WILSON'S PLAN FOR SETTLEMENT OF COAL STRIKE

Waits Further Information in Jenkins Case

State Department Anticipates Receipt of Details in Reported Mexican Assumption of Jurisdiction

Delayed Delivery of Carranza Note Vexes Administration Officials

Credit Purported Statement of Bandit as Effort to Becloud Issue

WASHINGTON, (AP)—Additional information regarding the transfer of the case of American Consul Agent Jenkins from the Public state circuit court to the federal supreme court was expected today by state department officials. A brief dispatch yesterday from the American embassy at Mexico City said simply that the transfer had been made on motion of Jenkins' counsel.

Growing Impatience

Officials here were awaiting with growing impatience the reply of President Carranza to the last American note in which the United States took the position that only the supreme court had jurisdiction under the Mexican constitution over foreign consular representatives in Mexico.

Disclosed Bandit Letter

Administration officials regard a letter published in El Democrata at Mexico City and purporting to have been written by the bandit leader Cordova, who kidnapped Jenkins, as a further effort to becloud the issue. The letter said that Jenkins wanted to be kidnapped so as to prove that Carranza would be able to afford protection to foreigners.

Dissolution of Trusts Favored

Conference of Liberals Prescribes Panacea for Industrial Ills

ST. LOUIS, Mo., (AP)—Immediate establishment of a new national political party will be recommended to the conference of liberals in session here by the sub-committee on political progress according to an announcement made today by the committee chairman, Daniel Carroll of North Dakota.

Carroll stated in his announcement that all but two of the committeemen were in favor of the formation of a new party immediately. Two who opposed it, he said, believed it would be better to wait until 1924.

ST. LOUIS, Mo., (AP)—Dissolution of monopolies is the only solution of the economic and industrial problems facing the nation, according to the report of the program committee, submitted today to the national conference of liberals in session here.

The committee said its report was designed to eradicate "poverty and inequalities."

The two principal political parties are arraigned bitterly in it, and while it says the conference was not called to form a new political party, the report declares that the "growing control of the basic resources and industries by the trusts has created the conviction that no relief can be secured except by the formation of a new party."

The report especially assails the alleged steel, beef, oil, milling and coal trusts, and asserts that by monopolizing patents and the railroads, these organizations have precluded all others from competing with them.

As an auxiliary means of dissolving these alleged trusts, the report suggests public ownership of all public utilities and food storehouses and abattoirs, as

Cold Wave Invasion of East Marked by Tales of Suffering

Below Zero Temperatures Prevail in Virtually All Districts from Mississippi Valley to Rocky Mountains Through Region Already Hardest Hit by Fuel Shortage Brought About by Strike of Bituminous Coal Miners

WASHINGTON, (AP)—The cold wave which has had the west in its grip for several days, swept into the east and south-easterly today accompanied by high winds and preceded by a general and unusually heavy fall of rain.

The weather bureau announced that there would be solid wave tonight and tomorrow throughout the Atlantic states, the upper Ohio valley and the lower lake region, but that the temperature would moderate slightly tomorrow in the Mississippi and lower Ohio valleys. High winds are general all along the coast and storm warnings were displayed this morning from Louisiana to Maine.

Seattle's First Snow Brings Temperature Down

SEATTLE, Wash., (AP)—Seattle's first snow of the year, which fell today, brought a slight moderation in temperature over yesterday's record of twenty-four degrees above zero. About one inch of snow fell.

Follow Lead Cold Oregon in Grip of the Worst Storm in History

PORTLAND, Ore., (AP)—Oregon was today in the grip of one of the worst snow storms in the history of the Portland weather bureau. Near-blizzard conditions prevailed in all sections, except the southwest. Train service was badly crippled, and roads were almost impassable.

Storm Highlights Interest in Coal Miners' Action

Below zero temperatures prevailed today in virtually all districts from the Mississippi valley to the Rocky Mountain region and the cold wave began its eastern invasion with subnormal temperatures of twenty to fifty degrees. In many parts of the western mountain region the heavy snow and the fuel shortage brought about by the strike of bituminous coal miners, many towns were destitute of coal and suffering was reported, with more to be expected unless moderation of the storm weather brought quick relief.

World News Events

WASHINGTON, (AP)—A soviet government is to be established in the state of Yucatan, Mexico, according to Excelsior of Mexico City, December 3, a copy of which was received in Washington. Unless the military authorities take prompt action, the newspaper says, the first soviet state in Mexico will soon be a reality.

LONDON, (AP)—For the first time in history there is every prospect of the Irish question being settled satisfactorily, according to a statement made in a speech last night by Walter Hume Long, first lord of the admiralty.

PARIS, (AP)—The allied notes handed to Kurt von Lersner, head of the German delegation at Versailles on Monday have been examined by the council of ministers at Berlin and the German answer will probably be sent to Versailles today, according to a Berlin dispatch to the Matin.

WASHINGTON, (AP)—A house resolution authorizing expenditure of an unused balance of the passport bureau's fund to check immigration of radicals was passed today by the senate. Senator Lodge, the republican leader, and Senator Jones, republican, Washington, expressed the hope that the government would in future deny passports to undesirable.

Jugo-Slav Armies on Move to Dalmatia

VIENNA, (AP)—Telegrams from Agrani report that the first and fourth Jugo-Slav army corps are moving toward Dalmatia and northern Albania.

The Serbian government, the message state, has explained that this movement is a precautionary measure against any attempt at occupation in Dalmatia or Albania by the Italians which Jugo-Slavians would be obliged to resist forcibly.

Bolsheviks Repulsed in New Offensives

REVAL, Esthonia, (AP)—The Bolsheviks have begun a new offensive on the Narva front. After terrific fighting for an assault were delivered upon the Esthonian positions. All the attacks were repulsed, the reports state, with losses to the Bolshevik forces.

IDAHO WEATHER
Tonight and Thursday snow north, rain or snow south portion; not so cold tonight; strong easterly winds.

Asserts G. O. P Nears Campaign in Confidence

Governor Sprouff of Pennsylvania Delivers Keynote Speech at Meeting of Republican National Committee

Administration Policy in Mexico Draws Fire

Mrs. Medill McCormick Predicts Support of Women to 'Sole Instrument for Preservation of Nationalism and Liberty'

WASHINGTON, (AP)—Chicago was selected today as the place for the republican national convention next year. June 8 was selected as the date for the convention.

WASHINGTON, (AP)—Governor Sprouff, of Pennsylvania, in a keynote speech at the meeting today of the republican national committee, attacked the administration's Mexican policy and declared the republican party approached the coming presidential campaign with confidence that the people would endorse its policies.

His outline of these included a better relations between capital and labor, economic and business management in administration, a firm handling of the Mexican situation, restoration of Americanism and constitutional government and a solution of the railroad problem.

Boilers to Peace Issue

Referring briefly to the question of peace, the governor declared that the republican citizenship had "endeavored to co-operate in the conclusion of the matter, with only such limitations as will preserve to this republic its full right to determine its own affairs" under the constitution.

He declared that during republican administration the relations between capital and labor "have always been pretty well understood." Sentiment for Americanism, he said, was rapidly increasing and it was the duty of the government to promote it.

Conservation Will Continue

Garfield Declares No Relaxation of Restrictions to Result at Once

WASHINGTON, (AP)—There will be no relaxation of restrictions on the use of coal for the present as the result of the ending of the coal strike. Fuel administrator Garfield announced last today.

President Wilson was advised immediately of the ending of the striking of the coal strike. The word passed quickly in official circles and administration officers frankly expressed their relief. It was said there would be no statement from the White House.

Representatives of the United Mine Workers of America today voted down a proposal to reject the strike settlement made by President Wilson, according to information reaching Washington from Indianapolis, where the union officials are in session.

A so-called "strike" of the republican proposal was submitted to a referendum vote of the members of the union, which would involve a delay of weeks before the union could be voted down. Acting President Lewis, of the mine workers, according to the information, said the president's offer would be accepted before night.

Wrath of Chinese Against Japanese Goes on Unabated

Country Wide Demonstrations Urge Continuation of the Boycott

PEKING, (AP)—Resentment of the Chinese over the recent incident at Fu Chow, in which Japanese were declared to have attacked and murdered Chinese students, continues unabated, despite governmental assurances that the affair has been brought strongly to the attention of the Tokio government.

Japan has accepted in principle a joint investigation of the disturbance, but although the Chinese delegates are at Fu Chow no Japanese representatives have as yet arrived.

Meanwhile country-wide demonstrations and public meetings are being held in China urging continuation of the boycott against Japanese goods and an apology from Japan.

Arrest Revals I. W. W. Plot Against Unions

SEATTLE, Wash., (AP)—Thomas M. McKinley, 27, who says he is secretary of the shipbuilders' industrial union number 325, Industrial Workers of the World, was arrested here today. McKinley had written Secretary Leland a letter in which he indicated the shipyard I. W. W. planned to endeavor to cripple the American Federation of Labor.

