PRICE FIVE CENTS

MEXICO ADVISES
ASSASSINS ARE
MADE CAPTIVES

Three Persons Suspected of the Murder of American Oil Men in Custody with Early Arrest of Others Anticipated

OROZCO CLAIMS SUCCESS
IN PURSUIT OF OUTLAWS

American Consul is Reported to Express Satisfaction at Efforts of Federal Forces to Punish Offenders

MEXICO CITY, (AP)—Three persons alleged to be the assassins of the late Francisco Villa, American oil men killed near Fort Lobos early this month have been arrested, according to a report received here from Colonel Orozco, chief of operations in the Tampico district. Colonel Orozco declares that others implicated in the tragedy have been located and will be apprehended shortly.

The report says the American consul at Tampico has expressed satisfaction at the efforts of the federal forces to punish offenders there.

INVESTIGATION SLIPS UP

WASHINGTON, (AP)—Intelligence officers of the war department are satisfied after an investigation that the simultaneous arrival at Manzanillo, Mexico, of a steamer bearing arms and munitions from Japan and the Japanese cruiser Yakuma had no connection. These officers said today that the Yakuma was a training ship and could not have protected the munitions ship even had there been occasion for the effort.

FEDERALISTS EXHIBITS THIRTEEN

MEMBERS OF VILLA BAND
AQUA PRIETA, Sonora, Mex., (AP)—Word reaching here this morning through military channels stated that 13 members of a roaming Villa band were executed by General Eduardo Gonzalez south of Ures on Sunday night.

The leader of the band, Juan Rodriguez, was killed in the Villa band at the time Francisco Villa was commanding his army in an attack on this town in November, 1914. Since that time he has been operating with a band in both Chihuahua and Chihuahua. Rodriguez was among those executed, and at one time held a commission in the Carranza army.

VILLA ON WAY TO MEET

REBEL LEADER IN SOUTH
WASHINGTON, (AP)—Francisco Villa, with a squadron of cavalry, is on his way to the Tampico oil fields for a conference with the rebel in control of the southern oil fields for several years, it was said in private circles yesterday. At the proposed conference the two rebels will map out a campaign intended to capture Tampico City and take over control of the entire Tampico district, the advice, which are from sources intimately related to Villa's movement, report.

FRENCH CABINET WOULD
STOP WARCRRAFT BUILDING

Inaugurates Legislation to Call off Work on Uncompleted Drednoughts

PARIS, (AP)—Steps were taken by the cabinet today to stop the construction of the five dreadnoughts of the Normandie class laid down just before the war but never completed. Finance Minister Klotz, who introduced the bill for this purpose. Other measures authorized will direct that the six scout cruisers provided by the law of 1912, as well as twelve scout destroyers, shall be laid down during 1920.

The plans for the Normandie class of dreadnoughts provided for vessels displacing 23,820 tons, each with main batteries of twelve 13.6 inch guns and twenty-four 5.5 inch guns. Their construction was suspended not long after the outbreak of the war and their 13.6 inch guns were turned over to the army. The building of the dreadnoughts was resumed later.

BALINAS WILL REPRESENT

MEXICO CITY, (AP)—Leon Salinas, under secretary of industry and commerce, left tonight for the United States for the purpose of attending the Pan-American financial congress to be held in Washington. He will lay before that meeting extensive data relative to the petroleum industry in Mexico, it is said.

VISCOUNT GRAY AGREEABLE

TO RETURN TO AMERICA
SOUTHAMPTON, (AP)—Viscount Grey of Fallodon, British ambassador to the United States, arrived here this morning on board the White Star liner Adriatic. He said he had no official statement to make but was prepared to return to America in either an official or private capacity.

UNITED STATES WAIVES
CLAIM TO ITS PART OF
HUN WARSHIP TONNAGE

American Ambassador Raises Question of Proposed Distribution in Supreme Council and then Announces Renunciation on Part of His Government; Peace Makers Prepare to Turn Over Offices to Diplomats

COMPLETION OF HUNGARIAN TREATY
LEAVES LITTLE UNFINISHED BUSINESS

PARIS, (AP)—In the supreme council today Hugh C. Wallace, the American ambassador, raised the question whether the council intended to maintain the percentages previously adopted for the distribution among the allied and associated powers of the warship tonnage to be given up by Germany.

Receiving an answer in the affirmative, Ambassador Wallace informed the council that the United States, in that case, waived its claim to any part of this tonnage.

Serious consideration was given by the supreme council this morning to a plan for the appointment of a committee of ambassadors to complete the details for the presentation and signing of the Hungarian peace treaty and to carry through the other unfinished business of the peace conference. The decision, however, was left to the heads of the governments of the principal powers.

Expect Premiers' Approval
The necessity for the return home of the Italian and British members of the council was advanced as the reason why another organization should be created. It is thought that the premiers now taking part in the conference here—Clemenceau, Lloyd George and Nitti—will approve the idea of creating the committee of ambassadors, as many questions likely to come up in future in connection with the execution of the various peace treaties will be diplomatic questions as well as peace problems.

Whether Hugh C. Wallace, the American ambassador, would be a member of the proposed committee has not been determined.

Treaty Nears Completion.

The council today made a slight modification in the draft of the Hungarian treaty, dealing with the furnishing of coal to Hungary, to Poland and Czechoslovakia. The document now is considered finally shaped. It already is in the printer's hands and probably will be ready for delivery before the end of the week.

The subject of the demand by Turkey for a decision regarding the prohibition of business relations between her and the central powers was taken up and it was decided that German goods might be sent to Turkey, but only through third parties.

Probably Final Session

This probably was the last meeting of the supreme council at present organized. It is not likely to meet again unless the premiers delay action upon the proposed ambassadorial commission.

WASHINGTON QUALIFIES

AMERICAN'S STATEMENT
WASHINGTON, (AP)—It was said at the state department today that in advising the supreme council that the United States waived its claim to any part of surrendered German warship tonnage, Ambassador Wallace was referring to the indemnity to be paid by Germany for the sinking of the German ships interned at Scapa Flow.

The United States, it was said, had not waived its claim to a percentage of the additional tonnage to be delivered by Germany under the terms of the peace treaty.

World News Events

GUAYAQUIL, Ecuador, (AP)—Dr. Jose Luis Tamayo, former president of the senate and candidate of the liberals, was elected president of the republic Sunday. His election became certain when Gonzalo Cordova, former minister to Washington and candidate of the conservatives, advised his followers early Sunday that he had withdrawn from the cabinet.

RIO JANEIRO, (AP)—President Pessoa last night promulgated the treaty of Versailles, thus making effective that part of the treaty referring to Brazil. The president officially declared a state of peace with Germany.

MADRID, (AP)—Many extremists were arrested here yesterday following the discovery of a plot to terrorize the capital with bombs, according to information received from official circles.

HONOLULU, (AP)—Korean national army has crossed the Siberian frontier into Korea and has captured En Chin from the Japanese provisional government forces, according to a cable from Shanghai to the Korean National association here.

COURT ORDER ENJOINS

COST PRICE PROPOSITION
HELENA, (AP)—Judge John M. Bourquin in the United States district court here today granted an injunction against the Montana Trade commission, halting the operation of the commission's order No. 4, which would compel retail dealers to mark the cost prices upon goods offered for sale in the state.

IDAHO WEATHER.

Tonight and Wednesday, fair; colder tonight.

FURTHER DELAY
LOOMS IN PATH
OF PEACE PACT

Possibility of Final Senate Decision Before League of Nations Meets is Disputed by Leaders' Statements

PARTY SPOKESMEN LOOK
FOR ACTION NEXT WEEK

Disposition to Wait for Naming of Democratic Leader Decries from Fresh Impetus Given Negotiations

WASHINGTON, (AP)—Possibility of final senate action on the peace treaty by January 15, when the league of nations council will assemble in Paris, was today, according to republican and democratic leaders. Not before next week, spokesmen declared, was predicted, was any action probable. Democrats declared they would be satisfied if ratification was effected this month.

While negotiations toward adjustment of differences over reservations gained new impetus today, it was said some democrats were disposed to defer action until after the caucus Thursday when a minority leader will be elected.

Center on Article Ten.

Conferences in the compromise negotiations of the democrats today centered about a new reservation affecting article ten of the league covenant, drafted by Senator Gore, democrat, Oklahoma, and another draft by Senator Simmons, democrat, North Carolina. The former was submitted as a "mild reservation," republicans and democrats also with other republican leaders, but without definite results. Senator Simmons' draft was said to be favored by many democrats and, with the McKellar-Kendrick draft, was the subject of further conference today between republican leader Lodge and Senator Smith, democrat, Georgia.

DEMANDS INVESTIGATION
OF ARMY DECORATIONS

House Adopts Resolution Calling for Names of Recipients of Honors

WASHINGTON, (AP)—After a spirited debate, the house today by a vote of 182 to 100 adopted a resolution directing representative Gallivan, democrat, Massachusetts calling on the war department for the names of all officers and other persons who were awarded the distinguished medal for their services during the war. Most of the democrats voted against the resolution.

Representative Gallivan made a bit of a speech in support of the resolution, while Representative De Witt and Steele, of Pennsylvania, vigorously defended the chief of staff, the latter declaring that General March had fought bravely in the war and returned here over his own opposition.

