KOLCHAK WILL TAKE COMMAND ON FRONT LINE

Head of All-Russian Government Recalls Chief of Staff to Omsk and Will Lead Armies in Battle

MARTIAL LAW DECLARED IN CAPITAL AND TOMSK

Official Reports from Anti-Bolshevik Headquarters Discard Serious Danger in the Situation

WASHINGTON, (AP)—Bolshevik claims of the capture of Omsk on November 15 were confirmed by official dispatches received today at the state department. These said the soviet forces had advanced 14 versts beyond the Kolchak capital and had destroyed bridges and railroad tracks.

VLADIVOSTOK, (AP)—Admiral Kolchak, head of the All-Russian government, has recalled General Diederichs, chief of staff, to Omsk, and has announced he will take personal command of the armies at the front. Martial law has been declared in Omsk and Tomsk. In Trans-Baikal all railway men, from the minister of communications to ordinary workmen, have been conscripted and placed at the disposal of the commander in chief on the eastern front.

All the rivers of western Siberia are frozen, thus rendering the Bolshevik advance toward Omsk much easier. The Bolsheviks have occupied Irkutsk, about 100 miles northwest of Omsk. Official reports from Admiral Kolchak's headquarters on Nov. 15 stated that the situation on the main front did not suggest serious danger from the Bolsheviks.

DENIKIN CAPTURES STAFF OF LEADER OF UKRAINIANS

LONDON, (AP)—General Denikin, anti-Bolshevik leader in south Russia, has captured the staff of General Blomquist, the Ukrainian leader, according to a Moscow wireless message. General Blomquist is missing, the message adds.

BOLSHEVIKI CLAIM CAPTURE OF PRISONERS AT OMSK

LONDON, (AP)—The Bolsheviks claim the capture of ten generals and more than 100 other officers at Omsk, according to reports from Moscow.

EUROPE CANNOT WAIT FOR U. S.

French and British Commentators Declare for Early Pact Enforcement

PARIS, (AP)—Regardless of the American government's attitude, the treaty of Versailles must be put in force according to the prevalent view here today following receipt of the report that President Wilson might withdraw the treaty from the United States senate.

Whatever happens, the feeling in French circles is that France cannot meet the German plenipotentiaries in the spirit of the treaty.

LLOYD GEORGE MOUTPEICE SAYS BRITISH MUST PROCEED

LONDON, (AP)—Commenting upon reservations to the Versailles treaty by the United States senate and President Wilson's threat to withdraw the pact, the Chronicle, which is expected to reflect the view of Premier Lloyd George, says:

"Unless the league is to fall altogether, other nations must go ahead for some years without America's participation, and we hope they will promptly decide to do so."

Great Britain and France have been very anxious not to hurt American susceptibilities. In justice to our own peoples and Europe, however, we cannot delay in getting to work with the league.

BRAZILIAN INTERPRETATION

RIO JANEIRO, (AP)—In view of the fact that Brazil has already approved the Versailles treaty, including the covenant of the league of nations, there is much interest here in the action of the United States senate in adopting reservations to the pact.

In the chamber of deputies Monday a proposal was submitted to the commission on diplomacy and treaties should establish a Brazilian interpretation of the treaty, such action has been taken by the United States senate.

PLANS DEVELOPED IN SENATE FOR EARLY FINAL TREATY VOTE

Mild Reservation Republicans Open Way for Compromise Program Expected to Result in Ratification by Deciding in Conference to Aid in Bringing About Second Vote After Democrats Defeat Committee Resolution.

WASHINGTON, (AP)—Plans shaped up in the senate today for a final vote on the treaty Thursday, under a compromise program which many senators thought would result in ratification. The group of mild reservation republicans opened the way by deciding in conference to aid in bringing about a second vote on ratification after the resolution of the foreign relations committee, with its reservations have been voted down by the democrats.

This decision was communicated to Republican Leader Lodge, who had opposed any reconsideration. At the same time democratic leaders were informed that any further compromise negotiations must be conducted with Mr. Lodge.

WASHINGTON, (AP)—Talk between Democratic Leader Hitchcock and Mr. Lodge followed at which it was agreed not to convene the senate until noon tomorrow, so the democrats could meet and draft their plan of action beforehand.

Requires Congressional Action A reservation to the peace treaty making the entrance of the United States into the international labor conference contingent upon action by congress, was adopted today by the senate.

The senate voted down a reservation by Senator Johnson, republican, California, relating to voting equality in the league of nations. It was offered as an amendment to a proposal by Senator McCumber.

The vote on the Johnson reservation was 48 to 43. The senate voted today on a reservation precluding the United States entirely from the labor provisions. It had been offered by Senator King, democrat, Utah, and submitted for that of Senator McCumber.

The vote was 48 to 43. Nine democrats, Dial, Gore, King, Myers, Reed, Shinn, Smith of Georgia, Thomas and Walsh of Massachusetts, voted for its adoption.

The vote on the McCumber reservation was 54 to 35. Initial negotiations looking to a compromise on the treaty reservations were opened late today between Republican Leader Lodge and Administration Leader Hitchcock in Senator Lodge's office.

Hope for Quick Action Some senators hoped the compromise might be effected before a vote and that the democrats would support the treaty.

WORLD NEWS EVENTS

DORPAT, (AP)—M. Litvinoff, former Russian ambassador to Great Britain and head of the Bolshevik delegation conferring with representatives of the Baltic states here, had his initial meeting with the other delegates Monday, credentials being exchanged. Although present discussions cover merely the exchange of prisoners, they are regarded as most important, as they will probably indicate the position of the Bolsheviks on the subject of an armistice and peace.

PARIS, (AP)—The supreme council today decided to inform Premier Venizelos of Greece, that it could only confirm the view of the peace conference concerning the provisional character of the occupation of Smyrna by the Greeks.

ROME, (AP)—Francesco Nitti, the premier, and the other candidates on his list, were elected almost unanimously in the election of Sunday for seats in the chamber of deputies. Socialists candidates for the chamber of deputies are leading in Rome, Turin, Milan, Florence, Ancona and Parma, but are in the minority in southern Italy and in the rural districts.

BRUSSELS, (AP)—From twenty-five to twenty-seven seats in the Belgian chamber of deputies have been gained by the socialists, according to estimates by the neutral newspaper Le Soir, which says "this thrust toward the Left must be taken into consideration." The middle class party elected no representatives. This is considered significant as the latter organization had the support of the alcoholists, or the "anti-dry" partisans.

CONGRESSMEN DEPARTING WASHINGTON, (AP)—Having passed the Reich railroad bill at its session last night, the house today virtually began a recess to be continued until the opening of the regular session of congress in December.

The last formal meeting of the house in the extraordinary session that began May 19 was on the program today.

Under an agreement of leaders that practically no business would be attempted until the regular session, many representatives left Washington today for their homes.

FOREIGN EXCHANGE DROPS British, French and German Rates Descend to New Low Level.

NEW YORK, (AP)—British, French and German exchange rates went to new low levels at the opening of the money market here today. Demand sterling fell to \$4.06 3/4 to the pound, nearly two cents lower than yesterday.

PARIS, (AP)—Prices were firm on the bourse today. The dollar was quoted at 9 francs 61 centimes.

POSSESSORS GIVE UP SEARCH FOR ALLEGED I. W. W.

Pursuers of Persons Suspected of Complicity in Centralia Massacre of War Veterans Men Return Home

WHOLESALE ARRESTS IN NORTH IDAHO REPORTED

State Constabulary, Sheriffs, American Legion and Other Agencies at Work in Suppression of Radicalism

CENTRALIA, Wash., (AP)—Search for the alleged industrial workers of the world reported hiding in the mine in Hannaford valley was given up today. Possessors who started from Olympia also have returned to their homes.

Officers said today they believed the alleged I. W. W. who were reported hiding in the Hannaford country, have left this section.

Until an inquest is held no official word will be given out regarding the death of John Hines, a Taino, Wash., rancher, who was killed in the Hannaford section Sunday.

Men with him at the time of his death said they thought he had been accidentally killed by members of his own posse.

Shots Heard in Centralia Shots were heard on Centralia streets last night. Dr. David Livingston, county coroner and former army captain, reported some one fired at him. The bullet passed through the rear of his automobile, he declared.

REPORTS THIRTY ARRESTS AT SANDPOINT AND PRIEST RIVER. BOISE, (AP)—Reports received here by Robert O. Jones, commissioner of law enforcement, Monday indicate that thirty arrests were made at Sandpoint and Priest River.

Other reports raise the total to 40 with state constabulary, sheriffs, American legion and other agencies at work. At a meeting of Governor Davis Monday afternoon a resolution was unanimously adopted urging the federal government to use every possible agency in the deportation of whole I. W. W. army.

DENVER AUTHORITIES GET SWEEPING POWER AGAINST RED DENVER, Col., (AP)—An ordinance giving city authorities sweeping powers in dealing with radicals and suppressing radical utterances against local or national authorities was passed last night by the city council.

EXTORTION CHARGE MADE AGAINST UNION LEADERS

Indictments Voted in Chicago Against Six Officials of Amalgamated Clothing Workers

CHICAGO, (AP)—Indictments were voted today against six officials of the Amalgamated Clothing Workers of America, charged with having obtained large sums from clothing manufacturers in Chicago, by means of a levying of "fines" in the settlement of strikes.

Four clothing manufacturers are said to have testified against the pair, more than \$100,000 to representatives of the organization.

The men also are charged with inducing boys and blacking out the streets against certain firms and individual workers, conspiracy to commit a felony, malicious destruction of property and the maiming and disfiguring of persons.

CLOSING DOWN OF MILLS IN SOUTH IN PROSPECT

ATLANTA, Ga., (AP)—Closing down of numbers of cotton mills and other manufacturing plants in the south within a few days was foreseen today in an order of the region coal committee of the railroad administration discontinuing their support today.

The order, which was announced as "imperatively necessary because of the failure of miners in the country's great coal producing regions to return to work" although the soft coal strike call has been cancelled. Hundreds of plants depend on coal and many of the smaller plants have only a scant supply.

The southern region of the railroad administration includes roughly all the territory east of the Mississippi and south of the Ohio and Potomac rivers.

