GERMAN BICKERING OVER PEACE TERMS DRAWS ALLIED THREAT

GOVERNORS IN TEN STATES BEND EFFORTS TO SECURE NEEDED COAL PRODUCTION

Additional Industries Face Shutdowns with Enforced Idleness for Thousands of Workers and More Drastic Conservation Rules for Cities Are in Prospect—Chicago Enters Upon 6 1-2 Hour Business Schedule with Likelihood of Further Reduction

ORDER FOR MOST SWEEPING CUT IN RAIL SERVICE IN HISTORY ISSUED

CHICAGO, (P)—Efforts of governors of at least ten states to have sufficient coal mined to provide for domestic consumers and absolutely essential industries marked the progress today of the strike of bituminous coal miners.

Restrictions had been placed on consumption of fuel throughout the country from New York City to the Sierra Nevada mountains as the general situation at the mines showing no improvement and miners maintained their attitude of hostility toward the proffered 14 cent wage increase.

Effective at 12:01 Monday morning the most sweeping reduction of rail road service in history—reduction in passenger service of one-third in "train miles" on all railroads diverging west, southwest and northwest from Chicago has been ordered. Regional directors of the central western, southwestern and northwestern regions estimated that that step alone would save 11,000 tons of coal daily. Other curtailments of railroad service were being considered today.

More Industries Threatened Additional industries today faced shutdowns and more drastic conservation rules for cities that would bring them on a parity with Chicago and Kansas City were in prospect. The strict supervision of the use of fuel and power, first ordered at Chicago, will go into effect at 1:30 hour business schedule. Full force of the new restrictions was felt today after much confusion yesterday when they were only partly observed.

Packers on Preferred List Following receipt of instructions from United States Fuel Administrator Garfield at Washington, T. W. Proctor, regional coal director, today announced that fuel will continue to be furnished meat packers in Chicago and the west and northwest to operate slaughtering, refrigerating and packing plants. The order strictly classifies meat packing as an essential industry. The instructions prohibit the use of coal by the packers for the manufacturing of any by-products and as a result all their soap, lye, leather, hair, drug and by-product plants were closed. The big Chicago packers reported today that they have no surplus supply of coal on hand and are dependent upon the coal deliveries. One firm has been using oil for fuel in several of its plants for a month.

(Continued on Page Four)

SAYS OUTPUT IS NEARING NORMAL

Fuel Administrator Garfield Takes Optimistic View of Situation

WASHINGTON, (P)—Fuel Administrator Garfield today from Williamstown, Mass., to take personal charge of the coal situation. After a conference with Assistant Director General Ames he went to the White House to the cabinet meeting. Director General Hines also met with the president's official family.

Dr. Garfield appeared to be optimistic. He said coal production was getting closer to normal, although the stringency in the middle west was acute.

Operators Deny Opposition Members of a general committee representing the coal operators who remained in Washington after the adjournment of the general conference of operators yesterday denied in a statement today published reports that they had considered offering an amount to the miners considerably greater than the 14 per cent wage increase suggested by Dr. Garfield. President Garfield, of the Illinois Coal Operators' Association, speaking for the committee, said the operators never had considered action in opposition to Dr. Garfield's proposal and that they were acting only within the limit suggested by the government.

Administration Hears Complaints The fuel administration was investigating today complaints of inequality of distribution of coal in various parts of the country in an effort to rectify any probable errors. From some sections reports of alarm over the fuel shortage were received and steps were being taken to increase the allotment where it was considered justifiable.

COURT GRANTS WRIT FAVORING REDS' LEADERS

Habeas Corpus Proceedings Successful in Cases of Berkman and Goldman on Eve of Deportation to Russia

NEW YORK, (P)—Writs of habeas corpus in behalf of Alexander Berkman and Emma Goldman, were granted by Federal Judge Mayer this afternoon upon application of Henry Weinberger, counsel for the anarchists sent to Ellis Island earlier in the day for deportation to Russia. Weinberger said he would insist upon his clients' presence in court when argument was heard.

NEW YORK, (P)—Alexander Berkman and Emma Goldman, his companion in 30 years of anarchist activities, were sent from the mainland of the United States today, probably never to return.

Ordered deported for urging overthrow of the government by violence, they were taken by ferry from the tip end of Manhattan to the immigration station at Ellis Island, where they will be held until a ship is available to send them to Russia, whence they came. Their liberty on bail expired when they were surrendered by their counsel at the demand of the department of labor.

Berkman's career in America came to an end while Henry Clay Frick, whom he once attempted to assassinate, was being buried in Pittsburgh. Berkman never became a citizen of the United States.

As soon as they were surrendered, Weinberger's associates started habeas corpus proceedings in the United States district court on ground that the government had not the right to deport Berkman and Miss Goldman for an "attitude of mind" or for the holding of political, social or economic views.

The petition sets forth that they were legally admitted to this country more than thirty years ago and neither of them was ever deported from the United States. Their deportation, the petition contends, would be expost facto, that they cannot be deported to soviet Russia because the United States has not recognized the Bolshevik government and that to deport them to territory held by the white guards would be a sentence of death. The claim also is made that Miss Goldman is an American citizen, having become so by her marriage to Jacob A. Korschner.

"I am going to fight against deportation," declared Goldman, "on the ground that I am a citizen. If I am deported it will affect thousands of foreign born American citizens. My deportation is a step to break the militant labor movement."

IDAHO WEATHER Tonight and Saturday fair north rain or snow south; not so cold tonight north portion.

WORLD NEWS EVENTS

LEIPSI, (P)—Congress of independent socialists in session here Thursday unanimously adopted a program declaring for the soviet system in Germany.

ROME, (P)—The order for the discontinuance of the general strike called after the opening of the parliament has been generally obeyed. Quiet has been restored in Mantua, where disorders occurred.

BASLE, (P)—The Hungarian cabinet last night considered the invitation sent by President Clemenceau of the peace conference inviting Hungary to send plenipotentiaries to Neuilly to arrange a treaty of peace. The letter stated that it was the desire of the council that the delegates should be sent as quickly as possible.

PARIS, (P)—The recent concurrence of Premier Lloyd George to the probable settlement of the Turkish empire's future at a conference of representatives of allied and associated powers in London has caused much comment in French official circles. The French government has not yet consented to the transfer to London of peace negotiations affecting Turkish and Asia Minor questions.

CZECHO-SLOVAKIA ORDERS MOBILIZATION OF CLASSES

COPENHAGEN, (P)—The Czech-Slovakian government has ordered the mobilization of these military classes, says a dispatch from Vienna to the National Tidende here. A Prague dispatch says that 21 divisions of Czech-Slovakia are advancing toward the Hungarian frontier.

Czech-Slovakia apparently has been excited by the reported monarchial evacuation in Hungary following the declaration of Budapest by the Rumanians and the aggressiveness reported displayed recently by Hungarian frontier forces.

SOVIETS LAUNCH GENERAL PUSH AGAINST DENKIN

Bolshevik Statement Reports Fierce Fighting for Possession of Beilgorod

LONDON, (P)—Bolshevik forces are making a general advance along the entire Denkin front and have captured the towns of Kovel, Romy and Boromcha, while fierce fighting is proceeding for the possession of Beilgorod, according to a Bolshevik official statement received here.

On the eastern front, the statement declares, the Bolshevik have captured Kainak, 160 miles east of Omak. Southwest of Omak the Bolshevik are said to be advancing toward Slavgorod.

Marshal Foch Purposes to Execute Plans for Rapid Advance Into Germany Is Report.

SECRET SESSION OF PEACE COUNCIL GIVES RISE TO HINTS OF INVASION

PARIS, (P)—Coercion is the only argument likely to make an impression upon the Germans and induce them to sign the protocol of the peace treaty, according to today's newspapers. It is said this conclusion was reached at the secret session of the council of five yesterday, at which Marshal Foch was present.

It is reported that the marshal undertook to execute the plan he drafted last June, the more threat of which brought German plenipotentiaries to Versailles. During the meeting, says the Echo de Paris, Premier Clemenceau and Marshal Foch stated that the unexpected departure of the German delegates from Versailles and the complicated points raised by the enemy left, no doubt whatever about the necessity of taking action.

The Foch Partisan says that Germany considers it has gone too far, and that an unofficial note has been received from Berlin announcing that new negotiators will leave soon for Versailles.

The supreme council today considered further the note to be sent to Germany regarding the protocol, but did not complete the document.

The secret meeting held by the supreme council yesterday with Marshal Foch and General Weygand, the marshal's assistant, in attendance, has provoked a great amount of speculation as to eventual military action across the Rhine. Some Germany does not reply satisfactorily to the final note regarding the protocol.

The American troops on the Rhine now number 12,000 men. No question has yet arisen whether they will participate in any action undertaken by the French and British.

Field Marshal Sir Henry Hughes Wilson, chief of the British imperial staff, arrived in Paris today. The plan for action against Germany mentioned by Marshal Foch last June in the dispatches, was ready for putting into effect in case the Germans had finally declined to sign the Versailles peace treaty. It contemplated a rapid advance into Germany from the occupied zone by the British, Am-

erican and French armies. A drive of from 40 to 60 miles in depth all along the allied line was contemplated. Cavalry was to have been employed, together with armored cars, to protect the infantry, who were to have been rushed forward in motor trucks in a dash that would be protected by well equipped all records for a rapid military advance.

