PRICE FIVE CENTS

MILITARY MOVE THREAT IS HELD OVER GERMANY

Supreme Council Demands the Signing of Protocol with Measures of Coercion as Alternative upon Failure

CONFERENCE EXPECTS CLOSE OF DISCUSSION

Note Recalls Immediate Release of German Prisoners Requirement to Making Treaty Effective

PARIS, (AP)—In a note drafted by the supreme council today it is demanded that Germany sign the protocol providing for the carrying out of the peace terms...

The utmost secrecy is observed regarding the terms of the note, but it can be said that the note is firm...

Responses Scapa Flow Make The note recalls that making the treaty effective means the immediate release of the German prisoners...

The note concludes by directing Germany to sign the armistice protocol, failing which action the council declares it will be constrained to adopt measures of coercion of a military order...

Some speculation is being indulged in as to whether the American representative, Mr. Lansing, would join in the carrying out of military measures should Germany refuse to sign the protocol...

Notwithstanding the discussion of preparations for the military eventually, the impression is that the conference delegates in that Germany will sign the protocol...

Marshal Foch's program, according to the Intertransigent, is one approved in June, 1919, by the allied commanders, comprising occupation of the basis and the rest...

GERMANY WOULD TALK OVER CASE

Von Lersner Says Allies are Misinformed as to German Attitude

PARIS, (AP)—Germany will be called upon in a vigorous note which the supreme council of the peace conference will complete today to yield immediately to the allied demand that the protocol of the Versailles be signed...

Baron von Lersner's communication, which was received by Premier Clemenceau Thursday, declared the allies were misinformed regarding the complaint that Germany was exceeding the limits of military force under the treaty...

World Discuss Question Germany, added the German plenipotentiaries, was ready to discuss the question immediately with the allies and believes that such an offer was the best...

ATTITUDE TOWARD MEXICO UNCHANGED

Secretary Lansing Denies Rumors that State Department Countenanced Release of Consular Agent Jenkins on Bond and Not as Result of Demands in American Note to Carranza; Effect of Other Grievances Subject of Discussion at Capital

WASHINGTON, (AP)—The American government has not changed its attitude on the Jenkins' case and had no part in obtaining his release on bail, Secretary Lansing declared today in denying vague rumors...

The state department, it was said, had not received official notice that Jenkins was released on bail. It received word today that Jenkins himself did not know until after he was liberated that bond was furnished...

President Wilson is expected soon to take an active part in the Mexican tangle, and as a result of his conference with the senators it was believed the senate, state department and White House had become coordinated in a supreme effort to obtain final settlement of the whole Mexican problem...

Mexican Assassin of American Arrested

WASHINGTON, (AP)—An official report to the state department today advised that the Mexican soldier who shot James Wallace, an American oil man, near Tampico, recently had been arrested. No other information was given in the dispatch...

Wilson Uses Pencil in Signing Measures

WASHINGTON, (AP)—President Wilson transacted some official business today, including the signing of a number of pardon warrants and a bill to increase the pay of the police in the District of Columbia...

COVERT ORDERS SEIZURE OF GAS COKE IN SPOKANE

SPOKANE, Wash., (AP)—Seizure by the United States marshal of 10,000 tons of gas coke owned by the Spokane Falls Gas Light company of this city and here yesterday by the Hawkley Fuel company was ordered by United States District Judge E. E. Cushman here today...

IDAHO WEATHER

Tonight and Sunday fair; not so cold tonight north; colder south portion.

WORLD NEWS EVENTS

ROME, (AP)—Bread and marconi cards will be abolished before Christmas, according to a government announcement and after that time only sugar will be dispensed by the card system...

PARIS, (AP)—The military class of 1920 will be called to the colors late in February and the class of 1918 will be liberated the second fortnight in April, according to newspapers here...

WASHINGTON, (AP)—Private advices received here today from Mexico said Carranza troops at Pachuca, state of Hidalgo, fired on the followers of General Obregon while the general was making a public address in the interest of his candidacy for the presidency...

Ambitious Scheme for Advancement of Insurgent Cause Revolves About Plan for Spalato Attack

LONDON, (AP)—Gabriele D'Annunzio, the insurgent Italian leader who has been in the Balkans, has arranged the most startling and ambitious scheme for the advancement of his cause yet undertaken...

Efforts are being made, it is declared to instigate uprising in Montenegro and deflected while the Bulgarians are being urged to attack the Jugo-Slavs. Those favoring the annexation of Dalmatian Croatia have sent missions into Albania and Montenegro...

Declares Oil Men Profiteer

Senator's Complaint Results in Order by Palmer for Prosecutions

WASHINGTON, (AP)—Prosecution of western oil producers for alleged profiteering was ordered today by Attorney General Palmer. Oil complaint filed by Senator Capper, of Kansas, federal agents were instructed to proceed at once against producers who have taken advantage of the coal shortage in the west to increase the price of their product...