United Mine Workers' General Committee Assents to Proposal of President to Return to Work at Once

Question of Holding Convention of Union is Kept in Background

INDIANAPOLIS, Ind., (AP)—The strike of 400,000 bituminous coal miners of the country was settled here today when the general committee of the United Mine Workers of America agreed to accept the plan offered by President Wilson.

The members voted to accept the proposal of President Wilson shortly before 3 o'clock this afternoon. At that time it was said no votes had been taken on the question of holding a convention of the union. The committee was still in session at that hour.

The plan provides that the miners shall return to work at once at an increase of 14 per cent in wages; that a commission of 3 persons be appointed to investigate and determine within sixty days, if possible, a basis for a new wage agreement. The conference was made up of 14 per cent in wages; that a commission of 3 persons be appointed to investigate and determine within sixty days, if possible, a basis for a new wage agreement. The conference was made up of 14 per cent in wages; that a commission of 3 persons be appointed to investigate and determine within sixty days, if possible, a basis for a new wage agreement.

Immediately following return of the miners, the president will appoint a commission of three men including one practical miner and one operator or mine owner in active business, which will consider further restrictions on wages and working conditions as well as profits of operators and power prices for coal. The duties of this commission will include readjustment of both wages and coal prices if it decides advisable, the readjustment to include differentials and internal conditions within, and between the districts.

Early Report Favored
The commission's report under the agreement, will be made within sixty days if possible, and will be accepted as the basis of a new wage agreement. The date of its official announcement and its duration also to be decided by the commission.

Acting President Lewis, of the mine workers, according to the information, said the president's offer would be accepted before night.

Refuses House Investigators Parker Report

Secretary Wilson Withholds Results of Inquiry into Activities of Former Immigration Commissioner

WASHINGTON, (AP)—Secretary Wilson today declined to transmit to the house immigration committee the report of A. W. Parker, formerly of the immigration service, regarding the administration of Frederic C. Howe, as immigration commissioner at New York. Mr. Wilson said that because of the confidential nature of the report, public policy required that it be made public.

Cammetti is Witness
Charges had been made before the committee that Howe was friendly with dangerous aliens held at New York for deportation. Anthony Cammetti, commission general of immigration, told the committee today that Howe's resignation from the service was not purely voluntary.

Secretary Wilson personally promulgated the ruling that mere membership in the I. W. W. did not constitute a violation of United States law relating to anarchy and other deportable charges, he said.

"The I. W. W. constitution is so skillfully worded," he declared, "that the law is violated although I find it to be construed as meaning that I don't believe some I. W. W. officials preach anarchy and kindred doctrines. However, some additional evidence is necessary before a conviction can be secured under an I. W. W. can be arrested and held for deportation."

Prepare for Trial of I. W. W. Murder Suspects

CENTRALIA, Wash., (AP)—C. D. Cunningham, Centralia, former prosecuting attorney of Lewis county, has been given full charge of the prosecution of eleven alleged Industrial Workers of the World members charged with the murder of Montezano, Wash., for the murder of Lieut. Warren O. Grimm, one of four former American soldiers killed when I. W. W. fired on a military parade here. The trial, which is scheduled to begin January 5, probably will continue four weeks, Mr. Cunningham said today. One hundred and fifty witnesses will be called by the prosecution.

Advise Wilson of Carranza's Action to Cut Oil Production

WASHINGTON, (AP)—Curtailment of oil production in the Tampico, Mexico fields as the result of Mexican government decrees has become so serious that Chairman Payne of the shipping board, has prepared a memorandum on the subject, for President Wilson.

A recent visit to the Mexican oil fields by Secretary Leland, announced today after a conference with the board chairman. Representative Gould, also said Mr. Payne had written Secretary Leland urging pressing the importance of protecting the American supply of Mexican fuel oil from illegal interference by the Mexican government.

Chairman Payne was quoted by Mr. Gould as saying that fuel oil reserves on the Atlantic coast now were so short that a cessation of receipt of Mexican oil for a very few weeks would embarrass the operation of the government merchant marine.

Officially has ceased due to the result of decrees promulgated by President Carranza and general orders issued by the Mexican government toward foreign oil companies, Chairman Payne of the shipping board was told today by a delinquent American oil man, headed by F. B. Holroyd, of New York.

G. O. P. HOSTS ARE GATHERING FOR THE FRAY

Most of National Leaders on Hand and More Arriving by Every Train—Keen Interest in Candidates

WASHINGTON, (AP)—With most of the national leaders of the republican party already assembled here and others arriving on every train, Washington was alive today with gossip over candidates and issues for the campaign of 1920.

The gathering was incidental to the meeting of the national committee, which convenes today to select the place and time of the national convention next summer. The fight for the nomination was between Chicago and St. Louis, but it attracted only passing attention compared to the possibilities and the conferences over questions of party policy.

Friends of every republican prominently mentioned for the presidential nomination were busy, the managers for General Leonard Wood and Governor Frank O. Lowden, of Illinois; being among the first to get working organizations under way. Ohio sent a delegation to further the interests of Senator Warren G. Harding of that state, and a number of supporters of the "Hoosier" of Washington and Hiram W. Johnson of California, also were at work.

Urge Watson to Run

What was regarded in many quarters as the formal launching of a boom for Senator James E. Watson of Indiana also was the subject of much talk among the committee men and their guests. For the time being the movement was in charge of Indiana's republican members of house, who waited on Senator Watson last night and urged him to become a candidate. Senator Watson has announced, he was not a candidate for the presidency, but would be in the race to succeed himself as senator. His friends insist, however, that the Indiana state convention will instruct its delegates for him and that an active campaign in his behalf will be made.

AUTOMOBILE PURCHASE MATTER OF "FUTURES"

Buyer in England Pays for Options on Machines Not Yet Built

LONDON, (AP)—Purchasing an automobile in England these days is largely a matter of "futures," paying for options on machines not yet built. The automobile show here this year at which there were more people and fewer cars than ever before, \$5000 was paid for the option on a car which could not possibly be delivered before next spring. The same amount was collected by a man for his place among the first fifty to whom the manufacturers of an expensive car are to deliver machines certainly not before January 1.

So many have been dealing in future contracts with the intention of selling their priority rights that one large firm has made its contracts non-negotiable. After the second day of the show the agents for an American manufacturer of a light, cheap, popular car were reported to have accepted orders for 25,000 with no delivery promised. Although pressed to accept more orders they refused on any condition whatever.

Conventions on the American machine market attracted much attention at the show. Some of the improvements that Americans take as a matter of course are rarely seen on British cars. Manufacturers of machines selling from \$2,000 to \$4,000 are still prominently advertising that a self-starter is included. It is not unusual to see a driver cranking up a \$15,000 car because it has no starter.

MANY MOTORISTS VISIT AT CALIFORNIA PARES

HAN FRANCISCO, (AP)—Fifty-two thousand nine hundred motorists visited Yosemite Valley this year as against 26,669 in 1918, the California state automobile association has announced. The Sequoia National Park was visited by 30,433 persons in automobiles as compared with 15,001 in 1918. Automobiles numbering 21,444 visited the General Grant Park during the touring season just closed as compared with 15,496 in 1918.

Classified Ads are cheap—effective. Classified Ads introduce people to each other. In this city a good many people who are now doing business with each other met first as a result of a classified ad. Some of these, without this introduction, might never have known each other at all. Thus these little ads often have results that are far-reaching.

ENJOIN HOTEL AS MEANS OF STOPPING CONFERENCE

St. Louis Hostelry Served with Court Order Not to Permit Meeting of Liberals

ST. LOUIS, Mo., (AP)—Suit to enjoin the hotel, where a conference of liberals was advertised to hold its sessions here, from refusing to permit the conference to proceed to hold its conference in the hall, was filed here shortly after noon yesterday by attorneys representing the liberals.

The hotel management had announced earlier that its attorneys had advised him that the contract with the liberals was good and binding and that he could offer no resistance to their meeting; this statement, however, apparently did not satisfy the committee of the liberals before the suit was filed.

The hotel management announced earlier that it had informed the suit that he would not resist it and would abide by the decision of the judge. The application for the injunction is to be heard at 10 o'clock this morning. Earlier in the day the liberals attempted to hold state meetings in small rooms of the hotel but made little progress toward organizing.

PUBLISHERS GIVE VIEWS

Newspaper Men of Honolulu Make Suggestions to School Principals

HONOLULU, T. H., (AP)—The newspaper men of Honolulu recently gave the male principals of the city schools their private views on what measures of success the schools were attaining and suggestions on how to improve conditions in the first get-together dinner of its kind ever held on the island.

The men who make the publications of Honolulu, together with Dr. Frank F. Bunker, Dr. W. W. Kemp and Dr. Parks R. Kolbe, members of the Federal school survey commission at work in the islands, were the guests of the male school heads at the Nuuanu Y. M. C. A.

