## WILSON APPROVES DEMOCRATIC RESERVATIONS TO PEACE TREATY

### BRITISH CHANGE OF STAND ON EXTRADITION DISMAYS FRENCH

### GERMANS REGARD DEMAND PRELUDE TO ALLIED MOVE

### Parliamentary Leaders in Berlin Skeptical in Regard to Seriousness of Call for Extradition

BERLIN, (AP)—Twelve admirals, two high sea fleet commanders, thirty U-boat captains and numerous other active officers of the German navy are included in the list of Germans whose extradition is demanded by the allied powers. The names of virtually all the officials on the naval home and high sea staffs are found in the list.

Admiral von Miller, chief of the secret naval cabinet, among those named, was permanently attached to great headquarters, where he was counted among former Emperor William's most confidential advisers. In addition the allies demand Admiral von Tirpitz, Admiral von Capelle and Admiral von Trotha, who were successively secretaries of the navy.

London Bombers Overlooked  
Commander Booker is an aviator who attempted a sensational Zeppelin flight to the German colony in the heart of Africa. Officially unable to obtain the necessary clearance for the names of the Zeppelin commanders who bombed London, in view of the fact that naval officers were demanded chiefly by England.

### LANE DESIGNS FROM CABINET

### Leaves Post of Secretary of Interior After Twenty Years in Public Life

WASHINGTON, (AP)—Secretary Lane of the department of the interior, has placed his resignation in the hands of President Wilson. It became known some time ago that the secretary contemplated leaving the cabinet when it was convenient for the president to replace him.

Secretary Lane's resignation is effective March 1.  
President Wilson has accepted the resignation and has held many posts, beginning with local office in his home state of California. It has been a matter of common agreement among politicians for some time that he would be a presidential possibility were it not for the fact that he was born in Canada.

### Advices Point to Disposition on Part of England to Modify List of War Offenders to Mollify Germany

### MILLERAND FOR DELAY IN RHINE EVACUATION

PARIS, (AP)—Antoniades has been called to French cabinet by change of attitude of the British government regarding the extradition of Germans accused of violations of the laws of war.

# GERMANS FILE MANY CLAIMS FOR DAMAGES

## Demand for More Than 5,000,000 Marks from American Army of Occupation Pared to 250,000 by Adjustors

AMERICAN HEADQUARTERS, Cologne, Germany, (AP)—Claims for damages to street, buildings, farms and other individuals, all reported to have been done by American soldiers or American equipment of some kind since the army of occupation reached the Rhine, aggregated something more than 5,000,000 marks. Those allowed total approximately 250,000 marks. Many claims are unique and some without any justification.

A woman who contended that her facial appearance had been marred for life, owing to cause caused by flying glass due to an explosion at an ammunition dump, sent in the modest claim for 250 marks. It was allowed.

Another woman, whose husband had been killed by an American military policeman who was in the habit of drinking of contraband liquor, submitted a claim to the Americans for 250,000 marks, contending that her sole support had been taken from her. The American committee rejected the claim, but she was killed by the American soldier who was acting within his rights in line of duty. The claim was disapproved.

Some of the claims were humorous. Last summer the Eighty-ninth division lost a goat for a circus at the headquarters. Recently a claim was filed with the American army for making damages to the contention that the health of the goat had been injured. This claim was pigeonholed.

A Rheinland farmer recently demanded five marks for a hen he alleged to have been stolen by an American soldier. An army commission heard the case, and threw out the claim on the ground there was no evidence to show that an American had committed the theft.

# EGYPTIAN DENIES THREAT AGAINST M. CLEMENCEAU

## Delegate to Peace Conference Says the Former French Premier Will Receive Cordial Welcome

PARIS, (AP)—Telegrams threatening former Premier Clemenceau in case he did not attend the peace conference in Egyptia deluged him, according to Said Zagouli Pasha, head of the Egyptian mission to the peace conference. "Before his departure M. Clemenceau received his most cordial welcome," said Zagouli Pasha in an interview published in the Temps, "and assured me he was going to Egypt as a friend of that country. It is not enemies who compelled the peace conference to insert in the treaty of Versailles a clause recognizing the British protectorate over Egypt, M. Clemenceau remains a sincere friend of Egypt."

The Egyptian people, the interview says, will be most cordial in their welcome of the "tiger."

# RAILROAD ACTIVITIES STAND STILL IN MEMORY OF RIPLEY

TOPEKA, Kan., (AP)—For a period of five minutes tomorrow all activities on the Atchafalaya, Topeka and Santa Fe will stop as a tribute to E. P. Ripley, for many years president of the Santa Fe, whose funeral services will be held tomorrow at 12 o'clock at Santa Barbara, California. The period will be 12:00 to 12:05 on the coast line; 1:00 to 1:05 on the western lines and 2:00 to 2:05 on the eastern lines whose eastern termini are Chicago. The order was issued at the general offices of the Santa Fe here today.

# EXPECT DECREASED COSTS WITH EXPORT SUSPENSION

MONTREAL, (AP)—A sharp decrease in the cost of living was predicted today because of the virtual suspension of exports resulting from the high rate of exchange. Canadian exporters have on their hands large quantities of food-stuffs designed for shipment to foreign countries and the only markets left for them are those in the dominion.

# PASSPORT COST BOOSTED BY PENDING LEGISLATION

## Visa Fee Increased to Ten Dollars by Provision Written Into Diplomatic Appropriation Bill

WASHINGTON, (AP)—The passport visa fee would be increased to ten dollars by a provision written into the diplomatic appropriation bill yesterday by the senate foreign relations committee. The present rate is one dollar and committee members estimated that the increase would bring in \$3,000,000 annually.

As reported to the senate the bill carries \$9,441,000 compared with \$8,843,000 when it passed the senate. When it passed the house, \$50,000,000 had been added for salary increases for embassy and legation clerks, \$100,000 for expenses of foreign missions and \$140,000 for purchase of an embassy building in Chile.