Establishes Embargo

Simultaneously the railroad administration established an embargo, effective Monday against shipments of fuel oil from the west to points east of Chicago and St. Louis. This action, it was explained, was necessary to conserve the small supplies of coal available for the territory of the emergency...

Copper Makes Charges

Oil producers, Senator Capper said, have increased their prices from about \$1 a barrel before the strike to nearly \$4.50 a barrel. Capper also asked the department of justice to investigate complaints that the oil producers "had got together" on prices. He said the quotations for the shipment of fuel oil eastward, it provides a permit system which will give the regional fuel officials direct knowledge of purposes for which the oil is to be used...

Export to Be Moved

Oil for export will continue to be moved, subject only to the permit regulations. The shipment of refined oils in their regular trade channels also will not be disturbed and industrial plants which employed oil fuel prior to the war will be taken care of. Shipments in transit or ordered before November 1 will be allowed to go through. Regulations governing the fuel oil movement will be directed by W. A. Barnes, assistant car service manager for the railroad administration at Chicago...

Crime Thrives with Lighting Shut Off

CHICAGO, (AP)—Criminal complaints were filed with the shutting off of street and other lighting as a coal conserving measure, according to the record for the past two days made public today by John J. Garrity, chief of police. Yesterday the first of semi-darkness, the report showed 36 criminal complaints, 12 burglaries, 10 robberies, 20 larcenies, 15 auto blowing, 1 murder and 7 miscellaneous, as against 34 criminal complaints the preceding 24 hours, when approximately normal conditions prevailed...

PROPOSE RETURN TO WORK IN MINES TO BE FOLLOWED BY ARBITRATORS' DECISION

Delegation of Chicago Business Men Repairs to Washington with Plan for Solution of Strike Problems; War on Profiteering and Further Adjustment of Conditions for Continued Battle Against Coal Famine Main Developments in Crisis

A delegation of business men left Chicago for Washington this morning with a plan which they hope offers a solution to the strike problems. Their plan provides that union leaders shall order the miners to return to work as a patriotic duty, on the basis of the 14 per cent increase. A national arbitration committee would then be appointed to make a final decision of all phases of the situation and render a decision which would be binding on both sides of the controversy...

FUEL ADMINISTRATION OPTIMISM IS NOT REFLECTED IN FIELD REPORTS

CHICAGO, (AP)—War on profiteering and further adjustment of conditions for a continued battle against the coal famine on the part of the public, were the main developments in the coal crisis today. A delegation of business men left Chicago for Washington this morning with a plan which they hope offers a solution to the strike problems...

Suspension of All Coal Mines is Threatened

Operators Blame Garfield for Refusal to Change Price Ruling Coupled with Attitude of Railroad Administration

WASHINGTON, (AP)—All bituminous coal mines now in operation must close within a week unless the railroad administration makes for the coal it confiscated or divested, said a statement today by the American Wholesale Coal association. The association said the railroad administration had refused to pay for the coal until a price considered fair had been fixed by Fuel Administrator Garfield, and that Dr. Garfield had refused to change his price ruling...

More Industries Close

Additional industries today were closed down or had given notice that operation would be suspended after today, while the coal saving orders that already had put Chicago on a 6 1/2 hour business day and affected other cities of the central west, north and southwest to a lesser degree, were extended to other places. At Chicago a six hour day beginning Monday was decreed and was predicted that a few days continuing work stoppages' walkout would force a 4-hour day...

Few Miners Returning

Only in isolated instances and in small groups were miners reported to be returning to work. In the central competitive field and in others of the larger organized areas the miners generally maintained their attitude of defiance. From work stoppages a larger percentage of wage increase than the 14 per cent decreed by the federal fuel administration and agreed to by the operators was forthcoming...

Weather More Favorable

With moderation of the unseasonably low temperatures that prevailed over most of the country west of the Mississippi river for several days, urgency of pleas for fuel apparently had diminished today. Many small cities and towns in Nebraska, Montana and Western Kansas still were virtually without coal, however, and substitutes were at a premium...

Canadian Shipments Believed

Canadian shipments somewhat relieved the situation in the far northwest. Receipts of 400 tons at Tacoma, Wash., was reported, with the same amount due in a few days. Special freight rates were promised Montana for coal shipments from Alberta. On the other side of the continent, New York City, conservation was consisted of turning off heat in subway, elevated and surface cars during rush hours; eliminating heating of cars; and the operation by the railroad administration and voluntary darkening of signs by theater managers...

