## DIPLOMACY MAY BRING PEACE IN ADRIATIC AREA

Conversations in Paris Between Powers Make for Considerable Improvement in Troublesome Situation

## GOVERNOR OF DALMATIA RESIGNS HIS POSITION

Welcomes D'Annunzio at Zara Complies with Wishes of Rome and Renounces Title Given by the Insurgent

LONDON, (AP)—Considerable improvement in the Adriatic situation is reported here as a result of conversations in Paris between British, French, Italian and Yugoslav representatives. The latest indications are there is a possibility of a compromise settlement satisfactory to all parties, including Gabriele D'Annunzio.

ROME, (AP)—Rear Admiral Enrico Millo, who has acted as governor of Dalmatia as well as commander of the occupation forces in that country, has resigned from the former office. Rear Admiral Enrico Millo recently has taken a prominent part in developing a pro-Dalmatianist movement. When Gabriele D'Annunzio, who has held Fiume for the last two months with his "irregular" Italian troops, landed at Zara, south of Fiume, on Friday, November 14, he was welcomed by Admiral Millo, who later swore allegiance to the D'Annunzio movement. His action was deprecated in a semi-official statement issued at Rome last Friday, November 14, in which it was stated that Admiral Millo would remain in his position in Dalmatia pending a decision by the government as to what steps it would pursue.

Admiral Millo's title to the "governorship" of Dalmatia was apparently solely by virtue of appointment by D'Annunzio. An account of D'Annunzio's expedition to Zara, published from Rome last Saturday, said that D'Annunzio, in his speech to the people of Zara, concluded by presenting Admiral Millo as "the first governor of Italian Dalmatia." It was stated that after Admiral Millo announced that he had sent a telegram to Rome accepting the governorship of Dalmatia, "in the name of the King of Italy," "in the name of the American government" remained in his position. "It is dispatched appear to be that, in compliance with the wishes of the Rome government, Admiral Millo has renounced the title bestowed upon him by the D'Annunzio expedition."

ROME, (AP)—Premier Nitti held a long conference yesterday with Camillo Bertoni, French ambassador, according to an announcement made by the Epoca.

## SOVIETS CLAIM FURTHER GAINS

Moscow Dispatch Says Forces of Denikin and Kolchak Retreating

LONDON, (AP)—General Denikin's army in southern Russia is retreating and the Bolsheviks have captured two towns in three days, according to a wireless dispatch from Moscow. Bolshevik troops are entering Ukraine, where they intend to stay, the dispatch says. Admiral Kolchak's forces in central Siberia are retreating rapidly, according to the dispatch, and the Reds have recaptured a point 25 miles east of Oymyakon.

A Moscow wireless today reports a speech by Tom Iaino, characterized as "the representative of the American Bolsheviks," delivered before the Moscow soviet, in which he described the "growth of influence" of the communist party in the United States.

He held the soviet, says the message, that the American government must show difficulty in supplying Admiral Kolchak with munitions because of the opposition of the workers.

## LAWMAKERS ASK MORE PAY

Labor Members of Parliament Agitate for Increase in Salaries

LONDON, (AP)—Labor members of Parliament here are agitating for an increase in their parliamentary salaries, which now are about £1,000 a year. The present salary, which represents a pre-war purchasing value of approximately \$500, is regarded as hopelessly inadequate for the maintenance of an legislator in London.

It is understood that a proposal is to be put forward for a modified plan of payment by attendance. The demand is that every member of parliament living out of London should be entitled to traveling expenses and a substantial allowance of \$5 for every day on which he attends.

## MEXICAN PROBLEM CLAIMS ATTENTION

Strained Relations Between United States and Mexico Occasioned by Jenkins Case Receives Serious Consideration of All Official Washington; State, War and Navy Departments Prepared to Deal with Any Emergency.

WASHINGTON, (AP)—The Mexican problem was before the president's cabinet again this morning. The strained relations between the United States and Mexico occasioned by the Wm. O. Jenkins case is receiving the serious consideration of all official Washington and in case of an unfavorable turn of events in Mexico City, the state, war and navy departments are prepared to deal with any emergency.

The state department still has received no reply to the note to the Carranza government demanding the immediate release of Jenkins, consular agent at Puebla, held in custody on the charge of collusion with bandits who kidnaped and held him for \$150,000 ransom.

In official circles here there is a feeling of uneasiness over the treatment of the consular agent and full pressure was expected to be brought against the Carranza government in demanding satisfaction.

Rebel People Hostile

Refusal of the judge considering the Jenkins case to hear the testimony of three persons from Cuba, Lucia, who declared untrue the report circulated by Mexico City, and others, which declared that the rebel leader who kidnaped him, has created a feeling of hostility among the people of Puebla, according to El Universal of Mexico City, a copy of which was received today in Washington.

The newspaper says the Jenkins case is becoming daily more complicated and that public opinion is divided and that the silence of the judicial authorities has greatly contributed to the difficulties of settlement among the people.

Conducta Recta

It also says that all the information given out by the court for publication is contradictory to the evidence given by Jenkins under oath.

El Universal says its correspondent talked with the persons from Jenkins' hacienda and others arrested by the secret police and all of them said the judge of the first instance at Altillo, and the police inspector of Puebla had exercised pressure on Ignacio Justo, Juan Salazar and Rosendo Yrangarilla to make statements against Jenkins but that the three men had refused. Jenkins was never at Santa Lucia with Covarda.

The decision of the judge not to admit this evidence was considered by Jenkins as a violation of his constitutional rights and he asked a writ of the supreme court which would set aside the three men from this application, was not granted.

Hold Inmate Witness

El Universal says public indignation was expressed at the detention of Florentino Anaya, an employee of Jenkins, who was known in Puebla as an influential figure. Because of this public feeling, the paper adds, the court (Continued on Page Five)

## WORLD NEWS EVENTS

QUEBEC, (AP)—The Quebec government will introduce a bill at the opening session of the legislature December 10, appropriating five million dollars for colonization.

BUDAPEST, (AP)—Posters demanding the restoration of royal arms on public buildings and declaring the proclamation of the Hungarian republic unlawful, appeared in this city over night. It is generally regarded that these posters mark the opening of the royalist party's election campaign.

BOGOTA, Colombia, (AP)—Governmental decrees published on June 30 last, nationalizing oil deposits throughout the country were held by the supreme court Tuesday to have no bearing on oil underlying private property but only on land reserved by the government.

SARAGOSSA, (AP)—With troops occupying strategic points throughout the city there were no disorders Tuesday as a result of the strike which was called as a protest against the arrest and deportation to Barcelona of various labor leaders. It is said that if the men being detained are released the strikers will resume work, and there are indications the government is disposed to liberate them.

## LLOYD GEORGE CONVERTED

British Premier Watches American Experiment with Open Mind

LONDON, (AP)—Premier Lloyd George said today that he never thought the introduction of prohibition in Great Britain possible, even during the war, but that he was watching the American experiment sympathetically with a mind free from preconceived opinions.

His reply to a temperance delegation to which this remark, forwarded to him, had been referred in connection with the control of liquor.

## CHEMICALS DISCOVERED IN BREWERY WAGON OFFICES

NEW YORK, (AP)—A large quantity of chemicals which could easily be converted into explosives were found in a secret room in the headquarters of the I. W. W. in New York at Fifteenth Street, raided late Tuesday by detectives attached to the bomb squad. One bottle which was found was labeled "P. N. T."

## MASSACHUSETTS STREET RAILWAY LINE SUSPENDED

Trustees Take Action in View of Operation at Loss Because of Jitney Competition

LAWRENCE, Mass., (AP)—Car service on local lines suspended today as a result of the public trustees of the Eastern Massachusetts street railway company, which declared that because of jitney competition, the street cars were being operated at a loss.

Only two interurban lines were operating and thousands of mill workers were obliged to walk or crowd into the many buses which were operating without license.

The bus owners attempted to meet the situation by bringing in scores of additional vehicles from surrounding cities during the night.

No facts were collected but contributions were accepted. The owners said returns were larger than if the usual bus fare of seven cents had been charged.

## PROBE REVEALS IRREGULARITIES ON ELLIS ISLAND

Acting Commissioner of Immigration Admits Privileges Previously Granted Make for Forum of Bolshevism

## ALLEGED ANARCHISTS IN CUSTODY GET LIBERTIES

The Congressional Investigating Committee Produces Evidence Against Former Official in Charge

NEW YORK, (AP)—Byron H. Uhl, acting commissioner of immigration at Ellis Island, admitted today to the house immigration committee investigating conditions here, that privileges had been granted during the regime of former commissioner Frederic C. Howe which if unchecked might have led to the establishment of "a forum of Bolshevism" on the island.

