## SERIOUS CRISIS INVOLVES REIGN OF ITALY'S KING

Rumors of Wildest Character in Circulation as Date for Opening of Italian Parliament Approaches

### DEVELOPMENTS FAVORING ADVENT OF BOLSHEVISM

New Elements Enter Socialist Group Claim Ascendancy and Purpose to Overthrow of the Bourgeoisie Rule

ROME, (P)—Tommaso Tittoni, Italian foreign minister, has resigned and Viterio Scioldi, minister without portfolio, has been named to succeed him, according to the Epoca.

ROME, (P)—Rumors of the wildest character regarding the possibility of a very serious crisis, involving not only the cabinet but also the reigning house of Italy, are in circulation as the opening of parliament, set for December 1st, draws near.

### New Elements Enter

The socialist party, proud of their recent victory, are eager to continue what they call their march forward. The older more authoritative members of the party, however, such as Deputy Turati, leader of the Intransigent; Deputy Trever and Signor Madgaliana, are against an advance.

### New Elements Enter

The new elements which have entered the socialist parliamentary group are declared to be animated by revolutionary sentiments and to favor an extreme policy which, in their opinion, will inevitably lead to the advent of Bolshevism in Italy. This section now is undoubtedly the most numerous in the party.

### Formerly the socialists

Formerly the socialists never attended the opening of parliament, absenting themselves so that they might avoid being present when the king delivered his speech from the throne and to escape taking the prescribed oath in the king's presence.

### Authorities Anxious

All this, it is pointed out, may be much more than is possible of acceptance. Nevertheless, it has the effect of making the responsible authorities restless and anxious. It has been conceded among them that there is no measure which it would be possible to take to prevent one hundred and fifty members whistling and shouting and making it impossible for the king to be heard.

### Continued Advances Claimed by Bolshevism

LONDON, (P)—Continued advances against General Denikin and Admiral Kolchak's forces are claimed in the Russian soviet communistic press by wireless today. The Bolsheviks are asserted to be fast approaching Tsaritsyn on the lower Volga. They report the capture of 1,700 prisoners.

### OMSK DAMAGED BY SHELL FIRE

Suffering in Prospect as Result of Bolshevik Capture of the Capital

WASHINGTON, (P)—Bolshevik shell fire and explosions wrought havoc in Omsk, Siberia, which has just been evacuated by Kolchak forces, according to state department advices today. Street fighting occurred after the bombardment and many of the wealthier citizens fled to nearby villages, where about 8,000 people, families of Siberian army officers, were sheltered.

### Continued Advances Claimed by Bolshevism

LONDON, (P)—Continued advances against General Denikin and Admiral Kolchak's forces are claimed in the Russian soviet communistic press by wireless today. The Bolsheviks are asserted to be fast approaching Tsaritsyn on the lower Volga. They report the capture of 1,700 prisoners.

## United States is Still Regarded as An Allied Power

Withdrawal of American Troops from Coblenz Not Considered Necessary

PARIS, (P)—The withdrawal of the American troops from Coblenz, in occupied Germany, is not considered a political question, and a conference of allied powers is necessary in consequence of the failure of the United States senate to ratify the German peace treaty. It is contended that the United States is still one of the allied and associated powers, and that the postponement of final action on the treaty does not change its relation to either the associated powers or to Germany.

## Chilean Diplomat Would Bar Radical

RIO JANEIRO, (P)—Eleanor Yanez, head of the Chilean diplomatic and commercial mission to the United States and European countries, has been recalled from Europe. He expressed the opinion that prohibition of the entry of anarchists and other radicals to South America should not be delayed.

## Hunger Strike Will Not Win Liberation

DUBLIN, (P)—Official notice was given today that no more prisoners would be liberated for hunger striking, and that hunger strikers must themselves be responsible for consequences of their acts. This notice is regarded seriously in Irish political circles and is expected that hunger strikes will become numerous and that deaths in prisons will follow. The effect would revive the situation created by the death of Thomas Ashe, Sinn Fein leader, who died in May, 1916, as the result of a hunger strike.

## PLANS ONE-STOP FLIGHT

Maynard to Start From Minnedota to Cross Country in Greyhound

MINNEAPOLIS, N. Y., (P)—Lieutenant Melvin W. Maynard, one of the winners in the army's recent trans-continental air race, will start from here Wednesday or Thursday morning on his attempted one-stop cross-country flight, it was announced today. He plans to fly from here to Dallas, Tex., where he will stop overnight and then go on the next day to San Diego, Cal. Lieutenant Maynard will use a specially designed De Havilland machine, known as the "Greyhound." The machine is capable of attaining a speed of 150 miles an hour and has an unusually large storage capacity for oil and gasoline. A mechanic will be carried as a passenger.

## STUDENTS PLAN EXCURSION

SEATTLE, Wash., (P)—Fifty-four University of Washington students are planning a Christmas trip to Des Moines, Iowa, to attend a student volunteer movement convention December 31-January 4.

## WORLD NEWS EVENTS

OPENHAAGEN, (P)—The Vatican has officially recognized the republic of Austria, according to a dispatch from Vienna today.

RIO JANEIRO, (P)—Former German merchant sailors who have been interned at southern Brazilian ports during the war, sailed for Germany Sunday via Rotterdam aboard the steamer Avaregine.

DUBLIN, (P)—Bank clerks throughout Ireland will strike December 31 unless the directors of banks recognize their union. This was decided at a conference of the bank clerks' union Sunday. The proposed strike would affect 3000 out of a total of 3700 bank clerks in Ireland.

TOKIO, (P)—The opinion is growing in Japanese army circles that the retreat of Admiral Kolchak and the increasing ascendancy of the Bolsheviks in Siberia are so menacing that Japan cannot remain indifferent, the Jiji Shimpou says. Therefore, Japan, adds the newspaper, may make a new proposal to the powers regarding the Siberian problem and strengthen the Japanese forces in Siberia.

## PRINTERS END VACATION

Book and Job Compositors of New York Bow to Mandate of Union

NEW YORK, (P)—Book and job compositors bowed today to a mandate from the executive committee of the International Typographical union and ended their strike, which has contributed largely to the general printing tie-up in this city. About 2,500 out of a total of 3,000 who attended a meeting of the local union last night voted in favor of acceptance of the mandate.

## ABANDON HOPE OF RESCUE

Members of Crew of Lake Steamer Believed to Have Perished

SAULT-STE MARIE, Mich., (P)—The hope held by "marine men" that some of the crew of the steamer Myron, which sank in the cataract of Sault Ste. Marie Sunday night, survived, was virtually abandoned today when no further news was received from craft searching for the victims. Captain Byron Blodgett, of the company owning the wrecked vessel said he believed that the crew numbered 17. Licensed officers definitely known to have been on board are Captain Walter E. Neal, of Bay City, Mich.; Master, William Lyons, Marine City, Mich.; and R. B. Hurd, of Grand Rapids, Mich.; chief engineer; Louis Bastian, Tonawanda, N. Y., second engineer and Floyd A. White, address unknown, chief cook.

## PARTY DEMANDS IMPEACHMENT OF JUDGE ANDERSON

Jurist's Action in Granting Government Injunction Rescinding Coal Strike Order Draws Wrath

### LAND NATIONALIZATION IS OPPOSED BY FARMERS

Labor's Political Organization on Record for Lifting of the Blockade Against Russia and Against Hindu Deportation

CHICAGO, (P)—A demand for impeachment of Judge A. B. Anderson of the United States district court was formally voted today by the new national labor party in a petition addressed to congress. The jurist's action in granting the government a mandatory injunction rescinding the order of the coal miners' strike call was the reason assigned.

### Only One Dissent

The action following presentation of a report by Robert M. Bruce, of Chicago, chairman of the convention's resolution committee. Only one voice in the gathering was raised against the resolution. R. L. Martin, an Oklawaha, Fla., member of the United Mine Workers, objecting to the procedure as "a waste of time."

### Promises Resistance

It is planned to have the impeachment petition signed by 1,000,000 members of labor organizations before it is presented to congress next month. The resolution reads in part: "Step by step government by injunction has encroached upon the rights of the workers in the twenty-five years that have elapsed since the courts have enlarged their claims of power from the decision in the Deane case, where the supreme court announced the 'right of any laborer or any other citizen to work without being interfered with by the courts, to the order of Judge Anderson commanding that men peacefully refusing to work for an unjust wage should return to the work of making exorbitant profits for private enterprise. It is time to call a halt upon the oppression of labor through the courts. Men have been free to work long hours, to work under conditions of natural liberty in whatever form without determined resistance."

