

TWIN FALLS DAILY NEWS

ALLIES CONCENT TO MODIFY SOME PROTOCOL TERMS

Features Objectionable to Germans are Eliminated Says Report, and Signing without Further Delay is Expected

INDEMNITY FOR FLEET IS REFERRED TO HAGUE

Clauses Providing for Military Enforcement of Treaty and Relating to Evacuation of the Baltic Out Out

PARIS, (AP)—The allies have consented to modify some of the terms of the protocol putting the new treaty effect to which Germany has made objection.

The clause providing for indemnity for the destruction of the German fleet at Scapa Flow has been modified so as to refer to the Hague tribunal the question whether the delivery of the tonnage demanded will cripple Germany, it is understood.

Meets, German Objections The understanding also is that other features of the protocol most objectionable to the Germans have been eliminated. It is expected that the German plenipotentiaries will sign the protocol without much further delay.

The final paragraph of the protocol, providing that even after the treaty has gone into effect the allies might use military measures of coercion to ensure the execution of the treaty's terms, has been eliminated entirely, as has the clause relating to the evacuation of the Baltic provinces by German troops.

Leaves Imputation The imputation of responsibility to Germany for the sinking of the Scapa Flow fleet is left in the protocol. It was expected that a note setting forth the allied position would be handed today to Baron von Lersner, head of the German mission.

NOSE DOLARES STAND AGAINST PROTOCOL SIGNING

LONDON, (AP)—Oskar Mosko, German minister of defense, today will recommend that his government refuse to sign the protocol of the peace treaty, no matter what the consequences, according to Berlin correspondent of the Daily Mail.

He said he had "lost all confidence in the pledges of the allies."

Material in reparation for the sinking of the interned German fleet at Scapa Flow and the provision empowering the allies to enforce the peace treaty were described by the German minister as the "two straws which have broken the back of German endurance."

The fact that failure by the United States to ratify the treaty has caused representations from the other allies on commissions established by the pact, it was said, was farther reason for Germany to stand.

In the absence of United States representatives means there will be more Frenchmen and Englishmen on the commissions," he asserted, "it would be injurious to German interests."

DENIES THREAT OF EXPEDITION

D'Annunzio Declares He Has No Intention of Attacking Spalato

FUME, (AP)—Gabriele D'Annunzio assured the correspondent Sunday that he was not preparing an expedition against Spalato or Ljubich. He gave his word of honor that this statement was true.

D'Annunzio was credited in London dispatches from Dalmatian sources on Saturday with having arranged an expedition scheme for an attack on Spalato.

It was also declared that efforts were being made to instigate uprisings in Montenegro and Albania and that the Bulgarians were being urged to attack the Jugo-Slavs. It was suggested that the project was not entirely D'Annunzio's plan but had the support of his adherents in Italy.

Ljubich is the capital of Carniola in Jugo-Slavia.

D'ANNUNZIO REPRESENTATIVES IN BOME WITH PROPOSAL

ROME, (AP)—Major Giannini, chief of the cabinet of Gabriele D'Annunzio, accompanied by Commander Bizio of the D'Annunzio naval forces, arrived here Sunday from Fiume. It is reported they are the bearers of D'Annunzio's suggestions for a solution of the Fiume and Zara questions.

It is rumored that D'Annunzio's funds are exhausted. There is much speculation in Rome as to how he will pay his troops.

Naming Candidates For Berger's Seat

MILWAUKEE, Wis., (AP)—Candidates for congress in the fifth Wisconsin district are today being voted for at a special primary, the nominees to go before the people December 10 when there will be a clean congressional race for the seat contended by Victor L. Berger, socialist.

Seizures Augment Kansas Coal Stock

COFFEYVILLE, Kan., (AP)—The state's visible supply of coal was augmented 200 carloads today by the seizure of coal belonging to the American Lead, Zinc and Smelting company at Deering and Caney, Kansas.

DITCH RIDER ORDERED TO THE PENITENTIARY

H. F. Grosvenor Must Serve Indeterminate Period for the Death of Van Ripper

H. F. Grosvenor, found guilty last week of voluntarily manslaughter, was this afternoon sentenced to serve from one to ten years in the state penitentiary. Appeal notice was given by Attorney W. P. Guthrie, appearing for the defendant.

Grosvenor last summer was employed as ditch rider for the Twin Falls Canal company. While thus engaged he had an altercation with a Bull farmer, E. L. Van Ripper, over the amount of water flowing from the company's laterals to the Van Ripper farm.

During the quarrel Grosvenor struck Van Ripper on the head with a heavy weedhook, death ensuing.

NEWBERRY IS ARRAIGNED

Indicted Senator Enters No Plea to Better Legal Position

GRAND RAPIDS, Mich., (AP)—United States Senator Truman H. Newberry and thirteen of those indicted with him on charges of violation of the election laws, stood mute when arraigned this afternoon by United States District Judge C. W. Sessions.

When the group of fourteen appeared before the court, Attorney James O. Martin, representing them, informed Judge Sessions that it had been the intention of the respondents to plead not guilty, but inasmuch as this precluded the possibility of raising certain legal questions, they would stand mute.

Immediately after their arraignment began a legal battle that is expected to continue over at least two months. Among the first moves of the election attorneys it was expected would be motions to quash the charges against a number of the prominent men included in the list of 135 indicted, and pleas for separate trials.

WORLD NEWS EVENTS

BERLIN, (AP)—Herr Schmidt, minister of food and economics, yesterday declared the economic situation in Germany had improved to an astonishing extent. He cited statistics to show that production in the mines, shipyards and general industries had approached a pre-war basis.

WASHINGTON, (AP)—No decision on the constitutionality of the war time prohibition and the Volstead enforcement act was rendered today by the supreme court and there was no indication when a decision would be handed down.

ROME, (AP)—After the strike riot at Mantua on Thursday in which several persons were killed, many prisoners released by the mob, returned to the prisons, having no where else to go. They found the buildings smoldering ruins. The jailers, having no place to put the prisoners, dismissed them with a goodspeed.

LONDON, (AP)—The November statement of the board of trade shows increases of 26,794,300 pounds sterling in imports and 43,851,100 pounds sterling in exports.

REQUIRE NEW CONSULATES

Japan to Open Legations in Numerous Newly Created Nations

TOKYO, (AP)—The change in the political and diplomatic situation of the world after the war has necessitated the establishment by Japan of legations in the newly created European states. The number of legations in different parts of the world. Legations will be opened at Prague, Warsaw, Athens and Agaram, the capital of the Jugo-Slav state.

One consulate will be established at Denver. It is expected that K. Mushiokji, a seigniorial chief of the political bureau in the foreign office, will be appointed to Stockholm, Sweden, until recently minister to Stockholm, Ambassador to Berlin.

IDAHO WEATHER

Tonight and Tuesday fair, except probably snow southeast portion.

WILSON WILLING TO ASSUME FULL RESPONSIBILITY

Tells Senator Fall Passage of Resolution Requesting Break in Relations Would Be Matter of Grave Concern

RELIES UPON AUTHORITY GIVEN BY CONSTITUTION

Foreign Relations Committee Announces After Brief Conference it Will Take No Further Action

WASHINGTON, (AP)—The state department announced today that it had been advised that President Carranza reply to the last American note requesting the release of William O. Jenkins, consular agent at Puebla, Mexico, was to be delivered today to the American embassy in Mexico City.

WASHINGTON, (AP)—President Wilson would be "gravely concerned to establish any resolution pass the congress," he wrote Senator Fall today in referring to the Fall resolution requesting the president to sever diplomatic relations with the Carranza government.

"It would constitute a reversal of our constitutional practice which might lead to very grave confusion in regard to the guidance of our foreign affairs," he wrote.

Confident of Support The president expressed confidence that he had the support of every competent constitutional authority in the statement that the direction of government's foreign affairs was assigned by the constitution to the chief executive and to him alone.

When the president's letter was received, Senator Lodge, chairman of the foreign relations committee called Senators Fall and Brandegee, republicans, Connecticut, of the committee into conference in a few minutes and announced that no further action on the Mexican situation would be taken by the committee.

Evidence Expected It was expected Senator Fall would make public during the day the evidence upon which he based his resolution requesting the severance of diplomatic relations.

