REDS DRIVE IN SIBERIA NEARS JAPANESE ARMY

Russian Soviet Troops, Reaching Balai Station 400 Miles of Taiga, to Be Aided by the Chinese

DISAVOW INTENTION TO PROVOKE ANY COLLISION

Qualify Pacific Declaration with Statement of Necessity for Use of the Military Power Against Entente Vassals

LONDON, (AP)—Russian soviet troops which have reached Balai station, almost 400 miles east of Vladivostok, will be aided by Chinese troops, according to a Moscow dispatch. It is said the Chinese will operate in the "coastal region."

The Bolsheviks expect soon to encounter Japanese forces sent to eastern Siberia and the Moscow dispatch states the soviet forces will not "undertake any aggressive action calculated to provoke a collision." It says, however, "that the menace of the Japanese and of the entente vassals in the west will compel the soviet authorities to devote a great part of its forces to military purposes."

Polish Force Retirement
While Polish and Lithuanian forces have driven ahead along the northwestern Russian front and have forced the Bolsheviks to retire at a number of points, their offensive is said by Moscow to be "merely local."

Odesa has been occupied by Ukrainian soldiers assisted by Galician units. It is reported that these troops do not appear to be fighting as comrades of the Bolsheviks, although they are opposing the troops formerly commanded by General Denikin in southern Russia. Advice state that Denikin has dismissed General Schilling as commander of anti-Bolshevik troops in Odesa and appointed General Kozlov, commander of the garrison with orders to organize the defense of the city.

Reds Claim Turkish Front
Bolshevik official reports state the Greengard and Ural regions have been cleared of opponents and that the Turkish front could be considered as being safely held by soviet forces.

BALTIC STATES PUSHING ATTACK

Letts and Poles Force Retirement of Soviet Forces in Severe Fighting

RIGA, (AP)—The general attack began Friday by the Letts and Poles with Rzytva (Relytsa) as their objective was reported Sunday to be progressing favorably along the entire front, with an average advance of about fifteen miles. The Bolsheviks are rapidly bringing up reinforcements, especially on the left flank, where the fighting is severe.

Share Booty Equally
By the capture of Dvinsk, after a preliminary operation began January 1, considerable rolling stock was taken, which the Letts and Poles are sharing equally with other booty. One hundred captured freight cars and several engines have passed through Riga for Poland.

The lack of rolling stock has delayed the offensive, owing to the difficulty of bringing up supplies and ammunition through the snow.

To Retake Latvia
In a statement to the Associated Press, the Lithuanian foreign minister, M. Meirvitch, declared that the only object of the offensive was to retake Latvia, which is claimed as part of Latvia. Confirming the report, the negotiations had been undertaken with the Bolsheviks at Dorpat, he said that Latvia had endeavored to effect an amicable settlement of the Latvian question before resorting to military measures. Latvia offered, if the Bolsheviks would withdraw from Latvia, to give assurances that Russia would not be attacked.

The Bolsheviks refused, and the offensive was begun before a conclusion with Lithuania could enable the Bolsheviks to divert their troops from the Estonian to the Lithuanian front.

"We will not consider peace with the Bolsheviks," said the Lithuanian minister, "until our form of democratic government is established in Russia."

Latvia would continue strictly to (Continued on Page Four)

Political Activity is Conspicuous at Pocatello Session

Farm Organizations Refuse to Connive with Labor Proposal; McKaig on Ground

POCATELLO, (Special)—Adoption of resolutions opposing the Cummins and Beck railroad control bills and endorsing the Slime bill which includes the Plumb plan was a feature of the program Tuesday of the State Federation of Laborers convention in session here. Color is given reports that the convention contemplates shaping of policies affecting labor's political interests during the coming state and national campaigns because of the presence here of Ray McKaig, organizer for the Non-partisan league, is a busy conference with labor leaders. R. H. Park, president of the State Federation of Labor, in a recent interview is said to have expressed the opinion that the Non-partisan league was back of a movement to stampede Idaho labor into the formation of a labor party.

Eight farm organizations meeting here in joint conference yesterday adopted a resolution refusing to lend their efforts to any political movement, and the labor matters except such as are in line with the objects and purposes of the several agricultural organizations. Overtures from the labor convention are said to have led to taking this action.

COURT RULING DEFINES BONA FIDE STOCKHOLDER

Judge Babcock Disqualifies the Nominal Claimant of Interest in Canal Company

In the case of Frank DeKlotz and others against the Twin Falls Canal company wherein the validity of the last election of directors is attacked, Judge W. A. Babcock in district court here today announced his decision overruling the general demurrer and sustaining a demurrer to the special demurrer interposed by the canal company and argued by attorneys Monday. The court held in overruling the general demurrer that persons whose only claim to stock in the record of the corporation's stockbook are not bona fide stockholders and are not entitled to participate in election of corporation officers.

The plaintiff is given leave to amend the complaint to conform to the court's ruling in sustaining certain issues raised in defendant's special demurrer, and upon completion of such action the case will be set for trial.

MEXICO RESUMES USE OF PAPER MONEY LONG LAPPED

MEXICO CITY, (AP)—Paper money is in circulation in Mexico for the first time since 1916. This was made possible by a presidential decree authorizing the monetary commission to issue certificates of one peso and fifty centavos, the amounts to be issued being limited to deposits of Mexican gold with the commission. This measure was designed to relieve the shortage of change due to two hoarding of small coins on account of their high silver content.

World News Events

AIX LA CHAPPELLE, (AP)—Belgian sovereignty over the districts of Eupen and Malmédy, awarded to Belgium by the treaty of peace with Germany, was proclaimed yesterday.

COPENHAGEN, (AP)—The Ukrainian insurgents, aided by Galician Ukrainians, have entered Odessa, according to a dispatch to the Ukrainian press bureau from Lemberg.

BRUSSELS, (AP)—Seven persons are reported dead and many injured as a result of the storm which has been prevailing over Belgium for the last forty-eight hours. Numerous factories have been obliged to close and much damage has been done by high water.

PARIS, (AP)—The treaty of peace with Hungary will be delivered to the Hungarian delegates at the foreign office at two o'clock tomorrow afternoon. The ceremony will not be public.

Soviet Ark Leaves Kiel for Russ Port

KIEL, (AP)—The United States army transport Buford, carrying 240 Russians departed from the United States, left Kiel for an unnamed Russian port at 7 o'clock last evening.

LAND PURCHASE FOR PARK SITE GIVEN SUPPORT

Twin Falls Rotary Club Endorses City's Plan for Immediate Buying of Property to Be Used for Recreation Purposes

LOCATIONS ARE BEING GIVEN CONSIDERATION

Proposal is Made to Provide within Area Ample Space for Camping and Car Parking for Overland Tourists

The proposition of the immediate purchase by the city of a tract of land suitable for park purposes was endorsed by the Twin Falls Rotary club at its weekly luncheon last evening. The resolution was seconded by D. D. Alvord and received the unanimous vote of those present. The necessity of the proposed park containing facilities for the construction of a swimming pool came in for special mention by a number of those present.

The action taken grew out of a discussion of the matter held last evening in connection with the meeting of the board of directors of the Twin Falls Chamber of Commerce at which time a discussion of public sites, controlled by a number of local businessmen including the chairman of the council committee on parks and playgrounds, C. B. McMartin.

While no official action has as yet been announced by the chamber of commerce, the Rotary club devoted practically its entire session today to a discussion of public sites, costs and general facilities for a park of the character demanded.

