### STOCK MARKET TOTTERS UNDER STORM SESSION

Domestic Difficulties are Added to Unprecedented Fall in the Valuation Placed on Foreign Monies

DEMAND STERLING RISES FROM RECORD LOW LEVEL

Recoveries Result from Unofficial Reports that Great Britain Had Prohibited Importation of Cotton

NEW YORK, (AP)—Demand sterling recovered in mid-afternoon trading to \$3.31 after touching \$3.19 soon after the opening hour. By midday the official reports that Great Britain had prohibited the importation of cotton. There were similar recoveries in other exchanges and the advances were so rapid dealers scarcely could follow the fluctuations.

Call Money at 25 Per Cent

France checks which were quoted at nearly 16 to the dollar, rose to 1450 and Italian lira which dropped to a rate of more than 19 to the dollar, rose to 1840.

Demand sterling dropped again to \$3.21 1/4 shortly after 2:30 o'clock. Rates on call money advanced this afternoon to 25 per cent, a new high record for the year.

Heavy at Opening

The stock market was heavy at the opening, the market taking its cue from the British rate which fell sharply before the going on the stock exchange sounded an ominous note. By midday the rate for demand bills on London fell to \$3.19, an overnight depreciation of 14 cents and a decline from last week's final price of 21 cents.

French, Italian, Belgian and various other rates gave way with the British quotation, all recording greatest depreciation in their history at this center. Reports from Moscow indicated that the American dollar had reached a new high premium in that market.

Domestic Difficulties Complicate

Apart from the violent upheaval in exchange, the stock market was beset by domestic difficulties, including tight money and further loan restrictions. During the noon hour it became known that the government would withdraw loans from local banks to meet impending payments.

Call money held at 14 per cent but time funds were entirely out of the market. There were three distinct declines with virtually no rally up to 1:30 o'clock. At that time the market was speculative favorites rose 3 to 4 at most 20 points under yesterday's closing prices and 10 to 35 points under final prices of the previous week.

### DEATH CLAIMS GEORGE M. DOW

Well Known Twin Falls Business Man Succumbs Following Operation

George M. Dow, proprietor of the Twin Falls Electrical Hospital, died this morning in a local hospital, death following a major operation for the relief of a de-wormed trouble. The body is at De Witt's awaiting final arrangements for funeral services.

Executed at Twin Falls Commandery, Knights Templar, which deceased was a member, will be in charge of the services, no arrangements have definitely been made for late interment and plans await the arrival of relatives from the east.

George Miller Dow was 31 years of age, being born July 11, 1885, in Stockholm, Ill. He came to Twin Falls in 1910 and for three years employed by the telephone company as district wire chief. In 1913 he established a bicycle and gunsmith business on Main avenue east and later branched into battery lines. He recently completed a large business building at the corner of Second avenue north and Second street, and also had a branch establishment at Idaho. He is survived by his wife, Etta Gray Dow, to whom he was married November 16, 1904, together with two daughters, Mary, aged 13 and Ruth, aged 5. His mother, Mrs. W. B. Dow, of Twin Falls, and a brother, Malcolm, of Chicago, also survive. Velum Dow and Mrs. Rita Dow's father, Mr. Gray, are now on route from Chicago to Twin Falls.

Dr. G. W. Dow was taken ill during the reclamation conference in Burley early last week and was brought direct to the hospital here from that place. An operation was deemed necessary.

### BRIGANDS IN SYRIA MURDER AMERICAN RELIEF WORKERS

WASHINGTON, (AP)—The murder of three American relief workers in Syria was reported today to the state department. The Americans were part of a convoy for certain relief supplies and were killed by brigands February 1 near El Mall, north of Aleppo. The names of the Americans were not given in the dispatch. The relief expedition was under the auspices of the American committee for the relief of the Near East, the headquarters of which are in New York.

Official notification of the killing of the Americans was given by General Gouraud, the French high commissioner at Beirut to American Vice Consul McCutcheon at Beirut. General Gouraud formally expressed his regret.

NEW YORK, (AP)—The three members of the American relief convoy slain by brigands near El Mall, north of Aleppo, February 1, may have been natives and not Americans, according to C. V. Vickery, secretary of the Near East relief committee, who today cabled Major James Nicol, in charge of the relief work at Beirut for details. Much of the transportation of relief supplies, he said, is done by natives in the employ of the committee.

### MARTENS INVOLVES U. S. OFFICIALS IN SPREAD OF SOVIET PROPAGANDA

Representative of Soviet Russia in America Tells Senate. Investigating Committee George Creel's Bureau of Public Information Co-operated Actively with Reds in Campaign to Undermine Germany while Attacking Bolsheviks at Same Time

WASHINGTON, (AP)—"Officials of the United States" co-operated actively with the Russian soviet government in conducting propaganda designed to undermine the imperial German government, Ludwig C. A. K. Martens, representative of soviet Russia in this country, declared today before the senate investigating committee. In response to questions by Chairman Moses, Martens named Raymond Robins, formerly of the Red Cross organization in Russia, and "agents" of the committee on public information.

"At a time when a branch of the United States government during 1918 was preparing the issuance of alleged documents on the basis of which it was implied that officials of the soviet government were paid agents of the imperial German government," Martens said, "my government was actively co-operating with agents of that branch of the United States government in soviet Russia circulating among the German army appeals to overthrow the German government."

Robins to Be Called

Former Senator Hardwick of Georgia, counsel for Martens, gave notice that Robins would be called to testify regarding the assertions of the soviet agent.

"Mr. Creel's Bureau of public information," Mr. Martens said, was the government branch, and the so-called "Bolshevik documents" was the propaganda under preparation.

Robins to Be Called

Former Senator Hardwick of Georgia, counsel for Martens, gave notice that Robins would be called to testify regarding the assertions of the soviet agent.

"Mr. Creel was working with you on one hand, and attacking you on the other," said Senator Moses.

"Yes," Martens said.

All propaganda urging revolution sent out by the soviet government,

While again refusing to answer questions concerning methods of maintaining soviet communication with soviet Russia, Martens told the committee today that some of the couriers employed by him were American citizens. In correcting his previous testimony he said it was "a matter of honor" with him to refuse to disclose the names of the persons concerned.