Chairman Kahn, of the military committee, questioned some of Mr. Gallivan's charges. Representative Caldwell, democrat, New York, said attacks on the officers trained at West Point and Leavenworth were unjustified.

Early Homecoming is
Promised Soldiers

WASHINGTON, (AP)—A portion of the American expeditionary forces in Siberia is to be withdrawn immediately, Secretary Baker announced today, adding that the withdrawal of the expeditionary force would be in connection with the evacuation of the Czechs.

Mr. Baker could not say what units would be withdrawn and this time. The troops will go to the Philippines before being transported to the United States.

DOLIER DECLARES LABOR
FAVORS LEGION'S POLICY

War Veterans' Organization Commander Says Few Local Unions Misrepresent Sentiment

INDIANAPOLIS, Ind., (AP)—In a statement yesterday, designed to show that while a few local labor unions have passed resolutions condemning the American legion, organized labor, in general is favorable to the legion and its policies, Franklin D. Olier, national commander of the legion, quotes an article published in the Union Labor Journal at Jackson, Mich., which denounces as false reports that organized labor is unfavorable to the veterans' organization.

This article declares that the interests of labor are identical with those of all working men and reports that a report sent from Bakerfield that a union there had denounced the American legion was "a malicious groundless" that it could only have been inspired by a desire to influence the legion and labor organizations elsewhere into an attitude of antagonism.

MINE OPERATORS BALK
AT PRICE FIXING AFTER
WAR EMERGENCY PERIOD

Announce Willingness to Accept with Single Reservation, any Decision Reached by Commission Named by President Wilson to Settle Bituminous Coal Strike; Defend Attitude on the Grounds of Legal Limitations

MINERS PUT FORWARD FULL DEMAND
AS ORIGINALLY MADE AND REFUSED

WASHINGTON, (AP)—Mine operators in the central competitive field today told the commission named to settle the bituminous coal strike that they would accept with a single reservation any award the commission might make.

The operators said they would not be a party to the fixing of coal prices beyond the period of effectiveness of the Lever law, the year-time measure under which the government has controlled food and fuel prices. Ralph Crews, counsel for the coal operators, explained that without making this reservation, the operators could not legally join any price-fixing agreement. He also said the operators would not make their acceptance of the commission's award contingent upon the preparation of answers to a series of questions which the operators yesterday asked the commission.

Contract for Period

In accepting the committee's authorization the operators, Mr. Crews said, understood that the commission's award should "of itself constitute a final contract between the miners and operators for the period of time fixed by the commission."

President Robinson reminded him of the language in the acceptance accordingly, and Mr. Crews finally agreed that the commission should determine that point.

Give Miners' View

"The mine workers understand that the award shall be a basis of a new wage agreement, and not of itself an agreement," said John L. Lewis, acting president of the mine workers.

"I trust the record in this case shows that the miners have been on a basis for a refusal by the operators to write into a wage agreement the commission's award."

President Robinson said Mr. Crews' stipulation that the commission should have power to determine what the procedure should be had cleared up this point.

Argue Original Demands

Miners' representatives put before the commission their full demands as originally made in the strike, and the operators before the calling of the contract last November. Acting President Lewis recited demands for an increase of sixty per cent in wages, the six-hour day and the twelve-week year, for the abolition of double shifts and for the consideration by districts of internal differences, and defended each of them.

The efficiency and health of mine workers, he declared, required shorter hours, and he added that the miners would endeavor to show the commission that the average bituminous coal mine did not work more than thirty hours a week in any case.

FIXES PRICE FOR NEW
CROP SUGAR PRODUCTION

American Refining Company Announces 14 3/4 Cents a Pound to Produce in Trade

NEW YORK, (AP)—A price of 14 3/4 cents a pound for granulated sugar refined from the new crop has been established for the wholesale and manufacturing trade by the American Sugar Refining company. It was announced last night. When the refining price was fixed at nine cents by the sugar equalization board it allowed a profit of one half cent a pound to wholesale and one cent a pound to retailers, making the retail price 10 1/2 cents. Allowing middlemen an additional profit of one cent a pound, making their average profit one cent a pound, the higher price and increased overhead expenses, the price per pound to the consumer would be 17 1/4 cents, or considerably less than the prevailing retail price.

The company's statement disclosed that it is declining all export business until sugar conditions in this country become more normal. In 1919 it delivered more sugar to the domestic trade than in several years. Since the shagging began last September, deliveries have averaged 125,000,000 pounds a month.

Under the "new freedom," he said, the government has taken away from the unions the right to organize and is trying to take away the rest.

"We find that the new democracy is only Bolshevism without its whiskers," he said, "and it is trying to take away the rest."

WOMEN OF NEBRASKA HOPE
WEARING OF OLD CLOTHES

LINCOLN, Neb., (AP)—Mrs. Chas. S. Ryan of Grand Island today declared that a union there had denounced the American legion as "a malicious groundless" that it could only have been inspired by a desire to influence the legion and labor organizations elsewhere into an attitude of antagonism.

ARGUES STATES
CANNOT BACK UP
ON RATIFICATION

Anti-Saloon League Attorney Cites Authority for Prohibition Against Repeal of the Amendment Endorsement

WASHINGTON, (AP)—State legislatures can not under the law repeal ratification of the constitutional prohibition amendment, Wayne B. Wheeler, counsel for the Anti-Saloon league, declared today in a statement discussing recommendations for repeal made to the law makers of New York by Governor Smith.

Mr. Wheeler cited the attempt of New Jersey and Ohio to withdraw ratification of the fourteenth amendment. Congress refused to accept the repeal and both states were counted among those voting affirmatively. Without their ratification the amendment lacked sufficient votes to become operative.

Chief Justice Marshall was quoted

by Mr. Wheeler as follows: "The principle is asserted that one legislature is competent to repeal an act which a former legislature was competent to pass. The correctness of this principle, as far as respects general legislation, can never be controverted. It can be done under a law, a succeeding legislature cannot undo it. The past cannot be recalled by the most absolute power."

MICHIGAN COURT HURTS

ARGUMENT ON RATIFICATION
LANSING, Mich., (AP)—Validity of the action of the Michigan legislature in ratifying the federal prohibition amendment without submitting the question to a referendum was upheld in the state supreme court here today.

The question comes into the court following refusal by Secretary of State Clegg to accept a preliminary petition seeking a referendum on the measure. Attorneys for the petitioners obtained from the court an order requiring the secretary of state to show cause why he refused to accept the petition, and is now requiring him to accept the petition and place the amendment before the people next November.

Assistant Attorney General Betts argued for the state legislature are subject to referendum. He insisted an act meant a bill passed by the legislature. Attorneys for the wad advocates contended that legislative power rested solely in the electorate.

DECLARES "NEW FREEDOM"
BOLSHEVISM MINUS BEARD

Union College President Tells New York Bankers Liberties are Endangered

NEW YORK, (AP)—The "new freedom" and the "new democracy" are "only Bolshevism without whiskers," declared President Charles A. Rickman of Union college, Schenectady, who also addressed the state bankers here.

Under the "new freedom," he said, the government has taken away from the unions the right to organize and is trying to take away the rest.

"We find that the new democracy is only Bolshevism without its whiskers," he said, "and it is trying to take away the rest."

RATIFIES NEULLY TREATY

SOFIA, (AP)—The Bulgarian yesterday ratified the treaty of Neuilly, signed at Neuilly November 27 and expressed the hope that it would be signed as early as possible.

1. *Journal of the American Medical Association*, 1997; 278: 1025-1030.

STEADY STREAM OF LABORERS IS QUITTING U. S.

Records of Inter-Racial Council Show 1,000,000 Departures Since Armistice Signing—Many More to Go

NEW YORK, (AP)—Nearly 1,000,000 foreign-born laborers have left the United States for Europe since the armistice was signed and 1,000,000 more are expected to depart as soon as passport regulations are made less strict according to a statement issued here by the Inter-Racial Council of which General Coleman D. Post is chairman.

Tens of thousands of aliens are reported to be giving up their jobs preparatory to returning to their home lands, it was said, and many of these "as the result of racial prejudices will take back with them stories about America which will make this country less attractive to immigrants."

"The independence that has been granted the countries of Europe," it was stated, "and the fact that 30,000,000 persons, who were largely dependent aid from their governments in the form of pensions, gratuities which detract from the incentive heretofore existing for foreigners to seek their fortunes in the United States."

YEAR SEES REDUCTION IN RESERVE OF METALS

Stocks Drop More Than \$441,000,000, According to Statement of the Federal Board

WASHINGTON, (AP)—Reserve stocks of precious metals in this country were reduced more than \$441,000,000 in the calendar year 1919, according to a statement Monday by the federal reserve board.

Gold exports amounted to \$368,144,545, of which \$24,114,189 went to Japan, \$55,550,000 to Argentina, \$40,045,206 to Hong Kong, \$39,109,769 to China, \$34,300,060 to British India, and \$29,775,000 to Spain. Imports totaled \$70,544,046, most of it coming from Canada and Hong Kong.

Silver exports were valued at \$239,001,051, British India taking \$109,150,731, China \$77,531,177, Hong Kong \$14,225,351 for exchange purposes. The growing European demand for silver for currency was shown in \$15,535,326 exports of silver to England, \$6,558,197 to France and \$2,064,034 to the Netherlands. Imports of silver were \$39,389,536, of which \$63,303,437 came from Mexico.