It is understood that for some time past two sites have been under consideration, one of 30 acres lying east of the county hospital, which is offered for \$400 an acre and the other the St. John Skinner 35 acres on Bluff street. The fact that the latter place has an open space which could be readily turned into a small artificial lake suitable for swimming or boating was mentioned as being greatly in favor of this ground as a park site.

The matter of providing a place for auto tourists to camp also came up for extended discussion it being the idea of a majority of those present that such a site could be provided within the park area by designating a certain part of the park grounds for this purpose. A system of road signs pointing the way to the park site was mentioned as a necessary adjunct.

The city council has already made an inspection of one of two sites for park purposes but to date no selection has been made. It is understood that at the next meeting of council the matter is to be brought up and an effort made to dispose of the subject through definite action looking to the providing of another park for the benefit of Twin Falls.

CABINETS DECLARE FOR MAINTENANCE OF LAW AND ORDER THROUGH EVERY AVAILABLE MEANS

Rioters Storm Reichstag Building, Drawing Machine Gun Fire from Guards, with 31 Casualties

MINISTER OF DEFENSE NOSKE TAKES CHARGE AS COMMANDER-IN-CHIEF

PARIS, (AP)—Thirty-one persons were killed during the riot in front of the reichstag building in Berlin yesterday, according to Berlin advices reaching here today.

The cabinet of the national government together with the Prussian cabinet, has issued a statement in which the members declare unanimously for the maintenance of order by all means available.

BERLIN, (AP)—The government last night proclaimed martial law in all sections of Germany following the mob demonstration yesterday afternoon in which at least ten persons were killed and many others were wounded by machine gun fire from guards in front of the reichstag building.

FOUR STATES EXEMPTED IN PROCLAMATION OF MARTIAL LAW

PARIS, (AP)—Martial law has been declared throughout Germany with the exception of Bavaria, Saxony, Württemberg and Baden, according to Berlin advices.

Dispatches from Berns say that during the demonstration before the reichstag building in Berlin yesterday two policemen were killed and two are missing. Ten others were wounded. Twenty members of the crowd which attempted to rush into the building were killed and forty wounded.

MOR FORMS IN PROTEST AGAINST PROPOSED LEGISLATION

BERLIN, (AP)—Many persons were killed and wounded in a melee between members of a mob and police guards in front of the reichstag building here yesterday afternoon.

The mob, organized by extremists as a protest against the industrial council's bill now before the reichstag, began every street leading to the tiergarten crowded with masses of people carrying red flags and placards.

Agitators Fan Flames

Anticipating a demonstration before the reichstag building, the authorities had surrounded the building with public security guards and machine gunners who fired all approaches. As time passed the crowd was joined by striking tram employees and soon inflammatory speeches were begun by agitators.

When the reichstag convened at three o'clock the crowd surrounding the building was estimated at 40,000 and new delegations of working people carrying red flags and banners inscribed with the words "All power to the soviets" continued to arrive. Troop reinforcements in huge motor trucks were added to the guards on duty, but only one arrest has been made since noon.

Mob Disregards Guards

Attempts made by the guards to quietly disperse the crowds were unheeded. At last the mob made a rush against the police lines, trying to disarm the guards and disable the machine guns. When it was seen the mob could not be checked in any other way, fire was opened on it. The shooting was at close range and the front of the building was hit with a direct hit and wounded. Order was soon restored.

Reichstag Continues Sitting
The reichstag continued its sitting until 6 o'clock, at which time it was announced ten bodies of persons killed in the fight had been brought into the court of the building.

Rifle and machine gun fire was opened on the mob at 3:40 o'clock and lasted five minutes. It was the most severe around the west portal of the building. Later the crowd was fired upon from the east. Police counted at least 20 men lying in the outskirts of the tiergarten, apparently wounded. When the troops began firing the crowd ran pell-mell in all directions.

At the sound of the guns, members of the lower house of the reichstag left the assembly room and crowded into the lounge room, where there was intense excitement.

Attempts to Storm Building
Prevention for firing upon the crowd was furnished by an attempt to storm the west entrance of the building. A score of men attacked several guards and wrenched their rifles away just as soldiers rushed up. General firing began.

When the mob ran into the street fronting the south side of the edifice, soldiers stationed there immediately opened fire. Six soldiers were killed and civilians were carried into the reichstag building, a dozen others were transferred to the guard-house near the Brandenburg gate, and a number were taken to the hospital.

(Continued on Page Four)

RECLAMATION IS ACCORDED SCANT ENCOURAGEMENT

Representatives of Western States Encounter Resistance in Strict Economy Program of Congress

WASHINGTON, (AP)—Governors of western states and representatives of the western states reclamation association conferred today with senators and representatives to urge government aid for reclamation of western arid lands. Little encouragement was given to the delegation which was told that strict economy was being practiced by congress and that authorization of no projects or large appropriations other than those absolutely necessary was contemplated.

Davis Presents Claims

Among those who urged federal aid were Governors Bamberger, of Utah, Hart of Washington, and Lathrop of New Mexico. Other speakers were D. W. Davis of Idaho, chairman of the reclamation association; T. E. Campbell of Arizona, and former Senator Catron of New Mexico. All urged passage of the bill of Senator Jones, republican, Washington, which has been reported favorably to the senate proposing appropriations of \$250,000,000 for irrigation projects. It was suggested that direct appropriations were not favored by congress; a bond issue is authorized.

Predicts Jones Bill in Danger

Senator McNary, republican, Oregon, chairman of the senate irrigation committee, who with Representative Kincaid, republican, Nebraska, chairman of the house committee, presided at the conference, told the delegation that he did not think the Jones bill would pass, nor authorize a bond issue.

"I think failure will be our reward," said Senator McNary. "The disposition of congress is against putting any money into new projects. If we get through on bond issue for \$10,000,000 to carry on the irrigation work I think we will be fortunate."

Financial Situation Uncertain

Senator Thomas, democrat, Colorado, said he favored the appropriation for reclamation extension, but doubted if congress would make the appropriation or authorize a bond issue. Reciting the government's financial situation, Senator Thomas said the government would be fortunate if it could get through the present year without another popular loan.

MEXICO USES AMERICAN STEEL FOR MAKING OF DIES

JUAREZ, Mex., (AP)—American steel is being used for the manufacture of dies by Mexican mints, according to advices received by Edward A. Dow, American consul here. Steel dies are reportedly needed for the coining of new copper pieces of 10 centavos, which has come into existence in order to relieve the scarcity of silver coins. Formerly British or German steel was used in the manufacture of these dies.

JURY IN NEW CASE REPORTS DISAGREEMENT

LOS ANGELES, (AP)—The jury in the case of Harry Gold, indicted here for the past month charged with the murder of Miss Freda Lesser, reported at ten o'clock today that it had reached a verdict. Judge Gustav W. Moore ordered the juror to retire again for further deliberation.

MEXICAN RAIDS WIPE OUT HOMES OF AMERICANS

Witness Before Senate Committee Investigating Mexican Situation Tells of Attacks Made Upon Colonists

FIVE KILLINGS RESULT IN LEAVING PROPERTIES

Women Having Personal Knowledge of Outlaw Assaults to Testify at San Antonio Hearing

SAN ANTONIO, Texas, (AP)—E. Black, formerly the head of an American colony in the state of Tamaulipas and first witness today before the senate committee investigating the Mexican situation, told of the murder of five Americans by Mexicans and the conditions which resulted in the abandonment of the property.

Accounts of the hardships, indignities and losses suffered by small property owners in Mexico during the overthrow of the Madero government were given to the committee. G. E. Black told how the community he established had dwindled from a hundred families to a half dozen, and how the women who claimed to have a personal knowledge of numerous assaults also were at the hearing to testify. The committee room in which the hearing is held was crowded with spectators, a few of them Mexicans.

