

ENGLISH REMARK AMERICAN TRADE IN ASCENDANCY

Publication Points Out Significance of Supplanting of Britain in Coal Markets by the United States

LONDON, (AP)—Evidence that America is supplanting Great Britain in coal markets of South America and Europe is seen by the Shipping World. The paper attributes this to restrictions imposed on shipping that otherwise might be available for carrying British coal. "The result is that traders abroad who want coal are getting it from other regions," it says. "The South American trade has fallen almost entirely into the hands of shippers from the United States; but more ominous still is the fact that shipments from Britain are coming almost daily to ports of Europe, the Mediterranean, Antwerp, Rotterdam, Lisbon, Genoa and other ports of Italy are receiving American coal at freight rates which only the urgent needs can justify. Even to Port Said American coals have been shipped.

The question arises whether this is merely a passing phase due to the present scarcity of tonnage, or whether these American ships are the pioneers of a new form of enterprise of the world's shipping which is destined to become a permanent feature of trade. It must not be assumed that with the increase of British shipping that will assuredly come in a year or two, the trade will so easily be regained. The river plate trade may to a considerable extent be written off. The greater proximity of European ports to the United Kingdom will be an advantage to British shippers in their endeavor to regain the continental trade, but it will be no easy task to break the trade connections that American competitors are now engaged in forming.

WHOLE FAMILY AT SCHOOL

Mothers, Father and Son Enroll Together as Freshmen in College

PHOENIX, Ariz., (AP)—Mothers, fathers and son are all in college together. Last fall Harry Kennedy, prominent lumber dealer here, and Mrs. Kennedy accompanied their son, Vernon, to Palo Alto, Cal., established the first of its kind connections that American competitors are now engaged in forming.

ACCUSED OF MISLAMBING BOOZE AS MUSIC RECORDS

CHICAGO, (AP)—Lieut. Col. Francis T. A. Junkin, an official of the war department, is participating in a trial held to the grand jury on bonds of \$1,000 Monday when arraigned before United States Commissioner Poole on a charge of latching a shipment of liquor in Washington as music records. Lieutenant Colonel Junkin is a wealthy Chicagoan.

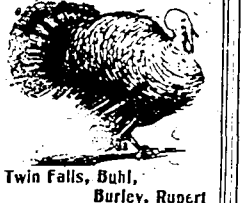

All the present breeds of sheep are probably descended from the Mountain, the European wild breed. The other leading wild breeds are the Argal of central Asia, and the Big Horn of the Rocky mountains in America; but it is doubtful if any domesticated varieties have been evolved from these. All the recently opened countries have been stocked from Europe, and nearly all from English breeds, with the exception of the Spanish merino.

The Almighty Dollar. Bribery has been the downfall of many public men during the course of history. Francis Bacon, the greatest thinker of his age, was ruined by his cupidities. Lord Chamberlain Mordaunt and Waterbury were destroyed by the same vice. Benedict Arnold sold a fort in New York to the enemy for \$13,575. For this same sin Gorgel betrayed Austria, Athiphol forsok David and Judas delivered up Christ.

Most Elephants Are Cowards. Only about twenty-five out of every 1,000 elephants in India can pass the tests for courage which are put to them before they are used in tiger hunting.

McADOO SAYS OPERATORS PROFITS INDEFENSIBLE

Former Secretary of Treasury Doubts Claim of Mine Owners to Increased Prices

NEW YORK, (AP)—Soft coal mine owners made "shocking and indefensible" profits in 1917 and there is "grave doubt" that they are entitled to increased prices because of the proposed 31 per cent increase in miners wages, William G. McAdoo, former secretary of the treasury, declared Monday at a hearing before Federal Coal Administrator Garfield. The owners' profits as shown by their income tax returns, examined by him as secretary of the treasury in 1918, had said, showed earnings on capital stock ranging from 15 to 2,000 per cent.

"I am convinced that the wage increases proposed for the mine workers are just and reasonable," he stated. "Before deduction of excess profits taxes—which were less in 1917 than now—these income tax returns showed that earnings of 100 to 200 per cent on capital stock were not uncommon." Mr. McAdoo's telegram asserted.

Regarding the bituminous mine owners' income tax returns for 1918, which he said he had not seen, the telegram said: "If they disclose any such profits as were shown by the mine workers' returns in 1917, it would be a grave wrong to permit the operators to take from the public additional profits in the form of increased prices for bituminous coal."

Mr. McAdoo urged that no increase in prices of coal to consumers be allowed and that the income tax returns of the great mine owners be made public.

OFFERS ARIZONA LANDS

Government to Sell Large Tracts in the Citrus Area at Auction

YUMA, Ariz., (AP)—The United States government will sell at public outcry here December 10 about 500 farms, comprising 6,000 acres, the first unit in the Yuma Mesa, 47,500 acres, occupying a portion of the Colorado desert lying south of the Gila Valley between Yuma Valley and the mountains to the east.

The lands are to be sold at a minimum of \$25 an acre and regarded as fruitless, are said by some to be the best citrus lands in the United States. The government, it is announced, will construct the irrigation works and canals necessary to put water on the land.

PRaises NEW LORD ASTOR

London Paper Comments on Sensitive Social Conscience of Noblemen

LONDON, (AP)—The Outlook says that the late Viscount Astor, (William Waldorf), with many amiable qualities, seemed to be the subject rather than the master of his great wealth, and, though he had ideas, never quite realized them in any direction. If we except his very expensive fad of restoring Dover Castle and village.

The new Lord Astor (Major Waldorf), on the contrary, has shaken himself quite free from any restricting fetters of a vast fortune, and proposes great things as a public man. He combines the energy of a man who has to "make good" with a most sensitive social conscience, and few men in this country could more truthfully claim a "progressive" attitude towards all questions of national reconstruction.

To Start a Clock

The stopping of a clock may be due to clogged wheels. Thoroughly saturate a piece of white cotton with kerosene oil and place it inside the clock case. Probably at the end of a week the cotton will be blue with dust that has been loosened by the fumes of the oil and the clock will run as well as ever.

Torchon Laces

Torchon laces, popular in America, were first made in Chiefo, China, twenty-five years ago when missionaries taught the Chinese lace-making. Chinese now compete with Belgians in making laces.

You can find a position, fitting your capabilities, through the classified. Others are doing it all the time.

CHRISTMAS TREES GROW IN GROUPS, SAYS ADVICE

Forest Service Seeks to Discourage Cutting of Isolated Evergreens

SAN FRANCISCO, Cal., (AP)—Persons cutting evergreens from the forests for use as Christmas trees are asked to select those that are in groups rather than isolated trees, in a message received here from the United States forest service. The destruction of an isolated tree, it is pointed out, will leave a gap that future growth probably could not fill.

Objection is sometimes made to selecting for Christmas purposes a tree standing close to others because the one nearest is apt to be unsymmetrical, the lower branches particularly being irregular and unattractive. This difficulty can be overcome, it is suggested, by selecting a tree several feet taller than the height desired and cutting off the lower end. By using only the upper portion a well-shaped ornamental tree is obtained.

Wherever possible local forest service officials are said to recommend areas under their jurisdiction in which it is entirely proper to make cuttings of Christmas trees. The forest service reported a widespread sentiment against disregard of conservation by thoughtless felling of Christmas trees in private holdings also.

A large tree selected for municipal celebrations or church use need not be symmetrical in their natural state, as they are cut by the method of boring holes in the trunk and inserting sufficient limbs of proper size to give the tree a well-rounded appearance, it was pointed out. Frequently where a large tree is to be carried considerable distance, practically all the limbs are cut off and then replaced in the manner indicated.

SAYS FREEDOM OF SEAS UNMENTIONED AT PARIS

Australian Minister of Navy Says That Wilson Encouraged "Spare Ask of British Covenant"

SYDNEY, Australia, (AP)—Sir Joseph Cook, minister for the navy, recently declared in a speech before the parliament club here that "the freedom of the seas, the strong clause in President Wilson's fourteen points, we never once mentioned during the peace conference."

"President Wilson realized," Sir Joseph continued, "that the navy is the sacred ark of the British covenant, and that it was not even discussable. Once let the British navy go and the world would be poorer as well as the empire."

The Potato

In its native country, on the mountains of Chile and Peru, writes Jean Henri Fabre, in Field, Forest and Farm, the potato in its wild state is a poor insignificant tuber about as large as a hazelnut. Man takes the worthless wild stock into his garden, plants it in rich soil, tends it, waters it; and behold, from year to year the potato thrives more and more, gaining in size and in nutritive properties, and finally becomes a farinaceous tuber as large as your two fists.

WOULD CULTIVATE AMERICA

Australian Official Says English Speaking Races Must Consolidate

SYDNEY, Australia, (AP)—"I want to see America joining hands with all the rest of the English-speaking nations," said Sir Joseph Cook, minister for the navy, at a luncheon given in his honor last night. "We must cultivate the very best possible relations with America. The one thing we have to do is to consolidate the British-speaking communities. Therein lies the hope of the world." Sir Joseph commended the appointment of Australian commissioners to the United States. Sir Joseph had attended the peace conference as an Australian delegate.

The Seats of the Mighty. A certain captain went calling upon the village belle. The old man kept a very vicious household, and upon the occasion of the officer's call the dog was untied. When the fearsome canine had finished with the captain the seat of the latter's trousers was missing. His brother officers, jostling him about his predicament, asked if the girl was worth risking his anatomy in that fashion. The captain replied: "Maybe not, but I have always been willing to give up my seat to any lady!"—Judge.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffling, mucous discharges or dryness; struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every crevice of the head, soothe and heat the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed up and miserable.

BUHL ATHLETIC CLUB CUT OUT "RASSLIN"

Promoters of Athletics Decide "Honest Sport" Needed— Take Up Boxing

BUHL, (Special).—After vainly trying to find an honest wrestler, and not succeeding with but few exceptions, promoter C. F. Clark of the Buhl Athletic Association has discontinued the mat game and gone in for boxing, his first show being Thanksgiving eve, November 26, at Stone hall.

"Fighting George" Solis of Denver and Jay Solomon of Salt Lake will step into the lively rounds for a purse, winner round and loser 40 per cent, as a headliner. These boys are featherweights, are clumsy, shifty fighters and phant hitlers, and will battle all the way or "they desert you."

The fun of the evening, it is expected, will be centered in a grudge 10-round go between Ray Openberger of Buhl "The Baling Buckaroo", who has been going great guns and Earl Harley of Boise, the pair who fought eight hard rounds to a draw before the club November 18. These boys know nothing about boxing, but are fighters pure and simple, and the way they beat each other and hang away round after round is a delight. Neither one knows what a clash is, so the fighting is fast and furious. There will be no kayo before the mill is over, according to what each one says.

The preliminary will be a bout with gloves between two blindfolded boys. This stunt nearly doubles the crowd up with laughter as the antics of trying to locate and sweat each other in mirthful grimaces.

Jack Brennan, old timer, will referee the contests, with J. J. Boyd and Ralph Morse as judges. The first show will go on promptly at 8:30. Those desiring to reserve tickets should call on in Buhl.