Uhl, appearing before the committee when it resumed its hearing this morning, made this admission after questioning all of the proposed increases of the immigration of his predecessor, the island "was not a gambling house, lawless home and a forum of Bolshevism."

Immorality Condemned

In reply to further questions Uhl admitted that previous to the resignation of Mr. Howe last September, immoral customs had been practiced in circulation among other prisoners. He further admitted that one Chinese crew had indulged in gambling to such an extent that they were unable to pay their bail.

After the arrival from Seattle of a trainload of "reds," he said, anarchistic papers and literature had been circulated on the island.

Chairman Johnson introduced two evidence files seized from Mr. Howe's file. One, dated October 3, 1917, was addressed to Fred Howe, and another "Reds in Goldmine." It dealt with the case of Joseph Goldberg, alias Joseph Durant and "Pett" (Continued on Page Five)

## MADDO REPLIES TO OPERATORS

Former Cabinet Member Challenges Mine Owners to Produce Income Tax Returns

NEW YORK, (AP)—Bituminous coal operators were accused of obscuring the issue and again challenged to produce their income tax returns by Wm. W. Maddo, former secretary of the treasury, in a formal answer today to their telegram criticizing his earlier statement that they were making "shocking and indefensible profits in 1917."

Should not be allowed to increase prices of coal.

Holds Atonage Indefinite

"The statement in your telegram," said the secretary of the treasury, "that the average margin per ton of coal mined in 1917 was 40 cents has nothing to do with this issue. These averages are frequently used as convenient smoke screens to obscure the facts. The question is not how many men are employed but the capital employed by the mine owners, regardless of the average profits that may have been earned on each ton of coal."

Whatever the margin per ton was, if it resulted in excessive profits on the capital employed then clearly the public should not be made to pay higher prices for coal and the mine owners should absorb the wage increase to the men. There need be no controversy about the matter because the income tax returns of the mine owners are available.

"Before the coal operators are permitted to increase the price of coal which would mean taking toll from every factory, every industry, every business and from every domestic fire-side in America, it should be clearly demonstrated that the increase is justified."

## Hopes for Publication

The treasury may publish these returns without the permission and in hope for the sake of the American public that such publication will be made.

I am convinced that the increased wages proposed by Secretary Wilson for the mine workers is just and reasonable because they equalize the miners' wages with the present increased cost of living as shown by Secretary Wilson's figures.

"I ignore the offensive tone of your telegram because neither personalities nor questioning of motive should be permitted to obscure the issues. I am surprised, moreover, that you think I had taste for me as a private citizen to express my opinion upon an important question concerning the welfare of the public. It is every private citizen has a much right as mine owners to express his opinions in free America. The long suffering public has a right to be heard and considered."

## GOVERNMENT DETERMINES UPON DEFINITE POLICY IN GOAL STRIKE SETTLEMENT

Decision of Administration in Wage Controversy to Be Delivered to Operators and Miners by Fuel Administrator Garfield; Rumor Says Increase of from Twenty to Twenty-Five Per Cent is Recommended by Cabinet

## SUBMISSION OF PROPOSAL TO MINERS CONVENTION LIKELY TO CAUSE DELAY

WASHINGTON, (AP)—A definite and final statement on behalf of the government in the coal wage controversy will be made to the operators and miners late today by Fuel Administrator Garfield.

Final decision was reached by the cabinet at the meeting today, Dr. Garfield and Secretary Wilson said. The fuel administrator called a joint session of the operators and miners for 5 p. m. to receive the decision.

Whether Dr. Garfield nor members of the cabinet would say what the cabinet's decision was, it was reported that the fuel administrator had won his point for an increase of from 20 to 25 per cent in miners' wages an amount of the 31 per cent proposed by Secretary Wilson and agreed to by the miners.

Ultimatum Expected

Dr. Garfield's statement to the miners and operators was expected to be somewhat in the nature of an ultimatum. The 20 to 25 per cent increase was understood to be acceptable to the operators, but grave doubt was expressed as to whether the miners would approve it.

After the cabinet meeting there is a somewhat general impression that the operators would be called upon to bear practically all of the proposed wage increase but officials would not comment.

Further Delay in Prospect

Thus far the position of the mine union officials has been that they could not accept anything less than the original demands of the Cleveland convention for a 30 per cent increase in wages and a 30 hour week without the approval of that convention. Should they hold to this view after the meeting, Dr. Garfield might be that several weeks would elapse before a final settlement was reached.

Conference Marks Time

Another effort to agree on a basis for computing wage advances to fifty per cent was expected to be made today by President Wilson's cabinet while the operators and miners marked time in their negotiations for a new wage schedule. It was reported that the country had remained on strike that the coal situation had reached what is described as a "national crisis."

Steps to meet the situation until something like the strike has been restored were under consideration by the fuel administration's central committee, with an order prohibiting the manufacture of coal designed at the first move in the nationwide campaign.

Controversy Center

The controversy in the cabinet centered around the proposal of Fuel Administrator Garfield that in computing wage increases the advances made to all miners in the central competitive field be taken into consideration and the Secretary Wilson's plan of an increase to pick winners to be the basis.

Mr. Wilson's proposal was supported today by John L. Lewis, acting president of the United Mine Workers, who said the solution to the coal problem since 1912 should be based on rates throughout the country and not merely in the central competitive field.

Replying to the position of the operators that the strike had increased wages awarded day laborers in 1917 should be given equal weight with other wage advances in computing the average wage increase, Mr. Lewis said this award was made to put the day workers on a parity with men on a tonnage basis and should not be included in any average.

Reports on Desertions

WASHINGTON, (AP)—Desertions from the army from March 1 to Nov. 17 of this year averaged more than eight hundred per month, with less than fifteen per cent of the men apprehended, the war department announced today.

The average period of confinement in army disciplinary camps has been reduced from 6.63 years to 1.85 years, elements having been recommended in 51 per cent of the 7,027 cases reviewed. Figures made public today show that in 2,675 cases the entire unexpired portion of the sentence was remitted.

New Home Rule Bill for Ireland to Make Early Appearance

LONDON, (AP)—A new home rule bill setting up two parliaments in Ireland will be introduced in the House to be chosen by the two, probably will be introduced in parliament within the next two weeks.

Mr. Bessner is being held by the cabinet committee in charge of the measure, the subject under discussion at present being finance which is in charge of a sub-committee of the cabinet. Mr. Bessner is the financial secretary of the treasury, and was one of the ringleaders of the Irish convention which was wrecked. Control of police is another knotty point.

PRESIDENT, Tex., (AP)—Jesus Benitez, the bandit who obtained \$15,000 ransom for the return of the United States army aviator, Lieutenant Davis, and Peterson, was killed by another bandit at Carrizos Springs, Mexico, in a fight over a portion of the ransom money, according to apparently reliable reports from Mexican sources received here.

## SOLDIERS ROUND-UP WYOMING COAL MINERS REFUSING TO RESUME WORK

SHELDON, Wyo., (AP)—Scores of soldiers were ordered to return to the coal mines with fixed bayonets charged work were rounded up by United States soldiers in Carneyville, Wyo., today and placed on interurban cars for removal to the county jail in Sheridan. All other miners in the town were ordered by Major Warren Dean Baker said today that it was "inexcusable" that an army officer would attempt to arrest coal miners for their failure to return to work as reported from Sheridan, Wyoming. He added, however, that he could take no action until he had received an official report on the incident.

Dr. Garfield's statement to the miners and operators was expected to be somewhat in the nature of an ultimatum. The 20 to 25 per cent increase was understood to be acceptable to the operators, but grave doubt was expressed as to whether the miners would approve it.

# OFFICIAL LAUDS K. C. PROGRAM

### Franklin D. Roosevelt Praises Work and Urges Its Con- tinuation

NEW YORK, (Special)—Franklin D. Roosevelt, assistant secretary of the navy, recently had the following to say regarding the warfare work of the Knights of Columbus during the war and its present peace-time program:

"The Knights of Columbus should be just as active and cordant as it did in the war. If its work should stop it would be a national calamity. It is needed to combat discontented elements. We have in our immense population an extremely small but generous element. The new campaign in our education is going to make anarchy impossible. Anarchy is bred in two ways, lack of education and education in untruths. An organization like the Knights of Columbus giving true education will strike at the roots of the danger."