Not Going to Mexico

Senator Fall, chairman of the committee, will not go to Mexico. The invitation of Secretary Luis Cabrera entrusted to J. J. McCullough and styled a "message to the American people" made his trip through Dan Johnson, counselor of the committee to whom McCullough talked. The chairman does not consider it requires an answer.

Regarded as Permission

Senator Fall said that in the event of a formal invitation being received from the Mexican government, if Cabrera representing the government, he would place it before the committee. He added he would consider such an invitation only with the understanding that the Mexican government would permit him and other members and attaches of the committee to visit any parts of the republic they might wish to and conduct any investigation they might care to undertake.

MINERS ARGUE FIRST DEMAND

Present Claims for Wage Advance and Shorter Hours Before Commission

WASHINGTON, (AP)—Miners continued today their arguments for wage and shorter hours before the president's coal commission, adjusting the cause of the recent strike.

"It is the inability of the miners to get regular work that makes them require a six per cent increase in wages," John Moore, president of the Ohio district said. "No coal miner can tell whether the mine is going to work the next day or not."

John L. Lewis, acting president of the United Mine Workers, gave out a statement reiterating that the miners demand for a thirty-hour week was only asked "assurance that they will have not less than thirty hours of steady work each week in the year."

Lewis said the miners could produce all the coal the country needed on a 30-hour week basis. Investigation of the underlying causes of the recent coal strike was in full swing today with both operators and miners agreeing with the coal strike settlement commission. Each day from 9:30 a. m. to 1:30 p. m. the commission will hear the arguments of the principals in the controversy in an effort to reach a satisfactory agreement on wages and working conditions for the miners in the bituminous fields.

DISCRIMINATION IN CONFERRING MEDALS CHARGED

Congressman Urging Investigation of Army Decorations, Says Officers at Washington Grab Honors

WASHINGTON, (AP)—Urging congressional investigation of the award of army decorations for services during the war, Representative Gallivan, democrat, Massachusetts, today in the house Tuesday that more distinguished service medals in proportion were awarded to army officers who never got nearer the front than Washington than to those who saw service overseas.

"It is common talk in the army," said Mr. Gallivan, "that our present chief of staff and one of his assistants, a colonel, whose duty it was to escort and dine foreign missions here in Washington, have no space left between their belts and their collars to display the medals that have been given them as a result of this service."

Brings Repeal on Medal
Congress should investigate all awards of medals and crosses, Mr. Gallivan said, so as to determine why some recommendations were made on favorably and others disregarded.

"The distinguished service medal has been cheapened and certainly ridiculed by the high and blazen manner in which it has been passed out to those who belong to the elite," said Mr. Gallivan. "Who has been used to placate those who have been removed to make way for some one else."

"The reading of the citations in award is in the distinguished service medal to several chair officers of the general staff who never left Washington during the war, if believed, would certainly impress one that the war was fought with red ink at mahogany desks."

"Surely, the lounge lizards of the 'grand army of the Potomac' have no quarrel with their comrades, the 'lucky lancers' of the capital as to the number of D. S. M.'s those twenty valiant units received for heroic service in this war."

"As for France, wherever the commander-in-chief sent a 'commissioned messenger boy' on an errand, the D. S. M. was sure to be the reward."

Taken Fling at March
"In Washington we had for different chiefs of staff during the war and every one who knows anything at all about the workings of the war department knows that the predecessors of the present chief of staff, Mr. D. S. M., General Peyton C. March, were considered unequal to the task. Through one pretense or another, they were removed."

"Ordinarily when a man has failed in the performance of any specific task he is removed without reward. These men have on the other hand been rewarded in the manner of the 'lucky lancers' of the United States by the bestowal upon them of the D. S. M."

"The Kaiser," continued Mr. Gallivan, "with some sparks of appreciation for consistency yet alive, said: 'Mein Gott! Not so your chief of staff, U. S. A. Peyton C. March, who sees no reason for including 'Gott'. It is simply 'Me' with him."

"In France there was a board of awards of medals that sat in Chateau and looked with easy favor on giving awards to their friends and with blind eyes and deaf ears to recommendations of those without the 'piff'."

The failure to send Major General Leonard Wood overseas in command of troops was a "case of international courtesy," Mr. Gallivan said, adding that General Wood "was never given an important active command during the war," but "to please public opinion something must be done."

"The bestowal of the D. S. M. on General Wood," he continued, "is heartily approved by the entire military service, I am told, but the reason for such bestowal looks like an interrogation point in the minds of every one who has a knowledge of General Wood's treatment."

Junk Men Honored
Inquiry also should be made into cases of civilians who received medals, declared Mr. Gallivan, who charged that "Eisenmann, of Cleveland, who was mixed up in the clothing and shoddy graft and also in the rag-picking graft appears to have got a medal."

"It has been whispered that other 'junk men' have been so honored," said Mr. Gallivan.

Gallivan's reference to Mr. Eisenmann was interrupted by Representative Mooney, democrat, Ohio, who declared that the Cleveland man was "represented of every charge against him." Representative Keim, republican, California, said General Bliss was not removed as chief of staff, but sent abroad for important service.

Prize Chief
Representative Dr. Wall, republican, Pennsylvania, accused Representative Gallivan of "slandering" out General March for attack and praised the chief of staff for his efforts. Mr. Dr. Wall said he had "yet to hear from

SURVEYORS GIVE CANADIANS GOLD

Rich Mineral Deposits are Lost to United States Through Boundary Decision

KETCHIKAN, Alaska, (AP)—Valuable gold deposits near Hyder, south of Ketchikan, which are reported to be miles in extent, have been lost to the United States by the decision of American surveyors defining the boundary line between Alaska and Canada. It was decided to follow the lines of Canadian surveyors rather than the monuments of the Russian line.

Recent development of the properties near Hyder reports of which spread to the outside world, have elicited the interest of the United States and even Great Britain, which, it is believed, may prearrange a "rush" to Hyder next spring rivaling the famous Klondike stampede.

The American engineer on the official boundary survey, agreed with the Canadian party to leave the lines of the Russian survey and instead of following the line of the Hyder to the head waters of Salmon river, turned west at an angle of 45 degrees, throwing into Canada the upper Salmon river district and the hills where are reported the majority of the Hyder deposits. Hyder is on the American line, and because of the topography of the country, the Canadian claims must be approached from the territory of Alaska.

According to reports received here, the mines, while said to be remarkably rich in gold, are difficult to develop, and considerable development work is necessary before they can be put on a paying basis. At the Premier mine, now said to be controlled by New York interests, thousands of dollars have been spent in building roads, and thousands more in development of the mine itself. For miles on the American and Canadian sides, every claim has been staked and there is little ground left open in the district, it is reported.

Experienced miners here say that "rush" to the district would result poorly for prospectors without capital, who would be unable to get at the ore.

**BERLIN POLICE WAR ON
UNDESIRABLE EXHIBITS**
Use Motor Trucks to Carry Persons Arrested on Latest Raid Made Against
Bathing Carnival

BERLIN, (AP)—The Berlin police are continuing their campaign against immoral or suggestive exhibitions. The latest raid was made upon a big bathing carnival. Motor trucks were required to carry to the police stations the dozen principals and 400 spectators all of whom were arrested.

The police also have discovered another undesirable exhibition in one of the cafes where the night life of Berlin has been brightest. Both these displays are characterized as "warlike" and "explanatory" films which still prevail in Berlin. The evil will not down and the average resident of Berlin, when it is called to his attention, shrugs his shoulders and remarks, "another fruit of the revolution."