# TREE PLANTING FIGURES IN PLANS FOR MEMORIAL

## Rotary Club at Tampa, Florida, Purposes Unique Experiment in Honor of Service Men

WASHINGTON, (AP)—The first Rotary club in the country to report plans for a fund of Remembrance to the American Forestry association, which is registering all memorial trees in a national honor roll, is the organization at Tampa, Florida. At a cost of \$7,000, a tree will be planted along the West Coast road for every man in the service from Hillsborough county.

At Middle-town, Ohio, the Welfare association will plant 1,000 trees along the Dixie highway, and at Chattanooga the National League for Women's Service will plant a Road of Remembrance leading out of that city. In Minneapolis a Band of Remembrance between two parks is being laid out now and the trees will be planted in 1921. The Woman's club of York, Pa., will plant twenty-five miles of the Lincoln highway with memorial trees.

# MEXICO PLANS EXTENSIVE STUDY OF FISHING INDUSTRY

JUARIZ, Mexico, (AP)—The Mexican government has plans for an extensive study of the fishing industry of the country, according to a report received by Edward A. Bosz, American consul here.

As a result of the decision to further the fishing industry, new laws will be promulgated, it is said. There are many kinds of fish in the west coast waters of Mexico, and it is believed that if capital is induced to invest in the industry considerable returns will result.

The question of pearl fisheries is being given preference in the government's study of the question.

# OFFICERS ARE ARRESTED FOR FIUME CONSPIRACY

## Capture of Boat Carried Pay for the Troops and Intrigue with Submarine Commanders Charged

BARI, Italy, (AP)—Naval Lieutenant Augusto Testi and Giovanni Trenton, a naval engineer, have been arrested at Brindisi for having tried to induce the commander of an Italian submarine to take his craft to Fiume.

They are also accused of having captured and taken to Fiume the steamer Taranto which was carrying about 2,000,000 lire in gold destined for Italian troops in Albania. A pretty 20-year old girl also was arrested and is believed to have been their accomplice.

Investigations were conducted on the two men seeming to indicate their responsibility for the alleged crimes.

# VIENNA SPEEDS COURT'S DEALING WITH PROFITEER

## Mobile Tribunals are Established to Expedite Trials in Cases of Illegal Price Fixing

VIENNA, (AP)—Mobile courts have been established here to expedite the trial of persons charged with illegal pricing of food-stuff articles. They consist of three members, one a merchant or business expert, and if the verdict is unanimous there is no appeal.

The regular courts are so congested with cases of this character that the calendar never could be cleared. A serious result of this delay was shown in a case tried the other day. The merchant was charged with overpricing last June. In the trial his counsel showed that the article in question now sells for five times more than the price he then asked.

# APPROVAL FOR FOREIGN LOAN MEASURE INDICATED

WASHINGTON, (AP)—Approval by the house ways and means committee of the proposal to fund the 10,000,000,000 of American loans to foreign countries and to defer collection of interest for not more than three years was said to have been indicated today at an executive session of the committee. Final decision was deferred, however, until next week.

# Densely-Populated Countries.

Egypt proper is the most densely populated country of the world, with 1,067 persons to the square mile. Saxony is next with 530, Belgium third with 652, England and Wales next with 618 and Holland next with 535. For the whole Germany the number is 510, while the United States has only about 35 persons to the square mile, Canada two persons and Australia 1.6.

# SERBIA FULL OF CRIPPLES

## British Surgeon-Says Many Could Be Restored by Modern Methods

LONDON, (AP)—Sir John Lynn-Thurston, the widely known ophthalmic surgeon of Cardiff, who returned recently from Serbia, says the land is filled with cripples, many of whom could be cured or improved if modern ophthalmic methods were available.

The state of the wounded and disabled soldiers of Serbia is said to be pitiable. These men are without the simplest appliances and the country lacks surgeons with the requisite knowledge of new methods. The Serbian Red Cross society in Great Britain invited Serbian surgeons to come to England and study British ophthalmology.

# MEXICAN OIL PRODUCTION SHOWS HEAVY DECREASE

MEXICO CITY, (AP)—Petroleum production in Mexico decreased for the 10th year during the last two months of the year 1919, according to government statistics, which assign the closing of many wells, especially by Americans objecting to legal restrictions, as the cause. Eleven of the wells which have been closed were opened during the early days of January.

# BARBARY COAST IS ONLY MEMORY

### Disappointment in Store for Visitors to San Francisco Expecting Thrill

SAN FRANCISCO, (AP)—Those who may come to San Francisco at the time of the democratic convention the latter part of June with the expectation of seeing a thrill by visiting the "Barbary Coast" will be disappointed.

Many of the resorts, celebrated in story and verse as the scenes of desperate adventures, where cheap boarding-house operators, commonly known as "cripps," freely ply their trade of smuggling saloons for unscrupulous sea captains, are permanently closed. Others have but the name of the places that once flamed with color, music and revelry.

Long before national prohibition was generally considered a possibility, "Barbary Coast," a section of Pacific street extending back from the bay front a half dozen blocks to what Chinatown touches the Italian district, had been rendered innocuous by the prohibition of the sale of liquor in the long row of dance halls there.

The main artery from this district to Market street, San Francisco's principal thoroughfare, is Kearney street, where, once it is declared, within an hour, enough reckless spirits could be picked up to start almost any sort of desperate riot. Now Kearney is one of the quietest and most respectable of business streets.

### PHOTOGRAPHS SEEN WITH HORNS LOCKED IN DEATH

COLUMBIA FALLS, Mont., (AP)—C. A. Robinson, deputy game warden, has brought in from the hills a photograph of two buck deer who fought, with horns interlocked, until death came. Mr. Robinson found the pair in an obscure glade. The earth all about for some distance was torn up, and the battle evidently had lasted a long time. The bucks were large and powerful and their antlers were so interlocked that they could not be separated.

