COAL COMMITTEE BELIEVES RESTRICTIONS FROM INDUSTRIES

VILLAS HAS HOLD ONE AMERICAN WITH CAPTIVES

Demands \$10,000 Each for Citizens of United States and Great Britain; \$5,000 for Mexicans

RESULT FOR TRIBUTE IS

Reports Say Bandit Forces the Lead in Person by Panch Villa, Withdraws in Direction of Chihuahua

AGLO PASS, Tex. (AP)—Frank Hugo, an American citizen, manager of the J. M. Dobles ranch near Mexquitz, state of Chihuahua, is being held for ransom by the Villistas who raided Mexquitz last Tuesday. No other American was taken by the bandits and an Englishman soldier was taken with them according to word received here today.

Hugo is being held for \$10,000 ransom, it was said, and several prominent Mexicans are held for \$5,000 ransom each. The Englishman released was R. B. Rawson, representative of an Eagle Pass lumber company.

American Consul Agent William P. Blocker reported early this afternoon that the town of Mexquitz was completely looted by the bandits. Railroad communication with the town has been restored.

First reports that two Americans had been seized by bandits resulted from confusion of names in wire transmission.

AdVICES received here today said eight Mexicans also were held for ransom. Ten thousand dollars each, it was reported, was demanded for release of the Americans and the Englishman and five thousand dollars each for the Mexicans.

Berton's Release Summed One of the "Mefschin" held is Don Miguel Muzqui, a Pancho Villa wealth-branchman in Mexico, it is said. His wife escaped by running to Rosita, several miles distant where she telegraphed for her husband. Money to Pina Solo, 120 miles from Mexquitz, the point designated by the bandits.

Villa Lead in Person The Villistas who were reported to be led by Panch Villa himself, left Mexquitz Friday at 2 p. m., taking the direction of the state of Chihuahua state, from whence they came, according to Mexican Consul G. M. Seguin, of Eagle Pass.

TRIM REVEALS T. W. W. TACTICS

Government Introduces Evidence to Show Activities in Committing Sabotage

KANSAS CITY, (AP)—Testimony purporting to show the activities of I. W. W. in committing sabotage in this country was introduced by the government today in the trial of thirty-two alleged members of the organization being held in the federal district court in Kansas City, Kan.

Elmer O'Haines Reformation Elmer O'Haines, Cal., testified he had been a "sabot" for the I. W. W. which meant he was to commit sabotage. He was a chemist, and had a laboratory at San Joaquin, California, where he made "kittles". The "kittles" were a mixture of chemicals placed in a bottle. After a certain time the chemicals came at away the cork in the bottle and became inflammatory. The laboratory was known as an "ark" to the I. W. W., he testified.

O'Haines' laboratory had been brought to the federal court room, where the government intended to introduce it as evidence. The defense objected, however, that O'Haines' actions prior to 1917, when he quit the organization had nothing to do with the present case. The evidence was not submitted.

"I saw where the I. W. W. was leading me," O'Haines said, after he had left the witness stand. "I quit the I. W. W. in 1917, when I was 24 years old."

Sheriff Gives Testimony E. F. Swanson, sheriff of Saline county, Kansas, testified that he had arrested a number of I. W. W. in Gordon, one of the defendants in the present trial. Gordon told him, Swanson said, that the present government must be destroyed. He also had advocated the destruction of New York city and also of farm crops. Swanson said, "because new ideas of government must supplant the present one."

ALLIES WILL ACCEPT SOME RESERVATIONS TO GERMAN PEACE TREATY

Conferences of British and French Premiers in London Result in Agreement Growing Out of Desire to Make America Participant in Future Councils, to Facilitate Compromise in Senate of United States; England Promises Intercession with Wilson for Italy

PARIS, (AP)—As a result of the conferences being held at London by Premiers Lloyd George and Clemenceau, the American government will be notified that in order to facilitate a compromise between adverse parties in the American senate, the allies are willing to accept, to as great an extent as possible, some of the reservations to the Versailles treaty, made by the foreign relations committee, according to the Matin.

It is said the allies will do everything possible in order that American may participate in future conferences.

Important problems, the newspaper says, will henceforth be settled by a council of the premiers of France, England and Italy. This council will meet sometimes in Paris and sometimes in London, and will examine principally Russian and Turkish problems.

England to Intercede In the presence of John W. Davis, United States ambassador to Great Britain, it is said Premier Clemenceau and Lloyd George assured Vittorio Scialoja, Italian foreign minister, that there was a necessity for an early settlement of the Fiume problem, and indicated England would intercede with the United States for Italy. Signor Scialoja will leave for Rome today to lay the matter before the government.

The spirit which prevails at the London conference, the Matin says, is good and the necessity for close co-operation by the allies is recognized.

LONDON, (AP)—John W. Davis, the American ambassador, late this afternoon visited Downing Street where Premiers Lloyd George and Clemenceau and their advisors were in conference. It was reported that Ambassador Davis' presence was connected with proposals submitted from the conference to President Wilson yesterday which were said to render the peace treaty acceptable to general public opinion in the United States. The interallied conference was assumed today in Downing street with Jean, Foreign Minister Scialoja of Premier Lloyd George and Clemenceau and other officials of the British, French and Italian governments present. The British conference included Earl Curzon, Arthur J. Balfour and Andrew Bonar Law. Jules Cambon attended with Premier Clemenceau. The Italian naval attaché in London and other Italian embassy officials also were present.

It was announced that Signor Scialoja had left for Italy. It was reported that his journey was for the purpose of consulting his government with reference to an allied proposition for the settlement of the Adriatic problem.

DELEGATES INDICATE RESERVATIONS ACCEPTABLE WASHINGTON, (AP)—Frequent conferences between entente diplomats here have indicated that their governments are prepared to accept some reservations to the peace treaty in order to accomplish its ratification in the senate and it is understood that only the Illinois President Wilson has prevented him from being so advised by some of them.

It has not been made known here to what extent the entente powers might be prepared to go, but it does appear that there would be final objection to the preamble as proposed by the senate foreign relations committee by which other powers would be required to officially record their acceptance of reservations as part of the treaty in substance.

CONSTANTINOPLE, (AP)—Enver Pasha, former Turkish minister of war, has been crowned king of Kurdistan, the Turkish region lying between Mesopotamia and Persia, according to reports that reached here Friday.

LONDON, (AP)—Seven British battalions have been ordered to make preparations for proceeding to Silesia, Schleswig-Holstein, Bohemia and Jugoslavia in January. It is considered probable the soldiers are going to the district in connection with the coming plebiscites.

BERLIN, (AP)—Exportation of works of art, the loss of which would be detrimental to Germany, is forbidden in a law which became operative Friday.

SALONIKI, (AP)—Greek soldiers and Turkish irregular troops have engaged in scattering skirmishes recently in western Asia Minor, according to an official statement issued at army headquarters here.

NEW YORK, (AP)—Members of the present United States sugar equalization board, President George A. Zabriske said today, probably will resign if the McNary bill, continuing the existence of the board for another year passes congress.

NEW POLITICAL PARTY IS PLAN OF LIBERALS

Conference Dates Convention for Nominating Presidential Candidate ST. LOUIS, Mo., (AP)—A new political party will have a candidate in the presidential race next November if plans formulated at the national conference of liberal progressives, the "kittles" conference which opened here Tuesday ended last night. It was decided to hold a convention before July 1 next, to elect a national committee and to set dates for the presidency and vice presidency. The convention will be called by the committee at the first night, which is scheduled for the conference, and it is planned to divide the country into five districts, with an organization manager in each one, to win adherents to the proposed party. Efforts will be made, it was asserted, to amalgamate the committee, the labor party and other organizations such as the Non-partisan league, to give the proposed party greater

RECORRECTION OF PEACE PACT UP TO WILSON

Senator Lodge Declares President 'Heretofore' 'Perfectly Immovable' Should Present First Proposals

PROMPT RATIFICATION URGED BY UNDERWOOD

Republican Leader Promises Careful Consideration of Executive Suggestions on Part of Party Members

WASHINGTON, (AP)—Two resolutions proposing that the state of peace with Germany be declared while the treaty of Versailles is held in abeyance, were introduced in the senate last tonight by Senator Brock, republican, Pennsylvania, following heated debate of the treaty situation. Immediate consideration was blocked by Senator Underwood, democrat, Nebraska, administration leader in the senate.

