car for shipping dressed poultry, always a matter of importance, is doubly so now. In the opinion of food-research experts, the greater necessity for care comes, in the first place, of the fact that there is a nationwide ice shortage. The second important element is that, following the stress of war-time transportation, the refrigerator equipment of the country is in a run-down condition. The car should be carefully examined, the experts say, to see that it admits not even a pin point of light. Then it should be tested and, if it fall short of standard, there should be no hesitation about rejecting it and calling on the food-research experts, a car that will meet the requirements. Extreme care, the experts believe, is essential just now for the preservation of poultry in transit, and the chief of the department's food research laboratory has just issued the following definite information as to how satisfactory results are to be attained:

Select Car Day Before Loading.

"When the refrigerator car is set for being, enter it and with doors and hatches tightly closed look carefully for any crack or point of daylight. The car should be absolutely black with not a pin point of light anywhere. If there are distinct cracks around the doors or hatches, the car will not maintain sufficiently low temperature and should not be used for the hauling of dressed poultry or any other commodity requiring low and full refrigeration. Be sure also that the drain pipes are open and in good working order.

"The selected car should be set for being at least 24 hours before it is to be loaded. Its bunkers should then be filled three-quarters full with clean broken ice, that is, no piece should be larger than a man's fist. When the bunkers are three-quarters full, tamp the ice down well so that all cracks and cranies are filled. Then add one-quarter of the calculated amount of salt on the 12 per cent basis, or in pounds of ice, when three-quarters full it will contain 3,750 pounds. On top of this amount of ice scatter 150

pounds of coarse gray rock salt. Mix this salt very lightly with the top ice in a directly to top of it plane surface crushed ice until the bunker is full. Then add the remainder of the calculated amount of salt, which, in this case, would be 450 pounds. Mix it very lightly with the fine ice so that the salt does not penetrate into the plane surface and quickly close the hatches.

Right Temperature is 34 Degrees.

"With both bunkers so iced and salted, the car should stand for 24 hours. Then, in order to make sure that the temperature is right for loading, a man provided with a thermometer should enter as quickly as possible by opening one side of one door, which should be tightly closed immediately. The man should stand midway between the doors holding the thermometer about 4 feet from the floor until the mercury has reached a thermometer showing which ordinarily is accomplished in from three to five minutes, depending on the quality of the thermometer. The temperature of the car at this point should not be above 34 degrees F. If it is more than 38 degrees at this point, it is dangerous to use it for a haul requiring intensive refrigeration. Unless the shipper is willing to take chances on the condition in which his load will arrive at the market, he should communicate with the railroad agent and request a refrigerator car to be substituted for the dressed poultry properly.

"All refrigerator cars should be provided with a door rack 4 inches in the clear, built of lengthwise stringers made from 2 by 4 lumber and crosswise slats made from 2 by 3 lumber, with 1/2 inch spaces between them. These crosswise slats are nailed to the lengthwise stringers. They do not interfere with trucking the load into the car. They should extend across the doorway, since it is this part of the car which is hardest to refrigerate and where air circulation is most needed. All railroad owned refrigerators as rapidly as possible are being equipped with racks which are fastened to the side walls so that they can be turned back for cleaning."

URGE UNITED FIGHT ON EUROPEAN BORER

Insect Is Serious Menace to American Agriculture.

Has Become Well Established in Both Massachusetts and New York. Most Energetic Action Favored for Eradication.

(Prepared by the United States Department of Agriculture.)

The European corn borer undoubtedly is a serious menace to American agriculture. The United States department of agriculture has for some time called attention to the extreme danger from this pest, which has become well established in both Massachusetts and New York. Now comes this reinforcement of that judgment.

We, the National Association of Commissioners of Agriculture, with official entomologists, from many states and representatives of the United States department of agriculture, together with representatives of the Canadian government, present as experts in conference upon the situation, express ourselves, after examining the infested area, as thoroughly convinced that this pest is one of the most dangerous insects which has become established in America, and we hereby place ourselves on record in favor of most energetic efforts on the part of federal and state agencies to control and, if possible, to exterminate this insect, including in the program vigorous quarantines to prevent its distribution.

That is a part of the resolutions adopted by the European Corn-borer conference, begun at Albany, N. Y., on August 28 and concluded at Boston, Mass., on August 29. The state commissioners of agriculture, state entomologists and others went over the corn fields around Schenectady, N. Y., and Boston, Mass., and saw the methods of destruction practiced by

together with the damage caused by the borer.

