SOVIET ADVANCE NEARS FRONTIER OF AFGHANISTAN

Bolshevik Occupation of Capital of Khanate of Bokhara in Central Asia is Reported to British War Office

REDS CLAIM SUCCESSES IN DON COSSACK REGION

Capture of City After Battle of Severe Character with Denikin's Troops is Asserted by Moscow Dispatches

LONDON, (AP)—Bokhara, capital of the important Khanate of Bokhara in central Asia and less than 200 miles from the Afghan frontier, has been taken by the Cossack forces, according to war office reports. Further west, soviet troops have occupied Krasnodar on the eastern shore of the Caspian sea, it is claimed in reports from Moscow.

The city of Novochebokskey has been captured by the Bolsheviks, it is asserted in a wireless message from Moscow today. The city was taken Wednesday after a battle of the most severe character with General Denikin's troops.

Novochebokskey is twenty miles northwest of Rostov, the principal seaport of the Don Cossack region.

The capture of Novochebokskey by the Bolsheviks would mean the further rolling back of General Denikin's right wing, following the reported disastrous breach made in the center of his armies on the east of Azov. This part of Denikin's army is composed of Don Cossacks and the Caucasus. Novochebokskey is an important city in the midst of a coal region.

ESTHONIA PERMITS YUDENITCH TO REINFORCE DENIKINE
STOCKHOLM, (AP)—Esthonia has acceded to the request of General Yudenitch for the transfer of the latter's army in the southern Russian front where it will reinforce General Denikin, according to a Helmsfors dispatch to the Tidnings.

POLES UNDERTAKE TO OCCUPY REGION QUIT BY DENIKINE

PARIS, (AP)—The whole of the Kamens-Podolsk-Proskurov-Sitarokostan railway line is now in the hands of the Poles, according to advices from Warsaw. The advices declare that the Polish high command intends to proceed with the occupation of all the region evacuated by General Denikin and not yet invaded by the Russians.

This region is said to be infested by bands of plunderers, who have been sacking and burning towns and villages and holding the inhabitants for ransom. An end is expected to be put to this situation by the Polish occupation.

ALL-RUSSIAN APPEAL TO JAPANESE FOR ASSISTANCE

LONDON, (AP)—Varnes has reached London from British sources in Irkutsk that 9,000 anti-Kolchak insurgents are holding Irkutsk. They are armed with machine guns, have airplanes and are equipped with heavy artillery.

General Gennof's forces are concentrated east of Irkutsk. It is understood that he has appealed for Japanese assistance.

SEEK SOLUTION IN TURK'S CASE

Allied Powers Abandon Hope that United States Will Accept Mandate

WASHINGTON, (AP)—Having abandoned hope that the United States will accept a mandate over Turkey, the allied powers are attempting to find some solution of the problem of expelling the Turks from Europe without causing such an uprising among the Mohammedan people as would endanger the control of the European nations over them. The Mohammedan preaching Washington is that these efforts are in progress outside of Paris where the supreme council is sitting, though it is expected that the satisfaction of that body will be necessary for any plan adopted.

One project which has been brought into discussion contemplates the assumption of the control of Constantinople by the league of nations; the declaration of the city as a free port and the actual administration of the place by a commission nominated by the Mohammedan population of countries and colonies, such as India, Egypt, Tunis and Morocco and possibly Italy and the Philippines if the United States can be induced to participate to that extent.

It is proposed to clothe this commission with full powers to control Constantinople politically and to administer the local government. But to satisfy the Mohammedan the Sultan and his army would be permitted to reside here and to exercise from there all the functions of the head of his church. His politics would therefore, in some measure conform to that of the pope. Rumor after he had been divested of his temporal power.

Lenine Asks Italian Socialists to Delay Revolutionary Moves

Says Revolution Now Would Have Grave Effect on Soviet Negotiations

ROME, (AP)—The Epoca says that Nicolai Lenine has written another letter to the directors of the socialist party imploring them not to precipitate any revolutionary movement which in the present conditions would have no possibility of success.