Investigation to Continue Investigation of the whole Mexican situation by the foreign relations committee will be continued, Senator Fall said today. He expects to leave soon for the Mexican border where he will resume hearings.

WAR AGAINST AGITATORS Digging of coal by volunteers also was expected today by Oklahoma, Arkansas and Montana. In Oklahoma, where martial law prevails in the coal districts, Governor Robertson has urged a crusade against agitators and some men have been arrested and charged with attempting to prevent the miners from returning to work.

At Bear Creek, Montana, when eighty United States soldiers, with a detachment of federal troops, electricians and engineers at the mines walk out.

Old Complicates Distribution A cold wave accompanied by snow prevailed today in the Rocky Mountain region, making the distribution of the limited coal supply difficult.

Competitive field part of the central United States has announced its readiness to be worked and that production of coal can begin the minute the strike is settled.

SUGAR CONTROL MEASURE UP FOR SENATE ACTION

Debate on Shortage and Price Moves McNary to Press For Vote

WASHINGTON, (AP)—Senator McNary's bill extending the life of the sugar equalization board for one year from January 1, the date on which it would expire, was introduced today by the government with stipulations that the government will relinquish control of sugar, will be called up in the senate tomorrow for final consideration.

Senator McNary announced his intention of pressing for a vote after the senate today had discussed the shortage and price of sugar for an hour. The debate was provoked by the statement of Senator Borah, republican, Idaho, that Americans were eating sugar made of corn while the United States was exporting fifty per cent more of the product than at this time last year.

Senator Smoot, republican, Utah, declared production this year was not sufficient to meet the needs of the country. Answering Senator Harrison, democrat, Mississippi, who said sugar had sold in his state at 27 cents a pound, Senator Smoot insisted that there was law enough to prosecute profiteers.

Senator Russell, democrat, Louisiana said that while Louisiana usually produces 300,000 tons, this year's crop would not exceed 100,000 tons. Much of the shortage over the country, he insisted, was due to the larger amount of sugar consumed per capita, this having increased to 92 from 84 pounds.

ADVANCES PRICE OF LEAD

NEW YORK, (AP)—The American Smelting and Refining company today advanced lead from 6.75 to 6.90 cents a pound.

CONSERVATION MEASURES CONTINUE THROUGH STRIKE SETTLEMENT LOOMS

Hundreds of Passenger Trains Withdrawn from Service in Accordance with Railroad Administration Instructions While Many Hundred Thousand Workers Already are Idle on Account of Closing of Industries for Lack of Coal

DIGGING OF COAL BY VOLUNTEERS TO BEGIN IN THREE MORE STATES

CHICAGO, (AP)—Hundreds of passenger trains were withdrawn from service on the railroads of the country today, mostly in the middle west, south and southwest, in accordance with instructions issued last week by the railroad administration, and hundreds of other trains had been ordered annulled on next Wednesday, chiefly in the east, as a result of the coal miners' strike.

In New England, alone orders were sent out cancelling nearly three hundred trains a week. The cancellations are being discontinued in Pennsylvania, and even Canadian railroads have felt the coal shortage to such an extent that additional passenger passenger trains were taken off, including the crack trans-continental limited of the Canadian Pacific.

The reduction of passenger service in the United States since the strike began, Nov. 1, amounts to approximately one-third of the total, and in Canada a saving of 324,000 train miles per month has been effected.

Measures to conserve fuel supplies went ahead today in nearly every part of the country, despite the meeting at Indianapolis tomorrow of Attorney General Palmer and other officials of the department of justice with heads of the United Mine Workers of America, in an effort to bring about a settlement of the strike.

Many hundreds of thousands workers were idle today on account of closing of non-essential industries from which coal has been withheld by executive orders, and on account of curtailment of business hours in many cities.

Further shipments of coal mined by volunteers in Kansas and Missouri under protection of troops, were made today to points in those states where the shortage was the most acute.

Wars Against Agitators Digging of coal by volunteers also was expected today by Oklahoma, Arkansas and Montana. In Oklahoma, where martial law prevails in the coal districts, Governor Robertson has urged a crusade against agitators and some men have been arrested and charged with attempting to prevent the miners from returning to work.

At Bear Creek, Montana, when eighty United States soldiers, with a detachment of federal troops, electricians and engineers at the mines walk out.

Old Complicates Distribution A cold wave accompanied by snow prevailed today in the Rocky Mountain region, making the distribution of the limited coal supply difficult.

Competitive field part of the central United States has announced its readiness to be worked and that production of coal can begin the minute the strike is settled.

In Chicago stores, with the exception of groceries and a few other dealing in foods, are to open today at noon and close at 6 p. m.

GOVERNMENT KEEPS TAB ON LIBERALS' MEETING

Police Will Not Interfere in Conference of Committee of 48 While Within Law

ST. LOUIS, Mo., (AP)—The police of St. Louis will not interfere with the meeting here tomorrow of the conference of liberals, known as the committee of forty-eight, unless the law is violated. This announcement was made today by Mayor Kiel by the board of police commissioners today.

The police commissioners reported that the department of justice of the federal government had declared to them that the numerous representatives of which are expected to attend the conference of liberals, had violated no laws and that it would watch to see that the "committee of forty-eight" violated no laws.

The assistant to the attorney general in charge of delinquency cases has announced that the government would have stenographers take complete reports of what was said.

WHITE HOUSE IS OPTIMISTIC OVER STRIKE OUTLOOK

Secrecy Still Surrounds President's Proposal on Which the Hopes for Settlement in Fuel Crisis are Based

Lower Temperatures Cut Supply of Coal

LINCOLN, Neb., (AP)—Temperatures reached as low as nine below zero further reduced Nebraska's low fuel supply today, while a snowstorm was interfering with railroad traffic. As a result of the storm and a sharp curtailment of service no branch line trains in the Lincoln division of the Chicago Burlington and Quincy railroad were being run. More snow, with cold weather was predicted for tomorrow.

Coldest December Day Strikes Butte

BUTTE, Mont., (AP)—Today is the coldest December day in the history of Butte. The temperature showed a minimum of 22 degrees below zero. The coldest previous December day was December 30, 1915, when the temperature was a minimum of 10 below zero. Continued cold is predicted. The fuel situation is critical.

REPUBLICAN LEADERS IN CAPITAL FOR CONFERENCE

Interest in Candidates and Policies Overshadows Convention City Selection

WASHINGTON, (AP)—Republican leaders from every state were coming into Washington today to confer on candidates and policies previous to the meeting of the republican national committee Wednesday. These conferences overshadowed in interest the real purpose of the meeting, which is to select a time and place for the 1920 convention.

With the arrival today of Chairman Will H. Hays and other officials of the committee, talk about the convention was being held for the day.

Discussion today indicated early June as the time for holding the convention. In addition to Chicago and St. Louis, the committee will consider St. Paul, San Francisco, Albany Park, N. J., Cleveland and several other places.

Chairman Hays announced that meetings at which the several cities present their claims would be public, although decisions are to be made in executive sessions.

Washington is expected to play a prominent part in the committee's deliberations. At an open meeting Wednesday, Mrs. Medill McCormick, wife of the Illinois senator, will be one of the speakers. The others are Governors Sprout and Pennsylvania and McKelvie of Nebraska.

Leaders expect the committee to adjourn here Wednesday night but Thursday there will be a meeting of state chairmen.

DELAYS CALLING GRAND JURY IN STRIKE CASES

Investigation of Alleged Violations of Lever Act and Antitrust Law Postponed

INDIANAPOLIS, IND., (AP)—The federal grand jury, summoned by United States District Judge A. B. Anderson to investigate alleged violations of the Lever act and antitrust laws by operators of miners and coal dealers in connection with the bituminous coal strike, will not be empaneled today. I. Ert Slack, United States district attorney, said the convening had been postponed until tomorrow.

Mr. Slack would not say that the jury would be empaneled at that time. It was indicated that the calling of the grand jury would depend upon conferences today with Attorney General Palmer and others who were to arrive from Washington about noon.