Martens was permitted to proceed with the reading of his prepared statement, much of which dealt with the subject of propaganda.

Gives Propaganda Purpose

Chairman Moses asked the purpose of the propaganda and former Senator Hardwick of Georgia, counsel for Martens, said:

The whole purpose of Russian propaganda has been to get the right to sustain the kind of government they wanted at home, leaving America free to take care of her own affairs. This was at a time when American boys were being drafted to fight Russia on their own soil."

### World News Events

MEXICO CITY, (AP)—Governors of Mexican states will meet in this city on February 5, which has been made a holiday. The assemblage is awaited with great interest here.

BERLIN, (AP)—Measures to prevent undue absorption of German properties through foreign capital are provided in a bill now before the Prussian national council.

ROME, (AP)—Reorganization of the Italian cabinet is forecast by the Tribune in discussing the political situation. It says the premier may take advantage of a parliamentary recess which is probable soon, to strengthen his ministry, giving it "a large base and greater energy."

LAPASE, Bolivia, (AP)—The government has promulgated the law recently enacted authorizing the issue of a loan of 8,700,000 pounds sterling.

### SEEKS CANCELLATION OF JENKINS' RECOGNITION

Mexican Foreign Office Takes Steps to Revoke Acceptance of American Consular Agent

MEXICO CITY, (AP)—Formalities necessary to cancel official recognition of William O. Jenkins, United States consular agent at Puebla, are being carried out by the Mexican foreign office according to a report published by El Democrita yesterday.

Mr. Jenkins, who was kidnaped and held for ransom by Federico Cordeiro, the bandit, last October, was later charged by the Puebla state authorities of having conspired with the outlaws to bring about his abduction. The case has been transferred to the federal court, where it is now pending.

### TWO PERSONS DEAD IN RIOTING AT LIMERICK

Doath Takes Toll when Irish Demonstrators Clash with Armed Military Patrol

LIMERICK, (AP)—Two persons are dead as a result of the rioting here Monday night when demonstrators clashed with an armed military patrol and constabulary. Richard Dwyer, a publican, was killed during the disturbance and Lena Johnson, a young woman who was wounded by a shot, died yesterday.

The authorities withdrew the military patrols last night, confining the troops to their barracks. The motion picture theatres were closed, and in some of the Catholic churches the people were advised to keep off the streets, which they did.

### PROTECTION TO I. W. W. DENIED AT TOMBSTONE

Prosecuting Attorney Says Action is Brought Against No One for ExPELLING Member of Radical Organization

CLAIMS ENTIRE CREDIT FOR COUNTY CLEAN-UP

Prospective Jurymen of New Venture of One Hundred Reporting to Court; One Defendant in Box

TOMBSTONE, Ariz., (AP)—A statement by County Attorney Robert N. French published in a local newspaper that "I have not an I. W. W. on my list of witnesses nor will I prosecute any one for deporting one from Bisbee on July 12, 1917" was a chief topic of conversation in court yesterday for the trial of Harry E. Woodson, hardware merchant of Bisbee, accused of kidnaping in connection with the deportations.

Woodson is one of 210 defendants accused of participating in the deportation of 1,180 men from Bisbee.

Explains Position

French's statement in part follows: "In a statement published last Saturday it was said 'his would be the first time that an I. W. W. would be named on the prosecuting side in the history of the courts. This is decidedly wrong, since I positively have not on the prosecuting side one man that is an I. W. W. affiliated with that organization.' My manager, who will testify in these cases. Furthermore, they will not be a defendant proposed for deporting an I. W. W. and that is more or less the main responsibility of the I. W. W. in this case, which is in Cochise county."

One Defendant in Box

Prospective jurymen of a new venture of one hundred drawn last yesterday were reporting to court this morning. Meantime, examination of the previous venire continued with nine passed by the six subject to peremptory challenges. One defendant, I. W. Wallace, was in the jury box waiting examination and certain exemption.

### HOLLAND IS ADVISED TO AFFILIATE WITH LEAGUE

The Parliamentary Committee Points to Social Isolation as Alternative

THE HAGUE, (AP)—Holland should enter the league, says a report from a committee appointed by the second chamber of the Dutch parliament to examine the league covenant and draft a bill providing for Holland's admission to the organization. Although Holland would lose part of her secular liberty in joining the league, says the report, this objection is more than counterbalanced by the fact that if she refuses to join she must be isolated and excluded from the social life of other countries.

### AMERICAN AVIATORS ARE STILL MEXICAN CAPTIVES

Military Authorities at El Paso Send Request for Release and Return

DOUGLAS, Ariz., (AP)—The situation of Lieutenant G. L. Usher and L. M. Wolf, American aviators detained at Nogales, Ariz., since their airplane landed fifteen miles below that place Monday afternoon, is about the same today as yesterday. They are still technical prisoners of the Mexican authorities, with orders for their release expected momentarily.

EL PASO, Tex., (AP)—Military authorities here today forwarded a request to the American consulate at Nogales, Ariz., to use his efforts in bringing about the release and return to the United States of Lieutenant G. L. Usher and G. L. Wolf, twenty-two member squadron, Fort Bliss, held by the municipal authorities of Nogales, Sonora.

### GERMAN PEACE DELEGATION HEAD RESIGNS WHEN PRESENTED DEMAND

Declares in Letter to Premier Miller and No Teuton Official Will Assist in Extradition

SURRENDER OF 896 PERSONS CHARGED WITH VIOLATION OF CODE IS ASKED

BERLIN, (AP)—Baron Kurt von Lersner, head of the German mission in Paris, has been relieved of that office. Baron von Lersner, it is stated, had received explicit orders to transmit the expected allied note on extradition demands to his government.

PARIS, (AP)—Kurt von Lersner, head of the German peace delegation here, has returned to Premier Miller and the list containing the names of Germans whose extradition is demanded by the allies, which was handed him last night and has informed the premier that he has resigned and is leaving for Berlin by the first train.

Baron von Lersner told The Associated Press his decision was in line with the attitude he had maintained throughout regarding the question of extradition. He declared that he had said that no German official could be instrumental in carrying out the extradition clauses of the treaty and consequently the matter having come up in a definite final form there was nothing left for him to do but to resign and go home.