The commissioners of agriculture returned to their states convinced of the reality of the peril and of the necessity of unifying all efforts to protect the farmers of the country from a destructive insect that may quickly spread over very large areas unless most energetic control work is done on a large scale.

TREES GROW BEST ON SLOPES

Roughest Areas on Farm Present Most Favorable Localities for Successful Growth.

(By W. J. MORRILL, Colorado Agricultural College, Fort Collins, Colo.)

Trees, especially cone bearing trees, seem to prefer newly eroded soil. Steep slopes are exposed to comparatively rapid erosion and here trees do the best. Level ground indicates old soil, old in the sense that it was derived from rock, as a rule, longer ago than soil found on steep slopes. Old soil probably contains an excess of soluble salts, too much for best tree growth.

In the mountains one sees the steep slopes clothed with trees, while the occasional flat spot is likely to be bare of trees. The roughest areas on the farm present the most favorable localities for successful tree growing.

KEEP VEGETABLES IN WINTER

Temperature Slightly Above Freezing Point is Preferred for Beets, Turnips and Carrots.

(By A. F. YEAGER, North Dakota Agricultural College.)

Turnips, beets, and carrots will keep best at a temperature slightly above freezing. Cabbage will stand considerable freezing, and satisfy and parsnips may be left in the soil over winter, if desired. Squashes and pumpkins will keep best in a warm dry place. A warm attic where there is no frost is good. Potatoes require a cool place not too dry. Cabbage and nearly all root crops may be stored in the ground. They must be put deep enough to be below the frost line and should be surrounded with straw to keep them from

RUPERT

RUPERT—Clinton Spencer sold his twenty-five acre tract of land, adjoining Bert on the north, to Mrs. George Scholde recently, the latter taking possession at once. The consideration was \$13,000.

E. M. Henry sold his city residence last Friday to Mrs. J. J. Lindsay, of Bellevue, Idaho, for \$5,700. Mrs. Henry will take possession the second week in December. Mr. Henry expects to move his family to California for the winter. Their daughter, Miss Munn, who is teaching will remain here until her school is out.

George W. Cowell sold his city residence last Friday to T. McNeil, who will take possession as soon as Mr. Cowell is able to find a suitable location.

D. O. Talley had the misfortune while pulling a wire staple from a fence last Thursday, to have it strike him in the left eye, piercing the pupil.

M. Bigham arrived here last Friday from Caldwell, Idaho, where he is located. He was a former resident of the Minidoka project leaving here two years ago when he sold his farm. He spent some time here on business, leaving for his home Saturday night.

J. W. Gray arrived from Halfway, Ore., last Saturday and is visiting at the home of his daughter, Mrs. E. F. May. He will leave the last of the week for Kansas City, Mo., on an extended trip.

Miss Louisa Gannon and Miss Edith Schindler have arrived in Rupert from Manchester, England. They set sail on October 22, taking twenty days for the trip. The sea was stormy most of the time and they were worn out by their long journey and glad to reach their destination. They will make their home here with their uncle, Fred Gannon, who resides in town.

Mr. and Mrs. T. H. Roberts have gone to Salt Lake City where they may decide to locate. They spent the last two months here on business.

Mrs. J. A. Carren returned to her home at Boise, Saturday. She spent a few days here visiting friends and attending to business affairs. Her son, Willie Reed, who is located at Camp Mend will receive his discharge in a short time and be home for the holidays. He was one of the first Rupert men to enlist in the war.

Mr. and Mrs. C. D. Lundquist of Burley are guests of their daughter, Mrs. Dudley Pringle and family in the south part of town. After a few weeks visit here Mr. and Mrs. Lundquist will leave for Los Angeles, Cal., where they will spend the winter. Mr. Lundquist was a business caller in Burley last Saturday.

Mrs. Mattie Gillett sold her building on the east side of the square last Thursday to Glen Walton. It has been occupied by the fire department.

Mrs. George Montgomery is reported quite ill this week, suffering from rheumatism.

Mrs. W. A. Gardiner, who spent the

past ten days visiting at the home of her daughter, Mrs. S. D. Cook and family at Heyburn, has gone to Bridge, Idaho.

Mr. and Mrs. O. E. Meyers arrived the last of the week from Hagerman, Idaho and will make this their home. Mr. Meyers is an electrician.

Mrs. J. M. Orton and family purchased the W. L. Page residence a block west of the Caledonian hotel, paying \$4,000 for it. They will move to their new home the first of the week.