A noted physician asserts that those taking part in these exhibitions are not normal.

DISTRICT GETS STERLING BOOST

Twin Falls Newspaper Man Tells Salt Lakers Something of South Idaho

The rapid progress being made in many directions by Twin Falls and the surrounding territory was told yesterday by Harry M. Barratt of the Twin Falls Daily News, who is visiting in Salt Lake, over the Salt Lake Tribune of Monday. Following is Mr. Barratt's statement for Twin Falls and district:

"Three years ago Twin Falls was not a town of 18,000. Today, according to official population counts, it has something like 15,000 persons, with each month finding steady and marked increases in the census total. The town is expanding at a remarkable rate, both in area and in industrial life. Additions to the city are being made frequently, these being principally to meet the growing demand for residence areas. Industrial institutions are locating in Twin Falls constantly, this department of the life of the community keeping pace with the development of the great territory surrounding it."

"Twin Falls at present is experiencing considerable difficulty in meeting the demand for residence and other housing quarters. It is estimated that to meet the immediate need for homes at least 500 houses are required. Apartment houses have assumed the general character of crowded community tenements, and rooming houses and the smaller hotels are providing quarters for scores of small families, having taken over the class of business to the almost complete exclusion of transient trade."

"To meet the demand for houses, several firms have made plans for the construction of a number of small homes in the subdivision, recently taken in or about to be taken in as a part of the city itself. It is expected no less than 120 houses, mostly of the smaller class, will be built this year."

Large Structures Planned
In addition to the plans for residences, a contract has been awarded for the erection of apartment houses to cost \$100,000, and to house at least thirty-five families. Plans for two other such houses are being considered. It is not believed, however, that even this building will more than temporarily meet the demand."

"Another evidence of the steady development of Twin Falls as a commercial center is found in the widening of the regular branches of business. Recently an Ogden concern entered the field with a dry goods line, and another large concern has leased quarters for a similar branch of business. "Probably the most important building operation planned for the year 1920 is the construction of the Elks' temple, which is to cost \$300,000, and there is

considerable talk of a five-story hotel building to cost about the same amount.

"Two churches, one with auxiliary structure to cost about \$100,000, and the other \$65,000 are to be built this year. The first was for the U. S. D. S. and the other for St. Edward's Catholic parish."

"At least one large theater building is to be erected this year, and there is a possibility that two such structures will be erected. Several office buildings also are being planned."

District Is Most Productive
"Twin Falls is in the center of the most productive irrigated section in Idaho, the great Twin Falls tract, measuring several hundred thousand acres of highly fertile soil. The tract is watered by the Twin Falls canal system, which derives its supply from the Snake river. Land on the tract is selling at from \$150 to \$1500 an acre, depending upon location and the purpose for which the ground is wanted. Truck gardeners are entering the Twin Falls field now and are paying well for land on the outskirts of town."

"Upon the opening of the Brunson tract under the Carey act plan, Twin Falls is looking with eager anticipation. If this tract is opened this year—and there is now reason to believe this was acreage of unwatered land will soon be under ditches filled with water from the Americans Falls reservoir—it will add more than 100,000 acres of irrigated land to the Twin Falls district. The Brunson section is regarded as equal in productivity to any portion of the Twin Falls district now under water. Water for this entire section is taken from the Snake river."

"Immense crops were grown in the Twin Falls district last year, especially on the south side. The hay crop was especially abundant. Last Wednesday a Custerford rancher sold the hay taken from 100 acres for \$12,000, Wyoming sheep men paying a flat price of \$20 a ton for alfalfa in the stack. Wheat ran from 40 to 105 bushels to the acre. Experiments have proved that a good grade of field corn can be grown in the Twin Falls section, one experimenter growing 105 bushels on a small acreage."

"The sheep and cattle industry on the Twin Falls tract is developing rapidly. A series of sales of high-grade stock of all sorts of pure-bred cattle has just been inaugurated. Grade valued at several hundred thousand dollars will be placed on the auction block at Twin Falls the coming week. Most of these are Shorthorn cattle."

NOTICE OF ASSESSMENT

Notice is hereby given that the assessment roll for Local Sewerage Improvement District No. 31, in the City of Twin Falls, in the County of Twin Falls, and State of Idaho, filed in the office of the City Clerk of said City on the 10th day of September, 1919, and confirmed by Ordinance No. 286, passed and approved the 29th day of December, 1919, is now in the hands of the undersigned City Treasurer of the City of Twin Falls, Idaho, for collection. Any assessment in said roll may be paid at any time between the day of the first publication of this notice and thirty days thereafter, both dates inclusive, without penalty, interest or costs, at my office in the Water Works Building at the corner of 2nd Avenue North and 2nd Street North.

Just Three More Days of the Clearance Sale

Spend Wisely

Now's the time of year when broken stocks must be cleared away. All of the short pieces—all of the broken stocks—all of the odds and ends of lines that have been on sale for the past season are now ordered cleared away.

In all of these cases the merchandise is as good to the user as though the stocks were full—but to the store they represent but the leavings of a season's selling that must give way for the fresh stocks of spring.

In many cases these prices are less than today's wholesale cost. A careful examination of these stocks will certainly save money for you.

LOSS OF 400 LIVES FEARED IN SHIPWRECK

Steamer is Believed to Have Gone to Bottom 72 Hours After Foundering on Shoals in Bay of Biscay

LA ROCHELLE, France, (AP)—More than 4,000 persons are believed to have lost their lives in the wreck of the steamer *Africa* on Roche Bonne shoal, Bay of Biscay. Only 67 survivors are known to have been landed. Hope for the rest of the passengers and crew faded during the past night as hour after hour passed without cheering tidings and seventy-two hours after the vessel foundered many feared one of the greatest marine tragedies of modern times was enacted off the coast before dawn Sunday morning.

Sailors and French colonial soldiers are the only persons from the ship known to have reached land safely.

"It was impossible to approach the *Africa*," said Captain Joun of the steamer *Geylan*, which was summoned to the scene of the wreck by wireless on Saturday and which attempted to rescue those on board the doomed vessel.

"I remained in wireless communication with the ship, however, and received the following message: 'I am drifting and I fear the ship will go ashore.' Later came another message saying: 'I am steering for a light.' 'Then came a final message: 'We are sinking.' That is all I know about the loss of the *Africa*."

Some of the rescued sailors declared that when, with great difficulty, the boats were swung out passengers were afraid to jump for fear, seeing they were already half full of water.

GERMANY PROCLAIMS MARTIAL LAW

(Continued from Page One)

carried off by members of the sanitary corps.

Confusion Reigns

The rioting temporarily adjourned amid great confusion. President Fehrreich was obliged to leave the chair but was unable to control the situation. Members of various parties engaged in violent recriminations, and members of the cabinet left the chamber.

When the troops dispersed the crowd they extended their cordon in the direction of Unter den Linden, where throngs filled the street. An officer

who chanced along was severely beaten by the crowd.

After a short recess the house visibly quieted down and President Fehrreich, rising from his seat, told the deputies the day's casualties had reached a total which would occasion profound regret and that further deliberations could, under the circumstances, hardly be expected to continue with the necessary calm. He suggested an adjournment until Wednesday morning at 10 o'clock. The deputies received the announcement standing and then left the chamber.

Independent socialist leaders plan to continue demonstrations whenever the industrial councils bill is up for debate, and it is expected the climax will be reached on Thursday, which is the anniversary of the death of Dr. Karl Liebknecht and Rosa Luxemburg, radical leaders, who were killed while being taken to Moabit prison.

