VOL. 2, NO. 248 TWIN FALLS, IDAHO, THURSDAY, JANUARY 29, 1920 PRICE FIVE CENTS

EXTRADITION OF WAR OFFENDERS TROUBLES HUMS

Indication of German Government's Growing Concern Over Situation Given in Note to Allies

CANNOT ASSUME ABILITY TO TURN OVER CULPRITS

Whole Nation Likely to Go on General Strike if Coerced Into Making Point in Direction of Compliance.

BERLIN, (P)—Indication of the government's growing concern over the extradition of Germans accused of war offenses was given in the note sent to the allies Tuesday asking revision of the Versailles treaty. The attempted assassinations of Mathias Erberger, minister of finance, Monday, is viewed as official evidence as a precursor of what is likely to happen on a larger scale if the government, yielding to the allies, appeals to force a meeting with the list submitted by the entente powers. Editorial and partisan comment, however, by the attack on the finance minister, have already reached the white hot stage.

Not Published in Germany

The note to the allies which will not be published in Germany, warns the entente powers that Germany can not assume she is able to compel other nations or local agencies to hand over the men wanted and transfer them to German frontiers. The Associated Press is informed that even responsible officials of the foreign office refuse to execute the work directed by extradition formalities and they threaten to strike or indulge in "passive resistance."

A leading official of the foreign office expressed today that a man could be found in Germany, from an army or navy commander down to a humble village deputy "who would lend himself to the work of executing a warrant for the arrest or detention of fellow countrymen to be dragged before a foreign tribunal."

Propose German Trial

Suggestion is made in the note that the men be tried by the supreme court at Leipzig and the cabinet has indicated its belief that the nation's highest tribunal can guarantee an exhaustive and impartial trial. It is pointed out that the allies are given representation on the bench of the supreme court, which would further tend to guarantee a fair trial.

The economic situation in Germany is precarious at present and this is an unsuitable period to invite trouble, the note indicates, continuing to point out that trouble, if it comes, will not be confined to any single party.

General Strike Looms

"The whole nation is likely to go on a general strike," an official declared today, while discussing the government plight, if it is coerced into even making a feint in the direction of apprehending the men. It is definitely stated that no list of names of men whose extradition will be demanded has as yet been received, and that the government has no hint of when it is coming or who is wanted.

SOVIETS CLAIM SUCCESS ON DON

Bolshevik Cavalry Takes 5,000 Prisoners after Two Days' Battle

LONDON, (P)—Russian soviet cavalry, commanded by General Dumenev, has forced the river in the Manych valley, in the lower Don region, and captured 5,000 prisoners. In a two-day battle, the red forces were continuing to advance, says a Bolshevik communiqué received today.

Further eastward along the same river the fiercest fighting is proceeding against another force, the statement adds.

RESENTMENT IS BITTER OVER KOLCHAK'S SURRENDER

LONDON, (P)—Admiral Kolchak's surrender to Siberian revolutionaries was authorized by Gen. Janin of the Czechoslovak army, who was placed in command of all allied troops west of Irkutsk on January 19 by Kolchak's order, says a Harbin dispatch to the Daily Mail.

A profound sensation was caused throughout the east by the report that Kolchak had given up, says the message, which was filed at Harbin on Monday, and one Russian general has challenged General Janin to a duel, while officers under the command of General Beneshoff have formed a league, the slogan of which is "Have Janin's blood." The Czechs claim the choice by both sides in which they were likely to be completely annihilated.

Feminine Playgoers Ask Smoking Room

CHICAGO, (P)—A Chicago theater today announced it had opened a smoking room for women. The manager said the "women drive him to it." He said he found girls smoking in the washroom, the boulevard and even in the lobby. The women smoke mild cigarettes than the men, the manager said.

Girl Dodges Bullet on Eve of Wedding

EL PASO, Tex. (P)—One hour after Juan Holguin, a rejected suitor, had fired two bullets at Julia Rodriguez here late yesterday and then shot himself, the girl was married to her choice, Pedro Garrojo. Holguin died in a hospital last night.

STATE MARKET OFFICIALS PLAN BIG ORGANIZATION

Co-ordination of Government Food Distributing Activities Purposed

NEW YORK, (P)—A national organization of state officials to co-ordinate government food marketing activities in all states and bring about improvement of distribution conditions, is expected to result from a three-day conference of state market officials which will be held here February 5, 6 and 7, it was announced today by Dr. Eugene H. Porter, state commissioner of food and markets.

More than 30 states have established bureaus to deal with the marketing of farm products and at least two thirds of these will be represented at the conference, Dr. Porter said. The chief topics to be considered will be transportation of perishable foods, consumers and producers cooperative organizations, standardization of containers and products, methods of reducing waste in handling, market reporting, inspection of interstate shipments and legislation needed for control of food distribution.

SYNDICALIST IS SENTENCED

TACOMA, Wash., (P)—William Sundall, convicted last week in the United States district court, convicted to circulate and publish seditious literature was sentenced today to a three-year term in a federal prison. Randall is on trial in the state courts here on a charge of violation of the syndicalist law.

PERSHING AT PASADENA

PASADENA, Cal., (P)—General John J. Pershing was the guest of Pasadena today, and devoted his time almost entirely to public functions, including himself long enough for a personal call on Major General William A. Kobbie, retired, at the latter's home.

IDAHO WEATHER

Tonight and Friday fair.

World News Events

LONDON, (P)—An agreement on all the principal points at issue has been reached between the Italian cabinet and the leaders of the striking railway men, according to a Central News dispatch from Rome under yesterday's date. It is expected that the strikers will return to work immediately.

BERLIN, (P)—A dispatch to the Lokal Anzeiger from Dortmund says that the entire night shift of the Aplerbeck mine is imprisoned in a shaft as a result of the mine becoming flooded. Wives and relatives of the miners, most of them in a hysterical condition, have assembled about the mine entrance.

LEIPSI, (P)—The communist miners union has declared a strike in the Luga and Oelsnitz coal mining regions in Saxony, because a demand for a six hour day and a grand of one thousand marks extra was rejected. Seventy-five per cent of the miners are reported to be striking.

YOUGHAL, County Cork, Ireland, (P)—The police barracks at Ardmore, County Waterford, six miles east of here, were attacked for two hours early this morning. One person was injured. Details of the attack are lacking.

ERZBERGER IN CRITICAL CONDITION FROM WOUND

German Minister of Finance, Shot by Outlet, Suffers from Exhaustion and Requires Great Care

BERLIN, (P)—An examination of the wound of Mathias Erberger, vice premier and minister of finance, who was shot Monday by Oltwig von Hirschfeld, shows the wound little changed, with no inflammation. There is some swelling, however, and the wound is causing him pain. The patient's temperature is normal but his pulse still continues at 120.

In consequence of his outlook yesterday he is suffering from exhaustion and requires great care. While there is no immediate danger, Herr Erzberger may deal only with the most important state affairs.

ARMY AVIATORS IN MEXICO NOT HELD CAPTIVE

Commandant at Fort Brown, Texas, Denies Story of Imprisonment of American Airmen; Gives Plans for Return

ADJUTANT PARLEYS WITH MEXICANS FOR SUPPLIES

Captain Bradford Says Men are Not Prisoners and Return to America Will Be Facilitated After Preliminaries

BROWNSVILLE, Tex., (P)—Lieutenant E. F. Davis and G. E. Grimes, American army aviators who yesterday made a forced landing near Guerrero, Mexico, are not prisoners, Mexican officials probably will fly back to the United States territory today, it was announced at Fort Brown shortly before noon.

Guerrero is about thirty miles south of Zapata, Texas and about 140 miles from the border with Mexico. The Mexican city opposite Brownsville, Captain W. H. Bradford, assistant district adjutant, went to Matamoros today to arrange with the Mexican officials to get gasoline and oil to the aviators. Captain Bradford said the aviators are not prisoners and when "the usual preliminaries" have been disposed of their return to the American side will be facilitated.

MILITARY OFFICIALS ALONG BORDER AWAIT INFORMATION

McALLEN, Tex., (P)—Military officials along the border awaited word early today concerning the release of Lieutenants E. F. Davis and G. E. Grimes, American army aviators stationed here, who yesterday made a forced landing on Mexican soil by their miles south of Zapata today.

Nothing had been heard from the aviators since they were taken prisoner by Mexicans. They were taken prisoner by Mexicans. They were taken prisoner by Mexicans.

GOVERNMENT DEPARTMENTS WITHOUT OFFICIAL ADVICES

WASHINGTON, (P)—Both the war and state departments were without official advice today concerning the fate of the aviators. Lieutenants E. F. Davis and G. E. Grimes, reported in press dispatches last night as having been forced to land in Mexico, where they were held by Mexicans. Inquiries have been sent to army officials on the border and to consuls in the vicinity of the place where the men are held, 30 miles south of Zapata, Texas.