NEW JERSEY GOVERNOR POINTS OUT DANGER OF DEMORALIZED SCHOOLS

TRENTON, N. J., (AP)—Expressing fear that 600,000 New Jersey school children may be made "victims of a demoralized and broken down educational system," due to underpaid teachers, Governor Russett today issued a statement calling attention to the "gravity of the situation." New Jersey, he said, faces the immediate prospect of closing schools or drawing into the teaching profession a still larger number of those inadequately trained and those without special preparation for the work. The governor declared the scarcity of teachers already has caused lowering of educational standards and even the suspension of classes in schools throughout the state. The crisis is classified as a menace to the public schools of the nation. Many teachers have been forced into other fields by the need to earn a living wage, he pointed out.

AMERICA LEADS FARMING WORLD AVERS HOUSTON

Secretary of Agriculture Shows Superior Crop Yields Taken from Soil by Agriculture of United States

WASHINGTON, (AP)—The American farmer leads the world in individual production of crops. Secretary Houston of the department of agriculture, asserted today in his annual report. While countries such as Belgium, under intensive farming, got a higher yield, he said, taking both acreage and yield per acre into account, the American agriculturist produces two and a half times as much as his Belgian and German rivals, 2 1/2 times as much as the British farmer, 3 1/2 times as much as the French, and more than six times as much as the Italian.

The result of this and of the American farmer's work is shown in the 1918 American crop production, placed at three times greater in value than the average annual output of the five-year period preceding the European war. The aggregate value of all crops this year is placed at \$15,873,900,000 as compared to \$4,222,000,000 in 1913 and an average of \$5,229,000,000 during the five-year period.

Live stock on farms this year was valued at \$4,000,000,000 as against \$2,500,000,000 in 1913.

The average yield for all crops for the decade ending in 1918 is about 15 per cent greater than for the average for the decade ending with 1909, the report said. The average rate of increase for the past 25 years is about one-half of one per cent a year.

SALARY ADJUSTMENT NEEDED IN COLLEGES

Acute Situation Reducing Buying Power of a Dollar, the Cause of New Move

UNIVERSITY OF IDAHO, Moscow (Special)—Readjustment of salaries in the teaching profession in order to meet the acute situation now arising from the decreased buying power of the dollar is one of the significant problems discussed at meetings of the National Association of State Teachers and the Association of Land Grant Colleges held recently in Chicago, according to Dr. E. H. Lindley, president of the University of Idaho, who has just returned to Moscow after having attended the Chicago meetings and visited several middle western cities.

Stimulation of research in every field of scientific endeavor, problems arising from increased enrollment, adjustment to post-war conditions of military training in the colleges, and questions of finance were among the other more important subjects considered, according to Dr. Lindley.

After addressing a convocation at Lake Forest college and visiting Northwestern University and the University of Illinois, President Lindley returned to Detroit for the purpose of studying educational and social phases of the relations between the Ford Motor company and its employees. While in Detroit he was the guest of Henry Ford.

Coming west he visited the University of Minnesota and Montana State college and also delivered several addresses before the faculty of the Montana state teachers' association meeting held in Helena.

STARVATION UNLIKELY TO CAUSE REVOLUTION IN BOLSHEVIK CAPITAL

Finn who Sacrificed Fortune to Escape from Soviet Regime Relates Remarkable Experiences from Arrest while Serving as Government's Representative Negotiating Agreement

HELSINKI, Finland, (AP)—There is no likelihood of a rising of the people of Petrograd against the Bolsheviki this winter no matter how terrible their plight may become, says I. Saponen, a prominent dealer of that city who sacrificed a fortune of 5,000,000 rubles to escape from Russia.

"The belief of starving the population into creating a revolution is a pure heresy," he declares. "So far as the Russians are concerned, they will simply die."

General Yudenich, without Finland's help, has no chance of taking Petrograd for he began his campaign a month too soon. If he had waited until Trotsky's men and their "Red" army were well equipped, along with insufficient food, they lowered morale might enable the attack to succeed.

Aided by the work of Maxim Gorky, M. Saponen contrived, by lavish bribery of the Bolsheviki, to leave Petrograd. He arrived at Helsinki for a month ago, to report to the Associated Press he related the first time for publication his remarkable experiences from arrest in June while serving as representative of the Finnish government in negotiating for the exchange of war prisoners. M. Saponen is a native of Finland, who has resided in Petrograd for the last ten years.

Foreigners Temporarily Unmolested

"Until March," he said, "foreigners were never molested. I had been representing the Danish Red Cross until I took up the exchange of prisoners on March 11."

"After securing a written guarantee, signed by Sholokov, the Petrograd commandant, and Tschicherin (commissioner of foreign affairs) that we would not be arrested, I was allowed to return to Finland. Nevertheless, on April 22 until May 14 I was kept in detention in my own house and was kept in prison until August 8 when Sholokov ordered me to be released.

"The contents of my Petrograd house, consisting of works of art, jewels valued by Russian experts at 4,000,000 rubles are undoubtedly carried off and I have no hope of seeing them again."

Effect of Blockade

Commenting on the conditions in Russia, M. Saponen said:

"The allies blockade is destroying White Russia for the Bolsheviki naturally feed their own followers first and there is little left for the government's enemies who are perishing.