Addresses Miller

Immediately after receiving the list last night, Baron von Lersner addressed the following letter to Premier Miller:

Your excellency has transmitted to me a note containing the names of Germans whose extradition is demanded by the allied powers. In the course of the last three months I have met seriously and before representatives of the allied and neutral governments in discussion in writing and thirteen times orally the reasons it was impossible to comply with such a request, a matter which the high rank of the accused persons might have rendered more delicate.

Refuses to be Implicated

"I remind your excellency of my constantly repeated declarations that no German functionary would be disposed to be instrumental in the realization of the demand for their extradition. I should be instrumental in it if I were to forward to the German government the note of your excellency. I therefore need not back herewith."

"I have made it known to my government that I cannot remain in office and that I shall leave Paris by the next train."

FRIEHRER VON LERSNER.

The baron, it was said, would leave for Berlin tonight.

### GERMAN ACTION NOT TO DEFELECT ALLIED COURSE

Officials Express Fear for Setting of Precedent in Evasion of Treaty Terms; French People Indifferent

PARIS, (AP)—The allied council of ministers was today discussing the situation created by the resignation of Baron von Lersner, head of the German mission here. The council was held in the French foreign office.

Hugh C. Wallace, the American ambassador, who attended the meeting, said afterwards that he had no statement to make regarding it.

It was made known that an official communique would be issued after the second meeting of the council, which was not for 4:30 o'clock this evening.

No Alteration Expected

Meanwhile, an official word of the situation arising from Baron von Lersner's refusal to transmit the list of the accused Germans to his government is lacking. The general impression among observers of the peace proceedings, however, was that the action of the German representative would not influence the determination of the allies to demand the extraditions.

In French official circles, it was explained, the feeling was that despite the general indifference on the extradition question manifested by the public there was an important reason why the allies should insist upon the execution of the clauses in the treaty relating to the accused Germans. The impression is strong in official French circles, it was declared, that the Germans are disposed to make use of every possible pretext to avoid the execution of not only this but of other clauses of the treaty and that if the allies gave way on this point it would be considered in Berlin as a precedent on which to found demands for further modifications.

Delivery Simple Matter

It was pointed out, that even in the absence of the head of the German peace delegation, Baron von Lersner, and his charge d'affaires, Dr. Wilhelm Meyer, who returned to Berlin last week shortly after being received by Premier Miller) it would be a simple matter to have the list of the accused presented in Berlin by one of the representatives of the allied governments now here.

While Baron von Lersner gave out nothing, he briefly stated his reasons for resigning and refusing to transmit the list, the impression among observers in Paris is that he is acting on his personal initiative in announcing his departure, not reflecting the decision of his government, and not committing it to any specific course.

### VORWAERTS CONDEMNS EFFORT TO KEEP WILHELM'S FORTUNE INTACT

BERLIN, (AP)—Efforts to keep intact the fortune of former Emperor William are condemned in a long editorial printed by the Vorwaerts Tuesday afternoon. The newspaper says this movement is in behalf of "a man who ruined Germany."

The editorial represents a masterpiece of old Prussian efficiency," says the editorial, "for the financial status of Count Hohenhausen is placed on the basis of his right to property, while nothing is said as to his guilt or the political situation. It is perhaps well to remember that the national constitution gives the government the right to seize private fortunes."

Details of the measure are given by the newspaper, which says paragraph four of the bill declares the royal house will give up in the interest of the general welfare "such possessions, real estate, works of art and valuable articles, but provides the former emperor must be paid 100,000,000 marks in compensation."

# WITNESS TELLS OF PERSECUTION OF AMERICANS

## Violent Deaths of Three Citizens of United States at the Hands of Mexicans Recounted to Investigating Body

EL PASO, Tex., (AP)—Incident to his account of the persecution of American colonists in Chihuahua, S. H. Venter, of El Paso, told the senate sub-committee investigating Mexico affairs, which resumed its hearings here yesterday of testimony concerning the Mexican situation, how John Brooks, Fred Stevens, Ben Griffiths, and other Americans, were killed.

Brooks was shot by Captain Francisco Portillo, but as he fell he shot Portillo, who had fired because the American had protested the taking of their arms, and ammunition. Griffiths was shot by "Mano Mocho" because he was unable to tell where the witness was and Stevens was shot in the presence of his daughters.

Venter was one of the men who assisted in the recovery of the bodies of the Americans who died in the Cumbre tunnel when it was dynamited by Martin Lopez in 1916. The train was burned.

### Villa Operations Favored

Because Francisco Villa "reserves all rights to robbery and loot for himself," his operations are looked upon with favor by the population, the committee was told by Henry H. Knox, a New York mining engineer. Mr. Knox said he had had 20 years experience in Mexico.

"Villa establishes a certain rough justice," Mr. Knox said, "whenever he gains control of an area, and represses all looting, robbery and drunkenness. His first act is to close the saloons. No one else is allowed to rob, and Villa contents himself with making a levy on classes of the population able to pay, saying that the money is to go to his 'cause' and giving a receipt. The levy stands for a certain period."

"How does that compare with the Carranza government's methods?" he was asked.

"Well, Villa's system has a certain finality about it. During the period for which his levy is made, no more demands are forwarded. The Carranza government makes its levy today, and comes forward with demands for more tomorrow, and on the next day."

### Return Under Suffrage

Most of the American colonists left Mexico in 1912. Their properties in the five colonies were almost wholly devastated, he testified, but added that by consent of an area, and represses a few of the Americans have returned.

Senator Smith, acting chairman of the committee, announced desire of the committee to hear any witness, Mexican or otherwise, that might add to the information gathered. He added that the aim of the committee was one of helpfulness rather than hostility.

"I know no true man," he said, "who would not help the Mexicans get out of their awful condition."

### OIL PRODUCTION FIGURES SHOW GAINS IN JANUARY

OIL CITY, Pa., (AP)—In spite of unfavorable weather conditions during January 2, 114 wells were completed and production aggregated 452,397 barrels in the oil region of the country, according to the monthly review of the Derriek made public yesterday.

The production figures showed an increase of 3,214 barrels more than the previous high record of last November. Of the total number of wells drilled, 450 were "dusters" and 147 produced gas.