The entente missions arriving here are reported to have indicated their intention to call upon their governments for military protection if demonstrations are threatening.

Death Roll Uncertain

While the number of dead was announced as ten early in the evening, it seems probable that the fatalities will exceed this total. Some of the wounded lay in the hospital for a considerable time after the shooting, although many were carried off quickly by the sanitary corps and placed in nearby hospitals.

Members of the national assembly which was meeting in the chamber, in the inner center of the building, heard only faint reports of the shots. Gradually news of the clash reached the chamber and an exodus followed into the corridors, into which a score of men from the mob succeeded in penetrating, and immediately started a general harangue. Up in the press gallery the excitement was equally intense.

Casualties Among Guards

The government admits the loss of one member of the troop of guards, killed in the fighting, while several are missing.

The big oak-paneled door which gives access to the west wing of the reichstag building was smashed during the attempted rush. It was the prompt resistance of the public security troops on guard that prevented ingress, which would have resulted in the invasion of the chamber by the mob. Through this door a large-caliber bullet fired from the ranks of the mob found its way and also passed through a second door into the lobby, crowded with members.

Noke Patrols Streets

Last night *Noke's* troops placed riflemen with a barred wire cordon throughout the downtown streets. The reichstag square was given a reinforced patrol. The Wilhelmstrasse was barred to all traffic and the government building was virtually inaccessible except to those employed there.

DIRECTORS REJECT DAMMAN'S APPEAL

Directors of the Twin Falls Canal company, in session today, rejected the appeal of Edwin Damman, farmer, for the installation of headgates, through which to serve his farm properly near Buhl with irrigation water from the company's canal line. The appeal was presented by Turner K. Hackman, attorney for Mr. Damman, although the latter was present at the directors' proceedings.

The remainder of the day's session was devoted to routine matters. It is expected the convention will close tonight.

Among the important matters yet to be considered is that of appointment of an attorney, assignment of a hospital and for medical services and other similar matters. Questionnaires, recently sent to stockholders concerning the acquiring of storage in the American Falls reservoir, are reported coming in steadily. Tabulation of these, however, will not be made before next month.

Political Notes

WASHINGTON, (AP)—The national executive committee of the prohibition party last night selected Lincoln, Neb., and July 21 as the place and time for the 1920 national convention of the party.

The future policy of the party in view of nationwide prohibition will be determined at the convention, the committee announced. If it was decided to continue as a party, it was said, all toward world-wide prohibition would be made an issue.

National prohibition will be celebrated at the convention by a jubilee. Invitations also were received to hold the convention in Buffalo, N. Y., but the vote in favor of Lincoln was unanimous.

SAN FRANCISCO, (AP)—Will H. Hays, chairman of the republican national committee, today finished his conferences with western party chairmen here and prepared to leave tonight with his party for Reno, where they will spend one day in conference with Nevada republican managers. They will return to San Francisco Friday.

CHICAGO, (AP)—Presidential campaign headquarters for General J. J. Peralta, will be established in Chicago about May 25, it was announced last night by Mark Woods at Lincoln, Neb. The presidential headquarters in Chicago of Senator Warren G. Harding of Ohio, have been given up, it was announced tonight. They will be reoccupied later on, a statement said.

Today's Markets

Grains and Provisions

CHICAGO, (AP)—Rallies took place in the grain market today from depression which showed itself at the outset. Initial weakness was ascribed to selling based on opinions that a general downward adjustment of values was impending. Declines, however, led to extensive profit taking by shorts, and brought about upturns. Opening prices which ranged from 1-4 to 1c lower, with May \$1.31 3-4 to 1-32 1-4 and July \$1.30 1-2 to 1-32 1-4, were followed by jumps back to yesterday's finish or above.

Prospects of a big export business in oats and rye were effective later in assisting the corn market upturn. Closing prices were nervous, 5-8 to 1-3 1-2 not higher, with May \$1.33 1-4 to 1-33 3-8 and July \$1.31 1-2.

Oats were ruled by the fluctuations in corn. After opening unchanged to 1-2 lower, including May at 80 5-8 to 80 3-4c, the market scored a slight advance.

Higher quotations on hogs tended to steady the provision list. Estimates were current that the forthcoming report of the number of hogs in the country would show a reduction of 10 per cent as compared with a year ago.

Dash Quotations

CHICAGO, (AP)—Corn No. 2 mixed not quoted; No. 3 mixed \$1.47 to 1.47 1-2; No. 2 white \$1.47 1-2 to 1.48. Oats No. 2 white \$5 to 5 1-8; No. 3 white \$5 1-8 to 5 1-2c. Rye No. 2 \$1.80 to 1.81 1-2. Barley \$1.47 to 1.58. Timothy seed \$9 to 13. Clover seed \$9 to 13. Pork nominal. Lard \$24. Hides \$19 to 20.

Chicago Livestock

CHICAGO, (AP)—Hog receipts 24,000; mostly 25 to 40c higher; bulk \$14.75 to 15; top \$15.10; heavy \$14.75 to 15; light \$14.85 to 15.10; heavy packing sows, smooth \$14 to 14.50; packing sows, rough \$13.50 to 14; pigs \$14.50.

Cattle receipts 10,000; slow; beef steers, choice and prime \$18 to 19.50; common \$9 to 11.50; heifers \$9.50 to 14.50; cows \$9.50 to 13.25; canners and cutters \$5.25 to 6.50; veal calves \$16.75 to 18; feeder steers \$8 to 12.50; stock or sters \$7.25 to 10.50.

Omaha Livestock

OMAHA, (AP)—Hog receipts 13,000; market 20 to 35c higher; top \$14.75; bulk \$14.40 to 14.65; heavy weight \$14.50 to 14.70; light weight \$14.40 to 14.60; heavy packing sows, smooth \$14.25 to 14.45; packing sows, rough \$14.10 to 14.35; pigs \$11 to 13.50. Cattle receipts 9,000; generally steady. Beef steers, medium and heavy

weight, choice and prime \$16.50 to 18.50; common \$10 to 13; heifers \$7.25 to 13.50; cows \$7 to 13.25; canners and cutters \$4.25 to 7; veal calves \$13.50 to 15; feeder steers \$8 to 14; stocker steers \$7.50 to 11.75.

Sheep receipts 14,500; killing classes steady; others unevenly higher; lambs, 84 pounds down, \$18 to 19.25; culls and common \$13.75 to 17; yearling wethers \$14 to 16.25; ewes, medium and choice \$10 to 11.40; culls and common \$9 to 10.

Potatoes

CHICAGO, (AP)—Potatoes stronger; arrivals 39 cars. Northern Whites, bulk \$4.35 to 4.45; sacked \$4.25 to 4.35; western Russets, jobbing \$4.50.

Chicago Produce

CHICAGO, (AP)—Butter lower; creamery 62 to 60 1-2c; eggs lower; receipts 3,139 cases; firsts 64 1-2c; ordinary firsts 60 to 60c; at mark, cases included 60 to 60c; poultry alive, unchanged.

Kansas City Produce

KANSAS CITY, (AP)—Butter, eggs and poultry unchanged.

RAILROAD STATES FURNISH ATTACK

(Continued from Page One)

conform with the allied policy, he added.

'Round Up' Bo

Preparatory to taking the offensive, Lewis endeavored to strengthen his internal position by determined efforts to stamp out the spreading Bolshevik agitation. Several hundred Bolshevik agents were rounded up, principally in Siga and Liban; and many of them were summarily dealt with. The prisoners included Anton Ketteroff, a Bolshevik courier, on his way to Moscow from New York. There was a false bottom in his valise which contained documents outlining a scheme for new Bolshevik activities in America. Hidden in the heels of his shoes, the authorities found diamonds valued at 5,000,000 rubles.

