OFFERS PROJECT OF FOOD RELIEF FOR EUROPEANS

Secretary Glass Asks Congress for Authority to Advance \$150,000,000 to Austria, Poland and Armenia

DECLARES AMERICAN AID IMPERATIVELY REQUIRED

Estimates Proposed Appropriation Sufficient to Relieve the Situation Abroad Until Next Harvest Season

WASHINGTON, (P)—Authority to advance \$150,000,000 for food relief in Austria, Poland and Armenia was asked of congress today by Secretary Glass.

Mr. Glass said this amount would relieve the situation until next fall. Assistance by the United States is imperatively required, he said, to alleviate a desperate situation afflicting millions of people.

Would Establish Credits

Under the plan proposed by the secretary, the loans would be made out of the \$1,000,000,000 wheat currency fund and would be used in establishing credit in this country not only for Austria, Poland, and Armenia, but for other suffering countries.

An exact estimate of the European needs is "impossible," the secretary declared, adding that it might later be necessary to ask congress to grant \$50,000,000 additional.

British Are Willing

The British, he said, are willing to do all they can to add to the relief of the starving people, and they are willing to transport the food, and also to supply some clothing. The British, however, he said, would be placed on the United States' list of countries to be supplied.

The government grain corporation, handling the supplies, Mr. Davis said, the movement would be made so that it would not disturb our own prices on food.

Some Form of Securities

Some form of securities would be obtained from the foreign countries by the credits which would be made, Mr. Davis told the committee, adding that he did not want to "mislead the committee into thinking the loans are attractive as investments."

Austrian Situation Serious

The food situation in Austria has been given serious consideration by the supreme council at Paris and suggestions that the United States aid in relief work there have been made. Baron Eichehoff, head of the Austrian peace delegation, appeared in a statement published in this country today for aid for the people, who he said were threatened with anarchy and death by starvation during the winter.

Congress a Year Ago

Congress a year ago appropriated \$100,000,000 for food relief in Europe and information reaching through an international commission headed by Herbert Hoover.

MEXICAN REPORT IS INADEQUATE

Washington Refuses to Accept Explanation of Murders

WASHINGTON, (P)—Warnings of local authorities, disregard of which reports to the Mexican interior department declared resulted in the killing of E. Bonner and Earl Bates, Americans in that region armed with Mauser guns, have been received from the Mexican side in the Tampico region several days ago amounting in the opinion of officials here to nothing more than the waver which all Americans are compelled to sign before they can obtain a Mexican visa for the Tampico region on their passports.

This waiver, by which the persons signing it agree that no claims in case of harm to their persons or property by his heirs or employers, has never been recognized by the state department. Accordingly, officials had yesterday that Mexico, in order to give a satisfactory reply to the inquiries of the government as to the deaths of the two men, must prove that they received specific warnings other than those contained in the waiver.

Four constables who were patrolling the neighborhood heard the explosion of the bombs and hastened to the scene. When they arrived they put the bodies to flight.

Oil Producers Will Refuse to Pay Tax

LANEHO, Tex., (P)—Oil producers in the Tampico district of Mexico "are a unit in refusing to pay this tax," the oil industry and the government is determined to force payment, even if it is necessary to prohibit exportation," according to Thursday's issue of El Universal of Mexico City.

HOUSE REPEATS ITS REFUSAL TO ACCEPT BERGER

Vote on Disqualification of Socialist Representative - Elect from Milwaukee Follows Brief Discussion

SIX CONGRESSMEN ONLY OPPOSE ACTION TAKEN

Discredited, Aspirant for Position Says - Representative Government Receives Worst Blow in History

WASHINGTON, (P)—Victor Berger, socialist representative-elect from Milwaukee, was denied a seat in the house today for the second time.

The vote was 228 to six and was on a resolution by Chairman Dillingham, of the elections committee, which was offered immediately after Berger appeared and asked that he be sworn. Berger was denied a personal hearing and there was only brief discussion, Chairman Dillingham speaking in his resolution and Representative Republican, Illinois, arguing that Berger be seated because he had twice been elected by the people of Milwaukee.

Those voting to seat him were: Means, Harford, republican, Ohio; Sherman, democrat, New York; Sherwood, democrat, Ohio; Sisson, democrat, Mississippi; and Voigt, republican, Wisconsin. Representative Sabath, republican, Illinois, voted present.

Transfer of Shoshone Street Lots Makes Possible Fulfillment of Magels' Plans for a Splendid Theatre Building

As a result of a real estate deal consummated last night when S. Strauss & Co. and the two Shoshone street lots just north of the Twin Falls and Abstract company building, Shoshone street is to have a new theatre on a combination plan designed to accommodate both pictures and road shows.