"I would not wonder that there is no possibility of a counter revolt for the Russian peasants are incapable of acting without strong leaders. It was the Germans and not the people who brought about the revolution which overthrew the emperor and later Kaysen. Before the revolution people could obtain two or three pounds of bread. Afterward they were only allowed one-eighth of a pound, but they were too terrorized to protest."

Few Bolsheviki Believers

"There are only three to five per cent real believers in Bolshevism in Russia, and they, by using drastic measures, are able to swing the great masses over to their side."

M. Saponen said that the central government, despite the control of the army, exercised little power over the local Soviets but the Bolsheviki have done considerable constructive work, principally in the establishment of

Quickest Pan Killer on Earth

Murtarine Stops All Pain in Half the Time it Takes Other Remedies—Ofentimes in Five Minutes—Subdues Inflammation and Reduces Swellings

TAKES ONLY ONE SMALL BOX TO PROVE IT

Don't be downhearted! Never mind if you have tried plaster and liniments and other things that don't start to banish the pain and agony till day after tomorrow.

If you want to kill pain, get rid of aches—draw out inflammation and make all swelling disappear with amazing speed get a box of **BEGY'S MUSTARINE** right away.

Chemist Begy discovered Mustarine. He made it of good, honest, true, yellow mustard—added other pain destroying ingredients—took out the blister and antiseptic medical profession by giving to the world a preparation ten times better than Grandmother's good old fashioned but dirty and blistering mustard plaster.

Mustarine relieves backache, headache, toothache, earache and neuralgia in five minutes—in an hour all misery will disappear.

Sore throat goes over night—lumbago agony in an hour. Chest colds, stiff and swollen joints, rheumatism and neuralgia, neuritis, plantar, rheumatic pains are speedily ended with Mustarine, the original mustard plaster substitute, all in the yellow box.

STOP PAIN MUSTARINE ANNOINT PASTER

KIPLING WRITES APPEAL FOR REVERENCE OF DEAD

British Poet Addresses Admonition to Visitors on Europe Battlefields

LONDON, (AP)—Rudyard Kipling on behalf of the imperial war graves commission has written an earnest appeal to those visiting or intending to visit the French and Flanders fronts to observe reverence for the dead. In part he writes:

"It should be remembered that this holy ground—consecrated in every part by the lives of men, and for that reason not to be run over with levity. It is inevitable that the handling of such a multitude of sightseers are a nuisance. Nothing would be gained by giving specific instructions, but, after all, it is more in the nature of unthinking carelessness than intentional disrespect, but the imperial war graves commission has asked me to express my earnest hope that all who visit the battle areas will bear in mind that at every step they are in the presence of those dead through the merit of whose sacrifice they enjoy their present life and whatever measure of freedom is theirs today."

WOOLGROWERS PLAN MEET

Utah Sheepmen's Association Members to Gather in Salt Lake

SALT LAKE CITY, (AP)—The 1920 convention of the Utah State Woolgrower's association will be held here January 16 and 17, Secretary C. L. Stewart has announced.

Recommendations will be formulated at the convention for the purpose of aiding the state livestock board in the destruction of predator animals. Mr. Stewart said, and addresses will be made by a representative of the United States biological survey and a representative of the forest reserve department of the United States department of agriculture. The convention also will consider means of gaining credit for wool, especially from this and neighboring states.

The 1919 meeting of the association scheduled for last spring was not held. Secretary Stewart forecast the coming convention will be largely attended by sheepmen from this and neighboring states.

FLOATING MINES MENACE SHIPPING IN NORTH SEA

Danger is Increasing Despite Diligence of British and American Sweepers, Swedish Report

STOCKHOLM, (AP)—The danger to shipping from floating mines in the North sea is increasing, according to the chief inspector of the Swedish mercantile marine for that district of navigation, who predicts that this winter the mines will constitute a greater menace than at any period since the mine fields were laid.

So extensive were the mine fields and so numerous the mines, says the inspector, that large numbers of them escaped destruction by the English and American sweepers, notwithstanding the energy and diligence with which they worked. More mines than ever before now are said to be loose and drifting toward the Swedish coast. Efforts are made to sink such mines as are seen by shooting them but it is impossible to cope with them all in this way.

Advices Flooding to Destroy Weeds

Paul Wenger Writing Treatise on Best Methods to Eliminate Noxious Pests

Paul Wenger, formerly assistant agronomist of the University extension division, is writing a pamphlet on the control of the Canadian "blight" and other perennial weeds which thrive under irrigated and dry land conditions, according to word reaching here from Moscow.

Mr. Wenger, in the pamphlet, explains that by experiment he has found the "flooding" way the quickest and most economical method of handling these noxious weeds.

Experience.

It seems to me it is the same with love and happiness as with potatoes: the more we know of it the better we can feel what other people's lives are or might be, and so we shall only be more tender to them and wishful to help them.—George Elliot.