Wells being drilled at the close of the month numbered 10,185, this being the first time in the history of the oil fields that "new work" passed the 10,000 mark, the review said.

# THEFT PART OF POLITICAL PLOT

## Vienna Money Exchanger Victim in Scheme to Control Legation

VIENNA, (AP)—A Vienna money broker was robbed of 2,000,000 rubles the other day in a political plot to obtain control of the Ukrainian legation. The story was worked out by the police as good as a play.

The scheme was the familiar confidence game of inducing the broker to violate the law and of seizure of the money by criminals disguised as gendarmes.

A supposed Ukrainian general recently arrived in Vienna and engaged with the broker to loan him up to 2,000,000 rubles. It is illegal in Austria to deal in foreign money or to have it in private possession, and all foreign exchange is done through authorized banks. The broker agreed to have the amount in hand on a certain day. He lived and conducted his business in a hotel.

On the appointed afternoon, but a little ahead of time, a man in the uniform of a Ukrainian colonel called on the broker and saluting said he had come for General S's money. They sat down to a table to check the money, when the door was opened and two gendarmes walked in and placed both under arrest on the charge of possessing and dealing in foreign money.

The broker begged and protested and finally was told to appear in court on the following day, his record being taken with the greatest care and particularity. But the colonel and the two gendarmes were unavailing. He stormed and invoked his nationality in vain. The two policemen gathered up the money, counted it and, giving a receipt, told the broker to appear promptly before the authorities.

Then, taking the colonel, they left. An hour later the broker woke up to find that the colonel and the two gendarmes were fakers and he had been robbed of some 2,000,000 rubles.

The Vienna police is efficient in this kind of thing and in a day or two had gathered in two of the swindlers, but not the one with the money. Working on the case they finally ascertained that the money was to be used for political ends. The plan, according to the police reports, was a plot to seize the Ukrainian legation here by an opposing political faction, get possession of the records and seals and defy the existing government, a plot characteristic of the present unsettled state of affairs in eastern Europe. The legation however, had wind of it and was prepared for whatever might happen. The police say this is the second plot to the same end frustrated.

### PAY INCREASES VOTED FOR ARMY, NAVY AND MARINES

WASHINGTON, (AP)—Pay increases for officers and men of the army, navy, marine corps, coast guard and public health services aggregating \$50,000,000 for the next year are provided in a home bill passed yesterday by the senate. Commissioned officers will receive an advance of 1 per cent and enlisted men above the rank of private will receive an increase of 20 per cent.

Efforts to amend the measure so as to provide more money for privates were unsuccessful.

# Deputies Adopt Clock Changing for France

PARIS, (AP)—The chamber of deputies Tuesday adopted the daylight saving bill, the measure then going to the senate for action. The bill fixes March 15 as the date for turning the clocks an hour ahead and provides that "summer time" thus established shall extend to October 25. Because of the coal shortage, however, the bill provides that for this year and in 1921 the "summer time" period shall begin a month earlier.

### SUGGESTS EMPLOYMENT OF MEN HOUSE SERVANTS

Hotel Matron in Straits Through Inability to Obtain Maid Service, Proposes Alternative

CHICAGO, (AP)—Men supplanted maids as house servants at the Young Women's Christian association hotel here recently. A shortage of house maids forced employment of men, said Mrs. J. M. Sharp, a matron of the hotel, who declared the substitution proved very satisfactory.

Mrs. Sharp expressed the opinion that "general substitution of housemen for housemaids is the only solution of the servant problem," and added:

"I got fifteen replies within twenty-four hours in answer to an advertisement for housemen, but not one replied to an advertisement for housemaids. A friend of mine employs a Japanese lady's-maid, to do her hair, hook her up and take care of her clothes."

### EXPRESS COMPANIES MEET TO CONTINUE PRESENT FORM

NEW YORK, (AP)—The American Railway Express company, a voluntary organization of the big express corporations of the country for war operations under the railroad administration, will continue as a combination under private operation after relinquishment of government control, March 1, it was announced yesterday by George C. Taylor, the president.

The probability is that the American Railway Express will continue to exist indefinitely, as it offers opportunity for more efficient and economical operation of the various companies which comprise it, Mr. Taylor said.

# LOCAL JEWELER OFFERS GOLD WATCH AS PRIZE

## W. E. Friebe Will Personally Reward-Winner of Army Essay Contest

The drive being conducted by the war department for the recruiting service is progressing nicely. All men assigned to the local recruiting district left this morning to canvass the smaller towns in the vicinity of Twin Falls. After several days in the small towns the force will assemble in Twin Falls and finish the drive. So far results have not been very satisfactory but it is to be expected that the effect of the drive will be far-reaching.

W. E. Friebe, the jeweler, is offering to the boy or girl who wins in the coming essay contest a gold watch. The chances to win are very good and any red-blooded boy or girl can think of any number of benefits to be derived from an enlistment in the United States army. Literature and information can at any time be obtained from the local army recruiting station. The prize being offered by Mr. Friebe is a standard watch and is offered to students of one of the Twin Falls schools only.

## Announcement

In these days of extremely high prices, are you interested in the idea of starting a Rochdale co-operative store? The real center of the Rochdale plan, which has been so successfully carried out for many years in other places, is the return of all net profits above expenditure and interest on stock to the patrons in proportion to the amount of business they have given to the store. The Twin Falls County Farmers' Association unanimously think that the time has arrived to start this movement, and upon the suggestion of the Department of Agriculture are sponsoring the movement. At two recent meetings of farmers held in Twin Falls some \$10,000 was pledged, the general opinion prevailed at both meetings that at least \$50,000 should be collected before making a start.

Do you believe that we could, as farmers deal collectively for our Groceries, perhaps Shoes and Clothing, Hardware, Lumber, Twines, Sacks, Coal, etc., and thereby make a saving, through collective bargaining?

Do you believe that such a store could help us as farmers in selling some of our products to better advantage?

If so, are you willing to do your bit to start the ball rolling?

Are you willing to buy stock at \$10.00 a share and not more than 10 shares, the same to draw the legal rate of interest providing enough shares are sold to assure its success from the start?

If so, sign the attached coupon stating the number of shares you would like to have. In order to get this store started we must act quickly, as many as possible must take the limit of 10 shares.