COURT DENIES FARRINGTON WRIT OF HABEAS CORPUS

PROBIA, Ill., (AP)—Judge Lewis Pittman in the United States court here this afternoon denied the application of Frank Farrington, president of the Illinois Mine Workers, for writ of habeas corpus. He was arrested Saturday on charges of violating the coal strike injunction of Federal Judge Anderson. Farrington's attorney filed notice of appeal and in the meantime Farrington will be at liberty on \$10,000 bond.

PALMER HOLDS UP DETAILS IN REO ACTIVITIES

Declares Department of Justice is Confronted with Increasingly Dangerous Radical Operations; Asks for Laws

WASHINGTON, (AP)—The department of justice is confronted with "an increasingly dangerous radical activities," Attorney General Palmer said in his annual report submitted today to congress.

Mr. Palmer did not go into details as to "red" activities in general, but said that of the total of 305,295 index records since 1910, 71,000 Bertillon records and 282,712 finger print records now in the department, some 60,000 represented data concerning "reds" and their work. He mentioned that the department had increased steadily its contributory sources of investigation, adding that this meant better facilities for running down persons whose lives bore marks of crime.

Crowded With Work

Mr. Palmer said that while other government agencies during the past year were rounding out their labors incident to the war, his department found itself only half way through its scores of investigations and litigated questions. Countless hundreds of claims growing out of the war have been made against the government, he said, and must be fought through the courts. Cases in which the government seeks to recover funds paid out through error or fraud provide another source of supply for litigation. A large infringement of patent rights by the government in its manufacture of war materials as well as similar claims arising from private manufacture of war supplies on the cost-plus arrangement also puts litigation on shoulders of the department's staff.

Trust Prosecution Restored

The department policy of resuming prosecution of trusts has been restored to activity after investigations and crime proving machinery, the attorney general added.

In addition to these, Mr. Palmer said, the department will be burdened for months to come with its prosecution of violators of the sedition and selective service acts. Under the latter, a number of cases have been referred to the department. Department agents are engaged now in gathering all necessary data through records of local draft boards which have been assembled in Washington and prosecution of the cases will proceed immediately upon completion of that work.

Loopholes in Statutes

Investigations and trial arguments during the year have shown loopholes in many statutes, Mr. Palmer said. He called attention to the fact that, under existing law, it is not a crime to send threatening letters through the mails unless in furtherance of an attempt to defraud or as a means of extortion. Pointing out that letters threatening personal injury or destruction of property may be sent with impunity, he urged revision of the law to cover such cases.

Mr. Palmer said also there was great need for a statute providing punishment for an individual attempting to defraud the United States. Present statutes, he said, provide punishments in the event that two or more persons conspire to defraud the government.

Would Simplify Law

Recommendation also was made that criminal procedure be changed to make more simple the removal of indicted persons to the districts where the indictments were returned. He described the present system as "previously defective," and as making removal proceedings "infinitely more cumbersome" than extradition.

The attorney general recommended creation of a pardon and parole board of three fully empowered to handle all pardon and parole cases thus relieving the attorney general's office of duties "which are becoming increasingly heavy and onerous." Members of special institutions also should be vested in this board, he said.

NEW YORK BANKERS TAKE UP MARKSMANSHIP PRACTICE

NEW YORK, (AP)—Regular pistol practice in one of the national guard armies for all officials and employees having permits to carry revolvers is now part of the "preparedness campaign" of the Guaranty Trust company of this city, in view of recent attacks on bank messengers and bank hold-ups. The target work of the bank has improved in quickness and accuracy in consequence of the practice at a point which is characterized as "excellent." One officer scored 28 out of a possible 30 points at the last practice and clerks, messengers and special officers all did well.

There is printing—and printing. There is singing—and singing. You buy the record of a song by a great singer—you run away when the song is rendered by a poor singer. Printing is an art which some printers never learn.

TRADE VENTURE PROVES COSTLY TO VIENNA CITY

Mayor Discloses Loss to Municipality of Huge Sum Through the Exploitation of Business Schemes

VIENNA, (AP)—Mayor Reumann has just disclosed to the Vienna city council a loss to the city of 13,000,000 crowns through a business venture undertaken by a former council member, Mayor Weiskirchner. On the beginning of the war Mayor Weiskirchner organized a committee to collect public subscriptions for the relief of soldiers and their dependents. It is charged that Weiskirchner advanced huge amounts from this fund as well as city moneys to Hans Hafner who undertook to exploit several schemes for the benefit of Vienna. Among Hafner's ventures was the operation of a large plant for the production of artificial leather. A building was erected for the milk process scheme but it was never put in operation while the shoe factory proved a dead loss.

To cover its losses it is charged that Mayor Weiskirchner drew upon funds raised by needlework guilds and upon other charities all over the country and also from the profits of municipal varnishes without acquainting the opposition members of the council of his action.

No accounting of the charity funds was ever made so that the use of those funds was not discovered until the present government took office.

Weiskirchner and certain of his associates now have been called upon to explain these transactions. Meantime the city is being sued by manufacturers in Slovakia for vast quantities of artificial leather fabrics which they furnished to Weiskirchner with material for manufacturing shoes.

VIENNA RAISES FARES

VIENNA, (AP)—Streetcar fares have been increased to one crown. Before the war the fare was sixteen hellers (a heller is one one-hundredths of a crown).

CHURCH NATION-WIDE DRIVE IS APPLAUDED

Former President Speaks of Need of Enlargement of Ecumenical Influence

Local committees of the Episcopal church which are working for the success of the nation-wide campaign of the church, received today copies of a strong endorsement of the campaign from former President William Howard Taft.

The former president speaks of the effort of the Episcopal church to "enlarge its influence and usefulness and gather into dynamic form the spirit and lessons inculcated by the late war." He says that the "reaction from the use to material things has been natural and discouraging." He speaks of the need of the day for a quickening of the religious spirit to counteract this reaction.

The nation-wide campaign of the Episcopal church will be in many parishes concluded this week while in others it will extend into early January. It is a campaign for church strengthening and financial support.

A meeting of Ascension church nation-wide committee, with the vestry of the church, has been called for 7:30 o'clock this evening to discuss ways and means of carrying out the local end of the campaign.

JAPANESE COTTON YARNS ARE SOARING SKYWARD

TOKIO, (AP)—Japanese cotton yarns are soaring skyward. The prices ruling in the market have set new high records in the spinning industry of Japan, and even threaten to exceed the record figure in the world's market. The present quotations, if left unmodified, will soon tell on the welfare of the Japanese public who are already suffering from the advance price of cotton piece goods.

The government is taking the situation seriously and recently despatched officials to Osaka, the most important center of spinning industry to investigate the cause of the recent advance and to recommend measures for regulating prices. But the measures taken by the government so far have produced no effect and quotations are still advancing.

The current prices have reached such a figure that weavers can derive a large margin of profits by manufacturing textile fabrics with cotton yarns imported from abroad. One large weaving concern in Osaka has already ordered large quantities of fine yarn from the United States and thick yarns from China. This is the first importation of foreign cotton yarns by Japanese spinning concerns.

ATTACKS POSTAL SERVICE REPORT

Steenerson Declares Surplus Earnings May Be Wiped Out By Decision

WASHINGTON, (AP)—Chairman Steenerson, of the house postoffice committee, issued a statement Saturday attacking Postmaster General Burleson's annual report on the postal service. He declared the surplus earnings of \$35,000,000 reported for the last seven years was from reduced compensation paid the railroads for hauling the mails and that it seemed "quite probable" that the interstate commerce commission would "completely wipe out the supposed surplus" by deciding that the roads were entitled to increased compensation.

"Mr. Burleson's management of the telephone and telegraph has entailed a loss of more than \$14,000,000," said Mr. Steenerson. "And \$9,000,000 of this has been awarded by him, under compensation contracts, to the Western Union Telegraph and the American Telegraph and Telephone company."

"Mr. Carlson, president of the Western Union and Mr. Bethel, its manager and Mr. Vail and Mr. Kingsbury, of the American Telegraph and Telephone company, were called in by Mr. Burleson to help him manage this business. While they did not actually have charge of the compensation contracts they seem to have dominated the whole postoffice department in their own interests. They not only got \$9,000,000 out of the taxpayers of the country but \$31,000,000 in increased rates was authorized by Mr. Burleson to be charged against the public. No wonder Mr. Burleson under this advice, discriminated against the only competing company by taking away from them more than half their earnings and awarding them to its competitors."