Booth's Big Clearance Sale Continues

WITH UNABATED INTEREST

In Fact Sales Have Been Growing as Our Friends Circulate the News of Values to Be Found Here

SOME SPECIALS TO BE FOUND HERE

36 Inch Crepe Silk \$1.50 Yd.

This is an excellent silk; pretty weave; looks like a crepe poplin—about the weight of silk poplin. It comes in dark green, plum, wine and navy.

Wool Dress Goods 59c, \$1.50

The 59c lot is mostly 36-inch woollens in different pattern—some all wool; some cotton warp—all worth much more. They will make nice dresses for school or for ladies.

The \$1.50 lot comprises short lengths of much higher-priced goods and some full bolts of very exceptional values. A little work will make a big saving when combined with these woollens into a dress.

Red Cross Gingham 29c Yd.

A very fortunate buy when these goods were much cheaper resulted in this offering. They are genuine Red Cross stripes. They wear just the best; they always look neat.

Lace Special 25c Yd.

Camisole shadow lace, 8-inch to 12-inch width and shadow flouncing for petticoats, 24 inch width.

Corsets 10 Per. Cent Off

Many ladies are taking advantage of that saving on this necessity and getting Gosard's and Bon Ton Corsets.

Ladies' Vests and Drawers, 50c and 75c

Soiled garments and odd pieces; all wool and part wool. The factory cost would be double our price. Only a small lot—we can't save them.

Special Values—Children's Shoes

Maybe you don't know of the dollar or two we save you on Children's Shoes. Better try right now.

Job Lot Children's Underwear

Some of it soiled; some odd pieces. We have placed it on sale at 25c and 50c.

Sweaters for Girls, 95c; Ladies, \$2.50

Some all-wool sweaters included; broken sizes; some soiled; some faded; can be dyed, but very remarkable values.

Printed Muslin 15c Yd.

36-inch light ground with flowered patterns, good for drapery or quilts.

Fur Neckpieces \$3.95

Some excellent pieces in these; broken sets and odd pieces; cheaper than fur trimming if you cut them up.

Shoes for \$1.95, and \$3.75 (Ladies).

These are great values; odd sizes; broken lots in patent and kid. Perhaps just your size. You need an extra pair to save your better ones, too.

The Big Ready-to-Wear Sale Continues

BUSY—BUSY—BUSY—COATS—SUITS—DRESSES—WAISTS. THE VALUES OFFERED ON THESE ITEMS CERTAINLY ARE INTERESTING. A FIT FOR EVERY WOMAN AND PROPERLY FITTED, TOO. THIS BIG DEPARTMENT HAS BEEN CROWDED WITH PURCHASERS. THE PRICES STILL CONTINUE ON THE "CUT PRICE BASIS." DON'T DELAY LONGER—THERE WILL BE NO LOWER PRICE.

BOOTH MERCANTILE CO.

"ANOTHER PACKAGE FROM BOOTH'S"

PICKS HIS OWN WAR DECORATION

Brother-in-Law of Secretary Daniels Asks No Preference Be Shown Him

WASHINGTON, (P)—Commander David Worth Bagley, brother-in-law of Secretary Daniels, has cabled the navy department requesting that his name be considered only for such decoration as was conferred upon all captains of destroyers serving in the war zone. Commander Bagley, whose ship, the Jacob Jones, was torpedoed and sunk during the war, was recommended for a navy cross by the war decorations board, but Secretary Daniels awarded him the distinguished service medal along with the captains of other naval ships destroyed by enemy submarines. Commanders of destroyers serving in the war zone were awarded the navy cross.

Secretary Daniels said today that the message would be referred directly to the knight board, now reconsidering the whole question of naval awards, for such action as the board might see fit. Commander Bagley, who is serving as naval attaché at Havana, recently cabled the department that European newspapers had published statements that Rear Admiral Sims had charged that Commander Bagley received his distinguished service medal because of the favoritism of Secretary Daniels and that the widespread publicity of the report had made the distinction of the distinction of his duties as naval attaché extremely difficult and embarrassing. He requested the department to obtain a denial from Admiral Sims and to make an effort to gain widespread publicity for it. In his letter to Secretary Daniels declining to accept a distinguished service medal awarded to him, Admiral Sims made no reference to the specific case of awards of navy decorations, but did express objection to the awarding of distinguished service medals to officers who lost their ships while off duty on his staff for whom he had recommended the distinguished service medal received lesser awards.

UTAH POWER SERVICE IS INTERRUPTED BY STRIKE

Electricians Walk Out when the Employers Refuse to Deal with Delegate

SALT LAKE CITY, (P)—Power service to Salt Lake and vicinity, although considerably interrupted, is being maintained despite the strike late yesterday of electricians employed by the Utah Power and Light company for higher wages.

Declaring that he was calling out all electrical workers in the employ of the Utah Light and Power company in Salt Lake City, Ogden and Pocatello, H. C. Green of San Francisco, international representative of the Electrical Workers' Union, issued a general strike call here late yesterday effective immediately.

The cause of the strike order, according to Mr. Green, is that the company refused to deal with him and other union officials because they sought to open negotiations to obtain higher wages for the men.

Company officials declare they have refused to deal with Green or the other union officials because they have positive knowledge the men are satisfied with salaries and conditions. They say Mr. Green is an agitator and does not speak for the workers.

A walkout of electrical workers employed by the company would seriously hamper electric power and traffic on electrical lines in this district, it is said.

KIN OF LOCAL LAWYER IN GOTHAM LIMELIGHT

W. P. Guthrie's Cousin Takes Noteworthy Stand Favoring Socialist Exclusion

One of the men who has stepped into the limelight in connection with the controversy in New York as to the right or wrong of the action of the New York assembly in excluding five duly elected socialist members of that body, is William D. Guthrie of New York, lawyer and authority on international law.

Mr. Guthrie led the opposition to a resolution passed by the bar association of the city of New York condemning the action of the legislative body, although at first he succeeded in preventing its ultimate passage. He is a cousin of Attorney W. P. Guthrie of Twin Falls.

IDAHO

"Checkers," the spectacular picture made by William Fox, which opened at the Idaho Theatre today, is even better as a picture than it was as a stage play. Each of the action scenes, outdoors, and Director Richard Stanton took full advantage of the situation to make his exterior scenes not only elaborate, but perfect in detail. The story is of a southern beauty who falls in love with Checkers, the race tout. He grows a horse owned by the girl for rich stakes, and in getting the horse to the race track encounters tremendous difficulties. His chase leads from the south to New York and through Chinatown. At the last minute, just before the race is to start, the jockey is maliciously blinded, and the young girl rides the horse to victory. It is one of the best and most stirring pictures in every respect seen here in some time.

AMUSEMENTS

IDAHO—"Checkers" by Henry M. Blomson, a Wm. Fox production. GEM—William Farnum in "True Blue". Added attraction, Billy Rhodes in "Hor Spenny Affair". ORPHEUM—Will Rogers in "Jubilo". Also two feature vaudeville acts.

To Portland—Miss Pearl Wynn left today for Portland, Ore., after spending several months here with her parents, Mr. and Mrs. Patrick Wynn.

To Winter in Iowa—Mrs. W. L. White and son, Kenneth, have gone to Cedar Rapids, Iowa where they will spend the remainder of the winter with relatives.

Gene to California—Mr. and Mrs. Russell Wilson and Mr. and Mrs. Edgar Wilson of Kimberly, left Monday evening for a six weeks' trip to California.