At any rate, please sign the coupon and let us know what you think of the plan.

### THREE IN FAMILY OF FIVE DEAD AT RUPERT

**Mother and Two Children Drowned Off—Father and Son All that Are Left**

**RUPERT**—(Special)—This community suffered a severe shock during the week when three deaths in 28 hours were recorded in the M. C. Noble family. The fatalities were from influenza pneumonia.

The first death was Irene, 11 year old daughter. Mrs. Noble followed shortly afterward, and a few hours later Joseph, 12 year old son, died. Mr. Noble and a 12 year old son, all that are left of the family, are just recovering from the disease. Services for those dead, were conducted by officials of the L. D. S. church.

### TURKS RED ARMY PLANS CONSTANTINOPLE ATTACK

**Declaration of Holy War Against Great Britain in Spring is Predicted**

**LONDON**, (AP)—A dispatch to the Exchange Telegraph company from Constantinople today says:

The young Turk red army will in the near future march on Constantinople to throw out the Turkish comites. The Turkish Bolshevik announce that a Holy war against Great Britain will be undertaken in the spring.

### WASHINGTON, (AP)—Danger of an attack on Constantinople by the young Turks red army, as reported in dispatches today from London, is not regarded as serious by army officers here.

The red army is reported to refer to the nationalist army, which is practically entirely dependent on the orders of Mustafa Kemal. Its exact strength is not known here. There are British and French troops in the vicinity of Constantinople and Greek forces are in Smyrna.

### ESTHONIA ENTERS INTO PEACE WITH BOLSHIEVIKI

**Treaty Terms Permit Only Troops of Signatory Powers on Territory of Either Country**

**REVAL**, (AP)—Esthonia and the soviet government of Russia have agreed in the peace treaty signed by their respective delegates to respect the principle laid down by the powers in regard to the Gulf of Finland. Only troops of Esthonia and the soviet government, or their allies, will be permitted on the territory of either country.

Russia abandoned all claims to former Russian government property in Esthonia, and returns to Esthonia all property removed to Russia during the war, including the libraries and archives of Dorpat university. A special commission will define the commercial and diplomatic relations subsisting between the two signatories.

### Today's Markets

**Grain and Provisions**  
**CHICAGO**, (AP)—Material declines in the corn market today were due to the most part to sympathy with the demoralization of sterling exchange. To some extent, the virtual embargo on grain shipments eastward from Chicago was followed by a moderate further setback. Opening prices, which ranged from 1.4 to 1.4 1/2 lower, with May \$1.33 1/2 to 1.34 and July \$1.30 1/2 to 1.31 were followed by a moderate further setback. Subsequently, liquidation assumed considerable proportions and there was a decided shrinkage of values, especially for nearby deliveries. The close was unsettled, 1 3/8 to 3 1/4 net lower, with May \$1.32 3/4 to \$1.32 7/8 and July \$1.29 5/8 to \$1.29 7/8.

Oats weakened with corn. After opening 1-4 to 5-8 off, including May at \$1 1/2 to \$1 3/4, the market continued to sag.

Provisions were pulled down by the fresh breaks in exchange. There was also a big increase shown in contract prices of lard at western packing points.

Drastic liquidation on the part of houses with eastern connections forced lard and ribs down more than \$1 a hundredweight. The value of pork was cut about \$2.00 a barrel.

## Spring Is Coming

That thought is brought home most forcibly by all who visit our **READY-TO-WEAR DEPARTMENT**, for here are hosts of new arrivals in the Spring Suits and Coats.

Here milady of taste and discrimination may linger and learn the correct lines on which to base her wardrobe of the new season approaching.

## The New Suits

Never was a group of the first modes more charmingly inviting than our advance showing of new Spring Suits. The styles—shorter jackets than were shown a few months ago, either straight lines or flaring effects. The trimmings—military braid, fancy stitching, buttons and fancy Persian silk vestes. The materials—fine Tricotines, Serges and Silvertones. The colors—the ever popular navy. All jackets are lined with beautiful fancy silk.

## The New Coats

These first arrivals are authentic forerunners of Fashion's trend in cloths as well as styles.

The new models are largely short coats in Velours, Goldstone, Plummet, Silvertones and Chameleon Cord. Fancy stitching and buttons, also narrow leather belts are features worth noticing. The colorings help to convey a Springlike atmosphere—Cherry, Tan, Reindeer, Ghent Blue, Sable and Pelt are prominent.

You will find it a real pleasure to visit this department now and see the styles for Spring. Let us show them to you.

# LEGION FAVORS BROADER POLICY

Recommend Widening Reclamation Scope Against Concentration on One

In the adoption of resolutions Twin Falls post, American Legion last night voted on record as favoring a broader policy in the reclamation of arid lands rather than concentrating on any one particular project, no matter what its extent or importance. The legion favors irrigation of any and all project lands wherever proposed for the benefit of the people of the country at large.

Last night's session of Twin Falls post was attended for a brief time by M. J. Sweeley, chairman of the reclamation bureau of the Twin Falls Chamber of Commerce, who made a short address on the question of irrigation as a general benefit for the country as a whole. He spoke unfavorably of concentration upon any single project declaring such action must inevitably bring about a condition of discussion and dissatisfaction.

The resolutions adopted follow:

"Whereas, certain posts of the American Legion in the state have recently taken action in regard to the reclamation enterprise generally known as the Bureau project, and for reasons stated publicly by them have declared against the carrying out of existing plans relating thereto, their opposition being to a large extent based on the lack of laws and regulations giving preferential rights to returned service men and women; and

"Whereas, the matter has been taken up, discussed and considered by the members of this post.

"Now, therefore, be it resolved by the members of Twin Falls post No. 7, of the American Legion as follows:

"That we strongly urge that in relation to all matters which look to the reclamation of public lands, whether by government or state aid or private capital, laws and regulations be so changed and applied as to insure preferential rights to returned service men and women, with times and amounts of payments so fixed as to make it practicable to acquire lands and water rights and pay therefor by the returns therefrom.

"That while urging and hoping for the desired favors we realize that under existing conditions these cannot be immediately extended, and if our wishes in this regard stand in the way of the early and substantial development of the resources of our state, we willingly waive them in behalf of the public good.