MODERNIZE YOUR FARM

We thank the people of the Twin Falls Tract for their confidence in Kewanee Equipment and congratulate them on their knowledge of High Class Machinery. Your patronage has made us the only dealers in this class of goods who have done sufficient business to justify shipping in carload lots.

Already this year we have shipped two hundred and fifty thousand pounds of Kewanee Equipment in carload lots, freight costing us \$2.00 per cwt. Had we shipped our products by local freight the cost would have been \$3.50 per cwt. Thus we have saved our customers \$2,700.00 in one year.

Below are listed a few of our customers who have shared in this saving:

- Wm. M. Shotwell, Twin Falls, Idaho
- Martin Sullivan, Kimberly, Idaho
- Amalgamated Sugar Company, Twin Falls and Paul.
- D. F. Sweet, Twin Falls, Idaho
- J. B. Long, Buhl
- Fred Walters, Filer
- Bank of Kimberly, Kimberly
- Kimberly School, Kimberly
- W. E. Hubbard, Hansen
- S. N. Hull, Hansen
- Carl Miller, Buhl

BIKERIDERS GET A BRIEF TOIL RESPITE

Lights Flicker Badly and Gotham Stadium is Emptied for Investigation

NEW YORK, (P)—New York's six-day bicycle race was halted for three-quarters of an hour last night and a crowd of 13,000 spectators sent out from Madison Square Garden into the street by an order from the fire department. The order was issued because of fear that the electric lights, which were flickering badly after an explosion outside of gas sewers, might go out and cause a panic among the spectators.

The 10 leading teams which had been riding 118 hours and 10 minutes since the race began Monday morning had covered 2,096 miles and two laps when the interruption occurred. The Belgians, Buysse and Spessens and the Italians, Brocca and Verri, were one lap behind, and the Canadian-American team, Spencer and Chapman, and the French-Belgian pair, Tiberghien and Chardon, two laps. The record for the 118 hour is 2,304 miles and 9 laps, made by Verri and Egg in 1914.

CONFERENCE IS CONCERNED OVER PROFESSIONALS

Severe Rule Likely Be Adopted Against Students who Enter Commercial Game

CHICAGO, (P)—The faculty committee of the western conference and professional coaches of the colleges that make up that organization were here today to discuss affairs of athletic interest and make up schedules for next season's football, track, baseball and swimming teams.

There, seemed to be a desire on the part of most of the coaches to play heavier conference football schedules next year. Notre Dame and Nebraska were some of the more important schools represented at the meeting in an effort to obtain football games for next fall.

Averse to Borrowing Trouble. Jimmy has been rather unfortunate lately in the way of minor accidents, and his mother has grown quite cautious about his taking chances.

MORE LIBERTY FOR WOMEN'S ALLIANCE AIM

Ambitious Program for Enlargement of Field of Activities for Women of Brazil is Inaugurated

RIO DE JANEIRO, (AP)—An ambitious program for the enlargement of the field of intellectual, moral, commercial and industrial activities for the women of Brazil, through campaigns to be inaugurated by the recently organized *Allianca Feminina*, is announced by Senora Maria Rodrigues, post of the state of Bahia and a leader in the feminist movement. Senora Rodrigues, who is now in this city to establish headquarters for the new organization, declares the alliance already has many adherents among Brazilian society, both in the federal capital and in the Brazilian states.

Telling of the plans of the alliance, she said: "The alliance is a Catholic institution. Within the limits of Catholic principles, it will promote the education and instruction of women, the enlargement of her field of moral and intellectual activity, the propagation in defense of women's legitimate rights and collective interests and the intellectualization of her own social culture by means of schools and courses in domestic economy and allied household sciences. It will work also to purify the theatre, the cinema, literature and family customs.

"It will develop the spirit of patriotism, it will stimulate protection for the worker, above all for the woman and children. It will work for the creation of libraries, reading rooms and healthful recreation, for civil and commercial equality and for other feminist ideas. Its sphere of action will be the school, the lecture hall and the press. It will be non-political."

FORMER EMPRESS EUGENIE VISITING IN FRENCH CAPITAL

PARIS, (AP)—Former Empress Eugenie is once more visiting Paris, traveling as usual under the name of Comtesse De Hérédia. After consulting a specialist as to her eyes she will go to her villa at Cap Martin for the winter.

The windows of her apartment look out on the Tuilleries gardens, the site of her palace where she played such a brilliant role and from which she escaped nearly fifty years ago when the empire fell.

JUGO-SLAV SIGNS PACTS WITH AUSTRIA AND BULGARIA

PARIS, (AP)—Jugo-Slavia became a party to the peace treaties with Austria and Bulgaria by the act of her plenipotentiaries here. Signing the Jugo-Slav delegate signed the Bulgarian treaty at the ministry of foreign affairs at five o'clock in the afternoon. At the same time they signed the financial annex to the Austrian peace treaty and the clauses providing for the protection of racial minorities.