### Labor Sees Threat

"Labor is told that the avenues of obtaining justice through peaceful means are open to all American citizens. Yet labor is constantly threatened."

### TROOPS' MOVE BRINGS ORDER

Situation at St. Charles Quiet with Governor in Charge of Militia

BOANOCKE, Va., (P)—Six companies of the Virginia state guard, ordered to the St. Charles coal field, where clashes between union and non-union coal miners were threatened, arrived here today and awaited orders before proceeding to the scene of trouble. Governor Davis was to reach Appomattox, Va., where the section affected, this afternoon.

### Supreme Court Becomes

WASHINGTON, (P)—The supreme court today is expected to render a decision as to the constitutionality of the wartime prohibition act. Arguments in this case were heard last week.

### RETAIL CLOTHIERS PREDICT HIGHER PRICE FOR MEN'S WEAR NEXT SPRING

BOSTON, Mass., (P)—Retail clothiers, in accounting for the prevailing high prices of men's clothing, at a hearing today before the commission on necessities of life said that spring suits would cost even more.

### STEEL STRIKE LEADERS IN EXECUTIVE SESSION

Statement is Promised at Close of Meeting with No Advance Intimation Forthcoming

### RAILROAD BROTHERHOODS CONSIDER PROPOSALS

CLEVELAND, O., (P)—Five hundred general chairmen of the four railroad brotherhoods met here today to consider the executive proposal submitted by Walker D. Hine, director general of railroads. The conference is expected to last three days.

### IDAHO WEATHER

Tonight, fair and colder; Tuesday, fair.

## CONFERENCE WAITS UPON GARFIELD'S DECISION ON PRICE OF COAL TO PUBLIC

Operators and Miners of Central Competitive Field Mark Time in Negotiations for New Wage Scale While National Fuel Administrator Holds Key to Situation; Two Separate Proposals Now Before Committees for Consideration

### MINE OWNERS CHALLENGE ACCURACY OF WILSON COMPROMISE SUGGESTION

WASHINGTON, (P)—Operators and miners of the central competitive bituminous coal field marked time today in their negotiations for a new wage scale while awaiting a decision by Fuel Administrator Garfield as to what portion of any wage advance should be passed on to the public.

When the wage scale committees met this morning, the operators obtained an adjournment until tomorrow, at which time they expect Dr. Garfield will be prepared to make a statement based on further investigation of facts connected with the coal industry.

Two separate proposals are before the committees. The offer of the operators for an increase of 20 per cent for day work and 15 cents a ton for machine mining and the other is the demands of the miners for a wage increase of 40 per cent and a seven-hour day.

### Garfield Makes Appointment

Dr. Garfield, Attorney General Palmer and Assistant Attorney General W. C. Clegg were called this afternoon to discuss the general coal strike situation. After conferring with Attorney General Palmer, Fuel Administrator Garfield will meet this afternoon with the operators and miners who he would meet their full scale committee early tonight.

### Move to Oilman

Wage negotiations, promised to move to a national operators' conference and government officials resubmitted consideration of the deadlock in the industry. Though the flat rejection of the separate proposals for increasing the composition of might, which were presented in turn by the operators, the miners, and finally by Secretary of Labor Wilson, left the conference facing a deadlock, it is necessary to note that Fuel Administrator Garfield would settle the controversy by fixing a definite limit on the advance he will allow in bituminous coal prices.

### Operators have challenged sharply

the correctness of Secretary Wilson's compromise suggestion for a 31 per cent advance in wages, as necessary to meet cost of living conditions. However, the miners have accepted it, providing the working day can be shortened to seven hours instead of eight, the present standard.

## ALLEGED ANARCHISTS ARE HELD ON ELLIS ISLAND

Acting Immigration Commissioner Testifies Before Investigating Body

NEW YORK, (P)—Byron H. Uhl, acting immigration commissioner, was the first witness called when the house committee investigating delay in deportation of radical aliens opened its hearing at Ellis Island yesterday. He testified that seventy alleged anarchists, including two women, were being held in the detention hall under arrest, and nine other under warrants of deportation. Hearings have been given to 31 of the 70 cases.

### Commissioner Uhl also said that 13

persons, mostly showaways, had escaped from the island since June. He attributed this to the shortage of watchmen.

### Mr. Uhl said that he was unable to

furnish a record of the anarchists detained during the past year because he had no record of such deportations.

### Grand Chief Warren S. Stone of the

brotherhood of locomotive engineers presided. The other organizations represented are the trainmen, conductors and firemen.

### STEELE STRIKE LEADERS IN EXECUTIVE SESSION

Statement is Promised at Close of Meeting with No Advance Intimation Forthcoming

### PITTSBURGH, Pa., (P)—The American

Federation of Labor's committee in charge of the steel strike was in session here this afternoon with Chairman John Fitzpatrick, of Chicago presiding.

### Statement is Promised at Close of Meeting

with No Advance Intimation Forthcoming

## MEXICO DALLIES WITH REPLY TO AMERICAN NOTE

Cabinet Considers Demand for Immediate Release of Jenkins but Action Taken is Not Announced

### STATE DEPARTMENT NOT ADVISED OF COMPLIANCE

International Relations Continue Strained While Washington Waits for Explanation of Charges

WASHINGTON, (P)—The American government's note demanding the immediate release of Wm. O. Jenkins, American consul agent at Puebla, understood to have been considered by the Mexican cabinet last Friday, the state department announced today. General Cabrera of Puebla was president, but the department's advisers did not say what action, if any, was taken.

### Department's Statement

The department's statement follows: "The department has not yet received a reply from the Mexican government to the American note calling for the immediate release of Wm. O. Jenkins, the American consular agent at Puebla. It is understood that the Mexican cabinet last Friday, the state department announced today. General Cabrera of Puebla was president, but the department's advisers did not say what action, if any, was taken."

### Jenkins Still Prisoner

The American demand was delivered to the Mexican cabinet last Friday, but as late as last Friday Jenkins still was held at Puebla and so far as the state department has been advised he has not been released.

## DEVELOPMENTS CONFIRM DISPUTE AMONG JURISTS

Birdsell Joins in Vote Against Decision in North Dakota Bank Case

BISMARCK, N. D., (P)—Reports that the recent decision of the state supreme court permitting the Scandinavian-American bank of Fargo to reopen had caused a bitter dispute among members of the court, apparently in charge of the ruling, was confirmed by the minority opinion of Chief Justice A. M. Christianson.

He joined with Justice Luther Birdsell in voting against the majority decision.

### "The only proof received in the case

consisted of ex-parte affidavits," said Justice Christianson's opinion, which was filed today.

### Acting Immigration Commissioner Testifies Before Investigating Body

NEW YORK, (P)—Byron H. Uhl, acting immigration commissioner, was the first witness called when the house committee investigating delay in deportation of radical aliens opened its hearing at Ellis Island yesterday. He testified that seventy alleged anarchists, including two women, were being held in the detention hall under arrest, and nine other under warrants of deportation. Hearings have been given to 31 of the 70 cases.

# NORTH STORMS CLAIM HORSES

### Severity of Winter in Montana Reducing Range Herds by Thousands

That thousands of horses have already perished from hunger in storms throughout Montana already this winter is the word brought here by O. M. Williams, a stockman of northern Montana, who says that still further thousands of head of stock are doomed in the present severity continues through the season.

"There is no feed on the range this winter, and storms and cold have been particularly severe since early in the fall," Mr. Williams says. He tells of blinding snowstorms almost incessantly in his section of the country with mercury already as low as 20 degrees below zero. In these storms, hungry and weakened through a long struggle to win life from the sparse and dried herbage on the range, the horses, and in many instances steers and other herds have drifted many miles on the open plains before the driving blasts, to fall from exhaustion before the storms subsided.

"The plans will be a pitiful sight when spring drives the snow away," Mr. Williams almost tearfully declared yesterday.