The deal for the property was made by B. S. Magel and the consignment at which the real estate changed hands was \$20,000, or \$10,000 a lot. In discussing the purchase this morning Mr. Magel stated that work would be commenced early this spring on the new theatre, the present lease on the building now occupied by the Idaho theatre, has still a year and a half to run and it is possible that the new building will not be occupied until arrangements are made for disposing of this lease. Tentative plans, however, call for the expenditure of around \$75,000 on the new building which will be one of the most up-to-date playhouses in the northwest when completed.

The new theatre will consist of a main floor and two galleries and will contain in addition either two or four boxes. The lighting and venting arrangements will be of the latest design and no point will be overlooked in the work of constructing a playhouse which will measure up to any.

The seating capacity will be between 14 and 1500.

Berger declared in a statement after the vote that the house action "was one of the worst attacks on the representative form of government ever witnessed in this country."

"It is really a denial of the right of people to elect the citizen of their choice," he said.

SOVIETS PROMPTLY ACT

NO RENOMINATE OUTCAST MILWAUKEE, (P)—The socialist committee of the Fifth Wisconsin congressional district within a half hour after receiving the news that Victor I. Berger had been expelled from congress a second time, renominated him.

The statement was made that he would be the candidate for the party at a special election to be demanded from the governor.

"We will keep on nominating Berger until Lindbergh freezes over if that American aggregation called congress continues to exclude him," declared a statement issued by the committee.

"We are every person in this country to understand that the voters of the Fifth Wisconsin district know exactly whom they want as their representative in congress and we do not propose to let Gillette and his bunch of scoundrels prevent them from doing so."

PEACE TREATY TERMS TAKE EFFECT WITH EXCHANGE OF RATIFICATIONS

Proceedings Unmarked by Ceremony Follow German Signing of Protocol Providing for Ratification

AMERICAN AMBASSADOR WAITS VAINLY FOR PERMISSION TO ATTEND SESSION

PARIS, (P)—The treaty of Versailles, making peace between Germany and the ratifying allied powers was put into effect at 4:15 o'clock this afternoon by the exchange of ratifications.

SETS DATE FOR LEAGUE MEETING

Supreme Council Takes Action for Early Organization Under Covenant

PARIS, (P)—The putting of the league of nations into being, which will be one of the league of nations consequences of the exchange of ratifications of the treaty of Versailles, will occur in Paris at 10:30 o'clock in the morning of Friday, January 11, the supreme council decided today.

Ambassador Wallace called this afternoon of the council to President Wilson so that the president might issue the formal notice of the meeting of the council of the league to be held on the date named.

The first meeting of the council will be called to order and presided over by Leon Bourgeois, the representative of France in the council. He will deliver a brief address. Earl Curzon, the British foreign secretary, who will represent Great Britain at the meeting, also will appear.

UNITED STATES WILL NOT HAVE REPRESENTATION

WASHINGTON, (P)—President Wilson is expected to sign the call for the first meeting of the league of nations council immediately after receiving notice from Ambassador Wallace that the first session has been fixed for next Friday.

The United States, however, will not be represented at the meeting as the treaty has not yet been ratified by the senate.

Provision for the president to issue the call for the first meeting of the council is made in the peace treaty and officials explained that in signing the call Mr. Wilson would not be acting in his capacity as president of the United States.

The coming into force of the treaty through exchange of ratification today between Great Britain, France, Italy and Germany will not effect the United States, officials said. While technical ratification of the treaty by the United States still exists, trade between the countries was resumed some months ago and is steadily increasing, particularly in export movement from the United States.

The United States, however, will not be represented on any of the various commissions set up by the treaty for carrying out its terms nor can the country send consular agents into Germany until the state of war is ended.

BOISE RAIDS RESULT IN I. W. W. MEMBERS' ARREST

BOISE, (P)—Four alleged I. W. W. members were arrested here last night in the state constabulary and Boise police force raided two lodging houses that have been under suspicion for some time. While technical ratification of the treaty by the United States still exists, trade between the countries was resumed some months ago and is steadily increasing, particularly in export movement from the United States.

BELGIUM HEARS GOVERNMENT OF GERMAN FALLS

Story of Overthrow Brought by Travelers to Brussels Not Confirmed by Other Advices

—Communication is Slow

BRUSSELS, (P)—Travelers from Germany reaching here today brought unconfirmed reports that the German government had been overthrown.

It was reported that the socialists were masters of the situation and that a general strike had been declared throughout the territory not under allied occupation.

The Brussels report of a German government overthrow are not confirmed from any other source and it may be noted that the dispatches themselves carry their own qualifications, emphasizing the lack of positive information.