"That although we entertain our own notions as to what portions of the state can best be reclaimed and what projects should be favored we believe that controversies relating to them which give rise to local and sectional animosities and criticisms will retard the progress of our state and make probable the defeat of the very measures in which we are all vitally interested.

"That our loyalty to the state of Idaho as a whole and our interest in its general welfare prompt us to declare our entire confidence in the public officials of the state and nation under whose jurisdiction lie matters relating to reclamation of public lands, and pledge our hearty support to whatever projects they adopt, and whatever plans they believe should be followed."

# FULL-SIZED DERRICK HAS LIFTING POWER

Machine Being Demonstrated is But Working Sample of Regulation Machine

The tubular bay derrick being demonstrated in Twin Falls daily by J. M. Hill, inventor, is only a working model of condensed type, but not a full-sized derrick, as might be supposed from printed accounts of the apparatus. The regular machine weighs 1600 pounds and has a hoisting capacity of 3000 pounds to a height of 35 feet. The machine is of entirely steel construction and is said to be practically indestructible.

The machine, according to those who have watched demonstrations, is adapted to any sort of weight lifting. It picks up wagon boxes, or beet racks with ease. The boom and mast can be lengthened or shortened to meet requirements, the operations being carried out by one man, thus permitting passage under low wires. Several prominent Twin Falls business men are said to have become interested in the project of manufacturing the derrick in this city.

# TO MAKE CAMPAIGNS FOR CONVENTIONS

Twin Falls Chamber of Commerce Will Try to Procure Political Meetings

Committee chairmen were chosen at a meeting of the Twin Falls Chamber of Commerce last night to get busy signing up political conventions and others for Twin Falls.

C. A. Robinson was named head of the board vested with authority to procure the state Republican convention, and R. H. Stevenson in a similar capacity to get the state Democratic convocation. Each will name his own committeemen and is to begin functioning immediately.

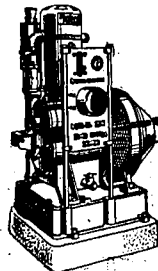

At last night's meeting the procuring of political conventions for Twin Falls was made the principal and most important theme. The fact was pointed out that this city is as amply able to care for renegade delegates as any other town in the state.

**THE NEWBERRY CASE**

Early developments in the trial of United States Senator Truman H. Newberry and his associates charged with violation of the Michigan state election laws, seem to have served the admirable purpose of throwing into clear relief the precise questions at issue.

It seems to be agreed as between opposing counsel that the decision in the case will be determined upon the simple basis of technical observance or disregard of the state and federal statutes limiting campaign expenditures.

Irrespective of whether or not the expenditures attributed to the Newberry campaign committee were necessary to obtain the defeat of Senator Newberry's widely advertised opponent in the race for the toga, the question seems to have resolved itself into a simple consideration of how much was spent in the interests of the senator's candidacy and whether or not such expenditure constitutes a violation of the law.

The court has ruled in the case that the federal corrupt practices act adopts that portion of the Michigan law which limits the campaign expenditures of a candidate to one-quarter of the offices' annual salary in the primary and to an equal amount in the election. In this case the total would be \$3,750 for the two elections.

The defense admits expenditure of a much greater amount on the part of Senator Newberry's campaign committee, but declares that it is prepared to prove that Senator Newberry himself spent not a dollar to secure his election.

The decision of the court with respect to whether or not the legal limitation applies simply to the expenditure of the candidate's money or to the expenditure of his campaign fund, thus becomes of paramount importance in the disposition of this case. The court yesterday declared that he was not prepared to answer this question.

If the court should hold that the limitation applies as against the expenditure of the campaign fund, the defense has indicated its purpose to introduce evidence showing that all expenditures in the interests of the Newberry candidacy were made in accordance with the Michigan law which prescribes certain objects as legitimate expenses of a campaign committee.

Obviously as the questions of law and of fact in the case become more clearly revealed it becomes certain that much of the earlier hue and cry attending the case is without semblance of justification.

It is to be expected that the case will be settled entirely upon its merits with respect to the law invoked.

Irrespective, however, of the final outcome of the case, the desirability of this legislation is a matter for thoughtful consideration.

**FOREST SERVICE PROPOSES A ROOSEVELT MEMORIAL TRAIL**  
HELENA, MONTANA, (AP)—In commemoration of the late former President Theodore Roosevelt's action in establishing the forest service, the state highway commission has designated as Roosevelt pass the pass over the Rocky mountains from Helena to Glacier national park. The route was announced here by the chief engineer of the commissioner. The forest service it was said, will be asked to construct the 100 mile of highway necessary to negotiate the pass. The main highway running east and west across northern Montana, extending on to the Pacific coast, is known as the Roosevelt Memorial trail.

**Experimentation with Minerals from Southern District Figures in Report**

MOSCOW, (AP)—Experimentation designed to effect a satisfactory separation by flotation of the lead and zinc in the complex ores of the Coeur d'Alene district, work on the treatment of gold-silver ores from southern Idaho, surveys of several promising mining districts and thorough-going investigation of the state's mineral resources in general are the more important topics dealt with by Dean F. A. Thomson of the University of Idaho school of mines in a report on the work of the state bureau of mines for the year which has been submitted to Governor D. W. Davis.

A major part of the activities of the bureau of which Dean Thomson is secretary, have been carried on since July 1, 1919, under a co-operative agreement between the university, the United States bureau of mines and the state bureau. The primary aim of the treatment in co-operation with the United States bureau has been the investigation of lead and zinc flotation processes. Laboratory tests along this line are being succeeded by large scale experiments in the mills of the Coeur d'Alone district. It results, already obtained in the laboratory, can be duplicated in the mills, it is declared, it is believed that a substantial contribution will have been made to the conservation of Idaho's mineral resources.

**CHARGES CONCILIATORS WITH BEING PREJUDICED**

Representative Blanton Says Labor Department Intervention Always in Favor of Strikers

WASHINGTON, (AP)—Six thousand strikes occurring during the war were settled in favor of the strikers, Representative Blanton, democrat, Texas, told the house yesterday, charging that the labor department always sent out conciliators who were prejudiced. He was opposing a deficiency appropriation to pay conciliators.

"If the executive in that department is crooked and we know it, we are not responsible when we continue to put funds in his hands," Blanton asked.