### PATHFINDERS TO MAINTAIN GYGGERS TO GLACIERS ROAD

HELENA, Mont., (AP)—The Gyggers and Glaciers Trail association has decided to install a system of co-operating pathfinders, located in each county through which the highway passes, whose duty it shall be to see that the road, which runs from Yellowstone National Park to Glacier National Park, is kept in the best of condition.

The pathfinders also will assist tourists and will co-operate with county commissioners and county clubs in extending every courtesy to those using the trail.

### MISSOULA WILL REPORT ON CONDITION OF ROADS

MISSOULA, Mont., (AP)—The chamber of commerce here announces that Missoula has been named as one of six Montana cities to send out reports on road conditions in the state. The first report was made on January 16, and from this time such reports will be issued from the chamber of commerce here every Friday to all weather bureaus north of Chicago.

### "Cures" for Rheumatism.

Rheumatism is perhaps a disease which affects more people on this earth than any other complaint, and the writer agrees that a sample is ample. But the number of recommended "cures" embracing the common Glauber's salts and the costliest drug, still seem to leave some sufferers to the annoying ache, a writer in London Answers states.

### NICHOLAS PLANS COUP TO REGAIN HIS THRONE

Deposed Ruler of Montenegro Holds Sympathy of Albanians in Political Move

PARIS, (AP)—King Nicholas, who has remained at the head of the royal Montenegrin government in spite of the fact that he was ousted by the national assembly of that country, is understood to be in Albania preparing for a coup which may restore him to his throne and country.

The former king has not been able to reconcile himself to the absorption of Montenegro by the new Yugoslavia, and reports from Soukai say the Albanian Montenegrians are sympathetic to his cause. Albanian territory is now occupied by Italian troops who are said to be favorably disposed toward King Nicholas through the fact that he is father of Queen Helena.

### ALASKA MAKES REQUEST OF CONGRESS FOR LAWS

### Five Items of Legislation Asked for Development of the Territory

SEATTLE, Wash., (AP)—Five big items are on a list of legislative enactments Alaska is going to ask of congress, Governor Thomas Higg, Jr., of Alaska, said recently when he passed through Enroute to the national capital to present the northern territory's request to Washington.

The five items are: 1. Grant a bonus to gold miners. Alaska claims that everything has gone up in price except gold itself, and prospectors will not search for the metal unless it will buy more for them. 2. Pass the pending oil and coal leasing bill. Passage of the bill, it is claimed, will enable development of Alaska's oil fields.

Open the national forest reserves for pulp mills. Billions of feet of good pulp wood stand on Alaska's two big forest reserves. Pulp and paper men will not establish mills on the reserves, however, until laws are passed which would give them title to the land.

Regulate the salmon fishing industry. Alaska's big industry, salmon fishing, is rapidly becoming a thing of the past, and unless the fishing is conserved the silver herds of the north will be gone within a few years, it is claimed.

Establish a federal constabulary. Alaska wants a federal constabulary on the order of the state police of Pennsylvania. At present a few United States marshals have the big task of preserving peace in almost the entire northland.

Look to the ads for light on your buying problems.

### DEMOCRATS GIVE HER PLACE OF HONOR

Miss Mary Foy of Los Angeles, is one of the two women recently appointed a member of the Democratic national executive committee on arrangements, the other woman member being Mrs. George Bass. This is the first time in the annals of American politics that an woman has been appointed to an important committee in any political party.

### CONTRADICTORY BIRD MOVES PUZZLE WEATHER SEARPS

RIVERSIDE, Cal., (AP)—Local weather searps are puzzled. Their signals are crossed. A few days ago the southward flight of a flock of wild geese brought forth confident predictions of a cold wave. The next day a dense robin red-breast, harbingers of spring, arrived.

### FIREMEN USE GAS MASKS

### LONDON IS FEARFUL OF VOCABULARY CORRUPTION

### Inursions of American Slang Give Britons Cause for Alarm

LONDON, (AP)—England is apprehensive that the vocabularies of her youth become corrupted through incursions of American slang.

Trans-Atlantic tourists in England note with interest the frequency with which resort is made to "Yankee talk" by British song and play writers seeking to capture their productions. Bands and orchestras throughout the country, when playing popular music, play American selections almost exclusively. American songs monopolizing the English music-hall and musical comedy stage.

It is the sub-title of the American moving-picture film which, it is feared, constitutes the most menacing threat to vaunted British purity of speech.

"The child at the pictures is picking up a new language from the slangy American films," says a critic in a contribution to the London Daily News headed "The Vulgar Tongue."

"I visited two picture-theatres today for the express purpose of collecting slang phrases and noticing the effect of the new language on the child as well as on the adult. What the villain said to the hero when the latter started to argue with him was 'Get out that dope,' and a hundred piping voices repeated the injunction. The comic man announced his marriage to the Belle of Lambington by saying, 'I'm hitched.'"

"Of course, the American child can comprehend these things much better than the British child, who is quite unfamiliar with such phrases. Imagine a child going home to mother and asking the meaning of 'fly cop.' We may admire the tenacity of the phrase 'Forget it,' but does the sub-title 'The Bum's gone stuffy' convey anything to a theatre full of cockneys?"

"In another picture a man trafficked severely with Indians, exchanging bottles of 'fire water' for heavier skins; it was sub-titled 'The Bootlegger.'"

QUINTET PLAYS ITS BEST GAME OF THE SEASON

Twin Falls Defeats Oakley in a Decisive Fashion on Home Floor—Score 66-23

By playing the best all-around game of the season, Twin Falls high school's basketball team decisively defeated the Oakley high school quintet last night, 66 to 23. The victors played a fairly good game but were outclassed by Nat. Zigler's men, who are beginning to show real form.

