## AMERICANS FREE FROM PATH OF RED'S ADVANCE

Women Relief Workers are Ordered Out of Trans-Baikalia as Bolshevik Army Moves East Along Railroad

## OFFICIALS ANTICIPATE DELAYS IN WITHDRAWAL

Express Opinion that it Will Be March 15 Before Last of the Troops and Red Cross Representatives Quit Siberia

VIADIVOSTOK, (P)—American army authorities believe it will be March 15 before the last American soldiers and Red Cross workers are out of Siberia. Orders have been sent that all American women be hurried out of Trans-Baikalia which is in the path of the advancing Bolshevik army that has moved steadily eastward. The Trans-Siberian railroad now seems to be nearing Irkutsk. Rear guard Red Cross units are reported at Chita, a city just north of the Manchurian border where the Amur valley branch of the Trans-Siberian joins the main line, while the 27th United States Infantry is at Verkhne-Udinsk, west of Chita. Soldiers of the 37th are still in possession of the armored train captured near Verkhne-Udinsk on January 10 from Russian troops belonging to one of General Semenov's commands. Two Americans were killed in this fight which was caused by the independent action of a station master who is alleged to have been intoxicated at the time.

Reports state the Bolsheviks have swung southward from Taiga and have reached the Mongolian frontier.

## PLAQUE TAKES HEAVY TOLL OF RUSSIAN PRISONERS

GENEVA, (P)—Nearly 375,000 of the 600,000 Austro-Hungarian prisoners of war taken by Russians have perished in Siberia from lack of food and shelter. The Red Cross headquarters there. The rest were kept alive only by the efficient work of Japanese, American, and English doctors. East of Lake Baikal Chinese physicians are also helping but the work is difficult owing to the Bolshevik invasion.

## NOSKE MASSES TROOPS IN PRECAUTIONARY MOVE

Heavy Patrols of Soldiers to Guard Government Buildings in Berlin

BERLIN, (P)—Heavy patrols of soldiers guarded the government buildings during the past night and stopped all traffic over streets in that neighborhood where barricades were thrown up by the troops before nightfall. Rumors were heard that the evening doctors, who had planned an uprising today, which is the birthday of former Emperor William and that Gustav Noske, minister of defense, had massed troops as a precautionary measure.

While government officials have denied any knowledge of an intended insurrection and say the attack on Minister Erzberger, minister of finance yesterday prompted the mobilization of forces, it is declared the authorities sought to forestall action on the part of the supporters of the imperial regime. It was reported last night that attacks against the independent socialist and radicals were planned as the first step in the insurrection.

## NEWBERRY ON TRIAL ON ELECTION FRAUD CHARGE

One of Most Notable Cases in Legal Annals of Michigan Presaged

GRAND RAPIDS, Mich., (P)—United States Senator Truman H. Newberry and 123 men prominent in Michigan politics went on trial in federal district court here today charged with conspiracy, fraud and corruption in the 1918 senatorial election. The importance of the issue involved, the prominence of most of the defendants and the imposing array of legal talent presaged one of the most notable cases in the legal annals of the state.

Of the 125 men indicted by the federal grand jury last November, nine have entered pleas of *nolo contendere*, the case of one has been continued due to illness, and another, upon whom service has not been obtained, was said to be in South America. Twenty-three pleaded "not guilty" and 101 stood mute when arraigned.

IDAHO WEATHER  
Tonight and Wednesday fair, colder in southeast.

## SOCIALISTS' PROGRAM IS CONNECTED BY EVIDENCE WITH PLOT OF VIOLENCE

Pamphlet Read at Trial of Suspended Assemblymen Charged with Disloyalty Shows Proponents of "Dictatorship of Proletariat" First Step Must Be Seizure of Government by Any Means Possible and Taking Over of Industry by Force

## DECLARES GREAT TASK CREATION OF ARMY TO MAKE SOCIAL REVOLUTION

## COUNCIL FOR ASSEMBLY JUDICIARY COMMITTEE SHOWS DISCREPANCY IN OATHS OF SOCIALISTS

ALBANY, (P)—Council for the assembly judiciary committee investigating charges of disloyalty against the five suspended socialist assemblymen indicated at their trial today the line of its attack.

After reading into the records a clause from the national constitution of the socialist party providing for expulsion from the party of members voting to appropriate funds for military or naval purposes, John B. Stanchfield, committee attorney, referred to the oath of office taken by the five assemblymen and then read from the New York state constitution an article specifying that it shall be the duty of the legislature to provide funds for maintenance of the militia.

ALBANY, N. Y., (P)—Proponents of "the dictatorship of the proletariat" hold that the first step must be seizure of the government by any means possible and the taking over of industry by force, according to a pamphlet read today at the trial before the assembly judiciary committee of the five suspended socialist assemblymen charged with disloyalty.

The pamphlet, published by the Jewish socialist federation of New York, was translated from the Hebrew by Charles M. Robinson, a department of justice operative serving the joint legislative committee investigating radicalism, who was recalled to the stand today.

## Fropones Soviet Regime

Purporting to give views of both proponents and opponents, the pamphlet asserted the former held preparation must be made for "revolution" and "class dictatorship." Upon the seizure of the industries, they would be run by working men's soviets, according to the program.

In discussing the topic "the socialist and the democratic state," the pamphlet asked why should socialists enter legislative bodies, "where do socialists fit into the state?"

## Policy as to Government

"Socialists," it set forth in reply, "seek to enter into the government for two reasons; first, to be nearer the doors of the government councils, and second, to hinder this kind of work in any way possible. The first is the most important as it gives the socialist a chance to see into the strategy of the government, thereby enabling him to carry out his propaganda better. It is true that not always is this aim reached. The bourgeois atmosphere which he breathes gradually infects him and he begins to make compromises."

## Socialism "Red Movement"

The pamphlet defined socialism as "a

red movement, with blood in its veins."

Asserting that "in America we have had only the echo of what happened in Europe," the book added the stage here was still one of "theoretical discussion" and "there is danger the house cleaning will not be as thorough among us as it should be."

"The great task," continued the pamphlet, "is to create an army ready to make social revolution when the moment arrives." The time for class struggle, it added, "is here."

## Wilhelm Expresses His Discouragement

MAYENCE, (P)—German newspapers publish a letter from former Emperor William to a personal friend in which Count Hohenlohe expresses his absolute discouragement and says he does not want ever to return to Germany. He says he believes his return would cause a split between German factions.

## Holland May Receive Mandate for Armenia

PARIS, (P)—In case the United States refuse to accept a mandate for Armenia it may be given Holland, according to a dispatch from The Hague to the Martin quelling rumors in that city.

## World News Events

PARIS, (P)—A conference of Scandinavian cabinet ministers will be held early in February at Christiania, according to advices from that city. The question of Norway, Sweden and Denmark joining the league of nations is to be considered, it is said.

BERLIN, (P)—Consideration of the future constitution of Prussia has been closed by the commission assigned to the task and it has been decided that Prussia will not have a president of her own. The head of the legislative assembly will be ex-officio chief of the state.

PRAGUE, (P)—There have been serious food riots in the Moravian cities of Stanburg, Muhlitz and Hohenstadt and troops have been called. Workmen are demanding immediate requisitioning of supplies by the army and their distribution under a workmen's committee. In the Olmutz district the authorities have conceded this demand.

STOCKHOLM, (P)—An enthusiastic reception accorded the plebiscite commission at Flensburg, Schleswig-Holstein yesterday, was marred by German rabble assaulting persons who displayed Danish flags. Numerous stones were thrown by the Germans and a Dane, Admiral Richelieu, is reported to have been among those struck. Many arrests were made.

## CANNERS PREDICT HIGHER FOOD PRICES FOR 1920

Blame Short Production, Inflated Currency and Extravagance for High Cost of Living.

NEW YORK, (P)—Higher food prices for 1920 were predicted today by delegates to the joint convention of the National Canners Association, the Canning Machinery and Supplies association, and the National Canned Fruits and Dried Fruit Brokers association.

"The canners have honestly and earnestly striven to reduce the cost of production," Frank Gorrell, of Washington, secretary of the canners association declared, but the year 1920 faces them with "probable" price increases over those of 1919.

Lack of production, inflated currency and riotous extravagance of the people were blamed for the high cost of living.

## KENDRICK ASKS LEGISLATION TO CURB MONOPOLY

Tells American National Livestock Association Convention Duty is to Restore Unfettered Market

## CREDITS ORGANIZATION WITH SUCCESSFUL FIGHT

Declares Agreement of Attorney General with Packers is the Product of Work of Market Committee

SPOKANE, Wash., (P)—United States Senator John B. Kendrick, of Washington, president of the American National Livestock association, discussed today at the opening session of the association's annual convention, legislation to curb activities of the big meat packers. He declared he was not speaking along with the interests of the livestock producers in view, but because "it is a question of ultimate good of an entire nation and there is not a hungry child in the United States in America who is not vitally interested in the solution of this problem."

## Credits Association

He declared the agreement of the attorney general with the packers, whereby the latter consented to withdraw from activities not having strictly to do with meat packing was the product of the work of the association's market committee.

"It was your market committee that brought about the investigation of the federal trade commission," Sen. Kendrick declared. "It was the facts secured by the commission that armed the attorney general for his negotiations with the packers. The federal trade commission uncovered facts that induced the packers to accept without control or demand power," he continued. "Our duty now is to write this victory down in the statute books."

## Points Out Next Step

"Our business now is to see to it that no other few individuals shall ever again be permitted to acquire similar control or demand power," he continued. "Our duty now is to write this victory down in the statute books."

## Court Probes MINERS' CASE

Kansas Industrial Tribunal Takes Initial Action in the Protest Strike

PITTSBURG, Kan., (P)—No prosecution will be brought against Kansas coal miners who went to strike yesterday, Richard J. Hopkins, attorney general, announced today after he had questioned several coal miners. Mr. Hopkins said no evidence had been adduced that the strike was the result of conspiracy.

He pointed out that the attorney general do not work "blue Monday" and they simply did not work because they "did not feel like it." He was pointed out that the attorney general do not work "blue Monday" after a big "pay" on Saturday. Mr. Hopkins will hold a conference with mine union officials this afternoon.

PITTSBURG, KAN., (P)—The first applications of the new Kansas industrial court law was made here today. Attorney General Richard J. Hopkins is this morning examining seven witnesses to the strike of four hundred miners of the Western and Wear Coal companies who yesterday struck in protest against the new law. The examination is not complete.

Three of the miners are from the Franklin mine of the Western involved, and three are from the Wear mine at Pittsburg. A seventh miner lives in Pittsburg.

While the seven miners were testifying, their fellow miners were back at work. Both the mines idle yesterday were working today and it was announced by Hopkins' office that there were no idle mines today because of "protest strikes."

## JUGO-SLAVS AGREE TO ADRIATIC SETTLEMENT

Decision to Accept Allied Ultimatum Reached by Small Majority After Long Discussion

BERNE, Switzerland, (P)—A Belgrade dispatch says that the Jugo-Slav government has decided to accept the allied ultimatum with regard to settlement of the Adriatic controversy. The decision to accept the ultimatum was reached by a small majority and after a long discussion, the dispatch said. The Jugo-Slav reply will be sent to Paris within 48 hours.

## FATE OF NEGOTIATIONS ON TREATY COMPROMISE SUSPENDED IN BALANCE

Democratic Leaders in Reply to Republican Ultimatum Do Not Present Definite Refusal to Continue with Parleys but Express Great Surprise at Majority Stand Following Progress Made with Regard to Article Ten

## BI-PARTISAN CONFERENCE TALKS SITUATION, REACHING NO DECISION

HITCHCOCK SERVES NOTICE OF INTENTION TO CARRY FIGHT TO FLOOR IF NEGOTIATIONS FAIL

WASHINGTON, (P)—Notice was served on republican leaders of the senate today by Senator Hitchcock of Nebraska, the administration spokesman, that unless compromise negotiations on the peace treaty were continued would carry the fight to the senate floor by moving to take the treaty up there.