COURT DISARMS LAWYER FOR ALLEGED I. W. W. CHARGED WITH MURDER

Judge John M. Wilson, Presiding at Trial of Radicals Accused of Killing American Legion Men in Centralia Armistice Day Shootings, Orders Counsel for Defense to Leave Revolver with County Clerk Before Entering Court Hereafter

MONTESSANO, Wash., (P)—George F. Vanderveer, counsel for the defense in the trial of eleven alleged I. W. W. charged with murder in connection with the Centralia Armistice Day shootings, was ordered by Judge John M. Wilson today to deposit his revolver in the office of the county clerk before entering court hereafter.

Judge Wilson made the request of attorneys for both the prosecution and defense, but Vanderveer was the only lawyer in the case who admitted carrying a weapon. Bailiffs questioned each defendant and spectator today as to possession of a weapon before allowing them to enter the court room.

Department of Labor to Probe Living Cost

WASHINGTON, (P)—An extensive survey of living costs in the principal cities of the country will be started next week by the department of labor.

HOOVER ADVISE PREVAILS ON FOOD RELIEF PROJECT

Glass Amends Request for Loan Authorization with \$25,000,000 Reduction

WASHINGTON, (P)—Reduction of \$25,000,000 in the \$50,000,000 loan proposed for food relief in Poland, Austria and Armenia was made today by Secretary Glass appearing before the house ways and means committee.

Mr. Glass said the reduction had been decided on in conference with Herbert Hoover, who was quoted as saying that the loan or gift of \$50,000,000 as suggested in committee, would do "more harm than good."

"Fifty million dollars would not relieve the menacing situation and revolution might occur in the affected countries," said the secretary. Assistant Secretary Norman Davis told the committee the reduction was made possible by Great Britain defaulting on the proposed loan.

TENTATIVE JURY IN CASE OF NEWBERRY COMPLETED

GRAND RAPIDS, Mich., (P)—A tentative jury was completed today in the trial of Senator Newberry and others charged with fraud in the 1918 election.

DENIES JAPANESE GRABBING MEXICAN PETROLEUM LANDS

MEXICO CITY, (P)—Reports that Japanese interest in petroleum lands on the Pacific coast of Mexico were denied yesterday by Plutarco Elias Calles, secretary of industry, commerce and labor. Senor Calles declared not a single Japanese had made application to his department for petroleum concessions but added that if such application should be received it would be given the same treatment as all accredited applications from other foreigners.

VOTE "YES" TOMORROW ON SCHOOL BOND ISSUE

Whether educational advantages in Twin Falls will be extended to the whole school population or only to a part of it depends upon the result of the vote tomorrow on the proposed bond issue of \$100,000 to complete and equip the high school addition now under construction and to purchase school sites for future building of elementary schools.

There are enrolled today in Twin Falls schools nearly 3,000 pupils—more than three hundred over a year ago and more than five hundred over two years ago. Every room in the entire system is crowded while many children cannot enter because of congestion. There are 700 pupils enrolled in the high school which was built to accommodate 650, while at the Bickel and Lincoln schools more than 250 children are accommodated in temporary frame buildings.

As soon as the addition to the high school is completed it will be possible to organize from 1,300 to 1,400 students in the enlarged building. This will release twelve rooms in the elementary schools effecting the same results as the building of a new \$75,000 school house.

Not only will the completion of the addition to the high school effect this result, but it will permit of a more modern and diversified program of study and work, making possible the amplification of valuable courses of vocational training and offering these courses to students of the seventh and eighth grades to whom they are now denied.

Polls for voting on the bond issue will be open between the hours of 1 and 5 o'clock tomorrow afternoon. Twin Falls has not yet failed in respect to its duty of affording educational advantages to its younger generation. It must not do so now.

Our schools need your support. Remember to vote.

CITES ATTITUDE OF SOCIALISTS IN WORLD WAR

Debs' Speech Praising Leaders of Russian Bolshevik Regime Figures in Evidence at Albany Trial

PARTY'S ENDORSEMENT OF UTTERANCE ASSERTED

Committee Counsel in Case of Five Suspended Assemblymen Adds to Indictment Against Radical Organization

ALBANY, N. Y., (P)—Bugsy V. Debs' "last speech before his vote was silenced" by a penitentiary sentence of ten years for violating the espionage act was read into the record today at the trial of the five suspended socialist assemblymen being tried by the assembly judiciary committee on charges of disloyalty.

In his speech, made before socialists in Cleveland last March, Debs, denouncing he spoke "as a socialist, a revolutionist and a bolshevik" praised Lenin and Trotsky "as the greatest statesmen in the modern world" and expressed defiance of the laws of this country and the supreme speech was distributed in pamphlet form by "the committee of the socialist party of Greater New York," according to the prosecution.

Socialist Schoolman Called

Algernon Lee, a member of the New York board of aldermen, was the day's first witness. He was questioned by Judge Arthur E. Sutherland regarding the Harwood school of social science. Mr. Lee, who is educational director of the Rand school, which is operated by the American Socialist society, was questioned by Judge Sutherland concerning the society's nature of income.

Mr. Lee then testified that August Claessens, a defendant, was instructor in public speaking and "fundamentals of the nature of income." Claessens, another defendant, was not a lecturer at the school, but that the organization's lecture bureau, a separate body, might have made engagements for him.

Introduces Platform Plank

Committee counsel then introduced the measure adopted at the socialist convention in St. Louis outlining the party's attitude toward war and militarism.

Sabotage Dead Letter

Judge Sutherland asked Lee if a clause forbidding sabotage has been stricken out at the convention. Mr. Lee replied that a clause mentioning sabotage had been stricken out but that the clause was not at Judge Sutherland had worded it. He promised to produce later a copy of the clause.

Mr. Sutherland then explained the clause had been stricken out because the I. W. W. element was no longer present in the party and sabotage was a "dead letter."

TREATY PARLEYS ARE POSTPONED

Absence of Lornot Causes Delay in Resumption of Compromise Negotiations

WASHINGTON, (P)—Negotiations between the democratic and republican leaders of the senate who apparently have approached a deadlock on the peace treaty compromise will not be resumed until tomorrow, the meeting of the bipartisan committee planned for today having been postponed because of the absence of Senator Lornot, of Wisconsin, one of the republican leaders.

There was much discussion of what course friends of the treaty should take if the bipartisan negotiations end without an agreement. Senator Hitchcock of Nebraska, the administration leader, has told the republicans that in such an eventuality, he proposed to take up the treaty in the senate, but he said today he would not do that until all hope of compromise by private negotiation had disappeared.

GOSSARD CORSETS

BUTTERICK PATTERNS

EARLY SPRING SHOWING of NEW FABRICS

NO doubt you are wondering what the new fabrics are like for Spring. If so, we know this showing will be sure to interest you. Fabrics suitable for the making of garments for all occasions of wear are included in this showing. Beautiful silks, pongees, foulards, georgettes, colors and white; new tissues and ginghams in plaids and stripes, and a new line of White Goods for the creation of dainty frocks.

Pretty New Wash Goods

The new season brings a wealth of novelties in beautifully patterned and colored fabrics.

Our selections offer more tempting varieties than they have ever done before.

We have strained every energy in order to offer only reliable fabrics at lowest price. These goods are in every shade and color combination imaginable and in every width, so that no matter what your requirements are they can be well satisfied in this wonderful showing.

Ginghams

We have assembled a great collection of Ginghams in many stunning weaves, colors and patterns. It will be difficult indeed for a purchaser to decide which of them she really likes the best. The really low prices, though, which will be in evidence, will help to reach a decision.

The First Glimpse Into Fashion's Hatbox Reveals the New Mid- Season Millinery Styles

These new Spring Hats show unmistakably the fashion trend for spring. The correctness of the styles is undisputed. The prices, being based on the actual value of the hats, and reasonable.

New Suits and Coats for Spring

That Will Win Your Admiration

Attempting to describe these new Suits and Coats would be as futile as trying to duplicate the assortment that are "The Lilies of Styledom." Never have we seen anything to compare with the richness and the charm of loveliness involved in this array of stunning, exclusive garments that will rapidly attract the eye of fashionable women. Now on display in our Suit Department.

SOARING COSTS CAUSE STRIKES IN ARGENTINA

Police of Buenos Aires Make Preparations for Dealing with Violence in Prospect with General Strike Threat

BUENOS AIRES, (AP)—Argentine has been the scene of numerous strikes in the past few months. General strikes are attributed to the high cost of living, particularly prohibitive rents for working families. One economist declares that wages here are 60 per cent higher than in England while the cost of living is 63 per cent greater.

Several thousand employees in various trades including shipyard workers and harbor workers have been on strike in Buenos Aires. There have been predictions of a general strike in this city and the police have made preparations to deal with violence. It is reported that 25 motor cars fitted for machine guns have been ordered from the United States.

Some of the strikes have been attended by violence. Two workers were murdered.