The first resolution provided that the senate "unreservedly advises and consents to the ratification of this treaty insofar as it provides for the creation of a status of the peace between the United States and Germany."

The second was a joint resolution declaring that a state of peace exists between the United States and Germany.

WASHINGTON, (AP)—Charging that President Wilson was "perfectly immovable" in urging "unreserved ratification of the treaty of Versailles, Senator Lodge of Massachusetts, the republican leader, told the senate today the president should be prepared to accept a compromise. He promised that the republicans would give them careful consideration.

Underwood, opens discussion Dismissed the next speaker was opened by Senator Underwood, democrat, Alabama, who urged prompt ratification, saying that "unsettled world conditions created by the American exports trade to the point where the result soon would be felt by the cotton farmer of the world, the manufacturer and the laborer of the north."

In replying to Senator Underwood, Brock said he selected a proposal of the Alabama senator that committee to compose the differences between the senate majority and minority in the treaty. He said that the committee should be given the right to make conclusions senatorial if the president or the administration leaders in the senate would present suggestions for modification of the treaty. He said that the committee would be given the right to make conclusions senatorial if the president or the administration leaders in the senate would present suggestions for modification of the treaty.

LABOR TO LEAVE PARTIES ALONE

Political Redress to Be Sought Through Election of Members Indication

WASHINGTON, (AP)—No effort to disturb the present political party alignment in the next election should be made by the conference of international union presidents and railroad brotherhood heads, delegates said tonight here at the annual convention of the American Federation of Labor headquarters. Preliminary speeches at the conference, the sessions of which are executive sessions of the national political redress demanded by organized labor would be sought through the election of members of the two major political parties.

NO FARMERS PRESENT When the session was called to order no representatives of farmers organization were present. Leaders, however, still had hope that some would attend the conference which may last through next week.

Frank Morrison, secretary of the American Federation of Labor, who was understood to be catering for the farmers of Samuel Gompers, president of the American Federation of Labor and miners went on the floor with the same plan. Action by the miners representatives came as a surprise since they would be favorably disposed toward union labor.

Leaders predicted that the conference would give to the government's action in the coal strike. Some delegates also advocated some public statement also be made relative to quantities involved in steel strikes.

New Order Expected to Result in Almost Complete Resumption of Manufacturing Next Week

FULL PASSENGER SERVICE OVER ALL RAILROADS RESTORED AT EARLY DATE

WASHINGTON, (AP)—All industries may be supplied with coal for their emergency needs as far as coal is available in any section for that purpose, under orders issued today by the central coal committee. This order removed the restrictions which have denied coal to all industries except those in the five preferred classes.

The committee announced that companies must continue to make application to the roads which have been supplying them with coal. It is expected that the new order will result in almost complete resumption of manufacturing next week.

Indicates Strike Settlement The nation found partial relief today from the tight restrictions on coal consumption enforced through the railroad administration as a result of the fuel dearth caused by the strike of the coal miners. Regional directors of railroads reported today that the order had modified the restrictions by authority of Director General Hines who issued an order leaving the enforcement of the regulations to their discretion.

Where local custom permitted, the directors after receiving the order, revoked the restrictions on coal and gave merchants an opportunity to reap the harvest of the heavy Christmas trade. The order of the director general was taken as an indication that the government regarded the strike as practically settled and that soon coal would be pouring from the mines in normal volume.

ANNOUNCES RESTORATION OF PASSENGER SERVICE CHICAGO, (AP)—Full passenger service over all railroads in the northwest region will be resumed at 12:01 o'clock next Thursday morning. P. S. Eshick, chairman of the western passenger association, made the announcement after conferring with R. H. Ashton, regional administrator here today.

Orders removing all restrictions on the use of bituminous coal from bituminous coal in the entire northwest region were issued this morning by T. W. R. Proctor and G. W. Reed of the central coal committee. The orders will take effect at 12 o'clock Monday morning. The orders were sent to all public utilities and railroads in the region.

RESTRICTIONS ON USE OF COAL IN EAST LIFTED NEW YORK, (AP)—All restrictions on the use of bituminous coal in the eastern region comprising all territory east of the Mississippi river, which were removed today by A. T. Harding, regional fuel and railroad director. The train service will be resumed virtually immediately, the figure recorded in the Twentieth Century Limited between New York and Chicago. Lights may be burned as usual.

FROZEN WATERPIPER MANY IN SALT LAKE CITY, (AP)—Frozen waterpipes were many in Salt Lake today due to zero temperatures which have been reported throughout the night. The thermometer dropped to three degrees below at 4 a. m. but again rose rapidly. Street car service was considered to be hampered by the weather. The ground is covered with five inches of snow which fell Wednesday.

MERCURY DROPS TO THIRTEEN BELOW AT OGDEN OGDEN, Utah, (AP)—Thirteen degrees below zero was the minimum registered by the thermometer in the United States weather observation station here last night. This was declared to be the lowest figure recorded since official observations have been taken here. The mercury stood at zero at 9 o'clock this morning.

Arctic Birds Flight Hard Winter Forecast CHICAGO, (AP)—Hundreds of Arctic birds are as far south as Maine and Michigan and that indicates a hard winter, according to John Burroughs, the naturalist, who was here today. He said he had seen many of the birds in Michigan and that they were unacquainted with man and very tame.

Union Leaders Optimistic Disension from the strike settlement today seemed to be greatest in Ohio and Illinois. Several states as Ohio, Indiana, Ohio, and Michigan, a number of locals in Illinois maintained their expressed determination to remain away from the mines until a 10 percent wage increase was forthcoming. Union leaders in both states, however, were optimistic regarding an early return to work by the disgruntled men.

MEXICAN FEDERAL TROOPS BATTLING WITH INDIANS NOGALES, Ariz., (AP)—Reports of heavy fighting between Mexican federal troops and Yaqui Indians at El Capitlan, south and east of Buena Vista station on the Mexican line of the Southern Pacific, were received here today.

NORRIS PROPOSES INVESTIGATION OF ALLEGED FUND FOR RAIL BILL

WASHINGTON, (AP)—A resolution directing an investigation of charges that large sums of money had been raised in support of the Cummins railroad bill was introduced today by Senator Norris, republican, Nebraska, in the senate. The resolution is directed at the measure of assize debate on the measure.

The investigation would be conducted by the senate committee on railroads. The committee would be specially directed to ascertain what amount, if any, had been expended by the various executives association in the name of the association in the name of Senator Norris. Senator Norris insisted that if an organized effort was being made to have congress pass the Cummins bill he would investigate the matter. "I am not saying that this propaganda is being spread by the Cummins bill," he said, "but I want to know who is behind it and what it is costing."

The Nebraska senator declared that he had conferred with the Cummins bill handling by Thomas F. Logan and company, advertising agents of New York. The resolution was sent to the committee on railroads, of which Senator Cummins, republican, Iowa, is chairman.

DEVELOPMENTS BRING RELIEF TO THE NATION

Severe Storms Sweep Western States Adding to Suffering and Discomfort Resulting from Depleted Fuel Stores

CHICAGO, (AP)—Partial relaxation of the tight restrictions on the use of fuel, optimistic reports regarding resumption of production in actually all fields and substantial restoration of passenger train service in many sections today brought to the public the gratifying news of relief since the coal situation became acute. At some mines workers still expressed dissatisfaction with the terms of President Wilson's proposal which has ending the strike officially, and central Pennsylvania operators also were displeased, but officials regarded indications as pointing toward a return to nearly normal production early next week.