"I would not charge that the secretary of labor is crooked," Chairman Good, of the appropriations committee, interjected. "I served with him in the house. I would not make that charge."

"I thought he was a very able and straightforward man."

"You are not keeping up with his record in the labor department," Blanton retorted.

"An organized clique of 5,000,000 headed by Samuel Gompers is running the government," Blanton continued, adding, "Congress has always bowed to the dictator of the slaves of this country."

**"No Rheumatics" is a Mighty Poor Reason for Wearing a Wooden Leg**

NO sting or hot burnin' is a mighty weak-kneed recommendation for tobacco. But when tobacco is mild and cool, and yet as full of "fun" as a barrel of monkeys—well, that's another story—that's Velvet.

And 'cause why?

'Cause Velvet is brought up—not jerked up by the hair. It's raised as carefully as a favorite child. It's cured in the big fresh air. And it mellows away for two years in wooden hogsheads 'til it's smooth and rich as cream. The wonder would be if Velvet wasn't a whacking good pipe smoke.

"Let Nature mellow yo' tobacco an' that tobacco will shore mellow yo' nature," says Velvet Joe. And he's pretty nearly right.

NATURE-AGEING in the wood does more to make tobacco friendly than any camouflage you can cover it with—and don't you forget it. See, taste, smell, feel the "real tobaccoiness" in Velvet. Why, you can almost hear it. Velvet's the tobacco you can judge with your eyes wide open and specs on.

There's a whole lot in Nature's way of making good tobacco better. And it's all in Velvet.

Here's to a full pipe and a friendly one.

DEMPSEY'S BULK MAY DECIDE WHO CROWN GOES TO

Cochran, British Promoter, of Opinion Advantage is All with American

By JACK VEELOCK NEW YORK, (Special).—George Carpenter is the headiest fighter in the ring today. Take Charles Cochran's word for it.

What's more, Carpenter isn't under-rated. Jack Dempsey for a minute. He knows all about Jack and realizes what he will go up against when he faces the world's champion.

Cochran has nothing but praise for Carpenter. He admires the great Frenchman for what he is, but admiration has not gotten the better of the British promoter's judgment.

What the promoter has any thing resembling an advantage on his side in comparison to Dempsey. "Carpenter is the brainiest fighter in the ring," said Cochran recently, discussing the ability of the French champion with the writer. "He is a split second thinker and the keenest and most unceasing student of an opponent I have ever known."

"What the Frenchman doesn't know about fighting is not worth discussing. He's jolly well full of tricks and he has a manager who just as Carpenter was entering the ring with Beckett, M. Des camps, following his fighter, spied me at the ringside and held up two fingers with the remark that the fight would last no longer than two rounds. You know whether he was right or not."

"And don't think that M. Des camps is being carried away with any delusion that Carpenter, with his bright flash of success and popularity, is going to have things easy against Dempsey. Far from it. Carpenter is also aware of the kind of a fighter he will have to face. He has a very good idea of what Dempsey can do. He realizes that he is in for the hardest fight of his career and that he is attempting the seemingly impossible."

Beves he can win. If he did not think that he could win he would not have challenged Dempsey, much less have accepted the match when he branched it out after the Beckett fight. Winning means more to him than the money.

"Carpenter is a trifle light, but he is a remarkable boy. He weighed 160 lbs. when he went into the ring against Beckett, though we gave out his weight as 170 pounds. He is not like the English fighters at all. He learned to fight from American boxers who went to France when he was but a young fellow, and he uses American methods in the ring."

"Personally, I am inclined to think that his lack of weight will prove a handicap, probably too big a one. If he only carried more pounds he would be the ideal fighter of all time. He is a fighter from America, however, and he is going to the core. Make no mistake about that. His battles with Klaus and Papke proved his gameness beyond a doubt, and although he won both bouts, he never had a credit that he did for any of his victories because of the splendid courage he showed while taking punishment. You must not forget that at that time and no match for his experienced American opponents."

**HUEY TIES CAMPBELL** CHICAGO, (P)—W. B. Huey, Chicago, who is tied with W. O. Campbell, Chicago, for lead in the national amateur three cushion billiard tourney, last night defeated Arthur Newman, Brooklyn, present title holder, 50 to 49, in 98 innings. In the second game 1, J. Eagle of Boston won from C. E. Peterson, Chicago, 50 to 35, in 82 innings. Campbell and Huey will meet tomorrow night to decide the championship. W. B. Flynn, New York, defeated H. B. Kulus, Chicago, in the afternoon game, 50 to 48.

**BRITISH MAY OXIDE** LONDON, (P)—The Oxford and Cambridge university athletic clubs are considering the invitation extended by the University of Pennsylvania to enter their teams in the events at Philadelphia May 1. It is believed that they will send teams for the mile and four mile relay championships. The combined club teams in the events are the University of Pennsylvania, Harvard and Yale to send a joint team in July for a ten event sports meet, similar to the meet of 1911.

**OH YES, OF COURSE!** BOISE, Idaho, (P)—Ad Santel, light heavyweight wrestling champion, last night won two straight falls from Charles Puters, Nebraska's "wrestling shuffler." The first fall was won after one hour and a minute, and the second after 21 minutes 30 seconds. In such case Santel used the short arm scissors. Puters weighed in at 184 pounds and Santel at 182.

Brief Bits of Sport

The Kaiser fears assassin lurks on his trail, a headline says.

Wonder what Jack Dempsey is fearing just now?

The dry law is to be tested on March 8, says another headline.

Looks as though the dry law would soon be punched full of test holes.

Jack Dempsey's case is parallel to that of Les Darcy, former middleweight champion of Australia. Both attacked as slackers.

Darcy is dead, but we still have the Salt Lake messenger.

Nig Perrine, famed second baseman of the Chicago Cubs, has been engaged to manage the Idaho Falls team in the Eastern Idaho ball league.

Assemblyman Ross, sponsor of a boxing bill designed to put the mitt game on a legal basis, isn't strong for Dempsey-Willard-Johnson and that ilk.

Ross says: "Throw the heavyweight championship to the pugilistic scrap heap and the sport world will be better off. It won't have to contribute its hard-earned dollars to pay the combatants half a million to get them to fight."