Overtime Games of 1919 Season Below Average

BY I. E. SANBORN

Although the daylight saving law gave them plenty of time neither major league approached the record for extra innings during the season of 1916.

The longest diamond battle of the year in the National League lasted twenty rounds and was a draw. It was played on April 30, between Brooklyn and Philadelphia and the score was 9 to 9. That was one of the few games of the season that was on account of darkness, and the big score was responsible for that.

The longest scrap in the American League went only seven innings and ended in a triumph for the Browns over the Yankees 7 to 6 on July 17.

The overtime record in the big leagues is held by the Athletics and Red Sox of the American League who played twenty-four innings in 1906 before the Mackmen finally won the game. The National league record is twenty-two innings established in 1917 by Brooklyn and Pittsburgh.

The crop of extra inning affairs was small this year by comparison with previous seasons. The longest extra inning scholastic was on a 140 game basis instead of the former 154 game scheme. There were fewer overtime contests, however, in 1915 than in 1918 in spite of the fact the 1918 campaign was short on Labor Day by government edict. The long distance mark in 1918 was twenty-one innings in the National League and nineteen rounds in the American.

The dope indicates the teams were not as evenly matched in either big league this year as in previous seasons, although the paucity of tie games can be accounted for by the daylight saving law, which permitted most battles to be fought to a decision.

TECHNICAL KNOCKOUT

MILWAUKEE, (AP)—Pinky Mitchell, Milwaukee light weight, technically scored a knockout over Mol Coogan, Brooklyn, in the first session of a 10 round, no-decision bout last night. The referee, however, failed to halt proceedings. Two rights to the jaw sent the easterner to the mat, the first time for a count of two and the second time for 9 seconds. On the second up Coogan rose to his feet at the count of three but immediately went down again without being hit. Protests by Mitchell's handlers were ignored. Coogan, besides hitting the Milwaukee boy several times, resorted to hanging on tactics.

The Egyptian Barber.

The ordinary village barber of Egypt bears a certain resemblance, in so far as his profession goes, to the barber-surgeon of ancient times in England. He is authorized by law, after having passed an examination, to perform vaccination, application of leeches, cupping, simple dressings, but is forbidden to order or prescribe medicines.

BASKETBALL GUARDS LACKING THIS YEAR

Coach Nafziger Faces a Rather Stern Problem Getting a Star Quintet

With inter-scholastic football at an end for the season, interest in high school athletics turns to basketball, which is the winter sport of the school. E. P. Nafziger, who has coached the variety quintet of the past two years and who will again have charge this season, believes that the prospects are good and expects to build a good team out of the available material. Applicants for honors in the hoop game will turn out for the first time next Monday.

Last year Twin Falls had a star five but four of the team graduated last spring: Glasgow, center; Neumann and Parsons, forwards; and Renzies, guard. However, there is more material in Carter, Yochem, Krenzel, Putzier and Taylor. "Speed" Newman has had some experience as forward at Shoshone and will probably win a place on the variety this year. The others were regulars and substitutes last winter and have had sufficient work to make them valuable players. Carter was substitute guard and center on the team last year and is assured of the center position, while Krenzel and Newman will hold down forward places. The team's greatest weakness, says Coach Nafziger, is the lack of guards, but Putzier, Yochem and Taylor should plug these holes well and aid in turning out a star quintet.

Competition for basketball honors in the past has been limited to Rupert and Gooding, but this year Burley, in addition to these high schools, is expected to give Twin Falls a strong run. The team will not have the advantages that boys have enjoyed the last few years but with good material, hard work and able coaching they should duplicate records of other seasons.

The month of December will be given over to practice for four games in January and an equal number in February. The annual southern Idaho basketball tournament will be held here probably the first of the month. The best team will be selected to go to the state tournament at Moscow. Two years ago Twin Falls was represented in the state game, but owing to the influenza epidemic and closing of school, this district did not send a representation to Moscow.

This winter's schedule for the locals will be arranged within three or four weeks, Mr. Nafziger states.

MARATHON PUT BACK

NEW YORK, (AP)—The marathon will not be eliminated from the Belgian Olympic games, according to word received last night by the Amateur Athletic association. It was announced that the race left out of the program last season, owing to the influenza epidemic and closing of school, this district did not send a representation to Moscow.

Brief Bits of Sport

Truth crushed into the mud of Idaho's volcanic ash will rise again, sure thing.

Franchise, comes now our old friend "Sarge" C. F. Clark, athletic promoter of the Buhl Sports club who without reservation admits Sim Smiley is corrupt in his declaration that wrestling is not an honest game and indulge professionally for commercial gain. Here's what the "sarge" admits, after trying a long time to believe the game is level:

"You are right—there are no honest wrestlers. I'm going to see if there are any fighters who will earn their money in the ring."

"So, you see, there's the vindication for our stand."

Clark says he will pit a bunch of likely youngsters in the squared circle Thanksgiving eve, and will make 'em fight or get no pay.

"That system should bring out some effort—fight or no eat."

Never was a baseball managerial job more sought than that of the Seattle club in the Coast league. Everybody seems to have a hook out for the task of bringing in the Tillamums a winner in 1920.

It is expected Coast league players as a body will hit the margins for more money to play next year. Last season's fine financial results, together with a longer playing schedule persuaded a couple of levers for the increased wage demand.

But Boise is still falling for the wrestling game. Last night Charlie Peters, Nevada sheriff, and Ad Sanel, chairman of light heavyweight grippling honors, staged a mat hippodrome affair in the capitol town.

Demonstrating that his scissors is working again Joe Stecher flapped a guy named Tom Drank in straight falls before the Kearney Athletic club, of Kearney, Neb., Saturday night. Joe is getting ready for some bigger game.

Gusbot Smith, once believed a likely prospect for the heavyweight fight title, has come into the light again. The other night in Oakland, Cal., he whipped "Pint" Bill Larue to a frazzle in a 16-round go. Larue was put down with stinging amnesia to the jaw on several occasions during the battle.

It's open season on Ben Johnson, president of the American League, and about all the put-shotters in the circuit are taking a shy at the action of baseball's royal house.

MUST HAVE HIT SOMETHING

DULUTH, Minn., (AP)—In the sixth round of a scheduled 10 round bout last night between Sam Langford of Boston, negro, heavyweight, and Jack Thompson, negro, of Philadelphia, Thompson broke his thumb and the referee stopped the fight.

ELECT 1920 CAPTAIN

ANN ARBOR, Mich., (AP)—Angus Goetz, of Sault Ste Marie, captain of the Michigan football eleven this season, was last night elected to lead the team next year.

Women Gaining Share of Glory On Race Tracks

CHICAGO, (Special).—In racing, as in politics and other fields of human endeavor the fair sex are getting their share of the honors. No longer can the ladies be regarded merely as ornamental features of the sport agencies to lend color to clubhouse crowds on big days and to give the reporters of the big papers who come to write feature stories something to talk about, and to make vivacious conversation with twice a week.

Mrs. Payne Whitney has just scored her second successive victory in the \$3,000 Eldridge steeplechase, the most popular of the country's cross country events for 3 year old fillies and one of the attractive features of the Pinelico fall meetings.

Mrs. Walter M. Jeffords of Philadelphia, back in August, won to the post the winner of the sportsmanlike Saratoga Special, the greatest of the American 2 year old events and the most popular because it is a weight for age affair and a real championship event.

The competing horsemen make the purse and the Saratoga association contributes nothing save a piece of plate which the winning owner cherishes as a reminder of a piece of good fortune that comes to few horses in a lifetime and to none oftener than two or three times. Mrs. Jeffords is the only woman owner fortunate enough to win the Saratoga Special.

Mrs. Ambrose Clark of New York has developed several of the best steeplechasers about. She has not yet had the luck to which she is entitled, but her horses were bought with a shrewd eye for conformation, quality, and racing ability, and there will be other seasons. Mrs. Clark is one of the most patient of women.

Mrs. Joseph E. Davis has been represented on American tracks this season by Ophelia, one of the three or four 3 year old fillies that has stood up through five months of rigorous campaigning and is still on winning form.

Mrs. Elizabeth Daingerfield of Kentucky brought to the Trainer's camp through five months of rigorous campaigning and is still on winning form.

These women are in racing and thoroughbred production to stay. Racing horses is not a transitory fancy with either Mrs. Whitney, Mrs. Clark, Mrs. Davis, or Mrs. Jeffords. Thoroughbred production has been adopted as the life work of Mrs. Daingerfield, who is a daughter of the late Maj. Pezshall Daingerfield, who as manager of the famous Castleton stud of the late James R. Keane, his brother-in-law, was through ten years the most successful of thoroughbred producers the world over. Mrs. Daingerfield was her father's confidante and helper.

Mrs. Whitney is the veteran among the sports-women of the east. She has been a devoted follower of racing three, eight or ten years, and in her time she has developed some first class horses, mostly steeplechasers, and notably Cherry Mahoe, Sycamore II, Web Carter, Deblau, Tetan, Marcellinus, Red Craig, Vandyver, etc.

I say advisedly that Mrs. Whitney developed these horses. Mrs. Whitney has a capable trainer in James O'Quinn, who a few seasons back was a first class steeplechase jockey, but she personally supervises the schooling of her horses. She knows every move they make. She watches the saddling of them before they leave the paddock for good or ill luck, and generally she has something to say to the jockeys who ride them.

THREE TIMES WINNER

NEW YORK, (AP)—A precedent was established last night by the 1920 nominating committee of the Metropolitan Golf association when for the third time they presented Cornelius J. Sullivan at the head of the association's ticket. The annual meeting will be held December 9.

TO A MAN UP A TREE

In connection with the local situation in respect to labor, Twin Falls as a city is beginning to ask itself just where Twin Falls may expect to get off. Not the labor unions, or the employers, but Twin Falls as a whole.

Some weeks ago a strike was commenced against the garages and machine shops of Twin Falls. A vote was taken on the question as the initial move and it is understood that the men as a whole voted against striking by an overwhelming majority.

It is fair to assume that the first vote came closer to representing the real will of the workmen than did the second vote. The first ballot represented the views of the men themselves, without outside influence, argument, or entreaty, intimidation or hope of ulterior reward.

The result of this last ballot is to be seen in the picketing of a number of garages and machine shops. Not all garages in Twin Falls are affected, although nearly all followed precisely the same program.

By and large, there is no escaping the conviction that labor is carrying its demands to unprecedented lengths. And labor would do well to be sure that the men it is following are true representatives of labor as a whole and not merely representatives of little group of radical thinkers whose real convictions have nothing in common with the rights of either worker or employer.

CLOUDS OF WAR LOWER OVER ADRIATIC AREA

(Continued from Page One.)

It was recalled that recently when Italian troops entered into the unoccupied zone between Fiume and the Serbian lines, American blue-jackets were landed and succeeded in preventing a clash between the Italians and the Serbians.

ADRIATIC ONLY THORN IN SIDE OF ITALIAN GOVERNMENT

ROME, (AP)—Peter A. Jay, American chargé d'affaires, had a long interview with Premier Salandra today.