RAT CATCHERS OF HILO THERATENING TO STRIKE

HILO, Island of Hawaii, T. H. (AP)—The rat catchers of Hilo, who are going on strike unless Chief Sanitary Inspector Chubbuck can arrange a higher scale of pay. They have been delivered to Chubbuck by the rodent chasers, who declare they will throw down their traps, bait and tin cans unless they receive more money.

The sanitary department has estimated that it costs about fifty cents to catch a rat. It is felt that this puts rat catching in the high-cost-of-killing class, and to keep up the work that keeps down disease the chief sanitary inspector is faced with the problem of giving the rat hunters more pay and, at the same time, cutting down the cost per rat to the department.

SUGAR CONTENT IN FIBR YIELDS TO COSTLY PROCESS

MISSOULA, Mont., (AP)—Douglas fir, manna, more properly designated manna, is about 100 percent sugar content, but sugar cannot be obtained from it for less than \$66 a pound, according to reports received from the forest service products laboratory at Madison, Wis.

The "manna" occasionally forms during summer droughts or in dry regions on the leaves and twigs of the Douglas fir.

You can sell that lot or plot of ground—at a small advertising cost—through the classified.

Sloan's Liniment will bring comfort and relief quickly.

ESTIMATES DEATH TOLL IN UKRAINIAN POGROMS

American Army Officer's Report to President is Given to the Senate

WASHINGTON, (AP)—The number of Jews killed in pogroms in Ukraine up to September 2, 1919, was estimated at 20,000 by Brigadier General Jadin of the United States army in a report transmitted to the senate Monday by President Wilson in response to a resolution by Senator Spencer, republican, Missouri.

General Jadin said he was furnished with exact dates and names of those for 10,715 of the killed. General Jadin said that when the Russian army broke up many of the soldiers took their weapons home with them, and in the absence of stable government "these weapons were brought out at times under different leaders."

CALIFORNIA WILL OPEN COLONY FOR SOLDIERS

Offers Farms to Former Service Men on Small Payments Over Long Period of Time

SAN FRANCISCO, (AP)—California will be the first state to settle soldiers in the United States next month. The colony will be established at Delhi, Merced county, in the upper part of the San Joaquin valley, and will be based upon the successful state land settlement project at Durham, Cal.

The Delhi settlement will comprise about forty farms of from 10 to 80 acres and twenty farm workers allotment of from two to four acres.

Supplies have been purchased by the state and will be sold to the settlers at cost.

The state land settlement board passes upon applicants for farms, former service men being given preference. The applicant must have \$1500 to start with, and the state will finance him, the farm being paid for in small payments over a long period of time.

Hundreds of applicants are on the waiting list.

POLICE RECORDS REVEAL WHOLESALE POISON OUTPUT

DETROIT, Mich., (AP)—Records of the police department show that "first class" whiskey declared by some chemists to be rank poison, is being made on a quantity production basis.

Since September 1, last, 252 stills have been seized by police. The potential output of these stills has ranged from a few bottles to 100 gallons a day. In the same period nearly twenty deaths have been attributed by the police to this home made liquor. Despite this record the retail whiskey market holds steady at \$5 a quart; according to the most reliable "quotations" obtainable.

JAPANESE SAVIOR OF LATE CZAR LOSES PENSION

TOKIO, (AP)—The Japanese ricksha man who saved the life of the former Emperor Nicholas of Russia when an attempt was made to kill him on his visit to Japan as crown prince in 1901 has lost the pension which was paid him for many years for that service.

Nicholas was attacked by a Japanese policeman with a sabre. Interference by the ricksha-man enabled him to escape with a slight wound. While receiving his pension the ricksha-man lived in luxury but now has returned to the work of hauling his ricksha.

RESCUED CASTAWAY RETURNING TO AMERICA

HONOLULU, T. H., (AP)—Joseph E. Bagley, manager of Christmas Island, who in company with two companions was rescued from his lonely strand in October by Viscount John Jellicoe aboard H. M. S. New Zealand, after fourteen months' isolation, arrived recently from Fanning Island on the British cable schooner Tangarua.

He expects to leave soon for San Francisco.

ISLAND WOMEN SEEK VOTE

MANILA, (AP)—The women of the Philippines have launched a campaign for suffrage. The senate committee has been holding public hearings on the Sison bill, providing for their enfranchisement.

AROUND THE WORLD WITH THE AMERICAN RED CROSS

In the midst of its multifarious war duties the American Red Cross did not neglect its obligations to the civilian population at home. Throughout the conflict it maintained its Bureau of Public Health Nursing, instruction in first aid, home nursing and sanitation, and disaster relief. Particularly in their work for the babies was effort by public health nurses important. The accompanying photograph shows a Red Cross public health nurse instructing a mother in the proper preparation of the baby's diet.

The annual meeting of the Idaho Horticultural association will be held January 8th, 9th and 10th at Payette. The success of our fruit season insures an enthusiastic three-days' session. An extraordinary program is being planned and many of the most prominent western horticulturists on fruit will be present to up-to-date information.

CROPS

The value of crops produced in the United States this year is nearly three times greater than the average annual value during the five years preceding the outbreak of the European war, according to the report of the Secretary of Agriculture. "On the basis of prices that have recently prevailed," says the secretary, "the total value of all crops produced in 1919 is 16,372,000,000, compared with 14,222,000,000 for 1913; \$13,470,000,000 for 1917; \$9,054,000,000 for 1916; \$8,112,000,000 for 1914; and \$5,820,000,000 for the five-year average, 1910-1914. These values represent gross production and not net returns to the producer. The value of

DISTURBANCE REPORTS ARE DENIED IN SOFIA

Government Declares Difficulties Growing Out of Strike Are Met

SOFIA, (AP)—Reports published that serious demonstrations had occurred in Sofia and that the government had been overthrown are taken cognizance of in a semi-official note issued here Monday, giving denial to the exaggerated rumors. It is explained that the railroad and telegraph employees struck on the pretext of the high cost of living but really in an attempt to upset the government, but that the government immediately mobilized the service, finding a new personnel to operate them and that the strike is proving a failure, its end being expected soon.

It is declared that all the difficulties of the situation have been met

and order maintained and that communications have been re-established in the country.

You can count upon the classified to sell your real estate—and the cost of the advertising will figure surprisingly small.

REGISTERED PERCHERON HORSE SALE

25 head registered Percheron-Stallions and Mares, also a few Shire and Belgian Stallions.

FRIDAY, JANUARY 23

At the McMaster-Sale Pavillion, Twin Falls

Walter Brothers will consign their entire stud of mares consisting of prize winners in many of the leading show yards of America.

David Brothers will consign their Percheron Stallions, including their imported stallion, "Jars."

C. A. McMaster will consign a number of creditable Percheron, Shires and Belgian Stallions and Mares.

J. A. Gifford will consign a yearling stallion by imported "Jars."

Farmers and Stockmen

Now is the most opportune time for you to purchase brood mares. Some of our best posted stockmen have made the open prediction that the horse within the next 18 months will be the greatest asset of any animal on the farm.

You should not fail to attend this sale whether or not. Write for catalog, C. A. McMaster, sales manager.

Auctioneers, E. O. Walter, Joseph Dickens, R. H. Amos Miller.

Don't fail to attend the other pure-bred sales to be held at the McMaster pavillion.

Shorthorns—January 19, 20 and 21.

Herefords—January 22.

Brood Sows and Gilts—January 22.

Y. W. C. A. PLANS WORLD PROGRAM

Mrs. John D. Rockefeller, Jr.
Heads Association's 1920
World Service Program.

\$3,000,000 NEEDED FOR WORK.

Leader Calls Association a "Stabilizing Influence" in Outlining Post-War Program for Women—Federal Council of Churches to Announce "Y. W. C. A. Sunday."

Mrs. John D. Rockefeller, Jr., chairman of the National Educational Campaign Committee of the Y. W. C. A. World Service Program of the Young Women's Christian Association, has made the following statement:

"Since the war we are more than ever aware of the economic, industrial, educational, social and religious difficulties which beset the lives of girls and women everywhere. In meeting the post-war needs of women the Young Women's Christian Association stands as an instrument of service, tested and proven by war, and organized to meet the manifold problems of peace."

"Because of its fifty odd years of experience in meeting fundamental problems affecting girls, the Young Women's Christian Association is an organization particularly fitted to exert a stabilizing influence upon the confused times through a consistent program of service for girls and women."

"American women are asking how they may share in the world's reconstruction. They can do so by enlisting the support of their communities for the World Service Program, which will insure to the world a healthier and better womanhood."

"This campaign of the Y. W. C. A. to tell the people of the United States about its work and to raise \$3,000,000 with which to carry on Y. W. C. A. work during 1920 in the United States, Europe, China, India, South America, Egypt, Siberia and Mexico will close the week of February 22 to 26, which will be known as Y. W. C. A. Week."

"The Federal Council of Churches will probably set one Sunday a day for ministers throughout the country to address their congregations on general conditions affecting women and the Young Women's Christian Association as an instrument of service."

"The immediate task is to bring to the people of the United States a knowledge of conditions affecting the lives of women in all parts of the world. We can no longer ignore the character, the manner of life and the ideals of other peoples, whether we want to or not. A special call is now coming to the Association from China, Japan, India and South America, where work was held back during the war because of the necessity for special activity in France and the United States."

"The World Service Program calls for \$4,500,000. Of this amount \$1,500,000 has already been secured."