Three jacks don't always comprise a winning hand. In instances there's Jack Dempsey, Jack Kearns and Jack the Unspasable Black.

At that Jack Kearns has a lot of trouble with his eyes. He handled Darcy and now has Dempsey.

Gunboat Smith, who has fought 'em both, says Jack Dempsey never has a better of Carpenter's caliber.

Now comes a Jap with an impossible monicker who says he can flop 'em all. We recall seeing one of the Japay Orientals on the mat with a red, white and blue rather than a hold her breath. The Jap was pitched headlong on the orchestra drum in the first 15 minutes.

Every valley in the country is stirred up over the prospect of an early opening of baseball play. They are all talking about organizing leagues.

All except Twin Falls, of course.

Sim Smiley, sugarbush sage, says: "Th' fellor what expects a ground-hawg to stick around all day looks 'nuff to me. He should turn a different system of expectin'."

John McCloskey—you recall Java, the Hawaiian who quit the oil business in Texas with the return of the robin and has signed to manage the Memphis club of the Southern league.

John should shut about as long with Memphis as Bill Hurley did with Great Falls in the Northwestern league some years back.

**DEMPSEY ASKS INVESTIGATION** NEW YORK, (P)—An investigation of Jack Dempsey's war record will be made at his request by the army, navy and civilian board of boxing control which announced Tuesday night that a committee had been appointed to consider evidence. The first meeting will be held February 10, it was stated, when it will be decided whether the champion will be asked to appear in person or submit a sworn statement.

The committee will include Alfred L. Marilly, counsel to the board; Major Anthony J. Drexel Biddle Jr., Dr. Joseph E. Lawrence of Princeton and John B. Smith, of the New Jersey boxing commission. Lieut. Col. Theodore Roosevelt declined to serve because of business duties.

# LABOR MEN ASK JOINT MEETING

Craft Workers Urge Commerce Club to Call Session with Employers' Board

A dozen men representing the various sections of building trades, appeared last night at an executive meeting of the board of directors of the Twin Falls Chamber of Commerce to state their side of the controversy developing through the action of the employers in declaring Twin Falls for open shop.

The delegation was headed by F. D. Turner, business agent of the building trades council, and E. W. Shanks, secretary of the council. Others present represented the craft bodies themselves.

Throughout the meeting was a particularly harmonious nature, but it was necessary for members of the chamber board to explain away a sentiment engendered and fostered among the union men that the chamber of commerce was opposed to labor unionism and organized to combat that element.

The meeting developed into an inquisitorial affair, each side conducting its own questioning in an effort to procure information. The labor representatives explained their positions as being uncompromising for the organization. Mr. Turner explained the nature of trades unionism and its purpose, declaring that without union workers were powerless to defend themselves in the field of industrialism.

Each of the various craft delegates spoke for his separate organization. There was no acrimony and no radicalism displayed. The chamber of commerce was asked to plan a meeting of committees of both labor and employers to discuss questions arising from the recent act of the employers, in an effort to harmonize differences. This meeting, if employers agree, will be held in the chamber of commerce rooms Thursday evening.

During the course of his remarks Mr. Turner explained the necessity of continuing a closed shop if the integrity of the unions is to be maintained.

# FORMER-ARMY MAN PLACED ON PAROLE

Guilt of Robbery is Admitted But Authorities Consider Culprit's Family

An ex-serviceman was yesterday arrested by Deputy Sheriff Robert Bolman on charge of robbery. Guilt was admitted when proof was presented. The culprit has been paroled without trial so that he can maintain his family, consisting of a wife and infant.

The man, according to county criminal officials, stole some tools and an automatic pistol from the Arthur Peay residence, and also took a Navajo blanket and a kodak from another residence of Riley Sisters. The goods have all been found and restored to the owners.

# WILL OPEN STATIONERY STORE IN BANK'S ROOM

O. E. Lewis Comes from Denver to Establish Meroantile House in Twin Falls

O. E. Lewis, of Denver, arrived here yesterday to make his home in Twin Falls. Mr. Lewis with W. E. Weyrauch of Austin, Colorado, will open the Twin Falls Book & Stationery company store in the room now occupied by the Idaho State bank probably about March 1 when the bank expects to move into its new quarters in the Baugh building.

Mr. Lewis states his stock is all purchased and that most of it is already here. The room which the new concern will occupy will be 35 to 35 feet when the bank expects to move into its new quarters in the Baugh building.

# FALLS IN SHAFT, BACK IS BROKEN

T. M. Atkin, Aged Man, Seriously In Accident at Corcoran House

Falling ten feet down an open elevator shaft at the Corcoran Rooming house, corner of Second avenue south and Shoshone street, T. M. Atkin, proprietor of the house, sustained serious injuries. The sufferer is now a patient at the county general hospital.

The accident occurred, according to information obtained at the Corcoran house, shortly after 6 o'clock last night. Mr. Atkin sustained a dislocation of the vertebrae. It is said that two small bones in the back were broken.

Mr. Atkin, it is stated, had operated the freight elevator at the bank end of the main hall of the house from the second floor to the first floor and there left the lift going to the street from a side door. Later he returned to the second floor by the front stairs, and shortly afterwards sought the services of the elevator to go to the basement. It is understood he failed to turn on the light at the end of the hall and accidentally forced it to had run the hoist shaft falling a distance of 10 feet to the floor of the elevator, where he was found unconscious.

While Atkin's condition is serious it is not regarded, necessarily, as precarious. He is somewhat more than 60 years of age and not of robust physique.

# Figure Fiends Say This Month Is Very Queer

FEBRUARY, 1920, is, historically speaking, a queer month.

It is the shortest month in the year and still has more Sundays and holidays than a lot of longer ones.

For example there comes first Groundhog day—that's a gambol (not gamble) for the mammoth and the folks; then comes St. Valentine's day, Lincoln's Day and Washington's day. All more or less holidays.

Besides there are five Sundays in this February.

It is the first February of such distinctive remarkability since the year 1880, and there will not be another like unto it until 1949, and we are some historical statisticians, eh, well!

And, in conclusion, it's leap year.

Some year all around.

By the way the prognosticator pronounced: "Tonight and Thursday fair." Fity for top-yesterday; 20 low last night.
