ENVOY SECURES DELAY ON ACTION OF DRAFTS

Questions of Economic Advantage and Emigration Believed to Be at Bottom of Nipponese Dissatisfaction

PARIS, (AP)—Japan's representatives in the supreme council have objected to the form of the mandates under which the former German colonies in the Pacific would be administered.

The question of mandates was taken up today by the council, which considered the drafts that had been prepared and adopted two giving mandates in Africa to Great Britain and Belgium.

Type C developed the objections on the part of Baron Matsui. He found that they gave Japan less advantages than she had enjoyed in those colonies under the German rule.

Details Not Disclosed The details to which the Japanese representative objected were not disclosed but it is assumed here that the question of the migration of Japanese to the colonies which would come under the mandate of Australia was involved.

GOVERNMENT TIGHTENS UP RESTRICTIONS ON EXPORT OF MUNITIONS TO MEXICO

State Department Announces Revocation of Licenses for Shipments of Arms to Neighboring Republic Issued by War Trades Board Prior to Last September; Official Statement Says Situation is Not Changed but Stricter Regulations are in Prospect

LANSING TAKES ENTIRE CHARGE OF TRADE IN MATERIALS OF WARFARE

WASHINGTON, (AP)—Revocation effective January 1 of all licenses issued by the war trade board prior to last September 30 for the exportation of arms or munitions of war to Mexico, was announced today by the state department.

It was stated officially at the state department that the situation regarding the exportation of arms to Mexico was not changed by the order but it was learned that the government intends to impose even sharper restrictions on the exportation of arms and munitions to Mexico than its heretofore.

The announcement follows: "The secretary of state directs that outstanding unused licenses issued prior to September 30, 1919, by the war trade board or the war trade board section of the department of state for the exportation to Mexico of arms or munitions of war shall be revoked effective January 1, 1920.

By virtue of the authority vested in him by the proclamation issued by the president on July 12, 1919, under section 2 of the joint resolution of congress approved March 14, 1917, and under an act of congress approved June 15, 1917, the secretary of state, prescribed that no arms or munitions of war shall be shipped from the United States to Mexico except under the license of the secretary of state.

Wilson to Set Date For Return of Rails

WASHINGTON, (AP)—President Wilson will announce tonight the date on which the railroads will be returned to private control.

Neither the white House nor the railroad administration would discuss the matter but administration officials generally held to the opinion that federal control would be lifted at midnight, December 31, as the president stated it would be in his message to congress last May.

Director General Hines is understood to have under consideration a recommendation to the president that government control be ended with the close of this year.

WILSON CALLS MEETING OF INVESTIGATING BOARD

Inquiry Promised Operatives in Agreement to End Strike is Scheduled to Begin on Monday Next

WASHINGTON, (AP)—President Wilson today issued a call for a meeting here Monday of the special commission appointed to investigate wages and prices in the bituminous coal industry.

PITTSBURG, Kan., (AP)—Early reports show that not all of the Kansas coal miners who walked out yesterday were eager to return to work.

All Kansas miners striking in protest against the sending to jail of their president, Alexander Howat, were ordered to return to work by district officials this afternoon.

WOMEN PROTEST PHILANTHROPIC INTERVENTION

Mexican Feminist Council Registers Objection to Foreign Program of Childhood Conservation League

18. WOMEN
MEXICO CITY, (AP)—Resolutions of protest against "projected philanthropic intervention in Mexican affairs by the recent reformed Childhood Conservation League of the United States," was adopted at a meeting of the Mexican Feminist Council Tuesday night. The league, which, it is said, "proposes with the financial backing of a group of the largest and best known magnates of the United States to spend two million to four million dollars annually on charitable propaganda in Mexico," is said to be a "far sighted scheme to bring about ultimate intervention in Mexico."

Own Best Judgement
Senora Elena Torres, general secretary of the feminist council, gave the following statement to the Associated Press:

"Mexican women found Mexico itself to be best able to judge its own needs and to find a way to satisfy them in due time. Outside aid, however well meant, is not to be desired. "Those desiring to spend money to relieve temporary strictures in Mexico incident to the ten year revolution may find means through Mexican institutions already organized and for that purpose. Above all, before seeking external objects of charity, those benevolently inclined United States citizens should take care of those 3,000,000 children which the 1919 report of the children's bureau at Washington declares are living annually in the United States from hunger and malnutrition."

See Strike Backing
The Mexican feminist council also holds that those persons financially supporting the movement are the same individuals who have agitated most intensely in favor of an intervention in Mexico. Financiers leading the list of patrons of the so-called childhood conservation league are those bankers, all barons, philanthropists and notable men who have prominently in social and association for the protection of American rights in Mexico.

The Mexican secretary of the new charitable organization, but better known as a confidential secretary to financial magnates than an organizer of benevolent institutions, was at work purely in the interest of the league while making a recent trip through Mexico. It is frankly stated the league's objects are the establishment within ten or fifteen years of a state of complete sympathy of the United States in the minds of the beneficiaries of this enterprise who would be impregnated with new culture and new patriotism which would train them to acceptance rather than revolt against possible armed intervention in Mexico. The effect upon the minds of the unsuspecting masses of such an annual expenditure of money in Mexico by the United States would forward the sinister purposes of the interventionists who thus could convince those people that Mexico was unable to take care of her own people and her own citizens without outside assistance.

Calls for Resistance
"The Mexican feminist council calls upon every Mexican citizen, man and woman, to resist this overt attack upon national self-respect and dignity and to find some means themselves of solving pressing problems of national reconstruction."