The educational campaign committee includes among its members Mrs. Robert E. Spencer, president of the National Board of the Y. W. C. A.; Mrs. Henry P. Davidson, Mrs. William Van V. Hayes, Mrs. Robert L. Dickinson; Mrs. William Adams Brown, Mrs. Van Sanford Meritt-Smith, Mrs. Lewis H. Appleby, Miss Ellen Hale Stevenson, Mrs. Frederic B. Pratt and Mrs. Herbert Lee Pratt.

Recreation for Girls is Important Feature of Work.

The United Y. W. C. A. which consists of 25,000,000 girls and women in the community of the world has less than 10,000 inhabitants.

The Y. W. C. A. may be in one room or more. It may be a whole building, but at any rate there is a recreation room and if possible a kitchen, reading and writing room. If the Y. W. C. A. has a building of its own it becomes a community center, where all women's organizations may meet.

SMALL Y. W. C. A. IS COMMUNITY CENTER

MYSTERIOUS ILL HITS SOUTHWEST

Officials of Kansas and Oklahoma Seek to Identify and Check Malady

KANSAS CITY, Mo., (AP)—Whether a mysterious intestinal malady which has appeared in Kansas and Oklahoma exists in other communities of the southwest was a matter for much speculation here today. Meanwhile, officials of the two states in which the disease has been found were making efforts to identify it and employ means for checking its spread.

Topeka, Kansas and Muskogee, Okla., apparently are the worst sufferers. At Topeka, officials here said, 200 cases have been reported and unofficial estimates placed the number at 1,000. Many school children are among those ill there. At Muskogee, it is said, there are about 300 cases. No fatalities were known to have occurred at either place and the death list from the malady remained at four, all at Skiatook, the little Oklahoma town where it was first noticed. The situation at Skiatook is said to be under control.

State health inspectors sent to Skiatook to investigate were expected to furnish information today that would assist the authorities in classifying the epidemic. Tests also were being made at the Oklahoma State Emergency hospital and it was believed in official circles definite information would be obtained.

Some physicians express the belief that the malady is a form of dysentery, while others were of the opinion it is a gastric form of influenza.

DEFENSE ENDS ARGUMENT IN HARRY NEW TRIAL

LOS ANGELES, Cal. (AP)—A change in defense attorneys' plans unexpectedly changing defense arguments to a close at the trial of Harry S. New here today indicated the case would be submitted to the jury before night. New, on trial for the murder of Mrs. F. L. Loefer here in July, was interposed a defense of insanity.

Today, the twelfth day of the actual trial, the defense plan, which allowed right to argument and another limited his time to twenty-five minutes, thus leaving only the final argument of Thomas Lee Woolwine, district attorney.

Unusual Preservative. The leaves of the fern plant, which grows almost everywhere, are excellent preservatives for packing food, fruit and even meat. Potatoes packed in fern leaves are as fresh in the springtime as when they were first dug in the winter.

Alas, Too True! An egg expands when it is frozen and breaks its shell. Apples contract so much that a full barrel will shrink until the top layer is a good deal below the brim. When the frost is drawn out the apples assume their normal size and fill the barrel again.

Largest Deer Park. Copenhagen has the largest enclosed deer park of any city in the world. Its area is about 1,200 acres.

Die when I will, I want it said of me, by those who knew me best, that I always picked a thistle and planted a flower where I thought a flower would grow.—A. Lincoln.

SWEETS FROM HONEY.

Honey is becoming more and more popular, and a back yard garden, a lion for each member of the family needs to make the living complete, a hive of bees, to furnish sweets.

Honey Blanc Mange.—Moisten six tablespoons of cornstarch with one-fourth cupful of milk, and two cupfuls of boiling water and cook eight minutes; then add a dash of salt, one-half cupful of honey. Mold in cups and serve sprinkled with chopped nuts and sugar and cream.

Honey Candy.—To one quart of honey take six tablespoons of butter, two tablespoons of vinegar and boil until it hardens in cold water. Flavor with two teaspoonfuls of almond oil and lemon mixed, add a half teaspoonful of soda, pour into buttered pans to cool. Mark off in squares before it gets too hard.

Butter Scotch.—Take one cupful of butter, two cupfuls each of sugar and honey, and a teaspoonful of vanilla added before taking off. Boil ten minutes, pour into buttered tin to cool and unroll off in squares.

Cracker Jack.—Boil together one cupful of brown sugar and one cupful of honey until it hardens when a drop is added to cold water. Remove from the heat, add one-half teaspoonful of soda and all the puffed rice, wheat or popcorn that can be stirred into it.

Honey Fruit Cake.—Warm one-half cupful of butter, add three-fourths of a cupful of honey, one third of a cupful of apple jelly, remove from the heat, add two well beaten eggs, one teaspoonful of soda, a teaspoonful of cinnamon, one-half teaspoonful of grated nutmeg, all sifted with four cupfuls of flour. The soda is dissolved in a teaspoonful of water. Add one-half cupful each of currants, chopped orange peel, and raisins, one-fourth cupful of water and one-fourth teaspoonful of salt. Bake in a moderate oven.

Honey strained and mixed with chopped fruit and whipped cream makes a delicious dessert.

A fine cough medicine is made of one part horseradish root, grated, and two parts of honey.

Nellie Maxwell

TIME LIMIT SET

(Continued from Page One)

ly negotiable will be exacted and another sum of 40,000,000,000 in gold bonds which the commission will negotiate only as it shall consider the financial condition of Germany warrants.

Today's Markets

New York Exchange
NEW YORK, (AP)—Trading on the stock exchange today was again vibrantly restrained by tight money and the further lack of public interest. Sales approximated 900,000 shares. Oil, steel, equipment and motors rallied vigorously in the last hour despite the further advance of call money 1/2 to 1 1/2 per cent. The closing was firm.

Liberty Bonds
NEW YORK, (AP)—Prices of Liberty bonds at 2:55 p. m. today were: 3 1/2's \$99; first 4's \$92.04; second 4's \$91.32; first 4 1/4's \$92.54; second 4 1/4's \$91.80; third 4 1/4's \$92.40; fourth 4 1/4's \$91.74; Victory 3 3/4's \$98.74; Victory 4 3/4's \$98.74.

Grains and Provisions
CHICAGO, (AP)—Enlarged receipts had a bearish effect today on the corn market. A total of 300 cars of corn arrived in Chicago, and when this fact was posted a material decline ensued. Previously, values were tending upward as a result of commission houses buying largely to originate that shortage of rolling stock would render an accelerated crop movement improbable. Opening prices, which ranged from 1.4 to 1.4 1/2, advanced, with May \$1.34 1/4 to 1.34 5/8 and July \$1.33 1/4 to 1.33 1/2, were followed by slight gains, and then by setbacks all around.

Subsequently the market was further depressed by a renewal of selling on account of the Barnes warning about price hazards when the government guarantee on wheat value is ended. The close was nervous, 1.78 to 2.38 net lower with May \$1.32 1/2 to 1.33 5/8 and July \$1.30 5/8 to 1.30 7/8.

Cuts sugared with corn. At first, however, the market was firm owing to seaboard demand. After opening 1.80 off to 1.40 up, including May at 82 3/4 to 83c, the market hardened a little, then dropped well below yesterday's finish.

Provisions were firmer owing to the strength of hog values. Later the weakness of grain counted as more than an offset.

Cash Quotations
CHICAGO, (AP)—Corn No. 2 mixed \$1.52 to 1.53; No. 2 yellow \$1.53. Oats No. 2 white \$5 1/2 to \$6 3/4; No. 3 white \$4 1/2 to \$5 1/2.

Barley \$1.48 to 1.52. Timothy seed \$9 to 13. Clover seed \$48 to 52. Pork nominal.

Lard 23.97 to 24.07. Ribs \$10 to 20.

Chicago Livestock
CHICAGO, (AP)—Hog receipts 58,000; steady to 10c higher; bulk \$14.40 to 14.70; top \$14.75; heavy \$14.35 to 14.60; light \$14.50 to 14.75; heavy packing \$13.50 to 13.75; rough \$13.25 to 13.50 to 14.50.

Cattle receipts 20,000; slow; beef steers, medium and heavy weight, choice and prime \$18.25 to 19.75; common \$9 to 12.50; heifers \$9.50 to \$4.75; cows \$5.50 to 13.50; canners and cutters \$5.25 to 6.50; veal calves \$15.50 to 19; feeder steers \$7.75 to 12.50; stocker steers \$6.75 to 10.50.

Sheep receipts 18,000; steady; lambs, 84 pounds down \$17.25 to 19.75; culls and common \$13.75 to 16.75; ewes, medium and good \$9 to 12; culls and common \$4.25 to 8.50.

Omaha Livestock
OMAHA, (AP)—Hog receipts 18,000; market steady to 10c lower; top \$14.45; bulk \$14.15 to 14.35; heavy weight \$14.15 to 14.40; light weight \$14.15 to 14.30; heavy packing sows, smooth \$14 to 14.50; packing sows, rough \$13.50 to 14; pigs \$11 to 13.50.

Cattle receipts 9,500; killing classes steady to 15c lower; feeders about steady; beef steers, medium and heavy weight, choice and prime \$16.50 to 18.50; common \$10 to 12; heifers \$7.25 to 13.50; cows \$7 to 13.25; canners and cutters \$5.25 to 7; veal calves \$13.50 to 15; feeder steers \$8 to \$14; stocker steers \$7.50 to 11.50.