Vaughan MacCaughey, territorial superintendent of public instruction, started a series of short, informal addresses and cross-table discussions, which Chief Justice of the Federal court declared supplied the commission with a fund of invaluable information.

Superintendent MacCaughey said the experiment had been such a success it would be repeated from time to time to keep the school and newspapers in close co-operation.

UTAH OFFICIALS SEEK GUANO IN BED OF LAKE

State Survey is to Be Made on Islands of Great Bay to Discover Fertilizer

SALT LAKE CITY, (AP)—Belief that guano, a fertilizer rich in phosphoric acid and nitrogen, exists on the small islands in the great salt lake, Utah's "dead sea," is held by some state authorities. A state survey to ascertain if the guano exists in marketable quantities may be made, it is said.

Recently several people have applied for homestead rights on some of the islands, many of which contain no vegetation at all. Others, who believe they contain enough to maintain some livestock but not sufficient to make a homesteading venture profitable. In some of the islands there are also are found quantities of potash. The use of guano as a fertilizer was first brought to light by the Spaniard Pizarro, whose armies occupied certain sections of Central and South America during the fifteenth century. At that time, it is said, guano was used by the natives to fertilize their farms.

NEW GALVESTON DRYDOCK IS PUT INTO OPERATION

Recently Completed Structures Exert Lifting Capacity of 10,000 Tons

GALVESTON, Tex., (AP)—The new 10,000 ton floating drydock here, constructed by the Federal government, was put into operation.

The drydock is constructed in two sections. The first has a lifting capacity of 6,000 tons and the second 4,000 tons. The structure and operation is simple. The bottom of the structure is a row of pontoons, similar in appearance to ordinary buoys, moored at the top and divided into two compartments. Steel wings go upward from both ends of the pontoons, giving a cross section of the dock the appearance of the letter "H". To lower the dock the valves are opened and the water flows into the pontoons; to raise it the water is pumped out.

The two sections of the dock may be worked separately or together. When joined together the drydock is capable of raising any steamship entering this port.

Any reasonably-priced house or apartment can be rented through an inexpensive classified advertising campaign. Test the matter. The "risk" involved is so small that few people would dignify it by that name.

Classified Ads are cheap—effective.

TO CO-OPERATE IN AIR CONTROL

British Director of Aviation Proposes Agreement with United States

LONDON, (AP)—Major General Sir F. H. Sykes, British controller general of civil aviation, hopes to arrange for complete cooperation between Great Britain and the United States in all matters relating to flying. This is the purpose of his journey to America, on which he expects soon to leave.

The American ambassador, John W. Davis, told General Sykes at a farewell luncheon to the British controller that he thought American cooperation might be taken as assured.

General Sykes said that the International air convention, based on the main on regulations for air navigation in Great Britain, had received the assent of all the powers allied and associated in the war except the United States and Japan.

"The national tendency in aircraft development in Britain," said General Sykes, "is to allow individual enterprises to work out by their own volition in the main and no scheme of government subsidies such as that in France has, so far, been adopted."

But he pointed out that did not mean that the government will spend nothing to promote enterprise.

"With a view to stimulating the efforts of designers and manufacturers of heavier-than-air craft and to guiding them toward the attainment of greater security and reliability," he continued, "an official competition has been instituted which is to be held next year. The prize offered amounts to 64,000 pounds. The rules of the competition are framed to encourage those attributes which are required in the future.

"Prizes will be given first for the small type of airplane required for business, pleasure and sporting flying in the British Isles; secondly, for the large weight-carrying machine, which experience suggests will be necessary to meet the conditions of trans-continental traffic; and, thirdly, for a type of amphibious flying boat which, in view of its power to alight on and rise from land or water, cannot fail to find many uses."

The civil aviation department of the air ministry, he states, is an entirely "new departure" on the part of the government. Its purpose is to advise the Aircraft Industry and render it all assistance possible, to open international relations, to lay down internal and overseas air routes, to establish stations for landings and departures, to deal with all meteorological matters and to provide information on that subject as well as a host of others connected with aerial navigation.

WAR PRISONERS SOURCE OF TROUBLE TO HOLLAND

Hundreds of Men and Women Considered Undesirable But Accepted Refuge by Netherlands

HARDERWIJK, Holland, (AP)—Hundreds of men and women of all nationalities, considered undesirable, but accepted refuge and hospitality by The Netherlands, are still confined behind barbed-wire fences in the big war internment camp here. They still are sources of trouble to the Dutch government.

The Russians have been particularly troublesome, but the means taken by one of the Dutch military officers in charge of the camp to control their actions are reported in the Dutch press to have been so severe that recently a number of Dutch soldiers are said to have mutilated rather than obey the orders.

ALBERTA LANDS

530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district, 200,000 acres will be under irrigation. The balance is being sold for grain growing.

The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point.

Dry lands are being sold at \$15 to \$20 per acre—irrigable lands \$40 to \$50 per acre, which includes water right—operator and maintenance charges \$1.50 per irrigable acre per year—easy payments and low interest. Alfalfa, grain, field peas, potatoes and root crops can be successfully grown.

Write direct to the company for full particulars and pamphlets.

MEMORITTES ARRANGE FOR SETTLEMENT IN BRAZIL

RIO DE JANEIRO, (AP)—Johann P. Wall and five other representatives of the Memorittees of the United States are holding conferences with state officials at Porto Alegre, state of Rio Grande do Sul, looking to the establishment of a Memorittee settlement in that section of southern Brazil. If conditions are found favorable, it is said, extensive tracts of land will be purchased.

been instituted which is to be held next year. The prize offered amounts to 64,000 pounds. The rules of the competition are framed to encourage those attributes which are required in the future.

"Prizes will be given first for the small type of airplane required for business, pleasure and sporting flying in the British Isles; secondly, for the large weight-carrying machine, which experience suggests will be necessary to meet the conditions of trans-continental traffic; and, thirdly, for a type of amphibious flying boat which, in view of its power to alight on and rise from land or water, cannot fail to find many uses."

The civil aviation department of the air ministry, he states, is an entirely "new departure" on the part of the government. Its purpose is to advise the Aircraft Industry and render it all assistance possible, to open international relations, to lay down internal and overseas air routes, to establish stations for landings and departures, to deal with all meteorological matters and to provide information on that subject as well as a host of others connected with aerial navigation.

MEMORITTES ARRANGE FOR SETTLEMENT IN BRAZIL

RIO DE JANEIRO, (AP)—Johann P. Wall and five other representatives of the Memorittees of the United States are holding conferences with state officials at Porto Alegre, state of Rio Grande do Sul, looking to the establishment of a Memorittee settlement in that section of southern Brazil. If conditions are found favorable, it is said, extensive tracts of land will be purchased.

Many of them are war refugees, escaped from Germany, or Belgium, and to their number, since the war, have been added several scores of Russians, of Bolshevik tendencies, whom the government has confined here for safekeeping.

The Russians have been particularly troublesome, but the means taken by one of the Dutch military officers in charge of the camp to control their actions are reported in the Dutch press to have been so severe that recently a number of Dutch soldiers are said to have mutilated rather than obey the orders.

NO PLACE FOR PEACE DOVE AT BALL SESSION

American League Minority Rejects Overtures of Johnson's Faction

NEW YORK, (AP)—The dove of peace probably will not hover over the annual meeting of the American League today when the two rival factions meet. Hopes for a peaceful meeting were dashed last night after a conference between representatives of the two sides broke up. Negotiations ended when Charles Comiskey, president of the Chicago club, who met Frank Navis, head of the Detroit club, accused the five clubs loyal to President Johnson of intending to "rail-road through" legislation favorable to the league president.

Charges that the talk of peace by President Johnson and the other club owners who arrived with him from Chicago, last night were merely meant to create a "false impression," said Comiskey, Jacob Ruppert and T. L. Huston of New York, and Harry Frazee of Boston, the opposing club owners.

A statement by them issued after the conference declared:

"It developed that the professions of peace issued by Mr. Johnson and his cohorts on their arrival in New York were absolutely insincere. The five clubs constituting the majority intend at Wednesday's meeting to vote out the existing directors and elect their own men. They will make Navis vice president instead of Mr. Comiskey. In retaliation the clubs constituting the minority will take such measures as will demonstrate that they will not submit to the tyranny of those who merely register the will of this discredited man."

HARVARD 1920 GRID PROGRAM IS TOUGH ONE

Playing Schedule for Next Fall Has Departures Not Easy for the Crimson

CAMBRIDGE, Mass., (AP)—The Harvard football schedule for next season will be one of the toughest a Crimson team has had to meet. It will include several departures from the list of the season just closed, which Harvard disposed of without defeat. The eleven of Centre college, and the entrance of the obscurity of Kentucky gridiron this fall with an unbroken string of 12 victories, is the most notable addition. The midwest west will be represented by the Notre Dame university and University of Virginia again will bring the southern collegiate type of game to the stadium.