The result to date is that the garages are doing business as usual and a lot of good men, young and old, married and single, men with families and men without—are walking the streets in search of work or trying to make ends meet as best they can with temporary jobs and various and sundry petty occupations.

There is injustice in this, too, injustice and hardship which has been visited upon many men without any fault of their own other than that they chose to listen to the counsel of the strike advocates and decided to cast in their lot with their fellow workers in an effort to improve their position.

Now, just exactly where does Twin Falls get off in respect of the particu-

lar situation engendered by this particular strik

There isn't any money in it for Twin Falls, or for the strikers, or the garage owners, or for the people who patronize the same, or the public at large—perhaps it's good advertising for Twin Falls, possibly the advantage lies in the publicity the town is receiving at the hands of the Butte Bulletin and newspapers generally—if it does not lie here, then it does not exist.

As a matter of fact the industrial situation in Twin Falls is just about as thoroughly vicious and unattractive as it should be allowed to become. The present atmosphere is just as detrimental to the progress and well-being of union labor as it is to Twin Falls; just as deadly a foe of business growth as of civic welfare.

Will union labor accept as a final proposition the inference contained in a recent public utterance by one of the outstanding figures in the local labor ranks that a Chamber of Commerce in Twin Falls is against the best interests of labor? Or will union labor subscribe to the communistic view that chambers of commerce are primarily for the purpose of building up and aiding the industries of a community, thereby providing an enlarged field for the activity of all?

With respect to that particular remark, the man who made it could not get the moral support of ten per cent of union men on his proposition if his life depended on it.

No possible good comes of such stuff and the leader who indulges in it is merely weakening the cause which he represents and estranging the confidence of right thinking men and women both in and out of union ranks.

Twin Falls is in a miserable position, so is the employer, so too is union labor. Not one of these elements is organized except the unions and as a result of this condition, the unions are pressing the fight and forcing the situation step by step in the direction laid down by the leaders.

By and large, there is no escaping the conviction that labor is carrying its demands to unprecedented lengths. And labor would do well to be sure that the men it is following are true representatives of labor as a whole and not merely representatives of little group of radical thinkers whose real convictions have nothing in common with the rights of either worker or employer.

ADRIATIC ONLY THORN IN SIDE OF ITALIAN GOVERNMENT

(Continued from Page One.)

It was recalled that recently when Italian troops entered into the unoccupied zone between Fiume and the Serbian lines, American blue-jackets were landed and succeeded in preventing a clash between the Italians and the Serbians.

ADRIATIC ONLY THORN IN SIDE OF ITALIAN GOVERNMENT

ROME, (AP)—Peter A. Jay, American chargé d'affaires, had a long interview with Premier Salandra today.

The result to date is that the garages are doing business as usual and a lot of good men, young and old, married and single, men with families and men without—are walking the streets in search of work or trying to make ends meet as best they can with temporary jobs and various and sundry petty occupations.

There is injustice in this, too, injustice and hardship which has been visited upon many men without any fault of their own other than that they chose to listen to the counsel of the strike advocates and decided to cast in their lot with their fellow workers in an effort to improve their position.

Now, just exactly where does Twin Falls get off in respect of the particu-

Today's Markets

New York Exchange NEW YORK, (AP)—Professional traders dominated today's stock market, prices resuming their bullish operations for a time. The Dow Jones index approximated 1,000,000 shares.

Liberty Bonds NEW YORK, (AP)—Prices of Liberty bonds at 2:55 p. m., today were: 3 1/2's \$101.00; first 4's \$94.20; second 4's \$101.94; first 4 1/4's \$91.32; second 4 1/4's \$92.24; third 4 1/4's \$94.50; fourth 4 1/4's \$92.24; Victory 3 3/4's \$99.10; Victory 4 3/4's \$99.10.

Grains and Provisions CHICAGO, (AP)—Fresh strength developed in the corn market today owing more or less to scantiness of opening offerings and to hope of changed export demand. Receipts were light, and it was expected that the arrivals would be readily absorbed by industrial requirements.

Later the corn market weakened temporarily as the result of a statement by wheat director Barnes that receipts of the emergency wheat imports might reduce the price of some kinds of wheat 80 cents a bushel.

Cash Quotations CHICAGO, (AP)—Corn: No. 2 mixed \$1.47 to \$1.49; No. 2 yellow \$1.50. Oats: No. 2 white \$1.27 to \$1.29; No. 3 white \$1.24 to \$1.26.

Chicago Livestock CHICAGO, (AP)—Hog receipts 71,000; lower, top \$13.70; bulk \$13 to \$13.50; heavy \$12.85 to \$13.50; light \$13 to \$13.40; heavy packing sows, smooth \$12 to \$12.75; packing sows, rough \$11.75 to \$12.25; pigs \$12.50 to \$13.

Omaha Livestock OMAHA, (AP)—Hog receipts 14,900; market 15 to 25c lower; top \$14.85; bulk \$13.25 to \$13.65; heavy weight \$13.40 to \$13.65; light weight \$13.40 to \$13.65; heavy packing sows, smooth \$13 to \$14.00; packing sows, rough \$12.50 to \$13.15; pigs \$12.50 to \$14.

Potatoes CHICAGO, (AP)—Potatoes weaker; arrivals 25 cents; Northern whites each \$2.75 to 2.85; bulk \$2.90 to 3; western Russets \$3.85.

Chicago Produce CHICAGO, (AP)—Butter unsettled; creamery 58 to 71c; eggs higher; firsts 70 to 71c; ordinary firsts 61 to 62c; at market, cases included 60 to 70c; storage packed firsts 72 to 72 1/2c; poultry alive, higher; springs 22c; fowls 13 1/2 to 23 1/2; turkeys 35c.

Kansas City Produce KANSAS CITY, (AP)—Butter, eggs and poultry unchanged.

For Sale Five room Bungalow, close in, bath and sleeping porch, large garage, good lawn and shade trees. This is practically a new house in perfect repair and several good features, such as a well arranged kitchen, etc.

GERMANS AVER ALLIED STAND NOT FAVORABLE

Hopes that America's Failure to Ratify Treaty Might Force Leniency are False, Tagblatt Opines

BERLIN, (AP)—Privy legation counselors Simson and Grappert returned this morning from Paris and held a conference with Dr. Haniel von Haimhausen, under-secretary of state.

HOLDS GERMAN RESPONSIBLE FOR PEACE PACT ENFORCEMENT PARIS, (AP)—Surprise at the departure of Dr. Simson, head of the plenipotentiaries sent by Germany to this city, in connection with the armistice protocol, was expressed in a note delivered to Kurt von Lersner, head of the German delegation at Versailles by the supreme council last night.

It was learned today that Von Lersner sent a letter to Secretary Dunsin, of the peace conference Friday to the effect that the head of the plenipotentiaries had become convinced that he must consult the German government regarding the protocol, especially as the national assembly would have to approve the decisions reached.

The Von Lersner letter protested against the question of the repatriation of prisoners again being bound up with that of putting the treaty into effect.

wish to announce the arrival of their new china. Five complete dinner sets in new patterns, and new shapes made since the war. It is the finest Haviland Limoges decorated china ever brought to this country.

RADICALS STAGE PROTEST STRIKE

Show-down Comes when First Prisoner Refuses to Give Testimony

NEW YORK, (AP)—More than three score radicals awaiting deportation hearings at Ellis Island, now being investigated by the house immigration committee, have instituted two strikes within 24 hours.

After having issued an ultimatum to the effect that they would not attend their hearings unless the wire screen which separated them from visitors was removed, they declined an invitation to march into the dining hall for breakfast this morning. The menu which the hunger strikers turned down consisted of prunes, oatmeal, bread with a substitute for butter and coffee.

Next Step Indefinite
Byron H. Uhl, acting commissioner of immigration, said he did not consider what steps would be taken to break the hunger strike if it should continue to the stage where it affected the health of the prisoners. Asserting that he would not cross the bridge until he came to it, he cited the case of Mollie Steimer, a "red" who yielded after three days' abstinence.

Go Back on Soviet
Hearings also were held in the cases of six other strikers who went back on their first and announced they were ready to appear.

Mr. Uhl said he would proceed with the cases of all the strikers, despite the fact that establishing their guilt in many cases might be difficult. He added, however, that some of the prisoners were known and that with these identified he hoped to identify the others with the aid of arresting officers.

Discovery of a plot of several "reds" to escape with the aid of visitors was the cause for setting up the wire barrier against which the strike is directed, Mr. Uhl announced this afternoon.

He explained that two of the prisoners had borrowed coats and passes from callers. It also became known today that arms had been smuggled to prisoners.

Local Brevities

Plaintiff Given Verdict—In the probate court yesterday T. C. Buena was given judgment against Quincey Foster for \$43.60.

Seeks Judgment—Appearing for B. J. Galen, Attorney Asher B. Wilson yesterday filed in the probate court suit against B. Hook for judgment, claiming \$102.81 on a promissory note.

Sues on Note—Alleging that \$125 due on a promissory note, Leon Harris has brought suit in the probate court against C. E. Thompson, asking judgment.

On Irrigation Matters—S. L. Hodgson left for Idaho Falls yesterday, where he was called in connection with matters pertaining to the irrigation contracts being held in that city.

Mother Is Ill—Mrs. E. L. Macvicar left yesterday morning for Canyon City, Colorado, called there by the serious illness of her mother, Mrs. Helen Lewis. Mrs. Lewis is well known here, having spent most of her time for the last four years with her daughter.

Ordered to Vamoos—Carlos Hernandez, a Mexican who was arrested yesterday on a charge of vagrancy, was given the option of a considerable term in the county donjon keep, or getting outside the city limits. He promised to leave town.

Licensed to Wed—Yesterday the following marriage licenses were issued by the county clerk: To William P. Spencer, aged 20, and Miss Helen Roberts, aged 23; and to G. A. Hartman, aged 23, and Nola E. McMaster, 19, both of Buhl; Ernest Messersmith, aged 24, and Anna Larson, both of Buhl.

Attending Court—E. A. Walters, of Walters and Higgins, attorneys here, in Jerome today engaged in the trial of a case before the district court. From Jerome Mr. Walters expects to go to Boise to appear before the state land board on firm business.

Wants Delivery of Land—To compel the conveyance of certain property claimed to have been sold under contract, J. W. Hardin has entered suit in the district court against W. T. Delabundy. The plaintiff claims to have on August 22, 1919, deposited the sum of \$45,000 in a Kimberly bank to pay the purchase price of the property. He alleges that the conveyance has never been made. Attorney E. V. Larson filed the action.

Deaths

The funeral of W. O. Young, who died yesterday, is being held this afternoon at the De Witt cemetery. Burial will be in Twin Falls cemetery.

Funeral services are being conducted at the Grossman chapel this afternoon for Mrs. T. E. Jackson, who died yesterday. The remains will be taken to Ohio for burial.