Sheep receipts 10,000; market 15 to 20c higher; lambs \$4 pounds down \$18 to 19.25; culls and common \$13.75 to 15.25; yearling wethers \$14.25 to 16.25; ewes, medium and choice \$10 to 11.15; culls and common \$6 to 10.

Chicago Produce
CHICAGO, (AP)—Butter lower; creamery 53 to 61 1/2c; eggs lower; receipts

3,586 cases; firsts 67 to 68c; ordinary firsts 65 to 66c; at mark, cases included 61 to 66c; poultry, alive, higher; springs 57c; fowls 28 to 32c.

Potatoes
CHICAGO, (AP)—Potatoes weak; arrivals 76 cars; Northern White stock \$4 to 4.25.

Kansas City Produce
KANSAS CITY, (AP)—Butter and poultry unchanged; eggs 4c lower; firsts 60c; seconds 44c.

Duties of Aid-de-camp.
An aid-de-camp is an officer attached to the general's staff who assists him in his work; he is an acting assistant adjutant general by reason of his detail as aid. He attends the general, acts practically as his private secretary and may be designated to some special military duty. During our Civil war the aids carried orders and acted in all sorts of useful ways.

When Washington, D.C.
George Washington drew his last breath in the last hour of the last day of the last week of the last month of the last year of a century. He died at midnight on Saturday, December 31, 1799.—Boston Post.

New "Aristocracy."
It's no longer the "movie," if the motion picture engineers have their way. "Cinema" is the correct term. "Movie" is too plebeian.—Pittsburgh Gazette-Times.

VOTE OF CARTER GLASS MAY DECIDE SENATE LEADERSHIP

WASHINGTON, (AP)—The vote of Carter Glass, who expects to take his seat as senator from Virginia this week may decide the contest for democratic leadership of the senate at the party conference Thursday. Senator Underwood of Alabama said today, Senator Underwood is being opposed for the leadership place by Senator Hitchcock of Nebraska.

The Alabama senator said the treaty situation looked hopeful, and while declining to go into details he declared prospects for an acceptable compromise seemed bright.

PUBLIC TO HEAR SOCIALIST CASE

Roosevelt in Maiden Speech before Assembly, Declares for Square Deal

ALBANY, N. Y., (AP)—Discussion of the procedure to be followed in the hearing on the eligibility of the socialist members who have been suspended from the assembly took up the greater part of the session in the lower house today. It was decided that the hearings would be public. An effort to have the assembly as a whole act as the trial court instead of the judiciary committee failed, however. Assemblyman Theodore Roosevelt, in his maiden speech, declared that the assembly had embarked upon a grave matter and he considered it the duty of every assemblyman to be informed absolutely on every detail of the hearing in order that a square deal be given to the suspended members. He then introduced a resolution that stenographic copies of the evidence be furnished all members. It was adopted. Charles E. Hughes was sharply criticized by Assemblyman Martin McGuire for the attitude he had taken on the assembly's action. He declared that Mr. Hughes and the other members of the bar association which had framed a resolution attacking the assembly should withhold 'valuable statements' until the evidence is all in.

NEBRASKA SEEKS TO BAR CONSPIRATORS FROM VOTING LINCOLN, NEB., (AP)—Persons convicted anywhere in the United States of holding membership in or conspiring with any organization engaged in advocating overthrow of the state or federal government by force would be denied voting privileges in Nebraska under terms of a proposed amendment to the state constitution submitted to the Nebraska constitutional convention today. American born children of Japanese and Chinese parents also were prevented from voting. Before that could become effective the amendment would have to be adopted by the convention and approved by the voters.

DEFENDER OF KUT-EL-AMARA TENDERS HIS RESIGNATION LONDON, (AP)—Major General C. F. V. Townshend, the defender of Kut-el-Amara, has tendered his resignation from the war office. General Townshend was imprisoned by the Turks when he and his garrison at Kut, south of Baghdad, were hemmed in by the Turks in 1916 and forced to surrender. He was released at the time of the armistice, being made the bearer of the message from the Turks to the British admiral in the Aegean sea applying for a cessation of hostilities. He returned soon afterward to London.

DELEGATES AT WASHINGTON FOR PAN-AMERICAN MEET WASHINGTON, (AP)—Delegations representing Brazil, Chili, Guatemala and Honduras had arrived in Washington today preparatory to the opening next Monday of the second Pan-American financial congress. Representatives of other Latin-American countries are expected within a few days.

POSTOFFICE SHOWS BIG GAIN IN 1919 BUSINESS Increase in Receipts of Post Year is Estimated at 12-13 Per Cent Over 1918

Figures given out today by Postmaster M. A. Strunk show a marked increase in the business of the office for 1919 over that of 1918. Receipts during 1919 with 3 cent postage during the entire year totaled \$57,783. During 1918 the receipts totaled \$53,501.04, the first six months of 1919 being a 3 cent basis. The department figures that by deducting 17 per cent from the 3 cent basis gives the 2 cent basis, and 17 per cent deducted from the 1918 receipts leaves a total of \$46,514.59. Deducting the 17 per cent for the first six months of 1919 would leave that total at \$43,101.94. The department figures the increase during 1919-18 be 12-13 per cent. At other business was increased proportionately to a much greater extent. The volume of holiday business was estimated at from 20 to 25 per cent heavier.

WOULD EXTEND OPERATION OF DEY LAW ENFORCEMENT WASHINGTON, (AP)—Senator McNary, republican, Oregon, today introduced by request a bill which would extend the provisions of the national prohibition constitutional amendment to American citizens living in consular districts in China and other countries where the amendment does not conflict with treaties already existing between those countries and the United States. It was referred to the judiciary committee.

Political Notes

PERRE, S. D., (AP)—Senator Miles Plunkett, of Washington, the first dependent republican to file his petition as a presidential candidate in South Dakota, has issued his challenge to General Leonard Wood, as the republican majority proposed candidate for a joint debate in this state under the provisions of the Richard's primary law.

SAN FRANCISCO, (AP)—Republicans from Oregon, Washington, California, Nevada, Idaho and Arizona, here to meet Will H. Hays, national chairman of the party, spent today exchanging ideas for organization in the west.

MASON CITY, Ia., (AP)—The first Iowa for president club in Iowa was formed last night with Senator H. Gale, a former classmate of Governor F. O. Lowden of Illinois, at the University of Iowa, as president.

WASHINGTON, (AP)—Former Representative Miller, the new secretary of the republican national committee, took charge of national headquarters here today and at the same time James P. Reynolds, the retiring secretary, opened national headquarters for Governor Coolidge of Massachusetts.

Are You Using Boise Payette Lumber?

There is much more in a trade mark or a sign than the average person would realize. In looking over the better class of periodicals we are confronted daily with advertisements of standard goods. We soon get into the habit of accepting such advertising at par. Why? Because any sane business house of today not only realizes the necessity of living up to its published word, but must continually be on the alert to IMPROVE UPON THE QUALITY OF ITS PRODUCT OR ITS SERVICE.

THE BOISE PAYETTE SIGN MEANS JUST THIS

UNDER THE PROTECTION OF ITS TRADE MARK THE PUBLIC IS GUARANTEED THE VERY BEST IN BUILDING MATERIAL, AND IS ASSURED OF CONSTANT COMPANIONSHIP WITH THE "THREE GRACES" OF THE LUMBER WORLD:

QUALITY—SERVICE—DEPENDABILITY

High School News

The second semester of the term was begun yesterday with a few changes extant in the administration and work of the school. Faculty members and students face one of the busiest semesters in the high school's history.

Miss Emily Nasek of Illinois is the latest addition to the teaching force. She will instruct ancient, Roman and industrial history classes in the future.

Several new classes were created to relieve the congestion of last semester, among them being a third American history and civics division. Astronomy and psychology have been added to the courses and are being taught by Miss Kniff and Mrs. Bear, respectively. J. T. Bainbridge, who had charge of the music department the past semester, has withdrawn his attention from globe clubs and will direct only the band and orchestra in the future. There will be no glee clubs this semester.

WORK WITH Y. W. C. A. Miss Eleanor Holgate, field secretary of the Y. W. C. A., addressed the girls of the high school yesterday morning in behalf of a plan to organize a local club to be affiliated with that organization. This plan was endorsed unanimously by the girls and a committee comprising two members from each class was appointed to formulate bylaws and a constitution and decide upon a regular meeting date. Members of the committee are Marjorie Farrar, Lola McCracken, Dorothy Irwin, Helen Honnold, Marguerite Orsky, Eunice Stafford, Dorothy Kewenewich and Alice Della.

The purpose of this society is somewhat similar to that of the High School Boy's club, which was organized two months ago by Paul M. Newmyer, interstate secretary of the Y. M. C. A., Carlyle Pickett and delegates to the Y. W. C. A. conference at Pontiac at that time.

Social Notes

Mr. and Mrs. J. B. McLean entertained at dinner last evening at their home on South avenue east. Pin carnations in a gold basket formed the centerpiece for the table, with pink candles and place cards to match. The guests were Mr. and Mrs. C. E. Booth, Mr. and Mrs. T. J. Woods and Judge and Mrs. E. A. Walters.