Last fall, due to the scarcity of feed of all kinds, the price of range horses in Montana took a slump to almost nothing, and horses were reduced to shift for themselves in order that owners might conserve the little feed they were able to store to meet the needs of their cattle herds, which, in most instances, had been reduced to fair shape, Mr. Williams declared. He tells of a trip made through one section of northern Montana, and of having seen, on that tour, the carcasses of hundreds of horses, some killed.

"I don't know exactly how many horses we saw lying dead, but it was many hundreds," Mr. Williams says. "They dotted the range here and there, fully and were to be seen almost in piles in shaded places where they had found shelter from the driving blasts. The snow is still heavy on the ground and the animals are so weak that they are unable to paw through the hard crust to get what feed lay underneath. The loss in range horses will run into thousands in northern Montana. Outside of the financial loss it is regretted that the animals have had to suffer on account of the drought of last year.

"Dr. Butler, state veterinarian, has estimated that there are 2,000,000 range horses in Montana as a whole, but the present severe weather extends through the winter there will be a loss of a tremendous number left when spring opens."

Mr. Williams left yesterday for California where he will remain some weeks. He took his trip to the coast for the purpose of looking over some land propositions he had in mind on this irrigated tract.

# CALLS AMERICAN IDEA OF MANDATE QUIZOTIC

### British Newspaper Expresses Skepticism Over Acceptance of Charge

LONDON, (AP)—President Wilson's illness, says the Saturday Review, contributes to the delay in the settlement of the Eastern question. The paper adds that "nothing can be more unfortunate than this suspension, as nothing is more important for Britain than to know exactly where we stand in regard to military expenditures."

"Will the Americans agree to police a portion of Asia Minor? Why should they? Were we an American influence, we should stoutly resist any such proposal. America has her own troubles and difficulties in connection with democracy, just as England has, and they are grave, more than enough to occupy her statesmen and their resources of government without taking up the Quizotic task of policing Armenia of the Caucasus."

**Some Old Arithmetic.**

Some university professors are talking about getting out a new arithmetic. However, our guess is that it will better the boys just as much to discover how long it will take one man to build a wall 18 feet long and six feet high and 12 inches thick, if eight men can build a wall three times that size in few days. Arithmetic has always been the center of school life; they may fool with it as much as they will but they'll never find a way to make it pleasant to take.

# Today's Sporting News

## UNIVERSITY OF STATE TO TEACH WRESTLING

### Tournaments to Be Arranged with Athletes of Carities of the Neighbor States

UNIVERSITY OF IDAHO, Moscow, (Special)—Wrestling this winter will make its debut as an intercollegiate sport at the University of Idaho, according to an announcement made this morning by Physical Director W. C. Sleamaster.

Mat tournaments will be arranged with Washington State college and the Montana university at some time in the near future and an attempt also will be made to schedule a series of bouts with colleges representing Oregon Agricultural college, Heavyweight, middleweight and light weight events are expected to be provided.

"Babe" Brown of Boise, a clever amateur who received his training under Nick Collins, capital city promoter and mat expert, will serve as varsity wrestling instructor and also probably will represent Idaho in the heavy weight events.

By way of providing additional room for classes in boxing and wrestling, a frame building which formerly functioned as a students' Army Training Corps mess hall has been moved behind the gymnasium.

## Brief Bits of Sport

Sim Smiley, sagebrush sage, says: "Effen a feller has th' money he kin furnish anything but a vacant mind."

According to official overages of batting in the Coast league the past season Old Man Wahne of San Francisco was within three points of leading all the promising young stickers of the league.

The veteran and former side-kick of Ty Cobb on the Detroit club, hit for .360 with the Los Angeles club in 174 games and 684 times at bat. He was topped only by Bill Sumner of the Bees, who hit .362.

Frank Taborski has declined to enter Billiard championship tournament, but is willing to meet all the winners.

Hitting the line of the least resistance, as 'twere.

Princeton, it is rumored, has arranged to open the season of squash tennis.

We don't know, and we confess the ignorance, what this here squash tennis is, but if it is like some other queer college game we've heard of, very deep-seated interest in results.

Farmer Burns writes he has found a new mat prodigy. The find is Jack Taylor whom the "farmer" is training to tote the mantle of the late Frank Guthrie, an all-time weight champion grappler of the world.

Burns and his protegee plan a tour of the west meeting all comers.

According to official figures "Butch" Byler, second string catcher of the Salt Lake Bees last season, was the best batter backstop that "Hack" Spencer, the Bees' first string catcher.

Spencer, though, outbatted "Butch" by a good many points.

Here's a run go—Georges Carpentier has engaged a madame chef to cook his meals for him while he is training for the European championship, meeting with Joe Beckett of England.

Wonder if it will prove another case of Samson and Delilah?

Jack Britton, welterweight champion boxer, has decided to go to London for a ring meeting with Johnny Basham, the British welter champion.

## FOOTBALL STANDING

COLUMBUS, O., (AP)—By losing to Illinois the Buckeyes Saturday dropped to second place for the season's rating. The western conference standing follows:

Team	Won	L	Pct.
Illinois	6	1	.857
Ohio State	3	1	.750
Chicago	4	2	.667
Wisconsin	3	2	.600
Minnesota	3	2	.600
Iowa	2	2	.500
Michigan	2	4	.333
Michigan	1	4	.200
Northwestern	1	4	.200
Indiana	0	2	.000
Furdue	0	3	.000

LET'S HAVE FACTS

As evidenced by receipt by the city clerk of Twin Falls of a most engaging appeal for contributions to help "Feed and Clothe Germany," based on argument that the central powers are menaced "not merely by cold and famine, but by a new revolution" it comes to light that the United States is being deluged with a most astonishing piece of German propaganda for which there is no foundation in fact.

The appeal specifically is for certain suits ranging from \$10 to \$185 for the purchase and delivery of certain assortments of wearing apparel to relatives and friends or to municipalities, clergymen or to relief organizations of the central powers.

It is embellished with what is purported to be a reproduction from an actual photograph of "a little victim of the hunger blockade" - the picture of a helpless child suffering so pathetically emanated as to catch at once at the heartstrings that bleed at the recollection of reports of outrages against the little ones of Belgium and of Northern France perpetrated without warrant of any kind by these same Germans who now would play upon American sympathies and pocketbooks.

Indeed, so striking is the resemblance that question naturally arises whether this picture may not be, not of a German child, but, for instance, of one of the children of northern France who, as a result of German barbarity and greed, do not know the taste of milk and are deprived of protein with out which there is no growth - a French child of say, five years of age, who thinks was in the nature of a fair, and who must live for many years to come among surroundings of desolation and sadness.

Regardless of the German record of iniquity, there could be no objection to the present piece of Germans for succor to innocent victims, but rather there would be spontaneous response to such a call for aid - if it were established that real need exists and that there really was any such suffering in Germany as is so luridly set out in this particular appeal.

Without some previous experience with the wily Tauton and his disregard for the truth which characterized his appeals for sympathy and assistance before American entrance into the war, it would be difficult to brand this present appeal as a bald mis-statement of fact; but most of us will prefer to take the word of our own people who are in position to know the facts. Those of us who are familiar with the accuracy with which George Pattullo reported the situation on the Mexican border in 1916 and subsequently with the American armies in Europe will be largely inclined to regard his statement as the fact and the German appeal as false.

Writing recently from Frankfurt-am-Main, Pattullo says this: "The country has not a run-down look at all. They have kept everything fairly well up to the mark - a wonderful achievement considering the drain their war efforts must have put upon them. Germany suggests a land all set to go and only waiting for the word."

And further light on the subject is shed in this statement by Pattullo: "It speedily became apparent that they entertained the most fantastic hopes for the United States. They actually looked to us to save them from the penalty of their crime against the world; also to feed them and lend them financial aid."

"The extraordinary selfishness of their viewpoint amazed me. They were so utterly unconcerned of it, too - but then, selfishness always is oblivious."

Here are the Germans looking confidently to a nation which they delib-erately flouted and outraged, which they drove from a position of neutral-ity into war, for friendly treatment and greater benefits than they could reasonably expect from an ally! How do they get that way?"

Today's Markets

New York Exchange NEW YORK. (AP)—Absence of dis-couraging advices over the week end and relaxation in money and foreign exchange contributed to the many gains recorded by today's stock market. The sales approximated 900,000 shares, the duller fall session in many weeks. Rea-sons for protracted dullness of the market were the gains in the latest deal-ings but this was offset by further ad-vances in speculation. The closing was strong.