ARRESTS FOLLOW CRIME WAVE SWEEPING CHICAGO

Chief of Police Ascribes Disorders to Curtailed Street Lighting

CHICAGO, (AP)—Among the approximately 150 persons arrested as a result in the past few days that swept Chicago, automobile thefts and safe burglaries followed in rapid succession, six men and a woman today were in city jail charged with implication in four murders, 100 saloons, pool room and street holdups, and 150 house burglaries. Members of the band composed of the more than 250 crimes, police asserted.

Reported robberies last night showed a falling off from the two previous nights. Street lights glowed despite the threatened coal shortage here, after John J. Garrity, chief of police, said the orgy of crime Saturday and Sunday night was due in part to street illumination being cut off as a coal conservation measure.

In connection with the arrest of the band of 17, police said it became known a crime college was operated which defrauded his followers of the earnings after they had graduated, and a thriving "black hand" business, operated as a sort of side line.

SCORES SECOND SUCCESS

An audience seeking and appreciative of merit and melody with colossal display was not in the least disappointed with the presentation last night at the national symphony musical production, "Watch Your Step." The theme of the production was familiar to a good many Twin Falls playgoers, who were attracted to the opera by the standpoint of comparison, and it is to the credit of the producers that the general verdict is strongly favorable.

AT THE LAVERING

There can be no question in the mind of the management being public as to their opinion of "Fair and Warmer" which comes here to the Lavington on Wednesday and Thursday, a welcome visit of the one play of the whole of America is again flocking to see. Crowds far in excess of the past two seasons are the rule everywhere. The comedy is excellent in all its virtues and Messrs. Castle and Call have come to bring their all star New York cast here have left nothing undone in the making of a success. Heading this brilliant company will be found the crime *Lavender* of whom eastern critics think so highly. She brings to the role of Blanche everything one could desire. Her beauty, youth and freshness are in her every movement and her great gifts find ample scope in "Fair and Warmer." Edgar Faville handles the Billy Barst role in great style and poses a happy foil to Miss Lawrence. Donald Calf, Harold A. Castle, George Stacey, Elizabeth Erezim and Amy Anderson are all happily cast, making an excellent support to the two leading roles.

You can get work in the line for which you are fitted through a small campaign in the classified.

INTEREST MAY BE DEFERRED

Allies Negotiate for Time in Making Payments to American Creditors

WASHINGTON, (AP)—Interest payments on American loans to the allies may be deferred "until the war is over" it was said today at the treasury. Negotiations to this end are now being conducted at the request of the allies, but officials explained that the latest advances from the treasury's representatives at Paris did not indicate an early conclusion.

Loans Total \$9,647,000,000

American loans to the allies in the war aggregate \$9,647,000,000 and the interest total averages five per cent. All of the obligations are in the form of short-term notes, but it has been proposed by the allies that they be converted into long-term paper, which would fall due on dates corresponding to those on which American liberty loans mature.

Officials said the American government was not seeking the new arrangement. They explained, however, that they felt that "the present chaotic condition in Europe" might be bettered if the interest payments were deferred. Tentative plans would defer these payments from three to five years which, it was stated, "would allow European conditions to readjust themselves and place the foreign governments' reconstruction programs well under way."

Considers American Interests
Albert Rathbone, assistant secretary of the treasury, is representing the United States in the negotiations at Paris. Treasury officials said the only instruction given him was that in reaching an agreement the "interest on the whole world's financial structure" be given thorough consideration.

Personals

Mrs. R. G. Webb, of Eden, was in Twin Falls shopper yesterday.

Jack Crowe has returned from a visit of several weeks in Salt Lake.

Mrs. G. H. Self has gone to Chicago to visit until February.

Mrs. P. Frank of Buhl, was in Twin Falls visitor yesterday.

F. L. McGowan of Idaho Falls is a visitor in this city.

O. Fred Howe of Ketchum, is in Twin Falls for a few days.

Ned R. McCracken, of Penatello is a Twin Falls visitor.

Social Notes

The ladies of the O. E. S. have organized a Kensington club to meet every other Monday evening.

Miss Vera Pickett and Miss Bernice Carlson were hostesses at a miscellaneous shower at the home of the latter last evening, honoring Mrs. Carl Hinderer. The home was decorated with pink and white curtains. The girls arrived at seven o'clock and after the gifts had been presented to the guest of honor the young men arrived for the remainder of the evening. A luncheon two course luncheon was served to the thirty guests present.

Little Miss Ruth Reed entertained at a birthday party Saturday afternoon. The guests were taken to the moving picture theater in automobiles and after the show to the Read home where games were played and delicious refreshments were served, the table having as a centerpiece a lovely white birthday cake with four pink candles and pink and white candy baskets at each place. The guests were Patricia Wilson, Bernice Robinson, Doris Dingler, Katherine Leland, Betty Lou Peavey, Virginia Hearty, Marion Robinson, Mary Peiby, Katherine Bacon, Margery Woods, Phyllis Shenberger, Margery Hayward and Roy Reed.

At a delightful dinner at the Hotel Rogersman last evening, the engagement of Miss Emily Wall, daughter of Mr. and Mrs. James M. Wall, and John D. Claborn, of Kimberly, was announced. A beautiful white wicker basket filled with yellow and white chrysanthemums and tied with white tulle formed the centerpiece. Running from the handle of the baskets were streamers of the white and yellow marking each place, and the place cards were in the same color. Just after the serving of the dessert a small envelope containing the names of Miss Wall and Mr. Claborn was handed to each guest. Those present were Medames Helen E. Watson, C. A. Miller, Nettie M. Turner, Hazel Glasgow, Hortense Miesow, Faith Salles, Eloise Spafford, Lucille Bullock, Ruth Glasgow, Irene Walker, Leola Sanger, Ethel Mussel, Jennie Walker, Florence Hill, Bessie Herz, Edna Buchanan, Francis Engel and Corinne Tabor.

You can sell that lot or plot of ground—at a small advertising cost—through the classified.

High School News

HOLIDAYS

High school students will be allowed Thursday and Friday of this week as vacation days, but will probably be denied the weekly assembly on Wednesday. The present week is the first of the last six weeks' period of the semester.

ALUMNI NOTES

Philip Buck, class of 1917, has won a place on the debate teams of the University of Idaho, and will speak against Washington State college next month on the question of compulsory military training in the United States. Theodore Holderman, also of the class of '17, is vice-president of the A. E. F. organization at the University of Idaho at Moscow. He served in France for one year following his graduation from the local high school.

LEGION VS. HIGH SCHOOL

The high school has scheduled a football game with the American Legion for Thanksgiving Day. The whistle is to blow at 2 o'clock on Lincoln field.

FRANCE PROGRAM

A very elaborate program will mark the first meeting of the high school French club one week from tonight. Vocal and instrumental music, a few short talks and a one act dramatic sketch will be the main features of the initial session. The Spanish club will meet the Tuesday evening following, its meeting having been postponed because the room in which it meets is not yet completed.

EFFECT OF COAL STRIKE AFFECTS CANADIAN ROAD

MONTREAL, Que., (AP)—Shortage of coal resulting from the strike in mines of the United States today led the Canadian railway board to order drastic curtailment of passenger service on the Canadian Northern and the Grand Trunk railroads beginning Saturday. It was announced the order might be extended to other roads and might include freight service.

SAN FRANCISCO SUPERVISORS CRITICISE GOVERNMENT POLICY

SAN FRANCISCO, Cal., (AP)—Following ten hours of debate the San Francisco board of supervisors adopted a resolution early today criticizing the government for its stand on the nationwide coal miners' strike. Representatives of the Chamber of Commerce and other business organizations opposed the strike resolution.

RUMANIA GIVEN ANOTHER CHANCE TO SIGN TREATY

Supreme Council Reaches Decision in Holding Dates Open to Nations Holding Out

PARIS, (AP)—Rumania is to be given another chance to sign the Austrian peace treaty. Permission is also to be given to her. The supreme council made this decision today, at the same time deciding that a protocol to open November 27 permitting Rumania to sign the peace treaty with Bulgaria within eight days. This period will also apply to her signature to the treaty of St. Germain with Austria.

Jakowice it was decided to permit Serbia to sign the St. Germain treaty with the financial annexes and clause for the protection of racial minorities, to which the Jugo-Slavs have objected. The council ordered that preliminary technical negotiations open at Danzig between that city and the Poles. These negotiations will be limited to two months, after which diplomatic conversations will follow at Paris.

ELMIRA REFUSES HEARING FOR DEBS AND O'HARE

ELMIRA, N. Y., (AP)—William Krues, socialist lecturer from Chicago who came here to address a mass meeting in the interest of freeing Eugene V. Debs and Kate Richards O'Hare, was escorted in a train by former service men last night, his speech still undelivered. He was refused permission by Mayor Hoffman to speak in the city hall and later attempted to master the local socialists for an open meeting.

AMUSEMENTS

Included are full length Coats, favored jaunty lengths for the younger women, and Fur Coats of extreme durability for the young girl.

EVERYTHING CHEAPER

RELIEF WORKERS WIN CONFIDENCE

American Physicians Make Big Headway Against Superstitions in Montenegro

NIEGOSH, Montenegro, (AP)—American physicians doing relief work in Montenegro tell of some curious methods of treatment employed by the inhabitants of this little mountain country. When a Montenegro is wounded the first thought of the natives is to apply chewing tobacco, horsehair, or a fresh rabbit-skin with the hair facing inside. Common ink is considered a sovereign remedy for burns. To stop bleeding sores or wounds cowbuds are used. When a person is bitten by a snake the favorite remedy is to pull out the animal's ear and rub the wound with it.

Seek Shrine When Ill

The patron saint of the negro in St. Yavilla, whose shrine is situated on the summit of a mountain between Podgoritz and Nikole. Every week thousands of the negroes of Montenegro come to this mountain shrine seeking cure for their ills.

But since the arrival of the American physicians the pilgrimages to the ancient shrine have not been so numerous. For the natives have found that their ills can be cured much nearer home and with greater certainty at one of the numerous Red Cross dispensaries and clinics. The inhabitants come from the remotest mountain regions. They are carried in all sorts of conveyances, such as pack animals, deer carts, buffalo wagons, or on horseback. In one case an old woman, suffering with scarlet fever, was brought to the Red Cross hospital at Niogosh, which is notable as the birthplace of King Nicholas, in an iron soap pot. It required four days to get her over to the many mountain ranges.

Reward for Labors

In another instance a farmer carried his typhoid patient a distance of 65 miles and at the end of the journey fell exhausted on the steps of the Red Cross hospital. He was rewarded for his labors, however, four weeks later by the complete recovery of his wife.

In numerous instances persons suffering from total blindness have been led over tedious mountain roads to the Red Cross hospitals by sympathetic friends or sorrowing relatives, only to find that nothing can be done for them. There is a great prevalence of entreats in the country, caused by chronic malaria, and other diseases.

SERVANT GIRL ENTERS INTO RACE FOR PARLIAMENT

LONDON, (AP)—Jessie Stephens, a servant girl with a mass of dark hair and who generally goes about bareheaded, has signified her intention of entering the race for parliament on the labor ticket.

She is endeavoring to gain a seat in the local borough council of Hornmouth and will then stand as a parliamentary candidate.