General strikes have taken place in Mendoza and Cordoba. In Mendoza, a city of 60,000 inhabitants, business was paralyzed for a week by a strike which grew out of the discharge of several school teachers alleged to be anarchists in their tenure of office. It has been charged that the police transported some of the agitators into an arid and uninhabited section of the province, and left them there without food or shelter. This caused a fierce mob in congress resulting in the appointment of a congressional committee to investigate the Mendoza situation. President Yrigoyen has ordered the committee and opponents of the administration for refusal to remove officials alleged to have given ground to the strike.

A general strike in Cordoba, a city of 135,000 was caused by a wage dispute between a tramway company and its employees. There was some shooting and rioting. The garbage collectors went on strike and the refuse littered the streets making the city a fearsome place. The strike ended when the tramway company made concessions.

CONSTABULARY COMPOSED OF WORLD WAR VETERANS

Law Enforcement in West Virginia Safeguarded by Former Service Men

CHARLESTON, W. Va., (AP)—Composed entirely of former service men, the West Virginia constabulary, after a series of battles with criminals, has taken the field to enforce the law. Although recruited to only one half of its maximum strength, the men on duty are fully equipped, and according to their officers, are ready for any emergency.

Under the command of Colonel Jackson Arnold, the men have been organized into provisional companies and assigned to 15 subpatrol stations. These cover all trunk-line railroads in the state, for the purpose of facilitating mobilization should it become necessary to move the entire force to some point in a hurry.

At each sub-station from three to five men will be on duty. All will be mounted on horses except the patrols at Weirburg and Manchester, who will be equipped with the motorcycle.

The service has already attracted natives of 23 of the 55 counties in West Virginia. They are picked men, whose intelligence, courage and endurance have been proved to the satisfaction of Colonel Arnold.

The bill creating the state constabulary became a law six months ago.

NOTICE
To All Owners and Drivers of Motor Vehicles:

You are hereby notified that Auto License for the year 1920 is now due and payable at the office of the county assessor. Kindly make application for same at once. If your car was licensed in this county last year and it is not convenient for you to call at the office, you may mail your check giving the name of car and the 1919 license number.

GEO. W. WILCOX,
County Assessor.

VIOLENCE MARKS CAMPAIGN DEBUT

Opening Gun Fired in Buenos Aires Throws Out a Bomb in Crowd

BUENOS AIRES, (AP)—The political campaign for the election of new members of the Argentine chamber of deputies next March has begun with acts of violence.

The "opening gun" of the campaign, advertised to be fired by the demagogic progresista party at a mass meeting held at the San Martin theater, turned out to be a real bomb explosion in the midst of the meeting by political opponents of the party. No one was seriously injured, although there was a panic.

Later, when those who attended the meeting were marching down a street, they were attacked from a café by a group of political opponents who threw flower pots, plates, glasses, chairs and tables at them, provoking some retaliation in kind.

On the following night the same theater was packed by members of the radical party, the one now in power. Street manifestations followed and some of the marchers attacked the office of a newspaper opposed to the administration.

**FARMERS WARNED TO
FIGHT NOXIOUS WEEDS**

State Seed Commissioner Issues Sweeping Statement Concerning Pest Menace

BOISE, (Special).—That Idaho farmers must exercise precaution when buying cloverseed this spring is clearly shown from tests being carried on in the state seed laboratory, says a statement from the office of the state seed commissioner.

"Some 50 per cent of the samples already analyzed have been condemned because of the presence of noxious weed seeds," says this statement. "Dodder has been the worst offender and farmers should protect themselves against this pest."

"Clover seed is scarce and is also high priced, so it is important that farmers pay particular attention to the quality of the seed they buy. Farmers should buy on grade from reliable firms and then have their seed analyzed by the state seed analyst. A test costs nothing and it allows the farmer to have an absolute check on the kind of seed he is getting."

"When seed is purchased, inquiry should be made as to where the seed was grown. In every case seed grown in this country or in this particular section is preferable to foreign seed. If purchasing seed from the farmers in the community, obtain a test on the seed and make sure the lot doesn't contain innumerable noxious weed seeds."

"With clover seed at such a premium, unusual care should be taken to get the most out of the seed sown. It will not pay to throw expensive seed on poorly-prepared ground, as was often done when clover was cheap. The seed bed should be clean, firm and well prepared."

"Farmers are usually satisfied with seed of an inferior grade. This is one of the places where a farmer should not economize. The use of poor seed is an expensive way to practice economy. In the long run, seed of a far higher price and naturally of a far better grade should be used. Too often, yields are cut down by the use of poor seed. And not only that, but also an endless fight on noxious weeds may be the result. Every precaution should be taken to purchase seed free from noxious weeds, and the surest means is to buy on grade."

POPE CELEBRATES FIFTH CORONATION ANNIVERSARY

Sistine Chapel of Vatican Scene of Brilliant Pontifical Mass

ROME, (AP)—Pope Benedict XV celebrated the fifth anniversary of his coronation with a brilliant pontifical mass in the Sistine chapel of the Vatican. All the corridors through which the Holy Father was carried were lined with tribes which stood thousands of spectators who could not gain admission to the chapel, most of which was reserved for the members of the pontifical and lay households, the diplomatic accredited to the Vatican, and the members of the Swiss, Palatine and noble guards who participated in the procession.

The pope was carried by sixteen uniformed chairbearers and wore a heavily jeweled triple gold crown and a white robe lightly embroidered with gold. Scores of cardinals, archbishops, bishops and patriarchs preceded and followed him. The red and purple robes of these dignitaries were in striking contrast to the black velvet uniforms and white collars of many members of the lay court who were dressed in Spanish style.

Choirs greeted the pope as he passed through the corridors. He was assisted in the mass by several cardinals, bishops and patriarchs preceded and followed him. The red and purple robes of these dignitaries were in striking contrast to the black velvet uniforms and white collars of many members of the lay court who were dressed in Spanish style.

WAR CAUSE OF RANGE SETBACK

Federal Official Tells Stockmen's Convention Use Must Be Restricted

SPOKANE, Wash., (AP)—Depletion of the range in the national forests of the west, due to demands made upon it by the war, will necessitate marked restrictions upon its future use until the setback it has suffered has been overcome, W. H. Barnes, assistant United States forester in charge of grazing, told delegates to the American National Livestock association's convention here yesterday.

In spite of the drought for three successive years in the southwest, and the drought and the unusually damaging forest fires last season in northwest states, more than one million additional head of cattle and sheep were cared for on the forest ranges as a war emergency, he declared. In addition, the war has called away many experienced rangers and herders, and only about 65 per cent of the former have returned to the service.

Reduction of the number of stock on the range, Mr. Barnes said, will be effected through withdrawal of temporary permits issued during the war. Another measure contemplated to assist in the recovery of the range will be a shortening of the grazing season to improve the breed of their stock by ten or fifteen days of the opening date for grazing in the spring.

To counteract the effect of these measures, Mr. Barnes urged the stockmen to improve the breed of their stock and maintain smaller herds, by which means, he declared, they would increase their revenue.

**SAGE TEA DANDY
TO DARKEN HAIR**

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound."

Do you have millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray haired, unattractive folks aren't wanted any more. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

High School News

At the most spirited debate tryout held for many years thirteen young men Tuesday night competed for winners on this year's debating teams. Six students chosen were Jacob R. Thompson, Walter Kregel, Harold Porterfield, Glenn Schneider, and Glenn Wilkinson. Two of these debaters, Theodore Keniston and Walter Kregel, were members of the debate teams of last year.

Competition was so keen last night that the judges deliberated more than 30 minutes and had a difficult time in picking the winners. Practically all of the contestants did first-class work both in delivery and in the arguments presented. But such a few people not connected with the high school were present, the contestants did excellent debating. Besides the winners, these boys tried for places on the teams: Emerson, Bob, Lambert Day, Harold Decker, Lloyd Garrison, Ned Williamson, James Whyte and James Wood.

Twin Falls' negative team will travel to Pocatello this year. Pocatello will go to Boise and Boise will debate here with the local affirmative team on April 2. In this way, a triangular debate will be held on one night. Principal M. C. Mitchell will coach local teams this year. Judges last evening were Miss Alice Johnson, Miss Edna Brown, Miss Ellen Goebel and G. E. Deanna, all of the faculty.

Miss Olive Hartzell, history instructor, was called to town Tuesday by the critical illness of her sister. During her

STREAMS OF FORESTS SUPPLY MUCH WATER

Large Percentage of Flow for
Western Irrigation Traced
to National Reserve

At least 85 per cent and probably considerably more of the water comprising the 3,200,000 acres of western lands has its origin in the mountains of the national forests. The intimate relation that exists between the national forests and the streamflow for irrigation is, therefore, readily appreciated.

In any mountainous region where the slopes are steep and the precipitation heavy floods are liable to occur. Frequent serious floods and erosion, however, are invariably associated with steep, poorly vegetated or denuded watersheds. The rapid runoff and the abundance of leaves and branches prevents the rain from beating directly upon the soil, firmly binds the surface with a layer of mass of ramifying plant roots, and the lands tends greatly to minimize erosion.