NEWARK SCHOOLS DROP "MERCHANT OF VENICE"

Eliminate Classic Because of Its Effect on Minds of Non-Jewish Children

NEWARK, (AP)—Shakespeare's "Merchant of Venice" is to be dropped from the literature studied in the Newark public schools because of its effect on the minds of non-Jewish children. In approving today a request from the Anti-Defamation league of Chicago that the play be banned, the board of education's instruction committee said that its action was based neither upon the "embarrassment which may be caused Jewish students in the class, nor upon the play's sensitive nature," but because non-Jewish children "unconsciously will associate in their minds the Jew as Shakespeare portrayed him with the Jew of today. "Children are not analysts," said a statement issued by the committee. "The Jew of Shakespeare lives in the mind of the child as the Jew of New York or the Jew of Chicago or the Jew of Newark."

OREGON FARMERS REJECT ADVOCATE OF ALLIANCE

Repudiate J. D. Brown and His Plans for Union of Labor and League

WEISER, (AP)—Oregon members of the Farmers' union have repudiated the political leadership of J. D. Brown, who is well known in Weiser and Washington country through his organization activities here for several years. Mr. Brown has been turned out of the presidency of the union and the ideas he strongly championed have been rejected. President Brown favored an alliance of the Farmers' union with the Non-partisan League and the State Federation of Labor. At the recent meeting of the Farmers' union at The Dalles, President Brown in an address strongly advocated endorsement of the Non-partisan league. Before the convention ended resolutions were adopted strongly condemning the league. At E. Shonary, of Milton, was elected as Brown's successor.

PERSHING'S CHRISTMAS TO BE SPENT AT LINCOLN

Commander of American Expeditionary Forces Returns to Former Home

LINCOLN, Neb., (AP)—General John J. Pershing came to Lincoln today for a holiday visit with members of his family.

More than a quarter of a century ago he made this city his home. Then he was a law student at the University of Nebraska and commandant of the University cadets and was known as "Young Shonary." He returned today an international figure, some of whose friends here declare they are bent on "drafting" him as a republican candidate. General Pershing with his 10 year old son, "Sergeant" Warren Pershing, and the latter's aunt, Miss May Pershing, arrived shortly after 10 o'clock this morning from Lincoln, Mo., the general's birthplace. They were accompanied from Omaha by Governor Samuel R. McKelvin, Mayor J. E. Miller of Lincoln, and state representative committee headed by State's Adjutant General H. J. Paul.

PERSHING SCHEDULE FOR INSPECTION TRIP GIVEN

WASHINGTON, (AP)—General Pershing's tour of inspection of military posts in the Far West and along the Mexican border will end in the middle of February. The official program for the last half of his trip, made public here today, follows: Leave Chicago January 4, Kansas City Jan. 10; Denver Jan. 14; Salt Lake City Jan. 16; Portland Jan. 18; Seattle Jan. 19; Sacramento Jan. 23; and San Francisco Jan. 24.

PERSHING TO BE GUEST OF SALT LAKE LEGION

Accepts Invitation to Make Brief Stop at Utah Capital on Tour of Western States

SALT LAKE CITY, (AP)—General John J. Pershing, commander-in-chief of American armies in France will be the guest of Salt Lake City and the local American Legion post for 12 hours here today, following his arrival here today. The invitation to include Salt Lake City in his tour of western cities was sent him recently and word of his acceptance has been received from his aide de camp, Colonel Marshall. While in Salt Lake City, General Pershing will inspect Fort Douglas and the enemy internment barracks there. After the inspection of the fort it is planned to hold a large street parade and in the early evening the general will address public gathering at the Mormon tabernacle. From Salt Lake City General Pershing's party, which will consist of nine other officers, will continue westward.

KANSAS PLANS END OF STRIKES BY LEGISLATION

Lawmakers Called in Special Session Consider Numerous Plans for Solution of Industrial Problems

TOPEKA, Kan., (AP)—Preparatory to the meeting of the Kansas legislature in special session on January 5, members of that body have under consideration numerous plans for a state law which will meet the requirements of the present industrial situation, brought to an acute head by the coal strike. Gov. Henry J. Allen in his proclamation calling the special session, has asked the legislature to formulate some method whereby disputes between employees and employers in essential industries may be settled without a complete curtailment of production, caused by strike or lockout, pending a settlement of the dispute. Arbitration of these disputes, Governor Allen declared, has proven inadequate. Some other plan in the operation of which neither party of the dispute shall have a final vote, must be devised, he stated.

Three Dominant Policies

The administration legislative program as proposed will include three dominant policies. The first is industrial control will be urged, it is said, with a possibility that the legislature may undertake the establishing of such an institution itself, and also recommend such as a solution of the current problem on a national basis. Profit-sharing laws will be second. Recourse by the public may be secured through a bill providing for a jury determination of profits. Another course in this particular may be through a commission or license system to retail prices and affecting tradesmen, middlemen and producers.

To Revise Compensation

A third provision, considered of vital importance is for a new workmen's compensation law. A commission was appointed by the governor, at the request of the last legislature, which met the first part of this year, to investigate the operation of the present workmen's compensation law and to report recommendations for its revision or a new law. Hope that the interests of the general public will be fully considered by the committee on the fact that its personnel includes a wide variety of trades and professions, with men of agricultural interests predominant.

CHRISTMAS DAY TO BE QUIET AT WHITE HOUSE

President Expects to Spend Some Time Out of Doors in Wheel Chair

WASHINGTON, (AP)—Christmas day at the White House will be a quiet one. Dining in President Wilson's dining room, grandchildren will not come to Washington and consequently there will be no Christmas tree. The White House, however, will not be decorated as usual, the report received from the placement of poinsettias, holly, mistletoe and evergreen. The president will eat his Christmas dinner in his room. It will be served by Mrs. Wilson. Rear Admiral Grayson, the president's physician, will spend most of the day at home with his family and there will be virtually no restrictions in the menu to be prepared for Mr. Wilson. The president will spend some time out of doors in his wheel chair. Tomorrow morning, Mrs. Wilson will distribute presents to friends of the family and to children who live on the countryside along the route to the country club in nearby Virginia where the president has played golf since he has been in the White House. Hundreds of presents and cards have been received at the White House, a large number being delivered today.