"And no striking at the roots of the tree will fall. To my dying day I shall always think of James A. Flaherty, supreme knight of the order, as a man who led with a noble hand in the power of the navy to confer a decoration on him his name would stand at the head of the list."

On the return recently of the 2,000 officers and men of the mine-sweeping division of the navy from the North Sea, Secretary Daniels paid special honor to the Knights of Columbus by designating them to play host at a luncheon served at the New York navy yard to the men of the division.

This order came about because Mr. Daniels had learned that the "Caney" workers stayed in the British Isles with the mine-sweepers until they completed their work of taking up 50,000 mines in the Atlantic Sea, which terminated only a few weeks ago. The K-C huts were the last of the war relief to close out when the men departed.

## DEMAND "UNION BITES"

### New York Dental Workers May Vote Strike for Recognition

NEW YORK, (AP)—Every bite a union bite is the slogan of the dental workers union, announced Tuesday, Emanuel S. Stuedel, its organizer, said that a vote would be taken on the question of a general walkout to force recognition of the union. The organizers yield, he declared, not a new store, tooth will move in the metropolis.

"Now is the time for friends of the union habit to show their colors by wearing none but union made teeth, and by insisting upon the union label," Stuedel said.

The label, it is explained, will not be offensively conspicuous, but will still be easily recognizable. Higher wages and shorter hours are incidental demands.

## CRAB FISHERS RESUME WORK AFTER "VACATION"

### Strict Enforcement of Closed Season Conserves Supply of Crustaceans

SAN FRANCISCO, (AP)—After the annual "vacation" of three months and a half due to the enforced closed season under the California law, crab fishers of San Francisco are again at work, operations having been resumed Saturday, November 16, following suspension since July 30.

More than 200 boats comprise the San Francisco crab fleet, and they operate outside the heads of the Golden Gate, their base of operations being Fisherman's Wharf, where not only the crab fishers but hundreds of boats engaged in deep sea fishing are quartered.

The closed season for the crab fisherman coincides with the moulting time of the crustaceans, and is established by law to conserve the supply.

The three and a half month period gives the crabs time to get an entirely new outfit of wearing apparel, and they are now in new hard shells and their flesh has resumed its edible condition.

When the time for moulting is due the crab discards his old shell by walking out of it backwards. The leaves the crab's body soft and watery. Sudden growth then occurs, the crab swelling at least 20 per cent in size. This is followed by a gradual hardening of the new shell.

Strict enforcement of the closed season, in which the crab fisherman cooperate, realizing that it is to their benefit, has kept up a large supply of crabs, according to N. B. Scofield, head of the commercial department of the California fish and game commission.

Other conservation measures which preserve the industry are the provisions which forbid catching of any crab measuring under seven inches across the back of the shell.

### Washington Prosecuting Attorneys Plan State Wide Prosecution

SEATTLE, WASH., (AP)—Immediate state wide criminal prosecution of all persons advocating changes in the government or institutions by unlawful means is planned by prosecuting attorneys of Washington, according to a statement issued Tuesday at the close of a conference held here by prosecutors of 39 counties.

Attorney General L. L. Thompson presided.

Bar associations were asked to furnish names of lawyers who are willing to assist, without compensation, in the prosecution of the cases. Citizens also were urged by the prosecutors to help by welcoming jury duty.

The attorneys decided no new laws were needed to handle the cases.

# OBEEDIENCE TO LAW IS ISSUE

### Prohibition Commissioner Gives First Pronouncement on Policy

WASHINGTON, (AP)—Enforcement of constitutional prohibition will be placed squarely up to state and municipal authorities, and the federal government machinery will not intervene unless inefficiency on the part of local officials makes such action necessary, the board of temperance of the Methodist Episcopal church was told here Tuesday by John F. Kramer, federal prohibition commissioner. It was Mr. Kramer's first pronouncement of policy since he assumed office a week ago.

**New Demarcation Line**  
Mr. Kramer said the people of the country could be divided into two classes.

"Heretofore the line of demarcation has been between those who favored prohibition and those who opposed it," he said. "From now on the line of demarcation will be between those who favor obeying the law, whether their personal views are in harmony with the law or not, and those who will be ready and anxious to violate the law."

**Describes Legal Machinery**  
Describing the machinery being set up for the enforcement of the prohibition law, Mr. Kramer said the first step would be with the various state inspectors.

One of the chief duties of the state federal director," he added, "will be to secure the backing and support of all civic, moral and religious bodies."  
Affirming his belief that the great mass of the American people were at heart law-abiding, the prohibition chief declared that "this fact will toll mightily in the matter of getting results from the law."

**People Must Use Power**  
"The highest success will be obtained only if the great mass of law-abiding people make their influence and power felt," Mr. Kramer said. "Obedience to law should be preached from every pulpit, taught in every school room, urged from every platform."

Warning the board that the battle for prohibition was "but well launched," Mr. Kramer declared that the greatest danger of the prohibition battle faced was that "our people are not given to maintaining a continued effort along any particular line of reform."  
"The battle for prohibition is not won," he said. "We have gained ground of great strategic importance. We must not only hold it but capture advanced positions well."

## BLAMES CORPORATION FOR PRICE OF RAISINS

### Witness Tells Federal Trade Commission Crop is Greater and Costs Slightly Increased

WASHINGTON, (AP)—Franklin P. Nutting, president of the Seedless Raisin company, testified before the federal trade commission Tuesday that the packing facilities of his company had operated at but one-third capacity this season owing to the company's inability to obtain a sufficient supply of raisins from the California Associated Raisin company. Had his company been able to operate to capacity, he declared, it could have saved \$650,000 on its production for the season.

Nutting claimed the increased price established by the Associated company was not in proportion to the increased production cost. He said costs of growing and curing raisins had increased nearly a cent a pound during the past year and that packing costs had increased about one-eighth of a cent a pound. The 1910 raisin crop, he said, was three times as large as the 1914 crop.

Under cross-examination Nutting testified that he and George H. McCandless, sales manager of the American company, owned more than 50 percent of the American Seedless Raisin company stock.

## IT WILL BE A LEFT-HOOK BATTLE WHEN DUNDEE AND WHITE MEET

### Lightweight Boxers to Settle Old Score in Meeting Tonight—Men are "Bitter Rivals" with Southerner Having a Decision Against the Former Chicago Fistic Star

**BY RAY PEARSON**  
CHICAGO—(Special)—It's going to be left hook vs. left hook when Johnny Dundee of New York and Charley White meet in the ring of the Cream City tonight. This event is easily the big event on the fistic calendar for this week.

It should be a fight with plenty of punching of the K. O. brand, and it would not be surprising if some one buried his face in the rosin for an impromptu nap. Just what type of wallop might be the butler's part to figure in this case, for both Dundee and White simply dot on sloughing with the left. Both use their rights, but the old saw-pat that does the damage.

**Both Hope for Knockout**  
A bit of feeling will have much to do with the force behind the punches, but after scribbling lines about a grudge scrap at Casino recently, the writer isn't going to say any more about grudge scraps. It is sufficient to say that Dundee would like nothing better than to see his opponent flattened on the canvas, and the manager of Dundee would be tickled half to death to view the same sort of a picture with Dundee, of course, doing the sloughing act.

There's considerable reason for this feeling. It dates back to the summer of a few years ago when Dundee and White clashed in New Orleans. That bout was made memorable by the lights going out in the second round, shortly after Dundee had left hooked White to the canvas. The lights were out for 38 minutes. After the illumination returned they finished the other eight rounds. Dundee being credited with a shade victory.

**Enmity Born in Gymnasium**  
The "Scottish Wop" didn't like the "lights out" business at all, for he never will get over the idea that he didn't win by a knockout in the second round, which argument White naturally disputes.

One reason why Dundee desired to score a knockout White in that encounter was that Johnny was particularly anxious to make good a promise he had made to White. Scotty Monteth, then manager of Dundee, tells the story about that promise.

According to Monteth, Dundee and White were raining in the same gymnasium. Dundee was working 2 to 3 o'clock, White 3 to 4 o'clock. One day Dundee, after his workout, was leaving the gym and passed White, who was awaiting the punching bag. Just previous to this bout White had scored three knockouts with his left hook. He saw Dundee passing, banged the bag a terrific left hook and shouted to Dundee:

"See that wallop. I've knocked three fellows stiff with it and you are going to be the fourth, Johnny."