A. D. Ash has sold his city residence, occupied by Mrs. J. M. Orton and family to I. B. Goff.

Mrs. Nora Zimmerman arrived last week from Divido, Montana, and is visiting at the home of her sister, Mrs. Z. Barwell. She expects to stay about two months.

LeRoy Lewis has purchased the C. O. Cornwall residence near the Pershing school house.

ALASKA INCORPORATIONS

CORDOVA, Alaska, (AP)—New industries recently incorporated in Alaska include the following: Alaska Union Fisheries company of Ketchikan, capital \$500,000; Seldovia Packing company of Anchorage, capital \$100,000; Cordova Flat and Cold Storage company of Cordova, capital \$25,000; Alaska Ocean Food company of Port Chatham.

STUDENT EXPERTS GO TO WEST EXPOSITION

Youthful Judges of Stock Get Trip to Portland International Show

UNIVERSITY OF IDAHO, Moscow, (Special)—With clean-cut victories at the Western Royal stock show and at the Northwest Livestock show to their credit, the members of the University of Idaho stock judging team left last night for Portland, where they will enter intercollegiate judging competitions to be held in connection with the Pacific International exposition.

Idaho undergraduates received first and second places both at the Western Royal competitions and in the Northwest Livestock show contest, Charles Gray of Genesee and Chas. Barry of Bl. Marie ranking first and second at Spokane and Leon Taylor and Ambrose Johnson of Idaho Falls taking the first two awards at Lewiston.

Oregon Agricultural college and Washington State college teams defeated at Spokane and Lewiston, again will compete with Idaho's representatives at Portland.

CLOSING OUT SALE

—of the— BLUE RIBBON DAIRY

Thursday, Nov. 20th

One-Half Mile North of the Twin Falls County Hospital

25 Head of Very Fine Milch Cows
Some are just fresh and some will be fresh soon. 1 Registered Holstein bull, under 2 years old.

MURTAUGH

MURTAUGH—The Red Cross community program given at the Methodist Episcopal church Sunday evening was attended by a large crowd. Short talks, readings and a musical program was given.

Armistice day was celebrated at the schoolhouse by a big bon fire and music.

Mr. and Mrs. Roy True and Lucile White entertained the first session of the "Pen" school at the True home Saturday evening. No pupil that looked or acted over twelve was enrolled. After a program and spelling match a general review was given by Professor B. B. True.

The Murtaugh group went over the top on the Third Red Cross rail call, 124 members having joined, this being more than on the previous drives.

Mr. and Mrs. C. C. Clannan are the parents of a boy baby born Monday, November 10.

Olga Fuller and Celia True, who are attending school at Twin Falls, spent the week-end at home.

The Mothers club of Murtaugh, met at the home of Mrs. Roy True Thursday afternoon.

Adelaide Boyd is on the sick list. Mrs. W. E. Beers is quite sick with influenza.

Mr. and Mrs. William Lindau visited with friends in Burley, Sunday. A birthday shower was given in honor of Mrs. L. W. Twilings at her home, Friday afternoon.

Mr. and Mrs. H. P. Jahn, Mrs. Edith True, Mrs. Hy Pickett, Zina Pickett, Mrs. William Lindau, Mrs. Carol True, Mrs. Grant Smar, Mrs. Ben Miller, Mrs. Elmer Chance, Mrs. A. Hoover and Mrs. A. D. Lee.

BE PRETTY: TURN GRAY HAIR DARK
Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

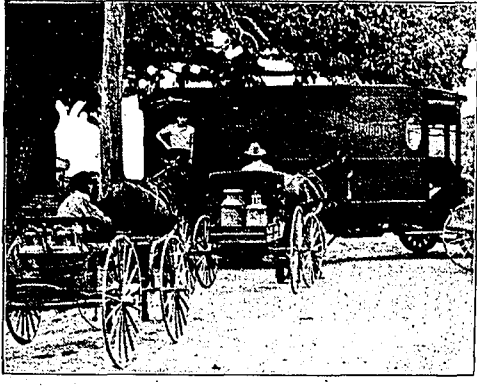

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. You save the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wash of Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Safe.
On the occasion of a slight fire and much smoke behind the curtain a vaudeville manager was trying, unsuccessfully, by suave, assuring statements to quell an incipient panic in the audience. A leading comedian rushed out and, pointing a finger of seven at the manager, addressed to the audience thus: "Sure, do you think he would be such a fool as to stop here if there were any danger?"