RAILROAD ADMINISTRATION CONSIDERS NECESSITY FOR NATIONAL FREIGHT EMBARGO

Hines' Approval of Regional Directors' Recommendations Orders May Be Issued Meaning Forty Per Cent Cut in Passenger Train Service, Closing Down of All Non-Essential Industries and Throwing of Workmen Out of Employment

CONTINUED IDLENESS OF STRIKERS BRINGS PROSPECT FOR DRASTIC STEP

CHICAGO, (AP)—Director General of Railroads Walker D. Hines and seven regional directors will meet here late today to consider the necessity of declaring a nation-wide freight embargo to conserve the country's supply of coal. Mr. Hines is expected to arrive in Chicago at 2 p. m.

The conditions growing out of the present emergency were discussed this morning by the regional directors, who planned to have a definite program ready to submit to Mr. Hines later in the day.

An embargo on all freight on the Chicago, Milwaukee and St. Paul railroad between Chicago and the Pacific coast has been offered since last Saturday. If Hines approves the recommendation of his regional directors orders may be issued immediately which will mean:

Nation-wide embargo on freight. A forty per cent cut in passenger train service throughout the country. Fifteen million workmen will be thrown out of employment.

A drastic action is necessary, said R. H. Ashton, director of the northwestern region today. "The railroad and they are the business life of the nation and they must be kept going. Radical action is that a general embargo is the only way to meet the present emergency."

States Assume Charge Extensive mining properties in Kansas today were in the hands of receivers to be operated by the state and proceedings had been requested against Ohio mines that would bring them under state control, along with the North Dakota lignite mines.

Except for North Dakota, Wyoming and Utah, all western regions, including mines, production throughout the country was reported as not bettered since the initial day of the walkout. The workers generally were said to be disgruntled and they are being ordered by John L. Lewis, acting president of the United Mine Workers of America, under order of the federal court, and to accept an agreement by the operators and miners' leaders at Washington.

Supply Diminishing Only from ten to twelve days' supply of fuel today was available for railroads of the central western region, according to F. W. Clarity, assistant director of the area. Regarding the general embargo he said the final decision probably would be made today. "It is a serious situation," he said, "but it is necessary to save the railroads, and with the railroads the country. It has been under consideration some time."

In Colorado, it was intended to attempt the first to resume operations, a strike effective Friday was called unless all striking miners were reinstated.

100 Trains Called Off Of forty trains cancelled yesterday making the total taken off since the national strike was called, 106, the majority were on minor runs. All trains suspended were on the Chicago, Milwaukee and St. Paul railroad. In that connection it developed that for the past ten days there really had been a general freight embargo in effect on that railway. It was intended to affect only South Dakota, however, and today was announced to apply only to that state.

EMBARGO WOULD CLOSE MILLS MAHONING VALLEY MILLS

YOUNGSTOWN, Ohio, (AP)—Steel mills of the Mahoning valley would have to close within 10 days under a general freight embargo, officials said today. The local fuel director says that a strike by more than 10,000 supply of fuel, including domestic supply.

AGREEMENT FOR RESUMPTION WORK REACHED IN MONTANA

BILLINGS, MONT., (AP)—The Montana coal operators' association and representatives of the United Mine Workers of District No. 27, embracing the entire state, reached an agreement for resumption of work in Montana mines, headquarters of the operators announced today. It is said the agreement provides for adoption of the settlement to be negotiated for the central competitive field.

DATE SET FOR FACT SIGNING

PARIS, (AP)—The Bulgarian peace treaty was signed Thursday, November 27, the supreme council decided today. The signing will take place in the city hall at Neuilly.

IDAHO WEATHER

Tonight and Wednesday fair.

HINES GIVES REASONS FOR HIGH COST OF GOVERNMENT OWNERSHIP

WASHINGTON, (AP)—While it has cost hours to operate the railroads under government control the government is not only using more employees but is paying them higher wages and they are working shorter hours, Director General Hines informed the senate today in response to a resolution asking for that information.

In July there was an increase of 11.5 per cent in employe cost. In December, 1917, and the working hours showed a decrease of 3.9 per cent. The average daily pay of employes in January was \$4.92 against \$3.52.

This increase, Mr. Hines estimated at 53 per cent, although he thought corrected estimates would increase it to 66 per cent.

The report also shows that the average monthly compensation for all employes, including the increase recently given shop men, was \$121.50 in July, an increase of 23.3 per cent over December and 45.3 per cent over the wages for the calendar year of 1917. "It will be observed," the report says, "that while the amount of labor which the government has paid for as measured by hours paid for, has decreased, there has been an increase in the number of employes. This is due to the fact that the general establishment of the eight hour basis has necessitated a larger number of employes to perform the same number of hours of work."

# WOULD IMPOSE RESPONSIBILITY UPON WORKMEN

## Mining Congress President Argues for Compulsory Incorporation of Labor Organizations in Opening Address

ST. LOUIS, Mo., (AP)—Development of a plan for the readjustment of industrial relations which will be beneficial to both employer and employee is the chief task of the American mining congress, which started its session here Monday, according to its president, Bullock Wells, of Denver, in his opening address.

There are no sound objections to so-called lockout bargaining, provided the conditions surrounding it are sound," said Mr. Wells. "Indeed, it furnishes the only practical method of dealing with large number of men. But the justice to employer and employee of wages and conditions of employment, must, actually, and with duly conferred authority, represent at least a majority of those concerned, and be firmly and equally bound in their final agreement.

"Labor organizations should be compelled by law to incorporate themselves as business entities and be financially responsible for the observance of their contracts as are employers. The power of organization is a good and it should be used for the good and to do harm in any form. The responsibility for harm and injustice done is too often evaded.

"As proof of the sincerity of the words of its leaders, organized labor should emphasize its position in demanding shorter hours of employment is to limit production. Eight hours work with eight hours recreation and eight hours sleep can hardly justify complaint on the part of labor. Fewer hours of employment will inevitably increase the cost of all production and stop indifference and extravagance on the part of labor. The one fundamental cure for the high cost of living is naturally increased production.

Arbitration Deadend

"Compulsory arbitration appears to be dreaded by both employers and employees; yet our courts and trials by jury are in fact, methods of compulsory arbitration in all matters subject to our duly enacted laws. This established plan may warrant the creation of state courts of industry, or industrial commissions, empowered to take jurisdiction of all controversies, to compel arbitration and to enforce their decisions, subject to appeal to a federal court, or commission, comparable to our supreme court. It is felt that many employers and probably all labor organizations would oppose such a plan, but what surer or more natural solution can be offered? The recent coal strike has demonstrated that a method must be developed for dealing legally and promptly with such a crisis in our industries."

## SEEKS SNAKE STATISTICS

Medicine Firm Applies to Utah Official for Data on Batters in State

SALT LAKE CITY, (AP)—Inquiry as to the extent of rattlesnake in Utah was made recently in a letter received by M. M. Justin, field agent of the department of agriculture for Utah from an eastern medicine firm. Justin said the firm would be able to supply the information had it been relative to crops, is now gathering data on rattlesnakes in the state.

The company, the letter said, planned to send to Utah a number of men to catch the snakes, the poison from which is used in the making of medicine.

## FORAGE POISONS GESE

SALT LAKE CITY, (AP)—Eleven of the fourteen Canadian wild geese that flock in the vicinity of the mining field game farm are dead of forage poisoning, according to the belief of R. J. Sillaway, state fish and game commission. The birds died of the result of the introduction of two Canadian wild geese there a year ago. The two increased to fourteen and fell victims to forage poisoning by feeding on some weed.

## MILITARY RESERVE FOR PLAYGROUND

SALT LAKE CITY, (AP)—Plans to utilize approximately 200 acres of the Fort Douglas military reserve, near here, as a golf course and public playground are being fostered by local civic organizations. Military officials at Washington, D. C. are said to favor the plan.

## "Stay in School"

Does it pay to continue your studies? Education means a successful and useful life, says the individual. Education means efficient workers; it pays the nation. Show this to your parents and ask them what they think about it. Stay in school.—Colorado Agricultural College News Notes.

## Few May See Her Face

The Mohammedan woman may show her face only to men whom she may not marry. This means that a man may see the face of his mother, wife, sisters, daughters, aunts, and none other of the women of his class.

## The Roman Farm

The Roman farm, which built such wonderful roads and carried a weight of armor and baggage, lived on coarse brown bread and sour wine. They were temperate in diet and regular and constant in exercise. The Spanish peasant works every day in dances half the night yet eats only black bread, raisins and water lemon.

# SHOP COMMITTEE PLAN WORKS IN LUMBER MILL

## Bellingham Institution Reports Success in Trial of Experiment

BELLINGHAM, Wash., (AP)—The "shop committee" plan of organization apparently has been tried out with success in the mills of the Bellingham Lumber Company here, being held to be the first company to try this experiment on the Pacific coast.

As a result of the plan, recently put in effect, some 500 employees of two mills of the company now have personal representation in all matters affecting the industrial relations of the plant. The plan, it was announced by the company, was adopted by its twelve other plants and lumber camps as rapidly as the men grow into it and become sufficiently interested to adopt it. The plan, it was stated, was originated, with the editorial direction in the hands of the employees, also is contemplated, the first issue appearing in December.

The lumber workers appear to have seized the "shop committee" plan with enthusiasm. Matters of personal welfare, such as safety, sanitation and classification have been considered by the committee. One workman's claim for higher wages was refused by the committee. Allowance for overtime suggested by the committee met speedy agreement from the mill officers, and other questions of working conditions have been settled.

The committee of the plan, President J. H. Blood of the mill company, says:

"It is going to remove many of the difficulties that in the past have arisen between employer and employee because of the fact that they have held aloof from each other. The elimination of selfish interference will inspire mutual confidence and reduce to a minimum rancor and antagonism."

## CROP OF PEAS DECLINES

Utah Growers Produce Yield Greatly Under Last Season's Yield

SALT LAKE CITY, (AP)—Growers of peas in Utah during the year 1919 produced 5,918 tons or 395,718 cases, according to figures compiled here. Only four canneries packed peas this year compared with 13 in 1918. This year's crop also was greatly under that produced last year when approximately 9,750 tons were raised and 1,307,476 cases packed. The yield to the acre this season averaged 0.8 while in 1918 it was 1.9 tons.

## CLAIMS GRAY WOLF BOUNTY

BEAVER, Utah, (AP)—For the pet of a large gray wolf killed recently at Nada, county of \$62.50 has been paid. County Clerk Joseph H. Hays has had the bounty paid bounty on the pet of a gray wolf while he has held office. The animal was killed after a hard fight. Many small domestic animals have been missing from ranches in the vicinity of Nada and it is believed they fell prey to the wolf before he was slain.