News dispatches from Germany are ordinarily at least 24 hours in reaching this country and the latest messages from Berlin received Friday, bore Thursday's date. These messages indicated some unsettlement in labor conditions, particularly in the vicinity of Essen and in the Ruhr industrial basin, but the unrest reported did not appear to be of unusual significance.

LONDON RECEIVES NO INTIMATION OF CHANGE

LONDON, (P)—In connection with the unconfirmed reports from Brussels of a German government overthrow, messages from Berlin by way of Copenhagen and the latest messages from Berlin received Friday, bore Thursday's date. These messages indicated some unsettlement in labor conditions, particularly in the vicinity of Essen and in the Ruhr industrial basin, but the unrest reported did not appear to be of unusual significance.

PARIS, (P) — Secret conversations between Premiers Clemenceau, Lloyd George and Nitti continue in an atmosphere of confidence with a reciprocal desire to reach a solution of the Adriatic problem which is acceptable to all, according to the Journal. The project of bringing about direct negotiations between Italy and Jugo-Slavia also is said to be proceeding favorably.

NIGHT RAIDERS ATTACK IRISH POLICE BARRACKS

Patrols Disperse Beggars after Bombs are Thrown and Barracks Demolished by a Bomb

DUBLIN, (P)—Police barracks six miles from the village of Tuam, Galway county, were attacked Thursday evening by a party of about 100 men, according to reports reaching this city. During the fight two or three bombs were thrown, one of which demolished and one police sergeant being slightly wounded. The occupants of the barracks returned the fire of the night assailants.

Four constables who were patrolling the neighborhood heard the explosion of the bombs and hastened to the scene. When they arrived they put the bodies to flight.

AMERICANS' ABSENCE REMARKED

The absence of American representatives at the peace conference was remarked upon by the last hour Hugh C. Wallace, the American ambassador was in doubt as to whether he would receive instructions to attend the ceremony. Finally, however, he decided to attend, he returned to the secretary of the peace conference the invitations that had been sent him.

Peaceful relations between Germany and most of the belligerent powers in the great war with her are established by the action taken at Paris today. The

SERVES MEXICO WITH NEW REQUEST FOR PUNISHMENT IN MURDER CASE

WASHINGTON, (P)—Further investigation of the killing of James Wallace, an American, near Tampico November 25, has resulted in the state department announcing today that its investigation disclosed that Wallace was sober, and that the colonel commanding the Mexican troops had stated that the soldier who shot Wallace was under the influence of liquor.

BOUNDARY COMMISSIONS WHICH ARE TO FIX UPON THE SPOT THE NEW BOUNDARIES OF GERMANY WITH BELGIUM, THE SARRE BASIN, POLAND AND CZECHOSLOVAKIA ARE TO BE APPOINTED WITHIN FIFTEEN DAYS.

A speedy development following the action of today is expected to be the presentation to Germany of the list of war criminals to be demanded by the allies for trial under the treaty.

It has been reported recently that this list has been considerably cut down from the originally proposed 1200 names. It will still name the former German crown prince, the Crown Prince Rupprecht of Bavaria, however, it is reported, while the treaty itself arraigns former Emperor William "for a supreme offense against international morality and the sanctity of treaties."

Germany is expected to appeal to a tribunal to try him after his surrender has been asked from the government of Holland.

EARTH TREMORS DESTROY SEVEN MEXICAN TOWNS

Great Lake Covers Sites of Demolished Cities Near Teocelo—Opening of New Crater Causes Panic.

MEXICO CITY, (AP)—Seven towns near Teocelo, south of Jalapa, have been overwhelmed by the earth disturbances and a great lake is covering their former sites, according to a message received here Friday from Teocelo through Vera Cruz. Thirty-four bodies had been recovered when the message was filed at Teocelo.

Crater Causes Panic
Intense excitement and panic reigned among the inhabitants of the cities of Cordoba and Orizaba in the western part of the state of Vera Cruz, because of the opening of a new crater, the volcano of Orizaba, 15 miles northward. The new crater is emitting smoke, according to information received from army officers in the earthquake district.

It is officially reported that nothing outward has been noticed at the other volcanoes in Mexico. Experts believe the reported opening of a small and supposedly extinct volcano at San Miguel and the breaking out of a new crater on Mount Orizaba provide an explanation of the earthquake which on Saturday night continued, with terrific effect, along the line between the states of Vera Cruz and Puebla.

Checking Death Toll
New advices tell of 200 deaths near San Miguel and in the country districts near Cordoba. It seems improbable the final list of casualties will fall below original estimates of 2,000 even if reports of 1,000 deaths at Cordoba were exaggerated. It is believed 20 villages were completely destroyed with almost double that number of towns and villages badly damaged. There has been no attempt to estimate the number of homeless and single country houses destroyed by the shock, nor have figures as to the number of injured or property damage been reported.