The locals started the scoring and kept it up, never losing the lead to Oakley. At the end of the first half the score stood 25 to 13. In the second period both first teams made much stronger and played better ball, but Twin Falls outpointed the visitors all through the game. The victory means something in the locals, since Oakley has won from both Rupert and Burley who have each taken a game from Twin Falls.

If the local bunch keeps up their fast stride of the present there is no doubt that they will meet Burley on its own floor toward the close of the season, and Rupert is in for a tough time when it comes here next week.

The team play of the local men caused much comment among the spectators, though some of the players did good individual work. Newman did some fast work all through the fray and was rivalled by Taylor, who played a good offensive and defensive game. Krengle had a good eye for baskets and Carter showed his usual good form.

Two wrestling matches and one boxing bout were staged by the school athletic club during the evening. Hodges and Reynolds wrestled 12 minutes to a draw. Hogg and Nicholson put on a 6-minute wrestling affair which also ended in a draw. In a fast three-round boxing contest Day and Irwin did good work, but the decision was a draw. Day had somewhat the advantage of Irwin.

A girls' team from the junior class played a mixed school quintet before the main melee, which ended in a victory for the juniors.

The line-up: Oakley: Stevens, center; Whittle and C. Stevens, forwards; Thurber and Butler, guards. Twin Falls: Carter and King, centers; Newman and Krengle, forwards; Hertz and Taylor, guards. Field goals: Oakley—Whittle 5, Stevens 1, C. Stevens 5, Thurber 4. Twin Falls—Carter 5, Newman 6, Krengle 10, Taylor 4, King. Referee: Robey.

WOMEN OF BAPTIST CHURCH ARE COMING

Today's Markets

New York Exchange NEW YORK, (AP)—The week end session of the stock market was attended by alternate periods of strength and heaviness, many substantial gains prevailing in the final dealings. Advances of 1 to five points at the outset again originated mainly from short covering, but a moderate reaction in foreign exchange afforded an excuse for the exercise of fresh pressure, speculative issues reverting their early course by 1 to 4 points. Buying later of high priced motors, steels, equipments, oils and shippings, more than restored most losses.

The closing was strong. Sales approximated 450,000 shares.

Liberty Bonds NEW YORK, (AP)—Final prices of Liberty Bonds today were: 3 1/2's \$97.75; 4's \$98.00; second 4 1/4's \$90.25; third 4 1/4's \$93.40; fourth 4 1/4's \$90.30; Victory 3 3/4's \$97.80; Victory 4 3/4's \$97.85.

Grains and Provisions CHICAGO, (AP)—Prospects of enlarged receipts had a bearish influence today on corn, and so too did assertions that the federal reserve board was opposed to speculation on margins. On the other hand, higher quotations on huge tented somewhat to handicap would be sellers of corn. Absence of aggressive support appeared to be the main characteristics of the corn market.

On the wheat market, higher quotations on 1-4 decline to 1-2; advance, with May \$1.20 3-4 to \$1.31 3-8 and July \$1.27 1-4 to \$1.27 3-4, were followed by a moderate general setback.

Estimates that arrivals of corn here Monday would total 500 to 600 cars brought about further depression in the late dealings. Prices closed heavy, 1 3-8 to 3 1-2 net lower, with May \$1.29 to \$1.29 1-8 and July \$1.25 7-8 to \$1.25.

Corn weakened with corn. After opening 1-8 to 5-8c up, including May at 77 1-4 to 77 1-2c, the market underwent a decided sag.

Sharp upticks in the hog market gave strength to provisions. On the advance Monday, one of the big packers was a free seller of lard.

Cash Quotations CHICAGO, (AP)—Corn No. 2 mixed \$1.40, No. 3 yellow not quoted; No. 3 yellow \$1.40 to 1-4 1-2; Oats No. 2 white \$4 to \$4 1-2c; No. 3 white \$2 1-2 to \$3 1-2c; Rye No. 2 \$1.40; Barley \$1.20 to 1.44.

Timothy seed \$1.00 to 1.45. Clover seed \$45 to 50. Pork nominal. Lard \$19.20 to 20.45. Ribs \$17.50 to 18.75.

On Chicago Livestock CHICAGO, (AP)—Receipts 3,000; 50c higher; bulk \$14.55 to 14.85; top \$15; heavy \$14.20 to 14.75; medium \$14.35 to 15; light \$14.40 to 14.90; light \$14 to 14.60; heavy packing sows, smooth \$12.50 to 14; packing sows, rough \$13 to 13.50; pigs \$13 to 13.50.

Cattle receipts 1,000, compared with a week ago; best beef steers weak to 25c lower; others 50 to 75c lower; best sheepstock \$1 to \$2.25 lower; others 25 to 75c lower; canners 25 to 50c lower; calves \$1.50 to \$3 lower; feeders 50 to 75c lower.

Sheep receipts 3,000, compared with a week ago; lambs and yearlings 75 to \$1 lower; best ewes 25c higher, others steady; 2 1/2c lower; wethers mostly steady.

Omaha Livestock OMAHA, (AP)—Hog receipts 1,700; market active, 35 to 50c higher; top \$14.25, bulk \$13.50 to 14.10; heavy \$14.25 to 14.15; light \$14.25 to 14.15; light weight \$13.85 to 14; light \$13.50 to 13.85; heavy packing sows, smooth \$13.50 to 13.85; packing sows, rough \$12.50 to 13.50; pigs \$12.50 to 14.25.

Cattle receipts 200, compared with a week ago; beef steers \$1 to \$1.25 lower; butcher cattle 75c to \$1 lower; canners and cutters 25 to 50c lower; light veal steady, others lower; heavy feeders fully \$1 lower, other classes 25 to 50c lower.

Sheep receipts 200; lambs \$1 to \$1.25 lower; sheep 50c lower; feeding lambs 75c to \$1 lower.