HUSBAND OF MAUD TABOR FACES MURDER CHARGE

Statements of Dead Woman's Mother Said to Complete State's Case

LAWTON, Mich., (AP)—Joseph C. Virgo, husband of Maud Tabor, will be arraigned on a charge of murder, prosecuting Attorney Warner indicated last night when he stated charges made by Mrs. Sarah Tabor, that Virgo performed an illegal operation on her daughter before the latter's death, completed the state's case against the accused man. Mrs. Tabor is involved on the charge of being an accessory after the fact, according to the prosecutor. The body of Maud Tabor was found in a trunk in the Tabor home on November 30, about three years after her disappearance. It developed that Virgo had married her his fifth wife, and Mrs. Tabor declared in a signed statement made public yesterday that Virgo told her he did not want any children.

In her statement Mrs. Tabor said she slept beside the dead body seven days, when Virgo placed it in the young woman's "hemp chest" and hid it in the cellar, the authorities declare. In the coroner's inquest the aged mother denied that an illegal operation had been performed.

HALTS FENCE BUILDING AT WILHELM'S NEW HOME

Burgomaster of Doorn Refuses to Permit Encroachment on Public Highway

DOORN, Holland, (AP)—The burgomaster of Doorn, at last halted, at least temporarily, the erection of a high fence along the roadside about the home of Doorn, the future residence of the former German emperor. There is no wall about the estate, such as at the Buxtehude castle at Amersfoort, the present home of William Hohenzollern. It was found, however, that the fence encroached on a public highway and, for this reason, the burgomaster ordered its construction stopped.

The former monarch is expected to take up his residence here in February. The work of remodeling is well under way as the house has been vacated by the Baroness von Heemstra de Benfont, its former owner. A new central heating plant is to be built; the farm house is being refitted as a residence for the former emperor's staff, with accommodations for 16 and the house of the gardener will be arranged as an administrative office. Most of the employees who worked for the Baroness van Heemstra have been employed by Count Hohezojleren.

Because of the cold weather lately, most of the employees who worked for the Baroness van Heemstra have been employed by Count Hohezojleren. Because of the cold weather lately, most of the employees who worked for the Baroness van Heemstra have been employed by Count Hohezojleren.

Chinese Storekeeper Laughs at the High Cost of Living While Advantages are at Stake

HONOLULU, T. H., (AP)—Lee Kung Foc, Chinese storekeeper, father of seventeen children, fourteen of whom are living, and have received or are receiving every educational advantage, laughs at the high cost of living. Lee still is supporting the seven younger members of his family and some grand-children as well from the proceeds of his small shop in this city. Four of his sons served the United States during the war, two as commissioned officers in the army, one in the navy and one as a private in the army.

ASKES FOR LEGISLATION TO SECURE HORSES FOR WAR
WASHINGTON, (AP)—Legislation to enable officers and enlisted men to participate in government expense in horse shows and fairs both in this country and abroad, was recommended by Secretary Baker in a letter received today by Chairman Wadsworth of the senate military committee. Mr. Baker said the department planned to enter a team of American officers in the

mounted-military contest in the Olympic games at Antwerp and the International Horse show in London in 1920. The secretary said he believed participation of officers in those contests would encourage the breeding of horses suitable for military purposes. THE FIRST CHRISTMAS MESSAGE

Two chapters of the Bible contain what might be called the "constitution" of Christianity.

They set forth the fundamentals of the Christian faith, and at least once a year is not too frequent a reading of those two chapters.

They are the second chapter of the Gospel of St. Luke, and the twelfth chapter of the Gospel of St. John.

The civilization of 1900 years is based on those two chapters, telling of the birth and resurrection of Jesus Christ. They contain the essentials of Christianity.

The original Christmas message has never been improved upon and never will be. It is contained in five verses of the second chapter of St. Luke. Here it is:

And the angel said unto them: "Fear not, for behold I bring you good tidings of great joy which shall be to all people.

For unto you is born this day in the city of David, a Saviour, which is Christ the Lord.

And this shall be a sign unto you: ye shall find the Babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the Heavenly host, praising God and saying: "Glory to God in the highest, and on earth peace, good will toward men."

Millions of sermons have been based upon those five verses; millions of editorials have been written around them; millions of Christmas greetings have had them for their foundation.

Yet the message never grows old; it never loses by repetition; it never fails to be "good tidings of great joy" to the man who will lend ear to it.

What the constitution of the United States and the Declaration of Independence are to the American nation, these two chapters of the Bible are to all humanity.

As a preparation for Christmas day there is nothing to equal a quiet reading of the second chapter of St. Luke.

THE PEACE TREATY BALLOT

Following the armistice, the representatives of 28 nations, including our own, drew up and signed at Paris a peace treaty with Germany, Part I being the league of nations covenant. This was also signed under compulsion by Germany.

During the special session of congress that ended on November 10, a series of 15 resolutions to this treaty and covenant was adopted by the senate on recommendation of the foreign relations committee. When the ratifying resolution came to a vote of the senate, however, a two-thirds majority being necessary for adoption, it was defeated; 41 senators voted to ratify with reservations, 39 to ratify without any reservations, while 15 voted against ratification on any conditions whatever.