NEW CRATER IN MEXICO STILL EMITTING FLAME

Every Village in Vicinity of San Miguel Destroyed by Floods of Lava and Water

MEXICO CITY, (AP)—Flames are still being emitted by the new volcano at San Miguel in the western part of the state of Vera Cruz, according to advices received here last night. Every village in the vicinity has been destroyed while lava and floods of contaminated water from sources opened by the recent earthquakes are flooding the district west of the crater.

Refugees from San Miguel confirm earlier reports telling of numerous deaths from falling buildings and poisonous gases. Beliefs who had their headquarters in that region have suffered severely both from casualties and from loss of supplies, it is stated. Relief measures for quake sufferers are progressing rapidly, 200,000 pesos being subscribed by the members of the National railways and more than 500,000 from the army.

WINNIPEG PREPARES TO ASSIST HOME BUILDERS

WINNIPEG, (AP)—The housing commission operating under the city's housing plan will make a loan of 35 percent of the net cost of the home, it was announced here. A first mortgage will be taken on the property for 20 years, repayable at the rate of \$7.12 a month for each \$1,000 borrowed. The builder may select his own lot in any part of the city and pay any part or all of the borrowed money without notice at any time.

Record is Opened to Wilson; Denied Bryan

PRESENTS HOME MISSIONS CLAIM

Religious Work Director Points to Fields for Work Near at Hand

ATLANTIC CITY, N. J., (AP)—The second day of the great survey conference of the interchurch world movement opened with consideration of various phases of the home mission field. This afternoon, Dr. E. D. Diefenderfer, director of the home survey. The striking needs in the home fields were brought forth by the aid of colored maps, photographs and charts. The problems touched upon revealed conditions in the United States, Hawaii, Alaska and the West Indies.

Mr. Diefenderfer laid stress upon the situation on the Mexican border. "Here is the place for America to do a great constructive work," he said. "Let us make this border like that on the north, where no army or militia men control, but God reigns."

Dr. George W. Hinman told of the problems created by the influx of Orientals, particularly on the Pacific coast, and G. E. E. Lindquist sketched the findings of the survey on the American Indians.

"The Indians are not a vanishing race," declared Mr. Hinman. "There are probably as many Indians in America today as when Columbus landed. This one hope for these people is in the raising up of a native Christian leadership, trained at home."

Mumford D. Bruner, head of the rural survey of the movement, pointed out two great needs of the rural situation, adequate salaries for country ministers, and trained leaders "who will be worth the salary."

MEXICANS MAKE EXPLANATIONS

Officials Declare Murdered Americans Disregarded Warnings of Danger

MEXICO CITY, (AP)—F. J. Ronoy and Earl Boles, Americans who met death in the Tampico region early this month, were killed by rebels after having disregarded warnings from local authorities, who advised them not to venture into lawless regions alone, according to telegrams from state officials at Tampico given out last night by the interior department. They were shot by outlaws on the seashore between camps belonging to the International and Transcontinental Oil companies, it is said.

Advices given here state that followers of General Manuel Pelaez, outlaw chief and virtually independent ruler in that district, had been expecting to receive munitions from a steamer at that point on the coast. Certain bandits who were rivals of adherents of Pelaez were operating near the lagoon of Tamiahua and learned of the expected shipment. They laid in wait at a point where they thought the munitions would be landed and when Ronoy and Boles appeared the rebels believed they were carrying arms to the Pelaez forces. Fire was opened upon the two men, who were killed.

It is stated government forces are pursuing the bandits and that the foreign office has asked local authorities for further information regarding the shooting of the two Americans.

STAYS EXECUTIONS OF NEGRO INSURRECTIONISTS

LITTLE ROCK, Ark., (AP)—Stays of execution for 12 negroes under death sentences for murders alleged to have been committed during the recent negro insurrection in Phillips county Arkansas were issued by the Arkansas supreme court Friday, following filing of appeals from the lower court's decisions by attorneys for the negroes. The stays defer the executions indefinitely.

CHARGES PACKERS DEAL WITH SOVIET RUSSIANS

Federal Trade Commission Official Alleges Trafficking Despite Blockade

WASHINGTON, (AP)—Charges that Ludwig C. A. K. Martens, self-styled Russian soviet ambassador, to the United States, and his secretary, J. Nuorteva, had claimed to have had successful dealings with American meat packing concerns in buying meats for soviet Russia, despite the American and allied blockade of that country, were made before the senate agriculture committee Friday by William B. Colver, of the federal trade commission.