**Dundee Uses Whites' Hook**  
"Don't you believe you are ever going to knock me out with a left hook," answered the Italian. "You aren't getting to knock out anybody. You are going to be knocked out yourself, and to make it good I'm going to knock you out with your own punch, a left hook."

Monteth says it was a left hook that floored White in the second round of that New Orleans battle.

There is no getting around the fact that Dundee is fighting in great form right now. He showed that by left hooking Willie Jackson's nose to one side of his face at Milwaukee recently.

As for White, Charley hasn't fought in this neck of the woods for a time and the fans want to see him go. Charley takes exception to the stories which have reached print that he has gone back.

"Why, I haven't gone anywhere," said White yesterday. "So just put it down that I don't have to 'come back.'"

Wednesday night will answer that question.

## Brief Bits of Sport

Sam Smiley, ageless sage, says: "A feller ought as well admit by word o' mouth his jinks air gittin' creaky as to take up golf for exercise."

"Sargo" Clark, matchmaker for the Buhl Athletic club, proved himself a sure guy when he changes his mind about the rascal game being a sport.

Jacques Fournier, first baseman of the Angels, who was suspended indefinitely for a row with an umpire about two months before the season in the Coast league ended, is planning on taking a club of Salt Lake players to Japan to tour the Mikado's country this winter.

Also, Buck Weaver, third baseman of the White Sox, is figuring on a similar scheme.

But suppose the Mikado should enact legislation against the invasion of his domain by this white peril?

Oh, well!

As the poet says—the die is casted, or words to that effect.

The Seattle club has decided who will be its impresario next year. Clyde Wares has been selected, and thus is the mighty squabble for this job disposed of.

No fight no pay is the Buhl Athletic club's slogan in putting on boxing matches instead of grappling bouts.

That system should get action, sure.

Dan Morgan, who manages box fight artists as a quick way to an easy living and probable fortune, writes all the top lightweights are dodging his protégé, Eddie Fitzsimmons, whom Dan says is the best of them all.

The Australian Cricket Board of Control has invited the British cricket team to tour Australia in 1920-21, and promises to return the visit the following year.

Ah, my dear—tea in the tiffin tent, to be sure.

You can get results from your "Sitting Wanted!" ad if you will tell what you can do—and tell it interestingly.

## MARINERS UNIONS MAKE PLANS FOR CONVENTION

### More than 65,000 Sailors from Various Ports to Be Represented at San Francisco Sessions

SAN FRANCISCO, (AP)—Representing more than 65,000 union sailors from the various ports of the United States, the twenty-third annual convention of the International Seamen's union will convene in San Francisco, January 12. Andrew Furuseth, of San Francisco, president of the International Seamen's union, will preside over the sessions of the convention.

The Seafarers' union of the Pacific is making elaborate preparations for the convention and will be represented by the following delegates:

W. W. Hinton, F. H. Hurreyon, Joseph Faltus, Andrew Furuseth, J. R. Gill, William Hardy, C. G. Larson, W. G. Millard, Harry Ohlsen, John Rosen, Edward Rosenberg and S. A. Silver.

The membership of the national organization, according to Furuseth, has greatly increased during the last year and the meeting, he says, promises to be one of the most interesting labor conventions ever held in San Francisco.

**NEW PARTY IS PREPARING FOR NEXT CAMPAIGN**

**Purposes Extension of Organization Precedent to Second Convention to Name Presidential Candidates**

**CHICAGO, (P)**—Leaders of the newly formed Labor party of the United States today began preparations for extending the organization precedent to the next summer to nominate candidates for president and vice president. The convention adjourned last night after completing organization and adopting a platform of 25 planks.

Organization of branches of the Labor party already have been begun in Illinois, Indiana, Pennsylvania, Oregon, Washington and other states. Chairman Max Hayes of Cleveland, Robert M. Buck of Chicago, and other leaders said. They expect farmers and co-operating business to join.

**World Abolish Senate**

Among planks written into the platform were:

For abolition of the United States senate.

Repeal of the espionage act, with abolition of conscription and secret treaties and establishment of free speech, press and assemblies.

No military or military training.

Nationalization of railroads, other national resources and all basic industries.

**Approves Plumb Plan**

Adoption of the Plumb plan for the railroads.

Organization of a league of workers of all nations.

Election of federal judges by popular vote for terms not exceeding four years.

International solidarity of labor.

Maximum hours of labor for men and women to be eight hours a day and 44 hours a week.

Minimum wage for workers to be fixed by law.

Old age, unemployment and sick pensions.

Government town and operate the mining industry and other enterprises.

Nationalization of unused lands.

**Limit for Income**

Income of individuals to be limited by law.

National initiative, referendum and recall.

Application of the "home rule" principle in state, county and city government.

Condemnation of government by injunction.

Condemnation of universal military training and conscription.

A demand that the real disarmament to prevent future war.

Immediate release of all political and industrial prisoners.

Criminal preparation of profiteers and exploiters of labor.

Demand that all government work be done by day labor instead of by contract.

Equal pay for men and women.

Approved woman suffrage.

**Condemns Peace Treaty**

Before adjourning the convention adopted the following resolutions:

The peace treaty and league of nations covenant as at present drafted for the reason that it does not conform with the interests of the working classes in the interest of the working classes of the world.

The constitution of the party was amended to prevent any member from running for office on any other ticket or accepting the endorsement of another party.

Chairman Hayes explained that this rule would prevent the party from co-operating with the Non-Partisan league and other organizations.

**JONES' WEAK CHARACTER**

**(Kansas City Times)**

John Jones fears he is a very weak character, not, indeed, feeble minded. He is on good terms with the milkman and doesn't even think his greaser is trying to gouge him. He believes the greaser is delivering full weight. The whole dealer has recently convinced him that he isn't profiteering when he sells a moderate priced pair of shoes. Tom Tom had some bad teeth filled the other day and the dentist's bill impressed him as reasonable. Daughter Mary had to have her tonsils out and he figured that the surgeon's bill being kept posted with the lower price classing price of the dollar. The family took a little trip around the country in the car last summer and the hotel owner had to prevent the party from coming in their charges. They stopped at a small town garage to have a little work done on the car and the man said he guessed a quarter would be about right.

Jones has come to the conclusion that there is something wrong inside his head. He knows he ought to denounce all the people he deals with as pirates and gibbers. But they seem to him to be about the same sort of people he is and he doesn't think of himself as a pirate. Yes, Jones must be an exceedingly feeble soul.

**THE BUREAU OF THE CENSUS IS A PART OF THE DEPARTMENT OF COMMERCE**

The bureau of the census is a part of the department of commerce. It was established as a permanent bureau in 1902. Prior to that time the census work was done by a temporary organization known as the census office.

United States marshals acted as enumerators at the first nine decennial censuses. Each marshal had as many assistants as were necessary to properly cover his allotted territory.

Find your tenant for that store or office in the city. The 1920 census will require the services of 90,000.

**Today's Markets**

**Grains and Provisions**

**CHICAGO, (P)**—Pre-holiday adjustment of trades tended to keep the corn market up for up or down. Barley exports from Iowa as to likelihood of increased shipments from rural sources had but little effect, and neither did a sharp decline in Argentine wheat rates. The readiness with which offerings here were absorbed constituted the chief stimulus to buyers. Opening prices, which ranged from the same as yesterday's to 3-8 lower, by December 1-33 to 1-33 1/2 and May 1-33 1/2 to 1-28 7/8, were followed by a moderate further sag and then rallies all around the market.

Oats like corn were confined within narrow limits. After opening unchanged to 5-8 lower, including May at 70 3/4 to 70 7/8, the market eased a little under the same conditions.

Provisions reflected the weakness of hog values. Selling, however, was not aggressive.

sentenced Anaya to five days imprisonment for an alleged infraction of police regulations, but it appeared that the sentence was imposed because the police inspector desired to present the Indian before the court to testify against Jenkins. His evidence was finally taken in secret.

**Press Promises Reply**

Although the Mexican City press said the reply of the Mexican government to the American note demanding the release of William O. Jenkins, American consul agent at Puebla, was expected to be handed to the American embassy yesterday, it has not been received here, the state department announced today.

Because of the urgency of the real situation, it was regarded as doubtful whether the cabinet would take up the Mexican situation again today. Delay in the Carranza government in replying to the American note, however, has served to increase dissatisfaction in official circles.

According to the state department's announcement today, the Mexican City press announces that the Mexican senate at a secret session Monday decided to ask President Carranza for full information regarding the Jenkins case.