In 1914 two comparable areas, each embracing 10 acres, were located at an elevation of 10,000 feet on the Mount Harrison, Utah, for the purpose of determining the effect of varying intensities of grazing on erosion and streamflow. It is hard to believe that as much as a cubic yard of soil, approximately 50,000 pounds of air dry dirt and rock is sometimes deposited from a 10 acre area from a single storm. Nevertheless, water and sediment from 20,000 to 50,000 pounds have been deposited several times from a single storm between 1914 and 1919.

What is the effect on forage production when the upper few inches of black moose soil is carried off? The experiment showed, among other things, that wheat plants grown in poor or eroded soil produced 5 to 10 pounds of air dry material as compared with 12 pounds on non-eroded or good soil of the same general type. It is also significant that much more water was required to produce the 12 pounds of growth on the poor soil than the 12 pounds of air dry matter on the good soil.

The effect of serious floods and erosion may be summed up as follows: (1) The water holding capacity of the soil is greatly decreased, and hence crop production is much lowered, (2) the plants that are left in place are inferior for grazing, poison plants being common, (3) it is not possible to make good use of water for irrigation when it rushes down in torrents, (4) the cost of maintaining the irrigation canals is very high, and (5) the destruction of personal and public property is often serious.

One of the first steps to prevent serious erosion is to maintain the forest lands to the greatest possible extent. This can best be accomplished by applying the deforestation and reforestation methods of the department of agriculture bulletin No. 675 discusses the findings at the Great Basin experiment station of the effect of erosion on forage production.

IRON NERVED MURDERER INDIFFERENT TO DEATH

Gordon Fawcett Hamby Would
Go to Chair without Benefit
of Clergy

OSHRING, N. Y. (AP)—Gordon Fawcett Hamby, the 29-year-old confessed murderer, bank robber and train bandit will go to the death chair in Sing Sing prison tonight without the aid of clergy, if his wishes are respected by Major Lewis F. Lawes, warden. A request to this effect was transmitted to the warden for Hamby today by a member of the death watch.

The iron-nerved prisoner, whose career of crime took him from coast to coast and ended in Tacoma, Wash., with his arrest for the murder of two bank employees during a \$13,000 robbery of the East Branch of the Columbia bank in December 1918, began his last day on earth with apparent indifference to his fate.

Life seemed as cool as when he sat in the district attorney's office in Brooklyn after his arrest and recounted robbery after robbery, and murder after murder in which he said he had been implicated. He ate heartily, had breakfast, the viands of which he had selected, and smoked innumerable cigarettes.

Hamby confided to Major Lawes last night that he had planned to cheat the death chair by committing suicide in his cell today. He changed his mind, however, he said, because Major Lawes had treated him so squarely and leniently "gave a good feeling."

NEW DENIED RE-HEARING

LOS ANGELES, Cal. (AP)—Harry S. Low, convicted here of murder in the second degree for the shooting of Fred Lewis, was denied a new trial today. He was immediately sentenced to serve not less than ten years, with a maximum of life imprisonment at San Quentin prison.

Learning.

Learning taketh away the wildness and barbarism and fierceness of men's minds, though a little superficial learning doth rather work a contrary effect. It taketh away all levity, temerity, and insolence by the course suggestions of all doubts and difficulties, and acquainting the mind to balance reasons on both sides, and to turn back the first offers and conceits of the kind, and to accept nothing but the examined and tried.—Bacon.

Under the Golden Rule.

When the Golden Rule becomes the law of human life all this (industrial disunion) will be changed. The employer will ask how much he can pay the worker, not how little. The workman will ask how much he can do, not how little.—Benjamin Harrison.

FISH HATCHERY CONSIDERED FOR SOUTHERN IDAHO

Forest Service Officials Start a
Movement for Plant at
Thousand Springs

The U. S. forest service office is actively interested in getting the cooperation of the Rod and Gun clubs, the commercial clubs, rotary clubs and other organizations, in securing the establishment of a government fish hatchery for southern Idaho.

Superintendent John P. Nugent has presented a bill providing for the establishment of a federal fish hatchery, and it has been intimated that the Thousand Springs valley is a very desirable and practical place for such an undertaking.

The state hatchery is not able to supply more than a small per cent of the fish needed to stock the fishing streams of southern Idaho, and a federal hatchery would be of great benefit for this territory and the neighboring states.

The public is fast coming to the realization that recreation areas are an eminent necessity to the well-being of families and worn out business men, places where they can rest and recuperate. The forest service has already worked out quite an extensive plan to provide suitable camping and summer home sites within the national forests.

In this country, there are but a few places suitable for summer homes and recreation camps, and the forest service for some time has been working on the matter for some time.

It is expected to accomplish the construction of a good automobile road from Oakley to the head of Big Cottonwood, and the Bostetter ranger station in the Thousand Springs valley will open up a very desirable recreational area and some of our citizens have already signified their intention of securing building sites, under forest service permits, and erecting summer homes.

Also, there has been some talk of a club house to be erected in the same locality.

Forest officers are also pushing the plan of building a practical road to Lake Cleveland, near the top of Mount Harrison, back and south of Albion, where there is a delightful little lake of some 100 acres in area. The view from the lake is very interesting, one being able to see for many miles in every direction. The elevation is nearly 7,000 feet, and is a very pleasant place to spend a few days resting.

There is some fishing in the lake, and the forest officers are arranging to have the lake restocked and the outlet properly protected.

South of Lake Cleveland, nestled in an interesting break in Mount Independence, is found a group of five smaller lakes, where some summer fishing is available. The forest officers stocked these lakes with trout, some five years ago and already the fishing is quite good. As soon as money is available, it is planned to stock this area doublets will also be found a very desirable recreation site.

At the Sublett reservoir, the fishing has been wonderfully good, in past years some of the finest trout and bass in this body of water by fishermen who delight in landing even a few three, four, or five-pounders, and most depleted the lake. Sixty-five thousand fry were stocked in this stream in 1918 by the cooperation of the local sportsmen and the forest officers, but several times that number are needed.

There are many small trout streams in the surrounding hills that could be made to furnish good fishing and thereby afford some local recreation within the reach of all.

Pacific Coast Line.

The United States, with its islands, has a greater Pacific coast line than any other nation, possibly equal to those of China and Japan combined, says Gas Logie.

Today's Markets

Grains and Provisions

OHIOGAGO, (AP)—Prices in the corn market today lacked support. The main depressing influence was uncertainty regarding financial conditions. Selling, however, appeared to be of only a scattered character. Opening quotations, which ranged from half cent decline to 3-8 advance, with May \$1.34 5-8 to 1.34 7-8 and July \$1.31 3-4 to 1.31 7-8, were followed by a moderate setback all around.

Rallies in sterling exchange led subsequently to upturns in the corn market. Prices closed firm, 1-2 to 1-2 1-2 higher, with May \$1.35 3-4 to 1.35 7-8 and July \$1.32 3-4 to 1.32 7-8.

Oats sagged with corn. After opening unchanged to a shade higher, including May at 82 7-8 to 83, the market underwent a material drop. Liquidating sales of land carried down the entire provision list. There was free unloading by houses with eastern connections.

Despite reports that the French minister of finance would commandeer all refrigerated meats, the provision market showed an upward tendency after corn became firm.

Cash Quotations

OHIOGAGO, (AP)—Corn: No. 2 mixed \$1.50 1-2; No. 2 yellow not quoted; No. 1 yellow \$1.50 to \$1.51.

Oats—No. 2 white 82 1-2 to 82c; No. 3 white 80 to 80 3-4c.

Barley—No. 2 81 1-2 to 81 3-4c; No. 3 80 1-2 to 80 3-4c.

Timothy seed—\$10.50 to 14.50; Clover seed—\$4.5 to 5.00.

Pork—nominal. Lard—\$22.50. Eggs—\$18.75 to 19.50.

Chicago Livestock

OHIOGAGO, (AP)—Hog receipts 47,000; weak; big packers bidding lower; bulk \$15.15 to 15.50; top \$15.50; heavy \$14.00 to 15.45; light \$13.35 to 15.00; heavy packing sows, smooth \$14.25 to 14.60; packing sows, rough \$14 to 14.25; pigs \$13.75 to 14.75.

Cattle receipts 14,000; weak; beef steers, medium and heavy weight, choice and prime \$15.50 to 17.25; common \$9.50 to 11.50; heifers \$9.75 to 13.65; cows \$9.75 to 12.40; canners and cutters \$9.65 to 9.75; veal calves \$18 to 19.50; feeder steers \$8 to 12.25; steer \$7.25 to 10.85.

Sheep receipts 13,000; unsettled; lambs 84 pounds down \$19 to 21.65; culls and common \$10 to 18.75; ewes, medium good and choice \$10.75 to 13.50; culls and common \$7 to 10.50.