Women to Meet—Twin Falls Temple No. 31 Pythian Sisters will hold their regular meeting Friday afternoon at 2 o'clock in the I. O. O. F. hall. All members are requested to be present.

Family Off to Coast—Mr. and Mrs. T. J. Woods and daughter Margery are leaving this evening for California unable to recall upon several weeks visiting with relatives and nightseeing.

Public Installation—The Royal Neighbors will publicly install officers at a meeting next Friday evening. The occasion will be marked by a box social and program. All Woodmen and ladies are invited.

Wiker Recovering—Mrs. Willard McMaster writes friends in Twin Falls that her father, A. M. Wiker is recovering more rapidly than they had expected. A. R. Ostrander, procured a cottage for him at Santa Barbara where the accident occurred to which they have moved Mr. Wiker from the hospital.

Los Angeles Overcrowded—Mr. and Mrs. Carl J. Hahn and some Carl, Leona and John have returned from a trip to California. They had expected to be away for a longer time but were unable to recall the boys in school, owing to the crowded conditions existing in the schools at Long Beach. Mr. Hahn said it was impossible to get desirable apartments as every available place is crowded with tourists.

Social Notes

Mrs. L. F. Morse entertained a few friends at bridge yesterday. A dainty two course luncheon was served at the close of the afternoon.

Mrs. H. F. Allen will entertain the members and friends of the Episcopal Guild at three o'clock at her home on Seventh avenue east.

The King's Daughters met at the home of Miss Mariel Burke Monday evening. Miss Vera Cook gave a chapter from "Ministers of Mercy." Dainty refreshments were served. Those present were Mrs. D. P. Sweet, leader, Violet and Hilda, Holderness, Vera Cook, Florence Dutton, Helen Trousdale, Thelma Dawson, Wilma Keel, Blanche Geisley and Gyneth Young.

A CLASSIFIED AD will find a buyer for your car—if your offer is attractive. Give the details a prospective buyer expects.

DON'T FAIL TO ATTEND GREAT STOCK SALE

Biggest Opportunity Ever Offered for the Securing of High Grade Farm Animals

Registered stock week—five days' sale—commencing January 19, and continuing 20, 21, 22 and the 23rd.

The greatest opportunity ever offered by the breeders of southern Idaho is in the coming sale during registered stock week.

A chance to select foundation material for new herds and many individuals will be offered that will be a credit to herds already established.

Very few sales are being held in America that will excel in breeding, blood line, quality and merit that will be represented in the different offerings of this sale, consisting of horses, Percherons, Belgians and shires. Hogs: Poland China, Duroc, Chester White and Berkshire.

January 19, 20 and 21—165 head of Shorthorns, red and white range.

January 22—35 head of Beau Blanchard Herefords; also 25 bred sows and gilts. This should be one of the most interesting days of the sale.

January 23 will be Percheron day; 30 head of the finest Percherons will be offered.

Sales will commence each day at 10:30 o'clock. The breeders and consignors of this great series of sales ask that they may have the cooperation of all concerned. This is an opportunity for the stock-growers of southern Idaho, such as never offered before. This sale of purebred stock should be of interest to every business man, banker, to the chamber of commerce, to the farm bureau, and to every school boy and girl who expects to be a farmer in southern Idaho. Everyone should be interested in the better stock movement that in any way concerns our country and helps the farmer to be more productive.

Mr. Schenfield, president of the American Shorthorn Breeders' association is quoted as saying at the banquet of the International Stock Growers' show at Chicago that southern Idaho offered the greatest opportunity for the growing of purebred stock because of its excellent grasses, climate and feeding facilities.

Everyone is urged to be present and see the direct results of good breeding in the different stocks offered at this sale. It is a well known fact that purebred stock is essential to successful farming.

All cattle tubercular tested with privileges of 60 day retest. If purchaser desires Hereford cattle and Percherons.

Bill's a Good Fellow

and you like him—went to school together—married at about the same time—why only last week when he was up to the house you were laughing over the licking you both received for breaking old man Thompson's window.

You are interested in Bill — you'd even lend him money if he needed it—but say, honest now—you don't care a rap about the hang of Bill's coat, do you?

When it comes to picking out a suit—what Bill wears never bothers you—AND ALL MEN ARE THE SAME.

Every customer who comes to the Idaho Department Store is regarded as the commander of his own individual forces—and right here let us say that a big part of our success in the clothing business is due to the fact that we give every man the credit of having a mind and a manner of his own.

You can get what you want at the Idaho Department Store—and so can Bill.

ORATORIO CLUB STARTS TONIGHT

Study of Gaul's "Holy City" to Be Initial Work of Local Singing Society

The first rehearsal and organization meeting for the study of Gaul's "Holy City" will be held tonight. The session will be held at the residence of Mrs. M. E. Tucker, 612 Blue "L" boulevard and will be under the direction of Harry M. Barrett.

Plans of the promoters of the "Holy City" club contemplate the formation of a Twin Falls Oratorio society, to be active the year round in oratorio work. Membership is open to all eligible vocalists of Twin Falls and community.

Gaul's "Holy City" is, perhaps, the best known and most popular of all light oratorios. It has never been attempted in Twin Falls though many of the local vocalists are familiar with it. It is not tediously long, and all of the numbers, whether single or ensemble, are tuneful and in many instances strikingly inspiring. It carries throughout a wonderfully impressive musical theme which brings to a brilliant penultimate climax in "Great and Marvelous are Thy Works", which, in turn, merges into a final climax, "Amen, Hallelujah!"

Organization of the Twin Falls Oratorio society is the outgrowth of the wonderful success achieved in the rendition of "The Messiah" by the augmented Episcopal choir last Christmas eve. For the present rehearsals will be carried out at homes of members where courses of sufficient area are afforded. Music scores will be provided free to those attending those practices unless members prefer to purchase their own copies. Rehearsals will be held on each Wednesday night until the close of the work. It is planned to present the oratorio in about six weeks. Singers are urged to attend rehearsals without further invitation.

SETTLERS TAKE PART IN CANAL COMPANY ELECTION

Farmers Give First Evidence of Desire to Participate in Operating Concern

Settlers of the Twin Falls-Salmon River reclamation project, for the first time in the history of the corporation, at an annual meeting of the Salmon River Canal company held yesterday at Hollister, nominated and elected candidates for members of the board of directors. The directors thus chosen are: Robert Royl, E. Ingraham and G. A. Sankers. These members of the board are G. M. Hall, H. G. Garver, E. G. Dietrich, A. G. Howell, E. B. Darlington, F. P. Bates.

In their action taken at this meeting, it is said, the farmers gave their first evidence of willingness to participate in the responsibility of operating the irrigation system. The stock heretofore has been voted by representatives of the construction company under terms of the settlers contracts providing that until that 25 per cent of the price of water rights was paid the Land and Water company or trustees should vote the stock.

For a number of years, it is said, the Land and Water company has offered to waive this provision, but it was not until the state accepted the construction work that the settlers chose to nominate men from among the farmers to act on the directorate.

The meeting adjourned to February 13 when consideration will be given to the annual reports of officers and recommendations of the superintendent.

Deaths

The body of Warren Blaser, who died in a local hospital of paralysis, Monday night, was yesterday sent to Jerome for burial. Funeral services were held there today. The body was in charge of the Greenwood Undertaking establishment of Twin Falls.

COUNTY DEPUTIES MAKE APPEAL FOR AN INCREASE IN SALARIES

Pay of Public Workers Said to Be Much Lower Than Those Commercially Employed and Not Commensurate with the High Cost of Living—Heads of Departments Asked to See Commissioners

An appeal for an increase of salary for all deputies employed at the court house, was this morning made to heads of all departments. Through these the appeal will be referred to the county commissioners for final action.