New Plant Fertilizer.
Experiments in England with a new bacterized peat fertilizer have resulted in remarkable increases in plant growth and productivity, while plants believed to be dying have been restored to better than normal conditions.

It All Depends.
Ardent Wooer—"Do you think that money is necessary to happiness?"
Demure Damsel—"Not if one has unlimited credit."

DISTINCT ADVANTAGES OF MOTOR TRUCKS FOR COLLECTION AND DELIVERY OF MILK

Farmers Loading Milk Into Large Motortruck.

Since the war came to Europe the eyes of the farmers, particularly the dairy farmers, have been opened to the distinct advantage derived from the use of the motortruck over the railroad for the collection and delivery of milk.

Undoubtedly, the greatest advantage the industrial motor vehicle has to offer over the railroad train in the shipment of milk is the avoidance of several handlings. With the motortruck the dairy farmer sends his milk direct from the farm to the market. At least four handlings of the milk between departure and arrival are avoided, and there is a resultant saving of time, labor and cost, but by no means least, the risk of damage. Of course, the motor cannot compete with the railroad over long distances, but since it costs as much to send a gallon of milk in Britain, 20 or 25 miles as to send it 50 miles by rail, and 65 or 60 miles cost as much as 100, the use of the motortruck for these shorter distances under each rate is to the farmer's advantage.

Saving in Cost.
Looking into the cost from a comparative point of view, we find that Thirty "churns" shipped, say, 27 miles, cost by rail, \$10.20; by motor \$13.50.

The average churn (used on railroads) holds 17 gallons. Thirty churns would thus total \$10.20 at two cent the gallon. A three-ton motortruck costs, on an average of 15,000 miles, \$13.50. Fifty-four miles at 25 cents per mile gives the cost of the truck's trip. The railroad is undoubtedly cheaper, you say.

Yes! But what about the cost of shipping the milk from the farm to the station, which is not included in the railroad flat rate? And the further away you are from the station, the greater the expense. And what about the return journey? With the proper type of truck, the empty churns can be stacked in half the truck space, the remaining half being available for a load at no additional cost. Even if the dairy farmer does not in every case wish to load up for his own purposes his available body space on the return journey, he usually can utilize it for a load of his neighbor, which is practically the same thing. No one knows better than the dairy farmer just what he can save by getting a return load home at no extra cost.

When Holland Banned Oranges.
There was a time when Holland forbade the sale of oranges and carrots. Orange was the color of the staidholder's family and when the democratic feeling against this family was at its height the fruit or orange color was taboo.

Measure of Greatness.
Great men, great events, great epochs, it has been said, grow as we recede from them; and the rate at which they grow in the estimation of men is in some sort a measure of their greatness.—Principal Shairp.

How to Save.
"It's got some sense an old friend of ours, that a fellow can't save any money without doing without something." While this is perfectly true, we hold to the opinion that a fellow never could.

PLANS PREMIUM LOAN TO MEET NEEDS OF GERMANY

Scheme of Finance Minister Has Some of Features of Lottery

BERLIN, (AP)—A "premium loan" is planned by the finance minister, Matthias Erzberger, to raise money for internal needs. The sum to be raised in this way is placed for the time being at 5,000,000,000 marks, and as an attraction to lure the investors it has some of the features of a lottery, in the form of premiums that may be won.

The budget committee of the national assembly has agreed to the bill. It provides for five million shares of 1000 marks each, each running 40 years. Three billion marks will be paid back during the first forty years, and two more during the succeeding forty years.

The Dresdener bank says the premium loan should prove attractive to Germany with its passion for gambling. The infant daughter of Mr. and Mrs. C. E. Huddleston died Monday.

HOLLISTER

HOLLISTER—Mrs. J. I. Carmon left Sunday for her old home in central Kansas for a month's visit.

Mrs. and Mrs. C. L. McFarland left Monday. Mrs. F. S. Lloyd left for Salt Lake Tuesday, and will probably return to Iowa for the winter.

The ladies' sewing box was held at Mrs. Klumeyer's Tuesday and will hold the next at Mrs. Devington's on Thursday, Nov. 20.

Mrs. C. L. McFarland left for Butte, Mo., Thursday to spend part of the winter. Mr. McFarland's father died there last week.

Reduce the H. C. L. by buying one of Edridge's 430, all-wool suits, and a pair of \$5.00 shoes.—adv.

and south of the Ohio and Potomac rivers.