Omaha Livestock

OMAHA, (AP)—Hog receipts 16,000; market steady to 25c lower; top \$15.10; bulk \$14.50 to 14.75; heavy weight \$14.00 to 15; light weight \$14.50 to 14.60; heavy packing sows, smooth \$14.25 to 14.60; packing sows rough \$14.25 to 14.50; pigs \$12.50 to 14.25.

Cattle receipts 5,700; killing classes steady to 25c lower; stocker and feeder steers, medium and heavy weight, choice and prime \$15.25 to 16.80; common \$9.50 to 11.50; heifers \$7.25 to 13; cows \$7 to 12.50; canners and cutters \$5.75 to 7; veal calves \$14 to 15.50; feeder steers \$8 to 13.50; steer \$7.50 to 11.50.

Sheep receipts 8,500; market strong to 25c higher; feeders steady; lambs 84 pounds down \$19.50 to 20.75; culls and common \$10 to 19; yearling wethers \$10.50 to 10.90; ewes, medium and choice \$11.75 to 12.75; culls and common \$6 to 10.75.

Potatoes

OHIOGAGO, (AP)—Potatoes stronger; arrivals 21 cars; Northern whites, carlots to 4.65; Western Russets, jobbing \$3.75 to 4.65.

KANSAS CITY Produce
KANSAS CITY, (AP)—Butter unchanged; eggs lower \$16 to 16.25 per case; poultry higher; hens 32c; broilers 35c; roasters 15 to 24c.

FARM RECORD KEEPING

By I. W. Coleman

Never before has the value of an accurate set of farm accounts been more apparent than at the present time. Three reasons may be given for the above statement. The annual income tax returns require an enormous amount of data which cannot be supplied readily without a set of farm accounts.

The cost of production of farm accounts on our high priced land must be kept as low as possible and the only method of ascertaining the total cost of production per year is by a set of accurate records. Before the year's profit can be known any one over head costs must be totaled; man labor, horse labor, depreciation, interest on investment and a thousand and one others which the average farmer does not reckon with.

The third reason for record keeping is simply this—farming is a business just like a bank or department store is a business. If you have ever heard of either being run without a set of books!

The problem of the farmer is to meet the conditions on his own farm in a way which will give him the greatest net return for his labor and the use of his capital. He should receive interest on his capital as well as sufficient wages for his own labor. Owing to a lack of proper records, not one farmer in twenty can tell accurately what wages he is actually receiving himself. There is a reason to believe that a large majority of our farmers are living on the interest of their farm profit rather than on their farm profit. If such is the case it would not seem to be the wisest move to sell the farm, move to town, loan out the money at 8 per cent and live a life of leisure.

A very large number of farm problems have been worked out in the experiences of farmers—far more in fact than have ever been worked out in any other way. There are, however, some problems which are yet to be solved. Most farmers today can readily be convinced of the value of keeping farm records. In talking with them they generally agree that it should be done; that is about as far as most of them go, and why? One reason is that the farmer has had bookkeeping records thrown at him which were applicable only to the city business—methods which the average farmer could not grasp. Even where the system has been modified in the attempt to meet farm needs they have usually maintained features of commercial bookkeeping that rendered them unsuitable to the average farmer's needs.

One does not need a full set of double entry accounts to tell how much profit was made from a ten acre beet field, nor is it needed to find out the cost of labor on a farm. A few simple, rightly interpreted records, generally mean more to the farmer and who is not used to bookkeeping, than does a complete set of accounts carried out in true commercial form.

To help the farmer with this problem the local Farm Bureau has on hand a supply of farm accounts—books, published by the extension division at

Boise. This book is being sold for 25c per copy and is of value to any farmer who will keep his records complete throughout the year, thereby getting a record of receipts and expenses for the twelve month period.

EXCHANGE RATES MAKE ADVANCES

Value of Foreign Money Rises from Low Level in New York Quotations

NEW YORK, (AP)—Quotations on demand bills on the English pound sterling which fell yesterday to the record low figure of \$3.49, opened today at \$3.50.

Demand sterling rose another cent to \$3.53 in later trading. Franc checks were quoted at the rate of 13.02 to the dollar, up 36 centimes, and lire checks were 16 centimes higher at 16.35. Belgian cables advanced 44 centimes over yesterday's closing prices to 13.50.

German marks were quoted at 1.47 cents and Austrian crowns somewhat virtually unchanged at 1.5 cent each.

DEPRECIATION OF FRANCO REACHES LOWEST DEGREE

PARIS, (AP)—Never in the history of France, even after the Franco-Prussian war and in the days of the commune, has the franc reached such a low mark of depreciation. Dollars were quoted yesterday at 13.405 and the pound sterling at 47.905. Financial and commercial circles are greatly depressed over the situation.

"We are sliding down the scale on which the German mark and the Austrian crown occupy the lowest degrees, the Russian ruble being reckoned as zero," says the Echo de Paris.

Starling exchange has advanced four francs and dollars nearly two francs since Saturday. The fall of the franc coincides with the publication of figures showing the foreign trade of France for the first eleven months of 1919. In this period imports were valued at 25,356,978,000 francs, which exports aggregated 6,233,445,000. Thus the commercial balance showed a deficit of over 19,000,000,000 and for the complete year the deficit will exceed 20 billion.

DENOUNCES HOUSE CUT IN APPROPRIATION MEASURE

Senator Reed Takes Exception to Reductions in Rivers and Harbors Bill

WASHINGTON, (AP)—Sharp denunciation of the action of the house in cutting down the rivers and harbor appropriation bill marked the beginning of senate committee hearings today on the measure, which usually is referred to as "pork barrel" legislation.

Describing the bill as "a collection of 'peanut politics,'" Senator Reed, democrat, Missouri, warned that the senate would have to adopt drastic measures to pass the measure.

"This bill results from cheap politics over in the house of representatives," said the senator. "We do the country a thousand dollars worth of damage for every dollar we save by cuts of this kind."

Senator Reed cited wealth increases built out of government funds. Chairman Jones interrupted to say that the money so spent was returned to the government.

The committee decided to call in the engineers and go over the bill, item by item, with the expert advice.

Almost Perfect Time
Our day—the sidereal day—the apparent motion of the stars—is 8 minutes 55.91 seconds shorter than a mean solar day. Considering clock gearing, a French astronomer calculates that with four wheels having 110, 330, 317 and 314 teeth sidereal can be converted into mean time with the loss of only one second in eight years, and that with wheels having 188, 405, 503 and 227 teeth the error can be reduced to only one second in a period of 249 years.

Longest Dance.
William Kemp, aged seventeen, in the reign of Elizabeth danced from London to Norwich in nine days, the longest dance on record.

Deaths

MRS. BONNIE COGHILL

On Sunday, January 25, after three weeks illness, following an operation, Mrs. Bonnie Coghill, wife of L. W. Coghill, living near Curry, passed to this bourn from whence no traveler returns.

Mrs. Coghill, a Good Samaritan to all with whom she came in contact, lived quietly and uneventfully, but leaving a lasting impression for those who knew her through her sweet and kindly ministrations.

Besides the husband there survive her mother, Mrs. Louisa Smith; two daughters, Mrs. Mary Smith, wife of Clay Smith, and Mrs. Virginia Wheelwright, wife of Roy Wheelwright. There is also a stepson, Vernon Coghill, a sister, Mrs. Robert Arnold of Kentucky, who is at present with the bereaved family, and who was at the bedside when death came to Mrs. Coghill.

Siphonius Gates, aged 87, died late last night. He was the De Witt last night sitting completion of arrangements for funeral services. Burial will be in Twin Falls cemetery.

Siphonius Gates was born November 24, 1832 in Stoughton county, New York. He resided in New York state until 1862, moving to Sheldon, Iowa and there resided until December 1917. He came to Twin Falls in January 1918 and resided at 352 Third avenue north where death occurred. Deceased was in New York and Iowa up until 1861, engaged in farming. He then retired from active life, moving to Sheldon, Iowa. Surviving him are his widow, Mary A. Gates, and seven children, Mark Gates of St. Paul, Minn., Mrs. Ella Helmer of Rockton, Cal., J. Odell Gates of Salt Lake City, Utah; Shirley L. Gates, Minneapolis, Minn.; Claudio M. Gates, Ernest H. Gates and M. Catherine Gates, all of Twin Falls. The last three named were at the bedside when death came to the end came.

FARMERS ORGANIZATIONS URGE RETURN OF RAILS

Prepare Memorials to Wilson and Congress Asking for Private Control

WASHINGTON, (AP)—Representatives of five big farmers' organizations met here today to prepare memorials to President Wilson and congress asking for the immediate return of the railroads to private control and the prompt enactment of legislation to meet present conditions.

Protests against representations heretofore made, that the farmers favor government control for at least two years were made by delegates.

The conference was called by W. I. Deussen of Kansas City.