Liberty Bonds NEW YORK. (AP)—Prices of Liberty bonds at 2:55 p. m. today were: 3-2's \$100.10; first 4's \$94.30; second 4's \$92.30; third 4's \$94.25; fourth 4's \$92.30; 3-4's \$90.25; Victory 4's \$99.24.

Grains and Provisions CHICAGO. (AP)—Announcement of the reopening of a big cereal food man-ufacturing establishment here that was closed temporarily by coal shortage has had a salutary effect today on the corn market. Besides, receipts were as large as had been looked for, and there was evidence that the country did not propose to quit freely at present. The theoretical market for corn is expected to lift the value of corn. Opening prices, which ranged from the same as Saturday's finish to 1-3/8 higher with wheat at \$1.25 and May \$1.25 to \$1.25 3-8, were followed by ad-ditional gains in some cases.

Subsequently, talk of continued, ex-ported demand led to further upturns in price and so too did prospects of uncer-tain weather. The close was strong, 1-8 to 1-7-8 net higher, with Decem-ber \$1.32 1-4 to 1.32 3-8 and May \$1.27 1-4 to \$1.27 1-4.

Later, sympathizing with a reaction in hog values, the provision market cast down somewhat. Cattle were firm with corn. After opening \$1.37 and 1-4 cts. including May at 75 7-8 to 76c, the market hardened all around.

Provisions reflected the strength of grain. A shortage of any pres-ure to sell was a feature.

Cash Quotations CHICAGO. (AP)—Corn No. 2, mixed \$1.45 to 1.60; No. 2 yellow \$1.40 to 1.50 1-2.

Cattle receipts 28,000; steady; beef steers, medium and heavy, choice and prime \$17.75 to 20; common \$9.75 to 10.50; hulk \$6.75 to 7.25; canners and cutters \$5.35 to 6.25; veal calves \$16 to 17.25; feo-der steers \$7 to 13; stocker steers \$9 to 10.25; cows and heifers \$6.25 to 12.50.

Sheep receipts 22,000; firm; lambs \$12.50 to 14.75; culls and common \$8.75 to 12.25; ewes, medium, good and choice \$7 to 8.50; culls and common \$3 to 6.75; breeding \$6.50 to 11.25.

Omaha Livestock OMAHA. (AP)—Hog receipts 6,500; steady; hulk \$14.30; top \$14.30; bulk \$14 to 14.20; heavy weight \$14.10 to 14.20; heavy packing sows, smooth \$13.90 to 14.10; packing sows rough \$13.75 to 14.00; pigs \$10 to 14.75.

Cattle receipts 23,000; market slow to 25c lower; beef steers, medium and heavy weight, choice and prime \$16.25 to 18.25; common \$9 to 11; heifers \$7 to 12.25; cows \$6.75 to 12.25; canners and cutters \$5.25 to 6.75; veal calves \$13 to 14.50; feeder steers \$7.25 to 13; stocker steers \$6.75 to 11.

Sheep receipts 16,000; market steady; lambs \$14 pounds down \$13.25 to 14.00; culls and common \$8.25 to 12.75; yearling wethers \$10.25 to 11.45; ewes, medium and choice \$7 to 8; culls and com-mon \$3 to 7.

Potatoes CHICAGO. (AP)—Potatoes weaker; arrivals 101 cars; Northern Whites, sacked \$2 to 2.05; bulk \$1.43; Western Russets, sacked \$3.45; Minnesota sacked Red River Ohio \$3.30.

Kansas City Produce KANSAS CITY. (AP)—Butter, creamery 1c higher; extras 6c; first, 6c; sec-onds 6c; packing unchanged, 47c. Eggs 1c higher; firsts 47c; seconds, 52 to 54c.

Poultry, hens 2c lower, 18 to 22c; roosters 14c; broilers 30c.

Stork Welcomed in Holland. A stork is treated with great respect in Holland. The house selected by the stork for a resting place is considered fortunate, and special facilities are provided by the householders to enable it to build a nest comfortably. At The Hague many of these birds are maintained at public expense.

Our Bounden Duty. Man's bounden duty is everywhere and in all things to forward the progress of humanity. The supreme virtue is sacrifice—to think, work, fight, suffer, where our lot lies, not for our- selves but for the victory of good over evil.—Mazzini.

WASHINGTON CITY SIGHTS

Boys' Working Reserve Proves a Great Success

Few things that came out of the war have been of greater significance than the benefits derived from the United States Boys' Working reserve, though we are still too close to the movement to appreciate its results. Back in the early summer of 1917 President Wilson wrote: "I call upon the able-bodied boys of the land to turn in hordes to the farms and make certain that no pains and no labor are lacking in this great nation."

The result was that "our second line of defense," as Mr. Hoover first called it, the Boys' Working reserve, was formed. There was a spontaneous response in every state, many schools and other organizations under-taking the work of placing thousands of boys who went out to help the farmers with their work. In 1918 this army of boys from sixteen to twenty-one years old was more than 250,000 in the United States.

Of these 250,000 no less than 21,000 were from the high schools of Illinois. So a glance at the Illinois report will give an idea of the results in the whole country. The Illinois boys produced crops worth \$23,000,000 and earned for themselves \$1,200,000. Less than 1 per cent of the boys have proved unworthy of the opportunity given them. About the same proportion of farmers proved unworthy of having a good boy sent them.

The boys made the farmers open their eyes, and in a few weeks the skeptical farmer who says "I don't know the more boys; the boys are certainly making good." It wasn't long until there were boys scattered here and there by the thousands. This meant much to the farmers, for there was an average of one worker from every farm in service, and the boys took their places. Teachers bear witness that the effect upon the boys was exceedingly beneficial in all ways.

Linon From Nettle-Fibres. A company has been formed in Den-mark for the manufacture of linen from the fibre of nettles. At a recent exhibition every one was struck by the whiteness and suppleness of the table cloths and napkins made of this nettle fibre.

Great Occasions Reveal. Great occasions do not make heroes or cowards; they simply unveil them. Silently and unperceptibly we grow and wax strong, as we grow and wax weak, as at no other certain shows what we have become.

To Clean Water Bottle. For cleaning water bottles, decan-ters and glass jugs: Cut a lemon in to small pieces, put it in the article to be cleaned and shake with a little water for one minute, and it will be-come clear as crystal.

What's a Husband, Anyway? "Did the fair defendant introduce any character witnesses?" "A dozen at least." "And did they say anything good about her?" "They all swore she was kind to her hoodie."

Keep Out the Warp. Drive a nail into the bark of a tree and you change the whole course of its life. The warp in the lives of some folks puts a warp into the lives of everybody that comes in contact with them.

Amplifies Sound. In a sound amplifier invented by a California scientist the fall of a feather makes a noise like a wrestler thrown upon a mat.

When the Bridegroom is Not a Ciphar. There is an exception to the rule that the bridegroom is a cipher in the society announcement. That is when the youth's mother turns in the term.

Plane Tuning—S. G. Hull. Phone 84, Rogerson Hotel. Adv.

Next Morning the Coaxes Had Two. A baker of raisin bread whose prod-uct got abyer and abyer or raisins one day received this sarcastic letter: "Herewith I hasten to return a raisin which I found in a loaf bought on your premises this morning. Trusting that you have not been inconvenced in any way by its temporary loss, I re-main, etc."

Hidden Hand-Whisperer. A correspondent of an English paper recently indulged in this bull: "Let a whisper of the hidden" "demanded be heard—" Was it an English clergy-man who said to his congregation: "Brethren, the muddy pool of politics was the rock on which I split"—Out-look.

Well, Why? Why is it that the man who has his picture taken standing beside a vase of flowers set on a table covered with a lace dolly is always the man who is reported to the police and the news-papers by his wife as among those missing?

You can win a better job, if you are

ALLEGED CONSPIRATOR IS TAKEN AT LEWISTON

Dr. A. V. Fitzgerald, Accused of Dental License Frauds, is Arrested.

BOISE. (Special)—A. V. Fitzgerald, the man believed to have acted as agent for the alleged "conspiracy ring," said to have dealt in Idaho state dental licenses, by selling these per-mits to applicants, has been arrested and arrangements are being made for trial on this charge.

Arrest of Dr. Fitzgerald was effected in Lewiston last week and re-sulting from disclosures, said to have been made at the time the re-arrest of S. A. Myers, former secretary of the state dental board, was ordered.