MEXICO ADDS TO PLANES PURCHASING IN GERMANY

American Air Service Officer Points to Example of South-ern Republic

WASHINGTON, (AP)—Mexico has 24 war type airplanes mobilized at Chihuahua City already, and is obtaining additional planes from Germany, according to the department information officer here today. General Mitchell, chief of operation of the army air service. The department also has information that the German army is arriving in Mexico for service in the air force there.

The United States General Mitchell said, has produced practically no aerial war equipment since the armistice and consequently is not capable of meeting any first-class power in the air today, as foreign countries have continued development of war-time air equipment.

Although the army owns 100 foreign-built pursuit planes, these could not be used for combat work, he said, adding that they would be of value only for training duty, as they were out of date.

TOYS SCARCE IN MEXICO

CHRISTMAS SEASON APPROACHES WITH A Dearth of Presents for Little Ones

MEXICO CITY, (AP)—The approach of Christmas finds a dearth of toys in Mexico with no apparent means for greatly increasing the supply. In former years Germany has provided unlimited number of gimcracks which found ready sale here but this source of supply was closed by the war. Other countries have been slow in entering this field of industrial activity. United States manufacturers have shown interest in putting their toys on the market here but the goods have not arrived in appreciable amounts.

The buyers of toys in Mexico have a special liking for novelty designs, such as dolls that dance when a string is pulled. They prefer what is known to the trade as the "active toy."

PARISHAN RAG PICKER ACQUIRES WEALTH IN TRADE

PARIS, (AP)—A rag and bone dealer, who formerly gained a meagre livelihood by picking over garbage, has now become wealthy by trading in American air supplies bought by France. He purchases a large number of waterproof coats for 2 francs at a government sale and made a profit on the resale of 100,000 francs. With this sum he bought boots, shoes and blankets. Now he has a bank account of over 1,000,000 francs.

You can use the classified in reaching that next employer of yours.

BRAZIL WOULD TAKE INVENTORY OF RESOURCES

Government Sends Party of Investigators to Take Stock of Health and Industrial Conditions of Nation

PARA, Brazil, (AP)—A party of physicians, engineers and naturalists sent by the Brazilian government arrived here to investigate conditions of health and industry. They are to report on the sanitary and health of the cities and towns of the Brazilian coast from Para to Rio de Janeiro, study health conditions of the fisheries and collect specimens of fish and consider the possibility of developing the fishing industry.

The expedition is under the command of Captain Frederico Villar of the Brazilian navy, who is a journalist as well as a sailor, and is to be joined at Para by "four American scientists," Dr. Field, who has been engaged for this work by the ministry of marine, according to the local press.

Plans Fishermen's Houses
The government, it is said, plans the installation of up-to-date housing accommodations for fishermen engaged in the fishery industry along the coast among whom, according to Dr. de Moura Belmonte, the expedition, there is much intestinal disease and hookworm due to present living conditions and entire lack of sanitation.

Organization of this expedition is in line with the intelligent manner in which the Brazilian government has been working for years past to improve the general health of the nation. These efforts have resulted in entirely eradicating the plague of yellow fever from such ports as Ilho, Santos, Pernambuco, Para and Manaus which were once known as "fever holes" and frequented by ocean sailors. The general health conditions of the Amazon Valley have been improved beyond recognition during recent years and yellow fever is as rare today in Para and Manaus as in New Orleans or Galveston. And malaria is no more prevalent here than in the southern part of the United States.

Sanitary Buys Strict

The greater part of the valley is now healthy, and the so-called "malarial" districts could be made healthy if attention were paid to the instructions of the authorities in the matter of living conditions, sanitation, hygiene, food and clothing. As these regions are far from the centres of population it is difficult to publicize them in health.

The sanitary regulations today in large cities like Para, Manaus, Santarem, along the main Amazon river, are very strict. At Para there is a rigorous examination and inspection of incoming ships from ports known to be unhealthy and the public markets are under daily supervision by sanitary inspectors who are prompt in condemnation and fish not absolutely fresh. After the markets close, about noon each day, the buildings are disinfected and washed from ceiling to floor.

BRAZIL TAKES STEPS TO ESTABLISH CLEARING HOUSE

RIO DE JANEIRO, (AP)—President Pessoa has just signed a decree charging Dr. Cardoso de Almeida, president of the Bank of Brazil, to arrange for the establishment of a clearing house for banks in this city. Heretofore only three per cent of the business in Rio has been done by checks, the rest being liquidated by actual currency, according to an official of a prominent American bank which has a branch in this city. In the United States, he said, about 93 per cent of business was done by check.