The trade commissioner made his charges while explaining other allegations that employees of the commission were under fire as "radicals" and "Bolsheviks."

Mr. Colver also charged that former secret service officials at Chicago had "framed up" arrests of commission employees in an effort to create the impression that the commission was a "hotbed of radicalism."

WISCONSIN FARM SCENE OF RECORD SALE OF HOGS

Thirty-six Pure Bred Poland China Sows Bring Average Price of \$354.84 Each

CHICAGO, (AP)—A record sale of pure bred hogs was made yesterday when 36 Poland China sows were auctioned for \$35,976, an average of \$354.84 each, at the farm near Lake Geneva, Wis., of William Wrigley, Jr., who took 298 stock raisers as his guests on a special train from Chicago. The buyers were taken in motor cars and bobsleds from the train to the farm where the sale was held in a steamheated pavilion. Afterward a turkey dinner was served.

Ernest Melberg, of Norway, Iowa, paid the highest price, \$4,000 for a sow, Grover Sampson of St. Joseph, Mich., paid \$3,700. An offer of \$30,000 was made, but refused, for a prize boar for which Mr. Wrigley paid \$15,000.

LOCAL HOOPERS TAKE FAST GAME FROM BUHL FIVE

Indications for Development of Star Quintet Shown in Defeat of West Enders

Playing a fast game through both periods of play and showing promise of developing into a star quintet which will equal the team of last year, the local high school basketball team last night defeated the Buhl high school five by a wide margin, 48 to 22. The game was witnessed by a crowd of spectators which comfortably filled the school gymnasium.

Clean Game Throughout

Twin Falls completely outclassed the visitors and play was around the local goal practically all of the time. Both teams played a good clean game only one player, Bailey of Twin Falls, being put out of the play. He was dismissed on a personal foul. Krengle was injured in the knee shortly after the game began and was replaced by Vochem, who, with Newman, Hertz, Carter, Putzier and Roy King of Twin Falls did exceptional work. Coach Natziger used several second-string men during the game to give the regulars a rest and also try out the substitutes to determine who they could do. Buhl made two substitutions during the contest.

Twin Falls' next home game is with Burley, two weeks from last night. Next Friday Nafziger's men travel to Rupert.

Girls Stage Preliminary

A preliminary game was played by two girls' teams of the school, the Reds and the Blues, the latter winning, 24 to 7. Miss Anderson, basketball coach for the girls, refereed the game. Craig Bracken of Twin Falls refereed the main contest and handled it in a fair manner. Oscar Neumann of Buhl acted as workkeeper. The lineup:

Buhl—Miller and Perry, forwards; Barriger and Barker, guards; and Camel, center. Substitutions, Carlson for Barriger, Lough for Miller. Twin Falls—Newman and Krengle, forwards; Carter, center; Taylor and Putzier, guards. Substitutions, Vochem for Krengle, Hertz for Taylor; R. King for Carter; Bailey for Hertz; P. King for Bailey; Shelby for P. King. Field goals—Buhl: Perry (5), Camel (2). Twin Falls: Carter (2), Newman (8), R. King (2), Vochem (6), Taylor (2), P. King.

Brief Bits of Sport

"Bat" Nelson has come back.

The other night in Providence, R. I., a scrapper styling himself "Batting Nelson" suggested a fellow styling himself "Stugger" McLaughlin to sleep in 12 rounds.

Sam Smiley, agebrush sage, says: "Man is a mystry 'n' a most incredible creature"—he don't know where he came fr'm and sure don't know where he's agoin'—Still we're here, all right, all right."

There's an aspiring boxer in Boston who doesn't think much of himself. He has monickered himself "Young Jack Johnson."

Charlie (Swede) Risberg, shortstop of the White Sox, from his place of concealment in San Francisco, announces his retirement from baseball.

Risberg has taken to heart a lot of criticism as being responsible for the White Sox losing the last world's series, because, it is asserted, he became overconfident. This may have something to do with his announcement.

Somehow folks who are a bit inclined to reason things for themselves are inclined to look askance on a mat match where the loser always manages to win the second flip.

There's a row in the Coast league over a rather unusual matter. The adopted schedule thrusts opening dates on Portland and Seattle, which towns object to the complaint being made that weather conditions in the early spring are most precarious for baseball.

SUNDAY BASEBALL IN STOCKTON

STOCKTON, Cal., (AP)—The directors of the Pacific Coast baseball league have sanctioned the playing of Sunday morning ball games in Stockton, stated Charles Moreing, Sacramento magnate, in a telephone message to the Record yesterday. Stockton will be given four ten Sunday morning games now designated in the schedule to be played in Sacramento. The first Stockton game will be between Seattle and Sacramento to April 11.