ALLIED OCCUPATION OF GERMAN CITIES RUMORED LONDON, (P)—There was a persistent rumor in the stock exchange this morning that the supreme council of the peace conference had threatened Germany that unless the final peace terms were agreed to, allied troops would occupy Essen and Frankfurt. Up to this time the market has not been affected by the report.

Foch Summons Wilson Official announcement that Field Marshal Wilson has gone to Paris in response to an "urgent summons to consult" Marshal Foch in connection with the peace treaty is regarded by some morning newspapers as of considerable significance. It is printed alongside the address made in Glasgow last evening by General Foch, in which he said he believed the allies had the power and if necessary will exercise it, to insure ratification of the Versailles treaty by Germany. It is suggested that steps to exert pressure on Germany may be imminent.

Enough Finger Wagging "There has been enough solemn finger wagging at the Germans, who have refused to believe it safe to defy the allies," says the Daily Mail, in commenting on the situation. "A wise and merciful course would be to tell them plainly that if within a fixed time they do not comply with the allied conditions and fulfill the treaty terms the blockade will be renewed."

Asks Memorandum The president asked Senator Fall to prepare for him a memorandum covering some of the disclosures before the senate committee investigating Mexico, of which Mr. Fall is chairman, and Senator Fall agreed to do this on condition that he would not discuss the subject.

Senator Fall said the president told him he did not know the details of the Mexican situation, but had a general knowledge of the situation. On his return to the capitol, Senator Fall conferred with many republican senators, telling them that mentally he was in favor of the president's asking any question coming before him and that physically he was in better condition than the senator had expected to find him.

JENKINS RELEASED

Announcement of American Consul's Liberation Coincident with Arrival of Senators at White House to Discuss Pending Resolutions for Break with Carranza

TEXAS RANGERS TAKE UP TRAIL OF MEXICAN BANDIT RAIDERS OF THE ZAPATA RANCH AND STORE

ZAPATA, Texas, (P)—Mexican bandits last night raided the Clarence ranch on the American side of the Rio Grande, eleven miles southeast of Mexi. The number of bandits is estimated to be between 20 and 30, but they were reported heavily armed. The only person molested was the storekeeper, whom they bound and gagged before looting the store. All provisions in the store were taken. The bandits packed them on several horses taken from the ranch and then crossed the Rio Grande into Mexico. The ranch is owned by General Vala, of Laredo, Texas. No clue to the identity of the bandits had been obtained up to noon today.

AUSTIN, Texas, (P)—Adjutant General Cope today ordered the company of Texas rangers stationed at Laredo to proceed to Zapata county, report to the sheriff and work in co-operation with the local authorities in attempts to apprehend bandits who crossed over from Mexico and looted a store there last night.

WASHINGTON, (P)—The American embassy notified the state department today that American Consular Agent William O. Jenkins at Puebla, Mexico, had been released from custody.

It was announced at the state department that the advice from the consul at Puebla, Mexico, that Jenkins was liberated last night from the penitentiary where he had been held pending trial on charges of stringency in connection with the abduction by Mexican bandits in October.

Coincides With Meeting The embassy's dispatch reached the state department coincident with the arrival at the White House of Senators Fall and Hitchcock, who were instructed by the senate foreign relations committee to discuss with the president pending resolutions proposing that the president be requested to sever diplomatic relations with the Carranza government.

The announcement of the state department followed the release of Jenkins from the American consular agent at Puebla, Mexico, was reported late this afternoon from the American embassy at Mexico City.

The secretary of state announced that a dispatch from the embassy stated that Third Secretary Hanna of the embassy at Puebla is in connection with the department's repeated representations for the immediate release of Jenkins had reported that Jenkins was released from the penitentiary last night.

While the release of Jenkins seemed to relieve in a way the tension here on the Mexican situation, officials have explained that the Jenkins case was only an incident.

WILSON TAKES TIME FOR STUDY OF SITUATION

Reserves Judgment on Mexican Issue Until After Examination of Evidence Submitted by Senator Fall

DISTRIBUTION OF RED PROPAGANDA TO FORE

President Promises to Indicate Views on Resolution Requesting Severance of Diplomatic Relations

WASHINGTON, (P)—President Wilson today reserved judgment on the Mexican situation until he could examine the evidence submitted by Senator Fall of New Mexico, on which the senator based his charges that he Mexican ambassador and consuls in the United States had distributed red propaganda in the United States.

Senator Fall and Hitchcock conferred with the president for nearly an hour. They said they did not ask his judgment on the pending resolution requesting the president to sever diplomatic relations with Mexico, but he promised to indicate his views later after a study of Senator Fall's data.

Senator Fall said in reply to questions that he was "entirely" satisfied with the president's condition and with his ability to handle the Mexican situation.

While the president did not say directly that he would communicate with congress on the Mexican situation, the senators gained the impression that he would have some advice to give before the senate foreign relations committee meets Monday.

Asks Memorandum The president asked Senator Fall to prepare for him a memorandum covering some of the disclosures before the senate committee investigating Mexico, of which Mr. Fall is chairman, and Senator Fall agreed to do this on condition that he would not discuss the subject.

Senator Fall said the president told him he did not know the details of the Mexican situation, but had a general knowledge of the situation.

On his return to the capitol, Senator Fall conferred with many republican senators, telling them that mentally he was in favor of the president's asking any question coming before him and that physically he was in better condition than the senator had expected to find him.

CONCEDES MODIFICATION IN TERMS ON JUGO-SLAV

Supreme Council Adopts Measures to Meet Objections to Austrian Pact

PARIS, (P)—The supreme council, in agreement with the Jugo-Slav delegation, has conceded certain modifications in the terms with Austria affecting Jugo-Slavia, notably the advancing of the date for payments to the Jugo-Slav state on reparations due it. The modifications were embodied in a declaration to be signed by the principal allied and associated powers and by Jugo-Slavia.

The council met the objections of Jugo-Slavia in the Austrian peace terms in sufficient measure, it is stated, to enable her delegates to sign the final German pact, the treaty providing for the restoration of Austria and the financial annexes to the peace treaty, and also will assure the signing of the Bulgarian treaty by Jugo-Slavia.

BOLSHEVIK OUT OF JAIL TO ATTEND PEACE PARLEY LONDON, (P)—Nari Balak, a Russian Bolshevik, was captured by the leaders in the Spartacan uprising in Germany and who has been confined to Moabit prison in Berlin, was released yesterday in the terms with Austria.

Members of the Bolshevik delegation and representatives of the Baltic states, will appear as a soviet delegate, according to a dispatch received here today from Berlin.

Developed a hot fight among League leaders themselves, it is said. Governor Frasier is quoted as saying that the persons responsible for circulation of such literature must be removed but others influential in League leadership have defended the members of the League.

It is known now that the committee will finish its investigation. Reliable reports from the majority leaders are that the adjournment by next Saturday night is expected.

RED PROPAGANDA INVESTIGATION DEVELOPS FIGHT WITHIN LEAGUE

BISMARCK, N. D., (P)—A bill authorizing loans from the Bank of North Dakota on post dated checks for the benefit of farmers in the drought-stricken area of the state, shared interest in the calendar at the special session today with several senate bills.

The house committee investigating alleged efforts of members of the state library board to circulate anarchistic literature through libraries and schools, has broadened its inquiry and has de-

# PINS HOPE ON BUILDING OF TWO RAILWAYS

### Southwest Look for Era of Development with Construction of New Outlet to Tidewater and Line to Mines

TUCSON, Arizona (AP)—Construction of two railroads, one to an outlet on the Gulf of California, is looked upon by leading citizens and observers generally as having an important bearing upon future development in the southwest.

The road to the water is expected to be constructed from Ajo, Pima county, Arizona, to San Jorge Bay, Sonora, Mexico, a distance of about 80 miles. Although but little public mention has been made concerning the present project, it is declared that Col. John C. Greenway, general manager of two large mining companies before he went to war against Germany, has practically completed final arrangements in the east for financing the project. Under construction granted by the Mexican government for the right of way of the 50 miles of the road which would be constructed in Sonora, it is said that ample time remains for the building of the line.

### Extension of Old Road

Col. Greenway, when opening up a copper deposit at Ajo, had a railroad built from Gila, on the Southern Pacific, to Ajo, a distance of about 60 miles in a southerly direction. What remains is the extension of the road through to the gulf.

When the road reaches San Jorge Bay, a 35 year old ranch of Arizonans will be reached. The railroad is looked to furnish an ocean outlet for copper shipments to eastern refineries, by way of the Pacific ocean and the Panama canal. Arizona ranks as the foremost copper producing state. Of secondary importance would be the outlet for cotton and other agricultural products.

### Tentative Route Chosen

A tentative route for the railroad runs slightly west of south to Quitovaquito, just north of the international boundary, thence down the valley east

# LYOYD-GEORGE GAVE NO IRISH QUESTION PLEDGE

### Government Spokesman in the House of Commons Denies Imputation

LONDON, (AP)—Premier Lloyd-George gave no pledge of any kind to the American representatives at the peace conference that in consideration of the question of Irish self government not being dealt with by the conference the British government would, as soon as possible after the signature of the peace treaty, settle the Irish question on a home rule basis.