Chicago Provisions CHICAGO, (AP)—Butter casings, creamery 50 to 60c; eggs lower; receipts 5,202 cases; firsts 53c; ordinary firsts 45 to 50c; at mark cases included 50 to 62 1-2c; poultry alive, unchanged.

Kansas City Provisions KANSAS CITY, (AP)—Creamery butter unchanged; packing 1c lower, 37c; eggs, firsts 3c lower, 61c; case lots 85c; lower, 16 1/2c; poultry unchanged.

Deaths

Funeral services for the late George M. Dow will be held tomorrow afternoon at 2 o'clock in the First Methodist church, the Rev. A. O. Bennett, in charge of the first section of the rites, delivering the funeral address. This will be followed by Knights Templar ritualistic services at the church.

Knights Templar will meet at the Masonic temple auditorium at 1 o'clock and will march to the church. Members of the Eastern Star will meet at the M. L. Dinkelacker residence at 1:30 and from there proceed to the church. Elks will attend the service and accompany the casket to the grave.

During the early section of the services at the church a mixed quartet, composed of Mrs. O. P. Duvall, soprano; Mrs. J. E. Byers, contralto; Harry Barrett, tenor, and Einar Olson, basso, will sing appropriate selections. Burial will be in charge of J. E. DeWitt.

Announcement!

In these days of extremely high prices, are you interested in the idea of starting a Rochdale co-operative store? The real center of the Rochdale plan, which has been so successfully carried out for many years in other places, is the return of all net profits above expenditure and interest on stock to the patrons in proportion to the amount of business they have given to the store. The Twin Falls County Farmers' Association unanimously think that the time has arrived to start this movement, and upon the suggestion of the Department of Agriculture are sponsoring the movement. At two recent meetings of farmers held in Twin Falls some \$10,000 was pledged, the general opinion prevailed at both meetings that at least \$50,000 should be collected before making a start.

Do you believe that we could, as farmers deal collectively for our Groceries, perhaps Shoes and Clothing, Hardware, Lumber, Twin Sacks, Coal, etc., and thereby make a saving, through collective bargaining?

Do you believe that such a store could help us as farmers in selling some of our products to better advantage?

If so, are you willing to do your bit to start the ball rolling?

Are you willing to buy stock at 10.00 a share and not more than 10 shares, the same to draw the legal rate of interest providing enough shares are sold to assure its success from the start?

If so, sign the attached coupon stating the number of shares you would like to have. In order to get this store started we must act quickly, as many as possible must take the limit of 10 shares.

At any rate, please sign the coupon and let us know what you think of the plan. JOHN E. WHITE, Secretary

FILL IN AND RETURN THIS COUPON TO DR. JOHN E. WHITE, SECRETARY, P. O. BOX 417, TWIN FALLS.

I am interested in what the Twin Falls County Farmers' Association is doing to establish a Rochdale Co-operative Store in Twin Falls and am willing to do my bit.

I will buy \_\_\_\_\_ shares of stock, par value \$10.00 per share, the same to draw the legal rate of interest at 8%, conditionally upon the necessary amount of money being raised to assure its success. Signed \_\_\_\_\_

N. B.—Take the limit, 10 shares, if you can possibly do so, to insure quick action. Get your neighbor to do likewise.

AMERICAN MARINES INTERVENE AGAINST JAP INTERFERENCE

LONDON, (AP)—American marines at Vladivostok intervened when Japanese soldiers attempted to prevent revolutionary troops from capturing General Rozanoff, Russian governor general when the city was taken by the Reds, according to a Vladivostok dispatch to the Mail. The message, which was dated last Sunday, stated General Rozanoff finally escaped and took refuge on a Japanese cruiser in the harbor. Describing the capture of the city, the correspondent says the first revolutionists entered by stealth, seized the street railroad and used the cars to carry them up the main street to the house occupied by General Rozanoff. When they tried to enter the building the Japanese blocked the way, but the officer of an American marine detachment announced he would not permit interference. The Japanese then withdrew and all foreign forces observed a neutral attitude subsequently.

SALMON RIVER SETTLERS

The Salmon River Settlers' association is prepared to defend against foreclosure, instituted by the Salmon River Company interests, all settlers who are now or will become members of the Association. All persons not now members may become such by paying the last two assessments, fifty (50) cents and twenty (20) cents per acre, to defray the expenses of litigation. An arrangement has also been made whereby the settlers' attorney, J. E. Bothwell, will handle any counterclaims for damages that the settlers' defendant may have against the company. This annual election of officers will be held Friday, March 5, 1920, as follows: For Townships 11-15, 11-16, 11-17, at Berger. For Townships 12-15, 12-6, 12-17 and 13-16, at Hollister. For Townships 14-15 and 14-10, at Rogerson. RAY M. BEAUCHAMP, Secretary.

Are You Going to RAISE WHEAT?

I have two samples of wheat on my desk. One was raised at Goose Lake on land that cost me \$85.00 an acre; \$1.25 an acre for water, and 40c an acre taxes. I got \$2.01 a bushel and the yield was about 40 bushels an acre. The other sample was grown on land at Castledale that I value at \$300.00 an acre; \$3.00 an acre for water, and \$2.00 an acre taxes. The yield was about the same as the other, but I got 26c a bushel less for the same grade of wheat. Let me tell you more about this proposition.

Go ahead and have a good time

If you can get any thrills out of thinking that you can buy a good suit of clothes for twenty-five dollars—go ahead and have a good time.

But before you put your aspiration into action just look around and count the men who thought they could corner the stock market.

Thirty-five dollars is the very least you ought to pay for a suit this season—Forty dollars is better and Fifty is more like it if you expect to like it, wear it, and have it wear you.

At the above mentioned prices we show assortments of fine suits above the average.

Under Thirty-five we have nothing to say and if we did it wouldn't be worth talking about.