The notice was given in the reply of the informal democratic compromise committee to the refusal of the republicans to compromise on article ten of the league of nations covenant. Out of the discussion which followed came an agreement for the bi-partisan committee to meet again on Thursday. Thus the door to compromise was not entirely closed.

Before he went to the conference Senator Hitchcock was in communication with the White House but it did not develop how far the president might be in accord with the proposed compromise reservation as made public by the senate leader.

Senators of the irreconcilable group indicated today that they would support any move to bring the treaty up for debate, declaring discussion would strengthen their case before the country. The mild reservation republicans also have evidenced a desire to get the treaty into the senate again should the compromise negotiations fail.

## WASHINGTON, (P)—The fate of compromise negotiations on the peace treaty remained in doubt today after the bi-partisan conference had discussed without decision the refusal of the republicans to compromise on article ten. Another meeting will be held Thursday.

Democratic leaders, replying to the republican ultimatum regarding article ten, did not present a definite refusal to go on with the negotiations but expressed great surprise at the majority stand. The compromise "already had been assumed by most of the members of the conference" before the republicans served notice they would not agree to a compromise.

Under the proposed compromise as made public by Senator Hitchcock, of Nebraska, the acting democratic leader, any compromise on article ten would mean that the United States would not employ the economic boycott or its armed force to preserve the territorial integrity of any other country unless congress acted on each specific case.

After the meeting which developed some heated discussion some senators on both sides professed to see hope that a compromise might yet be reached. The general attitude of the conference, however, was not one of optimism.

## Democratic Reply

"The democratic members of this conference have considered the announcement made by Senator Hitchcock regarding article ten and the other reservations. We assume that the other side of this conference had the same purpose."

"The unexpected interruption of the conference and the decision to refuse any provisions of article ten is all the more surprising because it seemed from expressions on both sides of the table that we were close to a possible compromise on this very important reservation by means of the following draft prepared by several senators and already assented to by most of the members of the conference on both sides of the table before the interruption:

"The United States assumes no obligation to employ its military or naval force nor the economic boycott to preserve the territorial integrity or political independence of any other country unless the congress shall have decided to employ the military or naval force of the United States under any article of the treaty for any purpose unless in any particular case the congress, which, under the constitution, is the sole power to declare war or authorize the employment of the military or naval force of the United States shall by act of joint resolution provide. Nothing herein shall be deemed to impair the obligation of article 10 concerning the economic boycott."

WASHINGTON, (P)—The senate investigating committee before which Ludwig C. A. K. Martens, "ambassador" from soviet Russia, has been testifying as to his activities in the United States, adjourned its session Thursday. Adjournment was taken primarily to permit Martens to examine his records with the view of submitting to the committee copies of instructions from the Russian soviet government under which he was operating.

## PROBE COMMITTEE ADMONISHED

WASHINGTON, (P)—The senate investigating committee before which Ludwig C. A. K. Martens, "ambassador" from soviet Russia, has been testifying as to his activities in the United States, adjourned its session Thursday. Adjournment was taken primarily to permit Martens to examine his records with the view of submitting to the committee copies of instructions from the Russian soviet government under which he was operating.

Adjournment was taken primarily to permit Martens to examine his records with the view of submitting to the committee copies of instructions from the Russian soviet government under which he was operating.

## COMPLAINTS AGAINST PROFITEERING ARE FEW AMONG ILLINOIS CONSUMERS

CHICAGO, (P)—The Illinois women's fair price commission, which distributed 25,000 blank "complaint" cards, received only ten replies from women who believed they were victims of profiteers. Mrs. Joseph T. Bowen, head of the commission, announced today. Twenty cards bearing vague information and charges concerning the sale of foodstuffs were returned to the commission's office. One card carried a long complaint about the price of humming birds and another protested against profiteering in skunk.

"There are three reasons I can think of for the poor response to the commission," Mrs. Bowen said. "First, public resentment over high prices may have been overestimated. Second, people who believe their dealer is gouging them would rather pay the excess than run the risk of being called as a witness in a court prosecution. Third, dealers have threatened that informants will be blacklisted and repaid for turning in complaints by having their service and credit cut down."

"It is disappointing to know that the public, seemingly so eager for action against profiteers and high prices, will not take the trouble to fill out and send in the cards which will be the basis for the prosecutions."

## MEREDITH TO BE NEW SECRETARY OF AGRICULTURE

Iowa Man to Take Place in Cabinet when Houston Succeeds Glass in Charge of Treasury Department

WASHINGTON, (P)—Edwin T. Meredith, who is at Miami, Fla., is today being named as the new secretary of agriculture to succeed Secretary Houston who is to become secretary of the treasury in the place of Carter Glass.

Mr. Meredith, who is at Miami, Fla., is today being named as the new secretary of agriculture to succeed Secretary Houston who is to become secretary of the treasury in the place of Carter Glass.

Mr. Meredith was a member of the labor mission sent abroad during the war. He is a son of Secretary Elihu Root. He is 45 years old and his home is in Des Moines. Before starting "Successful Farming," he was the publisher of the Farmers' Tribune. He was a candidate for the United States senate in 1914 and for governor of Iowa in 1916.

President Wilson was expected to send the nominations of both Mr. Houston and Mr. Meredith to the senate today. As soon as Secretary Elihu Root qualifies Mr. Glass will take his seat in the senate to succeed the late Senator Martin of Virginia.

## AIRPLANE RACE RECALLS DAY OF PONY EXPRESS

Trail - Blazing Mail Service  
Flights Development of Six-  
tieth Anniversary of Pioneer  
Postal Service

SAN FRANCISCO, (AP)—Just 60 years ago the pony express which carried letters from St. Louis to San Francisco in eight days was inaugurated. To day plans are being made to establish a "transcontinental airplane mail service" and trailblazing flights have been made as far west as Omaha.

It was a great achievement when the pony express was started to carry the mail to the young but bustling state of California in 1860. The inauguration of the service was commemorated by the publication in a St. Louis paper in March of that year, of the following advertisement:

"To San Francisco in eight days the first carrier of the Pony Express will leave the Missouri river on Tuesday, April 3 and will run regularly weekly thereafter, carrying letter mail only. Telegraph mail eight days, letters ten days to San Francisco. The population of San Francisco and other California towns eagerly welcomed this service, bringing them into touch with the world from which the gold hunters and other fortune seekers had migrated.

Men riding each way, with changed horses every twenty-five miles, brought the pouches of mail across the thousand mile wilderness. The pony express, with its fast riders, among them Buffalo Bill (Col. W. C. F. Cody), then a young man, was one of the most romantic features of the great western country. Many were the adventures these daring riders had. They averaged seventy-five miles a day, but often covered double that distance. "Buffalo Bill" once made a ride of 384 miles when the messenger who was waiting was killed. Often chased by Indians or sniped by outlaws, the pony express riders were exposed to death at all times, and they braved rain and snow storms, as part of an every day duty.

One of the memorable achievements of the pony express was the delivery of Lincoln's inaugural address in 1861, when all the western country was waiting for the momentous news from the capital. The address was carried to St. Joseph, Mo., by the pony express, and then by stagecoach to San Francisco. It was started on its way amid wild cheering. "Fry's horse" waited at every ten miles, and the message was carried by the riders a total of 1,950 miles in 31 minutes. The message was carried by the riders a total of 1,950 miles in 31 minutes. The message was carried by the riders a total of 1,950 miles in 31 minutes.

**DENIES SYMPATHY OF  
TURK FOR BOLSHIEVISM**  
Leader of Turkish National Movement in Asia Minor Says Red Regime Makes No Appeal

CONSTANTINOPLE, (AP)—Bolshievism has no appeal to the Turks, being contrary to their religious training and their patriotic sentiment, says Mustafa Kemal Pasha, political and military leader of the Turkish nationalist movement in Asia Minor. Recently there have been reports that the Bolshieviki have made inroads in Turkish Asia Minor, and that Enver Pasha, minister of war here in 1914, had promoted a Bolshiev uprising in Turkey.

Mustapha Kemal denied his adherence to the nationalist cause were league with Enver Pasha or with Talaat Pasha, former grand vizier, who is reported to have been converted to Bolshievism. Bolshievism might result, however, from a peace which makes the Turks a subject people, he asserted, but he added that such an alliance with the soviet power would be but temporary.

Bloodshed would follow a peace settlement which placed Greece in control of this city, he said, and the giving of Thessaly to Greece would have the same result.

**OLDEST MULE SUCCOMBS**  
BIG TIMBER, Mont. (AP)—That the Kent ranch, near here, claims is the oldest mule in this state, died recently. It was "broken" 40 years ago and it was three years of age at that time. It died about service last year.

Read the ads and go to the stores informed.

## WHEN RHEUMATIC PAINS HIT HARD

Have Sloan's Liniment ready for those sudden rheumatic twinges

DON'T let that rheumatic pain or ache find you without Sloan's Liniment again. Keep it handy in the medicine cabinet for immediate action when needed. If you are out of it now, get another bottle today, so you won't suffer any longer than necessary when a pain or twinge strikes you. Apply it without rubbing—for it penetrates—giving prompt relief of sciatica, lumbago, neuritis, lameness, soreness, sprains, strains, bruises. Be prepared—keep it handy.

All druggists—35c, 70c, \$1.40.

## PLUGS LEAK WITH OWN BODY TO SAVE BOAT

Ernest Brown, a Cornish fisherman, saved a vessel and the lives of others and all because he thought of something a bit different at the right time and had the courage to do it. When the boat had a hole torn in its side in a storm Brown wrapped himself in sails and old cloth and forced his body through the hole to the water and stopped the leak for four hours while the boat made port.

## WOMAN HELD TO ANSWER SYNDICALISM CHARGES

California Court Enters on the Trial of Prominent Club Member and Lecturer

OAKLAND, Cal. (AP)—The case of Miss Anita Whitney, member of women's clubs, lecturer and social worker, who is charged with violation of the California criminal syndicalism act, was set for trial in the superior court here today. The law makes it a felony to advocate violence as a means of accomplishing a political or industrial change. She was the first woman in the state arrested under the law. She was said to be a friend and sympathizer of Miss Theodora Tolk who was convicted early last year in the United States district court at Sacramento, Cal., and fined \$100 for violation of the espionage act.

Authorities here charge that Miss Whitney was an organizer for the Communist Labor Party. She was arrested after an address she delivered before the Oakland Civic Center. Her attorney, J. E. Pemberton, of San Francisco, failed in an attempt through habeas corpus proceedings to have the law declared unconstitutional.

## GIVES GARMENT WORKERS CONDITIONAL WAGE RAISE

Commission Named by New York Governor Awards 15 Per Cent Raise, But Price Must Stand

NEW YORK, (AP)—A wage increase of 15 per cent was awarded yesterday to garment workers by a commission appointed by Governor Smith to adjust labor troubles which have hampered the industry in this city during the last year. The commission makes as a condition of its award that it shall not cause the price of clothing to be increased but shall be met by economy on the part of the manufacturers and increased production by the workers.

## BIG PLANTING INDICATED

HELENA, Mont. (AP)—Reports to various state departments indicate planting on a large scale in Montana this coming spring. Far from being discouraged, even those ranchers in the so-called drought areas will continue operations. Demands for farm loans is brisk and seed is being arranged for.