Lenine adds that a revolution in Italy now would have a grave repercussion in the Russian soviet republic which is about to negotiate with the bourgeois powers for the acknowledgment of the present state of affairs in Russia and also for essential economic agreements. All this would be rejected, says Lenine, if another revolution occurred in Italy, because with the eventual spread of Bolshevism throughout Europe in a spirit of revolutionary fanaticism the states still in league from Bolshevism would harricinally close themselves against infection and the soviet republic destined to become a center of the world would not have time to strengthen itself sufficiently to become vital.

Revolutionary Move in Bulgaria Spreads

GENEVA, (AP)—The revolutionary movement in Bulgaria is spreading among peasants and workmen, according to Belgrade advices received here. King Boris and the royal family are said to be secluded in the palace, which is under heavy guard.

The French foreign office which is in constant touch with the Balkan situation, has received no confirmation of alarming reports relative to the spread of a revolutionary movement in that country.

Propaganda Campaign Planned by Mexicans

LAREDO, Tex., (AP)—Mexico plans a nation-wide propaganda campaign in the United States according to Mariano Vidamonte, assistant secretary of the Mexican treasury who passed through here yesterday en route to New York where he will attend the pan-American financial conference. Senior Vidamonte will go to Washington from New York where plans will be formulated for dividing the United States in four sections, with headquarters in New York, Chicago, St. Louis and a Pacific coast city "for the purpose of publishing news favorable to Mexico throughout the country."

World News Events

LONDON, (AP)—The delegates of the Union of Railway Workers, in conference here today, decided to reject the government's terms for a settlement of the wage demands of workers in the lower grades. It was decided to refer the government's proposition back to the executive of the union for further negotiations with the government.

EL PASO, Tex., (AP)—Eight Villa rebels gave themselves up to General Isidro Vardons, commander of the garrison at Ojinaga, Chihuahua, during a recent clash between insurgent and government forces near Rancho de Los Espejos, in the state of Chihuahua, according to information received here last night by Alberto Ruiz Sandoval, acting consul general for Mexico at El Paso.

PARIS, (AP)—The ratification of the Versailles peace treaty will take place Saturday afternoon at four o'clock, in the hall of the ministry of foreign affairs, when the letter modifying the amount of tonnage originally demanded from Germany, will be handed to Baron Kurt von Lersner, head of the German delegation. The powers that have ratified the treaty will be represented—Great Britain, France, Italy, Japan, Belgium, Bolivia, Brazil, Guatemala, Peru, Poland, Siam, Czechoslovakia and Uruguay.

PRESIDENT OF HARVARD URGES CONCESSING POINT

Requests Democratic Senators "Not to Stand Too Firmly" Against Reservation to Ratification

WASHINGTON, (AP)—A letter from President Lowell, of Harvard, urging that democratic senators should "not stand too firmly" against a reservation to article ten of the league of nations covenant was made public today by Senator Walsh, democrat, Massachusetts.

Although in the past an advocate of unreserved ratification, President Lowell has been known for a long time as a stumbling block to a compromise, the administration might well concede a point since the real strength of the covenant in preventing was seemed to rest in the economic boycott provisions of article sixteen.

"It seems to me," the letter continued, "that article ten is not well adapted to promote peace and does involve obligations which it is not wise to accept."

AGREEMENT ON GUARANTEE TO ROADS REACHED

Senate and House Conferees on Railroad Legislation Approve Provision of Esch Bill on Income

WASHINGTON, (AP)—Continuation of the standard return to railroads for a period of six months after termination of federal control was agreed upon today by senate and house conferees on railroad legislation. In fixing this date the conferees accepted the Esch bill provision. The Commerce bill would have limited the time to four months.

The memorial adopted by the national shippers conference, opposing provisions of pending railroad bills, was presented to Chairman Cummins and heads of the senate and house interstate commerce committees today by Clifford Thorne, of Chicago. Mr. Thorne, head of the legislative committee of the conference, said shippers opposed creation of transportation board, any form of a permanent guaranty in the way of a definite percentage of return as prescribed in the Cummins bill; appropriation by the government of surplus earnings; compulsory consolidation of roads into a limited number of systems, or the pooling of earnings of the carriers.