Gold Brings Suffering Continuation of the severe weather of the past few days in the Pacific Northwest and a return of sub-zero temperatures in the north and central and southwest with a rapid spread eastward today added to the suffering and discomfort resulting from depleted coal stores and fuel restrictions. Colorado, where the weather record cold weather reigned and below zero weather gripped Idaho, Utah, Nebraska, Montana, Wyoming, the Dakota, Colorado, and Nevada, on toward the east. A strong north wind crept into the southwest, bringing a cold wave that was expected to send thermometers to ten degrees below zero in the north. In many communities were reported without fuel, and with scant supplies of other fuel. Kansas, in the northwest part of which much suffering has been reported, was the first to feel sub-zero weather after two days relief from readings that were low.

In the central states, west and northwest, snow interfered with wire and rail communication. Union Pacific transcontinental trains were ten to twelve hours late because of snow and blizzards. In South Dakota and northern Nebraska a similar situation prevailed.

Action by the department of justice as a result of an examination of prices charged by coal operators since government control was restored because of the miners' strike today was a possibility.

Disension from the strike settlement today seemed to be greatest in Ohio and Illinois. Several states as Ohio, Indiana, Ohio, and Michigan, a number of locals in Illinois maintained their expressed determination to remain away from the mines until a 10 percent wage increase was forthcoming. Union leaders in both states, however, were optimistic regarding an early return to work by the disgruntled men.

MEDAL OF HONOR CONFERRED ON MORE VETERANS

Names of Ten Additional Members of Navy and Marine Corps Distinguished for Heroism are Made Public

WASHINGTON, (AP)—Names of ten additional officers and enlisted men of the navy and marine corps to whom President Wilson has awarded the congressional medal of honor for acts of extraordinary heroism were made public today. The list of ten, making a total of 19 in the navy and marine service to receive the congressional medal follows:

Lieutenant Commander J. J. Madison, Hoboken, N. J.; Lieutenants E. M. Isaacs, Fort Sam Houston, Texas; W. H. Osborne, M. O., Boston (posthumous); Orlando H. Petty, M. C., Philadelphia; Louis Gukela, M. O., 518 South Washington, Seattle; Hugh G. Sullivan, M. C., (no address); Ensign Daniel A. Sullivan, Mount Vernon, N. Y.; Donald Surgenon A. G. Lyle, Gloucester, Mass.; and Gunner Sergeant B. G. Robinson, M. C., (no address); and, C. P. Hoffman, M. O., (no address).

At Post Though Wounded

Lieut. Commander Madison was cited for "exceptionally heroic service" during the submarine attack on October 13, on the transport U. S. S. Biconderoga, under his command. After being severely wounded early in the attack, the citation said, he ordered that he be placed in a chair on the bridge, from which he "continued to direct the fire and to maneuver the ship" until, losing consciousness, he was lowered into a life boat and saved with the thirty other survivors.

Captured during the submarine attack on the U. S. S. President Lincoln, and taken a prisoner to Germany, Lieutenant Isaacs, after receiving valuable information on the movement of enemy submarines, succeeded by "heroic determination" in his citation said, in making his escape from Germany. Falling in his first attempt, in which he jumped from a rapidly moving train at the immediate risk of death, Lieutenant Isaacs succeeded in his next effort to escape, "breaking his way through barbed wire fences and deliberately drawing the fire of the armed guards in hope of permitting others to escape during the confusion." Making his way through southwestern Germany while subsisting on "raw vegetables" he finally reached the Rhine, eluding the German sentries by swimming the river at night.

Fight off Enemy Planes

Flying as pilot and observer in the same plane, Lieutenant Talbot and Gunner Sergeant Robinson, attached to the fifth marine aviation squadron in France, were cited for "extraordinary and intrepid heroism" displayed in fighting off twelve enemy scouts which attacked their plane over Littleham, Belgium, October 4, 1918. Remaining at his gun after his left eye had been shot away, Sergeant Robinson, the citation said, continued fighting off the enemy, downing one of their planes, until he collapsed from the effect of two more bullets. Continuing the fight after Robinson lost consciousness, Lieutenant Talbot succeeded in shooting down another plane, and, with his motor failing, dived to escape his pursuers and succeeded in crossing the German lines at an altitude of only fifty feet.

Prevents Catastrophe

Ensign Sullivan received the decoration for heroism displayed in preventing the explosion of depth bombs which had been shaken loose on the deck of the U. S. S. Christobel during an engagement with a submarine in May 1918. By throwing himself upon the bombs and securing them at "immense risk of his life," Sullivan, the citation said, saved his ship from "a disaster which would have involved heavy loss of life."

For repelling single-handed an enemy

Lieutenant Cukela was decorated for heroism displayed during the attack on the transport U. S. S. Biconderoga, under his command. After being severely wounded early in the attack, the citation said, he ordered that he be placed in a chair on the bridge, from which he "continued to direct the fire and to maneuver the ship" until, losing consciousness, he was lowered into a life boat and saved with the thirty other survivors.

CABRERA BLAMES PRESS FOR MEXICO'S TROUBLES

Member of Carranza Cabinet Comments Scathingly on American Publications

WASHINGTON, (AP)—Luis Cabrera, secretary of the treasury in Carranza's cabinet and said to be the moving spirit in the anti-American propaganda in Mexican official circles, puts the blame on the American press for the strained relations between his country and the United States, according to the Universal, of December 4, copies of which reached Washington Thursday. Cabrera is quoted by the newspaper as saying in the interview:

"The international impasse has neither the seriousness nor the importance which the sensational press of the United States wishes to attribute to it. The American press has always distinguished itself by its sensationalism and venality of its editors. 'Absolutely without exception the American press is no press at all; it is just a bunch of scoundrels placed at the services of rotten politicians. Anything you may ascribe to me as saying about the American press will fall far short of expressing my opinion of it.' Cabrera denied taking any part in the Jenkins case and said he could not help the fact that his brother was governor of Puebla.

Proposes Subsidy to Help Girls of Ireland to Marry

DUBLIN, (AP)—Proposals that the Dail Eireann, or Irish parliament, set aside a sum equivalent to \$1,500,000 as a state subsidy on behalf of young men to marry, has been made here. The idea was suggested by Frank H. O'Donnell to the Irish women's franchise league. He criticized the women's league as "barbaric marriages" in Ireland. He said he knew of girls of 19 years who were brought into the nearest town to a fair day to be sold to a public house to meet men whom they had never seen before, but who were to be their husbands. "The girls," he declared, were "hunted like cattle at the fair while their fathers and friends were drinking."

counter attack on a position won by the marines during the Chateau Thierry operations, Gunner Sergeant Hoffman was cited for "conspicuous gallantry and intrepidity above and beyond the call of duty." After bayoneting the two leaders of the raid, the citation said, Hoffman ordered the remainder of the party, forcing them to abandon their light machine guns.

Takes Machine Gun Crew

Lieutenant Cukela's decoration was won near Villers Cotterets July 8 when he made his way through the German lines and, falling upon the rear of a German machine gun emplacement that had been holding up his company, drove off the crew with a bayonet, killing several and taking four others prisoner.

The posthumous decoration of Lieutenant Osborne was conferred for extraordinary heroism displayed during the advance on Bourcaches in June 1918, when, under heavy fire, he helped remove wounded to place of safety until fatally wounded. Lieutenant Petty was cited for courageous care of the wounded while serving with the Fifth regiment of marines at the Bois de Belleau June 21. Remaining at his dressing station under heavy fire until it was demolished, Lieutenant Petty carried a wounded officer through the shell fire to place of safety.