The schedule now being drafted is of nine dates. Official announcement will be withheld several weeks. The first date, September 25, will be a double-header for the Harvard squad, Notre Dame it is understood, will play here October 9. Centre college has been assigned October 23, the date the University of Illinois declined. Virginia will come to Cambridge October 30. The Princeton-Harvard game at the stadium November 7 will come two weeks before the game with Yale, to be played at New Haven.

REVISION OF REGULATION BENEFITS OCEAN SWIMMER SAN FRANCISCO, (AP)—The elimination by the national A. A. U. recently of the maximum length clause from the rule governing dimensions of indoor swimming pools is considered of great advantage to the Pacific coast where the pools are generally larger than in the east.

Henceforth national swimming championship indoor could only be swum in pools not less than sixty feet long nor longer than 150 feet in length. The drawback to the Pacific coast swimmers has been that two of the best places to hold national championships, Suro baths in San Francisco, and Neptune Beach, at Alameda, across the bay, have been automatically eliminated because the tank of the former is 225 feet long and that of the latter 300 feet long.

The new rule will be that an indoor national may be swum in a tank any length over sixty feet.

Brief Bits of Sport

Sim Smiley, sagebrush sage, says: "Fashlon has traded shorter skirts for flimmim. But then, they ain't so short as they used to be in Twin Falls for climb, so it makes no difference here."

We are bound to hear a lot of junk and bunk from the Dempsey camp in the next few weeks, but in the end it will only mean just so much more money out of the public's purse.

In fact Jack Kearns, the champion's manager, says they will have to get more money for a fight in France than they would demand here.

Now how much do you think would be a reasonable figure?

One of the capital city papers announces the mat bout between Ad Savrel and Charles Cutler, tonight, will be the real sport event of the season.

Mebysoy, but with a difference of an admitted 45 pounds, and a possible 15, between the opponents, it does not, from this distance, at least, look like a good match.

Boise boosters for the grappling game say Santol will weigh 165 and Cutler 230 when they meet. Santol claims to be a 175-pounder, and Cutler an octopus gone to the boards weighing 250.

But then!

Levittion folks are going to have a boxing card on the night of December 19. Morris Dux, claiming the welter-weight championship of the Pacific northwest, is slated to mix mitts with Sanford Lawson of Levittion.

Wonder if Twin Falls will be the last town in Idaho to "mix it up" for the large number of sporting fans in the city?

Connie Mack says the White Sox will win the American league flag again in 1920, and that the Giants will be the Sox opponent for the world bunting.

That's introspection for youse.

Before the fight between Ole Anderson and Harry Willis in San Francisco the other night, Ole's rented loudly how good he would kill Harry.

The bout was stopped in the third bloody round. Ole's spectators, all the more he was badly damaged when the third man put an end to hostilities.

The A. P. yesterday sent this by its ticker system from Philadelphia: "James Maturu, Denver, Col., won from Edward Ralph, Hightstown, N. J., in the opening match 15 to 23. Maturu made a high run of 42 and Ralph 17.

You are supposed to know what Mat and Ralph were playing. It might be ping pong.

ILLINOIS SWIMMER ADDS TO LAURELS IN HONOLULU

HONOLULU, T. H., (AP)—Norman Ross of the Illinois Athletic club, champion middle distance swimmer, unofficially broke the world's tank record for the 220 yards here recently in the Y. M. C. A. outdoor tank. He covered the distance in 2:10. The record in 2:02.2, set by Ross in the Illinois Athletic Club tank.

Three watches were "hold on" Ross during his speedy swim, the slowest of the trip, which registered 2:19, being in the hands of Coach William Bachrach of the Illinois Athletic club, who accompanied Ross on his trip to the Fall Swimming meet here.

CAMBRIDGE BEATS OXFORD

LONDON, (AP)—The Cambridge University team yesterday beat Oxford University at Rugby football in the first match between the two teams since 1913. The score: Cambridge 7, Oxford 5.

You can sell that property through the classified—if it is good value and you make that fact plain in your advertising.

Gotham Cuanan Defeats Keogh on Green Table

Louis Kreuter Rings Up Score of 125 to 119 in Billiard Tournay

PHILADELPHIA, (AP)—Louis D. Kraus of New York, last night defeated Jerome Keogh, Rochester, New York, 125 to 119, in one of the longest drawn out games of the national American pocket billiard tournament.

The match went 45 innings and was anybody's game until the last Keogh's high run was 27, while the best Kreuter could do was 15. It was the fourth straight victory for Kreuter who lost this first three matches last week.

Winners of the other matches were James Maturu, Denver, who beat Edward L. Ralph, Hightstown, N. J., and Charles Seebach, Hartford, who defeated Morris D. Pink, Philadelphia. The Maturu-Ralph match was next to the shortest so far played, being completed in 14 innings.

In the other match tonight Benjie Allen, Kansas City, defeated John M. Layton, Columbia, Mo., 125 to 91, in 20 innings. Allen's high run was 42 and Layton's 28.

SAN FRANCISCO YOUTH IS GOLFING RENAISSANCE

SAN FRANCISCO, (AP)—Sam L. Conlan, Jr., municipal golf champion here, recently organized a representative field of golfers on the new links of the San Francisco Golf and Country club in the qualifying round and went right through the match play rounds and took premier honors.

He is regarded here as the golfing sensation of the year, for a year ago he was an amateur youngster.

In the finals, after having won the trophy for the medal round, Conlan defeated Milton Curry by a margin of 8 and 7 over the 36-hole course.

SILVER FOXES ON RANCH PAMPERED ARISTOCRATS

Canadian Ranchman Takes Scrupulous Care of Valuable Animals Grown for Fur

REGINA, Sask., (AP)—Silver foxes on a ranch near here are epicureans and live on the fat of the land. This need not be wondered at, for silver foxes literally are worth their weight in gold.

The little aristocrats are fed as extensively as guests in the best hotels. The meat served them is kept in a perfectly regulated and spotless refrigerator. It consists of the choicest cuts of tenderloin steaks and pork chops with a little horse meat added by way of variety. The foxes have shredded wheat prepared as carefully as it might be for some wealthy and querosus invalid. Other breakfast foods, such as cream puffs, varying from 400 to 800 feet long are under construction by the United States Engineer service and the necessary shops for making repairs to vessels also have been provided.

BEST OARSMEN OF WEST TO TAKE PART IN MEET

VICTORIA, B. C., (AP)—Some of the greatest oarsmen in the west are expected to participate next summer at the annual regatta of the North Pacific Association of Amateur oarsmen, which will be held here. The last international regatta on the Pacific coast took place at Portland, Ore., in 1914. In past years, the keenest competition has been between Vancouver and Portland but the entrance of the famous Coeur d'Alene, Idaho, club for the 1920 regatta has broadened the interest.

You can get a hearing for your application for employment if you will state it in a classified ad.

PROSPERITY IN HAWAII MARKED

Governor McCarthy Gives Figures on Trade Volume of Island Territory

WASHINGTON, (AP)—Continued prosperity in Hawaii was noted in the annual report today of Governor C. C. McCarthy. Exports for all kinds, including sugar and other foodstuffs, were valued at \$83,343,648, while imports were \$10,922,921, a decrease of \$955,407 compared with the year before.

Enforcement of the prohibition act has resulted in a marked decrease in crime, Governor McCarthy said, but "there is a large quantity of illicit liquor manufactured, and the federal authorities are endeavoring to stamp out this traffic." Utilization of stills made of galvanized iron has poisoned the liquor in some cases, the report stated. Jail sentences instead of money fines were suggested as a check on the traffic.

Seventy-nine corporations, including mercantile, agriculture, banking and savings and loan concerns were incorporated during the year. Twenty-six banks are in operation in the islands. Their total deposits are \$35,349,134.

Additional appropriations to improve the harbors are needed, the report said, so as to provide adequate facilities for the increasing number of trans-Pacific liners stopping at the islands. Concrete piers, varying from 400 to 800 feet long are under construction by the United States Engineer service and the necessary shops for making repairs to vessels also have been provided.

PROBE POSSIBILITIES OF ARCTIC FOR GRAZING

Inquiry to Be Conducted at Ottawa by Government for Investigation of Adaptability of Region

VANCOUVER, B. C., (AP)—Factors from far northern trading posts, explorers of the Arctic wastes, red jacketed Royal Northwest Mounted Police constables and traders and trappers who live along the northern rim of the continent will be present, according to word received here, at an inquiry to be conducted at Ottawa by the Canadian government into the possibilities of the Canadian Arctic and the sub-Arctic as a grazing country.

The hearing was called as a result of a proposal made by Vilhjalmur Stefansson, explorer, that the government develop herds of reindeer and musk oxen on the northern wastes. Wool and meat from the animals could be raised for the outside world markets, Stefansson claims.