EXCEEDING ITS ALLOWANCE COSTS HOPE ITS CURRENT

VIENNA, (AP)—The authorities are beginning to deal more severely with offenders against the lighting and food acts. For using an excess amount of electric current four prominent restaurants and one big hotel have been cut off from current altogether for a period of weeks. One big hotel has had its restaurant and dining rooms closed for one month because it had on hand an excessive amount of food.

BRITISH BUY AMERICAN GOODS TO SELL AGAIN

Employ Unique Policy to Get in on Ground Floor in the Baltic States

LONDON, (AP)—British interests are purchasing American goods to sell in the new Baltic states as part of their plan to "get in on the ground floor" commercially when terms in that part of the world cease.

The American chamber of commerce in London understands that Esthonia has sold to Great Britain its exportable surplus of timber for the next eighteen months in return for supplies which Great Britain cannot now produce and which are being purchased in the United States in order that the contract may be carried out.

It is pointed out that 40 per cent of Russian exports normally pass through Lethish ports. The chamber strongly advises American business firms to try for some of this business.

JAPANESE COMMENT UPON AMERICO-CHINESE UNION

Nipponese News Agency Says Opening of Economic Activity Foreshadowed

TOKIO, (AP)—Referring to the recent arrangement of an Americo-Chinese joint banking corporation with a capital of \$10,000,000, the Kokusai news agency says that this enterprise may be regarded as foreshadowing the opening of economic activity by the United States in a post-war commercial and industrial campaign to China.

It adds: "It is obvious that with the aid of the American financiers the northern military group of China will be enabled to carry out a policy favorable to their interests in the future, which will eventually affect the interests of the southern group. There is no doubt that the hand-shaking of the American and Chinese bankers in the establishment of an Americo-Chinese bank lays the foundation for joint operations of American and Chinese capitalists in the economic development of China in the future, a matter which calls for the keen attention of Japanese business men who are slowly interested in the economic development of China."

The Most Prized of Christmas Gifts

DISTINCTIVE APPAREL—
Each Day We Receive Express from New York

COATS SUITS DRESSES

"Oh, how I wish some one would give me this coat as a gift," is the exclamation of many an admiring woman as she slips into these graceful coats and enjoys their smart designing. And, indeed, no season has ever shown coat fabrics of more aristocratic appearance while combining warmth and protection from winter's severe weather.

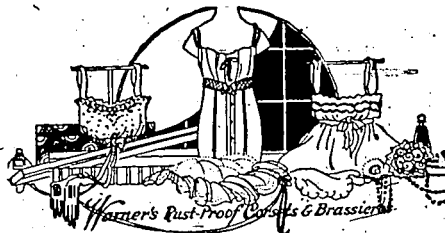

The very beauty of the soft textures in these suits gives them an unusual gift interest aside from their assurance of enduring satisfaction combined with smart styles. To solve the appropriately generous gift suggestion for wife, mother or daughter, one will find delightful aid in this group of interestingly priced suits of velour, silvertone, velveteen and tricotone.

The holiday season brings many occasions demanding a new frock. Whether or you choose a soft little silk frock or a more practical one of wool there is pleasure and economy in choosing from these attractively priced groups—Each model was much higher priced when size ranges were complete. Embroidered motifs, rows of smart braids and effective bead trimming appear on both silk and wool frocks.

Selecting Gift Blouse

Has a Friendly Interest Here

For a dainty friend there is the dainty blouse of net with lace trimmed frills and a gay touch of ribbon; for the business girl friend there are changeable taffetas, tailored dark Georgettes, crepe de chine, batistes and Habutai silks; and for the "social butterfly" friend there are lovely over-blouses of Georgette in brilliant shades with trimmings of glistening beads, or deep silk fringe or wool embroidery.

Christmas Gift Hosiery

The quality values featured in this annual holiday sale, deserve special comment because of the present difficulty to secure silk hose of any description. Beside pure silk weaves in a wide choice of shades are lace-stripe and drop-stitch hose and fancy silk hose with embroidered designs and clox. This is a regal gift-choosing opportunity.

Member Audit Bureau of Circulations

FIFTEEN
Members of the legislature of North
Dakota the other day wasted more than
two hours listening to attacks on the
American Legion by an organizer who
is trying to sell buttons for a rival or-
ganization of service men—an organiza-
tion, incidentally, which has no reason
to be proud of its origin.

The gist of the attack was that the
American legion, in the first place,
is under the influence of "big busi-
ness," and, in the second place, that it
is "dominated by officers."

The charges are groundless, as ev-
ery member of the Legion and every-
one else who will give the matter a
second thought must know.
On the face of it, the assumption is
preposterous that one million, two hun-
dred thousand men, the present mem-
bership of the Legion, every one of
whom offered his life for the preserva-
tion of American ideals, should become
the vassals of "big business." Even
to hint at such a state of affairs were
to intimate that the high and faith of
mankind were forlorn indeed. But if
proof of the utter falsity of this charge
were needed it is readily found in the
fact that the Legion, at its Minneapolis
convention, found it necessary in order
to meet an indebtedness of some \$250,
000, to amend its constitution to make
the annual dues one dollar instead of
twenty-five cents. If the American
Legion were the offspring of "big
business" it would not now be a debtor.

And as for the charge of domination
by the officers—even if it were true,
which it is not, then, what of it?

Is it a crime to have served as an of-
ficer in the world war, or is a former
officer a man to be shunned as a sort
of moral leper?
Suppose the charge were that the Leg-
ion was controlled and dominated by
the enlisted men instead of by the of-
ficers, suggests a commentator. Would
that make anyone think any more or
less of the Legion?

There are enough enlisted men in
the Legion to control it absolutely if
they so desire. If they select former
officers for their Legion officers, that is
their business. The organization of
the Legion is as democratic as it can
be. The members choose their own of-
ficers. They don't have them imposed
on them from general headquarters. If
they decide that a former officer is a
pretty good sort of a chap and they
want a colonel or a captain or a
"shavetail" for a post commander, is
that any more of a crime or disgrace
than if they chose a "buck private"
or a "top kick"?

Former officers are just as good men
as former enlisted men, and not a bit
better. That is the way the Legion
looks at it, and any man who says that
army rank counts for anything in the
Legion is either ignorant or willfully
misstating the facts.

Communications intended for publi-
cation in The News must be signed.
This does not mean that the signature
of the writer will invariably be printed
with his letter, but as evidence of good
faith, the identity of the writer must
be known to the newspaper publishing
his communication.

The rule is a common one. It is in
force and effect with all newspapers
everywhere.

Good Test.
Mrs. Lovejoy—"Did the war benefit
your husband any, Mrs. Newbride?"
Mrs. Newbride—"Oh, yes. After his
life in the trenches he says he can
stand housecleaning every week."

WHO'S WHO
in the WORLD

SURGEON GENERAL BLUE ON THE "FLU"

"Flu" cost 500,000 lives in the
United States. Will it come back this
year? This question, being asked by
thousands of scientists and millions of
laymen throughout the world, is dis-
cussed by Surgeon General Blue of the
Public Health Service in an official
bulletin, in which it is said that the
plague probably will reappear, but not
in as severe a form as last winter.

"Probably, but by no means cer-
tainly, there will be a recurrence of the
influenza epidemic of this year," says
General Blue. "Indications are that
should it occur it will not be as severe
as the pandemic of the previous year.
City officials, state and city boards of
health, should be prepared in the event
of a recurrence. The fact that a pre-
vious attack brings immunity in cer-
tain percentages of cases should allay
fear on the part of those afflicted in
the previous epidemic.

VINCENT NOW A RESERVE AVIATOR

J. G. Vincent, co-designer of the
Liberty aircraft engine, has been com-
missioned by the president a colonel
in the officers' reserve corps of the
United States army. The appointment
is to the aviation section of the signal
corps, and specifies a flying status.
Taking service with the army in
1917, Mr. Vincent was given the tempo-
rary commission of major; later he
was promoted to lieutenant colonel for
his signal service. A recent enabling
act by congress permitted his being
commissioned a colonel.