Dental Surgeon Lyle was cited for saving the life of a comrade by administering surgical aid under heavy bombardment.

VALUE OF FARM CROPS EXCEEDS PRIOR RECORDS

Department of Agriculture Issues Final Report Showing Production and Worth of the Principal Products of Land

WASHINGTON, (AP)—The total value of the country's important farm crops this year aggregates \$14,092,741,000, the department of agriculture estimates Friday in its final report. That compares with \$12,600,526,000, the aggregate value of last year's crops as finally revised. The total tree plantings in these principal crops is placed at 359,124.32 acres compared with 356,497,162 last year.

The total production and value, based on prices paid to farmers December 1 of the various crops follows: December 1, 1919.

- Corn 2,917,450,000 and \$2,934,234,000.
- Wheat 359,124.32 acres and \$1,543,483,000.
- Spring wheat 209,351,000 and \$485,020,000.
- Oats 1,248,310,000 and \$895,503,000.
- Barley 125,719,000 and \$209,919,000.
- Rye 88,478,000 and \$119,041,000.
- Fluxweed 16,301,000 and \$24,026,000.
- Blackseed, 9,910,000 and \$30,145,000.
- Hay 41,029,000 and \$109,631,000.
- Potatoes 357,001,000 and \$577,581,000.
- Sweet potatoes 103,579,000 and \$138,085,000.
- Hay (tame) 91,326,000 tons and \$1,830,967,000.
- Hay (wild) 17,340,000 tons and \$249,129,000.
- Tobacco 1,389,458,000 pounds and \$542,677,000.
- Cotton 11,030,000 bales and \$1,977,073,000.
- Sugar beets, 6,396,860 tons and \$68,750,000.
- Beet sugar 1,227,690,000 pounds (value not given).
- Peanuts 82,263,000 and \$79,830,000.
- Rice (six states) 11,488,000 and \$49,181,000.
- Onions (22 states) 12,833,500 and \$27,307,000.
- Apples (29 states) 413,400 tons and \$2,495,000.
- Cranberries (3 states) 541,000 barrels and \$4,520,000.
- Apples (total) 147,457,000 and \$275,403,000.
- Peaches 51,340,000 and \$97,528,000.
- Oranges (California and Florida) 23,916,000 boxes and \$64,169,000.

POLAND TO OPEN HALL OF FAME TO AMERICAN

LONDON, (AP)—A move is afoot to enter in Poland's hall of fame the name of Lieutenant Edward P. Graves, of the American aviation squadron, who was killed at Warsaw on November 22. Thousands attended his funeral according to a private telegram received here, and Miss Dorothy Huntington, of London, fiancée of Lieutenant Graves, has received a message of sympathy from the Polish naval attaché here.

Lieutenant Graves was killed while participating in a celebration in honor of brigadier General Joseph Pilsudski, formerly military director of Poland.

FRANCE COUNTS INCOME PARIS, (AP)—The tax receipts of the government for November as shown by figures made public, bring the aggregate for 11 months of the year to a total of nearly 1,250,000,000 francs in excess of the estimates. The registration duties supply the greatest part of this increase.

The receipts for the eleven months show an increase of 2,665,000,000 francs as compared with the corresponding eleven months of 1918.

SAYS CUMMINS BARRAGE BILL IS BOLSHEVISTIC

McKellar Joins LaFollette in Attack on Commerce Committee Measure

WASHINGTON, (AP)—Living costs would be increased by enactment of the Cummins-barrage bill because of the inevitable advance in freight rates it would entail, the senate was told Thursday by Senator LaFollette, republican, Wisconsin, in opening the third day of his attack on the measure.

"The increase in rates which this bill provides for will increase the cost of living at the time when the whole country is demanding speedy and material reduction in prices," Senator LaFollette said. "If prices are not put down quickly the suffering that will come soon to the people will have no parallel in history. We have reached the limit and we must realize that back of all is the spectre of industrial unrest."

"Just as soon as the roads are turned back the interstate commerce commission will be compelled to make rates high enough to give them a return of 5 1/2 or 6 per cent. Experts have told the senate committee that back of all is the spectre of industrial unrest."

The Cummins bill was characterized as "Bolshevistic in the extreme" by Senator McKellar, democrat, Tennessee, to whom Senator LaFollette yielded the floor temporarily.

ACCUSE GOVERNMENT OF FAVORING CAPITALISTS

TOKIO, (AP)—Three thousand wage earners including printers, miners, iron workers, and tailors, recently adopted a resolution declaring that the Japanese government, in the present crisis caused by the high cost of living, is merely making efforts for the protection of capitalists and limited circles of society. This, the wage earners asserted, was done at the expense of the general public—whose welfare and interests are entirely neglected. They charged that the cabinet has no understanding of the welfare of the nation, of labor problems, and the food question which "are threatening the lives and safety of millions throughout the empire." They demanded that the cabinet should resign.

PREPARING FOR "BLIZZARDS"

By a substantial majority an oppo-
nent of the Nonpartisan league was
elected at a special election the other
day to the legislature of North Dakota
from Townier county, heretofore regard-
ed as a stronghold of the league. The
league apologists explained the result
by declaring, contrary to meteorologist
reports that a blizzard had kept many
farmers from the polls.

On Thursday the legislature of North
Dakota, dominated by the Nonpartisan
league, passed a law providing that vot-
ers residing more than one-half mile
from their voting precincts may use an
absent voter's ballot.

Critics of the measure declare it does
away absolutely with the Australian sec-
ret ballot system.
"Why how," the sceptic in-
quired, "the Nonpartisan league in North
Dakota is overlooking no possible
chance for avoiding such other 'bliz-
zards' as occurred in Townier county."

Today's Markets

New York Exchange
NEW YORK, (P)—Probably as a re-
sult of the partial rallies in foreign ex-
change and also because of yesterday's
sharp recovery in call money today's
brief session of the stock exchange was
attended by a general covering move-
ment and moderate buying for the long
account. Among motors, oil, steel,
equipment and shippings gains extend-
ed from 1 to 6 points. Strength was
shown also by motor specialties, tobac-
co, textiles and paper shares. Firm-
ness in metals. Aside from Cana-
dian-Pacific which made further recov-
ery from its recent weakness, rails fig-
ured unimportantly in the dealings. The
closing was strong. Sales approximated
450,000 shares.

Liberty Bonds
NEW YORK, (P)—Final prices of
Liberty Bonds today were: 5 1/2's
\$99.35; first 4's \$93.50; second 4's
\$91.54; first 4 1/4's \$93.75; second 4
1/4's \$92.04; third 4 1/4's \$98.90; fourth
4 1/4's \$91.80; Victory 3 3/4's \$98.50;
Victory 4's \$99.00.

Grains and Provisions
CHICAGO, (P)—Unexpected bearish
aspects of the government crop report
led to declines today in the price of
corn. Cattle and hogs were strong. A
huge amount of wheat to the United
States tended also to act as a weaken-
ing influence. Declines, however, were
due more to lack of support than to any
great pressure. Opening prices, which
ranged from 5-8 to 1 5/8c lower, with
January \$1.33 1/2 to 1.34 and May
\$1.31 to 1.31 3/8, were followed by a
slight rally, and then by a decided
fall.

Subsequently, week end covering by
was nervous, at the same as yesterday's
shorts brought about upturns. The close
finished lower, with January \$1.
1 1/2 to 1.34 5/8 and May \$1.31 7/8 to
1.32.