She has been employed as a cook, housemaid, confectioner, boss of a large common lodging house in Glasgow, porter in a chemical warehouse and driver of a three-ton lorry.

Heat Burns Gravel.

The bureau of standards has found that if the concrete is made with gravel, particularly siliceous gravel there is a tendency for the stones to burst in extreme heat, which disintegrates the concrete. Accordingly it is recommended that gravel be avoided wherever possible, but if impossible the gravel concrete may be protected from extreme heat by coating it with an inch of cement, held in place by a wire mesh. Plasters may also be used in which asbestos is the principal constituent.

Where the Sexes Differ.

A woman can do a thing she doesn't want to do without making unpleasant remarks, but few men can.

WASHINGTON CITY SIDE LIGHTS

Congress Likely to Act on Police Unionization

WASHINGTON.—Congress is likely to take a hand in the question of the unionization of the police force and its affiliation with the American Federation of Labor. If it does, it will come about in this way: In Washington, instead of the issue going to a strike, it has been taken to the courts by the police union. The union has asked for an injunction preventing the commissioners of the District of Columbia from carrying out their orders that any member of the force found to belong to a union affiliated with a labor organization would be discharged, on the ground that their right to organize is illegally interfered with.

The pressure of the American Federation, with its four million members, is being used in Washington to win recognition of the police union. The District commissioners, on the other hand, have taken a position from which, they assert, they will not retire—no member of the force may belong to a police union affiliated with a labor organization. The commissioners have full jurisdiction, but already the contest has extended to congress and it is likely that before the struggle is ended a vote on some phase of the question will be forced.

For example, Senator Myers of Montana proposed in the senate that congress interpose by refusing to vote the pay of any member of the Washington police force who belonged to a union. In pointing out the national importance of the question the Montana senator said: "If the police department of the District of Columbia is permitted to unionize and affiliate with a superior body of organized labor, you may be sure that the police forces all over the country will follow suit and do the same thing."

Senator Thomas of Colorado said he thought congress should inform the District commissioners that it was squarely behind them.

CANDIDATES ENTER RACE FOR GERMAN PRESIDENCY

Herr Damaschke Consents to Run if General Call is to Be Heard

BERLIN, (AP)—Candidates for nomination for the presidency are making their appearance, though the next presidential election in Germany are presumably some months away, certainly are not set as yet. The latest to be mentioned, by himself, is Adolph Damaschke of Hamburg, who has announced that he will accept a call to run for the office if he hears it from men and women of all camps.

To further the "call" Herr Damaschke has affixed a list to his declaration of willingness, to be signed by all those who favor him. The Berlin Tageblatt says he is not only advised but will set a bad example, and that candidates for the presidency will grow up like mushrooms after a fruitful rain.

Herr Damaschke formerly was a school teacher but gave up teaching to devote himself to social political studies. He is the author of many pamphlets on social political subjects.

You can get a hearing for your application for employment if you will state it in a classified ad.

LOTTERY LOAN IS CONSIDERED

British Chancellor of Exchequer Will Not Oppose if People Want It

LONDON, (AP)—The proposal of the French government to issue a huge lottery loan has aroused interest here to the extent that the chancellor of the exchequer has stated in the commons that he would not offer objections to a British lottery loan if he were satisfied the people really wanted it. This statement was made in the face of a committee report adverse to such a loan submitted to parliament at the last session.

Some newspaper commentators, particularly the Daily Mail, say that if the French adopt the proposal Great Britain should do likewise for two reasons: to keep at home money that is doubtfully would be invested in French bonds and because they believe such a loan would be a great success here. In this connection they point out that the five per cent victory loan, to which which American liberty loan publicity methods were adopted, did not reach the amount hoped for.

The French proposal is for the issue of bonds of \$100 each which entitles the holder to a full number. On every day for two years a prize of \$250,000 will be given away. Besides this there would be weekly prizes ranging from \$75,000 down to \$1,000.

"Many a man who would not be interested in the average government bond even at high interest would have a few numbers in this huge lottery and money would be called out that the government could not get otherwise," observes one writer.

Financing a position is sometimes a most disheartening task. Just to rely upon friends, or upon going about and making personal applications, often leads to utter discouragement. The quick road to a position is through the classified. Sometimes this road requires more than one day to travel—but it leads inevitably to the desired goal if followed.

DEATH OF WELL-KNOWN LABOR LEADER ANNOUNCED

CAPTETOWN, (AP)—The death of J. T. Bain, the well-known labor leader, is announced here. He figured in international news during the widespread labor troubles of January, 1914, when he and seven other men were deported from the dominion as agitators. Later they were granted amnesty.

Mr. Bain was an active Scottish socialist in the eighties, before he emigrated to South Africa. He identified himself with the movement for the independence of the Transvaal, and during the South African war was deported to Ceylon.

You can find the house or apartment you want, if it is to be found, through using the classified.

SERVANT GIRLS SCARCE

PRESTON, Eng., (AP)—Scarcity of girls for domestic service in Preston and Mid-Lancashire districts, where industrial employment offers more remuneration, has resulted in men house servants being employed in considerable numbers. Many of them are overseas men.

TWIN FALLS, IDAHO

To make the Maxwell light they used the quality steels

THE story of Maxwell is a story of metallurgy. This great science makes possible a 1960-lb., 109-inch wheel-base, 25 h.p. car, whose common denominator is Quality.

It has made possible a vehicle weighing but 1960 pounds itself to carry 750 to 1000 pounds of human weight—a distance of 100,000 miles or more—to carry it at low cost and to carry its 5 passengers in comfort.

This is about 2 to 2 1/4 pounds of vehicle weight for a pound of "human freight."

When you stop to compare weight for weight with other cars, and size for size you will quickly realize that the Post-War Maxwell takes a leading rank on the subject of light weight.

But this light weight of the Post-War Maxwell is not a matter of "trimming the weight," but a matter of metallurgy.

The use of this science in building 300,000 previous Maxwells has developed lighter but stronger steels, and that is one reason why the Post-War Maxwell has caught the public fancy as few cars in recent years have done.

The demand is in excess of 140,000 for the current year. Only 100,000 can be built.

Therefore, an early visit to look over the Post-War Maxwell may save disappointing days later on.

Price, \$985 f.o.b. Detroit.

POULTRY BOOK IS PUBLISHED

Fowl Husbandry is Subject Extensively Treated in University Pamphlet

BOISE, Idaho, (Special)—"Poultry Husbandry in Idaho," a 16-page booklet by Iren Moore, poultry husbandman of the extension division of the University of Idaho, has just been issued by the extension division. This bulletin, the issuance of which has been in prospect for a considerable time, is in much demand among the farm bureaus of the state, on account of the poultry work being carried on in practically every county.

"Climate and Soil," "Secrets of Marketing," "Poultry, Turkeys, Geese, Ducks," "Breeds and Breeding," "Feeding," "Lousing," "Judging for Egg Production" and "Diseases" are the chapter headings. There is also a section strongly urging farmers to keep financial records of their poultry production, so that they may not underestimate its profitability.

"Poultry raising is a profitable business for Idaho farmers, as a part of their diversified farming," says the bulletin. "With due attention to breeding, feeding, housing and care, it will yield handsome returns on the time and capital invested. Idaho produces probably not more than 40 per cent of the eggs and fowls consumed within the state, and there is no prospect of exceeding 12 states in the union that more than supply their own market. There is, therefore, plenty of opportunity for great increases in production. The Idaho climate is ideal for poultry raising, the soil conditions are good, the food supply is of the best and building material is abundant."

The description of methods of cutting out non-laying hens, given in the bulletin, is the system outlined by the "American Association of Instructional and Investigative in Poultry Husbandry."

"Mr. Moore says the backbone of the poultry industry is the egg business. Eggs, he says, represent about two-thirds of the value of the poultry production of the United States.

"Many of the heavier poultry-producing sections of Idaho are somewhat remote from the larger centers of production," says the section on marketing. "In such sections marketing is more or less a problem. Farmers can meet this problem, however, by being very particular about the condition of the flesh of fowls, or the quality of eggs they place on the market. Any farmer who is producing a class of eggs, or meat, can, with proper care, market them successfully, even though it may be necessary for him to ship several hundred miles.

The cover of the bulletin carries a picture of "BOZIE," a little White Leghorn hen of the University of Idaho flock, that in one year laid 32 eggs, each of which, although she herself weighed only 3-1/2 pounds. Inside the cover is a picture of her basket of eggs.

IDEAS ON ALASKA HAZY

Teachers in States Betray Little Knowledge of Territory in Quizzes

JUNEAU, Alaska, (P) (By Mail)—Some school teachers, down in the states have hazy ideas about Alaska, according to letters received at the Alaska territorial bureau of publicity here. One lady of Johnstown, Pennsylvania, wrote that she wanted to teach school in Canada and she thought Juneau would be the best city in which to start. Another twisted her geography the opposite way and said she had decided to teach school in Alaska and therefore wanted a position in Dawson. Dawson is in Canada. A third wrote, "Have you any schools in Alaska?"

THE WHOLE AS AN EATER

The whole rarely, if ever, swallows anything larger than a herring. Although the head is of enormous size, from one-quarter to one-third length of the body, and the mouth fifteen to twenty feet long and six to eight feet wide, the opening of the gullet is not larger than a man's fist.

ANNUAL SEED EXHIBIT DATES FINALLY FIXED

Growers Association Will Meet in Pocatello January 12 to 17

January 12 to 17 has been set as the date for the ninth annual seed show at Pocatello, the auspices of the State Seed Growers' association. The week will be jammed full of interesting events, both educational and commercial.

Joint conference will be held in irrigation, engineering, livestock and seed growing, besides the seed exhibit, which exhibits to eclipse anything seen in this state before.

Great things are expected of Twin Falls county, and the Farm Bureau is endeavoring to line up a representative five exhibit that will be a credit to this section. According to the premium list, some very generous awards will be made. There will be a special prize of fifty dollars for the best twenty-pound sample of Dicklow wheat. Second prize will bring twenty-seven, and third prize will be awarded sixteen dollars.

Ten pounds shall constitute an entry for the alfalfa seed competition, and a prize of thirty-seven dollars will be given to the exhibitor with twenty dollars for the second place men. In addition to the above, there will be prizes offered for all the clovers, barley, oat, timothy and early Bantam wheat, rye, ear corn, potatoes, peas, beans, sugar beet seed, grass seed and sheep grains. The association has invited all exhibitors to exhibit their wares and will award a diploma to the best collective exhibit of agricultural and garden seeds.

New in the time for exhibitors to be looking over their seed and make selections. Competition will be keen, and it will be an accomplishment well worth while to win a prize in this state-wide competition.

Brain samples should be thoroughly cleaned and free from smut and black tip. The sample should be free from frost injury, not bleached, weathered or otherwise discolored or shrunk. Uniform large size, with a good weight, and a bright, live color, are essential in all seed samples.

SPANISH IMPRESS STRONG ON BUSINESS IN MEXICO

Latin-American Likes to Make Haste Slowly and Appreciates Being Approached in Own Tongue

JUAREZ, Mexico, (P)—Business as usual to be observed in Mexico are virtually the same as those that should be followed in any other Spanish-speaking country, was the opinion expressed here recently by Howard A. Dow, American consul at this port.