PROPOSING A CURB

In their efforts to win over a radical
faction in its membership to ac-
ceptance of President Wilson's propo-
sal for settlement of the coal strike,
conservative leaders of the United
Mine Workers of America have the
hearty support of the great American
public.

Although tardily presented, the pres-
ident's proposal has two features which
commend it to general approval.

In the first place it is gratifying to
note that the president has not "back-
ed down" under pressure of the strik-
ers' demands and that he is devoting
not one whit from the proposal pre-
viously offered by the federal fuel ad-
ministrator and the cabinet.

As a second and more important con-
sideration, the president gives assur-
ance of appointment of a wage commis-
sion to investigate and readjust wages
to conform with the increasing cost of
living.

Such provision is sorely needed in
American industrial affairs, not alone
in reference to the coal strike but in
respect to any and all sources of in-
dustrial disturbance, and it ought to
be made permanent with full author-
ity to adjust differences of this na-
ture.

ASSETS G. O. P. NEARS
CAMPAIGN IN CONFERENCE

(Continued from Page One)

party, said women would support the
Republican party because it is the
sole instrument for the preservation of
nationalism and liberty. "The party,"
she said, would continue to champion
social justice under the leadership of
fervent principles of nationalism which
Roosevelt maintained to the end."

Roosevelt's Name Chanted
Mention of Colonel Roosevelt's name
brought a storm of applause.

Mrs. McCormick declared the women
of the country wanted an American
America and not "a sort of imperi-
alist internationalism."

Governor McKelvie, of Nebraska,
who delivered the last of the keynote
speeches declared Americanism was the
outstanding issue and charged that the
democratic administration had used the
slogan "make the world safe for democ-
racy" in which a "cunning" plan to
make possible a government like that
in Russia rather than for codification of
the ideals of the republic."

Praises Congress

The republican congress, he said, had
given demonstration of adherence to
national ideals and the like of which
had not been seen in 50 years. Meantime
the administration, he asserted, had
been playing the farmer, the laborer
and the capitalist against each other
for political purposes.

The farmer, Governor McKelvie de-
clared, had borne the burden of the
war and still was carrying the same.
His aid and every effort of the dem-
ocrats to aid the farmers had been
founded upon unsound economic meas-
ures which only made matters worse.
The whole democratic administration,
he said, "had dealt in theories and po-
litical policies which proved false many
years ago."

Predicts Success
The governor predicted overwhelming
republican success next year and
said that in Nebraska where there re-
cently had been a democratic state ad-
ministration the people were "praying
for a closed session on democratic
order that the party may not become
wholly extinct."

FARM BUREAU ACTIVITIES ARE
ENUMERATED IN STATEMENT

Report County Agricultural Department Indi-
cates Splendid Work Performed During Past
Year—Campaign Is On for Double Present
Membership

In connection with the campaign for
double enrollment in the Twin Falls
Farm bureau, now being conducted, a
statement of activities and accomplish-
ments of the agricultural improvement
department has been issued. The re-
port covers operations "only in 1919
and provides a concise and illumina-
ting exposition of the work done for
the benefit of farmers and farming in
this district.

In its efforts of general improve-
ment throughout the entire agricultural
district the bureau, according to the
bulletin report, has accomplished work
greatly increased, thousands of dol-
lars saved the crop producers through
a co-operative program for the de-
struction of furrow and fence weeds,
peas, labor has been supplied approx-
imately 4000 farmers with these tasks
was very in distress for help, services
of extension specialists in crops, live
stock, dairying, mola, poultry, and
women's work have been obtained
farmers have been aided in finding
profitable markets for hay, grain, seed
and livestock and have been assisted
in the conduct of purebred livestock
sales throughout the county, have also
been given valuable help in combating
disease and insect pests. The bureau
has also conducted a number of suc-
cessful grain grading schools.

Through the operation of the Twin
Falls Farm Bureau, the most important work
has been done in the junior farm bu-
reau department, of the boys and girls
club work. This is a division of the
bureau, under the direction of the
county club agent, O. D. Kelly, and
is maintained for the purpose of en-
couraging and training rural young
people in farm life.

The following results have been ac-
complished through this department
during the year: Enrolled 304 boys
and girls, grown 648 bushels of corn,
grown 1058 bushels of potatoes, canned
2068 quarts of vegetables and fruits,
raised 121 chickens, grown 63,000
pounds of sugar beets, produced 7641
pounds of pork, raised four purebred
calves, made 234 new articles, grown
19340 pounds of beans and raised 34
sheep. The actual value of this junior
bureau product is \$4598.92.

The home demonstration department,
under direction of Miss Edna M. Lad-
wig, has accomplished splendid results
during the year, as accredited by the
state. In dress form work alone a
savings of approximately \$3000 has
been effected. Through the department
farmers have been shown how to set
profitable "lines and how best to
feed those for high egg production.
Child welfare has been taught, and
through this activity a program for
serving hot lunches at school has been
devised and the same successful opera-
tion. Through this project, ten work-
shops have been provided with instruc-
tion of great value in foods for grow-
ing children. The home demonstration
department has conducted interesting
and instructive home makers' tours,
in which many home-labor saving fea-
tures were presented and studied. The
department has also an active section
in millinery cleaning and renovating
and a kiddy of materials and tools.

The bureau, up to the initiating of
the present campaign, had 250 mem-
bers. The mark now
aimed at is 500.

Local Brevities

Special Masonic Conclave—A special
meeting of Twin Falls lodge No. 45
A. F. & M. E. was held called for to-
night. Officers elected at a meeting

Osman Held Under Bond—Henry Os-
man, accused of a crime, was ap-
pearing \$2000 from the Fairchild es-
tate of which he was executor, yester-
day in the probate court, denied
bond and was held to the district court
for trial. Bond fixed at \$4000, have
not been provided.

Living Recovering—A. W. Irwin of
Jerome, who is patient at the Boise
hospital is reported recovering rapidly.

Dovory Makes Call—Thomas Dovory,
former owner of the Chronicle and pi-
oneer resident of Twin Falls arrived
yesterday for a few days' visit. Mr.
Dovory is en route to Portland, Ore.

Born—To Mr. and Mrs. L. H. Pato,
447 Third avenue north, yesterday, a
daughter.

Fire Damages Barn—Fire yesterday
injured the O. K. barn to an amount
of \$1000. The fire started in the
oil in living quarters in the big struc-
ture.

Licensed to Wed—Yesterday after-
noon a marriage license was issued to
George Hadenfeld, aged 55, of Kim-
berly, and Eliza Ann Whitaker, 35,
of Twin Falls.

Red Cross to Hold Election—Twin
Falls branch, American Red Cross, has
called a meeting for December 17, when
officers for the year will be elected.
The meeting will be convened in Red
Cross rooms, corner of Shoshone street
and Third avenue south.

Election Meeting—A call has been
issued by Clerk Paul Smith, of the
local board of election, for a meeting
on election meeting to be held tomorrow
night in Masonic hall.

Seeks Divorce—Complaint has been
filed in the district court by Annie M.
Johnson against Oscar Johnson, alleg-
ing desertion. Divorce and alimony of
\$100 per month is asked.

DISSOLUTION OF TRUSTS FAVORED

(Continued from Page One)
was urged by the tentative platform.
A more equitable distribution of
wealth among those who contribute to
the production is demanded, but the
party urged that this be brought about
directly and not by the "destructive
process of revolution."

Early Shipping
The New Slogan

Postmaster Strunk Warns
Against Procrastination—
Curtailed Service

This is not a best for early ship-
ping, but an urge for early shipping.
Postmaster M. A. Strunk wants ac-
tion now. If said action does not start
very soon, a lot of people closely connected,
either in business or in friendship will
be sad folks at Christmas time.

"They've just simply got to get
their parcels to the post office without
delay in order to insure shipment.
Even then we cannot assure delivery
in time for Christmas, but it will be a
lot safer to get parcels to the post
office now," says Postmaster Strunk.

Curtailed train service has added to
the difficulties attending Christmas
shipping. Locally this curtailment
means only one half the transportation
facilities of a normal period. One train
each way per day will have to handle
all shipments from Twin Falls, and re-
sulting congestion in the home office is
congestion in the home office is con-
siderable. Packages to be con-
signed without further notice.
By far the great majority of "trouble"
cases have come from frost-dam-
aged frozen main cases have been regis-
tered. When a frost is found in a house
hold pipes are found to be frozen. Mr.
Pilgerim, is to get the water supply
shut off immediately, and thus ob-
viate the possibility of flooding the
premises in case of quick thawing
declares.

Social Notes

The Episcopal Guild will meet at the
home of Mrs. C. T. Bunce at 208 Eighth
avenue, next Tuesday evening. It
is hoped that all members will be in
attendance.