This is a democracy and in the end the will of the people will be acted upon by our representatives in Washington. To test public sentiment on this most important question of modern times, The Twin Falls News asks its readers to state their attitude by checking that one of the following statements which expresses their views:

- Check here
1. I favor compromise on reservations with immediate ratification of the Peace Treaty and the League of Nations Covenant.
 2. I favor ratification, but only with all the Lodge reservations.
 3. I favor ratification, but only without any reservations.
 4. I am opposed to ratification in any form.

AMERICAN IMPORTERS WAX FAT AS FOREIGN EXCHANGE RATE FALLS

Sellers in Markets of Great Britain, France and Italy, Accept United States Coin in Terms of Own Depreciated Currency but Must Pay for Purchases with Inflated Dollar

NEW YORK, (AP)—American importers new purchasing goods in England, France and Italy for shipment to the United States are waxing fat as a result of the depreciation of the pound sterling, the franc and lire, according to stories now going the rounds of the New York wholesale district.

The only "fly in the ointment" for the American buyers abroad is the fact that, by a presidential order several weeks ago, United States consuls are required to keep tab on big purchases, ascertain the selling price and cable these facts to the United States custom authorities. Then, by figuring the rate of exchange on the date of purchase, the government is enabled to set a proper value upon the goods for the collection of import duties. A cost of claims passes upon what are alleged to be unfair purchases.

Status of Situation
The situation is said to be somewhat like this: An American buying pound sterling, say, on December 12, needed to pay in American money only \$3.00 for British currency normally worth about \$4.17. Now he goes to a factory in Nottingham, Eng., to buy lace, and there, although prices of course are higher than before the war, he pays for them in this depreciated British money and makes a "handsome" profit. Then he ships the lace to the United States where, by reason of the inflation of the American dollar, they are retailed for from 100 to 150 per cent above pre-war prices.

Effect in France
The same importer, on the same date, we will say, goes to France. In Paris he has exchanged his American dollars for francs. Normally there are 6.18 1/2 francs to the dollar, but now he finds one yankee "simoleon" will buy 11.52 francs, over 100 per cent more than before the war. The price of silks has

gone up, but he goes to Lyons and there, with his depreciated French money, he buys more than he has ever bought before at "bargain" prices. The silks reach New York, where they are sold to the consumer at double their former retail price.

Next this importer visits Italy, where he finds the lira, 5.18 1/8 of which like the franc before the war could be bought for one American dollar, now a vast discount. In fact, he receives 13.47 lire for one American dollar and, well financed, goes to Naples where he negotiates the purchase of tapestries costing, of course, more than in 1914, but in reality cheaper when purchased with the present Italian currency.

Worse in Central Region
The same financial conditions exist all over Europe and in the former central empires, of course, they are reported much worse. In the allied countries, however, where there is national stability and greater ability to pay, the depreciated money is effecting some strange changes. A dinner which, before the war, in Paris could be had for an annual sum, now costs from 20 to 50 francs.

American manufacturers, meanwhile, who desire to sell their products abroad are demanding payment in American dollars at par. Recently the Belgian government, it is said, bought twenty American locomotives, for which payment instead of being in Belgian money was demanded in American dollars, thus adding from 15 to 20 per cent to the manufacturer's normal profit. Naturally this discourages foreign buying.

Anticipates Normal Conditions
On the other hand, a big American locomotive concern, apprehensive of the turn of political affairs abroad due to delay over the peace treaty, is reported practically to have cancelled all

foreign advance orders. Such orders, calling for delivery in three, six, or nine months, are said to be practically non-existent in the locomotive trade. Similar conditions exist in other industries. That is why American manufacturers have been saying: "If the peace treaty is not soon signed it will mean the complete loss of our foreign trade."

Bankers Study Problem
There are committees of the most prominent United States bankers and business men, representing the American Bankers association, the United States Chamber of Commerce and the International Trade Conference, who have been at work on this problem of foreign exchange for months and who will be soon to remedy the present situation as well as the peace treaty becomes a fact for the American nation.

GERMANY'S ATTITUDE IS THEME FOR CONFERENCE

Peace Council Hears Statement of Secretary on Visits to Hun Envoy

PARIS, (AP)—The subject of Germany's attitude on the question of signing the protocol to the peace treaty came up in the supreme council at this morning's session, presided over by Premier Clemenceau. The council based the explanation given by Paul Dutasta, general secretary of the conference of the two visits paid him yesterday by Baron Kurt von Lentner, the head of the German mission.

Paris dispatches Tuesday announced the delivery of the allied reply to the latest German note on this subject. After receiving it the German plenipotentiary stated that he would be obliged to return to Berlin to consult his government, but later it was announced that the Germans had decided to remain in Paris.

SEEKS PROPER BALANCE OF GRAIN WITH ALFALFA

LOGAN, Utah, (AP)—Experiments as to the most profitable amount of grain to mix with alfalfa hay for fattening cattle are being conducted by the Utah Agricultural College here. Fifty head of two-year old southern steers were recently purchased by the college and are being used in the experimental work.

This will be the first of a long series of cattle feeding experiments, according to Dr. W. F. Carroll, professor of animal husbandry under whose supervision the tests will be carried out.

FORMER SLAVE SPREADS CHEER

Aged Negro Holds Annual Reunion of Veterans of the Confederacy

ATLANTA, Ga., (AP)—Bill Yopp, former slave, held his annual reunion at the soldiers' home here today with the old warriors of the confederacy, and Bill, as usual, brought along a little gift for each of them.