Shippers, he said, favored retention of unimpaired authority of the states over rates and service applicable to state traffic and legislation that would prevent a nationwide tie up of the transportation systems.

STEEL STRIKE LEADERS RESCIND WALKOUT CALL

PITTSBURGH, Pa., (AP)—Organizers, field workers and international union heads interested in the nation-wide strike of steel workers went into effect September 22 were in receipt of an official order today from the national committee calling off the strike. This action was taken by the committee to bear last night.

The order declared the committee's decision was forced by "ruthless misuse of power" by the steel corporation, the press, the courts, federal troops, state police and many public officials in that they denied steel workers "their rights of free speech and free assembly and the right to organize." The order added that the union will launch an immediate campaign to further organize the workers "and will not cease until industrial justice in the steel industry has been achieved."

STATE ATTORNEY BARES MARTENS' CONNECTIONS WITH COMMUNIST PARTY

GOVERNMENT ANNOUNCES DECISION TO AID THE FAMILIES OF DEPORTEES

Commissioner General of Immigration Says Allen Radicals Deported on Transport Buford Will Not Be Landed at Danish Port, But Withholds Definite Information; Confers with Army Officials on Plans for Later Repatriation of Reds

CHICAGO, (AP)—Ludwig C. A. K. Martens, self-styled "soviet ambassador," and representative of Lenine and Trotsky in the United States; helped finance the communist and communist labor parties in Chicago, according to a statement given out today by Assistant State's Attorney Henry A. Berger.

Berger made the announcement after conferring with the attorney general, the communist labor party, seized yesterday at Moline, Illinois, when Edgar Owens, secretary of the party was arrested on a warrant charging him with violation of the state an act.

Among the papers in the possession of the state's attorney, he said, is a cancelled check for \$120 bearing Martens' signature. The money was used to purchase a lease on a hall used as a communist lecture room.

State's Attorney MacLay Hynes also has telegrams from Martens to local radicals, giving detailed instructions for the red campaign here.

STOCKHOLM, (AP)—The 840 undebatably deported from the United States on the transport Buford, "the soviet ark," probably will be landed at Hangö, Finland, and will proceed to Russia by rail under a strong guard, it was said here today.

The Finnish legation lacks official information but belief was expressed there that no communication would be allowed with those landing from the Buford who will be furnished with sufficient food for the journey by rail. The harbor of Reval is frozen and the port of Libau is definitely reported as a landing place for the undesirable. The Swedish authorities declare that those deported from the United States will not be allowed transit through Sweden.

COPENHAGEN MAKES CLAIM AS RADICALS' LANDING PLACE

COPENHAGEN, (AP)—Undesirables deported from the United States will be landed here and transhipped to Hangö, according to the official opinion will be carried out under supervision of the Danish police, it is said, and the radicals will not be permitted to come in contact with the population of the Danish capital.

Each ship bringing deportees will bear six hundred persons, it is said, and the United States government has arranged with the United Shipping company of this city to take them from here to Danzig.

CAMINETTI DENIES PLAN FOR DENMARK DEBARMENT

WASHINGTON, (AP)—Allen radicals deported on the army transport Buford, which now is nearing the Kiel canal, will not be landed at Copenhagen nor is it planned to send other deportees from this country to the Danish port, Anthony Caminetti, commissioner general of immigration, said today. He still refused, however, to say where the Buford would land.

Mr. Caminetti conferred today with army officials presumably on plans for deporting additional radicals to soviet Russia.

PROMISER AID TO FAMILIES OF DEPORTED RADICALS

WASHINGTON, (AP)—The government has definitely decided to render aid to the dependents of alien radicals whom it deports, Assistant Attorney General Garvan announced today. Action in this direction will be taken purely as a humanitarian measure, he said, because of any obligations to the families of the aliens, he added.

It has not yet been determined through what channel provision will be made for the care of the persons left alone through the deportation of the bread winner. It was indicated, however, that eventually, if the persons concerned so chose, they would be sent to join the deportees overseas. Legislation may be necessary to accomplish this.

Officials said that much of the ground or possible reprisals would be removed if the families were finally sent to join their leaders.