## TRANSCAUCASIAN TRADE CENTER OF COMPETITION

American, British and Italian Commercial Interests Race for New Field

LONDON, (AP)—A lively competition for Transcaucasian trade appears to have sprung up among the American, British and Italian interests working there. The British consul at Batum in a report published in the board of trade journal states that members of the American relief committee are busily engaged in opening up trade with Armenia. The British still lead in importations, he asserts, but the consul states that "historic little else but flour and clothing for distribution to Armenian refugees and persons of the Armenian nationality in districts have reached this country from the United States, but the attention which is being paid to the Transcaucasian by American interests points to an appreciable increase in American trade in the near future."

The Italian Mission, as part of its campaign, has established a fortnightly service of passenger and cargo steamers between Trieste and Batum. The route takes the boats through the northern Black sea and stops are made at Caucasus ports.

## BRITISH NAVY TO GET "UNSOPRESSED" WEAPON

Invention Announced of Large Caliber Shell Which Will Pierce Heaviest Armor Plate

LONDON, (AP)—The British navy may soon be given a new and "unsoppressed" weapon in a large caliber shell which will pierce the heaviest armor without shattering, said Sir Robert Hadfield, chairman and managing director of Hadfield, Ltd., steel manufacturers, recently. He indicated that possession of such a shell during the great war would have been inestimable value to the British fleet.

"The feat has been accomplished," he said, "within the last few days, of getting the largest caliber of armor-piercing shell broken through the thickest of modern hard-faced armor plates. This result will render the British gun unsurpassed, incomparable, and the master in any naval engagements of the future."

RUB YOUR BACK, STOPS LUMBAGO

Don't Drug Kidneys—Rub the Pain Right Out with Old St. Jacobs Liniment

Back hurt? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Liniment." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limb up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years. Stop drug-giving kidneys! They don't cause backache, because they have no nerves, therefore can not cause pain.—Adv.

ALLOWS CONVICTIONS UNDER ESPIONAGE ACT TO STAND

WASHINGTON, (AP)—Conviction and three-year sentence under the espionage act of Marie Equi because of statements made in a speech by her at an Industrial Workers of the World gathering in Portland, Ore., will stand, the supreme court having refused yesterday to review the case. The court also refused to review the conviction of Edwin Rieck in South Dakota, on charges of violating the espionage act.

## LIVESTOCK MEN IN SESSION TO TALK PROBLEMS

Spokane Makes Elaborate Preparations for Reception of Representatives of Big Industry at Important Convention

SPokane, Wash., (AP)—Making legislative, administrative and public land policies are among the important subjects to be taken up at the American National livestock association convention which opens today.

Thursday forenoon will be devoted to election of officers, selection of next year's meeting place and a general winding up of the convention's business. The convention will adjourn at noon and in afternoon meetings of the new executive committee and the standing committee will be held before the delegates scatter to their homes.

Private dinner and theater parties are expected to occupy the time of the delegates tonight, and tomorrow night the delegates are to be guests of the Spokane Chamber of Commerce and the Spokane Stock Men's club at a smoker and "high jinks". Music and vaudeville numbers are expected to comprise the entertainment and the visitors are to be asked to sample Washington grown apples, cider and other refreshments.

Among the several hundred delegates who have been arriving for several days to attend the convention are a number of women, and they are to be entertained at a number of social affairs during their stay here. A tea and several theater parties are among the events planned.

The delegates were welcomed today by Mayor Charles A. Fleming of this city and Dr. John A. Donovan, a stock man of Butte, Mont., responded. John E. Kendrick, president of the National livestock association, delivered his annual address, and E. C. Conner, banker and livestock man of this city, and Dr. E. O. Holland, president of Washington State college, spoke.

The afternoon program today included a discussion of meat packing legislation by Murdo Mackenzie of Chicago, and addresses by Joseph M. Carey of Cheyenne, Wyo., L. M. Medley of Marysville, N. M., and Frank D. Tomlin of Lincoln, Neb. H. A. Jastro, Bakerfield, Cal., chairman of the market committee, was not in attendance at today's sessions and the report of the committee was submitted by another member.

On tomorrow morning's program are W. C. Barnes of the federal forest service, Dr. E. H. Lindley, president of the University of Idaho, and C. E. Cullen of Arizona, president of the United Stockmen's association for the federal control of public grazing lands.

## WORLD DEBT INCREASES FIVE TIMES IN SIX YEARS

New York Bank Estimate Gives Interesting Statistics on Obligations

NEW YORK, (AP)—The world's debt was estimated by the National City bank today at \$200,000,000,000, compared with \$40,000,000,000 in 1914.

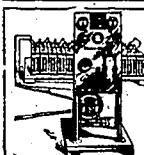

Paper currency throughout the world increased 600 per cent since 1914, while the gold reserve behind it increased only 40 per cent, according to statistics compiled by the bank. The face value of paper currency of the principal countries, which totaled \$7,250,000,000 in 1914, had increased to \$10,000,000,000 at the time of the armistice and to \$20,000,000,000 December 31, 1919, exclusive of \$34,000,000,000 issued by the Russian soviet government.

Germany, Austria-Hungary, Turkey and Bulgaria show an advance in note circulation from \$120,000,000 in 1914 to \$12,300,000,000 at the close of the year, and \$18,770,000,000 in December 1919, the gold reserve falling from \$600,000,000 in 1914 to \$327,000,000 in 1919, the ratio of gold declining from 49.7 per cent in 1914 to 5.5 per cent in November 1918, and 1.7 per cent in December 1919.

In the eight principal countries of the allies, paper notes increased from \$1,166,000,000 in 1914 to \$2,420,000,000 in 1919, while the gold reserve increased from \$519,000,000 to \$1,350,000,000, a ratio of 44.3 in 1914 and 55.9 in 1919.

INTERSTATE BOOZE TRAFFIC IS PROHIBITED IN MEXICO  
JUANES, Mex., (AP)—Exportation of wines and liquors from the state of Chihuahua to the state of Sonora has been ordered stopped by the secretary of the treasury of Mexico, according to advice received here. This action was taken because Sonora is a dry state.

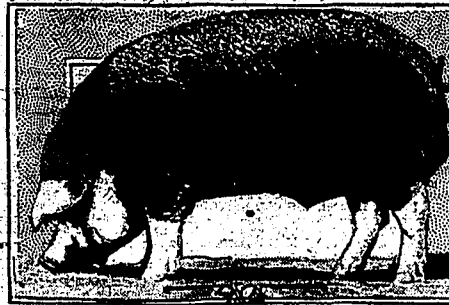

SENATE COMMITTEE FAVORS MILITARY TRAINING FOR BOYS

## OMAHAN SETS RECORD WITH \$30,000 FOR HOG

"Designer," a 900-pound bear has been purchased by D. C. Longmire of Omaha, Neb., for \$30,000—the highest price ever paid for a hog. Mr. Longmire has insured "Designer" for that figure. Reducing it to a housewife's viewpoint—that of purchase for eating, "Designer" would have to bring some fancy price to pay out. For instance, \$10 a pound for ham, \$8.75 per pound for loin, side pork and \$7.50 a pound for shoulder.

## Today's Sporting News

## ARMY MEN ARE EAGER FOR MARTIN TO DEVELOP IN PUGILISTIC MERIT

Meteoric Career of A. E. F. Man Has Stirred His Colleagues in the Great War Who Unanimously are Pulling for Him to Win the Crown in the Heavyweight Division

While pugilistic interest is being centered on the Martin-Kayser fight, which Dempsey and Carpenter are supposed to stage, several thousand former khaki and service men are waiting eagerly for the development of Bob Martin, the allied champion who has been heralded as a championship contender. He is a young man at the game and his critics say that he is not yet ready to step into big class stuff. But he is taking on a few boxers from time to time and working hard to learn the boxing profession.

Many boxing enthusiasts have wondered about this allied hope and have been unable to get any definite line on him. In an article which appeared in a recent number of the Home Sector, Bob Martin is heralded as the real champion hope and a complete history of his career is given. It is in part as follows:

"In the panoramic life of Bob Martin, of Akron, Ohio, and Le Mans, France, stand forth prominently three pictures of ring battles.

"The scene of the first is in an Akron gymnasium about four years ago. The only spectators were a handful of fellow employees in a local rubber company and a couple of attendants from the gym. At the close of the scene—if it could be termed such—Martin left the ring, battered, bleeding and badly beaten, while in the opposite corner stood the winner, a man smaller than himself, but one who knew how to use the gloves. It was Bob Martin's first fight.

Martin Dark Horse  
"From the Akron gymnasium to the Cirque de Paris is a long jump, but long jumps were in fashion for our best young men a few months ago. It was April 26, 1919, a few months after the armistice, and 10,000 weavers of the O. D., including the commander in chief himself, had jammed themselves into the building to see the championship final for the A. E. F. The contestants had narrowed down to men—Ray Kayser, winner of the Second army preliminaries, victor in all the early rounds of the elimination battles, and the pronounced favorite, and Martin, who represented the Le Mans area.

"Martin was an unknown quantity, except to those of his own command, who had watched him plow through all the opposition that could be found around Le Mans. He was the darkest of dark horses, as far as the A. E. F. in general was concerned, for he had drawn byes regularly in the early part of the boxing tournament and had come down to the final without having been seen in the ring.

"Then the big surprise happened. Kayser danced in and danced out again, showing remarkable agility, but every time he got within reach of Martin's long arm and big fist there was a resounding thump as of an efficient pile driver at work. When the bout ended,

Kayser was still on his feet, but there was no doubt as to who was the victor. Bob Martin was champion of the A. E. F.

Australian Goes Under

"The third incident took place on July 4. In Toledo, Ohio, not very far from Martin's own Akron, Jack Dempsey, on the same day was knocking Joe Bonadeo, a New Yorker, out of the world's heavyweight championship. Three thousand and more miles away Bob Martin was lined up against Captain Coughlin of Australia, the best that the allies could produce and the only man who stood between Martin and the championship of the allied armies. Previously Martin had, in the first match, knocked out Jour-

na, representing France, early in the third round.

"The final was even shorter, Jimmy Bonadeo, now Martin's manager, was at that time referee of the bout and had no personal interest in either man. The bell clanged, and after a few preliminary punches, the American's right shot out and landed flush on the Australian's jaw. He was out. Bob Martin was champion of soldierdom.

"The hope of the A. E. F., however, still has some distance to go before he will be able to convince Dempsey that he is a fit contender for heavyweight laurels. Champions, with highly remunerative purses, vaudeville and movie engagements at their fingertips, are not wont to jeopardize their titles with every aspirant who comes along.

"The world is the champ's oyster just so long as he is the champ and no longer. When he falls from his throne he falls as completely as mortal man. The words and opinions of Jack Willard, so potent a year ago, have not now sufficient weight to interrupt too every-evening discussion around the sporting public while he served in France, has agreed to meet Joe Stecher in a grappling bout in New York January 30 under the auspices of the so-called wrestling trust.

This is not surprising in itself. Cal-

dock, to get the big purse, must meet Stecher, or Lewis, or Zbyszko, who compose the present Big Three of wrestling in this country. What interests the main public is whether Caldock will make it a Big Four and become a participant in a merry-go-round series of alternate victories and defeats.

Caldock, up to the time of his going abroad, was held in high esteem as a wrestler on his merits. He felt he could beat all the other fellows, and had no reason to enter agreements for bouts to last a certain length of time or to terminate according to a caucus decision of the managers.

His sound like a reflection on the big wrestling matches. The War does not pretend to determine when a

referee is so decisive that. Referee

Statt Hinkle stopped the match.

"Martin has plenty of time to work himself up to the championship, as he

but recently celebrated his twenty-first birthday. His physique makes his

chances good, for he stands a trifle

over 6 feet and weighs 195 pounds.