Oats reflected the weakness of corn.
After opening 1-8 to 3-8 lower, includ-
ing, quoted: No. 2 mixed \$1.43 1/2 to
1.44; No. 2 yellow not quoted; No. 3
yellow \$1.44 to 1.46.
Oats No. 2 white \$1.14 to \$2.12c;
No. 3 white 78 to 80 1/4c.
Rye No. 2 \$1.50 3/4 to 1.60.
Barley \$1.48 to 1.60.
Timothy seed \$8.50 to 11.50.
Clover seed \$30 to 48.
Pork nominal.
Lard \$22.12. Hibs \$17.50 to 18.25.

Chicago Livestock
CHICAGO, (P)—Hog receipts 9,000;
15 to 25c higher; bulk \$13.10 to 13.40;
top \$13.45; heavy \$13.10 to 13.45; light
\$13.10 to 13.50; heavy packing sows,
smooth \$12.50 to 12.90; packing sows,
rough \$12 to 12.50; pigs \$12 to 13.
Cattle receipts 3,000; compared with
a week ago; beef steers and steers
nearly 25c lower; calves steady to 25c
higher; best feeders about steady; oth-
ers quarter lower; bulls steady.
Sheep receipts 7,000; strong; compar-
ed with a week ago; King classes 50c
to \$1 higher; aged wethers gaining 50c
feeder's mostly 25c higher.

Omaha Livestock
OMAHA, (P)—Hog receipts 4,200;
market 10 to 15c higher; top \$13.50;
bulk \$13.25 to 13.50; heavy weight
\$13.50 to 13.50; light weight \$12.25 to
13.50; heavy packing sows, smooth
\$13.15 to 13.30; packing sows, rough
\$12.85 to 13.15; pigs \$11 to 12.25.
Cattle receipts 500 for the week; beef
and butcher cattle mostly steady; choice
kinds 15 to 25c higher; veals and can-
ners steady; common grade neglected.
Sheep receipts 5,000 for the week;
fat lambs \$1.50 to 1.25 higher; sheep

and yearlings 25 to 50c higher; feeders
strong to 25c higher.
Potatoes
CHICAGO, (P)—Potatoes steady; ar-
rivals 46 cars; Northern Whites \$3.10
to 3.25; western Russels and Ruralis
jobbing \$3.55 to \$3.75.
Beautiful pipes, latest designs in ci-
gar and cigarette holders at Macaulay

Fourteen Years Continu-
ous Business in Twin Falls

On December 2nd, 1905, Charles Macau-
ley started the cigar and tobacco business
now known as MACAULEY BROTHERS.

Since that time the same standard of
service, the same quality of merchandise,
the same courteous treatment have been
maintained. A larger stock of guaranteed
quality merchandise has been added to keep
up with the march of progress and the de-
velopment of southern Idaho.

In 1909, the business name was changed
from Macauley & Company to Macauley
Brothers, the late M. J. Macauley becoming
a partner. This combination of business
management made Macauley Brothers the
recognized leaders in their particular busi-
ness in this locality.

Today the firm still continues under
the name of Macauley Brothers, the va-
cancy caused by the death of M. J. Macau-
ley, being filled by Wm. H. Macauley.

Now let us say this in appreciation:
Without the co-operation and the friendly
good wishes of our customers, Macauley
Brothers would today, be the same little
store in which we first opened for business.
That our business has grown to its present
size and attained the development which it
has, is due in part to our own efforts, but
in a greater degree to the patronage and
support which has at all times been accord-
ed us. May we in future, as in the past,
strive to merit a continuance of the confi-
dence reposed in us.

With our sincere Holiday Greetings
and best wishes to all.

Macauley Brothers

WASHINGTON, (P)—Denial that
the meeting here today of the steel
workers' strike committee, was called
for the purpose of ending the steel
strike was made today by John Pitt
Mitsch, chairman, after the committee
had met. He said the strike had been
discussed, but would not disclose what
line the discussion had taken.
FAIR WEATHER WITH LOW
TEMPERATURE IS FORECAST
WASHINGTON, (P)—Weather pre-
dictions for the week beginning Mon-
day, issued by the weather bureau to-
day are: Upper Mississippi and Lower
Missouri valleys: Cold and generally
fair.
Northern and southern Rocky moun-
tain and plateau regions generally fair
with low temperature.

KEEN KUTTER
CUTLERY TOOLS
Here's the
Safety Razor that
saves as it shaves
—the KEEN KUTTER
Saves Effort The simple angle of the
handle makes you hold it right for quick, clean,
comfortable shaving the very first time. And
for cleaning, one touch takes it apart. Two
moves puts it together again.
Saves Time You can shave in five minutes
or less with a KEEN KUTTER. Compare this
with twenty minutes a day in a barber's chair.
Saves Money At fifteen cents a day, sev-
enty-three dollars a year for shaving starts you
thinking, doesn't it? Start shaving and saving
with a KEEN KUTTER. It costs but one
dollar to save seventy-three.
Sold by Retail Merchants Everywhere

LEAGUE ADOPTS NEW PLATFORM

Nonpartisans Declare Against Military Training; Called Prussianism

ST. PAUL, (AP)—Opposing compulsory military training in time of peace the national committee of the Non-Partisan League Thursday adopted resolutions declaring it is "Prussianism" and contrary to American principles. The committee favored a national bonus for soldiers sufficient to meet the difference in the amount the soldier received in service and the salary he received at home; the funds to be obtained by a special tax on the "billionaires made by munition makers and other war contractors." If this should prove insufficient, the committee urged an income tax large enough to amount to a condition of all above a reasonable income.

Other resolutions demanded withdrawal of American troops from Russia; condemned the use of injunction proceedings by the government in the coal strike; urged that labor should have a voice in the control of industry; approved the Plumb plan for control of railroads and amendments to the sedition law.

The national committee, which is composed of representatives of 13 states, extended a vote of confidence in the national executive committee, which is composed of A. C. Townley, president of the league; William Lewis, vice president, and F. W. Wood.

Willard to Answer Profiteering Charge

KANSAS CITY, Mo., (AP)—Jesse Willard, former heavy weight pugilistic champion, was arraigned before O. C. Clavin, Jr., United States commissioner for Kansas, in the federal building in Kansas City, Kan., today on a charge of profiteering in the sale of cordwood from his farm near Lawrence, Kansas. His preliminary hearing was set for January 3, 1920, and he was released on \$500 bond.

Wilson Allowed to Take Short Walks

WASHINGTON, (AP)—President Wilson is now permitted to walk about his room and along the adjoining hall for a short time each day, Rear Admiral Cary T. Grayson, his physician, announced today. The president, the doctor said, dresses himself and with the aid of a cane walks unattended.

SINCLAIR CASE IS LONG AND TEDIOUS

State Introduces Voluminous Testimony in Noteworthy Grand Larceny Action

The state's action against F. S. Sinclair is proving one of the longest and most tedious in the district court calendar. The state spent all of yesterday and the major portion of this morning examining the witnesses. Because it was late in the afternoon this afternoon shortly after the defense opened its case.

Sinclair, a Buhl man, is on trial charged with stealing and disposing of a quantity of alfalfa seed belonging to the Buhl Seed and Grand company. The property is valued, according to the complaint, at something over \$500.

A CLASSIFIED AD should be informative. If you are advertising real estate give the outstanding facts, briefly but clearly.

BIG BARGAIN IN HOTEL

A good building, having 26 guest chambers; also nice lobby, good dining room, good kitchen. All rooms are furnished complete and everything goes with the building and lot for the small price of \$11,000. This place has a steam heating plant and would cost to build and equip this place today more than double the price I am offering it at. It is located in a good, thriving town and doing a good business. Can be run as a rooming house or as a hotel.

TERMS—\$3,500 to \$4,500 cash, balance easy.

ALASKAN METROPOLIS TO CONSUME DOMESTIC COAL
FAIRBANKS, Alaska, (AP)—Fairbanks, the metropolis of interior Alaska, this winter, for the first time, will burn coal from the mines of the Nenana field south of here. The coal will be brought here by the United States government railroad. In the past Fairbanks has depended upon

wood for winter fuel. The portion of the government railroad between Fairbanks and Noyana was completed just as the close of the summer working season.