While the government makes no provision for the families of persons sent to federal prisons, it was explained that deportation was a different matter, that because of the possible effect in Russia and other foreign countries it was worth while for the government to care for persons left here through the result of deportation proceedings.

TENDER OF RAIL FOR WEINSTEIN IS REJECTED

NEW YORK, (AP)—Gregory Weinstein, chief of staff of Ludwig C. A. K. Martens, Russian soviet "ambassador," has been refused bail. He is being held on Ellis Island, although \$10,000 in Liberty bonds was offered last night. Charles Reich, his counsel, announced today. The reason given for holding Weinstein was that he refused to answer questions, Reich said.

BYR DIFIERS WITH WILSON ON PEACE PROGRAM

Contents Democratic Party Cannot Go Before Country on Treaty Issue but Should Accept Possible Compromises

PRESIDENT DECLARES FOR SUBMISSION TO ELECTORS

Diversity of Opinion Comes as Twin Surprise of Conclave of Bourbon Chieftains Culminating at Dinner

WASHINGTON, (AP)—President Wilson's decision that the league of nations' issue should be brought before the voters as a "solemn referendum," and William J. Bryan's contention that the democratic party cannot go before the country on the question but should accept such compromise "as may be possible" are the twin surprises of the conclave of party chieftains which found its climax in the annual Jackson day dinner.

Avoids Third Term Question

The president's message to the party, written from the sick-room at the White House, made no mention of a third term for himself and no announcement of an impending retirement to private life, as many had predicted it would.

Mr. Bryan's speech, taking definite issue with the president's decision on the great question was accompanied by a statement that he was not seeking as a candidate for the presidential nomination. Many of the democratic dignitaries freely said that portion was a distinct surprise to them.

Bank and File Shuffling

Today the rank and file of the Democratic party are to be assembled throughout the country studying the opposite announcements of the two national leaders and are attempting to assess their effect on the party's fortunes in the coming campaign, which will be held in San Francisco June 28th and at the polls next November.

Many political observers feel that it is yet too early to accurately estimate the position in which the cleavage between the president and the foremost democrat in private life leaves the party. They feel that the situation must await the results of the shuffling of the rank and file must be sounded.

Evade Fight Prediction

Whether the position of the two men, now definitely announced, means a fight in the national convention remains a speculative battle in Baltimore in 1912, when Mr. Bryan forced the president's nomination, none of the party leaders is willing to predict for publication.

Such a move among the democratic leaders at the Jackson dinner as expressed in their speeches seemed to be divided between support of the president's decision and Mr. Bryan's position, while some of the speakers seemed to be nominating possibilities did not touch on the subject at all.

Stops on Senate Action

It seems agreed that Mr. Bryan's argument that the treaty should be ratified with all its reservations and that possible will give a tremendous impetus to the movement which steadily has been going on in the undercurrents of the senate for a compromise of all factions in putting through the convention. President Bryan's reticence that there can be no reasonable objection to interpretations to "what may be the undoubted meaning of the league is," it is thought by some of those on the inside of the contest, may speed the movement.

Lodge Accepts Challenge

Senator Lodge, the republican leader, and foremost in the fight against ratification of the treaty without reservations, takes a wholly opposite view and has issued a statement declaring the president's message makes impossible the hope that the senate might compromise its reservations and ratify the treaty "protected by the principle at least in the fourteen reservations."

An appeal to the people at the polls, the republican senate leader declared in his statement, would "shame him" he said.

Optimistic Opinions

There were a dozen or more other speakers at the dinner and their views on whether the league should be ratified or not were either divided in favor of the president's or Mr. Bryan's.

SENATORS DISAGREE OVER EFFECT OF PRESIDENT'S JACKSON DAY MESSAGE

WASHINGTON, (AP)—Senators disagreed widely today as to the probable effect on the senate treaty situation of President Wilson's Jackson day letter regarding the question of ratification carried into the presidential campaign.