"Dempsey, it might be mentioned

here, is about the same height as Ma-

tin, but somewhat lighter. At the time

of his fight with Willard his height

was officially given as 5 feet 11 inches,

but the figure has been in dispute.

Newspaper men who were present at

Toledo have since maintained that

Dempsey stood 6 feet 1 inch, which

would make him a fraction of an inch

taller than Martin. His weight was

then 185 pounds."

## HAS MAT TRUST GOT TENTACLES ON CHAMPION?

Caddock's Match with Stecher Suggests Deal to Make Big Four Syndicate

By Harvey Woodruff

CHICAGO, (Special).—Earl Caddock, whose title as heavyweight champion wrestler was held in reserve for him by the sporting public while he served in France, has agreed to meet Joe Stecher in a grappling bout in New York January 30 under the auspices of the so-called wrestling trust.

This is not surprising in itself. Caldock, to get the big purse, must meet Stecher, or Lewis, or Zbyszko, who compose the present Big Three of wrestling in this country. What interests the main public is whether Caldock will make it a Big Four and become a participant in a merry-go-round series of alternate victories and defeats.

Caldock, up to the time of his going abroad, was held in high esteem as a

wrestler on his merits. He felt he

could beat all the other fellows, and

had no reason to enter agreements for

bouts to last a certain length of time

or to terminate according to a caucus

decision of the managers.

His sound like a reflection on the

big wrestling matches. The War does

not pretend to determine when a

referee is so decisive that. Referee

Statt Hinkle stopped the match.

"Martin has plenty of time to work

himself up to the championship, as he

but recently celebrated his twenty-

first birthday. His physique makes his

chances good, for he stands a trifle

over 6 feet and weighs 195 pounds.

"Dempsey, it might be mentioned

Toledo have since maintained that

Dempsey stood 6 feet 1 inch, which

would make him a fraction of an inch

taller than Martin. His weight was

then 185 pounds."

wrestling match is not on the same as a matter of fact the "rehearsal" full of fancy holds and simulated action look better to the crowd than the real article. If the mat falls over him he does to the opera or to the theater to see a good show he gets his money's worth. Perhaps that's all he ought to ask. If he is thinking of betting on one of these affairs, he should consult an alienist.

Recently asked a prominent referee who has studied the mat game for many years whether he could determine "fake." The authority replied: "It doesn't look that way. I think one of the biggest matches in which I worked was wrestled the night before. I couldn't prove it, and had nothing on which to base a suspicion except that it did it too well. The first fall, a flying mare, was a beauty, and drove the crowd wild."

"The loser of the first fall was winner of the second, succumbing to a punishing foot hold with a look of agony that was perfect except that it was too well done. The same chap took the final

## Boyd Hospital

## LABORATORY

Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculosis glands, bacterial examinations of pus, spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

## MR. LAND SEEKER AND INVESTOR--

Do you know that land on the Twin Falls Tract, the Minidoka and Burley Tracts, the Eden and Hazelton Country, and the Boise Valley, has advanced from 50 to 100 per cent during the past two years?

Do you know that land on the NORTH SIDE TRACT has not advanced anywhere in proportion to these others and that it will undoubtedly do so in the very near future?

Do you know that most of the sales of land on the North Side tract during the past three years have been to the Farmers and Renters on the tract who, know what they are buying?

Do you know that the principal buyers from outside the tract have been Twin Falls Business Men such as J. S. Keel, M. A. Strunk, W. L. Wilkinson, Carl Hahn, John M. Maxwell, J. A. Steele, C. A. Robinson, and others and also many of the Wise Farmers from the Twin Falls Tract. These men are not investing blindly. You can talk to the farmers who have invested before personally when you come over.

YOU WHO HAVE NOT INVESTED here had better get busy and investigate now, before the advance that is sure to come, arrives.

We have a good listing and some very attractive buys and we are entirely AT YOUR SERVICE if you want to look them over, and you had better do so now.

COME ON AND SEE US.

WE WILL SHOW YOU.

We have the GOODS and it is no trouble to show them.

# ELECTS THOMAS INTERNATIONAL LABOR DIRECTOR

## Paris Conference of World Wide Organization Created by the Peace Treaty Selects French Leader for Executive

PARIS, (AP)—Albert Thomas, French labor leader, was unanimously elected director general of the International Labor organization at today's session of the government body. He was nominated at the labor conference at Washington in November.

The organization adopted the six conventions and six recommendations voted by the Washington conference. They were referred to the secretary of the league of nations who will transmit them to the various governments for ratification.

Execution was taken by representatives of the employers of Sweden and Switzerland to the strict application of the eight hour law to small trades and businesses.

WASHINGTON, (AP)—The draft convention adopted by the international labor conference at its first meeting here last November, and its four hour, eight-hour day and 48 hour week, establishment of government, employment agencies and the abolition of private agencies; prohibiting night work for women except in undertakings where only members of the family are employed; prohibiting the admission of children under twelve years of age to industrial work; prohibiting young persons, male or female, from working at night and the indemnification of wage earning mothers at the time of childbirth. The conventions will become effective in the countries ratifying them by July 1, 1921.

The recommendations for proposed legislation provided for unemployment insurance; reciprocity of treatment for foreign workers; prevention of anthrax; protection of women and children against lead poisoning; government health purposes; and the application of the Berne convention of 1908 prohibiting the use of white phosphorus in the manufacture of matches.

## PRESIDENT WILL ASK FOR FOOD RELIEF FUND

### Secretary Glass Tells House Committee of Needs of Eu- ropean Countries

WASHINGTON, (AP)—Congress will be asked by President Wilson to authorize a loan of \$100,000,000 to Austria, Poland and other European countries and Armenia for food relief as requested by Secretary Glass today in a letter to the House today it was said the president had taken a "deep interest" in the proposed loan and that within a few days he would write to the subject to the leaders in congress.

Secretary Glass' was before the republican steering committee of the house today to explain the needs of the European countries and to discuss the general financial situation in this country. Extensive hearings on the loan bill have been held by a house committee and the steering committee has passed upon the authorization after hearing the secretary.

Mr. Glass told the committee the loan was necessary to prevent actual starvation in Austria, Poland and Armenia, and urged prompt action. His discussion of the domestic financial situation was cut short so he might attend the foreign conference. Governor Harding of the federal reserve board took up the discussion where the secretary left it.

## CUMMINGS PICKED AS NEW SURGEON GENERAL

Successor to Dr. Rupert Blue is Understood to Have Been Selected in Person of Virginia

WASHINGTON, (AP)—Dr. Hugh S. Cummings, of Hampton, Va., is understood to have been selected to succeed Dr. Rupert Blue as surgeon general of the public health service. Dr. Blue's term of office expired on January 15 and Dr. Cummings' nomination was expected to be sent to the senate within a day or two.

General Blue has served two terms as surgeon general. He was first appointed during the administration of President Taft and reappointed by President Wilson. During the Taft administration the regulations were changed to make the term of the surgeon general four years instead of serving indefinitely, and it was said today that this was the reason why Dr. Blue was not reappointed.

Dr. Blue will remain in the public health service, probably with the rank of an assistant surgeon general, during the term of Dr. Cummings. His condition is not considered critical and he is expected to return to his home the latter part of the week.

## LAFOLLETTE IN HOSPITAL

MADISON, Wis., (AP)—As a result of an infection due to his teeth, Senator R. M. La Follette is in a hospital at Rochester, Minn. His condition is not considered critical and he is expected to return to his home the latter part of the week.

# 200 DELEGATES - SAYS PROFITS OF MEET AT BURLEY STOCKMEN SMALL

## Irrigation Convention Attracts Large Attendance—Eighty from Twin Falls

BURLEY, (Special).—Nearly 200 delegates from Twin Falls, Cassia, Minidoka, Jerome, Lincoln and Power counties are assembled here today in attendance at a convention convened by the Idaho Reclamation association for the purpose of considering ways and means for obtaining government interest in plans for opening great tracts of waste lands in this region and for meeting certain cases of opposition manifested against such plans.

Delegates from Twin Falls county, numbering about 80 and making the trip in a special train, were met at the station by local business men with automobiles and taken for an hour or more on an excursion through the surrounding country.

Governor D. W. Davis failed to arrive on the train which later brought former Governor Frank B. Gooding, third vice president of the Reclamation association; Mayor E. G. Engstrom of Boise and other notable visitors. This train was met at the station by the Burley hand and delegates were conducted to the National hotel.

The results of the convention were early this morning preparing its recommendations for submission to the convention.

Hotel lobbies were thronged with the crowds of local business men and a spirit of optimistic determination characterized the assemblage.

The convention sessions were opened at 1:30 o'clock with an address by E. Brady, Peacocks, president of the Reclamation association, following invitation offered by the Rev. R. T. Case, Burley, and address of welcome by Mayor W. W. Young of Burley.

The contingent from Twin Falls county included about four from Buhl, 60 from Twin Falls, and 14 from Kimberly.

Montana Man Says Average Return on Investment is Eight Per Cent

SPOKANE, Wash., (AP)—Stockmen have received approximately 8 per cent return on their investment during the past five years. Dr. John A. Donovan of Butte, Mont., estimated in an address he delivered today before the American National Livestock association convention here.

He made this statement in referring to alleged advertisements of the packers that they were "making the stockmen fabulously rich."

Advocating the legislation Senator John B. Kendrick is urging in congress, Dr. Donovan said the packers had the interests of the packers as well as those of the stock raisers at heart. "Patience comes with a virtue," he said, "when the cow producer persists in vainly imagining he should receive one good pair of shoes in return for the cow hide he has donated, when he wonders in vain how the 70-pound bale of hay he sold recently is weighed back to him at a hundred in some stock yards. He does not appreciate the excuse given him in lieu of cash."

These stock men are more dependent upon, and more at heart friendly with the great packing interests today than any other class of men; yet, I confess we do envy the great advertising agencies a few of the millions of dollars they are receiving for enlightening you and me as to how these gentlemen won the war, how they are making the stock men fabulously rich and how they are making the packers who are enforcing upon humanity, incidentally we fall to note in these advertisements, even between the lines, the mention that it is being done at the expense of the stock growers."

## REPEAT REQUEST FOR FEDERAL RAIL CONTROL

### Representatives of Organizations of Farmers and Labor Petition Wilson

WASHINGTON, (AP)—Continuance of government control of the railroads for at least two years was demanded by representatives of farmers' organizations, the American Federation of Labor, and the four big brotherhoods. A large delegation, composed of many of the same persons who called at the White House last December 17, went to the executive office with a letter to the president.

Sentiment in favor of government operation, the letter said, has increased during the six weeks since the first request was made, "until we can scarcely state that this is the predominant desire of the farmers and of organized labor forces of most of the states of the union."

The letter said the roads, the letter declared, would involve an increase in freight rates of 25 to 40 per cent "since an additional revenue of close to a billion dollars will be needed," which would be "paid by the people," an increase in the cost of living, as estimated by your director general of railroads, of at least four billion dollars a year."

## ICE COVERS NEW YORK

### Glazed Rails, Streets and Sidewalks Demoralize Traffic

NEW YORK, (AP)—A film of ice covered the city today, glazing rails, streets and sidewalks, demoralizing traffic on all electric lines and causing confusion and delay. Late for the Railway officials said it was the worst storm of the kind since 1902. Scores of persons were injured by falls on slippery sidewalks. Long processions of pedestrians forced to walk beside the storm had tied up the transportation systems, forenoon the walks now took to the streets.

The service prevailed upon all transportation lines and in many instances was suspended for several hours. Steam railroads reported little difficulty in moving trains, but delays from ice on the high-powered electric lines.