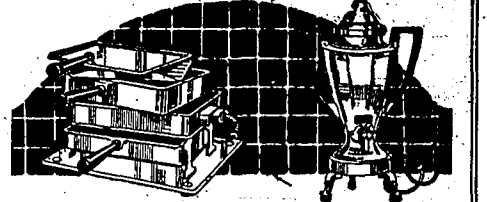

BOOSTS PRICE OF LEAD
NEW YORK, (AP)—The American Smelting and Refining company today advanced the price of lead from 6.90 to 7 cents a pound.

JERSEY CATTLE

We have the leading herd of Jerseys in Colorado, breeding mostly Majesty's, 50 in herd, and we have some coking good bull calves from 14 months, down, and they are for sale at right prices, and will be glad to correspond and describe what we have.

Most all our cows are either in Register of Merit, or will be tested. They are strong, and healthy, and we guarantee everything we sell. We have some of the best bred stuff in the U. S. and our prices are RIGHT. Also a few Duroc girls, of good stock.

A. M. McCLENAHAN, Greeley, Colo.

Get an Electric Percolator With Your Christmas Money

A SENSIBLE thing to have around the house that will add tremendously to the zest of the after-dinner cup of coffee.

Not until you have tasted coffee made in an Electric Percolator do you know how good coffee can really be. All the fine flavor of the bean, but none of the bitterness, is brought out in coffee percolated electrically.

A large assortment from which to choose.

CAMP SELECTS PLAYERS FROM MINOR SCHOOLS

Noted Football Coach Finds Player for All-American in Small Colleges

NEW YORK, (AP)—The progress made in football by the smaller colleges of the country during the season just closed is demonstrated by the selection of five of the eleven players forming Walter Camp's all-American team of 1919 from institutions with a student enrollment of less than one thousand. In fact Coe college, of Danville, Ky., which has less than two hundred students, is the only one honored with the naming of two players for the first combination. The three teams as placed by Mr. Camp in the current issue of Colliers Weekly, are as follows:

- 1919 all-American team 1919.
- First eleven:
 - End, Higgins, Pennsylvania state.
 - Tackle, West, Colgate.
 - Guard, Alexander, Syracuse.
 - Center, Weaver, Coe college.
 - Guard, Youngstrom, Dartmouth.
 - Tackle, Henry, Washington and Jefferson.
- Second eleven:
 - End, H. Miller, Pennsylvania.
 - Quarter, McMillin, Coe college.
 - Halfback, Casey, Harvard.
 - Halfback, Harley, Ohio state.
 - Fullback, Rodgers, West Virginia.
- Third eleven:
 - End, Weston, Wisconsin.
 - Tackle, Ingwerson, Illinois.
 - Guard, Desfield, Annapolis.
 - Center, Bailey, West Virginia.
 - Guard, Dupler, Illinois.
 - Tackle, Orjman, Washington.
 - End, Dumco, La Fayette.
 - Quarter, Strubing, Princeton.
 - Halfback, Trimble, Princeton.
 - Halfback, Oss, Minnesota.
 - Fullback, Braden, Yale.
 - Third eleven:
 - Pike, West Point, end.
 - Slater, Iowa, tackle.
 - Clark, Harvard, guard.
 - Callahan, Yale, center.
 - Frisley, Ohio state, end.
 - Cody, Vanderbilt, tackle.
 - Roberts, Coe college, end.
 - Boynton, Williams, quarter.
 - Steen, Oregon, halfback.
 - Gillo, Colgate, halfback.
 - Robertson, Dartmouth, halfback.

BOY WINS TITLE

PHILADELPHIA, (AP)—E. Ralph Greenleaf, of Willard, won the pocket billiard championship of the United States last night by defeating Edward I. Ralph, Hightstown, N. J., 125 to 53 in the national American Pocket Billiard tournament. Greenleaf has one game to play, but even though he should lose this match he would still win the title. He has won 8 straight.

TO RESUME BASEBALL

CHICAGO, (AP)—Northwestern University students last night decided to resume baseball as a major sport after an absence of three years from the "big ten" conference diamond contests. Wrestling also will be taken up. A tentative schedule of matches with the University of Wisconsin and the University of Michigan has been arranged.

GOPHERS CHOOSE LEADER

MINNEAPOLIS, Minn., (AP)—Trig Johnson of St. Paul, star lineman, was last night elected captain of the 1920 football team of the University of Minnesota.

Brief Bits of Sport

Jim Smiley, seagrubum sage, says, "Jno. Ault may be a freet when he says this is Edon, but it ain't no place to wear a hain!" but leaves."

Our idea of no newspaper a-tall—The "bulldog" edition.

Prisance a capitol city daily issued under Thursday's date, tells of a wrestling treat the fans are "going to go" the day before.

How would you like to be the French fighting champion and have to kiss a lot of bearded ring bugs?

Heff, stop your tickling!

Wild Bill Donovan, a real pitcher in his day, does not advocate the abolition of frank deliveries. Bill says, "let 'em stay, they help business."

Rowdy Elliott, last year with the Oakland club, is going back to the majors next season. Elliott was unable to show much with the Oaks last season, but he says he will be there with the linkin' belt next season.

Davey Hughes, Jimmy Wilde's manager, says his protégé made the mistake of playing an amateur game of slugging when he met Sharkey.

Also Hughes says Jimmy will engage in one more match and if his man makes no better showing than on the last occasion the pair will sail for Bonnie England.

Better make it easier next time, Davey.

Announcement from the coast indicates that Jacques Fournier and Jim Scott want to get on the Seattle club next year.

JOHNSON TAKES APPEAL

NEW YORK, (AP)—Counsel for Ban Johnson, president of the American Baseball league, has filed an appeal in the appellate court from the recent decision by Supreme Court Justice Wagner granting the New York American club a permanent injunction in the Carl Mays case. It was learned yesterday.

The injunction prevents interference with the use of Mays on the playing field. The appeal was filed Thursday, the last day on which it could have been made.

LOS ANGELES, Cal., (AP)—Jack Dempsey will soon be working out daily with two tough sparring partners, Jack Kearns, his manager, announced last night. Kearns said Bill Tate, who helped Dempsey train for his fight with Willard, is already on his way here from the east and that Martin Burke, a New Orleans heavyweight, will start west in a few days.

WHAT AILED WILDE TOLD BY MANAGER

Hughes Says Jim Tried Slugging to Please American Crowd—Falled

CHICAGO, (Special)—Jimmy Wilde the British flyweight champion, will engage in another combat in the United States, and if he does not make a better showing than he did in his fight with Jack Sharkey at Milwaukee he will return to his native land.

This was announced by Dave Hughes, Wilde's manager, who made no effort to hide his disappointment over the showing made by the young Englishman.

"It wasn't our Jimmy of England, that fought Jack Sharkey in Milwaukee," said Hughes. "It was Jim in person, but not the fighter. I have seen him in all his fights and never saw him take so many punches. Usually he feints and blocks cleverly, takes the play away from his opponent and does a lot of sidestepping. In this fight he just stood there and fought at Sharkey wanted hit into. Instead of stepping away he would mix when Sharkey mixed."

"Then, too, he tried so hard to please the American public, and both he and I were of the belief that unless you stand up there toe and toe and slug, you folks would hiss. Well, you know, Jimmy doesn't want to be hissed. He'll do better next time or we will return."

Here is talk of matching Wilde with Frankie Mason or Tremain of Cleveland.

ANOTHER A. E. P. CHAMP

ST. LOUIS, Mo., (AP)—Babe Asher, banantam champion of the American experimental force, won the newspaper decision over Zulu Kid of New York in an eight-round bout last night.