Members of the board of governors of the international farm congress and T. C. Atherton of the National Grange, was elected chairman of the conference.

Organizations represented included besides the international farm congress the National Farmers congress, the National Grange, the American Federation of Farm Bureau and the National Farm Union. Delegates said these organizations had a membership of 4,000,000.

PUBLIC NOTICE OF SCHOOL BOND ELECTION IN INDEPENDENT SCHOOL DISTRICT NO. 1, TWIN FALLS COUNTY, IDAHO.

Public notice is hereby given, according to law and the requisite action of the board of trustees of Independent School District No. 1, Twin Falls County, Idaho, that a special school bond election of said district will be held at the High School building in the city of Twin Falls, in said district on Friday, the 30th day of January, A. D. 1920, between the hours of one o'clock p. m. and five o'clock p. m., at which election there will be submitted to the qualified electors of the State of Idaho who are resident freeholders or house holders of the district the following question for their vote and determination:

Question submitted:
Shall the Board of Trustees of Independent School District No. 1, Twin Falls County, Idaho, be authorized to issue the negotiable coupon bonds of the district in the amount of One Hundred Thousand Dollars (\$100,000.00), bearing interest at the rate of not to exceed six (6) per centum per annum; said bonds to bear date the first day of March, A. D. 1920, to be due and payable twenty (20) years from their date, and redeemable as follows: \$10,000 March 1, 1931, and \$10,000 on March 1st of each year thereafter; for the purpose of providing and improving school houses, and grounds, and furniture, apparatus and fixtures, within and for said district?

Each qualified voter shall vote upon said question by secret ballot whereon shall be written or printed the question above submitted and said ballot shall contain the words "Bonds, Yes," and the words "Bonds, No," and shall indicate his approval or disapproval of the question submitted by placing a cross (X) opposite the group of words on his ballot which expresses his choice. The polls for the reception of the ballots cast upon said question will be on said day and date and at the place aforesaid be opened at the hour of one o'clock p. m. and will remain open until the hour of five o'clock p. m., of the same day, when they shall be closed. Dated this 19th day of January, A. D. 1920.

DAVID F. CLARK,
Chairman Board of School Trustees
GEORGE E. BRYANT,
Attest.
Clerk.

Social Notes

The wedding of Miss Agnes Hart and Richard H. Wilson, of Olympia, Wash., took place yesterday afternoon at one o'clock at the home of the bride's parents, Mr. and Mrs. Charles L. Hart. The Rev. Father Remi B. Keyser performed the ceremony. The bride party stood before an altar of ferns and evergreens and under an arch of orange blossoms, ferns and overgreen sent from California and Washington. Just before the ceremony Mrs. A. W. Ostrom sang "O Holy Night." Then in the strains of "Mendelssohn's" Wedding March, played by Mrs. Ostrom, the little ribbon bearers, Mary Virginia Hart and Rosemary Covan, dressed in pink tulle with plaques of the same, and pink tulle hair bows came down the stairs and formed an aisle with white satin ribbons. Then came the bride-maid, Miss Alma Benoit, followed by the bride on the arm of her father. They were met at the altar by the bridegroom and his best man, Albert Benoit. The bride wore a beautiful gown of white georgette crepe embroidered with crystal beads with a white tulle bonnet and short veil, with trimmings of orange blossoms and carried a bouquet of white roses with a shower of the tiny flowers of the white geranium. She also carried a lace handkerchief brought from France by Mr. Wilson. The bride-maid wore a white broadcloth gown with a shower of the tiny flowers of the white geranium. After the ceremony Lawrence Cowan of Blackfoot sang "Roses of Picardy." A delicious five course luncheon was served at the Hotel Hodgson, the table having pink roses for a centerpiece with the wedding cake and bride's cake on either side; pink candles in cut glass candlesticks were also used. Mr. and Mrs. Wilson left on the evening train for Olympia, Washington where they will make their home. The bride's going away suit was of taupe bronzed with a hat of blue with taupe feathers, with gloves hat and shoes to match. Those present beside the immediate family were Mrs. T. B. Wilson of Tucuman, mother of the groom, Judge and Mrs. J. F. Cowman, Lawrence Keyser, Miss Hart is the eldest daughter of Mr. and Mrs. Charles L. Hart and a member of the Gamma Phi Beta sorority of the University of Washington. Mr. Wilson is a civil engineer and served many months overseas during the war, winning a Lieutenant, and is now engaged in road building for the state of Washington.

The meeting of the M. B. and S. club at the home of Mrs. Charles Flowerdew was greatly enjoyed by those present. But owing to so much sickness among its members only a few could attend. After the business session an over stew was served by the hostess. Those present were Mesdames A. J. Requa, Latham, Forman, C. H. Eldred, Robinson, Roy Bevecom, C. Shuman, Charles Flowerdew, Jr., Charles Flowerdew, Jr., and Miss Elsie Flowerdew.

Mrs. H. B. Johnson entertained the T. S. S. club yesterday. Bridge was played and a dainty two course luncheon served at the close of the afternoon. Mrs. W. H. Karis, Mrs. M. C. Putnam and Mrs. Charles Johnson were guests of the club.

Mrs. E. C. Lavington entertained the Wednesday Bridge club yesterday afternoon. Mrs. L. P. Morse won honors for high score, a dainty handkerchief. Those present were Mesdames Wilbur Hill, L. Clon, W. H. Greenhow, C. H. Burton, L. T. Wright, A. P. Senior, L. P. Morse, R. B. Spafford, E. S. Larned and Miss Cora Greenhow.

The Current Events department of the Twentieth Century club will meet at the home of Mrs. C. A. Ennes, 237

Fifth avenue east, on Friday afternoon, January 30 at 2:30 o'clock.

Mrs. W. Orr Chapman entertained the Rex Arms Bridge club yesterday afternoon. The apartment was decorated. Those present were Mrs. J. H. Wise, game dainty refreshments were served. In yellow obsequies after the game, Mrs. T. S. Marshall, Mrs. M. E. Roby, Mrs. W. F. Passer and Mrs. Robert Passer.

The next meeting of the Twentieth Century Club Legislative Day, will be held Tuesday, February 3. This will be an open meeting at which will be presented a one act play "The Deluge of the Solon Club." Special musical features will be included in the program for the afternoon.

He Knew.

The teacher had spent twenty minutes impressing on her pupils the correct pronunciation of the word "yale." The following morning she wanted to find out if the children remembered, so she turned to one little boy suddenly and demanded: "What do you see on the mantelpiece at home, Jackie?" "Father's feet, miss" came the prompt reply.

The First Needle.
Needles were first made in England by a native of India in 1645. The art was lost at his death, but Christopher Greening recovered it in 1690. Mr. Greening, an ancestor of the earls of Dorchester, settled at Long Grendon, in Bucks, where the manufacture was still extant last century.

HIGH SCHOOL
MEN RECEIVE
FOOTBALL 'T'First Team Players Receive the
High Award; Second Squad
is Also Honored

Presentation of athletic letters to football men of the first and second squads took place at the student body assembly yesterday morning. In presenting the large "T" to first team men, Coach G. E. Bauman spoke of the loyalty of the varsity throughout the entire season, and its efforts to win honors for the school. Regulars receiving letters were Watson, captain, Newman, Stuebke, Denton, Roy, King, Bailey, Carter, Fir, Hassenpflug, Krengle, Kuhns, Epler, Erwin, Philip, Schwarz and Pultz.

E. P. Nafziger, coach of the second football team, spoke of the duty of the scrubs and their aid to the first team during the season, and presented a monogrammed symbol signifying "Twin Falls Bears" to each of the following men: Yochem, captain, Garrison, Decker, Porterfield, Honeatuck, Hertz, Hogg, Fletcher, Philip, King, Robinson, Shelby and Tucker. These men are the first from the second team to receive letters, since this custom has not been followed in past years.

Superintendent of Schools Hal G. Blue talked to the assembly yesterday in behalf of the University of Idaho and the coming school bond issue election to be held Friday. Speaking first of the state educational institution, Mr. Blue declared that it was the only factor which was adding in uniting the northern and southern parts of Idaho, which are separated by natural conditions, and urged that local high school graduates consider entering the University of Idaho.

HOOP CONTEST
IS POSTPONED
TO FRIDAY P. M.Shoshone Team Cannot Meet
Nafziger's Second Bunch
on Date First Set

Caused by Shoshone changing its basketball schedule of this week, the hoop game scheduled between the Shoshone team and the Twin Falls second team for tonight will be played instead tomorrow evening on the local school floor. On the same evening the first bunch goes to Buhl.

The lineup of the Twin Falls seconds is: Decker, P. King and Tessier, forwards; Epler and Thometz, centers; Fir, Stuebke and Shelby, guards. The two quintets will see about evenly matched and a lively game is in prospect. Between the halves, Irwin and Hogg of the boxing and wrestling club will stage a wrestling match. As usual, the school band will be present with all its "jazz."