## GOMPERS IS TURNED DOWN BY HIS OWN LOCAL UNION

### Veteran Labor Leader, Defeated in the Election for Delegates, Held Too Conservative

NEW YORK, (AP)—Samuel Gompers, president of the American Federation of Labor, was defeated yesterday in the election for delegates to the Cigar Makers' International union, convention, held by local number 14, the organization to which he has belonged forty years.

Morris Brown, one of the elected delegates and one of the fiercest opponents of Gompers was believed to be the influence of the younger men. "They are progressive," he said, "and believe Mr. Gompers is too conservative." Mr. Gompers is seventy years old today.

## EXCHANGE DROPS LOWER

### Sterling Descends Rapidly at Opening of New York Board of Trade

NEW YORK, (AP)—Sterling exchange reached another low mark at today opening of the market when it dropped to 1.37 1/4, or 1 1/4 below the previous low record.

France and lira also made new low records, the former opening at 12.67 to the dollar, and the latter at 14.75 to the dollar. The previous low record, for francs, made yesterday, was 12.47 and for lira 14.80.

Sterling exchange continued to weaken and before noon was quoted at 1.35 1/4. The reaction also affected exchange rates for northern European countries. German marks were offered at 1.07 cents each.

## CHINA POSTPONES REPLY

### Awaits Arrival of Foreign Minister Before Negotiating with Japan

PEKING, (AP)—China's reply to the proposal of the Japanese government to open negotiations for the return of Kiaochow has been deferred pending the arrival in Peking from Paris of Foreign Minister Lou Tseng-Shan. The minister is due to reach Shanghai tomorrow. Yukichi Ohta, the Japanese minister presented the proposal January 19. It is understood that it suggests a Sino-Japanese commission to discuss the issues involved.

The foreign office reports the receipt of numerous telegrams from the provinces opposing any discussion favoring the submission of the question to the league of nations. This is urged on the ground that the holding of negotiations would signify a tacit recognition of the peace treaty.

## REQUIRES GERMANY TO PROVISION PLEBISCITE

### Treaty Terms Provide for Communes Exchange of Cattle for Coal and Sugar

PLENSBURG, Schleswig, (AP)—The text of the treaty which concerns the provisioning of plebiscite areas, concluded between the international commission and the German government, shows that the Germans must keep the Schleswig territory supplied with coal, sugar and cement, in return, the communes where the plebiscite will be taken are to deliver a certain quantity of cattle every week to Germany.

## NOTICE!

American Legion Members

A meeting of the Twin Falls Post, at which it is desired to have every member present, will be held at the Elks club on Tuesday evening, January 27, at 8 p. m.

A question of unusual interest and importance has arisen suddenly, upon which it is hoped to secure the views of every member of Twin Falls Post.

Don't fail to come.

# Social Notes

Mr. and Mrs. D. D. Alvord entertained at a dancing party last evening at the Elks club. Among the guests were Mr. and Mrs. H. Wilson. The house was charming with decorations of white, lilies and red hearts and red and white carnations. Punch was served in the parlor from a table with a white lily and red hearts and candles, and with red candles tied with white satin bows. Laurie Wall and Mrs. Jack Chaborn furnished the music. A delicious supper was served at midnight. The guest list included Messrs. and Mrs. Charles L. Hart, Z. H. Norph, Harry Benoit, Wendell Allen, Charles A. W. Quimron, of Buhl, Merle G. Bailey, L. Rasmussen, J. Cowan of Blackfoot, Robert Logan, Mrs. Fred T. Dubois of Washington, D. C., Mrs. E. W. Wilson of Blackfoot, Mrs. L. B. "White" of Tacoma, Mrs. Lydia Boyd Keogh, the Misses Julia and Suzanne Taylor, Eva English, Alma Benoit, Harriet Warner, Florence Costello, Freda K. Lewis and Charles Hart, Jr., Marguerite Putnam, Messrs. Clyde Simpson, John Kendall, Albert Benoit, A. J. Myers, Tramey Journey, Charles Hill, L. C. Ulin, Truman Boyd, W. Kaufman, Geraldine Lewis and Charles Hart, Jr. The hosts were assisted by their daughter, Miss May Alvord and Miss Helen Johnson.

Owing to the illness of Mrs. Cliff the Episcopal Guild will meet Thursday afternoon at the home of Mrs. E. B. Williams.

The King's Daughters met last evening at the home of Miss Hilda Holerman. Dainty refreshments were served and a pleasant and profitable evening was spent.

Announcements have been received in Twin Falls of the marriage of Miss Edna M. Edwards and Herbert U. Kintz at Spokane, Wash. The bride is well known to many Twin Falls people having been a teacher in the schools here. Mr. and Mrs. Kintz will make their home at Libby, Mont.

## High School News

About fourteen young men of the high school will contest tonight for six places on the debating team. The speeches of from five to seven minutes long will be delivered by each of the boys, and judges from the high school faculty will consider the merits of each contestant.

The question for discussion is, "Resolved, that boards of arbitration with compulsory powers should be appointed by the government to settle all labor disputes." Affirmative speakers will attempt to show the need of the proposed law by giving the costs of the strikes of the past few years, while negative speakers will try to show that the plan is not advisable in this country. Negative speakers will attempt to show the financial speakers by about nine to five.

Since the question for discussion tonight concerns methods of reconstruction, it is desired that the contestants, once be present to hear the contestants.

## TO TRAIN FOR TRACK

For the first time in several years, Twin Falls high school will train track athletes in addition to those for other athletes engaged in by the school.

Aspirants for track honors will work with the boxing and wrestling club until the arrival of spring.

## PLAY SHOSHONE THURSDAY

Cochman P. N. Nafziger's basketball squad meets the Shoshone high school five here Thursday evening, and a good contest is promised. Another wrestling match will be staged, and the basketball band will be on hand to provide music during the evening. Putzer, guard, will again be out of the game, but the rest of the men will be in condition to play. Friday night Twin Falls meets Buhl at that town.

## FLEEING RADICALS DETAINED

MEXICO CITY, (AP)—Fourteen radical agitators, fleeing from the United States, have been detained at Cuernavaca, General Juan Torro has reported to the war department. Their disposition seems to be a problem.

## Filipino Marriage Customs

When a young maid of the Philippines marries, her husband's name is added to her maiden name. If she becomes a widow the husband's name is discharged.

You can sell that lot or plot of ground at a small advertising cost through the classified.

# Today's Markets

New York Exchange  
NEW YORK, (AP)—Further gains of 2 to 7 points were made by leading industries and specialties in the course of today's dull stock market. Sales approximated 700,000 shares. Shipbuilding was included among the higher quotations recorded in the last hour, the market disregarding the further break in exchange. The closing was strong.

Liberty Bonds  
NEW YORK, (AP)—Prices of Liberty bonds at 3:55 p. m. today were: 3 1/2's \$98.90; first 4's \$91.60; second 4's \$90.70; first 4's \$92.18; second 4's \$91.40; first 4's \$93.40; fourth 4's \$91.14; Victory 3 1/2's \$92.84; Victory 4 3/4's \$92.84.

Grains and Provisions  
CHICAGO, (AP)—Corn prices weakened today in sympathy with declines in the value of rye and wheat. Lack of foreign demand, has counted heavily against rye and wheat, and rye quotations this morning were 20 cents a bushel under recent top figures. In this connection, the fact that foreign exchange had tumbled today to a new low record had a further depressing influence. Opening prices, which varied from the same as yesterday's finish to 5.8c lower, including May at \$1.35 to \$1.36 1/4 and July \$1.32 1/4 to \$1.33 3/8, were followed by moderate additional weakness.

Later the market rallied and helped by a bullish construction which in some quarters was put upon the business and bank here. The close was firm at the same as yesterday's finish to 1-2c higher with May \$1.35 1/2 to 1.35 5/8 and July \$1.32 5/8.

Asst descended with other grain. After opening a shade off to 1-8 up, including May at \$1.35 1/2, the market underwent a general sag.

Provisions were bearishly affected by the collapse of foreign exchange. The market was dull.

Free selling of lard by a leading packer took place later and there was also a drop in hog values.

Cash Quotations  
CHICAGO, (AP)—Corn No. 2 mixed not quoted; No. 3 mixed \$1.49; No. 2 yellow not quoted; No. 3 yellow \$1.50 to 1.52.

Oats, No. 2 white 88 to 88 1/2c; No. 3 white 87 1/4 to 88 3/4c.

Rye No. 2 \$1.60 to 1.66 1/2c.

Barley \$1.36 to 1.40.

Timothy seed \$10.50 to 14.50.

Clover seed \$45 to 58.

Lard nominal.

Lard \$23.00.

Hus \$19.50 to 19.87.

Chicago Livestock  
CHICAGO, (AP)—Hog receipts 57,000; weak, mostly 10 to 15c lower; bulk \$15.50 to 15.75; top \$16; heavy \$15.25 to 15.65; light \$15.50 to 15.85; heavy packing sows, smooth \$14.75 to 15.15; packing sows, rough \$14.25 to 14.75; pigs \$13.75 to 14.75.

Cattle receipts 21,000; weak; beef steers, medium and heavy weight, choice and prime \$15.50 to 17.00; common \$9.50 to 12.00; heifers \$12.00 to 12.75; cows \$9.75 to 12.00; canners and cutters \$8.75 to 7; veal calves \$17.50 to 19.25; feeder steers \$8 to 12.55; stocker steers \$7.50 to 11.

Sheep receipts 12,000; strong; lambs \$19.25 to 21.35; culls and common \$15 to 18.75; ewes, medium, good and choice \$10.00 to 13.25; culls and common \$5.50 to 10.

Omaha Livestock  
OMAHA, (AP)—Hog receipts 2,000; market 1/2c to 1c lower; top \$15.00; bulk \$15.15 to 15.25; heavy weight \$15.10 to 15.30; light weight \$15 to 15.25; heavy packing sows, smooth \$15 to 15.10; packing sows, rough \$14.75 to 15.10; pigs \$12 to 14.50.

Cattle receipts 1,500; market generally steady; beef steers, medium and heavy weight, choice and prime \$15.50 to 17.25; common \$9.50 to 12; heifers \$9.25 to 12.25; cows \$7 to 12.75; canners and cutters \$8.75 to 7; veal calves \$14 to 15.50; feeder steers \$8 to 14;

## SHOE LOGIC

Be sure about the shoes you buy!  
Be sure that the quality, style and value is always there!

Buy the proper shoe for the use it is to be put to and give to shoes the same careful attention as is given to clothing. It will cut your shoe costs for 1920.

It takes from six months to three years to raise leather, then six months before it gets on your feet. Consider, therefore, the material value in ratio to the durability of any other wearing apparel.

# CITY DECIDES ON PARK VOTE

**Aldermen Arrange to Put Matter of Buying Land Up to People—\$25,000**

With Twin Falls already bonded to within \$69,000 of its legal limit the city council has today voted to decide between two important issues, further bonding for the purchase of land and its improvement as a park and playground site, and bonding for the building of a public library. The vote was in favor of park bonds.

Figures presented by committee members on both projects showed that only one of the two propositions could be carried out this year. These statistics gave \$25,000 as the amount required for the purchase of the park ground and to make the needed improvements. The committee in charge of this matter, W. E. Nixon, of the library board, asked for the inclusion of the sum of \$50,000 to be voted at the time of the election for park bonds. To vote both propositions meant overstepping the limit \$69,000 or more. The vote for the limit \$69,000 or more. The vote for the limit \$69,000 or more.

During a discussion the council again passed the fact was developed that although the committee looking after the matter has pretty definitely decided upon the Skinner 35 acres, no action will be taken toward buying the land up to this proposition at present. It is the purpose to let the matter hold open in anticipation of further offers of sites that may prove more valuable and which will suit the purposes contemplated as the Skinner property. The latter can be purchased for something like \$18,000. The council's vote will expend not to exceed \$20,000 for land, the remainder to be absorbed in improvements. The University of Idaho has promised to furnish all the trees suitable to the needs of the park free of charge. No date has been decided upon for the park site bond election.