FOOL WITH GUN AND KILL CHILD

Leo Stewart, Four Years Old, Victim of Careless Handling of Pistol

At the Stewart dairy, on the north-east edge of town, Leo Stewart, four-year-old son of Mr. and Mrs. Rufus Stewart, was accidentally shot and killed. The tragedy appears to be the result of careless handling of a .25 calibre target pistol in the hands of an older lad, whose identity has not been fully established by the authorities.

The boy shot died on the way to the hospital, the missile having traversed through vital organs after entering his left shoulder. Robert Stewart, 14 years of age, and owner of the pistol, is said to have had the weapon in his hand when it was discharged. Waltman denies this and charges one other boy, with the tragedy.

It appears, from statements made in the juvenile court today, that six boys, ranging in age from four to 14 years, were playing with the target pistol at the Stewart place yesterday. A cartridge had failed to discharge when the trigger was snapped and the weapon was broken down to change the shell. As the pistol was snapped back, pin of the trigger closed on the cartridge in the barrel of the weapon pointed at the Stewart boy.

There were six boys in the company at the Stewart place, including the boy killed. One was a six-year-old brother of Leo; two Allen boys, aged 10 and 12; a boy named Roselle, aged 10, and the Waltman boy. Each accuses the other of having the gun when it discharged.

According to records at the juvenile court three deaths have resulted in this county during the past year from careless handling of small-calibre guns. In addition at least a dozen persons have been more or less seriously injured from the same cause.

"You may say for this juvenile department that a rigorous campaign will be carried out looking toward the confiscation of all weapons in the hands of minors hereafter," said Judge O. P. Duhall of the probate court this morning. His statement was echoed by John R. Ault, juvenile officer, who explains that the letter of the law will be invoked in all cases in an attempt to prevent similar accidents. Responsibility for all tragedies of this nature is laid, by the juvenile officers, to lax methods of training by parents.

OPEN DISTRICT COURT

Judge W. A. Babcock this morning formally opened the district court, hearing motions and determining preparatory to fixing the term calendar. Cases will be tried this week.

BUILDING BUSINESS EXPERIENCING BOOM

Permit for \$24,400 Worth of Construction Issued Since Saturday

Saturday afternoon and today the city clerk issued building permits for an aggregate construction cost of \$24,400. The buildings covered by these permits are all, with a single exception, residences, the exception being a bako oven to cost \$3500. Frank Wagner will build this in connection with his home at Baker's, on Main avenue north.

Four permits were granted to W. O. Wyckoff for the erection of four residences in Murrain's First addition, the aggregate cost of these to be \$15,900. In Golden Rule addition, P. H. Erlanson will build a residence to cost \$2900, while in block 35, Twin Falls townsite, W. H. Dygert will build a house to cost \$3000.

NAME SPELLED WRONG CAUSES ARREST OF TWO

Difference to the Value of a Check Signed Mo When It Should Be Mac

George Davis and Jack C. Milburn, alias Jack Davis, are in the county jail awaiting court action. The sheriff has five checks, given, it is said, by the pair, at various stores for purchases made. The men claim to be cowboys. Davis and Milburn were arrested by officers of the police and sheriff's forces in conjunction Saturday night after a check had been sent out by one of their alleged victims.

All of the checks bear the name "Donald McKay, and are for sums ranging from \$50 to \$100. The Donald McKay signed to the checks purports to be a stock man, who is a partner of Robert Rogerson. A discrepancy in the spelling of the name led to arrest and arrest of the two men. While the name on the checks is spelled "McKay", the man who was said to have given the paper spells his name "MacKay".

Checks were given at the Big White store, where the discrepancy in spelling was detected; at the Alco Clothing shop, at Ehrig's Clothing store, Bradley Harness shop and the Model Shoe store. All the checks were drawn on the Bank of Rogerson, where the men are said to have once had checking accounts.

FROM METHODIST PULPIT, I. W. W. FORCES SCATHINGLY ARRAIGNED

Minister Characterizes Elizabeth Gurley Flynn Organization as Un-American Legion — Assails Its Principles and Quotes Text from Its Song Book—Praises Service Men

Speaking to an audience, composed principally of men and well-lighted filling the great auditorium and gallery of the First Methodist church, the Rev. Alexander G. Bennett, pastor, addressed the I. W. W. organization as the Un-American Legion.

The characterization followed a preface detailing the work of the American Legion, service men returned to civil life after discharge from the United States army, both across-seas and at home. He contrasted the two bodies, the American Legion as standing for organization of forces for the good of the country, the I. W. W. as a destructive element.