### MEAT STORES WAIT SHIPS

Australian Beach Owner Says Much Mutton Accumulated in New Zealand

SALT LAKE CITY, Utah, (AP)—Approximately eight million carcasses of mutton, accumulated during the war are held in cold storage in New Zealand and awaiting ships to carry them to England and other countries, according to J. R. King, Australian ranch owner, who is in Salt Lake.

of Pinnacle peak in Mexico and then Men of the Tucson, Cornelia and Gila turns westward toward San Jorge Bay. Bend railroad, which is the name of Col. Greenway's line from Gila to Ajo, have been working on surveys for the road into Mexico.

### Opens Rich Field

The other railroad, construction of which is planned, is the Yerba Valley railroad, fathered by James S. Douglass, of Douglas, Arizona, and important mining interests. Surveys contemplate construction from Jerome, Yavapai county, southeast through the fertile Verde valley and thence nearly south into the Salt river valley, connecting with the Arizona Eastern railroad at Men.

The road would be about 100 miles long and would open up a mining, cattle and agricultural country now deprived of rail transportation.

# JENKINS WRITES OF EXPERIENCE

### American Consular Agent in Custody in Mexico Relates Circumstances

NASHVILLE, Tenn., (AP)—"I am now in prison, because I refused to give bail for one cent, as I will not even compromise with them under any circumstances," W. O. Jenkins, the American consular agent at Puebla, Mexico, declares in a letter received Wednesday by John P. Edgerton, of Lebanon, Tenn., who was captain of the Vanderbilt football team when Jenkins played tackle.

Writing in the Puebla penitentiary, Jenkins said: "I regret very much the great notoriety that has been given to my hard luck, in being carried away by some bandits who live near here, but it has been unavoidable, although the incident would have been forgotten if the authorities had not tried to cover up their 'criminal responsibility' in allowing this city to be ungarded, by charging me with my own abduction. So they have evaded every means possible to get certain evidence to cover up their abominable practices."

"I have never in all my life soon such a farce as they are carrying out here for I have been condemned without being allowed to present a single witness in my behalf, though I had them ready, and even presented them to the courts, but was told that they were too busy to hear them. At the present moment (Nov. 21) the secretary of the embassy of Mexico City is here taking this testimony, that it may be presented to the state department inasmuch as the courts refuse to accept it."

### RED CROSS WILL ADVANCE DELAYED TRAINING PAY

WASHINGTON, Dec. 5.—Disabled soldiers and sailors receiving vocational training who are in need of money because of delay in receiving their training pay, may obtain loans from home-service action of the American Red Cross. A fund of \$75,000 for that purpose was created Thursday.

# SIXTY INDIAN NEOPHITES RECEIVED INTO CHURCH

### Dedication Ceremonies Reminiscent of Days of Pioneer Missionary

SAN DIEGO, Cal., (AP)—Reminiscent of the days of Father Junipero Serra, pioneer missionary of the order of St. Francis, who first administered the sacrament of confirmation to California Indian neophytes 150 years ago, were the ceremonies attending upon the dedication of a new Catholic church, at El Cajon, 15 miles east of here.

Sixty Indian children and adults from reservations at El Capitan, Mesa Grande, Conejo, Campo, Laguna and Santa Isabella were confirmed by the Rev. John F. Cantwell, bishop of Los Angeles and Monterey, and Pedro La Point, pastor of the new parish.

Saturday afternoon Indians began arriving at El Cajon and that night the valley sky was aglow with the reflected light of many camp fires.

Long before the hour of service the following morning, members and their friends gathered at the church. Preceding the solemn high mass, the bishop with mitre and crozier opened the dedicatory exercises. The day was typically Californian and the glitter of the sun's rays upon the golden strands of the vestments, the flutter of white surplices in the light breeze and the stately movements of the clergyman with their deceptively-chant of the age-old ritual, made an impressive ceremonial.

Children and adults filed along the altar rail while the bishop and his assisting priests anointed them with anointed oil and administered a light blow on the cheek that marked them as soldiers of the cross.

One confidant, Yellow Sky, said to be 120 years old, an Indian whose tribal antecedents have faded from the memory of every man who knows him, attracted attention. At his request Bishop Cantwell bestowed upon him the name of "Pablo," the Spanish-Indian equivalent of "Paul."

Only one Indian, Ambrosio, member of the camp reservation, can converse with Yellow Sky.

Thirty 30 Indian languages spoken in America 24, it is said, are spoken in the El Cajon valley and vicinity. After the ceremonies, residents of the valley gave the Indians a barbecue.

Piano Tuning—S. G. Hull, Phone 34, Rogerson Hotel.

# SOLONS DEMAND RIGID ECONOMY

### Possibility of War with Mexico Unwelcome Element in Retrenchment Plans

WASHINGTON, (AP)—Demand that the utmost economy be exercised in government expenditures was made in the senate Thursday by both republican and democratic leaders during a discussion of the financial situation. Possibility of war with Mexico was mentioned and it was pointed out that this would entail enlarged appropriations.

Chairman Warren of the senate appropriations committee, said the estimates of \$4,855,000,000 for the next fiscal year, as prescribed recently by Secretary Glass, were "absolutely startling." He said this compared with estimated revenues of \$3,035,000,000 from all sources, including the postoffice department.

"When the burden of taxes we are carrying is considered and the war behind us it seems to me," said Senator Warren, "that the time has come to shut the gates entirely on new requisitions."

Senator Smoot, republican, Utah, declared congress would not provide the money requested in the estimates, adding that several senators had agreed to talk bills to death if necessary.

Chairman Wadsworth, of the military committee, pointed out that the army estimates of \$959,000,000 were \$500,000,000 more than this year's appropriations, and apparently were based on a peace time army of 500,000 men.

"I can assure the senate," he said, "that not with my consent will there

# PACIFIC MUSIC WRITERS TO BE OWN PUBLISHERS

### Organize Association with View to Establishing Print Shop for Benefit of the Members

SPOKANE, Wash., (AP)—Music writers of the Pacific coast are organizing a writers' and composers' publishing association, which is to be incorporated within a few weeks and which later hopes to establish a publishing concern for putting out the compositions of its members, it was announced here by J. Louis MacEvoy of this city. It is hoped to establish such a print shop here during next year, Mr. MacEvoy said, and to publish an official musical paper.

"Many music writers of the Pacific coast have achieved notable successes of late," Mr. MacEvoy stated. "Their commercial advancement has been limited only by the number of songs they have been able to get printed. Because of numerous printers' strikes it has been deemed wise to organize a publishing association."

# SOUTH DAKOTA RATIFIES SUFFRAGE AMENDMENT

PIERRE, S. D., (AP)—Ratification of the federal woman suffrage resolution was completed by the South Dakota legislature when the senate passed the measure Thursday. The lower house acted on the resolution Wednesday. South Dakota is the twenty-first state to ratify the amendment.

"You can find the house or apartment you want, if it is to be found, through using the classified."

by an army of 500,000 men." Declaring that the estimates probably would be exceeded when actual appropriations were made, Senator Thomas, democrat, Colorado, urged economy, declaring that war with Mexico seemed "unavoidable" unless the Carranza government changes its attitude.

## JOE BECKETT'S A GREAT LOU, CRITICS AVER

### Disgusted Britons Accuse Their Champ of "Sheer Stupidity"

LONDON, (AP)—Exports in commenting last night on the knock-out of Joe Beckett, of England in the first round, contend in saying that victory went to the "man because of speed and cleverness."

Beckett's manager says Carpenter "brought off a million to one chance" but the Daily Mail critic accused Beckett of "sheer stupidity."

"Beckett had by a long way the best of the handicap," this expert writes. "He was superior in height, weight and reach. He is a great fellow, physically, but the less said about his judgment the better. The blow with which Carpenter won was too simple for words. It could have been easily avoided and the counter to it would have been an extremely dangerous blow, yet Beckett walked right into the danger zone. There is no excuse for him."

After Carpenter had been carried around the ring, the prince of Wales cordially shook his hand and congratulated him. The prince also shook Beckett's hand, saying: "Better luck next time."

Frenchmen Tickled  
PARIS, (AP)—Carpenter's victory over Beckett created great enthusiasm here last night in the crowds that waited on the boulevards and in cafes for the result. All French spectators were confident that Carpenter would win but were surprised when he did it so quickly.

## WORLD'S TITLE BATTLE COMES IN THE SPRING

### Dom Torricchio Says He Has Dempsey's Contract to Fight European Champ

NEW ORLEANS, La., (AP)—Jack Dempsey, heavyweight champion, is ready to enter contract to meet in New Orleans the winner of the Beckett-Carpenter fight, Dominick J. Torricchio, fight promoter of this city, announced today. He added that Gate Lewis, of Chicago acting as his representative, was due to arrive in London today to sign up Carpenter, the new heavyweight champion of Europe.

"I have Dempsey's contract to meet the winner of the Beckett-Carpenter fight in New Orleans and I know Jack Dempsey will keep his word," Torricchio said. "Arrangements have been made to enable to Carpenter ten per cent of his guarantee the day he signs articles."

## ROSS OF SAN FRANCISCO "CRACKS MERMER RECORD"

HONOLULU, T. H., (AP)—Norman Ross of San Francisco broke the 200-yard tank swim record set by the Men's Christian association meet here last night. His time was 2:06 2/5. Two old records also were made by Ross in Chicago, April 4, 1918, and was 2:00 4/5.