"Wherever the Spaniards have colonized, they have left an indelible impress upon the habits of the natives," said Mr. Dow. "For this reason, the rules about long credits and careful packing that apply to Argentina or the Philippine apply with equal force to the importer at Vera Cruz, Tampico or Topolampam."

"The Latin-American likes to make haste slowly in making his deals. He wants his goods packed securely and he appreciates being approached in a business way in his own language. The American exporter who remembers these essentials will have a better chance of succeeding than the one who does not."

PROHIBITS FIESTAS ON GRANDMOTHERS GRAVES

Mexico City Strikes in Municipal Ordinance at Custom on All Souls' Day

MEXICO CITY, (P)—A new municipal law forbids Mexicans to hold fiestas in cemeteries over the graves of their grandmothers, or other relatives, as has been the annual practice of the poorer people on All Souls' Day. This action has been taken at the request of the church authorities.

For years one of the most popular holidays in the long calendar of such days in Mexico has been All Souls' Day, which by regulation of the Catholic church is dedicated to the souls of the poor as such should be observed as a solemn occasion. The poorer class of native, however, had turned it into a day of merrymaking and general rejoicing, and it was no uncommon thing to find a happy group drinking pulque and singing songs over the grave of some dear one.

The merrymaking was stopped this year by order of the city council.

Safety Fire Escape

A woman has invented a fire escape for dazed and frightened victims. It consists of a seat and footboard fastened together by ropes like a swing. For further protection there is an extra loop of rope which slips over the head and tightens about the body.

STORIES from the BIG CITIES

Sultan Bob McLean of the Marines and His Harem

NEW YORK.—The marine corps here is putting on now acts over Sergt. J. Robert McLean of the recruiting station, 24 East Twenty-third street. He is recognized as the sultan of Liang-Liang, Philippine islands, and the proud possessor of an island three miles around, and all it contains, including a harem of 40 women—count 'em, 40! And what's more, Sergeant McLean is starting for Liang-Liang to take possession. You see, it's this way:

The sergeant spent two years of his service among the Moros. The sultan adopted him and died the other day, making the marine his heir. Says the sergeant:

"The sultan's house was two stories high and made of nipa fiber. It was set upon stilts eight feet high and had 20 rooms. The cows and pigs and chickens were kept in the space underneath the stilts. The women of the harem were off in quarters by themselves, and I never set eyes upon them.

"The sultan was quite an educated man, and spoke English quite fluently. He was eighty years old. I told him all about America and our ways, and he would sit and listen for hours. He grew so fond of me that he said he wanted to make me his legal son, since he had no legitimate male heir. I refused a summons to come to him at once and bring two of my friends along. I took Frank Korcum, who was killed in France, and Sergeant Walter of the marine corps along with me. When we reached the sultan's home we were ushered into the public hall. There I found the sultan looking very stately and important.

"My friends and I were taken into an adjoining room and dressed in long flowing robes. The sultan bared his chest and made a little slash in it with a knife. Then he cut my chest. Taking a drop of blood from his chest he mixed it with a drop of my blood, and from then on I was his adopted son. I left that next week and I have never seen him since."

ARGUES FOR PREPAREDNESS

Australian War Veteran Sees No Likelihood of Immediate Peace

SYDNEY, Australia, (P)—"I see no likelihood just yet of universal peace," said Lieutenant-General Sir Henry Chauvel on returning from war service in Turkey and Egypt. "Until this is within sight we must be prepared for war," he added. Sir Henry was the commander of the famous Anzac corps and leader of the Australian Light Horse and New Zealand Mounted Rifles in Egypt and Palestine.

MISFORTUNE FOLLOWS W. K. LEWIS' FAMILY

Illness and Accident Seems to Beast Former Accidents of Rupert

RUPERT (Special)—W. K. Lewis and family have had more than their share of hard luck since leaving here last January.

They are now located at White Walla, Washington. Mrs. W. K. Lewis is just recovering from a serious illness of several weeks. Mr. Lewis, while working at the carpenter trade from a ladder in October, dislocating his wrist, and has been unable to work since. Keith, their little four-year-old son, pulled a tenkettle of boiling water off the stove, scalding his back dreadfully. Ralph, their eldest son, has been kept from school to help care for the family.

Mrs. Lewis is a daughter of Mrs. J. W. Melville of Rupert.

Benefits of Walks

Through a daily walk in the open air, the hair may be made to grow, it is said, and this as a result of improved circulation. The skin may be improved, both in color and texture, if it is, in conjunction with this exercise, properly cleaned. The figure may be greatly improved. These blessings, with the calming of troubled nerves already mentioned, ought to make any woman, young or old, an advocate of this form of exercise.

Find your tenant for that store or office through using the classified. Tell what it is like, the advantages of its location, its rental price. Somewhatly wants it.

AFFIRMS SENTENCE IMPOSED ON DEPRAVED OF MIND

ST. LOUIS, Mo., (P)—The United States circuit court of appeals, in session here Monday, affirmed the sentence of three years imposed on Emma Peter Schell, a motorist of crime at the point in Denver in June 1918. The testimony in the trial was to the effect that Schell stole coins and took them out in his shoes.

Boyd Hospital LABORATORY

Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculous glands, bacterial examinations of pus spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

Raise Your Calves on this World-Famed Milk-Substitute

BLATCHFORD'S CALF MEAL is the original milk-substitute. It was the first on the market. For over one-third of a century it has been successfully used in raising calves by the most progressive farmers and dairymen in this country. It is the only calf meal backed by so remarkable a record.

Good to the last drop

Blatchford's CALF MEAL

The success of this milk-substitute is due to three things. First—its quality. Blatchford's is above all a quality calf meal. Only the best materials are used in its manufacture. It contains no waste materials or by-products of low feeding value. Second—it contains all the nutritive and growth-producing properties required by the calf. The finest and healthiest of calves can be raised upon it. Third—it is economical. A pound makes a gallon of pure milk-substitute and it can be used at less than half the cost of using milk.

Blatchford's Calf Meal raises calves from babyhood. It is extremely palatable. It is easy to feed. It saves both milk and money. It will pay you to use it.

TROUPE TOURS DANGER AREA

American Entertainers Caught in Vladivostok White Reds Hold Sway

NEW YORK (Special)—A belated story of how an American musical comedy company, which had volunteered to give an entertainment for the troops at Vladivostok, was caught in that city while the "Reds" held sway, came to the Knights of Columbus yesterday from Garry McGarry, who is in charge of the welfare activities of the order in Siberia. The troupe was in charge of W. R. Handyard and had come from China to the Russian seaport, where they were held up for several weeks awaiting a steamer.

During their stay everyone went around with a revolver and the city took on the appearance of a western "boom" town in the pioneer days. During the period the Bolsheviks killed about twenty-two persons and many of the actors had narrow escapes. Several of the women actresses had to be taken to and from the theatre guarded by a squad of allied soldiers and at the hotel where they stayed a guard was constantly posted. However, the American troupe "carried on" for the doughboys amidst all the panoply of war and revolution. There were armed soldiers inside the theatre, outside, behind the scenes and in the box-office. All the audience brought their rifles with them or carried side-arms and hand grenades.

Sinfulness Reacts.
Never let a man imagine that he can pursue a good end by evil means without sinning against his own soul. Any other issue is doubtful; the evil effect on himself is certain.—Southey.

You can see the classified in reaching that next employer of yours.

CONSTRUCTING MODERN BUTCHER INSTITUTION

RUPERT (Special)—A. H. Smith has just completed a large brick room at the rear of his meat market. The room is 30 by 65 feet and will be used as an ice room. The building is fire-proof. A double-deck smokehouse, lined with thick steel, with heavy steel doors, has also been completed.

The ice-box, in contemplation, is to be 50 feet long and 20 feet wide. It will be used as a storage plant for beef and will have a capacity of 150 tons of ice.

A new Baker ice-making machine is on the way to be installed as soon as the ice-box is completed. Mr. Smith will also have a track running from the alley to the refrigerator plant, doing away with much excess handling of the meat. When all the improvements are completed and installed Mr. Smith will have one of the best and most modern meat market plants in southern Idaho.

PROTESTS VICE TENDENCY

Woman Criticizes Themes of Moving Picture Shows and Dramas

LONDON (AP)—A protest against "artificial stimulation of vice" was delivered by Miss J. E. Higgins, of the archbishop's central council, at a meeting of a purity association here.

"How can you expect young people to retain their ideals when, at moving picture shows and at plays, they have stories, not of pure, faithful and true love, but of unfaithful wives and unmarriageable husbands?" she asked.

Canon Brewer, of Brighton, said: "This is the law of England's moral crisis."

Any reasonably-priced house or apartment may be rented—through an inexpensive classified advertising campaign. Test the matter. The "risk" involved is so small that few people would dignify it by that name.

PROPOSE HALL OF FAME FOR CELEBRATED TREES

American Communities Make Bid for Place on List of Forestry Association

WASHINGTON (AP)—A "Hall of Fame for Trees" has been inaugurated by the American Forestry association for the recognition of famous trees and the location of the largest shade tree in the United States.

An elm at Huntington, Indiana, long has been regarded as the largest shade tree in the country. This claim of course excludes the Redwood of California. Now comes Dumont Kennedy of Crawfordville, Indiana, with a picture of tree on his property and the suggestion that it is larger than the tree at Huntington. This tree has a spread of 99 feet while the Huntington elm has a spread of only 75 feet. A tree at Framingham, Mass., also makes claim to being the largest.

Charles Lathrop Pack, president of the American Forestry association, says:

"We want a complete list of famous trees now. There is the Liberty tree on the campus of St. John's College at Annapolis, under which a treaty with the Indians was signed in 1632. The experts tell us this tree is close to 300 years old. We all know of the William Penn Treaty tree beneath which Washington took command of the Continental army. At Oberlin, O., is an elm on the corner of the campus under which was the first log house in which Oberlin College was founded. The American Forestry association has listed many famous trees, but it wants the list complete. If there is a famous tree in your town the association wants to know about it."

Gold's Great Power.

One of the funny things about human nature is the tender affection we all have for money, the way we work to get it, and then the way we talk about everyone who has succeeded in getting a lot of it.

OFFICIALS IN SEARCH OF COMMUNIST PLANT

Radical Newspaper Continues Publication Despite Anti-Red Activities in New York

NEW YORK (AP)—State and city detectives are searching for the plant which prints The Communist World, a radical newspaper which continues to be printed secretly and circulated here despite anti-Red activities. Dr. Maxmillian Cohen, editor of the paper, is the special object of search by agents from the attorney general's office.

Nathan Elias, who conducts a printing establishment in which it is alleged the Revolutionary Age was published was called Monday before the extraordinary grand jury investigating radical activities.

Another witness was Mrs. Rose Pastor Stokes, whose name, it was stated, was signed to several blank checks found during a raid upon one of the communist headquarters.

Mrs. Stokes, in a statement given out after her examination by the jury said: "It is absolutely absurd to say that I have made large contributions to the Left Wing. It is absolutely false."