## HELENA OTTS RESERVE BANK

MINNEAPOLIS, (AP)—The federal reserve bank of Minneapolis will establish a branch bank at Helena, Montana to serve the district of the Utah federal reserve district, it was officially announced in a statement by Chairman John C. Bieh of the reserve bank on his return from Helena.

You can get work, in the line for which you are fitted, through a small campaign in the classified.

## Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps you fit.

Just as coal, when it burns, leaves behind incombustible ashes, so the food and drink taken day after day leaves in the alimentary canal indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxics and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before breakfast each morning drink a glass of hot water and add a teaspoonful of limestone phosphate in it to wash out of the bowels the previous day's poisons and toxics and to keep the entire alimentary canal clean.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, food, breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.—adv.

# Today's Sporting News

## CLEVELAND EXPERT LEADS IN TOURNEY

Charles McCourt, by Winning Yesterday, Sets Pace in the 3-Oushion Game

CLEVELAND, O., (AP)—By winning two of yesterday's four games, Charles McCourt of Cleveland, went into the lead in the three cushion billiard championship tournament with six games won and one lost.

McCourt tonight defeated Charles Olla, the Brooklyn veteran, 50 to 47 in 49 hits.

R. L. Cannefax of New York, defeated Otto Reifelt of Chicago, 50 to 32 in 55 innings, going into second place. He has won five games and lost one against five won and two defeats for Reifelt in third place.

## Briton Selects Tough Customer

Jimmy Wilde Picks Jack Sharkey for His First Fight in America

CHICAGO, (AP)—Jimmy Wilde, British fly weight champion, who recently arrived in New York, will make his first American appearance in a ten-round fight against Joe Sharkey of New York on December 6 at Milwaukee, if plans announced today by Otto Borchert, president of the Great City Athletic club of Milwaukee, are carried out.

Borchert said Wilde had agreed to fight before his club for \$11,000 and that Sharkey had consented to make 116 times the amount in the afternoon of the proposed ten round bout.

## O'Dowd is Made Betting Choice

Champion Becomes Favorite Over Gibbons in Sudden Shift of Wagers

ST. PAUL, MINN., (AP)—An unusual change in betting sentiment on the ten-round bout here November 21 between Mike O'Dowd, middleweight champion, and Mike Gibbons, has been noticed by Twin city sport editors. Three weeks ago, Gibbons was considered a 2 to 1 favorite for the money was today said to be the standard.

Both fighters live in St. Paul and are training here. Sport writers declare that Gibbons is not showing his old time form, whereas O'Dowd's workouts have been referred to as the reason for the shift in the betting odds.

## ANDREAS IS CHOSEN HEAD OF SIOUX CLUB

Successor to Harry Fels Resigned, is Named at Sioux City Meeting

SIOUX CITY, Ia., (AP)—George "Red" Andreas, veteran baseball player, has been elected to head the Sioux City baseball club of the Western league next year to succeed Harry E. Fels, it was announced last night by officials of the Sioux City Boosters' Athletic association.

Andreas will occupy the position of president and secretary of the club. The management and activities of the club will be under his supervision although a playman manager will be selected.

## KELLY DENIES IT

ST. PAUL, (AP)—Mike Kelly, manager of the St. Paul team of the American association, last night denied a report from Seattle that he was negotiating for the Minneapolis club of the Western league. He will continue as manager of the St. Paul team next year, having recently declined an offer from the Seattle club of the Pacific coast league.

Joe Cantillon recently signed a contract to manage the Minneapolis team again next year.

You can use the classified in reaching that next employer of yours.

## TEARNEY AGAIN HEADS WESTERN

Chicago Man Chosen President of Ball League—To Extend Playing Term

CHICAGO, (AP)—A. R. Tearney of Chicago, chosen president of the Western league a year ago, was re-elected at the annual meeting of the club owners yesterday. President Tearney also holds the presidency of the Three-I league.

The club owners decided to increase their playing schedule from 140 games to 154 games for the 1920 season. The sentiment was strongly in favor of the longer season because of the interest shown in the sport during the past season, which was one of the most successful in the history of the league.

President Tearney, announced that the total attendance was 580,000, the biggest season in five years.

"Baseball enjoyed a remarkable revival and I look for a more prosperous season next year," President Tearney said.

The circuit for next season probably will remain intact, although notice was served on Thomas Fairweather, owner of the Des Moines club, that unless better support was given to that club there, the franchise would be transferred to another city. Mr. Fairweather, who is mayor of Des Moines, was given thirty days in which to canvass the situation and to determine whether Des Moines would retain the club. Des Moines drew the smallest attendance of any club in the league last season.

## Brief Bits of Sport

Sam Emley, sagebrush sage, says: "A hot tamale factory established here would give us a remedy o' 't' the cholera in the chicken herd law all the talkin' th' chief o' pollos kin do."

Carl Zambach, Seal outfielder and utility pitcher, has gone to the "wood-vill" stage as a full fledged conjurer and legaldemain man.

"Red" Killifer won the coast league pennant for Vernon and just that he got a presence of a three-year contract to run the Tigers.

A big split is said to loom at the camp of Dempsey-Kearns-Curry. It is said Jack Kearns is to be canned and the entire management of the heavy-weight champion placed with Jack Curry.

Being a champion is just one dashed thing after another.

It is quite apparent that those pugers in England have learned whole some respect for Fred Fulton's stout right mitt, for they are all sidestepping matches with the Minnesota plasterer.

But there's nobody but Fred responsible for the condition. He used bunn judgment when he flopped Arthur Torrey for the count in a couple of punches in his first match in England. And Arthur was considered some shakies as a fighter, too.

By the way Fred and Joe Jeannette are said to be billed for a battle before the London Sporting club some time next month.

Wille Meehan says he wants a crack at Harry Fels, colored heavyweight champion. Will gave Wille a sound beating a few years back, but the San Francisco semi to think he can reverse the decision in another try.

Bill Clymer is a clever guy, if nothing else. The former manager of Louis ville and later of Seattle, is back in Louisville now starting suit against the owners of the Colonels for pay for the months that ensued after the boss decided to suspend for the 1918 season when baseball was going rotten. To make himself solid with the new owners Bill gave a banquet to the ball writers before he filed the suit.

"Truck" Hannah, formerly star catcher of the Pacific Coast league, is said to be on the block for sale by the Yankees. The former Bee is deemed too slow for the American league.

## CHAMP EASILY DEFEATS DUFFY

Benny Leonard Knocks Out Lockport Welterweight in Brace of Rounds

TULSA, Ok., (AP)—Benny Leonard of New York, lightweight champion of the world, knocked out Jimmy Duffy of Lockport, N. Y., here last night in the second round.

After about a minute of the first round had been consumed, Leonard pulled away from Duffy, sending over a right cross, Duffy taking the count of eight. Duffy was sent to the floor three times, the round ending with Duffy hanging to Leonard.

Duffy came slowly out of his corner in the second round. After 30 seconds in the ring he again went down staying for the count of eight. Leonard sat over a left jab and Duffy went down to his own corner. After the referee had tolled off the count of three, he stopped the bout.

## IN THE COLORED LEAGUE

SIOUX CITY, Ia., (AP)—Sam Langford, the Boston "tar baby" knocked out Battling Jim Johnson, of Chicago, in the 9th round of a scheduled ten round fight here last night. The New Englander did not exert himself during the preliminary rounds of the fight, but at the opening of the next to last round unleashed a kidney punch which sent the Chicago boxer to the floor for the count.

## DOWNNEY HAS SHADE

PEORIA, Ill., (AP)—Eugene Downey of Columbus earned a shade over Billy "Gotts" de LaSalle in a 10-round no-decision bout last night, according to newspaper opinion.

## BRENNAN WINS PHILADELPHIA

Brennan, Chicago, heavy weight, out-classed Andy Schmeider of Omaha to such a degree in their scheduled six round bout last night that the referee stopped between the men. The Omaha boxer was very weak when the referee stepped between the men.

## "BAT" LOOKS BATTLE

MONTREAL, (AP)—Battling Levinisky of New York, out-fought Bartley Madden of New York in a ten round bout last night. Madden substituted for Eugene Brennan, the Canadian middle weight champion, who is suffering from an attack of neuritis.

## ONE FOR PALE

MEMPHIS, Tenn., (AP)—Pal Moore of Memphis, took every round of an eight round no-decision bout last night with James White, Albany, N. Y., bantam-weight, according to newspaper writers present.

You can find the house or apartment you want, if it is to be found, through using the classified.

# Boyd Hospital LABORATORY

Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculous glands, bacterial examinations of pus spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

SUBSCRIPTION RATES

Table with columns: Mail, One Year, Six Months, Three Months, One Month, Single Copies. Rates range from \$1.00 to \$1.50.

MEMBER OF ASSOCIATED PRESS  
The Associated Press is constituted ex-  
clusively for the purpose of gathering  
and distributing news for the use of  
its members. It is not a newspaper  
and its publications are not to be  
reproduced in any paper, magazine,  
book or other publication without the  
written consent of the Associated Press.

Responsibility is assumed for the  
care of unsolicited manuscripts, photo-  
graphs and other material. Articles  
submitted for publication will be  
returned only if accompanied by a  
returning address. No material will be  
returned unless accompanied by the  
necessary postage.

EASTERN REPRESENTATIVE:  
George B. Davis, Co. Inc., 171 Mad-  
ison Ave., New York 17, N. Y.  
Member Audit Bureau of Circulations

A STEP FORWARD

Provisions of the Each railroad bill  
adopted last night by the house of rep-  
resentatives, setting up machinery for  
settlement of labor disputes are deserving  
of particular consideration on the  
part of all those who appreciate the  
crying need for some such legislation.

The labor section of this bill provides  
only for voluntary conciliation of labor  
disputes and sets up the machinery in  
vogue before and during Federal con-  
trol for employe and employer to con-  
duct voluntary negotiations.

Opposition to this section, led by  
Representative Kitchin, on the score  
that "the brotherhood could nullify the  
provisions ten days after passage of the  
bill by refusing to appoint representa-  
tives" to the boards constituted to set-  
tle controversies is of small conse-  
quence in view of the consideration  
that the action taken is a forward step  
over untried territory.