The aged negro has been providing the gifts for years, partly with his own money and partly from dimes collected around his home near Marion where he has become known as "Fifty Cent Bill." Last summer the Georgia legislature in making appropriations for 1920 provided a special fund to carry on Bill's work, and as this is probably the last time the old darkey will play Santa Claus at the home, Governor Dorey and other state officials arranged to be present. Bill started his custom of brightening Christmas for the old soldiers when he returned to Georgia ten years ago and found that his old master, Captain Thomas M. Yopp, was an inmate of the home. Bill had been all over the world, he says, starting out as a sailor shortly

after the war, and working as a dining car chef and then in private homes of the north. He talks of strange eastern ports and of great cities he has seen, but most of all he likes to tell of what a soldier his "ole master" was. Captain Yopp, whose 93 years have pinned him almost helpless to his bed, tells a story too at Christmas. It is of how Bill, then his 16-year-old boy servant, rescued him wounded from the battlefields and nursed him back to strength.

Office furniture and appliances, if in condition for use, are marketable. Don't just "store" things that you no longer need—for they will bring cash if advertised in the classified.

BOXING SEEKS PLACE AMONG SCHOOL SPORTS

Proposal for Introduction of the Game on Schedules Looms Big at Meet

NEW YORK, (AP)—When the National Collegiate Athletic association held its annual meeting here on December 20, one of the subjects to be discussed will be a proposal to introduce boxing as an intercollegiate school sport. College physical directors said today that boxing, probably more than any other sport, received a "tremendous impetus" during the war and that there is a general demand among students for the adoption of the "Manly Art."

Dr. R. Tait McKenzie, head of the department of physical education at the University of Pennsylvania, is among the leaders in the movement.

PHILADELPHIA, (AP)—The adoption of boxing as an intercollegiate sport will be urged by University of Pennsylvania athletic authorities at the meeting of the national collegiate athletic association in New York next week. In making this announcement today, Major M. J. Pickering, graduate manager of athletics at Pennsylvania, said he favored three rounds of ten minutes with two minutes to each round. This, he added, would be long enough for the average college boxer.

Major Pickering said there should be two judges and a referee for those bouts, the right of decision to be reserved for the judges, and in case of a deadlock of opinion, the referee's decision should decide, or if the bout is unusually close, it should go an extra round.

GAINER DROPS BACK
 BOSTON, (AP)—Del Gainer and Paul Smith were sold by the Boston Americans today to the Milwaukee American association club, it was announced last night. Gainer came to the Red Sox on a waiver from Detroit. In 1914 and 1915 he first batted as a catcher, primarily as a utility man. Smith is an outfielder. After coming to Boston from Montreal in 1917, he was called into military service.

PROMISES STRONG CLUB
 SACRAMENTO, Cal., (AP)—Louis Moring of Stockton, Cal., the owner of the Sacramento club of the Pacific coast baseball league, expects to put an unusually strong team in the field next year. Moring is a wealthy rancher who bought recently in the old California State league. One of the first steps by Moring will be the construction of an addition to the grandstand in the local ball park.

DOES A QUICK JOB
 TUCSON, Ariz., (AP)—Happy Woods of Tucson, knocked out Eddie Hernandez of San Diego in the second round of a scheduled ten round boxing match here last night. They are welterweights.

OF SLOOTER DEAD
 NEW YORK, (AP)—Lee Jerome "Tom" Slocum, fifty-three, veteran turfman and race horse owner, died at his home last night of heart disease. He was born at Saratoga, N. Y.

MEXICAN STATES FAVOR EXCLUSION OF CHINESE

Sonora and Sinaloa Approve Bill Pending in Senate to Abrogate Treaty Provisions

LAREDO, Tex., (AP)—A bill pending in the Mexican senate proposing abrogation of the treaty with China which permits immigration of Asiatics into Mexico has met general approval in the states of Sonora and Sinaloa, according to Excecives of Mexico City, in its issue Sunday.

The newspaper message says: Sinaloa and Sonora, where many Asiatic colonies are located, declare that the invasion of Asiatics causes degeneration of the Mexican race, that Chinese introduce contagious disease and establish prejudicial competition in certain lines of business.

WHISKEY ROBBERS ACTIVE

Use Motor Trucks to Carry Away Intoxicants Valued at Over \$10,000

CHICAGO, (AP)—Ten disguised whiskey robbers used motor trucks to take away whiskey valued at from \$10,000 to \$20,000 from the summer hotel of G. H. Arker, broker, Lake Forest, Chicago suburb, it became known today. A butler who attempted to prevent the robbery was strung up by the ruffians and cut down exhausted hours later when a chauffeur and his wife broke out of a closet where they had been locked in.

Brief Bits of Sport

Jess Westergaard of Iowa and Big Charlie Cutler of Chicago have been matched to wrestle (?) in Boise next Monday.

Were that not an tragic for Boise fans we'd have a laugh at that.

The Brief's preacher pal isn't feeling so well today. Frank Moran knocked out Jack Burke Monday night and Jack and the parson are boon companions.

The ocellusian (that right!) and Burke were together in Camp Funston. Jack was heavyweight champion of Funston and also of Fort Douglas when he was stationed with the 50th infantry.

"Too bad," says the supernal pilot, "but Jack will come back; that was just a fluke."

Prohibition is responsible for the ruckus between Charlie Comiskey and Ben Johnson. Time was when that fat pair of baseball moguls paid for each other's drinks.

But that was in the dim and distant past, wasn't it?

Bill Smiley, sagebrush sage, says: "Watchful waitin' should allow us to be watchword of the desperado, but quite frequent he forgets her watch."

Headline—"Ship American whiskey to Germany."

Trying to embroil the world in another war, eh!

Bill Smiley says: "Lots o' folks will be without a Xmas tree because they didn't do their Christmas shopping early."

If you don't know yet how to pronounce here's a lesson in French that may be helpful. Time was when that When Dempsey hits Mon. Carpenter That blow will put Georges away.

Bill Brennan refutes Dempsey's allegation that the champion ever knocked him out. Bill says he just sprained his ankle, 'sall.