"I am glad to accept this commis-
sion because I believe the officers' re-
serve corps offers the best opportunity
that hence affords the citizen for
service to this country," said Colonel
Vincent. "It is an effective means of
doing up for the government in time
of peace the men who, by special train-
ing or talent, should be immediately
available to the government in time of
war. Obviously, a complete organization
for war is impossible, and perhaps
undesirable.

Rogerson branch at 11 a. m.
The foregoing mail makeup is
operative and effective under ordi-
nary conditions; if a great
amount of mail should be drop-
ped at about the regular closing
time it would be impossible to
dispatch the mail on the precise
hour.

SPECIAL LABOR
CONFERENCE WILL
CONSIDER THRIFT

Oregon State Federation Peti-
tions Union Leaders to
Adopt Savings Policy.
Portland, Ore.—The Oregon State
Federation of Labor has asked the con-
ference of the heads of international
labor unions affiliated with the Ameri-
can Federation of Labor, which opens
its session in Washington, D. C., De-
cember 12, to include in any program
that they may promulgate as a result
of the failure of the industrial con-
ference a plank memorializing the
Federal Government to continue and
elaborate, if necessary, its Thrift and
War Savings Stamp movement as a
permanent national policy. The Ore-
gon Federation also has asked all other
State Federations of Labor in the
United States to make a similar re-
quest of the conference. President O.
R. Harvick of the Oregon Federation
signed the letter, which follows:

"Inasmuch as the United States Gov-
ernment is engaged in advancing the
War Savings Stamp campaign in a
vigorous manner, and inasmuch as the
War Savings Stamp is the best pos-
sible form of investment for working
men and women, particularly organ-
ized workers, and also because the pos-
session of War Savings Stamps by
workers while defending their rights
either while out on strike or otherwise,
gives them a degree of security that
ordinarily they do not possess, there-
fore, the State Federation of Labor of
Oregon makes the following sugges-
tion: That your Federation join with us
in urging upon the national con-
ference that has been called in Wash-
ington, D. C., by the American Federa-
tion of Labor, the advisability of in-
cluding in any program that they may
promulgate, a War Savings Stamps
plank or provision.
We believe that such a plank will materially
strengthen the position of organized
labor and will also give us the sinews
of war when most needed. Trusting,
therefore, that you will find it possible
to join us in urging upon the national
conference this provision, and thank-
ing you in advance for your interest
in this suggestion, we beg to remain,

Origin of Names of States.
Connecticut is an Indian name mean-
ing "Long River." Maine is taken
as of French origin from the province
of Maine; Massachusetts is an Indian
word meaning "Place of Great Hills."
New Hampshire is English, coming
from Hampshire county, England;
Vermont is French, from the word
meaning "Green Mountain." With refer-
ence to Rhode Island there is a difference
of opinion, some claiming that it was
named for the island of Rhodes and
others for a prominent settler named
Rhodes.

Pigeons Are Speedy.
In calm weather a carrier pigeon
can fly at the rate of 1,200 yards a
minute. With the help of a moderate
wind it will attain a speed of 1,500
yards, and before a high wind, 2,000
yards.

Today's Markets

New York Exchange
NEW YORK, (AP)—Price tendencies
were mainly higher in today's restrict-
ed stock market, oils, steels, sugars
and other commodities showing mod-
erate turnover. Sales approximated 1,
000,000 shares. Trading was at low
ebb in the final hour. The closing was
firm.

Liberty Bonds
NEW YORK, (AP)—Liberty bond prices
at 2:55 p. m. today were: 3 1-2's
\$99.70; first 4's \$94; second 4's \$92.40;
first 4 1-4's \$94.25; second 4 1-4's
\$92.10; third 4 1-4's \$94.44; fourth
4 1-4's \$92.18; Victory 3 3-4's \$95.12;
Victory 4 3-4's \$99.16.

Grains and Provisions
CHICAGO, (AP)—Moderately higher
prices for corn resulted today from the
prospective settlement of the coal
strike. Industries which owing to the
strike have been out of the market
were expected to re-enter soon as pur-
chasers. A forecast of snow tended to
strengthen values. Opening quotations,
which ranged from 1-8 to 7-8 higher,
with January \$1.36 1-4 and May \$1.34
to 1-34 1-4, were followed by a slight
reaction and then by upturns higher
than before.

In the later dealings, unusual weak-
ness of the hog market pulled down the
price of corn. The close was heavy,
1-8c not lower to 1-8c advance with
January \$1.35 to 1.35 1-8 and May \$1.32
7-8 to 1-32.
Oats rose with corn. After opening
to 5-8 up, including May at 70 7-8 to
8-8, the market continued to ascend.

Cash Quotations
CHICAGO, (AP)—Corn No. 2 mixed,
old \$1.61; No. 2 yellow, old, \$1.50 to
1.60.
Oats No. 2 white \$1.34 to \$2 3-4c;
No. 3 white 70 to 82 1-4c.
Rye No. 2 not quoted; No. 1 \$1.92 to
1.92 1-2.
Barley \$1.35 to 1.60.
Timothy \$8.50 to 11.50.
Clover \$30 to 48.
Pork nominal.
Lard \$22.00.
Hibb \$19 to 20.

Chicago Livestock
CHICAGO, (AP)—Hog receipts 57,000;
slow, mostly 25 to 40 lower; bulk
\$12.35 to \$13.15; top \$13.50; heavy \$12
to \$12.75; light \$12 to \$12.75; heavy
packing sows, smooth \$11.75 to \$12.75;
pigs \$12 to \$12.75.
Cattle receipts 24,000; strong; beef
steers, medium and heavy weight,
choice and prime \$13.40 to \$15; common
\$9.75 to \$11.25; heifers \$9.40 to \$15; cows
\$8.25 to \$13.75; canners and cutters \$12.25
to \$25; veal calves \$16.50 to \$17.50;
bulls \$12.25 to \$13.25; stockers \$10
to \$14; calves \$10 to \$12.50; and calves
\$7.75 to \$9.40; culls and common \$1 to
\$2.75; breeding \$7 to \$11.25.

Omaha Livestock
OMAHA, (AP)—Hog receipts 5,500;
market steady to strong; top \$13.25;
bulk \$12.25 to \$13.25; heavy weight \$12
to \$12.75; light weight \$12.75 to \$12.25;
heavy packing sows, smooth \$12.75 to
\$12.90; packing sows, rough \$12.50 to
\$12.75; pigs \$10.50 to \$12.50.
Cattle receipts 3,000; beef steers
steady; butcher stock 10 to 15 higher;
stockers and feeders mostly 25c lower;
beef steers, medium and heavy weight,
choice and prime \$13 to \$13.25; common
\$8.75 to \$11.50; canners and cutters
\$12.75 to \$16; veal calves \$13 to \$14.50;
feeder steers \$7 to \$13; stocker steers
\$9 to \$12.

Sheep receipts 18,000; lambs 10 to
25c higher; sheep and feeders steady;
culls and common \$9.75 to \$13.75; year-
lings \$11 to \$12.75; and choice 10 to 15
up and choice \$7.50 to 9; culls and
common \$1 to 7.50.

Potatoes
CHICAGO, (AP)—Potatoes firm; ar-
rivals 62 cars; Northern sacked and
bulk \$3.15 to \$3.30; Western bulk
\$3.15; Russet \$3.25 to \$3.50.
Chicago Produce
CHICAGO, (AP)—Butter higher;
creamery 58 to 72c; eggs firm; receipts
\$90 cases; firsts \$80c; ordinary firsts 70
to 72c; at market, cases included 70 to
\$70c; poultry alive, higher; springs 25c;
fowls 18 to 25c; turkeys 32c.

Kansas City Produce
KANSAS CITY, (AP)—Butter un-
changed; eggs 68c; firsts 65c; second
64c; packing 48c.
Eggs unchanged; firsts 72c; seconds
56c.
Poultry, hens 16c lower, 19 to 20c;
roasters 14 to 20c; broilers 30c.

CROSS IS TO BE EPISCOPAL SHRINE
CHURCH ESTABLISHES PRECEDENT

The historic "Prayerbook Cross," in Golden Gate Park, San Francisco, which is to be consecrated by the Protestant Episcopal Church as its first shrine.