Charles and Louis Moreing, in charge of the Sacramento club, declare the coast league has given its permission provided a guarantee is given that there will be no financial loss. The Stockton fans have assured the Moreings of their support, 750 season tickets having already been purchased.

The local post also appropriated \$25 to be waged on Carpentier in his coming fight with Dempsey.

COMMON SENSE AND TAXES
There is nothing mysterious about
taxation.

The records of every governmental
tax laying and collecting agency are
open to the taxpayer and anyone may
examine these records to satisfy him-
self as to where tax money comes from
and where it goes to the fraction of a
cent.

An investigation revealing the facts
usually is sufficient to silence criticism
in these matters.

In a broad sense the matter of tax-
ation rests upon the proposition that
what is bought must be paid for, and
the fewer the buyers the higher the
price to each.

Taxes are high in Twin Falls coun-
ty this year, and taxes raised for coun-
ty purposes, constituting about 18 cents
out of every dollar in tax money paid
into the county treasurer's office, are
high, too—higher in the aggregate by
exactly \$29,580.02 than they were last
year.

This is a result very largely of the
attempt the county commissioners are
making this year to restore the business
of the county to a cash basis—a basis
that is required by state authority and
a basis which has been departed from
because of unforeseen expenses incurred
in 1917 and 1918 in connection with the
as the expenses involved in

the necessity for maintaining guards on
irrigation systems, contributions to the
county council of defense, and to the
handling of Liberty Bond campaigns
and similar undertakings.

Because of this departure from the
required cash basis the amount of coun-
ty tax money raised under the last tax
levy was just about sufficient to de-
fray expenses incurred for the year
1918, and there remained very little to
be brought into the 1919 accounts. There
were \$50,000 worth of outstanding
county warrants to the beginning of
last year.

There was tax money available
for meeting expenses of last year
until fall when the first collections
were made under the current levy
which must be made, if possible,
to yield sufficient revenue to meet
the expenses of the county until
next fall.

Without any money on hand to
pay bills as they became due the
county must issue deficiency war-
rants on which it must pay inter-
est at the rate of about seven per
cent; and so it is in the interests
of the taxpayer that the state re-
quirement for the cash basis should
be fulfilled.

It is plain, in view of existing and
unavoidable conditions in this county,
that county taxes must be high for a
time if the cash basis is to be restored;
but it is quite evident, too, that once
this basis is restored, the necessary
surpluses created and the necessity for
warrant redemption funds done away
with, subsequent tax levies are bound
to be substantially lower.

Other factors enter into the making
of higher county taxes this year.

The first payment of ten per cent
on \$100,000 worth of bonds issued
for building of the court house came
due in 1919. Through oversight,
perhaps, the old board of county
commissioners failed to make the
necessary levy to meet this pay-
ment and so this year, with two
payments to be met—one past due
and the other coming due amount-
ing in all to \$30,000 and interest—
it was necessary for the commis-
sioners to make a levy of 15 cents
on every \$100 worth of taxable
property to yield the required
amount.

This amount, incidentally, is

somewhat more than the amount
of the increase in county taxes this
year over last.

Another unforeseen expense to be
met by the county arises in connection
with the Hanson bridge, a boon to this
entire region the value of which can
hardly be estimated in dollars and
cents. The estimated cost of this struc-
ture was \$80,000. The actual cost was
\$102,000. Twin Falls county's share of
the excess is \$10,000, and this must be
paid out of the tax money.

The county agricultural fair last
year, because of bad weather, was a
failure from a financial standpoint
thus throwing additional expense upon
the county.

Activities of the county farm bureau,
in support of which rather general in-
fluence has been exerted from time
to time, involve an annual expense to
the county which this year reaches \$7,-
878.

The cost of erecting a much needed
nurses' home in connection with the
county general hospital occasioned an
expense on the part of the county of
\$35,000 which comes out of the \$39,-
955.12 to be raised under the current
levy for the hospital fund.

Objection to the county tax levy of
15 cents on each \$100 worth of taxable
property for a county road fund is to
be silenced at once by citation to the
state law which requires the county to
make a road levy regardless of whether
or not it may be comprised wholly of
highway districts, and it is to be ob-
served that out of the \$39,955.12 raised
by the county this year on that ac-
count, the county retains only about
\$7,500, the balance, under the terms of
the state law, going to the several high-
way districts and incorporated towns.

With these facts thoroughly under-
stood, and with ordinary appreciation
of advancing costs that affect county
governments as well as individuals,
there remains no vestige of foothold
for criticism of the current tax levy
made by the county commissioners; but
rather, there is abundant basis for com-
mendation, and a fair analysis of com-
parative tax levies for the year 1918
as against the levies for 1919 is an in-
evitable result.