It may be a "white" Christmas but it can not be a "wet" one.

COLEMAN PROMISED TRY-OUT
 CHICAGO, (AP)—Donald (Lefty) Coleman, young star professional pitcher of Oakland, Cal., whose chief claim to fame was gained by three successive no-hit games pitched on the coast last summer, has been promised a try-out with the Chicago Nationals, it was announced today. He will report to Manager Mitchell at Pasadena, Cal., in the spring.

A. J. GODSEY FAMILY GOING TO MISSOURI

Children to Be Released from State Home when Mother Promises to Leave

Idaho is to see the last of Mrs. A. J. Godsey. The Buhi woman will go to relatives in Missouri immediately. This statement is authorized by John R. Ault, juvenile officer, who during the week has visited the Godsey household and made final arrangements for sending the woman and four members of her family to the southern state.

The four children are at this time numbered in the census of the state's wards. These children, over which the state has assumed only temporary charge, will be delivered to the mother to accompany her to Missouri. A son now in the industrial home will remain in that institution for training. An elder son is in Buhi and will not accompany the family south.

A. J. Godsey recently left the state after giving \$300 bond for appearance in the district court to answer a charge of assault with a deadly weapon. Juvenile authorities believe him now to be in Missoula, and it is further believed that he is supplying the money to take his wife and children south.

ANNOUNCES SUBSCRIPTIONS TO TREASURY CERTIFICATES
 WASHINGTON, (AP)—Subscriptions to the issue of treasury certificates of indebtedness dated December 15 and maturing June 15, 1920, aggregated \$728,139,000, Secretary Glass announced Tuesday. Of this amount \$257,455,500 represented certificates paid for in treasury certificates of previous issues.

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS OF THE TWIN FALLS BUILDING AND LOAN ASSOCIATION.

Notice is hereby given: That the annual meeting of the stockholders of the Twin Falls Building & Loan Association will be held at the offices of the Association, 118 Shoshone Street, West, Perrine Hotel Building, in the city and county of Twin Falls, Idaho, on the 12th day of January, 1920, at one o'clock p. m., for the election of a Board of Directors and the transaction of any other business that may properly come before such meeting.

Notice is Further Given: That at such meeting, the stockholders will be called upon to consider and act upon: Proposed amendments to the articles of incorporation as follows, to-wit:

1. The proposition to sanction and authorize the increase of the present capital stock of the corporation from \$500,000 divided into 5,000 shares, to Five Million (\$5,000,000) Dollars divided into fifty thousand shares of \$100 each.

Social Notes

The Mountain View club met at the home of Mrs. E. M. Jones recently. In spite of the rough roads the weather was nice and there was a large attendance. After a special hour the business meeting was called to order by the president. New officers were elected for the ensuing year, as follows: President, Mrs. Goodrich; vice president, Mrs. Booth; secretary, Mrs. McDowell; assistant secretary, Mrs. Paulson. Mrs. Myra Gamble and children from Gem Alberta, Canada were visitors. Refreshments were served. The next meeting will be January 7 with Mrs. L. H. Giffen.

The members of the Wimondani club were guests of their husbands at dinner in the parlors of the Presbyterian church last evening. The dinner which was a five course one was cooked and served by the Ladies' Aid of that church, with Mrs. McCracken as chairman. After dinner the party repaired to the home of Mr. and Mrs. A. R. Mann where they found a Christmas tree containing a gift for the husbands. Those who enjoyed this delightful affair were Messrs and Mesdames C. A. McMaster, S. H. Kayler, W. J. Young, J. C. Beauchamp, C. S. McMartin, C. M. McElwain, H. J. Young, T. F. Warner, E. Mann, G. R. Scott, M. E. Jenson, J. M. Speakman, L. B. Breckenridge, H. S. Cowling and Urban Tracey.

Mr. and Mrs. A. N. Quick of Kansas City, Mo., are guests at the home of Mrs. Quick's parents, Mr. and Mrs. A. R. Moore. They are en route to California to spend the winter.

BUHL LAD DISAPPEARS AFTER FORGING CHECK

Juvenile Officers Tell of Finding \$200 in Worthless Paper—Boy's Gons

County juvenile officers are seeking a youth of Buhi who is said to have unaccountably disappeared from home after floating a lot of spurious checks. According to John R. Ault, who yesterday investigated the Buhi case,

checks amounting to \$800, fraudulently issued by the boy, have been located. It is believed that others are still out. The lad is said to come of a good family. Names are withheld for obvious reasons.

NEW YORK HANDLES BULK OF FOREIGN COMMERCE

Other Ports in Lively Competition for Second Place on the List

NEW YORK, (AP)—Foreign trade handled in ton leading United States custom districts in 1919, according to statistics just made public here, aggregated \$9,845,709,000 in imports and exports of which New York led with 46.6 per cent. This port's proportion of the total imports handled was 44.3 per cent, and of the exports 46.3 per cent.

There was a lively competition for second place it was said, between Boston, Philadelphia, Baltimore, New Orleans, San Francisco and Seattle, New Orleans won for the first time in several years. Philadelphia crowded New Orleans to close an addition of a billion dollars to the value of the former's foreign commerce would have placed her in the lead. Seattle, Boston, San Francisco, Detroit, Baltimore, Galveston and Buffalo followed in the order named.

During the preceding fiscal year Seattle snatched second position from Philadelphia which had just achieved it for the first time in many years.

Baltimore and Galveston lead Boston and San Francisco in the value of their exports, but the weakness of the first named port lies in the paucity of their imports. There is no port in which imports exceeded exports, although they come nearer to balancing at Boston.

Montreal led the North American ports except New York, with a total foreign trade of \$700,000,000 in value.