Action of this nature has been pending some time, according to various court house employees involved in the appeal for more salary. "We feel that an increase is not only due us but is a necessity in view of the steadily increasing costs we are facing," said Clarence Bowen, deputy clerk of the district court. "We have presented statistics in proof of the contention that prevailing wages for deputies employed by the county are not commensurate with the cost of living."

In making the appeal to department heads a committee representing the

deputies presented no sliding scale but asked for a flat raise of \$20 per month for each person involved. A statistical statement told of much higher wages paid in commercial offices for work similar to that done by county deputies. The claim is made that a difference of from \$35 to \$60 exists, county clerical deputies receiving \$140 per month while commercially employed offices men receive from \$175 to \$200 per month.

The proposal will be submitted to the county commissioners either today or tomorrow. It is intimated that should the requests be rejected resignations will probably be forwarded. Eight persons are involved in the appeal. Beginning January 1 increases from \$5 to \$10 were voluntarily made for subordinate clerks and stenographers.

COMMERCE DIRECTORS FAVOR SCHOOL BONDS

At a meeting of the directors of the Twin Falls chamber of commerce held last night endorsement was unanimously accorded the school bond issue proposed for election in the near future.

In addition the board decided to revive the potato breakfasts, suspended for the past few years, and which were a feature of the old Twin Falls commercial club. The first "feed" will be served at 6 o'clock next Monday evening. A committee has been selected on arrangements.

Two large pictures, belonging to the chamber of commerce and now adorning walls in the Porzino hotel, will be sent either Omaha or Chicago to be installed in depots.

STATE GETS BIG CHECK

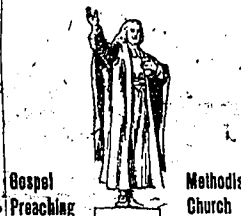

Twin Falls county yesterday forwarded to the state treasurer the sum of \$68,000 as its first payment on a net sum of \$212,000 from 1919 taxes. This is considerably greater than the state's share of the Twin Falls taxes in 1919. The initial payment is greater by far than any other single installment sent to the state treasurer by the county of Twin Falls.

MUST PAY BY 4 O'CLOCK

B. B. Belzer, arraigned in the probate court yesterday on charge of passing a worthless check, was given until 4 o'clock this afternoon to make good the amount involved, both for the face of the check and the court costs. The check was given to J. W. Harden and was for \$120.

SEEK CITIZENSHIP

Mardo McLeod, Gerard Quasack and Peter Christmann will appear at 10 o'clock in the district court with petitions for naturalization. The hearings will be before Judge W. A. Babcock.

COMMITTEE CHOSEN TO PRESENT BANNER

February 12 Named Date for Ceremonial of Flag Giving to Legion Post

The flag purchased for Twin Falls post, American Legion, by popular subscription raised through Dan McCook post, Grand Army of the Republic, by Adjutant J. M. Rice has been received here and is to be presented to the younger veterans' organization on February 12, the anniversary of Lincoln's birthday.

A committee composed of the following has been formed to make arrangements for the presentation: C. L. Langley, Douglas Davies, Hal G. Blue and W. R. Priebe. The presentation is to be open to the public.

TO ERECT MANY HOUSES

Earl Felt, local builder, has been awarded a contract for the erection of 43 houses in Blue Lakes addition. The contract comes from the Pocatello Security company and requires the completion of all houses this year. The contract calls for a total expenditure of \$200,000. The houses will be five and six rooms, one story, and modern.

LICENSED TO WED

A marriage license has been issued by the county clerk to Alfred T. Craven and Nina A. Hazard, both of Hollister.

Blessed is He Whose Home is in Twin Falls

BONNY more, monkwier and madam; greetings and all that sort of thing don't you know!
Our parlayvoing isn't perfect, but you will get what we mean.

Truly fine weather we're having, don't you think!
The weather end has been down in Salt Lake where the climate has to be severe with a hay-knife, purified seven times in the fire, manhandled in a dairy separator, run through a champs strainer, boiled over night, given a formaldehyde bath, washed, ironed and then taken in small doses, on a physician's prescription.

Moral: If you are not satisfied with conditions and things in Twin Falls take a look at the smoke-grimed visages of the poor blokes who, of necessity, have to live in Salt Lake. Then come back and be happy with your blessed lot here.

In Salt Lake last Saturday the mercury reached five below; here it was two above. In Salt Lake Sunday the low was 10 below; here it was one above; in Salt Lake Monday night it was three below; here it was three above. Yesterday's high here was 35 above.

Fair tonight and Thursday and a bit muggy, according to Boise. Fine climate, we'll say.

HOTEL STOCKHOLDERS ORDER IMPROVEMENTS

Stockholders in the Hotel Rogerson, at a meeting held last night, decided on improvements of some importance to the hotel building. Those improvements include a facing of terra cotta, together with some changes to the interior of the structure. J. R. Bolwell, E. C. Vincent and A. E. Anderson were chosen new members of the hotel board of directors.

At a similar meeting last night Dr. P. O. Boyd, Andrew Rogerson and T. J. Lloyd were added to the directorate of the Twin Falls National bank.

TO HONOR GRAND MASTER

Masons of Twin Falls and district will gather in Masonic temple tonight to honor their jurisdiction head, Ezekiel Cunningham, of Boise. A special program of entertainment has been arranged for the occasion. This includes a check on the served at 7:30 o'clock, together with orchestral and vocal music. The banquet will be served in the main lodge room.

A CLASSIFIED AD will find a job for any man or woman who is capable and efficient—and who really wants to work.

PUPILS DECIDE ON THE FUTURE

Some High School Seniors Are Ready to Battle World, Others Want More Learning

Out of some 70 members of this year's graduating class, 37 have expressed favor for vacations which they will probably follow after their graduation has been completed. Statistics gathered from a recent canvass of the senior class show. Over half the members have not signified their choice of the various professions and occupations. The 37 students expressed themselves as follows:

Farmers, 8; electrical engineers, 2; structural engineers, 1; stenographers, 6; teachers, 5; home economics, 3; dramatic work, 3; art, 4; lawyer, 1; journalist, 1; doctor, 1; music, 2; and traveling salesman, 1.

Asked if they intended to attend college, 30 members of the class replied affirmatively, but of these less than 10 had decided the particular college they desired to enter. Leland Stanford received three votes, while the remaining votes were split between several institutions throughout the United States. The preference of Idaho was the choice of only one student.

START DRAMATIC CLUB

Several members of the advanced class in public speaking yesterday organized a dramatic club, the purpose of which will be to produce entertainment in the form of public speaking and dramatics for any organization in the city desiring the services of the club. This society will also furnish programs for the weekly school assemblies from time to time. The students comprising the club have had a year of training in public speaking and expression and have staged several interesting sketches.

es before the student body of the school.
Lewis Herriman was elected chairman and Ida Hogg treasurer of the club. Members, in addition to their officers, are Lloyd Garrison, James Wood, Nat Williamson, Jas. Brown, Opal Butler, Baby Butler, Alice Ebeling, Dorothy Kenworthy, Mae Goodrich and Marjorie League. Miss Ida Brown is the coach of the club.

CALIFORNIA LABOR SEEKS SYNDICALISM LAW REPEAL

SAN FRANCISCO, (AP)—Resolutions endorsing the American Legion and naming that the federation had gone on record for repeal of the state criminal syndicalism law were adopted at a meeting of the executive committee of the California state federation of labor here last Sunday, federation officials announced here today.