## GOING TO AUSTRALIA

SAN FRANCISCO, (AP)—According to local reports, Norman Ross, who broke the 200-yard tank swim record in Honolulu last night is to go to Australia to contest in swimming events there.

## GOULD STILL AT TOP

PHILADELPHIA, (AP)—As a result of the second day of the national tennis match between Jay Gould, amateur and former world's open champion, and Walter Kinsella, the professional title holder, the national open championship, the score stands five sets to three in favor of Gould, his opponent winning three of the four played yesterday. The scores were 6-3, 6-3, 6-5, 6-1. The match will come to an end Saturday. It calls for the best in thirteen sets.

## CALIFORNIA MUNICIPALITY IN AMUSEMENT BUSINESS

REDLANDS, Cal., (AP)—Redlands, as a municipality, has gone into the amusement business.

It has purchased a theater and made W. L. Fowler, city trustee, manager of it.

The city plans never to donate the use of its theater for any event, but to handle it in a strictly business way, with the municipal eye open for all possible profits.

## THAT LEAGUE MUDDLE

NEW YORK, (AP)—After hearing arguments on the application of the New York American league club for an order restraining President Johnson from calling the annual meeting of the local directors and members of the American league in Chicago on December 10, Supreme Court Justice Greenham reserved decision yesterday. He also gave counsel for both sides until this afternoon to file additional affidavits and submit briefs.

## PLEASTAMETVA!

LONDON, (AP)—C. B. Cochran, the promoter of the Carpenter-Beckett fight, will leave here for the United States in a few days. He hopes to arrange for a championship match between Jack Dempsey and Carpenter to be held in London in 1920.

## HARD SPRINTS SEND BICYCLE VETS TO FORE

### Leaders in Endurance Tests Smash-Forward in Wild Dashes

NEW YORK, (AP)—In a series of wild sprints and attempts on the part of at least three teams to steal a lap four teams were lapped by the leaders last night in the six day bicycle race. Chardon and Tiborghen, as well as Spencer and Chapman, who lost a lap each earlier in the contest, dropped another lap in the jams so that they are two laps behind the leaders. Brocco and Verri, with Byrnes and Speisens were one lap behind the other two who were tied for the lead at midnight.

The leading pairs of point winners in the sprints are as follows: Goulet and Madden, 253; Hill and Dirobach, 215; McManara and Magin, 213; Eaton and Kaiser, 170; Egg and Duppuy are next with 127.

The score at midnight was 1,753 miles and five laps for the first ten riders. The record is 1,904 miles and a nino laps, made by Cameron and Kaiser in 1914.

## Brief Bits of Sport

These Englishmen seem to have a penchant for going fast.

As a instance, Joe Beckett, quondam fight champion of the British Isles.

Joe lasted quick before Georges Carpenter in London yesterday, yielding up the ghost to the French phenom in a little less than one round.

Now, you, Jack Dempsey!

Jack Curley has taken charge of the affairs of White Arabian, the ring's fat boy, and will try to develop a real fighter out of him.

Next Monday night Joe Steeder will combat Windie Zverkov for the near-wrestling championship of the world.

This pair, a strong man and a nervous artist, will pull their hectic stunt in New York under rather peculiar rules. Unless there is a fall the bout will be undecided and neither man will receive any pay for his efforts.

It now remains to be seen what Jimmy Wilde will do against Jack Sharkey. Wilde is about the only fistie hope England has at present.

A coast league manager announces having signed a pitcher named Bloomson.

We shall expect some of those cute coast sports paragraphs soon to be pulling a wheeze about "hipped in the bud". Eh?

The mail brought Sam Smiley, agebrush sage, this one: "Is the Twin Falls police department uniformed?"

He air.

Since Johnny Dundee has eliminated Charlie White as a lightweight championship possibility Johnny himself must face Champion Ben Leonard in New Orleans December 15.

Which really looks as though the Scotch snapper has fought himself into a peck of trouble.

Announcement—Changes will be made in football rules for next year.

Of course, the same old stuff. Yes.

Sam Smiley, agebrush sage, says: "Any changes they make in rules of football must necessarily be for the better."

## JIM'S SUCCESS DUE TO BRAINS DRISCOLL SAYS

### Manager of British Flyweight Champion Tells of Wilde's Rise to Fame

CHICAGO, (Special)—Jim Driscoll, the famous English boxer, who handles Jimmy Wilde, the flyweight champion, tells some interesting things about the wonderful little British boxer.

"Something like seven years ago," says Driscoll, "Teddy Lewis came to me and said he wanted me to go to a contest that night, and he had a 'little boy' there who ought to make a good 'un. I went, and for the first time set my eyes upon Jimmy Wilde. If he is small now he was then a nice specimen, so to speak, and in what was styled, out of courtesy, as a four round exhibition' he conceded about half a stone to his rival, and probably received about 'ten bob' as his end of the purse."

**Fought at 70 Pounds**  
"My conclusions were that he was a game little boy, but had a lot to learn. I told Lewis so, and added that Wilde would be too small to get on in the profession because we had no championships for lads of his weight. At that time, you must remember, he was only about 70 pounds, and to me he looked as though he never would grow any bigger."

"Later on Mr. Lewis had him fixed up for a ten round contest at Tony-bandy, and he asked me if I would have him down with me. I consented. With his natural gift for fighting and his good brain, Wilde did not require to be told twice before he grasped an idea and put it into execution. I found him improving daily when I sparred with him and now he knows the game from A to Z."

**Wilde's Brain Wins Bout**  
"If I were asked to give reasons for his success I should say it is due to the quick way in which his brain works. It certainly thinks faster than that of the majority of boxers. He sees the opening and takes advantage of it quickly, while he also knows if he does anything wrong, so that he is able to recover himself immediately."

"Add to this Wilde's unnatural strength—which is phenomenal in a man of his weight—and bearing in mind also his sound knowledge of the game, you can then see what pulls him through his many trying contests. This was proven in his match with Joe Lynch."

**Bluffs Joe Lynch**  
"It was simply Wilde's knowledge and gameness that kept him on his feet. Joe Lynch had him practically beaten. I think it was in the twelfth or thirteenth round that this occurred. Wilde was not having things his own way, but he used his head and bluffed and fought Lynch out of it."

"They say Wilde has lost his punch. I don't think so, because every time he had a fight he made Lynch stop first, and he must be hitting him to make Lynch stop and hold. If Wilde lost his punch then, by the look of things he found it again."

"But, after all, the chief factor in Wilde's wonderful success is his brain and the use he makes of it."

**PEPE POPS ANOTHER**  
ST. LOUIS, Mo., (AP)—Pete Herman, bantam champion, knocked out Kid Regan of St. Louis in the third of a scheduled eight round bout last night.

The contest was about even until the fourth round when Herman delivered the knockout with a right cross to Regan's jaw.

## UNIVERSITY TO TEST PAVEMENT MATERIALS

### Laboratory is Equipped to Analyze Quality of Road Surfacing Facing Staff

UNIVERSITY OF IDAHO, Moscow (Special)—Tests of road surfacing materials proposed for use on Idaho highways hereafter will be made in a road materials laboratory which has just been installed at the University of Idaho under the direction of Dr. C. N. Little, dean of the college of engineering.

The large sums available for road building in Idaho and the fact that today, "inevitably will mean the construction of hard surfaced highways and in order to build roads of this character, particularly if they take the form of concrete or black pavement, laboratory control is essential."

"At the last session of the legislature, \$5,000 was appropriated to equip a new road materials laboratory at the university. The necessary machinery and other apparatus, ordered in May, have now arrived and are being installed. There is every reason to believe that we will be able to commence our tests in the near future."

"Raymond Harsch, who has had four years of experience in the laboratory of the United States bureau of public roads in Washington, recently has been appointed to assume charge of the work of testing. Mr. Harsch comes to Idaho highly recommended by his former chief, Frevost Hubbard, one of the leading asphalt experts of the country, and by A. T. Goldbeck, engineer in charge of the government road materials laboratory in Washington."

"The need and value of laboratory control in highway construction were so fully realized by Commissioner W. J. Hall of the state department of public works and Colonel D. P. Olson, director of the state bureau of highways that an agreement has been entered into whereby the department of public works will co-operate with the university in supporting the laboratory just installed."

"My personal conviction is that the installation of this laboratory constitutes an important forward step in the history of highway construction in Idaho."

## FUEL FAMINE IN MONTANA

### Copper Mines and Smelters Close While Coal Goes to Householders

CHICAGO, (AP)—T. W. Proctor, regional fuel director, announced today that coal is being rushed to Montana for the immediate relief of the fuel famine in that territory.

"There is a serious shortage of coal in Montana, especially at Helena. Coal is no longer to be had in the territory and in the meantime fuel will be turned over to the retail dealers to take care of the local situation."

"The copper mines and smelters at Butte, Anaconda and Great Falls closed last Sunday and will remain closed until the coal situation improves."

"In the meantime, coal consigned to the copper mines and smelters in that territory is being directed to local dealers in Montana for household consumption."

## DATE SET FOR TRIAL OF CENTRALIA SUSPECTS

CENTRALIA, Wash., (AP)—Trial of Industrial Workers of the World charged with the murder of Lieutenant Warren O. Grimm, one of four vice-rims of alleged I. W. W. bullets here Armistice day, has been set to begin January 5 at Montevideo, the county seat of Grays Harbor county.