**Brookbridge Presides**

Outside of consideration of the foregoing proposals the council session was a busy one, although much business was transacted. Mayor W. H. Eldridge was not present, owing to illness in his family, and with C. B. Channell also absent the aldermen elected a temporary head, Channell being president. In his stead, L. B. Brookbridge was selected chairman pro tem.

The question of early action toward causing the Elgin avenue lateral was urged again by City Engineer E. V. Berg, who explained that the canal company's advice of the probability of running irrigation through an early waterway early in March. Mr. Berg was ordered to procure figures on corrugated iron pipe for the ditch. These figures are to be presented at the coming meeting of the council and it is unanimously probable that a contract will be awarded for pipe material based upon these quotations.

**To Get Modern Firemen**

Prizes were also called for on motor suitcases and other articles, promising to make purchase of at least one of these contrivances to the elimination of the obsolete horse-drawn street sprinklers.

W. G. Reed, building contractor, appealed for permission to store structural steel on the sidewalk in front of lots between the Model shoe store and the power company's building during the course of construction of the new Koto restaurant and office building which will occupy two of the vacant lots in that area. Permission was granted to use five feet of the sidewalk and five feet of the street. During the progress of building no parking of automobiles will be allowed in an area of the street centers corresponding in location to the property involved in construction operations.

The aldermanic board accepted the plat of the Keel 10-acre addition to the city. Water stock covering this addition had been sold to the secretary of the Canal company assignment to the city of Twin Falls.

**Amended Plat Accepted**

County Engineer J. E. Rybee presented an amended plat of the Olden addition, which was accepted. A plat of this addition was presented by the county last week but was rejected by the board of city legislators for the reason that it did not contemplate the certain alleyways required by the city. These alleys have now been provided for.

A plan for equipping the city hall with a heating plant has been presented but no action was taken by the board. The cost of the plant, if ordered, will be approximately \$525. Installation will involve excavating under the new part of the building for basement.

**Want Street Extended**

Signaled by 12 residents on Adams street a petition was presented asking the city to open the street through a 5-acre addition to the north. Petitioners were requested to confer with the owner of the addition with relation to procuring a deed to the right-of-way. If this is procured the city will grade the street and construct a bridge over an irrigation lateral.

Residents along Buchanan street and Heyburn avenue will pay for the cost of construction the city will carry water mains to the intersection of these thoroughfares. This decision was reached where petitioners urged installation of city water service was presented last night.

William Slifer, of the Gem State Sanitizing works, was accorded the right to install certain service tanks and pumps in front of his business place on Second avenue west.

# WORKER OF SALVATION ARMY COMES TONIGHT

**Col. Scott Will Be Principal Speaker at Organization Session in Elks Rooms**

Tonight in the Elks' club rooms a Salvation Army organization meeting will be held with Colonel Scott, of the northwest district, attending as principal speaker. The plans are to put a strong corps of Salvation workers in this city immediately.

That this meeting will be well attended is amply indicated in the interest manifested in the proposed Salvation Army movement here. Colonel Scott has been directing organization operations all over the northwest for some time and is rated one of the most eloquent and stirring, as well as convincing speakers in the Booth world institution.

In charge of local operations here Major Beaumont, another Salvation Army worker, has been here the past week. Major Beaumont has been the forerunner or pathfinder for Colonel Scott and has prepared the way for the coming of the latter. It is expected the hall will be crowded tonight as the meeting is of a public character and open to any person desiring to participate.

The following persons have been named on the advisory board: H. R. Grant, R. H. Stevenson, L. M. Day, R. A. Reed, Thomas M. Robertson, J. S. Muesel, Ray Cummings, C. N. Smith, J. A. Kiefer, Dr. H. W. Sawyer, L. T. Wright, W. G. Thompson, W. H. Ormsby and W. O. Taylor. Tonight's meeting opens at 8 o'clock.

# Local Brevities

**On Pleasure Trip**—Mrs. Elsie Rambo has gone to Denver and Kansas City for a short pleasure trip.

**Home from the Coast**—Mrs. George Leopold has returned from Los Angeles, Cal. She was accompanied by Mrs. Albert Leopold.

**Succeeds George Simons**—Miss Ruth Harver has been chosen leader of Young People's Club at the Christian church succeeding George Simons, resigned.

**Taxes Collected**—During the month of December the county collected a total of \$802,140.96 in real and personal property taxes. The total taxes on the books is \$1,400,011.

**Masons Hold Social Session**—Last night members of the Masonic fraternity met at the Elks' club rooms for a social meeting in the Temple lodge room. The assembly was addressed by the Rev. A. G. Bennett of the First Methodist church.

**Visit is Concluded**—Mrs. Beulah Entz, who has been a guest at the home of the Elks' club, for several months will leave for Berkeley, Cal., tomorrow accompanied by Mrs. Meeteer who will visit in California for several weeks.

**Married**—In the study of the First Christian church last night the Rev. W. C. Reed, pastor, united in wedlock a couple, Simon A. Walton of Hansen, and Florence I. Larsen of Rock Creek; Albert Canada Evans and Mary Ruth Constable, both of Twin Falls.

**Sentence Deferred**—Four young men, prisoners of the county, who were to have been sentenced to the district court yesterday for burglary, were ordered held until Saturday when sentence will be pronounced. Postponement was necessary on account of the illness of the prosecuting attorney.

**Farm Bureau to Meet**—Announcement is made of an annual meeting of the State Farm Bureau in Boise on February 9 and 10. Officers for this year will be elected and the matter of affiliation with the American Federation of Farm Bureaus will be considered.

**Movie Company Coming**—The K. K. Productions company, a moving picture concern of Oregon, will put a company in Twin Falls to make at least one picture. J. C. Robinson, president of the company, is here to make plans for the production. The company is now working on "1000 Rewards," a comedy. R. H. Ryan is one of the concern's stars, with Anita Oakes of Denver and Leona Ravore of Ogden.

# Citizens Must Be Sharp Shod To Perambulate

It's neither good skating nor good skiing, and mightily poor walking in this vicinage these days. Feet in fells might better stay at home and snore and tear on their dispositions.

Even gulligans don't save the day, for these articles of wear don't prevent slipping on sidewalks and over crossings any more than the law prevents boot-logging.

In one particular the Grand Visier of the weather works' violation of yesterday was correct—it was cooler last night. He said it would be and the mercury slipped four marks. But it neither rained nor snowed last night, which leaves something to be quibbled about.

Tonight and Wednesday fair and colder in the southeast portion, is the prophesy issued this morning.

Yesterday's high was 31 degrees Fahrenheit; with 30 last night for low, there being a trace of frost apparent to early risers.

# JOHNSTON FROM NEVADA, CLAIM

**Sheriff Sprague Identifies Man Dead in Salt Lake as Resident of Jarbridge**

That R. E. Johnston, found dead in the New Grand hotel at Salt Lake Sunday, is a former resident of Jarbridge, Nevada, is the statement of Sheriff A. N. Sprague. Mr. Sprague declares the man was quite well known in Twin Falls but never a resident of this place.

Johnston, according to the Twin Falls county sheriff, was a resident of the Nevada mining camp a number of years and was known as an all-around sport, gambler and frequenter of dance halls and gambling places. At one time he came into possession of one of the big dance halls of Jarbridge but was not popular with the place. Trouble between him and the place, he caused from this is said to have caused him to leave the camp a short time ago. He spent some time in Twin Falls but departed without leaving an address.

While he was in the place, he was known as a gambler and frequenter of dance halls and gambling places. At one time he came into possession of one of the big dance halls of Jarbridge but was not popular with the place. Trouble between him and the place, he caused from this is said to have caused him to leave the camp a short time ago. He spent some time in Twin Falls but departed without leaving an address.

Johnston, reports reaching here yesterday said he was murdered with robbery the motive. He failed to answer calls Sunday night, this circumstance leading to an investigation of his room, the dead body being found Sunday morning.

As far as local authorities are aware Johnston had no legal wife, although Salt Lake news reports name a woman, Louisa, as his help-mate.

**EXHIBIT OF NATIVE FURS  
ATTRACTS MUCH ATTENTION**

An exhibit of furs indigenous to the Twin Falls country placed on display in the windows of the Saturday Hardware company, Main avenue north, by the Twin Falls Hide company, is attracting a generous measure of popular attention. The exhibit comprises a variety of pelts comprising the exhibit, including pelts of the muskrat, which, a short time ago, sold for 10 cents each and which are worth now from \$3 to \$4 each. When manufactured these pelts become "Hudson seal." Other furs included in the display are those of the coyote, bay lynx and civet cat.—Adv.

**CASE STILL ON**

The case of C. C. Cline against the Twin Falls Canal company, trial of which was opened in the district court yesterday, was still in progress at noon today. Cline is suing the canal company for \$1,500 damages alleged to have been sustained when a canal burst flooding his land. Turner K. Hackman is appearing for the plaintiff; J. R. Bothwell for the defendant company.

**TO SETTLE TITLE**

In the district court L. J. Bonitt, through attorneys, Hazel and Bennett, started an action against Scott W. Hansen, and unknown owners, seeking to quiet title to lots 12 and 13 in block 153 Twin Falls townsite.

**A LAND BARGAIN**

Leo Peterson of Rogerson is a Twin Falls visitor.

George Patton of Elmer is a Twin Falls visitor.

W. L. Dunn of Oakley is in Twin Falls on business.

J. A. McLean of Eden was a visitor in Twin Falls yesterday.

Dr. and Mrs. Frank Dwight were Twin Falls visitors yesterday.

Charles K. Ostello was a Buhl visitor in Twin Falls yesterday.

Mr. and Mrs. E. A. Milner, of Buhl, spent yesterday in Twin Falls.

B. F. English of Postville is transacting business in Twin Falls.

George B. Thompson of Rogerson was a Twin Falls visitor yesterday.

Mr. and Mrs. A. M. Stangle of Buhl are in Twin Falls for a brief visit.

Elbi Beckstead of Downey is purchasing stock in Twin Falls and vicinity.

Miss Zina Bickell of Murlough, was in Twin Falls for a brief visit yesterday.

Alan P. Senior was over from Richfield to spend Saturday and Sunday at home.

A. E. McKenlo of Denver is spending several days in Twin Falls on business.

Mrs. W. A. Shear and Mrs. Madlin of Elmer, were Twin Falls visitors yesterday.

Judge J. M. Shank of Buhl was among the out of town visitors in Twin Falls yesterday.

Miss O. Eklund of Richfield spent the week-end at the home of Mr. and Mrs. Alan P. Senior.

G. C. Ware was among the Buhl people in Twin Falls yesterday looking after business affairs.

Mrs. W. R. McMillan and Mrs. J. E. Boyd motored in from Rogerson yesterday on a business and pleasure trip.

**Deaths**

Directed by Dan McCook post, G. A. R. of Twin Falls, the funeral of Gilbert McCook, a Civil war veteran, will be conducted at Elmer this afternoon. Burial will be in Elmer cemetery. Death took place at the Gulick home north-east of Elmer Monday morning. Decedent was for five years a member of Dan McCook G. A. R. post.

This morning at the Methodist church funeral services were conducted for Mrs. Bonnie Coghull, who died at a local hospital Sunday. Burial was in Twin Falls cemetery. The Rev. A. G. Bennett, pastor of the Methodist church was in charge of the ceremonies at the church. J. E. De Witt managed the funeral arrangements.