BURMAN OUT-POINTED

AKRON, O., (AP)—Jack Wolfe of Cleveland, was given the newspaper decision over Joe Burman of Chicago, in a 12-round, but last night. The men are bantamweights.

WINS BY KNOCKOUT

TUCSON, Ariz., (AP)—Kid Palmer of Douglas, knocked out Bert Colima of his way here from the east and that Martin Burke, a New Orleans heavyweight, scheduled ten round bout here last night.

American League Totters on Edges of Dissolution

Charles Comiskey Says Things Cannot Go On with Johnson in Command

CHICAGO, (AP)—Charles A. Comiskey, owner of the Chicago Americans, expressed the belief last night that unless there was a change in the presidency of the American league and of the chairmanship of the national commission, the league might not be in existence beyond next July 4.

"Conditions in the American league are awful, terrible," he said. "I insisted his faction had done everything possible at the New York meeting to settle the controversy amicably, but that President Johnson and his supporters refused absolutely to come to an understanding."

THE UNIVERSAL CAR

Remember, that when you bring your Ford car to us for mechanical attention that you get the genuine Ford service—materials, experienced workmen and Ford factory prices. Your Ford is too useful, too valuable to take chances with poor mechanics, with equally poor quality materials. Bring it to us and save both time and money. We are authorized Ford dealers, trusted by the Ford Motor Company to look after the wants of Ford owners—that's the assurance we offer. We are getting a few Ford cars and first come first to receive delivery.

WESTERN AUTO CO.

TWIN FALLS, IDAHO

Willard

STORAGE BATTERY

First Cost

We can't compete for battery business on price. Willard service does cost more, so does a Willard Battery. But isn't it true that if you hire a real engineer, or architect, or contractor, or carpenter, or mechanic, or doctor, or lawyer, that it saves in the long run?

We're in business to do the job right the first time—and that costs more than to fix it so it has to come over again soon after.

When we sell a Willard Battery with Threaded Rubber Insulation we charge more for it, but it doesn't come back as re-insulation with a big bill to you. It stays on the job till it has delivered all the service you bought—and generally a lot more than you'd believe possible.

Try it once—and you'll feel the same as 99% of all who own Willard Batteries with Threaded Rubber Insulation.

Drop in, glad to see you.

IDENTITY IN BEAUTY CONTEST IS MYSTERY

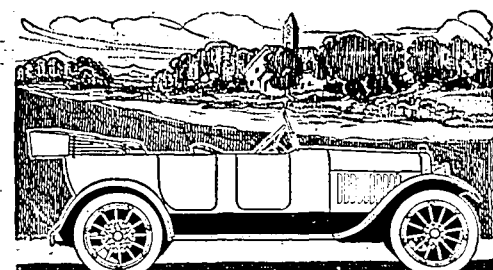

Maxwell Company Declines to Disclose Name of Person Pulling Down Prize

Telephone calls, dainty colored stationery and pretty envelopes have been repeating this question to the Johnson Auto Sales company, ever since Monday, when closing dates of the first automobile beauty contest ever held in America. The decision has been made. After a prolonged session during which time every one of the half thousand pictures were considered the judges in New York City finally handed down their final decision. But the name of the new queen of beauties must temporarily remain a secret. All efforts on the part of the Johnson Auto Sales company to obtain even confidential information from the judges have been unavailing. The old colonel himself who started all the argument, is having seven kinds of fits because the committee has refused to advise him just what they think of his judgment and his "most beautiful girl in 20,000 miles."

THE BURNING QUESTION "WHEN CAN YOU SHIP?"

"In most every producing center that is the means for buyers, it is not so much a question of selling the goods, but when can you make shipment?" says L. D. Foreman of the Intermountain Motor Car Company, local Kissel distributor. "This is especially true of merchants and buyers on small centers off the main line railroads, to whom transportation has become the big problem. The country merchant is doing a prosperous business these days. His merchandise is in keeping his shelves from becoming bare. In a certain community, 55 miles from the nearest railroad transfer point on the main line of one of the railroad systems, this uncertainty of receiving their merchandise and supplies became so acute that the merchants called a meeting with the following resolutions: "By having their goods shipped to the transfer point only, they could get a better rate and a better shipping schedule. Then instead of waiting for the goods to be shipped 55 miles to the wide line to their town, they bought three motor trucks and by operating them on a joint basis, they found they could get their merchandise into their stores much earlier and oftentimes at a lower cost. As it was time, and not expense they wanted to cut down, their trucks soon paid for themselves. Especially when they were loaned out to farmers when not employed in the regular transport work."

Why a Chalmers Starts Quickly on a Cold Day YOU can let a Hot Spot Chalmers stand in the cold all day and then step on the starter button and—almost instantly—the engine is running. No long wait, no running down of the battery, no lost temper. Instead, quick action. In a few moments the engine is running with rare smoothness, minus backfire and "coughing." It is "firing on all six." Hot Spot and Ram's-horn are responsible for the quick starting in a Chalmers. Hot Spot vaporizes the raw gas to a fine point; and Ram's-horn hurries it quickly and evenly to the cylinders. So that there is full ignition and hence quick power and smooth power. Price \$1685 f. o. b. Detroit. JOHNSON AUTO SALES COMPANY DISTRIBUTORS TWIN FALLS, IDAHO Phone 50 214-220 Shoshone St. E.

ALBERTA LANDS 530,000 Dry and Irrigable Acres

Lands are located in Southern Alberta and are among the best in that famous district, 200,000 acres will be under irrigation. The balance is being sold for grain growing. The lands are being put on the market for the first time and the company is looking for bona fide settlers. All lands within a radius of ten miles or less to shipping point. The lands are being sold at \$15 to \$20 per acre—irrigable lands \$40 to \$60 per acre, which includes water right—operation and maintenance charge \$1.50 per irrigable acre per year—easy payments and low interest. Alfalfa, grain, field peas, potatoes and root crops can be successfully grown. Write direct to the company for full particulars and pamphlet. Canada Land & Irrigation Company, Ltd. Lethbridge Alberta, Canada Medicine Hat

MEMBERSHIP PUSH PLANNED BY POST

American Legion Men Select Teams to Carry on Increased Enrollment Campaign

At a meeting of Twin Falls post No. 7, American Legion, held last night, plans were effected for the early launching of a campaign for membership. Teams are to be selected for the "rush" with Carl De Long in charge of one and Clyde Simpson in charge of another. Operations are to open January 1.

Representatives of Victory Local, Machinists, appeared at the meeting of the Legionists. Explanation was made that a regular election of officers would be held in January. The post is in a stall, warranted by the machinists to try and effect a conciliation meeting between the garage shop workers and employers. This matter was referred to a committee for action and report at the next meeting.

High School News

Organization of a boxing and wrestling club has been begun among the boys of the high school. The purpose of stimulating interest in the sports and giving the boys opportunity to develop skill. D. L. Soboy will direct activities of the club, which has nearly 30 members enrolled at present. Two or three nights a week will be given over to coaching of the boys and it is contemplated that inter-school bouts will be staged in the next months. A 14 by 14 mat has been ordered which will cost \$250. It is planned to stage an evening's entertainment of wrestling and boxing after the holidays have been over, the time to defray the expense of the mat.

COUNCIL MEETS

Several important matters were discussed at this week's meeting of the student council, chief among them being the preparation and adoption of a constitution by which it will proceed in the deliberations of the future. The question of granting letters to the football players of both varsity and second teams ended in the approval of recommendations made by the coaches for the varsity men qualified to be so honored. Members of the council who were recommended for reserve letters were also approved. These letters will be distributed and the winning players' names announced at the student body assembly on next Wednesday.

A change was made by the council in regard to insignia for debaters and declaimers who represent the school in inter-scholastic public speaking contests. Heretofore, students successful in forensics have been awarded letters, different than athletic letters. It is the policy of the council to substitute pins or medals as awards for the public speakers in the future.