"Raymond Harsch, who has had four years of experience in the laboratory of the United States bureau of public roads in Washington, recently has been appointed to assume charge of the work of testing. Mr. Harsch comes to Idaho highly recommended by his former chief, Frevost Hubbard, one of the leading asphalt experts of the country, and by A. T. Goldbeck, engineer in charge of the government road materials laboratory in Washington."

"The need and value of laboratory control in highway construction were so fully realized by Commissioner W. J. Hall of the state department of public works and Colonel D. P. Olson, director of the state bureau of highways that an agreement has been entered into whereby the department of public works will co-operate with the university in supporting the laboratory just installed."

"My personal conviction is that the installation of this laboratory constitutes an important forward step in the history of highway construction in Idaho."

## TOO BAD

HONOLULU, T. H., (AP)—Norman Ross here last night in swim the 440 yard race in 2:05 3/5, the fastest time ever made in this distance. The time is disqualified as a world's record as it was made in a tank less than the stipulated length of 75 feet. Ross holds the world's record, 5:08 4/5, in the 440-yard swim made in Chicago on April 10, 1918.

## CAN YOU BLAME 'EM

LONDON, (AP)—When the aero-fliers announced the decision Londoners were unable to believe it, they thought a mistake had been made.

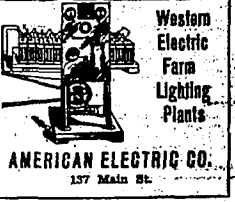

## WELL, TIME TO SIGN

### LOS ANGELES, Cal. (AP)—Jack Dempsey, heavyweight champion, and here last night Georges Carpenter's victory over Joe Beckett in London was no surprise to him, as he and his manager, Jack Kearns, had picked the French champion to win.

## A CLASSIC ALIBI

LONDON, (AP)—"I hadn't started to fight, when I got it. I didn't realize what had happened. I was just 'filling in' for the first round when he slipped in."

QUESTIONABLE LEADERSHIP

It is not impossible that each of the demands of the several labor organizations now on strike in this country may have justification, argued by itself or in view of other demands, but the essential fact remains that they are all contributing to the general state of disorder in industry which is reducing the common supply of necessities and comforts.

The most aggressive of these groups claim to be demanding no more than is necessary to enable them to hold their own. In any event it is evident that the waste and inefficiency is enormous.

Furthermore, it must be apparent that mere increased wages cannot make good what is lost.

The production of sugar from the last world's crop was about 10,300,000 tons against 18,800,000 tons from the last crop before the war. The world's production of all the bread grains is far below what it was before the war.

The available supply of hides and leather on the market and the production of shoes therefrom is far below that of the pre-war period. The production of cloth from both wool and cotton is far below that of the pre-war period.

The production of coal and other necessities has fallen off in like manner. Under these conditions it is impossible by mere wage advances to provide everybody with as much of everything as he had before.

The efforts, for high wages simply nullify each other and it is useless for leaders of any group to declare that they will get just as much of sugar, coal, clothing and other things for their followers as though there were full production.

Labor is ambitious to come into a larger share of the management of society than it feels it has had in the past, and it can easily do so if it will put forth the type of leadership which is needed.

Society wants intelligent, enlightened leadership, which will be governed by the purpose to improve conditions for all, but the leadership which seizes upon a time like this to curtail production and promote disorder throughout the country is not very likely to be called to larger responsibilities.

GOVERNORS OF TEN STATES SEND EFFORTS TO SECURE NEEDED COAL OUTPUT

(Continued From Page One)

Chicago needs 500 cars of coal daily to continue on its present 6 1/2 hour business day basis. A message to this effect has been sent to the fuel administrator at Washington.

Unless this amount of coal is forthcoming each day Chicago may have to put on a four hour business day basis. The coal situation was reported to be more serious here today than at any time since the beginning of the coal strike.

Thousands Rendered Idle: Hundreds of additional manufacturing plants closed today because of their inability to obtain fuel and many more thousand of men are idle.

The fuel regulations are being rigidly enforced.

WANTED—Position wanted by stenographer. Good references. Phone 558.

Today's Markets

Liberty Bonds

NEW YORK, (AP)—Prices on Liberty bonds at 2:55 p. m. today were: 3 1/2's \$99.08; first 4's \$94; second 4's \$92.14; first 4 1/4's \$94.30; second 4 1/4's \$92.50; third 4 1/4's \$94.40; fourth 4 1/4's \$92.70; Victory 3 3/4's \$99.18; Victory 4 3/4's \$95.14.

Grain and Provisions

CHICAGO, (AP)—Fairly liberal receipts and a limited demand gave a heavy undertone to the corn market today and prices were generally lower. There was a pronounced drop shortly after the opening and on rather free selling. Bearish sentiment predominated in spite of expected transportation difficulties due to weather conditions and the fuel shortage. Opening prices, which ranged from unchanged to 1-2c lower, with December \$1.39 1/2 and May \$1.33 5/8 to 7/8, were followed by declines. On the dips May touched \$1.32.

Later, resting orders checked the decline, and shorts covering generated sporadic upticks. The close was unsettled 1 1/8 to 1 5/8 net lower, with December \$1.38 5/4 and May \$1.32 1/8 to 1.33 5/8.

Oats followed the course of corn but within narrower limits. After opening 1 1/4 lower to 1 1/4 higher, with May at 79 1/2 to 79 5/8 there were gradual decreases.

Lower live hog prices were reflected in decreased provision values. Opening prices were from 5 to 50 cent lower, pork registering the greatest decline.

Chicago Livestock

CHICAGO, (AP)—Hog receipts 4,000; mostly 50c lower; bulk \$13.40 to 13.75; heavy \$13.40 to 13.75; light \$13.40 to 13.85; heavy packing sows, smooth \$12.75 to 13.25; packing sows, rough \$12. to 12.75; pigs \$12.50 to 13.25. Cattle receipts 9,000; steady; beef steers, medium and heavy weight, choice and prime \$18.25 to 21; common \$8.75 to 11; heifers \$8.00 to 10; cows \$6.25 to 10; veal calves \$16.50 to 17.50; feeder steers \$7 to 12.25; stocker steers \$6 to 10.75; western range, beef steers \$7.50 to 14.75; cows and heifers \$6.50 to 12.50.

JENKINS RELEASED

(Continued From Page One)

in the Mexican situation. Senators regard the charges of Senator Fall that the Mexican ambassador and consuls in the United States have spread "red" propaganda, as the more serious.

Intervention in Mexico is opposed by Jenkins, who in a letter received today by Representative Davis of Tennessee, said "it ought to be possible to solve the Mexican problem without actual intervention."

News of Jenkins' release was communicated to the White House by the state department while the president was conferring with Senators Hitchcock and Fall. Dr. Grayson took the message directly to the president and his visitors.

The state department's advice gave no details and first news that the release was ordered by the judge at Puebla was contained in Associated Press dispatches from Mexico City. Jenkins previously had been offered liberty on 1,000 pesos bail, but he declined to accept.

MEXICAN ADVISES CLAIM BAIL BOND WAS FURNISHED

MEXICO CITY, (AP)—William O. Jenkins, the American consul agent at Puebla, was released at 10 o'clock Thursday night by order of the judge at Puebla, according to a dispatch from that city filed here at 2:30 o'clock this morning.

Advice to El Democrita state that Consul Jenkins was set free after the authorities had been handed a check for \$500 (American) signed by J. Salter Hansen, drawn on the Guaranty Trust company of New York. It is declared that Mr. Hansen conducted all the negotiations for the release.

Find your tenant for that store or office through using the classified. Tell what it is like, the advantages of its location, its rental price. Somebody wants it.

TURK WANTS U. S. TO RATIFY PACT

Son of Former Sultan Points Out Fine Opportunity for America to Help

CONSTANTINOPLE, (AP)—Abdul Medjid Effendi, son of former Sultan Abdul Aziz, and heir presumptive of the Ottoman throne, in an interview given to the Associated Press November 27, expressed the hope that the United States would ratify the treaty of Versailles and make an appeal in behalf of his own people.

"It is stated that the Turkish peace is being delayed because of the attitude of the United States," Abdul Medjid said. "It should be remembered that we have been warring for the last ten years. We are exhausted.

Are Gifted People

"Why cannot we be given a chance to live and prosper and develop economically? We are a gifted people and if we turned to the ways of peace we would show the world we could succeed industrially just as we did in a military way.

"It is a fine opportunity that America has to help us. It was not our fault if we got into war but because France and Great Britain sided with Russia against us. I warned the French and the English before the war that they were forcing us to Germany's side. It would have been a shorter war for them, with the Danubian open, if I had been listened to. Also I realized that a German alliance would ruin us. What should be done now.

It will be remembered that Alsace and Lorraine were one of the causes of the great war. Well, if Turkey is partitioned it will make new problems of the same kind.