Miss Allen Booth entertained the J. H. D. club Saturday at her home on Blue Lakes boulevard. Dancing and games formed the amusement for the afternoon and dainty refreshments were served. Those present were Dorothy Ebling, Lucie Munson, Frances Bull, Bernice Wood and Marguerite Finch.

The Business Women held their regular weekly dinner at the home of Mrs. H. J. Youngs last evening. Covers were laid for thirty-six. Miss Holgate who is here in the interest of the Y. W. C. A. at the high schools gave an interesting talk.

FOR SALE—New 5 room house. F. M. Wick. Phone 478-W.

ROGERSON

ROGERSON—Mrs. W. M. Hines entertained at a thimble bee on Friday afternoon, the guests invited for the occasion were: Mesdames John Hech, Paul Schell, Jess Smith, McGuffin, Al Ross, Fred Petersen, Louis Harrell, T. C. Craig, Adam Myle, Al Cochran, Louis Dold, Henry Peterson, Kimbrough, O. D. Vandenberg, Fred Hendrix, Oscar Jarnott, Harold Gott, Howard Gibbs, Jerome Hensley, E. B. McKelvie, L. E. Powell, H. L. Snyder, George Thompson and Miss Laura Hanson. The feature of the afternoon was a word contest in which Mrs. Myle won the prize, a sterling silver thimble.

Mrs. Adam Myle returned to Kimbrough on Thursday afternoon, after visiting in Twin Falls for several days. Mrs. Oscar Palmott and small daughter, Lila, returned home Friday afternoon, the greater part of the week visiting with relatives in Twin Falls. Hurry Salvberg of Roseworth, spent Friday in this vicinity, in the interest of business.

Guyette Peters of Amsterdam spent Friday in Rogerson in the interest of business affairs. John McGuffin left the latter part of the week for an extended visit with relatives at his old home in Nebraska. Mrs. L. E. Powell spent a short time in Twin Falls on Saturday. John McGuffin is a house guest at the home of his son, Roy McGuffin. Herman Walcott of Amsterdam was among the outside business visitors in Rogerson on Friday. Tom Willis of the Shoshone Basin spent Friday here in the interest of business affairs.

Little Billy Gibbs is on the sick list this week.

Mr. and Mrs. W. M. Hines spent Saturday in Twin Falls shopping and transacting business.

Will Paustet of House Creek, spent Sunday here looking after business interests.

CHAMBER OF COMMERCE TO DECIDE UPON POLICIES

The regular meeting of the chamber of commerce will be held in the new offices at 7:30 o'clock tonight in the Boyd building. Methods and policies of procedure with the business affairs of the organization will be the main feature of the meeting according to the secretary, Newell B. Wright.

Within the next few days the several different branches of the organization will meet to discuss some of the problems that have already been brought to their attention.

KIMBERLY

KIMBERLY—Mesdames S. H. Proctor and John Hardin entertained the members and friends of the Ladies' Flower club of Kimberly at its regular meeting Thursday afternoon, January 8, at the home of Mrs. Hardin. Out flowers and flowering plants added to the attractiveness of the spacious rooms.

About thirty-five ladies were present.

The business meeting was called to order by the president, Mrs. Proctor, and, after the routine business, she presented for consideration, several plans and ideas of civic work and community services for the coming year. Mrs. Denham delighted all with a vocal solo, followed by a response to the hearty encore, and Mrs. Denham and Mrs. Haugh also rendered a beautiful piano selection.

A talk on the subject of home service and its application to the needs of Kimberly was given by Mrs. Souder. After a pleasant social hour delicious refreshments were served by the hostesses, and the guests departed, enthusiastic over the successful meeting and the hospitable entertainment.

Announcement of the place for the next meeting will be given later.

EASTERN STAR TO MEET

There will be a regular meeting tonight of Chapter 29, O. E. S., in the Masonic hall, at 8 o'clock.

DO THIS FOR YOUR CITY!

Twin Falls should have every citizen
referred in the course.

The Mayor and the Chamber of Com-
merce make this request.

If you know of any Twin Falls resi-
dent who is out of town, now phone the
Chamber of Commerce, room 979.

The information to phone in is:

- (1) Name of the absent resident.
- (2) Out of town address.
- (3) Number in the family out of town.

Do this today. The Census books
close in a very few days.

We are proud of our record of growth
and want the world to know the facts.

WAIT FOR THE EVIDENCE

The letter of the law no doubt jus-
tifies the condemnation of the refusal
of the New York state assembly to seat
five socialist assemblymen-elect which
was launched by a committee of the
Association of the Bar of New York
following close on the heels of a simi-
lar denunciation issued by Senator Bu-
rah and seconded by Senator Thomas.

But most people before sitting on
judgment will be inclined to await fur-
ther facts such as may be expected to
result from investigation in the case to
be conducted by the assembly itself.

It is to be remembered that there are
various breeds of socialists. There are
the revolutionary socialists, the evolu-
tionary socialists and the socialists by
political action.

Karl Marx, founder of the cult, was
in turn a revolutionary, a political and
an evolutionary socialist.

As against the evolutionary socialist
and the socialist by political action,
there is no justifiable recourse except
through education, perhaps. A man is
entitled to his own opinions, no matter
how mistaken they may be, so long as
he violates none of the rights of others
through his adherence to his notions.

The numbers of the political and evolu-
tionary socialists are steadily dwindle-
ing as a result of developments proving
the fallacy of their reasoning. There is
no better argument against the
seductive preachings of socialism than
the present exemplification in Russia
of these preachings carried to their con-
clusion in fact.

But as between the revolutionary so-
cialist and the anarchist there can be
no difference except that the first
would use force to abolish government
and erect a bureaucracy—a "dictator-
ship of the proletariat"—such as exists
in Russia—in its stead, while the sec-
ond would do away with government
and leave nothing in its place.

If the excluded socialists in New
York prove to be revolutionary social-
ists the proper verdict is that the as-
sembly was entirely right in refusing
to seat them and further, that what-
ever action is justifiable as against an-
archists is justifiable against them. The

fact that they may have been duly elect-
ed as members of the state assembly
cannot be extended to give impunity.
It simply puts on trial not only the in-
dividuals whose seats in the assembly
are denied but those voters as well who
would have them clothed with govern-
mental powers.

WHEAT PROFITEER IT?

A great war, the United States on-
tored it, not for territorial gain, not
for indemnity, but for humanity.

The war over. The United States had
helped mightily to win it for humanity.

A tyrant ruler had been dethroned, a
vicious doctrine had been swept into
oblivion.

Civilization breathed easier. From its
back had been removed the growing bur-
den of autocratic power; from its throat
the strangling hand of despotic govern-
ment; from its heart the chill of Hun
philosophy; from its mind the dream
of Hun brutality and terrorism.

Our boys, home again. The conflict,
as a nightmare, being forgotten in the
sunny day of reunion and reconstruction,
when—

Over the country spread a new dread
not a reflection from the horrors of
Europe, but a horror of our own.

Another enemy has arisen, more men-
acing to us even than Hunocracy, be-
cause, after all, the blonde brute, if
victorious in France, could not in sev-
eral years have laid his hairy hands
upon America, if ever.

But here is an equally despicable and
a more directly threatening enemy—
to an extent a home product, although
component parts had been transplanted
from the hell-pots of Europe.

Bolshevism!

Its alas—anarchy, nihilism, this and
that organization.

Its mission—destruction.

Openly committed in other countries
to a fight against everything American
hold dear—constitutional government,
law and order, property rights—this
flagitious monster is working insidi-
ously, but with less secrecy, with great-
er boldness each succeeding day, to over-
throw the government of the United
States.

Its red hand is thrust forward in the
fermentation of industrial disturbances
and in the direction of certain politi-
cal movements—working through a var-
iety of avenues, all of which lead to
the sacred American home.

And it is the American home that
must fall first. The doctrine that
looks to the elimination of all prop-
erty rights and that would install in its
stead a common ownership, with free
love as a foaming force in the whirl-
pool of domestic and industrial wreck-
age, hits straight at the heart of the
American home. With it undermined,
goodbye government!

It is not so difficult to start revolu-
tion as to start reconstruction. Given
a few admitted errors in governmental
and corporate policy, add a band of
clever agitators, stir in a mass of sel-
fish politics, and the mixture, becomes
palatable to every malcontent, to every
ne'er-do-well, every crank in the coun-
try—and there you have a start of con-
siderable proportions.

That is where this country is today.
Shall this ball be permitted to roll on
until it becomes of Juggernaut propor-
tions and destructiveness, or shall it be
checked in its present status?

And if it is to be checked, who is to
do it? The sober-minded men and
women of this country must do it—
that class in Idaho must do it—those
who recognize all the prevailing, al-
though curable, ills but, who know
these are but pimples to cancers com-
pared with the ills this carefully en-
gineered wave of Bolshevism would vis-
it upon the country.

But the conservative, constructive,
truly patriotic citizen is slow to act.
He waits. His very conservatism

For Disabled Soldiers

HON. BURTON E. SWEET.

Representative Sweet, Republican, of Iowa, is author of the bill
recently enacted by Congress, awarding an additional \$30,000,000 per
year to disabled soldiers. Under the Sweet bill, which was endorsed by
the American Legion, totally disabled service men who formerly re-
ceived only \$30 a month will receive \$80, with liberal additional allow-
ances for their wives, children and dependent parents. This is a
bright in thousands of patriotic home.