San Francisco, shortly is to have
the honor of the first shrine ever
consecrated by the Protestant Episco-
pal Church and the first it is con-
fidently believed by members of the
church in a chain of wayside shrines
along the mighty automobile high-
ways which now span the continent.
Turned by the griefs of war to
more devout consideration of affairs
religious and stirred to militant ac-
tion by the "Prayerbook Cross" in
the Nation-wide campaign now for-
ward with the church, Episcopalians
of the Bay Cities have laid before Dr.
Rev. William Ford Nichols, D. D.,
Bishop of the Diocese of California,
a proposal to consecrate and proclaim
the historic "Prayerbook Cross" in
Golden Gate Park as a shrine for all
wayfaring Episcopalians.

The cross was consecrated seven-
teen years ago as a memorial to the
great religious service ever held on
the Pacific Coast in the English language.
On June 24, 1879, that hardy buc-
caneer, Sir Francis Drake, missing the
port of San Francisco entirely owing
to fog and storm, landed at what is
now known as Drake's Bay, north-
ward of San Francisco Bay. In
thanksgiving for the escape of the ex-
pedition from the storm they all "fell
to prayers." In the quaint language of
the chronicler of the expedition.

Occasional Vacation Profitable
A noted writer of detective stories
once said he solved most of his pur-
zles over the billiard table, and so
a scenario writer declared that the tonic
for a sluggish imagination is a 60-
point game of pocket billiards. From
all of which it may be surmised that
the fellow who gets away from the
grind, spasmodically or regularly, gets
a better perspective of the business
than the fellow who feels the business
cannot spare him.

Naturally Road is Crooked.
For the benefit of automobilists
who have wondered why the road from
Exeter to Hampton, N. H., is so
crooked, it is explained that when the
first settlements were being made in
New Hampshire, a bear made a slight
raid on that part of the Hampton set-
tlement known as Wigwam row, and
men in pursuit the next morning fol-
lowed its tracks in the light snow to
its watering place at Squamscott
Falls, and built the road accordingly.

Territory of Louisiana.
In 1800 on the first of October the
Spanish government by the treaty of
St. Ildefonso, ceded the territory
known as Louisiana to France. The
territory had been a Spanish possession
for 38 years. Originally ceded to
Spain by Louis XV. The return of
Louisiana to France was effected by
Napoleon, who contemplated founding
a colonial empire in America. After
three years he abandoned the scheme
and sold the territory to the United
States.

John McFar is looking after business affairs in this city from his home at Rogerson.

A. D. Bradley, who has been in Twin Falls this summer with the Courten Reed Co., returned to Minneapolis Saturday evening.

FATE OF J. R. ANNIS IS IN JURY'S HANDS

Robbery Charge is Denied; Defendant Says Starr Paid Him "Hush Money"

The state's case against J. R. Annis, who has been tried on a robbery charge, the state alleging that Annis forced W. S. Starr to pay him \$300, went to the jury at 12:30 o'clock today.

Arguments were made by the opposing counsel, Frank L. Stephan, district prosecutor, handling the state's case, while E. V. Larson defended. Both attorneys made stirring appeals to the jury.

On the stand, while denying the charge of robbery contained in the complaint, Annis admitted having received from Starr \$300 only in "hush" money. Annis claimed to be in possession of knowledge involving the morality of the Starr household.

Annis alleged the first proffer of "hush" money was made at the Starr ranch after he (Annis) had made the discovery of moral irregularity. He said he declined to accept at the time, but on the ride to Blue Lakes changed his mind and ordered Starr to pay.

Annis denied that a revolver was used in enforcing any demand for payment, claiming on the other hand, that both he and Starr used the same gun on the ride to Blue Lakes to shoot at targets.

He also denied the charge that a gun was held pointed at Starr while the checks were being negotiated for currency at the bank. He said the only time he attempted to use the pistol was in Eden for \$300 only in self-defense when Starr attacked him and he (Annis) was subsequently disarmed.

Theatres

Gripping situations and scenes, masterful dramatic effects and an all-star cast—these are the attributes that will go to make "Paid in Advance," the new Universal superproduction shown at the Gen Theatre, a picture that will remain in the memory of every motion picture devotee.

AMUSEMENTS

GEN—Dorothy Phillips in "Paid in Advance," special orchestra.

ORPHEUM—Two vaudeville acts, Rainbow Lily and Meluhak, entertainers; Bert Lemon, impersonator; "The Pace Value"; six part picture; "Patric Review."

IDAHO—Wallace Reid in "The Love Burglar"; "Fatty" Arbuckle in "The Haysseed."

ROBERTSON-JESTER

At Salt Lake City on December 3 William Robertson of Hollywood, California, and Miss Helen Jester of this city, the young couple left Twin Falls Saturday evening for their home in Hollywood. They were accompanied by Miss Hope Jester, who will remain for an indefinite time.

CONVENES GRAND JURY TO PROSECUTE RADICALS

Federal Court in Tacoma Takes Action in Line with Government Policy

TACOMA, Wash., (AP)—Federal Judge E. E. Cushman called today a federal grand jury in line with the government policy of prosecuting radicals in this part of the state.

The grand jury will examine evidence laid before it by United States attorneys and special investigators engaged in the work of collecting evidence here and in southwest Washington for the past month.

It was said that a request for indictments under the amended section of the espionage act will be asked for against the ninety members of the Industrial Workers of the World who were arrested following the killing of four members of the American Legion in Centralia, November 11.

Members of the organization against whom definite charges of murder cannot be brought will face federal charges. District attorney Robert C. Staunford announced following the fatal shooting at Centralia.

Deaths

Mrs. Alice A. Pope, aged 61, died at a local hospital Saturday night. Funeral services will be held tomorrow at 10 o'clock at De Witt's undertaking chapel with the Rev. A. G. Bennett of the First Methodist church in charge.

Burial will be in Twin Falls cemetery. Decedent is survived by her husband, C. O. Pope, living on a farm six miles south of Kimberly; two sons, Ernest J. McIntire, of Kimberly, and C. J. McIntire, of Millford, Utah.

You can count upon the classified to sell your real estate and the cost of the advertising will figure surprisingly small.

MOTHER AND CHILD MEET TRAGIC DEATH

Attempt to Kindle Fire with Gasoline Proves Fatal to Two near Heyburn

RUPERT, (Special)—Mrs. Sarah Ratchekowsky and thirteen months' old son, Robert, were fatally burned at their home one-half mile east of Heyburn at 7:30 Friday morning.

Mrs. Ratchekowsky tried to start a fire with gasoline. The baby died two hours after the fire and Mrs. Ratchekowsky at 2 p. m. the same day.

Mr. Ratchekowsky had built a fire-carrier in the morning and had been going to work on a hay baler near Heyburn about a half hour when the accident happened. On arising Mrs. Ratchekowsky, attempting to start a fire in the range in a hurry, poured some gasoline from a five gallon can on some live sparks. The flames flared up causing the can to explode. In an instant Mrs. Ratchekowsky and baby, who was sitting in his high chair by the stove, were enveloped in flames.

H. G. Hall, a neighbor, was just leaving his home when attracted by Mrs. Ratchekowsky's screams and seeing her running in the yard in flames, hurried to her assistance, wrapping her in a quilt to put out the fire, and attempting to save the child, he then turned his attention to the burning house. Other aid had arrived and succeeded in saving the house with little damage.

Medical aid was sent for immediately and everything done to save mother and child, but all efforts failed. Mrs. Ratchekowsky's parents, Mr. and Mrs. Bert Davidson, who reside on a farm one mile and three quarters southeast of Minidoka, and Mrs. Ratchekowsky's sister, were at the bedside when the end came.

Mrs. Ratchekowsky was born in Oklahoma, June 7, 1850. She came with her parents to Minidoka about three years ago and was married a year later to Oscar Ratchekowsky. Three months ago they purchased a farm near Heyburn and moved onto it.

Funeral services were held in Minidoka Sunday, December 7, and the mother and her babe were laid to rest by the side of their grandfather, Mrs. Catherine Anderson, who died at Minidoka and was buried in the Memorial cemetery, six miles north of Minidoka, in March, 1918.

HOUSE COMMITTEE FOR ARMY OF 300,000 MEN

Provides for Many Extra Officers to Serve as Military Instructors

WASHINGTON, (AP)—A peace time regular army of 300,000 men and 15,000 officers was decided on today by the house military sub-committee headed by Representative Anthony, republican, Kansas, framing the army reorganization bill. The number of combat troops was fixed at 250,000.