Among the democrats generally it was declared the letter had not changed matters at all, but that it had effect to agree on compromise reservations would continue. The mild republican repub-

FIUME PROBLEM IS TAKEN UP AT PREMIERS' MEET

Allied Government Leaders and Statesmen in Conference in Paris Turn Attention to the Adriatic

PARIS, (P)—The Fiume problem was taken up at a meeting held in private today by the premiers and other allied statesmen assembled here for conferences. The meeting was attended by Premier Lloyd George and British statesmen, including Lord Curzon, Nitti of Italy, and Clemenceau of France; Earl Curzon, the British foreign secretary; Vittorio Scialoja, the Italian foreign minister; Andrew Bonar Law, British prime minister; Hugh C. Wallace, the American ambassador; Baron Matsui, the Japanese ambassador; Paul Dussane, general secretary of the peace conference; and Philippe Berthelot, political director of the French foreign office.

Germany Must Pay

A session of the supreme council preceded this meeting. It was presided over by Premier Clemenceau and attended by Premier Lloyd George and Nitti, foreign minister Scialoja and Earl Curzon and Mr. Bonar Law. At this meeting Secretary Dussane reported his conversations with Baron von Lersner, head of the German mission, regarding measures taken by the commission on Schleswig affairs, which will be applied upon the coming into force of the peace treaty.

The council decided that the expenses of the high commission in control of the Rhine regions should be borne by Germany, as well as the cost of the army of occupation.

Talk League Convention

The council took up the subject of the first meeting of the executive council of the league of nations which the treaty provides shall be called by President Wilson. It was announced that the date for the meeting would be fixed later.

Before the supreme council session Premier Clemenceau conferred for an hour with Mr. Lloyd George. Previously he had received Alexandre Millerand, the governor of Alsace.

The supreme council will hold another session tomorrow.

BRYAN DIFFERS WITH WILSON

(Continued from Page One)

Mr. Bryan said that he did not touch on the subject at all.

The gist of their speeches might easily be epitomized in this fashion: Senator Pomeroy: Ratify the treaty with or without reservations.

Former Secretary McAdams: An arraignment of republican administration, but no expression about the league.

Secretary Daniels: Mr. Bryan is entitled to credit for the league of nations treaty because peace investigation conventions were the ground work for it.

Senator Hitchcock: Honorable compromise on the league question; or a final fight.

Senator Owen: Immediate ratification, and proceed with reconstruction legislation.

Chairman Cummings: "Inevitable impulses" are carrying the democratic party "each day nearer and nearer to victory."

Governor Cornwall at West Virginia: American institutions are in danger of being overthrown by the unchecked growth of "a labor autocracy."

Vice Chairman Kremer: "We accept the charge of battle." "The old guard is in control or the party (republican) which it will again wrecked by its greed."

Attorney General Palmer: "The war will not be over, in fact, until the issues which it has raised are passed upon by the great court of appeals in America and the judgment of the people is entered."

Former Ambassador Gerard: "The country is at a crossroads that both sides get together, that a compromise be made and peace given to the world."

Former Speaker Clark: Democratic accomplishments during the last six years entitled the party "to a long lease of power."

Today's Markets

New York Exchange

NEW YORK, (P)—Dealings on the stock exchange today were of a superior character. The dull and uncertain movement was largely influenced by the mixed operations of professional traders. Sales approximated 750,000 shares. Equipments and stocks made further improvement in the final hour, regardless of the nine per cent call monetary rate but other issues were not materially changed. The closing was irregular.

Liberty Bonds

NEW YORK, (P)—Prices of Liberty bonds at 2:55 p. m. today were: 3 1/2's \$99.80; first 4's \$99.90; second 4's \$100.00; third 4's \$99.90; fourth 4's \$99.80; Victory 3 3/4's \$99.85; Victory 4's \$99.90.

Grains and Provisions

CHICAGO, (P)—Selling on the part of seasonal traders who were endeavoring to liquidate a break in prices not unusual at this time of the year had a bullish effect today on the corn market. At first values showed a downward tendency owing to continued quotations of receipts and to higher quotations on hogs. Bears, however, were soon in control, and attention to the calendar became general. Opening prices, which ranged from 1-8 off to 1-2 advance, closed as follows: Corn, 1-3/4 to 1-3/8; soybeans, 1-3/4 to 1-3/8; wheat, 1-3/4 to 1-3/8; clover seed, 1-3/4 to 1-3/8; pork, 1-3/4 to 1-3/8; lard, 1-3/4 to 1-3/8.