"The country is honeycombed with strikes at this time, and strikes are merely the skirmish fire to a revolution," the minister averred.

Declaring there is a strange undercurrent of things in the community life of Twin Falls, Doctor Bennett urged that the authorities take early and drastic action to stamp out the insidious movement that, to him, seemed to be working toward a local revolution designed to stamp out law and order.

"I have preached the rights of organized labor and I have fostered the movement of labor unionism as it represents labor, but I oppose now and will oppose to the last, breath any movement that fosters treason, and the country is full of heresy and treason."

Choosing a verse from a song contained in an I. W. W. song book the Rev. Mr. Bennett read a blasphemous parody on the church marching anthem, "Onward Christian Soldiers." The song, written according to the by-laws at the head, by John F. Krandle, is a verified tirade against law and order, and an urge to revolution. One line quoted is so vicious that it cannot be printed.

Need of Action Now

"There is a war on in the United States right now, and it is high time that America face the task before her

Banana Belt Has Nothing on Twin Falls

BANANA belt weather is here, the stove league has been abandoned and business is being done on the curb.

Yesterday's high temperature was 62 in the shade, and were it not that the degree of frost is a bit intense at night crocuses and things might spring up.

The top of the temperature Sunday was five degrees above that of Saturday, while the thermometer of the night was one degree under, being 19 above zero.

But the weather man can do it to guess "continued fair," for the south end of the state.

FEDERAL DEPARTMENT GUARANTEES ROAD AID

Highway District Executives Told of \$331,530 Awarded for Highways

Reports received at local highway offices from the state highway department indicate that federal aid in the construction of Twin Falls section of the Idaho-Pacific National highway amounting to \$331,530 has been assured. This work reached the home executive department of the Twin Falls Highway district late Saturday.

This afternoon W. L. Johnson, chief engineer of the local road district, goes to Boise for consultation with state highway commissioners relative to the prosecution of the work at as early a date as possible in the spring.

The work to be done extends from the Cassia county line on the east to the western end of the Twin Falls district, a stretch of about 27 miles, which is to be hard surfaced. The approximate total cost will be \$604,200.

SUES FOR DAMAGES

Seeking judgment for \$2085, alleged to represent personal and physical damage sustained in an accident on October 29, 1919, William and Mary Cleveland have instituted action against D. W. Savage and Frank A. Savage. The suit results from an accident on the Kimberly road when a car, driven and struck by the Savage brothers, struck a carriage in which the plaintiffs were driving. The sum of \$2750 is asked for personal injuries, \$100 damage to carriage, \$30 damage to harness, \$115 injury to horse.

NOTICE

The Men's Association of the Presbyterian Church will hold the regular monthly meeting at 6:30 Tuesday evening, November 18th. All members expecting to attend please notify Leo F. Bracken, phone 121 by noon Tuesday if possible. Adv.

STATE SOCIETIES TO HOLD JOINT MEETING

Seedmen, Irrigators and Livestock Men to Meet in Pocatello, January 13

Bruce Reque of Kimberly returned yesterday from Pocatello where he attended a meeting of committees of seedmen, irrigation and engineering societies and livestock breeders. The object of the meeting was to arrange a program for a joint conference of these societies to be held in Pocatello next January 12-16 inclusive.

The following program was outlined: Monday, January 13 will be taken up with the entering and arranging of pure seed exhibits for which \$1,200 in premiums have been offered. The formal opening of the convention taking place that evening with an address by some noted speaker. The second day was given to the irrigation and engineering societies for their program. The third day to the pure seed show, and the last two days to the livestock breeders for programs in the forenoon and sales of registered cattle and hogs in the afternoon.

The Twin Falls North and South Side Shorthorn Breeders association, which Mr. Reque represented at the meeting, will enter 16 good Short horns in the sale.

The Boys and Girls clubs will have a place on the program.

One hundred club champions throughout the state are expected to be there and all others who can attend. Detailed programs are being worked out on each subject will be there. Entertainment will be provided for each evening and it should prove to be a very pleasant and profitable week for everyone who can attend.

JUDGMENT FOR PLAINTIFF

Judge D. P. Duvall this morning announced finding for the plaintiff in the Harry Stearns-Arthur Heak damage action, giving judgment for \$107.65. The suit came out of an auto collision some weeks ago on the road between Bub and Castleford. Heak instituted a counter claim.

RUFUS STEWART announces to the patrons of his dairy route, that delivery of milk to customers will be suspended for a few days. Adv.