It is an easy matter for this sort of  
opposition, secure in the knowledge  
that the measure will be endorsed re-  
gardless of its interference, to com-  
plain against limitations for political  
effect; but it is hardly likely that this  
sort of opposition, if placed in the po-  
sition of responsibility for building of  
such pioneer legislation, would hazard  
a leap of much greater length.

The essential thing is that the labor  
section of the Each bill sets up the  
rudiments of machinery for industrial  
justice to prevent the interruption of  
services essential to the community.

On this subject Charles E. Hughes,  
speaking recently on "Antidote for  
Bolshevism," well said:

"We have made little progress  
in providing the machinery for in-  
dustrial justice, and in this respect  
we are still uncivilized. We are  
still at the stage corresponding to  
that of trial by battle and trial by  
ordeal in the early law of procedure.  
What is absolutely necessary  
... is provision for peaceful and  
just settlement of industrial dis-  
putes. This would go far toward  
making class rule impossible."  
It may be that the Each bill does  
not provide all that should be provided  
in the attainment of this goal; but it  
at least provides a foundation upon  
which a future superstructure may be  
erected, and in this respect it ranks as  
a most important contribution to the  
force that make for definite and sub-  
stantial progress in this country.

KOLCHAK WILL TAKE COM-  
MAND ON FRONT LINE

(Continued from Page One)  
according to an official statement issued  
today by the soviet government at Mos-  
cow. Kolchak's army is being pursued  
in an easterly direction, the statement  
adds.

The text of the communication says:  
"Ten of Kolchak's generals and more  
than 100 other officers are among the  
prisoners at Omsk, where the 3rd detach-  
ment of Colonel Bernhardt and his troops  
driven eastward. We occupied a number  
of positions twenty miles to the east-  
ward and captured enormous quantities  
of stores."  
In the region of the Finnish gulf  
we have taken Ostrov and also have  
occupied the lower reaches of the Luga."

LETTISH TROOPS ADVANCING  
ON ENTIRE FRONT WEST OF RIGA

COPENHAGEN, (AP)—Lettish troops  
still are advancing along the entire  
front west of Riga against the forces  
of Colonel Bernhardt and his troops  
on Nov. 14, reaching the An river at  
many points, according to a report re-  
ceived from the Lettish news bureau at  
Riga. The dispatch states that "Lettish  
and explosions have been observed in  
Mita."

Any reasonably-priced home or apart-  
ment may be rented through an in-  
expensive classified advertising cam-  
paign. Test the matter. The "risk"  
involved is so small that few people  
would dignify it by that name.

Today's Markets

ospheric unchanged, packing 1 1/2 cent  
over, 47c.  
Eggs: Fresh, 63 1/2-64c; seconds 52c.  
Country unchanged.  
Chicago Produce  
CHICAGO, (AP)—Butter: Higher;  
creamery 67 to 71c; egg receipts 1,432  
cases; unchanged; poultry alive unest-  
imated, average 22c; fowls 1 1/2 to 22c;  
turkeys 32c.  
Chicago Livestock  
CHICAGO, (AP)—Hog receipts 58,000;  
active 10 to 10 1/2 lower; top \$14.75; bulk  
\$14.35 to 14.65; heavy \$14.25 to 14.70;  
light \$14.25 to 14.65; heavy packing  
sows, smooth \$13.00 to 14.15; packing  
sows rough \$13 to 13.50; pigs \$14 to  
14.75.  
Cattle receipts 30,000; lower; beef  
steers, medium and heavy weight, choice  
and prime \$18.25 to 20.60; common  
\$8.75 to 11; heifers \$6.75 to 14.75; cows  
\$6.75 to 13.25; canners and cutters \$5.50  
to 6.40; veal calves \$17.50 to 18.50;  
feeder steers 8.75 to 13.25; stocker  
steers \$6.25 to 10.25; western range  
steers \$7.50 to 15.25; cows and heifers  
\$6.25 to 12.50; lambs: strong, lamb  
\$12.50 to 15; culls and common \$9.75  
to 12.25; ewes, medium, good and choice  
\$7 to 8.35; culls and common \$3 to  
5.75; breeding \$6.50 to 11.50.  
Grain and Provisions  
CHICAGO, (AP)—Pronounced strength  
developed in the corn market today,  
largely as a result of the fact that the  
country's offerings to arrive were small  
and receipts \$17.50 to 18.50;  
\$8 to 12 1/4 and May \$12.5 1/8 to  
12 1/2 1/2, were followed by material  
advances all around.  
Earlier the threatened embargo on the  
rivers owing to lack of storage facili-  
ties. Dwindling coal supplies for  
railroads continued also to make shorts  
nervous. Opening prices, which ranged  
from the same as yesterday's finish to  
higher, including December at \$1.30  
5/8 to 1.31 1/4 and May \$1.25 1/8 to  
1.25 1/2, were followed by material  
advances all around.  
Earlier the threatened embargo on the  
rivers owing to lack of storage facili-  
ties became the principal bullish factor, and  
made December shorts especially anx-  
ious. The close was firm, 1 1/8 to 1 1/4  
1/4 to 1 1/4 1/2 and May \$1.25 1/8 to  
1.26 1/4.  
Oats were firmer with corn. After  
opening a shade 1/4 to 3/8 higher,  
including May at 75 3/8 to 75 1/2, the  
market reacted a little but then hard-  
ened again.  
Provisions sympathized with the ad-  
vance of cereals. Weakness of hog  
values was an offset only in part.

GRANGE ASSERTS  
DUTY OF SENATE

Doors for a League of Na-  
tions with Protection of Na-  
tional Interests

GRAND RAPIDS, Mich., (AP)—S. J.  
Lowell of New York was elected na-  
tional master of the National Grange  
at the annual election today. John L.  
Ketchum of Hastings, Mich., was re-  
elected national lecturer.

Other officers included:  
Steward, Clark Baumgarner,  
Fife, Montana; Chaplain, W. W.  
Deak, Kansas; Idaho, (re-elected),  
and Grand Officers, J. J. Hunt, Napa,  
Cal.  
All elections were made on the  
first ballot except that of chaplain,  
on which three were taken.  
The national grand, in conven-  
tion here last night, adopted a res-  
olution favoring the establishment  
of a league of nations. It set forth,  
however, that it was the duty of  
the senate to adopt such a cov-  
enant as will best protect the in-  
terests of this country, even though  
amendment of the treaty now be-  
fore it is necessary.

Another resolution pledged support  
of the grange to the national prohibi-  
tion law, declaring it "the greatest re-  
form ever accomplished."  
The grange voted to accept the in-  
vitation tendered by Leslie R. Smith  
of Massachusetts to hold the 1920 con-  
vention in that state. Invitations also  
were presented by C. E. Spence dele-  
gate from Oregon, and B. Needham of  
Kansas, to hold the 1921 convention  
on their states.

World Register Packers  
Much interest centered in the Ke-  
von-Anderson bill, which the grange  
amendments propose that instead of  
license there must be a registration of  
packers with authority given to a na-  
tional food commission to prescribe  
rules and regulations, as the interstate  
commerce commission prescribes rules  
and regulations for railroads.

The amendments also provide that  
instead of federal receivership as a  
penalty for violating the rules, the  
regulations of the commission may be  
enforced by criminal penalties immedi-  
ately effective, but subject to appeal  
of the federal district courts.  
Fights for Farm Loan  
The grange is fighting what some  
members call an attempt of certain in-  
terests to equivoicate the federal farm  
loan banking system by requiring tax-  
ation of the bonds of the banks and  
for taxation of all the property of the  
joint stock banks of the system.

PEOPLE TALKED  
ABOUT  
GOVERNORS FAVOR BUDGET SYSTEM

Gov. Henry J. Allen of Kansas  
says of the movement to establish a  
national budget system: "The war  
period has brought the inadequacies  
of our legislative machinery in prob-  
lems of national finance. No private  
business concern would dare to rush  
blindly into things as does congress.  
This is because congress lacks a sound  
system of providing public money for  
the operation of the ten major execu-  
tive departments. The work of these  
agencies can be established only  
through the adoption of a new method  
of budgetary procedure."

Governor Allen is one of 22 gov-  
ernors who are reported by the na-  
tional budget committee to favor the  
substitution of the budget system for  
the present system of departmental es-  
timates. The governors made many  
remedial suggestions, including the fol-  
lowing:  
Demand executive responsibility  
for the national budget. Establish a bureau of the budget to draw up es-  
timates of governmental expenses. Provide for congressional consideration of  
money bills by single committees of the house and senate, or a joint com-  
mittee of the two. Limit money bills to actual needs and do away with "pork  
and log rolling."

PLANS DEVELOPMENT IN SEN-  
ATE FOR EARLY TEST VOTE

(Continued from Page One)  
committee resolution if certain modifi-  
cations were made. It was said the  
principal change discussed was the  
provision requiring other nations to ac-  
cept the senate qualifications.  
There were indications that if it were  
made the democrats would be much  
more favorable to the committee pro-  
gram.

Bars Hiltchcock Substitutes  
The mild reservation group reached a  
decision which was regarded as virtu-  
ally sealing the fate of the many pro-  
posed reservations on which the senate  
has not acted. They determined to sup-  
port only two more, that of Senator Mc-  
Cumber, republican, North Dakota,  
against participation in the interna-  
tional labor organization unless con-  
gress should authorize it, and that of  
Senator Leonard, republican, Wisconsin,  
along with equalization of voting  
strength in the league of nations. Al-  
though deciding to vote for a reconsid-  
eration of the ratification after the  
senate resolution is voted down, the  
group decided not to help uphold any  
ruling of the chair by which substitute  
resolutions could be put in by Senator  
Hiltchcock.

PROPOSE RECEIVERSHIP TO  
OPERATE IOWA MINES

DEN MOINES, Ia., (AP)—Legal steps  
toward receivership or other means of  
forcing operation of Iowa coal mines  
are under consideration by Attorney  
General H. M. Haver. Mr. Haver  
called a conference of leading attorneys  
of the state to be held this afternoon  
to discuss possible action.

HOUSE PASSES  
BILL TO GIVE  
BACK RAILWAYS

Each Measure Providing for the  
Private Ownership and Op-  
eration of Rail Carriers Now  
Goes to Senate

WASHINGTON, (AP)—Legisla-  
ture authorizing creation of an  
equipment trust to reimburse the  
government for \$400,000,000 spent  
for locomotives and cars during  
federal control of the railroads was  
passed today by the house and sent  
to the president for approval.  
WASHINGTON, (AP)—The Each rail-  
road bill, providing for private own-  
ership and operation of rail carriers, was  
passed today by the house and sent  
to the president for approval.  
WASHINGTON, (AP)—The measure goes to the senate  
but it will not be taken up there until  
the regular session in December.