**ALTERED VIEWS**

According to Senator Hitchcock, the leader of the senate forces lately called in the light to obtain ratification of the peace treaty and league of nations covenant without reservations whatsoever, conversing with Lord Grey, sometimes representative of the British government in the United States, revealed the distinguished diplomat's opinion that "the only reservation which concerned his country directly was that which declared that the United States would not be bound by any decision or election in which the colonies cast separate votes."

So far as Mr. Hitchcock's testimony shows there was not one word in Lord Grey's conversation to indicate that Great Britain would interpose any objection to any of the proposed reservation—not even that with respect to article ten which the president declared would "cut the heart out of the covenant"—and in regard to the reservation mentioned in this interchange of opinion, according to Mr. Hitchcock again, Lord Grey said that it would not affect the mother country but he thought "the colonies might strongly object at having their voting right thus attacked."

Statements made by Lord Grey since his return to England confirm the belief that Great Britain, at least, will interpose no serious objection to any of the reservations now proposed as requisite for American ratification of the treaty.

Necessarily Lord Grey's statements with respect to the American attitude toward the treaty must be tinged with a considerable amount of explanation, heretofore lacking in England, upon the status of affairs in the United States during the past several months.

Necessarily these explanations must effect a radical alteration in the estimate of the American attitude as held abroad, and it is inevitable that the impression of this matter cultivated by the president while a foreign visitor must suffer.

But it is not a question of the situation in which this new state of affairs may leave any one person that matters; particularly now, while the readiness with which other nations voice will

**STATE'S BUREAU PLANS CONTROL OF FRUIT PESTS**

**Extensive Preparations Made for Eradication of Orchard Diseases**

The State Department of Agriculture through its bureau of plant industry, has perfected extensive fruit pest control plans which are now in effect. The state has been divided according to the commercial fruit production as shown by car lot shipments. The district under the supervision of an inspector is sufficiently small that close supervision of details is possible by the inspector pertaining to each orchard in his district. The sum of \$13,000 of the Bureau of Plant Industry is being used for pest control for the spring and summer months. In localities where no commercial orchard exists and where no attempt is made to spray or no interest shown in the fruit industry it is not deemed advisable to employ the funds of the department in the work of pest eradication. Each inspector is responsible for

pest control in his district. Beginning February first, aid will be given by the inspector to proper pruning in order to have this operation completed before the spray season begins. The growers are informed of the necessity of securing spray material early to make sure of having it use the proper time. They are being urged also to repair spray machinery and equipment or to buy new equipment if necessary. Contract or commercial spray men can not spray all the orchards at the right season, hence it is therefore necessary that more individual orchard owners secure their own equipment and see to their own spraying.

Insect control consists of three outstanding points. First: Proper work of application. Second: Proper time of application. Third: Thorough work in applying. An Insect Control Poster showing the life history of the Codling moth, San Jose Scale, Peach Twig Borer, and Red Spider, and giving the spray material to use and time to spray may be secured from the district inspector or from the Bureau of Plant Industry, Boise.

It is the duty of each inspector to give all possible aid to fruit growers of his territory in all orchard operations, but he is charged especially with the enforcement of the horticultural law which compel pest control work to be done. The neglected orchard or plants which are a source of public nuisance to fruit growers' aggregate protection will be sprayed or eradicated by the state. Information will be appreciated by inspectors of such existing public

nuisances in order to facilitate the work and give the greatest efficiency toward pest control of the district. Through the cooperation of all earnest fruit growers the department of agriculture is expecting an unusual clean fruit crop for 1920, and this can be secured by all growers controlling his own pests and assisting the department in enforcing the horticultural laws. J. A. Waters has been chosen inspector and will have charge of control operations in this county.

**DELCO-LIGHT**  
Increases Farm Efficiency

Fifty thousand Delco-Light plants in operation on American farms are saving at the most conservative estimate, an hour a day each—or over 18,000,000 work hours a year. That is equal to an army of 60,000 men working ten hours a day for a full month.

Delco-Light is a complete electric light and power plant for farms and suburban homes. It furnishes an abundance of clean, safe, economical light, and operates pump, chum, cream separator, washing machine and other appliances. It is also lighting rural stores, garages, churches, schools, army camps and railway stations.

**Soft Water**  
and Your Bill for Wearing Apparel

The sum you pay annually for wearing apparel is determined by a number of factors. Of these factors, water is one of the most important.

If soft water is employed in the washing of your things they will wear much longer than will be so if hard water is used. It is for this reason that we employ soft water when we do your family washing.

Most water is hard. The hardness of this average water is about ten degrees.

If soap is added to this hard water, a scum is formed. It is this scum, usually, and not soil from the body, which makes that familiar "ring" that forms in the bathtub.

When clothes are washed in this hard water, this scum fills the pores in the weave and gives to fabrics a gray hue. To remove this grayness, the laundress must use a very large quantity of soda. Also, she must rub harder than is good for the clothes—your bills for what you wear are increased.

But if this hard water is filtered in a special way—a way that was invented by Dr. Robert Ganz—it becomes just as soft as rainwater.

We use this Ganz method to make our own "rainwater"—we soften every drop of water in which your things are laundered.

Clothing washed in this filtered water becomes quickly clean with the help of a minimum amount of soap and a simple process of soaping and rinsing—apparel lasts longer and your bills for what you wear are lessened.

Could any method be more saving of clothes? Could any other washway be as sanitary?

Let us give you leisure and freedom from the trials of washday. Telephone, and our driver will call for your family bundle.

RULES TAKE EFFECT BUT NO CHANGES SANBORN THINKS

LEGION HONORS ARE TAKEN FROM JACK DEMPSEY

Milwaukee Post Decides to Re-sound Honorary Membership Action

MILWAUKEE, Wis., (AP)—Gordon Barber post of the American Legion, which recently brought upon itself a storm of mingled protest and approval by making Jack Dempsey a honorary member of the post and declaring the slacker and draft dodger charges against him to be false, voted last night to nullify the heavy weight champion's membership.