The formal complaint against Fitz-gerald and Myers is that they "dis-conspire, confederate and agree to-gether" to make and receive bribes from "divers persons they could induce to make applications for a license to practice dentistry in the state of Idaho."

In this connection, it is stated, that no less than two-score dentists, now practicing in this state, face revoca-tion of their licenses. According to Robert O. Jones, state commissioner of law enforcement, charges of unlaw-ful procurement of license, of false adver-tising and of failure to comply with the state laws relative to the use of firm's names, have been lodged against these men. The examining committee will conduct trials at a regular meet-ing to be held the second Tuesday in January.

Dr. A. V. Fitzgerald is said to be connected with the operation of the Parker System in this state.

PARTY DEMANDS IMPROVE-NORSEMAN HOLIDAY

(Continued from Page One)

oned with being compelled to accept justice by force of arms. "We are peace-loving, law-abiding Americans. We are seeking redress of grievances through the representatives of the people. We solemnly warrant all officers of government that they must cease to deny to us and our brothers fundamental rights of citizen-ship; that they must cease to 'lock-up' the power of guns and clubs to keep us from asserting our rights; that the gov-ernment of the United States must be maintained as a government securing quietness, all citizens life, liberty and the pur-suit of happiness.

"We submit that treason against the United States should be defined to include the willful violation by any public official of any constitutional right of a citizen."

Demands Blockade Lift The convention adopted a resolution demanding the immediate lifting of the blockade against Russia by their food supply to all the people of that country.

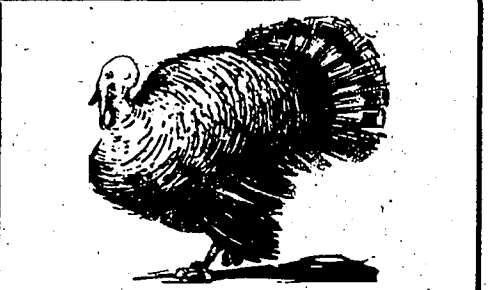

Another resolution passed protested against the deportation of Hindus in this country. It charged with sedition against India.

When the national convention of the labor party met today, the report of the resolution committee, named Sat-urday, was the first business on the program. After the committee worked all day yesterday without being able to agree on a number of important questions, a sub-committee of five was assigned the task of preparing the new party's platform.

Oppose Land Nationalization Delegates representing several farm-ers' organizations announced their op-position to a proposal to include in the platform a plank advocating the na-tionalization of land and also asserted that it was their belief that a decla-ration against prohibition would alienate agricultural bodies.

Among the questions which it is ex-pected will be formally endorsed by the convention is the Plumb plan for nationalization of the railroads of the country.

Used plans, if in good condition, may be sold at good prices. If yours is a "silent" instrument, why not find a cash buyer for it? The classified ads will take it to market for you.

The Fur Show. This Week Only A Favored Gift Is Furs

We don't mean to be talking tales out of school, but we mention it as a suggestion if it may help someone else. Many a lovely fur piece has been carefully selected and laid away for some one's "Merry Christmas" from our representative Fur assortment. For the husband or father, who knows little of Fur fashions and values, this Store renders a valuable service in helping him to make a correct choice in Gifts of Furs.

Thanksgiving Linens

# GERMANY PLEADS MANIFOLD NEEDS

### Industrial Situation Continues Paramount Problem for the Public Discussion

COLOGNE, (AP)—Germany's industrial situation continues to be a paramount problem for public discussion. Almost every newspaper in the country has been devoting one or two columns daily to suggestions and criticisms of the industrial policies adopted by the national assembly. No relief is in sight so far as the editors have been able to foresee owing to the coal shortage, lack of transportation and the scarcity of raw materials still to be had.

The demand for rubber and rubber products appears to be increasing, rubber articles of all kinds being particularly scarce on the market. Prohibitive prices have been paid recently in Cologne and other Rhineland cities by dealers from the interior of Germany for old automobiles and bicycles.

Millions of marks worth of salvaged rubber goods have been sold by the American, French and British army authorities to the Germans. The supply apparently has not relieved the demand in the least.

# EXILED RUSSIANS TRY TO RE-ESTABLISH HOMES

### Crimea Full of Refugees from Towns Along Moscow Front — Food Plentiful

CONSTANTINOPLE, (AP)—Exiled Russians are trying to re-establish their old homes, particularly in the Crimea, where the Bolsheviks did not destroy everything.

The summer place of former Czar Nicholas at Yalta is intact, although the nearby town of Yalta was badly demolished. The great white stone structure is furnished as it was when the former czar last visited it four years ago. Only the pictures have been removed to safety.

What use may be made of the palace as well as numerous villas on the property remains undecided.

Another magnificent nearby estate lost but a few hundred pounds in silver ware, according to the owner, Count Voronov-Dashkevich, who, despite her eighty years, is planning to reopen the chateau.

Crimea is full of refugees from towns along the Moscow front and there is plenty of food. In the Crimea, Yalta, and Odessa are full, women guests wearing their furs and diamonds as the best means of preventing their being stolen. In many cases, however, the women without furs and diamonds are wearing bed room or ball room slippers. Traders are making fortunes selling shoes, stockings, corsets, perfumes, powder and cologne.

# PLEDGES GOVERNMENT AID

### Chief Executive of Philippine Islands Reassures American Investors

MANILA, (AP)—One of the most significant talks given by Governor General Francisco Burton Harrison since he assumed the position of chief executive of the Philippine Islands in October, 1913, was that which he delivered to the members of the Manila Rotary club on October 9, in which he gave unqualified pledge of government support and protection for American business interests in the islands.

He declared that it was with an idea of affording adequate protection to business interests that he suggested to a joint committee of the house and senate in Washington that a provision similar to the Platt amendment be included in the American-Philippine agreement.

# GIVES INEBRIATE TESTS

### Magistrate Doubts Own Ability to Qualify and Dismiss Case

LONDON, (AP)—Here is one London police surgeon's tests to determine the oft-disputed question as to whether a person is drunk:

Walk a straight line, heel and toe, without swaying.

Pick up a piece of paper from the floor while standing on one foot.

Say the words "banana," "artillery," "British Constitution," and "passion" without a recurrence of the "ah" sound as in "alack."

The prisoner did these things, but not satisfactorily, explained the surgeon after recounting his "tests" before a court trying a man on a charge of drunkenness.

"I doubt whether I could pass that examination, any time. The case is dismissed," commented the judge.

But Father Can't.

It has been our observation that when a holiday comes around everybody takes advantage of it except those who need it the most.

Office furniture and appliances, if in condition for use, are marketable. Don't just "take up" the goods you no longer need—for they will bring cash if advertised in the classified.

# STORIES From the BIG CITIES

## French Heel and Manhole Stop Veda the Sprinter

CHICAGO, (AP)—It didn't, indeed, was the course of their true love until yesterday. For Veda Lyons had surrendered her heart to Harry Holmes and Florence Murray's beat as one with that of James Morton. Ah, Cupid, ah—but the details, Veda's hero—Snagtooth Holman, the boys called him—was a safeblower; so was Florence's king, whom she addressed as Big Jim. June 17 the West Cleveland (Ohio) bank was held up by four men. They obtained \$50,000 in cash and \$10,000 in Liberty bonds.

Since then Veda's Leoblar has been apprehended. Likewise Florence's Don Juan has been pinched. They now languish in a Cleveland goal. But the cash and the bonds have not been found. Wherefore, Detective Sergeants Thomas M. McFarland and John Carton and Capt. Michael Lee of the Fifth street station uptied up to a building at 3541 Grand boulevard. There, in the second floor flat, lived Flo and Veda.

Captain Lee tapped lightly on the door. No answer. But a window opened softly overhead. McFarland heard it. He slipped around to the side of the house. He remembered that Veda used to be a movie actress of the gymnast type. Pretty soon he deserted two French heels emerging from a window. They were followed by two trim ankles. McFarland turned his head to see what time it was. In the interim the possessor of the heels emerged from the window and made her way swiftly to the street. Doffing making a girdle of her kirtle, so as not to impede her perambulation, she darted away. He gave chase. She hurried the back fence. So did he. She hurried another fence and dashed into another alley. Then one of her French heels became wedged in the interstices of a manhole cover.