Democracy Opposes Bill  
A majority of the democratic mem-  
bers opposed the bill, after their failure  
to eliminate the revision for govern-  
ment guarantee of revenues of the  
carriers in December.

PROVISIONS OF MEASURE

The railroad bill as passed by the  
house does this:  
Provides capital and inures the fi-  
nancial future of the lines during the  
period immediately after private oper-  
ation is resumed, created machinery  
for the voluntary conciliation of labor  
troubles, and extends federal author-  
ity over rail transportation by increas-  
ing the powers of the interstate com-  
merce commission.  
Federal control would end with the  
month in which the bill is enacted and  
rates continued in effect for six months  
unless changed. Roads are ordered to  
ask the interstate commerce commission  
for general rate advances within sixty  
days and government guaranty is de-  
clined carriers failing to do so.

GUARANTEES REVENUES

As a guaranty, the government  
agrees to take off a percentage of the en-  
carriers for the first six months of  
new private operation shall equal the  
standard return paid during federal  
control as rental for the use of the  
lines. Short line railroads and expres-  
companies, also would receive this guar-  
anty.  
Government five year loans at six  
per cent also may be secured by the  
lines within 20 months after the end  
of federal control and to carry out the  
provision \$250,000,000 is made avail-  
able.  
The funding plan for settlement of  
\$775,000,000 the roads will owe the gov-  
ernment at the end of this year, pro-  
vides for a 60 per cent of approximately  
\$400,000,000, the amount of government  
rental. Payment of this unliquidated  
indebtedness would be in ten annual  
installments.

ARBITRATION VOLUNTARY

For settlement of labor troubles, the  
bill would set up machinery in vogue  
before and during Federal control for  
employe and employer voluntarily con-  
ducting negotiations, with an added  
provision for a second or appeal board  
to reach decisions if the former fails.  
No penalty is provided against strike  
or lockout, and on all bonds the work-  
ers and the rail owners would have  
equal representation. The bill would  
give the interstate commerce commis-  
sion jurisdiction of use, control, man-  
agement, distribution and exchange of lo-  
comotives and cars, and supply, move-  
ment and operation of trains, and ex-  
tension abandonment of rail lines.  
The authority of the commission  
would be extended to prescribe mini-

WAR LORDS TO  
GIVE TESTIMONY

German Military Authorities to  
Appear Before Investigat-  
ing Committee

BERLIN, (AP)—Field Marshal von  
Hindenburg and General Ludendorff  
will attend Tuesday's meeting of the  
sub-committee of the national assembly  
investigating responsibility for the war.  
Military authorities have made com-  
prehensive provisions to forestall any  
demonstrations, but the feeling in both  
reactionary and liberal camps is  
tense.  
Interrogation of Dr. Karl Helfferich,  
former German vice chancellor, was  
completed by the sub-committee today.  
An attempt was made to fix the blame  
for the sending abroad of the text of  
former Emperor William's speech in  
Albania on the eve of the German peace  
proposal in December, 1918. This re-  
sulted in the discovery that the origi-  
nal order issued to the Wolff bureau  
was destroyed during the occupancy of  
this organization's offices in the  
Spartanac last winter. The committee  
decided to fix responsibility for pub-  
lishing the former emperor's declara-  
tion that Germany would be satisfied  
with a "victory peace" at the moment  
von Bethmann-Hollweg. The chan-  
cellor, was planning a peace proposal.  
A controversy ensued between Dr.  
Helfferich and Deputy Beam, the latter  
charging the government with failure  
to "cultivate" President Wilson, who  
it was said, "was a different individ-  
ual in a battle for the soul of Presi-  
dent Wilson, and in view of all circum-  
stances entering into the situation I could  
not conscientiously surrender Germany un-  
conditionally to the president's pro-  
gram, even undertaking late in 1918 and  
early in 1917."

SHARKS MAY BE MARSHALLED  
AGAINST HIGH COST OF LIVING

LONG BEACH, Cal., (AP)—Sharks  
may be marshalled against the high cost  
of living, if an experiment now being  
made by a local canning company proves  
successful.  
Encouraged by reports of government  
chemists that the meat of the  
blue shark, common in these waters,  
is both nutritious and pleasing to the  
taste, a canning company is preparing  
to handle the new delicacy in sausage  
form and place it upon the market.  
mum as well as maximum rates, to or-  
der the division of joint rates, to re-  
duce shipping rates, and limit suspension  
of rate schedules.

Affects Anti-Trust Law

The anti-trust law may be set aside  
by the commission to permit the con-  
solidation of railroads, "to permit  
them to pool earnings or equipment."  
To insure freight movement as di-  
rected by a bill of lading, a road suf-  
fering the loss must be paid as though  
it had received the shipment.  
The bill affects water carriers by re-  
pealing part of the Panama canal act  
so as to permit railroads, on approval  
of the commission, to own and operate  
boats on Great Lakes and Long  
Island Sound, and gives the commis-  
sion authority to order connections be-  
tween rail and water lines.

WILSON VETOES BILL TO GIVE RATE FIXING POWER

Opposes Conferring Pre-War Jurisdiction to Commerce Commission

WASHINGTON, (AP)—President Wilson today vetoed the bill restoring to the interstate commerce commission its pre-war rate making power.

The president's veto message will be transmitted today to the senate, in which the bill originated. Chairman Cummins of the interstate commerce commission, author of the bill, said it was not likely that any attempt would be made to pass the measure over the president's veto as the rate making powers of the commission would be restored when the roads were returned to private operation January 1.

Senator Cummins said the president's action was not a surprise.

The president said the immediate effect of the proposed law would be to deprive the federal government of the ability "to cover promptly and decisively with operating emergencies which are now arising and must continue to arise during the existing period of heavy traffic."

Influence of Legion Calls off Violinist

LOUISVILLE, KY., (AP)—The proposed appearance here Thursday of Fritz Kreisler, Austrian violinist, has been called off by the Louisville fine arts league upon complaint of the local chapter, American Legion. The Legion officers said their action was based on a resolution adopted by the national convention in Minneapolis which condemned all efforts to generate sympathy for Germany and her allies through operas, plays, performers and artists of enemy countries.

ALL HOPES OF WETS NOT PUT ON COURT DECISION

Look to Wilson to Declare War Time Prohibition at End This Month

WASHINGTON, (AP)—While arguments on the validity of the war time prohibition act will be heard by the supreme court Thursday, a decision is not expected before December 8 when that court reconvenes after a recess, announced to begin next Monday. Meantime machinery for the enforcement of the act which has been set up by the internal revenue bureau is getting under way and is expected to be in full operation by the end of the week. John P. Kramer, of Ohio, assumed his duties Monday as federal prohibition commissioner and announced that district directors are expected within a day or two.

Should the supreme court hold the war time act unconstitutional millions of gallons of whiskey and wine would be placed on the market immediately in those states which had not voted out liquor before the operation of the federal act. Those longing for a "wet" Christmas are not placing all their hopes on a favorable opinion by the supreme court. In spite of the somewhat complicated present situation the senate many opponents of prohibition expect peace to be an accomplished fact before the end of the present special session of congress next month. The White House has announced that immediately upon the proclamation of peace President Wilson will declare war time prohibition at an end.

Local Brevities

Frankols Have a Son—Word has been received in Twin Falls of the birth of a son to Boston, Massachusetts, to Mr. and Mrs. Arnold Frankol. Mr. Frankol was formerly a resident of Twin Falls.

Buhl Gives Well—That Buhl's efforts in the Red Cross drive netted 1586 memberships is the last return reaching local Red Cross headquarters here. Buhl was mistakenly reported to have made only 40 subscriptions. This was due, according to general chairman Miss Beatrice Ostrander, to the misreading of the name of the place.

Attorneys Agree—Yesterday stipulations were entered into between attorneys representing the Idaho Farm Development company and Jim Brackett and J. P. Clark, agreeing to the use of certain lands owned by the latter two for flooding purposes. The development company had need for floodwater in connection with its scheme for irrigation.

District Deputy Coming—Announcement is made of the proposed visit of P. R. Venable, district deputy of the Elks, to the local lodge on November 20. In addition it is announced that Charles P. McCarthy of Boise will deliver the memorial address at the Elks' lodge on the first Sunday in December.

E. A. M. Meeting Tonight—Royal Arch masons will confer the Royal Arch degree in the Masonic temple tonight.

Company Gets Judgment—Yesterday the district court an order of judgment was entered in favor of the Continental Pipe company against Clyde C. Anderson and O. L. Anderson. The amount involved is \$614.47.

Flea Demure—To the damage action instituted by Patrick McLaughlin against the O. S. L. railroad company, the railroad has entered a general demurrer.

Forgery Is Charged—In complaints filed in the district court by prosecuting Attorney Frank Stephan George Davis and Jack C. Millburn are formally accused of forgery. The men are said to have passed forged checks in several local stores prior to arrest last Saturday night.

Comes Back to Reside—George McKean, a former resident of this city has returned to again make his home here.

Gone to Montana—W. G. Reed and W. P. Guthrie left this morning for Dillon, Mont., where they will spend several days on business.

To Speak at Church—Miss Ollie May McCormick, who has spent ten years in social service work will speak at the Methodist church Friday evening. Much of the time was spent in Japan and Canada. Miss McCormick is a talented speaker, being a fine elocutionist and has a charming personality.

Theatre

When a pretty Fifth Avenue miss who speaks proper English attempts to reconcile herself for a while, at least, in a most sordid neighborhood, unusual events are destined to happen. This theme forms the basis of "The Hoodlum," the second production starring Mary Pickford produced by her in her own studios and which will be seen beginning Wednesday at the Gem Theatre.

HEART ADS TWO MORE NEWSPAPERS TO HIS CHAIN WASHINGTON, (AP)—Arthur Brisbane today announced the sale of the Washington Times and the Wisconsin News, of Milwaukee, to William Randolph Hearst. The sale price was not made public.