John Kendall has been in Boise for a few days visiting with friends.  
 Mr. and Mrs. Hornán Dietz are Boise visitors in Twin Falls.  
 Mrs. T. E. Moore of Filer spent the day in Twin Falls yesterday.  
 Chas. A. Garalde of Pocatello is transacting business here.  
 J. C. Finch of Buhl was a Twin Falls visitor yesterday.  
 W. B. Knowlton of Portland is a business visitor in this city.  
 Lorin Savage of Buxley was among the visitors in Twin Falls yesterday.  
 Roy Durfee of Hagorman is in the city on business.  
 E. M. Crawford of Boise, is transacting business in Twin Falls.  
 Senator S. P. Atherton is in Twin Falls from his home at Hazelton.  
 Wm. H. Abernethy, with the Krull Music house of Boise, is in the city transacting business for a few days.  
 Mr. and Mrs. E. B. Darlington were over from Jerome yesterday on a business and pleasure trip.  
 Mrs. Arthur Anderson of Filer was a Twin Falls visitor yesterday.  
 Miss Frances Field has returned from Salt Lake where she has been attending the University of Utah.

**High School News**

**TO NOMINATE OFFICERS**  
 Officials of the senior class will soon make nominations for the various offices on the staff of The Coyote, the annual school publication. Preparations for publishing the magazine will be undertaken immediately after the official ball is elected.  
**PLAY BEHIND BARS**  
 A modern "star chamber" type of session has been adopted by the girls who are now staging a class basketball tournament in the school gymnasium. Games played by class teams on two days every week are being played clandestinely, no persons who are not connected with the tournament being admitted to witness the games. Two games have been played to date, the Junior team defeating the Senior quarter and the Sophomores besting their number rivals, the Freshmen. This afternoon the Juniors play the Sophomores and the Freshmen the eighth A team. The tournament will continue for two weeks, at which time a pennant will be awarded the best five.  
**GIRLS ENTERTAIN**  
 Musical entertainment was provided in the assembly yesterday morning by the girls' glee club. Jacob Irwin, of the public speaking department, delivered a recitation entitled "When the Folks Am Gone," by James Whitcomb Riley.  
 Continuing the girls' class basketball tournament, two games were played yesterday afternoon. The Junior class team defeated the Sophomores five and the Freshmen won from the 8A quintet. The class standing is now as follows:  

Team	Won	Lost	Pct.
Juniors	2	0	1.000
Sophomores	1	1	.500
Freshmen	1	1	.500
Seniors	0	1	.000
Eighth A	0	1	.000

 The next games will be played Tuesday of next week, and will continue for two weeks.

**Social Notes**

Mrs. R. A. Read was host at a second bridge party last evening. Miss Agnes Tomlinson of New York and Mrs. Green of London, Eng., were out of town guests.  
 The Missionary society of the Presbyterian church met in the church parlors yesterday afternoon. Mrs. Harry Smith was in charge of the program. Mrs. H. J. Youngs and Mrs. Charles H. Scott were hostesses and light refreshments were served.  
 The Episcopal Guild had a card party at the Parish hall last evening. A short program was given at which Mrs. J. E. Zyers, Miss Emma L. Smith and D. A. Simons sang and Miss Mead gave a reading. There were seventy-five in attendance and refreshments were served.  
 The Country Women's club met at the home of Dr. and Mrs. J. E. White last evening for a Christmas bazaar and pie social, each member of the club bringing a pie, the refreshments consisting of pie, cheese and hot coffee. All pies that were not used were auctioned off, and the fancy articles sold. About forty members enjoyed the evening.  
 Mrs. E. F. Stettler entertained the Pioneers club yesterday at her home on Fifth avenue east. A business session was held, followed by \$500. The following members were present: Madames F. Wick, W. Dufresne, J. B. White, G. Davison, H. Bieler, L. Chaplin, E. Polz, E. Kall, E. M. Williams, and McFarland. A dainty two-course luncheon was served. This will be the last meeting of the club until after Christmas.  
 The Woman's Foreign Missionary society of the Methodist church met at the home of Mrs. C. E. Lind on North main. The afternoon was given over to Mrs. E. G. Keith who has just returned from Boston where she attended the big jubilee meeting of the missionary society. She gave a most interesting talk on the reports of the missionaries present from the different parts of the world. Mrs. C. E. Stinson gave a piano solo, and Mrs. Paquin a vocal solo. Fifty members enjoyed the afternoon.  
 On Wednesday afternoon members of the Kimberly Band club and guests gathered at the Wagner home for their annual Christmas party. After a brief business session, a pleasing and well selected program was enjoyed. The numbers were as follows: A National Prayer, Mrs. Graham; The Christian Crown, Mrs. Bots; Today and the New Year, Mrs. Strobek; Sois, Christmas Carol, Mrs. Alexander; Why the Chimes Ring, Mrs. Price; Christ in Every Day, Mrs. Bolton; Piano solo, Lillian Wagner. A beautiful Christmas tree and "Santa Claus" featured the event. Santa presented each one with a dainty gift. An elaborate two course

luncheon was served by Mrs. Wagner and her daughter. Mrs. Strobek was given a glowing vote of thanks for the program she had arranged. Another social affair will be given on New Year's eve.  
 The Catholic Women's league met at the home of Mrs. M. B. Corcoran yesterday afternoon. After the business session a very interesting program was given, which consisted of an instrumental duet, "Waltz in G" (Stronbog), by Lucille Ahearn and Vera Wynn. Two vocal selections, "To You," by Bessie, and "I Love You Truly," by Bessie, sung by Mrs. H. W. Gundy. Mrs. Fred T. Dubois of Washington, D. C., gave an address on "The Technique of Labor," Mrs. W. W. Humphrey talked on "How We Should Honor the Flag," and presented the league with a beautiful silk flag. Miss Irene Carlson sang "We'll Never Let the Old Flag Fall," and as an encore "I Know a Lovely Garden." Mrs. Anna Campbell gave a reading on "The Advent Time." The hosts were Mrs. Wagner, Mrs. Corcoran and Mrs. Charles Macalester. There was a large attendance and delightful refreshments were served.

Miss Julia Taylor has been appointed county chairman on the anti-tuberculosis drive and has selected the following chairmen: Mrs. J. G. Naam, Buhl; Mrs. Taylor, Hansen; Mrs. W. M. Van Houten, Kimberly; Mrs. Klusmyer, Hollister; Mrs. A. Myce, Bowers; Mrs. D. P. Ayler, Rock Creek; Mrs. Fahoy, Murtaugh; Mrs. C. B. Harvey, Curry; Mrs. Guy Shearer, Filer, and Miss Susanna Taylor, Twin Falls. The rural schools throughout the county have all been sent stamps.  
 Yesterday Christmas seals were placed on sale at the following local places: Boyce, Bowers; Mrs. D. P. Ayler, Stratton Brothers, Twin Falls National bank, Twin Falls Public library and the Idaho Department store.  
**COPENBAERGER ARRESTED**  
 Charles Copenbarger of Buhl, was arrested last night and is now in the county jail awaiting hearing on charges of check forgery. Copenbarger, who is 19 years of age, but whose parents say he is 19, is said to have issued a number of checks for small amounts, including money of Buhl people to some and fictitious names as others. Thus far had paper for \$50 has shown up and is in the possession of the probate authorities.  
**FORMER CABINET MEMBER ENTERS INVESTMENT TRADE**  
 NEW YORK, (AP)—William C. Redfield, former secretary of commerce, has entered the investment security business in New York, associating himself with H. P. Wilson under the firm name of Redfield and Wilson, it was announced today. The firm expects to conduct reorganizations and consolidations of industrial and public utilities companies.

**Local Brevities**

**To Confer Degrees**—Work in the Esquire rank will be exemplified by the Knights of Pythias in Masonic hall this evening.  
**Visitors from Boise**—Mr. and Mrs. John Kopelman, of Boise, are guests at the home of Mr. and Mrs. Alan P. Senior.  
**Patient Recovering**—Mrs. Orley Laird, who yesterday underwent a serious operation at a local hospital is today reported showing marked improvement of condition.  
**Gene to Salt Lake**—Mr. and Mrs. Harry P. Allen returned yesterday afternoon from a visit of several days in Boise. Mr. Allen left on the evening train for Salt Lake for a brief business trip.  
**Return to Utah**—Mr. and Mrs. J. W. Burns and family of Trenton, Utah, who have been visiting their parents, Mr. and Mrs. J. C. Wheelon for the past week returned to their home Wednesday morning.

COMING—Fatty Arbuckle in his latest, "The Hayscocks"

# LONG DELAYED INVESTIGATION REVEALS TRUST

## Committee of Argentine Chamber of Deputies Discovers Combinations in Control of Trade

**BUENOS AIRES, (AP)—**A committee of the chamber of deputies has discovered after more than a year's investigation that Argentina is afflicted with "trusts." Wine, flour, lime, potatoes, meat, and oil and sugar are described in a recent report of the committee as under the control of "trusts" which have been able to flourish and maintain high prices chiefly because of high protective tariffs favorable to railroad rates, it is charged.

The committee finds that the "most typical trust" in Argentina (the word "trust" is put in quotation marks throughout the report) is the "wine trust" in the great grape growing province of Mendoza on the slopes of the Andes. It is charged that this combination of wine producers is an "official" trust organized by the law of the province which is able to pay the cost of the greater part of its administration out of "the local privilege created by the monopoly of wine."

**Demand for Imports**

Destruction of grapes and wine, exportation of wine at a low price and maintenance of a high price in Argentina are alleged. The "trust" is able throughout the report to "bring" high customs duties which discourage the importation of ordinary wines and by the aid of the national banks. Reform in the administration of the banks and in the tariff laws is demanded.