Have Eye for the Future.

Do for yourself what you admire seeing the other man do. He takes time to get ahead. His mind is his most precious treasure. No plans are too much to bestow upon it. You watch him grow and admire his pluck. You even speak the word that boosts him. Why not apply his principles to your own life? Make the hours count. Take detours now that you may ride an easy road later.—Exchange.

There's a market for good property. People are able and eager to buy desirable real estate. The home-finding problem is growing more serious all the time. You can sell your real estate if you are willing to sell at a fair price—and to advertise it adequately.

CLAIMS MORELOS PACIFIED

Mexican General Reports Complete Defeat of Rebels in Taking of Cities

MEXICO CITY (AP)—Complete pacification of the state of Morelos by the capture of seven self-termed "generals" has been reported to the war department by General Pablo Gonzalez, who is in charge of federal military operations in the southern part of the republic. The capture of the "generals" was effected at Huautla after those years with more than a thousand men had been cornered in the hills for fifteen days. General Gonzalez stated that valuable archives dealing in detail with the exploits of Emiliano Zapata before he was killed, were taken.

LEGAL ADVERTISEMENTS

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Commission of Public Works of the State of Idaho, at the office of the Commissioner, Boise, Idaho, until 2 o'clock p. m., on the first day of December, 1910, for the grading and surfacing of approximately two miles of the Sawtooth Park State Highway between Jerome and Sheoshone in Jerome County.

Bids will be opened and publicly read at the above stated hour. Plans, specifications, form of contract, proposal forms and other information may be obtained at the office of the Director of Highways, Boise, Idaho, and at the office of the Engineer for Jerome Highway District, Jerome, Idaho.

All proposals must be made on the forms furnished and must be signed by the bidder with his address. The commissioner reserves the right to award the contract for gravel surfacing separately from the contract for grading or to award the entire work to one bidder as he may deem for the best interests of the State of Idaho.

The right is reserved to reject any or all bids, or to accept the bid or bids deemed best for the State of Idaho. No bid will be considered unless accompanied by a certified check, on some bank of Idaho, made payable to the Commissioner of Public Works, in the amount of five per cent of the total amount of the bid. This certified check is to become the property of the State of Idaho, not as penalty but as liquidated damages. If the bidder, upon acceptance of his bid, fails or refuses to enter into a contract, or to furnish the required surety bond, within ten days (not including Sundays) after presentation of the contract by the Commissioner of Public Works to him for execution.

A bond with a surety company, authorized to do business in the State of Idaho, and satisfactory to the Commissioner of Public Works, will be required for the faithful performance of the contract. The sum of fifty per cent (50%) of the total amount of the contract price.

It is the purpose of the commissioner to build the road in the shortest time consistent with good construction, and complete and well designed equipment and effective organization will be insisted upon. WM. J. HALL, Commissioner of Public Works. Dated Nov. 24, 1910.

REPORT OF THE CONDITION OF THE Bank of Kimberly at Kimberly, in the State of Idaho, at the close of business, November 17, 1910.

Table with columns: RESOURCES, LIABILITIES, and STATE OF IDAHO. Includes items like Cash on hand, Due from Banks, Checks and Drafts, Loans and Discounts, etc.

STATE OF IDAHO, County of Twin Falls

I, W. H. Turner, Cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief. W. H. TURNER, Cashier.

Subscribed and sworn to before me this 22nd day of November, 1910. I certify that I am not an officer or director of this bank. H. EATON, Notary Public.

Correct—Attest: A. B. NORTON, H. P. LARSON, Directors.

Twin Falls Title & Abstract Co. ABSTRACT BUILDING Farm and City Loans

EVASDED LAW THIRTEEN YEARS

Noted Indian Outlaw Forced by Attention to Surrender to Police of British Columbia.

Simon Gun-noot, notorious Indian outlaw and "bad man," has experienced a change of heart. He has given himself up after evading the police and the white man's law for 13 years, says a Vancouver (B. C.) dispatch to the Toronto Globe.

Among his tribesmen in northern British Columbia the elusive Gun-noot was regarded as a great hero, not because of his success in evading the law, but because of his great feats of strength and his prowess as a hunter; his mastery with the rifle and his intense religious fervor. Undoubtedly the affection of his tribesmen assisted greatly in his remaining at large so long. Of the vast resources of northern British Columbia he probably knows more than any white man. This is said to be especially true of mineral wealth.

During the 13 years Simon has been a fugitive from justice he is said to have never been out of British Columbia. The government has offered \$50,000 to get him, without success. His reasons for surrendering, he says, were to obtain civilized comforts for his sick wife and education for his children.

Simon will face trial on a charge of murdering Alex McIntosh and Max Le Clair, two white traders, whose bodies were found on the trail outside Hazelton, B. C. It is alleged that Simon fought with them, claiming that he did so because they gave his young wife liquor.

Lack of Fact. Jones—What a Jounth that fellow Smith is. After owing me \$5 for two years he came up to me on the street and paid me right while I was talking to Brown, whom I had owed \$5 for three years!

AN INSIDE BATH MAKES YOU LOOK AND FEEL FRESH

Says a glass of hot water with phosphate before breakfast keeps illness away.

Physicians the world over recommend the inside bath, declaring this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities from the blood, causing ill health, while the pores of the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the alimentary canal before eating more food. Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; other who have bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to show the value of inside bathing. The value of inside bathing—adv.

WOULD STOP PROPAGANDA

British Statesman Says Professional "Lying" Maken Peace Impossible

LONDON, (AP)—Propaganda of hatred should not be permitted to interfere with the reconciliation of nations now that the war is over, declared Sir Ian Hamilton in unavailing a war memorial at Chichester the other day. As the war had progressed, he said, it had been necessary to harden the hearts of the soldiers for the job.

"If you wish for peace, away with hate propaganda," said Sir Ian. "When under the cloak of propaganda, professional lying takes place, then goodbye forever to peace on earth, good will towards men."

Fish Live In Ice.

During several months of each year some of the great rivers of Siberia are frozen solid to the bottom, but the fishes imprisoned in the ice maintain their vitality and resume their active life when the ice melts in the spring.

MARRIED ON HORSEBACK

Forest Service Official Takes Bride with Unique Ceremony

OLYDE PARK, Mont., (AP)—Paris' M. Crano of the forest service and Miss Lucille Menger were married here on horseback, all parties to the ceremony being mounted.

Justice of the Peace F. M. Douglas performed the service. When the ceremony concluded, they shook hands with the justice and operators and galloped away to Crano's cabin. They will spend their honeymoon in the Crazy mountains, where Crano spots forest fires.

Disease Caused by Tree Tapping. A Dutch scientist has found that the diastrophic brown rust disease of the rubber tree is caused by the present method of tapping, and not by a mold infection, as has previously been thought.

TELL IT IN WRITING, ALDERMANIC BOARD TELLS PETTY PETITIONERS

Long Debate Over Trivialities is Taboo at City Legislative Sessions—Much Time to be Conserved by New Measure—Dr. Faloon Explains Requirements for Better Butcher Stuff

Discussing personal grievances, kicking protests and petitions while the protestant drapes himself on the bar before the chambers of the city legislature, will be no more from this time. The municipal administration, tiring of long-drawn out oral debates over small matters during session sittings, last night voted the ordinance and such were custom into the discard. These several matters must, from now on, be submitted in writing for the consideration of the main administrative board.

Meetings of the city selection average about 60 in each year. Estimates by persons who have made a deep study of the business methods of the city council in the past prove that 90 per cent of these meetings are wasted in pro and con debate of the small questions that pertain to somebody's personal interest. To conserve the indulgence of the council in the past six months or more small matters have occupied a large proportion of the council's time and, without having, as a rule, brought any great benefit to the city.

Long Debate

Desire on part of the select board to give every man a hearing, no matter how trivial his grievance, or how little it might mean to anybody except the petitioner, has lengthened out 80 per cent of recent meetings until deliberations have carried on to midnight and, often, small matters have delayed the greater number of instances, postponement to the later hour of business of vital importance to the city at large.

Alderman C. B. McMartin is responsible for the order of things, and it was upon his motion that the council last night decided to suspend the gratuitous method of giving every petitioner carte blanche to the floor to occupy it for rationation to his hearer's content.

Petitions, supplications, grievances and complaints submitted in writing will be given early and full consideration, either by the council as a whole, or through committee boards. The bills of particulars must state clearly and in full the entire nature of the want so that the select board may act intelligently without further questioning in the premises. This act of the council, however, does not serve as a bar to the appearance of persons who have emergency claims against the attention of the board of city administrators.

Move Dog Lockup

There has been no complaint lodged against the maintenance of dog hoes going on in its present location back of the Nye coal yard on the south side that the city board has ordered the street commissioner and superintendent of waterworks to flag another and more isolated site for the pound.

Branches of trees that overhang the sidewalks to the damage of personal comfort and health, and which may be cut off without delay all over town. This order was issued last night to the park superintendent who was instructed to use axe and saw wherever there are offending branches, except where such trees are privately owned. The owners of these must do their own trimming.

Dr. Faloon Calls

W. A. Faloon, state veterinarian, located in Twin Falls with jurisdiction over the tuberculin testing of dairy herds, appeared before the council last night and gave an instructive and interesting lecture on herd testing and on the meat and butchering business. Dr. Faloon appeared at the request of the council to tell of proper methods employed in the handling of meat for human consumption. He treated the subject exhaustively from the animal on hoof to the moment of putting the cuts into the hands of the customer. He criticized no one in Twin Falls, but explained many plans for the betterment of meat handling here. In a general discussion he recommended the adoption of a city ordinance covering the butcher business and the meat situation here, advising the employment of a regular city meat inspector. Dr. Faloon urged the city administrators to confer with the state inspector relative to drafting a proper protective meat ordinance for Twin Falls. Today May or W. H. Eldridge said he would get into communication without delay with the inspector with reference to having him come here to assist in drafting such an ordinance.

The meeting, exclusive of Dr. Faloon's end of it, was over and done by 9:30 last night.

ROOSEVELT FAMILY TO CONDUCT COFFEE HOUSE

Associate in Company to Take Over Existing Establishment on Edge of New York White Light

NEW YORK, (AP)—Purely as a business enterprise and not as a political venture, members of the Roosevelt family have associated themselves to conduct in New York a "coffee house," a name reminiscent of the centers of political and literary discussion in earlier days in English history.

The purpose of the company, in which Theodore, Archibald and Kermit Roosevelt, Dr. Richard D. and Philip P. Roosevelt are directors, is to take over an existing coffee house on the edge of the White Light district.

"We saw a chance to make some money," said one of the brothers; "that's the whole explanation."

You can secure a "taste" of this property, without delay or expense enough to "count," through the classified.

CITY MILK ORDINANCE GENERALLY VIOLATED

Much Milking Done in Town but Fluid Not Handled According to Law

Dozens of Twin Falls residents daily are violating the terms of the city milk law, and are thus rendering themselves liable to punishment through the penalty prescribed by the ordinance.