COMPLETE RETURNS SHOW CONSERVATIVES CONTROL

Result of Elections in France is Called Victory for Clemenceau

PARIS, (AP)—Complete returns from the French elections show that the conservative, moderate and nationalist elements held 494 seats in the chamber of deputies, while the extremists will have 54 members of the new chamber. This number, 221 were former deputies, while 377 are men who have not hitherto been members of the chamber.

Complete returns available this noon from all but about fifty districts confirm the indications that Sunday's elections to the chamber of deputies resulted in a notable triumph for the conservative, moderate and nationalist elements. In the 419 districts for which the returns are in, these elements elected 494 members as compared with 54 seats won by the extremists.

In its noon edition the socialist newspaper Don Soler acknowledged the defeat of its party. "Clemenceau is victorious, terribly and appallingly victorious," it said. "The republic, however, is not so victorious." Complete returns of the elections were the most conservative since the national assembly of 1871 was elected.

"Good Night" Is Too Long. The countryman's "How do?" "How be?" is outdistanced by the London printing trade's "Good night" and "Good morning"—omitting the "night" and the "morning"—London Chronicle.

Social Notes

The war mothers entertained in the parlors of the Presbyterian church yesterday at a backward party. The ladies were met at the door by a committee who assisted them in turning coats and hats backward. They were then taken in charge by another committee and dresses were changed in the same way they were registered, spelling their names backward. The feature of the afternoon was a spelling contest in which the words given out were spelled backward. During the afternoon hundreds of checks were put out by the officers featuring the war mothers and their secret work as it might, could or should be in the future. About thirty members were in attendance and a delightful two course luncheon was served at the close of the afternoon. The occasion was arranged for the purpose of each member getting better acquainted with his neighbor. All present voted it a very successful party.

The D. W. P. club gave a surprise birthday party last evening at the home of Mr. and Mrs. W. O. Taylor. The members of the club met at the home of Mrs. Lydia Boyd Keogh and from there motored to the Taylor home. After an evening spent with Mrs. Taylor assisted by her daughter, Miss Suzanne served a delicious luncheon.

Mr. and Mrs. Wendell J. Allen entertained informally Sunday evening. The guests were Mr. and Mrs. Merlin Batley, Mrs. R. P. Elliott, Marge Putnam, Tress McMahon, Beatrice Ostrander, Tracie Journey, Hy Hurst and John Kendall. Dainty refreshments were served at the close of the evening.

Mr. and Mrs. E. J. Ostrander were hosts to a few friends at their new home in East Lawn Sunday evening. Those present were Messrs. and Mrs. James B. A. Read, C. H. Babbin, A. J. Peavey, and E. J. Kneading, Miss Tress McMahon, and John Kendall. The evening was spent with music and a social time.

The Business Women hold their regular weekly dinner at the home of Mrs. H. J. Youngs last evening.

Anti-Nicotine War to Get No W. C. T. U. Fund

ST. LOUIS, (AP)—No part of the \$1,000,000 being raised by the Women's Christian Temperance Union will be expended in any legislative movement against tobacco, according to an announcement made by the executive committee of the union at the national convention here today.

Refuses Citizenship To Striking Miners

HILLSBORO, ILL., (AP)—Twenty foreigners, all striking coal miners, were refused naturalization papers today by Circuit Judge W. T. Jettett when he was informed they had not returned to work following withdrawal of the strike order.

Used planes, if in good condition, may be sold at good prices. If yours is a "silent" instrument, why not find a cash buyer for it? The classified ads will take it to market for you.

REPORTS ON FOOD PRICES

Many Articles Show Increase in August; Rice Declines Generally

WASHINGTON, (AP)—Prices of many articles of food increased in August, but in most cities food prices showed declines. A report today by the bureau of labor statistics listed increases as follows:

- Eggs and rice, six per cent each;
- potatoes and raisins, four per cent;
- evaporated and fresh milk, coffee and prunes, 3 per cent;
- pork chops, butter, corn meal, rolled oats, navy beans and sugar, 2 per cent;
- and canned salmon, oleomargarine, cheese, bread, macaroni and oranges 1 per cent.
- Hann, nut margarine and tea showed an increase of less than five-tenths of one per cent.

Keep Tacks 'n' Jars. Save all small glass jars. One good use for them is to keep tacks, screws and small nails in. It will save time when looking for a particular kind. Classified Ads are cheap-effective.

Divilias, of Buhl, was a business visitor in Twin Falls yesterday. Mrs. Lenh M. Burasides of Shoshone, superintendent of the schools of Lincoln county, was in Twin Falls for a brief visit yesterday. Mr. and Mrs. Harvey Hurlbess and Miss M. A. Boyle of Jerome, motored to Twin Falls yesterday on a business and shopping tour.

High School News

Inter-class war continues daily with the seniors doing the scolding and the juniors with hair clippers at their disposal. Few boys there are in either of the two upper classes who do not exhibit bald patches these days, and many of the seniors have also fallen victim to the tonsorial treatment. Since the beginning class football game the seniors class social Friday evening, the Juniors and Freshmen have arrayed the boys against the Sophomores and Seniors and at present the scolding wars are rather evenly divided. Presidents of both the Junior and Senior classes have been scolded. The expected official action against several students did not occur yesterday, the school administration apparently pursuing a policy of strict neutrality. The only reference made by school officials to the haircutting episode was a decree from the principal's office allowing boys to wear skull caps over their shaven pate while in school. Both sides last night decided to suspend the practice of haircutting until after the football game. Coach Demman spoke to the football teams yesterday afternoon and urged an end of the class war until Friday or Saturday and the grid men voted unanimously in favor of the plan. About a week last afternoon the school communicated to the boys who were out getting scalps and they agreed to stop tonsorial work until the Buhl game is over.

FILED TEAM COMING

Filer meets the Twin Falls second grid team at Lincoln field tomorrow afternoon in the second of the games between the teams. The locals are sure of the victory and are wondering how large a "mass" they can run up in a 12-minute quarter.

OFFICIALS ELECTED

Election of officials for the newly organized Latin club resulted with the following: Norris Epler and Walter Kregel, consuls; and Violet Holstrom, secretary. The club, consisting of fifty students are enrolled as members of the club.

CLOCKS ON STRIKE

The school of late has been running on practically no time at all, since all the clocks but those in the two offices are out of commission.

"Buy Shoes At A Shoe Store"

Happenings Around Our Town

Sam Brown, from down Willowdale direction, drove in yesterday and loaded up some boards and two by fours at the Boise Payette Yard.

Sam says—"That old stuff of Reilly's about the frost is on the punkin' and the foddors' in the shock may bring sentimental tears to the eyes of those who have nothing else to do, but for him a sight of frost on the punkin' means that he is only about thirty days behind in getting ready for winter. The 'taters all to dig-ot, the garden sassa to be pulled and stored in the collar, the leaky roof to be patched and cracks and crevices to be plugged around the house, barn and stock pens.

"By Heck, I don't know what I would do," says Sam, "if it was not for the Boise Payette Lumber Co. They do seem to have every dad blamed thing a feller needs to fix things with."

That's Our Name.

### SHORTAGE OF DOCTORS WOMEN'S OPPORTUNITY

#### England Extends Facilities for the Feminine Medical Students

LONDON, (P)—Shortage of physicians in this country, which was greatly increased by the war, is giving women a golden opportunity to enter the medical profession. Hundreds of demobilized war workers, especially nurses, are taking advantage of it.

Before the war, few facilities were offered English women for training as physicians and furthermore they encountered a prejudice on the part of all classes that was strong enough to daunt even the most determined. That prejudice, against "women doctors," was almost entirely swept away by the heroic and efficient medical service performed by women during the war.

Hospital schools of medicine from which women students formerly were barred are now open to them. Many hospitals and other health institutions include women on their boards of management, and public positions which used to be filled only by men are now open to women doctors as well. Resident hospital posts have been made available for qualified women physicians, enabling them to secure extremely valuable experience.

Except Oxford and Cambridge, all the British universities have opened their medical degrees to women.

#### Deadly Arabian Sirocco.

The sirocco or sand storm of the Arabian desert is exceedingly treacherous. It often digs pits two hundred feet deep, scattering the sand for miles around.

You can rent that house to a good tenant through the classified—perhaps at once!

### PLAN BIG INSTITUTION FOR CRIPPLED CHILDREN

Los Angeles Orthopaedic Foundation is Formed for Building of Hospital and School

LOS ANGELES, Cal., (P)—A hospital and school, to cost \$150,000 where crippled children of Los Angeles, rich and poor, may be treated and educated, is planned by the newly organized Los Angeles Orthopaedic foundation.

Announcement that John Brockman of Los Angeles has donated a \$50,000 property in a high class residence section here as a site for the proposed institution; that Mrs. Anita Baldwin of Arcadia has pledged \$50,000 toward the cost of buildings and equipment; and that a vigorous campaign for an additional fund of \$100,000 would be launched at once, was made at a recent meeting of members of the foundation.

The proposed orthopaedic hospital and school will put Los Angeles in first place among cities of the world in economic and constructive humanitarianism," said George Dreyer, president of the foundation. "Sixty per cent of all crippled children respond readily to scientific treatment and become virtually self-supporting if given the opportunity. We propose to offer them the opportunity."

Both the hospital and school will be conducted without profit. Mr. Dreyer said, the medical and surgical staff donating their services and the board of education providing needed teachers for regular grade work. Parents who can afford to will be asked to pay nominal sums for treatment of their children but no charge whatsoever will be made to those in straitened circumstances.

#### Ineffective Hollarling.

"Do man dat hollar about his bein' jes' as good as any other man," said Uncle Eben, "mos' generally ain' doin' enough useful work to prove his argument."

### EPISCOPALIANS FIX GOAL AT \$42,000,000

#### Nationwide Ecclesiastical Campaign Has Definite Object in View

SAN FRANCISCO, Cal., (Special).—Word has just been received by leaders of the Episcopal campaign in this city, that the joint commission in New York, having charge of the nation-wide campaign of the Episcopal church during the first week in December, have fixed a goal of \$42,000,000. The recent successful Methodist campaign fixed a goal of \$105,000,000 and in a one week's campaign exceeded that figure by many millions.

Of the total \$29,000,000 will be appropriated for general work and \$14,000,000 for diocesan needs. Of the general amount \$10,000,000 is specified for missionary work in the dioceses and missionary districts of America and the remainder for missionary work in foreign fields, for social service, for religious education and Americanization work here.