NO VINDICATION FOR PLUMB

Proponents of the Plumb plan for
"tripartite control" of the railways
—which, by the way, is reported to
have been amplified by its author to
include all industries—may or may not
claim credit for recommendations of
Director General Hines looking toward
a more satisfactory co-ordination of the
several interests that enter into the ad-
ministration of the railways.

As a matter of fact, the Hines rec-
ommendations, insofar as they may be
practicable, have nothing in common
with the proposals of the Chicago law-
yer.

The differences are elemental. Plumb
proposes a reorganization for the at-
tainment of which essential processes
in railway administration would have
to be done away with. Hines also de-
clares for a reconstruction with the
public and labor, as well as capital,
represented in the management, but he
points out significantly that "we have
already all three interests participat-
ing in the management in all sorts of
ways and yet there is no common
ground on which these three elements
can meet and exchange views and en-
deavor to reach conclusions."

The public, through various govern-
mental agencies, has asserted itself in
the administration of the railways, as
has labor through its organization typi-
fied by the "brotherhoods."

Inconsiderate of one another's inter-
ests as each of the three interests have
been too prone to be in the past, the
fact remains that each has been repre-
sented in the management of the in-
dustry.

It requires no revolutionary process
to bring about a higher degree of mu-
tual consideration on the part of each
of the several interests and for the es-
tablishment of the "common ground"
for consultation about which the direc-
tor general speaks.

A fair interpretation of the Hines
suggestion leaves nothing lacking after
that meeting ground has been estab-
lished.

The Plumb plan, on the other hand,
purposes at the onset to confiscate \$60,
000,000,000 worth of railway property
by forcing the owners to accept about
66 cents on the dollar for their prop-
erties, and it purposes further the fix-
ing of all wages and setting aside of a
certain specified sum annually for new
equipment or expansion with the pro-
vision that profits are to be divided
between the federal treasury and the
workers—any losses to be met by the
general public through taxation.

There is nothing in the director gen-
eral's statement upon which an apology
for these revolutionary proposals could
find a foothold.

The Hines' recommendation serves to
shed light on a troubled situation; the
Plumb proposal only adds to the con-
fusion.

What This Country Needs

Fight Lies of Agitators with the Absolute Truth,
Propaganda with Counter-Propaganda and
Revolution with Common Sense—Some Trite
Suggestions

Fortile fields of endeavor are open
for an organized campaign for
combating lies and propaganda. The
unfettered tongue of the I. W. W.
and other real radical organizations
by means of counter-propaganda.
In England citizens organizations
have taken up a campaign of counter-
propaganda, which is having its
effect and is decidedly retarding
the growth of the movement. Why
not here?

So far no organized effort has
been made by the interests most
directly concerned to counteract the
prejudices of radical agitators and
revolutionists by means of a sim-
ple program of telling the actual
facts about business, big and lit-
tle. In isolated instances manu-
facturers and producers have found
it profitable to employ "peaceful
speakers," personally acquainted with
the men employed in the plants
have taken up the challenge thrown
down by the proachers of revolution
and anarchy, and by plain straight-
forward statements of facts and
figures have disproved every asser-
tion made by the agitators.

An instance of this rather near
at hand, occurred not long ago
when firebrand speakers of the Rus-
sian Workers' Union appeared at
"hinges operated by a West Virginia
coal company, and endeavored to
arouse the miners to a revolution-
ary pitch. The general manager of
the company, himself a miner, went
to the men as soon as he learned
of the efforts of the anarchist or-
ganizers, and laid all the cards on the
table. He showed by pay rolls,
production and maintenance costs,
contracts for the output of the
mines, and the company's en-
tire records that the company was
making a profit of less than 14
cents a ton on the coal it sold. He
talked plain miners' talk, using

language suited to the understand-
ing of his hearers.

The result was that more than
1,000 miners, most of them poten-
tial revolutionists as a result of
the agitators' false statements,
came to a renunciation of the fact
that they had been misled, and a
committee chosen by the workmen
themselves excoerced the group of
foreign anarchists out of the ter-
ritory, warning them not to return.
Since then anarchists have given
that section a wide berth.