The sub-committee proposal would empower the president to divide the forces into infantry, cavalry and artillery.

The provision for 18,000 officers, many more than needed for an army of 300,000 men, was framed to give 1,200 to 1,500 extra as instructors for the national guard and reserve officers training corps units. Both the guard and the training corps would be enlarged under the committee's plans as only three hundred officers are now needed as instructors.

PATENT TO LAND SIGNED BY LINCOLN IS RECORDED

SALEM, Ore., (AP)—A patent to Oregon land signed by Abraham Lincoln as president of the United States, was filed in the office of the county recorder here recently. The instrument is a patent from the United States government certifying to transfer of 160 acres of land to Captain John W. Bacon of Nemah, Oregon militia.

The papers were executed January 25, 1862. They were filed here in connection with the process of clearing title to the donation land claim of Captain Bacon.

WALLACE REID in 'The Love Burglar' A Paramount Picture

WALLACE REID IN 'THE LOVE BURGLAR'

He's the "white black sheep" of his family. He was the best thief of time in his "set" until he turned his talent for larceny to the stealing of a girl's heart.

Let's see! He believes the girl's a crook. Member of an underworld "set"—nothing at all like the fluffy-puffy creatures that had been his companions in dinner-coat days.

Bingo! An idea! Be a crook, too! Not so easy, you say! Remember that he was a thief of time! Perhaps he's versatile. Anyway, you may be sure he gets the girl. But you ought to see how! It's a corking good picture.

ADDED ATTRACTION Fatty Arbuckle in His Latest Comedy 'THE HAYSEED'

DELIVERING THE GOODS—"Fatty" is a rural mail carrier in this picture. And we'll say he delivers the goods. He drops a crate of laughs, tightly packed, same quality all the way down, at every step. You're on the list. Come and get your share of the fun.

Idaho Theatre Today and Tomorrow

What shall I give HIM for Christmas?

SILK HOSE

If you are looking for something practical as well as dressy, Silk Sox surely fill the bill.

Most men are hard on sox and therefore a pair or several pairs of them would be warmly appreciated on Christmas morning.

Why not try a surprise of several pairs for the Son who has just donned his first long trousers or a pair for Dad who is too busy to look after his own hose.

Several colors as well as black to choose from—all sizes.

SPORT CLOTHES TEACH COMFORT IN TOGS

Governor Calkins Urges Government Securities for Presents Instead of Luxuries

Governor John U. Calkins of the San Francisco Federal Reserve Bank has written a letter to all banks and trust companies in the Twelfth Federal Reserve District urging them to give War Savings Bonds and Treasury Savings Certificates for Christmas presents this year.

The increased demand for these Government securities, the Treasury Savings Certificates in denominations of \$100 and \$1000, is apparent from the fact that the Federal Reserve Bank supplied \$60,000 worth of Treasury Savings Certificates to eighteen banks in the district on November 10, which is the largest amount sold in one day since the close of the war.

"Amen Corner"

The phrase "amen corner" is said to have originated in London, where, at the end of the Paternoster row, the monks at one time flashed their recitation of the "Pater Noster" as they went to procession on Corpus Christi day at St. Paul Cathedral.

First Branch, Then Root.

How the branch of a tree may turn into a root and later become a branch again is illustrated by the behavior of some of the vegetation of the shifting sand regions of Indiana and Michigan, on the shores of the Great Lakes.

That spare room is a cash asset—if you use the classified. You can rent it to a desirable tenant at a good price, thus lessening your own rent burden.

Age and experience are still at the helm in our national life, despite the challenges of youth for control. The president may vote or sign but the Supreme Court judges have final say.

Gold Star Mother

By EUGENIE RANDALL
Bruce Tyrrell realized that he had made a life mistake in wedding Lily Brill. Within a year after their marriage...

He was not the man for a lonely life. He got into the habit of spending his evenings with dissolute fellow workers. Tyrrell lost his position in a factory. After that steady work was the exception.

One day a girl of eighteen stopped at the Walton home seeking employment. She was pretty and had a warm-hearted home. For ten years a slave and drudge to the household of a harsh-hearted stepfather...

Then came sorrowful news from far away France one day. The name of Bruce Tyrrell was among the list of deaths in battle. There had been a service star in the window of the little cottage.

Then the devoted foster mother of the brave soldier became ill, a wasting fever followed and Myra Deane was left alone in the world with little Evelyn. Mrs. Walton had owned the little home. She had made it over to Myra...

SHIPYARD STRIKERS OWN \$7,200,000 U. S. SECURITIES

Liberty Bonds and War Savings Stamps Help Support Idle Workers

One of the reasons the striking shipyard workers in seven plants around San Francisco Bay have been able to hold out for their demand of eight cents an hour increase is that collectively they own more than \$7,200,000 worth of Liberty Bonds and about \$300,000 in War Savings Stamps.

C. A. Farnsworth, associate director of the War Loan Organization for the Twelfth Federal Reserve District, said: "Secretary Miller's figures on the Liberty Bond holdings and their investment in War Savings are conservative and there is no doubt that they have aided greatly in enabling the men to support themselves while on strike."

The Government's War Savings Stamp is the working man's weapon against a hand-to-mouth existence. It helps him get ahead.

RITUALISM CHIEF TOPIC IN U. S. NOW

America is very much interested in psychic discussions and experiments at present. Ever since the war this subject has been the chief topic and interest. As a result, Sir Oliver Lodge of England, admitted to be one of the greatest authorities, is to tour the United States lecturing in colleges and normal courses in the language of the people it is "Spiritualism," but with the more intellectual psychic taking the view of the old-time "medium" and explaining all from a purely scientific standpoint.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Freely use Wyeth's Sage and Sulphur Compound now because it dries so naturally and evenly that nobody can tell it has been applied. You simply damp a sponge or soft brush with it and draw this through the hair, taking one small strand at a time, by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

Are you holding a makeshift job? Sometimes necessity forces people to accept unattractive employment and to become simply wage-earners, often without a chance for advancement. If you can do something well, tell about it in a classified ad.

Little Wind in Siberia.

While the average temperature in Western Siberia is extremely low it is withstood by human beings comparatively easily because of the lack of wind.

Humane Muzzle.

A humane muzzle for dogs enables an animal to open its mouth as long as its nose is pointed toward the ground, but closes as it raises its head.

Have an Elephant Stew.

An elephant's foot takes longer to cook than any other meat. To make it tender it must be boiled for thirty-six hours.

Nothing New.

"All the world's a stage," and yet some people look upon the revolving stage as a modern idea.

COAL SUPPLIES ARE DEPLETED

Forty-two Tons of Fuel, All the City Had, Distributed in 1000-Pound Lots

No coal. The typed symbol gleamed from a pined position on the floor of the city clerk's department at the administration building from 10:30 o'clock this morning on. It will remain until coal stocks in town are depleted. Ninety-two applications were received at the municipal coal distribution headquarters to 10:30 this morning. The applicant showing the required need was allowed 1,000 pounds of fuel to tide over the immediate emergency. The city started its new scheme of equitable distribution of coal supplies at 8 o'clock this morning with 46 tons to draw on. A steady stream of "customers" made hurriedly until the haulers issued tickets that had bottomed out and been returned. The distribution inspection was hung on the municipal department entrance. How many people were turned back by this inspection is not known, but it is known to have been several dozen up to noon. When more coal will reach Twin Falls is a question. Dealers are unable to answer, and great suffering is being done without manifesting any relief. Some contain information relating to care of fuel consigned to home dealers. Trains arriving this afternoon may have some coal, but the quantity cannot be guessed. The new distributing plan will be carried out by the city administration as long as a famine emergency exists.

Local Brevities

Elect Tomorrow—The regular meeting of Twin Falls Chapter O. E. S. will be held Tuesday evening at the Masonic hall at 8 o'clock, at which time the annual election of officers will take place.