The ball given by the electricians
last evening was very successful and
with a large crowd in attendance.

Twin Falls chapter O. E. S. held an
annual convention last evening at
the Masonic Temple. Mrs. Edith
Senior, was elected worthy matron;
Mrs. Benish Sawyer, associate matron;
P. W. McRoberts, worthy patron; Mrs.
June Dickerson, conductress; Mrs. Ru-
by Ware, associate conductress; Mrs.
Nellie Higgins, secretary; Mrs. Lena
Friedman, treasurer.

Mr. and Mrs. D. E. Regan entertained
at a six o'clock dinner at the Roger-
son hotel Sunday, honoring Mrs. Fiel
T. Dubois, of Washington, D. C. After
dinner the evening was spent at the
Regan residence.

A linen shower, honoring Miss Emily
Wall, whose engagement was recently
announced, was given at the F. F.
Hertz home Monday evening by Miss
Sibyl Hertz and Miss Ruth Glasgow.
Cards was the entertainment of the
evening and light refreshments were
served. The guests were Misses Elsie
Spafford, Roba Sanger, Francis Magel,
Faith Salles, Jeanne Walker, Madames
Bruce Watson, Mattie Cones Miller
and Vera Fjelsted.

The Current event meetings of the
Twentieth Century club will be dis-
continued until after the holidays.

A CLASSIFIED AD will uncover a
market for your used furniture or fix-
tures.

FROZEN PIPES ARE
MANY ABOUT TOWN

Keen Spell Gets Down to Nu-
merous Service Systems—
Department Busy

Frozen water pipe trend in Twin
Falls is over and ever upward.
As a matter of truth the situation is
becoming quite a problem for the wa-
terworks authorities. Should the pre-
sent "spell" continue any great length
of time—seven three or four days—
there will be dire happenings in this
thriving, though cold, community.

John J. Pilgerim, superintendent of
the water department, says this is an
emergency, which is requiring the at-
tention of all hands. He tells of
a dozen or more calls just yester-
day for help in dealing with frozen
water systems in residences.
"I have seen such situations be-
fore, and I have learned not to like
them," says the superintendent.

By far the great majority of "trouble"
cases have come from frost-dam-
aged frozen main cases have been regis-
tered. When a frost is found in a house
hold pipes are found to be frozen. Mr.
Pilgerim, is to get the water supply
shut off immediately, and thus ob-
viate the possibility of flooding the
premises in case of quick thawing
declares.

COURT DENIES DEFENSE PLEA

Motions for Advised Verdict in Wool Larceny Case Not Allowed by Babcock

Motions urging an advised verdict of acquittal were this morning denied by Judge W. A. Babcock, hearing testimony in the state's case against Frank Glad B. E. McNichols and William C. Robertson, severely accused of grand larceny. Following the hearing of arguments favorable to and against the motions, the court ordered a recess to 1:30 this afternoon.

The jury hearing evidence in this case, which involves the larceny of a quantity of wool clips belonging to Joe Bengough, a Mexican sheep raiser of the Three Creek country, is composed of Jesse E. Cress, F. C. Marquand, O. M. Catron, S. D. Perrine, F. C. Boone, E. D. Thompson, Morgan G. Hasty, A. C. Burkhalter, John A. Brown, Mitch L. Ball, George E. Bryant and John E. Musser.

It was immediately following an announcement by Frank L. Stephan, prosecuting attorney, that the state had concluded its case that E. M. Wolfer, representing Defendant Clark, and W. P. Guthrie, representing Robertson and Nichols, submitted motions for an advised verdict of acquittal. Mr. Guthrie also moved to strike certain portions of testimony introduced in the case. This, too, was denied.

It is expected a verdict will be reached in this action before night. The state's next case is a charge of grand larceny preferred against H. H. Jordan, who is held for trial on charge of having stolen a riding horse during the fall roundup in Twin Falls.

BUHL FOLKS TO HAVE MUNICIPAL PROGRAM

Community Christmas Tree is Plan of Chamber of Commerce This Year

BUHL, (Special).—Christmas is to be celebrated in Buhl this year as it never was before. Preparations have already gone forward and a real old-fashioned celebration can be enjoyed by the boys and girls and their fathers and mothers will mark the event.

Under the auspices of the Buhl Chamber of Commerce, the first municipal Christmas tree will be erected for the kiddies on the afternoon of Christmas day in Stone's barn. The tree will be heavily laden with good things to eat, sweets and toys for the little tots. Special music will be furnished and a program presented for the amusement of both the young and old.

Secretary Tanner announces that the fund will be collected to supply the wants of the needy on this Christmas by making fine progress and promises to be of sufficient size to warrant a big celebration.

This is the first time in the history of the city that a municipal Christmas tree has been prepared and the interest in the undertaking is keen.

A mass meeting of citizens, in which the members of the various churches have taken a willing interest, will be held in the Chamber of Commerce rooms on Thursday evening at which time the final plans for the event will be formulated.

HEARS OF BROTHER'S DEATH

Mrs. John Gihring has a telegram from Havillah, Wash., advising of the death of her brother, John Struble yesterday afternoon. Havillah is about 200 miles northwest of Spokane.

MODERN WOODMEN ATTENTION

Annual election of officers will be held at the Masonic Hall Thursday evening, December 11. Paul Smith, secretary.

A CLASSIFIED AD should tell the exact truth. If you are seeking a job don't exaggerate either your experience or ability. Frankness alone wins.

CANAL STOCKHOLDERS FAVOR AMERICAN FALLS RESERVOIR

Take Action Requesting Newly Elected Directorate to Co-operate in Building of Structure to Impound Water for Bruneau and Other Snake River Irrigation Projects; Largest Vote in the History of Corporation Cast

RESULTS OF BALLOTING FOR CANAL COMPANY DIRECTORATE

Glad B. Borker, Buhl	107,455.25
J. H. Brown, Buhl	93,292.90
F. A. Kennedy, Kimberly	91,176.49
Frank G. Lincoln, Ellers	88,537.91
Charles W. Odner, Tausen	82,918.32
F. D. Detweiler, Ellers	83,304.80
Fred Wegger, Twin Falls	6,233.13

Names appearing in bold type are successful candidates for the directorate of the Twin Falls Canal company elected Tuesday. Detweiler is the defeated candidate for re-election, and Kennedy and Odner are the new members. Kennedy has previously served as a director. A total vote of approximately 550,000 was the largest ever recorded at a Canal company election.

Stockholders of the Twin Falls Canal company, as the first order of business at the annual meeting held here Tuesday, after voting to defer until the next regular meeting the consideration of the report of a committee named to draft new by-laws, adopted a motion requesting the directors of the corporation to co-operate with the reclamation service and 40 other irrigation systems in the construction of the American Falls reservoir and to secure for the area under the Twin Falls canal system through this means 100,000 acre feet of impounded water annually.

Unite in Move
Desirability of securing by this means an adequate reserve water supply was touched upon in the report read by J. C. Wheelon, general manager, and was discussed by him with the stockholders at greater length following the reading of the report. Expression of sentiment on the part of the stockholders in favor of co-operation in the American Falls reservoir project and adoption of the motion offered by J. H. Barnes of Hansen, requesting action in this direction on the part of the directorate was without dissenting vote.

"As a result of water shortage this year I have sustained a loss of \$100,000," Mr. Barnes said, "and I consider that an extra assessment of something like 80 cents an acre for this purpose would be mighty cheap insurance against subsequent losses from water shortage."

In his report Mr. Wheelon declared that there was diverted from Minnerdam during the last season enough water to provide 4.87 new acre to land under the canal system, and that, because of consequently small stream flow through the canal system with resultant velocity and increased susceptibility to evaporation transmission losses at the head gates reached 51.6 percent, and there was actually delivered to the farms only 1.9 acre feet.

Business Proposition

He advised, when his opinion was asked by a stockholder, the securing of the Twin Falls Canal company of an

adequate right to impounded water in the American Falls reservoir to provide for needs of the lands under the system, pointing out that building of the reservoir would deprive this system of use of flood waters of the Snake and indicating that even the original grant of 200,000 second feet might be contested in the courts. As a business proposition he considered it desirable, he said, indicating that a ready sale would be found for impounded water in excess of requirements of this project and that by this means it was possible that the expense to the Canal company might be met in whole or in large part.

Makes for Bruneau

Mr. Wheelon said that representatives of the Canal company had been advised at a recent conference of reclamation service officials and Idaho irrigation project men at Idaho Falls that the proposed American Falls reservoir could be completed in three years at an estimated cost of \$5 per acre foot of the 1,500,000 acre feet of water to be impounded in the greater portion of the impounded water, he had been given to understand, would be used for reclamation of the Bruneau project.