SYRACUSE GIRL WINNER
MAXWELL AUTO CONTEST

Anna Altmann Proclaimed by Five
Judges Motor Beauty Queen of
America

NEW YORK CITY, Jan. 10.—With
the opening of the 19th annual New
York Automobile show, the first na-
tional event following the war, Miss
Anna Altmann, of Syracuse, New York,
has been proclaimed the motor queen of
America and the winner of the first
automobile beauty contest ever con-
ducted.

"It looks like the old colonel took
in too much territory," remarked E. G.
Johnson of the Johnson Auto Sales Co.,
local Maxwell dealer after reading a
long telegram from the judges com-
mittee yesterday.

"Over 3000 pictures were received up
to closing hour from Hawaii, the Dis-
trict of Columbia, and every state in
the union," Mr. Johnson says. "To
keep the contest thoroughly within the
limits of the motor world the judges
were from four of the leading auto
motive magazines, as follows: Frank
Hoche, publisher, 'Automobile Topics';
L. P. Tarnasowski, editor, 'Motor'; E.
M. Jopp, automotive editor, 'Popular
Science'; and B. L. Hodges, art direc-
tor, 'Motor Life'.

Each of the foregoing carefully
considered the great display of photo-
graphs, until finally fifteen pictures

were laid upon a table for special con-
sideration. All but four were gradu-
ally eliminated, each one of which was
stoutly supported by a respective mem-
ber of the committee. An hour passed
and the same four remained on even
terms. At length a glowing deadlock
prevailed and at the end of the fourth
hour it was agreed to call in a qualified
critic whose decision would be without
appeal.

Cecile Phillips, the eminent artist,
whose American girl types are so ex-
tremely handsome and wholesome, was
extended an invitation and accepted.
Before him were laid pictures of these
four pretty candidates: Miss Elizabeth
Hawkins, Atlanta, Georgia; Miss Ellen
Anderson, St. Louis, Mo.; Miss Anna
Altmann, Syracuse, New York; and
Miss Hilda Kottler, East Orange, New
Jersey, from whom the judges refused
to proclaim one superior to the other.

"Falling to win over any of the
four individual judges in a compromise,
M. Phillips eventually gave the sin-
gular honor to Miss Anna Altmann of
Syracuse, a brunette type, whose fea-
tures, according to the artist-judge,
were beautifully regular and the near-

est to a perfect picture of all submit-
ted."

MR. LAND SEEKER AND INVESTOR--

Do you know that land on the Twin Falls Tract, the Missidoks and
and Burley Tracts, the Eden and Hazelton Country, and the Boise Val-
ley, has advanced from 50 to 100 per cent during the past two years?

Do you know that land on the NORTH SIDE TRACT has not ad-
vanced anywhere in proportion to these others and that it will undoubt-
edly do so in the very near future?

Do you know that most of the sales of land on the North Side tract
during the past three years have been to the Farmers and Renters on
the tract who know what they are buying!

Do you know that the principal buyers from outside the tract have
been Twin Falls business men such as J. B. Cool, M. A. Stronk, W. H.
Wilkinson, Carl Hahn, John M. Maxwell, J. A. Steele, C. A. Robinson,
and others and also many of the Wise Farmers from the Twin Falls
Tract. These men are not investing blindly. You can talk to the farm-
ers who have invested here personally when you come over.

YOU WHO HAVE NOT INVESTED here had better get busy and
investigate now, before the advance that is sure to come, arrives.

We have a good listing and some very attractive buys and we are
entirely AT YOUR SERVICE if you want to look them over, and you
had better do so now.

The Ease of
the Chalmers Engine
Has a Story

WHEN you sit behind the wheel of a present
day Chalmers you will long remember the rare
ease of its engine.

It responds to the slightest call without effort.
At high speed you are conscious of no great activity
under the bonnet. But you roll along with a certain
comfort of mind that is comparable only when you
lag along at slow speed and note no "breaking," no
"missing," no jerky action—but a quickness, a silence
that is smooth and expressive of high efficiency.

There's a story back of this. Most troubles in a
car come from vibration. In a Chalmers there is so
little vibration as to be negligible.

Its crank shaft and reciprocating parts are balanced
to a fraction of an ounce, both static and in motion.

More than this, Hot Spot vaporizes the raw gaso-
line into a "fog," and Ram's-horn supplies each cylinder
with an even "charge."

This provides double insurance against vibration,
and generates an ease of action not often found in a
motor car.

Once you experience this you, too, will say
Chalmers is one of the few great cars of the world.