CELEBRATES PLANTING OF FIRST ORANGE TREE

Citrus Fruit Industry of California Plans National Show of Product

SAN BERNARDINO, Calif., (AP)—More than 1,000,000 oranges will be used by citrus fruit growers of California to build their annual exposition, the National Orange Show, to celebrate the 150th anniversary of the planting of one of California's first orange trees, by Padre Dumetz, Franciscan.

The exposition will be held in San Bernardino, February 23 to 25. Florida will send fruit to compete in some of the citrus fruit classifications.

For 10 years the citrus fruit growers of California have been entertaining many thousands of people from many states at their exposition. It will be laid out in a great garden of flowers at a park, and citrus fruit communities of the state will vie with each other in the splendor of their works of art created from the golden fruit.

The site of the orange show is at the spot where the Franciscan padre planted the first orange tree of the region.

Last year more than 100,000 people attended the exposition, which has become one of California's most famous mid-winter events.

Boat's Name Tribute To American Press

PHILADELPHIA, (AP)—The 7-828 ton cargo carrier American Press, Hog Island's twenty-sixth vessel, which was named as a tribute to the loyalty and co-operation of newspapers throughout the nation during the war, was launched Tuesday.

Miss Elizabeth C. Stone, of New York, daughter of Melville E. Stone, general manager of the Associated Press, was the sponsor.

As Miss Stone crashed the gold mesh covered bottle of champagne against the bow she said: "I christen thee American Press in honor of the one hundred per cent Americanism displayed by the newspapers in the United States during the world war."

HILL INTERESTS PURCHASE BIG TRACT IN MONTANA

ST. PAUL, Minn., (AP)—The purchase of 250,000 acres of Montana grazing land with 25,000 head of cattle was effected Tuesday by the Hill Land Corporation, organized by Walter J. Hill, son of the late James J. Hill, Justice Oscar Hatlum, of the Minnesota supreme court, R. P. McCallum, widely known Montana stockman, and F. S. Dalrymple, of New York.

The huge ranch is 25 miles from Miles City along the Powder-Missouri and Tongue rivers and has unusual water facilities, it is said. Mr. Hill said the transaction involved \$1,250,000. The property was formerly the old Hill ranch.

CHRISTMAS TO WITNESS HOHENZOLLERN REUNION

Former Crown Prince Plans to Spend Holidays with Parents

AMERSONG, (AP)—Former Crown Prince Frederick William is coming to America this Christmas. He will leave his home on the island of Amrum, Christmas eve. Interested Danish circles consider this visit an omen of a reconciliation between the German crown prince and his son, Crown Prince George, who is expected to visit the crown prince in the near future. A Christmas tree for the crown prince was purchased last week and many gifts for the exiles have arrived from Germany. Frederick William on Saturday gave a Christmas tree party at Wieringen for thirty German children, distributing gifts of autographed photographs.

ESTIMATES COAL OUTPUT

Utah's Production for Year Shows Decrease as Respects 1918

SALT LAKE CITY, (AP)—Coal production in Utah in 1919 amounted to 4,357,132 tons, a decrease of nearly 600,000 tons as compared with 1918, but an increase of approximately 400,000 tons over 1917, according to a report made public here recently by Carl A. Allen, chief inspector of mines for Utah.

The recent strike of bituminous coal miners did not affect the output of the Utah mines in the slightest degree, according to Mr. Allen, as none of the workers in this state went out. Conditions are favorable for a record output in 1920, according to the report.

COUNTS CHRISTMAS TREES

Forest Official Checks Up Evergreens Taken to Utah and Idaho

OGDEN, Utah, (AP)—A check on the number of Christmas trees being taken from the forests of Idaho and Utah is being conducted by the forestry service headquarters here with a view to reducing the number if possible. District Forester L. F. Kneipp asserts many thousands of young trees are used for this purpose every year.

There is not only danger of injuring the timber reserve by the destruction of the trees, Mr. Kneipp says, but also the water resources which are even more susceptible to harm as well, timbered areas protect the snows and prevent the early melting.

GUN COTTON BASIS OF SILK

French Inventor, After Long Study, Has Evolved a Truly Wonderful Artificial Product

According to Count Hilaire, inventor of artificial silk, which is now produced by vast factories in Switzerland, Belgium, France, England and the United States, it has for its basis nothing less than gun cotton. One of the greatest problems he had to solve in perfecting it for everyday use was to render it nonexplosive.

The gun cotton under the chardonnet process is first dissolved in a mixture of alcohol and ether and then spun through fine capillary tubes by means of hydraulic pressure.

Other chemical processes give it incombustible and nonexplosive qualities, together with the consistency and the transparency of the finest silk from Japan or China.

It took just 30 years of the 80 which Count Hilaire has completed to perfect his discovery and render it of actual and practical commercial value.

The illustrious chemist and scientist has just been elected to the supreme honor of membership in the French Academy of Sciences for his discovery of how to put one over on the silk-worms. During the war he had been decorated by the French minister of war with the Cross of a Chevalier of the Legion of Honor for discoveries relative to the manufacture of high explosives growing out of his researches made primarily to render artificial silk stockings nonexplosive.

STYLES KEEP WOMEN YOUNG

Desire for Latest and Prettiest Things an Evidence of Wisdom, According to Authority

"Women has gained her political and intellectual freedom," said Emil St. Kolp in an address before the New York Retail Jewelers' convention at Saratoga. "She has declared in public and in private that never again will she be the slave of man. But I venture that she will remain the willing slave of fashion."

The woman who declares she would rather be dead than out of fashion expresses a thought in every woman's mind. As it is a man's privilege to pay the bills, he may at times express displeasure. That man, however, who is permanently and chronically displeased at or indifferent to his wife's pretty but becoming gown and beautiful jewelry is a brute and should be caged with other wild animals.