Questions Towns Right

Consideration of measures for conservation of water during discussion incident to presentation of the manager's report led to suggestion that winter flow of water through the canal system might be stored for use during the irrigation water and at this point Frank DeKlotz, Ellers, asked, assuming that winter delivery was not required by the farmers, whether towns dependent upon flow of water through the canal system for their water supplies could not be cut off.

Pressing his point after Mr. Wheelon had pointed out that Ellers was the only town under the system not dependent upon the canals for its water supply and that if water in the canals were cut off for four days Twin Falls would be without water, Mr. DeKlotz asked if it were not true that the greatest amount of damage to the canal system would result from winter delivery of water and if it were not possible to assess the cost of such damage to the towns. Mr. Wheelon replied that the

Vacillation is Characteristic of Weatherman

SOME years ago, it is recounted, a erapulous chap attended a luncheon convention in Butte. The convocate hall was equipped with an electric lift. Entering the elevator the convocate, who had been somewhat methylic libations, pressed the first button he found. The lift shot to the roof and stuck. Another button was pressed and the convocate went with haste to the bottom.

"The last we heard of this lodge representative he was still pushing up and down that shaft."

But it is evident he was rescued, and still more evident he dated a job as weather official disburser in Idaho.

Monday night recorded the lowest temperature of the year in this place, 15 below zero; yesterday's official high was 12 above, showing the climate elevator romping in the lower regions.

The disburser found a top floor button last night and the last heard from the weather operator, officially, he was attempting to push No. 25.

Out at the home kiosk there fell two and a half inches of snow, so heavy with moisture that a heavy west wind scarce moved it into drifts.

"Tonight and Thursday rain or snow in south portion; not so cold," is the official prediction. Is this veracity or vacillation?

greatest amount of damage resulted from starting of large streams through the system in the spring and that inasmuch as the towns as well as the farms are possessors of water rights they were still in the same fix."

Manager is Applauded

A single claim of inequality in the distribution of water during the past season made by a west end farmer, and two complaints of the score of large streams of water overflowing a certain lateral and covering adjacent lands with ice occupied some of the manager's time. He promised immediate attention to these matters and was applauded when he concluded the discussion with the statement that in this business "we must give and take trusting in the management to do the best it can in full consideration of all of the factors involved."

In his report Mr. Wheelon advised that it was the policy of the management to replace defective and outworn wooden structures with concrete; that considerable success had attended the use of ditches in cleaning ditches so that through this means water delivery had not been curtailed during the past season and that earlier deliveries might be made at the beginning of the next. He reported as a result of the company's drainage campaign that the seep

area had been reduced to less than one per cent.

Reducing Indebtedness

In reply to question of Dr. John E. Wheeler, how the new proposed additional indebtedness were incurred by the company, its outstanding debt would be paid off at the rate of from \$100,000 to \$125,000 a year on the basis of a 4 1/2 maintenance assessment. Mr. Wheelon was pithy with questions for the better part of an hour and in his conclusion a motion offered by W. F. Alworth of Ellers, to accept "the splendid and comprehensive report" if the general manager and to extend to him a vote of thanks for his efforts in the management of the company with only four dissenting votes. In offering this motion Mr. Alworth declared that in spite of water shortage of the past season the company under the canal system had produced almost 100 per cent crops as was indicated by advance of \$100 an acre in the value of the land.

Defers By-Laws

Disinclination to take action without more time for consideration of the report of the committee named at the preceding annual meeting to draft new by-laws for the corporation was expressed by F. W. Fisher of Buhl, W. F. Alworth and others as soon as it was submitted by P. W. Monahan, Buhl, chairman of the committee.

Mr. Alworth introduced a resolution a proposed amendment to the present by-laws providing that no subsequent alteration of the by-laws should be made unless the proposed amendment were offered at the annual meeting next preceding the meeting at which such alteration was made.

J. H. Barnes moved the acceptance of the committee report without reading with the provision that the report should be printed and circulated among the stockholders and the secretary authorized to call a special meeting not later than March 31 next for consideration and action on the report.

Mr. Monahan stated that the purpose of Mr. Alworth's resolution was embodied in the report of the by-laws committee, and that 60 days' notice of amendments would be required prior to the meeting at which action would be taken on them if the report were adopted.

Sweeley Offers Substitute

Former Senator M. J. Sweeley at this point proposed a substitute motion to provide that the committee on by-laws should be continued; that its report should be filed and at the time of the call for the next annual meeting notice should be given of proposed consideration of the report.

On viva voce vote Chairman J. H. Seaver declared the substitute motion adopted. Mr. Barnes called for a division of the house and the count showed 63 favoring and 24 against the substitute motion.

Partially Successful

Action taken by the meeting at the instance of Mr. Alworth in requiring expressions from candidates for the directorate as to their attitude toward transfer of the depository of Canal company funds from Salt Lake to a local banking institution was only partially successful, several of the candidates being absent. Those called upon and responding declared in favor of a local institution providing equally as

advantageous terms might be secured here as elsewhere. The meeting recessed at 3:10 o'clock to reconvene at 6 o'clock in the office of the Canal company for counting of ballots cast for directors.

A MORTGAGE LETTER

PROCEEDINGS OF CO. COMMISSIONERS

(Continued from Page Six)

In the matter of Making a Correction in the Plat of the Warberg-Carrico Tract:

In this matter, Jas. A. Bybee, county surveyor, appeared before the board and made report that the map of the Warberg-Carrico Tract had been corrected on the records so as to conform to the survey of the ground.

There being no further business to come before the board at this time, a recess was taken until 10 a. m., Nov. 15th.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

Twin Falls, Idaho, Nov. 13, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of a Trip of Inspection to the County General Hospital:

In this matter, the board in a body visited the county general hospital for the purpose of inspecting buildings under construction there and to arrange for the location of the new building purchased for a hospital for the care of contagious diseases.

On returning the board communicated with Mr. Hassan to urge to the moving of said building and instructed Mr. Hassan to report on same, not later than Saturday, Nov. 15th.

There being no further business to come before the board at this time, a recess was taken until 10 a. m., Nov. 14th.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

Twin Falls, Idaho, Nov. 14th, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of Selecting Furniture for the County Hospital:

In this matter, communication from Miss Georgia Maxwell, superintendent of the county hospital, in relation to selection of furniture and supplies for said hospital, received and read. The board having heretofore given Miss Maxwell authority to purchase all such necessities, placed their stamp of approval thereon and ordered the lists referred to Miss Maxwell for her future reference.

In the Matter of Rendering Assistance to County Indigent:

In this matter, owing to a report received from Special Health Officer Jackson, the board made a visit to the west end of the county in order to make the situation. They found two families in need of assistance, and ordered that Mrs. E. Moore and Mrs. Ethel Thompson, be given temporary aid.

There being no further business to come before the board at this time, a recess was taken until 10 a. m., Nov. 17th.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

Twin Falls, Idaho, Nov. 17th, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of Moving House to the Hospital Grounds:

In this matter, Mr. Hassan appeared before the board and reported that he had made an examination into the conditions surrounding the house to be moved to the hospital grounds, and stated that he could move said house for the sum of \$300. The board takes the matter under advisement.

Suggestions were made that it would be better serve public interests and also public sentiment to locate above mentioned contagious disease hospital in some other place besides the hospital grounds, and the clerk was instructed to investigate a certain tract of land belonging to Twin Falls county, and situated near the railroad track, and report on same at an early date, prior to Nov. 22nd.

There being no further business to come before the board at this time, a recess was taken until 10 a. m., Nov. 19th.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

Twin Falls, Idaho, Nov. 19, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of the Clerk's Report on the Land Located near the Railroad Track:

In this matter, the clerk reported that the land near the railroad track was not suitable for the contagious disease hospital, whereupon the board decided to move the house bought from Newman onto the hospital grounds.

There being no further business to come before the board at this time, a recess was taken until 10 a. m., Nov. 19th.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

Twin Falls, Idaho, Nov. 22, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of the Sale of County Property:

This being the date set for the sale of property owned by Twin Falls county under resolution of Sept. 25th, and the board being fully advised in this matter, finds the law in this matter has

Twin Falls, Idaho, Nov. 10, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of Installing a Water Meter in the County Hospital:

In this matter, communication was received from the city council to the effect that a water meter was to be installed in the county hospital, and the clerk was instructed to look for an agreement with a water meter or city counsel to the effect that water for the hospital should be free and make report at an early date.

The clerk reported no agreement of the nature stated above could be found on the records.

Routine business occupied the remainder of the day until the hour of 5 o'clock p. m. when a recess was taken until 10 a. m., Nov. 20th.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

Twin Falls, Idaho, Nov. 20, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

Whereupon the following proceedings were had, to-wit:

In the Matter of Refunding Taxes:

Came now, J. M. Maxwell, Cashier of the First National Bank of Twin Falls, and makes verbal complaint that the said bank has been overassessed on real estate belonging to it. That allowance has been made for the real estate of the assessed valuation instead of its book value, as provided by law.