**LICENSED TO WED**

Marriage licenses as follows were issued yesterday afternoon by the county clerk: To Glen Harby, aged 22, Roselisha Emery 20, both of Twin Falls; to Simon A. Walton, aged 23, of Hansen; and Florence J. Larsen, 19, of Rock Creek; to Albert Canada Evans, aged 19, the Mary Ruth Constable, 17, both of Twin Falls. This morning a license was issued to Richard H. Wilson of Olympia, Washington and Agnes J. Hart, of Twin Falls.

# BRIDAL SUITS OPENED FOR PURE-BRED SHORTHORN

MONTGOMERY, Ala., (AP)—Lodged in the bridal suite of a local hotel, Livestock pure bred Shorthorn bull formerly owned by President Wilson, is ready for the auction tomorrow, an event of the annual convention of the Southern Cattle and Horse association. The animal brought 10,000 at a Red Cross auction in Birmingham in 1918.

# PREMIER'S SON VISITOR

NEW YORK, (AP)—Major, Robert Lloyd George, son of the British premier, arrived here today at the Spanish American hotel from Southampton, England. The major, who was accompanied by his wife, said he was on a "business trip" to America.

The ads are the voice of the store—voice worth listening to!

# He had just come from the express office

where his mail-order suit had arrived C. O. D.

Amid bales and bundles he had tried it on and the fit was so different than the pictures in the catalog that even the expressman couldn't suppress a snicker.

Back went the suit and into our store walked a lasting convert to the cause of trade at home.

Fifteen minutes later Twin Falls money had exchanged hands for Twin Falls merchandise, for we had a suit that fit his figure at \$3.50 less than the Chicago disaster.

And if anything goes wrong instead of dropping a postal he can drop in in person and we'll be right here to meet him and make good at close range.

## SELF CONDEMNATION

Some four hundred coal miners in Kansas yesterday quit work as a means, it is reported, of expressing their dissatisfaction with legislation lately enacted by the state legislature designed to set up machinery for bringing about fair and impartial adjustment of industrial grievances.

If it is true that the striking miners are actuated solely and alone by this motive, then they have forfeited every vestige of popular sympathy and, so far as they are capable of doing so, they have brought obliquity upon the labor organization with which they may be associated.

Governor Allen's statement of the case is one that will appeal to right thinking men everywhere. He says:

"I deplore the spirit which brings any union into open defiance of the laws of this state. There is no question involved of the right of any individual miner to cease his employment, but if investigation discloses that this is a concerted movement to defy the law, the state of Kansas will assert its sovereignty.

"On the other hand, if these striking miners desire to quit mining in Kansas because they do not approve of the industrial court law, they have that privilege, but they must not interfere in any way with anybody else who wants to work in these mines. The law is intended to give the miners a just tribunal in which fair and impartial adjustment of their grievances may be had under the guarantee of the state. I feel that every fair-minded citizen of Kansas will regret the refusal of the miners to give this court and the new law decent consideration and a fair trial."

It is pretty generally realized that some sort of industrial court such as is being instituted in Kansas has been needed for a long time. Common sense has indicated the desirability as a preventive of the principle of arbitration which heretofore has been too often resorted to after the blow had fallen.

Legislation notoriously follows far behind the van of public sentiment. In their discreditable attempt to hold back a program of such generally admitted benefits, the Kansas miners put themselves among the camp followers of civilization.

## CAUSE AND EFFECT?

Japan, just now, seems to be in a great hurry to give back to China the German interests in Shantung awarded to Nippon under the terms of the peace treaty. One wonders if the same desire of new "peace" might now be evinced in this regard in Tokio if the United States senate had accepted the treaty which quotes:

## FOR SALE!

If your land has reached its highest value, why not sell and come to Glenns Ferry and buy under the King Hill project where land is sure to increase in value? I have some unimproved tracts for \$50 to \$100 an acre; improved \$100 to \$200. Easy terms. No better land or climate in Idaho. The home of alfalfa and early potatoes.

R. D. GORBY

GLENN'S FERRY, IDAHO

## OUT WITH THE REDS

## FARMERS DODGE FINAL RESULT OF RADICALISM

Two Notable Events in Connection with Chicago Convention to Form National Labor Party Pointed Out

## The Country Gentleman:

There were two notable facts in connection with the recent Chicago convention, called by the radical wing of organized labor for the purpose of forming a national labor party and platform. The first remarkable fact was that any agricultural organization should have accepted the invitation to send representatives to the meeting; the second was the promptness with which the delegates from the Nonpartisan league scented trouble, bolted the convention, grabbed their hats, coats and bags and went home.

What could have induced this organization of farmers to try to do business of a national character with the most radical of the labor leaders is a mystery that will probably never be fully solved, but the cause of the bolt is so clear that he who runs may read.

"Things appeared to go swimmingly until the proposition for the nationalization of land split the convention and the farmer element withdrew with a suddenness that was startling. The happening must have been a revelation to all parties, showing first what radicalism in labor really means, and second, in showing the farmers the ultimate effect of evil associations.

Artemus Ward was greatly aroused by the Civil war; he said that the rebellion should be put down if it took all his life's able-bodied relations to do it. It is so with the radical reformer; he is ready for all sorts of changes in the other fellow's affairs, but he wants to write the program himself when he touches his own interests.

The nationalization of land, of mines and of railroads is a catchy phrase that may mean almost anything to those who own neither land, mines nor railroads, but it is a very concrete and a very unwelcome proposition to the farmer who owns and has cleared up and improved a quarter or a half section of land, making a home and a business out of what was not very many years before only an unplowed wilderness.

To such a man, who is not more than a generation removed from the pioneer and who has a family in which he is interested and which he hopes to see established before he dies, a proposal to nationalize the land on which he has grubbed stumps, dug ditches and otherwise labored hard does not strike him favorably. Indeed, he finds it impossible to grow hilarious over such a proposition even in the stimulating atmosphere of a "national" convention, or when actuated by the most radical and far-reaching surroundings. Especially is the farmer unfavorably impressed when the "reform" is advocated by a group of citizens who do not and never did own land and who for the most part hold the farmer's occupation in contempt.

It all looks to him like confiscation and seems to strike at the very foundations of society. He tries to visualize it all and has little difficulty in knowing exactly what it means. In truth he sees his wife and little ones moving out under the reform system or else himself as tenant on the very land which he has reclaimed and in the very house that has been built by the indus-

try and thrift of himself and his family. No, it does not appeal even to a deluge, and there is little hope that he takes the first train back home to satisfy himself that his family is still in possession and that the horrid thing has not yet really happened.

Such an experience is a great educator to a man who has begun to wobble in his economic mental processes and it will go far to convince him that things may not be so fundamentally wrong as agitators may have made him believe. It is probably worth all that the railroad fare cost and more.

## SUICIDES ON INCREASE SINCE ARMISTICE EVENT

Cause Attributed to Despair Because of Miserable Living Conditions in Wake of War

NEW YORK, (AP)—Since the signing of the armistice there has been a constantly increasing number of suicides everywhere, according to a report issued today by the American Life League. In Germany, Russia, Syria and other foreign countries where the number has been very large, the cause is attributed today by the league to miserable living conditions brought about by the war.

The report tabulates 5,121 cases of suicide in the United States during 1919. Of the professions lawyers led the list with 43, of whom twelve were judges; 36 victims were physicians, 28 teachers and eleven clergymen. The list included twenty presidents of large business concerns and 50 prominent club members, millionaires and wealthy society women. "Unhappy marital relations were responsible for 350 tragedies.

Men outnumbered women 2,937 to 1,637, but of the child suicides 252 were girls and 225 boys. Newspaper editors appeared to be immune.

UNIVERSITY OF MONTANA RECEIVES GOVERNMENT FILM MISSOULA, Mont., (AP)—The state university has ready for exhibition and distribution 100 reels of motion pictures of the war and of other pictures issued by the United States committee on public information, this institution having been selected by the government as the distributing center of the films for Montana.

The bureau of education has arranged for the use of these films by high schools, elementary schools, churches and other voluntary educational organizations, and they may be obtained by request, the only expense being the payment of express charges on them.

Our stores were never more attractive. A visit to any of them is a delightful experience. You see the new things in merchandise—as well as the familiar things—and you get ideas!

## CREDITS UNITED STATES WITH HUGE OIL PRODUCT

Geological Survey Reports: Shows American Output More Than 61 Per Cent of World's Supply

WASHINGTON, (AP)—The United States has produced more than 61 per cent of the world's crude petroleum since the discovery of that product and at latest reports was producing more than 69 per cent of the world's annual supply. Compilation of production statistics issued by the geological survey shows that from 1857 to and including 1918, there were produced throughout the world 7,503,147,138 barrels of crude petroleum, of which the United States supplied 4,608,871,719 barrels. Russia furnished almost 25 per cent. In the latest yearly statistics, those of 1918, the United States produced 355,277,116 barrels, while Mexico furnished more than 13 per cent and Russia almost 8 per cent.

## SENATE SELECTS COUNCIL IN TRADE COMMISSION PROBE

WASHINGTON, (AP)—C. W. Miller, former federal district attorney at Indianapolis, was selected as counsel for the senate committee which is to investigate alleged malfeasance of employees of the federal trade commission. Hearings are expected to begin next week.

If you are a little uncertain about it, read the ads.

## CALUMET

Calumet Baking Powder forms the very foundation of kitchen economy. It is the best way to reduce the high cost of living.

There is nothing you can do—nothing you can use—that will help so much in keeping down food expense.

CALUMET is so perfectly made—so perfect in keeping quality—that bake-day failure is absolutely impossible. Nothing is wasted, spoiled or thrown away. Everything used with CALUMET—flour, sugar, eggs, shortening, flavoring—is converted into the most wholesome bakings.

## Makes Most Palatable and Sweetest of Foods

You save when you buy it—moderate in cost. You save when you use it—has more than the ordinary leavening strength—therefore you use less. You save materials it is used with.

Made in the world's largest, most modern baking powder factory. Contains only such ingredients as have been officially approved by U. S. Food Authorities.

Order today! Conserve! Economize! SAVE—serve the purest, most wholesome of foods.

**All Baking Materials**

Remember when you buy Calumet, you get a full pound, if you want it. • 16—not 12 ounces.

## Auto Owners, Attention!

## IS YOUR CAR INSURED?

Do you realize that you have from \$500 to \$4,000 invested in your auto?

You would not consider it good business to leave your residence unprotected by insurance. Yet you may have as much cash invested in your car as in your home or furniture. Why carry your own risk on your car?

Perhaps the reason you do not carry Auto Insurance is because you have never heard of the attractive Policy offered by the Union Automobile Insurance Company. Did you know that you could insure your car for a three year term at double the annual rate, the same as on your residence?

This Policy will protect you against loss by Fire, Theft, Property Damage and Collision Damage. You can insure for each class separately or can take a combined hazard policy and for good measure, and no additional cost, a liberal reward will be offered in case of theft.

With this policy you have an agreed value on the car in case of loss—no trouble with an insurance adjuster.

Don't put off insuring your car another day. Give us the date you purchased your car and the original cost to you and we will convince you that you cannot afford to be without this reasonably priced insurance—on a combined hazard policy less than half what it will cost in other companies.

An extra attractive policy on Commercial type cars.

DON'T DELAY.

SEE US AT ONCE.

fall, and they still have me guessing. I've got the birds, I can't guess.

# CADDOCK SURE HE WILL BEAT JOESTECHER

Iowa Champ of Mat Game Says His Condition Will Tell in Coming Battle

By Jack Volcek  
NEW YORK, (Special).—Earl Caddock will depend on the "head" of his opponent, Joe Stecher, for a victory over the "world's heavyweight" wrestling champion, Stecher, in a great wrestling and a heavier man than I am," said Caddock today prior to his departure for Great Neck, L. I., to finish training, "but I know I will beat him."