HOOP ELIMINATIONS

Basketball coach E. P. Natsinger, assisted by G. B. Dezman and D. L. Soboy, is engaged in trying out about 20 members of the varsity squad. This squad is composed of players who had some basketball experience or who have shown ability thus far in the season. Short games are being played daily in which the weeding-out process is determining the personnel of the first team in its coming games. Boys who are in the varsity squad are Schwarz, Roy King, Wikstrom, Epler, Carter, Irwin, Mack, Kubus, Newman, Watson, Phillip King, Taylor, Putzier, Yechem, Robinson, Garrison, Bailey, Krengle, Horst and Ohannell.

The season's schedule has not yet been completed, as there is some schools who have not replied to a request for game dates. It is probable that the schedule will be arranged by next Monday.

ATHLETICS NIGHT

"Athletics night" at the High School Boys' club meeting last evening was featured by several boxing matches and other forms of physical exercises. Because of other attractions, the business which was to have been transacted at the meeting was postponed until next week, when more members could be present.

The girls' class basketball tournament in drawing to a close, with the Juniors practically assured the class pennant which will be awarded on next Wednesday, while the Sophomores have a tight hold on the cellar championship. Yesterday the Juniors defeated the Freshmen and the Seniors beat the 8A team, making the class standing as follows:

Team	Won	Lost	Points
Juniors	3	1	1,000
Seniors	2	1	666
Freshmen	2	2	500
8A	1	3	333
Sophomores	3	3	500

Two remaining games will be played Tuesday afternoon.

Low Priced Clothes Seem Mythological

CHICAGO, (AP)—Executives of five of Chicago's leading retail stores yesterday fixed a "fair price" list for clothing. A man's suit should sell for \$24.60, they announced, and other articles in proportion.

A newspaper reporter, sent out to buy one of the \$24.50 suits reported today, after two days' effort, that it could not be done. "The best I could find," he reported, "was one place where they offered me a cut price suit—just reduced to \$24.50."

Not Long Since Folks Spurned Torrid Weather

BUT a few short weeks back Twin Falls folks loved themselves freely with Snake river fluid in desperate effort to restore normal blood temperatures, said temperatures being in a rigorous race with the coast of living.

In those torrid times we prevailed for frost.

"Although 'tis but a short hark to that time, conditions are widely different—about 110 degrees Fahrenheit, to be exact.

Now we suppliantly kneel and implore the thing spurned before.

Goah, ain't men ever satisfied! But the sun shines lustrely again and inspires the weather dispenser to promise "not so cold in another portion of Idaho; fair tonight and tomorrow."

Some hope for the local coal situation, at that.

There was but 25 degrees variance between top and bottom of the weather here in the past 24 hours, the apex of the mercury being 17 above yesterday, with 11 below recorded for low during the night.

CONSTABULARY HEAD HERE AS A WITNESS

State to Rely Largely upon Official's Testimony in Illegal Possession Case

F. M. Breschens, superintendent of state constabulary, will be the principal witness in the state's action against J. H. Swaim, soon to be tried in the district court. The official is expected to arrive in Twin Falls and will remain here attending court and looking after official duties several days.

Superintendent Breschens, according to an affidavit filed in connection with the complaint against Swaim, alleges that on morning during the period of the county fair last fall, he encountered Swaim in the Grill cafe when, according to the affidavit, Swaim displayed a bottle of whiskey, small drinks from which he offered to sell patrons of the place at 10 per drink. It is understood the superintendent constabulary was urged to participate in a \$1 libration. Swaim's arrest was made by Superintendent Breschens.

WOODMEN ELECT

At an election meeting of the local camp of Modern Woodmen, held last night, the following officers were chosen for the ensuing term:

J. T. Patton, venerable consul; Lee Ashton, worthy advisor; Paul Smith, clerk; Owen McEwen, banker; I. A. Appoll, escort; George Stines, watchman; Leon S. Ayotte, secretary; E. E. Hodges, I. A. Appoll and J. A. Van Meter, trustees; W. F. Pike, C. Q. McGinnis, H. W. Wilson, H. W. Clouchek, C. A. Emce and T. S. Wasson, physicians.

MUST VACATE PREMISES

E. H. Adams, defendant in an ejectment action brought by E. A. London in the probate court yesterday, must deliver possession of premises owned by the plaintiff, and must also pay all the costs of bringing the action. This decision was reached by W. B. Mallory, justice of the peace, seated in the probate court yesterday. Adams has been leasing a residence owned by London, and of which the owner demanded possession some time ago, the request being declined.

SHOOT AT BIRDS, BUT KILL STOCK IS CLAIM MADE

Hides of Valuable Animals Testify to Carelessness of the Hunters of Game

Just how much livestock was destroyed or injured during the slaughter of Chinese pheasants, last month, authorities are not able to say, but indications are that many animals, horses, cattle and sheep, were at least badly peppered with birdshot during the foray in the Twin Falls district.

That considerable valuable livestock was killed by careless hunters seeking feathered game is indicated by the arrival on the local market of hides taken from animals destroyed by hunters. P. J. Pilsdter, of the Twin Falls Hide company reports having received the hides of two horses and the pelt of one thoroughbred sheep during the past week, so destroyed.

LUMBER COMPANY

RUSH FOR FUEL CARDS HAS SPENT ITS FORCE

Business at Coal Administration Office Now Moderately Slow

At the municipal administration department this morning business was moderately slow, less than 50 applications for fuel cards being served up to noon. Yesterday the applications totaled 100.

The administration was informed that four cars of coal were in town, but that only three of these could be reached for unloading until the rail road company furnished a switch engine to "spot" one car at a convenient place. Two available cars are in line in variety, the other being lump. The fourth car is cgg coal.

One retail fuel firm this morning advised City Clerk W. A. Mizinick that invoices had been received for 10 carloads of coal from Utah. Ordinarily carload shipments from Utah are made in seven days. At present movement is being postponed and receiving points consumed at least double that length of time.

PUPILS LIBERAL IN PURCHASE OF SEALS

Students in Local Institutions Expend \$139.32 in Christmas Drive

Pupils enrolled in the grades and high schools of Twin Falls yesterday purchased Christmas anti-tuberculosis seals amounting to \$139.32, according to reports turned in to headquarters by the canvassers. The purchases were made as follows:

Lincoln school, \$39.79; Washington school, \$39.55; Bickel school, \$30.50; high school, \$29.48. The campaign was managed by the Red Cross Seal committee with sub-committees canvassing the rooms of the schools.

JUDGMENT FOR PLAINTIFF

In the probate court yesterday afternoon, with Justice of the Peace W. B. Mallory seated as substitute probate judge, O. P. Duval being ill, verdict was rendered in favor of U. D. Thomas & Son in an action against J. H. Mitchell for restitution of premises. The finding carries judgment for rent and exemplary damages.

ARTICLES ARE FILED

Articles of incorporation were filed yesterday afternoon by the Equity Auto & Machine shop showing \$10,000 capitalization, of which the incorporators, Richard Woodward, Harry S. Hogan and Edwin Brown, hold 15 paid-up shares at a par value of \$10 each.

The House of Kuppenheimer Clothes

**We Can't Keep Up
With the Demand**

For sixty years there has been a constantly increasing demand for Kuppenheimer Clothes. And this year the demand is greater, by far, than ever before.

The Kuppenheimer suits and overcoats that we get are being sold almost as fast as they come in. We simply can't get enough to supply the tremendous demand.

A few Kuppenheimer garments are in now—you may find your size among them.

But even if you have to wait a short time for your Kuppenheimer suit or overcoat, you'll find it well worth your while. In these times, when good clothes are so scarce and inferior clothes so plentiful, it pays to be sure of what you're getting.