After consultation with the assessor the board finds that the facts are as stated, and orders a reduction in the assessment of said bank in accordance with the provisions of the law, and that said bank upon paying its taxes assessed be allowed a refund to the amount of the overassessment.

Came now J. S. Busell, representing the Twin Falls Bank & Trust Company, and makes verbal complaint that said institution has been overassessed upon real estate belonging to it.

Whereupon the matter to the assessor and after an examination of the rolls it is found that no error has been made, and the assessment is ordered to remain unchanged. Mr. Busell announced his satisfaction with the ruling of the board.

There being no further business to come before the board at this time, a recess was taken until 10 a. m., Nov. 21st.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

Twin Falls, Idaho, Nov. 21, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

Meeting held in absence of Mrs. Lisaenboe and children, deputy superintendent in holding examinations in the commissioners' room.

Came now Mrs. Media Lisaenboe, widow of Legun Lisaenboe, and requests the board to assist her to reach her old home in Cisco, Texas, by securing her a charity ticket to said place. After due consideration of the matter the board finds that it will be for the best interests of all concerned to comply with her request, and instructs the clerk to get in communication with the agent of the O. S. & N. R. Co. and ascertain the cost of such transportation. Mrs. Lisaenboe instructed to call again for a final answer.

There being no further business to come before the board at this time, a recess was taken until 10 a. m., Nov. 22nd.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

Twin Falls, Idaho, Nov. 22, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of the Sale of County Property:

This being the date set for the sale of property owned by Twin Falls county under resolution of Sept. 25th, and the board being fully advised in this matter, finds the law in this matter has

been fully complied with, orders the sale to proceed as advertised. Whereupon at 10 o'clock in the forenoon of this day, said sale was cried from the court house door facing Shoshone street, and the following described pieces of parcels of real estate were sold to the party or parties named opposite each parcel described, to-wit:

- Lots 11 and 12, block 20, Twin Falls, to H. E. Allen \$750.00
Tax No. 105, Twin Falls, to H. E. Allen \$50.00
Lot 18, block 55, Buhl, to A. L. Stone \$105.00
Lot 27, block 69, Buhl, to P. O. Probst \$123.00
Lot 23, block 70, Buhl, to J. C. Finch \$50.00
Lot 24, block 70, Buhl, to J. H. Shields, Jr. \$50.00
Lot 25 and 26, block 81, Buhl, to C. G. A. Divolvis \$260.00
Lot 28, block 81, Buhl, to C. G. A. Divolvis \$90.00
Lots 17 and 18, block 82, Buhl, to A. J. Fix \$350.00
Lot 9, block 98, Buhl, to Jesse Deemer \$175.00
Lot 25 and 26, block 100, Buhl, to G. G. Dietrich \$275.00
Lot 4, block 91, Hollister, to H. G. Dietrich \$5.00
Lots 9, 10 and 11, block 94, Hollister, to H. G. Dietrich \$10.00
Lot 19, block 94, Hollister, to W. Meador \$25.00

The remainder of the property was thereupon withdrawn for want of bidders, and sold closed at 11 a. m. Auditor instructed to issue deeds for the respective purchasers in accordance with the law in such case made and provided.

In the Matter of Insurance for County Hospital and Nurses Home:

Came now Geo. F. Sprague, and makes proposition in regard to insurance on the county hospital and nurses home, as well as for the court house and other property owned and insured by the county. After lengthy discussion of the matter, the board takes the proposition under advisement.

There being no further business to come before the board at this time, a recess was taken until 10 a. m., Nov. 24th.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

Twin Falls, Idaho, Nov. 24, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of Transportation for Mrs. Lisaenboe and children to Cisco, Texas:

Came now Mrs. Media Lisaenboe in pursuance of prior arrangements, and having received a reply from O. S. & N. R. Co. in regard to purchasing a charity ticket for the sum of \$27.51, to Cisco, Texas, after due consideration of the matter, the board decides to issue a charity ticket for Mrs. Lisaenboe and children, deeming such action for the best interests of all concerned.

In the Matter of a Visit to the County Hospital by the Board:

Whereupon the board in a body visits the county general hospital to make arrangements for placing the house heretofore purchased from C. Newman on the hospital grounds, to be used as a hospital for contagious diseases, upon returning at 5 o'clock p. m., Nov. 25th.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

Twin Falls, Idaho, Nov. 25, 1919. 10 a. m. Regular October session.

The board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of the Report of Health Officer Jackson Regarding Smallpox Cases:

In this matter, reports coming in from the Pest House and several other places, that no cases were available for their use, the board in a body visits the several coal yards and succeeds in securing a small quantity of coal for said indigents.

In the Matter of Transportation for Mrs. Media Lisaenboe and Children to Cisco, Texas:

In this matter, a charity ticket having been secured from the O. S. & N. R. Co. and cash for same having been advanced by W. W. Parish, a member of the board, it is ordered that an order be drawn on the auditor for the sum of \$27.51 to refund said Parish for the advance.

There being no further business to come before the board at this time, a recess was taken until 10 a. m., Nov. 26th.

T. E. MOORE, Chairman.

C. C. SIGGINS, Clerk.

COAL DEMAND SEES DECLINE

With Five Carloads to Distribute City Clerk Has Two-thirds Less Call Today

If coal continues to reach Twin Falls in the present daily quantity there should be no privation through famine. Monday eight six carloads of bituminous fuel reached this city and last night four more came in.

This morning the city's fuel administration department had five carloads or 250 tons to meet the local demand, which showed a tendency to decrease during the day. Up to 11 o'clock only 60 permits were issued on "advice" by City Clerk W. A. Mankie, as against three times that number in the same period Monday morning. The queue of calls was considerably curtailed through the entire morning, too, and business around the counter of operations was infinitely less hectic.

Monday's distribution for the entire day, amounting to approximately 200 tons of coal, one carload being left over at the close of diurnal operations. This gave the city clerk five carloads with which to start the day's work. Only one car, however, was straight lump coal, the remaining four being mine run. These are being forked over today, the residue being supplied to two of the laundries for steam generating purposes.

JAPANESE COMPLETE TWO STEAMBOATS FOR AMERICA

TOKIO, (AP)—Two ocean-going steamships built for the United States Shipping board have been launched recently in Japanese yards. They were the Eastern Trade, a 13,000 ton steamer, and the Eastern Glade, a steel cargo ship, 400 feet long.

Right-Posture Boys' Clothes

The Clothes Your Boy Would Choose

WORLD-FAMOUS "Right-Posture" Boys' Clothes

The sensible mother of today does not only buy clothes FOR her boy—she buys clothes WITH him in the sense that she consults him and wants to please him.

Your boy will like RIGHT - POSTURE Clothes, because they "give me a dandy figure, Ma." His pride is awakened and that is a mighty good trait to cultivate.

STRAUS & GLAUBER

High School News

The initial meeting of the Spanish club was held last evening in the third floor room with twenty members in attendance. Readings in Spanish were given by Dorothy Wagner and Davis Harper and a second vote was taken to fill the office of treasurer, Viola Evans being given this office. The first Tuesday evening of each month was set as a meeting night. At present the membership of the club is limited but the society decided last evening to admit any Spanish student receiving a grade of 80 or more. In this way the membership will be enlarged without admitting all students in Spanish classes of the school.

DENMARK USES BICYCLES

LONDON, (AP)—A recent trade report advises bicycle manufacturers to seek trade in Denmark. In Copenhagen there are 700,000 people and more than 400,000 bicycles.

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS OF THE TWIN FALLS BUILDING AND LOAN ASSOCIATION.

Notice is hereby given: That the annual meeting of the stockholders of the Twin Falls Building & Loan Association will be held at the office of the Association, 118 Shoshone Street, West, Perrine Hotel Building, in the City and County of Twin Falls, Idaho, on the 25th day of January, 1920, at one o'clock p. m., for the election of a Board of Directors and the transaction of any other business that may properly come before such meeting.

Notice is further given: That at such meeting, the stockholders will be called upon to consider and act upon:

- Proposed amendments to the articles of incorporation as follows:
 - The proposition to amend and authorize the increase of the present capital stock of the corporation from \$500,000 divided into 5,000 shares, to Five Million (\$5,000,000) Dollars, divided into fifty thousand shares of \$100 each.
 - Change the name of the corporation.

That the Association may be authorized to transact its business anywhere within the State of Idaho.

All stockholders are urgently requested to be present in person and if not to have their proxies in the hands of the Secretary on or before the 10th day of January, 1919.

By order of the Board of Directors,
FRANK G. LECHLETTER, Secretary.

Making Cowards of the Strong

—that is what lack of a little ready money is doing every day.

A savings account will give a sense of security. If illness comes you are assured of proper care without going into debt. Unemployment or business reverses will lose their terror. The sense of security will increase your chances of success everywhere.

Better start a savings account with this sound conservative bank, no trouble, no red tape.