Baseball Magnates are Not Inclined to Accept Suggestions from the Outside

By L. E. Sanborn. CHICAGO (Special)—Pending the joint annual meetings of the National and American leagues in Chicago next week a conference of rules committees representing the two majors and the balling writers will take place. Unless the rule makers depart from all precedent they will treat all suggestions for changes and revision from their own standpoint.

College and Club Meet in the East for Games Tonight

Boston is Scene of Big Indoor Athletic Competition—Stars are Entered

BOSTON, (AP)—College and club athletes from the east and middle west will compete tonight in the annual indoor games of the Boston Athletic Association. The Hunter mile has emerged its entrants for the race: the crack Chicago flyer, and Michael A. Devany, of New York, each of whom has won the event twice. In the 40 yard dash Charles Padgett, University of Southern California; J. Scott, University of Missouri; and W. D. Hayes, Notre Dame university, are entered.

Brief Bits of Sport

Hardy Downing imported a featherweight fighter from the coast to headline his last week's Manhattan bill in Salt Lake. Spider Moffatt, with a string of victories as long as the moral law to his credit, was the star. He lasted one round and started the second but quit.

Turnouts All Important

Numerous suggestions for improvement to the game have been made. The betting and enhance the fans' interest will be considered here. All ideas will be considered solely from the standpoint of the game and the benefit to be taken of the breeding spots of baseball stars and fans unless this is an exceptional year.

Prize Up Against It

Another prolific source of dispute in the game is the rule that a runner is out until after a fly ball is caught, then scores before a succeeding base-runner is doubled up on the way back to the coach. If the third out retires the side, there is an argument as to whether or not the run should be allowed. It is true a run cannot score during a play in which the third man is out, but it is not true, as many believe, that a run cannot score during a double play which retires the side. The prairie lot umpire, even if he knows the rules, has to guess as to whether or not that runner is out.

DECEASED QUOTE

ST. LOUIS, (AP)—Ray Long, featherweight of Joplin, Mo., knocked out Tommy Rowan of Brooklyn in the first round of a scheduled eight-round bout last night.

YOUNG GUY WINS

PHOENIX, Ariz., (AP)—Young Goheli of Los Angeles was returned a winner over Gus Pappas in the first round of a fight here last night. Goheli won the first fall in 34-0 on a crotch hold and bar arm and Pappas was disqualified in the second fall for rough tactics after both had thrown each other from the ring several times.

BASKETBALL

ST. LOUIS, Mo.—Washington university, won over Grinnell college 2 to 19, in a fast and hard-fought Missouri valley conference basketball game last night.

# ROCHDALE STORE GIVEN SUPPORT

## Farmer's and Workers Display Interest in Co-operative Scheme

Enthusiasm and willingness to subscribe for promotion stock were the dominant features of last night's meeting of farmers and city men for consideration of the establishing of a Rochdale co-operative plan store in Twin Falls. The total amount of stock thus far reported is approximately \$10,500.

The convention, held in Parish hall, drew not less than 250 farmers and city workers. Subscription lists, worked on during the past week for the purpose of procuring pledges for the purchase of stock, were presented for checking and showed \$10,500 subscribed.

Opening the meeting, Dr. John E. White, organizer of this effort toward locating a co-operative store in Twin Falls, reviewed the Rochdale plan since its inception in England in the 40's. He said the Rochdale co-operative scheme of buying and selling grew out of a period of stress in England when the Rochdale plan was a critical situation, cornered all grain and cereal provisions, the price of which was run up to an exorbitant degree.

In his review, Dr. White stated that the Rochdale plan has invaded many European countries, and where operated on truly Rochdale systems it is eminently successful. Dr. White described the "American plan" of "corporation," instead of co-operation, saying the former meant big profits for a few, while co-operation means reasonable profits for all. He stated that in the United States now there are 275 Rochdale stores, 27 being located in Kansas City alone. He added that through the Rochdale scheme of buying and selling coal can be laid down in Twin Falls consumers' bins at not to exceed 7.50. He told his auditors, too, that a Rochdale store does not mean cut prices, declaring that the profits come through dividends declared quarterly. Closing his remarks, Dr. White said he foresaw successful conclusion of the stock subscription by March 1, and the operation of a store in April.

# CAPT. C. L. LONGLEY WILL PRESENT FLAG

## Program Prepared for Delivery of Banner to Twin Falls Legion Post

Culminating a movement initiated several weeks ago by James M. Rice, adjutant of Dan McCook post, G. A. P., flag presentation ceremonies of an elaborate nature will be celebrated in the high school auditorium. The ceremonies will be of a community nature and will be held at 8:15 p. m. The affair will be presided over by Mayor W. H. Eldridge, the presentation address being made by Captain C. L. Longley.

The date, Lincoln's birthday, has been selected for this occasion as being especially appropriate. The exercises will all be of a patriotic character and as a feature a male chorus, directed by S. M. Powell, will provide some of the evening's music. Dr. A. G. Bennett, of the First Methodist church, will open and close the observance.

Following is the complete program: Selections by Mayor W. H. Eldridge. Music—Male chorus. Invocation—Dr. A. G. Bennett. Flag presentation, addressed by Captain C. L. Longley.

Acceptance, response by Lieut. Leo Brackton. Male chorus. Benediction—Dr. A. G. Bennett.

# Cellar Digger Uncovers Bars of Robber Loot

## W. A. Snyder Turns Up Silver Bullion While Excavating House Basement

W. A. Snyder has made a deposit at the First National bank of a rather unusual nature—unusual for this period in this section.