The committee names the Standard Oil Company, of the United States, as the "trust" which controls kerosene and naphtha in Argentina. The report says that this "trust" has in Argentina a "powerful subsidiary company, divided in its legal aspect, into one section of production, another of marketing and transport."

"The commercial practices of this trust," says the report, "are those of a monopoly which wishes to extend over more and more territory. There is no proof that the 'trust' has succeeded upon increasing the price of kerosene and naphtha in the country, but it is certain that its prices represent a relative increase, that is to say, with relation to the cost of production."

**Encourages Production**

Argentina's defense against "this international and almost world-wide monopoly" the committee says, consists of encouraging commerce in and production of all other materials capable of producing light and heat and developing the production of petroleum as a government enterprise "since every private enterprise will be annihilated or absorbed by the 'trust.'"

Dealing with meat, the report says that the exportation of this commodity is "in the hands of great companies which are subsidizing the most powerful foreign companies tending toward capitalistic monopoly." The committee recommends that Argentina organize its own meat industry with municipal and regional stock storage plants and enter into direct relation with the great foreign markets of consumption.

Finding that a milling trust exists, the committee declares that "the most extortionate capitalistic combinations are necessary and that 'we should educate ourselves economically and politically for the socialization of this industry.'"

# SEEKS CONDITIONS FOR COLLECTIVE BARGAINING

## New York Engineer Tells Association Term at Present is Misleading

**NEW YORK, (AP)—**Creation of a bureau of research by employers and employees to bring about a condition of "real" collective bargaining was advocated at Thursday's session of the annual meeting of the American Society of Mechanical Engineers, which was devoted to discussion of industrial unrest.

The suggestion was made by A. L. De Loeuw, of New York, a consulting engineer, who confined his paper to consideration of wage payment.

"Collective bargaining," according to Mr. De Loeuw, is a misleading term. He asserted that "under the present conditions there can be no bargaining" and that the issue has been brought to a conclusion by strikes or threats of strikes. "This," continued the speaker "is no more a method of bargaining than when a man points a gun at his debtor to collect a bill."

Asserting that the difficulty in paying labor is to find a unit of measurement, Mr. De Loeuw added that "wages must drop to a large extent, the idea that wage is the compensation for time" and declared "it should be made a compensation for product delivered."

He closed by urging "a concerted effort by employers and employees to bring about a classification of labor so that wages can be set on a degree of scientific accuracy that variations caused by disturbing facts will not be so large, but that they will lend themselves to compromise."

# CHAMPION BOY HOG RAISER OF THE FAR WEST

William Stuart of Weiser, Idaho, is the champion hog raiser of the far west. He is shown here with his prize sow. He will be one of the boys from all parts of the country who gets a free trip to the International Livestock show in December.

# NOXIOUS WEED HARMING SEED

## Dodder Contaminates Much of Clover Grown in This State Report Shows

That alfalfa, clover and alsike seed grown in Idaho is contaminated with noxious weed seed is the statement contained in an analytical report made by the state seed department, of which E. F. Sheehan, field agronomist of the university extension department, is commissioner.

Laboratory analysis in the office of the seed commissioner, from January 1, 1918, to January 1, 1919, shows that 46.5 per cent of alfalfa, 25 per cent of red clover, 44.5 per cent of white clover and 24.5 per cent of alsike clover samples, submitted for test, were condemned.

According to the commissioner, of these condemned samples 90 per cent were rejected because of the presence of dodder, "the worst weed that can get into alfalfa and clover fields," the commissioner avers.

Dodder seed closely resembles alfalfa and is parasitic. There are two sorts of this weed, one propagated through a small yellow seed which is fairly easy to eliminate through the screen, the other being of a larger variety, about the same size as alfalfa seed. This cannot be separated through an ordinary mill.

Increase of noxious weed contamination of the various sorts of clover has been particularly noticeable in the past three years, official reports show. In 1919 only 21.3 per cent of alfalfa samples were condemned. To prevent the grades of Idaho seed from deteriorating Commissioner Sheehan urges all farmers to send their seed in for testing.

# VOLUNTEERS REPAIR TO WOOD YARDS FOR FUEL

**TOPEKA, Kan., (AP)—**Twenty-six volunteer woodmen, armed with axes and crosscut saws left the city hall on motor trucks Thursday to cut wood for the municipal wood yard. Another corps of wood cutters started this afternoon. Wood is to be cut on a large farm seven miles east of Topeka, owned by Jess Willard, former pugilist.

# NEGLECTING THAT GOLD OR COUGH?

**Why, when Dr. King's New Discovery so promptly checks it**

It's natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, grippe, croup does not resist this standard reliever very long. Its quality is such today as it always has been—it's been growing steadily in popularity for more than fifty years. 50c. and \$1.20 a bottle at all druggists. Give it a trial.

# Tardy Bowels, Inert Liver

They just won't let you put "pep" into your work or play. Sick headache comes from retaining waste matter and impurities in the body.

Feel right for anything—make the liver lively, the bowels functional. Sincerely, with Dr. King's New Life Pills. Smoothly yet positively they produce results that the laxative system and make the liver and bowels respond to the demands of a strong, healthy body. Still 50c. at all druggists. Try them tonight.

# FIFTEEN YEARS AGO IN TWIN FALLS

Taken at random from The News Times this date 15 years/1915

Dr. Piko has let the contract for the construction of an office building on Main street. Work will begin in about two weeks.

The appointment of J. McMillan as private secretary by Governor-elect Frank R. Gooding was a very commendable act. Mr. McMillan is a shrewd business man and well versed in the duties of a public official.

W. Z. Iron was a visitor from North Yakima this week.

On Sunday, December 18, a box will be placed at the school house door for the purpose of securing further funds with which to build a Baptist church, and toward which Mrs. I. B. Purdin has raised \$1200. It is her desire to erect a church that will be a credit to Twin Falls and be in line with the rapid growth of our thriving city.

The Twin Falls stage goes out loaded to overflowing with passengers every morning, and the rush to that section has not commenced—Lincoln County Post.

Arrangements have been made by the Twin Falls Sunday school to give a Christmas tree on Christmas eve. It is the plan to place an orange and a bag of peanuts and candy on the tree for every child in town. The citizens should aid the cause as much as possible as the first Christmas in Twin Falls should be commemorated in such a manner as to leave a lasting impression on the minds of all those within the city's confines.

**PACKERS DECLARE PRIOR OP MEAT SHOWS DECLINE**

**CHICAGO, (AP)—**The Institute of American Meat Packers in a statement issued here Thursday declares that the average weekly wholesale price of dressed beef for the entire country decreased 34.2 per cent between May 1 and November 22 this year.

# UNCOVER COAL AT CAPITAL

State of Iowa Will Operate at Least One Coal Producing Property

**DES MOINES, Ia., (AP)—**The state of Iowa will operate one small coal producing piece of property at least. Workmen yesterday were stripping the earth from one corner of the state capitol grounds and steamshovels will be put in immediately to lift out coal discovered there Tuesday. The coal was found by workmen drilling for a foundation for a new building and is a vein about four feet deep. A mine, years ago, was located near where the coal was found yesterday. The fuel to be dug by the steamshovels will be placed at the disposal of the state fuel administration.

Any reasonably-priced house or apartment may be rented—through an inexpensive classified advertising campaign. Test the matter. The "risk" involved is so small that few people would dignify it by that name.

# HAVE US VULCANIZE

Your inner tube and repair your outer tire so it will be good for many more miles of service. The rising cost of rubber makes new tires a very expensive proposition. Why go to that expense when our vulcanizing and repairing will make your old tires as good as new ones in looks and service.

**GEM STATE VULCANIZING CO.**  
110 3rd St. East

# MANY BEDS ARE NEEDED FOR TUBERCULOSIS CASES

## Christmas Seals Will Be Sold to Help Provide Hospital Accommodations

A great lack of hospital beds for "consumptives" is reported by the National Tuberculosis association in a statement issued today. "In some communities in the United States," it is said, "not only is there a shortage of hospital facilities, but there are no beds at all for such cases. To meet this need practical appeals, backed by evidence of the value of institutional treatment of tuberculosis, will be made through the country as part of an intensive campaign to reduce the ravages of that disease now being conducted by the National Tuberculosis association."

The Great Christmas Seal, it is pointed out, will be a big factor in solving this problem, for the nationwide campaign is to be financed by the sale of more than 850,000,000 seals beginning December 1.

The statement says that the health demonstration at Framingham, Mass., where 12,000 persons were examined by physicians and reduced the tuberculosis death rate of their town more than a third in less than three years, provided data showing that there should be two beds for every death from tuberculosis. The number of deaths each year from that disease is now 150,000, the statement continues, and on the Framingham basis, there should be 300,000 beds, whereas, as a matter of fact, there are only 20,000 hospital beds in the United States, including such beds in prisons, county hospitals and asylums for the insane.

"In some communities," says the statement, "a person must be a criminal, a pauper or insane to get institutional care for tuberculosis."

Red Cross seals money cannot provide the needed beds directly, the statement concludes, but part of the \$5,500,000 to be raised by their sale will be used as "seed money" to obtain funds that will be devoted to making up the existing shortage.