Reading is quiet after antisocialist display. Night of excitement results from citizens' determination to prevent meeting.

READING, Pa., (AP)—After a night of excitement as the result of the determination of citizens to prevent a mass meeting of socialists, heading called down today and confidence was expressed that no more attempts would be made by alleged radicals to stir up unrest in this city.

Socialists had advertised a meeting for last night at which the Rev. Irvin St. John Tucker of Chicago, was expected to speak on the amnesty of political prisoners, in defiance of the city authorities, who had forbidden the gathering. This defiance resulted in an open air mass meeting in the afternoon at which the determination was reached to prevent the socialist meeting.

Five thousand persons gathered at the socialist headquarters in the evening and the threatening attitude of the crowd caused the meeting to be called off. Mayor Wilson addressed the crowd and counseled calmness. Several hundred former service men then marched past the building, the socialists hung an American flag from a window and the crowd dispersed.

The Rev. Dr. Tucker was taken away in a motor car by the socialist committee during the night. In an advertisement the American Legion today thanks patriotic citizens for answering yesterday's call to make Reading 100 per cent American. The advertisement terminates with the sentence: "We may need you again soon."

## READING IS QUIET AFTER ANTISOCIALIST DISPLAY

### Night of Excitement Results from Citizens' Determination to Prevent Meeting

ATLANTA, Ga., (AP)—State and city officials today were investigating the hoax perpetrated here last night by an unidentified man who telephoned to the city auditorium, where Vice President Marshall was speaking, that President Wilson was dead and that Washington was calling Mr. Marshall on the long distance telephone.

After Mr. Marshall had announced the message to the audience, women began to weep and at the request of Governor Dorey, who was present, a minister offered prayer. As the audience filed out the organizers played "Nearer My God to Thee."

Persons leaving the auditorium spread the report over town and services at several churches were abruptly ended. Meanwhile Mr. Marshall communicated with the Associated Press and learned that the report of the president's death was without foundation. Governor Dorey offered a reward of \$100 for the arrest of the man who telephoned the report.

TO RAISE EMBARGO ON WHEAT PRODUCTS

President's Proclamation Frees Shippers from Permit Responsibility

Effective December 15 all export and import embargo restrictions on wheat and wheat flour will be removed, according to M. H. Houser, second vice-president of the United States Grain corporation. The removal will be made under the terms of the president's latest proclamation.

After December 15 wheat and wheat flour may be exported and imported without requiring the permit which was formerly required under the rules of the war trade board, and later by order of the wheat director.

# COUNCIL DICTATES NOTE TO GERMAN DELEGATION

### Replies to Announcement of Departure of Envoys on Protocol Terms

PARIS, (AP)—The supreme council today decided to send the German delegation here a note in reply to the one submitted by the Germans informing the council of their departure for Berlin of the plenipotentiaries sent in connection with the protocol guaranteeing the carrying out of the armistice terms, which Germany has been informed she will have to sign before the peace treaty is put into effect.

The note's contents, it was announced, will be made public tomorrow.

The council received advices from Sir George Clark, its representative in the negotiations with Hungary that he would leave Budapest this evening for Paris.

It was announced that the German and Polish plenipotentiaries discussing the question of Danzig, would hold meetings in Paris.

# CHARGES POLITICS WITH RATIFICATION FAILURE

### German Newspaper Holds Wish to Discredit Democratic Leader Responsible for Disposition

BERLIN, (AP)—Failure of the United States senate to ratify the treaty between the allied powers and Germany is considered the result of partisan politics, says the newspaper.

"We must accustom ourselves to the fact that the peace treaty upon which, for us, life and future depend, is treated in America largely as a political party matter," says the newspaper.

"Not because the treaty displeased the republicans, who were more inimical to Germany than the democrats, nor because they find the conditions too hard for Germany do they condemn it, but because the democratic leader signed the treaty and they wish to discredit him and his party in the coming election."

"It is plain now that President Wilson had no right to act as the protagonist of the league of nations nor to make political capital of the conditions for the fulfillment of which he was unable to rely even on his own people."

# GREAT BRITAIN PARTS WITH LARGEST AIRSHIP

### Sale of E-38 to United States Attributed to Demands for Economy Made on Air Ministry

LONDON, (AP)—The R-38, Great Britain's largest airship, recently sold to the United States, is capable of travelling thirty-four hours longer without refueling than the largest German airship constructed before the armistice. She also embodies another achievement in the aerial constructors' art. With her enormous gas capacity of 2,730,000 cubic feet, a third larger than that of the R-34 of trans-Atlantic fame, the E-38 has a "lightning" power of 25 tons. The airship's weight, 32 tons, is reckoned as "dead lifting."

The sale is attributed to demands for economy that have been made on the British air ministry. Construction of the R-38 was begun last year at Inchinnan, on the Clyde, where the R-34 was built. Her cruising endurance will be forty-five miles per hour for nearly nine days. In length she is 605 feet, 25 feet longer than the R-34; her girth is 87 feet 6 inches. The airship is equipped with four 350-horsepower Sunbeam Gossawk engines and two 275-horsepower Sunbeam Maori engines. Altogether she will develop a horsepower of nearly 2,000. Her speed will be seventy miles per hour.

It is rumored in English aeronautical circles that she will be commanded upon her flight to the United States, after being completed in a few months, by Major Scott, who flew the R-34 to America and back.

# WELL KNOWN SHIP MASTER QUILTS UNDER YEARS' WEIGHT

LIVERPOOL, (AP)—Captain W. T. Torrance, one of the best known masters of trans-Atlantic liners, has just retired on superannuation. He went to sea as a boy and reached the height of his ambition when, in 1914, he was given command of the Cunard company's Aquitania. He commanded the Umbria during the Boer war, and later had charge of many large passenger vessels, the Aleppo, Carpathia, Euxina and Mauretania.

TO DARKEN HAIR APPLY SAGE TEA

Look Young. Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrous. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is an old-time recipe, improved by the addition of other ingredients.

While wispy, gray, faded hair is not alluring, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You justampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application of two, your hair becomes beautifully dark, glossy, soft and lustrous.—Adv.

CHARGES GRAVE ERRORS TO PEACE CONFERENCE

Viscount Bryce Declares League of Nations Necessary to Deal with Differences

LONDON, (AP)—Viscount Bryce, speaking on "The League of Nations" at a dinner recently, asserted that after making all allowances for it, and even there, he thought the peace conference had committed a very grave error and was in danger of committing some others.

He said he was afraid there were only two countries—Great Britain and the United States—where the idea had caught hold of the best opinion, and even there it had not taken root in the minds of the bulk of the people. The reason, he said, was that they were so much occupied with their own affairs that they took little interest in foreign affairs and it was essential that the importance of this question should be brought home to every voter.

He said that a great deal of the proceedings of the conference had been "shrouded in impenetrable darkness." What had happened had shown that it was "possible to induce nations to accept peace in secret diplomacy to an extent greater than any one would have believed possible."

The Sewing. Every harvest looks back to a sowing, every fruit to a seed. Each golden-wheated October presupposes a grain-sowing May; logic, common sense and inevitable, in conditions material. But humanity is not so inclined to recognize the fact, or to appreciate the meaning of the fact in conditions intellectual, moral, human.—Charles F. Thwing.

ALBERTA LANDS 530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district, 200,000 acres will be under irrigation. The balance is being sold for grain growing.

The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point.

Dry lands are being sold at \$15 to \$20 per acre—irrigable lands \$40 to \$60 per acre, which includes water right—operation and maintenance charge \$1.50 per irrigable acre per year—easy payments and low interest. Alfalfa, grain, field peas, potatoes and root crops can be successfully grown.

Write direct to the company for full particulars and pamphlets. Canada Land & Irrigation Company, Ltd. Lethbridge Alberta, Canada Medicine Hat

LEGAL ADVERTISEMENTS

NOTICE TO CONTRACTORS
Sealed proposals will be received by the Commissioner of Public Works of the State of Idaho, at the office of the Commissioner, Boise, Idaho, until 2 o'clock p. m., on the first day of December, 1919, for the grading and surfacing of approximately two miles of the Sawtooth Park State Highway between Jerome and Shoshone in Jerome County.

All proposals must be made on the forms furnished, and must be signed by the bidder with his address. The commissioner reserves the right to award the contract for gravel surfacing separately from the contract for grading, or to award the entire work to one bidder as he may deem for the best interests of the State of Idaho.