It would seem peculiarly the
function of strong national organi-
zations to meet their employees and
to explain to them the actual facts
and figures of the revolutionaries who
by means of lies are sowing strife
throughout the land. In almost every
case all that would be needed
would be a plain showing of the
facts and an analysis of the assertions
of the anarchist speakers.

Naturally the industrial, mercan-
tile and manufacturing interests of
the nation are busy on problems
involving increased production, re-
turn to normal conditions, settle-
ment of labor questions and the
like. It is certain, however, that
none of these questions can or will
be settled until the nation's busi-
ness has rid itself of the pernicious-
ly active revolutionaries whose
sole mission is to stir up strife and
discord between workers and em-
ployers and thus prevent the very
thing the employers are trying to
bring about. The most effective
way for the employers to restore
stability and accomplish the ends
toward which they are working is to
FIGHT LIES WITH THE ABSO-
LUTE TRUTH, PROPAGANDA
WITH COUNTER-PROPAGAN-
DA, REVOLUTION WITH COM-
MON SENSE.

GETTING IT RIGHT

Credit for what seems to be the most
rational view of the senate controversy
over the Versailles peace treaty yet ex-
pressed by one intimately connected
with it, must be given Senator King
of Utah, a democrat.

Declaring that the treaty could not
be ratified without reservations, Sen-
ator King, speaking in the senate yester-
day stated, that he could not sub-
scribe to the view that the senate's
failure to act rested wholly upon the
Republicans.

Such an admission must necessarily
imply defect on the part of the president,
but the senator's defense of the
Wilsonian attitude is one, emphasizing
itself to universal respect and consid-
eration.

The president, he says, could follow
to other course than to insist upon rat-
ification without reservations in order
to be true to the allies from whom he
was receiving criticism in the framing of the
document.

The logical conclusion is that the president,
as a peace-maker, did not truly
represent American sentiment; that
whatever concessions he wrung from
the allies he secured at too great a cost,
and that sooner or later he must back
down.

It is too much to expect that the
president will endanger his prestige
with the allies or with his adherents at
home by recommending modifications
of the treaty before the senate has ac-
ted.

CONSISTENCY

Senator Lewis, in urging the claims
of Chicago for the Democratic national
convention before the national commit-
tee of that party yesterday, took occasion
to remark that his political oppo-
nents by "malicious falsehoods" were
seeking to "array the foreign born cit-
izens against America."

Assuming that the senator finds ba-
sis for his charges in the action of the
senate foreign relations committee in
calling before it representatives of sev-
eral nationalities during its consid-
eration of the peace treaty one wonders
what might be the result once the re-
quirement were laid upon America,
through operation of the unqualified
treaty, to participate actively in Eu-
ropean squabbles of much more serious
import than mere discussion of propo-
sed American policy.

BAKER ASKS FOR ARMY
OF 275,000 STRENGTH

Seeks Request on Legislation on Mil-
itary Requirements in Germany
and Siberia

WASHINGTON, D. C.—To enable the
war department to maintain tempo-
rary American troops in Germany and
Siberia, Secretary Baker recommended
Thursday to congress legislation au-
thorizing an army of approximately
275,000 officers and men for the re-
minder of this fiscal year. This num-
ber is 100,000 in excess of the peace
time army permitted by the national
defense act.

A bill carrying out the secretary's
recommendation was introduced by
Chairman Wadsworth, of the military
committee and referred to that com-
mittee.

The committee, by a vote of 9 to 5,
struck out the provision of the re-
organization bill conferring upon Hunter
Liggett and Robert Tailored the rank
of lieutenant general in the regular
army.

MRS. T. T. SMITH

GAINS 30 POUNDS

After Taking Tanlac Feels Better Than
in Fifteen Years

"I can certainly recommend Tanlac
for it was six months ago that it
truly overcame all my fifteen years of
trouble and today I am still in perfect
health," said Mrs. T. T. Smith who
lives at the corner of Stanton and Alameda
Streets, Los Angeles, Cal.