MEXICO TO ENCOURAGE RETURN OF EXPATRIOTS

MEXICO CITY, (AP)—Repatriation of Mexicans who for the past few years have lived in the United States, Cuba and European countries is not hampered by the government provided those persons prove themselves of good faith, according to Aguirre Berlanga, secretary of government, speaking to El Democrata. The secretary points out that the return of the expatriates has shown an impetus of late. Congress now has before it a bill which would grant complete amnesty to persons of good faith now in exile.

That spare room is a cash asset—if you use the classified. You can rent it to a desirable tenant at a good price, thus lessening your own rent-burden.

HOME OF LADY ASTOR-IS FLOURISHING SPORT

American Blue-jackets Dub Plymouth "Nine O'clock Town." But Rising Hour is Early

PLYMOUTH, (AP)—Plymouth, from whence comes England's first woman M. P., today is not the little seaport town which the Mayflower left. It is still a seaport; shipping and fishing being the principal sources of revenue, but it is also one of England's most flourishing sports, boasting of a population of about 300,000.

Despite the city's prosperity and maritime importance, there are many of its customs which have remained unchanged through the three centuries since the Pilgrims waved their farewells.

American blue-jackets have dubbed the town as "a nine o'clock town" for at that hour each evening the streets are practically deserted. Blinds are drawn, taxicabs are unavailable and night clerks in the hotels have settled themselves comfortably for the night's slumber behind their doors.

But if it is a nine o'clock town in the evenings, it is certainly "a six o'clock town" in the mornings for that time sees the majority of the people setting about their day's tasks, the fish market and dockyards are in full operation, the shopping districts beginning to open and the streets are lively.

IDAHO SELECTS MEMORIAL

Committee Selects Statue of Doughboy Designed by Utah Sculptor

SALT LAKE CITY, (AP)—Idaho, through its memorial committee, has signed a contract with a Salt Lake firm for the purchase of a statue of "The Doughboy" for each of the forty-six counties in the state.

The statues, designed by J. Leo and Avar Fairbanks of Salt Lake, picture an American soldier in steel helmet with a rifle in his right hand and German helmet in the other. They will be erected, it is said, at the county seats of the Idaho counties as a memorial to the boys who died in the war with Germany.

UTAH SCHOOLS EXTENDS

ENOUGH STUDENT ENROLLMENT
LOGAN, Utah, (AP)—Approximately 500 students are expected to attend the winter course at the Utah Agricultural college, which opens here Monday, December 9, according to an announcement by school officials.

The winter quarter, at which over two hundred courses in both college and vocational grades, are to be studied, will be open to high school students who can present 15 or more units of high school work. Special features of the course will be the tractor and poultrymen's schools.

Farm Bureau Finds Plenty of Support

People of State Approve Work Being Done by Department—Campaign Starts

Ninety per cent of the people of Idaho know of the county agent work, 80 per cent know of the farm bureau (boys and girls) work and 85 per cent know of the home demonstration work. Practically all who know of this work approve of it, according to reports made to the department of agriculture by an investigator who recently traveled through this state as a part of a survey which the department of agriculture was making.

These figures are quoted by Director L. W. Finbury, of the Idaho extension division while he was on a recent trip east.

Twin Falls county is soon to inaugurate a campaign for double membership.

You can secure a tenant for that property, without delay or expense enough to "count," through the classified.

Miss McCormick will give an entertainment on Thursday evening, Dec. 11, in the High School Auditorium under the auspices of the B. Y. P. U. of the First Baptist church.

CITY TO CONTROL DISTRIBUTION OF TWIN FALLS COAL SUPPLIES

Effective Monday Fuel Can be Obtained by Ultimate Consumer Only On Card Requisition Through Municipal Department - District Faces, Famine, Official Says

Beginning Monday local fuel stocks will be distributed to the ultimate consumer through the city department of regulation.

Final plans for distribution through the coal requisition department of the city were made this morning at a joint meeting of Mayor W. H. Eldridge, City Clerk W. A. Mannick, Joel Priest, Ralph A. Starr, and the city engineer.

BANCROFT STARR TELLS OF ROBBERY EPISODE

Voluninous Testimony is Introduced by State Against J. R. Annis

Voluninous testimony, offered by many witnesses, is proving the prime feature of the state's robbery action against J. R. Annis, a youth being tried in the district court on charge of robbing a Kimberly farmer named W. S. Starr.

Immediately following the impaneling of a jury yesterday afternoon W. S. Starr, chief witness for the state, was called to the stand.

Starr finished his testimony this morning, and was followed on the stand by Rilla J. Richardson, a house worker on the Starr ranch, who supported Starr's testimony relating to the appearance of Annis at the ranch, and subsequent conversation.

Starr's chief witness for the state, and Ray McCollan, Twin Falls banker, gave testimony relating to signatures and the paying of money on the Starr checks.

The case, it is expected, will go to the jury late today. Frank L. Stephan, district prosecutor, is acting for the state; E. V. Larson for the defense.