Though Pultz, varsity guard, will be out of the Buhl game Friday, the big team does not expect to have a hard time defeating its opponents. Hertz, guard, has recovered from his injury and, with Newman, Krengle and Yochem, forwards; Carter and King, centers and the Twin Falls seconds, will meet Buhl Friday. A number of Twin Falls rooters will go to that city to see the contest.

HAS NO WORD

CHICAGO, (AP)—Charles F. Clyde, federal district attorney, who prosecuted Jack Johnson, then heavyweight champion, today said he had received no communication from the negro since he left Chicago. Mr. Clyde would not comment upon the probable reception of Johnson should he follow out his announced intention to return to Chicago and face the charges against him. Johnson's indictment grew out of allegations that he paid the railroad fare of a woman from Pittsburgh to Chicago.

CANADANS LOSE AGAIN

ST. PAUL, Minn., (AP)—The St. Paul Athletic club's hockey team made it two straight and took the series from the Canadian team by winning last night's game 3 to 0.

RUPERT COMETS
MEET GOODING'S
OUTFIT TONIGHTSwift Game is Expected when
Mildaka County Battles
Undeclared Collegians

RUPERT, (Special).—The undeclared Gooding college basketball team will meet the Rupert comets of this city here Thursday night of this week in what is expected to be one of the fastest games held here so far this season. The crack Gooding team will play in the Comet's aggregation a tough and plucky bunch of basketball warriors, since the Comet's present a combination of former basketball stars who captured the state high school championship for Rupert in 1917. The following men will probably be sent in the fray against Coach Bauman's men of Gooding: L. Nelson and R. Goodman, forwards; Ralph Spidell and Vao Scheffle, guards; and Fred Van Antwerp, center.

The Rupert team thus far this season has won but two games but handily won both. In the first game played against the Paul Athletic club at Paul, the Comet won by a score of 37 to 17. In the second game against the Oakley Aggregators the Comet again triumphed by a score of 41 to 28. In the latter contest the floor work and basket shooting of Fred Van Antwerp featured. The big bunch center easily outjumped his opponent, Harper of Oakley. Besides this Van Antwerp scored 14 of the 41 points made by Rupert. Nelson, forward also starred in this game scoring a total of 19 points besides playing his usual aggressive game on the floor. At the guard positions Scheffle and Spidell are showing an exceptional well, while Bob Goodman is fast rounding into condition at left forward. Scheffle, Brown, Bill Quillian, Keller and Harry Disney are the subs and all are playing a good game.

In addition to the Gooding game the Comet will play the following teams this season: G. P. Cantello Tech, followed by the Albion State Normal; Paul Athletic club; Oakley Legion.

Plans are making for a trip to the Boise district for games.

TWIN FALLS LEGION
TEAM WHIPS JEROMELocals Walk Away with Count
in First Half but Have Lot
of Trouble Thereafter

At Jerome last night the Twin Falls team, American Legion basketball team, defeated the Jerome Legionaires 31 to 28 in a hand-icapped game. At the end of the first half the score stood 23 to 11 for the Twin Falls team, flagrant refereeing after that being all in favor of Jerome, according to the home quintet.

Featuring in general play were Bennett and McLain of the Twin Falls quintet. Bennett was shining brightly at center, while McLain played equally well at forward. It is expected a return game will be played on the Twin Falls floor soon.

WILLIE LEWIS
IS SHOT DOWN
BY UNKNOWNRing Batter of Other Days is
in Hospital Suffering from
Bullet Wounds

NEW YORK, (AP)—Willie Lewis, one of the well known heavyweight fighters of yesterday, is in St. Vincent's hospital today, suffering from three bullet wounds.

He was shot down by an unknown gunman last night in a telephone booth in his cabaret, the "Chalet Thierry," which he opened recently on a profit-sharing plan with his employees.

While his victim was prone on the floor of the booth pleading for a chance to fight, his assailant kept him covered with the gun until he had reached the door and fled.

Lewis, who is 36 years old, started his ring career in 1900 and engaged in more than 150 fights, including one with George Carpentier, to whom he lost a twenty-round fight in Paris in 1912; Billy Papke and Mike Gibbons.

At the hospital today it was said he would recover.

GETS DECISION

SALT LAKE CITY, Utah, (AP)—Frankie Murphy, Denver lightweight, was awarded a referee's decision over Willie St. Claire, Sacramento negro boxer in a six round bout here last night.

FOUND

FOUND—Two bunches of keys, no identification mark. Finder may identify same by calling at News office and keys will be returned upon payment of charges for this ad.

Our ancestors would have marveled if they could have looked upon anything so wonderful and interesting as a modern store. Study our stores. They are worth it.

There is no better medium in the world than a newspaper for advertising, and the News is a newspaper.

Brief Bits of Sport

If the "fistic hen" that's occupying the local pugilistic nest at present does not hatch a batch of interesting mitt bouts in 30 days there's absolutely no hope for the game in Twin Falls.

But for the season of 1920 baseball looks like a dead and buried issue.

Boise must like Clapham. The other night the English wrestler, who has been dubbed (facetiously no doubt) the British Lion, went to the mat with Frank McCarrall, bulldogger and strong man. Clapham won the only fall there was, but had to go more than one hour to get a flop out of the puncher.

Three first-class outlaws—Jack Johnson, Tom and Jerry rum.

One of the mysteries of the athletic world just now is why Freddie Weid was picked to fight Benny Leonard in the Bahamas islands.

Looks like leading a lamb to the altar of immolation.

It's a tough season for pugs. First off Jack Dempsey is in bad with everybody but his own family, a couple of Salt Lake sports writers, himself and his manager, Jack Kearns, then Louis Le Panthieu goes and cracks a line on an Englishman's head and has to have said member removed by surgery.

FOR SALE—MISCELLANEOUS

FOR SALE—Fine regular milk goats, gentle, well broken. Phone 650-R. P. O. Box 751.

PLUMBERS WANT \$9 PER DAY, QUIT

Two Shops and Two Crafts Affected Thus Far—Hospital Work Held Up

A strike of plumbers employed in Twin Falls, called against one shop a week ago, has now spread to two shops, and threatens to affect all plumbing houses in this city before the end of the week.

The shops already affected are those of the Swank and the Johnson Plumbing companies. The affliction started at the first named place because of the refusal of the proprietors to meet a demand for a wage of \$9 per day. Since the trouble began among the plumbers, sheet metal workers, employed by the Swank company, have quit, it is said, in sympathetic move with the plumbers. The sheet metal men declined to take up their tools Monday morning.

During the present week the plumbers employed at the Johnson Plumbing and Heating company plant have quit and it is expected those at the Home Plumbing company will follow the lead of the others before nightfall.

One of the most serious aspects of the plumbers' strike lies in the fact that the Johnson Plumbing and Heating company has the contract for installation of plumbing and heating service in the new section of the county hospital. All of this work has been suspended, due to the strike. Special attention, up to the time the strike was called, was being paid, it is stated, to installation of plumbing and heating fixtures in the isolation ward so as to be able to devote this section to the service of victims of the influenza epidemic. The ward cannot be used.

According to E. P. Swank, proprietor of the Swank Plumbing and Heating company, his plant started because he did not meet a demand for an increase of \$1 per day all around to the plumbers. In explanation of the refusal Mr. Swank states that his company had some large contracts which had been based upon a labor wage of from \$7.50 to \$8 per day. These, he declared, could not be carried out profitably on a basis of higher labor wage.

Mr. Swank says the plumbers last May were given a day wage of \$7.50, which was raised on demand July 1 to \$8.88 per day. He says that before the first of the year notice was served that the plumbers' union would require \$9 per day for journeymen plumbers.

CANAL COMPANY WINS CLINE DAMAGE SUITS

Jury Finds Defendant Not Guilty of Negligence when Water Line Breaks

Verdict for the defendant was yesterday rendered by a jury impaneled to hear testimony of S. C. Cline against the Twin Falls Canal company. The action involved a claim of damages amounting to \$1500 said to have resulted from the flooding of plaintiff's land when the high line canal burst in July, 1917.

In the complaint filed allegation was set forth that the canal break was due to the negligence of the canal company. The defendant company based its contest upon this claim.

CUMMINS IS NAMED ADVISORY BOARD HEAD

Local Attorney Elected President of Body on Salvation Army Affairs

At a meeting of committee, held last night with Lt. Col. Thomas W. Scott, of the Salvation Army, Taylor Cummings, attorney, was elected president of a Salvation Army advisory board. H. R. Grant was made secretary of the board. The meeting was conducted in the quarters of the Twin Falls Chamber of Commerce.

During the session various members of the board were heard on subjects having an essential part in the locating of a Salvation Army corps here. Places for barracks were considered and many matters of like importance were up for discussion. Col. Scott offered numerous excellent suggestions as to mode of procedure. No definite date has been established for the coming of the corps. Col. Scott and Major George H. Beaumont, a pathfinder for the Salvation Army, left this morning for the West.