"Before I began taking Tanlac I had
suffered so long that I didn't think I
would ever get anything that would
help me but now I am feeling better
than I have in fifteen years and have
actually gained thirty pounds in weight,
why, it seems almost too good to be true.
I was in an awful condition with no
appetite to speak of and indigestion
gave me so much trouble that I was
really afraid to eat anything for I knew
if I did I would be troubled with gas
and pains in my stomach for hours af-
terwards. Sometimes the pains were so
bad I could hardly bear for my clothing
to touch me, and at night they were
even worse and I would have to get up
and drink hot water until I was
before I could get relief and go to
sleep. I lost so much sleep that I be-
gan to fall off in weight and I got so
weak that all the time I went around
feeling tired and worn out. You can
imagine that after all the long years of
troubles when every medicine and treat-
ment I had tried failed to do me any
good I was very blue and discouraged."

"But at last I started taking Tanlac
as I had read so much about it, and to
my surprise I began to improve almost
at once and that encouraged me so that
I kept on taking it until all my troubles
had left me. I eat anything I want
and drink hot water until I am
without even being troubled in any way
with indigestion and I am so much
better that I have had to make nearly
all my clothes over. My sleep is sound
and restful and my stomach for hours af-
ter morning I feel refreshed and I can do
my housework with ease now. Every-
one of my friends have spoken of how
well I look and as I haven't taken a
dose of any kind of medicine since Tan-
lac restored me to complete health six
months ago, I know that all my trou-
bles have left me forever."

Tanlac is sold in Twin Falls by City
Pharmacy, in Rogerson by Thompson

PROCEEDINGS OF CO. COMMISSIONERS

The Board convened at this time pursuant to recess. As a Board of Equalization for the Personal Tax Roll with all members and the clerk present.

Personal roll having been transferred from the auditor's office, examination of same was commenced.
Comes C. C. Sigoin, and makes complaint that a threatening rig, belonging to himself and others, has been overassessed for the year 1919, the same having been assessed at \$400.00. The assessor was called into consultation of the matter, and it was decided that the assessment on said machinery was excessive, and that upon the said H. H. Dickson, the assessor, and the Board agreed to make a reduction of said assessment, upon the filing of proper affidavit setting out the same.

There being no other complaints appearing at this time, the Board proceeded to examine the Mothers' Pension List, and found that three names had been added to the same, viz: Mrs. Nellie King, Twin Falls, Idaho, Mrs. Estelle Moore, Buhl, Idaho, and Mrs. Adeline Foose, Buhl, Idaho, said names were ordered incorporated in the list.

In the matter of Mrs. Estelle Moore, the Board found that an allowance of \$20.00 per month had been allowed her through the Merchants Co., at Buhl, and upon placing her name on the list it was ordered that said allowance be discontinued and the clerk was ordered to notify said Idaho Merchants Co. of such effect.

In the Matter of Procuring Burglar Insurance.
Comes C. C. Sigoin, auditor, and proposed that some burglar insurance be procured, for the reason that taxes are being paid in rapidly and cash and securities accumulating; and the Board instructed said auditor to arrange for whatever insurance he may deem necessary.

AULT IMPOSES UNIQUE PENALTY ON OFFENDERS

Juvenile Officer Demands Boys who Took Candy Must Work to Make Up Loss

Three juvenile boys of Haason must go to work to earn the sum of \$3.05 to reimburse the proprietor of a well-known store for damage done to his premises and for goods of which the boys deprived him.

This is the judgment of John R. Ault, county juvenile officer, who returned last night from Haason after an investigation of charges lodged against the offenders. The lads are about ten years of age and have admitted all the charges.

According to Mr. Ault the Smith store was broken into about ten days ago, a window being smashed to permit entrance. The boys carried off a five-pound nut of chocolates, which they distributed to persons attending a dance at Haason. They will be required to obtain work at which they can be employed in spare hours in order to earn money sufficient to make good the amount required.

CHEER up, folks, for—The Spring will return when the winter is fled. And will bring us the rose and the grass; (The grass will probably come first, but it can't be put first here because it would not rhyme with what we are about to say hereafter.)

However: The old signs of Spring will return, as I said.

Excepting the "bock" sign, alas.

Some boys will return, but others will not.