"It is nearly three years since Stecher and I met. I won that match when Stecher refused to come out for the third fall after we each had taken one. He was through—he had had enough."

"I think it was physical condition that counted most in that match and I believe that endurance will be a big factor in the match next Friday."

"I'm not expected an easy match or a quick victory. This match will be for one fall only and I don't expect to take any chances since a wrestler might take it if the match called for the best out of three. I don't suppose he will take any. But when I once get the head scissors clinched on him, I think I will win for me. That is my favorite hold."

Caddock said he never felt better—and he looked the part.

## Brief Bits of Sport

Corporal Johnny (Babo) Asher, bantamweight boxing champion of the A. E. F., won distinction in active service and is to get a D. & M. for it.

"Babe" although wounded in the leg, ran two kilometers through an shelled area for medical assistance and ambulances for injured comrades.

There are some bigger men in the boxing business who might look on this victory as a mere trifle, but to Babo it was a triumph.

A few brief weeks back Boise was all agog with the exploitation of the "pumpkin" of K. O. Connors, who at the time was claimed to be some pumpkins in the wrestling field.

Ramonoff, although a splendid specimen of physical perfection and development, proved a mark for all the men to be tackled. The other night in Green Bay, Wisconsin, this burly chap was "flopped" handily by an unknown wrestler named Zoll.

Some of these baseball players are as temperamental as a Grand Opera diva. For instance Jacques Flourier, a couple of weeks ago, and entire team from the baseball game for ever and ever, amen.

With the bluebirds chirping about this week the player said a special delivery letter to the manager of the Los Angeles club saying he will go south with the club and will take a catcher song to be tried out.

When Rob Martin licked Art Polky a short time back he got \$1,800 for the 100. As you saw in the A. E. F. Bob drew down \$600 per month.

Sam Smiley, greenbrush sage, says, "Our idea of 'nothin' is a shoeless walk in the snow on a 't' slow on a 't' slow."

This Speaker, manager of the Cleveland Indians, has sent Pitcher Fred Cumbe to the minors because Fred had more pop than judgment.

Jimmy Wilde has refused to fight Jack Sharkey on those shores. Jimmy wants to take the Yank nation to London.

Why travel so far to get licked, Jimmy?

## HERE'S TOUGH LUCK

PAIR, (P).—The pugilistic career of Louis De Pontille, featherweight champion of France, ended yesterday when surgeons amputated his left hand to save the fighter's life. He met James Lee, the British champion, in this city on Christmas day and though he knocked out his opponent in the seventeenth round of their fight, he injured his hand and blood poisoning developed.

## WEST BEATS EAST

HOT SPRINGS, Ark., (P).—Harry Brainer, Pacific coast bantamweight, was awarded the referee's decision last night over the Zulu Kid of Brooklyn, N. Y., in a ten round bout.

# FLAMES SWEEP HISTORIC BOAT

American Passenger Steamship, Veteran of Two Wars, Blackened Hull

NEW YORK, (P).—The passenger steamship St. Louis, with a record of having served with distinction through two wars in which the United States was a belligerent, and in the interval carrying passengers across the Atlantic under the American flag, is now a blackened hull, the victim of a fire started by a penters torch.

The big ship was being readjusted at a shipyard for service after her second honorable discharge from the "colors" when the accident took place. Her owner, the American Line, says she can be repaired, but it will mean practically rebuilding her and it is a task of many months.

The St. Louis was christened by Mrs. Grover Cleveland. Her construction and launching was an epoch in American shipbuilding in that she was the first "ocean greyhound" to be built in this country.

She was launched in 1895. Under a contract with the American government she was entrusted with the fast mail of England and Europe.

In 1917, when Captain W. Goodrich, U. S. N., she was equipped with heavy guns as an auxiliary cruiser in the Spanish-American war. Her first adventure of note was when she was ordered to cut the cable between Santiago de Cuba and Kingston, Jamaica. Running up until she was under the direct fire of the guns of Morro Castle, American gunners sent back shot for shot and succeeded in silencing all but the mortar batteries of the fortification, while Americans were fishing out and cutting the cable line.

In June, 1918, she captured the British freighter Twickenham which was taking a cargo of coal into Santiago de Cuba. She was off that port when Admiral Cervera made his dash and she brought him back to Portmouth, N. H., the captured Spanish Admiral and 746 members of the crew of his defeated fleet.

In 1917, when the United States joined the war against Germany, the St. Louis was one of the first American passenger ships to be armed and to defy the German submarines and mines. She had narrow escapes, and once was actually hit by a torpedo but without serious damage. She carried to and from France thousands of American soldiers and she was one of the last ships to be released from war duty to return to pursuits of peace.

## SUGGESTS NEW SOURCE OF NEWS PRINT PAPER SUPPLY

HELENA, Mont., (P).—State Forester C. V. Van Hook thinks newspaper publishers of this section are greatly in need of going vigorously after the oft-broached proposition of making paper of lodge-pole pine. There is little commercial demand for this timber and forests of it, he says, go to waste.

Experts are said to have declared recently that there are good prospects that the lodge pole pine would produce a superior paper. The state forests are largely in lodge pole pine.

Mr. Van Hook, in a recent statement, urged the forest of Montana to combine and go into the question.

## COMMERCIAL SITUATION IN CHILE MUCH IMPROVED

SANTIAGO, Chile, (P).—The commercial situation of Chile was very much improved in the last months of the present year and a general sense of business optimism prevails as shown by the increase of orders for imported goods and the augment of the bulk of exportation. Nitrates, the leading article of Chilean exportation, has been raised in price and all the production of present year is sold.

## JAPANESE DISCOURAGING EMIGRATION TO AMERICA

SYDNEY, Australia, (P).—The Japanese are now discouraging emigration to America and Brazil, according to R. Yamashita, vice president of the Tokyo chamber of commerce. "As a result of a manufacturing nation," he explained, while on a visit to Sydney, "and we do not want our people to emigrate. There will not be much of it in the near future."

## ROCHDALE PLAN IS CONSIDERED

Co-operative Buying and Selling One of Matters Discussed at Farmers' Meeting

Discussions of the Rochdale plan of cooperative buying and selling, the highway district road building program and the operation locally of the federal farm loan act figured prominently at a meeting of the Twin Falls County Farmers' association following a banquet served last night in the parlors of the First Presbyterian church at which about 100 members of the organization were seated. Inexpensive roads prevented a larger attendance, acceptance of legislation by more than 100 cases being reported by Secretary W. F. Mikesell. Dr. John E. White presided at the business session. The meeting adjourned to resume on Saturday afternoon next in the Parish hall.

Recommendation to the directors of the federal farm loan association in Twin Falls county of the appointment of T. George Hilsop to be secretary of the organization was voted by the meeting.

In reply to inquiry, announcement was made that the association committee appointed to inquire into the highway district road building program was still confining its activities and that it reported its belief that the highway directors were accomplishing all that could be reasonably expected at this time.

Discussion of the Rochdale plan brought out its variation from institutions commonly known as co-operative enterprises in that surplus profits remaining after payment of dividends to stockholders and contribution to a reserve fund, are divided among patrons in proportion to the extent of their patronage. It was stated that the Rochdale plan is recommended by state and federal authorities and that assistance from these sources is extended in the case of the launching of enterprises conforming to the principles of this plan.

The history and results of co-operative buying and selling organizations in southern Idaho was dwelt upon at considerable length.

## TWIN FALLS DISTRICT IS VITALLY INTERESTED IN MINIDOKA PROJECT

Completion of Proposed Government Plan Means Addition of 200,000 Acres of Irrigated Land to Country Immediately Contiguous to This City—Federal Contract Accepted by the Canal Company

Completion of the Minidoka Irrigation project, through the storage of waters of the Snake River at American Falls is believed to be one of the most important steps tending toward the development of Twin Falls city and the surrounding country in general.

In a contract proposed for service between the U. S. Reclamation service and existing irrigation projects in the Snake River valley it is recited that the government intends to begin the construction of the American Falls dam for the purpose of providing a storage reservoir to secure water with which to complete the Minidoka project and also furnish sufficient water to take care of the requirements of all existing projects.

This contract has been presented to all the project companies and has already been accepted and signed by some, including the Twin Falls Canal company.

The completion of the Minidoka project will result in reclaiming approximately 200,000 acres of land. The plan is that the water is to be stored at American Falls, and conducted down Snake River to the Minidoka dam where it will be lifted into the main canal for this purpose.

It is understood that the survey for the main canal starts at a point some two miles above the Minidoka dam and runs in a northerly direction to the main line of the Oregon Short Line rail line, the main line and extending northward, one mile east of Minidoka, crosses approximately two miles and then extending in a westerly direction along the main line of the O. & L., a distance of approximately twelve miles taking in about twenty sections north of the main line. The line then works westward extending across Minidoka county to the Jerome and Lincoln counties and takes in all of the good land up to the border of the present Jerome project.

This project includes practically all of the available land on the north side of Snake River between Minidoka and Jerome. Both Rupert and Burley are located in the Minidoka project.

While the larger portion of the proposed project will be immediately tributary to Rupert, Paul and Burley, yet the whole of it is accessible to Twin Falls. With the coming of good roads, and the distance ranging from 30 to 60 miles to any point in the proposed project, it will not be difficult to reach this territory.

It is believed the government is prepared without further delay, to begin active work, although the dam now under consideration will not be sufficient to take care of the Bruneau district. At such a time as private capital or the government determines to water the Bruneau, the dam is to be enlarged. No further legislation by congress, it is understood, is required to complete the Minidoka project. Funds are, or will be available as the work progresses.

Conclusion of this project is vital to Twin Falls, because it means a compact body of irrigated land in Cassia, Jerome and Minidoka counties, in addition to the lands located in Twin Falls county, all within the immediate vicinity of this city.

At the completion of the Bruneau project, the irrigable area in this part of the state will be practically doubled, and Twin Falls will be in the center of all the irrigation projects in this part of the Snake River valley.

Land in the Minidoka project is conceded by soil experts to be of excellent crop-growing character and ranking with the best in the west. The soil is deep and there are few rocks to be found except in isolated places.

### ELECT OLD OFFICERS

At the annual meeting of stockholders of the Idaho State bank held on Saturday evening all the officers and directors were re-elected for service through the ensuing year. The annual statement of the institution showed a marked increase in the business during the past year and in comparison to previous years. The bank expects to occupy its new quarters in the Baugh building about March 1.

### WRIGHT IS ELECTED

L. T. Wright was elected to the board of directors of the Twin Falls Bank and Trust company to take the place of Harley O. Miner, resigned, at the annual meeting of stockholders held on Friday last. The old officers and directors were all re-elected. A gratifying increase in the business of the bank is indicated by the annual statement.

### STOCK HOGS—STOCK CATTLE

## County Property Shows \$3,500,000 Increased Value

Assessment Rolls Give \$26,823,980 Last Year Against \$23,129,488 in 1918

The total sum named on the entire assessment rolls of the county is \$26,823,980, according to statistics compiled by F. C. Lynch, deputy county recorder. This constitutes a sum nearly four millions greater than was shown on the assessment rolls in 1918.

Classified the tax is: Real estate and improvements, \$18,706,300; livestock, \$2,379,055; personal property, \$3,880,540.45; public utilities, \$3,877,941.81; exemptions (soldiers and widows) \$180,470.

The 1918 rolls showed a total assessed

ment of taxable property of \$23,129,488.74, the increase this year being 15.1 per cent, or \$3,694,491.26.

Look to the ads for light on your buying problems.

### MARRIED IN DOUBT

Last evening Judge O. F. Duvall, of the probate court, united in marriage Glen Hardy and Rosalita Emery, both of Twin Falls. The ceremony was performed in the probate court chambers.