IMPRESSIVE MEMORIAL EXERCISES CONDUCTED BY TWIN FALLS LODGE

Failure of Principal Speaker to Arrive Does Not Prevent Carrying Out of Most Beautiful Services Dedicated to Elks' Dead—H. J. Benoit Interprets Fraternity Tenets

Although disappointed in failure of the orator of the day to appear Twin Falls Elks yesterday established a new record for beauty of services and attendance at annual memorial exercises. Lodge members to the number of 250, with not less than 300 of the laity gathered in Lavering theatre Sunday afternoon to participate in the exercises dedicated to the members of the fraternity who have crossed the narrow stream of death, to that undisturbed country beyond the grave. Judge Charles P. McNulty, of Boise, selected to offer the occasional address, missed train connections at Minidoka by 15 minutes, and his place on the platform was taken by a substitute at the eleventh hour. A desperate effort was made by officers of the Elks lodge to charter a special train for the run to Minidoka to bring the orator to Twin Falls, but it was found that no equipment was available. Harry J. Benoit, a local attorney, took the place of the selected speaker and read a most fitting address. The exercises years ago on a similar occasion, by Jesse B. Hawley, of Boise, Idaho. The address has been given place among the greatest of the sort presented at an Elks' memorial service. It is a worthy exegesis of Elks tenets and principles and a presentation of the four cardinal virtues of the order: Honesty, Benevolence, Protective Order of Elks.

In yesterday's reading of this splendid speech the beauty of the sort of address given by Benoit, proving a worthy substitute for the speaker chosen. He paced especially

at a bachelor's dinner at his home on Sixth avenue north yesterday afternoon honoring Mr. Verno Bailey, of Butte. The guests were Messrs. Reynolds Lewis, Wilbur Bowberry and W. E. Moss.

The Blue Lakes Boulevard club will meet with Mrs. Charles Darrow Friday, December 12.

The Studio club will meet with Mrs. Helene Almeninger Tuesday evening, at 7:45.

POST PLANS DANCE
Twin Falls Post No. 7 American Legion will hold a dance in the Lavering pavilion next Monday night.

The ladies of the M. S. and S. club will entertain their families at dinner given at the home of Mrs. Shipman, five miles northwest of Twin Falls, on Wednesday.

Mr. and Mrs. Ed S. Johnson entertained a few friends informally at their home on Eighth avenue east last evening.

Miss Beas Glenn entertained the club of which she is a member at a theater party Saturday evening. After the theater the party went to the home of Mrs. J. P. McClure where the remainder of the evening was spent socially and daintily. Refreshments were served. Those present were Mrs. DeWitt Young, Mrs. Earl Felt, Mrs. H. Barber, Mrs. L. E. Salladay, Mrs. Bernadine Stricker of Rock Creek, Edith Dypert, Miss Alice Taylor, Miss Jane Maxwell and Miss Ella Fox.

Mrs. Clarence Bentley entertained Friday afternoon in honor of the fourth birthday of her little daughter, Virginia. A merry time was spent playing games and dainty refreshments were served. The guest list included Virginia Smith, Catherine Bacon, Ruth Read, Marion Robbins, Ruth Taylor, Mary Friebe, Margaret Besle, Jennie Hupp, Miss Betty, Margaret Brown, John Breckenridge, George Maxwell, Billie Scott, Bob Peavey, Betty Lou Peavey, Grover Wiley, and Wallace Cooper.

Mr. and Mrs. C. A. Miller were hosts

TWIN FALLS TRAVELERS HIT BY TRAIN CHANGES

Coal Famine Causes Reduction of Service Here and on Rogerson End

Two regular daily passenger trains out of Twin Falls have been discontinued. Service on the Rogerson branch has been curtailed materially. These amendments have been made effective by reason of the existing coal shortage, and will remain in effect as long as the condition continues. Between Minidoka and the west main line Junction trains 155 and 156 have been discontinued for the present. On the Rogerson branch daily trains have been cut to a tri-weekly service, trains 359 and 360 leaving and arriving now on Tuesday, Thursday and Saturday.

The new scheme became effective as to trains on the Minidoka branch this morning, although 155 made its last daily trip yesterday. Train No. 156 ran this morning for the last time under the old schedule. The Rogerson branch trains start on the new running system tomorrow morning. Curtailment of passenger train service on the entire O. E. L. and U. P. system in general, the roads having reduced operation by 67 trains on all portions of their lines. In the revision plans contemplate operation of main line trains to make small connections with branch runs, so that Twin Falls branch passengers will make the same trains at the eastern and western ends of this branch in making rail trips.

VANCE IS ELECTED M'COOK POST HEAD

At the annual elective meeting of Dan McCook post, G. A. R., held Saturday afternoon, the following post officers were selected:

H. V. Vance, commander; C. A. Overlander, senior vice commander; Gilbert Hurd, junior vice commander; W. W. Humphrey, chaplain; C. L. Longley, patriotic instructor; J. J. Davy, officer of the day; Horace Hart, officer of the guard; Henry Mungler and Herman Stricker were elected delegates to the state encampment, with D. C. Bickford and John Ball alternates.

CLAIMS PROPERTY DAMAGE

E. A. Landst has instituted action in the state court against Edwin H. Adams who is alleged to be holding illegal possession of property owned by the plaintiff. The sum of \$25, alleged to be back rent, with \$100 damages, is asked in a complaint filed by E. L. Stephan today.

Snow Ably Gladdens the Farmer Heart

It is not snowing now to us (farmers). It's snowing snow and grain. The poet sings that when a snowflake leaves the sky it turns and turns to a good-bye, and then alights on a hunk of earth, and makes love, which ultimately ripens into a spear of grain or a vegetable or something.

That may not be the actual phrasing of the poet's lyrics, but it's all right at that. Snow hit this district hard enough yesterday and last night to help the crop yield in 1920 a whole lot. There were some vagrant flakes drifting through ambient space this morning, but it was not until noon that snow drove with any degree of heaviness or velocity. Then it filled the atmosphere and covered pathways. Up to 6 o'clock this morning the snowfall in the past 48 hours has been about four inches locally, the amount being moisture being 25-100 of an inch. The atmosphere is so heavily laden with precipitation that even the regular weather man in Boise predicts snow tonight. The mercury dropped to four below last night from 31 above yesterday.

BOYS TO REFORMATORY

John R. Ault, juvenile officer, left this morning for St. Anthony, accompanying two boys who recently ordered to the correction institution of trial in the probate court.

300 acre sub-irrigated ranch on Wood river near Blannett, Idaho, 80 acres alfalfa, 120 acre farm land, balance pasture. Fine stock proposition. Price \$25,000.00. \$8,000.00 payment will handle. Easy terms at 7 per cent on balance. Address owner, Idaho State Life, Boise, or Exclusive Agent, J. W. Fuld, Hainley, Idaho.

RURAL SCHOOLS GET TUBERCULOSIS SEALS

Outside Districts are to Be Factor in Christmas Drive of Mercy

The following are the rural schools which have received stamps and who have signified their willingness to aid to the best of their ability the sale of the seals. Miller, Pleasant Valley, Rock Creek, Curry, Pavey, Bliss, Riverdale, Pinnaw, View, Poplar Grove, Spring, Willow Dale, Poplar Grove, Cedar Draw, Excelsior, Fairview, Lucerne, Sunset View, Deep Creek, Alta, Park Lane, Shamrock, Rogerson, Riverton, Springvale, Berger, Bleck, Amsterdam, Elmwood, Allendale, Castleford, Haggard, Clover, Artesian City, Bowersmith, North View, Big Creek Superior, House Creek, Sunnyside, Clover City, and Maron.

The sale of the seals has so far progressed exceptionally well. The receipts yesterday showed a total of \$104.25, which is exceptional. Miss Suzanne Taylor, Twin Falls chairman said yesterday in making her report. "I have been very pleased with the way in which the business houses have contributed to this good cause. I have been aided in every way possible in my work. Twin Falls has a right to be proud of her residents and their quickness in responding to the call of the Red Cross."

SUES ON ACCOUNT

In the probate court today Walters & Hodgins and C. A. Bailey, attorneys, filed suit in the name of the Wibley-Chancellor Lumber company against E. J. Murray, seeking judgment for \$102.36 on account.

OVERLAND SUES VISGER

Alleging there is due on a promissory note the sum of \$283 the Overland Automobile company has brought action in the probate court against John Visger for judgment.