The law prescribes that certain sanitary measures must be taken in the handling of milk produced for sale or home consumption. One of the principal requirements is a sanitary shippen, or milkhouse, not located nearer than five feet from any outflow, chicken yard or similar institution.

Also, according to the sanitation inspector, A. W. Murray, no regard is being given to the town's requirements pertaining to the sort of container that milk is handled in. The law prescribes a certain style of sealed bottle, or jar, but positively proscribes the use of tin cans for the purpose of milk.

The question of a milkhouse that will meet the municipal law's requirements as to location and sanitation, is one that has been discussed officially to distraction's verge. If he were to rigidly adhere to the letter of the law every cow barn in Twin Falls would be under quarantine, thus putting the town to the cost of containing the milk and home.

Mr. Murray has in contemplation a plan that may result in community milk houses, constructed and carried out under supervision of the health department. Mr. Murray believes this to be one safe and sane way to carry out the terms of the law. Milk from privately owned cows in each community could be safely handled through community shippens, the sanitation expert believes.

WANTS HALF-CROP MONEY

In the district court this morning, J. R. Reed, representing Emory Graffey and the Amalgamated Sugar Company for \$1707, alleged to be the amount due on half a sugar beet crop grown on her farm. In the complaint the plaintiff charges that under an agreement entered into between herself and Graffey on October 25, 1918, Graffey was to give the plaintiff one-half the proceeds of the year's crop. She alleges that the defendant has sold the entire crop without rendering an accounting.

SUE THREE HINDOOS

The following suits were filed in the probate court this morning by Walters & Hodgins, and C. A. Bailey, attorneys, representing the City Marketing company of Twin Falls against Fridar Singh, seeking judgment for \$129.50 on account; against Bojia Singh, for \$48.33 on account; and against Delhar Singh, for \$108.83 on account.

IDAHO DEPARTMENT STORE, Ltd.
TWIN FALLS, IDAHO

Milk Worth Be Decided By Samples

Milk bottled in bond is to be the best scheme in Twin Falls. A. W. Murray, municipal health officer is to be the better and bolder.

Mr. Murray, after long and intense contemplation, study and labor has finally decided upon a plan of action in the enforcement of the city milk ordinance, as that law relates to the delivery in Twin Falls of nothing but the best lactical liquid.

The plan goes into effect immediately and prosecutions are likely to follow.

The health officer has provided himself with a supply of cover glass jars of small capacity in which he will place samples of milk purchased by himself or authorized henchmen for test purposes. The containers will be filled in the presence of the persons from whom taken, and will also be sealed in the same presence. That done the milk will be sent to a state laboratory for analysis and report, the state department of health having preferred free service for this job.

FARMERS TO GATHER AT FESTIVE BOARD

Banquet Will Be Served at the Meeting of County Agriculturists Tonight

At the Rogerson hotel tonight the Twin Falls County Farmers' association will hold a general acquaintance meeting with a banquet as one of the features. The meeting has been called for 7:30 p. m. and will be the transaction of any great amount of business, although questions pertaining to the general good of the farmers of this county will be discussed in after dinner speeches and toasts.

The Farmers' association was started during the past summer and has grown in membership until it now controls 1300 representative agriculturists of this district. The purpose of the association are the betterment of the farmers and agricultural produce; to find ready markets for this produce, and generally to elevate all conditions on the farm. A. L. Houghtelin is president of the association.

Coeur d'Alene, Cargo Carrier, is Launched

PHILADELPHIA, Pa., (AP)—The Coeur d'Alene, Hop Island's sixty-ton cargo carrier, was launched today. Miss Marjorie Law, of this city, was the sponsor. The Coeur d'Alene, a 725-ton cargo carrier, was named by Mrs. Woodrow Wilson after a town in Idaho.

FOR THANKSGIVING

Tonight in the church the Baptist Young People's Union will hold a special Thanksgiving program.

HOOVER SUES RILE

Harley Hoover has entered an action in the probate court against Wilson Rile seeking judgment for \$11,150 on a promissory note. The action was filed by Walters & Hodgins and C. A. Bailey, representing attorneys.

TO COMPLETE CHAMBER OF COMMERCE TONIGHT

Officers Will Be Elected and By-Laws Adopted—Many Applicants

Tonight at 7:30 in the Elks club room a big meeting of members of the Twin Falls Chamber of Commerce will be held to complete organization. Permanent officers are to be elected and by-laws adopted at this session.

During the past few days the membership committee completed its work and reports "over the top." The charter roll will contain more than 300 signatures when presented by W. R. Friolo, general chairman in charge of the membership push.

It is quite probable that at this session questions relating to business quarters for the club will be discussed, and perhaps the matter of a secretary will be given consideration. The latter business, however, must finally be decided by the board of directors. Location of business quarters unquestionably will be considered.

More than 500 applications for the position of secretary are on file with the board of directors.

TO EMBLE TURKEY

This evening in the dining room of the Masonic temple, the local chapter, Order of Eastern Star, will serve a Thanksgiving dinner. The centerpiece will be roast turkey. The occasion is the official visitation of the grand worthy matron, Mrs. Maude McRoberts.

ADMITS GUILTY

Burton H. Smith was arraigned in the probate court this morning on a charge of obtaining money by false pretense. He entered a plea of guilty and was fined \$300. Smith was represented by E. V. Larson and W. P. Guthrie.

Elements or Weather Man Gone Crazy

UNLESS the elements themselves have gone all awry the weather man is again off his canoodle.

With gloom spreading like a drab mantle all over the horizon the meteorologist in Boise blithely kicks in with this unctuous information:

Tonight and Wednesday fair. Colder tonight in southeast portion.

Temperatures hereabouts took a slump, along with stock quotations on the New York bourse. From 55 on Sunday the mercury slid to 49 for high Monday, and continued on a downward bent until it reached 23 degrees above zero last night.

CALLED FOR TRIAL

The following cases have been set for trial in the district court: Against Frank Clark, W. C. Robertson and R. F. Nichols, accused of grand larceny, December 4 at 10 a. m. By order of the court E. M. Wolfe and J. F. Martin have been retained as counsel for the men. *Id. v. J. J. Jorgensen*, also accused of grand larceny, on December 3 at 10 a. m.; *J. E. Hefley*, December 8, at 10 a. m.; *E. A. Mumford*, December 8 at 10 a. m.

SELLS STORE INTEREST

RUPERT (Special)—Frank Deno, better known as "Blind" Frank, sold his interest in the Deno-Goodrich store to M. F. Goodrich, his partner. Mr. Goodrich took charge at once. Mr. Deno has rented part of the old Brown building, recently vacated by R. T. Astor, and will start a new stand in the near future.

MASONS ENJOY BEST MEETING OF SEASON

More Than 100 Members of Fraternity Attend Session and Participate in Feast

The biggest and best Masonic meeting of the present year was engaged in last night at the Temple. More than 100 members of the fraternity gathered to see work in the Third degree and participate in festivities of a gustatory nature at the conclusion.

The session was the final meeting when the present set of administrators can have charge, regular annual election taking place during the early part of the coming month. John A. Brown, grand Masonic lecturer, of Buhl, and C. C. Howe, grand worthy patron of the Order of Eastern Star, were present. During degree work the Temple Quartet sang exemplification selections. At the conclusion of the lodge work a pleasant banquet was served.

DENIES SOVIET AID TO REPUDIATE BOND ISSUES

Self-Styled Bolshevik Ambassador to United States Says Authorization Means Nothing

NEW YORK, (AP)—The Bolshevik do not intend to repudiate \$100,000,000 worth of bonds issued by the imperial and provisional governments of Russia, as reported, according to Ludwig C. A. K. Martins, self-styled soviet ambassador to the United States.

Testifying today at a hearing held by the joint legislative committee investigating radicalism in this state, Martins asserted that although the soviet government had been authorized by the all-Russian congress of soviets to repudiate obligations contracted in preceding regimes, it did not intend to take advantage of this permission.

The ORPHEUM THEATRE

TODAY AND TOMORROW

Robert McLaughlin's Famous Stage Success—

The Eternal Magdalene

Featuring MARGARET MARSH

THE ETHERNAL MAGDALENE

THE MYSTERY WOMAN OF THE AGES
Time differs as between cities, but waiting that detail—
This woman, wondrously beautiful, tonight steps from her motor into the entrance of the Ritz or Savoy in London accompanied by one of the most desirable men that society can offer!
Again, this afternoon, this same woman is having tea on the verandah at Sheppards in Cairo and measuring with her inscrutable, Mona Lisa eyes the country and the people to be found at the gateway of the Garden of Allah.
Tonight, too, she is at the Cafe de Paris.
She is dancing at the Cliff House in San Francisco, or racing up the ocean boulevard in Los Angeles to keep a dinner engagement at the Alexandria.
IN EVERY CITY, IN EVERY SMART SHOP IN THE WORLD, all of you SEE her; this same, unexplainable woman.
At the masquerade, at the perfumer's, at the modiste's, at the butcher's or the broker's—THERE SHE IS, AND YOU CANNOT ESCAPE HER.
SHE IS EVERYWHERE.
She is rich. She is poor. She has everything except honor or she has nothing minus honor. She is somebody's runaway daughter, or some mad abandoned wife. She is a BIRD OF PARADISE, leaving some haven of discontent, and BOUND FOR THE PASSAGE OF GOD KNOWS WHERE. She beguiles, allures or depresses the gambler and the diplomat. In ALL lands and in ALL times she has marched along the social fringe of things, bedecked or bedraggled.
You cannot defy her. You cannot escape her. She is "THE ETHERNAL MAGDALENE."

APPEAL OF STORY—Unlimited. A story of your town and my town; a ray of light that penetrates the very depths of human hearts. A great picture of the WORLD as it IS, as it always has been, as it always WILL be.

DURATION OF APPEAL—"Eternal." A picture to feature when the Creator of the Universe sweeps the earth into oblivion; a picture to talk about, think about, TODAY, TOMORROW and the next day—and the next.

CENTRAL CHARACTERS—The little girl next door; the woman who hides her face when she meets you; the woman who paints her hair when she kisses you; the school teacher; the society queen; the woman who bakes bread; the woman who washes clothes; the woman who owns automobiles!

SUPPORTING CAST—YOU, your son, your nephew, your brother, your father, your dear friend, your hated enemy, your nemesis, your confidant. The man you trusted—the man you suspected.

PLACE—New York, Madrid, London, Paris, Rome, Oakland, Denver, Trieco, Haverack, Wild Valley, Grand Junction, Cross Forks, Road, the Village of Quiet, the City of Noise.

TIME—33 A. D. 1743—1843—1919—1920—1921—1922 and on, and on, and on!

DRAMATIC VALUE—Immense Thrills, suspense, ecstacy, tears. Unexpected situations, startling climaxes.

ENTERTAINMENT VALUE—Excellent. Replete with heart, humor, humor, clever captions and sub titles.

A SIX-PART POWERFUL HUMAN FOTO DRAMA

Two Vaudeville Acts

Matinee—2 O'clock USUAL ADMISSION Evening—6:30
Always a Good Variety—Always Your Money's Worth