The deposit is in the nature of eight small bars of silver bullion representing an accidental discovery of what is presumed to be robbers' buried loot, and a remainder of old stagecoach days in Idaho.

Snyder is a farmer in the district about Antelope Springs, west of Roger's and not far from the Salmon dam. He had occasion to build a residence at Antelope Springs and while digging for the basement encountered the booty about four feet below the surface.

Telling of the discovery, Mr. Snyder says he was picking and the implement suddenly sank into a hole, revealing the presence of two silver bars. Investigation revealed the presence of six other similar bars and a quantity of decayed wood, suggesting that the bars had at with a banquet as one of the attracting features, will be held in the very near future to put the final touches to the organizing effort.

Subscription lists, circulated among the working men in Twin Falls, demonstrated intense interest in the Rochdale co-operative store movement here.

# Almanac Wins Decision Over Weather Man

PERUNA won a decision over the state's paid prognosticator today. The Peruna almanac predicted stormy weather for today, and for some days to come, with lower temperatures throughout this section of the country.

The weather superintendent ordered "fair Saturday." If disbelief is entertained in what is heretofore recorded concerning the almanac the book will provide its own testimony as to its prediction.

Anyhow the Boise executive of the climatological works was wrong; to that all agree. First he blew a volcanic blizzard, then the temperature got a chill and this was followed by a sweeping snow from the northwest.

Barometric conditions all sustain the patent nostrum folks' guess for tomorrow, which says stormy, the official weather maker to the contrary notwithstanding.

High yesterday was 53 with low 24 last night.

one time been enclosed in a box and buried.

Mr. Snyder is of the impression that the bars form a part of the loot from a stagecoach holdup, the robbers burying the treasure and failing to locate it when they wanted it, or perhaps being captured before they could return to the cache. The value of the bars has not been fully determined. They represent a neat sum but not a fortune.

A cheap tube in a costly casing is a speculation. A Kelly Tube in a Kelly Tire is an investment, which insures dividends in big mileage.

# DEFENDANT REQUIRES SUIT MONEY PAYMENT

In Sampson Divorce Appeal Motion is Made to Provide Temporary Funds.

James H. Wise, attorney, has filed a motion in the district court requiring W. G. Sampson to pay into the court the following sums in connection with an appeal of an action in divorce last by Sampson in a recent trial: \$2000 temporary attorney's fees; \$500 as suit money for trial appeal and \$100 per month for support and maintenance as permanent alimony.

This motion grows out of the W. G. Sampson against Edmond Sampson divorce action, which lately occupied more than a week's attention in the district court, the result of which was a verdict award for the defendant, with damages of \$10,000. Notice of appeal has been made.

# COMMISSIONERS RETURN

All of the county commissioners have returned from Boise, where they spent several days this week attending a convention of county commissioners of the state.

Commissioner Brecken was a member of the resolutions committee for the convention, while Commissioner Earish was appointed on the legislative board. A number of excellent addresses on county legislative and farm matters were heard during the convention.

# JURY VIEWS SITE

In the case of the Idaho Farm Development company against Ira Brackett and others, which has been on trial for several days, the jury left at 8 o'clock this morning to view the premises concerned in the suit. The company is asking condemnation of the defendants' lands for a reservoir site.

# SUITS ON NOTED

A complaint has been filed in the probate court by John Sartorius against John B. Quigley, the plaintiff seeking \$115 alleged to be due on a promissory note, with costs of action, together with interest. Both parties are residents of Boise. Plaintiff is represented by A. L. Green, Sartorius and Green, of Boise.

# LOWER TEMPERATURES FOR FIRST OF WEEK FORECAST

WASHINGTON, (AP)—Weather predictions for the week beginning Monday are:

Upper Mississippi and lower Missouri valleys: Occasional light snows about the middle and again at the end of the week; slightly colder; first of week; normal or above thereafter.

# Early Spring Styles

## Reveal the Trend of Fashion

You will not recall a Season that has disclosed such wonderful Fashions as this Spring.

So many innovations you will want to know about; so much that is new, and interesting! It reads like a story and one is fairly thrilled at the prospect of seeing the new modes — let alone the joy of selecting them for actual wear!

You will be pleased, we know, to find that Eton styles are in high favor among the new Suits; or that one can be very smartly attired in a tricolette Suit in Tuxedo effect. Of course, navy tricotine is very much in evidence.

Then the Coats with their "width at the hip" and "flare back" silhouettes put such a new note in this season's modes! Many of them have set-in sleeves. The fabrics—most anything you might wish for from light weight duvetyns to shimmering satins.

Your Spring Frock will probably possess a fullness at the hips, and quite likely be finished with a Turkish hem. At least Dame Fashion says it shall be so. What she says about the fabrics is quite as interesting.

**Blouses**

Dainty blouses of lingerie, lovely creations in georgette, smartly tailored crepe de chine and satin blouses arrived in our recent shipment direct from New York. The models are strikingly effective as to color.

**Skirts**

It is predicted that skirts and blouses will be very popular this season, perhaps, because of the fact that suits are higher in comparison. You will find a pleasing selection of late models in our display.

**Sport Fabrics**

Bench and Victory Cloth, in an assortment of new spring shades, geranium, navy, pink, blue and lavender. These materials come 36 inches wide and are especially suited for children's dresses and school frocks.

**New Spring Voiles**

New fabrics and new colorings all help to make this showing of voiles one of beauty and interest. A visit here is sure to simplify the choosing of those dainty fabrics for one's spring wardrobe.

**Fan-Ta-Si Silks**

We have just a very few patterns to show you of this new, and immensely popular material. These patterns have been cut in 2 1/4 yard lengths. Just enough to make a skirt, with pocket and belt.

**Warner's Corsets**

A Warner's will give you the long, straight back line, the slightest indented waist and the hip curve,—the necessary contour for the fashions of the hour. We have many styles, each one equally nice for the figure it is intended to fit.