INCORRECT DIAGNOSIS IS DANGER
IF LAYMEN ADMINISTER TREATMENT

Losses in Cattle Herds Likely to Be Heavy Un-
less Experts are Employed to Decide Cases
and Subject Animals to Proper Application of
Tuberculin Tests

The tendency of laymen to engage
in the diagnosis and treatment of dis-
ease of the live stock is in a great many
instances resulting in losses of animals
through inability properly to recognize
ailments in time to apply needed treat-
ment, or through applying remedies
not indicated in the specific cases. This
is particularly dangerous in handling
of infectious and contagious diseases
where not only the original herd is at
stake, but where, through the spread
of infection, other animals may become
exposed and infected.

In the work of controlling hog chol-
era, for instance, perhaps the greatest
hindrance has been the tendency of
farmers to attempt the diagnosis and
treatment of their own herds, or else
to call in an untrained layman who
frequently does not recognize the dis-
ease or advises the wrong procedure in
the handling of the outbreak. Accord-
ing to experts of the United States de-
partment of agriculture it is not al-
ways an easy matter to recognize hog
cholera, as symptoms are sometimes
obscure. Other ailments of swine, such
as pneumonia, worms, and tubercu-
losis, at certain stages of development,
somewhat resemble hog cholera. Ac-
cordingly, training and experience are

required to distinguish between these
and hog cholera.

Investigation Should Precede Diagnosis
The practicing veterinarian should
acquire all possible knowledge pertaining
to control and suppression of hog
cholera. Of late many complications
associated with the disease have cre-
ated a multiplicity of opinions among
those who claim to understand the va-
rious ailments of swine, and even with-
in the veterinary profession busy
judgment has in some cases led to loss
as which could have been avoided
through a careful consideration of
facts, proper diagnosis and treatment.

This should emphasize the necessity
for the study of cases, including the
history, environments and circum-
stances involved in an outbreak, before
attempting to decide on the cause of
trouble. Then comes the physical ex-
amination of the animals. Look for
abnormal action, breathing, gait, app-
etite, digestion and other functions.
Next, take the animal's temperature
with a good, reliable thermometer.
Even then positive diagnosis is not al-
ways possible until a post-mortem ex-
amination has been made, which means
an examination of the various organs
and parts of the body after death.

Unskilled Treatment Cause Great Loss
It is evident that all swine-producing
localities should have someone avail-
able whose services, based on training
and experience, are reliable in detect-
ing and prescribing for diseases of live
stock. And farmers, should realize
generally that they can not afford to
jeopardize their herds by attempting to
administer treatment which requires a
certain amount of technical application.
It is better to call a qualified veteri-
narian than to run the risk of losing
valuable animals to say nothing of the
possibilities of causing a widespread
epizootic outbreak of a destructive an-
imal disease.

NON-PARTISAN LEAGUE
HAS CAUSE FOR WORRY

Three Outstanding Facts Cause
Perturbation for Organi-
zation Leaders.

BOISE (Special).—There are three
outstanding causes for "worryment" on
the part of Non-partisan league leaders
in Idaho.

First: Their big leader, Townley,
stands convicted of accusations made
against him during the war. What they
also declared to be "political lies" and the
"manufactured evidence of big busi-
ness" was given in court to be positive
facts as developed by the United States
government in its program of punish-
ing sedition in all forms.

Second: Their Idaho leader, Ray Mc-
Kalg, stands convicted in an Idaho
court of accusations made against him
during the war. These accusations, it
is true, were made during the course of
a political campaign, which gave Mc-
Kalg an opportunity to attempt to dis-
credit them. But finally the day came
in court. McKalg, unlike Townley,
was brought into court, not to face
criminal prosecution. He appeared in
a civil action in which he sought to be
compensated from charges of disloyalty.
The jury decided against him as the
public had decided against him at the
polls in 1918.

Third: Farmers who joined the Non-
partisan league have been leaving it in
numbers. They have become dissatis-
fied with the manner in which the
McKalg-Schultz combination have op-
erated. They have become surfeited
with domination from North Dakota
and the importation from that state
of leaders and organizers—first
McKalg, then Hall, the "manager,"
also McKnight, the editor, and others.
All Townley lieutenants who are
working to transplant to Idaho the
autocratic and dangerous rule of their
chief in North Dakota. The farmers
feel that they have been misled into sup-
porting not only radical socialism but
have been placed in other undesirable
company, as witnesses the evidence of
close harmony between Non-partisan
league leaders and the I. W. W. lead-
ers. The testimony in the McKalg case
demonstrated that convincingly.

The Non-partisan league leaders,
feeling their grip loosening, are en-
gaging in various political and other
enterprises to retain their hold. Confi-
dence in them having been shattered,
they are confronted by a situation that
they admit in their secret councils is
desperate.

Just as Egyptians Did.
The best-known method of flooring
is known as "tongued," and the Egyp-
tians knew how to do that, says the
American Forestry Magazine of Wash-
ington. Both edges are grooved and a
flat dowel, made as a separate piece,
fits in both grooves and serves as the
tongue.

PAIN, PAIN, PAIN,
STOP NEURALGIA

Rub Nerve Torture, Pain and
All Mischief Right Out with
St. Jacobs Liniment

You are to be pitted—but remember
that neuralgia, torture and pain is the
easiest thing in the world to stop.
Please don't continue to suffer; it's so
needless. Get from your druggist the
small trial bottle of "St. Jacobs Liniment"; pour a little in your hand and
gently rub the "tender nerve" or sore
spot, and instantly—yes, immediately—
all pain, ache and soreness is gone.
"St. Jacobs Liniment" cures pain
—it is perfectly harmless and doesn't
burn or discolor the skin. Nothing else
gives relief so quickly. It never fails
to stop neuralgia pain instantly, wash-
es in the face, head or any part of the
body. "Don't suffer!—Adv."

Wanted to Feel Safe.
Little Adam was staying at a neigh-
bor's home during the illness of his
mother. The neighbor lady knowing
Adam's fondness for jelly had some
for supper one evening. All during
the meal he watched his jelly. As he
was about to eat it he said: "Oh,
Lord, be near me while I eat this
nervous stuff."

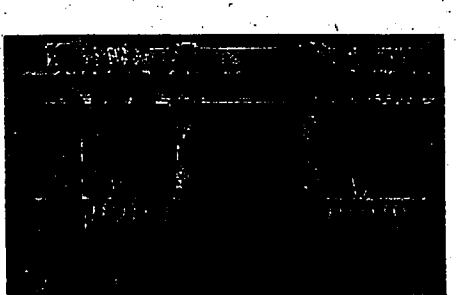

Political Issues.
Real political issues cannot be man-
ufactured by the leaders of political
parties, and real ones cannot be
evaded by political parties. The real
issues of the day declare themselves
and come out of the depths of that
depth which we call public opinion.
Garfield.

Boyd Hospital
LABORATORY
Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped
to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be
properly treated.

Diseases, such as typhoid, syphilis, malaria, tu-
berculosis, anemia, influenza, obscure diseases of the
blood and nervous system, Bright's disease, and can-
cer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic,
as well as prognostic aid can be given by careful ex-
amination of the blood, urine, sputum, gastric con-
tents, specimens of tissue, such as cancerous and tu-
berculous glands, bacterial examinations of pus, spu-
rial fluid contents, and inflammatory exudates, such as
pus in the lung, etc.

No disease is of such minor importance that the
patient is not justified in demanding every means to-
ward an accurate diagnosis.

DADDY'S EVENING FAIRY TALE

By Mary Graham Bonner

NEGLECTED RADIATORS.

"Tonight the story will be about neglected radiators," said Daddy. "Pretty big words," said Nancy. "Don't you quite know what they mean?" asked Nick. "I think I do, but they're so big I'd like to be sure I know."

"I'll explain," said Daddy. "I think that is neglected is a thing that is left alone and doesn't have any attention paid to it, and, of course, you know what radiators are? They're the pipes through which the heat comes."

"Well, this is what they had to say to each other in a city apartment house."

"I do declare," said the dining-room radiator, "it is a shame the way we're not even thought of, for we're months."

"You're right," said the drawing-room radiator, "you're absolutely right!"

"Throughout this whole summer I've never heard one of those creatures say a word of praise for us, and yet look how good we were to them all last winter. We gave them heat, and if it hadn't been for us they would have shivered awfully."

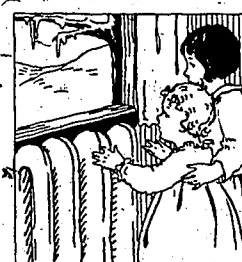

"They would have caught colds and had chills and had a most dreadful time of it. But we saved them from all of that. Then they can't even take the time or the trouble to say thank you, and when they're suffering with the heat in the summer they should think of us."

"Perhaps that isn't a time when we can really expect it of them," said the drawing-room radiator.

"Perhaps not," said the dining-room radiator, "and yet I don't see why not. They should say when they are so hot in the summer: 'Well, summer heat isn't like our good old radiator heat in the winter. They just keep us good and warm, but doesn't make us hang out on the fire escapes and out of the windows to get cool. And we never feel we have to take swims after a day when the radiators have been working. Quite the right sort of heat comes from radiators. It makes us comfortable and keeps us from suffering with the cold. By it doesn't make us suffer with the heat the way this summer heat is doing.'"

"Is that what you expect they should say in the summer?" asked the drawing-room radiator.