DISTRICT COURT DOCKET WITHOUT CRIMINAL CASES

Trial of Suits on Civil Calendar to Be Begun at Once Unless Something Unforeseen Develops Soon

Without a single criminal case on the calendar the first regular term for 1920 of district court here will be convened on Monday morning next by Judge W. A. Babcock.

Unless something unforeseen develops, the court will proceed at once to the trial of cases on the civil calendar, which today numbered 70 for trial by jury and 31 for adjudication by the court.

Absence of criminal cases from the calendar is a result of there being no new informations alleging criminal offenses filed with the court since December 29, when the court adjourned after clearing up the criminal docket.

Among the more important civil cases likely to be tried during the forthcoming term of court are: *Amicus Vespucius Mounce* against *Winfield Scott Hyde*, on a complaint charging slander coming on for re-trial following disagreement of a jury after a sensational trial last June in which Mounce alleged to have impugned Hyde's reputation as a patriotic citizen.

Other actions on the calendar include the case of *D. M. Doolan* against *B. B. Moore*, alleging slander; *H. M. Sims* against *The Twin Falls Times Publishing Company*, an action alleging libel; *Minnie L. Hays* against *C. A. Robinson*, wherein recovery of an automobile made the stake in an action bet is sought, and of *The Municipal Securities Company* against *The Bohl Highway district*, wherein damages are asked because of alleged breach of contract.

GET SEED POTATOES NOW

Good seed potatoes for the Twin Falls district are going to be very scarce. The Adams Produce company have been asked for all the remaining seed potatoes in storage here to be shipped to other intermountain points and before shipping they propose to give every grower a chance between now and the 15th to purchase his seed for spring delivery. They state that after this date they will be promptly shipped out to other sections.

Certified Seed
The only certified seed potato potatoes raised in Idaho are in the cellars of this company and it stands every grower in hand to prevent this stock from leaving the Twin Falls district especially as it was shipped in here for seed purposes.

STOCKMEN MEET AT BIG WENDELL BANQUET BOARD

Speakers Extoll Desirability of Purebred Strains in the Industry

One of the biggest meetings of stockmen ever assembled on the North Side tract was held at Wendell Thursday evening. More than two hundred farmers and business men of Gooding, Jerome and Wendell were seated at the banquet tables in the dining rooms of the recently opened Wendell hotel.

The meeting was arranged by County Agent Smith of Gooding county in conjunction with the Chamber of Commerce of Wendell.

J. M. Markel, secretary of the Twin Falls county fair, acted as toastmaster and prominent among the speakers of the evening were Col. E. O. Walter, leading purebred stock auctioneer of Plover, who emphasized the value of pedigree in the livestock industry; Ray Cumback, field dairyman of the University of Idaho, who dwelt at length on the value of the dairy industry in Idaho; F. R. Hill, secretary of the National Cattleman's association; William Kerr, state avian specialist; Rev. A. C. Evans of Gooding, and President Paulsen of the Gooding county farm bureau.

Prominent among those in attendance were Governor Gooding, Chas. McMaster of Twin Falls, and Willard McMaster, secretary of the Southern Idaho Shorthorn association, and Joseph Tanner, of Ruby, secretary of the Chamber of Commerce.

Many of the leading livestock men of the North Side are planning to attend the sales of purebred stock in Twin Falls week after next.

KIMBERLY-LEGION POST HOLDS INITIAL MEETING

Delegates Representatives to Bespeak Co-operation of Twin Falls

Kimberly post of the American Legion, the fourth post to be organized in Twin Falls, held its initial meeting last evening. It is expected that the post will have an exceptionally large membership within a short time.

A committee of three was selected at the meeting to draft a constitution and by laws to be presented to the post for consideration next Friday evening. Several representatives were appointed to visit the Twin Falls post at its next meeting on Monday night and request speakers to address the Kimberly post on the opportunities before the legion in the Kimberly district.

STEVENS CLEARS RECORD

Lester Stevens, wanted here on a warrant charging illegal possession of intoxicants since last summer when he, with Cleo W. Bush, eluded police pursuit in an automobile, yesterday pleaded guilty to a charge of drinking intoxicants on a public highway and was sentenced by Justice of the Peace Kennedy Packard to pay a fine of \$200. Stevens recently returned to Twin Falls and surrendered to police officers.

QUESTIONS JURISDICTION
In district court yesterday, Judge W. A. Babcock heard arguments of attorneys in the case of *M. W. Johnson* against *O. P. Duval*, as probate judge of Twin Falls county. Plaintiffs in this case contend that in decreeing certain property in the possession of the plaintiff to the estate of Henry J. Failing, the court exceeded its jurisdiction.