**PROBE REVEALS IRREGULARITIES ON ELLIS ISLAND**

(Continued from Page One)

John, who, Mr. Johnson said, records of the department of labor showed had been engaged in white slave traffic for several years before his arrest in Los Angeles. Although ordered deported, he had been allowed to sail for Spain at his own expense after several other countries had refused to receive him.

**Letter Sheds Light**

Referring to Goldberg, who at that time, Mr. Johnson said, had been ordered deported to France, the Goldman letter declared it "would be a terrible thing to turn him over to sure death."

According to the letter, Goldberg had been recommended to the writer by "David Kaplan" and a man named Schmidt, "of whom you have heard from Lincoln Steffans."

Goldberg, according to the department of labor's records, had brought money and other valuables to the United States from Africa, Mr. Johnson said.

**Members of the committee also introduced a letter alleged to have been written by How to George Andreytchina. Records of the department showed according to Mr. Johnson, that Andreytchina had been arrested in Duluth on the charge of being an I. W. W. rioter.**

The Howe letter congratulated the alleged I. W. W. that his deportation warrant had been cancelled by Acting Secretary J. B. Danmore.

Andreytchina's answer also was read. He assured Howe he would do all he could "to further the coming of the golden age."

**"Then this fellow seems to have been turned loose to spread the doctrines of Bolshevism," remarked Representative Baker, of California at this point.**

Another letter, which Howe is said to have written Elizabeth Gurley Flynn in connection with Andreytchina's case, also was read into the record.

**Fori's Name Figures**

Mr. Johnson also read letter from Howe to Commissioner Gurnea in which migration Caminetti suggesting that John De Luca be released "as Henry Fori has offered to hire such aliens," according to Mr. Johnson, the department's records show De Luca was arrested in Cleveland for engaging in white slave traffic.

**Mr. Caminetti replied that De Luca should be held but Mr. Johnson said records at the island showed he had been released on his own recognizance.**

Mr. Uhl said that he always had dealt with Washington through his superior officer, Mr. Caminetti, but that he knew Howe had communicated direct with the department of labor over Caminetti's head.

**Continues Hungar Strike**

"The Ellis Island soviet" continued its hunger strike today while the immigration committee hold a hearing in the same building on immigration and deportation problems. Seventy-three radicals, anxiously to go to soviet Russia but on strike against attending deportation proceedings before immigration inspectors, against scorned a rail to breakfast. This was the fourth meal they had missed since adding a hunger strike to a silence strike in an effort to see visiting relatives without an iron barrier intervening between them.

**BOLSHEVİK PLOT UNDER BOYCOTT GUISSE BARED**

Agitators Take Advantage of Anti-Japanese Sentiment in East India

**THE HAGUE, (P)**—The Dutch East Indies government has revealed what is alleged to have been an extraordinary Bolshevik plot in Java and other Dutch East Indian colonies under the guise of an anti-Japanese boycott.

Chinese Bolshevism, it is stated, launched the campaign, advising the East Indian Chinese not to trade with the Japanese merchants nor to deposit their funds in a Japanese bank. Agitation was conducted advocating the patrolling of certain financial institutions conducted by Chinese. These latter, according to the Netherlands government agents, were found to be Bolshevik sympathizers who had planned to use the funds thus secured to carry on Bolshevik propaganda in the Far East.

A press telegram from Makassar, Java, today announced that the boycott had been ended.

**TREATY DELAYS NOT TO CHANGE AMERICAN PLANS**

Participation of Delegation from the United States in Work of Peace Conference Limited

**PARIS, (P)**—Any delay which may eventually be found necessary in the exchange of ratifications required to put the German peace treaty into effect will not change the plans of the American peace delegation, it was learned today.

Under Secretary of State Folk and other delegates will leave Paris on the evening of December 5.

The delegation will sail from Brest December 6.

Only a couple of experts will be left here for the purpose of completing the work in hand.

The subsequent participation by Americans in the work of the peace conference, according to the view here, will probably be extremely limited, unless there are indications early in the December session of the senate that satisfactory ratification of the treaty is in sight.

DINNER'S COST ISN'T SO HIGH

Buxom-Breasted "Turk" at 40 Cents About Same as Last Year

Have you, dear reader, thought what the Thanksgiving is going to cost you this year? Of course you will have that national day feast, anyway, but 'tis well to calculate on the cost of various resistance pieces that tend to make the mid-day meal most attractive.

Turkey is a fairly abundant quantity on the local market this season, and the quality is about the same. Primarily and chiefly the national bird offered here for sale is domestic; that is it is hatched and nurtured to maturity on the local hatchery, and when its flesh is full and soft and on the chest the victim is subjected to a domestic gullet and then behoaved upon the table as a delicacy.

The cost of turkey this year, which high, is said to be no higher than a year ago, considering the claimed excellence of quality. Forty cents a pound is a fairly quiet rate for a bird, with a promised prospect of higher figures before the 1919 holiday season is done, so dealers remark.

Turkey stocks on home sales places look all the more quality that discerners claim for them. For "big birds" no being shown this year, the tendency in making purchases seems to be toward a "family" bird rather than an enormous one. Marketers seem to be specializing in ten-pounders and under, instead of disposing of prize-winners.

As against the rather high price of turkey other festive birds are quoted reasonably on the domestic bazaar. Goose, of which there is plenty just now, is quoted at 30 cents a pound, said to be fairly cheap for this season of the year in this market; duck is from 28 to 30 cents and spring chicken 30 to 35 cents a pound, with the mature and maternally-fatted old biddy quoted at 25 cents.

So much for the center piece. Much has been said about the increased cost of cranberries, that fruit being years ago a staple and an essential part of the Thanksgiving feast. But cranberries are no higher this year than last. They are offered at 20 cents a quart, with the other necessary "side elements" of Thanksgiving, is selling at 15 cents a bunch. Sweet potatoes are standard at three pounds for a quarter. Lettuce is 15 cents a head, which is slightly up from quotations of a year since. Parsnips, carrots, parley and common spuds are easy this year.

Social Notes

I. O. O. F. encampment put on the first degree work last evening. After the business meeting a delicious supper was served to the candidates and members.

Asher H. Brand entertained the members of his Sunday school class last evening at a turkey dinner in the parlors of the Presbyterian church. Covers were laid for thirty-eight. After dinner a business meeting was held at which time a constitution was drafted and officers elected.

"MRS. TOM THUMB" DIES AFTER PROLONGED ILLNESS. MIDDLEBORO, Mass. (AP)—Countess Primo Magri, known in the general public as Mrs. Tom Thumb and one of the best known Lithuanians in the world, died at her home yesterday after a long illness. She was 77 years of age and had traveled around the world several times under the management of the late P. T. Barnum.

Countess Magri was the daughter of James S. and Hilda Bump. Count Magri, her husband, survived.

AVIATOR ON FLIGHT FROM PARIS TO MELBOURNE STALLED. PARIS (AP)—Lieutenant Etienne Poulet, the military aviator, who left his airplane near this city on October 13 on a flight to Melbourne, Australia, left Karachi, India, for Bombay Tuesday morning. Engine trouble developed, however, and he was forced to descend when but half the proposed journey had been completed.

YOUTH ADMITS GUILT ON MOONSHINE CHARGE

Leonard Hoskins, 16 years of age, this morning in the probate court admitted connection with the operation of a "moonshine" still, recently uncovered by operatives connected with the sheriff's office. The boy lives on a farm place just north of Twin Falls where he was arrested last night. He is being held by the authorities.

L. W. Eubanks, 19, and Leonard Ross, also giving out as 19, were arraigned on the same charge as Hoskins, but each denied connection with the "still." They have been remanded to the custody of the sheriff pending further investigation of the case.

The "moonshine" still was discovered about a week ago in a farm shack short distance from Ross Creek town. Apparatus and material for the manufacture of whiskey was found in the place, together with a small rifle and a high power automatic gun.

ANGELES MEETS DEATH IN FRONT OF FIRING SQUAD

Mexican Revolutionary Leader and World Famed Military Genius is Executed Following Conviction as Rebel

EL PASO, Tex. (AP)—General Felipe Angeles, Mexican revolutionary leader and famed throughout the world as a military genius, was executed by a firing squad at Chihuahua City early today, following his conviction with two companions on charges of rebellion against the Mexican government.

General Angeles was sentenced to death by the Mexican generals in the Teatro de Los Heros (Theatre of the Heroes) at 10:45 o'clock last night. He was immediately taken from the building through a rear entrance to await execution which was set for 1 a. m. today. This is the time he was shot, according to the report reaching here.