# CAT SHOW RECEIPTS TO PROVIDE FOR DISPENSARY

Small Animals of San Francisco to Benefit as Result of Decision of Exhibit Directors

**SAN FRANCISCO, (AP)—**Receipts from the ninth annual show of the Pacific Cat club, to be held here December 12 and 13, will be applied to a fund to provide a free dispensary and clinic for small animals.

The dispensary will be conducted by the San Francisco Society for the Prevention of Cruelty to Animals.

Not only the residents of the fine line world, the Manx, Siamese, Persians, and others, but the common household tabby of the ordinary home may win a trophy at the coming show. Any healthy cat over five months old is considered an acceptable entry, regardless of pedigree or color, according to Mrs. J. G. W. B. Ball, San Francisco, manager of the exhibition.

Entries have been received, Miss Leontine Mowry, entry clerk, announced from Vancouver, Seattle, Portland, Los Angeles, San Diego, Sacramento and other Pacific coast cities.

Mrs. A. H. Strauss is president of the Pacific Cat club, the second oldest organization of its kind in the United States.

Every census has disclosed the fact there are more men in the United States than women.

# Buy Xmas Cards and Booklets Early

# Boyd Hospital LABORATORY

Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculosis glands, bacterial examinations of pus, spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

# TWIN FALLS RESIDENTS WARNED TO HUSBAND ALL COAL SUPPLIES

## Mayor Eldridge Is Told of Curtailed Fuel Stocks Coming This Way in Future—Distribution System Ordered into Effect Immediately in This City—Utah Output Diminishing

"There must be rigid conservation of local fuel stocks from this time on, or some of the people of Twin Falls are likely to feel the effects of coal famine," said Mayor W. H. Eldridge this morning.

The chief executive of Twin Falls had just held a conference with the railroad general agent of the O. & N. L. railroad concerning the fuel situation here and based the statement that while Twin Falls has been more than fairly treated thus far, as compared with other cities and towns the general condition here will be much worse than at present before it improves.

Supplies of coal are coming from Utah at present but according to Mr. Sullivan, stocks in that state are rapidly diminishing and in future a rigid distribution system will have to be followed for the supplying of the district depending upon the cause of that state. Mr. Sullivan has been advised that curtailment of coal to Twin Falls is inevitable and will become effective immediately.

Following out the plan of card affidavits the city administration has instructed Clerk W. A. Minick to open the new scheme of distributing coal in Twin Falls. As soon as material for conducting the coal distribution system can be assembled the department will be put into operation. The scheme provides that all consumers needing a supply of coal make personal application at the city clerk's office for sufficient to meet immediate needs. An affidavit of actual requirements will be demanded. No coal will be sold or delivered except upon card authority from the city.

## Getting Jury for J. R. Annis Trial

In the district court this morning Judge W. A. Babcock set up the trial of J. R. Annis, accused of robbery. W. S. Starr is the principal witness, accusing with E. V. Larson slandering.

The case dates back to August 21, 1919, when Annis, farm worker, is said to have forced W. S. Starr, a Kinberly rancher, to drive an automobile down Blue Lakes creek at the point of a gun, and under the same violent means to have forced the farmer to sign a check for something over \$300. According to the complaint lodged Annis then forced Starr to drive back to Twin Falls and accompany him to a bank where the check was cashed. An attempt was made to escape by driving to a neighboring town, but failing upon Annis while an attempt was being made to replenish the supply of gasoline for the car.

The entire morning was occupied in the selection of jury men, the jury not being complete when recess was taken at noon. The names of Glenview Haight and P. F. Wright were selected in accordance with the complaint this morning as witnesses for the state.

## Birdies Sing as Sun Comes After Bluster

AFTER a bit of a bluster this morning the sun came out and smote the snow hip and thigh, followed by twittering birds merrily chirping their songlets or whatever it is, a narrow does under the classic eaves of the back kitchen.

While the snowstorm was at its height the mandatory message in Boise indicated a prediction that it would either rain or snow, for which information thanks are cordially returned.

High yesterday was 33 degrees, showing a decided tendency on part of the temperature to climb. Low during the night was 17.

## APPEAL IS PROBABLE FROM JURY'S VERDICT

### Finding of Voluntary Manslaughter Deemed Unjust by Defense Counsel

That an appeal will be taken from verdict of jury in the Grosvenor murder trial, rendered last night is very likely, according to W. P. Guthrie, one of the counsellors for the defense. The jury found Henry F. Grosvenor guilty of voluntary manslaughter after deliberating from 6 to 9:30 o'clock last night.

"We do not consider the verdict fair, or based upon the evidence introduced," said Guthrie last night, this morning while speaking of the possibility of an appeal. Grosvenor is to be taken into court Monday morning to appear for sentence. At present he is at liberty on a \$7,500 bond provided by Buhl residents. If appeal is taken it is understood the same bondsmen will provide surety for Grosvenor.

Plans made by the defending attorneys, W. P. Guthrie and J. R. Bothwell, yesterday afternoon were eloquent appeals for mercy. At present he is at liberty on a \$7,500 bond provided by Buhl residents. If appeal is taken it is understood the same bondsmen will provide surety for Grosvenor.

## Wilson to Let Treaty Remain in the Senate

WASHINGTON, (AP)—President Wilson has no intention of withdrawing the peace treaty from the senate for the present, Senator Hitchcock of Nebraska, announced today after his visit to the president. He discussed the treaty question with the president briefly after the conference on the Mexican situation.

The president thinks the failure of the senate to act on the treaty at the special session, shifted the responsibility in the matter to "other shoulders" Senator Hitchcock said, adding: "It is just going to let it stay where it is at present."

## WILL BOOST INTEREST IN THE LOWER VALLEY

### Conservation of Snake River Waters to Be Theme of Monday's Session

Under the auspices of the reclamation bureau of the Twin Falls Chamber of Commerce, with M. J. Sweeney as chairman, a meeting has been called of all the interests situated below American Falls in reclamation, for 1 o'clock Monday afternoon in the Elks' club rooms.

The meeting has been ordered for the purpose of assisting all of the lower Snake river valley with a view to cooperating with the people of the upper valley in the project to construct the American Falls reservoir for the conserving of all waters of the Snake river, and also to encourage intense interest in the opening of the Brunneau project.

This convention call grows out of the recent reclamation meeting held in Idaho Falls when representatives from Minidoka, Cassia, Twin Falls and Jerome counties met and pledged themselves to the formation of an organization of all the interests below American Falls. The call for Monday's gathering in Twin Falls was sent out by Minidoka county representatives.

## INVESTIGATE APPLICATION

A man named Coleman this morning applied at the office of the city clerk for a permit to erect a store building at the flatiron angle of Addison west, Washington north and Main avenue. The application was denied by the city clerk until investigation of the site on which it is proposed to build is made by the streets and alley's committee of the city council. Coleman wants to build close to the property line.

## FIRES FIRE QUENCHED

Yesterday's fire at Flier was finally quenched after damage amounting to some \$10,000 and been sustained in buildings and store stocks. The conflagration, which started in the Flier Department store, was subdued only through the assistance of fire-fighting forces from Twin Falls and Buhl. The loss sustained was principally to the department store, estimated at \$35,000. Damage to the Tanner block is estimated at \$5,000.

## REFUSES SURRENDER OF BELA KUN TO HUNGARY

VIENNA, (AP)—Bela Kun, Hungarian dictator during the soviet regime, will under no circumstances be surrendered to Hungary according to a declaration made by Dr. Karl Renner, Austrian chancellor, in answering an interpretation in the national assembly today. He said that to surrender Bela Kun would be to jeopardize the lives of all Austrians now in Russia.

## FARGO BANK PRESIDENT HELD GUILTY BY JURY

### Verdict Sustains Charges of Making False Statements to Examiner

FARGO, N. D., (AP)—The jury in the case of H. J. Hagan, president of the Scandinavian American bank of Fargo, charged with having made false statements to the state bank examiner, last night returned a verdict of guilty.

The jury was out four hours and forty minutes. Appeal from the verdict will be taken, attorneys for Hagan said.

The case against P. E. Sherman, cashier of the bank, indicted on the same charge will be postponed until another court term.

The arrest of Hagan and Sherman October 4 grew out of the closing of the Scandinavian-American bank October 2 because of alleged insolvency. The state supreme court later declared the bank solvent and it was reopened October 25. Hagan's trial lasted 9 days.

The three counts on which the men were indicted involved two items of notes, one for approximately \$37,000 and the other \$31,000. The state charged that the \$37,000 in notes sold by the Scandinavian-American bank to the Bank of Commerce and Savings, of Duluth, had been ordered out of the Duluth bank by the Minnesota bank examiner, was sent back to the Fargo bank, on September 4 or 5 but not entered on the books until September 12.

At the meantime, the state claimed, Deputy Bank Examiner P. E. Hallderson examined the Fargo bank September 9, and found the item listed on money due from the Duluth bank.

The second count charged that the Fargo bank sent \$81,000 worth of notes to the Duluth bank under conditions that did not constitute a bona fide sale, only an agreement by which the Duluth bank would give credit on its books for them, this credit not to be withdrawn until the Fargo bank paid the money due from the Duluth bank.

## CIRCLE TO ELECT

The G. A. R. Circle will hold its regular meeting in the T. O. O. F. hall, Monday, December 8, 10 o'clock. There will be election of officers.