The right is reserved to reject any or all bids, to accept the bid or bids deemed best for the State of Idaho. No bid will be considered unless accompanied by a certified check, on some bank of Idaho, made payable to the Commissioner of Public Works, in the amount of five per cent of the total amount of the bid. This certified check is to become the property of the State of Idaho, not as penalty but as liquidated damages, if the bidder, upon acceptance of his bid, fails or refuses to enter into a contract, or to furnish the required surety bond, within ten days (not including Sunday) after presentation of the contract by the Commissioner of Public Works to him for execution.

A bond with a surety company, authorized to do business in the State of Idaho, and satisfactory to the Commissioner of Public Works, will be required for the faithful performance of the contract, in the sum of fifty per cent of the total amount of the contract price.

It is the purpose of the commissioner to build the road in the shortest time consistent with good construction, and the contractor will be required to furnish an effective organization to be maintained upon.

WM. J. HALL, Commissioner of Public Works. Dated Nov. 23, 1919.

HONOLULU REQUESTS BAND

Petitions for Suitable Government Organization of Musicians

HONOLULU, T. H., (AP)—That Honolulu entertaining more foreign tourists than any other city in the union outside Washington, D. C., and that the "Cross roads of the Pacific" needs a suitably graded government band to honor its visitors in a point now being emphasized by citizens of the island capital.

It is pointed out that Manila, with less entertaining to do, has the noted constabulary organization.

There are bands in Honolulu, but objection has been taken in some quarters to the army regulations which force the military musicians to play at brilliant functions in their sombre olive drab uniforms.

URGES MORE PRODUCTION AND CURB OF RADICALISM

American Mining Congress Incorporates Opinion in Resolutions

ST. LOUIS, Mo., (AP)—Increased production to reduce the living cost and drastic laws to ally radicalism and labor troubles were advocated in resolutions adopted by the American Mining congress.

One of the resolutions authorized appointment of a committee to make an industrial survey at the congress' expense, of the various methods in use at plants where labor troubles have been slight, and to formulate a program acceptable to capital and labor as a means of promoting industrial peace. The resolution suggested that laws be passed prohibiting strikes and lockouts until after every means of conciliation had failed.

The organization recognized the possibilities of oil shale and at the convention formed an oil shale division of the congress with Dr. Victor C. Alderson, president of the Colorado School of Mines, as its head.

The congress emphasized its opposition to "anarchy, Bolshevism, L. V. Wism, and all other doctrines subversive of law and order," and urged drastic legislation to drive radical elements from the country. Revival of the four minute speakers was recommended as a means of allaying the present unrest.

To stimulate gold production, which it is said, is decreasing steadily, it was recommended that congress improve roads in gold mining districts so as to make the mines more accessible and that gold producers be given a \$10 bonus for every ounce of gold used for purposes other than coin making, the bonus to be derived from an excise of \$10 on each ounce of the metal used for art and manufacturing purposes.

Twin Falls Title & Abstract Co. ABSTRACT BUILDING Farm and City Loans

Man vs. Shellfish. If a human being possessed strength as great in proportion to his size as that of the shellfish the average man would be able to lift the enormous weight of 2,070,000 pounds by pulling in the same degree as a mussel. And if the man pulled in the same degree as the cockle he would sustain a weight of no less than 8,000,000 pounds.

# WESTERN RECLAMATION CONGRESS BOUND TO BEAR ABUNDANT FRUIT

### J. S. Wheelon, Returned Delegate, Tells of Salt Lake Meeting of 13 Western States to Seek Further Reclamation of Arid Tracts—Meeting a Start to Greater Land Cultivation

That the reclamation conference, called by Governor D. W. Davis, of Idaho, held in Salt Lake city, Nov. 19-20, must bear abundant and good fruit, the statement of J. S. Wheelon, general manager of the Twin Falls Canal company, Mr. Wheelon, with J. S. O'Connell, delegate to the congress from Twin Falls.

There 150 delegates from the thirteen western states invited to participate in this convention, the purpose of which was to discuss and if possible find a way to open further thousands of arid acres to reclamation through irrigation.

Speaking of the convention, and the American Legion's part in promoting, concise and illuminating statement:

"A most gratifying response to the call of Governor Davis of Idaho for a conference of the western states to discuss ways and means to promote the reclamation of arid lands, filled the house chamber of the Utah capitol with representative men from thirteen western states at 10 a. m., Friday morning, November 21 last.

"After some practice in oratorical aviation the conference settled down to business after noon and a banquet at the Hotel Utah took place in the evening and at which the entire delegation of 150 people were fed at the one sitting.

"The meeting comprised delegates in numbers from 3- for Texas to 40- for Idaho.

"Governor Davis came in for many well merited compliments for initiating the project, and was made permanent president of a permanent organization to be known by the title at the head of this article.

"A finance committee of one member from each state represented was appointed, upon which E. E. Stephens, Nampa was selected as the member from Idaho.

"An executive committee was appointed upon which E. E. Stephens, Nampa was selected as the member from Idaho.

"A resolution prevailed to invite the American Legion to place upon the executive committee a member from each state.

"Governor Davis pointed out that with 20 senators and 60 representatives in the lower house it is possible to get the support of congress in further reclamation if the west is unified on a plan.

"An illuminating feature marked the discussions. A. P. Davis, director of the reclamation service, said that while modern irrigation was less than 60 years old in the United States, much of all the present projects were in 1918 came from irrigated lands, and that taking an average of the crops in the United States, the irrigated lands produced double that of unirrigated lands.

"Mr. Stewart, Utah manager for the federal reclamation bank, stated that in using crop prospects as a quick asset on current loans made possible by the money made in the ratio between the humid and irrigated crops, that irrigation so stabilized and assured agricultural pursuits that the borrowing power of irrigated crops was 2 to 1 on humid and arid dry farming.

"A matter that excited much debate was the method by which an apathetic congress can be induced to appropriate credit to the United States reclamation service of \$250,000,000 to round out the present projects and start new ones.

"Many thought that a survey of the amount of crops the present projects are producing annually, their money value, and the homes they provided, and the increase in the wealth of the several states and the amount of money that the law that would more congress.

"So it would appear that with these pointers the executive committee will have a fair start."

# MISS MCCORMICK THRILLS THROUGH

### Great Crowd at the Methodist Church Hears of Needs for Welfare Effort

Not even standing room was left when Miss Ollie May McCormick, representative of the W. C. T. U. opened a sermon-address in the First Methodist church last night. The house, both upstairs and down, was "soil out" early. The major portion of the audience was composed of men.

Miss McCormick, who is a Virginian, is circulating in order to interest the several departments of W. C. T. U. work, principally woman welfare.

On this particular topic, with child-welfare also featured, Miss McCormick talked long and earnestly. Her subject, "The Challenge of a Great Task," covered, in a more or less tangential way, all the work the union is now doing, has done in the past and its projects for future industry.

Opening her address Miss McCormick pronounced Francis E. Willard, founder of the Willard Christian Temperance Union, the "Unconquered Queen of America."

"Our work is not confined to this country; it is for God, home and every-where," she stated. "The world challenge," Miss McCormick declared, as she concluded her general statements with a word or two on the John Barleycorn topic. She asserted that though America has cleaned up its own backyards it has done so by flinging the debris and refuse in other countries' backyards.

Which brings us to the appalling labor condition throughout the country, Miss McCormick declared, and placed a larger measure of responsibility for the present state upon the shoulders of the national emigration department which has not, she said, provided ample means for foreigners settling in the country to become demoralized and decadent. Miss McCormick said legislation is pending to enforce a certain degree of education upon all foreigners coming to this country to live. She charged a large percentage of race rioting to the influence of the foreign born element in this country, using as a concrete example recent racial disturbances in the south.

The speaker had some good words for the legislature that enacted the county nurse law in this state, where, with respect to the provision to assist in child welfare work, she denounced in unmeasured terms the legislature that failed to make a law for a women's minimum wage. She said it was such myopic methods by lawmakers that is forcing thousands of the young women of the country into the underworld.

Exceptionally splendid music was provided for this occasion by the R. A. Parrott orchestra and the Temple Quartet.

# Are the Robins to Wing Their Flight Hither?

If this sort of weather continues the swallows and robins are apt to be lured back to this section.