ISOLATION HOSPITAL IS NEEDED FOR CARE OF INFLUENZA PATIENTS

Epidemic Menaces Community Because Housing Facilities are Lacking in Which to Detain and Give Proper Attention to Sufferers—Number of Cases Growing Steadily—Help is Called For

In Twin Falls county there are approximately 40 cases of influenza. Of these 25 are located in Twin city. None are regarded as of serious aspect.

This information was received today from the home service department of the Red Cross, in the Rice building on Main avenue north.

That the epidemic is gaining a solid foothold in this city and that it is of a serious nature is a well established fact, the situation being seriously affected by inability to procure a suitable place in which to isolate patients suffering from the complaint.

Of these, according to Mrs. Burton E. Morse, one of the executive heads of the home service department of the Red Cross, there is a considerable number who must be taken care of. Most of the sufferers come from rooming houses where there are no facilities for caring for them, and where their presence is a menace to other roomers.

Plans of the home service workers, made when attention was first directed to the growing influenza epidemic throughout the state and nation, contemplated the use of the large isolation department at the county hospital. This part of the relief scheme has been upped because of the incomplete condition of the building and the fact that the facilities being lacking, due to it is said, to a strike in that department of construction service.

"We must have a room which can be devoted entirely to the isolation and care of influenza patients, and we must have it immediately," said Mrs. Morse, to a News man this morning. She added that in this state and nation there have been no such cases for several years without success. Mrs. Morse now sends out an S. O. S. call for help in this direction.

"The health of the entire community is menaced because we have been unable to find a place to put unattached 'flu' patients," Mrs. Morse asserted. "Since the state and nation are suffering from where they are found, due to an effectively elaborate methods of isolation as possible, being observed to prevent the spread of the disease. We cannot expect, however, to control the epidemic under the conditions we are now facing and unless somebody steps forward with an offer of a room for isolation purposes the thing will soon become unmanageable and the entire community will suffer. We must have help and that immediately."

BEET GROWERS WILL RECEIVE \$12 PER TON

Contract Agreement is Reached by Amalgamated Sugar Company—Bonus Given

Beet-growers delivering product under contract with the Amalgamated Sugar company, of Twin Falls, will receive \$12 per ton this season. This announcement was made by sugar company officials this morning, the arrangement having been arrived at after an evening session with the growers. The 1919 contract, this contract called for \$10 per ton payment for beets, the bonus brings the net scale to \$11 for all 1919 deliveries.

DRAINING OF ROADS IS NOW PROGRESSING

Highway District Executives Tell of Work Being Done for Highway Betterment

Taking advantage of the present muddy condition of roads throughout the county, executives of the Twin Falls Highway district has set many crews dragging highways running in various directions out of Twin Falls. Special crews are employed on the Blue Lakes road and some special improvements are reported inaugurated on the state highway.

There are many sections in this district where the condition of the roads prevents dragging at this time, but wherever it is possible to do any dragging, or like temporary improvement work this is being done, according to members of the highway district. A statement made today to the roads and bridges bureau of the Twin Falls Chamber of Commerce. Dragging has been done in the territory west of South Park avenue, northwest of Twin Falls; southwest of Twin Falls and also south and southeast of the city, and along Addison avenue.

Health Rules May Prevent "Flu" Attack

Here are a few authorized "safely first" suggestions for avoiding influenza:

Keep your hands clean.

Don't shake hands.

Keep your handkerchief handy and use it to cover your nose and mouth when you cough or sneeze.

Spend your evenings at home rather than at an overcrowded or underheated place of public assembly.

Keep yourself warmly clad; avoid violent exercise, chills and cold drafts.

Get all the fresh air and sunlight you can, both in your place of work and at home. Keep your feet dry and warm. Walk to your work if not too far.

Finally, in spite of all these suggestions you begin to feel "rocky," call your doctor and be sure to stay at home until he says you are recovered and ready for work again.

Local Brevities

Have Been in East—Mr. and Mrs. Hugh Lewis returned yesterday from a visit of several months in Minneapolis and other eastern points.

Fred Russell is ill—Mrs. Fred B. Russell left last evening for Yukon, Ok., being called home by a message telling her of the illness of her husband.

To Enter the University—Francis Young, son of Mr. and Mrs. H. J. Young, left this morning for Moscow where he will continue the university for the second semester.

Position in Indian School—Miss Ruby Moulton, left yesterday for Fort Hall where she will act as assistant matron at the Indian school which is conducted by the Episcopal church.

Home from East—Mr. and Mrs. A. L. Stone have returned from Detroit and other Michigan cities where they have been several weeks on a combined business and pleasure trip.

Hospital Board Meets—The regular meeting of the city hospital board of directors was held last evening at the hospital. The session was devoted to discussion of routine matters only.

Theatre Plans—E. H. Gates has about completed plans and specifications for a theatre building to be erected in Raupert. The building will be owned by George Duane and is to cost \$50,000.

Makes Serious Charge—Alleging infidelity John E. Curran has entered suit against Martha Curran for divorce. The couple married in January, 1917. Walters and Hodgkin filed the action.

Tells of Parent's Death—H. A. Jacobs, who is now in New York, writes of the death of his father, W. B. Jacobs, in that city recently. Heident was a retired business man of New York city.

Hears of Parent's Death—Mr. and Mrs. Ralph B. Smith will leave here tomorrow morning for Iowa to attend the funeral of Mr. Smith's mother, of whose death Mr. Smith was advised today.

Farm Account Books—The local Farm Bureau has a supply of account books to be distributed among farmers. This is a part of a system inaugurated by the bureau to help farmers keep a rigid account of earnings and disbursements.

To Open Club Rooms—The young people's department of the Christian church will open club rooms Friday night with a program consisting of music, short speeches, games and a social hour. A pleasant evening is assured.

Seeks Judgment for Commission

Claiming there is \$300,000 in commission on realty transfer deals the sum of \$1,500. The suit was filed in the district court against the Twin Falls Realty company. E. V. Larson filed the complaint.

Hit by Car; Leg Broken—E. F. Bartlett, contractor, suffering from a broken leg, sustained when an automobile driven by H. H. Hanson struck him late Tuesday night. Mr. Bartlett was hit by the hub of a wheel just below the knee.

Cruelty Is Charged—Appearing for the plaintiff Attorney E. V. Larson yesterday filed an action for divorce in the district court for Josephine Buckingham against Wilbur Buckingham. Plaintiff asks \$25 per month alimony. Cruelty is the basic charge in the bill of particulars.

Oakwell Files Suit—In the district court yesterday suit was instituted by A. E. Oakwell against the Salmon River Settlers' association against Herb Kester and other settlers to determine the rights of those who own land but have never used water nor made improvements. The case was filed by Oakwell and Chapman.

Home from Eastern Trip—G. E. Duke and E. N. Flory have returned from the east where they have been the past two months on business connected with the Idaho Automobile and Supply company. They visited the Ego auto factory at Lansing, Michigan and other factories in Michigan, also the Indiana Truck corporation plant at Marion, Indiana. They attended the automobile show in Chicago on the way home.

POSSESSION OF AUTO INVOLVED IN ACTION

Get Jury to Hear Evidence in Case Outcome of Celebrated Election Bet

After two talesmen had been executed by each side for cause and each side had exercised two peremptory challenges, a jury was this morning selected for the trial of the Minnie L. Hays case against C. A. Robinson. Bothwell and Chapman are appearing for the plaintiff and M. J. Sweeney and W. G. Granger for the defendant. Minnie L. Hays, plaintiff in this action, is the wife of J. W. Hays, of the City Coal company. C. A. Robinson is former state senator and now republican state committeeman for Twin Falls county.

The action involves right to and ownership of an automobile which was won from Hays by Robinson in an election bet in November, 1918. The plaintiff claims the automobile was then her property, her husband having no claim to it or right to put it in his hands.

Those implicated as jurors are: Bruce E. Requa, E. J. Malone, N. D. Merrill, B. S. Taylor, A. Erickson, E. P. Blissette, B. M. Beamer, A. E. Shanon, Harold E. Johnson, W. M. Shiver, W. M. Shiver.

EXHIBIT OF NATIVE FURS ATTRACTS MUCH ATTENTION

An exhibit of furs indigenous to the Twin Falls country placed on display in the windows of the Ballard Hardware company yesterday afternoon, which the Twin Falls Hardware company, is attracting a generous measure of popular attention. Half a dozen different varieties of pelts comprising the exhibit, including that of the muskrat, which, a short time ago, sold for 10 cents each and which are now worth from \$3 to \$4 each. When manufactured these pelts become "Hudson seal." Other furs included in the display are those of the coyote, bay fox and civet cat.—Adv.

GET SLOAN'S FOR YOUR PAIN RELIEF

Just one trial convinces you Sloan's Liniment helps drive away rheumatic aches

Why endure pain when you know Sloan's Liniment will relieve it promptly?