"To be contented with the thoughts and things of yesterday is to staid still, and stagnation breeds decay. To be sensitive to new ideas is to be youthful. Woman's desire to possess jewelry that is new and fashionable and beautiful is an evidence of growth, and growth is the law of life."

SAYS ALLIED ASSISTANCE ONLY CAN SAVE AUSTRIA

Head of American Peace Delegation Gives Views on Europe's Status

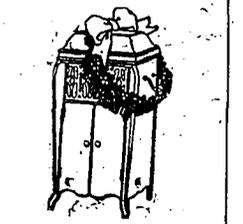

WASHINGTON, (AP)—United action by the allied and associated powers in reaffirming Austria is the only way of saving that country from utter chaos and economic wreckage, Frank L. Polk, under secretary of state and head of the American peace delegation at Paris, said Tuesday on his return to Washington.

The chief reason for Austria's desperate situation, Mr. Polk said, is that the articles of commerce connecting Vienna with the rest of the world have been cut or paralyzed. He said that relief should not be furnished by any nation, but should be participated in by all.

France's economic position is excellent, Mr. Polk declared, due to the thrifty habits of the entire population. He predicted that France would soon resume her extensive industries and trade developments.

Mr. Polk declined to discuss the work of the peace conference.

CHOIR PREPARES MUSIC FESTIVAL

Handel's Messiah Will Be Program at Ascension Church at 10 Tonight

A Messiah program, comprising a large number of the most stirring and entrancing of Handel's choruses, recitatives and solos, will be given in the Ascension Episcopal church tonight by an augmented choir directed by Harry Barratt.

The program is planned to consume about two hours' time, and will open at 10 o'clock with a grand procession through the main aisle of the church. This will be followed by a short form of prayer, the oratorio taking up after a short intermission.

The opening number of the Messiah will be a tenor solo, "Comfort To" by Harry Barratt. The closing feature of the schedule will be the Hallelujah chorus, to be sung at midnight.

Call for Bed, Bedding and Clothing Brings Gratifying and Heavy Response

Generosity almost unlimited marked response to the News' call for assistance to relieve distress in some of the most needy households in Twin Falls. The appeal was issued Monday evening. Yesterday the editorial department of the News was literally smothered in gifts of a material sort. The first day's giving was all-sufficient, but marks of generosity continued today as well.

Everybody Helps
The News appealed for one sanitary couch. Four were offered, together with a three-quarter size bed. One was sufficient.

Bedding was requested for the one couch. Enough was received for several.
Clothing was asked for children and adults. The relief section of the News has been worked over time receiving and delivering clothing and material.

The News did not ask for food, but provisions and even meat came in. Neither was money asked, but it came in abundance. Folks sent checks by mail and some came to the office and deposited cash. "I have no clothing, beds or bedding, but I can give a little money to help the good cause along," is the text of communications and statements accompanying these contributions of cash.

Practically all of the stuff has been utilized in relief work. The last bundle of clothing will be sent out this evening.

The News expresses thanks to those who responded to the call, and gives assurance that every donation is highly appreciated.

AMUSEMENTS
GEM—Baby Marie Osborne in "Miss Gingersnap", also first feature from Dickson's "My Little Boy"; "Shelby"; prima scene.
IDAHO—Tom Mix in "The Speed Maniac"; with a Sunshine comedy.
ORPHEUM—Fannie Ward in "The Profiteers"; two vaudeville acts, Mayo & Vernon, singing and monologue comedians.

Deaths
Funeral services for Mrs. A. M. Wiker will be held at 2 o'clock Friday afternoon at the Presbyterian church. Services will be in charge of the Rev. Asher Brand. Burial will be in Twin Falls cemetery, directed by J. E. De Witt.

LICENSED TO WED
The county clerk yesterday evening issued a marriage license to Walter Freeman, aged 27, and Ella Weatherly, 17, both of Buhl.

NEW YORK, (AP)—Prices of Liberty Bonds at 2:55 p. m. today were: 3 1/2% \$99.02; first 4 1/4% \$92.70; second 4 1/4% \$91.24; first 4 1/4% \$93.22; second 4 1/4% \$91.44; first 4 1/4% \$93.50; fourth 4 1/4% \$91.44; Victory 3 3/4% \$98.90; Victory 4 3/4% \$98.92.

Grains and Provisions
CHICAGO, (AP)—Fresh strength developed in the corn market today based largely on continued export demand for rye. Bulls urged, too, that under the Edge bill much winter credits could be extended to Europe than was generally supposed to be the case. Opinions were also circulated that car scarcity would prevent any sustained big crop movement during the winter. Opening prices, which ranged from 1-4 off to a like advance, with January \$1.30 3/8 and May \$1.35 5/8 to 1.33 3/4, were followed by moderate returns all around.

Today's Markets

NEW YORK, (AP)—Prices of Liberty Bonds at 2:55 p. m. today were: 3 1/2% \$99.02; first 4 1/4% \$92.70; second 4 1/4% \$91.24; first 4 1/4% \$93.22; second 4 1/4% \$91.44; first 4 1/4% \$93.50; fourth 4 1/4% \$91.44; Victory 3 3/4% \$98.90; Victory 4 3/4% \$98.92.

Grains and Provisions
CHICAGO, (AP)—Fresh strength developed in the corn market today based largely on continued export demand for rye. Bulls urged, too, that under the Edge bill much winter credits could be extended to Europe than was generally supposed to be the case. Opinions were also circulated that car scarcity would prevent any sustained big crop movement during the winter. Opening prices, which ranged from 1-4 off to a like advance, with January \$1.30 3/8 and May \$1.35 5/8 to 1.33 3/4, were followed by moderate returns all around.