General Angeles was entirely unmoved apparently as sentence was passed. Throughout the trial the military leader, famous among military men of the world as the man who brought the French 76 millimeter gun to perfection and made it admittedly the best piece of artillery ordnance in the world, has presented a smiling countenance to his accusers.

The trial was the most sensational ever held in Chihuahua City, where Angeles and two companions were brought after their capture near Parral by state volunteer troops November 19.

Four companions were captured with Angeles after their discovery in a cave in a hall that faces San Tomé, Mexico. Two of these already had been executed by Carranza troops. Of others in the small party with General Angeles five were killed in the fight that ensued in trying to escape the state troops.

The two remaining companions, Major Nestor Echein de Arce and the soldier, Antonio Trillo, were joint defendants with their chief before the court martial. Major de Arce also was sentenced to death, but his sentence was commuted to twenty years imprisonment. Trillo, a seventeen year old boy, was sentenced to serve six years and eight months in prison.

CHECK MAN FINED. In the probate court yesterday afternoon P. O. Allison entered a plea of guilty to the charge of drawing a bank check without having funds on deposit to cover the draft. The amount involved was \$25.75. Allison was fined the amount of the check and court costs. Edward McComb was the complainant.

LICENSED TO WED. A marriage license has been issued by the county clerk in favor of Harry Howell, aged 38, and Delma Virginia Rogers, aged 16. Both are residents of Rogerson.

Traces Increasing Sugar Costs With Succeeding Moves

Chicago Food Director Points Out Augmenting Brokerage Charges

CHICAGO, (AP)—A carload of sugar originally consigned by the Godeaux Sugar company, Nashville, Tenn., to J. P. Baldeman and company, Chicago, rolled about yesterday for a month, was resold four times and piled up 4 1/2 cents a pound additional cost to the consumer, according to a statement today by R. J. Poole, city food director.

Containing 54,200 pounds of sugar, the car moved first to Paducah, Ky., then in turn to Omaha, Neb. and Chicago and finally to Minneapolis, total charges of \$2,400 being piled up against the carload as it passed from broker to broker, said Mr. Poole. His tabulation was only for the month ending November 15, he said, and the cost "so far as we know still is rolling."

Former Emperor's Retinue Tires of Quiet Environment

System of Vacations in Germany Inaugurated for Personal Servants

AMERONGEN, Holland, (AP)—Although the former German emperor or appears to have found the quiet life at Amerongen to his liking, members of his personal suite have grown tired of village existence and recently there have been several changes in the ex-emperor's entourage.

Since Doctor Forstner, who for many months acted as personal physician to the former emperor and empress, departed for Berlin, about six weeks ago, there have been two new German doctors at Bentinck castle. The latest is Dr. Alfred Haeuber, who came from Cologne a few days ago.

General von Dommer, who had been chief of the personnel office for several months, has returned to Berlin, either on a vacation or permanently, and has been succeeded by Friedrich von Betz of Berlin, who was a not official under the old regime.

Countess Kollar, lady-in-waiting to the ex-empress, remains in service, however. A system of vacations in Germany has been inaugurated for the former royal pair's personal servants.

# MEXICAN CROPS ARE BOUNTIFUL

### Nation Emerges from Hunger for First Time in Two Decades, Says Swiss

EL PASO, Texas, (AP)—Mexico will emerge from hunger this year for the first time in two decades, according to Ivan Ragaz, a Swiss mining engineer in charge of extensive properties in Sierra Mojada, Coahuila.

"The crops this season are bountiful in almost all parts of the republic," said Mr. Ragaz, during a recent visit to the border. "When the harvest is made, Mexico will be one of the cheapest places on the globe in which to live."

Mr. Ragaz reports considerable railroad building during the last three years. One line from Cuatro Ciénegas to Sierra Mojada, Coahuila, 120 miles long, has already been built; another from Canitas to Durango, 156 miles, has just been completed; still another from Cuernavaca, Morelos, to Puerto Platanillo, Guerrero, 209 miles, is under construction, and a fourth, about 500 miles in length, is being planned between Pacheco, Hidalgo, and Tampico, Tamaulipas.

# MARTENS CONFESSES DEAL

### Self-styled Soviet Ambassador Admits Paying Money to Official

NEW YORK, (AP)—Ludwig C. A. Martens, who calls himself ambassador of the soviet government of Russia, admitted today that he paid Dudley Field Malone, former collector of the port of New York \$1,000 on September 12 for help in a commercial transaction. He told the joint legislative committee investigating legislative activities that it was for advice in trying to arrange a \$50,000,000 shipment of boots, ments and chemicals to be paid for one delivery in Petrograd.

Before calling Martens before the committee members of the committee held an executive session at which it was decided to submit to the state department a transcript of his testimony with a view to having him deported.

During a discussion of communist principles, Martens said that Lenin and Trotsky had receded somewhat from their former attitude in calling upon the workers of the world to arise against the bourgeoisie of all countries. He defined the government of the United States as a "democratic" and later as a "capitalist" one.

Martens said the Russian soviet was not trying to fight "capital" in the United States but wished to "make a compromise with it."

"Temporary?" he was asked.

"Why should it be temporary?" he replied.

# CONSIDER NEW STANDARD

### Society Islands Prefer American Dollar or British Pound to Franc

PAPETE Tahiti (Correspondence of the Associated Press)—Depreciation of the French franc has brought forth consideration of a proposal for petitioning the home government to permit the adoption of the American dollar or the English pound sterling as the standard of value for the Society Islands under French control.

The opinion is frequently expressed that conditions in these islands are not in any way similar to those in France, yet the islands are penalized in trade by being a tributary to France.

Under present circumstances, it is pointed out, it is well-nigh impossible to establish any stable conditions either in the purchase of local produce or in the engagement of supplies from abroad.

# DROUTH SWEEPS SOUTH AFRICA

CAPETOWN, (AP)—A drouth which is described as the worst in 50 years prevails over large areas of the Cape Province, the Free State and the Transvaal. Farmers are suffering heavy losses in live stock. It is estimated that the crops will show a shortage of production for the whole Union of 33 per cent.

# SOVIET OFFICIAL PAYS PENALTY WITH HIS LIFE

### President of Riazan Ruled Shot to Death for Misappropriating Fund to Buy Stalemate

RIAZAN, Russia, (AP)—M. Bakromoff, the president of the soviet here, who raised a "local fund for the purchase of entente imperialist statements" has been shot by the extraordinary commission for combating counter-revolution, for misappropriating funds intended for spreading Bolshevik ideas.

According to a newspaper report, Bakromoff read a detailed report to the Riazan soviet declaring that he had bought Premier Clemenceau of France for 15,000 rubles, President Wilson for 200,000 rubles and the Berlin foreign office for 50,000 rubles.

The commission against counter-revolution discovered that the fund was a swindle and that Bakromoff and two local officials in the mobilization department had pocketed the money.

Bakromoff admitted that he had printed private party money to the amount of 5,300,000 rubles.

# BULGARIA STORES GRAIN

### Large Elevators Being Constructed on Shores of Black Sea

SOFIA, (AP)—Large elevators are being constructed at Varna on the Black sea coast of Bulgaria, to handle the country's wheat crop, which is estimated to be the largest in the history of Bulgaria and worth \$250,000,000. This work is being carried forward by Premier Stambulsky in the hope of securing outside help for regulating exchange prices and stimulating trade.

Clothes and cereals and luxuries are considered contraband in Bulgaria in view of shipments of these commodities into the country must be exchanged for other goods. The board of control, however, will not let such goods leave Bulgaria unless others of corresponding value are coming in.

# MORE ENEMY ALIEN PRISONERS ARE RELEASED

SALT LAKE CITY, Utah, (AP)—Three more alien enemy prisoners, Alfred Worm, Maxilo, P. L. Christ, Steigmeier, San Francisco, and Frank Parrott of Pittsburgh, Pa., have been released from detention at Fort Douglas here and will be sent to the cities where they were arrested. All three men are Germans and were arrested in 1914 for seditious talk against the United States and her war efforts.

There were 6,361,562 farms reported at the last decennial census, valued at more than 40 billions of dollars. The 1920 census is expected to show more than 7,000,000 farms.

# RUPERT

RUPERT—Ed Brogan, son of Mrs. Dan Brogan, was taken to the Lynn Brothers hospital at Pocatello last Thursday night to undergo an operation for his eyes. He returned home from France last spring. While there he was gassed and for several days he could neither speak nor see. His eyes have been growing steadily worse since coming home and when taken to the hospital, had almost lost his sight from the effects of the poisonous gas.