From Saturday to yesterday afternoon the temperature made an aerial climb of four degrees, and Saturday was no seasonably day, at that. Fifty-six in the shade the local kiosk manager records, as against 63 for high Saturday. The corresponding flight upward was noted in the low temperatures of the two last nights, Saturday night's lowest being 10 with 21 as the most recent low record.

The supreme climate gauger has changed the phraseology of his diurnal bulletin and said: "Tonight fair and colder; Tuesday fair."

# Life of Lad Crushed Out Under Wagon

### Little Earl McCoy Meets Instant Death in Fall Beneath Heavy Wheels

Believed to have been reaching for apples on a passing wagon Earl McCoy, aged five, fell beneath the wheels of the heavily freighted conveyance and was instantly killed at noon today.

The accident happened on Third avenue west near the Boyd hospital, H. L. Richardson, of Eller, being in charge of the wagon which caused the death. The body is at De Witt's awaiting an inquest.

The victim of the tragic affair is the son of Mr. and Mrs. J. R. McCoy, of 308 Sixth avenue west. He was with a brother eight years of age when the accident befell. One wheel passed over the head and right shoulder, the skull and bones of the upper portion of the body being crushed. The lad was dead when picked up.

"I saw nothing of the boys until the older one screamed, then I observed the little fellow prostrate on the ground with blood streaming from his head. I had no intimation that there were any youngsters about the wagon until the boy was killed," Driver Richardson explained after the accident.

# CARLISLE IS HEADED EAST

### Escaped Convict Sends Message from Erie, Pennsylvania

BUFFALO, N. Y., (AP)—Bill Carlisle, escaped convict bandit, is headed east, according to a dispatch to the Evening News from Erie, Pa., where he is said to have been last night.

Carlisle, followed his usual spectacular methods of calling at a newspaper office and leaving a message announcing his arrival. The note read:

"To some editor: Just dropped in for something to eat. How is the search coming? I've got them hunting this time. Wishin' you'd be a lot of luck."

"BILL CARLISLE," "Former convict No. 2883."

# SERIOUS CRISIS INVOLVES REIGN OF ITALY'S KING

It would be no means of applying coercion at the meeting Monday, December 1, will be the first gathering of the neoparlimentary body, and the rules of the new chamber for maintaining order will not then have been formulated.

The council of ministers has been meeting almost daily to discuss this grave situation, as well as the Adriatic complication.

# Titton Advises Resignation

Foreign Minister Titton's friends represent him as of the opinion that it would be better for the cabinet to resign because the ministers, through neither their guilt nor any on the part of Premier Nitti, of whom Signor Titton is a strong admirer, have failed to realize the country's expectations.

It is pointed out that they have not succeeded in changing the attitude of President Wilson toward Italy; have not settled the Adriatic question and have sustained a reverse in the general elections. Consequently, rightly or wrongly, the majority of public opinion is against them.

# BUICK RECOVERED; ARREST MADE

A Buick automobile, stolen last week from its owner at Burley, was picked up last night by attaches of the sheriff's office in Twin Falls. Later Bryan Miller, of Twin Falls, was arrested, said to have driven the car into this city.

# ACQUITS BULGAR FIGHTERS

### Minister of War Denies Soldier Can Be Held Responsible for Acts

SALONIKI, (AP)—M. Stambolsky, the new Bulgarian premier and minister of war recently delivered an address to the officers of the Sofia garrison, in which, according to a report received here, he said:

"You were waged a war which was not approved of by the nation but you cannot be held responsible for this. As well disciplined soldiers you obeyed the orders of your government. You fought bravely and covered yourself with glory and the nation is grateful to you."

# REGULATES FRATERNITIES

### Two Months "Rushing" Rule is Adopted at Leland Stanford University

STANFORD UNIVERSITY, Cal., (AP)—Formal bidding of freshmen after two months of "rushing" to join the fraternities at Stanford has been adopted by the interfraternity conference here. The new system supersedes the former method of hasty and indiscriminate "rushing" by which prospective members were called on to make the acquaintance of the fraternities in the first two or three weeks of the college term. The formal bidding day will occur this year on Sunday, December 7.

# CHINESE CAUSE CONCERN

### Governor of Lower California Befores Entrance to Immigrants

MEXICO CITY, (AP)—Immigration of Chinese to Lower California continues to be a matter of diplomatic concern here. The latest development, according to El Democrata, was the refusal of the governor of that state to let a group of prospective Chinese colonists to enter. The Chinese legation here was appealed to and representations were made at the department of foreign relations which gave assurances that everything was being done by the government to adjust the difficulty. The government has announced on several occasions that it discriminates against the Chinese will not be countenanced.

# DRUMMER BOY OF SHILOH DEAD AT ILLINOIS HOME

### PEORIA, Ill., (AP)—J. H. Munroe, famed after the civil war as "the drummer boy of Shiloh," is dead here today at the age of 70 years.

He entered the northern army at the age of 10 years from Burlington, Iowa, and served as a drummer boy in the 69th Illinois regiment Iowa volunteer infantry. A statue of him as a drummer is on the soldiers monument in Des Moines, Ia.

You can secure a tenant for that property, without delay or expense enough to "count," through the classified.

You can get results from your "Situation Wanted" ad if you will tell what you can do—and tell it interestingly.

# THANKSGIVING TO BE CELEBRATED LOCALLY

### Special Services Have Been Arranged—Union Exercises in M. E. Church

Church services will be general in Twin Falls on Thursday, Thanksgiving day. Union exercises, in which all evangelical churches will participate, will be conducted in the First Methodist church, with the Rev. C. L. Owen of the Baptist church, who will preach the sermon. Other ministers will conduct various parts of the Thanksgiving exercises. The meeting will start at 10 o'clock and will last one hour.

At Ascension, Episcopal church, special morning prayer and song services will be held. The big vested choir will give a number of selections cognate to the occasion. A Thanksgiving sermon will be held. Services will open at 10:30 and will conclude at 11:30.

In St. Edward's, Catholic church, special Thanksgiving mass will be said. The L. D. S. membership will also conduct Thanksgiving services on this occasion.

# MOONSHED TO WED

### A Marriage License has been Issued to Harry George Cozlin, aged 39, and Inez Arvel King, aged 18, both of Burley.

"TO STAGE PLAY" "The Laughing Cure," a comedy, will be given at the L. D. S. church on Wednesday evening. The cast is composed of local talent, and proceeds from sale of tickets will be used by the Twin Falls L. D. S. Relief society.

# UNIONS PLEDGE UNITY WITH AMERICAN LEGION

### Sunday Meeting Said to Have Brought About Clarity of Clouded Issue

As a result of a detailed explanation of the intent of the resolution passed Friday night by the Twin Falls post, American Legion, calling upon labor organizations to purge themselves of un-American radicals, made Sunday afternoon at a meeting of the Twin Falls Central Trades council by W. L. Epler, a member of the legion, organized labor in Twin Falls is reported to have expressed a purpose to co-operate in harmony with the legion in such an undertaking.

Mr. Epler addressed the using men at the request of a representative of the machinists' union on strike here, after private discussion with respect to the intent of the legion's resolution. He spoke for about two hours, it is reported, arguing that the legion and labor organizations should make common cause against the extremist element wherever it was found, and answering many questions regarding the legion resolution.

To similar effect President Parks of the Idaho Federation of Labor, spoke to the assemblage at some length.

# ALLEGED MOONSHINE

The arrest of Leonard Ross, aged 19 was effected Saturday by George Russell, marshal at Kimberly, on charge of moonshining. Ross is alleged to have been implicated in the operation of a private whisky still near Rock Creek town. L. V. Eubanks was arrested several days ago in the same connection.

# CHAMBER OF COMMERCE MEETING

A meeting of the members of the Chamber of Commerce will be held in the Elks' Club Tuesday, November 25th, at 7:30 p. m., to complete the organization, adopt the by-laws, and to elect the permanent officers for the present year.

Beside the President there are nine Directors to be elected to head the following bureaus—Industrial, State Relations; Civic, Reclamation, Education, Roads, Railroads, Agriculture, Parks and Play Grounds.

Think it over, select the best men for the place and come out and elect them. Meeting called to order at 7:30 sharp.

An opportunity will be offered at this meeting for all to join who wish to do so.

W. B. AMSBARY, Temporary President.