The original total of \$62,000,000 was revised to make the three year program of the church as efficient and reasonably economical as the needs of the church permitted.

#### Ostrich a Monogamist.

### DEBATE MEMORIAL PLANS

#### Utah Committee Considers Several Suggestions but Delays Decision

SALT LAKE CITY, (P)—Definite decision on a memorial to Utah soldiers who served in the war against Germany has not been decided upon by the Utah memorial committee, which has headquarters here. Several plans are under consideration. Chief among these is one for the construction of a large auditorium to cost in the neighborhood of \$750,000. The proposed auditorium would be built at Salt Lake City and money to defray building costs would be raised by popular subscription throughout the state. The auditorium plan seems to find greater favor with Utahns, the memorial committee announces, than the proposed bridge memorial it was planned to erect at the mouth of Parley Canyon, east of here.

#### ADOPT MILITARY TRAINING

SALT LAKE CITY, (P)—Military training as a part of the regular routine of Salt Lake schools was decided upon here recently at a meeting of the city board of education. Those taking the military course will be given credits the same as for other studies.

#### To Tell Age of Fish.

Year rings on the scales of fish are used in Norway and France to determine the age of sardines, whether they have reached their full growth and when they will spaw.

That spare room is a cash asset—if you use the classified. You can rent it to a desirable tenant at a good price, thus lessening your own rent burden.

### KIDNEYS NEVER CAUSE BACKACHE

#### Rub Pain, Soreness and Stiffness Right Out with Old St. Jacobs Liniment

Kidneys cause backache? No. They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Liniment." Rub it right on the ache or tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Liniment" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache, sciatica or lumbago pain. "St. Jacobs Liniment" stops any pain at once. It is harmless and doesn't burn or discolor the skin.

It's the only application to rub on a weak, lame or painful neck, or for lumbago, sciatica, neuralgia, rheumatism, sprains or a strain. Adv.

TREATMENT FOR WANING ALFALFA

Old Field Cannot Be Revived By Reseeding After Cultivating in Autumn.

SEED IS WASTED ANNUALLY

Best Plan, Where Sod Is Beginning to Show Ravages of Wear, to Plow Up and Grow Some Cultivated Crop, Such as Corn.

(Prepared by the United States Department of Agriculture.)

It is practically impossible to try to make an old alfalfa field look like new by attempting to sow more seed after disking or cultivating in the fall.

Thousands of dollars' worth of seed are wasted in unsuccessful attempts to revive the waning stand of alfalfa.

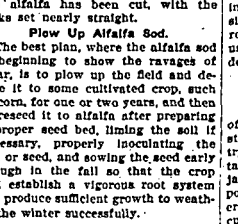

Specialists recommend that fields on the decline should be plowed up and reseeded.

Even though the seed germinates successfully, the plants mature at periods different from those of the old plants, while ordinarily the young plants are smothered out before they make much growth.

Even where an alfalfa field is patchy and covered with practically bare spots, it is not advisable to attempt to reseed except by breaking up the entire field and again sowing down with alfalfa.

Not Profitable to Cultivate. It is always objectionable, according to the specialists, to cultivate or disk an alfalfa field irrespective of its age and condition, as carefully conducted experiments have shown that the only section in which it was profitable to cultivate the alfalfa crop in any way was in the irrigated belt of the far West.

Usually unfavorable results attend where alfalfa is disked under eastern conditions, although in the case of alfalfa fields which have been badly in-

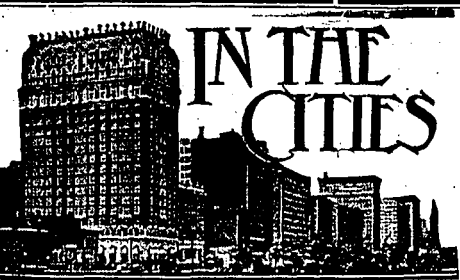

Four-Year Old Alfalfa Plant.

fest with weeds, it has been the practice of many growers to disk after the alfalfa has been cut, with the disks set nearly straight.

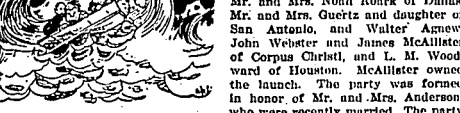

Plow Up Alfalfa Sod. The best plan, where the alfalfa sod is beginning to show the ravages of wear, is to plow up the field and devote it to some cultivated crop, such as corn, for one or two years, and then to reseed it to alfalfa after preparing a proper seed bed, liming the soil if necessary, properly inoculating the soil or seed, and sowing the seed early enough in the fall so that the crop will establish a vigorous root system and produce sufficient growth to weather the winter successfully.

Books. One cannot celebrate books sufficiently. After saying his best, still something better remains to be spoken in their praise. As we friends, one finds new beauties with every meeting, and would abide always in the presence of those choice companions. As with friends, he may dispense with a wide acquaintance. Few and choice.—A Bronson Alcott.

Odd Escape of Launch Party in Gulf Hurricane

CORPUS CHRISTI, TEX.—"Kismet" says the Turk—it is fated. Narrow escapes from death in the recent gulf hurricane would fill many volumes.

Here's one out of the ordinary: The launch Wako left here the day before the storm for a trip in the outer bay. Those in the launch party included Mr. and Mrs. Marshall Anderson of Houston, T. A. Shearer of Sherman, Mr. and Mrs. Noah Honk of Dallas, Mr. and Mrs. Guertz and daughter of San Antonio and Walter Agnew, John Webster and James McAllister of Corpus Christi, and L. M. Woodward of Houston. McAllister entertained the launch. The party was formed in honor of Mr. and Mrs. Anderson, who were recently married. The party stopped Saturday evening at Corpus Pass to pass the night at the Newport club. At midnight they were awakened by the coming of the hurricane.

Just then a tent floor carried on the crest of the waves was swept toward them. Two of the men leaped into the water and dragged it in. Tying the women securely to the floor, the men launched out just as a deluge of water covered their late place of refuge.

For some time the unwieldy craft was battered about, entirely at the mercy of the churning waters. Finally it was thrown ashore upon what remained of Mustang Island, a plot of ground but here the day before.

There they remained until the coming of dawn Monday. The waters had subsided somewhat and from an old fisherman who had survived the storm they obtained their first food in 30 hours. Later aviators dropped them some provisions.

Woodward, by means of a raft, made his way to the mainland and brought in word that the party was safe, six days after their departure.

Kindling Spark Required. It takes more than a wooden head to produce thoughts that burn.

Costliest of Books. It is said that the highest price ever realized for a book, was paid at an auction sale in London recently, for a book of private devotion, a "XIV Century Book of Hours" formerly the property of Jeanne II, Queen of Navarre, which brought \$50,000.

The Planet Carnegie. Mr. Carnegie has an almost unique honor with the Empress Eugenie in having a planet named after him during his lifetime. Two of the remarkable family of minor planets situated between the orbits of Jupiter and Mars were named Carnegie and Eugenia.—Westminster Gazette.

Congential Employment. "I understand you have hired a discharged soldier for a farmhand?" "Yes," replied Mr. Cobble. "He was in the tank corps." "What sort of service is he giving?" "The best ever. I told him just to consider my little old tractor a tank, and the way he gets over a field is a caution."

Safeguard the Family. If there is a bottle of poison in the house, says the Philadelphia Record, insert three pins in opposite directions in the cork. This will make it impossible to remove the cork without being reminded that there is something unusual about its contents. It is a safety device that cannot be improved upon.

Jade Favorite Gem in China. Light green jade is the favorite gem of China, and it is difficult to get the stone in uncut form even in that country. Sometimes a rich Chinaman's estate will consist in part of a lump of jade. Sometimes it can be obtained in pounds. But even the leading jewelers of Hongkong usually obtain it in cut form.

Some Superstitions. The breaking of a looking glass is, with some people, the occasion of a gloomy foreboding, and the unlucky person who does it is supposed to be doomed to seven years of bad luck. Peacock feathers were formerly considered as bearers of sickness, yet fashion has introduced them into house decorations.

FATTENING FEED FOR STEERS

Experimental Stations Recommend Corn Silage and Concentrates as Best for Cattle.

Corn silage and concentrates are highly recommended as fattening feed for steers. Experimental stations report that silage and all meal or cottonseed meal invariably prove to be cheaper than corn or even than hay or corn with concentrates or silage and hay by themselves.

It is admitted that a steer cannot be finished for best properly and to the best advantage on an all-silage diet. But the most polished steer on the market is not always the most profitable one. High priced feed may surfeit the high priced carcass.

TEST OF CORN IN NEBRASKA

Loss of Nine Bushels Per Acre From Specially Choice Seed From Other States.

At the Nebraska Agricultural College seed grown on the farm was planted beside seed grown within sixty miles of the college, and beside prize winning corn from Illinois, Indiana and Ohio. Seed grown on the farm produced 48.8 bushels an acre; seed grown within sixty miles of the farm produced 45.6 bushels an acre, and the specially choice seed from other states produced 39.8 bushels an acre, a loss of nine bushels an acre by sending out of the state for seed.

### STRENUOUS IS PROGRAM OF FIRST DAY IN COURT

#### Judge Babcock Makes Speed Record for the District Tribunal

Judge W. A. Babcock made the first day of the fall sitting of the district court a memorable one for fast work and accomplishing the aims of the tribunal. During the morning demurrers and motions aplenty were listened to, and in the afternoon seven alleged culprits were arraigned and necessary action to bring about speedy trial was taken.

Among the most important matters brought forth in the afternoon was the district court arraignment of H. E. Groveson, a ditch rider, accused in the state's complaint of second degree murder. Groveson stands accused of causing the death of a Butte farmer named E. L. Van Vleet. Groveson and Van Riper had trouble over ditch water, the rider striking the farmer on the head with a wood hook, the allegations in a complaint declare. An arraignment of Groveson denied guilt.

Another important case to come to trial this term of court that of J. E. Anna, accused of robbery. Anna is said to have forced a kindly farmer named Starr to write and sign a check for several hundred dollars, using a gun as the persuading force. The affair is said to have occurred on two Blue Lakes grade. Anna took the statutory time to plead and will be in court this afternoon for this purpose.

H. H. Jordan, accused of stealing a riding outfit, denied guilt and was ordered held for trial. A. J. Godoy, released on \$500 bonds after being held to the district court on charge of assault with a deadly weapon, failed to appear and his bond was ordered forfeited.