W. J. Jackson, brother of A. D. Jackson of Rupert, arrived here last Friday from Maywood, Nebr., for a short visit.

Mrs. J. E. Ferry returned home last Saturday morning from Caldwell, Wis., where she spent the past three weeks visiting her sisters.

A baby boy arrived at the home of Mr. and Mrs. Ed Nash, who reside on their farm near Heyburn, last Friday, November 14.

A girl was born to Mr. and Mrs. A. E. Cattull of Rupert, Wednesday, November 19.

Mrs. J. F. Read left Sunday for American Falls where they were called to attend the funeral of their nephew, Max Tyler, 25 year old son of G. Tyler of American Falls. The funeral took place last Thursday, November 14.

Mrs. Tyler died at El Paso, Tex., last Saturday of tuberculosis from which he has been a sufferer for the past three years. He left two weeks ago for Texas, hoping that the change would benefit him.

Mrs. Joe Barton left Thursday for Quincy, Ill., where she will spend three months visiting her parents and other relatives. Mr. Barton will follow later to eat Christmas dinner there.

Mrs. Lu Gibson returned home Saturday afternoon from Bailey, where she has been for the past two weeks on account of the illness of her son-in-law, Ralph Harris, who is recovering slowly from pneumonia.

About thirty Rupert people got together Friday evening and motored out to the Guy Shillington home, one mile southeast of town, springing a surprise on them. It was Mr. and Mrs. Shillington's tenth wedding anniversary. The crowd brought well filled baskets and every one had a jolly time from the time they arrived until they left in the wee hours of the morning. The evening was spent in music and dancing. On leaving the crowd wished them many more such happy wedding anniversaries.

Mr. and Mrs. Alma Cattull arrived this week from Bonaville to spend Thanksgiving here with his parents, Mr. and Mrs. Henry Cattull. Alva

was united in marriage about the tenth of this month to Miss Minnie Hasty of Pocatello formerly of Rupert. She is the daughter of Mr. and Mrs. William Hasty. Both the bride and the groom are well and favorably known here and have a host of friends who wish them well. They will make their home in Pocatello, where Mr. Cattull is working for an implement company.

Misses Nell and Nadine Blackhurst of Heyburn, were business callers here last Saturday. Miss Nell is teaching school at Burley this year.

Mrs. and Mrs. Preston McDougal returned to their home at Twin Falls, Saturday morning. They were guests of Mr. and Mrs. F. B. Patterson from Pocatello until Saturday. Mr. McDougal is Mrs. Patterson's mother.

Mr. and Mrs. S. Dallino, Mrs. J. Loni, farmers near Rupert, spent last Saturday in Twin Falls visiting friends.

Mrs. Dudley Pringle is reported on the sick list this week. Her parents, Mr. and Mrs. Lundquist will not leave for California for a couple of weeks, until their daughter has recovered.

Miss Marjorie Schroeder of Burley, was the guest of her uncle, George Schroeder here Saturday forenoon.

Miss Gladys Looper arrived from Gooding, Saturday, and is working as stenographer for Attorney A. H. Baker. She is a sister of Mrs. Dixie Shiller of the hotel.

# CHIHAUHA CROPS GOOD

### American Consul Reports Bountiful Harvests Especially by Mormons

JUAZEP, Mex., (AP)—Opportunities for the development of the lands on northwestern Chihuahua by Mexican farmers, in the corn, fruit and cattle industries were reported by Edward A. Dow, United States consul here, with jurisdiction over the northern half of this border state.

"The corn crop and the fruit crop this year have been especially good, particularly in the Mormon colonies," Mr. Dow reported. "Mexican stockmen have a good chance to raise considerable cattle next year, since the large shipments recently have left a good deal of good pasture land available."

# MAIMED MAN POINTS WAY

### Finds Happiness in Trying to Help Others Less Fortunate

LONDON, (AP)—Sergeant Nicholls of the Durham Light Infantry, who is blind, has lost his hands and two ribs, and through a mistake of a friend, received several hundred wounds in an accident at the front, recently preached a sermon on "How to Attain Happiness."

He said he was determined to live and had not had a fit of depression since his misfortune. He found happiness in trying to help others less fortunate than himself.

The census bureau prints a special supplement for each state in the Union containing all the census figures relating to the state in question.

# AUSTRALIAN CHAPLAIN PLEADS NOT GUILTY TO DISLOYALTY

LONDON, (AP)—Father O'Donnell, the Australian chaplain who was arrested on August 28 charged, with the use of traitorous and disloyal language, a court-martial here today.

Premier Hughes of Australia, recently appealed by cable to Lord Milner, secretary of state for the colonies, asking for Father O'Donnell's release and saying that the clergyman, who was a chaplain with Australian troops during the war, "had proved himself a patriot."

Congress extended the scope of the approaching 1920 census by providing that a census of forestry and forest products should be taken. These subjects were never specifically covered by any past census act.

By Its Silence**

A piece of machinery, often like a great business executive, expresses efficiency in its silence.

The engine of the Hot Spot Chalmers does its work so well, offers so little complaint to its tasks that you are won at once by its modest absence of noise.

And gears, universal joint, driving shaft, differential and rear axle perform in perfect harmony with the engine.

The reason for this silence is a lack of vibration.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithin, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is siphoned for kidneys and causes no bad effects whatever. It is a pleasant, refreshing lithia-water drink, which quickens the system and is pleasant, effectively relieves bladder trouble.

Any reasonably-priced home or apartment may be rented—through an inexpensive classified advertising campaign. Test the matter. The "risk" involved is so small that few people would dignify it by that name.

FOREIGN COPPER USERS TAKE ADVANTAGE OF PRICE

NEW YORK, (AP)—Foreign consumers are availing themselves of the present low price of copper to make further purchases in this market. Several of the larger copper producers Tuesday confirmed reports that England, France, Germany and other European countries had placed moderate orders here for high grade copper at 19 to 19.4 cents a pound. Much of the buying was said to be for cash.

The department of agriculture assisted the census bureau in preparing the list of questions to be asked of every farmer at the coming census.

Teach Your Boy the Savings Habit

and his future success need concern you little.

Strange—but true—that many parents sacrifice unselfishly to give their boy or girl an education, but overlook entirely the very practical value of the habit of saving a little money.

Young America needs training in savings as never before. A little self-denial now and then is the best kind of training in habits that lead to business success.

# A. B. WILSON NAMED PRESIDENT AT COMMERCE CLUB ORGANIZATION

## Local Attorney Elected to Lead New Booster Institution in Twin Falls—Farmers' Association Gets Indorsement in Stand for Good Citizenship—Reclamation Talk is Heard

With the election of Asher B. Wilson, attorney, president, and adopting a constitution and by-laws the Twin Falls Chamber of Commerce was last night formally launched as a commercial institution of this city, and district. A commercial secretary will be appointed by the board of directors at a later meeting.

In addition to selecting a president the club named W. Z. Smith vice president and selected the following heads of bureaus and departments:

H. G. Blue, chairman of the bureau of education; Ed B. Johnson, chairman of the bureau of roads, highways and bridges; J. A. Sinclair, chairman of the bureau of civic affairs; L. M. Dow, chairman of the bureau of industrial relations; R. H. Stevenson, chairman of the bureau of state affairs; M. J. Sweeney, chairman of the bureau of reclamation; R. B. King, chairman of the bureau of railroads, telephones and telegraphs; C. D. Thomas, chairman of the bureau of public parks and playgrounds; and T. H. Irwin, chairman of the bureau of agriculture.

The organization meeting was conducted in the Elks club rooms. It was well attended and abounding in enthusiastic support for the cause of the enterprise. A report of the reclamation campaign manager, W. R. Priebe, showed more than 300 Twin Falls city and district business men and farmers endorsing the cause. Thus the commerce gets away with a support impetus that warrants the impression that success must inevitably follow its footsteps and crown its every effort.

The first business officially conducted by the completed organization was the adoption of resolutions extending to the Twin Falls County Farmers' association the right hand of fellowship and endorsing that association's attitude and stand for good citizenship. The chamber of commerce, in its resolutions, pledges the farmers' association and pledges best wishes to its membership. Following are the adopted resolutions:

**The Resolutions**

"Whereas, the Twin Falls Chamber of Commerce as an institution stands for the development of the Twin Falls country, the fostering and encouragement of those agencies devoted to the upbuilding of this section and the maintenance of the broad principles upon which rest the best traditions of America, and

"Whereas, the Twin Falls County Farmers' association has shown by its acts that as an association it stands unwaveringly to the proposition that loyalty to American institutions comes first among the duties and demands of good citizenship in this hour; therefore be it

"Resolved, That the Twin Falls Chamber of Commerce extends to the Twin Falls County Farmers' association the right hand of fellowship now and hereafter, together with the assurance of the hearty good will and best wishes of itself and its membership.