"I think they might," said the dining-room radiator, "for we never make it so hot for them that they have to fan themselves and all such things. We don't do anything of that sort. We just give them nice, comfortable heat."

"We Gave Them Heat."

and should it get a trifle too warm for them they can get cooled off so easily by turning us off and opening the window a little. They can't get cooled quickly like that in the summer time, but they don't seem to realize that."

"They really don't appreciate us, that's the truth," said the drawing-room radiator.

"Of course they can get cooled off quickly in the winter time by the aid of old-man winter and his friends. They're much better workers at that sort of thing than old man summer is. In fact, I don't believe summer is any good for that," said the dining-room radiator.

"Oh, well," said the drawing-room radiator, "the time of the year is coming when we'll be busy. We'll laugh when we're being turned on and we'll argue with glee."

"We'll forget about the summer and the time that passed when we were neglected, for the winter is on our side of the game," said the dining-room radiator.

"Then, too," said the dining-room

Today's Sporting News

FIGHTING GAME ALLURES MANY BALL PLAYERS

"Babe" Ruth Not the Only Diamond Star who Has Box- ing Aspirations

CHICAGO, Ill., (Special)—The talk of Babe Ruth's meeting Jack Dempsey within the squared circle calls to mind quite a host of ball players who have possessed little talent to a marked degree.

In the game today are a handful of players and umpires who bear reputations as skillful milt artists, though with one possible exception, none have tried his hand at the glove sport. Frank Snyder and Jimmy Smith of the Giants, Truck Hannah of the Yankees, Hugo Bezdek, former manager of the Pirates, Harry Holman of Detroit, Mike McNally of the Red Sox, Bradley Koehler of the Colonels, and Bill Evans and George Moriarty, indicator handlers in the American league, are rated as good men with their fists. Stanley Snyder, a former hurler with the Colonels, also was pretty good at the art of boxing.

Swung Wicked Flat. A few years ago Arthur Devlin and Arthur Bridwell of the Giants, Charles Schmidt of the Tigers, Frank Chance, Dutch Schmidt of the Braves, and Ed Gleason, now manager of the White Sox, earned the respect of their fellows by their proficiency in the art of give and take, and in the dim and indistinct past Mike Kelly, the famous catcher, and Tom Zachary of the old "Koks" and Glants and Honest Tom Kelly and Tim Lurast, the umpire, were regarded as wicked flat fighters.

Of those mentioned Charles Schmidt is the only one who is known to have serious intent to pugilist. He used to have put his talent to the test. Some years ago, when Johnson was in his prime and ruled the ring Schmidt became imbued with the idea that he could win the Galt prize in Madison Square garden in 1900, and immediately after sought out Corbett in a cafe kept by the former heavyweight champion. Encouraging Corbett, Chance offered to fight him on the spot under any known rules or without any rules at all, but the challenge was declined by Gentleman Jim.

Chance Wanted to Scrap Corbett.

Of the players of a few years ago Chance was conceded to be one of the most efficient in the matter of fist, cuffs. It is recalled that Frank lost a round of a match on the Jim Corbett, "Kid" McGo, fiasco in Madison Square garden in 1900, and immediately after sought out Corbett in a cafe kept by the former heavyweight champion. Encouraging Corbett, Chance offered to fight him on the spot under any known rules or without any rules at all, but the challenge was declined by Gentleman Jim.

BANTLE WINS TWO STRAIGHT FALLS FROM SAM CLAPHAM

BOISE, (AP)—Ad Santel, champion light-weight wrestler, won two straight falls here last night from Sam Clapham, the English "wrestler." The first fall came in one hour and six minutes, and the second in 24 minutes. Santel weighed 180 and Clapham 190.

You can get your message to employers, looking for capable men, through the classified.

"We shouldn't take too much praise for this ourselves, even if we could get it, for after all it's the furnace which is at the root of the whole thing, and it's the furnace man who helps, too."

"And there is the coal bin which does its part. Still, let's not think of them, for we are the radiators, and while we may be neglected in the summer, what happy winters we do have with so much attention paid to us."

"Ah, so much attention paid to us in the winter," repeated the drawing-room radiator, "and the winter will not be long in coming now."

The Good Samaritan.

A Sunday school teacher had been telling her class the story of the Good Samaritan. When she asked them what the story meant, a little boy said:

"It means that when I am in trouble my neighbors must help me out."

ROW OVER MAYS LIKE WRIGLEY FUSS IN 1900

Infielder Caused a Lot of Trouble in Major Circles Couple of Decades Ago

NEW YORK — (Special)—Zeko Wrigley, infielder, who played with a whole raft of minor league clubs, was the Carl Mays of twenty years ago—so that he deserted a major league club and insisted on being sold to another, but because he was played illegally by a fast team and his being so played made changes in the official standing of the National league clubs.

Brooklyn had title to Wrigley for 1900, but New York signed Zeko after his contract with Syracuse expired on Sept. 10. Brooklyn's title to Wrigley, though, was not obtained until after he had played several games with the Giants and his contract for the balance of the season with the New Yorkers had been promulgated by Nick Young.

When Brooklyn completed the deal with Syracuse for Wrigley, Ebbs and Hansen ordered Zeko to join the Superbas and played him in sixteen games in defiance of the New York club's protest and of an order by President Young awarding the player to New York.

On appeal of the Syracuse club the matter was carried before the Board of Arbitration, which decided that the Salt City team had no power or control over the services of a reserved player, whose contract had expired, until the following season, when reservation became effective.

Gains Thrown Out

The National league's board of directors, upon appeal of the Giants, decided that Brooklyn had acted illegally in inducing a player under contract to New York to enter its services in defiance of a warning and order by the league's president, thus the Superbas threw out of the record the sixteen games Wrigley had participated in. These games were as follows: Brooklyn won one from St. Louis and lost one.

Brooklyn won three from Washington and lost one.

Brooklyn won three from New York and lost none.

Brooklyn won four from Baltimore and lost three.

Women Patrons for Boxing Tournament

NEW YORK, (AP)—An amateur boxer upon appeal of the Giants, decided that Brooklyn had acted illegally in inducing a player under contract to New York to enter its services in defiance of a warning and order by the league's president, thus the Superbas threw out of the record the sixteen games Wrigley had participated in. These games were as follows: Brooklyn won one from St. Louis and lost one.

Brooklyn won three from Washington and lost one.

Brooklyn won three from New York and lost none.

Brooklyn won four from Baltimore and lost three.

Brooklyn won three from New York and lost none.

Brooklyn won four from Baltimore and lost three.

Brooklyn won three from New York and lost none.

Brooklyn won four from Baltimore and lost three.

Brooklyn won three from New York and lost none.

Brooklyn won four from Baltimore and lost three.

Brooklyn won three from New York and lost none.

Brooklyn won four from Baltimore and lost three.

Brooklyn won three from New York and lost none.

Brooklyn won four from Baltimore and lost three.

Brooklyn won three from New York and lost none.

Brooklyn won four from Baltimore and lost three.

DEMPSEY DRAWS CONDEMNATION OF LEGION MEN

Ohio and Indiana Posts Pass Resolutions Criticizing the Champ's War Record

INDIANAPOLIS, Ind., (AP)—Various posts of the American legion are acting independently of the national organization in condemning Jack Dempsey, say, heavyweight boxing champion, on his war record, according to information given out here today.

PORT WAYNE, Ind., (AP)—Condemning Jack Dempsey as an "anti-representative of American athletics," the Port Wayne post of the American legion unanimously passed a resolution last night declaring opposition to his defending the championship title for America.

The resolution is the result of recent agitation against Dempsey for his war record due to the fact that his services during the war was confined to work in the shipyards.

CLEVELAND, O., (AP)—Condemning the war record of Jack Dempsey, who's championship heavyweight, was voted in a resolution unanimously adopted by the Meuse-Rhing post of the American legion here. The resolution contained an appreciation of the war record of Georges Carpentier.

MORAN WEARS SELF OUT IN FIRST ROUND

Fred Fulton Outfights Pittsburgh Boy in Eight Round Go at Newark

NEWARK, N. J., (AP)—Fred Fulton of Rochester, Minn., outfought Frank Moran, Pittsburgh, in an eight round bout at the First Regiment armory last night.

Fulton weighed 214 pounds and Moran 204. Moran wore himself out in the first round in an effort to end the bout quickly. Fulton used a left jab with effect and although his opponent was groggy in the seventh he appeared unable to knock him out.

At the time Moran rushed and met Fulton in his corner and in a swift exchange placed a hard right swing to the heavier man's head which staggered him to the ropes. Fulton recovered quickly and sent several hard blows to the body. The round was even.

Moran showed the effect of his efforts and Fulton had little difficulty in outfighting him in the remaining rounds.

In the fourth round the fighters failed to hear the bell while they were in a mix up. Moran received considerable punishment about the face but kept boring in.

French Runner Beats Eight Miles Record

PARIS, (AP)—A French distance runner named Guillemot Sunday ran eight miles in thirty-nine minutes, 20 1/2 seconds, a record for France. The course was laid out from Versailles common to Precatinal, in the Bois de Boulogne, and Guillemot ran the distance in better time than the fastest train average between Paris and Versailles.

The eight mile world's running record is held by Alfred Sirbu, who made it in England in November, 1918. His time was forty minutes 16 seconds. This time was made in a ten mile run.