W. T. Fox, held on a bootleg charge, denied guilt. His partner, E. D. King, defaulted and his bond was forfeited. Lannis Nollan, charged with the illegal possession of contraband liquor, admitted guilt and will be in court Saturday for sentence. J. H. Swain, accused on two counts, denied both an arraignment. The first case against Swain is that of attempting to sell liquor in a local cafe. He was arrested by a member of the state militia and released on bond. Later he was arrested on charge of manufacturing intoxicating liquor and was held for trial.

No civil cases have as yet been set for trial during the present court term.

### DETENTION OF FULLY OBEYED IN INDIANA

INDIANAPOLIS, Ind., (AP)—With coal miners of the country refusing to return to work, drastic orders for curtailment of fuel have gone into effect throughout Indiana. An order issued by the Indiana public service commission to discontinue service for electric signs, show window illumination, fountains and other non-essential uses of water and electricity, has been generally carried out. In the coal fields there was no change in the situation, the miners remaining firm in their refusal to return to work pending satisfactory developments at the Washington conference.

HARVESTER PLANT BURNS DUBUQUE, Ia., (AP)—Fire today destroyed the local plant of the International Harvester company. The loss will exceed \$300,000.

You can find a buyer for that used car through the classified—and get all that it is worth.

### Won't Disturb Dogcatcher in Present Work

A dogcatcher who can "hit the ball" is a rare functionary and should be cultivated in the canine-catching capacity.

Two dogs, however, such as a rare avic and the city legislative body is not inclined to dispense with his services—not at the present price of dogcatchers. This was the unanimous decision of the honorable board of town selection last night, when the question of curtailing dog catching activities for the season came up. The catcher is to be kept.

According to the report the present head of the municipal kennel is shorting in and disposing of more stray curs than ever in the history of the city for this time of the year. No licenses are being sold but dogs by the dozen are being snared and sent to dog heaven by the most expeditious route.

Hail the catching dogcatcher.

### PLEA FOR DEPUTY COP DENIED BY SELECTMEN

#### Union President Asks Extra Picketeer to Patrol Picket District

Administrators in charge of the welfare of the city of Twin Falls are agreed that at the present time the police force is adequate to all demands. They have declined to increase Chief William Taylor's coterie of minions. The declaration followed a long and earnest harangue at the regular selectmen meeting in the council chambers last night, the argument resulting from a request made by H. C. Seranton, president of the Central Labor council for the addition of a special man to the force, the duty of the deputy being to maintain order where picketing is carried on in connection with the machinists' strike.

Supporting the theory that the time is at hand when the authorities should enter the strike field with officers to keep the peace, Mr. Seranton told of a "scrap" occurring last Saturday before the Lead Auto shop. He explained that the fight was precipitated when a picket was attacked by one of the sarge working force. Mr. Seranton said everything possible was being done by the strike forces to carry out their side of the union argument without resort to force, and with a view to the maintenance of the law, and to preserve the maximum order. He also announced that the striking union would defray all expense of employing an additional patrolman.

The council expressed the unanimous sentiment that there seemed no need for extra police help. Mayor Edridge explained that the officers were at the service of any man who deemed it advisable to call upon them in the support of the rights of citizenry.

### CHARGES GRAND LARCENY

Frank L. Stephan, district prosecutor, this morning filed an action in the district court against B. F. Nichols, W. C. Robertson and Frank Clark, alleging grand larceny. The triumvirate is accused of stealing a quantity of wool belonging to Joe Bangochea.

## TOWN LEGISLATIVE BODY FINALLY ADOPTS ITS PAVING ORDINANCES

### Statutes Declaring Certain Portions of the Municipality Improvement Districts for Paving Passed and Inscribed on City's Books—Protest is Lodged

The city council last night finally disposed of the paving question for Twin Falls as far as the adoption of ordinances creating paving districts are concerned. Two such district laws were passed and now go on the statute books of the municipality for further presentation.

These ordinances pertain to and include the contract for nearly \$750,000, recently awarded the Warren Construction company. All that remains is to hear protests, which have been ordered lodged on December 1. The assessment ordinance will be taken care of next Monday.

In this connection a protest was lodged last night by residents on Kimberly road against the width of road surface proposed in the plans. This section of road involved in that portion of the highway running in the limits of the city, a 35-foot paved surface having been designated for that stretch. Handed by W. G. Thompson, deputy assessor, and presented to the members of the district, a coterie of protesters appeared at the council session to urge a modification of plans reducing the width of the paving from 35 to 20 feet. The highway is being laid for concrete debate, were requested to present a regular petition at the next meeting of the council.

William Warberg was last night accorded a permit to construct new retail sidewalk, or platform, along the side of a warehouse building he is constructing on Fourth avenue south. The platform is to take place of the regular sidewalk, and must be constructed according to a survey and plans made by the city engineer.

Application was received from a property owner whose place is just outside the bounds of the municipality, asking the rights and privileges of connection with a city main drainage scheme. The council voted this right, with certain reservations or restrictions. In the first place the property owner must pay a fee of \$100 for the service and must then install plumbing according to the laws and edicts of the plumbing department, under the supervision of the city health and plumbing inspector. The city administration reserves the right to discontinue the service at any time the municipal requirements are not observed, either by the present owner, his successors or assigns.

Woods Brothers have asked the acceptance of a seven and a half-acre tract as a subdivision addition to the city of Twin Falls. The plat presented for adoption did not meet the requirements of the city administrators in the matter of conforming streets and alleys, and was sent back for a revision. The land lies on the main road to Filer and adjoins the De Long addition.

### TRIGUERIO BRINGS SUIT

Action has been instituted in the district court by Frank Triguero against G. D. Culbertson for judgment amounting to \$956.80. This amount is claimed for the use of certain materials, machinery, merchandise, fuel and provisions by Culbertson while occupying the Triguero ranch.

### CUMMINGS GIVES REPORT OF LEGION CONVENTION

#### Twin Falls Service Man Tells of Enthusiasm at Minneapolis Conclave

Returning from Minneapolis where he attended a general convocation of the American Legion, Taylor Cummings tells of an interesting convention which concluded much work of extraordinary importance to the Legion, and he believes, of vital interest and importance to the country at large.

Much consideration was given by the convention of the various phases of the present labor unrest throughout the country and careful thought was given the Centralia tragedy on Armistice day. The committee on beneficial legislation, of which Mr. Cummings was a member, drafted a measure to be introduced in congress urging the providing of homes for service men. Mr. Cummings was also elected alternate member of the national executive committee. George Edgington, of Idaho Falls, was chosen chairman of this committee.

Mr. Cummings will make a complete report of the convention proceedings at a meeting of the Twin Falls Post No. 7 Friday night.

### CITY ORDERS METER ON HOSPITAL LINE

#### County, Henceforth, Must Pay for Water Supplied to Big Infirmary

Two years ago the city of Twin Falls instituted a system of free water for the county hospital. Last night the oleomary policy was ordered discontinued.

This act of the municipal board followed a request for instructions for the water department superintendent as to procedure in the future. The superintendent was informed that henceforth and forevermore, as long as the present legislative body is in control of city administration, the county must pay for water service at the hospital just the same as any other outside patron so supplied.

It appears, from a report made last night, that a considerable portion of water supplied at the county hospital is being carried off by farmers in that district. This report was made by Superintendent J. J. Pilgerim, of the water department. Mr. Pilgerim's instructions include the installation of a water meter on the county hospital line.

You can count upon the classified to sell your real estate—and the cost of an advertising will figure surprisingly small.

### Lumbago Comes With Weather Guess of Fair

#### STANDING bulletin from the Boise home office of the climatological publisher—"Fair tonight and tomorrow."

About a fortnight back the weather meteorologist started a diurnal prediction program on rain or snow. The scheme was a rare failure.

Skies and the barometer seem to indicate success for the fair tonight and tomorrow's notion, although our attack of lumbago seems to predilect the suspicion that there's something besides sunshine in the air of the forecast.

Yesterday's high temperature was 60, quite in keeping with the general summery trend of the weather. Low last night was 22, upward turn of two points in a night.

### CAUSE OF CHILD'S DEATH ASCERTAINED

#### Weapon Discharged When One Boy Attempts to Take It From Hand of Another

Investigation into the cause of the tragedy last Sunday at the Stewart dairy near town, when little Lee Boswell was shot and killed, reveals the fact that while Robert Waterman held the weapon responsible for the child's death, Lawrence Boswell was directly implicated in the tragic affair.

An inquiry held by John B. Ault, of the juvenile department, shows that Boswell, who is about 9 years of age, took hold of the pistol as Waterman inserted a new cartridge. As Boswell seized the weapon it discharged the bullet entering Lee Stewart's body striking to the heart. The body was taken to Boise yesterday for burial.

### DAVIS AND CHAPMAN CONFESS TO FORGERY

#### Men who Gave Worthless Checks at Local Store Admit Guilt in Court

G. W. Chapman, alias Jack C. Millburn, George Davis, formally accused of forgery in passing fraudulent checks at Twin Falls business houses, yesterday afternoon entered pleas of guilty, and will be sentenced this afternoon. Judge W. A. Babcock will pronounce sentence.

The men last Saturday passed forged checks at five local stores, giving the worthless paper in payment for purchases made.

PRINCE IN JERSEY CITY NEW YORK, (AP)—Edward Albert, prince of Wales, arrived at Jersey City at 10:55 o'clock this morning, preparatory to a five day visit to New York.

Are you holding a makeshift job? Sometimes necessity forces people to accept unsuitable employment and to become simply wage-earners, often with a chance for advancement. If you can do something well, tell about it in a classified ad.

### DOWNEY BOUND OVER TO DISTRICT COURT

In the probate court today G. M. Downey waived preliminary hearing on charge of disposing of mortgaged property; and was bound over to appear in the district court for trial. Cash bond of \$750 was given.

Downey, according to the complaint, sold an automobile upon which there was a mortgage of \$500.

### SINCLAIR IS ACCUSED

In a complaint filed with the clerk and recorder today Frank L. Stephan, district attorney, accused F. C. Sinclair of grand larceny. Sinclair is alleged to have fraudulently obtained possession of a quantity of alfalfa seed belonging to the Buhl Grain and Seed company. He is said to have sold the seed for something over \$800.

### PERMIT TO BUILD

For the erection of a \$3000 residence at 805 Seventh avenue east, J. G. Granger this morning took out a building permit.