By another resolution, duly adopted, thanks were passed to the temporary officers, who carried the Chamber of Commerce organization through its inception period to the successful realization of its program and scheme. E. J. Irwin, president of the Twin Falls County Farmers' association, in a congratulatory address, commended the resolutions and resolutions were adopted by unanimous viva voce vote.

To tell of government reclamation plans in this state C. J. Blanchard, a transient visitor in Twin Falls, was called upon to address the chamber of commerce. Mr. Blanchard, employed as a statistician for the federal reclamation service, and is transiently in Twin Falls from Salt Lake and Idaho Falls, where he attended reclamation conferences. He is collecting views of this district to be used in a campaign for

further reclamation. In his address he outlined his work and the plans of the government reclamation department. The talk was of special interest in that it related in a large measure to the proposals of the federal department project promoters for the reclamation of large bodies of arid lands in the Snake river valley.

Throughout the entire meeting the best of spirits prevailed, the entire session being thoroughly enjoyed.

A meeting of the directors also was called to be held in the office of President Wilson, Friday night of this week.

## TO CELEBRATE THANKSGIVING

### Twin Falls Plans Period of Gratitude for Bounty of the Past Season

With the countrywide dressed in a shimmering mantle of white dawns Thanksgiving, singularly seasonable our weather conditions, and singular too the conditions of cause for thankfulness, not for this section alone but for practically the entire world.

Clouds of war have been dispelled after years of strife and but for industrial unrest the result of the war, every condition in this country warrants a song of praise and thankfulness.

In the Twin Falls district production offers of the year have yielded a bountifully rich harvest. There has been no production failure and the people of the district are enjoying the fruits of a year of plenty.

In thanks for the bounty bestowed by providence on the people of this section Twin Falls will on the morning of the 27th celebrate the day of great gratitude and thanks. The town, industrially, will be closed for the commemoration, and churches will celebrate with special programs the occasion.

Union services have been planned by the Ministerial association for all evangelical churches of the city, to be held in the First Methodist church. The Rev. C. L. Owen will preach the occasional sermon. Following is the complete program of the day, services beginning at 10 o'clock and lasting one hour:

Piano prelude—Mrs. C. H. Stimson. Thanksgiving hymn—Congregation. Invocation—The Rev. W. A. Moorhead. Anthem—Choir.

Scripture—The Rev. Asher B. Brand. Solo—Mrs. J. E. Byers.

President's Proclamation—George M. Stimson.

Offering for Associated Charities. Sermon—The Rev. C. L. Owen. Hymn—Congregation.

Benediction—The Rev. A. G. Bennett. Postlude—Mrs. Stimson.

Services will also be conducted in St. Edward's Catholic, Ascension Episcopal and the L. D. S. churches. There will all be of a festive character.

At Ascension church services will open at 10:20 a. m. with lay reading, supported by special music by the choir. The choir will sing Beethoven's "O Lord How Majestic!" and H. J. Barratt, director, will sing Dr. Koven's setting of Kipling's "Recessional." The regular morning prayer service will be held with all the chanted canticles that accompany it. The service will last about one hour.

City, county and federal offices will be closed tomorrow. Special hours will govern operations at the postoffice.

## Storm's Here in Advance of Weather Guess

**C**ALM on the 'twin' ear off night, deep snow fall all around, white. When in the east wind arid, and then it blizz'd and blizz'd an' blizz'd.

But Idahoans have a lot to be thankful for—Look at what's doing to the folks in Montana, Dakota and other states up that way.

The contumacious cot in Boise, however, has not met up with anything unusual. All's "fair" with him.

Tonight and Thursday fair, he hears again.

Apparently the gauger's apparatus does not function fast enough to keep abreast of the weather times. He thinks to-night and tomorrow "fair" will be preceded by snow.

Locally we all know it will, if fair it be tonight and tomorrow. One has only to take an eye-bath out the window to know that.

Continued cold, too, we are informed, which could have been prognosticated by a school urchin after a look into prevailing conditions.

Yesterday's high temperature took another slump, and last night the mercury recorded by one degree, the lowest temperature of the year. The record for this time of year is 40 for the top; 13 for the bottom.

Practically every man present expressed himself in favor of the broad proposition of organization among the farmers along two principal lines; as a matter of protection for the business of farming and in unswerving loyalty to the principles of Americanism as opposed to bolshevism, radical socialism and radicalism of every sort.

By unanimous vote the gathering went on record endorsing the resolution passed some 10 days ago by the executive committee of the association, which resolution condemned the attempt of the Non-Partisan league under Ray McGee, to effect a joining of forces as between the farmers and labor as an abortive effort to add strength to the league program to the detriment of both farmer and laborer. The resolution also carried with it a condemnation of the work, aims and purposes of the Twin Falls Post, American Legion and the Twin Falls Rotary club with especial reference to

## EASTERN STARS ENJOY OFFICIAL VISITATION

**Turkey Dinner Served on Occasion of Grand Worthy Matron's Call**

Official visits of Mrs. Maude McRoberts, of Twin Falls, grand matron, and of C. Fred Howe of Hailley, grand patron, were the occasion last evening for a meeting of more than ordinary interest of Twin Falls chapter, Order of the Eastern Star.

Following a turkey dinner, chapter officers and members conferred and initiated degrees conferred upon two candidates. Mrs. W. H. Dwight contributed two vocal numbers, and brief addresses were made by the visiting grand chapter officers.

On behalf of the Twin Falls chapter, Mrs. W. F. Pike presented the official visitors with tokens of esteem and appreciation. More than 100 members and visitors were in attendance.

## TO ENTERTAIN STUDENTS

Friday has been designated "mixer" day in the Christian church. On this occasion a social will be given for high school students, with George M. Stimson in charge. A special program has been prepared. The session opens at 8 o'clock.

## TO HOLD FESTIVAL

Pupils of the seventh and eighth grades will give an Autumn festival and present in the auditorium of the high school Friday night at 8 o'clock. The proceeds will be applied on the Victoria fund.

## FARMERS OPPOSE ALL RADICALISM

### Association Pledges Loyalty to American Principles—Denounces Bolshevism

Notwithstanding inclemency of the weather, between 50 and 60 farmers of this section met at the Hogson farm last night and proceeded to the work of reorganizing on larger and broader lines the scope and activities of the Twin Falls County farmers' association at the same time partaking of a banquet of which turkey was the main feature and plenty of it.

Because of the fact that snow fell heavily in some parts of the county and through the unavoidable absence of a number of the regular members the attendance was not as great as had been anticipated but what the gathering lacked in number it made up in earnestness and enthusiasm and throughout the entire discussion there was not a single jarring note.

## Sentiment Unanimous

Practically every man present expressed himself in favor of the broad proposition of organization among the farmers along two principal lines; as a matter of protection for the business of farming and in unswerving loyalty to the principles of Americanism as opposed to bolshevism, radical socialism and radicalism of every sort.

By unanimous vote the gathering went on record endorsing the resolution passed some 10 days ago by the executive committee of the association, which resolution condemned the attempt of the Non-Partisan league under Ray McGee, to effect a joining of forces as between the farmers and labor as an abortive effort to add strength to the league program to the detriment of both farmer and laborer. The resolution also carried with it a condemnation of the work, aims and purposes of the Twin Falls Post, American Legion and the Twin Falls Rotary club with especial reference to

## TO INCREASE MEMBERSHIP

It was the sense of the meeting that the membership which now amounts to about 100 be increased to 500 or more as circumstances warrant. It was generally felt that a much larger membership than that planned could easily be secured but stress was laid upon the necessity of soliciting membership only among farmers in thorough sympathy with the broad principle for which the association stands.

December 16 was fixed as the date for another banquet which will probably be held in the Pariah hall where there will be plenty of space for a large gathering.

During the evening a copy of a resolution passed unanimously by the Twin Falls Chamber of Commerce was read to the guests and received with approval. A vote of thanks to the chamber of commerce acknowledging the appreciation of those present of the resolution was passed unanimously. The resolution congratulated the asso-