NOTICE OF ELECTION

The Twin Falls Branch of the Red Cross will hold their annual election of officers Saturday, December 13th in their rooms, corner Shoshone and Third South at 3 o'clock. Adv.

MISSOURIANS TO MEET AT CHRISTIAN CHURCH

Special Observance Will Be on Sunday Program - Munson to Speak

Senator Seiden P. Spencer of Missouri, chairman of the senate committee of claims and a letter of greeting to former Missourians, who are now living in Idaho, to be held at the Christian church Sunday night.

Those of us who have ever had the opportunity of living in the state of Missouri can never lose that feeling of pride and affection which such residence always creates.

One will be a better citizen of Idaho, loyal and true to every call of his allegiance because of the fact that he once lived in Missouri, and after all, the big things of life, those that have to do with our relation to God through Jesus Christ, and that concern us as Americans, are not bound by geographical lines.

Local Brevities

Patent in Hospital - A. W. Irvin, of Jerome, is a patient at the Boyd hospital.

Here for Winter - Mrs. Mary Allen arrived today from Eugene, Oregon, and spent the winter at the home of her son, H. F. Allen.

Obtains Permit - H. Coleman yesterday afternoon was granted a permit for the construction of a store building for cost \$1800.

Post to Elect Officers - The annual election of officers is being held this afternoon by Dan McCook post, G. A. U. in I. O. O. F. hall.

Committee Called to Meet - A joint meeting of vestry members of Apostolic Episcopal church with the nation wide campaign committee has been called to be held in the rectory at 7:30 p. m. Monday.

Baby Blizzard Tracks Wake of Amateur Storm

Blizzard breezed over the city during the early section of today, following in the wake of a 1.75 per cent snowstorm.

Colder weather is the inference contained in the diurnal report department dopo sheet. "Tonight and Sunday fair," meaning weather for galoshes and other protective apparel.

Thirty-nine degrees was high yesterday, with a drop to 17 during the night. The snowfall recorded 0.100 inch.

Social Notes

The Rebekah Past Noble Grands association held their monthly meeting on Thursday evening at the home of Mrs. R. B. Greene, 848 Main avenue north, with 15 members present.

The Episcopal Guild met with Mrs. Thomas M. Robertson yesterday. After a short business session the time was given over to a program on the missionary work of the church.

Mrs. C. D. Weaver entertained the Ninth avenue club Thursday evening. A delightful evening was spent with game, music and refreshments.

Mrs. C. A. Robinson entertained at a rose luncheon at the Hotel Perthie yesterday, complimenting Mrs. Fred T. Dubois of Washington, D. C. Baskets of roses were used for decorations.

The meeting was called to discuss the seed potato question in this district and after short talks by the local farmers and the county agricultural agent it was decided to ship from an outside district, two carloads of disease-free seed potatoes, mostly of the Netted Gem variety.

The question of getting in some improved seed wheat was also discussed and steps will be taken in the near future to handle this work.

The winter roset and sparrow campaign will be handled by A. W. Nelson who was chosen at last night's meeting.

TWO SUITS AGAINST TODD

William Ringert has brought action in the Probate court against E. C. Todd on two counts. One seeks judgment for \$184.40 on promissory note, and the other action is for possession of property alleged to be unlawfully held by the defendant.

VERIOT FOR DEFENDANT

In the probate court yesterday a jury rendered a decision against Plaintiff Buncce, who brought suit against H. F. Ramsey seeking to recover \$109 on a promissory note. The evidence tended to prove that Buncce came into possession of the note after maturity.

What shall I give HIM for Christmas

NEW SHIRTS

To give what is needed and wanted may be your patriotic Christmas resolution. Nothing qualifies more perfectly than Shirts.

It would certainly be a well chosen gift if you should select one of our new Emery Shirts—silk fibre or silk.

The materials are soft and the colorings handsome—the cut of these shirts affords Shirt Comfort for every man. Prices range from—

\$3.50 to \$12.50

ROAD CONDITIONS

Supplied by Courtesy of Mountain States Telephone Company. All roads leading from Twin Falls are very rough, and badly cut up where there is any travel to speak of. The main highways especially are in very bad shape.

If you are getting the kind of printing you want, stick to your printer. If he can't give it to you, find another one.

For Christmas

DIAMONDS

We carry a complete line of all sizes in blue white perfect Diamonds.

\$25 to \$2,000

L. RASMUSSEN JEWELER

Open Evenings Until Xmas

Mrs. Conrad Smith entertained the Mountain View club recently. After the usual business meeting refreshments were served by the host.

FOR SALE OR TRADE—80 acres south Buhl. Good land. 70 acres alfalfa, good small improvements. Will take good residence in Twin Falls first payment. Good terms on balance. Finch, Laubenthal Realty Co.

You can get results from your "Bib nation Wanted" ad if you will tell what you can do—and tell it interestingly.
